

A World 1451

Chapter 1451: Information

Chaos Capital.

It is the power center of the endless chaos of billions of worlds.

The masters here are like clouds, and the great power of Xuanhuangjing is like a crucian carp crossing the river here, and the details are innumerable; even the prehistoric realm exists, there are many.

Hundreds of thousands of third-rank forces have set up their sects here. Because, the country has a number of existences that surpass the prehistoric realm; here, it is definitely the safest place in Chaos.

The capital, the imperial city.

The chaotic king, who has always been indifferent, doesn't look very good-looking.

“Extraterritorial demons, dare to attack my Chaos Kingdom! It seems... I haven't launched troops outside the Territory for too long!” The Chaos Kingdom Lord snorted coldly.

Below the Chaos King, one after another exists in the Great Desolate Realm, and their faces are ugly.

These prehistoric realms exist, and they are all the powerhouses of the top third-rank forces; for example, the hall master of the Walking Corpse Temple is among them. They all appear here, and they all have one thing in common, that is-some disciples in the force have fled in the endless chaos because of the invasion of foreign demons.

Among them, the most anxious are undoubtedly the great powers such as the Hall Master of the Walking Corpse Temple, because... Among their forces, those who are hunted down are all geniuses at the top of the Chaos Realm!

Chaos Realm is at the top, that is the top genius in the entire Chaos Nation! During the same period of the entire Chaos Nation, there were only dozens of geniuses at this level; each of them could be called the future of Chaos Nation.

However, what the Chaos King is worried about is not the extreme peaks of the Chaos Realm, but... Xu Ming!

A “legendary” genius in Chaos Realm!

Chaos Realm legendary level really only exists in legends! – Since the establishment of Chaos Kingdom, it has been unknown how many epochs; however, there has never been a genius of Chaos Realm legend!

And Xu Ming is the first!

However, as far as Chaos King knows, Xu Ming is also fleeing in endless chaos.

“I don’t know, what’s going on with Xu Ming now!” Although the Chaos King can consciously span hundreds of millions of realms, he can directly contact the Zhenmo Ridge Master from the capital; but that’s because he and the Zhenmo Ridge Master have always There is a strong causal relationship, not the mind of the Chaos Lord, which can really cover the entire Chaos country.

Therefore, when the Chaos King learned that Xu Ming was a “Legendary of Chaos Realm” and was fleeing, he also had no way of knowing Xu Ming’s specific location.

“Lord, you have achieved a lot in the way of cause and effect; is it impossible to calculate Xu Ming’s current situation?” a super existence asked.

The Chaos King shook his head helplessly: “The stronger the talent, the harder it is to be calculated! Even if it is an ordinary genius at the top of the Chaos Realm, I have to spend a lot of energy; and a talent like Xu Ming is what I can do. Calculated?”

The stronger the talent, the more unpredictable fate, cause and effect, etc.!

“We can only wait for the news!” The Chaos King sighed.

Endless chaos, boundless vastness. Looking for a person in Chaos Kingdom is undoubtedly much more difficult than finding a needle in a haystack for ordinary people! Even the top beings in Chaos Country can only wait for news.

“Legend of Chaos Realm... It will definitely become an existence beyond the Great Desolate Realm in the future! Moreover, if he goes to participate in the Ten Thousand Domains Genius Battle, he will definitely be at the top!” In the eyes of Chaos King, Xu Ming is more talented than all other geniuses in Chaos. Get up, it's even more important!

...

in the hall.

From time to time, there are great experts who get news and are relieved and relieved; there are also great experts who sigh and feel helpless.

“Report—” A figure rushed into the hall, “Ninety-nine of the 100 geniuses in Jimo Mountain have been killed by extraterritorial demons!”

One hundred geniuses, ninety-nine have died?

The mountain owner of Jimo Mountain almost vomited blood – is this too miserable?

The figure continued to report: “Moshu, already...”

Immediately, the mind of the owner of Jimo Mountain was raised – Mo Shu, but he is the only genius at the top of the chaotic realm in Jimo Mountain! He is also the most optimistic successor of Jimo Mountain Master!

If Mo Shu were to die, the Jimo Mountain Master would definitely feel more distressed than all the other geniuses died!

“Moshu, has entered a chaotic city, out of danger!”

“Phew—” Jimo Mountain Lord suddenly let out a long sigh of relief.

Every chaotic city has a great power in the prehistoric realm; as long as you escape into the chaotic city, you don’t have to worry about being chased and killed by foreign demons. After all, the highest level of extraterritorial demons who have entered the Chaos Kingdom is only the ninth rank of the Xuanhuangjing.

“Jie Jie Jie...” On the side, the sinister laughter of the hall master of the Walking Corpse Temple sounded, “Jimo Mountain Master, a hundred geniuses, only one survived, you are still lucky? – It seems that you are really easy enough. Satisfied!”

Before the voice of the hall master of the Walking Corpse Temple could finish, another figure rushed into the hall.

“Report – The one hundred and thirty-three geniuses sent by the Walking Corpse Temple to Zhen Moling have been confirmed...the entire army has been wiped out!”

“What!?” The walking corpse hall master who was mocking others suddenly widened his eyes and couldn’t believe it – the entire army was wiped out?

“What about ‘Ghost Moon’?” The Walking Corpse Hall Master continued to ask.

Ghost Moon is the eldest disciple of the Walking Corpse Temple generation, and the only Chaos genius in the Walking Corpse Temple!

“Guiyue, it has been confirmed that he was killed by an extraterritorial demon of the first rank of Xuanhuangjing!”

“I...” The Walking Corpse Hall Master vomited blood directly.

The first rank of the Profound Yellow Realm is the weakest among the Profound Yellow Realm! If Guiyue can be killed by a slightly stronger demon, it will be a little bit of face; but it can be killed by a first-order demon in the Xuanhuangjing... It’s really funny!

The other great experts in the prehistoric realm around listened to it. Although they didn't say anything, they all laughed in their hearts: The genius of the Walking Corpse Temple is too watery!

yes!

Too watery!

The genius at the top of the Chaos Realm can't even escape under the hands of the first-order demon in the Xuanhuang Realm! Such a genius, still not water?

As a result, other great masters couldn't help but guess: Will the strength of the walking corpse hall master also be very watery?

In any case, after this incident, the Walking Corpse Temple was looked down upon by other top third-rank forces.

The Walking Corpse Hall Master obviously thought of this, but what else could he do besides helplessness?

At the same time, the Lord of the Walking Corpse finally knew why, just now, the Jimo Mountain Lord on the side was so happy when he heard that Moshu was still alive. At this moment, what else can he do besides envy the Jimo Mountain Master?

"Hahahaha, Lord of the Walking Corpse, my condolences!" Jimo Mountain Lord was ridiculed just now, and now of course he will not politely strike back. Although he said "condolences", his laughter already showed what he meant – he was here to mock the Lord of the Walking Dead.

Soon...

"Report—" Another figure rushed into the hall, "The news of Xu Ming has been discovered!"

Swish!

In the whole hall, it was awe-inspiringly quiet.

Xu Ming, but the first “Legend of Chaos Realm” in the history of Chaos Kingdom, although the great powers of all parties paid great attention to him.

“Xu Ming has returned to Broken Boundary Island safely!”

The Chaos King’s eyes suddenly lit up, and his eyes showed joy: “Okay! I knew that the genius of the Chaos Realm legend will not die so easily!”

“And... Xu Ming is... still...” The visitor said, with an unbelievable look on his face.

“‘What else’!?” Chaos King and other great masters were anxious like cat’s claws in their hearts.

“Xu Ming also... enslaved the real ancient demons of the ninth order of Xuanhuangjing!”

Chapter 1452: Send

“Xu Ming also... enslaved the real ancient demons of the ninth order of Xuanhuangjing!”

As soon as these words came out, the whole place was silent.

All the existences in the prehistoric realm, or even beyond the prehistoric realm, all widened their eyes, stunned, and couldn’t believe it.

Enslaving the ninth order of the Xuanhuang realm?

This is something that can only be done by the existence of the prehistoric realm!

Of course, Chaos King and other great masters immediately thought that Xu Ming definitely had some trump card.

However, in any case, Xu Ming is a legendary genius of the Chaos Realm, but there is no doubt! After the great experts recovered from their shock, their first reaction was to dig Xu Ming into their hands!

After all, with Xu Ming's talent, it is absolutely certain that he will become an existence beyond the prehistoric realm in the future! Winning Xu Ming is equivalent to attracting a future existence in the prehistoric realm!

Thinking of this, the great powers suddenly became hot in their hearts.

Swish! Swish! Swish! ...

One after another, the great powers stood up from their seats; said goodbye to the king, and walked out of the main hall directly – they were going straight to Broken Boundary Island!

As for the situation of other geniuses in the force, they are too lazy to pay attention for the time being! Anyway, life is life and death is death; even if they pay attention, nothing will change. And... as long as they can successfully dig Xu Ming, even if all the other geniuses in the force die, they won't feel bad!

Even the Chaos King couldn't help but think: "Duanjie Island is only a weak third-rank force, and it can't tolerate Xu Ming as a true dragon! Moreover, as far as I know, Xu Ming and Duanjie Island's relationship It's not deep either; other forces have every chance to poach Xu Ming!"

Of course, the King of Chaos also wanted to win over Xu Ming, the legendary genius, but as the King of Chaos, it was definitely impossible for him to go out in person.

"Shadow!" Chaos King shouted.

Whoosh!

A black shadow appeared on the wall behind the Chaos King; it was the Chaos King's capable general, the super existence of the ninth-order prehistoric realm – the shadow!

"If you go to Broken Boundary Island, it's best to dig Xu Ming over!" said the Chaos King.

"Yes!" Shadow responded, and then disappeared.

...

Boundary Island.

The atmosphere is tense.

Xu Ming looked directly at the island owner of Breaking the Realm, and said without showing weakness: “Island owner, I don’t care about their attitude! I just want to know, what kind of attitude do you have?”

Xu Ming waited for the statement of the island owner of Boundary Breaker.

The Island Master was silent for a moment, and said, “Xu Ming, you are a member of the Island after all!”

A simple sentence has already made clear the attitude of the island owner of Breaking the Boundary; to put it bluntly, it is to let Xu Ming tell his secret!

“Hahahaha...” Xu Ming smiled, “I knew it would be like this!”

In fact, if you think about it with your toes, you know that if there is no support from the island’s owner, how can the elders and other high-level officials of the island dare to be aggressive towards Xu Ming?

After all, the elders and other high-level leaders are only in the Xuanhuangjing; and Xu Ming, who has enslaved the demons who have enslaved the ninth-level Xuanhuangjing! – Aren’t the first elders afraid, Xu Ming was not happy and enslaved them directly?

Therefore, the only explanation is that when these elders persecuted Xu Ming, there was definitely the support of the Boundary Breaker Island Master; at least they acquiesced!

Because there was a strong man in the prehistoric realm supporting him, they dared to provoke Xu Ming and were not afraid of unknown means of enslavement.

Thinking of this, Xu Ming couldn’t help shaking his head and sneering: “People are poor and short-minded, and horses are thin and long!”

The expressions of the elders present changed slightly, and they could not help shouting: “Xu Ming, what do you mean by that?”

Of course they could hear that Xu Ming was mocking them.

“It doesn’t make any sense!” Xu Ming sneered, “I just want to say that Broken Boundary Island is managed by your group of rats, really don’t want to rise again! Let alone return to the ranks of fifth-rank forces!”

“what!?”

“you...!”

“Junior An dares to lie!”

“presumptuous!”

The elders suddenly became angry and shouted.

“It is a capital crime to humiliate the elders on the island! Take him first!”

boom! boom! boom! boom! ...

Immediately, all the auras pressed towards Xu Ming.

The Broken Boundary Island Lord frowned slightly—although he did not have the momentum to oppress Xu Ming, he did not stop the elders either. Obviously, the Island Master of Breaking the Realm also felt that Xu Ming was too arrogant and needed to be “disciplined”.

“Humph!” Xu Ming snorted coldly—since he dared to provoke the elders, he naturally had the confidence to retreat; if it was a big deal, he would expose some trump cards.

However, Xu Ming was more disdainful; he really did not expect that the high-level faces of Broken Boundary Island would be so ugly! As soon as he came up, he forced himself to ask his own secret.

If Xu Ming didn't have a trump card, he might really have to give in today!

“Take him!”

The elders were about to attack Xu Ming when suddenly, the Chaos Teleportation Formation on Broken Boundary Island shone.

The more dazzling the light of the Chaos Teleportation Formation, the farther the teleportation distance is! At this time, the entire teleportation formation was extremely dazzling; the elders who were preparing to deal with Xu Ming were all stunned.

The island owner of Boundary Boundary is even more puzzled: “With such a dazzling light, the transmission distance spans at least half of the Chaos Country, right? Who will send me to Boundary Boundary Island?”

...

The Chaos Teleportation Formation on the Broken Boundary Island. There is only an elder of the Xuanhuang realm, with some disciples of the chaos realm, guarding here.

The guarding elder Gong, although his cultivation base is not high, only the fourth rank of the Xuanhuangjing, but his qualifications are extremely old; it is said that when the Broken Boundary Island was still in its heyday, the elder Gong was already guarding the teleportation formation~www.readwn .com ~ a quarter of an hour ago...

Elder Gong was bragging to the disciples: “I think back then, how prosperous my Broken Boundary Island was! Through the teleportation formation, the super-powerful people who came to visit our Broken Boundary Island, there was an endless stream; There are not a few existences at the first level!”

Elder Gong's eyes had a look of reminiscence: “At that time, although I was only a small Chaos Realm; but, even if the Prehistoric Realm came, I had to be polite to me!”

As the saying goes: there are seven officials in front of the prime minister's gate.

In the endless chaos, long-distance travel usually requires the help of the Chaos Teleportation Formation; therefore, guarding the teleportation formation is like "watching the gate" of the Broken Boundary Island.

When Broken Boundary Island was at its peak, it was a fifth-rank power; and Chaos Kingdom was only a fourth-rank power! It is conceivable that there were indeed many superpowers who came through the teleportation formation.

"It's just now..." Elder Gong shook his head and sighed, "Broken Boundary Island is declining, and the grand occasion of that year is no longer there! Even this teleportation formation has become a mystery! I don't know when I will be able to see it again, super powerful. The sight of the endless stream of visits to my Broken Boundary Island!"

It didn't take long after Elder Gong's sigh.

Suddenly, the Chaos Teleportation Formation shone wildly.

"Huh!?" Elder Gong was shocked, "It was sent from the capital!"

Chaos Capital is a place where super powers gather, and there are as many as dogs in the prehistoric realm!

Sent over from the capital, maybe it will exist in the prehistoric realm!

"All stand in line for me, don't neglect your distinguished guests!" Elder Gong shouted, his waist already standing straight.

At the same time, his eyes cautiously looked at the Chaos Teleportation Formation, looking forward to: "Will it be a visit from the Prehistoric Realm?"

Chapter 1453: Only For Xu Ming

"Will it be a visit from the prehistoric realm?"

Elder Gong stared at the chaos teleportation formation.

Soon, a stern figure appeared in the large formation.

The stern figure quickly walked out of the great formation, and Elder Gong recognized it at a glance, and even greeted him: “Jimo Mountain Lord has come from afar, and my Broken Boundary Island is full of brilliance!”

When they met, Elder Gong had mixed feelings in his heart.

At the beginning, when Duanjie Island was at its peak, the owner of Jimo Mountain already existed in the prehistoric realm and established Jimo Mountain. But at that time, the Jimo Mountain Lord was only the first step in the Great Desolate Realm. Among the many great powers who visited the Broken Boundary Island, he was just a very ordinary one, and he was inconspicuous at all; even, at that time, when Jimo Mountain Lord saw the elder Gong, he had to nodding and bowing to send some greetings.

Feng Shui turns.

Now, Jimo Mountain has grown into a top third-rank force; while Broken Boundary Island has become a bottom-level third-rank force from a fifth-rank force, and may even fall to a second-rank force! As the owner of Jimo Mountain, it is naturally impossible to visit Duanjie Island again.

Now, when the Lord of Jimo Mountain comes to visit, the elder Gong actually has to say something like “Pengpishenghui”; I have to say, it is really “30 years of Hedong and 30 years of Hexi”!

“It’s Elder Gong!” Jimo Mountain Lord just nodded lightly, then his face was cold, too lazy to say anything.

When Broken Boundary Island was at its peak, even if Elder Gong was just a guard of the teleportation formation, his status was extremely noble. Now that the Broken Boundary Island is in decline, in the eyes of the Jimo Mountain Master, the elder Gong is nothing; he can nod his head, which is already very good for the elder Gong.

Afterwards, the divine sense of the Jimo Mountain Lord unfolded directly, covering the entire Broken Boundary Island.

This kind of wanton sweeping with spiritual thoughts is very impolite; however, Elder Gong did not dare to have any opinion, and even smiled on the side: “I don’t know if Jimo Mountain Master is visiting, what advice?”

Privately, Elder Gong had already sent a message to the island owner and reported the matter.

After all, the owner of Jimo Mountain is the ninth-order existence in the prehistoric realm, while the island owner of the Desolate Realm is only the first-level in the prehistoric realm; if the other party is not good, it will undoubtedly be a disaster for the desolate island.

Of course, at this time, Elder Gong also discovered that the dazzling light of the Chaos Teleportation Formation had not been extinguished.

“Is there any other powers that need to be sent from Chaos Country?”

Just when the elders of the palace were puzzled, another figure walked out of the teleportation formation.

“Master of the Walking Corpse!” Elder Gong was shocked again – the Lord of the Walking Corps was also a ninth-order existence in the prehistoric realm! Elder Gong was a little stunned. He couldn’t understand why the two super existences would come to their “backland” of Broken Boundary Island one after another.

Elder Gong has not finished being shocked, and then, in the chaos teleportation formation, another figure came out one after another.

“Master Wanjian!”

“Heavenly Bone God Venerable!”

“Lord Jiuyou!”

“shadow!”

...

Elder Gong watched in shock as one super existence appeared one after another. Each of them is a high-level power in the Great Desolate Realm; moreover, each of them is the leader of a superpower.

Especially the last “shadow” to appear, he is the right-hand man of Chaos King! In many cases, the shadow can fully represent the Chaos King!

“What the **** happened...?” Elder Gong looked stunned, “Why are there so many superpowers coming together?”

Each of these superpowers has the strength to easily destroy the Broken Boundary Island! So many superpowers, as long as they are a little bit hostile to Broken Boundary Island; then, Broken Boundary Island will probably disappear into the endless chaos!

Facing these figures who had nodded and bowed in front of him, Elder Gong did not dare to take a breath at this time, and hurriedly reported the situation to the island owner.

...

At this time, the elders of Broken Boundary Island were about to “discipline” Xu Ming properly.

Suddenly, the face of the island master of Broken Boundary changed: “What!? Jimo mountain master is visiting!?”

There is no friendship between the master of the island and the master of Jimo mountain; it is even more difficult to understand why the other party, the superpower of the ninth order of the prehistoric realm, came to the “desolate place” of the island.

The Broken Boundary Island Master Company stood up.

“Island owner?” The elders and others were a little puzzled; they didn’t know why the island owner suddenly stood up excitedly.

The owner of the Broken Boundary Island said: “Stop it all! When the Jimo Mountain Lord is visiting, we cannot let him see the jokes of our Broken Boundary Island!”

“Jimo Mountain Lord?”

“Which Jimo Mountain Master?”

The elders obviously haven’t reacted. After all, it is almost impossible for the superpowers of the ninth order of the Great Desolate Realm to visit Broken Boundary Island.

“The one in the capital!” Broken Boundary Island Master continued.

“Hey—” The elders and the others suddenly knew who they were, and their faces changed suddenly—the power of the ninth-order prehistoric realm is not a joke!

“I’ll go out to welcome you together!” The Island Master of Boundary Broken said again.

In this world where the strong are respected, in the face of the super strong, you must show enough respect!

“Yes!”

“Yes!”

The elders did not care about any factional disputes at this time, and got up one after another, preparing to follow the island owner to greet them.

But at this time, the face of the island owner of Broken Boundary changed again: “The Lord of the Walking Corpse is also here!”

Another superpower of the ninth-order prehistoric realm!

The elders were shocked again!

At the same time, they became more and more puzzled, why did these two super existences that deter Chaos Nation come to Broken Boundary Island?

And then...

“What!?” The face of the Broken Realm Island Master became even more shocked and even a little panicked.

The elders and the others even looked at the Island Master of the Broken Boundary—could it be that some superpower appeared!

Just listening to one after another thunderous name, spit out from the mouth of the island master:

“Master Wanjian!”

“Heavenly Bone God Venerable!”

“Lord Jiuyou!”

“shadow!”

...

Every time a name is reported, the elders are shocked once!

Each of them is a super existence of the eighth and ninth orders of the Great Desolate Realm!

Each of them has the strength to easily destroy the Broken Boundary Island!

With so many super beings appearing at the same time, Broken Boundary Island had to take the most cautious attitude! Otherwise, if you are not careful, it may be the destruction of the Broken Boundary Island!

“Hurry up!” The Broken Boundary Island Master Company led the elders and rushed towards the Chaos Teleportation Array.

However, before they walked out of the chaotic world where they were, the super-existences such as the Jimo Mountain Lord, the Walking Corpse Palace Lord, and the Nine Serenity Lords had already arrived! – After all, the speed of the high-level prehistoric realm is definitely much faster than them!

“I’ve seen you all!” The Island Master of Duanjie didn’t dare to put on airs at all, and even put his posture to the lowest level, “I don’t know if you guys are visiting, it’s really disrespectful, please forgive me!”

“Go away!” The walking corpse hall master waited, but he didn’t even look at the island master of Duanjie.

The Island Master of Breaking the Boundary, etc., suddenly felt extremely ashamed and angry, but dared not speak out-in this world where the strong are respected, in the face of the stronger, you will either bow your head or die!

The Boundary Broken Islander can only choose to bow his head.

The walking corpse hall master and other superpowers all turned their attention to the direction of Xu Ming: “We are here, only for Xu Ming!”

Chapter 1454: Collective Humiliation?

“We are here only for Xu Ming!”

The super-powerful eyes of the Jimo Mountain Master, the Walking Corpse Hall Master, and the Master Wanjian all fell on Xu Ming; as for the other masters of Broken Boundary Island, they couldn’t get into their eyes at all.

“what!?”

“Just for Xu Ming!?”

The Boundary Broken Island Lord and the elders were all shocked.

They really don't understand, what is so special about Xu Ming that he has attracted so many superpowers in Chaos Kingdom to come here collectively for him!

Xu Ming's expression remained the same, no surprises.

With the talent he showed in Zhenmoling, it was really normal to attract these great powers! And this is exactly what Xu Ming wanted!

The higher you stand, the farther you can see! – And Xu Ming, it is precisely through these great powers that he wants to stand on a higher platform; in this way, the farther he can see, the more he can recognize the direction and walk faster!

If nothing else, next, it should be the super beings from all walks of life to win over Xu Ming!

really...

“Xu Ming!” Jimo Mountain Master said first, “I am the Mountain Master of Jimo Mountain, a top three-rank force! As long as you are willing to join me in Jimo Mountain, you can immediately become the Deputy Mountain Master! And from now on, you and I are brothers; Jimo Mountain, in Chaos Country, no one dares to deceive you!”

“what!?”

Although the words of the Jimo Mountain Master were expected by the masters of the Walking Corpse Palace and Wanjian, they frightened the high-level officials of the Broken Boundary Island. They can't imagine what Jimo Mountain Master is doing!

“This...?”

“Jimo Mountain Master, are you...?” The Island Master Broken Boundary couldn’t help asking. He even began to wonder if the Jimo Mountain Master had recognized the wrong person.

However, Jimo Mountain Master didn’t even look at the Island Master, but stared at Xu Ming with burning eyes, waiting for Xu Ming’s answer.

Xu Ming was also surprised – he didn’t expect that Jimo Mountain Master would show such great sincerity! He even asked him to be the “Vice Mountain Master” directly.

“The status of a legendary genius in the Chaos Realm is so high?” Xu Ming couldn’t help thinking.

What Xu Ming didn’t know was that although there had never been a legendary genius in the Chaos Realm in Chaos Country, there had been one in the vast world outside Chaos Country!

More than 90% of Chaos Realm legendary geniuses have become “beyond the Great Desolate Realm”! The worst and worst, that is also the ninth order of the Great Desolate Realm!

Is it exaggerated to use the vacant position of “Vice Mountain Master” to win over a legendary genius of Chaos Realm?

not at all!

It’s still too low, right?

“Hahahaha...” At this moment, Heavenly Bone God Venerable couldn’t help laughing, “Jimo Mountain Master, a false title of ‘Deputy Mountain Master’, just wanted to invite Xu Ming to your Jimo Mountain? This is too unreasonable. Are you sincere!?”

As soon as Tiangu Shenzun said this, the audience was shocked again.

“As soon as he opened his mouth, he was the position of the ‘Vice Mountain Master’, but he was even said to be insincere!?” The Island Master of Duanjie was dumbfounded.

As for the elders of Broken Boundary Island, they couldn’t understand what was going on.

But one thing, everyone present is certain, that is – Xu Ming is very good! It's a lot more powerful than they realize!

The Heavenly Bone God Venerable ignored the shock around him and continued: "Little brother Xu Ming, as long as you are willing to join my Heavenly Bone Sect, from now on, you and I will be brothers; All the treasures needed for cultivation, even if my Heavenly Bone Sect spends everything, I will gather it for you!"

The words of Heavenly Bone God Venerable almost shocked the high-level officials of Broken Boundary Island to the ground.

In other words, as long as Xu Ming nodded, all the resources of the Heavenly Bone Sect would be called by Xu Ming! – It is almost equivalent to giving the entire Heavenly Bone Religion directly to Xu Ming!

The Heavenly Bone God looked at Xu Ming sincerely, waiting for Xu Ming's answer.

He didn't believe that Xu Ming could withstand such a temptation; after all, the more genius he was, the more resources he had to spend if he wanted to grow up! Heavenly Bone God Venerable is confident, and the conditions he offers are absolutely right in the heart of Xu Ming!

Of course, the Heavenly Bone God Venerable is not a foolish "boy". He wants to use the entire treasure of the Heavenly Bone Sect to gain Xu Ming's friendship; you must know that Xu Ming is destined to become a super existence in the endless chaos in the future, probably at the level of the chaotic king, or even beyond. Chaos King is not impossible! – Use things outside your body to exchange for a future super-powerful friendship, it's worth it!

After the Heavenly Bone God Venerable's voice fell, the masters such as the Island Master and others recovered from their shock; the Hall Master of the Walking Corpse, Master Wanjian, etc. also spoke one after another; the invitation conditions they offered were even more so. One is more exaggerated than the other!

Like Master Wanjian, he even said directly: "Xu Ming, as long as you are willing to join my Wanjian Sect, my daughter with dragon and phoenix physique will be married to you immediately..."

"Pfft!" Xu Ming almost vomited blood.

The reason why Xu Ming performed in a high-profile manner in Zhenmoling was to attract the attention of the upper echelons of Chaos Kingdom; but now, Xu Ming has some regrets – if he knew it earlier, it would not be so high-profile!

After a while, all the powerful talents finished talking about their conditions; at this time they all quieted down, waiting for Xu Ming's choice.

And the high-level people of Broken Boundary Island are full of fear at this time! – Don't forget, they had to "discipline" Xu Ming just now! And now, no matter which faction Xu Ming joins, it is just a matter of lip service to clean up their Boundary Island!

The Island Master of Breaking the Boundary and others can only hope that Xu Ming can remember the deeds of villains.

Just when the audience was quiet, "Shadow" walked beside Xu Ming at some point.

"Xu Ming!" Shadow didn't have any momentum, but no one dared to underestimate him, "I came with the decree of the lord! – The lord said, as long as you can reach his level in the future; then, he is willing to share the rivers and mountains of the Chaos Kingdom with you!"

Share the country!

The high-level people of Broken Boundary Island were finally so scared that their feet softened!

At this time, they could no longer imagine what kind of character Xu Ming was! Even the King of Chaos took the initiative to propose that he was willing to share the country with Xu Ming!

Xu Ming didn't get carried away by the promises one after another; he just calmly said: "I don't know all of your forces very well; can I make a decision after I get to know it in the capital!"

what! ?

As soon as Xu Ming said these words, the high-level officials of the Broken Boundary Island were even more stunned – Xu Ming actually refused all invitations! ?

What made the high-level officials of Broken Boundary Island slow down was that the leaders of the various forces, such as the Jimo Mountain Master, the Walking Corpse Hall Master, etc., were not unhappy at all after hearing Xu Ming's answer!

"Are these super existences collectively guilty?" The high-level officials of Broken Boundary Island couldn't help but wonder.

The Island Master of Broken Boundary even gritted his teeth and couldn't help but ask, "Xu Ming, what's your origin!?"

Chapter 1455: So Far

"Xu Ming, what is your origin!?"

With the imagination of the island owner of Breaking the Boundary, at this time, it can only be imagined that Xu Ming must have an extraordinary origin, so he will let the superpowers of all parties "collectively commit humiliation".

"Breaking the Realm Island Master!" The Heavenly Bone God Venerable sneered disdainfully, "Xu Ming's reputation has spread throughout the Chaos Kingdom; you don't even know it?"

"Reputation? What kind of reputation?" The Island Master of the Broken Boundary was a little stunned.

Heavenly Bone God Venerable couldn't help shaking his head: "As the leader of a third-rank force, the news has been blocked like this; it's no wonder that Broken Boundary Island will gradually decline under your leadership... You know, Xu Ming is shaking. Moling, kill fourteen demon geniuses at the top of Chaos Realm with one shot?"

"Fourteen demon geniuses who are at the top of the Chaos Realm? Kill them with one shot?"

Whether it's Broken Boundary Island or the great powers of all parties, they don't know that Xu Ming's true cultivation is not at the Chaos Realm, but at the level of... a saint!

If you let them know the truth, I really don't know what kind of shock will be set off in the endless chaos!

“Humph! Not bad!” The Heavenly Bone God said again, “The foreign demons sent a total of fifteen geniuses from the Chaos Realm, all of them were killed by Xu Ming! Xu Ming was the first ‘chaos’ in the Chaos Kingdom. A legendary ‘genius!’”

Chaos Kingdom’s first Chaos Realm legendary genius?

The Island Master of Boundary Breaking has no idea how he is feeling now!

“You Broken Boundary Island hides such a real dragon, and you don’t even know it? It’s ridiculous! It’s really ridiculous!” God Venerable Tiangu sarcastically said, “If I’m not mistaken, when we first came, You Broken Boundary Island should be preparing to attack Xu Ming, right?”

The gazes of the other super-existences looking at the Island Master of Boundary Boundary also seemed to be watching a joke!

“I...” Broken Boundary Island Lord is full of bitterness – originally, they can have the first genius of Chaos Kingdom on Broken Boundary Island! But now, obviously, this genius has been kicked out by their own hands!

At the same time, the owner of Broken Boundary Island couldn’t help but look at Xu Ming in fear, with a trace of pity in his eyes – he was worried that Xu Ming would take revenge on Broken Boundary Island; in that case, Broken Boundary Island would be completely finished!

Xu Ming naturally understood the meaning of the Boundary Island Lord’s gaze.

“Don’t worry, Island Master! My Xu Ming’s mind is not so narrow!” Xu Ming said directly.

The Island Master of Breaking the Boundary felt ashamed for a while – they treated Xu Ming just now, but they were very narrow-minded!

“I won’t deal with Broken Boundary Island because of what happened just now! But... the fate between me and Broken Boundary Island will end here!” Xu Ming continued.

So far...

The Broken Boundary Island Lord was bitter again. But this is also completely reasonable, and it can even be said that Xu Ming has done his best.

“Also...” Xu Ming said again, “I studied “Seven Forms of Breaking the World”, and I have already mastered the first form, ‘One Mind’; the second form, ‘Time Wall’, I have also learned some ways – originally, I wanted to I will teach you all the cultivation experience of these two styles; but now... I will only perform it once! Whether you can realize something from it, I don’t care!”

“what!?”

“You practiced the first style!?”

The upper floors of Broken Boundary Island were shocked.

You must know that since the decline of the Broken Boundary Island, no one has practiced any of the “Seven Forms of Broken Boundaries”; , but it is not much different from being lost!

And now, Xu Ming actually said that he had already practiced the first and second styles in “Seven Forms of Breaking the Boundary”.

The first elder even blurted out: “Xu Ming, you...”

The first elder originally wanted to order Xu Ming to hand over all his understanding of “Seven Forms of Breaking the World”; but when he got to the point of his mouth, he was frightened back – how could he have the confidence to talk to Xu Ming like that now!

...

Jimo Mountain Master, Master Wanjian and other super existences returned to the capital after not staying on Broken Boundary Island for a long time. After all, in their identities, it would be a shocking event for anyone to come to Broken Boundary Island; no one would stay in a barren land like Broken Boundary Island for a long time.

And Xu Ming did not immediately follow them to the capital.

Before leaving, these super beings also left a sentence: “If something happens to Xu Ming, the Boundary Island will be destroyed!”

With this sentence shocking, no one dared to touch Xu Ming in the entire Broken Boundary Island.

...

Broken Boundary Island Campus.

From Duanjie Island to the island owner, down to the disciples on the outer islands, all gathered here. As for Xu Ming, he stood proudly in the center of the school grounds; his body was straight, like a long spear.

The great masters and the disciples all looked at Xu Ming with complicated eyes.

Especially the core disciples. For example, Jiang Yu, Xueluo, etc. originally liked to use Xu Ming as the object of competition, and wanted to step on Xu Ming everywhere; but now, they realized that they and Xu Ming were not on the same level at all!

In front of Xu Ming, they were all just jumping clowns.

“Look carefully!” The Island Master of the Broken Boundary shouted, “Whoever can comprehend any one of them is my core disciple of Boundless Boundary Island!”

Because Xu Ming could only use the secret skill once, the senior officials of Broken Boundary Island were worried that they would not be able to remember the secret skill, so they specially summoned all the disciples to understand it together.

The disciples from the outer island and the inner island all stared at each other with bated breath and waited in earnest – they all knew that this was their big chance! As long as you grasp it, you can immediately rise to the top and become a core disciple!

“Okay!” Xu Ming’s voice sounded.

From top to bottom of Broken Boundary Island, his attention was instantly focused on Xu Ming, and there were no more distracting thoughts in his heart.

I saw Xu Ming stretched out his index finger and stroked lightly in the void. Time stopped on the track passed between the fingers.

This is the first form of the seven forms of breaking the boundary: one thought!

When attacking, even time stops!

Immediately afterwards, Xu Ming did not stop, and used the second type of “time wall” – when defending, he could create a “time pause” area around his body!

Swish!

A “time wall” rose around Xu Ming. But because Xu Ming only had a little bit of a doorway to the second style, this “time wall” was maintained without even a single moment, and then it was directly broken.

“Okay! I’ve shown everything I know!” Xu Ming said, “How much you can realize depends on you!”

The Island Master of Broken Boundary gave Xu Ming a deep look, and without saying anything, he teleported away. Afterwards, the high-level officials and disciples also teleported away—everyone was eager to learn about the two secret techniques that Xu Ming had just displayed!

After most people left...

“Brother Tianji!” Xu Ming said through a voice transmission.

The Heavenly Sacrifice Star Lord looked at Xu Ming with some doubts: “Brother Xu Ming, what’s the matter?”

Xu Ming's voice transmission said: "Duanjie Island and I, this is the end! Before I left, the high-level officials of Duanjie Island did not dare to deal with you; but after I leave, someone will inevitably take you out!"

"This..." The Star Lord of Tianji obviously also thought of this situation, and couldn't help but be a little anxious~www.readwn.com~ What should I do? "

Xu Ming said: "I'll give you two options: one, follow me to the capital. Two, I'll give you some Origin Stone of Chaos, and send someone to take you to a place far away from Broken Boundary Island to open up a faction!"

The Heavenly Sacrifice Star Lord solemnly considered for a moment: "Guodu, I naturally want to see it; however, I'm already a Star Lord, and I've taken the wrong path, and it's impossible to break through to Chaos Realm in this life! Even if I go to Guodu, To me, it doesn't really mean anything!"

"That's enough!" Tianji Xingzhu shook his head and smiled, "I'll still find a place, bring my brothers from Tianjixing, and open up a new faction! With your help, at least I will be better than before. A lot, already satisfied! If after countless epochs, there can be an amazing genius in my power, then I will be soaring!"

"Alright!" Xu Ming also knew that it was impossible for the Celestial Master to achieve great achievements; after all, to have become a Star Master was equivalent to going astray, and it was impossible to break through to Chaos Realm.

"Really ancient!" Xu Ming called out the real ancient demon, and ordered, "You first ***** Brother Tianji, find a safe place, and re-establish your forces! Best, then help Brother Tianji to catch a few Chaos Realm. Soul Servant!"

"Yes!" True Ancient Evil Demon replied – for him, catching a few Chaos Realm slaves was as easy as the palm of your hand.

"After all this is done, go to my hometown and protect my clan there!" Xu Ming ordered again.

For Xu Ming, there is no big difference between whether there is a servant of the ninth rank of the Xuanhuangjing; the big deal, just enslave another one again! However, for the weak God Realm, with the protection of the ninth rank of the Xuanhuangjing, it is impregnable.

Chapter 1456: You And I Are All Ants

After everything was arranged, this side was chaotic, and there was nothing to worry about Xu Ming.

Xu Ming walked directly into the magnificent Chaos Teleportation Formation, and placed millions of low-grade Chaos Origin Stones in the eyes of the formation.

boom!

In an instant, millions of chaotic origin stones were all turned into powder, and the majestic energy contained in them was all absorbed by the chaotic teleportation formation.

Boom-

The space connection from the Broken Boundary Island to the Chaos Capital was established in an instant, and a space channel was directly torn out.

Xu Ming was wrapped in an irresistible force, and he was directly involved in the space passage and shuttled at extreme speed. About a quarter of an hour later, when the scene in front of Xu Ming's eyes shifted, he had already arrived at the Chaos Capital.

Xu Ming stood in the teleportation formation of the capital, and he was amazed: "Duanjie Island and the capital are separated by hundreds of millions of realms! Such a long distance, you can arrive in an instant! – This kind of secret technique for establishing a chaotic teleportation formation is really incredible, and I don't know it. Who created it?"

Walking out of the teleportation array, Xu Ming suddenly felt as if there was a weight of a chaotic world pressing on him.

"What a strong coercion..." Xu Ming's expression darkened.

The coercion of this chaotic world is a thousand times stronger than that of Divine Realm and Broken Boundary Island!

Swish!

Suddenly, a figure appeared in front of Xu Ming, it was the shadow.

“You’re here?” Shadow said lightly.

“Brother Shadow!” Xu Ming couldn’t help but startled, “You’ve been waiting for me?”

Although Xu Ming’s strength is not as good as the powerhouse in the Great Desolate Realm, Xu Ming’s status in Chaos Country is already comparable to that of the Great Desolate Realm! Therefore, people who are strong in the prehistoric realm such as Shadow and Jimo Mountain Master are also directly called brothers.

“Just doing what was ordered!” Shadow laughed casually, “How is it? Do you feel a little unaccustomed to coming to the capital?”

“It’s a bit!” Xu Ming said, “The pressure here is too strong!”

“This is because... this chaotic world is not based on the ‘Origin of Chaos’!” Shadow explained.

“Isn’t it based on the Origin Stone of Chaos?” Xu Ming couldn’t help but wonder.

Isn’t the chaotic world built on the foundation of the chaotic source stone?

The shadow did not explain in depth, but said: “The size of this chaotic world alone is a hundred times larger than the tens of thousands of chaotic worlds on the island of Boundaries! The coercion here is even more tyrannical; below the chaotic realm, all Can’t stand here!”

In the capital, only Chaos Realm and above!

Without Chaos Realm, it is impossible to survive in the capital at all.

“Brother Shadow, I’m a little curious!” Xu Ming couldn’t help but say, “I don’t understand, why do you value me so much?”

This question has troubled Xu Ming for a long time.

Although, Xu Ming is a legendary genius of Chaos Realm! However, genius is not the same as being strong!

In the eyes of the strong, no matter how strong the talent is, they are just ants; they can be killed with a wave of the hand! —Like the current Xu Ming! If anyone in the prehistoric realm wanted to kill him, it would be a piece of cake.

That being the case, why do the strong people in the prehistoric realm from all sides put down their stature and make friends and win over Xu Ming?

“Haha...” Shadow couldn’t help laughing, “Xu Ming, if you ask this, it means you haven’t realized your worth yet!”

“Ah?” Xu Ming was even more puzzled.

The shadow smiled and asked a strange question: “Tell me, what do you think about Chaos Country and the various forces in Chaos Country?”

Xu Ming thought about it for a while, and then expressed his feelings: “Being on one side and deterring hundreds of millions of worlds!”

“Hundreds of millions of realms... it is indeed a vast territory!” Shadow shook his head and said, “But Xu Ming, you may not be aware that there is an even more vast world outside of Chaos Country! – Our Chaos Country, No. ‘Sword Song Chaos Kingdom’ is just one of the ‘Northern Kingdoms’!”

“Wanguo in the North?” Xu Ming had never heard of it.

The shadow explained: “The Ten Thousand Kingdoms in the Northern Territory is an alliance of tens of thousands of Chaos Kingdoms, and it is also a party... Fifth-Rank forces!”

Tens of thousands of Chaos Kingdoms form a fifth-grade force?

Xu Ming couldn't help but think about how powerful a sixth-rank force like Cangqiongmen – Cangqiongmen should be?

The shadow continued: "Xu Ming, you should have heard that everything in chaos originates from the 'Original Land'!"

Xu Ming nodded.

It is said that all things in the chaos erupted from the original place, which formed the current endless chaos.

In Xu Ming's hands, there is a "ticket" to enter the beginning of the land – the star map of the beginning.

The shadow said again: "In the initial land, there are even sixth-rank forces! Compared with the fifth-rank forces like Yubei Wanguo, I don't know how much stronger! – Compared with the incredible initial land, compared to the powerful The power of the sixth rank... you, me, and even the lord of the country are just ants!"

You and I are all ants!

The weaker you are, the easier it is to be invincible; the stronger you are, the more you fear the creation of heaven and earth!

"The country lord, has surpassed the prehistoric realm and reached a higher realm – the realm of all things!" said the shadow, "but... above the realm of all things, there are stronger realms of destruction and nirvana!"

Chaos! Profound Yellow Realm! Floodland! All worlds! Destruction! Nirvana!

"The strong Nirvana realm can open up a party of sixth-rank forces! With a flick of your hand, ~www.readwn.com~ can crush our Sword Song Chaos Kingdom!" There is a look of worship in the shadow's eyes – this is the admiration for the supreme power and fear!

“However—” Suddenly, the shadow changed the subject, “However, whether it is the lord of the country, the existence of the Destruction Realm, or even the existence of the Nirvana Realm, it is only for the ‘Domain Lord’!”

“Serving the domain owner?” Xu Ming couldn’t imagine how strong that “domain owner” was!

“The Lord of Tianwen is the owner of the original land!”

Shadow said in a low voice, with a very solemn expression; it was as if he would be heard by the “Tianwen Domain Lord” when he spoke here.

“In the chaos, no matter which power has cultivated a super-powerful person or discovered a super-genius, they will be rewarded by the domain lord! Once the domain lord gives the reward, he will seal the border and become a chaotic country lord. It’s an easy thing to do! – Now you know why there are so many great powers of the Great Desolate Realm in our Jiansong Chaos country, who will scramble to ***** you, but they are all polite to you, right?”

“I seem to understand...” Xu Ming was stunned when he heard it.

In fact, what the shadow said, subverted his understanding of endless chaos! Originally, Xu Ming thought that Chaos Kingdom, even if it was not the whole of Endless Chaos, also occupied many areas of Endless Chaos; now I know that Sword Song Chaos Country is not even a fart in the Endless Chaos!

“You and I are both ants!” The shadow sighed again, “But Xu Ming, you should be more likely to break away from the ranks of ants than us! After all, you are the first ‘Legendary Chaos Realm’ genius in our Sword Song Chaos Kingdom. !—This is another reason why the great powers of all parties are respectful and polite to you! If one day, you break away from the ranks of ants, you will remember us ants!”

Chapter 1457: 1 In 10,000 Survival Rate

Xu Ming was silent for a long time, and couldn’t help but sigh: “It turns out that the endless chaos is so vast...”

“Endless Chaos?” Shadow couldn’t help laughing, “This is not the whole of Endless Chaos!”

“What!?” Xu Ming was shocked—isn’t this the whole of endless chaos?

“Tianwen Territory, although it is incomparably vast, there are millions of Chaos Kingdoms! However, there are ‘extraterritorial!’” Shadow said.

Only then did Xu Ming remember—yes! Extraterritorial demons, doesn’t it mean “outside the Tianwen domain”?

Shadow said sternly: “In the endless chaos, there are a total of ‘100,000 Domains’! The Tianwen Domain we are in is only an extremely common one among the 100,000 Domains! -Xu Ming, do you know the Ten Thousand Domains Talent War?”

“I’ve heard of it, but I don’t understand it!” Xu Ming said.

“The Ten Thousand Domain Genius Battle is the chaotic genius of the entire endless chaotic ‘100,000 Domain’, gathering together to screen out the most heaven-defying genius!” Shadow said.

The geniuses of the 100,000 domain are gathered together?

Xu Ming could hardly imagine what it was like!

You must know that there are more than a dozen Chaos Realm extreme peaks and countless Chaos Realm extremes just from the Chaos Country of Sword Song!

And in Tianwenyu, a country like Swordsong Chaos Kingdom has millions of seats! What’s more, there are even stronger Rank 5 forces and Rank 6 forces! – And this is just in Tianwen Domain!

And looking at the entire endless chaos, there are 100,000 domains like Tianwen Domain!

With such a large-scale talent battle, Xu Ming could hardly imagine what it would be like!

“When will the Wanyu Genius Battle begin?” Xu Ming asked.

“I knew that you would definitely be interested!” Shadow said, “Yes, the Wanyu Talent Battle is indeed a big opportunity! As long as you can stand out in the battle, you can easily enter the upper level of the entire Tianwenyu, even It is the upper layer of the entire endless chaos! If there is a time, you can look down on everything in our Sword Song Chaos Kingdom—and this is also the third reason why the great powers of all parties are polite to you! After all, with your talent, in The chance to stand out in the Wanyu Genius Battle should not be small!”

Wanyu Genius Battle!

Xu Ming is already excited and looking forward to it.

“But...” Shadow said again, “Xu Ming, I have to remind you – the Wanyu Talent Battle is an opportunity, and it is a meat grinder for geniuses!”

“Meat grinder?” Xu Ming was surprised.

“That’s right!” Shadow nodded solemnly, “Who dares to participate in the Wanyu Genius Battle, which one is not a confident genius? However, the survival rate of the Wanyu genius battle is – 1 in 10,000!”

Out of ten thousand geniuses, only one can live!

But even so, there will still be hundreds of millions of geniuses, flocking to the Wanyu Genius Battle like moths to the flames!

One is because the endless chaos is too vast! Even in a chaotic country, only one or two geniuses who are “not afraid of death” participate; then, in the entire endless chaos, that is an extremely terrifying number!

The second is because the road to proving the Way is an extremely difficult and dangerous road! Even the top geniuses in the chaotic realm will be able to cultivate to the realm of all things in the future! – But participating in the Ten Thousand Domains Genius Battle has a “one in ten thousand” probability of surviving, and will almost certainly become a super existence above the realm of all things in the future; this is much higher than the probability of “no one in ten thousand”. !

“One in 10,000?” Xu Ming was secretly shocked, “The super existence that holds the Ten Thousand Domain Genius Battle is willing to let hundreds of millions of geniuses die in the battle?”

“What’s so unwilling?” Shadow said with a sneer, “In the eyes of Nirvana realm and domain master level, geniuses are just ants, and they are not worthy of their pity! No matter how much they die, they will not feel distressed at all; anyway, Not many epochs will pass, and new geniuses will spring up like mushrooms after a rain!”

“Is that the perspective of the invincible powerhouse?” Xu Ming’s heart was already turbulent.

In the eyes of the invincible strong – all living beings are ants!

Even at the very top of the Chaos Realm, and even a legendary genius in the Chaos Realm like Xu Ming, they are nothing but ants! dead, also dead! No matter how much you die, you won’t feel bad!

“Xu Ming!” Shadow said earnestly, “Actually, with your talent, even if you don’t participate in the Ten Thousand Domains Genius Battle, there is absolutely no problem in becoming an existence in the realm of all things! There is even a chance to become an existence in the realm of destruction and nirvana! So... In my opinion, you don’t have to participate in the Ten Thousand Domain Talent Tournament!”

All worlds! Destruction! Nirvana! – Xu Ming is full of confidence! It’s just a matter of time sooner or later!

but!

What Xu Ming is fighting for is time!

Gu Hanmo was being hunted down by an unimaginable existence, so Xu Ming naturally had to race against time to become stronger!

Since there is the platform of Wanyu Genius Battle, you can stand on the upper level of the entire endless chaos in one fell swoop – how could Xu Ming miss it?

Besides...

“1 in 10,000” survival rate?

For Xu Ming, even if there are billions of geniuses in the 100,000 domain, only one can survive in the end; then, that one must be him!

“The Wanyu Genius Battle, I’m going to set it!” Xu Ming’s eyes were full of fighting spirit.

When the shadow saw this, he could only shake his head. Of course, he could see that his rational persuasion not only failed to persuade Xu Ming, but also aroused Xu Ming’s interest in the Wanyu Genius Battle.

“Geniuses are proud! I hope Xu Ming can survive in the Ten Thousand Domains Genius Battle...” Shadow said secretly.

“When will the Wanyu Genius Battle start?” Xu Ming asked.

“A thousand years later!”

...

Shadow took Xu Ming ~www.readwn.com~ on the bustling streets of the capital.

Those who passed by were the powerhouses of Chaos Realm and Xuanhuang Realm! Even, Xu Ming has seen one or two of the powerful people in the prehistoric realm!

In terms of prosperity and prosperity, it is incomparable to any place Xu Ming has seen before!

“Xu Ming, the king of Jiange, and all the top third-rank forces in Chaos, want to invite you! Which force you want to join, you have to think carefully; the king will not force you, and other forces will not dare to force you! Shadow said, “I hope you can join the lord’s command! After all, the lord’s power is undoubtedly the strongest in the Chaos Kingdom; and in this way, we will be colleagues from now on!”

In fact, the shadow specially greeted Xu Ming at the teleportation formation, which has fully demonstrated the sincerity of the Sword Song King! Moreover, the shadow and Xu Ming said so many secrets about the endless chaos, which is also a good sign.

However... the King of Sword Song, and the other top three-rank forces in Chaos, had an agreement in this regard; moreover, there were intricate interests involved between the parties. Therefore, the King of Sword Song cannot force Xu Ming to win over; everything depends on Xu Ming's own will.

Whatever faction Xu Ming wants to join, join the faction!

...

The shadow controls the change of space, and every step Xu Ming and him take, they are in a world. Soon, the two arrived at the Imperial City of Jiansong—the power center of the entire capital, and the power center of the entire Jiansong Chaos Kingdom.

“Let's go! Go see the lord first!” Shadow said, “After seeing the lord, the leaders of the top three-rank forces such as the Jimo Mountain Lord and the Walking Corpse Palace Lord are also waiting for you!”

Chapter 1458: Honghuang League

Walking into the Imperial City of Sword Song, Xu Ming felt a little restrained.

After all, what he is about to see is the ruler of the billions of worlds, the legendary figure who opened up the Chaos Kingdom—the King of Sword Song!

Although, Sword Song Chaos Country seems to be nothing in the entire endless chaos; but that is for the entire endless chaos! For Xu Ming, the strength of the King of Sword Songs is simply too strong!

All things...

In terms of strength, he is two full realms stronger than Xu Ming! Even if Xu Ming did his best, he would almost

No matter what, the King of Swords and Songs can't help it.

Of course, Xu Ming is not very afraid of each other! After all, even if the King of Sword Song killed himself, Xu Ming could immediately use the “imprint of immortality” to revive, but it was nothing more than losing his treasure.

...

In the Imperial City of Jiange, there were not many guards, and it looked a little deserted.

Only occasionally I saw one or two strong people in the Xuanhuang realm, sitting cross-legged in some positions; while cultivating, guarding the imperial city.

These Xuanhuangjing powerhouses are all high-level Xuanhuangjing; if they are placed outside, they can easily become the leaders of a top second-rank force, but they are willing to serve as guards in the imperial city and live an extremely boring life! Obviously, they all have higher pursuits on the road of cultivation; and serving as guards in the imperial city, they can hear the sermons of the King of Swords and other super beings from time to time. For them, it is an excellent cultivation environment. .

“I can’t beat any of these guards!” Xu Ming thought to himself.

Xu Ming’s current strength is only the second rank of the Xuanhuangjing; even if he uses the “Wandao Epiphany” or activates the “infinite clone”, it is almost impossible to defeat the high-ranking powerhouses in the Xuanhuangjing!

However, what Xu Ming didn’t know was that these Xuanhuangjing guards, with the help of the power of the imperial city’s formation, all possessed the battle strength of the Great Desolate Realm! If all the guards in the imperial city form a battle formation, even if the top prehistoric realm exists, they would not dare to trespass!

Not long after, Xu Ming, led by the shadow, came to the Imperial City Hall.

In the hall, a man in a brocade robe stood with his back and his hands behind his back, his aura was ethereal and unfathomable. In his temperament, there is not much of the emperor’s domineering air, but instead makes people feel like a swordsman who wields a sword and sings.

He is the King of Sword Song.

“The lord!” Shadow saluted, “Xu Ming brought it here!”

The King of Sword Song turned around and looked at Xu Ming with a smile on his face: “Xu Ming?”

He looked at Xu Ming with an undisguised expression of satisfaction.

“I have seen the king!” Xu Ming said.

“You don’t have to be strict about etiquette!” The King of Sword Song said with a smile, “Xu Ming, with your talent, you are fully qualified to be on an equal footing with me!”

As King Jiange spoke, the surrounding space was distorted, and the scene in front of him shifted; the palace of the imperial city turned into a tea garden.

Xu Ming, King Jiange, and Shadow were sitting at the stone table in the center of the tea garden; tea had already been brewed on the table.

“Uh?” Xu Ming was a little surprised – why did he come to the tea garden from the Imperial City Hall in a blink of an eye?

King Jiange smiled and said: “This tea garden was created by me in the imperial city, distorting the space and opening it up! The halls outside are all for the weak; only those who are qualified to be regarded as my friends can enter. This tea garden!”

Obviously, the King of Sword Song has regarded Xu Ming as a friend; even if Xu Ming is still very weak.

Three rounds of tea.

The King of Sword Song finally got down to business: “Xu Ming, I’m calling you here. First, I hope you will join our Sword Song Imperial City; looking at the Chaos Kingdom of Sword Song, if you think about it, there is no better force that is worthy of your joining! Don’t worry, As long as

you are willing to join, from now on, you and I will have equal fellowship and no distinction between superiors and inferiors; I can provide all the resources you need for cultivation!”

“The second is... I hope, you can go to participate in the Wanyu Genius Battle!”

The King of Sword Song looked at Xu Ming.

In fact, there is a genius like Xu Ming in Chaos, and the King of Sword Song has earned it no matter what!

If Xu Ming is willing to join Jiange Imperial City, then they will win over a future superpower! In the view of the King of Sword Song, with Xu Ming’s talent, it should not be difficult to become the realm of all things in the future; even, there is hope to become an existence above the realm of destruction!

And if Xu Ming is unwilling to join Jiange Imperial City, then most likely he will not look down on other forces in Jiange Chaos, but will participate in the Wanyu Genius Battle! In that way, as long as Xu Ming performed quite astonishingly in the Wanyu Genius Battle, then the domain master would also give Jiange King a reward.

Therefore, when the King of Sword Song said these two things, he seemed to be waiting for Xu Ming’s answer, but in fact he didn’t care how Xu Ming answered.

Anyway, Xu Ming’s birth was a good thing for him!

Sure enough, Xu Ming took a sip of his tea and said solemnly, “I want to see the wider world!”

This sentence has already answered the two questions of the King of Jiange—I will not join the Imperial City of Jiange, but I will participate in the Wanyu Genius Battle!

“Hahaha...” King Jiange laughed loudly, “Good! Good! Good! Back then, when I was young, I had the same ambition as you; I alone, sing and sing with swords, swept through endless chaos~www.readwn.com ~ Even wandered outside the realm, and finally cultivated to the realm of all things, and opened up this Chaos Kingdom! But... After opening up the Chaos Kingdom, I was fettered by mundane things, and I can no longer find my original ambition!”

The King of Sword Song smiled, picked up the teacup, and said, “This cup is to you, I hope you can go higher and farther than me!”

“Thank you!” Xu Ming smiled bitterly in his heart – in fact, Xu Ming didn’t have much ambition, he just wanted to become stronger and help Gu Hanmo, that’s all.

...

The three drank tea and chatted for a few days.

After that, the shadow settled Xu Ming directly in the imperial city.

The King of Sword Song slowly stood up from the stone table. At this time, his aura had changed. He was no longer an elegant swordsman, but a majestic emperor.

“The good relationship has been forged! After a few days of chatting, this Xu Ming should also be a person who values friendship!” The King of Sword Song had a smile on his face, “I hope he can go higher and farther, so, In the future, the domain master will give more rewards! If in the future, Xu Ming will become a super-powerful person who can traverse the endless chaos, I hope he will remember the friendship of tea drinking and jokes in the tea garden!”

The cultivation of King Jiange has reached a bottleneck; it is extremely difficult to make breakthroughs with his own strength! Therefore, the King of Sword Song can only make more friends and enhance his “external strength”.

In fact, the leaders of the other three-rank forces in Chaos, why is this not the case? – If you can’t enhance your “own strength”, then enhance your “external strength”!

It is precisely because of this that all forces in Chaos Nation attach so much importance to Xu Ming’s potential “external strength”!

...

a few days later.

The shadow came to see Xu Ming and said, “Xu Ming, let’s go, I will take you to the Honghuang Alliance to meet the masters of Jimo Mountain and other powerhouses! They are already there waiting for you!”

“Honghuang Alliance?” Xu Ming was a little puzzled.

Chapter 1459: Elder Keqing

“The Prehistoric Alliance...is our Sword Song Chaos Country, the alliance of the prehistoric realm powerhouses!” The shadow explained with a smile, “Those who can enter the Prehistoric Alliance are not necessarily in the prehistoric realm; however, their status must have reached the prehistoric realm! ”

Just like Xu Ming, his strength is still far from the prehistoric realm; however, his heaven-defying talent has given him the qualification to enter the prehistoric alliance.

Xu Ming understood – the Honghuang Alliance, to put it bluntly, is the top “club” in Chaos.

“Xu Ming, guess who is the leader of the Honghuang Alliance?” Shadow laughed teasingly.

Allies?

Xu Ming thought for a while, and said: “The words of the ally leader must be able to restrain all the other powerhouses in the prehistoric realm in order to convince them! And if they can shock all the powerhouses in the prehistoric realm, then I am afraid it is... beyond the prehistoric realm. exists!”

Xu Ming quickly thought: “Is it the King of Sword Song?”

“Not bad!” Shadow laughed, “The lord of the country is the lord of the Honghuang Alliance! Several other realms of all things exist in Chaos, and they are all serving as deputy lords!”

While speaking, Xu Ming and Shadow had arrived at the Honghuang Alliance.

The Honghuang Alliance is also in the capital, and even if it is compared to the Imperial City of Jiange, its momentum is not much lower. The whole building is like a wild beast crawling on the

earth; those ordinary chaos realms, when they see the buildings of the Great Wilderness Alliance from a distance, they will involuntarily avoid it.

Therefore, the surroundings of the Great Desolate Alliance are also clean.

“Haha! As soon as I came, I met Deacon Zhuang San!” Shadow greeted the figure at the door from a distance.

However, Xu Ming was a little puzzled – the “Deacon Zhuang San” in the shadow’s mouth is clearly only the cultivation of the Xuanhuangjing!

Xuanhuangjing, can actually become the deacon of the Prehistoric Alliance? Can it be more powerful than many strong people in the prehistoric realm?

“I’m here waiting for little brother Xu Ming!” Zhuang San said with a smile.

“Xu Ming! Let me introduce you!” Shadow laughed, “This is Zhuang San, the deacon of the Great Desolate Alliance! Don’t look at his low cultivation level, but his wealth is even comparable to the existence of the realm of all things!”

The cultivation of the Xuanhuangjing is comparable to the realm of all things?

Xu Ming was secretly shocked when he heard it—the other party’s ability to collect money was even better than his own!

“It’s just a small businessman!” Zhuang San smiled modestly, “Because I know how to make money, I can be a deacon in the Prehistoric Alliance! Compared with the other few who became deacons by their own strength, I After all, it won’t make it to the stage!”

Zhuang San’s words were very modest, but Xu Ming could hear a sense of arrogance. In fact, think about it, if Zhuang San can’t earn a lot of benefits for the great experts of the Great Desolate Alliance, how can he sit firmly in the position of deacon in a mere Xuanhuang realm?

“Xu Ming, if you need to buy or sell some treasures in the future, you can find him!” Shadow laughed, “The great powers in the Prehistoric Alliance, who are not very good at buying and selling treasures, will ask him for help!”

“Oh?” Xu Ming’s eyes lit up, “I really have some treasures, I would like to ask Brother Zhuang to help sell them!”

At the beginning, Xu Ming killed fifteen extraterrestrial demon geniuses. In addition to getting a lot of Chaos Origin Stone, he also got a lot of treasures! These treasures, Xu Ming can’t use that much at all, and they can’t be directly exchanged for hanging points, they must be sold!

“What treasures are to be sold, just say it!” Zhuang San said with a smile.

“Haha... a bit complicated!” Xu Ming directly took out a world ring.

Zhuang San glanced at it and said, “It should be possible to sell 10,000 top-grade Chaos Origin Stones!”

“Ten thousand pieces!?” Xu Ming was shocked—you must know that he only had three thousand high-grade Chaos Origin Stones on him!

Originally, Xu Ming thought that these treasures could be sold for 5,000 pieces of high-grade Chaos Origin Stone, which would be very good; he did not expect that Zhuang Sanyi said “10,000”!

Sure enough, there are means! There is momentum!

Shadow also glanced at the treasure in Xu Ming’s world ring. With this sweep, he suddenly shouted: “The treasure I asked you to sell last time is similar to the one here, right? Why did you only sell me 8,000 high-grade Chaos Origin Stones?”

Zhuang San smiled but didn’t say a word – in fact, he reported “10,000 high-grade Chaos Origin Stones”, and he kept the thought of befriending Xu Ming in it.

“If you want me to help you sell it, you can take the Chaos Origin Stone first!” said Zhuang San.

“Sell!”

Of course it’s sold!

After all, the price given by Zhuang San was much higher than Xu Ming's expectations!

Hand the world ring to Zhuang San, and Zhuang San directly gave Xu Ming 10,000 high-grade Chaos Origin Stones!

"Atmosphere!" Even Xu Ming had to admit that Zhuang San was very imposing! To be precise, it is "rich and powerful"!

Soon, the three walked into the Honghuang Alliance.

In the Prehistoric Alliance, the masters of the prehistoric realm, including the Master of Mount Jimo, the Master of the Walking Corpse, and the Master Wanjian, were all present! There are hundreds of experts in the prehistoric realm!

I am afraid that almost all the leaders of the top three-rank forces in the capital are already here.

Seeing Xu Ming walking in, everyone stood up to welcome him: "Haha, we have another one in the Prehistoric Alliance!"

"Xu Ming!" Jimo Mountain Master smiled, "We thought about it, the temples on either side of us are too small to accommodate you! And if you want to come, you should want to join the Imperial City of Sword Song, right?"

To be honest, the top third-rank forces in Chaos Country have absolutely no advantages compared to Jiange Imperial City!

"So..." Jimo Mountain Master said again, "We thought about it, and finally decided to hire you to be the elder Keqing of our various forces!"

"Elder Ke Qing?" Xu Ming was puzzled.

Jimo Mountain Master explained: "Elder Keqing, you don't need to do anything at ordinary times! Moreover, you can not be the elder Keqing of one force~www.readwn.com~, but the elder Keqing of our hundreds of top third-rank forces at the same time!"

“Ah?” Xu Ming couldn’t figure out the doorway – he didn’t understand, what is the purpose of Jimo Mountain Master and other great masters?

Jimo Mountain Master seemed to see Xu Ming’s thoughts, and said straight to the point: “Little brother Xu Ming, we all want to make friends with you, just hope that in the future, after you become a powerhouse in the realm of all things and a powerhouse in destruction, you can take care of it in the future. us!”

A Destruction Realm powerhouse only needs to say a word for a third-rank force; then, even the top fourth-rank force will not dare to bully this third-rank force, and even turn around and curry favor!

This is the charm of the super strong!

It’s just... how difficult is it to make a super strong person? Jimo Mountain Master and others want to bet on Xu Ming, but they are actually making an investment – if Xu Ming does not grow above the realm of all things in the future, then their investment will fail! But if Xu Ming grows up, then they will have a super strong person to rely on!

Although, such an investment has a lot of risks; but... the cost is also low!

Jimo Mountain Master continued: “So, as long as little brother Xu Ming is willing to serve as the elder Keqing of our various forces, then our goal has been achieved!”

Master Wan Jian also said: “Of course, we won’t let you be this elder Keqing for nothing! Elder Keqing must be enshrined!”

Swish!

A world ring appeared in the hands of hundreds of experts in the prehistoric realm. Even Zhuang San held one in his hand.

Xu Ming looked at these world rings – come to think of it, these are Xu Ming’s “consecration”!

I don’t know what is in these world rings.

Chapter 1460: Impossible!

Looking at these world rings, it would be a lie to say that Xu Ming was not curious!

Jimo Mountain Master didn't sell anything, and said directly: "Every world ring contains a thousand pieces of high-grade Chaos Origin Stone! Little brother Xu Ming, this is our sincerity in inviting you to become Elder Keqing!"

You must know that the wealth of the poorer people in the prehistoric realm is probably worth a thousand pieces of high-grade Chaos Origin Stone!

The forces of all parties are just to invite Xu Ming to become the elder Keqing; to put it bluntly, it is to let Xu Ming put a name in his own forces and give such a high price – to be honest, it is really sincere!

"So much?" Even Xu Ming felt a little surprised.

A world ring is a thousand pieces of high-grade Chaos Origin Stone! Then, with hundreds of world rings, there are more than 200,000 high-grade Chaos Origin Stones!

It is more than ten times higher than Xu Ming's current net worth!

Although Xu Ming hadn't agreed yet, he actually wanted to reach out to pick up these world rings in his heart – he really couldn't find a reason to reject the "sincerity" of the leaders of all parties!

"Xu Ming?" Jimo Mountain Master and other great experts all looked at Xu Ming with anticipation in their eyes.

"Okay!" Xu Ming said decisively, "From now on, I will be your elder Keqing! If in the future, I, Xu Ming, can become a super existence in the endless chaos, I will definitely live up to the position of 'Elder Keqing'!"

The master of Jimo Mountain, the Master of the Walking Corpse, and the Master Wanjian, all of them have bright eyes – isn't that what they want from Xu Ming?

In the eyes of the powerhouses in the prehistoric realm, Xu Ming does not have much strength now; what they are optimistic about is the future Xu Ming!

With Xu Ming's promise, their current investment is worth it!

But in fact, Xu Ming also has plans in his heart – he is alone, roaming the endless chaos; many times, it is good to have power! After all, one hero has three gangs!

Elder Ke Qing, he will not be fettered by trivial matters in the forces, and he can use some of the forces in the forces a little; this is indeed a good choice for Xu Ming!

What's more, he is now an elder Keqing who has become hundreds of top third-rank forces at the same time!

And... Xu Ming's plug-in function also has a "ten thousand world hegemony system" – when Xu Ming's strength is strong enough, he can directly merge top three-rank forces like Jimo Mountain and become his own forces, it is estimated that all It's not difficult! In that case, when the time comes, with the blessing of the "Ten Thousand Worlds Hegemony System", Xu Ming's strength can also be improved to a higher level!

Therefore, the relationship between Xu Ming and the great masters such as Jimo Mountain Master and Master Wanjian is equivalent to mutual use, mutual benefit and win-win!

"Little brother Xu Ming, accept it!" The Jimo Mountain Master stepped forward and handed over a world ring containing a thousand top-grade Chaos Origin Stones.

Xu Ming took it over—from this moment on, he had another identity: Jimo Mountain Keqing Elder.

Immediately after, Master Wanjian, God Venerable Tiangu, Lord Jiuyou and other strong men also handed over the world rings; Xu Ming accepted them one by one.

"Little brother Xu Ming, this is..." The Walking Corpse Hall Master also stepped forward.

However, before he finished speaking, Xu Ming interrupted directly: “Master of the Walking Corpse Temple, please put away your Chaos Origin Stone! I will not be the elder Keqing of your Walking Corpse Temple!”

“What!?” The Walking Corpse Hall Master couldn’t help but be startled—why did Xu Ming refuse to accept other people’s world rings, but when it came to him, Xu Ming refused without any respect?

The Walking Corpse Hall Master couldn’t remember when he offended Xu Ming.

The other great powers also looked at this change in amazement.

At this time, Xu Ming said again: “I can become the elder Keqing of any force, except for your walking corpse temple!”

The Lord of the Walking Corpse, indeed, did not offend Xu Ming!

but!

Why were Xu Ming and Gu Hanmo forced to separate?

It’s because of the Xuanhuangjing master of the Walking Corpse Temple, “The Great Emperor of Ten Thousand Corpses” who killed him in the God Realm! At that time, Xu Ming could do nothing to help the other party; Gu Hanmo had no choice but to reveal his strength!

Although, Xu Ming and the other people in the Walking Corpse Temple have no grudges; but, this account, Xu Ming must be counted on the head of the Walking Corpse Temple!

Now, Xu Ming’s strength is still weak, and he can’t destroy the Walking Corpse Temple; in the future, Xu Ming has enough strength, and he will definitely erase the Walking Corpse Temple from the endless chaos! —So, let Xu Ming become the elder Keqing of the Walking Corpse Temple?

is it possible?

The Lord of the Walking Dead looked ugly. After his face changed for a while, he gritted his teeth and said, “Little brother Xu Ming, is there any misunderstanding between us? I would like to use 3,000 high-grade chaotic origin stones to eliminate the misunderstanding between us!”

As soon as the Walking Corpse Hall Master opened his mouth, he said, “Three thousand Origin Stones of Chaos”, but he really didn’t want to get into a fight with Xu Ming.

Although, the road to a strong person is endlessly difficult; even if the talent is like Xu Ming, he may not be able to grow into a super strong person who will shake the endless chaos! But... what if Xu Ming grew up?

If Xu Ming grows up~www.readwn.com~, it will be a disaster for The Walking Corpse Temple!

Xu Ming’s answer to the walking corpse hall master was only three words: “Impossible!”

“You...” The Walking Corpse Hall Master was instantly furious—he was also a powerhouse in the prehistoric realm! How could he bear Xu Ming’s repeated refusal to give him face?

boom! !

The imposing manner of the Hall Master of the Walking Corpse suddenly erupted, directly crushing Xu Ming.

“Humph!” At this moment, the shadow snorted coldly and said, “Master of the Walking Corpse, this is the Honghuang Alliance! It’s too much to do it here?”

In the Honghuang Alliance, it is strictly forbidden to do anything; otherwise, it is to hit the face of the King of Swords and Songs!

What’s more, Xu Ming is a treasure in the hands of the King of Sword and Song and the leaders of all parties, so how could the Master of the Walking Corpse hurt him?

“Humph!” The walking corpse hall master put away his momentum and walked away directly, “Xu Ming, I don’t believe that you can grow to the realm of all things!”

As long as Xu Ming has not grown above the realm of all things, then the Lord of the Walking Corpse can naturally ignore Xu Ming.

After the Lord of the Walking Dead leaves...

“Xu Ming, between you and the Walking Corpse Temple...?” Shadow couldn’t help asking.

“It’s okay!” Xu Ming didn’t want to say more.

Of course, there is no way to say more – Gu Hanmo has already used his supernatural powers to disrupt time and space and erase the past! Therefore, in the past trajectory, there has never been a character named “The Great Emperor of Ten Thousand Corpses”; Xu Ming and the Walking Corpse Temple have never had any conflicts at all!

The contradiction between Xu Ming and the Walking Corpse Temple is only found in Xu Ming’s “memory”.

...

The atmosphere of the Honghuang League quickly returned to normal.

The grievances between Xu Ming and the Shrine of the Walking Dead were, in the final analysis, just personal grievances between them; the powers of other forces would naturally not pay too much attention.

“Xu Ming, don’t worry!” Shadow said, “In any case, the Lord of the Walking Corpse would not dare to attack you!”
