

A World 1441

Chapter 1441: Treasure Spree

“die!”

A pair of ghost claws of General Guihao suddenly protruded. This claw is not only grasping the divine body of the skull, but also directly grasping his soul.

General Guihao’s eyes were filled with ruthlessness. He seemed to have seen that the opponent fell under his claws.

But for a moment...

General Gui Howl’s expression suddenly became extremely frightened – he found that the soul attack of the skull had begun to erode his soul at some point. It was as if there was an invisible force that was dragging him into the abyss of sinking.

“What a powerful technique of soul corruption!” General Guihao was shocked. But in this light and flint, he didn’t have time to think too much, he could only carry the opponent’s soul to attack to attack!

boom! !

The divine body of the skeleton is as thin as a skeleton, but it is extremely tough! General Guihao’s claw slammed over it, as if the wood had hit an iron block, and it could not be shaken at all.

As for the soul attack contained in the sharp claws, it was even more sunk in the sea, and there was no response at all.

“What!?” Ghost Howl General was horrified! His soul was almost dragged into the abyss of sinking!

“This strength...” General Guihao couldn’t believe it, but he couldn’t help but believe, “Another Chaos Realm Extreme Peak!?”

He never thought that among these fifteen demon geniuses, there would be two Chaos Realm extreme peaks!

“No!” General Guihao was not stupid, and immediately realized, “Even if there are two Chaos Realm extreme peaks, it shouldn’t be one challenge, two challenges in a row! Otherwise, we are too unlucky, right? Could it be that... among these fifteen demon geniuses, there are several at the top of the Chaos Realm; it is even possible that... each of the fifteen geniuses is at the extreme of the Chaos Realm?”

...

“The top of the Chaos Realm?” Xu Ming also looked at this scene in shock.

Moreover, Xu Ming also saw that the other demon geniuses were all indifferent; it was obvious that the thirteen demon geniuses who had not yet shot, and Zhan Jue and Skull Heart were equal.

In this world where strength is respected, what is needed for equality and intersection?

strength!

This shows that the thirteen demon geniuses are likely to be geniuses at the peak of the Chaos Realm, just like Zhan Jue and Skull Heart!

“Fifteen people at the top of the Chaos Realm!?” Xu Ming’s eyes gleamed faintly.

Genius, what does it mean?

Means: Rich!

“The genius at the very top of the Chaos Realm is probably richer than the ordinary Xuanhuang Realm, right?” Xu Ming’s eyes became brighter and brighter.

He looked at the fifteen geniuses such as Zhan Jue and Ku Xin, as if he were looking at fifteen “treasure packs”.

Originally, Xu Ming didn’t have much interest in opponents at the level of Zhanjue and Kuxin; but when he thought about it, as long as these fifteen geniuses were all packed up, his wealth would soar to the Profound Yellow Realm all of a sudden. Very rich level! – Immediately, Xu Ming became interested!

“Guihao, hurry up and die! If I die, I’ll go!” Xu Ming’s heart was hot.

At this time, on the battlefield of the duel.

General Guihao fought very hard! – Although his strength is close to the peak of Chaos Realm; after all, it is only “close”, and there is still an insurmountable gap with the real Chaos Realm’s peak!

Although, the secret techniques that General Guihao cultivated were more restrained from the spirit art genre; however, they couldn’t make up for the gap in strength, so he could only drag him for a while longer.

boom!

boom!

boom!

...

The battle at the extreme level of Chaos Realm, how devastating is the momentum?

Fortunately, there is no chaotic world around the battle between Guihao and Skull Heart; otherwise, every moment of fighting, I am afraid that dozens of chaotic worlds will be annihilated!

A chaotic world as huge as God’s Domain, in the eyes of this level of existence, can really be destroyed with a wave of your hand!

Gradually, General Gui Howl became more and more difficult to support. Both his divine body and soul began to experience trauma.

“The top of the Chaos Realm, I really can’t shake it!” General Guihao had already begun to retreat, but he was dragged by Skull Heart, and there was no chance to retreat at all.

Once he flinched, Skull Heart’s attack would probably bombard him indiscriminately, causing him to fall into a doomed situation in an instant.

boom! boom! boom! boom! ...

General Guihao suddenly roared: “Ku Xin, I have seen your strength! I will wait for another day to fight!”

“Want to leave?” Ku Xin sneered, “Since you’ve gone to battle, do you still want to go back alive? It’s too naive, isn’t it?”

Speaking of this, Ku Xin suddenly smiled wickedly: “Okay, enough to play, let’s send you on the road!”

“What!?” General Guihao was shocked—could it be that... KuXin hadn’t shown his true strength before?

That’s right! Just now, Skull Heart was just warming up!

It’s still a long way from showing true strength!

boom! !

In an instant, Skull Heart’s two eyes turned into incomparably deep vortexes. Wherever he can see, the energy of endless chaos is disturbed; even if there is a world of chaos in his eyes, it will be torn into nothingness in an instant!

General Guihao was stared at by the eyes of the skull, feeling that from the divine body to the soul, they were suffering the deepest tear.

“No—” He knew that under this kind of tearing, he wouldn’t be able to last long.

He wanted to escape, but, under the secret technique of the skull, it was extremely difficult for him to mobilize his divine power, and his strength was greatly reduced, let alone escape.

...

The body and soul of General Ghost Howl are constantly showing tiny cracks.

Countless tiny cracks, like countless streams converging into rivers, turned into big, hideous cracks.

“The ghost howl is over!”

The Chaos Country side immediately saw the situation of General Guihao.

In this case, unless the Lord Zhenmo Ridge comes to the rescue; otherwise, General Guihao will die!

But in such a situation where the two armies are facing each other, it is a fair challenge. How could the Lord of Zhenmo Ling intervene?

If the Lord of Zhen Mo Ling intervenes, the prehistoric realm in the demon army will definitely take action.

In short, no matter what, General Ghost Howl must die!

“Lingzhu, save me...” General Guihao roared in despair.

But it didn't work!

In the end, he was completely annihilated in despair!

The top master in the extreme chaos realm! General Guihao, who is very close to the extreme peak of Chaos Realm, also died!

“Hahahaha...” Hu Xin and other demon geniuses sneered, “The Chaos Kingdom is really a bunch of trash! Do you still dare to come and die? – However, even if you come to die, it's best to come. The strength is a little stronger; it is too weak, and it is meaningless to kill!”

The geniuses of the various forces in Chaos Nation were provoked by pointing their noses like this, and they wanted to kill them immediately. However, they are very clear that with their little strength, they will die if they kill them.

“Damn it!”

Just when the geniuses were furious, but they shrank back and did not dare to make a move; suddenly, a figure rushed out of the barrier and swept towards the army of demons.

“Huh?” The Lord of Zhenmo Ridge was shocked, “Is there anyone else who dares to fight?”

“This is...?” Jiang Yun, Wuying, Tiankuangke, etc., all looked at the figure rushing out of the barrier in shock, “Xu Ming!?”

Chapter 1442: Wanyu Genius Battle

“Xu Ming!?”

Those who knew Xu Ming were shocked.

Those who don't know Xu Ming are puzzled: “Which power is this genius? How dare you fight?”

You must know that after the two battles of Guiku and Guihao, it means that the fifteen demon geniuses are likely to be at the peak of Chaos Realm!

Even the top geniuses in Chaos Country are only on par with these demon geniuses at most; in a fight, it is uncertain who wins and who loses! – Where did this genius who appeared out of nowhere in front of me have the courage to fight?

“It seems to be Xu Ming of Broken Boundary Island!”

“Duanjie Island?—Duanjie Island, these epochs, didn’t all depend on the island owner of the island? If their island owner fell, I’m afraid that the island will become a second-rank force, right?”

“What kind of genius can emerge from a low-level third-rank force? I really don’t know, where did this Xu Ming have the courage to fight! Is it an opponent, doesn’t he have any points in his heart?”

“Could it be... This Xu Ming can’t think of it anymore and wants to die?” Zhenmo Lingzhu couldn’t help thinking.

There are indeed some crazy geniuses who will risk life and death in order to make a name for themselves! In the view of Zhenmo Lingzhu, Xu Ming is likely to be such a genius.

However, the Lord of Zhenmo Mountain was more puzzled as to why so many demon geniuses came to his small Zhenmo Mountain to provoke him.

“Zhenmo!” Suddenly, a voice sounded in the mind of Zhenmo Lingzhu.

The Lord of Zhenmo Ridge was suddenly shocked, and said in his mind: “The Lord!”

Lord of Chaos, that is an existence beyond the prehistoric realm! His strength is unbelievable; with a single thought, he can traverse hundreds of millions of realms, directly descending from the capital to Zhenmo Ridge.

“King Lord, has something happened?” The Lord of Zhenmo Mountain asked even the doubts in his heart.

“The Ten Thousand Domain Genius Battle is about to begin!” said the Chaos King.

The Lord of Zhen Mo Ling suddenly understood: “These extraterritorial demons are geniuses who want to sharpen them?”

“Not bad!” Chaos King said, “They should be trying to challenge the past at various levels, to force out the top geniuses in our Chaos country, and fight them! Moreover, it is very likely that they will be ruthless during the battle and take the opportunity to remove them. Some of our geniuses!”

“Then our Chaos Country...?” said the Lord of Zhenmoling.

“If they want to fight, then they will fight!” The Chaos Country Lord snorted coldly, “The top geniuses of our Chaos Country will be teleported right away! – Humph! Want to take the opportunity to get rid of our Chaos Country’s genius? Let’s see, what is it? Get rid of whoever!”

The consciousness of the Chaos King quickly receded.

The Lord of Zhenmo Mountain is still in shock: “Will the Ten Thousand Domains Genius Battle be started again? That is the meat grinder of top geniuses! And... The Ten Thousand Domain Genius Battle is too much luck!”

Yes!

Very lucky!

And luck is actually the luck of a genius! The luck is not strong enough to become the top existence of endless chaos; then, it is destined to be defeated in the Wanyu genius war!

And the end of defeat is basically...fall!

...

Zhenmoling Teleportation Array.

A streak of light shone.

More than a dozen geniuses at the top of the Chaos Realm were sent here under the ***** of several Great Desolate Realm experts.

“Let’s go quickly, don’t let the demons from outside the realm be arrogant for too long!” said a genius in a black suit, “The ghosts and ghosts of the Walking Corpse Temple have already lost their lives to the hands of the demons!”

“Moshu”, a genius in black armor, said, and sympathetically glanced at the walking corpse temple’s eldest disciple, “Ghost Moon” – also an existence at the very top of the Chaos Realm!

“Humph!” Guiyue hummed disdainfully, “It’s like a ghost cry and a ghost howl, if you die, you will die!”

“You walking corpse temples are really cold-blooded!” Moshu sneered.

Another white-clothed Feather Fan said in anticipation, “300,000 years ago, I fought against the demon genius ‘Skull Heart’, and there was no winner or loser! I wonder if 300,000 years have passed, has he improved? If not, today, I will defeat him!”

“Bai Yu!” Mo Shu laughed, “Isn’t it because of some breakthroughs in strength over the years? – If Ku Xin’s strength has improved more than yours, it would be fun!”

The top geniuses of the Chaos Kingdom and the geniuses of the extraterritorial demons have also had many competitions and learned from each other, and it is almost an even match!

The geniuses on both sides want to defeat the other and prove themselves.

“Let’s go!” The divine powers of the great powers of the Great Desolate Realm directly wrapped around the geniuses such as Ghost Moon and Moshu, and flew towards the fortress barrier.

However, in an instant, several Great Desolate Realm experts and thirteen Chaos Realm extreme geniuses appeared on the edge of the barrier.

“Huh?” Moshu looked at Xu Ming who had just killed the demon army in surprise, and said unexpectedly, “There are still geniuses who dare to fight?”

“Even Guihao died in the hands of the demon genius! Could it be that in this small Zhenmoling fortress, is there any more powerful genius than Guihao, we don’t know?”

A genius is watching.

Bai Yu was surprised: “This genius challenged, it is actually the skull!”

Yes, what Xu Ming challenged was the skeleton heart.

It wasn’t that Xu Ming deliberately challenged Ku Xin, but when he came out, Ku Xin just provoked him. Then, Xu Ming didn’t pick it up, thinking to himself: I’ll kill you, you unlucky **** first!

...

Xu Ming and Skull Heart stand opposite each other.

The surrounding thousands of realms are all open spaces, enough for them to fight.

“The extremity of the Chaos Realm?” Xu Ming looked at him with a smile, with no pressure at all.

Xu Ming actually doesn’t know what level his current strength should be! However, Xu Ming was sure that he was definitely stronger than Chaos Realm Extreme Peak, and much stronger!

“You can still laugh?” Ku Xin sneered, with a stern and frightening expression, “Bring on your weapon!—You, an unknown junior challenged me, probably wanted to take the opportunity to become famous; then, I’ll give you a chance to show your strength! ”

Xu Ming thought about it and took out the spear.

In fact, with Xu Ming's strength, to crush his heart, he doesn't need a spear at all, his bare hands are enough! However, in order not to frighten the snakes, Xu Ming decided to restrain his strength and keep a low profile; after all, if the other dozen or so demon geniuses were too frightened to fight, they would not be able to get the fourteen "treasure gift packs". !

In order to earn some treasures, Xu Ming also took great pains!

boom!

As soon as he came up, Xu Ming displayed the "Wan Dao Spear Intent" – although Xu Ming deliberately suppressed his strength, this spear contained infinite mysteries of the Dao, and it still reached the extreme level of Chaos Realm.

"Huh!?" Skeleton was startled, and then grinned, "I didn't expect that in your Chaos Kingdom, there is still a genius who is at the top of Chaos Realm, which is beyond my expectation! It's a pity... You are unlucky, show In the first battle of strength, you met me!"

In an instant, Skull Heart's two eyes turned into two incomparably deep vortexes! The terrifying soul attack frantically eroded towards Xu Ming.

At the same time, Skull Heart's two arms also turned into bone claws, blasting directly at Xu Ming!

Obviously, as soon as he came up, Ku Xin showed his true strength! You must know, even when killing Guihao, Ku Xin was far from being so serious!

"You will be the first Chaos Realm peak that I kill!" Ku Xin smiled hideously.

How rare are geniuses at the top of Chaos Realm?

Therefore, even if you have the strength to kill the top of the Chaos Realm, you can't find the opportunity to kill! -Like Skull Heart, he believes that he is slightly stronger than the ordinary Chaos Realm Extreme Peak! However, it has never really killed the top of Chaos Realm!

"Kill me?" Xu Ming smiled strangely.

Wait a minute, but it will be after twelve o'clock.

Chapter 1443: 10 Of You, So What?

boom!

Xu Ming and Skull Heart collided in an instant.

“Huh?” As soon as they fought, Ku Xin was shocked – because he found that Xu Ming’s soul was as hard as a reef! No matter how turbulent his soul attack was, he couldn’t shake Xu Ming in the slightest!

Moreover, his bone claws can’t help Xu Ming’s spear!

“Trouble!” Skull’s heart changed slightly, “He is also very good at soul, and I can’t take advantage of it!”

Why is Skull Heart stronger than other Chaos Realms? – It is to rely on his achievements in the soul to crush the opponent’s soul; in addition, the skeleton heart is not weaker than the general chaos realm in melee combat!

But now, Xu Ming is obviously very strong in the soul, and the skull can’t “use his own strength to attack the enemy’s shortcomings”; therefore, in this battle, the skull has no advantage at all.

“Humph! Even without the help of soul art, I will beat you!”

The bone claws of the skull instantly turned into thousands of paths, attacking Xu Ming from all directions.

And Xu Ming, on the other hand, was using the defensive artistic conception of the ten thousand spears to defend himself in a circle! No matter how hard the skull attacked, it wouldn’t hurt him in the slightest.

...

“The strength of the skull has also increased!”

Inside the fortress, Bai Yu watched in surprise.

He and Ku Xin had fought several times, and neither could do anything to the other. This time, Bai Yu thought that his strength had improved and he was able to shake off the skull, but he found that the improvement of the skull did not seem to be smaller than his.

“The bone claws of the skull are transformed from the power of the soul! In 300,000 years, he has not yet reached the level of ‘bone claws’; otherwise, 300,000 years ago, I would have been defeated by the skeleton. Heart!”

What shocked Bai Yu even more was that Xu Ming was able to fight Ku Xin evenly!

Moreover, Bai Yu has already learned that Xu Ming is a disciple of Broken Boundary Island!

“How can such a genius appear in such a small Brokenjie Island!” Bai Yu originally looked down on such a “little force” as Brokenjie Island. However, after hearing that Xu Ming came from Duanjie Island, he even took the blame for Duanjie Island. Attitudes are different.

At this time, Xu Ming’s marksmanship suddenly became fierce.

boom! boom! boom! boom! ...

The shadow of the gun filled the sky, instantly suppressing the bone claws of the skull.

What Skull Heart is best at, after all, is soul art. Under the circumstance that the soul technique couldn’t help Xu Ming, he was almost at a loss for his skills.

Xu Ming saw that Skull Heart was at the end of his force, and thought to himself, “Forget it! Stop playing! Let’s kill him first!”

boom! !

Xu Ming's spear exploded again! Countless spear shadows instantly covered the time and space around the skull.

puff! puff! puff! puff! ...

One after another, the shadows of the guns run through the divine body of the skeleton. In a flash of light and flint, the **** body of the skull was completely wiped out.

Chaos is extremely high, die!

“what!?”

“What a strong explosive force!”

The eruption of Xu Ming caught the demons a bit by surprise. By the time they reacted, Skull Heart was already dead!

“This...”

The demon powers couldn't help but feel a little stunned – this time, they were escorting Skull Heart and other Chaos Realm geniuses to come out to prepare for the upcoming Ten Thousand Domain Talent War; as a result... they died directly...

This is embarrassing!

However, this is a fair battle between Xu Ming and Ku Xin, and there is nothing to say about life and death; therefore, the evil side can only swallow bitterness.

The Chaos Country side was shocked!

“This Xu Ming, who can kill Skull Heart, can't kill me too?” Bai Yu thought in shock.

The other geniuses at the top of the Chaos Realm are not stronger than Bai Yu; therefore, looking at Xu Ming's eyes is quite solemn!

These top geniuses in Chaos Country know that from today, another top genius has appeared in Chaos Country! Moreover, it is the strongest among the top geniuses, and has the strength to kill other top geniuses!

“This Xu Ming, if he dares to participate in the Wanyu Genius Battle, he might shine!”

...

Even the top geniuses of Chaos Kingdom were shocked by Xu Ming’s strength. Then, Jiang Yun, Wuying, Tiankuangke and other ordinary geniuses, not to mention.

“No wonder Xu Ming dared to provoke the walking corpse temple! No wonder Xu Ming dared not to take ghost crying and ghost howl into his eyes!” Jiang Yun finally knew that Xu Ming was not arrogant, nor did he not know whether to live or die, but... based on Xu Ming’s Strength, geniuses such as ghost cry, ghost howl, etc., are not qualified to be regarded by him at all.

“In the entire walking corpse temple, I am afraid that only their eldest disciple ‘Gui Yue’ is qualified to be regarded by Xu Ming!”

...

As for Xu Ming, under the attention of all the people, he put away the “treasure gift package”; then, he turned his attention to the other fourteen demon geniuses!

There were several demon geniuses, and their necks shrank immediately—although they were also at the top of Chaos Realm, their strength was not as good as Skull Heart! Even Skull Heart was killed by Xu Ming, how could they dare to fight against Xu Ming?

“Kid of Chaos Kingdom!” The burly demon in the Great Desolate Realm said with a gloomy face, “Since you have already won a game, why don’t you go on?”

Xu Ming has the strength to kill the extreme peak of ordinary Chaos Realm! The demon power is also worried that if Xu Ming continues to challenge, he will kill one of their top geniuses, so he shouted.

Xu Ming smiled contemptuously and deliberately provocatively said, “Is this the fear of killing?”

“Boy! Don’t be too arrogant!” Among the demon geniuses, “Yuan Tian”, the most powerful mind force genius, shouted angrily, “I’m here to fight you, how dare you fight!?”

“You...” Xu Ming glanced at him, thinking in his heart, if he killed Yuan Tian, then the other demon geniuses would definitely not dare to fight! In that case, Xu Ming would need thirteen treasure gift bags less!

“What? Don’t dare to fight?” Yuan Tian said coldly, “Don’t lose your life just because you won a game! If you dare to fight, come here; if you don’t dare to fight, go back!”

Xu Ming thought to himself: “It seems that if you want to make a lot of money, you can only make a high profile once!”

Then be loud!

After making up his mind, Xu Ming looked directly at Yuan Tian: “Challenge you?”

“Not bad!” Yuan Tian sneered, “How dare you?”

“Hahahaha...” Xu Ming laughed disdainfully, “In the chaotic realm, I am not afraid of all opponents at all! – Let alone one of you, even if it is ten of you, so what?”

what! ?

Everyone was shocked!

No one would have thought that Xu Ming would be so arrogant to say nonsense – this **** is too much, isn’t it?

Even the most powerful Chaos Realm genius in the Endless Chaos can’t say such a thing, right?

Yuan Tian laughed in anger: “Anyone can say big things, if you really have the ability, let’s fight!”

Xu Ming put on an extremely arrogant gesture: “I have no interest in challenging you one! If you want to fight, all four of you, let’s go together!”

Chapter 1444: 1 Thought

“If you want to fight, fourteen of you, let’s all go together!”

As soon as Xu Ming said these words, the audience was silent and silent.

“Let’s all go together!” – This kind of arrogant and provocative words sounded familiar! Especially the geniuses present, most of them have said similar things to others!

But the problem is... the targets of provocation are different!

Even the “extreme” geniuses in the Chaos Realm present, at most, would issue such a similar provocation to the “extreme” geniuses in the Chaos Realm!

And what about Xu Ming? However, he directly issued such a provocation to the fourteen “extreme peak” geniuses in the Chaos Realm!

In the eyes of everyone, Xu Ming’s behavior was no different from courting death!

Fight alone against the fourteen Chaos Realm peaks? -Even if it is the most powerful Chaos Realm in the entire Endless Chaos, it is impossible to do it!

“Damn it! It’s too arrogant!” Moshu was shocked.

“Hasn’t this genius from Broken Boundary Island ever seen the world before? If he thinks that he has some strength, he is invincible in the world? – Challenge the fourteen extreme peaks of Chaos Realm? Is there a more straight path to death than this?” Bai Yu Shock.

“I don’t know whether to live or die!” Gui Yue said coldly, but she couldn’t hide the shock in her eyes.

...

Demon side.

The fourteen demon geniuses were extremely angry; but more than that, they were excited!

Although “Yuantian” is a mental school, its strength is the strongest among the fourteen demon geniuses; but in fact, after seeing Xu Ming kill Kuu Xin, he does not have absolute confidence to defeat Xu Ming! After all, he didn’t know if Xu Ming was hiding his strength!

But now, Xu Ming took the initiative to provoke the fourteen of them at the top of the Chaos Realm; in the eyes of geniuses such as Yuan Tian, this was a perfect opportunity to kill Xu Ming!

Although, geniuses at their level, they all look at their face very seriously; it is detrimental to their face to bully more and less! However, now there is a great opportunity to “easily” kill Xu Ming; these demon geniuses suddenly don’t care about what to lose face.

The fourteen demon geniuses looked at each other vaguely, then nodded silently and flew towards Xu Ming together.

Yuan Tian even said sarcastically: “If you want to court death, we will fulfill you!”

The reason why Yuan Tian was deliberately sarcastic was actually to provoke Xu Ming, so that Xu Ming would not regret running away.

But... Xu Ming finally saw the fish take the bait, how could he possibly run away?

“I must kill these 14 geniuses with the power of thunder, without giving them any chance to react!” Xu Ming is ready to show his true skills!

After all, if you kill them slowly, after a few kills, the other geniuses will definitely react and run away immediately; in that case, Xu Ming might not be able to keep all the geniuses behind! To the meat of the mouth, it may run away!

Swish! Swish! Swish! Swish! ...

Soon, fourteen demon geniuses surrounded Xu Ming.

The faces of Yuan Tian and other demon geniuses showed hideous expressions – at this time, they were no longer worried that Xu Ming would run away again!

“This...” Master Zhenmo Ling and other great experts in the Great Desolate Realm all had the urge to hide their faces and cry.

Of course they can see that Xu Ming is stronger than other Chaos Realm peaks; I am afraid he can be called the strongest Chaos Realm peak genius in Chaos country! But now, such a genius is actively “begging to die”.

If it wasn't for Xu Ming taking the initiative to provocateur, then there is still reason for the great powers such as Zhenmo Lingzhu to intervene in this unfair battle! But now, Xu Ming took the initiative to beg for death, and they had no reason to intervene;

The existence of Xuanhuangjing in Zhenmoling, as well as hundreds of thousands of troops, all sighed for Xu Ming.

“Ha ha ha ha...”

Some happy and some sad.

The powers of the demon side are very happy.

As the focus of the audience, Xu Ming didn't seem to realize how dangerous his situation was, and he asked “naively”, “Can we start the fight?”

“Hahahaha...” Yuan Tian and other fourteen demon geniuses all laughed, “Since you are eager to die, of course you can start!”

Yuan Tian said generously: “You shoot first!”

The other thirteen demon geniuses also surrounded Xu Ming and looked at Xu Ming playfully. In their opinion, they are numerous and powerful. Even if Xu Ming takes the first shot, what waves can Xu Ming make?

“Let me shoot first?” A bloodthirsty light flashed in Xu Ming’s eyes.

How strong is Xu Ming?

When Xu Ming was still the first-order sage, and before he upgraded the plug-in, his strength was already comparable to the “eighth-order Chaos Realm”!

On Broken Boundary Island, after receiving the apology from the ancestor of Beizhen, and after upgrading the plug-in, Xu Ming’s strength has increased by an estimated fourth rank! —The eighth order of Chaos Realm, the ninth order of Chaos Realm, the pinnacle of the ninth order of Chaos Realm, the limit of Chaos Realm, the very pinnacle of Chaos Realm... Up to the fourth order, that is to directly reach the very pinnacle of Chaos Realm!

Later, Xu Ming retreated on the Broken Boundary Island for 100 years, and his cultivation level increased by two levels, reaching the third level of a saint; his strength naturally increased by two levels!

In other words, Xu Ming’s strength is at least two orders stronger than Chaos Realm Extreme Peak!

And this is still without calculating the “Seven Forms of Breaking the Boundary”! If you calculate the seven styles of Upper Break Realm, Xu Ming’s strength is already third-order stronger than Chaos Realm Extreme Peak!

You must know that the stronger the strength of , the more difficult it is to overcome the first-order gap!

The third-order gap is enough for Xu Ming to easily kill the top of Chaos Realm!

And now, Yuan Tian and other fourteen demon “ants” are still trying to let Xu Ming step on them!

“Then I’m welcome...”

boom!

The power of “Ten Thousand Spear Intent” directly blessed Xu Ming’s spear! – Xu Ming’s current marksmanship does not focus on moves, but on form and meaning; when the artistic conception arrives, the power of the marksmanship will arrive!

“kill!”

In the next moment, the spear light stretched directly for thousands of miles and swept away toward the fourteen demon geniuses around.

Wherever the spear can reach, time has come to a standstill! – Exactly the first form of the “Seven Forms of Breaking the World”: One thought! Attach “Time Pause” to the weapon while attacking!

...

Yuan Tian and other demon geniuses, although the victory is in their hands, but in fact, each of them is extremely cautious! After all, they were also worried that Xu Ming would drag one or two of them into the water under his desperate efforts.

Therefore, when Xu Ming’s spear swept in, every demon genius instantly concentrated and defended against Xu Ming’s attack! It’s just... when Xu Ming’s spear swept in, every genius’ defense suddenly stiffened!

Whoever is swept by the spear will be caught in a “time pause”!

Even time is suspended, what else are you using for defense?

It can be said that Yuan Tian and other demon geniuses are completely undefended, there is no difference! And what they faced was Xu Ming, who was three orders stronger than them, and the fate of being undefended was...

Bang! Bang! Bang! Bang! ...

The spear swept across the place, and the fourteen demon geniuses only had time to show their horror, and they didn't have time to escape, and they instantly annihilated their bodies and died!

Chapter 1445: It'S A Big Deal!

“what!?”

“what!?”

The powers of Chaos Kingdom are stunned!

The extraterritorial demon army is also stunned!

No one would have thought that Xu Ming would kill fourteen Chaos Realm extreme peaks with one shot!

“Could it be... Xu Ming is in the Xuanhuang realm?”

“No! It's not the Xuanhuangjing!—Although the power of this gun is terrifying, compared to the Xuanhuangjing, there are still some gaps!”

“It's not the Xuanhuang realm, that's... the legend of the chaos realm!”

Geniuses at the level of “Legend of Chaos Realm” almost only exist in legends! In the entire endless chaos, I have never heard of such a genius! – And Xu Ming, the genius who came out of the small force of Broken Boundary Island, will be the legend of Chaos Realm?

Swish! Swish! ...

Just when everyone was shocked, Xu Ming quickly put away the treasures left by Yuan Tian and other geniuses at the top of the Chaos Realm, and then quickly fled back in the direction of Zhenmo Ridge.

With Xu Ming's movement, the powerful demons from outside the realm came to their senses just now.

“stop!!”

The imposing manner of several prehistoric realms swept through the endless chaos; the sound of anger shook the universe!

“stop!”

“Stay alive!”

Several demons in the prehistoric realm directly attacked Xu Ming.

Xu Ming was stunned for a moment: “I’m going! Didn’t I just kill a few geniuses? What’s the matter? – The prehistoric realm exists, and they joined forces to deal with me?”

Isn’t it just killing a few geniuses?

What Xu Ming said was light!

You must know that the reason why the army of foreign demons escorted 15 geniuses from the top of the Chaos Realm to the fortress of Zhenmoling is to experience these 15 geniuses! And now... of the fifteen geniuses, none of them fell, and they were all taken over by Xu Ming!

This makes the demon powers, how can they not be angry!

If you let these demons know that Xu Ming’s purpose of killing these geniuses is just to search for their treasures, I’m afraid it will be even more angry! -Any genius who is at the top of the Chaos Realm is cultivated at an unknown cost! In comparison, the treasures on their bodies seem to be insignificant!

“stop!”

“Wait for the demon, hurry back!”

The Lord of Zhenmo Ling, and several great experts from the Great Desolate Realm who had just come from the capital, also rushed out of the fortress to protect Xu Ming.

boom! boom! boom! ...

The great powers of the two sides collided on Xu Ming's head.

Fortunately, Xu Ming was closer to the fortress. Therefore, despite the rage of the demons, they were stopped by the great powers of Chaos Kingdom, and Xu Ming could not help.

"Anyway, you all exist in the prehistoric realm! To actually take action against the juniors of our Chaos Kingdom? Isn't it too much?"

"Zhenmo Lingzhu!" The burly demon of the Great Desolate Realm jumped like thunder, "This junior dares to slaughter our extreme genius in the Chaos Realm! Today, he must die!"

"In the battle of life and death, life and death matter!" The Lord of Zhenmo Mountain said coldly, "If you die, you can only blame them for being inferior to others!"

Although the Lord of Zhenmo Ling said this, he smiled bitterly in his heart.

Life and death are a matter of life, this is true; moreover, when Chaos Kingdom and the top geniuses of foreign demons fought, both sides fought desperately and mercilessly! But... under normal circumstances, the two sides are extremely talented in the Chaos Realm, and their strengths are almost the same; so, even in desperate battles, generally not a few die.

Ten geniuses, at most one or two die!

And what about Xu Ming? As soon as he made a move, he directly slaughtered the demon genius! His actions are equivalent to breaking the unspoken rules between Chaos Kingdom and extraterritorial demons!

"This Xu Ming doesn't play cards according to common sense!" The Lord Zhenmo Ling smiled bitterly in his heart. Of course, he was more excited; the appearance of a genius like Xu Ming was definitely a great blessing for Chaos Kingdom!

“Fart!” The burly demon roared, “Hand over this kid, we will be at peace with each other today! Otherwise, we will directly attack Zhenmoling and slaughter everyone!”

Hand over Xu Ming?

“Don’t think about it!!” The Lord of Zhenmo Mountain shouted without hesitation.

You know, Xu Ming is a “Legend of Chaos Realm”! Such a genius is definitely to be taken care of by Chaos Kingdom as a treasure, how can it be handed over to a foreign demon?

Even if the other dozen of Chaos Realm’s extreme peaks, Zhenmo Lingzhu and other great masters in Chaos Country died, they would not let Xu Ming have an accident!

boom! boom! boom! boom! ...

The great powers of the two sides have all collided together! The aftermath of their fight can annihilate thousands of chaotic worlds!

call out-

As for Xu Ming, he took the opportunity to flee all the way and escaped back into the barrier; there was still excitement in his eyes! – In the process of escaping for his life, Xu Ming has replaced all the treasures that can be exchanged for hanging points; after all, he is also worried that he will be killed by the other party’s great power! And as long as all the treasures are turned into hanging points, then even if he dies, Xu Ming will still earn it; the big deal, he will be resurrected with the “immortal mark”, anyway, the hanging points have already been earned!

And this time, the hanging point of killing fifteen geniuses at the top of the Chaos Realm really made Xu Ming just want to say: “Even if you die, it’s worth it!”

Yes! Even if you die, it’s worth it!

Chaos realm extreme genius, worthy of the top genius! Every genius such as Skull Heart, Yuan Tian, etc., has all the treasures on his body!

The treasures of the fifteen geniuses added up, even richer than the average Great Desolate Realm!

In other words, Xu Ming's vote directly made his net worth skyrocket to the relatively wealthy level of the prehistoric realm!

So, it's worth it!

Really worth it!

...

Lord Zhenmo Ling and other great experts in the Great Desolate Realm, seeing that Xu Ming had fled back to the barrier, they were relieved and returned to the barrier.

"Wait for the demons, retreat quickly!" The Lord of Zhenmo Mountain shouted.

Several demons are powerful, but they ignored the threat of Zhenmo Lingzhu, but said coldly: "Zhenmo Lingzhu, let me ask you one last time, are you dating someone or not?"

The Lord of Zhenmo Ridge just replied with two words: "Don't even think about it!"

"Humph!" Several demon powers snorted angrily turned around and left.

The great powers of the Great Desolate Realm on the Chaos Nation's side were all relieved, and said to themselves, "It turns out that they were just talking ruthlessly! I thought they were really going to fight!"

but...

Just when several demons from the prehistoric realm returned to the army formation, the burly demons raised their arms and shouted angrily: "The whole army is attacking! Take down Zhenmo Ridge!"

boom!

boom!

boom!

In the next moment, the army of millions of demons without hesitation moved directly towards the Zhenmoling Fortress.

“what!?”

“This...”

The Lord of Zhen Mo Ling was shocked—they did not expect that these demons would dare to attack directly! You know, this battle is not a joke, but means declaring war on the entire Chaos Nation!

In fact, it is normal to think about it! After all, all the geniuses at the top of the Chaos Realm from extraterritorial demons have been damaged here; if these demons are powerful, if they don't do something, I'm afraid they won't be able to explain it when they go back!

“kill!!”

The army of millions of demons, with a monstrous momentum, frantically oppressed the Zhenmo Ridge.

This time, Xu Ming really made a big noise! Because of him, it directly caused the foreign demons to fight against the Chaos Kingdom!

Seeing the army of one million aggressively attacking, Xu Ming was also stunned: “Isn't it just killing a few geniuses? As for the excitement?”

As for the great powers of the Great Desolate Realm, such as the Lord of Zhenmo Ridge, they are not as calm as Xu Ming!

You must know that the defenders of Zhenmoling Fortress are far less than the demon army! Although there is an enchantment to resist, but it will not last long! – Even if you ask for help from the capital now, before the reinforcements arrive, Zhenmoling will be broken!

Chapter 1446: Kindly?

“Xu Ming...”

Jiang Yun, Wuying, Tian Kuangke, etc., all looked at Xu Ming in shock, as if they didn’t know each other.

But at this time, the army of millions of demons was approaching, and the war was imminent; the geniuses of the major forces did not have time to express their shock and worship, and they all turned their attention to the direction outside the territory.

boom!

boom!

boom! !

The army of millions of demons is constantly rising!

“Battle formation!” The burly demon roared, his voice shaking the endless chaos.

Immediately, each of the demon masters walked to the positions they had practiced countless times. Every 100,000 demons is a battle formation; every battle formation can barely resist the existence of the Great Desolate Realm!

“kill!”

“kill!”

For a time, the sound of rushing and killing was monstrous.

“It’s really moving!” The Lord of Zhenmo Ridge looked solemn.

You must know that at this time, the power of Chaos Nation is far inferior to that of the demon army! Even if relying on the enchantment, it can resist for a while, but Zhenmo Ridge will be broken!

“These demons are completely crazy!” Several other people from the Great Desolate Realm who came from the capital also looked very solemn.

But they know that it is normal for the demon army to go crazy! After all, if all the geniuses at the top of the Chaos Realm were killed on the Chaos Nation’s side, then the Demon Lord and the others would still be crazy!

“How to do?”

Several great experts in the Great Desolate Realm exchanged views, and soon came to a decision.

“The powers of all parties, as well as the disciples, leave immediately! The army of Chaos Nation, continue to guard Zhenmo Ridge, waiting for reinforcements to arrive!” Zhenmo Ridge Lord shouted decisively.

“Walk!”

“withdraw!”

The Lord of Zhenmo Ridge is actually helping all forces buy time to evacuate! The powers of all parties are also very aware of this, so they quickly began to lead the team to evacuate.

“By the way! When you are evacuating, split up!” Zhenmo Mountain Lord shouted again.

The reason why the demon army wanted to attack Zhenmoling was not to slaughter the defenders of Zhenmoling! After all, these defenders are all ordinary Chaos Realm and Xuanhuang Realm, and they have little value!

What the demon army wants to do is to kill the geniuses of Chaos Kingdom and bury the fifteen dead demon geniuses!

In order to prevent the destruction of the city, all the geniuses were taken away in one pot; therefore, the Lord of Zhenmo Ling asked everyone to evacuate separately! In this way, even if the demon army wants to hunt down, it will be much more difficult!

“it is good!”

Swish! Swish! Swish! ...

The forces of one party are flying in different directions.

However, no one flew in the direction of the teleportation array—starting the chaotic teleportation formation requires a stable time and space; the collision of the army of millions of demons and the army of hundreds of thousands of Chaos Kingdom will inevitably make this party chaotic and fall into chaos! At this time, the Chaos Teleportation Formation is no longer available!

“Brother Jiang Yun, Brother Wuying, everyone, I won’t go with you!” Xu Ming knew that he was definitely the number one target of the demon army, so it was better to act alone to avoid dragging others down.

“Brother Xu Ming, take care!”

“Take care of yourself!”

call out-

Xu Ming turned into a streamer and entered the depths of endless chaos. The speed is fast, billions of miles in an instant.

While fleeing, Xu Ming was still depressed: “The size of the demon army is too small! A dozen geniuses have died, and they are going to work hard...”

Don’t die for more than ten days...

What Xu Ming said was light and dead, but all the top geniuses of this group of extraterritorial demons!

“The sky is falling, and I’m so tall, I’d better run away!” Xu Ming didn’t feel that he had done anything wrong. However, the current Xu Ming is simply unable to resist the existence of the prehistoric realm, so he should escape first!

In order to escape faster, there is a hang point now, Xu Ming directly raised the “Leaping Invincible” and “Zhi Dao Inscription” to level 10. Xu Ming’s strength has risen to the next level, directly stepping into the Xuanhuang realm!

call out-

“Little Brother Xu Ming!” At this moment, a great power with a gray and cold face flew over and squeezed out a smile that was even uglier than a dead man.

“Huh?” Xu Ming looked at the other party with some doubts.

This person, Xu Ming recognizes, is an almighty of the Xuanhuang realm; but... he is an almighty of the Walking Corpse Temple!

“Necromancer Sword Sovereign!” Xu Ming also said.

“Little brother Xu Ming, it’s not safe for you to act alone, I’ll be with you! If you encounter the pursuit of demons, I can protect you!” said the undead swordsman.

“Oh?” Xu Ming was more and more puzzled – the power of the Walking Corpse Temple would be so kind?

Moreover, after Xu Ming’s “Supreme Dao Inscription” has risen to level 10, the effect of perceiving the inscription is stronger! Xu Ming could faintly perceive the greed hidden in the undead swordsman.

“Oh! I’m afraid it’s coming for the treasure on my body!” Xu Ming secretly said.

However, the Necromancer Sword Sovereign is only the first rank of the Xuanhuang realm; now, Xu Ming's strength has broken through to the Xuanhuang realm, and he is not afraid of him.

What's more, Xu Ming also has two great tricks, "Wandao Epiphany" and "Unlimited Avatar"; if you really want to irritate Xu Ming, let alone the first rank of the Xuanhuangjing, even if it is the third and fifth ranks of the Xuanhuangjing. Step, Xu Ming will also die in minutes!

"You want to hit me?" Xu Ming sneered in his heart, . com "Since you are courting death, fulfill him!"

But on the surface, Xu Ming still pretended to be grateful: "Then thank you Necro Swordsman!"

"It should be!" said the undead swordsman hypocritically.

call out-

call out-

The two streamers flew side by side toward the depths of the endless chaos.

Necromancer Sword Sovereign is observing the surroundings, seeing that no one else is in the same direction as himself, the more excited he is. Looking at Xu Ming's eyes, he couldn't help but become a little more fruitless.

Xu Ming continued to move forward as if he had not noticed anything.

...

Zhenmoling Fortress.

"Hold on!"

"Hold on!"

The Lord of Zhenmo Mountain shouted: “As long as you persist for a while, there will be great experts from the Great Desolate Realm rushing over!”

However, the forces of foreign demons are much stronger after all! Even if the defenders of Zhenmoling tried their best to defend, they still couldn’t hold it.

Soon, the huge barrier that separated the outside world was smashed to pieces!

boom-

Millions of foreign demons poured into Zhenmo Ridge like a tide.

“Chase! Go chase and kill them all!” The burly Great Desolate Demon roared, “Kill all the geniuses in their Chaos Kingdom!”

call out! call out! call out! call out! ...

In the army of demons, one by one, the great experts of the Xuanhuang realm, are chasing and killing them in all directions-the direction they are chasing and killing is the trajectory of the escape of the major forces.

These Profound Yellow Realm demons entered the Chaos Kingdom with the belief that they must die! After all, after they came in, it was almost impossible to leave Chaos Country alive.

And the demons of the prehistoric realm, which dominate the Chaos realm army, fought directly in Zhenmoling—these demons of the prehistoric realm did not dare to go deep into the Chaos Realm to die! Moreover, once the reinforcements from Chaos Kingdom arrive, they will immediately lead their troops to withdraw from Zhenmo Ridge and flee back to the outside world.

Chapter 1447: Forced Slavery!

call out-

call out-

Xu Ming and the undead swordsman galloped all the way through the endless chaos.

The Necromancer asked Xu Ming some questions from time to time to test Xu Ming's details.

"I can't believe that a declining force like Broken Boundary Island can actually walk out of a peerless genius like Little Brother Xu Ming! I don't know where Little Brother Xu Ming cultivated before entering Broken Boundary Island?"

"It's just a lonely practice in the endless chaos!" Xu Ming said lightly.

"Your master is...?" Sword Master Necromancer asked with a smile, "I have a lot of connections with the superpowers of Chaos Kingdom! Maybe, I have heard of your master's name!"

"I don't have a master!" Xu Ming told the truth.

"I really don't have a master?" The undead swordsman said in disbelief, "It's incredible to learn without a teacher and cultivate to the current state!"

However, Necro Swordsman's heart was completely relieved at this time – no background, no master! In this way, if he kills Xu Ming, I am afraid that he will not have any great power, and he will trace the cause of Xu Ming's death at any cost! That is to say, he can take action with peace of mind!

"Wait a minute!" Necromancer Sword Master secretly said, "Ahead, is the chaos of endless chaos! If you do it there, it is a super power beyond the prehistoric realm, and it is almost impossible to trace me!"

The two walked side by side and flew thousands of worlds away.

The look of the undead swordsman gradually became hideous, and finally he no longer concealed his greed!

"It's a good place to start..." The greed of the undead swordsman is almost substantive. He was just hesitating when to do it.

“Huh?” Suddenly, Xu Ming had a warning sign in his heart, as if he felt that he was being stared at by a poisonous snake, making him dare not act rashly.

“What’s the matter?” Xu Ming was startled, and could not help but glance at the undead swordsman.

“It’s not him!” Xu Ming immediately denied it – although the Necromancer Sword Master has a bad intention, the threat he can bring to Xu Ming is definitely not enough to make Xu Ming feel such a strong sense of crisis!

Moreover, the level 1 perception Ming also told Xu Ming that he is very unsafe now!

“I was stared at by the superpower!” Xu Ming suddenly understood.

But it is clear that the dark super-power is extremely powerful! He was so strong that even Xu Ming couldn’t know where he was hiding and staring at him.

“Trouble!” Xu Ming frowned slightly, “It’s definitely a superpower that is far stronger than me! I don’t know if ‘Infinite Clone’ or ‘Wandao Epiphany’ can handle him!”

Before meeting someone, Xu Ming had no absolute certainty.

Seeing that Xu Ming’s expression was a little strange, Sword Master Necromancer thought that Xu Ming had finally sensed his ill will, so he couldn’t help but sneer, “The Walking Dead Night Formation!”

boom!

In an instant, with Xu Ming and the Necromancer as their hearts, the endless chaos within the Hundred Realms was shrouded in a veil of night! – This is a huge trap! The night is completely isolated from the endless chaos of the outside world; if the night cannot be broken, there is no way to leave here.

“Finally, let’s do it!” Xu Ming glanced at the undead swordsman indifferently – he had already discovered that something was wrong with the undead swordsman, but the mere first rank of the Xuanhuangjing was not in Xu Ming’s eyes at all!

What Xu Ming is really afraid of is the superpower who is still hiding in the dark!

“Hahahahaha...” The Sword Sovereign looked up to the sky and laughed loudly—now, he has arrived at his ideal place to start; moreover, Xu Ming has also been trapped by his “Walking Dead Night Formation”!

In the eyes of the undead swordsman, no matter how talented Xu Ming is, he is only in the realm of chaos; in his hands, he is just a little lamb waiting to be slaughtered!

Thinking of this, thinking of the wealth that Xu Ming had just plundered from the fifteen top geniuses in the Chaos Realm, the Necromancer Sword Sovereign couldn’t help but get carried away! And when I was complacent, I couldn’t help laughing at the sky: “Hahahahahaha...”

The Necromancer Sword Master seems to have seen that he robbed and killed Xu Ming and obtained a lot of wealth and treasures. Since then, the road to cultivation has been smoother, and he has made great strides along the way, becoming the top superpower in the entire Chaos Nation!

“Xu Ming!” The undead swordsman shouted angrily, “Be honest...”

Necromancer Sword Sovereign just started to speak, but at this moment...

hiss-

The night of the “Walking Dead Night Array” was directly torn from the outside, with a large opening.

“What’s the situation!?” The undead swordsman couldn’t help but look towards the tear opening – I saw a burly figure standing proudly in chaos outside the tear opening. The head of this figure also has two curved horns.

“This is...” The undead swordsman suddenly widened his eyes, “Evil... Evil Demon!”

The heart of the undead swordsman suddenly became a little cold. He never thought that just as he was about to kill Xu Ming, an evil demon appeared; and, looking at the aura of this demon, it was obvious that he was not weak!

“Zhenmoling Fortress was breached so quickly? Besides, the demons chased us so quickly?” Undead Sword Master couldn’t believe it, but he had to believe it.

boom!

The burly demons stepped into the trapped formation with one foot, and the chaos trembled.

At this time, the undead swordsman finally saw the identity of this demon: “True ancient demon!”

The real ancient demon is one of the most famous foreign demons! With a cultivation base, he has already reached the ninth rank of the Xuanhuangjing! Moreover, since the endless years, when the real ancient demons were at war with the Chaos Kingdom, they did not know how much power they killed the Chaos Kingdom!

“The ninth rank of the Xuanhuangjing...” The body of the undead swordsman was trembling faintly – although he knew that this extraterritorial demon was probably coming for Xu Ming! However, the evil demons from outside the realm are ferocious and ruthless, and only know how to kill; the undead swordsman is of course worried, when the real ancient demon takes action, will he slap him to death by the way?

The undead swordsman is afraid!

However, even if he was afraid, he did not dare to act rashly! He was afraid that if he moved, he would arouse the dissatisfaction of the real ancient demon!

And Xu Ming, who is also dignified – the ninth order of Chaos Realm, has far exceeded his strength limit!

If Xu Ming wants to defeat the opponent, I am afraid, the most likely thing is to trigger the instant kill effect of “life and death”!

Thinking of this, Xu Ming hurriedly raised “Life and Death” to level 1—although the probability of increase is very limited, but with a little probability, there is always more hope!

“Xu Ming!?” When the real ancient demon saw that it was Xu Ming, he was also stunned—he came to Chaos Kingdom, and the mission was not to kill Xu Ming?

boom!

The real ancient demon didn’t say a word, and directly attacked Xu Ming with all his strength.

“Kill it first!” Since the real ancient demon had already sneaked into the Chaos Kingdom, he never thought of returning to the outside world alive! After all, every passage from Chaos Kingdom to the outside world is guarded by the army of Chaos Kingdom.

The best ending for the real ancient demon is: after beheading Xu Ming, he will hide in Chaos and never show his face again!

And the bad ending is: Killed by Chaos Kingdom!

In any case, the real ancient demon must first kill Xu Ming and complete his mission: “Death!!”

The monstrous power of the ninth rank of the Xuanhuangjing made Xu Ming feel a little terrified.

“What to do... Do you want to put your hope in ‘life and death’ with that poor chance of instant kill?”

Xu Ming is very clear that “life and death” is almost unreliable! Otherwise, the luck of the real ancient demon is too bad!

“It’s too late to open the ‘Infinite Clone’ now!”

Unlimited clones, there are only ten clones at the beginning. It takes Xu Ming to keep attacking, and the number of clones will appear like a snowball!

But the problem is, Xu Ming's current enemy is the existence of the ninth order of Xuanhuangjing! I'm afraid, Xu Ming didn't have the chance to attack a few times, and he was swept away by the real ancient demon!

"Wandao Epiphany, it's too late to gather momentum now!"

You must know that the real ancient demon directly killed Xu Ming.

"What should I do..." When Xu Ming was in despair, a sudden light suddenly appeared, "That's right! I don't have a shortage of hanging points now, so, just use the most expensive method! – Forced enslavement!"

...

Chapter 1448: What Did You Just Say

boom!

"die!"

As soon as the real ancient demon came up, he directly killed Xu Ming.

"Not good!" The Necromancer Sword Master on the side changed his expression, "I am only the first rank of the Xuanhuang Realm, and I am not an opponent of the real ancient demon at all! Xu Ming's treasure must be lost to me!"

Without any hesitation, the undead swordsman flew away directly. Now, what he is worried about is not whether he can get the treasure, but... in front of the real ancient demon, whether he has the possibility of escaping.

"You shouldn't be greedy!" At this moment, Necromancer Sword Sovereign was full of remorse – now, the treasure has not been caught, and he has put himself in danger! After the real ancient demon has finished dealing with Xu Ming, the next one will definitely be dealing with him!

“Hahahaha...” The real ancient demon looked at his huge palm and was about to photograph Xu Ming, and couldn’t help but feel more proud! He seemed to have seen the scene where Xu Ming was slapped to death by himself.

But at this moment, Xu Ming’s eyes became strange. He looked at the real ancient demon with an indifferent expression, and said word by word, “Forcibly enslaved!”

In an instant, “Forced Slavery” was launched.

The eyes of the real ancient demon were originally full of killing intent, but in the next moment, they suddenly became extremely pious. He slammed towards Xu Ming’s huge palm, and immediately stopped.

Immediately afterwards, the real ancient demon came to Xu Ming, knelt down on one knee, and looked at Xu Ming fervently and loyally: “Meet the master!”

“What!?” The undead Sword Sovereign, who was flying away, thought that Xu Ming was absolutely dead; he never thought that the next moment, the real ancient demon actually took the attitude of a servant directly in front of Xu Ming.

“What’s going on?” Undead Swordsman couldn’t believe it.

Soon, he reacted: “Xu Ming definitely has a trump card to directly enslave the real ancient demon! – The trump card that can instantly enslave the ninth rank of the Xuanhuangjing, how strong is that!”

Thinking of this, Undead Sword Master couldn’t help but feel a little fortunate: “Fortunately, I haven’t had time to shoot Xu Ming; otherwise, my current fate will definitely not be better than the real ancient demon!”

At the same time, Sword Master Necromancer was still a little annoyed: “This Xu Ming is really insidious! I tried him again and again to see if he had any background, but he said he didn’t! – Hmph! The means he showed didn’t seem to exist. What’s the background like?”

...

“Get up!” At this time, Xu Ming said lightly.

The real ancient demon, who was kneeling in front of Xu Ming, dared to stand up.

Xu Ming was secretly surprised: “‘Forced enslavement’ is really strong!”

Xu Ming could totally feel the devotion and fanaticism of the real ancient demon towards him! Even now, Xu Ming directly let the real ancient demon die, the other party would not hesitate at all!

In other words, Xu Ming has an absolutely loyal ninth-order servant of the Xuanhuangjing!

“It’s just... enslaving a Profound Yellow Realm ninth rank, there are a lot of hanging points!” Xu Ming secretly felt a little distressed – this time he opened the “forced slavery” hanging, Xu Ming directly spent one-tenth of the hanging points! Equivalent to the entire net worth of a “First-Order Prehistoric Realm”!

Fortunately, Xu Mingjie killed fifteen demon geniuses; otherwise, he really couldn’t afford this “forced slavery”.

“Huh?” At this moment, Xu Ming caught a glimpse of the undead swordsman sneaking away.

“Necromancer Sword Sovereign!” Xu Ming said with a half-smile, “Where are you going?”

“Xu...Brother Xu Ming!” Sword Master Necromancer quickly squeezed out a guilty smile and said.

“By the way, what did you just say?” Xu Ming asked again.

“Just... just now...” How dare the undead swordsman say what he just said again, “No... nothing!”

“Nothing?” The smile on Xu Ming’s face was even greater, “I remember, you seem to tell me to hand over something honestly? – Oh! I see, you want my treasure, right? It’s easy to say. , come and get it!”

“Not yet... still not!” At this time, the undead swordsman dared to step forward.

At this time, Xu Ming said again: “Speaking of which, I would also like to thank you, Necromancer Sword Master!”

“Thank me?” Necro Swordsman was a little puzzled, “Thank me for what?”

“Thank you for protecting me, but you were killed by a foreign demon!” Xu Ming said with a sneer.

“Huh?” Undead Sword Master was taken aback – when was he killed by a foreign demon in order to protect Xu Ming?

Immediately, the undead swordsman understood the meaning of Xu Ming’s words; and at this time, the real ancient demon had appeared in front of him.

“No—” Necro Swordsman even asked for mercy.

However, just as the word “no” came out of his mouth, the attack of the real ancient demon had penetrated every particle of his body! – The first rank of the Xuanhuangjing, facing the ninth rank of the Xuanhuangjing, it is impossible to have the slightest chance to resist! One blow is enough to kill in seconds!

Xu Ming indifferently put away the treasure of Undead Sword Sovereign—the mosquito is small, but it is also meat.

“Really ancient.” Xu Ming said.

“Master!” True ancient demons have only fanatical loyalty to Xu Ming.

“Has Zhenmo Ridge been breached?” Xu Ming asked.

“Yes!” True Ancient Evil Demon reported from 1510 Huihui, “Zhenmo Ridge has been broken, and there are quite a few great experts in the Xuanhuang realm who have already entered the Chaos Kingdom to hunt down you, master, and other geniuses!”

“Are there any other demons behind you?” Xu Ming asked again. There is no more! “Really ancient demon said,” I am relatively strong, so I chose a route to track it alone! Unexpectedly, I just caught up with you, the master! ”

“Yeah!” Xu Ming nodded slightly.

Chasing and killing the demons in the depths of Chaos Kingdom, the most powerful one is the ninth rank of Xuanhuangjing, and there are only a few of them. After cleaning up the real ancient demons, there is no need to worry about other demons chasing and killing them.

“Give me all the treasures on your body!” Xu Ming said as a matter of course.

“Yes!” The real ancient demon did not resist at all, and directly presented all the treasures.

“Yo! It’s quite rich!” Xu Ming left the usual weapons and equipment to the real ancient demon, and all the others were accepted; this time the “forced enslavement” consumption of the hanging points can be regarded as half of the return.

“Let’s go!” Xu Ming summoned the Chaos Flying Boat, identified the direction of the Broken Boundary Island, and handed it over to the real ancient demon to control it.

“Zhenmoling, I don’t dare to go there for the time being. I can only slowly fly back to Broken Boundary Island! It will definitely take a long time!” Xu Ming secretly said.

Fortunately, the distance between Broken Boundary Island and Zhenmoling Fortress is not very far; it is estimated that it will only take a few hundred years to fly back.

Moreover, the real ancient demon is powerful and powerful, and he must drive the chaotic flying boat faster than Xu Ming himself. It is estimated that a hundred years is enough. In just a hundred years, Xu Ming could still accept it.

“Just take advantage of this time to practice well!” Xu Ming secretly said, “Now there is a hang-up point, there is no shortage of Chaos Origin Stone; when you return to Broken Boundary Island, you will directly open the Chaos Teleportation Formation and teleport to the capital!”

As for the “100,000 military exploits” required by the experience mission?

Xu Ming was about to leave soon, and he was no longer hanging out on the Broken Boundary Island. Do military exploits and experience missions mean anything to him?

Chapter 1449: Huiduanjie Island

Chaos flying boat, shuttle in endless chaos.

The speed of the chaotic flying boat controlled by the ninth order of Xuanhuangjing is indeed several times faster than that of Xu Ming. Xu Ming was also happy and relaxed, and directly counted his gains.

“High-grade Chaos Originium, more than 3,000 pieces! Middle-grade Chaos Originium, nearly 100 million pieces! Low-grade Chaos Originium, there are also hundreds of millions!”

A high-grade chaotic source stone is equivalent to 10,000 middle-grade chaotic source stones; a middle-grade chaotic source stone is equivalent to 10,000 low-grade chaotic source stones. Therefore, to those demon geniuses, the middle-grade Chaos Origin Stone and the low-grade Chaos Origin Stone are just “change”!

“With these, in a short time, I should not worry about hanging up!”

Xu Ming had already exchanged all these Chaos Origin Stones into level 15, 16, and 17 hanging points!

After all, the Chaos Originium may be lost! And the hanging point... Even if Xu Ming is killed, the hanging point is still there; after resurrecting with the “immortal mark”, he is still a hero!

Xu Ming reckoned that he might be richer than the island owner of Breaking the Boundary!

“It now seems that using the Chaos Teleportation Array to teleport to the capital requires one million low-grade Chaos Origin Stones, which is really just a drizzle!”

Xu Ming looked at other treasures again: “These treasures cannot be directly exchanged for hanging points; moreover, I can’t use so many miscellaneous things! It seems... I want to find a chance to sell all these treasures and replace them with Chaos. Origin Stone!”

After sorting out the treasures, Xu Ming started to practice.

With a large number of treasures as support, Xu Ming’s cultivation speed is naturally faster! However, Xu Ming is not in a hurry to make progress, but is steady and steady; after all, only the more solid the foundation is, the further you can go on the road of cultivation!

...

Thirty years later, Xu Ming’s cultivation had broken through to the fourth rank of a saint.

However, Xu Ming’s strength was still only the first rank of the Profound Yellow Realm, and he failed to step into the second rank of the Profound Yellow Realm.

“The higher the cultivation level, the more exaggerated the strength gap between the two minor ranks!” Xu Ming secretly said, “It’s getting harder and harder to improve your strength!”

Of course, the strength of the first-order Xuanhuangjing is not weak in the endless chaos, and it is enough to become the leader of the second-order forces! —For example, the ancestor of the Beizhen clan was only the first-order strength of the Xuanhuangjing.

Thirty years later, Xu Ming’s cultivation has broken through to the fifth rank of saints.

But his strength is still trapped in the first rank of the Xuanhuangjing – however, it is already the peak of the first rank of the Xuanhuangjing; as long as he makes some breakthroughs, he can step into the second rank of the Xuanhuangjing!

A hundred years later, when the real ancient demon was driving the chaotic flying boat and returned to the vicinity of Broken Boundary Island; Xu Ming’s cultivation had already reached the sixth rank of a saint!

“Really ancient!” Xu Ming called out, “Go to my world ring first!”

Carrying a demon of the ninth rank of Xuanhuangjing is a bit high-profile after all; Xu Ming still likes to keep a low profile!

“Yes!” The real ancient demon replied respectfully.

“Breaking Boundary Island...” Xu Ming looked forward.

When he first came to Duanjie Island, Xu Ming was undoubtedly shocked by the momentum of Duanjie Island! But this time, Xu Ming thought: Broken Boundary Island? But er!

In the final analysis, Broken Boundary Island is now only a third-rank force; to Xu Ming, who has already seen the world, it is indeed just “nothing.”

“Say goodbye to a few friends on the island, and then just leave!” Xu Ming thought, and he was already flying towards Broken Boundary Island.

However, when he flew near Duanjie Island, Xu Ming met two people he didn’t like very much – Jiang Yu and Xue Luo.

These two are both core disciples of Broken Boundary Island, but they are not from the same faction as Xu Ming. Before Xu Ming set off for Zhenmoling, the two deliberately laughed at Xu Ming.

At this time, Jiang Yu and Xueluo were followed by more than a dozen demons—these demons all looked sluggish, and they were obviously controlled by Jiang Yu and Xueluo’s souls. However, the cultivation of these demons is not very high, just some low-level demons in the Chaos Realm; they seem to be quite majestic, but they don’t actually have much combat power.

“Ha, isn’t this Xu Ming?” Jiang Yu said with a strange smile, “Having come back so soon, could it be that... have already achieved the mission of 100,000 military exploits?”

One hundred thousand war exploits requires killing one hundred thousand first-order demons in the Chaos Realm, or high-level Chaos Realm and Xuanhuang Realm corresponding to the war exploits. From Jiang Yu and Xueluo’s point of view, Xu Ming’s mission was definitely a “protracted battle”; but he never expected that Xu Ming would come back so soon.

“How could it be possible to have achieved 100,000 military exploits!” Xueluo hummed, “I heard that there seems to be something wrong at Zhenmoling; I think this Xu Ming, most of them were scared and fled back!”

Chaos Country is too vast, and it is extremely difficult to transmit information! In addition, the area where Duanjie Island is located is relatively desolate, and the news is not very well-informed; therefore, Duanjie Island just heard that something happened on Zhenmoling! As for what exactly happened, I don’t know at all.

“By the way, Xu Ming!” Xueluo said high above the ground, “I heard that Zhenmoling was breached by demons, is it true?”

Xu Ming said lightly, “It should be true!”

“Should? That means, you haven’t seen it with your own eyes?” The disdain on Xueluo’s face was even stronger, “You escaped before the fortress was breached? You really gave us a face on Broken Boundary Island! ”

Jiang Yu also echoed: “Our reputation in Broken Boundary Island, in Zhenmoling, has been smashed by you!”

Xu Ming was speechless: “I smashed the reputation of Broken Boundary Island?”

He just wanted to say: Broken Boundary Island has a fart reputation!

When the disciples of Broken Boundary Island went to Zhenmo Ridge, which one was not bullied?

It was Xu Ming who went to Zhenmoling and slaughtered the geniuses from all over the world, and this was the only way to raise the reputation of Broken Boundary Island! Later, Xu Ming killed fifteen demons at the top of the Chaos Realm, and even pushed the reputation of the Broken Realm Island to the top!

And now, Jiang Yu actually said that it was Xu Ming who destroyed the reputation of Broken Boundary Island...

“The 100,000 military exploits definitely haven’t been achieved!” Jiang Yu said contemptuously, “You came back without even completing the assessment task... You, a core disciple, are really useless!”

Xu Ming just laughed but didn’t say a word, and didn’t bother to defend himself—just be happy!

However, Jiang Yu and Xue Luo continued: “Have you seen these more than a dozen demons? – We not only successfully completed the mission, but also captured so many demons back!”

Xu Ming shook his head and was too lazy to say more, so he went to the Broken Boundary Island.

At this time, Jiang Yu suddenly stopped in front of Xu Ming and said with a sneer: “If you haven’t completed the assessment task, you are not qualified to return to Broken Boundary Island! You should run back to Zhenmoling and come back after completing the task!”

Xu Ming looked directly at Jiang Yu and uttered only one word: “Get out!”

“You... what did you say?” Jiang Yu was anxious.

The dozen or so demons looked at Xu Ming with murderous intent.

“Isn’t it just a few demons? Are they annoying?” Xu Ming said impatiently, “Did I not catch the demons?”

As soon as Xu Ming finished speaking, an extremely burly figure suddenly appeared beside Xu Ming; it was the real ancient demon.

“This is...?” Jiang Yu and Xue Luo were shocked! —Of course they felt the terrifying aura of the burly demon!

As soon as the real ancient demon came out, he slapped Jiang Yu and the others without saying a word.

The giant palm rolled down in the chaotic void! Jiang Yu and Xueluo had no way of resisting, so they were slapped to the ground; and the dozen or so demons they captured were even more unlucky, and they were directly slapped to pieces.

“Now, do you still have demons?” Xu Ming snorted coldly, took the real ancient demons, walked directly over the two of them, and entered the Broken Boundary Island.

Chapter 1450: Summon Xu Ming

“I...” Jiang Yu wanted to say something, but as soon as he came into contact with the icy aura of the real ancient demon, he didn’t dare to say a word.

Jiang Yu is sure that this is definitely a demon of the Xuanhuang realm, and it is also a high-level Xuanhuang realm! Looking at the entire Broken Boundary Island, I am afraid that few people are stronger than this demon!

Jiang Yu was worried that if he angered Xu Ming, if this demon killed him “accidentally”, then he really wouldn’t even have a place to cry!

Jiang Yu and Xue Luo did not dare to stand up until Xu Ming and Zhengu Evil Demon disappeared from sight.

“What should I do?” Xue Luo’s face was ashen; half scared, half angry.

“Hurry up and report to the elders!” Jiang Yu said.

...

a few days later.

The Broken Boundary Island Master, and several elders who ranked high, gathered together.

“I heard... Xu Ming came back from Zhenmoling and brought back a powerful demon of the Xuanhuang realm?” The elder with long silver hair like a waterfall said in a low voice.

The Island Master of Broken Boundary said, “I know that extraterritorial demon!”

“Oh?” Several elders turned their attention to the Island Master.

The Broken Realm Island Master continued, with a serious expression: “You should have heard of his name! He is... a real ancient demon!”

Really ancient demon! ?

As soon as these four words came out, several elders were shocked. Obviously, the real ancient demon still has some reputation.

“A true ancient demon of the ninth rank of the Xuanhuangjing?” The Great Elder asked in disbelief.

“That’s right!” The Broken Boundary Island Lord’s expression became more and more solemn.

“hiss-”

All the seats were filled with breathless voices.

“The ninth rank of the Profound Yellow Realm... This old man’s cultivation is only the eighth rank of the Profound Yellow Realm...” It was the fifth elder who was in charge of the treasure house who spoke.

“With such a strong foreign demon, you are the only island owner who dares to say that he will definitely beat him, right? – This Xu Ming, what tricks and trump card are hidden, so that he can enslave the real ancient demons!?”

“Xu Ming’s presence on the island is definitely a factor of instability! We must ask carefully what secrets Xu Ming is hiding!”

When the elders spoke, they all looked upright and awe-inspiring, as if no matter what they did, it was for the sake of breaking the boundary island, not for their own selfish interests! But in fact, the island owner of Broken Boundary is very clear that these elders are trying to carve up the secrets of Xu Ming!

Although the Island Master of Breaking the Realm despises the behavior of these elders, to be honest, he is also very curious about what secrets Xu Ming has in his body.

“Let’s use the names of these elders to see what secrets Xu Ming has!” The Island Master of Breaking the Realm thought to himself, “At that time, if the elders want to **** Xu Ming’s treasure, I will Just protect him! – In this way, Xu Ming will definitely be grateful to me and thank Dade!”

“Islander, what do you think?”

“Islander?”

All the elders turned their attention to the Island Master of Boundary Breaker.

The Island Master of Broken Boundary said solemnly, “Summon Xu Ming!”

...

Soon, Xu Ming came to the hall.

“Island owner, elders!” Xu Ming stood in the center of the hall, neither humble nor arrogant.

“Xu Ming!” The Great Elder shouted coldly, “Why don’t you kneel and salute when you see the Island Master and the elders?”

Kneel down and salute?

Xu Ming has no such habit!

The first elder continued to shout: “Is there any distinction between honor and inferiority? – Kneel down for me!”

“The distinction between superior and inferior?” Xu Ming sneered, “What is the distinction between superior and inferior!?”

The first elder said arrogantly: “I am the ninth rank of the Xuanhuang realm, and you are just a mere Chaos realm! In front of me, I am the honor, and you are the humble! – Do you understand?”

The elders and others are obviously not well-informed, and they still don’t know that Xu Ming swept the fifteen geniuses at the top of the Chaos Realm in Zhenmoling! Xu Ming’s talent can be called a “legend” in the chaotic realm!

And you must know that a genius at the top of the Chaos Realm has a status comparable to that of an ordinary First-Order Prehistoric Realm! A legendary genius of Chaos Realm, his status is even higher than that of ordinary Great Desolate Realm! – The Great Elder is only at the ninth rank of the Xuanhuang Realm, how ignorant he must be to say the words “the distinction between superiors and inferiors” in front of Xu Ming!

“The distinction between superior and inferior?” Xu Ming sneered.

Swish!

The real ancient demon was directly released from the world ring and appeared beside Xu Ming.

Immediately afterwards, the real ancient demon knelt down on one knee in front of Xu Ming, his eyes showing fanatical loyalty: “Master!”

Owner!

These two words are not very loud, but they are like a loud slap on the face of the elder.

Really ancient demon, what kind of cultivation? – The ninth order of the Xuanhuangjing!

It is the same cultivation base as the Great Elder!

Isn’t this exactly what Xu Ming was announcing to the Great Elder, “Even the ninth rank of the Xuanhuangjing must kneel at my feet”?

“You...” The elder is not stupid, of course, he understood the subtext of Xu Ming’s behavior, and his face turned ashen with anger, “Shu Zian dares to be rude!?”

“presumptuous!”

“Bold!”

The other elders also shouted at Xu Ming.

“Shut up!” At this moment, the dignified voice of the island owner of Broken Boundaries sounded, “Xu Ming is indeed qualified to be on an equal footing with us! – Sit down!”

Xu Ming’s expression softened a little, and he just found a place to sit down.

As for the real ancient demon, standing behind Xu Ming, he was extremely loyal.

“Xu Ming!” The Island Master of Broken Realm said again, “I and a few elders called you here because I want to ask you something!”

“Island Master, please speak.” Xu Ming said.

The Broken Realm Island Lord glanced at the real ancient demon and asked, “Xu Ming, the real ancient demon... Really enslaved by you?”

“Not bad!” Xu Ming said directly – isn’t this obvious? Still need Xu Ming to answer?

The Island Master of Broken Realm said again, “As far as I know the real ancient demon is a demon of the ninth rank of the Xuanhuang Realm! Xu Ming... How did you enslave him?”

“This...” Xu Ming looked at the Island Master of the Broken Boundary without concealing his displeasure, “This seems to be my secret, right?”

It’s obviously not a good behavior to ask other people’s secrets casually!

“What is ‘your secret’?” The elder was angry, and now he finally got the opportunity to reprimand Xu Ming, and scolded unceremoniously, “As my core disciple of Broken Boundary Island, you should always think about how to grow stronger. Duanjie Island, let Duanjie Island return to the ranks of the fifth-rank powers as soon as possible! Instead of hiding your secrets and cherishing yourself, you don’t care about the overall situation at all!”

The second elder also echoed: “Xu Ming, everyone here is my own! You can tell me how to enslave the real ancient demon!”

The third elder’s eyes were gloomy: “If you are unwilling to say it, we will have to do it ourselves to find out!”

There is a strong sense of threat in these words.

“Ha! Haha...” Xu Ming couldn’t help laughing, “Just look at my secrets and say it straight! Why do they pretend to be so grand?”

At this time, Xu Ming looked at the island owner of Breaking the Realm again and said, “Island owner, I don’t care about their attitude! I just want to know, what kind of attitude do you have?”

After Xu Ming joined Broken Boundary Island, he had some friendship with the island owner, Elder Jun and a few others. Therefore, Xu Ming actually had no sense of belonging to Broken Boundary Island; Xu Ming didn’t bother to care about the attitude of the Great Elder and others.

If the attitude of the island owner of Broken Boundary is the same as that of the first elder, then Xu Ming may turn his head and leave, and he will be cut off from the island.
