

A World 1341

Chapter 1341: Born To Be A Great Talent

night.

The candle is yellow.

Xu Ming sat alone on the rattan wood armchair, carefully flipping through a quaint linear book. The title of the book is written on the cover: “Born to be Great Talents”.

This book was bought by Xu Ming in the “Tian Dao Bookstore” when he was in the Star Casting Realm. The main point is that in the endless chaos, some geniuses who have “great talent” at birth!

“It says in the book that people who are born with great talent will have some visions before they are born...” Xu Ming studied carefully, “The most common vision is that the time of pregnancy is extremely long...”

Ordinary mortals are usually pregnant in October.

For gods, the pregnancy cycle will be much longer; but under normal circumstances, it will be within ten years. More than ten years, very few, very few!

but...

Those born with great talent will spend twenty years, thirty years, fifty years, or even longer in the womb!

That is to say... some mortals have passed their lives of old age, sickness, and death, but “people born with great talent” have not even given birth to their mothers!

“Xiao Yin has been pregnant for several years, but her belly has barely grown...” Xu Ming pondered to himself, “If there is no accident, my child is likely to be ‘born with great talent’!”

In Xu Ming's heart, there is a sense of pride.

No matter who it is, when they know that their children are talented, there will definitely be a kind of pride.

"There are also some uncommon visions, such as... the order of heaven is surrounded, time and space are disordered, yin and yang are transformed into chaos, etc. However, I haven't seen other visions in Xiao Yin!"

...

Inside the bathroom.

The blue-red textured wooden barrel of the Chaos Divine Soldier level is placed in the middle of the room.

Luo Qi is red and warm, and the water vapor is misty.

In the wooden barrel, half a barrel of Heaven and Earth Essence Liquid has been placed.

Yin Ran stood by the wooden barrel, removed her robe, took out the small jade bottle that Xu Ming gave her, and carefully poured some Chaos Primal Liquid into it.

Although not many were poured, there were also 100,000 drops of Chaos Primordial Liquid!

If Sage Tianyao, Sage Huangquan, Sage Wushang, Sacred Master, etc. knew that Xu Ming's woman would need 100,000 drops of Chaos Primordial Liquid to take a bath at random; I'm afraid she would vomit blood out of anger!

One by one, their saints, roaming in endless chaos and exploring in the maze of the sky, how many chaotic primordial liquid did they get in total?

The chaotic essence of the entire God's Domain, all added up, I am afraid that it is not enough for Xu Ming's woman to take a few baths!

Immediately afterwards, Yin Ran lightly tapped his toes, and the whole person floated into the wooden barrel like a scattered petal.

“So comfortable!”

Feeling the lingering sensation of the chaotic primordial liquid, Yin Ran couldn't help but closed his eyes and enjoyed it.

hiss... hiss...

A strand of pure energy quietly penetrated into Yin Ran's divine body.

How much energy can be absorbed by taking a bath with Chaos Primordial Liquid actually has a lot to do with aptitude! And Yin Ran...is a chaotic constitution!

When the chaotic constitution meets the feast of chaotic primordial fluid!

Yin Ran's divine body just got used to these incomparably pure energies a little bit, and then, without any secret skills from Yin Ran, the divine body naturally began to frantically absorb chaotic energy!

And Yin Ran's cultivation level has soared rapidly!

At the same time, Yin Ran's stomach also reacted!

“Huh?” Yin Ran was slightly startled—she found that the baby in her belly seemed to like these pure energy!

With this discovery, Yin Ran suddenly stopped absorbing himself, and instead passed all the pure energy into his belly!

What shocked her was that the baby in her womb was like a bottomless black hole! No matter how much pure energy poured in, there was no sign of “fullness” at all.

Yin Ran couldn't help but feel a little stunned: "My baby can eat so much before being born. If it is born..."

Yin Ran has a faint feeling of "can't raise a baby"!

However, how does Yin Ran know that in the endless chaos, when those "born to be great talents" are still bred, they will have the best resources to cultivate them, and they will hardly even use the Chaos Primordial Liquid. Kind of "low-end goods"!

Really use the most perfect way to cultivate a "born to be a great talent"; even a force like the Hengzhou auction house can't be cultivated at all!

And the more perfect the way of training, the more terrifying the talent of the children born!

It's just... Xu Ming and Yin Ran didn't know these secrets at all.

Like Xu Ming, he was actually a little depressed. Why didn't his children have rare phenomena such as "encircled by the order of heaven", "disorder of time and space", and "chaotic yin and yang"! However, he didn't know at all that it wasn't that the child's talent was not good, but... he didn't provide enough "nutrition" for the child!

In the entire endless chaos, I am afraid it is difficult to find "born great talents" with poor nutrition!

Now, for the first time, Yin Ran has absorbed so much pure energy, and the child who has been "hungry" for so long will of course "eat"!

And this "eat"...

boom!

In just a moment, countless visions appeared around Yin Ran!

The nine heavenly ways and the four major orders all surround Yin Ran in unison, revolving in an extremely mysterious trajectory!

The time within this range seems to have also changed! Sometimes it becomes very fast In the blink of an eye, several days have passed by Yin Ran;

The power of chaos is also by Yin Ran's side, and it is divided into Yin and Yang; it constantly creates and disappears...

"What's wrong!?" Xu Ming was reading a book in another room and felt something abnormal on Yin Ran's side, so he rushed over immediately like a conditioned reflex.

When he rushed over, Xu Ming was shocked!

"The order of heaven surrounds!"

"Time and space are confused!"

"Chaos turns Yin and Yang!"

...

And all kinds of other anomalies!

As long as Xu Ming saw it in "Born to be a Great Talent", at this moment, it all appeared beside Yin Ran!

Even some unrecorded visions have emerged at this time!

"This...this..." Even Xu Ming was stunned!

At this moment, he was extremely sure that his child was very, very... amazing!

At the same time, Xu Ming also noticed that the Primal Chaos Liquid in the barrel was rapidly consuming!

Xu Ming reacted immediately: “This child needs a lot of energy!”

Without hesitation, Xu Ming directly filled the wooden barrel with Chaos Primal Liquid!

...

Time passed.

Half a month later, the vision on Yin Ran’s body gradually began to dissipate.

Xu Ming knew that this should be a sign that the child was “full”.

“It’s terrifying...” Even Xu Ming was so shocked that he couldn’t help himself. “Before you were born, you ate tens of millions of drops of Chaos Primordial Liquid...”

...

At this time, the sky above the Yanyan Divine Mountain.

Xu Ming didn’t know that... The Asura Saint has quietly descended here.

Chapter 1342: Killing Intent

Thousands of clouds churned.

The Asura saint stood proudly above the endless sky, overlooking the Yanyan Mountains.

Although the entire mountain range stretches for hundreds of millions of miles, with the power of a saint, it can be destroyed and destroyed with one palm.

Sage Shura’s eyes flickered, not knowing what he was thinking.

“I didn’t expect... I came to Yanyan Sacred Mountain in person so quickly...” Saint Asura muttered to himself without thinking.

Then, gradually, the Asura sage’s eyes showed a fierce light: “Xu Ming has probably died in the ‘destruction’ of the world of thousands of calamities! Humph! This ant dares to offend me again and again; this Yanyan Sacred Mountain, is his foundation – I will destroy this place, and if I want to mist them, I have nothing to say!”

At that time, Sage Shura had been outside the World of Myriad Tribulations and had been guarding Xu Ming for a long time, but he never saw Xu Ming come out. Therefore, he felt that Xu Ming had probably died in the annihilation of the world of ten thousand tribulations.

But even so, the hatred of the Asura sage towards Xu Ming was difficult to quell! Even now, they want to destroy the Yanyan Sacred Mountain and take revenge on Xu Ming.

“Humph! That Lu Qing, who is known as the ‘Master of Yan Yan’, is not bad!” The corner of the mouth of the Asura sage evoked a sinister smile.

Immediately afterwards, Sage Shura’s expression turned cold, and his right palm rolled directly towards the mountain range below.

rumbling...

The endless chaotic energy condensed into a huge palm that was hundreds of millions of miles in size, directly covering the entire sky above the Yanyan Mountains.

The entire mountain range was suddenly plunged into darkness.

The giant palm crushes, unstoppable!

boom!

The mountain protection formation, under the crushing of this palm, instantly shattered!

And the power of a palm, with almost no attenuation, continued to roll down towards the bottom.

Sage Shura looked indifferent and ignored everything: “A group of humble beings, if you want to blame, you and Xu Ming are the same power! And...you happen to live in such an important place as the Yanyan Mountain...”

...

now.

Xu Ming was shocked that his unborn baby actually “eaten” tens of millions of drops of Chaos Primal Liquid.

Suddenly, Xu Ming’s face changed suddenly.

“What’s wrong?” Yin Ran also noticed the abnormality, which made her heart palpitate and panic as if the world was destroyed.

“Stay here and don’t move, I’ll go out and have a look!” Xu Ming left behind two avatars, Qi Yunliu and Tiandao Liu, while his ancient cultivator avatar rushed out.

“Huh?” Seeing the endless chaotic airflow above the sky, condensed into a giant palm and rolled over, Xu Ming’s color suddenly changed, “It’s a saint!”

From the breath of this palm, Xu Ming instantly recognized the identity of the person who came.

“Saint Asura!” Xu Ming was instantly furious and full of murderous intent!

He didn’t expect that the Asura saint would actually kill the Yanyan Sacred Mountain!

“court death!”

Although, in Xu Ming’s view, the power of this palm is not very terrifying; however, this is just not very terrifying to Xu Ming!

If Xu Ming is not there, or if Xu Ming's strength is still before going to the Star Casting Realm, then this palm will be enough to destroy the entire Yanyan Divine Mountain!

This makes Xu Ming, how can he not be so angry! ?

“roll!!”

Xu Ming clenched his iron fist tightly, breaking through the sky!

call out-

The fist light instantly turned into a golden light, shooting through hundreds of millions of miles of void; like a golden needle, it pierced the chaotic giant palm of the Asura saint.

Saint Asura pressed down this palm with incomparable confidence and indifference. How could he have imagined that such a powerful force could be hidden in the Yanyan Divine Mountain!

Unprepared, Xu Ming's punch slammed directly into the face of Sage Shura!

boom!

The entire face of Sage Shura was distorted and deformed; the entire divine body was instantly blasted hundreds of millions of miles away.

Moreover, Xu Ming's punch, seemingly simple and crude, actually contains the mystery of shattering the void. With a punch, the chaotic giant palm condensed by the Asura saint was shattered inch by inch, and it was directly annihilated into nothingness.

At this time, Sage Asura saw clearly, a cold and arrogant figure standing in the void.

Sage Shura looked at him in disbelief: “Xu...Xu Ming? Boy, you're not dead yet!?”

However, what shocked Saint Asura even more was undoubtedly Xu Ming's strength!

Sage Asura thought in horror: “Although I just shot at random, I didn’t show much strength at all; although I was unintentional, I was blasted hundreds of millions of miles by his punch... But no matter what, this kid can break through my attack and blow me away; his strength has definitely reached the level of a saint! Even... he may not be weaker than me!”

Sage Shura guessed right! – His strength is the fourth rank of saints; and Xu Ming’s strength is also the fourth rank of saints! Certainly not weaker than him!

“What happened to this kid... How did he grow into such a situation!?” Sage Shura couldn’t imagine, “Could it be... He encountered a ‘time quagmire’ in the endless chaos, and practiced in it for hundreds of millions of years. ?”

Endless chaos, there are many places where time and space are disordered!

Occasionally, there will be some time quagmire, hundreds of millions of years have passed in it, and the outside world may only have passed a year or two!

Of course, if you are stuck in the quagmire of time, it is not necessarily a good thing! After all, in the quagmire of time, even time can be annihilated; even if a saint falls into it there is a risk of falling!

Therefore, when the saints are roaming in the endless chaos, once they encounter the quagmire of time, how far are they and how far they hide; so as not to be involved, life and death are no longer under their control.

But now, Sage Shura saw that Xu Ming’s strength had skyrocketed, and naturally he couldn’t help but suspect that Xu Ming had been caught in the quagmire of time, so that he could grow so fast!

“Humph!” Xu Ming ignored Sage Shura’s shock; his face was as cold as frost, his spear was already in his grip.

No nonsense and no need for nonsense!

Now, Xu Ming has only one word in his heart – kill!

Swish! Swish! ...

While the space was still stable, he could teleport; Xu Ming teleported a few times before he arrived in front of Saint Asura.

“The Five Forms of Reincarnation... Residual Blood!”

Once shot, it is the most powerful killing move!

With one shot, the order of space is instantly annihilated, and the word “space” almost loses its meaning!

“Death!!” Xu Ming’s whole body was full of killing intent – if Sage Asura was coming directly at him, then Xu Ming probably wouldn’t have such a strong killing intent; Yes, this touches Xu Ming’s inverse scale!

You must know that Yin Ran, Lu Qing, and many of Xu Ming’s weak friends can live in the Yanyan Mountain!

This is Xu Ming’s home in God’s Domain!

But now, the Asura saint came to destroy Xu Ming’s home; how could Xu Ming suppress his killing intent?

kill! kill! kill!

“What!?” Sage Shura was shocked – he already felt that the power of Xu Ming’s shot was stronger than his full blast!

“The fourth-order saint! And it is the top existence among the fourth-order saints!” The Shura saint looked at Xu Ming as if he were looking at a monster. However, he had no time to be distracted at all, and hurriedly defended the shot with all his might.

Chapter 1343: Desperate!

boom!

Sage Asura defended with all his strength, but he didn't dare to confront him at all!

As soon as the two sides came into contact, Sage Shura immediately flew back. However, Xu Ming's shot still had a lot of power released on the body of the Asura saint; the retreating Asura saint was directly blown away for hundreds of millions of miles!

At the level of a saint, the distance of hundreds of millions of miles seems to be within easy reach.

Xu Ming manipulated the space and chased after Saint Shura in a few steps, with another shot!

"The Five Forms of Reincarnation... Take a photo!"

Since you can dodge well, Xu Ming will use the fastest photo to force you to fight!

At this time, Sage Asura has recovered from the original shock!

"Humph!" Sage Shura sneered, "Xu Ming, I admit that your strength is indeed slightly stronger than mine! But... the same fourth-rank saint, am I still afraid of you!?"

Sage Shura is also an existence that has been at the peak of the gods for hundreds of millions of years, so how could he be easily frightened by Xu Ming! He took advantage of the buffer just now to quickly adjust his fighting state, and attacked Xu Ming with a sword!

"I, the Asura saint, prove the Dao with killing! With attacking attacking, am I afraid of you!?"

boom!

With a single sword, the order of heaven will be annihilated, and all methods will return to chaos!

The power of this sword is obviously stronger than Xu Ming's "photographing style"!

However... Xu Ming has no intention of defending!

“Huh?” Sage Shura was overjoyed, “How dare you be so arrogant and not defend? Then you really think your life is too long!”

However, when the sword hit Xu Ming, Saint Asura’s expression changed drastically!

“what!?”

Saint Asura even felt that Xu Ming’s divine body seemed to be stronger than the Chaos Divine Weapon in his hand! A sword smashed the past, Xu Ming’s divine body did not move at all, but his palms ached because of the shock!

Can’t chop!

Also shocked!

How to fight such a battle?

“How can it be so tough!?” Saint Asura couldn’t believe that he had never encountered such a “tough” opponent!

It’s actually quite normal...

You must know that the “Level 5 Defense Inscription” can directly weaken the attack of the saint level by 90%! Although Sage Shura is a fourth-order saint, his attack has been weakened by 90%, and he has become powerless!

Moreover, Xu Ming also has the top-level Chaos Divine Armor “Chaos Star Clothes”!

The attack of the Asura saint fell on Xu Ming, and he didn’t even have a 10% formidable power. What kind of threat could it pose to Xu Ming?

At this time, Xu Ming’s attack has arrived!

Photoshoot!

The fastest, weakest attack!

The attack is weak, but... Saint Shura's defense is even weaker!

You must know that Sage Shura does not have the armor of Chaos Divine Soldier, nor does he have a "defense inscription" like Xu Ming. Therefore, the power of this gun is almost 100%, without omission, on the body of the Shura saint!

Moreover, Xu Ming's strength is even stronger than that of Sage Shura!

How can this gun be so good?

"puff!"

Saint Asura spewed out these golden blood directly with a mouthful of golden blood. In fact, it was the countless particles destroyed by Saint Asura!

With just one shot, Sage Shura was slightly injured!

"What!?" Sage Shura was so frightened that he didn't dare to continue fighting!

You must know that the fight between saints, but between electric, light and flint, will collide thousands of times!

Now, with a single shot from Xu Ming, Sage Asura was slightly injured; doesn't it mean that Sage Asura could be slightly injured thousands of times in the blink of an eye?

Sage Asura can't be hurt!

"escape!"

After feeling that he could not defeat Xu Ming, Saint Asura turned around and ran away without any hesitation!

And Xu Ming, without any hesitation, went after him directly!

Asura saint, must die! !

boom

The combat power of the two saints was at full speed, and the spatial order was annihilated around them.

One chase, one escape, hundreds of millions of miles in a blink of an eye!

...

In the Yanyan Mountain, many gods still haven't reacted.

"What just happened?"

"I don't know... But, the power just now was really terrifying! I almost fell to the ground in fright!"

"what happened?"

The Yanyan Sacred Mountain used to be only an emperor-level force, and most of the gods were only silver-moon-level power. Even now, Lu Qing's strength has soared, and Xu Ming is in charge; however, the strength of other gods has not improved much in a short period of time!

Therefore, the arrival of the saint is really impossible for the gods of the silver moon level and the king level to react at all!

After all, the sage shot, the speed is too fast!

When Sage Shura's giant palm rolled down, they only felt that the sky was pitch black for a "moment".

Yes, it's just a very short "moment", so short that these silver-moon-level and king-level gods can hardly react! It was even more impossible to realize that this extremely brief moment of darkness almost destroyed the entire Yanyan Sacred Mountain.

And in the "next moment", these gods saw an incomparably dazzling golden light piercing the sky and breaking through the darkness. However... the gods of the silver moon level and the king level were also unable to realize it. , How terrifying this golden light is!

How powerful is the attack of the saint level, it is beyond the imagination of these ordinary gods!

In the next moment, these silver-moon-level and king-level gods only felt that above the endless void, the space was crazy and riotous; the whole sky was about to be overturned...

After these three moments, everything returned to calm, as if nothing had happened!

Even these ordinary gods don't even know what happened!

This is the battle of the saint level! Between lightning and flint, destroy the sky and destroy the earth!

...

In the entire Yanyan Mountain, only Lu Qing and Yin Ran knew what happened.

Lu Qing hurried to Xu Ming's residence.

Xu Ming's Qi Luck clone came out from the back room.

"Is it the Asura saint?" Lu Qinglian asked.

“Yeah!” Xu Ming’s face was ugly, “I guess the Asura Saint thought I was dead and wanted to destroy our Yanyan Sacred Mountain!”

Lu Qing said in fear: “It’s good you’re here! Then now...?”

Although Lu Qing sensed that it should be Sage Asura coming, but in the brief moment of lightning and flint, she couldn’t judge what the battle between Xu Ming and Sage Asura was like.

“Saint Asura, I have already killed him!” Xu Ming said coldly.

“Ah!?” Lu Qing’s eyes widened, “Kill... ran away?”

Lu Qing also thought that Xu Ming could lead Sage Asura away and escaped, it would be very good; how could he have thought that Xu Ming would kill Sage Asura! And... in such a short moment!

Doesn’t that mean that Xu Ming’s fight against Sage Shura was completely “crushing”?

“Yes!” Xu Ming said, “I’m chasing him now! Don’t worry, Saint Asura, he will die!”

Chapter 1344: Chase

Tobu County. Apex Novel is the fastest update

It is a prosperous county in the Yanyan Continent, completely controlled by the ancient “Tongwu Family”.

At this time, in Tobu County, on an unknown island, the Tobu family’s clan ceremony is being held.

In the center of the isolated island, a black stone monument more than a hundred miles high stands majestically and imposingly.

In front of the stele, an elder in gray robe was proudly speaking: “This stele was left by the ancestor of our Dongwu family, ‘Tongwu Yasheng’! Although the ancestor has unfortunately died in the

endless chaos before the endless years. The depths; however, this stone monument has been left behind, it is the totem that guides our Tobu family forward!”

The gray-robed elder looked at the teenagers below: “You are all my Dongwu family’s hope for the future! Now, you all come forward in turn to attack this stele; whoever performs best may be left by the ancestors. bestow!”

At this time, a boy in black with a resolute face couldn’t help but ask, “Elder, what if I accidentally destroy the stone tablet?”

The gray-robed elder looked over and saw that he was the most talented “Dongwu Xun” among the young people in the family. He couldn’t help but smile and said, “Destroy the stone tablet? Haha, the stone tablet left by the ancestors has existed for endless years; don’t Saying that it is you, even if you exist in the Dominion Realm, you can’t even shake this stone tablet! Even a saint, if you want to destroy this stone tablet, I am afraid it will take a lot of effort!”

“hiss”

The ignorant teenagers below all took a deep breath.

Saints, in the minds of ordinary gods, that is the supreme existence! Now I heard that even the saints have to spend a lot of effort to destroy the family inheritance monument; the ignorant teenagers suddenly “unconsciously aware”.

In the hearts of each young man, the sense of honor and pride of the family is spontaneously born.

“Yeah!” The gray-robed elder was very satisfied with this effect. He said so much, but it was actually a form of brainwashing, in order to cultivate the loyalty of the younger generation of the family.

Sudden

rumbling rumbling...

At the end of the sky, the space is torn apart.

The huge and hideous black space crack is like a terrifying centipede crawling in the sky!

“what!?”

“what happened!?”

The Tobu clan all showed infinite horror on their faces.

In a flash, they saw that the terrifying space crack spread to them in an instant.

At this time, the gray-robed elder discovered that a super existence was standing on the inheritance monument of their family.

“Huh!?” The gray-robed elders were immediately angry and anxious to inherit the monument, but the glory of their Dongwu family! And now, Glory is being trampled underfoot like this?

Simply deceiving!

Then, in the next instant, a gun shadow rolled down from the sky; it traversed the sky and suppressed the universe!

The gun force seemed to crush the whole world!

“This is...?” The gray-robed elder just had time to react, and this gun shadow has already arrived! The target of this shot is the super existence who stepped on the glory of the Tobu family!

Swish!

The gray-robed elder only felt that his eyes were blurred, and the super existence on the inheritance monument had disappeared.

“Huh?” The gray-robed elder suddenly felt a panic in his heart. The super existence disappeared. Where would this terrifying shot that was beyond his comprehension hit?

Undoubtedly, smashed to the inheritance monument of their Tobu family!

really...

boom! !

With one shot crushed, the heritage monument more than a hundred miles high was smashed to ashes in an instant!

Fortunately, the control of this gun is very strong! In addition to destroying the inheritance monument, there is no leakage of energy; otherwise, the surrounding people of the Tobu family will suffer!

This devastating shot naturally came from Xu Ming!

After the shot was fired, Xu Ming did not hesitate to continue chasing down Saint Xiang Shura.

As soon as they chased and fled, the space was torn apart wherever the two passed; the terrifying crack in space spread to the extreme distance of the sky...

Only the clansmen of the Tobu family were left, standing on the isolated island stunned: "The family inheritance monument, just like this... gone?"

"Didn't you say that even a saint, if you want to destroy the inheritance monument, it will take a lot of effort? Why... that super-existence just shot the inheritance monument to..."

Everyone from the Tobu family was dumbfounded and at a loss.

"It's so strong..." The black-clothed boy named "Dongwu Xun", but his thoughts were still stuck on Xu Ming's shot just now, "This monstrous spear intent, if I can comprehend a little bit of fur, it will be enough to traverse the realm of the gods. !"

In the eyes of young Tobu Xun, the shadow of the gun did not dissipate for a long time; and the corner of his mouth unconsciously evoked a knowing smile of "sudden realization".

...

Xu Ming and Sage Asura chased and fought all the way; wherever they went, the sky was torn apart.

Soon, the battle between the two would span half the Yanyan Continent!

“Xu Ming!” Sage Shura’s popularity was fading, “I won’t fight you anymore, you’re still chasing!?”

Xu Ming just said indifferently: “Today, you must die!”

Xu Ming and Sage Asura, making such a big noise, naturally alarmed the other saints in the God Realm.

“What’s wrong?”

“What happened to Yanyan Continent?”

“what happened?”

One after another tyrannical consciousness spanned the entire Divine Realm and looked in the direction of the Yanyan Continent.

“Xu Ming? Shura?”

Ethereal Saint, Frost Saint, Holy Master, etc., all looked at the center of the battle fluctuations in surprise.

“Xu Ming didn’t die?”

“It was actually the battle between Xu Ming and Shura? Besides, there was such a big commotion!?”

“No! It’s Xu Ming who is chasing Shura! Shura has been running, and he doesn’t dare to fight against Xu Ming at all!?”

After seeing the situation of the battle, the saints were all stunned. They couldn’t believe that Xu Ming was able to chase after the Asura saint!

“How could Xu Ming’s strength be... so strong!?” All the saints were completely incomprehensible.

Of course, this is not the first time that the saints have been unable to understand Xu Ming! Because Xu Mingqiang is too unbelievable, all the saints have gradually become accustomed to this kind of “incomprehension”!

If they can understand Xu Ming’s strength, maybe they will not be used to it!

...

Seeing the consciousness of each sage “look” over, sage Shura’s face became more and more ugly. Xu Ming chased and killed him and ran away like a lost dog, which has made him very shameful; now, so many saints have seen his ugly state again. , Sage Shura just wanted to say, “I’m shameless!?”

“Xu Ming! Don’t push people too hard!” Sage Asura roared.

“Forcing you, so what!?”

boom!

The long spear rolled over again mightily.

This time, Saint Misty, Saint Frost, etc. all saw Xu Ming clearly, they were really chasing Saint Asura!

“Damn it!” Sage Shura’s face turned fierce.

This time, he no longer fled inside the God's Domain, but flew directly towards the dome of the God's Domain, which is the direction of endless chaos!

That's right, Sage Shura intends to escape into endless chaos!

Chapter 1345: Too Much Maze

God's Domain, in the endless chaos, is just a very ordinary chaotic world.

At the edge of God's Domain, the time and space where God's Domain is located is at the intersection of endless chaos; the vast and endless power of chaos is like a huge weaving machine, weaving the order of heaven and everything in the world.

puff!

puff!

Two imposing figures, faster than light, broke through the membrane wall of God's Domain and rushed into the endless chaos.

Just like two small fish, leaping into the vast ocean.

“The Five Forms of Reincarnation... Heaven Collapsing!”

Xu Ming rolled up the power of chaos for hundreds of millions of miles with one shot, and smashed at the Asura saint in anger.

Sage Shura's eyes were splitting: “Xu Ming! In the endless chaos, there are dangers everywhere; roaming in the chaos, who is not careful? – You are messing around here, and once you are in danger, neither of us will want to live!”

Nobody wants to live?

Then die together!

Anyway... For Xu Ming, even if he is in danger of falling, it is just the loss of an ancient cultivator clone! Moreover, Xu Ming was able to re-condense a clone immediately; it could almost be said that there was no loss.

But for the Asura saint, that is the real death of the body!

Therefore, in this chase, Xu Ming can come as he wants! Even in the endless chaos and dangers, he still dared not to restrain himself.

boom!

boom!

Xu Ming wielded a long spear, stirring the surrounding chaotic energy into a chaotic frenzy.

Swish! Swish! Swish! ...

One after another, the saints also followed into chaos.

However, the Misty Saint, Frost Saint, etc., did not dare to leave God's Domain too far, but just stood on the edge and watched the battle in the distance. After all, the saints still have the responsibility to stick to the realm of the gods; if they leave too far, once the holy master attacks other continents, they will not even be able to return to defense.

"Xu Ming, this lunatic..."

The saints watched the battle in the distance in shock.

"Fighting in endless chaos, how dare you be so arrogant..."

"Does he think that he is the existence of Chaos Realm?"

Only the existence of Chaos Realm can ignore the many crises in the endless chaos and run rampant! Saint level, roaming the endless chaos, all have to be careful.

boom! boom! boom! ...

As the chase went on, Xu Ming and Sage Shura walked further and further in the endless chaos. Gradually, it has even left the vision of the saints.

The saints looked at each other in dismay: “They are afraid that they will soon be killed outside the ‘land of one world’!”

The land of a realm is the length of a chaotic world; it is a way of measuring distance in endless chaos.

“When two tigers fight each other, one must be injured!” All the saints sighed, “Xu Ming and Shura, no matter who falls in the end; our God Realm will lose a saint-level combat power!”

“Why did the two of them fight?”

“I do not know...”

“Asura is also true! It’s so good, why do you want to run into the depths of endless chaos? Otherwise, we can still persuade us to fight; in this way, we don’t even have the chance to fight!”

“I don’t know, who can come back alive from the endless chaos...”

“It’s hard to say—Looking at his strength, it seems that Xu Ming is stronger! However, Shura is more familiar with endless chaos, maybe he will deliberately introduce Xu Ming into some dangerous places!”

“Looking at the direction they are leaving, it seems to be... too heavenly?”

...

The sky is lost, and it is far from the “land of ten realms” in the realm of the gods!

The entire maze is larger than the entire Divine Realm; it is hard to imagine what kind of great existence can create such a maze!

How terrifying is the speed of the saint?

Xu Ming chased and killed all the way, and before he knew it, he was already close to the Taitian Maze!

“This is...” Xu Ming looked at the unimaginably large behemoth in the chaos in front of him in horror, “Could this be the Mysterious Formation? It’s too... big, isn’t it?”

boom-

Sage Shura rushed directly towards the Taitian Maze, while still roaring: “In the Taitian Maze, there are countless crises! Xu Ming, if you have the guts, you can continue to chase and kill me in the Taitian Maze!”

Countless crises?

Xu Ming just sneered in disdain – he, an ancient cultivator clone, is not afraid of death at all; even if he perishes with the Asura saint, it doesn’t matter, the big deal is to reunite the clone!

Under such circumstances, what “innumerable crises” would Xu Ming be afraid of?

“kill!”

boom!

boom!

Two figures, one after the other, fell into the maze of the sky.

“It’s really a lunatic!” Sage Shura glanced at Xu Ming who was following him, and a cold light flashed in his eyes.

You must know that Saint Asura has obtained the “Star Map of the Beginning”; therefore, he also has a lot of understanding of some dangerous places in the Infinite Mystery Array.

Saint Asura was planning to use these dangerous places to kill Xu Ming!

But... what Saint Asura can think of, how could Xu Ming not think of it?

Therefore, after entering the Taitian Maze, Xu Ming no longer rampaged, but closely followed the footsteps of the Asura sage! How does the Asura sage go Xu Ming also walks the same way; absolutely do not follow the path that the Asura sage has not walked!

“Hmph! Really cautious!” Sage Shura sneered and said to himself, “It seems that it takes a lot of effort to deal with this kid!”

In the chaos of the sky, the illusion is blurred, which seems to be real and virtual.

Flying in it is like wandering in a dream.

Xu Ming couldn’t help but be a little curious: “What is the purpose of that unknown super-existence who built this supernatural formation near God’s Domain?”

Xu Ming couldn’t figure it out.

“Huh?” Suddenly, Xu Ming saw that in the illusory not far away, there was a chaotic divine weapon lying quietly.

However, Xu Ming saw that Sage Shura was bypassing this chaotic divine weapon directly.

“It’s a little weird! I’ll go around too!” Xu Ming had long heard that there were treasures everywhere in the chaotic formation of the sky; however, since Sage Shura deliberately went around, Xu Ming definitely wouldn’t go up to pick up this treasure.

Of course, there is another reason... Even if a mere Chaos Divine Weapon is placed in front of Xu Ming, Xu Ming may be too lazy to pick it!

After all, with Xu Ming's financial resources, even if he throws a hundred or eighty pieces of Chaos Divine Weapon, he will not feel distressed; how can he pick such a piece of garbage?

“Oh?” Sage Shura was a little surprised, and couldn't help sighing, “I didn't expect this kid to be able to withstand the temptation of the Chaos Divine Weapon?”

It's just, how could Sage Shura think that Xu Ming didn't withstand the temptation, but a chaotic weapon, for Xu Ming, there was no temptation at all!

Xu Ming continues to hunt down...

Whoa!

Suddenly, Xu Ming felt his eyes lit up, all the illusions disappeared, replaced by endless lights up and down in all directions.

However, in this endless light, there is a small black spot that is inconspicuous.

Chapter 1346: Wanjie Hegemony System

“here...?”

Although Xu Ming entered the Taitian Maze for the first time, he also talked about the Taitian Maze when chatting with Sage Tianyao and Guisuo Zhunsheng. Xu Ming still understands some of the special features of the matchup.

Therefore, as soon as he entered this endlessly bright world, Xu Ming immediately became vigilant: “Here... it should be the edge of the most dangerous ‘dark domain’ in the terrifying maze!”

The Dark Domain is the center of the entire Taitian Mystery Formation, and it is also the most dangerous place! Because... as long as they fall into the dark realm, no one can come out!

Moreover, no one knows what is in the dark realm. Even if a saint with a clone sends a clone into it; then, the maintenance between the clone and the deity will be blocked immediately, and there is no way to know anything in the dark realm.

“Where is the dark realm?”

Xu Ming immediately looked for it, his eyes quickly locked on the inconspicuous little black spot in the endless light.

This little black spot is a thousand or ten thousand times smaller than dust, and it is very far away from Xu Ming; however, Xu Ming’s perception is so amazing, he naturally found it immediately.

“That’s the dark realm!”

Don’t look at this as just a small black spot, but you must know that for those super beings in the endless chaos, space has long been meaningless!

Even space is meaningless, so what’s the point of “size”?

A speck of dust can naturally be larger than a single world!

even...

In the endless chaos, there are even more terrifying super existences! Before them, time has lost its meaning; a moment, eternity!

Of course, these incredible methods are difficult to understand under the chaotic realm!

Just as Xu Ming faced this little black spot “Dark Domain”, he couldn’t understand what kind of method this was.

Of course, Xu Ming doesn’t need to understand either; as long as he knows, stay away from the dangerous dark realm, that’s it!

Swish!

The Asura Saint, who had fled wildly, suddenly stopped, with a hideous expression on his face.

“Oh?” Xu Ming looked at the other party, and secretly said, looking at this posture, does Saint Asura want to fight back?

“Xu Ming!” Sage Shura sneered, “Do you know why I brought you here?”

“You did it on purpose?” Xu Ming narrowed his eyes slightly.

“What do you think?” Sage Shura sneered, “If I kill you in the realm of the gods, then Miu Miu will definitely stop me! However, when we get here, no one will stop me, and no one will be able to save you!”

Xu Ming watched with great interest—it seemed that the Asura sage had some hidden cards, which was more difficult to deal with than he imagined!

However, Xu Ming was not worried at all. After all, no matter what his trump card is, he can't be stronger than Xu Ming's trump card!

Saint Shura continued: “Originally, I thought that with the help of those dangerous places in the maze of the sky, I could take care of you! I didn't expect you to be very timid, follow my path closely, and refuse to take a step. Wrong! Since this is the case... I have to show a little strength!”

The voice just fell...

boom!

Xu Ming felt that the aura of Sage Shura was skyrocketing! It was as if a gate had been opened in the body of Saint Asura, and his strength soared rapidly!

“Huh?” Xu Ming was a little shocked, “Saint Asura, actually hides such a trump card!?”

Xu Ming thought that Sage Asura should be the weakest among the saints in the God Realm; now, Xu Ming found out that he underestimated Sage Asura!

In an instant, Sage Shura's momentum skyrocketed.

“kill!”

Saint Shura came directly, his eyes cold.

“Xu Ming, I know, you still have a clone; but your clone is definitely not that strong, right? – I will kill your divine body first, and then I will find an opportunity to kill your clone as well!”

boom!

In the blink of an eye, the Asura Saint has already been killed!

“The Five Forms of Reincarnation... Grinding Disc!” Xu Ming did not dare to be careless, and directly displayed the strongest defensive secret technique!

boom!

The “grinding plate” has already helped Xu Ming offset most of the impact. With the addition of the “Level 5 Defense Inscription” and the Chaos Divine Armor, the power finally transmitted to Xu Ming is very little.

but...

Under this move, Xu Ming was still slightly injured!

“What!? It can actually hurt me!?” Xu Ming was shocked, “This Asura saint, I am afraid he has the combat power of a sixth-order saint!”

If it is only the fifth rank of saints, although Xu Ming can be suppressed, it will definitely not hurt Xu Ming!

“The sixth-order saint is already a very strong existence among the saints of the gods...”

Once, the two strongest saints in the Divine Realm were the Sage Wudi and Sage Tianyao. But now, Sage Wudi has fallen into the dark realm, and his life and death are unknown; and Sage Tianyao, because of the practice of “Indestructible Demon Body”, his divine body collapsed.

So now, most of the saints in God’s Domain are only the fourth- and fifth-rank saints. Asura sage suddenly showed the strength of “sage sixth-order”, which naturally shocked Xu Ming Hahahaha... Want to kill me? You die first! “Saint Asura’s attack became more and more frantic.

boom! boom! boom! ...

After a few rounds...

“It can’t go on like this!” Xu Ming felt that the divine body was a little weaker, and he couldn’t help thinking, “Keep fighting, my ancient cultivator clone is really going to be damaged here!”

After thinking about it, Xu Ming decided to activate a plug-in function – the Ten Thousand Realms Hegemony System!

Ten Thousand Worlds Hegemony System: Encourage hosts to build up forces and compete for the hegemony of all worlds! The host will enjoy the “power bonus”, and every loyal subordinate in the power will provide the host with a strength bonus of up to 1%. The specific bonus ratio depends on the loyalty of the subordinates, and the maximum is 1%!

Because the Wanjie hegemony system needs to charge an “annual fee”, and Xu Ming did not have many subordinates before; therefore, Xu Ming has always been reluctant to enable this function.

However, Xu Ming returned from the Star Casting Realm and made a lot of money; if he opened the “Ten Thousand Realms Hegemony System”, he naturally opened it casually, and he would not feel distressed at all.

Moreover, the slaves that Xu Ming purchased in the Star Casting World, although they succumbed to Xu Ming out of desperation, they can still provide Xu Ming with some “power bonuses”!

“Xiaohang, open the ‘Wanjie Hegemony System’!”

“Yes!”

The Wanjie hegemony system is instantly activated!

boom!

The momentum on Xu Ming’s body also skyrocketed in an instant; it’s just that it didn’t rise as much as Sage Shura.

“The fifth-rank saint!” Xu Ming felt his own strength.

Although his strength is not as good as that of Sage Asura, with Xu Ming’s defense, Sage Asura would never want to hurt him again!

“His attack will hardly hurt me again; but my attack is a threat to him!” Xu Ming’s eyes froze slightly, and he decided to consume Sage Shura!

Chapter 1347: Plunged Into Darkness

What’s wrong with the lower level of strength?

It still consumes you!

...

Xu Ming started a very “rogue” tactic again, relying on his invincibility to defend himself, and sticking to the Asura saint; and once the Asura saint showed any flaws, he would immediately attack him!

Although Xu Ming is only the fifth-rank saint, and the Asura saint is the sixth-rank saint, but after the fight, Xu Ming was unscathed, but the Asura saint was injured a lot.

“You...” Sage Shura was angry and annoyed. Suddenly, there was a hint of cunning in his eyes, “Since I can’t kill you, then...”

boom!

The Asura Saint suddenly changed his offensive and turned into a smashing trick like the “Heaven Collapse Style”!

And he “smashed” Xu Ming into the dark realm!

“Huh!?” Of course Xu Ming also discovered the intention of Saint Asura, but he was not anxious.

“Although I can defend against Shura’s offensive, after all, he is stronger than me; I am still weak in comparison...” Xu Ming secretly said, “Furthermore, other places in Taitian’s Lost Formation are full of dangers; If you want to leave now, Shura will definitely take action against me...”

Around the dark realm, only the “little black spot” of the dark realm is a dangerous place; and other places in the Taitian Mystery Array, there are many dangerous places, and it is impossible to guard against it!

Therefore, if he chooses where to fight with the Asura saint, Xu Ming is definitely willing to be in this place, not in other areas of Taitian.

And now, Xu Ming has encountered threats around the dark realm, and it is even more impossible to escape to other places!

Of course, Xu Ming didn’t plan to escape at all!

“If it goes on like this, I’m afraid I will be forced to fall into the dark realm! But...” Xu Ming secretly said, “But... if I fall into the dark realm, then I will fall into the dark realm! What a big deal!”

As the saying goes, curiosity killed the cat.

In fact, Xu Ming wanted to enter the dark realm for a long time; anyway, for Xu Ming, the price is not high. If in the dark realm, if you really encounter some irresistible danger, Xu Ming will blow up this ancient cultivator clone. ! At that time, the plug-in will naturally sense that there is one less of Xu Ming's avatar; just spend some hanging points, and it can be re-condensed.

Thinking of this, Xu Ming has made up his mind: "Then enter the dark realm! But... I want to enter the dark realm, and I will definitely drag Shura down together!"

"The Five Forms of Reincarnation... Take a photo!"

Photo-taking style, the power is not strong, but the speed is strange!

Since Sage Asura wanted to force Xu Ming into the dark realm, Xu Ming also used the "photographing style" to force Sage Asura!

"Huh?" Of course, Saint Shura also discovered this, and he sneered, "If you want to force me into the dark realm, then it depends on whether you have the ability!"

boom! boom! boom! boom! ...

The battle between the two kept thinking that the dark realm was approaching.

At extreme distances, the dark domain is just a small black spot, a thousand times smaller than dust.

But the closer you get, the bigger the dark domain!

Soon, the small black spot became as big as a fist, and then became as big as a house... Even, the volume soared rapidly, occupying half of Xu Ming's field of vision!

Half of Xu Ming's vision is endless light; the other half is the endless darkness.

Light and dark, cut by a line.

“One line cuts!” Xu Ming secretly said, “It is said that if you cross this line, you will fall into the dark realm, and you will never be able to come out again!”

Therefore, what Xu Ming has to do is to force the Asura saint to pass the “one-line cut”!

And what the Asura sage has to do is the same!

boom! boom! boom! boom! ...

The fighting area of the two stayed at the side of “One Line Cut”.

At this position, both sides become cautious; after all, if one is not careful, it is possible to fall into the dark domain and never come out again!

“Heaven collapses!”

Suddenly, Xu Ming had the upper hand, and immediately displayed the “Heaven Collapse Style”, wanting to smash Saint Shura directly into the dark realm!

As for the Sage Asura, he turned into an afterimage and quickly retreated; at the same time, his sword penetrated Changhong and slashed towards Xu Ming.

boom! boom! boom! boom! ...

Every time they fought, Sage Shura was extremely solemn and cautious.

But Xu Ming gradually became a little impatient: “If you fight like this, how long will you have to fight?”

After thinking about it, Xu Ming suddenly smiled strangely, and said to himself, “Anyway, I want to enter the dark realm...”

In the next instant, Xu Ming dodged and appeared beside Sage Shura.

“Huh?” Sage Shura was startled, then overjoyed, “Courtesy of death!”

boom!

The mighty attack flocked to Xu Ming in an instant.

However, Xu Ming did not dodge or evade. Instead, facing this tyrannical attack, he continued to pounce on Saint Asura.

When approaching Sage Asura, Xu Ming directly unleashed his divine power, domineeringly grabbed Sage Asura and did not let go!

Yes! Just hold on tight!

“Hehe!” Xu Ming sneered, “Asura, let’s go to the dark realm and play together!”

“You want to...” Sage Shura obviously did not expect Xu Ming to come like this! Could it be that he is willing to burn jade and stone?

“Mad! Go away! Who wants to enter the dark realm with you!” Sage Shura was in a hurry.

“Hey! I’m afraid it’s up to you!” After Xu Ming “caught” Saint Shura, he fell directly towards the dark realm!

Although Sage Asura realized what Xu Ming was going to do, Xu Ming was preemptive after all. By the time he reacted, it was too late. Xu Ming had already dragged him and crossed the “line of cut”!

“What!? I cut through a line!?” Sage Shura’s face was ashen.

Going through a line of cuts means that you have fallen into the dark realm and can no longer leave!

Moreover, he is not Xu Ming, but he has no avatar!

“Xu Ming!!” Sage Shura’s eyes were split.

Immediately afterwards, the two felt a huge gravitational force acting on them. This gravitational force is not very strong, but it is vast and magnificent, and there is an illusion that it cannot be resisted.

Xu Ming did not resist, and let this huge gravitational force guide him and fall into the depths of the dark realm.

Looking back, Xu Ming saw that the infinite bright area on the other side of the “line cut” was getting smaller and smaller. When he fell into the depths of the dark realm, the infinitely bright area had shrunk into an incomparably small white dot.

It is a thousand times, ten thousand times smaller than dust!

“What a magical space mystery!”

The mystery of the dark realm was not something Xu Ming could understand after all.

Xu Ming put away his mind and looked down carefully, but it was dark and nothing was found.

“Where am I going to fall?” Xu Ming had no idea.

However, Xu Ming really doesn’t matter; if it’s a big deal, just lose an ancient cultivator clone and spend some hanging points to reunite!

Suddenly, Xu Ming’s eyes lit up: “Below... there seems to be a black continent?”

Chapter 1348: Xie Tian Chess Game

call out!

call out!

Soon, two figures fell onto the black continent.

Xu Ming and Sage Asura kept some distance apart, guarding each other and daring not to shoot at will.

After all, the Dark Territory has a fierce reputation, and no one can leave from here; if you fall into this place, of course you don't dare to act rashly.

call-

The surroundings were cold and dark, and extremely silent.

Xu Ming and Sage Asura were on guard for a long time, but nothing happened.

“What's going on?” Xu Ming was a little puzzled, “There is no danger, why can't the saint leave after falling into it?”

Swish!

At this moment, the Shura saint not far away rose into the sky and flew towards the “little white dot” in the very far distance of the sky – the little white dot, the infinitely bright world outside the dark domain.

“As long as you fly there, you can leave the Dark Territory!” Sage Shura thought to himself – this doesn't seem to be difficult.

However, the Asura Saint had just left the ground for a hundred miles when he felt an extremely terrifying gravity acting on him! Rao is that he now has the strength of the sixth-order saint, and he was directly dragged back to the ground by this terrible gravity!

“This...” Sage Shura was shocked, “Can't leave the ground for a hundred miles? No wonder... No wonder that after everyone fell into the dark realm, they never went out again?”

Saint Shura is in a hurry – what should I do now? Are you stuck here forever?

But... Xu Ming is in no hurry!

Isn't it just falling into the dark realm?

Although, Xu Ming is now completely isolated from the outside world; even the avatars can no longer sense each other. But... Xu Ming's big deal is to wander around in the dark realm, and then directly self-destruct his clone, and then spend the hanging point to re-condense a clone out.

Xu Ming is really not anxious at all!

"Xu Ming!!" Sage Shura saw Xu Ming's indifferent appearance, and his anger was soaring to the sky, his eyes were splitting, "Give me death!!"

boom! !

Sage Asura went crazy and killed Xu Ming.

Xu Ming smiled disdainfully: "Don't bother, you can't help me!"

Xu Ming directly performed the "grinding disc".

boom! boom! boom! ...

No matter how mad the Sage Shura was, he couldn't break the "grinding plate" and hurt Xu Ming.

"Ah ah ah..." The Shura saint became more and more angry.

at this time...

"Quiet!!" A deep roar sounded far away from the black earth.

"Huh? Someone?" Xu Ming and Sage Shura stopped fighting in an instant and flew towards the direction of the voice.

After a while...

Xu Ming felt that the surrounding space was distorted; then, the scene in front of him shifted.

In the distance of the field of vision, countless stone pillars are arranged in a vortex; the further to the center of the vortex, the higher the height of the stone pillars, reaching the sky.

Around the stone pillar, there are more than a dozen imposing figures; one of them is familiar to Xu Ming...

“No Difficulty Saint!” Xu Ming couldn’t help exclaiming.

boom!

In the vortex of stone pillars, on one of the stone pillars, there was a sudden burst of powerful momentum.

“Who? Dare to influence me to break the game!?”

An incomparably domineering **** glow traversed the sky and instantly arrived in front of Saint Asura.

“Not good!” Saint Asura had just had time to react, and this **** light had already hit him.

boom!

The Asura saint, who is a sixth-order saint, was seriously injured in an instant!

“Destroy the sky! Stop it!” Sage Wudi shouted, “Even if no one affects you, you can’t break this game!”

“Humph!” The domineering “Sage Destroyer” snorted coldly, but he didn’t make another move; obviously, he was still very jealous of Sage Wudi.

“Pfft!” Sage Shura let out a mouthful of black blood.

However, what made Sage Shura even more depressed was—why did he only hit me and not Xu Ming?

At this time, Xu Ming finally saw this Heaven Extinguishing Saint.

“What a tyrannical and domineering aura!” Xu Ming was secretly shocked, “Much stronger than the Holy Master! I am afraid it is the existence of the ninth-order saint!”

When Xu Ming was casting the star world, he had seen quite a few saints of the ninth order; therefore, he still had a relatively clear feeling about the aura of the ninth order of saints.

“Asura? You came in too?” said the saint without difficulty.

Afterwards, Sage Wudi turned to Xu Ming again and asked in confusion, “You know me?”

The Sage of No Difficulty was trapped in the dark realm and completely isolated from the outside world. Naturally, he didn’t know that Xu Ming had obtained his inheritance; moreover, he didn’t know Xu Ming.

Xu Ming didn’t say anything, he just manipulated his mind and formed a “Wan Xin Yin”.

“Huh!?” Sage Wudi was surprised, “You got the inheritance I left in God’s Domain?”

While speaking, the intimacy of Sage Wudi to Xu Ming suddenly improved a lot. After all, it was Xu Ming who inherited his most proud secret skills.

But then, the look of Saint Wudi was a little embarrassed: “But… you are also in the dark realm!”

Once you fall into the dark realm, no one can ever leave!

“What is going on in this dark domain?” Xu Ming couldn’t help but ask.

“Dark Domain...”

As the Sage of No Difficulty came slowly, Xu Ming gradually realized that the Dark Domain should be a place in the depths of endless chaos, a place set up by an incredible super being to select geniuses.

“Have you seen these stone pillars?” said Sage Wudi, “Here, there are a total of 136,000 stone pillars! On each stone pillar, there is a game of chess!”

“A chess game?” Xu Ming was curious.

“Yes!” Sage Wudi said solemnly, “Under Heaven chess game! – 103,600 stone pillars, that is, 103,600 different chess games!”

“If you fall into the dark realm, you must go to crack the heavenly chess game!” The Sage Wudi continued, “If you can’t break 10,000 chess games within an era, you will be... obliterated! In the second era, if you can’t break the chess game Opening 20,000 chess games will also be obliterated; in the third era, you need to break 30,000 chess games... and so on!”

“How many chess games do you need to break before you can leave the dark realm?” Xu Ming couldn’t help asking.

“I don’t know!” Sage Wudi shook his head and said, “Anyway... no one can live past five epochs!”

No one can survive five epochs, that is to say, no one can break 50,000 chess games!

Then, if you want to leave the dark realm, I am afraid that at least 50,000 chess games must be broken.

“These saints are all...?” Xu Ming looked at the dozen or so powerful auras around him—there are not so many saints in the God Realm!

“They are not from the realm of the gods! When they were roaming in the chaos, they accidentally fell into a dangerous place and were transported to the realm of darkness...” said the sage without difficulty.

“Oh?” Xu Ming heard that it wasn’t just the Great Heavenly Confusion that led to the Dark Territory; there were other places in the endless chaos that would also connect to the Dark Territory.

“A lot of saints...” Xu Ming couldn’t help but sigh.

“Many?” Sage Wudi shook his head and sighed, “Look at that stone wall!”

Chapter 1349: Jealousy

“Look at that rock wall!”

Xu Ming followed the direction of Sage Wudi’s gaze.

It was a dark and tall stone wall, with densely engraved names on it; at first glance, there were probably tens of thousands of them.

The Sage of No Difficulty said: “In the dark realm, every dying person will engrave their name on this stone wall! Since this habit, tens of thousands of names have been engraved on the stone wall; How many people have been obliterated is unknown!”

In the dark realm, no one can get out alive.

“His” Xu Ming took a deep breath.

Fortunately, he was just an ancient cultivator avatar who fell into the dark realm; the worst plan was to just blow up the avatar, and then spend some hanging points to reunite.

And Asura Saint, his face is very ugly, he has no avatar!

“Impossible! Impossible!” Sage Shura murmured like a demon, “I will definitely be able to break the chess game and get out from here!”

Sage Shura flew directly to the shortest first stone pillar and began to crack the “Jie Tian Chess Game”.

The Sage of No Difficulty, Sage of Destruction of Heaven, etc., shook their heads frequently: “In such a state of mind, it is impossible to crack the chess game!”

Deducing the Xietian chess game needs to be carried out in an absolutely peaceful state of mind. A state of mind like that of the Asura saint, I am afraid that it cannot be solved in one game!

At this time, Saint Wudi and the others couldn’t help but look at Xu Ming in surprise: “You are trapped in a dark area, knowing that you will never be able to get out, and even in danger of being obliterated, how can you still be so indifferent?”

Xu Ming smiled and did not explain that this was just a clone of himself. After all, if this kind of thing is said here, it will definitely be very hateful; it may provoke public anger and attract siege.

Sage Wudi sighed with emotion, and then asked: “After I fell into the dark realm, is the **** realm... all right?”

Xu Ming thought for a while, then shook his head and said, “Not very good!”

“Oh?” Sage Wudi couldn’t help but look cold. Although he was trapped in the dark realm, he still remembered the divine realm.

“Saint Huangquan, the divine body collapsed because of his cultivation...” Xu Ming briefly explained the situation in the God’s Domain, “...Now, the Holy Master has occupied the Thunder Continent! He has a second continent in the God’s Domain!”

“Hey...” The Sage Wudi sighed, “It’s a pity that I am now in the dark realm! Otherwise, with my current strength, even if I forcefully enter the sacred realm and deal with the Holy Master, it should not be a problem!”

After the Sage of No Difficulty fell into the dark realm, his strength has been greatly improved.

Even the ninth-order existences of the saints are afraid of the saints without difficulty; it can be seen that the strength of saints without difficulties is strong!

Xu Ming looked at the vortex of stone pillars and said firmly, “There must be a way to get out!”

“Haha!” Sage Wudi laughed at himself, “Maybe!”

...

On the first stone pillar, Sage Shura has already begun to crack the chess game.

However, Xu Ming saw that Sage Shura’s expression became more and more irritable and hideous; his entire face also began to turn red.

“puff!”

Suddenly, suddenly, Saint Asura spat out a mouthful of black blood and threw the first stone pillar.

Yes! Of the 103,600 chess games, Sage Asura didn’t even break the first game, and was directly injured by the backlash.

“What!?” Xu Ming was a little shocked.

“Normal!” Sage Wudi said, “His mood is too irritable now! When he calms down, he can really start to crack the chess game!”

To solve the chess game, you need to be in a truly peaceful state of mind before you can crack it.

“Are you going to try?” Sage Wudi smiled and said that he could see that Xu Ming’s state of mind had remained very calm.

“Okay!” Xu Ming said, walking directly towards the first stone pillar.

Around, the saints and other saints couldn't help but sigh: "What a calm state of mind!"

"Such a calm state of mind, I really don't know how to do it!"

"Although it is the first time for him to crack a chess game, he is in such an extraordinary state of mind that he should be able to achieve good results!"

"I guess, this time, he cracked dozens or hundreds of games, it shouldn't be a problem!"

"It's the first time to crack a chess game. If you can crack more than 100 games, it will be amazing!"

The dozen or so saints here have all fallen into the dark realm for too long! Even the vast majority of saints have been trapped in the dark realm for more than an epoch!

After a long period of loneliness, they will naturally be a little excited when they see a new person coming in. In particular, seeing Xu Ming as a potential newcomer, they are looking forward to Xu Ming's performance even more. Of course, even if they look forward to it, they don't think that Xu Ming can take them out of the dark realm.

"Humph!" At this moment, Sage Shura's cold snort sounded, "What a calm state of mind! If I were like him and had other clones in the outside world, I would definitely be ten times, a hundred times calmer than him!"

The voice of Saint Asura fell, and the audience was silent for a while, and then it became noisy in an instant.

"What!? Does he still have a clone outside?"

"No wonder he is so calm!"

"Damn it! Why don't I have a clone!"

"None of us!"

...

These dozen saints who were trapped in the dark realm originally had “sympathy for each other” to Xu Ming; after all, everyone was a fallen person trapped in the dark realm.

But now, as soon as I heard that Xu Ming even had a clone; all of the saints looked at Xu Ming with envy and resentment. After all, for Xu Ming, falling into the dark realm was just the loss of a clone. ; But for them, it is death!

“It turns out to be a person with a clone! Damn it!” The Heaven Slayer rushed directly to Xu Ming, blocking his way, and roared, “Why do you have a clone!?”

Xu Ming glanced at the other party and said secretly: “These people must have been trapped in the dark realm for too long, so even their emotions are a little deformed! Now, when they heard that I still have a clone, they immediately became jealous and unhappy. ...”

Seeing that Xu Ming didn’t speak, the Sage Slayer became even more furious: “How dare you ignore me!? It’s really courting death!”

boom! !

The Heaven-destroying Saint directly punched Xu Ming angrily.

“Enough!” At this moment, the cold snort of Saint Wudi sounded.

The surrounding space and time seemed to freeze in an instant. The fist of the saint who destroys the sky can no longer move forward in this frozen time and space.

“Huh?” Xu Ming was startled, “What a terrifying strength!”

With just one thought, the ninth-rank saint can’t even move!

The strength of this invulnerable saint is too terrifying! I am afraid that it is not far from breaking through Chaos Realm!

Xu Ming didn't know that, the Sage Wudi couldn't help sighing in his heart: Even if he could break through the Chaos Realm, so what? Among the tens of thousands of names on the stone wall, several are in the Chaos Realm, or they have been obliterated!

“Xu Ming, go try it!” The Sage Wudi had no feelings of jealousy. However, in his opinion, even if Xu Ming tried, it was just a vain test.

Chapter 1350: Like A Broken Bamboo

Under the watchful eyes of the saints, Xu Ming calmly stood on the shortest first stone pillar.

“Under Heaven chess game?”

Xu Ming looked at the chessboard spread out on the first stone pillar.

This is a chessboard similar to Go, but it is much more complicated—the Go board has 19 lines both horizontally and vertically, while the Xietian chess board has 136,000 lines both horizontally and vertically!

In other words, it takes tens of millions of Go boards to put together a “Jietian chess game”!

And the degree of change is a billion times more complicated than Go!

Whoa!

A thought entered Xu Ming's mind.

Xu Ming quickly understood the rules of the Tianqi game.

To solve the chess game of heaven, the analysis is the way of heaven and order.

Heaven and order are derived from chaos to Tao; however, not every chaotic world has the same heaven and order.

For example, God's Domain is the nine heavenly ways of "gold, wood, water, fire, earth, yin and yang, wind and thunder" and the four major orders of "time and space, cause and effect, reincarnation, and destiny"; while in other chaotic worlds, it is entirely possible that there are seven heavenly ways of "earth, fire, wind, water, light, dark thunder". , and the order is different.

Chaos is the Dao, and countless different heaven and order can be derived.

And solving the chess game of heaven, does not analyze the chaos to the Tao, but only analyzes the order of the heaven! The 103,600 stone pillars are 103,600 different heavenly orders; from short to tall, from easy to difficult!

If anyone can break all the chess games of solving the sky, it is equivalent to mastering all the derivation methods of Chaos Supreme Dao!

"This first game is the simplest game – Chaos turns Yin and Yang!"

Xu Ming felt a little bit, and then started to break the game – he had to express all the subtle changes of "yin and yang" with "solving the chess game", and then he would be considered a success in breaking the game!

...

"It's started!" Sage Wudi looked at Xu Ming.

Although, he didn't think Xu Ming could crack enough chess games to leave the dark realm; however, he still hoped that Xu Ming could crack as many games as possible!

"I have already cracked 39,000 chess games... In this dark realm, no one can communicate with me, I can only bury myself in exploring; if Xu Ming can reach my level, that's great!" Difficult saints look forward to.

He is really in the heights!

“However, there are still many benefits to cracking the ‘Jietian chess game’!” Sage Wudi thought to himself, “I have cracked so many chess games, and my mental strength has reached the ninth rank of saints! The understanding of the order of heaven makes me even more The combat skills have improved a lot! Under the star master, it is rare to find an opponent!”

...

“Humph!” Sage Shura snorted coldly, “I can’t even break the first game, just relying on Xu Ming, do you still want to break it?”

The other saints also looked at Xu Ming with bad eyes—when they knew that Xu Ming still had a clone outside, their hearts were filled with shock and injustice.

...

Xu Ming stood on the first stone pillar and stared at the Jietian chessboard.

After a while, Xu Ming moved!

With one hand, hundreds of millions of black and white chess pieces flew up like locusts. Then, like raindrops, it fell to various positions on the chessboard.

puff! puff! puff! puff! ...

Hundreds of millions of chess pieces fell like raindrops, but they were extremely precise.

...

“So fast?” Sage Shura sneered, full of disdain, “I must not understand anything, so just mess around!”

The other saints couldn’t help but sneer: “How can there be such a solution? I don’t know what it is!”

“Haha! Controlling so many pieces at the same time, once the game is broken and wrong, I am afraid that it will directly kill him!”

“His solution must be wrong!”

Even the Sage of No Difficulty shook his head frequently, showing disappointment: “I originally thought that Xu Ming would give me some surprises; I didn’t expect that he would just mess around!”

Just as the saints were talking about each other, Xu Ming’s billions of chess pieces had been settled.

At the same time, Xu Ming’s mental power is divided into hundreds of millions of ways, and he controls hundreds of millions of chess pieces at the same time, doing completely irregular movements in the game of Jie Tian chess!

Hundreds of millions of chess pieces, every moment are billions of changes; incomparably complicated and indescribable.

hum—

Tiandao was suddenly inspired.

The power of yin and yang revolves above the chess game like a grinding disc; and this is the sign of the successful cracking of the first game of Xie Tian chess game!

“what!?”

“This...”

“how is this possible!?”

The disdain and sneer on the faces of the saints around the stone pillar instantly turned into pure consternation and sluggishness.

“The first game of the Xietian chess game... Was it broken like this?”

“Is this too fast?”

“simply...”

“Since the Dark Domain was recorded, it has never been broken so quickly, right?”

“Even if the existence of Chaos Realm falls into the dark realm, the first time to break the game, it has not been so fast!”

A saint, full of incredible, unbelievable.

After a long time, the saints gradually recovered from their shock.

“This Xu Ming...” The Sage Wudi looked at Xu Ming with a complex and strange expression, with shock, pride, and embarrassment.

Proudly, Xu Ming got his inheritance anyway, . com is more or less half of his heirs.

The embarrassing thing is... just now he was thinking “Xu Ming will only mess around”, Xu Ming gave him a loud slap with “breaking the game”!

However... Although he was “slapped in the face”, the Sage Wudi was very excited!

“Too strong! The first game was broken so quickly! Maybe, Xu Ming will be able to solve 39,000 games soon; when that time comes, you will be able to discuss Dao with me!” , he can break the Jietian chess game and leave the dark realm.

...

“How is that possible!? How could this happen!?” Sage Shura’s face gradually distorted – he solved the first game for a long time, but he not only failed, but was seriously injured by the backlash; but Xu Ming broke the first game in an instant!

This is the difference!

“Could it be... Xu Ming’s avatar can leave the Dark Territory!?” Sage Shura thought about it, his eyes almost spitting fire.

On the other hand, Xu Ming didn’t care about the shock around him at all.

With one step, he stepped onto the second stone pillar.

“Second game!”

The second game of Xie Tian’s chess game is completely different from the first game!

It is another direction of the evolution of Chaos to Dao!

“Can Xu Ming break through this second game easily?” All the saints could not help but hold their breaths.

But after a few breaths, Xu Ming moved again!

puff! puff! puff! puff! ...

Hundreds of millions of chess pieces fell like raindrops again!

Although the saints had already anticipated, they couldn’t help but be shocked: “Manipulating hundreds of millions of chess pieces at the same time... This Xu Ming is too confident!”

hum—

With another completely different atmosphere of Heavenly Dao rising above the chess game; all saints know that Xu Ming’s second game was broken and successful!

Breaking two games in a row is like a broken bamboo!

“The third game!”

Xu Ming didn’t stop, and stepped directly to the third stone pillar.
