

A World 1191

Chapter 1191: Contract

hum—

Around Li Xiujie, a huge phantom of the divine body appeared again, looking solemn and solemn.

It's just that the non-stop slap on Li Xiujie's face destroyed this solemnity.

Snapped! Snapped! Snapped! Snapped! ...

Li Xiujie's eyes were serious and stern, completely ignoring the slap that was constantly slapped on his face.

The phantom fiddled with time and space, and space lines undulating like ripples reappeared around Li Xiujie, spreading to infinity.

Li Xiujie carried the endless slap, and calmly probed the time and space. The space lines are getting clearer and clearer!

“That's the direction!” Li Xiujie followed the space line and pinpointed a direction billions of miles away with great precision. There, Li Xiujie felt that the space was seriously distorted. In the depths of the twisted space, there is a hidden world.

“Walk!”

call out-

Li Xiujie turned into lightning and quickly shot in that direction.

...

Several masters who were attached to the Li family saw this and immediately seized the opportunity to flatter, and they all praised:

“General Li is so determined! Even if he is greatly disturbed, he can still calmly and calmly display the secret technique of exploring the space!”

“Such a determination, not to mention the younger generation in the God’s Domain; even the older generation, it is difficult to see! It is really a dragon and a phoenix among people!”

“After suffering and suffering, you will become a superior person! The perseverance of Li Shao’s ‘enduring humiliation and bearing the burden’ is far beyond that of the geniuses of the same generation who are smooth sailing! In the future, Li Shao’s achievements will definitely not be others. A genius can match!”

These flattering masters are not only flattering to the Li family master, but also giving good words to the Holy Emperor City Lord; it seems to imply that the Holy Emperor City Lord – choose a son-in-law, choose Li Xiujie!

“Shut up!” Li Family Master couldn’t listen anymore – what is this flattering? This is totally embarrassing!

Is it honorable to “endure humiliation”?

To be humiliated is a shame!

And now, Li Xiujie is being humiliated! And it’s a huge shame, a huge shame...

These masters who flirt with horses also take out “bearing humiliation” and flatter them; isn’t this flattery directly shot on the horse’s legs?

...

“Look! Xu Ming is the first to enter the small world!”

At this moment, a powerful exclaimed.

Myriad Realms Island, a vast expanse of billions of miles. It is not easy to find a “small cave” in such a vast world.

Xu Ming also relied on “exploration” to find the entrance to a small world at the earliest.

“Oh! What about the first one to enter the small world?” A disdainful voice sounded, “If you enter early, it doesn’t mean you can find many karma stones! Also...In Myriad Realms Island, there are tens of thousands of small worlds; Xu Ming entered It’s hard to say whether there is a karmic stone in this small world!”

“That’s right! Enter early, it’s useless! Whoever finds more karma stones is the real skill!”

“In my opinion, this Xu Ming and Yin Ran are just unrelated!”

Those who spoke badly about Xu Ming were naturally the masters of the Li family, the Yehenala clan and other forces. They deliberately smeared Xu Ming, just to destroy the impression of the Holy Emperor City Lord on Xu Ming.

If the impression is poor, Xu Ming’s probability of winning from recruiting relatives will naturally be smaller.

Of course, there are also masters who speak from a fair point of view: “The first one to enter the small world, what’s the use of fart? – Haha, it’s better to enter early than late, right?”

“Everyone, even if you don’t like Xu Ming, you don’t need to smear him like this, right? I think if Xu Ming entered the small world late, you might want to say that he entered late, what a waste!”

...

There were constant debates around, and the Holy Emperor City Lord just listened silently; he had his own judgment, and these voices did not have much impact on him.

“Hey—” Suddenly, a look of surprise appeared on the face of the Temporal Hall Master. He was surprised to see that after Xu Ming entered the small world, he went straight to the nearest karmic stone without hesitation.

“Could it be... Xu Ming knows that there is a karmic stone in this direction?” The Space-Time Palace Master couldn’t help thinking. But immediately, he rejected the idea, “I am responsible for hiding all the karma stones in this small world, and I have never told anyone! How could Xu Ming know where the karma stones are hidden! ”

But now... Xu Ming kept going straight to the nearest karmic stone, how should he explain it?

The Temporal Hall Master couldn’t figure it out, so he secretly said: “A coincidence! It’s definitely a coincidence! Xu Ming should just fly in this direction, and he didn’t know that there was a karmic stone in this direction!”

However, after a while...

The Space-Time Hall Master was surprised to see that Xu Ming had stopped above the location of the karma stone by “coincidence”; then, by coincidence, he plunged his head into the ground.

When Xu Ming drilled back out of the ground, a piece of red crystal jade had appeared in his hand very “coincidentally” – it was the karma stone!

“How is that possible!?” The Space-Time Palace Master widened his eyes, “How could he know that there is a karma stone here!”

“What!? Xu Ming found the first karma stone so quickly?”

“So fast!”

“Other geniuses haven’t even entered the small world! Xu Ming has already found the karma stone!”

Moreover, the most shocking thing for the masters is that Xu Ming started from entering Wanjie Island to finding the first karmic stone; this whole process did not take a detour!

Yes! There is no wrong way!

First, go straight to the nearest entrance to the small world; after entering the small world, go straight to the location of this karma stone! – Didn't even turn around! It's a "purely straight" advance.

It was as if Xu Ming had known for a long time that there was a karmic stone here.

"This..." The rulers looked at each other in dismay, unable to figure out how Xu Ming did it.

call out-

At this moment, the masters saw that Xu Ming put away the karma stone and went straight to another new direction.

This new direction, in the eyes of other masters, naturally has no feeling; but in the eyes of the Temporal Hall Master, it seems to have seen a ghost! —Because, the direction Xu Ming is going is the location of another karma stone!

"Shouldn't it be..." The Temporal Hall Master couldn't believe it.

but...

Incredible, but also believe!

Sure enough, it didn't take long for Xu Ming to stop at the position of the second karma stone; and after digging out the karma stone, he went straight to the direction of the third karma stone.

"How could it be possible..." At this moment, the Master of the Space-Time Palace was completely determined, and Xu Ming absolutely knew the location of the karma stone.

"I've never told anyone the location of the karma stone! How could he know?" The Temporal Hall Master was shocked.

How would you know?

It's simple!

After Xu Ming entered this small world a “exploration” link, he found out the “distribution map of karma stones” in this small world – there are several karma stones, where are they hidden, Xu Ming Clearly!

And what Xu Ming needs to do is to use the most reasonable route to put every karmic stone in his pocket.

It's that simple!

“Fate assessment, I will win first!” Xu Ming put away the third karma stone and went straight to the fourth.

In fact, in this fate assessment, Xu Ming's real goal is not “to win the first place”; because it is almost no difficulty for him to win the first one!

Xu Ming's real goal is to distribute the extra karma stones to the geniuses such as Pan Gang; at that time, he will directly contract the 100 winners of the “Fate Assessment”!

In that case, the last two steps of recruiting relatives are completely under Xu Ming's control!

Chapter 1192: Chain Of Suspicion

Of course, Xu Ming also knew that it would be extremely difficult to contract the 100 winning places in the “Fate Assessment”; after all, geniuses with backgrounds such as Li Xiujie and Cantian would have hundreds of geniuses under them. Together they collect karma stones.

However, even if the difficulty is high, Xu Ming will do his best! Once the fight is successful, it is almost equivalent to finalizing the outcome of recruiting relatives.

call out-

Xu Ming's figure quickly shuttled through this small world. Every time he travels, there must be a harvest!

Four karma stones!

Five karma stones!

...

Nine karma stones!

Ten karma stones!

When Xu Ming collected ten karma stones, other geniuses finally found the cave and entered other small worlds.

However, after those few geniuses entered the small world, they were all confused – every small world is vast and boundless; in these small worlds, it is undoubtedly more difficult than finding a needle in a haystack to find the karmic stone without any clue!

However, even if the karma stone is hard to find, they will still find it!

wow—

These geniuses all used their spiritual power to conduct a carpet-like investigation of the small world they were in. This method, although stupid, was probably the only way they could think of.

...

When tens of thousands of other geniuses could not find even a single karmic stone, Xu Ming had already dug up 20 or 30 karmic stones!

“Space-Time Palace Master!” Li Family Master suddenly said in a bad tone, “Aren’t you going to explain it to us?”

“Explain?” The Temporal Hall Master said indifferently, “Explain what?”

“Explain... why does Xu Ming know the location of the karma stone!” Li Family Master said yin and yang, “You hide the karma stone in this small world, right?”

“Humph!” The Temporal Hall Master grumbled angrily, “You ask me, who should I ask?”

“Master of the Space-Time Palace!” At this time, Zhu Yi Zhunsheng also interjected, with a sense of blame, “The City Lord of the Holy Emperor asked you to take action and help hide the karma stone out of trust in you; Shi’s location leaked out?”

“Leave it out?” The Space-Time Palace Master couldn’t help but scolded regardless of his identity, “Leave a fart! – I have never told anyone the location of the karma stone!”

“Haha!” Zhu Yizhun sneered, “No leaks? Who would you tell me! – If you didn’t leak it, why would Xu Ming know the location of the karma stone like the back of your hand, and find an accurate one?”

“how could I know!?”

The questioning eyes of the surrounding masters of the realm made the Temporal Hall Master feel aggrieved and difficult to argue.

Even the Lord of the Void Heaven couldn’t help but said through voice transmission: “The Lord of Space and Time, how can the location of the karma stone be leaked? – Isn’t it equivalent to sabotaging the recruiting assessment by doing this? Is it dull?”

“I really didn’t...” The Temporal Hall Master was really aggrieved – he really didn’t leak the location of the karma stone to anyone! Why tell the truth, but no one believes it?

“Master of the Space and Time, there is no need to tell lies between you and me, right?” The Lord of the Void Heaven said with some displeasure, “If it leaks, it leaks! Go back, you apologize to the city lord, and the city lord also I won’t take it to heart!”

“I...” The Temporal Hall Master was speechless.

Apologize?

Obviously there is no leak, why should you apologize? If you apologize, doesn't it mean that you have done something wrong?

At this time, Xu Ming had already dug up the karma stone in the entire small world; he had easily found a transmission channel connecting other small worlds, and opened to the next small world.

“Look, look!” The Lord of the Void Heaven couldn't help but transmit his voice again, “Master of the Space-Time Palace, why did you tell Xu Ming the location of the hidden teleportation channel?”

“I...” The Temporal Hall Master was so depressed that he wanted to vomit blood.

However, the Temporal Hall Master still said: “The Lord of the Void Heaven, this teleportation channel leads to the small world that you are responsible for, right?”

“That's right!” said the master of the virtual world, “Look at it! When Xu Ming arrived in my little world, he was absolutely confused and couldn't find anything!”

The Space-Time Palace Master smiled meaningfully: “Then I'll watch!”

Soon, Xu Ming passed the teleportation channel and came to the next small world.

Immediately after...

The look of the world master of the virtual world became a little weird – he found that as soon as Xu Ming came to this small world, he flew straight towards the nearest karma stone.

“What!?” The face of the virtual world realm changed slightly, “Could it be that Xu Ming knows the location of the karma stone? – This is impossible! I have never told anyone the location of the karma stone! It is impossible for Xu Ming to know!”

“It should happen to fly in that direction!” The Lord of the Void Heaven thought.

Coincidentally?

Not long after, the Lord of the Void Heaven was stunned to see that Xu Ming “happily” stopped above the position of the karma stone, and then “coincidentally” plunged his head into the ground, “coincidentally” took away the karma stone...

Yes!

It’s all just “coincidentally”!

By the way, there is also the location of the next karma stone that “just happened”.

“This...” The Lord of the Void Heaven was stunned, “How is this possible!?”

“Void Heaven Realm Lord!” The Temporal Hall Lord was the first to transmit his voice to him, with a sarcastic tone, “Why did you leak the location of the karma stone?”

The time and space hall master specially increased his voice on the word “also”.

“I...” The Void Heaven Realm Lord finally realized the indescribable feeling of the Space-Time Palace Lord, “I don’t have it!”

“You didn’t leak it? – How did Xu Ming know the location of the karma stone?” The Space-Time Palace Master asked again.

“I...” The Lord of the Void Heaven was speechless when asked.

Li Family Master, Zu Yi Zhunsheng and other great powers naturally ridiculed the Void Heaven Realm Master: “Void Heaven Realm Master, what benefits did you and the Temporal Hall Master have from accepting Xu Ming? You would even hide the location of the karma stone. , all leaked to Xu Ming!”

The slaughtering **** Quansheng and the master of the pavilion of all things couldn't help but blame the master of the virtual world and the master of the space-time hall. In this regard, the Master of the Void Heaven and the Master of the Space-Time Palace are relatively calm, thinking: When Xu Ming sweeps the small world you are responsible for, you will know how we feel now.

Sure enough... Soon, Tushen Zhunsheng and the Pavilion Master of Wan Wan also realized the feeling of "a hundred mouths can't argue" – Xu Ming seemed to have known where their karma was hidden. .

"I never leaked the location of the karma stone!" The Master of Wanwan Pavilion shouted to the masters, "Everyone knows the reputation of my Wanwan Pavilion! I would like to guarantee it with the reputation of Wanwan Pavilion!"

The Pavilion of All Things is in the realm of the gods, but it is based on credibility! As soon as the Wanwan Pavilion said this, the other masters of the realm no longer doubted any more – after all, the Wanwan Pavilion did not need to ruin the reputation of the Wanwan Pavilion for Xu Ming!

And since he believed in the Pavilion Master of Everything, he naturally had to believe in the three giants of the God Realm, including the Space-Time Hall Master.

"Since the four of you have never leaked the location of the karma stone! Then, why is it so easy for Xu Ming to find the karma stone?" Bai Lao said inexplicably, "You know, every karma stone has been completely destroyed by me. Isolate cause and effect! No matter how strong Xu Ming has the means to detect cause and effect, it is impossible to detect where the karma stone is!"

How does Bai Lao know that Xu Ming's "exploration" is a method that completely overrides "causal investigation"!

There is really no causal line on the karma stone ; however, it is so easy to "explore" to find the karma stone!

Bai Lao continued to analyze: "It is impossible to detect the location of the karma stone by means of causal detection! Then, Xu Ming must have learned the location of the karma stone from other means!"

Old Bai's implication is still – someone leaked the location of the karma stone!

So, apart from the four giants of the God Realm, the Master of Space-Time, does anyone else know the location of the karma stone?

Have!

There is indeed such a person! That is... the Lord of the Holy Emperor!

Wanjie Island is a treasure controlled by the Holy Emperor City Lord; if the Holy Emperor City Lord wants to know the location of the karma stone, it is not difficult!

The chain of suspicion continues to spread... Many masters of the realm have turned their attention to the city lord of the Holy Emperor.

“Will it be leaked by the Lord of the Holy Emperor?”

Chapter 1193: 0 Times The Sum!

Looking at himself with questioning eyes, the city lord of the Holy Emperor was speechless: “I actually suspected me? – If I want to reveal the location of the karma stone to someone, then I might as well not hold a marriage proposal and choose that person directly. Just be a son-in-law...”

The masters of the masters are not too stupid. They immediately thought that the city lord of the Holy Emperor had no reason to reveal the location of the karma stone. The four giants of the God Realm, including the Space-Time Hall Master and the Void Heaven Realm Master, also had little reason to leak the location of the karma stone to Xu Ming.

This chain of suspicion finally ended in confusion.

Zhong Da Neng had to admit that Xu Ming probably had a special method to find the karmic stone.

At this time, Master Yun laughed and said: “The Lord of the Holy Emperor, the first link you set up, the ‘Fate Assessment’, is the assessment, is it fate?”

The Lord of the Holy Emperor said: “The fate assessment is naturally the assessment of fate!”

“That’s not it!” Master Yun laughed again, “Xu Ming was able to find so many karmic stones so quickly—it doesn’t mean that there is a strong relationship between him and Ling Ai!”

“Huh?” The City Lord of the Holy Emperor had to admit that the words of Lord Yun were somewhat reasonable.

“Master Yun!” Li Family Master sneered, “The fate is not shallow, it’s too early to draw a conclusion, right? – This Xu Ming, even if he finds more karma stones, he can only be proud for a while; When he met Xiujie, the karma stones he found were not all in Xiujie’s bag?”

Li Xiujie has accepted the mysterious “second inheritance” in the family, and his strength has soared! From Patriarch Li’s point of view, Li Xiujie crushed Xu Ming with absolute ease and ease.

“Xiujie? You’re talking about your son, right?” Master Yun deliberately pretended not to have heard of Li Xiujie, “Is he the one who was being slapped in the face?”

“Pfft!” Li Patriarch vomited blood directly.

That’s right! When Xu Ming scoured one small world after another, the slaps on Li Xiujie’s face never stopped!

Li Xiujie really participated in this recruitment examination with continuous slaps and “humiliation and burden”!

at this time...

“Hahaha...” Suddenly, Li Xiujie looked up to the sky and laughed loudly; laughter and slaps echoed each other in the empty little world, “I finally found the karma stone! I finally found the karma stone!”

Li Xiujie finally found the first karmic stone!

At this time, Xu Ming’s number of karma stones had reached two hundred!

...

As time went by, more and more geniuses entered the small world and found the karmic stone. And gradually, each genius began to figure out some tricks for finding the karma stone.

As the saying goes, two fists are no match for four hands.

And now, Xu Ming is fighting against tens of thousands of geniuses almost by himself! – It can be called “one enemy, ten thousand”!

Oh! Do not! In fact, the difficulty Xu Ming is facing now is much more difficult than “one enemy ten thousand”! Because, Xu Ming not only wanted to make his number of karma stones ranked first among all geniuses; moreover, Xu Ming had to find a way to contract all the rankings in the “top 100”!

If you want to contract the top 100, then the number of karma stones that Xu Ming obtains must be 100 times the number of karma stones of all other geniuses combined!

Yes! — a hundred times the sum!

For example, if there are one million karma stones in the entire Wanjie Island, then Xu Ming will have more than 990,000 stones alone! -In this way, he can achieve the “Top 100 Contractors”!

Almost impossible to do!

Even Xu Ming himself knew that this was almost impossible!

However, Xu Ming has to try his best! – Even if you can’t “contract to the top 100”, why do you have to contract him for ninety-nine rankings?

Whoosh! Whoosh! Whoosh! Whoosh! ...

Xu Ming’s figure, busy shuttle in one small world after another. Wherever you go, there will be no stone left!

“A thousand karma stones!”

After Xu Ming swept dozens of small worlds, the number of karma stones finally reached 1,000!

But Xu Ming knew that such a few karmic stones were far from enough! – After all, he has only swept dozens of small worlds; and in the entire Wanjie Island, there are tens of thousands of small worlds!

Xu Ming has been busy for a long time, and the karma stone he got is probably less than one-thousandth! This is far from Xu Ming’s ideal of “getting more than 99% of the karmic stones and contracting the top 100”!

“Xiaohang, help me find out, how many karma stones have all the other geniuses who participated in the assessment added up!”

Xu Ming can’t compare with a single genius! Compare, compare with all the geniuses combined!

Xiaohang quickly responded: “One hundred and sixty-two yuan!”

“What!?” Xu Ming was very dissatisfied with his grades! – You must know that Xu Ming’s goal is to obtain a hundred times more karma stones than all other geniuses combined!

A hundred times the sum!

And now, Xu Ming only got “six or seven times the sum”!

Xu Ming was really very, very dissatisfied with this result!

“It can’t go on like this!” Xu Ming immediately pondered, “I alone, no matter how fast I can find it, it is difficult to find it a hundred times faster than all the other geniuses combined! – I have to find a few helpers to help me find together. ! And... I have to look for it and grab it at the same time!”

Xu Ming quickly determined the strategic policy!

Looking for and grabbing at the same time, this is very easy for Xu Ming! Anyway, no matter what genius you encounter, just grab it! – “Don’t want the fate stone”, or “don’t want the fate and the fate stone”, those geniuses who have been robbed can easily make the right choice!

But... who could help him find the karmic stone, but Xu Ming hesitated a little.

After thinking about it, Xu Ming had an idea: “I’ll find Pangang and the others first, and then tell them the location of the karma stone; in this way, they can help me find the karma stone together!”

It is not difficult for Xu Ming to find Pangang! With a random “exploration” link, Xu Ming determined the general orientation of Pangang; then, while digging for the karma, he could move towards the small world where Pangang was, and approached the past—in Wanjie Island, no communication was allowed; Communication can only run on legs!

Xu Ming was fine, at least it wasn’t difficult to find someone. If other geniuses want to communicate, they can’t even find anyone, and they don’t even know where to run.

...

Xu Ming didn’t know that from the small world he was in now, to the small world where Pangang was located, there was one of his “old friends” along the way – Yehenala Cantian!

“Why haven’t a single karma stone been found?” Can Tian was a little anxious to find it.

He has searched this small world for several times, but he still can’t find a root hair!

“The karma stone...it’s really hard to find!”

Suddenly Can Tian felt that there were some distortions and fluctuations in the space directly in front of him.

“It’s a teleportation channel to other small worlds!” Can Tian reacted immediately, thinking in his heart, “My luck in this small world is not good, why don’t I try another small world!”

After thinking about it, Can Tian stepped directly into the transmission channel.

When he appeared in the new small world, he picked a random direction without a clue and started a boring search again—every time Xu Ming’s search was “straight to the point”; Every search is a “needle in a haystack”.

However, what Cantian didn’t know was that this time, on his search route, there was a place where “a lot” of karma stones were hidden!

Yes!

A whole lot!

More than 200 yuan “karma stone gift package”!

Chapter 1194: I Said, You Must Die!

Cantian’s spiritual power unfolded, penetrated deeply into the ground, and swept away all the way.

Zuyi Zhunsheng’s face was a little gloomy. There are many geniuses in their demon race who participated in the recruitment examination, but up to now, they haven’t even obtained a karma stone; even Cantian, who has the most high hopes for him, is also empty-handed.

“Haha, Zuyi Quansheng!” Suddenly, the laughter of the virtual world master sounded, “Congratulations, congratulations!”

Congratulations?

Zuyi Zhunsheng was full of doubts: “Where does the joy come from?”

The Lord of the Void Heaven smiled and said, “This small world where Can Tian is now is the karmic stone that I am in charge of hiding. As long as he flies in the current direction, don’t change his direction; then, he will soon get a lot of karmic karma. stone!”

“A lot?” Zhu Yi Zhunsheng was surprised.

The virtual world master smiled mysteriously: “More than two hundred karma stones!”

“So many?” Zhun Sheng Zu Yi also laughed – if he could get more than two hundred karma stones at once, then that would be awesome! Even if it is not as good as Xu Ming, it is still more powerful than all the other geniuses combined!

“Don’t change your direction!” Zhun Sheng Zu Yi thought a little excitedly.

“Um?”

Suddenly, Zhu Yi’s face suddenly changed – he discovered that Xu Ming had appeared in the small world near Cantian at some point.

“Not good!” Zhu Yi Zhunsheng of course knew that Cantian would never be Xu Ming’s opponent; once they met, let alone more than 200 karma stones, it was hard to say whether they could even save their lives!

“Xu Ming, don’t just enter the small world where Cantian lives!” Zhun Sheng Zu Yi watched nervously.

In each small world on Wanjie Island, there are several transmission channels, which lead to different small worlds around them. Now, Zhu Yi Zhunsheng could only pray silently, Xu Ming’s next stop was not the small world where Cantian was, but other small worlds.

Zu Yi’s prayer seems to have come true. Sure enough, Xu Ming did not go to the small world where Cantian was, but walked into another small world.

“Huh—” Zhu Yi Zhunsheng let out a long sigh of relief, “It’s dangerous! It’s dangerous! It’s okay...”

At this time, Cantian had already flown to the top of the “karma stone gift bag”.

“What!?” Can Tian’s mental power scanned the pile of karma stones in the ground, and he was suddenly dumbfounded, and even couldn’t believe it, “This... so many? Am I right?”

After a brief shock, Can Tian plunged into the ground in a hurry. When he came up again, his hands were full of karma stones, and his face was full of joy of harvest.

“Hahahahahahaha... I really am a person with great luck and great fate!”

Like a thief, Cantian put the karma stone into the world ring, and thought about it: “In this small world, it is estimated that there will be no other karma stones; if there are, there are probably very few...”

At this moment, Can Tian discovered that there was a transmission channel nearby.

“Teleportation channel?” Can Tian’s eyes lit up, “This must be fate guiding me to the next small world!”

Since it was the guidance of fate, Cantian certainly wouldn’t refuse; with a flash of his figure, he directly got into the transmission channel.

“This teleportation channel leads to...” Zhunsheng Zu Yi was stunned for a moment, and almost exploded in anger – the small world that Cantian is now leading to is the same small world that Xu Ming is going to!

What does it mean “there is a way to heaven and you don’t go, but there is no way to go to hell”?

Zuyi Zhunsheng really had the urge to vomit blood—you said you were fine, you have nothing to do when you are idle, what are you doing in the transmission channel? Isn’t this suicide?

Zhu Yi Zhunsheng could only watch helplessly as Can Tian and Xu Ming walked towards the same small world.

Some other masters also discovered this subtle scene; they looked at Zhu Yi Quansheng with some sympathy: “Tragedy...”

What a tragedy!

call out!

Cantian quickly passed through the transmission channel, a light appeared in front of him, and he came to a new small world. Little did he know that the **** of death was approaching, and he thought expectantly: “I don’t know, in this small world, what new harvests will there be!”

Suddenly, Can Tian felt that there was an imposing manner in the extreme distance of this small world.

“Huh? It’s another genius who was also teleported to this small world!” Can Tian immediately realized that his mental power was also spread wildly. When the mental power penetrated the ground, the obstacles would be great, and the range that could be probed was naturally Also very limited. However, in an open space, mental power can extend to a very far distance without any obstacles; even if it covers an entire small world, it is not a problem!

Can Tian wanted to see which unlucky genius would have met him.

“Hey! At that time, rob this unfortunate genius, and maybe you can get a few karma stones!” Cantian thought, and his mental power expanded rapidly.

Then in the next moment, Can Tian’s expression was completely stunned.

“What... what!? Xu... Xu Ming!?”

Can Tian never thought that his luck would be so “good”; the first genius he met on Wanjie Island would be Xu Ming! – You must know that there are tens of thousands of geniuses who enter Wanjie Island; the probability of him meeting Xu Ming for the first time is less than 1 in 10,000! In other words, the good things that are less than “one in ten thousand” made him catch up!

“Huh?” Xu Ming’s expression was also a little exciting, “Can Tian?”

This is fun!

What is the narrow road of the enemy?

This is called the narrow road!

“Can Tian, what a coincidence!” Xu Ming smiled.

boom!

Can Tian’s face was ashen, he turned around in fright, and fled back to the teleportation channel behind him!

escape!

Facing Xu Ming, Can Tian had no courage to resist, he could only escape!

“Want to run away?” A bright and cruel smile bloomed on Xu Ming’s face – he was hit by Brother Ming, still want to run away? How naive!

call out-

Xu Ming immediately went in the direction of Cantian, chasing him away!

Soon, Can Tian passed through the teleportation passage and returned to the previous small world; he did not dare to stop at all, and fled directly towards another teleportation passage in this small world.

“I only need to enter the teleportation channel before Xu Ming arrives in this small world; then, Xu Ming will not be able to track me!” Can Tian ran for his life with all his strength! – In his opinion, Xu Ming should not know the location of other teleportation passages in this small world; moreover, in each small world, there are several teleportation passages, Xu Ming must have no way of knowing which one he escaped into. transmission channel.

Of course, the premise of all this is that Can Tian can escape into the teleportation channel before Xu Ming comes to this small world.

“Quick! Quick!”

In order to escape, Can Tian even burned the divine body to speed up.

puff!

Finally, before Xu Ming came to this small world, Can Tian successfully escaped into the teleportation channel.

“Phew—it should be safe!” Can Tian breathed a sigh of relief.

However, he didn’t dare to be careless; after entering the next small world, he hurriedly fled to other teleportation channels.

escape! escape! escape!

Cantian didn’t dare to stop at all has escaped three small worlds, when Cantian entered the fourth small world... Here, is a strange small world he has never been to; so, I don’t know where the other transmission channels in this small world are.

“I must have gotten rid of Xu Ming now!” Can Tian secretly said – he escaped three small worlds wildly, and he was not tracked by Xu Ming along the way, so he must be safe!

Not long after Can Tian breathed a sigh of relief... A terrifying figure descended into this small world unhurriedly.

“Can Tian, I can’t see it! It’s running quite fast!” A playful voice sounded.

Can Tian suddenly seemed to be trampled on his tail: “Xu...Xu Ming! You...how could you track me down?”

“How I tracked you down, you don’t need to care!” Xu Ming smiled indifferently, “Do you still remember, I said, as long as I meet you in the ‘fate test’, you will die!—Unfortunate! You met me!”

Chapter 1195: Tentative

“Unfortunate! You met me!”

Xu Ming’s voice was indifferent, as if he was on trial.

Can Tian’s face suddenly turned pale: “You... you dare to kill me?”

Xu Ming was expressionless: “You have asked me this question a long time ago! Now ask it again?”

Kill silkworms?

What’s not to dare?

...

“Not good!” Zhu Yi Zhunsheng also felt the murderous intention of the red fruit on Xu Ming’s body, “Xu Ming...he wants to kill Cantian?”

Can Tian, but the most outstanding genius of Yehenara’s younger generation. Zuyi Zhunsheng didn’t know how much training resources he spent on Cantian. If Cantian died in the recruitment examination, the loss to Yehenala’s family could be imagined.

Moreover, it is not only the resources and talents that have been lost, but also the face of the dignity of the Yehenala clan!

“Xu Ming, how dare he!?” Zhu Yi Zhunsheng’s eyes were red and he was about to breathe fire.

“City Lord!” Zu Yi shouted, “Cantian’s recruitment assessment, this is the end! Please, move him out of Wanjie Island!”

Wanjie Island is a treasure under the control of the Holy Emperor City Lord; if the Holy Emperor City Lord is willing, he can indeed move people out of Wanjie Island.

However, the city lord of the Holy Emperor looked at Zu Yi Quansheng, hesitated for a while, then shook his head and said: “Fate assessment, can’t help but fight, regardless of life or death! – I will not interfere in any of the battles!”

“You...” Zhu Yi Zhunsheng suddenly became furious, “Can Tian is the most important genius of my Yehenala clan! Lord of the Holy Emperor, did you just watch him get killed?”

The Lord of the Holy Emperor said calmly: “I just maintain the rules of recruiting relatives! Whether it’s Cantian, or Xu Ming, Li Xiujie, Long Peng, or any other battle between geniuses, I will not interfere!”

Bai Lao couldn’t help but say: “Zhu Yi is a quasi-sage, fate assessment, life or death! If you don’t have such mental preparation, then you shouldn’t let Cantian participate in the fate assessment!”

Bai Lao’s implication is very simple: if you can’t play, don’t play!

“That’s it!”

“Zhu Yi Zhunsheng found that Cantian was in danger, and wanted the city lord to move him out – there is no such way to play!”

“If everyone puts forward the same requirements as you, then this fate assessment, it is better not to do it!”

Even the head of the Li family said yin and yang strangely: “Zun Sheng Zu Yi, if Li Xiujie was in danger, I would never be like you! – Life and death are destiny, wealth is in the sky, look down on it!”

Bearish?

Zuyi Quansheng is about to vomit blood – look down on wool! Li Family Master is completely standing and talking without back pain!

but...

Zu Yi Zhunsheng saw a strange look in the depths of Li Family Master's eyes, as if he was implying something to him.

Zu Yi Zhunsheng suddenly “understood”! – It's a chance to try!

boom!

The aura on Zuyi Quansheng broke out without warning: “Noisy!”

rumbling...

A punch that condensed the power of endless chaos, blasted directly at the unsuspecting old Bai: “Shut up!!”

“What!?” Elder Bai, who was caught off guard, didn't have time to use any complex causal defense methods, so he had to hurriedly cut off all the causal lines on his body.

click! click! click! click! ...

Between the heavens and the earth, with Bai Lao as the center, there are countless invisible causal lines, originally like a huge silkworm cocoon, wrapped around Bai Lao; but at this moment, all the causal lines were broken.

The huge “causal thread cocoon” collapsed suddenly.

Bai Lao is completely isolated from the cause and effect of this world! It seems that there is no such person as Bai Lao in this world.

“Causal Paradox” Appears! – The attack of Zhu Yi Zhunsheng was aimed at Bai Lao; and in the whole world, there was no Bai Lao! This is the paradox!

Under the paradox of cause and effect, Zhu Yi Quansheng's attack will even be countered.

“Humph! As expected of the old man, he can react so quickly!” Zu Yi quasi-sage secretly said, “However, trying to block my attack by blocking cause and effect... It’s too underestimated my opinion of the ‘Chaos Zhidao’. ‘Understood!’”

boom...

The power of chaos between the fronts of Zu Yi’s Quasi-Saint Fist instantly turned into the power of cause and effect!

Chaos into ten thousand ways!

The derived power of causality forcibly established an invisible line of cause and effect between Bai Lao and this side of the world, like a cobweb that enveloped Bai Lao.

The vast and majestic attacks flocked to Bai Lao along the “spider silk” on this “cobweb”.

“Pfft!” Bai Lao was directly blasted away, his divine body annihilated countless particles and weakened a lot.

Fortunately, Bai Lao decisively cut off all his causal lines from the very beginning; and the causal line established by Zuyi Zhunsheng, the attack power that can be carried is limited after all! Therefore, the power finally conveyed to Bai Lao is also much weaker!

Otherwise, Bai Lao’s injuries would probably be far more than what he is now.

“presumptuous!!”

An angry shout resounded throughout the space.

The Lord of the Holy Emperor is angry!

rumbling...

The power of the formation surged; thousands of golden chains drilled out from the depths of the void, frantically entwining towards Zuyi Quansheng.

The golden chains came from all directions, Zu Yi Zhunsheng was unavoidable, and he was instantly tied into a zongzi without any resistance.

The scene suddenly fell silent.

The majesty of the Holy Emperor City Lord cannot be challenged.

“Humph! Zu Yi, this time, I don’t care about you! If you dare to continue to destroy the marriage, don’t blame me for being rude!”

The golden chains gradually receded, but Zu Yi Zhunsheng did not dare to be presumptuous any more—in the Holy Emperor City, the City Lord of the Holy Emperor was an almost invincible existence.

Zhu Yi Zhunsheng’s face was ugly, and he stepped aside without saying a word; however, no one noticed, a slyness flashed in the depths of his eyes – the trial is over!

“Huh?” Master Yun showed doubts on his face, as if he couldn’t figure it out, that Zhu Yi Zhunsheng would make a move on such an occasion.

Many other masters were also a little surprised; however, they didn’t think much about it.

...

at this time.

Wanjie Island, one of the small worlds.

Xu Ming has quickly approached Can Tian’s side.

“Xu Ming! I’ll give you all the karma stones, let me go!” Can Tian knew that he was no match, so he had to beg for mercy.

“The karma stone?” Xu Ming smiled disdainfully How many karma stones can you have? Will I see it? ”

Can Tianlian said: “One hundred yuan! I have one hundred karma stones! – As long as you let me go, I will immediately hand over all the karma stones!”

Can Tian deliberately concealed most of the karma stones! Because he believed that one hundred karma stones were enough to shock Xu Ming; of course, he had to hide the remaining karma stones by himself.

Sure enough, Xu Ming’s eyes widened: “What!? You have a hundred karma stones!?”

However, Xu Ming’s shock only lasted for a very short moment. In the next instant, Xu Ming put on a playful expression: “If I kill you, your karma is still mine!”

call out-

Reincarnation gun out!

“Xu Ming!” Can Tian roared in horror, “You really dare to kill me!? My ancestor of the Yehenala clan, Zu Yi Zhunsheng, is watching now!”

“Killing you, of course, is ‘really dare’! Otherwise, is it possible that it is still ‘fake dare’?” Xu Ming did not hide the killing intent in his eyes.

Chapter 1196: Catastrophe

boom! !

The Five Forms of Reincarnation... Heaven Collapsing!

The reincarnation gun carries the power of the sky and the earth to crack, crushing the time and space.

Can Tian seemed to feel that the entire space was squeezing towards him; the pressure made him breathless and hard to move. The closer the reincarnation spear is, the stronger this crushing feeling will be, making it extremely difficult for Can Tian to dodge.

A shot crushed by absolute power!

“It’s this trick again!” Can Tian was shocked, angry and scared.

Surprisingly, the power of Xu Ming’s shot was stronger than before!

The anger is that Xu Ming used this trick all the time. This is a completely despised performance! Simply deceiving! —Last time on the Bloody Sea Battle Stage, Xu Ming only used this move, “Heaven Collapse”; now, Xu Ming still uses this move!

What I’m afraid of is... the power of this move is really strong!

retreat!

Cantian did not dare to carry it hard, and flew back again and again.

It’s just... can he back off?

If it was a year ago, Cantian might have been able to avoid this type of “Tian Beng”; after all, “Tian Beng” focuses on the crushing of strength, and it is indeed a flaw in speed! However, now, Xu Ming’s strength has soared; even if it is a style that focuses on power rolling, even if the speed is weak, it is no longer something Can Tian can avoid!

boom!

As if the entire sky collapsed, the power completely collapsed on Cantian. The “light and powerless” Silkworm Heaven Sword was blasted away directly; Cantian’s divine body shook violently, countless particles were annihilated, and golden blood soared!

This shot, Xu Ming just shot at will, and did not use his full strength. Although he secretly accelerated his speed, his power still remained at the level of a year ago—that is, the power he had when he fought Cantian on the Blood Sea Battle Stage last time.

“puff!”

While vomiting blood, Can Tian used this huge recoil to accelerate and run away.

The idea is good! Just...so naive!

In front of Brother Ming, how dare you escape?

To die honestly is your best choice!

Xu Ming chased after him, without saying a word, it was another “Heaven Collapse”!

boom! boom! boom! ...

Heaven collapsed! Heaven collapsed! Heaven collapsed! ...

To deal with Cantian, just one move is enough! No need for a second trick at all!

“Too bullying!” Can Tian was extremely sad and angry!

However, he could only hide this grief and anger deep in his heart; while struggling feebly, he begged for mercy: “Xu Ming, what do you have to do to let me live!”

“Let you live?” Xu Ming smiled playfully, “It’s not impossible!”

Isn’t it impossible?

Can Tian’s originally desperate eyes suddenly filled with luster: “Really!?”

“Of course it’s true!” Xu Ming continued with a playful laugh, “As long as you finish the forty shots you didn’t finish in the last life-and-death battle; I’ll let you go!”

“Pfft!” Can Tian vomited blood directly.

Can you live if you finish the forty unfinished shots? – Xu Ming’s words seem to give Cantian a way to live, but in fact there is no way to live!

You must know that in the “Battle of Life and Death”, Can Tian was only shot three times, and the damage to his divine body was more than one-tenth! That is to say, Xu Ming only needs more than 30 guns at most to completely kill the silkworm; and in fact, as the body of the ***** becomes weaker and weaker, the defense will also increase, I am afraid it only takes 20 With multiple guns, Cantian will be slaughtered to the point where not even the scum is left!

Forty shots!

Cantian can’t challenge at all!

“Xu Ming, you are really deceiving people too much!” Can Tian was extremely sad and angry.

“Too deceitful?” Xu Ming sneered disdainfully, “Can Tian! Although your pardon can save you from death in a life-and-death battle, you are still destined to die in my hands!”

boom! boom! boom! ...

One shot after another, Can Tian’s divine body continued to weaken. Even, when it comes to the back, with the weakening of the divine body; just one shot of “Sky Collapse” can annihilate more than 10% of Cantian’s divine body!

Can Tian is finally completely desperate!

“Xu Ming! Hahahaha...” Suddenly, Cantian laughed wildly, “I am destined to die at your hands? Hahahaha... You can’t kill me! You can’t kill me!”

“Oh?” Xu Ming watched with interest.

Suddenly, Can Tian's eyes revealed a ferocious decision.

rumbling...

His divine body instantly boiled, burned, and exploded!

"You can't kill me! You can't control my life and death!"

As soon as Can Tian gritted his teeth, he directly chose... blew himself up!

At the moment of his death, he still laughed madly: "You can never kill me! Hahahaha..."

boom! !

The first genius of the Yehenara clan, Cantian, instantly turned into a splendid firework.

"Uh..." Xu Ming was also a little surprised, "This little stubborn temper is really stubborn! — Okay! I can't kill you!"

If you can't kill it, you can't kill it, what does it matter?

Xu Ming couldn't understand, why is Cantian so happy about this kind of thing?

baffling!

At the same time, Xu Ming unceremoniously collected the treasure left by Cantian.

"I'm going! More than two hundred karma stones!" Xu Ming was stunned when he saw the number of karma stones left by Cantian.

You must know that Xu Ming only collected more than 1,000 karma stones by means of “exploration”; while Cantian actually collected more than 200 pieces! – How could Xu Ming not be shocked?

“He must be lucky, he dug up a lot of karma!” Xu Ming secretly said.

However, no matter how lucky you are, it’s just a wedding dress for Xu Ming!

...

Zu Yi’s face was extremely ugly! – The first genius of the Yehenara clan, in front of him, was ravaged and killed without any resistance! As the first ancestor, Zhu Yi Zhunsheng, it is strange that his face can be good-looking!

At this moment, Zhu Yi Zhunsheng even felt that everyone around him was mocking him.

“Humph!” Zu Yizhun snorted bitterly, and said to himself silently in his heart, “Just watch my joke with pride! Soon, you won’t even be able to cry!”

Thinking of this, Zhu Yi Zhunsheng glanced at the city lord of the Holy Emperor very obscurely, and secretly said: “The city lord of the Holy Emperor? He has ruled the first divine city of the Divine Realm for endless years? Is it the invincible existence in the city of the Holy Emperor? – Oh! All of this will be soon. become history!”

The pattern of God’s Domain has been “set in stone” for too long!

Zuyi Quansheng, although .com is not a “breaker” who broke the current pattern; however, he is a witness and a “powerful assist”!

“Look! Immediately... God’s Domain is about to change!”

In the depths of Zu Yi’s eyes, a little cold light flickered.

...

call out-

Xu Ming killed Cantian, as if he had done an extremely trivial thing.

His figure continues to travel through the small worlds; wherever he goes, he will definitely dig up all the karmic stones in a small world!

During this period, Xu Ming also met several strange geniuses. However, Xu Ming had no grudges against them, so he didn't kill or rob them, just let them go! — Not Xu Ming being kind, but...

Xu Ming planned to wait for them to find a few more karma stones to fatten them up before slaughtering them!

“Through this transmission channel, it is the small world where Pan Gang is!” Xu Ming looked at the space vortex not far in front of him.

Chapter 1197: Insider Information

Xu Ming would never have imagined that at this moment, around Pangang, there were hundreds of king-level geniuses—all those geniuses who wanted to help Xu Ming find the karmic stone!

“Big Brother Pangang, the karma stone is too hard to find!”

“Yeah! With so many of us combined, we found only seven or eight karma stones... Most of us have never seen a single karma stone!”

“Ugh...”

“Ugh...”

Those geniuses who did not find the karma stone were a little dejected. After all, if the karma stone is not found, it means that the performance is poor; if the performance is poor, then the possibility of being favored by the master of the realm and accepted as a disciple is small!

In fact, they don't know that their performance is normal! – You must know that until now, apart from Xu Ming, tens of thousands of other geniuses have only found a few hundred karma stones! Among their hundreds of kings, they can have seven or eight karma stones, which is already very good!

“Hey...” Pan Gang also shook his head helplessly – he was not worried that he would not be able to worship the Lord as his teacher, after all, he was already a leader in the king class, and there must be a Lord who wanted to accept him as his apprentice; His main concern is that he has collected too few karma stones, which has failed Brother Ming's trust and expectations!

“Everyone, work hard! If you take such a few karma stones and go to Brother Ming, you will be embarrassed!” Pan Gang shouted.

“it is good!”

“right!”

“Let's stop writing ink here! Hurry up and find the karma stone!”

“But... how can I find it better?”

Hundreds of geniuses got caught up in the discussion.

“How about we all act collectively? Hundreds of people act together, enter a small world, and directly sweep the entire small world; then, enter the next small world!”

“This idea is good! Collective action, carpet search, and safe – we have so many king-level actions together, even if we encounter some emperor-level geniuses, they will not dare to provoke us easily!”

“I think, safety issues, your worries are completely unnecessary!” Immediately, a genius retorted, “I also met an emperor-level genius, but he left without looking at me at all. !—It can be seen that this fate assessment is relatively safe, and the fighting will not be too intense!”

“The fighting won't be too intense? Young man, you are still too naive!” Pan Gang laughed immediately, “Do you know why that emperor-level genius is too lazy to look at you? This is

because the fate assessment has just begun. An emperor-level genius probably knows that we, the king-level, can't have a few karma stones at all, or even a single karma stone; so, he naturally doesn't bother to do anything to you! – After a few days, I will find There are more and more geniuses in the karma stone, and we have more karma stones on hand; at that time, you will know that the fighting is not fierce!”

“Uh...” The genius who spoke before thought for a while, “That’s right!—Then let’s act collectively!”

“Okay! Collective action, it’s so safe! Otherwise, if we find the karma stone, but it is robbed by other geniuses, it will be too embarrassing!”

at this time...

call out!

The space in the distance was distorted, and a figure stepped into this small world!

“Huh?” Pan Gang waited for the genius. After seeing the figure of the person who came, he was stunned at first, and then exclaimed, “Brother Ming!”

“Brother Ming, did you find us so soon?”

“Huh—” The one who was even more surprised was undoubtedly Xu Ming, “How did you guys... come together?”

You must know that for ordinary geniuses, it is difficult to find the entrance to a small world; even if you enter a small world, I am afraid that you don't know where you are, let alone gather with other geniuses! – And the hundreds of geniuses such as Pangang, who are just a mere king, have almost all gathered here!

How could Xu Ming not be surprised by this?

“How did you do it?” Xu Ming asked curiously.

“Haha!” Seeing Brother Ming was surprised and curious, Pan Gang couldn’t help but smile proudly, “Division of labor and cooperation!”

“Oh?” Xu Ming listened.

Pan Gang smiled, and a jade stone lingering with the power of cause and effect appeared in his hand. He explained: “Among us, the genius ‘Yu Lian’ who is best at karma, refined this karma jade before the fate assessment began; all of our geniuses have one share! Lian is the first time in the main world of Wanjie Island to set up a causal traction formation; there is a causal jade, and as soon as the causal traction formation is deployed, we will know the location of Yu Lian! Then, all of us will All gathered together!”

“It turns out to be like this!” Xu Ming did not expect that there is such a method, which can be used for assembly.

Xu Ming estimated that many other king-level geniuses may have also used this method to gather together. On the other hand, a genius at the God Emperor level has a relatively high probability of breaking through alone.

Pangang continued: “Although the main world of Wanjie Island is huge, but with a clear direction, it is not difficult for us to fly together! – After entering the small world, we will split up to explore the surrounding small worlds. The teleportation channel is also looking for the karma stone at the same time! Now, we have almost figured out the layout of thousands of small worlds around us; I didn’t expect that, just after regrouping, you are here, Brother Ming, what a coincidence!”

skillful?

This is no coincidence! It was Xu Ming who found Pan Gang’s location and ran directly towards Pan Gang.

However, Xu Ming also had to sigh – the efficiency of the geniuses such as Pangang is really high!

Although these geniuses are relatively weak, they are only kings. However, under the division of labor and cooperation, they have discovered the layout of the thousands of small worlds around them so quickly! Xu Ming estimated that their next goal should be to really start the search for the karmic stone, right?

“Not bad! Not bad!” Xu Ming couldn’t help but praised – it was indeed a good teamwork!

On the other hand, Pangang heard that Brother Ming praised them as “not bad”, but said somewhat ashamedly: “Brother Ming, we have only collected eight karma stones so far! This speed is really unmanageable!”

“It’s okay!” Xu Ming smiled and said Eight karma stones, that’s a lot! Moreover, it can be seen that you are doing things with your heart! ”

“Thank you Brother Ming for your praise!” Many geniuses were a little excited to receive praise from Xu Ming, a legendary figure.

Xu Ming continued: “I’m here to find you this time, in fact, I’m here to tell you about the layout of the small world and the distribution of karma stones!”

“What!?” Pan Gang was horrified, “Brother Ming, you actually know all this?—Where did you get the inside information?”

The geniuses couldn’t help but listen curiously. At the same time, they also feel more and more that Brother Ming is so hands-on that he can even get such secret inside information!

In this way, each genius feels more and more that it is right to follow Brother Jin Ming! With Ming Ge Tongtian’s hands and eyes, he can definitely recommend them to the masters as disciples!

Even outside Wanjie Island, the masters of the Dominion Realm who watched the battle listened intently—yes! Where did Xu Ming get the inside information?

(End of this chapter)

Chapter 1198: Man With Sound

Insider information?

Xu Ming smiled without saying a word, and deliberately looked up at the sky – he knew that the masters of the external battle on Wanjie Island must be very good, how did he know the location of the karma stone.

However, Xu Ming didn't say it, it would kill them!

Pangang and the others immediately “understood” what Xu Ming meant—of course it was inconvenient to tell such a secret message! In short, Brother Ming is hands-on and eye-catching!

...

Since Pangang and other geniuses already knew the locations of thousands of small worlds, Xu Ming decided to tell them about the distribution of karma stones in these thousands of small worlds. After they finished digging the karma stone here, Xu Ming would tell them the karma stone in other places.

“Sure enough, there are more people and more power!” Xu Ming sighed secretly.

Xu Ming's strength is strong and his speed is fast! However, with his own strength, no matter how fast it is, it can't be faster than hundreds of geniuses splitting up!

After introducing the distribution of the karma stones, and agreeing on the location of the next reunion, Xu Ming said, “I went to other small worlds to find karma stones; the karma stones in these small worlds are handed over to you!”

Pan Gang said with enthusiasm: “Thank you Ming brother for your trust in us! Even if we die, we will bring back all the karma stones in these small worlds!”

Tell them all about the distribution of karma stones in thousands of small worlds, how much trust you have in them! – You must know that Pan Gang and other geniuses will definitely get a great reward if they take these karmic stones that they dug up and go to Li Xiujie, Long Peng and other geniuses!

However, Xu Ming trusted them! Therefore, Pangang and other king-level geniuses will definitely not live up to Brother Ming's trust!

“Haha!” Xu Ming laughed, “It’s alright, don’t be so serious! What’s not to die for? If you encounter someone who robs you of the karma stone, then you don’t have to resist, just give it to them! – It’s important to save your life!”

“Ah!?” Pan Gang and other geniuses were shocked.

Do not resist?

Hand over the karma stone directly?

Isn’t this very spineless? Are you betraying Brother Ming’s trust?

Xu Ming smiled coldly and said, “Don’t worry, my karma stone is not so easy to grab! If anyone dares to get their hands on it, I will let them spit it out together!”

“Hey—” Pan Gang and other geniuses all took a deep breath.

Domineering!

Who dares to touch Brother Ming’s karma stone, then let them spit it out together!

Pangang and other geniuses felt that their blood was ignited by Brother Ming’s words.

“Being able to fight side by side with a peerless character like Brother Ming! It’s really a blessing for us in this life!”

Every king-level genius felt his blood boiled.

call out! call out! call out! call out! ...

Full of blood, hundreds of geniuses split up and rushed to thousands of small worlds to dig for karma.

“From now on, I’ll go find those piles of karma stones!” Xu Ming thought for a while, and felt that it would be more efficient to dig the piles of karma stones. It would be more efficient—like Cantian, a hair would I didn’t find it, because I was lucky, I came across a bunch of “karma stone gift packs”, and instantly got 200 karma stones!

“Walk!”

Xu Ming inspected the “karma stone gift package” closest to him, and went straight to the sky.

...

In Myriad Realms Island. In another distant small world.

clap clap clap clap clap clap clap clap clap clap clap clap clap clap...

Li Xiujie is a man who walks with sound effects! Everywhere he passed, there were melodious slaps.

“Damn it! It’s been a few days? The slap is endless!” Li Xiujie was angry and helpless.

In the past, although Li Xiujie had been slapped several times inexplicably, the previous slaps all knew how to “just stop”! Just take a while and you’re done!

And now the slap, turned out to never stop! And it was so rhythmic that Li Xiujie wanted to dance to the rhythm.

face?

It’s been drawn for so long! Li Xiujie had already lost face and lost his habit in front of the great powers.

“I don’t know, when will this slap be a head...” Li Xiujie was so angry that he wanted to vomit blood.

When is the head?

hey-hey! Xu Ming won't stop pumping endlessly! By the time the draw is over, it will almost stop!

Whoa!

Suddenly, in the distance of this small world, the space surged. A figure came to the small world where Li Xiujie was located through the teleportation channel.

"Huh?" Li Xiujie took a closer look, "Li Hui!"

Li Hui, the king-level genius of the younger generation of the Li family; of course, his status with Li Xiujie in the family is far from impossible!

"You are..." Li Hui couldn't help but startled slightly when he saw Li Xiujie, but he didn't recognize him! —It's not that Li Hui is clumsy, it's that Li Xiujie has long been drawn out of shape!

However, although Li Hui didn't recognize Li Xiujie at the first time, he immediately recognized the applause of "papapapa"! – This kind of inexplicable slap, Li Hui once saw Li Xiujie suffer, so he was very impressed!

Now, seeing this impressive slap again, Li Hui quickly deduced the identity of Li Xiujie from the slap.

"You...you are Brother Xiujie?" Although Li Hui didn't recognize Li Xiujie, he recognized Li Xiujie's "exclusive slap"!

"Nonsense!" Li Xiujie roared angrily, rushed forward and slapped Li Hui, "You are very happy to see Lao Tzu being slapped, aren't you?"

"No! No!" Li Hui cried again and again.

No?

Li Xiujie couldn't judge whether Li Hui said no, but he was actually gloating in his heart.

“Humph!” Li Xiujie snorted heavily.

Snapped! Snapped!

Two slaps, this hum for Li Xiujie, matched the rhythm! – This is a man with a sound effect!

“Li Hui, why are you here? What about the others?” Li Xiujie asked majestically with a slap in the face.

The king-level geniuses who were attached to Li Xiujie, like Pangang and other geniuses, had long since gathered together by means of causal traction; and entered the small world together.

Li Huilian said: “They are all in the nearby small worlds, exploring the layout of these small worlds!”

“Yeah!” Li Xiujie nodded and said again, “What about the ***** emperors who follow me, have you contacted them?”

After entering Wanjie Island, the communication treasures are invalid; if you want to contact a person, you must first meet, and then rely on face-to-face contact.

“I’ve already contacted most of the ***** emperors, and I know where they are now!” Li Hui said.

“That’s good!” Li Xiujie said with satisfaction, “To gather them, I have arrangements!”

clap clap clap...

Rhythmic slaps continued to come from Li Xiujie’s face.

“By the way!” Li Xiujie said again, “Is Wang Kai there? It’s time to let him work!”

Wang Kai was exactly the young man Xu Ming knew of a loyal and good-looking young man.

Chapter 1199: Beg For Robbery

call out-

call out-

Xu Ming's figure passed through one small world after another without stopping at all.

“what?”

The masters watching the battle were a little puzzled: “Why doesn't Xu Ming continue to dig for the karmic stone?”

“Could it be... he doesn't know the location of the other karma stones?”

“It shouldn't be possible, right?”

The masters watching the battle are already used to Xu Ming being able to easily find the karmic stone. Now, Xu Ming suddenly didn't look for the karma stone, but “walked around” there with nothing to do, which made the masters of the master realm somewhat puzzled and surprised.

What is Xu Ming doing?

“Look at Xu Ming's appearance... he seems to be heading somewhere!”

“That's right! I feel that way!”

“Just... Where is Xu Ming going?”

“Huh?” Suddenly, the expression of the Pavilion Master changed slightly, “I see!”

“What do you know?” The other masters were puzzled.

The Pavilion Master of Wan Wan said in a low voice, “According to Xu Ming’s current direction, he only needs to move forward a few small worlds, and then he will arrive... the small world where I hide a lot of karma stones!”

“what!?”

One after another, the masters of the realm immediately guessed: “Xu Ming wants to...”

“It’s very possible!” The face of the Pavilion Master of Wan Wan became more and more gloomy, “Xu Ming is probably too lazy to dig up the karma stones one by one. He probably has his eyes on those piles of karma stones...”

All the great masters of the Dominion Realm were speechless—when other geniuses had difficulty finding even a stone of karma; and Xu Ming, he was too lazy to find it piece by piece!

What is the gap?

This is the difference!

The first place in the fate assessment, is there any suspense?

There seems to be no suspense!

only...

How can these masters of the realm know that Xu Ming’s goal is not to be the first in the fate assessment, but... to contract the top 100!

Whoa!

Sure enough, after Xu Ming entered the small world envisioned by the Pavilion Master, he paused for a while; after recognizing the direction, he went straight to the location of the pile of karma stones.

“Sure enough!” The Pavilion Master of Wan Wan exclaimed, “Next, Xu Ming will probably focus on the piles of karma stones to find it!”

Under the horrified gazes of the masters of the master realm, Xu Ming dug up the pile of more than 300 karma stones hidden by the Pavilion Master of All Things. Then, he went straight to the next stop.

...

Time goes by day by day.

The fate assessment in Wanjie Island is also becoming more and more intense.

Many geniuses have summed up some rules for finding karma stones – after all, karma stones seem to be scattered randomly in small worlds; but in fact, there are still some rules to follow!

Which places have a high probability of appearing karma stones, and which places have a lower probability of appearing karma stones... Gradually, they were mastered by the geniuses in Wanjie Island.

At the same time, the battles between the various factions gradually began to unfold and became more and more intense.

There are constantly large-scale battles taking place in various small worlds.

One genius has fallen; there are many geniuses who were chased and escaped from Wanjie Island and gave up the fate assessment.

And the number of karma stones in Xu Ming’s hands is also soaring rapidly.

Ten thousand yuan!

Thirty thousand!

Fifty thousand!

...

“It’s 100,000!” When the number of karma stones exceeded 100,000, Xu Ming was overjoyed. “I don’t know how many karma stones are there in total if the other geniuses add up – Xiaohang, help me find out!”

Xiaohang immediately replied: “Adding up the other geniuses, there are a total of about 31,000 karma stones!”

“What? So many!?” Xu Ming was slightly startled. “Other geniuses, the efficiency of finding karma stones has also come up?”

You must know that Xu Ming’s goal is to obtain more than 100 times the number of karma stones of all other geniuses combined!

But now, there is only “more than three times”, and it is getting farther and farther from the goal of “hundred times”.

Although half of the more than 30,000 karma stones belonged to geniuses such as Pan Gang, they could be regarded as Xu Ming’s karma stones; however, the number of karma stones in the hands of other geniuses was still far beyond Xu Ming’s “acceptable range”. !

“That’s not possible!”

Xu Ming decided to change the strategic policy! From now on, you have to dig up the karma and “rob” – if you meet other geniuses, you can’t be more polite, just rob!

“Just do it!” Xu Ming made up his mind and continued to move towards the location of the next pile of karma stones.

...

Li Wuyi.

One of the emperor-level geniuses of the Li family.

If it wasn't for Li Xiujie who accepted the mysterious inheritance in the family and was born, then Li Wuyi is definitely one of the most amazing geniuses in the younger generation of the Li family!

It's a pity that under the light of Li Xiujie, Li Wuyi's talent is as inconspicuous as a spark.

"I've collected more than 300 karma stones!" Li Wuyi secretly said, "This number should be in the forefront of all the geniuses who participated in the fate assessment! If you continue to collect, the fate assessment will end. It shouldn't be a problem to squeeze into the top 100 and be promoted to the second link! It's a pity..."

Li Wuyi sighed silently: "Unfortunately, these karma stones must be handed over to Li Xiujie!"

Of course Li Wuyi didn't want to hand it in! He also wants to be amazing, and he wants to be valued by the family! But... does he dare not turn it in?

dare not!

Li Wuyi can be sure that if he dares to hide the karma stone and refuse to hand it in; when the marriage is over, Li Xiujie will never let him have a better life!

"Alas..." Thinking of this, Li Wu let out a long sigh.

Whoa!

At this moment, Xu Ming entered the small world where Xu Ming was through the teleportation channel.

“Huh? Xu Ming?” Li Wuyi didn’t care too much—this was the third time he had met Xu Ming! Every time, he passed by Xu Ming, and no story happened. ,

Sometimes, Li Wuyi even thought – the karmic stone on his body, it is better to let Xu Ming rob it! In this way, it makes him more comfortable than handing it over to Li Xiujie!

I would rather be robbed by Xu Ming than hand it over to Li Xiujie!

But Every time they met, Xu Ming never robbed him, which made Li Wuyi very helpless! – Xu Ming didn’t rob him, could it be possible that he still came up to ask for robbery?

Therefore, the first two times, Li Wu watched Xu Ming pass him with some resentment, but did not rob him.

Now, the third time I met Xu Ming, Li Wuyi no longer “expects” Xu Ming to rob him!

With a silent sigh in his heart, Li Wuyi was preparing to pass Xu Ming once again.

However, at this moment...

“Stop!” Xu Ming shouted violently without warning.

“Huh?” Li Wuyi couldn’t help but light up.

Swish!

Xu Ming teleported, appeared in front of Li Wuyi, and said fiercely: “Do you want karma or death?”

(End of this chapter)

Chapter 1200: Do Not Die

To karma, or to die?

“Damn! Damn!” Li Wuyi took out all the more than 300 karma stones from his body without hesitation, and offered them with both hands, “Brother Ming, your karma stones!”

“Uh...” Xu Ming was speechless for a moment – this genius of the Li family is too spineless, right? Or... my reputation is so great that I am shocked by this genius of the Li family?

However, the other party had already offered all the karma stones, so Xu Ming would not be polite.

“Yeah! Let’s go!” Xu Ming took the karma stone and waved his hand casually.

“Thank you, Brother Ming!” Li Wu ran away as soon as he pulled his legs, and disappeared in a flash.

“Uh...” Xu Ming just wanted to say that this robbery went well beyond his expectations!

Xu Ming originally thought that Li Wuyi would have to resist symbolically anyway, right? Unexpectedly, he didn’t resist at all, and he didn’t struggle at all... This made Brother Ming robbery, which was very boring and had no sense of accomplishment!

...

Resist?

Of course Li Wuyi also thought about it, should he symbolically resist for the sake of the family’s face? However, when he thought of Xu Ming’s brutal methods, Li Wuyi immediately gave up the idea of resisting – he was afraid that if he resisted, he would be beaten into a dog by Xu Ming! After all, Can Tian, Li Xiujie, etc. on the Bloody Sea Battle Stage were all living examples!

The risk of resistance is too great!

Or honestly give in as well!

...

After robbing Li Wuyi, Xu Ming continued on the road of “robbing while digging for karma”.

As for Li Wuyi, he ran non-stop to find Li Xiujie.

“It’s not good! It’s not good! I...I...” Li Wuyi shouted repeatedly when he saw Li Xiujie.

“Huh?” Li Xiujie’s face sank slightly, “What’s wrong?”

Li Wuyi cried, “I met Xu Ming... He robbed all my karma stones...”

“What!?” Li Xiujie’s face suddenly became hideous – his focus was not on the “karma stone” at all, but on “Xu Ming”.

“You said... you met Xu Ming?”

“That’s right!” Li Wu continued.

“Which small world?”

After asking about the small world where Xu Ming appeared, Li Xiujie roared, “Have you arranged everything that should be arranged?”

“It’s arranged!” A younger brother replied immediately.

“Very good!” A sinister smile appeared in Li Xiujie’s eyes, “Quickly ask Wang Kai to come and see me!”

...

Xu Ming had no idea that a conspiracy against him was quietly unfolding.

Of course, even if Xu Ming knew, it didn't matter!

conspiracy?

In the face of Brother Ming's tyrannical and unparalleled strength, a single spear can crush all conspiracies!

Besides, Xu Ming still has the "exploration" to see everything! – As long as he wants to know, what conspiracy can he hide from him?

"Do you want the karma stone, or is it your life?"

"Do you want the karma stone, or is it your life?"

...

In the small worlds, Xu Ming recklessly searched for karma stones. This sentence "Fate or die" has directly become his mantra, and it has become the most spoken sentence by Brother Ming on Wanjie Island.

Whoa!

When entering a new small world, Xu Ming met an acquaintance—the same loyal young man he had met earlier on the banks of the Shensha River.

"It's you!" Xu Ming was still a little impressed by him, knowing that his name was "Wang Kai", and he was supposed to be the enemy of Yehenala's clan! —After all, when Xu Ming first met him, he was being hunted down by the **** emperor of Yehenara clan.

"Brother Ming!" Wang Kai deliberately looked surprised, "I didn't expect to meet you!"

"Yeah!" Xu Ming nodded casually.

Since it was an old acquaintance to meet, Xu Ming didn't bother to rob Wang Kai's karma stone! – Of course, the main reason is that the karma stone on Wang Kai is too shabby, there are only two in total; if it is fifty or two hundred, then Xu Ming can also consider robbing!

Simply put, Wang Kai is not worthy of being robbed by Brother Ming!

After saying hello to Wang Kai casually, Xu Ming was ready to go to the next small world.

“Brother Ming, please stay!” At this moment, Wang Kai suddenly shouted.

“Oh?” Xu Ming couldn't help but look at Wang Kai suspiciously, “Is something wrong?”

“Brother Ming, in the direction I came from, there is a small world with a lot of karma! But...the people who discovered that small world with me were two Yehenala clansmen; I couldn't compete with them, I didn't dare to be an enemy of the Yehenara clan anymore, so I ran away in despair! – I didn't expect that, not long after I ran out, I ran into you, Brother Ming...”

“Really?” Xu Ming couldn't help asking.

Lots of karma? – Xu Ming of course,

want to!

However, Xu Ming always felt that something was wrong with Wang Kai. And... Brother Ming has “exploration” hanging on it. Does Wang Kai have a lot of karma stones in the direction when he came, doesn't he know?

Obviously there are not a lot of karma stones, but Wang Kai said that “there are”! – Xu Ming had to wonder what Wang Kai's intentions were.

“Let's see what he wants to sing!” Xu Ming didn't bother to expose it directly, and he didn't even bother to use “exploration”.

Where did Wang Kai think that Xu Ming could see through him lying at a glance. At this time, Wang Kai pretended to be serious and said, “Brother Ming, let me take you to that small world! With your strength, you can definitely sweep away those Yehenaras. clan!”

Xu Ming smiled meaningfully: “Okay! You lead the way!”

Xu Ming guessed with his toes, and he had already guessed it – obviously, the loyal-looking young man “Wang Kai” in front of him was planning to deal with him!

“Deal with me?”

Xu Ming sneered disdainfully – in Wanjie Island, what kind of strategy can threaten Xu Mingqiang’s strength?

No!

“Brother Ming, please come with me!” Deep in Wang Kai’s eyes, a haze flashed, and then he began to lead the way.

Xu Ming looked at Wang Kai’s back, and thought to himself: “Sure enough, a man who seems to be loyal and good is the most unbelievable! – Let’s play with him!”

Xu Ming is looking forward to it, what is waiting for him in front of him!

However, no matter what is waiting for him, in short... this Wang Kai is doomed!

Do not die! Self-inflicted sin, do not live!

...

Outside Wanjie Island The masters who watched the battle were able to watch the situation of the entire Wanjie Island; so, of course, they could also know the conspiracy of Li Xiujie and Wang Kai.

“Wang Kai actually deceived Xu Ming so easily!”

“This Xu Ming...is it too weak or too arrogant?”

“Li Xiujie has already set up the game and is waiting for Xu Ming! – As long as Xu Ming walks into that small world, he will definitely be gone!”

“Yeah! After all, Li Xiujie has accepted the mysterious second inheritance of the Li family! In terms of strength, he is not even inferior to some junior masters!”

“Look! Let’s see how Xu Ming will die!”
