

A World 1411

Chapter 1411: Someone Will Collect It For Us

Chaos Elemental Liquid can be exchanged for level 14 hanging points!

Chaos Origin Stone can be exchanged for level 15 hanging points!

If Xu Ming wants to continue to upgrade the “Leaping Invincible” link, or activate the stronger “Eternal Power”, etc., he needs a level 15 link!

As long as there are enough level 15 hanging points, Xu Ming’s strength will usher in a jump again!

However, the Chaos Originium in Xu Ming’s pocket was only a few pitiful pieces, and he couldn’t do anything!

And now, Xu Ming had the opportunity to earn the Originium of Chaos, how could Xu Ming not cherish it? Xu Ming immediately understood what he should do in the next month’s island entry assessment!

“Heavenly Sacrifice Star Lord.” Xu Ming asked, “Is there any way to explore the location of the treasures in the assessment formation?”

“Exploring the location of treasures?” The Celestial Master was a little strange. “There are ways! But... shouldn’t we go to collect assessment orders and join Broken Boundary Island? If we spend all our time on treasure hunting, wouldn’t it be worth the loss?”

In the eyes of the Celestial Lord, joining Broken Boundary Island is the right thing to do!

As for treasure hunting... When you become a disciple of Broken Boundary Island, are you afraid that there will be no chance for treasure hunting? During the assessment, spending time on treasure hunting instead of collecting assessment orders is completely “not doing the right thing”!

“Assessment order?” Xu Ming smiled meaningfully, “Don’t worry, someone will help us collect it!”

The Star Lord of Tianji suddenly changed his face: “You want to...”

Of course, the Star Lord of Tianji heard what Xu Ming meant! It’s just that he didn’t understand, where did Xu Ming get the confidence to face the masters of the Beizhen Clan and nearly a thousand star masters!

“Xu Ming...” The Celestial Lord even wanted to persuade Xu Ming to wake up.

However, Xu Ming interrupted directly: “I have my own measure!”

“You are measured...” The Star Lord of Tianji was speechless in his heart. If you were measured, you would not have such thoughts!

“Forget it!” The Heavenly Sacrifice Star Lord sighed heavily in his heart, “My life was saved by Brother Xu Ming! Moreover, Brother Xu Ming also saved my other great powers in the Heavenly Sacrifice Realm! During the island assessment, it should be regarded as returning your life to Brother Xu Ming!”

The Lord of Heavenly Sacrifice has a look of “seeing death as home”.

...

The words are divided into two parts.

Beizhenhai, Beizhenhe, etc., have brought nearly a thousand star masters to form a battle formation and besieged the third-order phantom beast in the Chaos Realm!

Beizhenhai is a genius of the Beizhen clan, and his own strength is not very weak; even if he can’t match the third-order Chaos Realm, it will not be too bad! Coupled with the assistance of four first-order Chaos Realm and nearly a thousand star masters, killing the third-order phantom beasts in Chaos Realm is naturally not a big problem!

“Very good!” Bei Zhenheng, who was outside the assessment formation, immediately felt relieved when he saw that his brother had successfully killed this most difficult phantom beast.

Next, what Beizhenhai has to do is to collect those scattered assessment orders; with the help of nearly a thousand star masters, it is naturally not difficult to collect enough assessment orders! Bei Zhenhai became a disciple of the inner island, and it was almost a sure thing.

However, Bei Zhenheng still bowed down and looked at Elder Jun very humbly: “Elder Jun, do you think Bei Zhenhai’s performance is okay?”

Elder Jun looked like an ancient well without waves, but said lightly: “Reluctantly!”

Although it was only “reluctantly”, when Bei Zhenheng heard this evaluation, he immediately felt relieved that “reluctantly” meant that he was qualified to become a disciple of the inner island.

Elder Jun did not pay much attention to Bei Zhenhai, but put more energy on Xu Ming.

In the eyes of the Celestial Lord, Xu Ming is likely to have fallen into a place where time and space are disordered, and he has cultivated in it for a long time before he has the current strength; Bei Zhenheng also feels that Xu Ming is not too young after all. , Xu Ming’s strength is too strong!

However, Elder Jun read countless people, but he could vaguely see that Xu Ming should be very young!

“It must be within one trillion years old!” Elder Jun is confident and will never misunderstand, “Compared to that Beizhenhai, it is much better! It’s just...”

Although Elder Jun is optimistic about Xu Ming, he can see that Xu Ming’s current situation is not very good! After all, although Bei Zhenhai is not as powerful as Xu Ming, the power on his side is simply too strong!

“This time, Xu Ming has no hope of entering the island for the assessment! Even, he may have lost his life in it!” Elder Jun thought with a little regret.

But it is only a little pity that Elder Jun has seen too many geniuses in his endless lifespan, and too many fallen geniuses; he will not break the rules of the entrance examination for Xu Ming! If Xu Ming’s skills were inferior to others and died in the assessment, Elder Jun would not intervene.

“Um?”

Suddenly, Elder Jun was surprised to find that Xu Ming had encountered a fourth-order phantom beast in the Chaos Realm!

“He’s going to be miserable now!” Elder Jun secretly said.

Although the strength of Eudemons is slightly weaker than that of cultivators of the same level; but Eudemons of the fourth-order Chaos Realm are by no means able to compete with Xu Ming of the third-order Chaos Realm! From Elder Jun’s point of view, if Xu Ming could escape, he would be very lucky!

“Oh?” Bei Zhenheng’s eyes lit up, “Is this kid going to die under the claws of the Eudemons? Humph! Being killed by Eudemons is not in the hands of our Beizhen clan, it’s cheaper for him. !”

...

In the inspection team.

Star Lord Tianji looked desperate. He kept persuading Xu Ming to be careful, but Xu Ming always went on a rampage to hunt for treasures, and finally led out this fourth-order phantom beast in the Chaos Realm!

This crocodile-shaped Eudemons has colorful rays of light on its scales and a pair of sharp wings on its back. With each breath, the clouds and mists are exhaled; the breaths that are exhaled are the breath of chaos.

“Fourth-level Chaos Realm!” Xu Ming had a fighting spirit in his eyes. “The strength of this phantom beast is one and a half levels stronger than mine, so it can be used for a fight!”

Xu Ming’s current cultivation base has already stepped into the threshold of a saint with one foot; at this time, it is necessary to use battle to understand the Dao and break through the cultivation base!

And this phantom beast is slightly stronger than Xu Ming, and it is suitable to stimulate Xu Ming’s potential!

“roar”

The crocodile-shaped Eudemons’ eyes flickered fiercely, and it seemed to be very dissatisfied with the cultivator’s provocation towards him. Under normal circumstances, cultivators who participated in the island entry assessment would not have their thoughts on it, nor would they Dare to hit it! After all, its strength is much stronger than the phantom beasts guarding the assessment order!

After the Eudemons observed Xu Ming for a while, its hideous iron tail was thrown out; the mighty aura of the Supreme Dao was transformed into a terrifying power on the iron tail!

“It’s good!” Xu Ming directly displayed the “Wandao Spear Intent”. Every move and action seemed ordinary, but it had reached the realm of “The Great Way to Simple”; Gather on the gun.

“kill!”

Chapter 1412: Incorporate Marksmanship

“kill!”

This shot is extremely powerful!

Xu Ming knew that if he fought with strength, he would never be the opponent of this crocodile-shaped phantom beast; therefore, he could only concentrate all of his might on the tip of the spear to break the face!

call out-

An extremely sharp shot, instantly pierced the crocodile tail. But at the same time, the crocodile tail also crushed the spear and hit Xu Ming!

Bang!

Xu Ming’s entire divine body was shaken violently. Although Xu Ming raised the “Supreme Dao Inscription” to level 5, the level 5 defense inscription did not weaken the attack at the Chaos Realm

level. Weakened by 30%! Therefore, under this collision, Xu Ming's divine body was also slightly injured; compared to the crocodile-type phantom beast, it was a slight loss.

“Xu Ming, there is no need to provoke the fourth-order phantom beasts in the Chaos Realm, let's withdraw!” Tianji Star Lord shouted.

Outside the assessment formation, Bei Zhenheng even sneered disdainfully: “Challenge the fourth-order Chaos Realm? – The courage is not bad, but the strength is too general!”

On the other hand, Elder Jun had a look of surprise in his eyes: “Oh? The phantom beasts of the fourth tier of the Chaos Realm are only slightly disadvantaged? I really underestimated this kid! – Maybe, this kid can get from the Beizhen clan. In the siege of the gangster, he made a **** path and became a disciple of the outer islands! It's just...”

Elder Jun was a little puzzled: “It's just...why didn't this kid collect an assessment order? Could it be that he doesn't want to join us on Broken Boundary Island?”

How could Elder Jun have thought that before entering the assessment, Xu Ming did not intend to collect the assessment order himself, but was preparing to... **** it!

...

In the examination team.

The crocodile-shaped Eudemons swooped towards Xu Ming one after another, shaking the world with momentum. And Xu Ming also switched from offense to defense, and Wan Dao Spear Intent brought the defensive mood to the extreme.

Although the power of the crocodile-shaped phantom beast is great, it is only limited by that of Xu Ming; moreover, the phantom beast's attack is relatively stupid, and Xu Ming is strictly guarded, so he is naturally impeccable.

boom! boom! boom! boom! ...

The crocodile-shaped Eudemons saw that the cultivator in front of him was obviously weaker than himself, but he couldn't hurt him, so he couldn't help but become more and more violent.

Xu Ming, on the other hand, was calmly defending, waiting for an opportunity.

call out-

Suddenly, Xu Ming grabbed a gap and stabbed a gun.

puff!

The incomparably fierce long spear can be stabbed at once!

Although the power is not large, it also caused a little damage to the Eudemons.

“If only my attack could be more powerful!” Xu Ming continued to guard against death, frowning and thinking hard, “Although my strongest attacking secret ‘Wandao Epiphyllum’ is strong enough to instantly kill the peak of Chaos Realm; Han Mo said, ‘Wandao Epiphyllum’ and ‘Infinite Avatar’ can’t be used casually, so as not to cause trouble!”

“Wandao Epiphany” and “Infinite Avatar” could not be used, and Xu Ming’s attack instantly became a weakness.

“It would be great if I could incorporate part of the mystery of ‘Wandao Epiphyllum’ into the marksmanship!” Xu Ming’s eyes suddenly lit up, “Try it!”

As long as some of them can be successfully integrated, the power of the attack can be greatly improved; moreover, the secret of “Wondao Ephemeris” will not be discovered!

Try it!

While defending, Xu Ming pondered how to make use of the mystery of “Wandao Epiphany” to enhance the power of marksmanship.

“so?”

Xu Ming seized the opportunity and stabbed a shot. Sure enough, the power of this gun was three points stronger than before.

“It’s not enough! It can be even stronger!” Xu Ming retracted his spear and continued to shrink in defense. No matter how the crocodile-shaped Eudemons attacked wildly, he couldn’t help him.

Another moment passed.

“Come again!”

Xu Ming soon had a new idea and tried again; but this time, the power of the spear became weaker, not as good as before.

However, Xu Ming was not discouraged at all, and continued to study and ponder. And this fourth-order crocodile-shaped phantom beast in the Chaos Realm became his best training target.

“Uh...” The Heavenly Sacrifice Star Master hiding in the distance was speechless—he had never heard of using the phantom beasts in the assessment formation as a sparring partner!

Outside of the assessment formation, Bei Zhenheng saw that Xu Ming’s marksmanship was constantly improving, and his face naturally wouldn’t look good.

“Improve your strength during the assessment?” Elder Jun’s eyes are full of surprise – he has been in charge of the island’s endless years of assessment, and there are not many geniuses who have made breakthroughs during the consideration!

...

The battle between Xu Ming and the crocodile-shaped Eudemons lasted for three days.

You must know that in a battle at the Chaos Realm level, thousands of fights can happen in an instant; in three days, Xu Ming has no idea how many billions of times he has been attacked by this crocodile-shaped phantom beast!

However, these billions of attacks are not in vain!

“That’s right! That’s how it feels!”

After thousands of failures, Xu Ming finally found the “feel” of integrating “Wandao Epiphany” into his marksmanship!

Seizing the loophole in the crocodile-shaped Eudemons defense, Xu Ming fired a shot decisively.

This shot is not fast, and it looks weak, and it doesn’t seem to have the slightest lethality. But... the moment when the tip of the spear touched the crocodile-shaped Eudemons—just at this moment, the power hidden in the spear exploded completely!

This burst of power lasts for a very short time; like a flash in the pan, it is fleeting!

Ordinary marksmanship secret skills, from the move to the move, in the whole process, the power is very evenly distributed. And Xu Ming’s current shot has compressed the power of the entire process into a “flash in the pan”!

It is conceivable how strong the power of marksmanship should be in this short-lived period!

boom!

With just one shot, the fourth-order phantom beast in the Chaos Realm was not lightly injured!

“It’s done!” Xu Ming was overjoyed – with this move, Xu Ming’s attack directly entered the fourth level of Chaos Realm!

Eudemons are rather stupid.

Since Xu Ming has the means to inflict heavy damage on this phantom beast, it is not difficult to kill it!

After several switch between attack and defense, Xu Ming directly killed this fourth-order phantom beast in the Chaos Realm!

After harvesting the Chaos Originium guarded by this crocodile-shaped phantom beast, Xu Ming's total number of Chaos Originium reached... 1,000 pieces!

A thousand pieces of Chaos Origin Stone may not be a big amount for an old-fashioned low-level Chaos Realm; but for Xu Ming, a “new” Chaos Realm fresh meat, he has never seen so many. Chaos Originium!

After all, a thousand chaotic origin stones can be used to build a thousand chaotic worlds!

However, for Xu Ming, these thousand pieces of chaotic origin stone have a great use – replace it with a thousand points of level 15 hanging points, and then activate the “eternal power” hanging to summon the souls that exist in the chaos realm!

“Using the soul that exists in the chaos realm to activate the ‘power of eternity’, my strength will definitely be able to reach a new level! At that time, I will be able to easily swept the rabble of the Beizhen clan!”

...

For more than half a month, Xu Ming continued to swept the entire assessment formation to collect treasures.

Elder Jun's mood is really speechless – it's the first time he's seen an examiner like Xu Ming who only needs treasures and doesn't want an examination order!

“It's almost time to open the exit!” Xu Ming felt the guidance of the exit of the assessment formation, “Go! Go to the exit!”

“Brother Xu Ming...” Tianji Star Master said speechlessly, “We don't even have an assessment order!”

“Assessment order?” Xu Ming said with a smile, “Aren't they all waiting for us at the exit?”

Chapter 1413: Kneeling And Waiting

The exit of the assessment formation is located in the middle of two towering sword-shaped peaks.

When Xu Ming arrived here, a looming light curtain just appeared in the middle of the sword-shaped mountain; after passing through the light curtain, he was able to leave the assessment formation and end the assessment.

Hundreds of star masters have gathered around the light curtain. However, several of Beizhen's great powers have not arrived yet.

“Brother Xu Ming, before the people from the Beizhen Clan are here, let's leave the assessment formation quickly!” said Tianji Star Master through voice transmission.

Although Xu Ming has shown the strength of the fourth-order Chaos Realm, the Celestial Lord still does not think that Xu Ming can compete with the Beizhen Clan!

If nothing else, it is said that in the assessment formation, Beizhenhai, Beizhenhe and others, together with nearly a thousand star masters, will not be inferior to the fourth-order Chaos Realm in strength! What's more, outside the assessment formation, Bei Zhenheng, a disciple of the inner island, is staring at him!

From the Star Lord's point of view, Xu Ming's most sensible approach should be to leave the assessment formation immediately and leave Boundary Island. In this way, Bei Zhenheng outside, holding his own identity, might disdain to care about Xu Ming and let Xu Ming leave.

And if Xu Ming didn't leave, and he had to confront Bei Zhenhai and the others, he would really be looking for his own death! – Even if Xu Ming can defeat Bei Zhenhai and the others, what about after leaving the assessment formation?

Given the heritage of the Northern Zhen Clan in the Broken Boundary Island, it is not a matter of hand to deal with Xu Ming?

“Leave?” Xu Ming shook his head and smiled, “If we leave now, won't we be able to join Boundary Breaking Island?”

Join the Boundary Island?

The Heavenly Sacrifice Star Master was speechless: “I said Brother Xu Ming! You are still thinking about joining Broken Boundary Island... Could it be that you really want to **** other people’s assessment orders?”

Xu Ming said indifferently, “Of course it was a real robbery! Could it be a fake robbery?”

“I...” Tianji Star Lord was speechless for a while.

After a long while, the Celestial Master said, “You’ve offended the Beizhen clan by doing this... Even if you become a disciple of the outer islands of Duanjie Island, or even a disciple of the inner island; There will never be a good day!”

Xu Ming smiled lightly: “Don’t worry! The power of the Beizhen Clan in the Broken Boundary Island is not that scary!”

“Isn’t it that scary?” Tianji Star Lord secretly underestimated, “If nothing else, let’s just say Bei Zhenheng... He is the best among the contemporary disciples of Duanjie Island! With his strength, and in Duanjie Island, Status, it’s too easy to deal with you!”

Although Tianji Xingzhu’s words were just muttering in his stomach, he didn’t say it; however, Xu Ming could see what he meant.

“Brother Tianji!” Xu Ming said, “I’m not planning to leave here for the time being! If you want to leave, I can help you clear a way, you go first!”

The Heavenly Festival Star Lord flashed a hint of emotion – leaving now, he should be able to break away from Xu Ming and save himself.

However, the color of this movement was only fleeting.

As a human being, the Heavenly Sacrifice Star Master still talks about love and righteousness: “Brother Xu Ming, if it wasn’t for you, I would have already died! My strength is low and I can’t help you. Today, I will be by your side and shout!”

Xu Ming didn't say anything else, but the choice of the Heavenly Sacrifice Star Master had already been approved by him.

At this time, among the hundreds of star masters blocking the exit, a black-robed star master with a gloomy aura stepped forward and shouted coldly, "Xu Ming!"

"Oh?" Xu Ming looked over suspiciously – the mere star master, dare to yell in front of him?

"What's the matter?" Xu Ming said indifferently.

"You know, the time of death has come?" The black-robed star master coldly shouted.

"The time of death has come?" Xu Ming almost burst out laughing – if the Xuanhuang realm existed, he might be qualified to say this in front of Xu Ming! However, a star master, who dared to speak to Xu Ming like this, is really impatient!

For Xu Ming, stepping on a star master is as easy as stepping on an ant!

However, Xu Ming was not in a hurry to step on the ant, but watched with interest as he continued to jump.

Outside the assessment formation, Bei Zhenheng silently looked at the black-robed star master: "The vassal that Xiaohai is looking for can't be trusted? Even if the opponent's strength is not clear, he is so arrogant..."

Xu Ming held back his smile and asked, "Why has the time of death come?"

Of course, the black-robed star master didn't know Xu Ming's strength. He thought that Xu Ming, like the heavenly sacrifice star master, was only at the star master level!

Therefore, the black-robed star master became more and more arrogant: "You dare to offend the senior Beizhenhai, but you still don't know why the time of death has come? You are really ignorant! – I, the star master Zhaosi, ordered by the seniors of Beizhenhai, let you kneel here. Here, wait for Senior Beizhenhai to arrive, and wait for Senior Beizhenhai's release!"

“Kneel here and wait?” Xu Ming teased.

“That’s right!” Star Lord Zhaosi relied on Beizhenhai as his backing, and he was determined to hug Beizhenhai’s thigh, so he became more arrogant, “Honestly kneel here, perhaps, senior Beizhenhai has the heart. Kindness, I will spare your life!”

When he said these words, Star Master Zhaosi was fantasizing in his heart: “When Senior Beizhenhai arrives and sees Xu Ming kneeling here waiting for him, he will definitely be very satisfied, and he will greatly appreciate me! In the future, with Beizhen Clan as my backer, I will have some reliance in the endless chaos!”

Ordinary saints and star masters are difficult to stand in the endless chaos!

Just like the Heavenly Sacrifice Star Lord, who took refuge in the Cangyan Tower before, and then the Cangyan Tower was destroyed by the Wanlong Abyss, and the Heavenly Sacrifice Star Master almost lost his life!

And whether it is Cangyan Tower or Wanlong Abyss, in the endless chaos, they are only small forces! Endless chaos is full of killing; these small forces will be destroyed in the killing at any time.

But if there is a chance to join the Kita Shinji, it will be different! Few people dare to provoke a big power like the Beizhen Clan with the Mysterious Yellow Realm!

Many star masters fantasize about being able to hug Beizhen’s thigh; and star master Zhaosi is one of them.

“Kneel here and wait...” Xu Ming looked at Star Master Zhao Si with a half-smile, and said, “Your suggestion is good!”

“Humph! Why are you talking so much? Don’t kneel down for me!” Zhao Si shouted.

“Okay...” Xu Ming sneered, and then, the pressure of Chaos Realm level suddenly unfolded.

boom!

Zhao Si and other hundreds of star masters all felt as if there was an entire chaotic world pressing down on them.

“What!?” Star Master Zhaosi showed infinite horror, and under the heavy pressure, his knees couldn’t help but sing.

Snapped! Snapped! Snapped! Snapped! ...

Hundreds of star masters couldn’t bear Xu Ming’s terrifying coercion, and fell to the ground one after another.

Star Lord Zhao Si suddenly changed his expression and looked at Xu Ming in horror: “Are you... Chaos Realm?”

Not only the Chaos Realm, but at least the third-order Chaos Realm! Otherwise, it is impossible to make hundreds of star masters kneel on the ground just by coercion!

However, Star Master Zhaosi thought of the powerful forces of the Beizhen Clan, and became bold again: “Even if you are the third-order Chaos Realm, do you dare to provoke the Beizhen Clan?”

Xu Ming slapped him with a slap: “Stop talking nonsense, just wait for Bei Zhenhai to come over!”

Star Master Zhaosi received a slap and immediately woke up – even if Xu Ming couldn’t provoke the Beizhen Clan, it would be easy to kill him!

“Humph!” Xu Ming smiled with satisfaction.

Then, he stood with his hands behind his back, calmly waiting for Bei Zhenhai and the others to arrive.

In Xu Ming’s eyes, a deep light flashed: “I hope Beizhenhai’s status in Beizhen’s clan can be higher, so that I can make more money...”

Is it just an assessment order to rob the Beizhen Clan? – Xu Ming is not satisfied!

Chapter 1414: All Kneel Down

In the inspection team.

Beizhenhai and several other Beizhen clans existed in the Chaos Realm, leading hundreds of star masters to walk towards the exit without haste.

“This assessment is really rewarding!” Bei Zhenhai was secretly proud, “Not only did he get more than 900 assessment orders, but he also got a lot of treasures!”

In the entire assessment formation, there are only 1,000 assessment orders in total, while Bei Zhenhai has more than 900 pieces in his hands!

An appraisal order of 800 yuan can become a disciple of the inner island; an appraisal order of 20 yuan can become a disciple of the outer island. In other words, Beizhenhai can already become a disciple of the inner island; the other four Chaos Realm of Beizhen clan can also become disciples of the outer island!

“Humph!” Bei Zhenhai glanced at the group of star masters around him calmly, “A bunch of idiots, they thought they could climb onto my thighs! Humph, when I enter the Broken Boundary Island, who will know them? what!”

However, on the surface, Bei Zhenhai and other great masters of the Beizhen Clan also pretended to be “good brothers, I hate seeing each other late” with these star masters, which made this group of ignorant star masters without background excited. I thought I had made friends with the Kita Shin clan, and since then I have a backer.

Bei Zhenhai’s eyes were far-reaching, and he looked forward, with a sneer at the corner of his mouth: “That kid named Xu Ming should have been stopped by the star masters I arranged at the exit, waiting for my hair to fall, right?”

With Bei Zhenhai’s narrow-mindedness, he naturally would not forget the conflict between him and Xu Ming before entering the assessment formation.

“Humph! A kid with no background, dare to be arrogant!” Bei Zhenhai sneered in his heart, “I’ll let you know what it means to be ‘to regret it’!”

Not long after, Bei Zhenhai and others arrived at the exit.

However, what awaited him was not Xu Ming waiting for his release; it was the hundreds of star masters he had arranged to kneel neatly in a row at Xu Ming’s feet.

“What!?” Bei Zhenhai’s eyes bulged out, followed by endless anger and humiliation.

Bei Zhenhai stared at Xu Ming angrily: “Boy, how dare you treat my subordinates like this?”

As the saying goes: beat the dog also depends on the owner!

From Bei Zhenhai’s point of view, Xu Ming’s behavior, speechless, greatly damaged his prestige!

Standing with his hands behind his back, Xu Ming suddenly looked at Beizhenhai; his eyes were dazzling and dazzling!

“You’re finally here!” Xu Ming said lightly.

“Don’t let them go quickly! Then kneel down and lead to death!” Bei Zhenhai shouted angrily.

“Let them go? Kneel down and lead to death?” Xu Ming sneered.

“Not bad!” Bei Zhenhai said coldly, “Honestly kneel down and lead to death, I can give you a happy one! Otherwise, I will make your life worse than death! You can’t live, you can’t die!”

“Ha! Hahaha...” Xu Ming finally couldn’t help laughing, but his tone was very flat, “You have a good idea!”

Bei Zhenhai was stunned: “What’s the best way?”

Xu Ming returned the original words to him: “Honestly kneel down and lead to death, I can give you a happy one! Otherwise, I will make your life worse than death! You can’t live, you can’t die!”

Beizhenhai laughed instead of anger: “Okay! Good! Very good! – I, Beizhenhai, are endlessly chaotic, and this is the first time I have seen something as lifeless as you!”

Bei Zhenheng, who was outside the assessment formation, also had murderous intentions looming in his eyes: “It seems that my Beizhen clan is too low-key, and I haven’t started killing for a long time! The kittens and dogs in the endless chaos dare to provoke our Beizheng. Really!”

In Bei Zhenheng’s view, although Xu Ming’s strength is not weak, he has even reached the fourth-order level of Chaos Realm; however, Beizhenhai, Beizhenhe, etc., plus nearly a thousand star masters, are only as powerful as Xu Ming. Strong or not! – Under such circumstances, Xu Ming dared to be arrogant, it was indeed no different from courting death!

At this time, Bei Zhenhai, who was in the assessment formation, had already made his move!

“Young people, you dare to go wild? Kneel down and talk to me!” Bei Zhenhai’s coercion loomed over Xu Ming, “There are still three days before the exit is closed! I will let you enjoy it in these three days, no Let you die easily!”

boom!

The terrifying coercion was like a whole sky, crushing Xu Ming.

However, Xu Ming stood still: “Light of Firefly, dare to compete with Haoyue for glory?”

boom! !

In an instant, the power of Xu Ming also erupted! The coercion is so strong that it is more than ten times stronger than Beizhenhai! – If the pressure of the North True Sea is a gentle breeze, then Xu Ming’s pressure is a violent storm!

The weak coercion of Beizhenhai was washed away in an instant!

“What!?” Bei Zhenhai was shocked.

At this time, Xu Ming raised his palm—a huge palm print formed in the void and pressed down!

With this palm, Xu Ming pressed the five Chaos Realm and more than 800 Star Masters of Beizhen Clan at the same time!

“Arrogant and ignorant!” Bei Zhenhai was ashamed and angry!

The anger was that Xu Ming dared to take the initiative!

What’s ashamed is... Xu Ming’s move was not aimed at him alone, but at more than 800 of them at the same time! – This shows how much Xu Ming despised them!

Bei Zhenhai was about to explode with rage, but then, all the shame and anger on his face turned into “fright”! – Xu Ming’s palm actually made him feel an irresistible coercion!

“Chaos Realm... Fifth-Order!?” Bei Zhenhai can be sure, . com Xu Ming’s palm is definitely the combat power of the “fifth-order Chaos Realm”! And this is what Bei Zhenhai couldn’t believe, “This kid’s strength...is so strong!?”

That’s right, Xu Ming’s current strength is the fifth-order Chaos Realm!

After getting enough Origin Stones of Chaos, Xu Ming directly summoned the soul of the Chaos Realm to activate the “Eternal Power” link, and his strength naturally increased to the next level, reaching the fifth order of Chaos Realm!

This is an absolutely crushing strength!

In the blink of an eye, there was no time for Bei Zhenhai to think about it—because Xu Ming’s attack had already arrived!

“Break it for me!” Bei Zhenhai tried his best to resist this palm. Although he only has the strength of the second-order Chaos Realm, Xu Ming’s palm is a group attack after all, not aimed at him alone; so, after trying his best, he still held it up and didn’t kneel!

However, others are not as lucky as Bei Zhenhai! Even Bei Zhenhe and other four Chaos Realm first-order great powers couldn't resist this palm, and they all knelt down!

With just one palm, more than 800 great experts were crushed to the ground!

This is Xu Ming's coercion!

"What!?" Bei Zhenhai was shocked and terrified!

"Huh?" Xu Ming's face showed a displeased look, "There are still people standing?"

rumbling—

Xu Ming's coercion is like a chaotic world, rolling towards the Northern True Sea!

"No—" Bei Zhenhai even wanted to resist! It's just that, being targeted by the fifth-order masters of the Chaos Realm, how can it be possible to resist the strength of Beizhenhai!

Snapped!

Bei Zhenhai bent his knees and knelt directly to the ground.

In the entire assessment formation, except for Xu Ming and the Celestial Lord, all the other 998 experts fell to their knees!

Chapter 1415: It'S Robbery!

There are five Chaos Realm, nearly a thousand star masters, all kneeling around Xu Ming.

The whole place was dead silent!

"hiss—"

“too strong!”

“Xu Ming’s strength is too terrifying!”

Everyone couldn’t believe this scene, but it happened!

Even the Celestial Lord Star Lord looked at Xu Ming in horror: “With his hands and feet, he easily suppressed five Chaos Realm and nearly a thousand Star Lords... It seems that Xu Ming’s previous performance in the assessment still has spare strength. what!”

But then, what followed in the heart of the Heavenly Sacrifice Star Lord was infinite panic! – If it is said that there is still hope for reconciliation between Xu Ming and the Beizhen clan before, then now, he has really offended the Beizhen clan!

If the Beizhen clan doesn’t even clean up Xu Ming like this, then the Beizhen clan’s face will really be wiped out!

“Brother Xu Ming can’t hold his breath...” Tianji Xingzhu secretly said, “It’s better to take a step back! If he does this, it is tantamount to deliberately provoking the majesty of the Beizhen Clan!”

The Celestial Lord was right!

Xu Ming... is deliberately provoking the majesty of the Kita Shin clan!

Beizhen clan is very strong, this is true! Not only does it have a number of high-level Chaos Realm powerhouses, but also Xuanhuang Realm exists! – It can be said that with Xu Ming’s current strength, it is very unwise to provoke the majesty of Beizhen Clan!

However, Xu Ming has his own plans – no matter how strong the Beizhen Clan is, it is impossible to have much influence in a behemoth like Broken Boundary Island! And Xu Ming is going to step on the Beizhen Clan and quickly enter the line of sight of the upper layer of the Broken Boundary Island!

In this way, Xu Ming can obtain the right to use the Chaos Teleportation Formation at the fastest speed! Then, leave this corner of the land and go to the depths of endless chaos.

Others will think that Xu Ming's provocation of the Beizhen clan is unwise, or even courting death! But in fact, Xu Ming never took Beizhen clan in his eyes; Beizhen clan was just the first stepping stone for him to step into the endless chaos!

Since it is a stepping stone, if you step on it, you will step on it!

...

Outside the examination.

Bei Zhenheng was also stunned for a while before he came back to his senses.

"This kid..." Bei Zhenheng's murderous aura almost condensed into substance, "How dare you humiliate my Beizhen clan's powerhouse like this!? Courting death!"

How could Bei Zhenheng feel comfortable when he saw his brother of the same generation kneeling in front of Xu Ming like a dog?

However, no matter how murderous he was, he couldn't help Xu Ming now; after all, it was impossible for him to rush into the assessment formation to deal with Xu Ming. Therefore, he could only watch helplessly as his siblings were humiliated by Xu Ming.

On the other hand, Elder Jun looked at Xu Ming with more and more interest: "This young man is really interesting! I haven't met such an unruly young man for a long time!"

Elder Jun felt that Xu Ming was very much to his taste; he had even prepared to protect Xu Ming later—it was easy for him to protect Xu Ming; even the number one expert of the Beizhen Clan, the Xuanhuang Jing If you see Elder Jun, you have to be polite!

Elder Jun and Xu Ming have the same views: the mere Beizhen clan, if you are provoked, you will be provoked. What does it matter?

...

In the inspection team.

Bei Zhenhai also gradually recovered from his previous shock and confusion: “Boy, how dare you treat me like this...”

Bei Zhenhai even struggled to get up!

boom!

But immediately, there was a stronger momentum that suppressed him! Bei Zhenhai couldn't even hold it any longer, and his whole body fell on the ground.

“Be honest with me!” Xu Ming flashed and appeared beside Bei Zhenhai. The soles of his feet were unceremoniously stamped on Bei Zhenhai's face, and they were rubbed on his face!

The whole place fell silent again.

Everyone stared blankly at Bei Zhenhai's barely fair face!

This is Bei Zhenhai's face! It is the face of the “quasi inner island disciple” of Duanjie Island! Moreover, behind this face, it also represents the face of Kita Shinji! —And now, this face is being stepped on by Xu Ming.

What Xu Ming stepped on was not only the face of Bei Zhenhai, but also the face of Bei Zhenshi!

“Beijing Zhenheng outside, I'm afraid he's crazy now?” Tianji Star Master couldn't help but think in horror – he was right, Bei Zhenheng was almost mad, and he wished he could immediately enter the assessment team. !

And the other four Chaos Realm of Beizhen Clan, in addition to being angry, also became honest – they were struggling to stand up! However, seeing that even Bei Zhenhai was trampled on the face and lying on the ground, how dare they stand up again?

After all, no one wants to be stomped on the face like Bei Zhenhai!

And the other nearly 1,000 star masters are as well-behaved as a group of babies; all of them are kneeling upright, for fear that the poor kneeling posture will arouse the dissatisfaction of Brother Ming, and then be trampled on the face!

At the same time, many star masters couldn't help but feel a sense of superiority in their hearts – you see, the most powerful Bei Zhenhai was trampled on the ground; although we were weak, we were not trampled on the face, If you don't lie on the ground, you can kneel anyway!

The atmosphere of the audience suddenly fell into a strange state.

After a long time, Bei Zhenhe, who was kneeling in a standard posture, carefully opened his mouth and said, “You... what do you want? Although you are powerful, do you still dare to slaughter us all?”

“It may not be impossible to kill all of them!” Xu Ming sneered disdainfully, “To kill all of you and wait, and then take your assessment order, I should be able to become a disciple of the inner island! You Beizhen clan, you have to deal with a broken world. The inner island disciple of the island, it won't be easy, right?”

Bei Zhenhe was speechless.

As Xu Ming said, although the Beizhen clan has the strength to deal with the inner island disciples of the Broken Boundary Island, it is not easy!

“However...” Xu Ming said again, “I'm not a person who kills indiscriminately! As long as you cooperate honestly and hand over all the world rings and all the treasures on your body, I can spare you all!”

“You...” Bei Zhenhai was angry and anxious. Although he was stomped on his face, he still struggled vaguely, “You are robbery!”

Bei Zhenhai finally managed to get enough assessment orders, and he could become a disciple of the inner island right now... Now, the gate of victory is in front of him, but he is about to be robbed at the gate!

Bei Zhenhai just wanted to vomit blood!

“Oh, I’m going! How dare you talk? Be honest with me!” Xu Ming’s foot was stronger, and when he stepped on Bei Zhenhai’s face, it was distorted; then, he laughed, “Yes, I’m just robbery. !”

It’s robbery!

Originally, Xu Ming wanted to just rob the assessment order and forget it! But after thinking about it, since the robbery has already been committed, it is better not to pretend to be reserved, and just forget about the robbery!

“Those who hand over the treasures honestly can pass this light curtain and leave the assessment formation! If you don’t want to hand over the treasures, then bring the treasures with you and stay here forever!” Xu Ming’s domineering voice rang out .

Chapter 1416: 3 Years War

In the face of absolute power gaps, people are often able to make the right choice!

One after another, the star masters presented all the treasures in a proper manner. After receiving Xu Ming’s nod, they stood up cautiously, walked into the light curtain, and left the assessment formation.

“Too domineering...” The Star Lord of Tianji was extremely shocked; he looked up at Xu Ming’s back, and he had a feeling of looking up!

He has been in endless chaos for hundreds of millions of years, and he has never seen such a domineering scene!

Nearly a thousand star masters?

Robbery!

Children of the Beizhen clan?

Still robbed!

“This is strength!” Tianji Star Master secretly said – although, he does not know what will happen to Xu Ming after he leaves the assessment formation; but at least now, Xu Ming uses his powerful strength to explain what domineering is!

At this moment, the Heavenly Sacrifice Star Master even had such a thought in his heart: “It seems... it’s not bad to be a dog’s leg by following Xu Ming’s side!”

However, how did the Heavenly Sacrifice Star Master know that there were too many people who wanted to be Xu Ming’s most loyal dogleg; however, they couldn’t keep up with Xu Ming’s cultivation pace and were quickly thrown away!

Even if Tianji Star Master wants to be a dogleg, he can only be a “temporary” dogleg, a “temporary worker” among doglegs; it is impossible to be a “long-term” dogleg!

Soon, nearly a thousand star masters honestly left all their treasures and left the assessment formation.

Only the five Chaos Realm members of the Beizhen Clan were left, and they “stubbornly” knelt on the spot.

“Oh?” Xu Ming glanced at the five people in surprise, “I didn’t see it, it’s quite tough! What? You guys, really would rather die than hand over the treasure?”

“Boy! Don’t be arrogant!” Bei Zhenhe suddenly shouted violently, “I don’t believe it, you really dare to kill us! If you kill us, it will be a blood feud with our Beizhen clan...”

boom!

Before Bei Zhenhe could finish speaking, Xu Ming had already slapped him.

This palm really contains killing intent, and it also contains a hint of the mystery of “Wan Dao Epiphany”; the power of a palm definitely reaches the extreme of the fourth-order Chaos Realm!

And Beizhenhe, who is only the first tier of Chaos Realm, how can he resist this palm!

Snapped!

Shooting it with one palm is like shooting a bug to death, directly shooting Beizhenhe to the point of annihilating his soul and body!

“...It’s a blood feud...” Bei Zhenhe’s voice still echoed in the space.

“Humph!” Xu Ming smiled disdainfully, waved his hand, and grabbed the treasure left by Beizhen River.

“I will give you one last chance to choose!” Xu Ming said lightly, “Of course, you can choose to die!”

This time, the masters of the Beizhen Clan did not dare to speak nonsense.

The three Chaos Realm first-orders presented the world ring honestly without any hesitation.

Bei Zhenhai just hesitated for a while, but in the end he didn’t have the courage to struggle, and he obediently handed over all the treasures.

“Not bad!” Xu Ming finally smiled with satisfaction – more than 900 pieces of assessment orders, plus all kinds of miscellaneous treasures, it can be regarded as a full reward!

“Brother Xu Ming...” The Star Lord of Tianji squeezed out a smile that was even uglier than crying—the robbery was also beaten! Cool too! What’s next?

If you go out, you will face Bei Zhenheng’s anger!

Bei Zhenheng, but the leader among the disciples of the inner island, is even very hopeful to become a core disciple! Whether it is strength or identity, they are far more than Xu Ming!

How should Xu Ming deal with his anger?

“Let’s go! Let’s go out too!” Xu Ming said lightly.

“You can only go out!” The Heavenly Sacrifice Star Master knew that it was impossible to hide in the assessment formation for a lifetime, so he had to go out with Xu Ming with a bitter face.

As soon as Xu Ming walked out of the assessment formation, there was an incomparably fierce aura, pressing him down!

“Kneel down for me!” The deafening roar exploded in Xu Ming’s ear – it was Bei Zhenheng!

“Heh!” Xu Ming just smiled disdainfully – with Bei Zhenheng’s aura, it’s still a long way to oppress him!

“Bei Zhenheng!” Elder Jun’s cold shout sounded, “You dare to do it here with me?”

Outside of the assessment formation, it is strictly forbidden to do anything! If Bei Zhenheng dared to do something here, he would not give Elder Jun face; in other words, he would hit Elder Jun in the face.

Bei Zhenheng shuddered and even withdrew his aura; however, his gaze towards Xu Ming was still full of murderous intent: “Elder Jun, he killed my Beizhen clan master and deceived me Beizhen clan too much; this tone, I can’t swallow it! I also ask Elder Jun’s permission!”

“This is the grievance between you, I can’t control it!” Elder Jun is still very indifferent, “Anyway, in my territory, whoever dares to do it will die!”

Elder Jun looked just and stern.

But in fact, Elder Jun in his heart is biased towards Xu Ming! It is forbidden to do anything, to put it bluntly, it is beneficial to Xu Ming!

“Yes!” No matter how dissatisfied Bei Zhenheng was, he didn’t dare to have any opinion on Elder Jun.

However, Bei Zhenheng still sent a voice transmission to Xu Ming: “If you have the ability, you will always hide in the Broken Boundary Island and don’t go out! – When you leave the Broken Boundary Island, it is the day you die!”

Having said that, Bei Zhenheng was about to leave with several Chaos Realm members of Beizhen’s clan.

“Bei Zhenheng!” Xu Ming suddenly said coldly.

“Huh?” Bei Zhenheng’s murderous eyes shot at Xu Ming, “What else do you want?”

“Bei Zhenheng, do you really want to kill me?” Xu Ming said coldly.

“Humph! This is natural!” Bei Zhenheng snorted coldly.

“Then I’ll give you a chance to kill me!” Xu Ming looked directly at Bei Zhenheng and said, “If you have the guts, see you on the battlefield in three years!”

Three years later, see you on the battlefield!

“What!?” The Celestial Master looked at Xu Ming in disbelief.

“This kid is... courting death!” Bei Zhenhai and the others all showed joy after experiencing a brief shock. In their opinion, what is the difference between Xu Ming challenging Bei Zhenheng and courting death?

“Ha? Haha...” Bei Zhenheng couldn’t help laughing, “You challenge me? You dare to challenge me?”

Bei Zhenheng, the seventh-order Chaos Realm! Moreover, it is still the seventh-order Chaos Realm on Broken Boundary Island, and its strength is much stronger than that of loose cultivators of the same level, or cultivators of small forces!

And the strength that Xu Ming showed was at best equivalent to the fifth-order chaotic cultivator!

The strength gap between the two sides is really too big!

Even Elder Jun frowned slightly: “This kid is too arrogant...”

“Humph!” At this time, Bei Zhenheng said arrogantly, “Xu Ming, I don’t care where you have the confidence and courage to challenge me, and I don’t care what cards you have; since you want to court death, I will fulfill you!—Three years After that, three years later! Don’t worry, I will not deal with you in these three years, I will let you live comfortably for another three years!”

After Bei Zhenheng finished speaking, he directly led people away.

For the existence of Chaos Realm, three years is just a flick of a finger!

“Brother Xu Ming...” Star Lord Tianji looked at Xu Ming and said through a voice transmission, “Are you trying to take advantage of these three years to sneak away?”

“Escape?” Xu Ming sneered, “Do you think Bei Zhenheng will prevent me from escaping?”

“Then you...” The Star Lord of Tianji almost said directly: Then why are you courting death?

“Don’t worry!” Xu Ming smiled, “After three years, I have absolute confidence to beat him!”

Because, Xu Ming’s cultivation has reached the pinnacle of the quasi-sage level! In three years, Xu Ming had absolute confidence to break through to the level of a saint!

“Oh?” Elder Jun also felt the strong self-confidence radiating from Xu Ming, and couldn’t help being secretly surprised, “Could it be... this kid is really sure? In that case, there will really be a good show to watch! We have not seen Boundary Island for a long time. Such a sharp-edged genius has appeared!”

Chapter 1417: Sanctification

The Broken Boundary Island consists of tens of thousands of chaotic worlds.

Between the chaotic worlds, there are overpasses condensed by the power of the formation.

In the endless chaos, tens of thousands of chaotic worlds and tens of thousands of overpasses are like bright pearls, connected by crystal threads.

The outer chaotic world is where the disciples of the outer island live; a little further in, is the residence of the disciples on the inner island; at the core, is the place where the core disciples and the high-level officials of Broken Boundary Island live.

Xu Ming walked alone on an overpass—this overpass was the way from the outer island to the inner island.

The overpass contained the power of space formation, Xu Ming could cross a distance in just a few steps.

“Is he the Inner Island disciple who has just entered the island? Let’s go and make friends!” There are naturally many Inner Island disciples on the Broken Boundary Island, and they have paid attention to Xu Ming’s arrival; there are Inner Island disciples who like to make friends, even more so. Go forward and make friends with Xu Ming.

“Don’t, don’t, don’t!” Immediately, other disciples from the inner island stopped him, “This newcomer is a dead man! He actually made an appointment to fight Bei Zhenheng, and he will fight to the death after three years – this kid will be a dead person after three years. What is there to befriend with a dead person?”

“What? New disciple, will fight Bei Zhenheng three years later?” The inner island disciples who didn’t know about it before heard the words, and they all showed a look of “surely I don’t know whether to live or die”.

“Since he is a new disciple, he can’t be more than one trillion years old! And Bei Zhenheng, but the seventh-order powerhouse of Chaos Realm – challenging Bei Zhenheng is indeed no different from courting death!”

“But I heard that this newcomer is quite strong, I am afraid he has the strength of the fifth-order Chaos Realm!”

“The fifth-order Chaos Realm, how is it possible? – But even the fifth-order Chaos Realm is not qualified to provoke Bei Zhenheng!”

“Unexpectedly, a new disciple from the inner island will become a dead person in three years... What a pity! What a pity!”

The disciples from the inner island all discussed and sighed.

There are many people who rejoice in misfortune, but no one comes forward to make friends with Xu Ming – after all, what is there to make friends with a dying person?

...

Xu Ming walked over the overpass indifferently, his expression neither sad nor happy.

Regarding the doubts of these inner island disciples, Xu Ming did not take it to heart at all – with these people, how could he be qualified to question Xu Ming?

And Xu Ming didn't bother to explain anything. Three years later, Bei Zhenheng's death will naturally be the best explanation.

After a while, Xu Ming walked to his residence.

“In this retreat, I will break through to the level of a saint in one fell swoop!” Xu Ming was confident.

His accumulation has arrived, and breaking the shackles between the master level and the saint level is as easy as piercing a piece of paper!

Entering the room and turning on the guardian formation, Xu Ming directly entered the closed state.

“The level of a saint...” Xu Ming felt the vastness and etherealness of the level of a saint, from the divine body to the soul, all began to sublimate and transform!

Domination Realm, Saint Realm, Chaos Realm, Xuanhuang Realm, Prehistoric Realm...

The five realms, each realm, represents the understanding and control of the different levels of Chaos to Dao.

The Domination Realm has just touched the Chaos Supreme Dao, and the comprehension of the Chaos Supreme Dao is still beyond the skin!

Saint Realm, barely comprehend the cortical appearance of Chaos Supreme Dao!

In the realm of chaos, the understanding is deeper, which is equivalent to understanding the “flesh and blood” of chaos.

Xuanhuangjing realized the “muscles and bones” of chaos.

In the prehistoric realm, just now did I truly understand the essence of Chaos Supreme Dao!

The legendary invincible powerhouse can not only invoke the power of Chaos to Dao, but can even speak the law and change the operation rules of Chaos to Dao!

And Xu Ming is still stuck on the fur of Chaos and Dao.

boom! boom! ...

Xu Ming's divine body rapidly transformed.

The more esoteric imprint of Chaos to Dao was written into the depths of every particle of Xu Ming.

At the same time, Xu Ming felt that a vast will from the Chaos Supreme Dao was being transmitted to him. This will expresses—Xu Ming has been recognized by Chaos Supreme Dao!

With the approval of Chaos Supreme Dao, you can invoke more Chaos Supreme Dao power!

And these are all signs of “Proving the Word and becoming sanctified”!

And... the cultivation base has improved, the perception has improved, and Xu Ming’s strength has naturally risen!

“Breakthrough went well!”

Because of the accumulation of strong insights and the fact that Xu Ming has cracked the “Jietian chess game” – 103,600 game of Jietian chess, it is actually the 103,600 composition principles of Chaos Supreme Dao! Xu Ming has already understood the composition principle, and it will naturally be much easier to understand the more profound Chaos Supreme Dao!

This is like Xu Ming understands all the mathematical formulas, and then goes to study esoteric mathematical problems; while other practitioners, it is like they only understand a little bit of mathematical formulas – Xu Ming’s understanding efficiency and future achievements are definitely not other cultivation. can be compared!

not to mention...

Xu Ming is still hanging up!

“My current strength...” Xu Ming immediately felt his own strength.

Although Xu Ming’s cultivation realm has only just broken through to the level of a saint; however, what Xu Ming cultivates is the “four in one” indestructible demon body! – Compared with the other saints, they must be much stronger!

In addition, Xu Ming has been cultivating the world-breaking practice “Break the Mortal Dust”! – “Duan Fanchen”, in the early stage of cultivation, it seemed like a set of “abandoned exercises”, which was almost useless; however, the later stage of cultivation, the stronger the power of “Duan Fanchen”! It was as if a dusty pearl gradually wiped away the dust on the surface; now, the strength bonus brought to Xu Ming by “Breaking the World” is by no means weaker than “Indestructible Demon Body”!

In addition, with the addition of various plug-in functions such as leapfrog invincibility, eternal power, and supreme inscription, Xu Ming’s current strength is two or three orders stronger than before he became sanctified; level” level!

And it's still invincible in the "seventh-order chaos realm"!

If you add the secret of Xu Ming's secret technique "Wandao Epiphyllum" into his marksmanship "Wandao Spear Intent", then Xu Ming's strength is completely at the level of "Eighth-Order Chaos Realm"!

Terrible!

Terrifyingly powerful!

Moreover- these are still without calculating the "infinite avatar" and "Wandao Epiphany"!

If Xu Ming activates the "infinite clone" without considering the consequences, or uses the "Wandao Epiphany", it is estimated that he can threaten or even kill the Xuanhuangjing! It will not be like when the Great Emperor Wanshi invaded God's Domain before, Xu Ming did his best, and he could not threaten the Great Emperor Wanshi in the slightest!

"With my current strength, it should be enough to enter the line of sight of the upper levels of Broken Boundary Island! It shouldn't be difficult to become a core disciple and use the Chaos Teleportation Formation!" Xu Ming secretly said.

The only thing Xu Ming needs to do now is to defeat Bei Zhenheng and show his strength!

"In this battle, I must fight a thunderous situation!"

Chapter 1418: 1 Group Of Idiots

When Xu Ming left the customs, more than two years had passed, and the three-year appointment had not yet arrived.

He thought for a while: "Although... I joined Boundary Island, mainly to use the Chaos Teleportation Formation! But since I've come here, I should take a look at it, and see if there is any chance on this Boundary Island! "

If there is a chance, Xu Ming will of course accept it without hesitation!

When looking for an opportunity, Xu Ming's first thought is... the world of secret books!

The Secret Book World, located in the core area of the Broken Boundary Island, is a chaotic world where the Broken Boundary Island is specially used to store exercises and secret skills!

Yes! The secret techniques of the Broken Boundary Island must be stored in a whole chaotic world!

One is because there are really many secrets of the cultivation techniques on the island of the borderline – you must know that before the endless long, the island of the borderline was once a superpower; on the island, there are not a few people who even exist in the prehistoric realm! Later, although it was swept away by the Cangqiangmen and led to its decline; however, there are still some details of the Broken Boundary Island!

And the secret skills of the exercises are the ones that can best reflect the background of a party's power!

The second reason is that it is difficult to carry the secret skills of high-level exercises with jade slips—there are too many contents in the exercises! Moreover, the secret skills of high-level exercises have their own coercion; this coercion is not something that ordinary jade slips can bear!

Therefore, if you want to record high-level exercises and secret skills, you often need super-large inheritance monuments; even, you have to lay out many formations, so that the secrets of the exercises recorded on the inheritance monuments are not lost!

It is precisely because of this that Broken Boundary Island needs to use a whole chaotic world to store the secret skills of the exercises!

“A hundred-footed worm, die without being stiff!” Xu Ming sighed in his heart, “This is the foundation of a great power! I don't know when God's Domain will reach the foundation of Broken Boundary Island!”

If you want God's Domain to have the same heritage as Broken Boundary Island, I am afraid that only Xu Ming has to fight!

...

After walking over a series of overpasses and passing through chaotic worlds, Xu Ming soon came to the “Secret Book World”!

“The world of the secret scriptures is really like a forest of secret techniques!” Xu Ming couldn’t help but sigh.

Black heritage monuments that are more than 100 million miles high are densely erected in the entire chaotic world, like a black forest!

And what is recorded on these black inheritance monuments is only Chaos-level exercises! For Xu Ming, who is now an eighth-order chaotic realm, the exercises at this level are not of much value; after all, Xu Ming spent a little bit of energy to create a few Chaos-level exercises, secret techniques and other techniques that suit him. It is not difficult, there is no need to learn other people’s exercises and secret skills.

In the center of this “Black Forest” composed of inheritance monuments, there are hundreds of dazzling formations of different sizes! These formations almost occupy 30% of the entire world of the Secret Tome!

A small formation, it is said that there are magic-level secret techniques stored in it!

And the large-scale formations store the secret techniques of the prehistoric level!

Soon after Xu Ming stepped into the secret world, he attracted the attention of other disciples.

When the disciples from the outer islands saw Xu Ming, they didn’t dare to talk much in front of Xu Ming, the disciple from the inner island.

When the inner island disciples saw Xu Ming, their mouths were not very polite!

“Isn’t that the new Inner Island disciple Xu Ming?”

“Yeah! I heard that he made an appointment to fight Bei Zhenheng! – Their battle should start soon!”

“Bei Zhenheng is a veteran of the inner island disciples! This kid named Xu Ming has just entered the island, so he dares to challenge Bei Zhenheng? – He is not only challenging Bei Zhenheng, but also Contempt for our other inner island disciples!”

“Humph! I don’t even know, should I say that his future life is terrifying, or should I say that he is arrogant and ignorant?” said an inner island disciple with no less seniority than Bei Zhenheng, and he clearly did not put Xu Ming on the list. eyes.

“Humph! Dare to be arrogant and ignorant on Broken Boundary Island? There is a price to pay!”

...

From time to time, these unclean voices entered Xu Ming’s ears.

Xu Ming glanced at these people indifferently, but didn’t say anything – in Xu Ming’s eyes, these so-called inner island disciples were just ants! Does Xu Ming need to argue with a group of ants?

No need!

If it hadn’t been strictly forbidden on the island of Breaking the Boundary, Xu Ming would have stomped on the pile of ants with one foot and it would have been clean! However, since he can’t do it, Xu Ming is too lazy to talk nonsense with these ants for the time being; when he has the opportunity in the future, he can just squeeze it to death, there is no need to waste energy on them.

only...

The more silent Xu Ming became, the more the ants on the inner island jumped.

“This kid named Xu Ming, the three-year contract with Bei Zhenheng, should have less than one year left? In a few months, he will be dead; a dead person, what is he doing in the world of secret books? ?”

“Could it be that...you want to crawl? Let’s see if you have learned any secret skills in the last few months and have achieved great success? Hahahaha...” The inner island disciple who spoke was full of sarcasm.

“In my opinion, it doesn’t have to be cramming when it comes! I’m afraid, I just want to open my eyes before I die; in this way, even if I die, I have seen the world!”

“It makes sense! This Xu Ming should have come from some remote rural area, and he has never seen the world! Before dying, he wants to meet the world This is normal!”

“Ha ha ha ha...”

...

Suddenly, Xu Ming stopped! The indifferent aura on his body was also covered with a layer of killing intent!

The killing intent was icy cold, which made many disciples in the inner island feel biting and terrified; for a while, the voices discussing Xu Ming all quieted down.

Xu Ming’s eyes swept across the acerbic faces.

Suddenly, Xu Ming smiled.

“Boy! What are you laughing at!?” An inner island disciple shouted loudly.

“Ha!” Xu Ming just shook his head and sneered, “Laugh at you guys are a bunch of idiots!”

“court death!”

“People who are dying, dare to speak madly!?”

A disciple of the inner island couldn’t help but scold.

However, Xu Ming continued to shake his head indifferently: “If you weren’t stupid, you wouldn’t be talking so much nonsense in front of me! – Saying this nonsense won’t do you any good at all; however, you have formed a grudge against me! ”

“So what if I have a grudge against you?” The inner island disciples disdainfully said.

“Hahaha... If I wasn’t Bei Zhenheng’s opponent, and even died in the hands of Bei Zhenheng in the battle, then even if you had a revenge with me, naturally nothing would happen! But, have you ever thought about it, What if... I defeat Bei Zhenheng?” Xu Ming sneered, “Since I dare to fight Bei Zhenheng, don’t you think that I will have no confidence at all? – You offended me for the sake of quickness. Not a bunch of idiots, what is it?”

“You better pray, I will die in the hands of Bei Zhenheng in the battle! Otherwise, you will be one by one...”

Xu Ming sneered a few times, then turned and left without saying more.

The eloquent disciples of the inner island were also a little regretful at this time – what if... Xu Ming defeated Bei Zhenheng?

Chapter 1419: Boundary 7

The eloquent disciples from the inner island are also a little regretful at this time... What if Xu Ming defeated Bei Zhenheng?

Although, in their opinion, the probability of Xu Ming defeating Beizhenheng is extremely low, extremely low; however, “extremely low” means “possible”. As Xu Ming said, since he dares to fight Beizhen Heng, could it be that there is no certainty at all?

Thinking of this, many weak inner island disciples couldn’t help but feel a hint of fear in their hearts, fearing that they would not be able to offend Bei Zhenheng, let alone the inner island disciple who could defeat Bei Zhenheng!

After Xu Ming left, the disciples of the inner island resumed their discussions.

“Humph! How could this kid defeat Bei Zhenheng!”

“That’s right, I was almost fooled by him!”

“This kid is about to die, and he is still alarming! When he fights with Bei Zhenheng, we must see his jokes!”

“right!”

...

Xu Ming naturally did not know the arguments behind these. He went straight through the “Black Forest” composed of countless black inheritance monuments, and came to the location where hundreds of dazzling formations were located, all of which recorded the secret techniques of Xuanhuang level and even the prehistoric level!

Xu Ming stopped beside the formations and studied them.

“Xuanhuang-level secret skills are stronger than Chaos-level secret skills; however, their strength is very limited! I created some Chaos-level secret skills, and if I use them myself, the power will not be inferior to the Xuanhuang-level secret skills I learned here! ”

The secret skills created by others, no matter how strong they are, belong to others, not the most suitable for Xu Ming. Only the secret skills created by yourself are the most suitable for you, and the power is also the strongest!

“I can learn from these mysterious yellow-level secret skills a little, and then create a few secret skills of my own!”

For the existence of other chaotic realm strengths, it may take a long time and energy to create chaos-level secret skills! But for Xu Ming, it’s really not difficult to create a chaotic-level secret skill!

What’s more, Xu Ming also has the assistance of the “Supreme Dao Guidance System”; it really shouldn’t be too easy to create chaos-level secret skills!

“My ‘Wan Dao Spear Intent’ can attack and defend, but in the end, it’s a marksmanship, not a secret skill specializing in defense! And... I also lack a powerful movement secret skill!”

While looking at the flowers, Xu Ming suddenly realized that he was a little “biased”.

For a long time, no matter what opponent you encounter, it is directly crushed! As a result, Xu Ming’s attack secret skills are very strong, but his defense secret skills and movement secret skills are very weak!

“It seems... if I have time, I should create a defensive secret skill and a secret movement skill that suits me!”

This is not in a hurry, Xu Ming can wait to leave the “secret world” before creating.

As he walked, before he knew it, Xu Ming had already walked to the center and next to the largest formation!

This dazzling formation is much larger than other formations guarding the secret techniques of the prehistoric level!

“Huh?” Xu Ming couldn’t help but be a little curious, “Could it be... in this formation, is it a top-level prehistoric-level secret technique? Or... a secret technique beyond the prehistoric level?”

Xu Ming put his hand on the wall of the formation’s membrane, and after a brief perception, a message entered his mind: “Seven Forms of Breaking the Boundary”!

“Remnants?”

It’s just a fragment, and the array that has been arranged is even larger than other complete prehistoric-level secret skills!

Even if Xu Ming thinks about it with his toes, he knows that this fragment is by no means simple!

This aroused Xu Ming’s interest.

“Go in and see!”

Xu Ming was about to step into the formation and study the “Seven Forms of Breaking the World”; suddenly, a sneer came into his ears.

“Haha... What? Knowing that my death is imminent, I feel unwilling and want the sword to go sideways?” From the direction of the voice, Bei Zhenheng was walking out of a formation; he looked at Xu Ming with a sneer, and in his eyes, It’s disdain, “This “Seven Forms of Breaking the Boundary” is indeed the strongest secret skill of our Boundary-breaking Island! It’s a pity that it is a fragment, and it is impossible to practice even one form... It’s just a waste like you, will it be right? I’m interested in this secret technique! Hahahaha... Do you think you can learn something from this scrap and save your life under my hands?”

Xu Ming glanced at Bei Zhenheng, then shook his head, too lazy to talk nonsense, and walked directly into the formation.

“Huh?” Bei Zhenheng’s expression became colder and colder, “What do you mean by shaking your head?”

Xu Ming shook his head disdainfully, obviously stimulating Bei Zhenheng.

only...

How did Bei Zhenheng know that Xu Ming was too lazy to say anything to him, a dying man. Sadly, Bei Zhenheng didn’t know that his deadline was approaching, and he was still arrogant there.

...

Step into the formation.

Xu Ming was instantly shocked by the mighty artistic conception locked in the formation, and this was the artistic conception that escaped from the secret technique “Breakout of the Seven Styles”! If it wasn’t blocked by the huge formation, over time, this artistic conception would probably gradually dissipate and disappear! In that case, the mystery of “Seven Forms of Breaking the Boundary” will all dissipate and disappear!

“Sure enough!” Xu Ming’s eyes lit up!

This artistic conception alone is much more powerful than the prehistoric secret skills he had seen before!

“This is likely to be a secret skill beyond the prehistoric level!”

A brief introduction to the secret technique was introduced into Xu Ming’s mind: “”The Seven Forms of Breaking the Boundary”, created by the first island owner of the Island of Breaking the Boundary, is the secret technique of the town of the Island of Breaking the Boundary! Among the secret techniques, there are seven types of stunts; Each formula can change the operating rules of Chaos to Dao to a certain extent!”

Change the operating rules of Chaos to Dao!

Such secret skills are simply incredible!

The introductory message continues:

“The first form of the seven forms of breaking the world: one thought! When attacking, attach a ‘time pause’ to the weapon, making it impossible to defend!”

“The Second Form of the Seventh Form of Breaking the World: Time Wall! When defending, create a ‘time pause’ area around the divine body, so that the enemy’s attack falls into the time pause!”

“The third form of the seven forms of breaking the world: the dead! When attacking, do not attack the enemy’s ‘now’, but attack the enemy’s ‘past’!”

“The Fourth Form of the Seven Forms of Breaking the World: No Future! When attacking, do not attack the enemy’s ‘now’, but attack the enemy’s ‘future’!”

“Seven Forms of Breaking the World, Form Five: All Extermination! When attacking, attack the enemy’s ‘past’, ‘present’, and ‘future’ at the same time!”

“The Seventh Form of Breaking the World and the Sixth Form: Persistence! When defending, a space-time chaotic area is created around the divine body; all the enemy’s attacks will bounce back and attack the enemy’s ‘past’, ‘present’, and ‘future’ at the same time!”

“The Seventh Form of Breaking the World: Banishment! Banish the enemy from the Chaos to Dao, and thus be repelled by the entire Chaos Universe!”

Just a thought!

Time Wall!

deceased!

No future!

All destroyed!

Eternal paradox!

exile!

The seven styles of breaking the world, each style is extremely incredible!

“too strong!”

Even Xu Ming never imagined that there is such a secret skill!

Chapter 1420: Form 1 Completed!

The seven styles of breaking the world, each style is incredible and tyrannical; however, every style is incomplete!

Even the super-existence of the prehistoric realm can never be practiced! Profound Yellow Realm, Chaos Realm, seeing this set of secret skills, they will immediately retreat.

However, Xu Ming did not intend to retire, but started to study directly.

boom!

Xu Ming controlled the formation and accepted the inheritance; the incomplete “Seven Forms of Breaking the World” was directly instilled in him.

The first form: a thought!

Numerous obscure and incomprehensible mysteries poured directly into Xu Ming’s mind. Some of these mysteries are based on the Chaos Supreme Dao, and are derived from them; some are completely unrelated to the Chaos Supreme Dao, and even... violate the operating rules of the Chaos Supreme Dao.

“The first island owner of Broken Boundary Island was able to create such a secret skill, which is definitely beyond the existence of the Great Desolate Realm!”

In the prehistoric realm, although a large amount of the power of Chaos Supreme Dao can be invoked; however, it cannot violate the Chaos Supreme Dao!

“It’s just... this first style is mostly incomplete...”

With such secret skills, most of the first style is incomplete; it is no wonder that even the super-existence of the prehistoric realm cannot practice one style!

“I’d better try it first!” Xu Ming directly activated the secret technique.

At the same time, Xu Ming activated the “Supreme Dao Guidance System”; when he was experimenting with secret skills, he would be guided by the “Supreme Dao Guidance System” with every move! Even if the secret skills are incomplete, Xu Ming can follow the “Supreme Dao Guidance System” and forcefully practice!

call out! call out! call out! call out! ...

For a time, gunshots filled the sky in the formation.

Every gun shadow has the artistic conception of disturbing time and space; however, Xu Ming frowned frequently:

“wrong!”

“That’s not right!”

“Although the time around the spear has been slowed down! However, it is still far from the ‘time pause’!”

Although it is only a very small time suspension, it is extremely difficult for Xu Ming’s current realm!

“Disaster!”

“Very difficult!”

After a few days, even Xu Ming felt the difficulty of this secret technique!

This is normal. If this “Seven Forms of Breaking the World” is not difficult, then I am afraid that someone has practiced it long ago!

However, Xu Ming was not anxious at all. After all, this is a secret skill beyond the prehistoric level; it would be strange if it was easy to practice!

“If I can practice the first form of ‘One Thought’, then others can be said to be undefended under my spear!”

“If I can practice the second type of ‘time wall’, then my defense will also reach an unbelievable level!”

As for the third style and beyond, it's a bit too unbelievable! Xu Ming knew that he couldn't train himself now!

"Practice first! You can learn as much as you can!"

...

Years are gone.

In the blink of an eye, it was time for Xu Ming and Bei Zhenheng to fight.

Broken Boundary Island, on the battlefield.

Bei Zhenheng arrived early. He stood with his hands behind his back, his long hair fluttering uninhibitedly in the wind, and his aura was extraordinary!

Many inner island disciples and outer island disciples have gathered around the battle platform for a life-and-death battle among inner island disciples, which is also very rare in Broken Boundary Island! Although everyone believed that Xu Ming would be defeated without any resistance, he still wanted to see how Xu Ming died.

"Senior Brother Bei Zhenheng's aura is getting more and more terrifying!" a disciple from the outer islands said loudly, and he didn't know if he told Bei Zhenheng on purpose, "If I were to face Senior Brother Bei Zhenheng, I'm afraid You can't even stand, let alone fight!"

This outer island disciple also has a chaotic cultivation base, and his strength is not necessarily inferior to some inner island disciples; however, because the cultivation time is too long, the talent potential has been exhausted, so there is no hope of becoming an inner island disciple.

"Senior Brother Bei Zhenheng's cultivation base seems to be improving again! It seems that he is about to step into the eighth order of Chaos Realm! He is not very old! Such a speed of progress definitely has the potential of 'Xuanhuang Realm'. "I'm afraid, it won't be long before Senior Brother Bei Zhenheng will become a core disciple, right?"

According to the rules of Broken Boundary Island, when disciples on the outer islands see disciples on the inner islands, they should always call them “Senior Brothers”. Therefore, among the disciples of the outer islands, although some people are much older than Bei Zhenheng, they should honestly call him “Senior Brother Bei Zhenheng”.

A bunch of flattery, bragging to Bei Zhenheng.

Suddenly, someone exclaimed: “Why hasn’t that kid Xu Ming come yet?”

“Could it be... Are you afraid to fight?”

“It’s possible! Knowing that you are invincible, you don’t dare to go to the battlefield to face Senior Brother Bei Zhenheng. This is normal!”

“Humph! I don’t even dare to come to the battle. Such a waste is also worthy of being a disciple of the inner island? We can apply to the law enforcement elders to expel Xu Ming from the Boundary Island!”

“That’s right! The law enforcement elders hate this kind of untrustworthy things happening on the island! Once they find out, Xu Ming will be expelled!”

Bei Zhenheng, who was on the battle platform, had a look of victory.

“Xu Ming?” Bei Zhenheng had a look of disdain in his eyes, “If he dares to get on the battlefield, he will die! If he doesn’t dare to get on the battlefield, he will definitely be expelled from the Broken Boundary Island; when that happens, he will still die!”

In Bei Zhenheng’s view, Xu Ming would definitely die no matter what!

“Humph! Dare to offend my Beizhen Clan, this is your fate!” Bei Zhenheng waited calmly whether Xu Ming came or not, he didn’t care.

Moreover, in Bei Zhenheng’s opinion Xu Ming would not dare to appear on the battlefield!

...

Soon, most of the day passed.

On the battlefield, Xu Ming still did not appear.

Many disciples on the outer island and inner island were all waiting impatiently.

“I haven’t come yet? It seems that the kid named Xu Ming really doesn’t dare to come!”

“Dare to take the initiative to make an appointment, but dare not come? It really makes people laugh! I have been in Broken Boundary Island for so long, and this is the first time I have seen such a thing!”

“Trash is trash! I don’t even dare to attend the battle!”

The Heavenly Sacrifice Star Lord mixed in the crowd was also a little strange: “Why hasn’t Brother Xu Ming appeared yet? It’s not like his character...”

...

At this time, Xu Ming was still in the world of the secret scriptures, comprehending the incomplete secret technique “Seven Forms of Breaking the World”!

Long guns are like electricity. But not the slightest momentum.

Because... the time within an inch of the spear has been stopped! Even time has stopped, and the momentum naturally cannot be transmitted from the long spear, so it naturally feels that there is no momentum at all.

“The Seven Forms of Breaking the World, the first form, ‘One Thought’, has finally come to fruition!”

Although, the area where time is suspended is very small; however, it is enough!

Xu Ming's enemy, if there is no means to break the time suspension, then he will not be able to stop Xu Ming's spear! All kinds of defense methods, when approaching Xu Ming's spear, will be caught in a time pause and lose the defense effect! Unless it is directly using a 'big shield' or the like to block the route of the long spear, it is possible to block it!

"With this method, as long as the enemy's strength does not exceed me too much, I can sweep them away!" Xu Ming was confident.

Suddenly, Xu Ming was stunned: "Today... it seems to be the day I have a battle with Bei Zhenheng, right?"

Thinking of this, Xu Ming hurriedly walked out of the formation: "I've been immersed in cultivation, I almost forgot!"
