

A World 1181

Chapter 1181: Summoned

The gong chips are staggered, and the cups are replaced.

However, the geniuses under the clouds are not qualified to drink with the masters of the master realm above the clouds.

After all, genius is genius, power is power!

Great powers must be transformed from geniuses; and geniuses may not all be transformed into great powers!

If the **** emperor wants to transform into a master, there is no one in a hundred! Not to mention, many geniuses are only at the king level! —Want to drink with the master of the realm? Far from it!

...

“Blood Sea Half-Saint, thank you for coming to join us!” The city lord of the Holy Emperor gave the masters of the dominion realm a toast one by one; he didn’t despise other lords just because he was a quasi-saint.

In fact, if they are both at the master level, they are basically equal and intersect! After all, no matter whether it is the primary master or the quasi-sage, in terms of realm, they all comprehend the ultimate way of chaos, and they only comprehend “a trace”.

And the sage has been recognized by the source of chaos in the understanding of the primordial chaos of chaos!

“Hahahaha!” The Blood Sea Half-Saint laughed and raised his glass, “How dare I not come to support the city lord’s marriage? If I don’t come, I am afraid that the Blood Sea Battle Stage will not be able to continue to exist in the dungeon in the future! ”

“Hahaha!” The City Lord of the Holy Emperor couldn’t help laughing, “You ***** sea! Am I not caring enough for you?”

The underground city is actually the category of the Holy Emperor City; therefore, it is also under the control of the Holy Emperor City Lord.

The Holy Emperor City was jointly built by a number of saints. As long as he is in the Holy Emperor City, the Holy Emperor City Lord is an absolutely invincible existence; with the help of the great defense of the city, even if other saints come, the Holy Emperor City Lord can be head-on.

The top forces of the God Realm, such as the Space-Time Hall, the Void World Realm, the Slaughtering God Field, and the Pavilion of All Things, are all headquartered in the Holy Emperor City, because... it is safe here!

Therefore, in terms of his own strength, the Holy Emperor City Lord may not be comparable to the quasi-sages such as the Space-Time Palace Lord, the Void Heaven Realm Lord, etc. However, in terms of his position in the Holy Emperor City, it is definitely the highest of the Holy Emperor City Lord! -Even the quasi-sages, to a certain extent, have to be “covered” by the city lord of the Holy Emperor!

Now that the Holy Emperor City Lord is recruiting for his daughter, how could the great powers in the Holy Emperor City dare not sell the Holy Emperor City Lord’s face?

“Ripple Master, thank you for joining us!”

“North Wind Lord, thank you for joining us!”

...

When the city lord of the Holy Emperor toasted to Zu Yi’s quasi-sage.

Zhu Yi Zhunsheng smiled and said: “Haha, city lord, I have long been guessing, when will you be willing to marry your precious daughter; now, let me wait until this day!”

“Haha!” The City Lord of the Holy Emperor smiled and had a toast with Zhu Yi Zhunsheng.

At this time, Zhu Yi Zhunsheng suddenly said through a voice transmission: “City Lord, I have two things I want to tell you here. Please give me a face no matter what, and promise me one of them, okay?”

Two things?

Promise one of them?

“It depends on what’s going on!” The Holy Emperor City Lord replied with a smile.

Of course, he would not promise Zu Yi anything casually—especially when he was recruiting relatives, especially when Zu Yi quasi-sage said it so solemnly.

“The first thing...” Zu Yi Zhun sneered and said, “Saint Emperor City Lord, look, you and I have been together for hundreds of millions of years; Reputation, you must be very clear! My first thing is... You see, when you finally choose, can you choose Cantian? In this way, from now on, you and I will become one family! You are right Saint, I am also a quasi-sage; in the future, our two families will become a family, and one family will have two quasi-sages... Tsk tsk! Look at the eyes, under the sage, who would dare to provoke us?”

“This...” The Holy Emperor City Lord pondered, “When I was toasting with Li Family Lord, he also said similar things to me through voice transmission!”

The Li family leader, although only at the sub-sage level, is not as strong as Zu Yi; but you must know that the background of the Li family is much deeper than that of the Yehenala family! – The family inheritance of the Li family is extremely mysterious; so far, no one in the entire Divine Realm knows where the family inheritance of the Li family came from.

Therefore, if the choice is between Li Xiujie and Cantian, the Holy Emperor City Lord will undoubtedly prefer Li Xiujie.

But now, of course, the city lord of the Holy Emperor can’t show his heart to Zuyi Zhunsheng, but said with a smile: “How to choose in the end depends on fate!”

fate?

Zhu Yi Zhunsheng sneered disdainfully in his heart – fate is a fart! Isn't it all about the meaning of your Holy Emperor City Lord?

However, Zhu Yi Zhunsheng could not refute the face of the Holy Emperor City Lord, but continued with a smile: “Then I will talk about my second thing! – I also ask the Holy Emperor City Lord, no matter who you choose in the end, Don't choose Xu Ming!”

“Oh?” The city lord of the Holy Emperor was a little strange. As a quasi-sage, why would Zu Yi have trouble getting along with a mere Xu Ming? Moreover, he deliberately told himself that he should not choose Xu Ming.

“Because...” Zhu Yi's eyes narrowed slightly, and there was a cold light in his eyes, “This Xu Ming, who killed my Yehenala Clan's digital ***** emperor, is my Yehenala Clan's must-kill target! Now, yes I will not kill him on the happy day of your marriage, city lord; however, after the marriage is over, no matter what, I will kill him!”

The meaning of Zu Yi's quasi-sage words is that even if he is the son-in-law of your holy emperor's city lord, I will kill him!

“Huh?” The Holy Emperor City Lord frowned slightly—although, Zu Yi Quansheng's words made him a little uncomfortable; however, the Holy Emperor City Lord really had to think about Zu Yi Quansheng's words! After all, you can't recruit a son-in-law, but he was killed by Zhu Yi Zhunsheng, right?

“Holy Emperor City Lord, please agree to one of the two things I asked for no matter what, okay?” Zu Yi quasi-sage said.

Two things?

In fact, these two things, to put it bluntly, are just one thing! – If the city lord of the Holy Emperor agreed to Zu Yi's first thing, and finally chose Cantian; then, the second thing, “not choosing Xu Ming”, would also be realized at the same time.

The City Lord of the Holy Emperor could of course hear it. Zhu Yi Zhunsheng said so much to himself, in fact, the main thing was to say – no matter what, don't choose Xu Ming!

The Holy Emperor City Lord thought for a while and said, “What you said, I will consider it!”

Of course, the city lord of the Holy Emperor would not directly promise Zu Yi to be a quasi-sage! How to choose in the end, the city lord of the Holy Emperor will also have his own ideas, and will not be led away by Zu Yi.

“Yanhua dominates!”

“Fujitsu dominates!”

“Master Yun!” The City Lords of the Holy Emperor toasted one by one, and finally greeted Master Yun, “Unexpectedly, Master Yun, you came here specially from the Yanyan Continent, which really makes me radiant!”

To Master Yun, the City Lord of the Holy Emperor was obviously a little more polite.

Master Yun is also a quasi-sage-level power, and he is not a quasi-sage in his Holy Emperor City! The so-called “coming from afar is a guest”, of course, the city lord of the Holy Emperor must not lose his etiquette.

Of course, Zhuge Yun’s strength is known as “under the saints and the top ten in the realm of the gods” – based on this alone, the city lord of the Holy Emperor does not dare to neglect the ruler Yun!

“Congratulations, City Lord of the Holy Emperor! You will soon find a good home for your precious daughter!” Lord Yun raised his glass and said politely, “I have one thing, I want to ask the City Lord! Also I hope the city master can consider it!”

“Oh? What’s the matter?” the Lord of the Holy Emperor asked.

Master Yun said with a smile: “Xu Ming, to my son Yun Ning, he has the grace of preaching and teaching; at the same time, Xu Ming is also my friend!”

In order to give Xu Ming a boost, Master Yun directly raised Xu Ming’s identity as “his friend”!

“Your friend?” The City Lord of the Holy Emperor was a little shocked.

“That’s right!” Master Yun said, “So, City Lord, if you can choose Xu Ming, I will be very grateful!”

“This... I have to think about it!” The Holy Emperor City Lord pondered for a while and said, “However, in any case, Xu Ming must be able to pass through three stages! After all, in the three assessment stages, only three geniuses can be screened out in the end! ”

“You don’t need to worry about that!” Yun Zhuzhu was extremely confident, “Xu Ming, you must take one of the spots!”

“Really?” The City Lord of the Holy Emperor gave Xu Ming a surprised look and didn’t say any more.

...

The feast lasted for two days.

Two days later, all the masters and all the geniuses were arranged to rest in the guest rooms of the city lord’s mansion; after another day, the examination of recruiting relatives officially started!

“Xu Ming!”

Xu Ming left the hall and was about to fly to the guest room that he had arranged for him when suddenly, a somewhat familiar voice sounded in his mind.

Xu Ming looked at him in surprise – it was Mr. Bai who had passed the sound transmission to him!

“What’s Bai Lao’s order?” Xu Ming asked.

Xu Ming may have a bit of hatred for Bai Lao; after all, Bai Lao took Li Xiujie and forcibly brought Yin Ran back to the realm of the gods.

However, this kind of hatred is not strong enough; in the final analysis, Bai Lao is just doing what he was ordered to do. Moreover, Xu Ming thought about it from a different perspective. If he was the City Lord of the Holy Emperor, then he would never let his daughter fool around with a “Tao Lord” in a small world of dust.

Therefore, it was actually somewhat reasonable for Bai Lao to take Yin Ran away!

Bai Laodao: “City Lord wants to see you, come with me!”

Chapter 1182: Quit Recruiting

Lord Mayor wants to see me?

Even when Xu Ming met the saint, or even the Lord of Heavenly Sacrifice, he was never excited; but at this moment, he just wanted to see the quasi-sage of the City Lord of the Holy Emperor, but his heart was beating non-stop.

“The Lord of the City wants to see me, does this imply something?”

With excitement, Xu Ming soon met the City Lord of the Holy Emperor in the study room of the City Lord’s Mansion.

“Lord City Lord!” Xu Ming respectfully clasped his fists.

When he really saw the Holy Emperor City Lord, Xu Ming’s mood calmed down again.

Once, in the Endless Continent, when Xu Ming saw the energy incarnation of the Holy Emperor City Lord for the first time... In Xu Ming’s eyes, the Holy Emperor City Lord at that time was even more vast, profound and unattainable than the sky.

Now, officially face to face with the Holy Emperor City Lord; in Xu Ming’s eyes, the Holy Emperor City Lord is not such an incredible existence.

“Xu Ming...” The eyes of the Holy Emperor City Lord looked at Xu Ming unscrupulously; after a long time, he said, “You surprised me... Really very surprised!”

Xu Ming did not speak, and waited quietly for the next sentence of the Holy Emperor City Lord.

The Lord of the Holy Emperor continued: “In just a hundred years, you have come from the world of dust to the realm of the gods; from a humble and weak Taoist, you have a half-step dominance level of combat power... The achievements you have achieved are incredible. It’s not an exaggeration to describe it!”

Xu Ming said humbly, “Thank you, Lord City Lord, for your praise!”

In the face of the future old husband, it is better to be humble.

“I’m not complimenting you, I’m just telling the truth!” The City Lord of the Holy Emperor said indifferently, “Xu Ming, you should have entered the chaotic secret realm, right?”

“The Mystery of Chaos?” Xu Ming obviously hadn’t heard of the Mystery of Chaos; after all, he had never encountered it before.

“It’s the flow of time, which is different from the God’s Domain!” said the city lord of the Holy Emperor, “In the past several thousand years, the God’s Domain may only pass a day!”

Xu Ming said truthfully: “I have never entered...”

The city lord of the Holy Emperor couldn’t help showing some displeasure: “Don’t pretend to be in front of me! I have eaten more salt than you have eaten rice; have you ever entered the chaotic secret realm, do I still judge? Can’t come out?”

“Uh...” Xu Ming was speechless for a while, thinking – I really have never entered the chaotic secret realm! Did you judge it?

However, the city lord of the Holy Emperor is after all the future father-in-law; even if he is pretending to be forceful now, Xu Ming should honestly watch him finish the force and not interrupt in the middle of it. Otherwise... it would be bad if it would make the future father-in-law angry.

The Holy Emperor City Lord saw that Xu Ming had not spoken, and thought that he had seen the truth by himself, so he was speechless.

Therefore, the Holy Emperor City Lord said more and more firmly: “In just a hundred years, how is it possible to transform from a Taoist master to a half-step master of combat power? – Having entered the chaotic secret realm, this is the only explanation for you!”

Xu Ming couldn’t refute, what else could he say? I had to say silently in my heart – yes yes yes! You are right! Your farts are delicious! Who made you my future husband?

“Having entered the chaotic secret realm is indeed a very strange encounter! After all, it is rare for a chaotic secret realm to appear in the entire God’s Domain for hundreds of millions of years; moreover, the chaotic secret realm has existed for a very short time, and it is likely that it has not been discovered yet. It disappeared without a sound! But...” Speaking of which, the Holy Emperor City Lord suddenly changed the subject, “However, although such an encounter is strange and rare, in my opinion, it is not a big deal!”

“Huh?” Xu Ming couldn’t help but startled, and a bad feeling rose in his heart.

The city lord of the Holy Emperor continued: “The realm of the gods is infinite! The real magic and the great encounter, you probably haven’t even heard of it, let alone encountered it!”

“Sage Emperor City Lord?” Xu Ming’s face was slightly unsightly; of course he could hear the unkindness in the words of the Holy Emperor City Lord.

The City Lord of the Holy Emperor did not seem to see Xu Ming’s face, and continued to say: “Xu Ming, it is indeed not easy for you to come to the Holy Emperor City from the world of dust! Although some words are ugly, I am afraid I have to say them!”

“Please tell me!” Xu Ming held back his anger.

The Holy Emperor City Lord looked indifferent and calm, and said: “Xu Ming, the fortune you have received has indeed freed you from the status of an ant! However, this does not mean that you are worthy of Xiaoran; Going to Xiaoran requires not only strength, but also talent and background... I’m telling you this, do you understand what I mean?”

“Ha!” Xu Ming smiled, “You’re saying that I’m not worthy of Xiao Yin, right?”

Xu Ming used to call Yin Ran “Little Yin”.

The Lord of the Holy Emperor did not answer this question, but said, “I’ll give you a piece of advice: quit recruiting relatives!”

“Quit recruiting relatives?” Xu Ming looked at him in disbelief.

You must know that Xu Ming came to the Holy Emperor City from the Endless Continent after all kinds of hardships just to participate in this marriage recruitment; and now, the Holy Emperor City Lord actually told him to withdraw from the marriage recruitment!

how is this possible!

The Lord of the Holy Emperor continued: “Actually, the reason why I let you withdraw from recruiting relatives is entirely for your own good! – Li Xiujie has now obtained the second inheritance in the family, and his strength has skyrocketed; in the process of recruiting relatives, he will definitely I will try my best to kill you!”

Li Xiujie?

Xu Ming couldn’t help but laugh.

To be honest, Xu Ming never regarded Li Xiujie as an opponent!

“Saint Emperor City Lord!” Xu Ming’s aura suddenly became fierce, “I just want to ask one thing—is this time to recruit relatives, is it fair?”

“Naturally fair!” The Holy Emperor City Lord said without hesitation.

“Fair... that’s good!” Xu Ming said, “If I show an absolute advantage in recruiting relatives! Then in the end, will you choose me?”

The Holy Emperor City Lord sneered and said: “It seems that you still refuse to listen to my advice, and you must participate in the recruitment! – Oh, if you can really gain an absolute advantage in the recruitment; then, what reason do I have? not choose you?”

“Okay!” Xu Ming turned around and left, “Saint Emperor City Lord, I hope you remember what you said!”

Strength, talent, background! And the final dowry! – In any case, Xu Ming will definitely do his best to show his crushing advantage in every step of recruiting relatives!

Xu Ming wanted to let the future father-in-law, the city lord of the Holy Emperor, know how blind he was!

“just wait!”

Xu Ming didn’t want to say anything with his mouth, he just wanted to speak with his strength!

...

City Lord’s Mansion Study.

The city lord of the Holy Emperor looked at Xu Ming’s aggressively leaving back, and couldn’t help shaking his head and laughing: “Is he a young man! Or is he too naive! – How does he know that the person Xiaoran married must be someone with great talent, great talent and great talent? The genius of the background! What kind of background can a kid from a dusty world have?”

Laughing and laughing, the city lord of the Holy Emperor finally sighed: “Now, it seems that the Li family and the Yehenala clan are the ones that suit my heart the most!”

Chapter 1183: Too Cheap, Right?

After leaving the study of the City Lord’s Mansion, Xu Ming felt a little resentful.

The Lord of the Holy Emperor is too despised! -If it weren’t for the fact that he was Yin Ran’s father, Xu Ming would have slapped him and scolded him for being “underestimated”!

Now, although Xu Ming did not do this, he undoubtedly held his breath in his heart.

Strength, talent, background?

Since you have to look at strength, talent, and background, then Brother Ming will use his strength, talent, and background to slap you in the face!

Suddenly, Xu Ming received a message: “Brother Xu Mingxian, can you come to my residence for a chat?”

“Huh?” Xu Ming couldn’t help but stunned, and then looked at the signature of the message – Master Yun.

Xu Ming suddenly realized that it was Yun Ning’s father.

“It’s an honor!” Xu Ming sent a message back.

...

Lord Yun, known as “under the saints, the top ten in the realm of the gods”, is the real top existence in the realm of the whole gods! The accommodation that the Holy Emperor City Lord arranged for him is one of the best rooms in the “Tianzi Domain”.

At this moment, Yun Ning was waiting at the gate of his residence with his head raised.

Xu Ming and Yun Ning, although they do not have the name of master and apprentice, they have the reality of master and apprentice! Now that Xu Ming, the “Master”, is coming, of course Yun Ning will be waiting at the door in person.

As Yun Ning’s only son of the ruler of the cloud, his status in God’s Domain is naturally not simple! Even an ordinary master of the realm is not qualified to let Yun Ning wait at the door like this; therefore, Yun Ning’s behavior naturally attracted the attention of some people.

“Brother Yunning, who are you waiting for?” Yehenala Cantian, who was passing by, couldn’t help but asked curiously.

Can Tian, even though he is a super genius of the Yehenara clan, his strength is much stronger than Yun Ning, but in terms of identity, he is still much inferior to Yun Ning! – After all, Cantian is in Yehenara clan, and is only a very common member of Zu Yi’s many descendants; while Yun Ning is the only son of Yun Zhuge!

One is an ordinary descendant, and the other is an only son—the degree of love at home is naturally different; the status in the divine realm is naturally different.

“My master!” Yun Ning replied casually and ignored it; instead, he concentrated his attention so that as soon as Xu Ming appeared, he could immediately find out.

“Your master?” Can Tian was a little puzzled – when did Yunning have a master? Never heard of it!

However, Yun Ning obviously didn’t want to talk to him, and it was not convenient for Can Tian to ask further questions. He and Yunning cupped hands and left.

Not long after Can Tiantian left, he met Xu Ming head-on.

“Huh? Xu Ming?”

There is hatred and fear in Cantian’s eyes. However, thinking that this is the main mansion of the Holy Emperor City, it is strictly forbidden to do anything and it is extremely safe; therefore, the fear in his eyes quickly faded away. ,

Can Tian stopped directly in front of Xu Ming and shouted angrily, “Xu Ming, what are you doing here!?”

What am I here for?

Xu Ming couldn’t help his face sinking: “It doesn’t seem to have anything to do with you, right?”

“It really has nothing to do with me, but...” With a sneer on his face, Can Tian pointed to the surrounding environment and smiled contemptuously, “This is the ‘Tianziyu’ guest room, is this where you can come?”

In the City Lord’s Mansion, the guest rooms are divided into three levels: Tianzi Domain, Earth Character Domain, and Herringbone Domain.

In the Tianzi Domain, what is entertained is the master of the realm.

In the geographical domain, the emperor-level masters are entertained.

The herringbone domain is for those below the king level.

The reason why Cantian was able to live in the Tianzi Domain was because he lived in the residence of Zhuyi Quansheng.

In Cantian’s view, Xu Ming has no dominant background, so how can he be qualified to live in Tianzi Domain. ; Therefore, it will be sarcastic.

“Xu Ming, I admit that your strength is stronger than mine! But, what’s the use of it?” Can Tian continued sarcastically, “When recruiting relatives, it is important to be in the right household! You and the City Lord of the Holy Emperor are not in the same household at all. ; No matter how strong the strength is, it is impossible to be recognized! – This time, you have no chance to recruit relatives, hahahaha...”

Xu Ming looked at Cantian like a fool. If it hadn’t been absolutely forbidden in the city lord’s mansion, he would have slapped him long ago.

“Do I have a chance, I don’t need you to worry about it!” Xu Ming said disdainfully, “However, Cantian, I can tell you right now – as long as I meet you in the first stage of the ‘Fate Assessment’, you will die! ”

Can Tian couldn’t help trembling.

He suddenly realized that he had done a very stupid stupid thing! ——I am mocking Xu Ming now, just trying to talk quickly; and Xu Ming's revenge in the "fate assessment" at that time is... terrifying!

"You...you..." Can Tiansei said Li Neijen, "The fate assessment will be witnessed by many great powers in the Divine Realm. I?"

Xu Ming just smiled coldly: "Fate assessment, can't help but kill!"

"His—" Can Tian's body trembled again—if Xu Ming was determined to kill him, then, once he bumped into Xu Ming in the "fate test", it would be really bad luck!

Can Tian could only pray silently: Don't run into Xu Ming then!

At this time, besides crying, Can Tian just wanted to say, "I'm a bitch!"

That's right!

It's completely the fault of the mouth!

Just when Can Tian secretly wanted to cry—

"Master!" An excited exclamation sounded, followed by Yun Ning rushing over.

Master?

Can Tian looked at Xu Ming in horror, and then looked at Yun Ning, who was excited, and seemed to think of something: "Could it be that Yun Ning's master is..."

"Hi-" Thinking of this, Can Tian became more and more frightened!

Cantian is indeed quite a background! However, given his identity and background, seeing Yun Ning who is weaker than him, he has to call out "Brother Yunning" honestly! – But what about now? Yun Ning actually called Xu Ming "Master"?

Can Tian felt a little chaotic in his head—doesn't this mean that, for him, a "brother-level" person, in front of Xu Ming, became a junior?

In other words – Can Tian offended the master of the "brother-level" figure!

But at this moment an unimaginable scene happened!

I saw Xu Ming said impatiently, "Yunning, how many times have I said it? I'm not your master!"

I rely on!

Can Tian almost sat down in shock – after a long time, Yun Ning wanted to apprentice, but Xu Ming was not willing to accept it!

This Xu Ming is too awesome, right?

This Yun Ning is too cheap, right? – In Cantian's view, as Yun Ning, what kind of master can't you worship? Even the quasi-sages might be happy to accept Yun Ning as their apprentice, right? Yun Ning, however, wanted to worship Xu Ming, a king-class teacher; this wasn't rude, but what was it?

The next scene made Can Tian even more certain that Yun Ning was indeed a jerk!

I saw Yun Ning with a shy face, leaned over to Xu Ming, bowed respectfully and said, "Whether the master accepts me or not, in my heart, you are my master!"

Chapter 1184: Come By Order

"Whether the master accepts me or not, in my heart, you are my master!"

In Yun Ning's eyes, fiery worship was burning.

Can Tian was speechless – is this still the cold Yun Ning? No one else should accept you as an apprentice, and you still have to join in with your shameless face... Can you stop being so cheap? Can you make a face?

“If Master Yun knew that Yun Ning was acting so cheap now, I’m afraid he would die of anger!” Can Tian thought to himself.

“Can Tian!” At this moment, Yun Ning turned to Can Tian, his eyes were full of icy coldness, and Can Tian felt a little chilled, “You were so disrespectful to my master just now!”

When Yun Ning rushed over, he also saw some conflicts between Xu Ming and Cantian; that’s why he was so angry.

“Brother Yunning...” Can Tianlian wanted to say something.

“Shut up!” Yun Ning shouted coldly, “Can Tian, I tell you! From now on, you are my Yun Ning’s mortal enemy!”

“What!?” Can Tian was immediately stunned – he never thought that Yun Ning would declare him as a mortal enemy without saying a word!

The mortal enemy is not just casually talking about it! It means that if Yun Ning has the chance, he will definitely kill him!

“Brother Yunning, what about such a little thing?”

At this moment-

boom!

A tyrannical momentum, angered, it is the cloud master!

Can Tian was startled, and couldn’t help but look terrified: “Why is Lord Yun here? Could it be that he is also here for Xu Ming...”

boom!

Master Yun approached aggressively, and as soon as he came up, he clasped his fists at Xu Ming:
“Brother Xu Mingxian!”

Xu Ming... virtuous brother?

These four words sounded like a thunderbolt to Cantian! – Master Yun, actually called Xu Ming a
“virtuous brother”?

“Brother Yun!”

This title of Xu Ming made Cantian more certain – Xu Ming and Master Yun are really brothers!

“Hey—” Thinking of this, Can Tian couldn’t help taking a deep breath!

Who is the cloud master? -Under the saint, the strength of the master of the cloud can definitely be ranked in the top ten of God’s Domain! Even Zu Yi quasi-sage, I am afraid that it is slightly inferior to Yun Zhuge!

And now, it is such a super-existence in the top ten of the God’s Domain who actually calls Xu Ming a brother!

At this time, Can Tian was so shocked that he doubted his life!

Just when Cantian doubts life...

Snapped!

Master Yun slapped him directly, sending Cantian flying.

“Master Yun, you...” Can Tian fell to the ground in a daze, looking at Master Yun in disbelief – in the city lord’s mansion, it is absolutely forbidden to do anything! But the so-called “absolute

prohibition” also depends on who is shooting; at the level of cloud domination, it is not a problem to teach Cantian a lesson!

It’s just that when you reach the level of cloud domination, you will generally hold your own identity and will not arbitrarily shoot at juniors! Therefore, this is what shocked Can Tian – Master Yun, for Xu Ming’s sake, even disregarded his identity and shot himself! What does this mean?

“Uh...” Xu Ming glanced at Zhuge Yun in surprise—obviously, he didn’t expect that Zhuge Yun would also have the habit of slapping his hands.

“Go away!” Master Yun glanced at Cantian and snorted coldly, “If you have any opinions, let Zu Yi come to talk to me!”

have opinions?

Can Tian wants to have an opinion! Can ask him is – does he dare to have an opinion?

“Don’t dare! Don’t dare!” Can Tian covered his red and swollen face and ran away.

After running away, Can Tian really wanted to slap himself a few times—it was all because of his cheap mouth!

Just because he mocked Xu Ming a few words, Xu Ming would kill him in the “fate test”, so Yun Ning listed him as a mortal enemy, so the master of Yun would personally teach him regardless of his identity...

“The price of being cheap is really too big!” Can Tian wanted to cry without tears.

...

At this time, Xu Ming was already talking and laughing, and followed Yun Zhuge into the residence.

“Brother Xu Mingxian, thank you for teaching Ning’er’s marksmanship!” Master Yun thanked him.

“It’s just an emperor-level marksmanship, it’s nothing to talk about!” Xu Ming said this not because of his modesty; it was an emperor-level marksmanship, which was really nothing to Master Yun.

With the strength and status dominated by Yun, even if it is a master-level marksmanship, or even a holy-level marksmanship, it is probably not difficult to obtain!

“Brother Xu Mingxian is too modest!” Master Yun said with a smile, “It’s really not difficult for me to find an emperor-level marksmanship! But you don’t know, finding an emperor-level marksmanship that Ning’er is willing to practice is really difficult. It’s not easy!”

Yun Ninglian defended: “Those marksmanship are not suitable for my practice! Only Master’s marksmanship is the most suitable for me!”

“Brother Xu Mingxian!” Master Yun said again, “I have already told the City Lord of the Holy Emperor about the matter of recruiting relatives; if he is willing to give me some face, then he should be more or less partial to you!”

“Huh?” Xu Ming was stunned—to Master Yun, this might just be a matter of saying a word; but to Xu Ming, it was undoubtedly a huge favor!

Xu Ming sternly said, “Thank you, Master Yun! I, Xu Ming, remember this friendship!”

“No problem!” Master Yun waved his hand and said, “I am naturally very relieved about the strength and talent of Xu Mingxian’s younger brother. When recruiting relatives, he will definitely crush the heroes! But I heard that Xu Mingxian’s younger brother was born in the dusty world and was in the first place. In the three-stage ‘background assessment’, you may be at a disadvantage... If brother Xu Mingxian doesn’t dislike it, I would like to appear as your brother during the ‘background assessment’ to make you stronger!”

“What!?” Xu Ming looked at Zhuge Yun in shock.

The reason for the shock is entirely because the cloud master is too enthusiastic!

Yes!

So enthusiastic!

It even made Xu Ming feel a little too enthusiastic! – He just taught Yun Ning a little bit of marksmanship, but he didn't give much thought to pointing Yun Ning; even if there is favor for Yun Ning, the favor is very limited!

Master Yun, is it necessary to be so enthusiastic about Xu Ming because of such a little favor?

“Brother Yun, with all due respect...” Xu Ming thought about it and said.

Master Yun interrupted with a smile: “I know what brother Xu Mingxian wants to say!”

At this time, Yun dominates the gods mysteriously, controls the order of heaven, and forms an enchantment around them.

After setting up the barrier, Master Yun sent a voice transmission to Xu Ming, obviously not wanting Yun Ning to hear it.

“Brother Xu Mingxian, you don't have to be surprised! The reason why I am so enthusiastic is that one is to thank you for your teaching to Ning'er; the other is that...” Master Yun said mysteriously, “I am here on order!”

Ordered to come?

Xu Ming was startled! – Cloud Master, but the existence of the top ten in God's Domain! Who else can command him?

Could it be some saint?

“Excuse me...” Xu Ming wanted to make it clear.

“Brother Xu Mingxian Please don't ask more!” Master Yun said again, “If you guess who it is, please keep it in your heart and don't say it; once you say it, there will be disasters. If you can't guess, then don't guess! When you should know, you will know; now you know more, it's not good for you!”

“Okay!” Xu Ming was also free and easy, so he didn’t say any more.

However, in Xu Ming’s heart, he had roughly guessed who the Lord Yun was ordered by.

“So, brother Xu Mingxian, when you go to the ‘background assessment’ section, you don’t have to be polite, just mention my name! In this way, in terms of background, at least you won’t lose to the Yehenala clan and the Li family!” Cloud dominates the road.

Xu Ming thought for a while and said, “Thank you Brother Yun for your kindness! However, I think that even if I don’t use Brother Yun’s name, I will not lose in the ‘background assessment’!”

“Oh?” Master Yun glanced at Xu Ming in surprise, thinking – Could it be that Xu Ming has any other secrets he doesn’t know?

“Then... Okay!” Master Yun didn’t say much, “However, if Brother Xu Mingxian needs to use my name at that time, just use it casually!”

Chapter 1185: Wanjie Island

After chatting with Master Yun again, Xu Ming got up and left.

Soon after returning to the residence, Panggang came to visit.

“Brother Xu Ming!” Pan Gang said straight to the point, “I want to negotiate a deal with you!”

“Deal?” Xu Ming was a little surprised, but still said, “Please tell me!”

Pan Gang said: “Brother Xu Ming, as you know, with my strength, I am afraid that I will be eliminated directly in the first stage of recruiting a relative! There is no chance at all to enter the second stage!”

Xu Ming nodded noncommittally—Pangang was not even a **** emperor, so there was almost no hope, and he entered the second stage of recruiting relatives.

But what does this have to do with transactions?

Pan Gang said again: “There is no chance to enter the second link, so the karma stone I obtained in the assessment is useless at all!”

Xu Ming understood a little—Pangang wanted to take the karma stone and make a deal with himself!

only...

With the strength of Pangang, how many karma stones can be obtained? To put it horribly, the time it took to make a deal with Pangang was enough for Xu Ming to find more karma!

Pangang seemed to have guessed Xu Ming’s thoughts, and quickly said, “It’s not my karma stone! – I have attracted hundreds of king-level geniuses, and we will help you find the karma stone together!”

Hundreds?

This number is quite impressive!

Even Xu Ming’s heart moved slightly, and he thought to himself, “My speed in finding the karma stone is definitely the fastest among all geniuses! However, like Li Xiujie, there will definitely be many other geniuses who will help to find it together! – Recruiting relatives Nothing should be lost! Just in case, let Pangang and the others help me find it, and have an extra insurance!”

Thinking of this, Xu Ming said, “What do you want?”

Pan Gang said: “The original intention of our participation in recruiting relatives is to worship the master of the realm as a teacher; if we can be accepted as direct disciples, it will be even better! However, there are too many geniuses participating in recruiting relatives; our strength It is not outstanding, and it is difficult to be favored by the master of the realm...”

Geniuses of this level like Pangang, tens of thousands of them will appear in every era of the entire Divine Realm! And the master of the realm, the God’s Domain has accumulated over countless eras,

and there are only so many! Therefore – it is undoubtedly extremely difficult to be accepted as a disciple by the master of the realm!

Xu Ming understood: “Do you want to... let me help and recommend you to the masters of the Dominion Realm as disciples?”

“Exactly!” Pan Gang continued.

“But...” Xu Ming looked embarrassed, “I don’t know many masters of the master realm, and... they won’t necessarily give me face!”

“Brother Xu Ming!” Pan Gang said, “As long as you agree, you can help us recommend it! As for whether it succeeds or not, we will not blame you!”

Pangang and other king-level geniuses actually just want a chance!

And like Pangang, it is not difficult to worship a master of the realm as a teacher! However, of course he hopes that he can be accepted as a direct disciple! – However, he has no confidence to be accepted as a direct disciple, so he hopes for Xu Ming’s recommendation; in that case, at least the hope of becoming a direct disciple will be greater!

Xu Ming thought for a while and said, “Okay! I will try my best to help you recommend it! It’s just up to you whether you succeed or not!”

“Thank you, Brother Xu Ming!”

Pangang got this answer and reached a deal with Xu Ming satisfied.

In fact, whether it is Xu Ming or the hundreds of king-level geniuses represented by Pangang, they are all doing “business without capital”! -Xu Ming only needs to move his lips; and Pangang and other geniuses only need to give Xu Ming the karma that he doesn’t need, and that’s it!

Both parties get what they want and are happy.

...

Three days are fleeting.

When it comes to the first part of the “Fate Assessment”.

One genius, one master, all reappeared in the palace of the recruiting examination. But this time, many masters brought their relatives to watch; for example, Master Yun brought Yun Ning by his side.

“Master! Come on!” Yun Ning gave Xu Ming a “come on” look from a distance.

Yin Ran didn’t show up, but watched the upcoming pro-admission assessment in his boudoir through the water curtain image.

Ding-dong-ding-dong-

The melodious sound of the piano reverberated in the palace for the pro-admission assessment. The old man in black who played the piano was the famous “six-finger ruler” of the Divine Realm.

The six-finger master entered the Tao with the qin, and in the art of qin, he has long reached an unimaginable realm. Every note played, can shock the spirits of the great powers and geniuses present.

Of course, the six-finger ruler is also lonely! After all, Qu Gao and widow!

“Six-finger master’s piano skills are really getting more and more terrifying!” One after another, the masters of the realm, all savored the artistic conception and the power contained in the song.

“Yeah! I’m afraid even the existence that dominates the peak, it is difficult to resist the sound of the six-finger master!”

“Unfortunately, it is too difficult to enter the Dao with Qin! So far, the Six Fingers Master has not been able to find a suitable successor!”

...

Accompanied by the sound of the piano, the city lord of the Holy Emperor stood up; in his hand, he also held an inconspicuous stone, which is the master-level treasure – Wanjie Island!

call out!

The City Lord of the Holy Emperor directly threw the “Myriad Realms Island” and suspended it in the air of the palace.

Myriad Realms Island has grown rapidly, becoming a thousand miles large – but in fact, this is only the size of Myriad Realms Island; the actual size of the island is actually much larger!

The Lord of the Holy Emperor said with a smile: “Wanjie Island is a treasure refined by the master of the Space-Time Temple, and it is fortunate to have it in my hands. In Wanjie Island, inside every cave, there is a small world hidden; a small world. Between them, they are connected to each other is intricately complicated!—And the karma stones are scattered and hidden in the interior of the small worlds by the master of the space-time hall, the master of the virtual world, the slaughter **** quasi-sage, and the master of all things! ”

After the Holy Emperor City Lord briefly said a few words, Bai Lao came to announce the detailed rules of the “Fate Assessment”.

“During the fate assessment, I can’t help but fight, regardless of life or death!” Bai Lao said indifferently.

This rule, the geniuses present have long known.

However, although the rules say that it is “life or death”, generally speaking, very few people will kill themselves in this kind of assessment! After all... this is a recruiting meeting! If anyone really starts killing people, it will inevitably arouse the dissatisfaction of the masters watching the battle!

Bai Lao continued: “After you enter Wanjie Island, you will randomly appear in the main world of Wanjie Island. You need to pass through caves, enter small worlds, and look for karma stones; the more karma stones, the better your grades! – And If you want to leave Wanjie Island, you can only leave from the main world! However, after you leave, you can no longer enter Wanjie Island; it means that your results in the ‘fate assessment’ will be frozen!”

“I understand, let’s enter Wanjie Island!” Bai Lao announced, “The fate assessment, now officially begins!”

Chapter 1186: Can I Get A Discount?

boom!

boom!

...

As soon as Bai Lao’s words fell, each genius moved like a rabbit, rushing to Wanjie Island.

Zheng! Zheng! Zheng! Zheng! ...

The sound of the six-finger ruler also changed abruptly, becoming the majestic sound of the battlefield.

call out! call out! ...

A genius streaked across the void.

The ones rushing to the front are naturally Xu Ming, Li Xiujie, Long Peng, Can Tian and the others—they are the strongest, and they are sitting in the front row, so they can’t even think about it!

“The recruiting has finally officially started! Yin Ran, wait for me!” The perseverance in Xu Ming’s eyes was touching; even through the water curtain image, it was conveyed to the heart of Yin Ran who was watching the battle at the other end.

Yin Ran’s attention always fell on Xu Ming. In her heart, she kept praying: “Come on!”

call out-

Li Xiujie flew not far from Xu Ming. His eyes were full of gloomy colors, and his eyes were like swords, stabbing at Xu Ming.

“Xu Ming!” Li Xiujie suddenly transmitted a voice and sneered, “Yin Ran must be paying attention to this place, right?”

“Humph!” Xu Ming hummed noncommittally.

Li Xiujie’s face was hideous, and he continued his voice transmission: “You’d better look forward to not meeting me on Wanjie Island; otherwise, I will definitely kill you with one sword and one sword in front of Yin Ran!”

Xu Ming only said four words indifferently: “Why do you believe in yourself?”

...

One after another, the masters and masters also discussed the sound transmission:

“In this fate assessment, who do you like the most?” Yanhua Master said with a smile.

“It is said to be a fate assessment, but in fact it is mainly to assess strength and power! The stronger the strength, the easier it is to find the karma stone! And the stronger the strength, I am afraid that there will be other geniuses who can help find the karma stone together!”

“In terms of strength... Judging from the strength that has been shown, the strongest is naturally Xu Ming; after all, he has a record of defeating Li Xiujie in one shot!” Another talkative master said with a smile, “But... this In a few years, Li Xiujie has obtained the second inheritance in the family; although he has never made a shot, his strength is likely to be stronger than Xu Ming!”

“I also think that Li Xiujie’s current strength is probably higher than Xu Ming! After all, the mysterious inheritance of the Li family is too powerful; every time he successfully accepts the inheritance, his strength will soar!”

“Li Xiujie’s strength, even if not stronger than Xu Ming, is definitely not weaker than Xu Ming!”

Each ruler is very optimistic about Li Xiujie who has obtained the “second inheritance”.

It's just... how do they know that in the past ten years, even if Xu Ming has not acquired any inheritance, his strength has grown by leaps and bounds!

Li Xiujie has really transformed! – But if Xu Ming is willing to use the “life and death style” at any cost to defeat him in seconds, it will still only take one shot!

“In this fate assessment, there will be a hundred talents standing out! If there is no accident, Li Xiujie, Xu Ming, Cantian, Long Peng and other talents will definitely occupy a seat! However, to say who will be the best performer, That is undoubtedly Li Xiujie!” The rulers continued to discuss.

“right!”

“That's right!”

The other masters also agreed.

“Li Xiujie is the most powerful! And in terms of power, I'm afraid he is also the strongest; only Can Tian can compete with Li Xiujie in power! – The strongest and most powerful! The one with the best results will naturally be Li Xiujie!”

...

call out! call out! —

Soon, Xu Ming and Li Xiujie arrived near Wanjie Island.

Around Wanjie Island, the space is completely distorted. When Xu Ming and others flew close, their stature shrank sharply; in the blink of an eye, they became even smaller than ants.

“Huh? What a mysterious use of spatial order!” Xu Ming sighed secretly.

With his stature shrinking sharply, Xu Ming naturally felt that the distance between himself and other geniuses such as Li Xiujie and Can Tian was rapidly widening! —Actually, the distance has not been widened, it is still that much; however, the space has been completely distorted, so Xu Ming felt that the distance was widened.

Suddenly, Xu Ming, who had shrunk to an extremely small size, felt like he had touched a layer of enchantment; his body disappeared directly from the original place and was teleported to Myriad Realms Island.

When the other geniuses flew to this layer of enchantment, they were also randomly teleported to somewhere on Wanjie Island.

“Six-finger master!” The Holy Emperor City Lord shouted, “Please touch some exciting songs, so that the geniuses in Wanjie Island will be full of fighting spirit!”

“Yes! City Lord!” Six fingers dominated the sound of the piano, and turned to a “inspirational” tune, which was very suitable for the occasion.

...

In Myriad Realms Island.

Xu Ming looked at the boundless desolate land around him, and couldn’t help but sigh, “This Myriad Realm Island is really big!”

You must know that there are tens of thousands of caves on Wanjie Island, leading to tens of thousands of small worlds; however, Xu Ming’s powerful consciousness covered it, but he could not find a cave.

Moreover, Xu Ming opened the “exploration” hook to investigate, and found that the nearest caves were billions of miles away from him (converted to the distance in this space)!

The nearest caves are billions of miles away; and there are tens of thousands of caves on the entire Wanjie Island—doesn’t that mean that the entire Wanjie Island is likely to be hundreds of millions of miles in size?

“The Myriad Realms Island, which is hundreds of millions of miles in size, can be refined into a treasure...” Xu Ming was shocked, “The master of the Space-Time Palace in the space one and the refining one is simply incredible!”

Such means, at least Xu Ming is far from being able to do it!

At this time, the excited and inspirational sound of the piano entered Xu Ming's ears.

"The six-finger master's piano skills are also unbelievable!" Xu Ming secretly said, "With just one touch, the sound of the piano spreads across the entire Wanjie Island for hundreds of millions of miles; even the tens of thousands of small worlds on the Wanjie Island. I am afraid that the sound of the six-finger ruler has spread all over the place!"

"And..." Xu Ming continued to sigh with emotion, "The most surprising thing is that such a simple note can mobilize the emotions of my whole body; it seems that even my fighting spirit is completely ignited!"

Xu Ming just wanted to say: The means to dominate the realm of power is really unimaginable!

Suddenly, a sinister and charming smile appeared on Xu Ming's face: "Li Xiujie, it should have come to Wanjie Island..."

Yin Ran has been watching Xu Ming's every move through the water curtain image; the evil and charming smile on Xu Ming's face was naturally captured by her keenly.

"Could it be..." Yin Ran had a premonition in his heart, "Someone is going to have bad luck?"

I have to say, couples are in love! Yin Ran's hunch was very correct!

Xu Ming's ancient cultivator avatar did not behave in any abnormal way; however, the Qi Luck avatar in the world ring raised his slap with a cheap smile.

"Little hang!" Qi Yunliu's clone shouted, "If I use the 'forced face slap' hang many times in a row, can I get a discount?"

...

At this time, Li Xiujie was sitting cross-legged on the desolate land of Wanjie Island, preparing to use the secret technique of exploring the space.

Chapter 1187: Nightmare Again

At this time, Li Xiujie was sitting cross-legged on the desolate land of Wanjie Island, preparing to use the secret technique of exploring the space.

hum—

Around him, a huge phantom shadow appeared.

The phantom fiddled with time and space, and space lines appeared around Li Xiujie, spreading to infinity.

“Huh? Exploring time and space?” The masters who watched were shocked. “What Li Xiujie cultivates is ‘breaking the law with force’, not ‘time and space’; he can actually use the means of exploring time and space?”

“Could it be that... Li Xiujie has cultivated to the realm of ‘Ten thousand things return to chaos, and chaos gives birth to ten thousand things’?”

“Impossible! Judging from Li Xiujie’s breath, it’s obvious that he hasn’t touched the ‘Chaos Supreme Dao’ yet, he is only half-step master, and he hasn’t really stepped into the realm of master!”

The only way to break through from a ***** emperor to become a master is to touch a trace of “chaos to the Tao”.

No matter which school of cultivation it is, it is the same.

All Taoism, if practiced to a certain level, can be classified as chaos. In turn, chaos can also derive all Taoism!

For example, practitioners of the Heavenly Dao School, no matter whether they are cultivating the nine Heavenly Daos of “Gold, Wood, Water, Fire, Earth, Wind, Thunder, Yin and Yang” or the four major orders of “Time and Space, Cause and Effect, Reincarnation, and Destiny”; The Dao of

Heaven and the Four Great Orders, to touch a trace of “Chaos to Dao” and achieve the Domination Realm!

Once you achieve the Dominion Realm, then you can push back the Nine Heavens and the Four Orders by comprehending a trace of Chaos to Dao! – Even if you don’t know anything about the order of time and space, cause and effect, etc., you can reverse some of them and use some secret skills in this area.

Another example is the cultivator of the ancient cultivator school, the main cultivation is not the order of heaven, but the divine body. When cultivating to the realm of domination, the divine body will transform into a “chaotic divine body”; when one cultivates to the realm of a saint, the chaotic divine body will even more transform into a “chaotic divine body”!

Once cultivated into the Chaos Divine Body, you will also touch the Chaos Supreme Dao; you can also reverse the nine Heavenly Dao and the Four Great Orders through the Chaos Supreme Dao.

In the same way, the Qi Luck School, the Faith School, and the Mind Power School, when they cultivate to the realm of domination, will also touch the Chaos to Dao; it’s just that their cultivation paths are different.

Chaos is the Dao, the evolution of all things in the world, and all the order of heaven!

No matter what kind of cultivation school it is, it will eventually “return through different paths” and return to the path of chaos.

Therefore, one after another, the great masters of the Dominion Realm, seeing that Li Xiujie’s practice is obviously “breaking the law with force”, but using the means of exploring time and space; they will be shocked to think that Li Xiujie has proven the Domination Realm!

However, after a closer look, I found that Li Xiujie didn’t have a trace of “chaos to the Tao” at all.

“Li Xiujie should not be in the real Dominion Realm yet, but he is very close to truly breaking through to become the Domination Realm! Otherwise, he would not be able to use the means of exploring time and space!”

“It’s a pity... If Li Xiujie really broke through to the realm of domination, who else would be able to fight against him?”

“It’s not a pity! Even if Li Xiujie isn’t the real Dominator Realm, I’m afraid no one can fight against him! – Even Xu Ming should not be Li Xiujie’s opponent!”

“really!”

One after another, the great masters of the **** realm were very optimistic about Li Xiujie; now that Li Xiujie is only one step away from breaking through the **** realm, he is naturally more optimistic about him.

Yun Ning clenched his fists angrily: “Li Xiujie?—Humph! If he didn’t meet my master, he would be considered lucky; if he did, he would immediately see how **** he was!”

Cloud Master is very calm.

He sipped the wine leisurely and thought to himself, “Li Xiujie? Ha! How can you compare with Xu Ming, who was chosen by the saint?”

However, Master Yun would not argue with other masters; because he knew that Xu Ming would use his strength sooner or later to give all masters who were not optimistic about him a resounding slap.

...

hum—

The “space line” around Li Xiujie’s body became clearer and clearer; following the direction of the space line, he could slowly feel the direction of the caves that hide the small world, and how far away they were from him.

Seeing Li Xiujie’s display of this method, all the masters of the master realm praised them one after another: “When many other geniuses are like headless flies, they are looking for the location of the cave; Li Xiujie has already used the means of space exploration to determine the location of the cave. The cave closest to him!—This is the gap!”

However, these masters of the realm didn't notice, Xu Ming didn't even frown, he flew straight towards the cave closest to him.

“Soon! The nearest cave, the most accurate location, will be determined soon!” Li Xiujie thought to himself while manipulating the secret space exploration technique.

Myriad Realms Island is hundreds of millions of miles wide.

Li Xiujie had to determine the position extremely accurately to be able to find the cave; because as long as the position was slightly off, when he flew billions of miles away, this “a little bit” would magnify into a very exaggerated distance! Therefore, space exploration must be extremely accurate; otherwise, there is not much difference between exploration and non-exploration!

But now, Li Xiujie can immediately determine the “extremely accurate” position.

However, at this moment...

Snapped!

There was no sign and no cause and effect, but the slap that Li Xiujie felt very familiar with appeared again!

A blood-red palm print appeared on Li Xiujie's face.

Blood red blood red!

Extraordinarily eye-catching!

Moreover, you must know—because Li Xiujie has unbelievably displayed space exploration methods, so now, the attention of the audience is almost all on Li Xiujie!

Some girls from the Divine Realm who followed their elders and came out to see the world were originally attracted by Li Xiujie's arrogant temperament and handsome face, and were fantasizing about whether there was a chance to become Li Xiujie's concubine... However, this sudden slap was cruel and cruel. Break the beautiful fantasy of these ignorant girls!

His handsome face, printed with blood-red palm prints, looked particularly hideous.

“What!?” Li Xiujie, who was concentrating on his secret space exploration skills, was pounding in his heart, and he could no longer maintain absolute peace of mind!

boom! boom! ...

The state of mind was chaotic, and the surrounding space lines became chaotic.

“It’s this slap again!”

“It’s this mysterious slap that came out of nowhere!”

Li Xiujie’s expression instantly became hideous and twisted.

This mysterious slap has appeared on Li Xiujie’s face several times; every time, Li Xiujie’s face has been disgraced! Moreover, it is still impossible to find, where did this slap come from!

To Li Xiujie, this mysterious slap was a nightmare!

And now, the nightmare comes again!

Moreover, in the extremely important “recruitment assessment”, in front of countless top powers of the God Realm, such as the City Master of the Holy Emperor, the Master of the Space-Time Palace, and the Master of the Cloud, the nightmare will come again!

Chapter 1188: High Mountains And Flowing Water Meet Bosom Friend

“who is it!?”

Li Xiujie roared up to the sky.

Snapped!

The answer to him was a crisp and loud slap.

“I...” Li Xiujie was going crazy!

This ***** slap! – You said it’s okay to come here normally! However, it happened to appear at the critical time of the recruitment assessment, and it was too bullying!

“Too deceiving!”

Snapped!

“Who is it!? Who is it!?”

Snapped! Snapped! Snapped! Snapped! ...

“Uh...” The masters who watched the battle were all stunned, “What’s the situation!?”

“Why are there so many slaps on Li Xiujie’s face?”

“Yes! It’s so strange!”

“Could it be... who is smoking Li Xiujie?”

“Isn’t this nonsense? No one is beating Li Xiujie. Could it be that Li Xiujie was beating himself?”

“But... in Myriad Realms Island, there are many formations; who can punch Li Xiujie in the face through the formations?”

clap clap clap...

The applause continued.

Li Xiujie was full of anger, but he had nowhere to vent. He couldn't even shout loudly—as long as he shouted up to the sky, he didn't know how many slaps fell on his face before he finished speaking.

The masters watching the battle were both shocked and puzzled—because, with their eyesight, they couldn't even detect where the slap on Li Xiujie's face came from.

“Damn it!” Li Xiujie was about to collapse – he was in the process of recruiting relatives, and the slaps kept coming. How could he take part in the recruiting exam so well?

Moreover, Li Xiujie can be sure that many of the powerful people watching outside must be laughing at him!

“hateful!”

“Damn it!!”

Li Xiujie is furious!

But... no matter how angry you are, it's useless! Brother Ming just wants to draw you, just so that you can't participate in the marriage recruitment properly!

clap clap clap...

The face of the Holy Emperor City Lord is a bit ugly – he was very optimistic about Li Xiujie! Even, in the bottom of my heart, Li Xiujie is actually the first choice! However, the recruitment has only just begun, and Li Xiujie has been drawn like this; can the Lord of the Holy Emperor continue to be optimistic about Li Xiujie?

The one with the most ugly face is undoubtedly the head of the Li family!

In fact, the “symptom” of Li Xiujie's inexplicable slaps for no reason has been known to the Li family for a long time; however, the Li family has tried his best to find out the origin of these slaps.

Now, in such an important marriage, this “symptom” has reappeared; how can this make the face of Li Family Master look good?

“Old Bai!” Li Family Master couldn’t help begging, “I also ask you to take action and find out the origin of these slaps...”

Bai Lao thought about it and said, “Actually last time, I helped Xiujie to investigate; but at that time, Xiujie’s slap had already been slapped, and I couldn’t detect it!”

“Old Bai, Xiujie is still being slapped; with your achievements in the cause and effect, you will be able to find out!” Li Family Master continued.

Looking at the field of vision, under the sage, no one can stand shoulder to shoulder with Bai Lao in terms of cause and effect!

Therefore, in the opinion of the Li family, as long as Bai Lao takes a shot, he will definitely be able to find out the origin of the slap! Unless... Li Xiujie’s slap came from a saint!

But... the saint shot and slapped Li Xiujie?

Ha ha! To be honest – Li Xiujie’s face is not qualified to be drawn by a saint! If the sage was really upset with Li Xiujie, he would kill him with a single thought. There would be no trouble at all!

“I’ll try it!” Elder Bai didn’t dare to say too much. He held his breath and stared, running a secret technique, and then slapped Li Xiujie’s face and probed the past.

hum...

Layers of causal fluctuations wrapped around Li Xiujie in silence. Every slap that appeared out of thin air was in the investigation of Old Bai.

“Who is it?” Bai Lao was also very curious, the power of cause and effect entangled these sudden slaps, and wanted to use the fluctuation of cause and effect to follow the path.

“Um?”

However, in the next instant, Bai Lao was stunned!

“These slaps that appear out of thin air actually... have no causal lines?” Old Bai’s eyes were full of disbelief.

According to Bai Lao’s understanding of cause and effect, everything between heaven and earth should have “cause and effect”!

For example, why is Li Xiujie being slapped now? – Someone slapped Li Xiujie, it was “cause”; Li Xiujie was slapped, it was “effect”! And between “cause” and “effect”, there must be a “causal line” to maintain!

But now, Bai Lao found that these slaps have no causal link!

This is completely beyond Bai Lao’s understanding!

“Could it be... the means of a saint?” Bai Lao couldn’t help thinking.

What kind of means the saint has, it is difficult for Bai Lao to speculate! After all, sages have always seen the head of the dragon without seeing the end; even a quasi-sage level existence, it is difficult to see a sage!

After quietly investigating for a while, Bai Lao had to put away his secret skills, shook his head and said, “Patriarch Li, I can’t find out either!”

“What!?” Patriarch Li couldn’t believe it, “Old Bai, why can’t you find out?”

In the opinion of Li Family Master, Bai Lao should not be able to detect it!

Bai Lao said again: “These slaps that appear out of thin air have no cause and effect line at all, and there is no trace at all!”

“How is that possible!?” Li Family Master was extremely horrified.

“Hi—” The other masters of the realm were also shocked when they heard the words! – They all guessed that Li Xiujie had offended a certain super existence that could not be offended!

Thinking of this, many masters subconsciously distanced themselves from the Li family. Although I don’t know what kind of existence Li Xiujie offended, it is always right to keep a little distance from the Li family!

Even the City Lord of the Holy Emperor began to seriously consider whether he should directly remove Li Xiujie from the list of candidates! After all, looking at Li Xiujie’s appearance, it is obvious that he has offended a certain super existence; and the most terrifying thing is that until now, neither Li Xiujie nor the Li family owner know who they have offended!

The powerful enemies hidden in the dark are the most terrifying!

...

The sound of the piano dominated by Six Fingers is still exciting.

And Xu Ming, while listening to the fiery sound of the piano, opened the “Forced Slap in the Face” and slapped his hands. Gradually, the slaps on Li Xiujie’s face also synchronized with the rhythm of the piano sound!

Xu Ming pumped more and more vigorously!

Snapped! clap clap clap! clap clap! ...

Slap sounds very rhythmic!

“Huh?” The powers present, the one with the sharpest sense of rhythm, is undoubtedly the Six Fingers Master.

Slapped and clapped, the six-finger master was slightly surprised, “What a precise sense of rhythm!”

As the saying goes: high and low.

In the realm where six fingers dominate today, the rhythm changes endlessly between songs! It is extremely difficult to keep up with his sense of rhythm; it is even more difficult to follow the rhythm with great precision!

But now, the Six-Finger Master was horrified to discover that the slap on Li Xiujie's face had just caught up with his sense of rhythm!

This makes Qu Gao and widow's six-fingered master, quite a kind of "mountain and flowing water meets bosom friend" feeling!

Thinking of this, the six-finger master couldn't help but feel a little excited, and the strings in his hand were stroked faster and more ever-changing! It seems that he wants to see if this "confidant" can continue to keep up with his sense of rhythm.

Chapter 1189: Who Is Playing A Piece Of Dongfengpo With The Pipa

The six fingers dominate the hands, and countless notes flow from the fingers.

The passionate and mighty movement is like galloping horses, like the sky is falling apart. When the geniuses who participated in the recruitment examination heard it, they all became more and more excited.

but...

But Li Xiujie suffered!

The movement dominated by the six fingers is more ever-changing and ever-changing, and the rhythm of Xu Ming's face-slap is of course not to be outdone!

Snapped! clap clap clap! clap clap!

Snapped! clap clap clap! clap clap!

The rhythm of the slap perfectly followed every note dominated by Six Fingers.

The melody and rhythm complement each other, making it a “match made in heaven”!

“What an accurate rhythm!”

The Six-Finger Master completely felt the rhythm of the rhythm contained in the slap.

It’s just a slap of “papapapa”, but it sounds like a song, which is completely in line with the mood in the tune.

“Wonderful! Wonderful! Wonderful!”

The Six-Finger Lord was completely intoxicated by the slap, he just wanted to say – this is a slap with a story!

nonsense!

Of course there is a story!

Brother Ming’s slap, he has drawn so many geniuses and so many great powers, can there be no story?

After playing another song, the six-finger master seems to want to continue to test the rhythm of the slap; after a little thought, he decided to come up with his own housekeeping stunt “Billions of Gods and Demons”!

When I saw the six-fingered ruler with a single touch, there was an endless majestic momentum, crushing the audience.

rumbling...

Brilliantly arrogant!

It was as if hundreds of millions of gods and demons were going on an expedition, and the majestic and passionate atmosphere infected every genius and power.

A string of notes flowed out, like the roar of billions of gods and demons. The rhythm contained in it is ups and downs, and it is so complicated that it is unbelievable.

“Let’s see if you can keep up with it this time!” The Six Fingers Master thought with some anticipation—his qin skills were already high and low, and the heights were too cold! Now, after finally “meeting bosom friend in high mountains and flowing water”, Six Fingers Lord is of course excited!

“Huh?” Xu Ming couldn’t help but startled slightly, “Why did the soundtrack suddenly become so exciting?”

The soundtrack dominated by Six Fingers is mainly to excite the geniuses participating in the marriage recruitment; in this way, the atmosphere of the marriage recruitment will be intense and beautiful!

Generally speaking, the soundtrack is gradual, gradually more and more exciting. But now, the marriage proposal has just begun, and the Six Fingers Master directly showed the most exciting soundtrack – which made Xu Ming a little strange.

How could Xu Ming have imagined that the Six-Finger Master heard his slaps and mistakenly thought that “high mountains and flowing waters meet bosom friends”, so when he played the piano, he became more and more excited.

But... Xu Ming doesn’t need to think so much! Anyway, no matter what kind of soundtrack he is, Brother Ming’s slap will definitely keep up with the rhythm!

clap clap clap! clap clap clap! clap clap! clap clap! ...

Li Xiujie’s face has long been drawn to shame.

Xu Ming used the “forced slap in the face” to slap his hand, and his hand became more and more skilled!

Boom... boom... boom...

A vast movement like the roar of billions of gods and demons!

clap clap clap! clap clap clap! ...

Perfect to keep up with every rhythm of the slap!

The more the Six-Finger Master plays, the more hearty he feels.

The more Xu Ming slapped his hand, the more hearty he felt.

As for poor Li Xiujie...

The six-finger master finally met a bosom friend once, and was in the mood, so how could he have time to care about how badly Li Xiujie was drawn! – Playing the piano first is the last word!

Until the “Hundreds of Millions of Gods and Demons” were all played, the Six-Fingers Master was still unfinished: “Since I created the “Billions of Gods and Demons”, no one has ever been able to keep up with my melody! It’s great to meet a bosom friend today. Comfort my life! Great comfort for my life...”

Unsure what to do?

Then play the “Billions of Gods and Demons” again!

rumbling...

Brilliantly arrogant!

clap clap clap! ...

The sense of rhythm of other masters is naturally far less sensitive than the six-finger master. Therefore, it was not until the six-fingered master started to play “Hundreds of Millions of Gods and Demons” for the second time that some masters noticed that something was wrong.

The first person who felt something was wrong was the City Lord of the Holy Emperor.

“Six-finger master!” The City Lord of the Holy Emperor thought for a while and said, “Look...is your piano sound a little too exciting?”

Li Patriarch even shouted: “Six-finger master! Stop! Stop! Stop! – Stop your piano sound!”

“Stop?” The six-finger master looked at the Li family.

The head of the Li family continued: “Have you noticed that the slap that Xiujie received is very consistent with your “Hundreds of Thousands of Gods and Demons”?”

Hearing the words, the Six-Finger Master couldn’t help but feel a little guilty; however, he still pretended not to know anything and said, “Really? I really didn’t pay attention!”

Li Family Master said again: “Six-finger master, stop the piano! Maybe, the slap on Xiujie’s face will stop!”

“Huh!?” The Lord of Six Fingers couldn’t help his face sinking and shouted, “Patriarch Li, what do you mean? Could it be that you think that Ling Lang’s slap has something to do with me?”

“No no no! There is absolutely no such intention!” Li Family Master continued.

“Hum! Then I’ll see, if I stop the sound of the piano, will the slap stop!” The six-finger master looked angry on the surface, but in fact he felt a lot of regret in his heart. Find it! This mysterious fellow slapped, I really don’t know when will I be able to play with you again?

Zheng!

The sound of the piano dominated by Six Fingers came to an abrupt end.

“Uh...” Xu Ming slapped his hand, and couldn’t help but pause, “Where’s the soundtrack? I’m so happy! Why is the soundtrack gone?”

Without “Billions of Gods and Demons” as the soundtrack, Xu Ming continued to pump like this, and it felt much less.

“Forget it, let’s stop pumping like this. Let’s start pumping at a lighter rhythm!” Xu Ming secretly said, “But... what kind of relaxed rhythm is better?”

Think about it.

“Then let’s start with the rhythm of “General’s Order”!”

Snapped! Snapped! clap clap clap! Snapped! Snapped! clap clap clap! ...

After selecting the song, Xu Ming happily started pumping.

“Huh—” The new rhythm made the Six-Finger Master feel refreshed, “This rhythm, although simple, sounds a bit exciting! It seems... the mysterious power that secretly slapped Li Xiujie, Sure enough, he is also quite accomplished in terms of rhythm!”

The six-finger master secretly sighed: “I really want to meet this person face-to-face and exchange rhythm! I don’t know, if there is a chance!”

At the same time, the six-finger master looked at Li Xiujie and said coldly, “Patriarch Li, my piano has stopped, but the slaps have not stopped!”

Patriarch Li was so anxious that he didn’t have the time to argue with the Six-Finger Lord. He clenched his fists, apologized, and continued to think of a way to find out the origin of these slaps. Li Xiujie’s normal recruiting cannot be done with a slap. ?

It’s just that there is no trace of the “forced face slap”; let alone Li Xiujie, even if the sage is in person, it is impossible to find out what the name is.

clap clap clap clap clap clap clap clap...

At this time, Xu Ming had already finished playing “General’s Order”, and instead played the rhythm of “Dongfeng Po”. While pumping, Xu Ming’s Qi Luck clone hidden in the world ring hummed a little tune proudly: “Who is playing a tune with the pipa...”

Chapter 1190: Important

Li Xiujie’s mood at the moment is undoubtedly broken!

What’s wrong with this Nima!

I’m here for a wedding! But... I’ve been slapped all the time since the official recruiting began!

There must be more than tens of thousands of rhythms for a song “Billions of Gods and Demons”! In addition to other songs, and Xu Ming’s rhythmic slaps... Anyway, since Li Xiujie officially started recruiting, there must be 100,000 slaps!

One hundred thousand slaps!

If it wasn’t for Li Xiujie’s thick skin, I’m afraid his entire face would be flattened!

The saddest thing is... the Lord of the Holy Emperor invites relatives, this is a grand event that the entire God Realm cares about! In other words, Li Xiujie was not only “slapped in face”, but also “lost face” and thrown into the entire Divine Realm!

Even, it is not just as simple as “losing face”!

Li Xiujie received so many slaps inexplicably. Anyone with a little bit of brains would think—Did Li Xiujie offend some incomparably terrifying superpower?

As a result, even those forces that were previously close to the Li family behaved a little “for fear of avoiding it” towards the Li family.

If the Li family can't get to the bottom of the "mysterious slap" thing, I am afraid that in the future, the Li family will be isolated by the entire God Realm! – After all, no one dares to easily be friends with the Li family, who secretly has a mysterious and powerful enemy!

Xu Ming's current slap was not just a blow to Li Xiujie's face, but also overturned the accumulation of countless billions of years of the entire Li family!

"Too deceiving!"

"Too deceiving!"

Li Xiujie was furious.

However, in response to him, only rhythmic and dynamic slaps!

clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap...

"General's Order", "Dongfeng Broken", "Jiangnan", "HOP", "Little Apple"...

One after another catchy tune, Xu Ming drew the rhythm on Li Xiujie's face.

Especially when the "Little Apple" was drawn, many masters of the realm who were paying attention to Li Xiujie couldn't help shaking with the rhythm!

Snapped! Snapped! Snapped! Snapped! Clap clap clap clap!

you! Yes! I! of! Little, little apple!

The six-finger master couldn't help but shuddered: "How can such a simple rhythm resonate so strongly with me? Incredible! Incredible!"

Before he knew it, the feet of the six-finger ruler were already shaking with the rhythm of "Little Apple".

At the same time, the six-finger master's heart was deeply shocked: "I have always liked to use complicated rhythms, but I forgot about the simplicity of the Dao... The simpler the rhythm, the more resonant it is!"

The six-finger master seems to have found the correct cultivation path for the rhythm! In the depths of his eyes, the color of enlightenment gradually emerged.

The melody of "Little Apple" playing on Li Xiujie's face directly gave the Six Fingers Master an epiphany!

...

Of course Li Xiujie didn't know that his face could actually help the Six Fingers to master the epiphany; at this time, he just wanted to suffer: "Is there any end?"

The answer is: it's not over!

Xu Ming has made up his mind – until the end of the recruitment!

Use the slap on Li Xiujie's face as the sound of firecrackers for marrying Yin Ran!

call out-

Xu Ming's figure quickly swept across Wanjie Island.

He has two avatars in the Holy Emperor City – the ancient cultivator avatar, who concentrates on the recruitment assessment; and the air luck avatar, which is dedicated to slapping Li Xiujie in the face!

Recruiting relatives, slapping the face, both are correct!

"what?"

Xu Ming's forward trajectory has also attracted the attention of some masters of the realm! They were surprised to find that Xu Ming was heading in the direction of the cave closest to him; and inside the cave was a small world where the karma stone was hidden!

"How did Xu Ming know the direction of the cave?"

"Is it a coincidence?"

"It shouldn't be a coincidence! You must know that this cave is billions of miles away from Xu Ming; if there is a slight deviation in the direction of Xu Ming's advance, it will be a thousand miles away! – And Xu Ming is obviously flying very fast. Confidence, he is definitely looking for this direction!"

"Could it be... Xu Ming also has some means of space exploration?"

"It's hard to say! This Xu Ming seems to have a lot of secrets about him, making it difficult for people to see through him!"

...

Master Yun was always very calm, and secretly said in his heart: "Xu Ming, ah Xu Ming! Your performance is really beyond my expectations! – Space exploration, I'm afraid it is a method in "Wan Xin Yin"? The Heart Seal has been applied to an extent that I can't even find it, it's unbelievable!"

At the same time, Master Yun couldn't help shaking his head, and sighed in his heart: "Saint Wudi, the successor you chose is indeed right! But... want to rely on him to save you from there? It's difficult!"

It's just... How could Zhuge Yun think that Xu Ming didn't use the "Wan Xin Yin" at all, but just opened the "exploration" link casually.

...

The City Lord of the Holy Emperor looked at Xu Ming and then at Li Xiujie with a rather complicated expression.

The Holy Emperor City Lord was most optimistic about Li Xiujie! But now... Li Xiujie has been slapped for nothing since he officially started recruiting relatives! – With such a performance, how could the Lord of the Holy Emperor choose Li Xiujie?

On the contrary, Xu Ming, who was not originally favored by the Holy Emperor City Lord, was dazzling at this moment.

“Could it be... I should think about Xu Ming?” The Holy Emperor City Lord couldn’t help thinking, but then he shook his head frequently, “Xu Ming was born in the dusty world, and his background is too humble, it is impossible to protect Xiaoran’s special physique! Once... the consequences are unimaginable!”

...

Just as the masters were discussing, Xu Ming was the first to come to the entrance of a cave.

“Entering the cave is a small world!”

Xu Ming prepared a little and flew directly into the cave.

...

At this time, Li Xiujie was still slapped endlessly.

At first, when Xu Ming slapped his face, “song selection” was more casual. Whenever he thinks of any song, he slaps any song on Li Xiujie’s face; even sometimes there will be a “freestyle”.

Later, Xu Ming, who really couldn’t decide what song to “pick”, simply chose the singer and brushed every singer’s song; when he came across some favorite songs, he would even come up with a “single” Song Cycle”.

In short, Li Xiujie’s face is a face full of music!

It’s a pity... it’s already been drawn out of shape!

However, as the saying goes—you get used to it!

In the beginning, Li Xiujie would yell at the sky for a few words to prove that he was still struggling; later, he didn't even bother to yell anymore – he was used to being beaten!

In Li Xiujie's eyes, there was a gleam of evil light: "I was beaten in the face and my reputation was discredited. It's all trivial things! But I can't make a big deal out of it..."

Li Xiujie came to recruit relatives because he had "big things" to do!

Thinking of this, Li Xiujie ignored the rhythmic slap on his face; he held his breath and stared again, sitting cross-legged, and using his secret space exploration skills.

Because being pumped has become a habit, this time, the continuous slaps can no longer affect Li Xiujie's secret skills.
