

A World 1161

Chapter 1161: Combo To Death

“That’s good, I’ll do as you wish and stop defending!”

As soon as Xu Ming finished speaking, the audience was stunned!

“What?” God Emperor Mojiang looked at Xu Ming with a bewildered expression, “Really not defending?”

“What?” The masters and experts watching the battle were all stunned—big brother! This is a life-and-death battle! It’s not a child playing a house! How can an opponent tell you “don’t defend”, you really don’t defend! ? Also, you are obviously beaten by your opponent so you can’t lift your head up; giving up your defense is not just courting death?

Xu Ming smiled indifferently: “Of course it’s true!”

Of course it’s true! -Xu Ming defends but does not attack because he wants to “grind his sword before the battle” and practice the exercise “Defying Fate”; and now, Xu Ming has practiced “Defying Fate” into a beginner’s guide!

The butcher knife has been polished! Time to kill the pig!

“That’s what you said!” Although God Emperor Mojiang was still stunned, he was more excited, “Take me another move – Sky Splitting Blade!”

boom!

The space seems to be torn apart, and the order is on the verge of extinction!

This knife represents the ultimate power of the Mojiang God Emperor! With a single knife, it almost shattered the void!

“Hahahaha! Boy Xu Ming, you just said ‘no more defense’; don’t just slap yourself in the face in a blink of an eye!” God Emperor Mojiang laughed provocatively.

“Shameless!”

The gods who were watching the battle were not blind; all of them couldn’t help but scolded in their hearts, God Emperor Mojiang was shameless.

Of course, God Emperor Mojiang also knew that his behavior would probably attract criticism: “Shameless?—This is a life-and-death battle! What’s the point of being shameless?”

God Emperor Mojiang is a shameless person; otherwise, he would not have embarked on the path of “plundering others’ luck by killing”.

“Hahahaha! Die!!”

The power of a knife, the void trembles!

“Joke!” Xu Ming smiled contemptuously.

Compete for power?

“The Five Forms of Reincarnation... Heaven Collapsing!”

Xu Ming really no longer used the “grinding plate” to defend, but instead used the most powerful one of the “five types of reincarnation” – Tianbeng!

Sky-splitting blade, facing the sky!

“Hit hard!?” Divine Emperor Mojiang looked grim, “I don’t believe it, you can beat me!?”

Do not believe?

no use!

boom!

The reincarnation spear in Xu Ming's hand collided violently with the blood blade of Emperor Mojiang. All the power and power erupted at the space point of collision!

“Xu Ming is too arrogant!”

“Yeah! If he had been on guard, he would have lived a little longer; now that he has taken the initiative to confront Divine Emperor Mojiang head-on, he would have taken the initiative to seek death!”

“Maybe Xu Ming also knows that horizontal and vertical is a death, why don't you fight!”

...

All the masters and experts shook their heads and lamented—they seemed to have seen the scene where Xu Ming was crushed by the God Emperor Mojiang!

Thinking of a generation of peerless geniuses that will soon perish, these masters and powers can't help but feel a little regretful.

boom! !

But the next moment...

The expressions of regret on everyone's faces turned into shock and embarrassment!

I saw the monstrous Mojiang God Emperor, directly blasted away under the power of the “Heavenly Collapse”!

“What!?” God Emperor Mojiang never thought that it would be him who was blown away.

“What!?” The experts and experts watching the battle couldn’t react for a while, “Didn’t Xu Ming be suppressed by God Emperor Mojiang and couldn’t lift his head? Why did he suddenly become so fierce?”

This is so weird!

“God Emperor Mojiang!” Xu Ming flew to catch up with cold killing intent in his eyes.

“You...” At this moment, God Emperor Mojiang’s heart was both bewildered and collapsed! He really wanted to grab Xu Ming’s collar and ask a question – your strength is so strong, why did you just look like a “weak”, just defending and not attacking?

God Emperor Mojiang just wanted to say – are you playing with me?

play you?

Even if it’s not playing, it’s almost there!

“The Five Forms of Reincarnation... Heaven Collapsing!” Xu Ming raised his spear high and continued to crush with strength!

rumbling...

Before the gun arrived, God Emperor Mojiang had already changed his color – he didn’t have the defensive secret skills as strong as Xu Ming! And even if there was, it wouldn’t be able to stop Xu Ming’s mighty shot!

boom!

Divine Emperor Mojiang had no choice but to grit his teeth: “Fight! – Splitting Heaven Blade!”

A sword that represents the ultimate power of the Emperor Mojiang, once again demonstrated! - Since he couldn’t defend himself like Xu Ming, he had no choice but to attack and attack! This way... at least I can struggle a little bit!

but!

Just struggling a little bit!

boom!

Heavenly collapse!

The power of the collapsing sky is completely gathered on the spear!

boom!

The poor God Emperor Mojiang was blasted away again without any suspense! This time, he was directly blasted to the edge of the blood sea battle platform, and was blocked by the barrier of the life and death battle.

“Pfft!” Divine Emperor Mojiang couldn’t help his face turning blue. Obviously, under this shot, his divine body was not lightly injured.

“Continue!” One fresh trick can really be eaten all over the sky!

Xu Ming saw that the “Tianbeng style” could be crushed so that Emperor Mojiang couldn’t lift his head, so he didn’t bother to switch to other moves! Continue – The Heavenly Collapse of the Five Forms of Reincarnation!

God Emperor Mojiang almost wanted to vomit blood: “Come back!?”

At this moment, God Emperor Mojiang really regretted it! I regretted why I was idle, and asked Xu Ming not to defend! – Originally, Xu Ming could only defend and not attack, but he could not stop attacking! How harmonious the scene looks! His Mojiang God Emperor has a lot of face!

But now?

God Emperor Mojiang was beaten so hard that he couldn't keep his head up, the key was that his life could not be guaranteed!

At this moment, God Emperor Mojiang really wanted to go back to the past, to the time when he "lived in harmony" with Xu Ming before.

However, there is no regret medicine in the world!

boom!

Xu Ming's long spear was crushed again; although God Emperor Mojiang tried his best to use his "Sky Splitting Blade" to attack him, he was suppressed in an instant!

"Skyfall style!"

"Skyfall style!"

"Skyfall style!"

"Skyfall style!"

...

Xu Ming pressed Divine Emperor Mojiang against the "corner of the wall" and frantically used the "Sky Collapse Style" to slap him.

The unlucky God Emperor Mojiang, in fact, is not necessarily much weaker than Xu Ming in overall strength! However, he was first grounded by Xu Ming's "grinding disk style" and lost his vigor, and then was crushed by Xu Ming's Tianbeng style, and seized the opportunity of "battery attack"! – In this way, Mojiang God Emperor Kong has a whole body of strength, but he has no chance to use it at all, so he can only be pressed to death by Xu Ming in the corner of the wall!

boom! boom! boom! boom! ...

“It’s too cruel...” The experts and powers watching the battle couldn’t help but sympathize with the God Emperor Mojiang! —Is this still “the first master of the middle-level **** emperor”? Being beaten like a bear by a junior king, do you still have the demeanor of a first-class master?

“No—” Finally, God Emperor Mojiang was in despair, and his divine body was completely annihilated!

Xu Ming hurriedly used his secret technique “Defying Fate”, frantically swallowing up the fortune that escaped after the death of Emperor Mojiang. It’s a pity that the skill level of “Defying Fate” is not too high, and Xu Ming is only a beginner, so only a small part of the Qi Luck is swallowed; most of the other Qi Luck is naturally given by heaven and earth. “Recycling” is back.

However, even a small amount of luck is enough to make Xu Ming’s luck school clone, and it is more than enough to hit the silver moon level!

“It’s alright!” Xu Ming was quite satisfied took the world ring left by God Emperor Mojiang.

“Any other middle-level **** emperor, do you want to come up and teach me!?” Xu Ming looked around and asked.

The whole place was silent.

Many masters and great powers are slandering in their hearts – you have ravaged the “first master of the **** emperor’s middle-level” to such a degree, and which middle-level **** emperor would think that he has a long life and come to the stage to fight with you?

The mighty who presided over the Blood Sea Battle Stage removed the barrier of life-and-death battle, and waited for a long while; seeing that no one really challenged Xu Ming, he announced: “Xu Ming! You have obtained the Blood Sea Battle Stage’ God Emperor. The title of Invincible Intermediate!”

The God Emperor is invincible at the intermediate level!

Xu Ming stood proudly on the battle platform, thought for a while and said, “I...”

However, Xu Ming just opened his mouth and said the word “I”, and the masters and powers watching the battle were all terrified – does Xu Ming continue to challenge the high-ranking **** emperor! ?

This is too crazy! ?

Chapter 1162: 1 Year Later

Challenge the Quartet God Emperor High Rank! ?

Cough cough!

Xu Ming has not been so crazy.

The avatar of the ancient cultivator is Xu Ming’s strongest combat avatar; however, his strength is only the peak of the **** emperor.

It is more than enough to challenge the ordinary high-level **** emperors; but if you face the leaders of the high-level gods, it is not enough! – After all, those powerful figures in the high-ranking **** emperor who can leapfrog and fight can be completely close to, or even comparable to, the peak of the **** emperor! Compared with them, Xu Ming was still slightly inferior.

unless...

During the battle, Xu Ming opened the “Book of Life and Death” and forcibly killed it!

However, using the “Book of Life and Death” to kill other unfamiliar **** emperors for no reason is meaningless, and may cause trouble.

Therefore, Xu Ming now has no intention of continuing to challenge the Sifang Divine Emperor high-level!

But I don’t know why, the masters and experts watching the battle, all of them looked at Xu Ming with “expectancy”...

This made Xu Ming a little embarrassed.

“I...” Xu Ming continued, “My challenge today ends here!”

“Phew—” All the experts and experts watching the battle felt relieved. If Xu Ming, a junior king, would continue to challenge all the way; those masters and powers would really doubt their outlook on life and strength.

Fortunately, Xu Ming’s challenge is over!

“But...” At this time, Xu Ming said again.

Hearing the word “but”, the experts and experts watching the battle suddenly raised their hearts again. Everyone’s reaction was unanimous – Xu Ming wanted to do something incredible again?

“However...” Xu Ming said, “I will challenge the Blood Sea Battle Stage again before the Peerless Beauty List is updated!”

Will you come back to challenge the Blood Sea Battle Stage?

All the masters and great powers couldn’t help being surprised!

Xu Ming has now obtained the evaluation of “Invincible God Emperor Intermediate”; that is to say, the next time he challenges the Blood Sea Battle Stage, he can only challenge the existence of “God Emperor High Rank”!

And it is less than a year away from the update of the peerless elegance list!

What can you do in a year? – In God’s Domain, a year seems like a flick of a finger; a nap is not enough, let alone cultivation!

One year later, Xu Ming challenged the Blood Sea Battle Stage again; and it seems that there is no essential difference between continuing to challenge the Blood Sea Battle Stage now!

All the masters and powers were speechless to Xu Ming – after talking for a long time, you still have to continue to challenge the Sifang God Emperor high-level! It’s just that the time is one year after the “flick of a finger”.

A deity secretly said in his heart: “I usually watch the battle on the Blood Sea Battle Stage, and it looks like hundreds of years; in just one year, I just sit here and take a nap!” His companion said, “If I doze off and oversleep, remember to call me!”

...

Under the gazes of countless shocked eyes, Xu Ming proudly stepped down from the Bloody Sea Battle Stage.

“stop!”

Suddenly, a violent drink pierced into Xu Ming’s ears coldly.

“Huh?” Xu Ming turned around indifferently; he saw a black-clothed and silver-haired demon glaring at him.

“Xu Ming!” In the eyes of the silver-haired demon race, murderous intent flashed.

“Are you... Yehenara Cantian?” Xu Ming “explored” and flung over to find out the identity of the other party.

“Hmph! You actually know me, so you have some knowledge!” Can Tian snorted arrogantly, “Xu Ming, you have the imprint of my Yehenala’s enemy on you, and you definitely killed my Yehenala’s deity! – Now I give you two choices, either capture it or die!”

Catch up?

die?

Xu Ming sneered and said, “Can Tian, you alone are not qualified to say these words!”

Not enough?

Countless shocked gazes once again labeled Xu Ming as “arrogant”!

Who is Can Tian?

He is a half-step dominant existence! On the peerless elegance list, it ranks second, second only to Li Xiujie!

And now, Xu Ming actually sneered that Can Tian was “not qualified”? – This is not arrogance, what is it?

“Isn’t it enough?” Can Tian laughed instead of being angry, “How dare you speak arrogant words in a mere first-level titled king? – If you have the guts, you will go to the **** battle platform to fight for life and death!”

Another life-and-death battle!

Xu Ming was speechless – is life-and-death battle so popular these days?

If it is serious to fight for strength, Xu Ming is indeed not Cantian’s opponent! However, if Xu Ming wanted to kill Cantian, it was as easy as the palm of his hand – just open the “book of life and death”!

However, if Cantian is killed now, it will not benefit Xu Ming at all, and it will also attract the attention of Yehenala Zuyi! —Xu Ming has no interest in doing things that are harmful or not.

And, the point is...

“I said just now that in a year’s time, I will be on the Blood Sea Battle Stage again! – Can Tian, you alone are not qualified to make me change my mind. If it were Li Xiujie, it would be more or less the same!” Xu Ming sneered.

“You...” Can Tian was furious – he had just been surpassed by Li Xiujie in terms of strength, so he hated others to compare him with Li Xiujie!

“One year later!” Xu Ming continued, “Cantian, if you have the guts, then in a year, see you at the Battle of the Sea of Blood!”

Can Tian sneered: “How do I know, will you slip out of the Holy Emperor City and run away secretly!?”

Xu Ming did not answer Can Tian’s question, but looked at Old Bai who was beside him.

“Is this Elder Bai?” Xu Ming asked knowingly.

Once, when Bai Lao came to the Endless Continent, to Xu Ming, what an unattainable existence!

At that time, Xu Ming was not even as good as an ant; it was impossible to figure out how powerful and stalwart Bai Lao was.

And now, in front of Xu Ming, Bai Lao’s cultivation strength is no longer a secret! – Yasheng! The entire God Realm, under the saints, has the highest attainments in the cause and effect one!

Although, Xu Ming’s strength is still not as good as Bai Lao; but, in his eyes, Bai Lao is no longer an unattainable existence, but a mountain that he will climb soon!

“You know me?” Bai Lao looked at Xu Ming with a smile; but deep in his eyes, the power of cause and effect flickered, as if he wanted to see something from Xu Ming. However, no matter how Bai Lao performs causal investigation, Xu Ming’s past seems to be completely non-existent!

“Know! In the entire God Realm, who doesn’t know Bai Lao’s achievements in the cause and effect one?” Xu Ming said, and then looked at Cantian again, and said with a half-smile, “With Bai Lao here, are you still afraid that I will sneak away? already?”

“Yes!” Can Tian also felt that no one could escape from Bai Lao’s causal investigation, “If that’s the case, then I’ll let you live another year! After a year, on the Blood Sea Battle Stage, I’ll let you know and offend us. Yehenara’s consequences!”

Chapter 1163: Passionate Powers

“Ha!” Xu Ming smiled indifferently, got up and left.

The consequences of offending Yehenara?

Xu Ming also wanted Yehenara to know the consequences of offending him!

“Let’s see in a year’s time!” Xu Ming walked towards the exit without a hurry.

at this time...

“Little friend Xu Ming!” The gray cloak dominated “Old Ghost Du”, and suddenly flashed in front of Xu Ming.

“It’s Du Gui’s master!” Xu Ming laughed.

Du Guizhu, that is, this old ghost Du, had spoken to remind Xu Ming when Xu Ming and Mojiang God Emperor fought to the death before. Xu Ming naturally accepted this favor.

“Little friend Xu Ming is a genius, stepping into the realm of dominance is just around the corner! Between you and me, you don’t need to be so polite, just call me ‘Du Laogui’!”

Du Laogui originally wanted to accept Xu Ming as a direct disciple. However, as Xu Ming showed his strength, it became more and more against the sky; Du Laogui knew that a genius like Xu Ming was not qualified to accept him as an apprentice.

Since there is no fate between master and apprentice, it is better to plant a “good cause”. There must be nothing wrong with having a good relationship with such a genius.

“This old ghost Du is really cunning!”

Master of Cultivation, Master of Ripple, Master of North Wind, Master of Yanhua, and other great masters of the Divine Realm, all secretly scolded Du Laogui for being cunning and knowing how to seize the opportunity to get closer to Xu Ming. This great power no longer hesitated, and rushed to Xu Ming’s side one after another, talking with a familiar face.

After all, with Xu Ming's talent, it is definitely a sure thing to achieve the Dominion Realm and be on an equal footing with them; even, Xu Ming still has a lot of possibilities to become a half-sage, a sub-sage, and even a quasi-sage! – The masters are not stupid. Of course, they know that such potential stocks should be handed over first, that's right!

“Too warm!”

In front of Xu Ming, these arrogant and incomparably cold rulers were all very enthusiastic.

“Just let you be proud of yourself for a while!” Can Tian thought fiercely in his heart, “After a year, it will be your death!”

After the masters one by one showed their enthusiasm, it was the turn of the various forces in the Divine Realm to show their enthusiasm to Xu Ming.

The Palace of the Holy Emperor, the Hall of Time and Space, the Void Heaven Realm, the Slaughtering God Field, the Pavilion of All Things, the Battle of the Blood Sea, the Dark Realm Alliance... All the superpowers in the Divine Realm all threw an olive branch to Xu Ming and invited Xu Ming to join.

“Xu Ming, on behalf of Wanwan Pavilion, I sincerely invite you to join!” The elder of Wanwan Pavilion said sincerely, “As long as you are willing to join, I can grant you the position of elder! Between you and Yehenala Clan. I will definitely help you to reconcile the contradiction between the two!”

“Xu Ming, on behalf of the virtual world, I sincerely invite you to join us!”

“Xu Ming, on behalf of Tushenchang, I sincerely invite you to join us!”

...

For these invitations, Xu Ming refused one by one; he was not interested, and was involved in the battle between the forces.

Besides...

Looking at the field of vision, what kind of force should Xu Ming join?

Temple of the Holy Emperor? Time Palace? Virtual world? Slaughterhouse? The Pavilion of Everything? ...

No match!

It was not easy for Xu Ming to squeeze out the sea of enthusiasm of the gods.

“I’ve already taken the first step to become famous in the Divine Realm! Now, even if the name ‘Xu Ming’ has not yet resounded throughout the Divine Realm, it has already attracted the attention of the experts and powers of the Divine Realm!” Xu Ming secretly said, “But Now, for the gods, the name ‘Xu Ming’ only represents talent and potential, not strength! – The next time I come to the Blood Sea Battle Stage, I will let the gods see My strength! Let Xu Ming’s name really resonate in God’s Domain!”

Since he was here to marry Yin Ran, Xu Ming would naturally marry him with the loudest reputation!

“In one year, it can also make some leaps in my strength!”

In order to become famous this time, Xu Ming decided to reluctantly use a drop of Chaos Primordial Liquid to cultivate!

...

At this time, outside the Blood Sea Battle Stage.

A slender, first-order ***** of the king’s title, who is bored and pestering here. If Xu Ming is here, he will definitely recognize this person; he is the “black tour guide” Qiuyang that Xu Ming met when he first came to the underground city.

Beside Qiuyang, there were also three high-level gods of Fengwang, who were obviously a nest of snakes and rats with him.

“What happened in this blood sea battle platform, how did so many masters enter?” Qiuyang was a little puzzled.

“I heard that it was because a super genius who shocked the realm of the gods appeared on the blood sea battle stage! Therefore, these masters of the dominance realm came to watch the battle one after another!” said a senior Huangpao king.

“Humph! It’s a pity that the blood sea battle platform is too dark; if you want to go in to watch the battle, you have to pay a bottle of heaven and earth essence liquid! Otherwise, I will go in and join in the fun!” Another high-ranking king said depressedly.

A king-level expert may already be the dominant overlord in other parts of the Divine Realm! But in the “First Divine City of the Divine Realm” in the Holy Emperor City, even the emperor-level masters are as numerous as the crucian carp crossing the river, and the king-level masters are even less of a thing!

The four of them, like Qiuyang, were very curious at this time about what happened in the Blood Sea Battle Stage; however, they were reluctant to spend the “ticket money” for a bottle of Heaven and Earth Essence Liquid to go in and watch the fun.

“Qiuyang!” At this time, the high-ranking Huangpao Fengwang said again, “You said, you were slapped by a kid who first came to Shengdi City? However, we accompanied you and searched several times in the underground city. Circle, I haven’t found that kid either – I can’t keep looking for it, can I?”

“Come with me to find it again!” Qiuyang begged, “Besides, our ‘Black Moon Alliance’ is a well-known force in the underground city after all! If any newcomer who comes to Shengdi City for the first time can beat us. The face of the Yuemeng; after that, our Black Moon Alliance is in the dungeon, and it’s still a fart!”

“That’s right!” Huangpao Feng Wang nodded and said, “Then I’ll accompany you to find it!”

Qiuyang said again: “Now, the Battle of the Blood Sea is undoubtedly the most lively place in the entire dungeon! We will just wait here and wait for the rabbit, maybe we will be able to wait for that person!”

As Qiuyang was talking, his eyes suddenly lit up.

“It’s him!” Qiuyang saw that Xu Ming was walking out from the exit of the blood sea battle platform, “This kid, it turned out to be hiding in the blood sea battle platform! No wonder, I looked around in the dungeon and couldn’t find it. His trail...”

As he talked Qiuyang’s eyes gradually turned red: “He was willing to pay for a bottle of heaven and earth essence liquid and go to the Blood Sea Battle Stage to watch the battle... It seems that this kid is definitely rich!”

Black Moon Alliance, to put it bluntly, is a group of robbers who can’t get on the stage. The more wealthy the target, the happier the experts of the Black Moon Alliance will naturally be.

only...

Qiuyang only knew Xu Ming’s appearance at this time, but he didn’t know Xu Ming’s name. Otherwise, if let him know that Xu Ming is the super genius who is famous in the realm of the gods; then his current thoughts are probably not robbery, but how to kneel in front of Xu Ming and beg for mercy.

“That’s him?” Huangpao Fengwang followed Qiuyang’s gaze and looked over, “Qiuyang, you were beaten by a junior Fengwang and came back to ask for help? You really are getting more and more confused! The face of our Black Moon Alliance, You’ve lost it all!”

“It’s not easy to be a first-level king!” Qiuyang continued.

“Okay, don’t talk about it for now!” said the leader who had not spoken. “Let’s go over first and take him down! Let’s teach others a lesson, so that others will know what will happen to our Black Moon Alliance!”

Chapter 1164: Found Treasure

boom!

Qiuyang, and the other three high-ranking kings rushed to Xu Ming with murderous aura.

“Boy, do you still remember me!?” Qiuyang’s eyes were full of the villain’s sinister look, “I’ll let you know today that offending me in the dungeon will end!”

boom!

The three high-ranking kings who came with Qiuyang all burst out with aura and frantically oppressed Xu Ming: “Get down!”

However, what surprised them was that under the pressure of their powerful aura, Xu Ming, a weak “primary king”, did not change his face at all, not even frowning.

“How courageous!” The three high-ranking kings couldn’t help but be surprised, “However, if you dare to offend our Black Moon Alliance, no matter how brave you are, we will make you regret coming to this world!”

“Don’t lie down for me!” The yellow and thin high-ranking king named Xu Ming directly.

As for Xu Ming, his expression was still indifferent and motionless, and he didn’t even bother to take action.

at this time...

boom!

A terrifying coercion, like a mountain hundreds of millions of miles high, violently oppressed the four Qiuyang people. Rao is four of them are king-level masters, and three of them are high-level kings; but under this terrifying pressure, they were so oppressed that they couldn’t even move their fingers.

“What’s wrong!?”

Qiuyang’s four people, all showed infinite horror. In the blink of an eye, they couldn’t even fully react to what happened.

Immediately after...

boom! boom! boom! boom! ...

One after another incomparably powerful aura came out of the blood sea battle stage aggressively, and instantly surrounded Xu Ming and the four Black Moon Alliance kings.

Hundreds of powerful and terrifying figures, many of them are masters of the realm; the weakest are also emperor-level masters!

Hundreds of contemptuous eyes fell on the four Qiuyang people; it was like hundreds of evil tigers staring at four poor little sheep.

The four of Qiuyang were so frightened that they were stunned—what the **** was going on! ?

“We only stopped a junior king, how can we kill so many superpowers...”

Confused!

Totally dumbfounded!

Totally don't understand what's going on!

At this moment, the terrifying pressure that was as terrifying as a mountain of hundreds of millions of miles suddenly faded away. The four of Qiuyang regained their freedom of movement, but they did not dare to move rashly—the four little sheep were surrounded by hundreds of vicious tigers, and it was strange that they dared to move!

“Every...all great experts! Yes...is there any misunderstanding?”

“Misunderstanding?—Humph! You four rabble, dare to stop my little friend Xu Ming, what is it that you are not courting death?” It was a master of the Slaughtering God Field who spoke.

Although Xu Ming could not be invited to join them in the Slaughterhouse, Xu Ming is destined to become the master in the future. The master of the Slaughterhouse is of course willing to befriend Xu Ming—no, the opportunity to make friends is coming. !

The other masters and masters all have similar ideas – just pick up a few rabble, and you can make a good deal with Xu Ming, the future master; this is simply a lucrative and unprofitable business!

A profitable business without capital, of course everyone wants to do it!

This is pitiful for Qiuyang and the four of them – just standing in front of Xu Ming, just as he was about to shoot at Xu Ming, they were surrounded by hundreds of murderous powers!

This scene is shocking enough! However, Qiuyang and the others felt that they wanted to cry but had no tears.

“Xu...Xu Ming!?” The leader of the high-ranking king, who was well-informed, immediately responded, “This master, you say, he is...Xu Ming? The famous super genius – Xu Ming!?”

“You have some knowledge!” The master of the Slaughtering God Field scoffed.

At this time, Ripples Master of the Space-Time Hall sneered: “The four of you are from the Black Moon Alliance, right? – Hmph! The little Black Moon Alliance is getting more and more arrogant!”

Saying that, Master Ripple looked around and said, “Everyone, I think that there is no need for an unpopular force like the Black Moon Alliance to continue to exist in the Holy Emperor City, what do you think?”

“really!”

“That’s right!”

All great powers should be in harmony.

“Since everyone agrees, let the Black Moon Alliance disappear!” Master Ripple directly judged the Black Moon Alliance, as if he was talking about a very trivial matter.

The expressions of the four Qiuyang changed greatly: “Everyone, you... are going to destroy our Black Moon Alliance!?”

Master Ripple sneered disdainfully: “If you want to blame, it’s because you don’t have eyes, and you offend people who shouldn’t be offended!”

Master Ripple waved his hand and killed the Qiuyang four.

And the entire Black Moon Alliance will soon usher in its demise.

“Little forces” like the Black Moon Alliance, when no one pays attention to them, they can naturally hide in dark corners, run rampant and bully the weak. However, once someone offends someone who can’t be offended and is killed, it’s just a matter of a word from the almighty; moreover, no one will sympathize with them at all.

And obviously, Xu Ming is the person they can’t afford to offend!

...

After Xu Ming left.

All the great powers gathered around Bai Lao: “Bai Lao, what do you think of this Xu Ming?”

Bai Lao is extremely accomplished in the cause and effect, and can often see through a person at a glance.

But at this time, Bai Lao frowned and shook his head: “This person... I can’t see through!”

“Ah!?” The crowd was shocked—even Elder Bai couldn’t see through it! ?

...

Xu Ming left the underground city and found a place to stay in the Holy Emperor City.

“Look, are there any treasures in these two world rings!”

Xu Ming killed the Mojiang God Emperor and the Mad Dog Half-Emperor on the Bloody Sea Battle Stage, and naturally he also received their world rings.

Although Xu Ming doesn't think that there are any precious treasures in these two world rings; however, we still have to take a look at it As expected, in the world ring of Mad Dog Bandi, it is completely It was just a pile of rubbish, and there was no treasure at all; Xu Ming glanced at it casually, and sold it all to Xiaohang together with the world ring, and replaced it with a hanging point.

but...

When looking at the world ring of God Emperor Mojiang, Xu Ming found something.

“Huh—” Xu Ming's eyes landed on a thick golden book in surprise, “This is...?”

On this golden book, Xu Ming faintly felt a peculiar coercion—this coercion was not strong, but it had a faint feeling of being above the heavens and the earth.

On the cover of the golden book, there are two strange blood-colored characters written: Slaughter World!

“Tu Jie...” Xu Ming naturally felt the extraordinariness of this golden book, “Xiaohang, explore this book!”

After Xiaohang probed, he also exclaimed: “You found a treasure! This golden book “Slaughtering World” is a chaotic-level cultivation method!”

Chapter 1165: Great Transformation

Chaos level! ?

Xu Ming obviously didn't have any concept of “chaos level”.

Xiaohang continued: “In the realm of the gods, the division of cultivation techniques is similar to the division of cultivation realm; from low to high, it can be divided into: star level, silver moon level, king level, emperor level, master level, saint level These six levels! And the Chaos-level exercises... are created by the ‘existence of Chaos Realm’ above the saint!”

“The realm of chaos is the existence that is above the saints! – The saints must be careful and walk on thin ice when they travel in endless chaos; Even if the crisis in the depths of chaos has nowhere, it is difficult to threaten the existence of chaos!”

“Even in the endless chaos, the existence of chaos is definitely a giant-level figure who commands one side!”

“Hey—” Xu Ming understood—to put it simply, this Chaos-level exercise “Slaughtering World” is awesome! Its value may even be as good as Xu Ming’s Chaos God Weapon, “Heart Punishment Arrow”!

Now, the feeling in Xu Ming’s heart is that he was bored and played with “little monsters”, but he unexpectedly exploded to the top!

Xiaohang went on to introduce the chaos-level exercise “Slaughter World”: ““Slaughter World” is a cultivation method of the luck school! Relying on killing, plundering other people’s luck and transforming it into one’s own luck! – To cultivate “Slaughtering World” to a high level, you need to slaughter chaotic worlds and endless creatures, and finally prove the Chaos Realm!”

Slaughtering chaotic worlds and endless creatures?

Xu Ming was stunned when he heard it!

What is a chaotic world? —Like the entire Divine Realm, it is a chaotic world!

According to the description of “Slaughtering World”, it is not enough to slaughter a chaotic world, but also to slaughter countless chaotic worlds and plunder the luck of countless chaotic worlds, only then can we be able to prove chaos!

“This is completely an evil art! Besides, it is an extremely terrifying evil art!” Xu Ming was shocked.

However, Xu Ming estimated that God Emperor Mojiang should not have seen the advanced content in “Slaughter World”, nor did he know that “Slaughter World” was a chaotic-level exercise. Otherwise, when God Emperor Mojiang was in danger in the battle of life and death, he would definitely throw out “Slaughter World” and ask for his life!

“Whether it is evil or not, the key is to see the practitioner, how to use this method!” Xu Ming secretly said, “People who are evil by nature, once they practice, I am afraid they will not compromise their means and go Crazy slaughter of the weak! For example, God Emperor Mojiang, it is rumored that he used to slaughter in the depths of the Asura Sea to prove the Tao; Slaughtering the World”, it is estimated that I don’t even bother to slaughter the weak; to slaughter, it is also to slaughter the strong!”

Therefore, whether “Slaughter World” is an evil art mainly depends on the cultivator, and whether he cultivates as an evil art!

“Let me see, what is unusual about the Chaos-level cultivation technique!”

Xu Ming stared with bated breath, adjusted his state, and opened the heavy golden book.

Books without words!

The golden book was opened, but it was blank.

However, when Xu Ming put his mental power on the blank book, a series of obscure and esoteric cultivation techniques immediately entered his mind. With Xu Ming’s strength, Rao felt dizzy for a while after accepting more than a dozen cultivation techniques in a row, and did not dare to look down.

And these more than a dozen cultivation techniques are not even the fur of “Slaughter World”!

At this time, Xu Ming became more and more certain that God Emperor Mojiang absolutely did not know the true value of “Slaughter World”! After all, even Xu Ming himself would not know that “Slaughter World” is a Chaos-level exercise if he didn’t have a small hook to investigate!

“Cultivation of “Slaughtering World” cannot be accomplished overnight! A year later, I will set foot on the ***** battle stage again; in just one year, it is not enough for me to practice “Slaughtering World”, and it is very likely that I can’t even get started. Arrived!” Xu Ming secretly said, “Also, the school of luck is my weakness! Even within a year, I will practice “Slaughter World” to the entry level; I’m afraid, it will be difficult for me to have any big impact on my strength. promote!”

After pondering for a while, Xu Ming decided to not practice “Slaughter World” for the time being! First concentrate on practicing the ancient cultivator genre and create a “strongest clone”!

“Let’s put “Slaughter World” into the heart world first!”

Chaos-level exercises are too precious!

If it is placed in the world ring, in case Xu Ming’s avatar falls, the practice will fall into the hands of the enemy!

But in the mind world, even if the ancient cultivator avatars, Tiandao Liu avatars, and Qi Yun avatars all fall; the deity is still alive and well in the “independent space”, the mind world will not collapse, and the practice will naturally not. lost.

Therefore, the precious treasures, such as the Heart Punishing Arrow and the Samsara Spear, are all kept in Xu Ming’s heart world. In the world ring, only some worthless daily necessities are placed.

After putting away the exercise “Slaughter World”, Xu Ming took out another drop of water that was crystal clear to the extreme.

This drop of crystal clear water has no breath at all, just like ordinary water droplets; but if you look closely, the inside of the water droplets seems to reflect the whole world! —It is the primordial fluid of chaos!

“I’ve always been reluctant to use Chaos Primordial Liquid to cultivate the ancient cultivator school. This time, I will be extravagant. Let’s see what level my ancient cultivator school can cultivate to after a year!”

Thinking about it, Xu Ming took out some chaotic vitality and energy crystals obtained in Huangquan Hall as an aid for cultivation.

“bring it on!”

Adjusting the state to the extreme, Xu Ming directly ingested the Primal Chaos liquid into the body of the god.

boom!

A breath of great vitality burst out from Xu Ming’s body in an instant.

This life force is too powerful! Powerful enough... Xu Ming can directly transform at the particle level with his tyrannical life force without even needing the process of “breaking and then standing up”!

Of course, using the Chaos Primordial Liquid, it would be too wasteful if the divine body was not “broken and then stood up” at the particle level; moreover, the efficiency of cultivation would be much lower!

Without hesitation Xu Ming directly absorbed dozens of chaotic vitality and a lot of energy crystals into God’s body! – Protected by the life force of Chaos Primordial Liquid, Xu Ming is not worried that his divine body will be annihilated because he can’t bear it.

“The big transformation, let’s start!”

Every moment, Xu Ming’s divine body will be broken countless times from the particle level and then stand up!

Every moment, Xu Ming has to endure the pain of the complete annihilation of the divine body countless times!

Pain and happiness! – In the endless pain, Xu Ming’s ancient cultivator clone, the cultivation base also skyrocketed!

The peak of the initial stage of Fengwang!

Feng Wang Intermediate!

The peak of the middle-level king!

High-ranking king!

The peak of the high-level king!

...

Chapter 1166: Dare Not Come?

The peak of the high-level king!

Top king!

...

Xu Ming's ancient cultivator avatar, the cultivation base soared wildly.

“Too fierce!”

Xu Ming could completely feel that on his divine body, every particle that was so small to the extreme contained incomparably vigorous power!

Every particle is comparable to the power of a one-star god's whole body.

And Xu Ming's entire divine body has billions, billions, billions of tiny particles!

“The peak of the king!”

Xu Ming felt his own cultivation, and finally settled at the peak level of Fengwang.

“This is the power of Chaos Primal Liquid!”

With a small drop of water, Xu Ming’s cultivation level has soared directly from the initial level of being a king to the peak of being a king!

However, Xu Ming also knew that this was the first time he used Chaos Primal Liquid, and he also used Chaos Primordial Qi and Energy Crystal, so he had such a good effect! The next time I use Chaos Primal Liquid, the effect will probably be discounted.

“My current strength...”

Immediately, Xu Ming felt his own strength. After all, cultivation is only an appearance, and strength is the foundation.

This feeling made Xu Ming a little disappointed: “The higher the cultivation base, the stronger the strength, the more difficult it is to challenge the higher level! – Before, when I was only at the initial level of Feng Wang’s cultivation level, I could challenge the top ***** emperor by level; now , My cultivation base has reached the peak of being a king, and it is estimated that I can only challenge half a step to dominate!”

Xu Ming originally thought that after this breakthrough, he could have the combat power of “dominating the primary level”! Now it seems that I still slightly overestimate myself.

certainly...

Not only Xu Ming’s challenge to leapfrog becomes difficult; other emperor-level geniuses have also become difficult to challenge by leapfrog!

For example, “God Emperor’s middle-rank top master” Mojiang God Emperor’s combat power is comparable to that of ordinary God Emperor peak; while God Emperor’s high-level first master’s combat power is not comparable to that of ordinary God Emperor peak! – The higher the cultivation base and the stronger the strength, the more difficult it will be for the challenge of the higher level to happen! After all, everyone with a high level of cultivation is not a mediocre person, and they will not be defeated casually by leaps and bounds!

“Although the strength is not yet at the master level, it should be enough to deal with Yehenara Cantian!” Xu Ming secretly said.

Yehenala Cantian, although he is the leader of the younger generation of God’s Domain, but in the half-step ***** realm, he is just a very ordinary one! Other veteran half-step masters who are more powerful than Cantian are everywhere!

“First consolidate the cultivation base!”

The cultivation base has suddenly undergone such a big jump. If it is not consolidated, it is easy to leave a hidden danger of unstable foundation.

...

In less than a year, it was a snap of a finger.

Many masters and great powers felt that it was just a blink of an eye, and it was time for the Peerless Beauty List to be updated.

Inside the Blood Sea Battle Stage.

One by one geniuses, gathered here.

Many of the 100 geniuses on the peerless elegance list and the 1,000 geniuses on the potential list are already present.

All the geniuses are talking about:

“I don’t know, this time the peerless beauty list is updated, and the changes are not big!”

“How much change can the list be updated once a year?”

“That’s not necessarily true! As far as I know, there have been several hidden geniuses who have shined brightly on the Blood Sea Battle Stage this year! With their strength, they can completely replace a few people on the peerless elegance list!”

There are only 100 places in the peerless elegance list. If you are ranked 101st, you will naturally be squeezed out of the list.

“The strangest thing is that I heard that there was a junior king who actually killed Emperor Mojiang! His strength can be ranked in the peerless elegance list; moreover, he is likely to be ranked in the top fifty!”

The peerless elegance list is not ranked according to the cultivation base, but according to the strength!

Like Xu Ming, although his cultivation is only at the beginning level of a king, his strength has already reached the peak of a **** emperor—more powerful than many geniuses on the peerless elegance list!

“What!? The cultivation of the first-level king can be ranked in the top 50 of the peerless elegance list?” An ignorant genius exclaimed, “How is this possible!?”

“You don’t even know about this?” Someone immediately laughed at the ignorant genius, “That junior-level genius of the conferred king is called ‘Xu Ming’; you can find out about his deeds by inquiring about him in the Holy Emperor City! ”

“Humph!” At this moment, a cold snort sounded, “Xu Ming, you won’t be able to enter the peerless elegance list!”

It was Yehenara Cantian who snorted coldly!

“Because he... is about to be killed by me!” Can Tianyin sneered, “And the dead will not be on the peerless elegance list!”

...

One after another, geniuses arrived at the Blood Sea Battle Stage.

Some geniuses have already jumped on the stage and want to show a little more strength, so that they can get a better ranking on the peerless elegance list.

boom!

Suddenly, a mighty figure in white armor stepped in.

“Li Xiujie!”

“Look! It’s Li Xiujie who ranks first on the peerless elegance list!”

“He even came!”

“Of course he’s coming! – Those who are in the top ten on the peerless elegance list must be present when the list is updated, ready to accept the challenge of other geniuses at any time; if they are not present, they are not eligible to be ranked in the top ten!”

Li Xiujie looked cold and arrogant, as if he didn’t care about all geniuses at all. His gaze only paused slightly when he passed over Can Tian.

“Xu Ming?” Li Xiujie has been in retreat for a year, so he just heard about Xu Ming, “I can’t believe that there is a person named ‘Xu Ming’ who will become famous on the Bloody Sea Battle Stage! – Really What a coincidence!”

Li Xiujie certainly didn’t think that Xu Ming on the Bloody Sea Battle Stage and Xu Ming from the Endless Continent would be the same person.

“Same name and surname? – Not even the same name! This name disgusts me very much!” Li Xiujie sneered in his heart, “However, this man named Xu Ming has a battle with Cantian; with Cantian’s strength, it should be Can easily kill him!”

...

At this time Can Tianzheng waited indifferently: “This Xu Ming, why hasn’t he come yet? Shouldn’t he...he doesn’t dare to come?”

Among the gods watching the battle, many waited for nearly a year just to see Xu Ming and Can Tian fight. Seeing that Xu Ming has not appeared so far, they all scolded:

“That Xu Ming, he was absolutely scared and didn’t dare to come!”

“Humph! Isn’t it normal that Xu Ming doesn’t dare to come? – There is such a big gap between his strength and Cantian’s strength, if you come, you will die!”

“It’s fine if you don’t dare to come! But since you don’t dare to come, don’t act so arrogant last year!”

“Yes! Xu Ming is just an arrogant coward!”

...

Just when many gods were scolding, an indifferent voice resounded throughout the audience: “Who said that I, Xu Ming, dare not come!?”

Chapter 1167: Isn’t It A Draw?

“Who said that I, Xu Ming, dare not come!?”

The indifferent voice directly suppressed the noise of the audience. The eyes of all the gods are looking towards the entrance.

“Xu Ming!”

“It’s Xu Ming!”

“How dare he come?”

Xu Ming remained calm and went straight to the battle platform. While looking forward, his eyes swept across the audience.

Yehenara Cantian? – Nothing fancy! Xu Ming’s gaze swept over him without stopping.

Li Xiujie? —Xu Ming’s pupils shrank slightly, and a killing intent flashed in the depths of his eyes, but it disappeared in an instant.

Now, Xu Ming opened the “disguise” to disguise, then he is another identity, not Xu Ming of the endless continent. Therefore, Xu Ming’s normal attitude is to treat Li Xiujie as a passerby.

“If there is a chance, let’s kill Li Xiujie in this ***** battle stage!” Xu Ming thought to himself; since he met Li Xiujie in the ***** battle stage, of course he would kill him if he could, “But... Li Xiujie may have something on him. What special life-saving treasure is there, I am afraid it will not be easy to kill him!”

While thinking about it, Xu Ming had already set foot on the Bloody Sea Battle Stage.

The surrounding Divine Domain masters and powerful people all looked at Xu Ming standing proudly on the battlefield, and they talked a lot in private:

“Unexpectedly, Xu Ming actually dared to appear, and even stood directly on the ***** sea battle stage! I really don’t know, should I praise him for his courage, or should I laugh at him for being stupid?”

“Of course it’s stupid! A person who doesn’t know how to live or die, are you stupid!?”

“That’s right! When Xu Ming fought a life-and-death battle with God Emperor Mojiang, it wasn’t very easy to win! – And you must know that God Emperor Mojiang was only at the peak of his strength when he was in his prime; In the meantime, there are three levels of God Emperor Peak, God Emperor Limit, and Half-Step Domination! If Can Tian wants to kill Mo Jiang, one move is enough; he will never win as hard as Xu Ming did!”

“Yes, the strength gap between Xu Ming and Cantian is obvious!”

“Knowing that he is going to die, he still has to fight to the death! It’s sad and deplorable! – However, this Xu Ming can’t do anything! He has the mark of the enemy of the Yehenala clan on his body, and even if he doesn’t come to fight, he can’t escape from the Holy Emperor. City; it’s better to be more courageous, so that you can die with dignity!”

“In the end, this Xu Ming is too arrogant! – His strength is not as good as others, but he is arrogant! This is his end!”

“However, I also blame Xu Ming for not being able to recognize the situation! – If he joins any of the forces such as the Temple of Time and Space, the Void Heaven Realm, and the Slaughtering God Field, then he will be able to escape this catastrophe!”

“Look at it!—Many masters of the Dominion Realm, as well as the top forces, value Xu Ming very much! Maybe, when Xu Ming is in danger, they will come to the rescue!”

...

On the blood sea battle stage, Xu Ming looked down indifferently: “Yehnara Cantian! Come to power quickly and accept the battle of life and death!”

“Humph! It seems that you are in a hurry to find death!” Can Tian snorted coldly, then stepped onto the stage.

boom!

Around the blood sea battle platform, an energy barrier is raised to block the outside world.

“The battle of life and death is on! There is no end to death! You can’t leave the Blood Sea Battle Stage until one party dies!” The grand voice of the host of the Blood Sea Battle Stage rang loudly.

“Go ahead!” Can Tian stood with his hands behind his back, his face full of super-skilled looks, “I will let you do ten moves! – After ten moves, it will be your death!”

Make ten strokes?

Moreover, in the battle of life and death, let ten moves?

There was an uproar!

“How confident are you to dare to do this?”

“However, Cantian does have the qualifications to be confident! After all, his strength is three small realms higher than Xu Ming!”

“As expected of Cantian! The leader of the younger generation of God’s Domain! ——With this temperament, the demeanor of a master is undoubtedly displayed!”

“It seems... Can Tian is not just going to kill Xu Ming! Before killing him, he must humiliate Xu Ming severely!”

“Let ten tricks really show humiliation!”

...

“Let me do ten tricks?” Xu Ming was also stunned, “Are you sure?”

“Heh!” Can Tian sneered disdainfully, “With your strength, let alone ten moves; even if you make one hundred moves, so what!?”

Hundred tricks?

Xu Ming smiled: “Then I’m welcome! – All the great powers present are witnesses. It was Cantian who took the initiative to ask me to make a hundred moves, but I didn’t force him!”

As soon as Xu Ming said these words, there were boos around him.

“Shh-”

“Alas-”

“Haha! This Xu Ming, I’m afraid he wants to take advantage of this hundred moves to madly use his ultimate move! However, there is a gap in the strength of the three realms, not to mention that Cantian only makes one hundred moves, even if he makes one thousand moves. , 10,000 moves, Xu Ming doesn’t have any chance!”

“Indeed! Besides, one hundred strokes are over in an instant; after one hundred strokes, Xu Ming will be dead!”

“If Xu Ming is smart enough, he should try to delay the time for this hundred moves; in this way, he can live a little longer!”

...

“I’m going to shoot!” Xu Ming said with a smile.

However, the depths of his smile were full of playfulness.

“Although show your weapons!” Can Tian said very generously; in a few words, he showed the temperament of a master to the extreme!

“Weapon...” Xu Ming smiled playfully, “I don’t need it for now!”

Saying that, Xu Ming sprinted towards Cantian – he didn’t use all his strength, he just rushed very casually.

“Slow! It’s really slow!” Can Tian stood like a pine tree, with his feet deeply planted on the battlefield, his expression full of disdain – of course he could see that Xu Ming’s speed was only equivalent to the peak of an ordinary ***** emperor.

Such a speed, in Cantian’s eyes, is even slower than a turtle crawling!

“Too weak!” Can Tian shook his head wantonly, showing his master style once again, with a taste of pointing the country.

weak?

Just as Xu Ming approached Can Tian, suddenly—

Without warning, Xu Ming burst into flames!

boom!

Xu Ming's speed suddenly soared!

And Xu Ming's palm shadow, faster!

“What!?” Can Tian was taken aback, and suddenly became stunned, “How could it be so fast!?”

Snapped!

The palm of the hand is like electricity.

Before Can Tian could react, a fiery slap was unreasonably printed on his face!

Until being slapped by the slap, Can Tian was still in a dazed state.

“How... how can it be so fast!? How can it be so strong!?”

At this moment Can Tian's face was filled with panic and confusion. As for his master style, under the slap of Brother Ming, he was instantly disintegrated and nothing was left.

call out-

At the moment when Can Tian was swept away, Xu Ming's figure followed closely like a ghost, following him like a shadow.

Snapped!

Another hot slap!

Masterful demeanor?

Install X?

In front of Brother Ming, dare to show a master style? Dare to install X? —Isn't this what a lottery is?

Although Xu Ming is not very generous, but... Since you are looking for a lottery, Brother Ming will definitely satisfy you!

Snapped! Snapped! Snapped! Snapped! ...

The overwhelming slap directly drowned Can Tian's entire face.

Chapter 1168: 40 More Shots

clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap
clap clap clap...

The applause was crisp and melodious.

One palm after another, Can Tian was stunned, and the gods watching the battle were stunned.

“what!?”

“This...”

“how so...”

“How can Xu Ming’s strength be so strong!?”

The gods watching the battle were all dumbfounded.

They thought that Xu Ming’s challenge to Cantian was completely like a mighty cockroach shaking the tree; even if Cantian asked Xu Ming to make a hundred moves, Xu Ming would not be able to shake Cantian at all.

Unexpectedly... Xu Ming slapped Cantian directly with a slap. Next, he slapped Cantian so much that he couldn’t lift his head at all.

“When Xu Ming and the God Emperor Mojiang fought a life-and-death battle, didn’t they take a lot of effort to win? Why is Xu Ming so much better now than a year ago?”

“Could it be... A year ago, Xu Ming deliberately concealed his strength? Or, did Xu Ming’s strength improve by leaps and bounds this year?”

“In just one year, even if you make rapid progress, how can it be so exaggerated?”

“Why is it impossible? Look, Xu Ming’s current cultivation level is no longer the first level of the king a year ago, but the peak of the king!”

“In a year, from the initial stage of the king, to the peak of the king? – If this is the case, then Xu Ming definitely hides countless secrets!”

Regardless of whether Xu Ming hid his strength before, or made rapid progress this year; in a word, everyone has to admit that Xu Ming’s strength is probably not weaker than Yehenara Cantian!

“Cantian even asked Xu Ming to do a hundred tricks...” The masters and experts watching the battle felt a touch of sadness for Cantian – this is a very typical “failed to pretend to be hanged and beaten”!

In Can Tian’s heart, he felt a lot of pain.

It really hurts!

“I’m not stupid!?” Can Tian really wanted to slap himself a few times and wake himself up—oh, yes, he doesn’t need to do it himself, Xu Ming has already helped him!

“forty nine!”

“Fifty!”

“fifty one!”

Xu Ming counted as he pumped.

“Ah!!” Can Tian roared angrily, and suddenly an icy blue cold sword light flashed across his hand.

Even the surrounding void was faintly swallowed by Jianmang – Silkworm Heaven Sword!

Eat the world!

“Cantian out of the sword!”

“He can’t take it anymore!”

Many gods watching the battle couldn’t help but exclaim.

“Xu Ming! Die!!” Can Tianjian swallowed the cold sword light, almost tearing the void.

Xu Ming jokingly said: “Can Tian, didn’t you say that you want me to make a hundred moves? There are only fifty-one moves, and there are still forty-nine moves that have not been made! – There are so many gods in the field, but they are all witnesses; Is it possible that you want to go back on your word? Or, you Yehenalas are all unreputable people?”

The gods watching the battle are completely watching the fun and it is not a big deal.

Many gods followed suit:

“That’s right! I can testify! It’s true that we have to make a hundred moves!”

“Haha, the dignified Yehenara? Cantian, shouldn’t you be able to afford even a hundred moves? – If you really can’t afford it, don’t be so arrogant just now!”

“Why didn’t I know before that Can Tian is actually a renegade?”

“Yehnara’s countless billions of years of credibility, I don’t think so!”

...

Listening to the waves of roaring noises, Can Tian just wanted to scold – I went back on my word? It was Xu Ming who pretended to be a pig and ate a tiger first, right? If I had known that he was so powerful, I would have let him do one hundred tricks unless I was a fool!

If it is only related to Cantian’s own reputation, then now, Cantian absolutely doesn’t want to think about it, and directly “returns his word”. However, Xu Ming’s remarks raised the issue to the “credibility of the Yehenala clan”; if Cantian reneged on his word, it would not be his face, but the entire Yehenala clan. face up!

“If I lose Yehenala’s face, when I go back, the first ancestor will probably kill me...” Thinking of this, Can Tian couldn’t help trembling.

“Zu Yi”, the ancestor of Yehenara’s clan, is the one who loves face the most!

Can Tian gritted his teeth: “One hundred moves is one hundred moves! Hold on!”

However, seeing the slaps that landed on his face one after the other, Can Tian couldn’t help shouting angrily, “Xu Ming, you keep slapping me, what’s your skill!?”

“Uh... Since that’s the case, I won’t slap you!” Xu Ming thought for a while, and then he took out his spear.

With the spear in his hand, Xu Ming couldn't help but think: "The Yehenala clan is sincere! Originally, I planned to slap him a hundred times, and just perfunctory the hundred tricks he gave him; Thinking of it, Cantian is still not willing... Since he is not willing, I have to take the remaining forty tricks seriously!"

"I..." Can Tian almost vomited blood—Isn't this mean? Originally, Xu Ming was bare-handed; when I "remind" him like this, Xu Ming directly took out his weapon...

However, for the honor of the clan, Can Tian decided to fight!

"Come on!" Can Tian held the Can Tian Sword in his hand, making a defensive gesture—since he made a hundred moves, then when he made the move, Can Tian couldn't attack or dodge, he could only defend.

"Hehe!" Xu Ming smiled playfully, and the spear shot out angrily, "The Five Forms of Reincarnation... Heaven Collapsing!"

A move of absolute power to crush!

The only downside is that it is easy to be dodged!

But now, Can Tian can't dodge, he can only carry it! So... "Tianbeng style" has only advantages and no disadvantages!

rumbling rumbling...

One shot, the terrifying power, as if the entire sky collapsed directly, and collapsed to the silkworm sky.

Can Tian suddenly widened his eyes in horror: "This... so strong!?"

The masters and powers watching the battle also widened their eyes in shock – what Xu Ming used was the same "Heavenly Collapse" as last year; but in terms of power, it was too much stronger!

boom! !

In Cantian's terrified expression, the reincarnation spear rolled over.

Can Tian is good at swordsmanship.

His swordsmanship, strange and fast, can often kill silently; however, only strength is weak!

But now...

Brother Ming doesn't fight with you for being weird, nor does he fight for speed with you, he just hits you with strength!

boom!

First shot down! Even though Can Tian had tried his best to resist, he was still smashed to the point that his entire body was shaken, and golden blood oozes directly from the corner of his mouth.

Can Tian became more and more frightened: "The power contained in this gun is stronger than I imagined!"

"Haha! Come again!" Xu Ming laughed and raised his spear again, "Can Tian, don't hide!"

"Pfft!" Silkworm had to vomit blood directly.

At this moment, he regretted it too much: "Why should I pretend to be X and let him do a hundred tricks..."

boom! !

Second shot! – With the warm-up of the first shot, this second shot is even more powerful!

"Pfft!" Can Tian was directly blasted out a large pool of black blood, obviously not lightly injured!

“Hehe!” Xu Ming said with a wicked smile, “Come again! – After the third shot, there are still forty shots left!”

Chapter 1169: Death Pardon

After these three shots, there are forty shots left!

“I...” Can Tian almost spit out another mouthful of old blood.

So bullying!

It’s so bullying!

After taking these three shots, Can Tian will probably be seriously injured; the damage to the divine body is estimated to exceed one tenth!

Another 40 shots... If it doesn’t take 40 shots at all, Can Tian will be smashed to death!

“Xu Ming, stop! I admit defeat!” Can Tian hurriedly shouted.

stop?

admit defeat?

Xu Ming sneered, and the spear slammed out again: “Can Tian! This is a life-and-death battle!”

In the battle of life and death, say “stop” and say “admit defeat”? – Isn’t this a joke?

rumbling...

The power of the sky and the earth torn apart completely converged on this gun.

“Third shot!”

boom!

Can Tian was blown away directly, and did not stop until he smashed into the isolation barrier of the life and death battle.

“Pfft!” Another mouthful of black blood spurted out, and Can Tian shouted in horror, “Xu Ming, stop, stop! I admit defeat! I admit defeat!”

“Naive!” Xu Ming sneered, and raised his spear again, “A life-and-death battle is endless—how can you admit defeat?”

“Xu Ming!” Can Tianshen shouted, “Could it be that you really want to become our Yehenala clan’s mortal enemy?”

Xu Ming smiled and said, “Aren’t we mortal enemies now?”

“It’s not yet a deadly enemy!” Can Tianlian said, “Although you have killed my Yehenala clan, you have the killing mark of my Yehenala clan on your body; but what you killed should only be unimportant. Clan – so, although you are the enemy of my Yehenala clan, it is not a deadly enemy; there is a way to reconcile the contradictions between us! But... My importance to the Yehenala clan is unspoken. And Yu; if you dare to kill me, then you are the mortal enemy of my Yehenala clan!”

“Is that so...” Xu Ming pretended to hesitate.

“Xu Ming, I lost this game! Let’s end our life-and-death battle!” Can Tian said again.

“Haha!” Xu Ming laughed, “Cantian, I ask you – if it is me, not you, who is at a disadvantage now; then, is it possible for you to let me go?”

“I...” Can Tian wanted to panic; but he also knew that if he said “I will let you go”, it would be too fake, and no one would believe it!

“Hahahaha...” Xu Ming laughed loudly, “Since you know it yourself, if you have the advantage, you will never let me go! So now, it is me who has the advantage; you say, I may spare you?”

rumbling rumbling...

Xu Ming’s long spear, once again carrying the might of the sky and the earth, smashed it angrily.

“Xu Ming!!” Can Tian roared angrily, “Do you really want to go on the road of immortality with our Yehenala clan?”

Xu Ming just sneered disdainfully: “Why so much nonsense? There are still forty shots, so concentrate on taking the trick!”

“I...” Can Tian knew that it was impossible for Xu Ming to stop!

“Forty tricks...” Can Tian really wanted to get rid of it, and immediately launched a counterattack! He believes that in terms of strength, he is definitely stronger than Xu Ming, and he can definitely turn defeat into victory – but if he does, it will definitely affect the reputation of Yehenala for hundreds of millions of years.

After hesitating, Can Tian decided – Yehenala’s reputation must not be damaged in any way! After all, the Yehenara clan is the most noble clan of the demon clan; once the reputation is damaged, the entire clan will lose face!

“Humph! Xu Ming, I remember this account! Our Yehenala clan, remember it!” Can Tian roared and took out a pure golden token.

“What is this?” Xu Ming was slightly startled, but he didn’t pay attention, and continued to rage at Cantian.

But at this moment...

“Both sides stop!” The majestic voice presiding over the Blood Sea Battle Stage sounded; an incomparably vast coercion simultaneously oppressed Xu Ming and Can Tian.

“What’s wrong?” Xu Ming wondered, “Why was the battle of life and death interrupted?”

“Humph!” Can Tian’s face showed a smug look.

The vast coercion forced Xu Ming and Can Tian to separate them; the grand voice of the host continued: “The pardon of death is issued, and the life-and-death battle between the two sides is over!”

A death sentence?

Fight to the death?

Xu Ming was thoughtful, and his eyes fell on the golden talisman in Can Tian’s hands: “Is this what the pardon of death is?”

Just when Xu Ming was puzzled, the voice transmission of “good friend” Du Laogui resounded in his mind again: “Little friend Xu Ming, the pardon of death is the top powers of the Holy Emperor City, in order to protect the younger generation, And a specially formulated rule!”

“rule?”

“Yes!” Du Laogui continued, “Within the Holy Emperor City, as long as you hold a pardon of death, then once you encounter danger in the battle of life and death, you will have the privilege of ‘pardon from death’! A pardon of death Order, can only be used once!”

“Oh...” Xu Ming suddenly understood – no wonder, this Cantian took out a broken talisman; this battle of life and death was immediately terminated by the presiding power! It turns out that this broken command symbol has such a history!

“Xu Ming!” Can Tian’s face was ugly, “Today’s humiliation, next time, I will pay it back a hundredfold!”

Xu Ming didn’t get angry but smiled: “Is it so arrogant to have escaped a catastrophe by relying on the pardon of death? Also, Cantian, next time, what are you going to do?”

Next time, are you going to make a few tricks?

As soon as Xu Ming said this, many gods who watched the show couldn't help laughing:

“Haha, this Cantian is really a joke! Before the war, he said he would let Xu Ming make a hundred moves; as a result, after being slapped by Xu Ming more than 50 times, he was shot three times, and he was so scared that he used the pardon of death. !”

“Haha! It's really funny!”

“What do you know? Can Tian is here to preserve the reputation of Yehenala's family!
Hahahaha...”

...

Can Tian walked off the stage with an ugly face amid the jeers.

At this time, many gods who were watching the battle just reacted – Xu Ming defeated Can Tian, doesn't it mean that he can rank second on the peerless elegance list, second only to Li Xiujie?

An unknown genius, actually directly hit the second place on the peerless elegance list?

Incredible!

Incredible!

“This Xu Ming will definitely be famous in the entire Divine Realm!”

“Does this even need to be said? – Moreover, Xu Ming's leapfrog combat ability is so strong, which shows his terrifying potential! In the future, it is very likely that he will be the top existence in the master, or even a semi-sage, sub-sage, and even quasi-sage level. !”

“Are we now witnessing the growth of a superpower?”

“Super powerful? Humph! The premise is that Xu Ming didn’t die prematurely! However, with his flamboyant personality, it’s hard not to die prematurely!”

The masters and powers of God’s Domain have mixed praise and criticism for Xu Ming. But in general, most people still admire Xu Ming – after all, it is enough to be admired by Cantian, who is able to defeat the half-step master of his cultivation with the peak of Fengwang’s cultivation!

Xu Ming was about to step off the stage when suddenly, a calm and cold voice resounded throughout the audience.

“Xu Ming, do you dare to fight me?” The one who spoke was the young man in white armor – Li Xiujie!

Chapter 1170: Birth And Death

Li Xiujie!

“Li Xiujie actually took the initiative to challenge Xu Ming?”

“Does Xu Ming dare to fight?”

“If I were Xu Ming, I would never fight!”

“Indeed! If it were me, I wouldn’t fight!”

“The background of the Li family is too mysterious! – Every generation of the Li family, before they get the inheritance of the family, have relatively average talents and strengths; but once they get the inheritance of the family, they will change immediately!”

Just like Li Xiujie.

Before he got the inheritance of the family, he was only a king-level cultivation base; but after he got the inheritance, he broke through to a half-step dominance in a very short period of time! And looking at the momentum of his breakthrough, half-step **** is far from the end!

“Among the ancestors of the Li family, the most powerful ones seem to be at the quasi-sage level. There has never been a real saint! It’s really strange, how did the Li family get such a powerful mysterious inheritance!”

“What’s so strange about that? Maybe it was there!”

“There...” A hint of fear flashed in the eyes of many Dominion Realm great experts.

...

“Li Xiujie!”

Xu Ming looked at Li Xiujie, an incomparably complicated expression flashed in the depths of his eyes.

A hundred years ago, Li Xiujie descended to the Endless Continent with an attitude of overlooking everything. At that time, Xu Ming was only a Taoist master; compared with Li Xiujie, he was extremely weak!

In order to protect Xu Ming, Yin Ran did not let Xu Ming reveal his relationship with her, so as not to incur Li Xiujie’s hatred.

Later, after Yin Ran left, Li Xiujie returned again, mocking Xu Ming contemptuously for being an ant.

Later, Li Xiujie even cultivated Yehenara Erke from the Demon Race of the Endless Continent to become a god, and asked him to kill Xu Ming and exterminate the human race...

What a huge shame and what a huge hatred for Xu Ming! – However, for the sake of the inheritance of the human race in the Endless Continent, for the safety of relatives and friends, and for the one day reunion with Yin Ran in God’s Domain... Xu Ming endured the humiliation!

bear it!

Today, just a hundred years later, Xu Ming is standing with Li Xiujie once again in Divine Realm!

Everything seems like yesterday.

Xu Ming felt that it was just a blink of an eye; Li Xiujie, an existence that was unimaginably powerful in his eyes, doesn't seem to be that powerful now.

“You want to challenge me?” Xu Ming looked at Li Xiujie indifferently.

“That's right!” Li Xiujie sneered and provocatively said, “A life-and-death battle, do you dare?”

Another life-and-death battle!

Xu Ming was speechless – why is there a life-and-death battle in this ***** battle platform? Is it really “to look down on life and death, just do it if you don't agree”?

“Are you going to fight with me for life and death? It's like we met for the first time. There was no grievance in the past, but no enmity in the past, right?” Xu Ming has now turned on the “camouflage” link.

Therefore, the current “Xu Ming” and Li Xiujie really have no grievances and no grudges!

Since there is no grievance and no hatred, Li Xiujie is a life-and-death battle when he opens his mouth?

“We really have no grievances in the past and no enmity in the recent past...” Li Xiujie continued with a sneer, “But who asked you to be called ‘Xu Ming’? – This name makes me very disgusted!”

Just because my name is “Xu Ming”, are you going to fight me to the death?

Xu Ming smiled: “Li Xiujie... your name also disgusts me!”

Li Xiujie walked to the Blood Sea Battle Stage step by step: “If that's the case, then let's fight with life and death, let's fight for life and death!”

“A life-and-death battle?” Xu Ming sneered disdainfully, “You all have a pardon of death in your hands; is there any meaning to such a life-and-death battle?”

It really doesn't make sense!

If Li Xiujie finds out that he is not Xu Ming's opponent, he will definitely throw out a pardon order like Cantian.

“But...” Xu Ming continued, “There must be a battle between me and you; otherwise, I won't be able to get the No. 1 ranking on the peerless elegance list...”

As soon as Xu Ming said this, the audience was in an uproar.

“What!? Xu Ming still wants to defeat Li Xiujie and get the first place on the peerless elegance list?”

“This Xu Ming is too inflated!”

“Yeah! Xu Ming can defeat Cantian, of course there is strength in it; but the main thing is because Cantian is too arrogant, so Xu Ming has to make a hundred moves! Otherwise, if Cantian really shows his strength Come on, Xu Ming won't be so easy to win; even, who wins and who loses, and who will die, is still unknown! – And Li Xiujie's strength is much stronger than Cantian; Xu Ming actually wants to defeat him?”

“Arrogant! Arrogant!”

In the eyes of the gods watching the battle, although Xu Ming's strength was far beyond their expectations, compared to Li Xiujie, who had a mysterious inheritance, he was still one level behind!

Xu Ming actually wanted to defeat Li Xiujie?

This is arrogance! This is arrogance!

...

“Let’s do it...” At this time, Xu Ming said again, “Don’t fight for life and death! – Step on the **** sea battle platform, just come and fight!”

boom!

Li Xiujie stepped on the **** battle stage heavily, with a grin on the corner of his mouth: “Yes, there is no need to fight to the death! Anyway, as long as I make a move, you will have no chance of life! You won’t even have the chance to admit defeat. some!”

Xu Ming smiled disdainfully and didn’t say much; but the reincarnation gun in his hand had already ignited the will to fight.

Li Xiujie exudes a cold killing intent.

The two stood proudly on both sides of the blood sea battle platform, looking at each other indifferently; their fighting intent was roaring, and their killing intent was lingering.

“Battle... Begin!” The grand voice who presided over the Blood Sea Battle Stage also felt the atmosphere was a little depressed, and solemnly announced the start of the battle.

boom!

As soon as the word “beginning” of “beginning” fell, Li Xiujie’s figure shot out; in an instant, it was in front of Xu Ming’s eyes.

What caught Xu Ming’s eyes was a pair of fierce eyes full of murderous intent.

“Oh! This Li Xiujie has such a strong killing intent towards me!” Xu Ming sneered in his heart, “I have already used ‘disguise’ to disguise myself, and he would never recognize me; , just because the name is the same, he actually broke out the killer move as soon as he came up!”

but...

Xu Ming's killing intent towards Li Xiujie is even stronger!

boom!

The moment when Li Xiujie just broke out Xu Ming also broke out!

“The Five Forms of Reincarnation... birth and death!!”

Birth and Destruction, the forbidden move in the five reincarnation moves, is also Xu Ming's own strongest ultimate move – kill one thousand enemies, and self-destruct eight hundred!

This is the first time Xu Ming has used the “Birth and Destruction” in places other than the virtual world!

rumbling...

On the reincarnation gun, the artistic conception of destruction and the rich vitality quickly merged together.

The reincarnation of birth and death blooms brilliantly at the tip of the spear, as if it has exhausted all the beauty in the world!

Beautiful shot to the extreme!

It's also a terrifying shot!

boom!

The extremely beautiful “life and death style” even melted the killing intent in Li Xiujie's eyes. Li Xiujie's eyes gradually became confused: “So beautiful...”
