

A World 1491

Chapter 1491: Good Luck, Eat Chicken Tonight

Heaven asks the domain.

The ninety-fourth chaos world.

Huang Guguang, the second disciple of Cangqiongmen, was hiding in a cave and looked out cautiously.

“It’s terrible!” Huang Guguang had lingering fears.

The chaotic world he was in actually had the Black Fiend Legion and the White Fiend Legion. The Black Demon Legion exudes an evil black evil spirit; while the White Demon Legion exudes a cold white evil spirit.

There are many geniuses who spontaneously join these two legions. At this time, the Black Fiend Army and the White Fiend Army had grown to a scale of 2,000 people, and were sweeping away the “retail investors” in the entire chaotic world.

They have to clear the other geniuses first, and then have the final battle; the genius who survives at the end will be the winner.

As for Huangguguang, he was almost cleaned up by the Heisha Legion just now.

“Fortunately... Fortunately, I got a ghillie suit and hid in the cave in time, so I was not discovered by them!”

At this time, Huang Guguang was lying in the cave; even if a powerful spiritual sense swept over, he would only feel that there was a pile of grass growing here, and he would not be able to find him.

“But hiding all the time is not the way...” Huang Guguang was very depressed – he also wanted to join the Black Fiend Legion or the White Fiend Legion, but the problem was that the two legions had already formed, and they would not accept him at all.

“If you don’t join the legion, you will definitely be cleaned up...” Huang Guguang was extremely anxious, but he could only continue to lie down on his stomach.

...

Seventh Chaos World.

Xu Ming has already entered the safe white circle area, but the strange thing is...

“Why can’t you meet anyone?”

After Xu Ming entered the white circle area, he had been turning around with his pot for a long time, but he was stunned that he did not spray a genius. It was as if all the geniuses had evaporated from the world.

“This white circle area is only one-tenth the size of the entire chaotic world; logically, it should be easier to meet other geniuses!” Xu Ming couldn’t understand.

After several days, Xu Ming still did not encounter any genius.

At this time, the second collapse of the seventh chaos world began! This time, the white circle area has been reduced to only a million miles; obviously, this is forcing all geniuses to enter that area for a decisive battle!

“That’s great!” Xu Ming’s eyes lit up, “Finally, there is no need to look for people everywhere!”

With only a radius of one million miles, Xu Ming’s spiritual sense can cover hundreds of thousands of miles; it’s simply too easy to find other geniuses!

but...

When Xu Ming arrived at the decisive battle, he was horrified to find that more than 6,000 geniuses had gathered together, and they did not do anything to each other, but were waiting in a serious battle.

“This is...” Xu Ming was stunned, but quickly understood, “All the remaining geniuses, all join forces to deal with me?”

Xu Ming had to say – this is too much to look at me!

Sure enough, Xu Ming saw that Bo Chuan alone was holding seven divine weapons from the heavens, and his cultivation had already risen to the eighth order of Chaos Realm!

At this moment, Bo Chuan pointed at Xu Ming and shouted angrily: “Xu Ming, your strength is indeed very strong! But... if you want to blame, you are too high-profile! We have more than 6,000 geniuses working together, how can you not die?”

Heaven asked in the Holy Land.

The great powers of Cang Qiongmen are all ugly-yes, Xu Ming is too high-profile!

With Xu Ming’s strength, if he kept a low profile, he would become the final winner easily! However, Xu Ming was too high-profile, killing the Quartet with a pot, and as a result, he attracted the siege of all the other geniuses!

Even the great masters of Cangqiongmen did not think that Xu Ming could survive under the siege of more than 6,000 geniuses.

“Could it be that... Xu Ming is going to die in the first stage of the Ten Thousand Domains Talent War?” All the experts at Cang Qiong Sect couldn’t help but wonder.

in endless chaos.

There are those who feel sorry for Xu Ming; there are also those who want to see Xu Ming die!

“die!”

Sword Song Chaos Capital.

There was a perverted and twisted light in the eyes of the Lord of the Walking Corpse – he knew very well that if Xu Ming did not die, then with Xu Ming’s attitude towards him, he would definitely die! After all, after this Wanyu Genius War, Xu Ming’s status was definitely far superior to him; if you want to kill him, it’s just a matter of lip service.

“Die!”

God’s House.

All the great powers were also looking forward to Xu Ming’s death.

If Xu Ming didn’t die, the pot in Xu Ming’s hand would definitely be on the “Top Ten Divine Weapons” list; this was a big joke for the Shenbing Mansion!

And if Xu Ming is dead, this kind of joke will naturally not happen.

“die!”

Lanjie Peak.

Jian Lao, an invincible existence capable of establishing an eighth-rank power, also paid close attention to Xu Ming’s battle situation – only when Xu Ming died, his grandson would not think of using a pot as a weapon.

Thinking of his own swordsmanship, the endless chaotic 100,000 realms, while the grandson insisted on using a pot as a weapon... Jian Lao felt the corners of his mouth twitch.

...

“How can you not die?”

Xu Ming smiled.

“Before, when you assembled thousands of days to besiege me, you said the same thing, but what happened?”

Xu Ming had to say that this Bo Chuan did have some means; otherwise, it would be impossible to gather so many talents. It’s just... in the face of absolute strength, all strategies and all means are floating clouds!

And Xu Ming has “absolute strength”!

“When death is imminent, you dare to speak up!” Bo Chuan shouted angrily; I don’t know if he wanted to hide his guilty conscience with an angry shout.

“kill!”

Bo Chuan waved his sword, and suddenly, more than 6,000 geniuses attacked Xu Ming in unison.

call out! call out! call out! call out! ...

Seeing this overwhelming attack swept through the sky, Xu Ming was calm and calm, and he didn’t have time to move forward.

Seeing Xu Ming’s reaction, Bo Chuan’s heart suddenly froze – not good!

Sure enough, as Bo Chuan expected, even the combined attack of more than 6,000 geniuses would not hurt Xu Ming in the slightest.

“How can it be so strong?”

“Why is it so strong!?”

“The same Chaos Realm, how can it be so strong...”

“Ahhhh-why don’t you give me a chance to win! Why!?”

Bo Chuan could not see any chance of winning.

And in the Ten Thousand Domain Talent War, to lose is to die!

Finally, Bo Chuan completely collapsed!

“Even if I die, I won’t let you easily get my luck!”

Po Chuan, who holds seven divine weapons from heaven, would be invincible in other chaotic worlds; however, facing Xu Ming, he did not even have the courage to fight!

Finally, Bo Chuan chose... blew himself up!

If not killed by Xu Ming, then it will be very difficult for Xu Ming to get his luck!

And as Bo Chuan turned into a splendid firework, one genius after another all collapsed and chose to self-destruct!

boom! boom! boom! boom! ...

Tianwen Domain Master, Cang Qiong Sect Master and other super existences are completely stunned – Xu Ming is already strong enough to make other geniuses collapse and commit suicide!

The Ten Thousand Domain Genius Battle has been carried out so many times, and it is the first time that such a thing has happened in the entire 100,000 Domain of Endless Chaos!

With the constant explosion of geniuses, Xu Ming’s game became no suspense.

Good luck, chicken tonight.

Chapter 1492: Divine Phoenix Flesh

With an absolutely invincible attitude, Xu Ming crushed all other geniuses and became the winner of the seventh chaotic world.

At the same time, in other chaotic worlds, the battle continues.

The ninety-fourth chaos world.

Huang Guguang was wearing a lucky suit, hiding in the cave, not daring to move.

Outside the cave, there was a terrifying sound of fighting and roaring... Obviously, the Black Fiend Legion and the White Fiend Legion were engaged in a big melee near him.

In such a big melee, Huang Guguang didn't dare to show his face at all; if he showed his face, he would die!

"Fortunately... Several space collapses have never affected my location!" Huang Guguang had to say that he was really lucky!

If the space he was in was going to collapse, then he would have to move his position; and that way, it would be easy for others to find out.

boom! boom! boom! boom! ...

I don't know how long it took, the sound of the earth-shattering battle gradually quieted down.

It didn't take long before a voice sounded in Huang Guguang's ear: "Huang Guguang, congratulations, becoming the winner of the 94th Chaos World!"

"What?" Huang Guguang was stunned, almost suspecting that he heard it wrong, "Me? The winner?"

You must know that Huang Guguang has never fought against any genius since he entered the Ten Thousand Domain Genius Battle. Since he picked up the auspicious clothes, he has been hiding in the cave without moving.

And that's how he lay down in the cave and was told that he was the winner?

The voice in Huang Guguang's ear sounded again, with a trace of jealousy: "I have to say, your luck is really good! In the 94th Chaos World, after the Black Fiend Legion and the White Fiend Legion swept all other geniuses, In the decisive battle again, both of them were wiped out! And you are the only genius alive in the ninety-fourth world!"

According to the rules of the first stage of the Wanyu Genius Battle – whoever survives to the end is the winner!

"This..." Huang Guguang was stunned for a long time – his luck is too good!

Immediately, he laughed wildly in his heart: "Hahahaha... Sure enough! I am the destiny! Such a sinister situation, in the end, I survived! Hahahaha..."

"I don't know if Xu Ming is dead or not?" Huang Guguang thought to himself, "The survival rate of the Ten Thousand Domain Genius Battle is so low, I'm probably the only survivor of the Sky Sect, right?"

Soon, Huang Guguang was moved out of the 94th Chaos World.

The scene in front of you is changing.

When Huang Guguang saw the scene in front of him again, he found that he was already beside a table.

It is a low rectangular table in a deep mahogany colour with intricately carved textures. There is a seat next to the table.

Huang Guguang saw that a table like the one in front of him was surrounded by a hundred seats, that is... 10,000 seats!

Huang Guguang immediately knew where this place was – this was an independent small world! The 10,000 geniuses who won the Wanyu Genius Battle will all appear here.

At this time, there are thousands of geniuses sitting in this small world.

Huang Guguang's gaze swept away and found Xu Ming. As for the other geniuses of Cang Qiongmen, I haven't seen any of them.

"Heh! Xu Ming, you're not dead yet? It seems that you're lucky!" Huang Guguang sneered.

Xu Ming glanced at the other party, smiled noncommittally, and ignored it.

"Humph!" Huang Guguang didn't think that Xu Ming, a genius born in ruins, could be so powerful; when he saw that Xu Ming didn't speak, he couldn't help but feel more and more disdain for Xu Ming, "You are nothing more than a solution to the chess game. It's just a few rounds, and it really surprised me that you won the first stage of the Wanyu Talent War!"

...

Although the geniuses who won the Wanyu Genius Battle were temporarily transported to a small independent world, the scene in this small world could be seen by the powers of the Holy Land.

Seeing Huang Guguang talking to Xu Ming like this, all the powerful people in Tianwen Holy Land had very wonderful expressions on their faces.

The Cang Qiong Sect Master had the urge to slap Huang Guguang to death: "This shameful thing!"

Said that Xu Ming won by luck? – Whoever wins by luck, don't you have a bit of pressure in your heart?

Elder Tianjing looked at Elder Huangyou and sneered: "Huangyou, your disciple's imagination is really rich!"

What can Elder Wilderness say? – He couldn't raise his head at all, let alone defend anything.

It is really impossible for Elder Huangyou to enter the independent small world, otherwise, he would have slapped the past and made Huang Guguang sober!

The other great powers also felt like they were watching a joke: “I said, Cang Qiong Sect Master, it seems that you are not very harmonious inside of Cang Qiong Sect! If your Cang Qiong Sect doesn’t like Xu Ming very much, we are happy to accept Xu Ming. Ming!”

The one who spoke was the top sixth-grade power—Zhou Tiange!

...

In the independent small world, 10,000 winning geniuses took their seats one after another.

Tianwen domain master also entered this world.

“First of all, congratulations to everyone, you won the first stage of the Wanyu Genius Battle!”

The Lord of Tianwen Domain said with a smile – these 10,000 geniuses are the absolute elites of this era of Tianwen Domain! Those who can win from the first stage are either of extraordinary strength or unlucky!

“Next you can all enjoy a piece of Divine Phoenix flesh and blood!” Tianwen Domain Lord continued to laugh, “The efficacy and value of Divine Phoenix flesh and blood, you must have already understood it! After eating it, not only can you quickly restore your cultivation to the level before the fall; moreover, you will also improve your cultivation, strength, talent, and other aspects in the follow-up! – And the flesh and blood of the Divine Phoenix, only in the Ten Thousand Domain Genius Battle, You can eat it! This is a reward for the top geniuses in the entire endless chaos!”

Tianwen Domain Lord waved his hand, and 10,000 copies of Divine Phoenix flesh and blood flew to the square table in front of each genius.

And in the hands of Tianwen Domain Lord, there are only 10,000 copies of Divine Phoenix flesh and blood; one is not much, but one is not much—if he dares to use a portion of Divine Phoenix flesh and blood privately, he will be severely punished by Divine Phoenix World Lord.

“Eat it!” Tianwen Domain Lord laughed, “The flesh and blood of the Divine Phoenix can only be eaten here, not taken out!”

Divine Phoenix flesh, looks like a big piece of roast chicken. However, the pure energy, luck, talent, etc. contained in it made Xu Ming feel incredible!

After a bit of karma, he found that there was nothing wrong with the flesh and blood of the Divine Phoenix, so Xu Ming ate the flesh and blood of the Divine Phoenix just like other geniuses.

Immediately, Xu Ming felt that there was an incomparably magical force that nourished the depths of his particles—this was even when he had not cultivated. If he started to cultivate, the speed of nourishment would probably be thousands of times faster!

Seeing that all the geniuses had already eaten the flesh and blood of the Divine Phoenix, Tianwen Domain Master said, “The first stage of the Ten Thousand Domains Genius Battle is over here! Geniuses who don’t want to participate in the second stage can leave from here now!”

In the small world, there is a gate leading to the outside world.

Going out of this gate now means giving up the qualification to participate in the second stage; however, there is no need to continue to experience the cruel and inexorable life-and-death battle.

Chapter 1493: Sad Twilight

Looking at this door leading to the outside world, many geniuses hesitated.

The Wanyu Genius Battle is extremely cruel!

In the first stage, in a domain, only 10,000 geniuses can survive to the end, and the survival rate is less than 1/10,000!

In the second stage, only 10,000 geniuses in the 100,000 domain will survive to the end!

The genius of the 100,000 domain, only 10,000 people can live, what is the concept? -Even if only the strongest genius participates in each domain; then, the survival rate of the second stage is only one tenth! Moreover, he is also the strongest genius in each domain, only one tenth of his life survived!

What's more, there are probably hundreds of thousands of geniuses participating in each domain! Therefore, in the second stage, it is also a screening that is absolutely impossible!

certainly...

The more cruel the screening, the greater the chance!

The Wanyu Genius Battle is not about a genius who has a talent for nothing, but a strong person who has experienced life and death! Once survived from the more cruel second stage, the benefits obtained are also unimaginable!

...

After a brief hesitation, there were talents who left this small world and gave up the qualification to participate in the second stage.

Geniuses who dare to participate in the Ten Thousand Domains Talent War are often very arrogant; however, "arrogance" does not mean "seeking death"! After these geniuses have experienced the cruelty of the first stage, they naturally know how lucky they are to be able to win from the first stage; second stage?

Soon, there are less than a thousand geniuses left in the small world. Among them, there is Xu Ming, and there is also Huang Guguang.

"Humph! Judging from my luck in participating in the Wanyu Genius Battle, I am definitely destined to go!" Huang Guguang had a fascinated confidence in his chest, "In the second stage of the Wanyu Talent Battle, I can definitely turn a bad luck into a fortune. , easily won! – As for Xu Ming?"

Huang Guguang glanced at Xu Ming disdainfully: "He also dares to go? It's just courting death!"

The scene was silent for a moment.

Tianwen domain owner confirmed again: "Who else wants to quit?"

No.

“Okay!” Tianwen Domain Lord nodded silently, “This year’s Ten Thousand Domain Talents Tournament, we Tianwen Domain, a total of 920 geniuses, participated in the second stage! I have reported the information of each of you; Thirty years later, you will all set off with me to the origin of Myriad Domains and participate in the second stage!”

After that, the geniuses all left this small world one after another.

When Huang Guguang stepped into the gate leading to the outside world, he had an incomparably rebellious smile on his face: “This time I won the Ten Thousand Domains Genius Battle, and after returning to the gate of the sky, my status will be greatly improved! ”

Huang Guguang’s idea is completely reasonable!

After all, how difficult it is to win the Wanyu Genius Battle! He and Xu Ming did it all in the entire sky gate!

When passing through the gate, Huang Guguang had already imagined that the powerful people in the sect would definitely become more enthusiastic about themselves! After returning to the sect, the other disciples in the sect will definitely compliment him more and more!

“And... the little junior sister in the sect who has been unable to take it down, it’s time to take it down this time!”

The little junior sister Huang Guguang thought was the daughter of Elder Cangyun, cold as ice. Because the identity is not simple, Huang Guguang did not dare to force it, but pursued it hard; however, after chasing it for many years, there was still no progress!

Huang Guguang is confident that he has won the Ten Thousand Domain Genius Battle and won his heart, just around the corner.

“Hahahaha...” Thinking of this, Huang Guguang couldn’t help laughing in his heart.

Sure enough, as soon as Huang Guguang left the small world and returned to Tianwen Holy Land, he saw that a bunch of great powers from the sky gate were galloping in his direction! That attitude, that passion...

Only the face of Master Huangyou Elder seems to be a little unsightly; however, in Huang Guguang's view, this should be because the master was shocked by his own bad luck, and this kind of expression will be seen.

"Hahahaha..." Huang Guguang became more and more complacent.

He was about to meet the enthusiastic masters in the sect, but found that... the master of the sect, the master of the sky, the elders of Tianjing, the elders of the clouds, and the elders of the lake, all passed him by, and It's as if you don't see yourself at all!

"Huh?" Huang Guguang's raised hands suddenly froze there—what's going on?

Immediately afterwards, Huang Guguang saw that everyone surrounded Xu Ming behind him. The eyes looking at Xu Ming one by one are far more than "passionate", but "religious"!

"What's going on?" Huang Guguang was stunned – he also won the first stage of the Wanyu Genius Battle, why is there such a big difference in the treatment between him and Xu Ming?

At this time, Huang Guguang saw that his master, Elder Huangyou, had rushed in front of him.

"Master..." As long as Huang Guguang saluted, he found that the master's face was just like the usual demeanor of the younger sister – frosty.

Huang Guguang was puzzled and felt a little bad—his hunch was right! After seeing Elder Huangyou rushing up, he raised his hand and slapped him!

Snapped!

Huang Guguang was completely stunned – he won the Wanyu Genius Battle, why did he get pumped as soon as he came out?

He looked at Elder Huangyou with a bewildered expression: “Master, you...”

“Don’t call me master!” Elder Huangyou scolded, “I don’t have a stupid disciple like you!”

“I...” Huang Guguang became more and more confused – the plot was different from what he imagined!

Elder Huangyou continued to scold: “Do you think that after winning the first stage of the Ten Thousand Domain Genius Battle, you can lift its tail to the sky? – You don’t even think about it, how did you win!”

How did you win?

Huang Guguang wanted to say—of course, it was fate and destiny!

However, before he had time to speak, Elder Huangyou reprimanded again: “This is Xu Ming’s battle image, let’s see how he won!”

Saying that, Elder Huangyou threw a jade slip.

Huang Guguang doubtfully infiltrated the divine sense into the jade slip and watched.

Seeing this, Huang Guguang was suddenly stunned: “This... so strong!?”

He was totally dumbfounded!

What is recorded in the jade slip is that Xu Ming finally crushed the water curtain images of more than 6,000 geniuses with his own power!

The combined strikes of more than 6,000 geniuses landed on Xu Ming, like a mighty bat shaking a tree. As for Xu Ming, he didn’t show any secret skills, he just carried a pot, and with his unimaginable power, he killed the entire audience; he killed one person with one pot, and he didn’t leave for a thousand miles!

“This...” Huang Guguang looked at Xu Ming in horror – how could he be so strong?

“Now you know the gap between you and Xu Ming?” Elder Huangyou hummed, “Also, with your strength, would you dare to participate in the second stage of the Ten Thousand Domain Talent Battle? Do you think that your luck will It keeps getting better?—Humph! Let me tell you, among the geniuses in the 100,000 Domains, the luck is much worse than yours!”

Desolate Ancient Light is like being poured into a basin of cold water to the end! At this time, he finally woke up a little – yes! As far as his strength is concerned, he passed the first stage entirely by luck, and where did he have the courage to participate in the second stage?

It’s just...he wakes up too late!

The second stage of the Wanyu Genius Battle, once you sign up, you cannot cancel it! Otherwise, he will be hunted down by the entire range of endless chaos; in the endless chaos, there will be no place for him!

Chapter 1494: Wok Gang

Heaven asked in the Holy Land.

The chef is carefully cooking the food.

The flame beat in his left palm, extremely docile and obedient. In his right hand, he was holding a pot; the food in the pot was fragrant.

As soon as the heat arrived, the God of Cooking instantly put away the fire.

“fragrant!”

“It’s delicious!”

God of Cooking boasted again and again and couldn’t wait to taste it. As soon as the food entered, he was so happy that his eyes narrowed.

“If you have good meat, how can you not have good wine!?” God of Cooking took out the fine wine and started eating.

To be honest, as a Nirvana existence, God of Cooking lives like this, it is really... degenerate!

However, God of Cooking didn't feel that there was anything wrong with his life like this, instead he felt very comfortable.

“Those who can't think of it are all working ***** the battlefield of Wanyu, pursuing the realm of the domain master...” The Chef God was eating delicious food and food, and thought disdainfully, “Even if you become a domain owner, what can you do? Cultivation every day, what is the meaning of life? What? Besides... Those who can become domain masters have already succeeded in proving the Dao; those who cannot become domain masters will be difficult to break through in billions of years! It is better to be like me, look at it, stay in a corner, don't ask the facts, and enjoy life!”

The more God Cook thinks about it, the more he feels that his life is more beautiful.

And those who only know how to cultivate and only know how to pursue a higher realm, in his opinion, are simply stupid!

“Being a human being... you have to stop in moderation and be content!”

At this moment, God of Cooking received a message.

The communication came from Tianwen Domain Master, with only three simple words: “Come and see me!”

“Huh?” God of Cooking couldn't help but be a little puzzled – he went under the command of Tianwen Domain Master, and he never asked the facts; Tianwen Domain Master rarely came to him.

He couldn't understand for a while, what the domain owner of Tianwen would look for him.

However, he still went to see Tianwen domain master immediately.

As soon as he arrived in the hall, God of Cooking saw two powerful figures! Even the domain master of Tianwen was very polite to these two figures.

“It’s the two powerhouses of the domain master realm!” The chef was secretly shocked, and at the same time became more and more puzzled, Tian asked why the domain master called himself over.

Tianwen Domain Lord got up and introduced: “This one is the great master from Shenbing Mansion – Ganmo Domain Lord!”

Shenbingfu?

God of Cooking was startled, and seemed to have a vague premonition of something.

“This...” When Tianwen Domain Master pointed to another great master, his expression became more and more serious, “It is the great power from the Holy Land of Origin – the Poor Dao Domain Master!”

Origin Holy Land!

Hearing these four words, God of Cooking immediately felt awe.

“Haha...” The Poor Dao Domain Master laughed, “I just came along with Gan Mo! This time, Gan Mo is the host and guest!”

Lord Gan Moyu looked at the God of Cooking with a smile and said, “I am here to congratulate you on the magic weapon you have refined... Become the first of the ‘Ten Magic Weapons’ in this Ten Thousand Domain Talent Battle!”

“Ah!?” Although God of Cooking had expected it for a long time, he was still shocked, “The head of the ten gods?”

Looking at the shocked expression of God of Cooking, Master Gan Moyu said in his heart – I’m even more shocked than you are! In one pot, he even took the top of the top ten magic soldiers.

However, on the surface, Domain Master Gan Mo still had a congratulatory look; he also had a golden token in his hand, saying, “This is the approval of the Shenbing Palace for you!”

The front of the golden token is engraved with the words “God Bingfu”;

Don’t look at this as just a token, but having this token means that you can get a chance of blessing from the Shenbingfu!

Looking at the 100,000 Domains of Endless Chaos, there are really few forces that dare not give face to the Shenbingfu! Even the Lord of Heavenly Questions should bow his head in the face of the Divine Armament Mansion! – After all, a force like the Shenbingfu is not only powerful in itself, but also has helped many great powers refine magical weapons, and has causality involved with many super existences!

“You deserve it! You deserve it!” God of Cooking said, “Don’t, don’t,” but his body still took the token honestly – with this token, he is equivalent to a lot more A talisman.

“This time, I also brought our Shenbing Mansion to give Xu Ming the title!” Domain Lord Ganmo said again.

“Title?” The Master of Tianwen Domain and the God of Cooking are both hot-eyed – it is a great honor to be awarded the title of Shenbingfu!

“I’ll call Xu Ming here!” Tianwen Domain Lord continued.

“No need!” Lord Gan Moyu waved his hand, “Just hand over the token to Xu Ming!”

Having said that, the domain master Gan Mo dropped a world ring with tokens and rewards in it; then, together with the domain master of the poor road, he turned around and left.

“So casual?”

After Tianwen Domain Lord sent away the two Domain Lord Gan Mo, he couldn’t help but wonder what Xu Ming’s title was. Glancing secretly into the world ring, I saw the token reads: Guoba!

“Pfft!” Tianwen Domain Lord almost vomited blood—this is probably the most bizarre title since the establishment of the Shenbing Palace, right?

It’s no wonder that Gan Moyu left things behind and left – asking him to grant Xu Ming such a title face to face is really... embarrassing!

...

But in any case, the reputation of “Guoba Xu Ming” has spread in the endless chaos.

In the past, the geniuses in the endless chaos were all carrying swords or spears; now, more and more geniuses break through the endless chaos and like to carry a pot!

In the 100,000 Domains of Endless Chaos, there are more and more... Backpackers!

At the same time, a loose “civil organization” has gradually emerged in the endless chaos, that is, the Iron Pot Gang!

...

Black Cloud Domain. Jin Chaos Kingdom.

Jin State is a powerful sixth-rank force; its power is far beyond what Swordsong Chaos State can match! Even the Cangqiangmen is slightly inferior to the Chaos Kingdom of Jin.

Zuijilou is a famous restaurant in the capital of Jin.

There are two geniuses who quarreled over the matter of grabbing seats.

“Humph!” A young man in Chinese clothes snorted coldly, “In the capital of Jin, there are not many people who dare to grab a seat with me! Get out!”

The other black-clothed youth showed no signs of weakness, took out a pot from the world ring with a “swoosh”, and slapped the pot on the table.

There was a loud bang, and the eyes of the entire restaurant turned towards them.

The black-clothed youth shouted aggressively: “You say ‘go away’ again and try!”

The young man in Chinese clothing was startled for a moment, and then laughed loudly: “It turns out to be his own brother! It’s really a flood that washed over the Dragon King Temple, and his family doesn’t know his own family!”

The boy in black was stunned: “You too...?”

“Haha!” The young man in Huafu also took out a pot from the world ring and slapped it on the table, “Iron Pot Gang!”

Pat the pot, this is the unique way of greeting the iron pot gang.

When the black-clothed youth saw this, he immediately laughed: “It’s really my brother! Drink together, drink together!”

At this moment, a swordsman at the adjacent table sneered and laughed: “The Iron Pot Gang? Where are the cats and dogs, unheard of!—Two people with pots are joking here, it really made me laugh to death!”

“Huh?” The youth in Chinese clothes and the youth in black immediately swept towards the swordsman at the adjacent table with murderous intent.

The black-clothed youth even raised the pot and shouted loudly, and the voice spread thousands of miles: “Where is the Iron Pot Gang!?”

“here!”

“here!”

...

Outside the Zuixi Building, loud shouts continued to sound.

Immediately afterwards, dozens of figures carrying pots rushed into the Zuixi Tower.

The black-clothed young man briefly explained the matter, and suddenly, dozens of figures, all angrily surrounded the swordsman just now, enclosing him in an airtight manner.

“Brothers, get him!” The boy in black shouted with a wave of the pot.

Immediately afterwards, dozens of pots greeted the unlucky swordsman.

Chapter 1495: Chaos Level 6

Xu Ming became famous in one pot, endless chaos and 100,000 realms, countless geniuses took Xu Ming as their idol; even, a “star chasing group” Iron Pot Gang was formed!

The geniuses in the Iron Pot Gang all use the “pot” as their main weapon; they also fantasize about being able to kill one person with one pot, like Xu Ming, without leaving a thousand miles!

but...

The Iron Wok Gang’s record of fighting alone is not very good!

Xu Ming can carry a pot and be invincible, not because of how good Xu Ming’s “pot method” is, but because Xu Ming’s strength completely crushes geniuses of the same rank! – When the strength is completely crushed, it doesn’t matter what weapon you use!

But... the gang members of the Iron Pot Gang are different! Their strength has not yet crushed the geniuses of the same rank, but they use the pot to fight; under such circumstances, can they fight alone without being abused?

Of course, the Wok Gang rarely goes it alone.

Under normal circumstances, the Iron Pot Gang likes more people and bullies less people! – Every time you fight, dozens of them fight one! In this case, the “pot method” is no longer important, just carry a pot and smash it forward!

...

Of course, Xu Ming didn't know anything about this.

At this time, Xu Ming was burying his head in cultivation in the Heavenly Sect, absorbing the pure energy contained in the flesh and blood of the Divine Phoenix.

“The flesh and blood of the Divine Phoenix is really a treasure for improving cultivation!” Even Xu Ming himself was shocked by the speed of his cultivation.

You must know that Xu Ming's cultivation speed is extremely fast! And the mysterious power in the flesh and blood of the Divine Phoenix made Xu Ming's cultivation speed a thousand times faster! —Until the power of Divine Phoenix's flesh and blood is completely exhausted, Xu Ming will maintain this incredible speed of cultivation!

Moreover... Xu Ming accumulated a very large amount of luck in the first stage of the Wanyu Genius Battle. Now, most of these powers of luck have been fused by the pure power of Divine Phoenix's flesh and blood, and quickly transformed into Xu Ming's cultivation realm!

Even though Xu Ming practiced “Indestructible Demon Body”, it was much more difficult to improve his cultivation than other exercises; however, Xu Ming still felt that his cultivation was soaring every moment.

Chaos Realm Level 2!

Chaos Realm Level 3!

Chaos Realm Level 4!

After more than 20 years of cultivation, Xu Ming's cultivation level has jumped directly from the first-order Chaos Realm to the sixth-order Chaos Realm!

The improvement of the cultivation base brings the soaring strength!

Xu Ming's strength has also risen two levels in a row, reaching the seventh level of the Xuanhuangjing! – And this, this is the case that Xu Ming did not fully open the plug-in.

If Xu Ming uses “Eternal Power”, “Ten Thousand Worlds Hegemony System” and other plug-in functions to the extreme, then, I am afraid that the strength reaches the ninth level of the Xuanhuangjing, there is no problem!

And if you open the “Infinite Clone” hanging, or use the “Wandao Epiphany”, then if you look at the Xuanhuang realm, Xu Ming may not be able to find an opponent!

“After the other geniuses have eaten the flesh and blood of the Divine Phoenix, their cultivation base should soon recover to the ninth order of the Chaos Realm!” Xu Ming thought to himself.

Xu Ming is different from other geniuses after all! -Xu Ming's original cultivation level was only the first-order Chaos Realm. After eating the flesh and blood of the Divine Phoenix, his cultivation soared to the sixth-order Chaos Realm in a short period of time. It was incredible! But the other geniuses themselves are the ninth-order Chaos Realm's cultivation, but their strength has been tempered and suppressed to the first-order Chaos Realm; their recovery speed is naturally much faster than Xu Ming's cultivation speed.

The speed of cultivation, after all, cannot be compared with the speed of recovery.

Moreover... after the other geniuses recovered their cultivation, it is very likely that they would use the powerful energy contained in the flesh and blood of the Divine Phoenix to attack the Xuanhuang realm in one fell swoop!

That is to say, the opponent Xu Ming encountered in the second stage of the Ten Thousand Domain Genius Battle will no longer be in the Chaos Realm, but... Xuanhuang Realm!

but...

Even if the opponent's cultivation is the first rank of Xuanhuangjing or even higher, so what? With Xu Ming's current strength of the seventh rank of the Xuanhuangjing, it still only takes one pot to crush the geniuses of the lower ranks of the Xuanhuangjing.

The only problem is-

"I don't know if I can also pick up a pot in the second stage of the Wanyu Genius Battle!"

If you can't pick a pot, you can't have another pot.

...

When Xu Ming's cultivation level was upgraded to the sixth-order Chaos Realm, the mysterious power obtained by eating the flesh and blood of the Divine Phoenix had also been consumed by Xu Ming.

"It's time to get out!"

Xu Ming knew that even if he continued to retreat, in a short period of time, his cultivation would not be able to reach the seventh rank of Chaos Realm! Moreover, more than 20 years have passed, and it is not far from going to the origin of Wanyu and participating in the second stage of the Wanyu Genius Battle; it is time to go out for a walk.

As soon as Xu Ming left the customs, Elder Tianjing came over and handed him a world ring.

"This is...?" Xu Ming was a little puzzled.

Elder Tianjing smiled and said, "This is the title and treasure given to you by the Shenbing Palace."

"Divine Armament Mansion?" Xu Ming knew the forces and couldn't help laughing, "Is the pot I used selected for the 'Top Ten Divine Armies'?"

"You have slaughtered nearly 7,000 geniuses with a pot, can you not be selected as the 'Top Ten Divine Weapons'?" Elder Tianjing rolled his eyes and said, "Not only are the 'Top Ten Divine Soldiers', but also It is the 'head of the top ten magic soldiers'!"

You must know that in the first stage of the Wanyu Genius Battle, there are only a little over ten thousand geniuses in a chaotic world! It is a very terrifying figure to slaughter 70% of the geniuses by one's own power. Looking at the history of the war of geniuses in Wanyu, I am afraid that no one has ever done it!

And Xu Ming did it with a pot! Becoming the "Top Ten Magical Soldiers" is a well-deserved and well-deserved title!

"Look at what my title is!" Xu Ming took the world ring and looked at it.

"Guoba!?" Xu Ming was speechless – why does this title sound a bit awkward!

However, when Xu Ming saw the other rewards in the World Ring, he immediately laughed: "One million Chaos Origin Crystals! – As expected of the top 7th-rank power Shenbing Palace, the shot is really generous!"

Chaos source crystal, but it is used by existences above the realm of all things. Even the low-grade chaotic source crystal is ten thousand times more precious than the high-grade chaotic source stone!

"This time, I don't have any shortage of hanging points!" Xu Ming secretly said.

Of course, Xu Ming knew that even if there was no shortage of hanging points, he was still very weak in the endless chaos!

"The higher you stand, the faster you can rise!" Xu Ming secretly said.

Just like now, if Xu Ming hadn't resolutely traveled from the Broken Boundary Island to the Chaos Capital of Jiansong, and then from the Capital of Jiansong to the starting place to participate in the Ten Thousand Domains Genius Battle; then, Xu Ming's growth rate would never have been this high. quick!

And Xu Ming, why did he act so high-profile in the Wanyu Genius Battle? – Just to attract the attention of the superpowers in the endless chaos!

“Han Mo, wait for me!” Xu Ming’s eyes were resolute, “When I win the Ten Thousand Domains Talent Battle and become a presence that attracts the attention of the entire endless chaos; then, I should be able to help you!”

Chapter 1496: The Land Of Origin

After chatting with Elder Tianjing, Xu Ming went directly to Tianwen Holy Land and found Tianwen Domain Lord.

“Oh? Xu Ming? What’s the matter?” As the absolute ruler of Tianwen Domain, Tianwen Domain Lord would rarely be pleasant in the face of ordinary geniuses; however, he was still quite polite towards Xu Ming. After all, with Xu Ming’s talent, it is very possible to reach his level in the future!

“Tianwen domain master!” Xu Ming clasped his fists and said, “I have something I want to ask!”

“Is it a matter of practice?—Tell me!” Tianwen Domain Lord laughed.

“No!” Xu Ming said, “I would like to ask the domain master, have you ever heard of one of the forces – the Eternal Palace!”

Gu Hanmo took Xu Yin to the Eternal Palace.

Xu Ming had asked the Island Master of Breaking the Boundary and the King of Sword Song before, but he had never heard of the Eternal Hall. Therefore, Xu Ming now directly ran to ask the sky to ask the domain master.

“Eternal Palace?” To Xu Ming’s surprise, the Domain Master Tianwen also showed a look of doubt. After thinking for a while, the Domain Master Tianwen shook his head, “I’ve never heard of it!”

“You haven’t even heard of it!?” Xu Ming was really shocked.

You must know that in the 100,000 Domains of Endless Chaos, the Domain Lord of Tianwen is the Lord of a Domain! At his level, his knowledge must be extremely broad; in the endless chaos, there should be not many big forces that Tianwen domain masters have never heard of!

Tianwen Domain Lord said: “In the endless chaos, I naturally know about sixth-rank forces and seventh-rank forces! But if it is a fifth-rank or lower force, I have never heard of it, and it is normal!”

“It must be a power above the sixth grade!” Xu Ming said very firmly.

If Xu Ming was still in the Chaos Kingdom of Swords and Songs, he might think that the fifth-rank power was a huge behemoth; he might think that the Eternal Hall was a fifth-rank power!

However, after arriving at the initial land, Xu Ming already understood that the fifth-rank forces were nothing at all! Gu Hanmo will never arrange Xu Yin to go to the fifth-rank power; even the sixth-rank power is too low!

Tianwen domain master went through it again in his mind: “I really haven’t heard of it! – There is another possibility, that is, the hidden forces in the endless chaos!”

“Hidden forces?”

“Yes!” Tianwen Domain Lord nodded and said, “Endless chaos, it has existed for too long! Over the years, too many super beings have been born; some super beings are hidden, so even the world lord is I don’t know! – If you are sure that the Eternal Temple is a force above the sixth rank; then, it is very likely to be a hidden world force!”

Xu Ming left in disappointment.

He originally thought that the Domain Lord of Tianwen would definitely know about the Eternal Palace, but he was told that the Eternal Palace was probably a hidden power, and even the Divine Phoenix Domain Lord might not know it.

“Hidden forces... that’s all! When I stand higher, I will find a way to mobilize all forces and help me find out about the Eternal Palace!” Xu Ming thought in despair.

At the same time, Xu Ming couldn’t help but imagine the appearance of his daughter Xu Yin.

When Gu Hanmo left with Xu Yin, Xu Yin was still in the swaddling clothes. Now, time flies, Xu Ming has entered the endless chaos, it has been thousands of years; what will Xu Yin look like when he was a baby?

...

In the blink of an eye, thirty years have come.

Nearly a thousand geniuses, including Xu Ming, gathered in the Holy Land of Heavenly Questions, preparing to follow the Lord of Heavenly Questions to go to the origin of the Myriad Domains.

“The vastness of endless chaos is really unimaginable!”

Xu Ming had already seen the entire “chaos world”, and Xu Ming was stunned by its vastness!

The origin of Myriad Domains is undoubtedly the most core of endless chaos.

The land of origin, exudes the “thread of origin” all the time. The thread of 100,000 origins affects 100,000 heavens—these 100,000 heavens are the land of 100,000 origins!

In the initial place, it has also derived the chaotic black and yellow, and created all things.

Even the very weak “Broken Boundary Island” among the many third-rank forces in Tianwen Domain has a territory of millions of realms! And the fourth-rank power Sword Song Chaos Kingdom is a territory with hundreds of millions of realms! – The power of the fifth-rank and sixth-rank powers above is unimaginable!

And the Tianwen Domain, although it is only a very common one among the 100,000 heavens, it is already terrifyingly vast! What’s more, there are 100,000 rank seven forces like Tianwenyu!

Xu Ming had to admit that the geniuses selected from the 100,000 Domains are definitely the top geniuses in the endless chaos!

Thinking of this, Xu Ming couldn’t help but glance at Desolate Ancient Light.

With Xu Ming's eyesight, it is natural to see that Huangguguang has not yet reached the level of "the top" of the entire endless chaos. He went to participate in the second stage of the Ten Thousand Domain Genius Battle, and I am afraid it is almost impossible to come back alive.

Thinking of being from the same school, Xu Ming couldn't help but reminded him through voice transmission: "Huang Guguang, if you need it, I can give you some pointers!"

Xu Ming's remarks are not light!

You must know that Xu Ming has the "Supreme Dao Guidance System"; if he is really willing to guide Huang Guguang, it will definitely benefit Huang Guguang a lot, and even winning the second stage of the Wanyu Genius Battle is not difficult!

It's just that Xu Ming's words, in Huangguguang, have another taste.

"Guide me?" Huang Guguang sneered, "Xu Ming, you came to me on purpose to show off, didn't you?—Guide me? You are worthy to say the word 'guidance'? Could it be that your strength is better than that of me? My master, Elder Huangyou, is even more powerful!?"

Xu Ming just smiled and was too lazy to say more.

Actually, for the sake of his fellow students, Xu Ming kindly wanted to show Huang Guguang a way to survive; but since Huang Guguang refused to appreciate it and kindly regarded it as a donkey's liver and lungs, then Xu Ming would naturally be too lazy to meddle in his own business, so he Let the ancient light fend for itself!

With the strength of Huangguguang, in the second stage of the Ten Thousand Domain Genius Battle, the possibility of "annihilation" exceeds 99%.

Tianwen domain master and other geniuses naturally did not know that such a conversation took place between Xu Ming and Huang Guguang in private.

"It's time to go!" Tianwen Domain Lord was the first to walk into the Chaos Teleportation Formation!

This chaotic teleportation formation in Tianwen Holy Land is undoubtedly the largest teleportation formation in the entire Tianwen Domain! You can follow the strangeness of the line of origin, directly from Tianwen Holy Land, to the origin of Wanyu!

Moreover, it takes almost no time to shuttle in this chaotic teleportation formation.

Xu Ming and other geniuses all entered the great formation one after another.

The big array was activated by the power of the source of chaos, and almost instantly, it was connected to the space of the source of the ten thousand domains.

boom!

In just an instant, Tianwen Domain Master, as well as nearly a thousand geniuses including Xu Ming, arrived at the origin of Myriad Domains.

“Haha, Tianwen, you’re not slow!” As soon as he walked out of the Chaos Teleportation Formation, a light voice sounded.

Tianwen Domain Lord looked over, and the corners of his mouth were slightly raised: “Evil Demon Domain Lord!”

The extraterritorial demons mentioned by the Chaos Kingdom of Sword Song are all from the demonic realm.

Chapter 1497: Blood Sword “Flying Blood”

The extraterritorial demons mentioned by the Chaos Kingdom of Sword Song are all from the demonic realm.

“You are Xu Ming!?” The eyes of the Demon Domain Lord suddenly stared at Xu Ming.

His eyes seem to be gray and white, and they are extremely cold; they have no substantial murderous intent, but they are more gloomy.

“Huh?” Xu Ming looked at the Demon Domain Master without any fear.

However, at the same time, Xu Ming was also a little puzzled, why the Demon Domain Master targeted him as soon as he met him.

Although Xu Ming killed more than a dozen geniuses at the top of the Chaos Realm in the Demon Realm, but in Xu Ming’s view, this should not be the reason why the Demon Realm Master targeted him! – After all, looking at a territory, the genius at the top of the Chaos Realm is nothing at all! For example, in the first stage of the Ten Thousand Domain Genius Battle in Tianwenyu, the number of dead geniuses at the top of the Chaos Realm was in the millions!

The Demon Lord continued to stare at Xu Ming, and his aura gradually pressed towards Xu Ming.

And Xu Ming was unmoved.

“Haha...” Suddenly, the Demon Domain Master laughed, and the murderous aura on his body was instantly removed.

“Xu Ming? Not bad! Not bad! It really lives up to its reputation!” The Demon Domain Lord laughed, very kindly.

“Uh?” Xu Ming couldn’t help but be more and more puzzled – this evil demon domain master first used his aura to oppress him when he came up, and then turned into such an attitude in a blink of an eye, what is the situation.

“I am a genius of Tianwen Domain, of course not bad!” Tianwen Domain Lord said proudly.

“Don’t put gold on your face! This is Xu Ming’s own talent. What does it have to do with your Tianwen Domain? If Xu Ming appeared in the Demon Domain, he would still have such strength!” The Demon Domain Master teased road.

Xu Ming can see it a little – Tianwen Domain Lord and Evil Demon Domain Lord, it is estimated that they have a good relationship!

“But... since the relationship is good, then why are the two sides in the frontier areas, there are often frictions and fights?” Xu Ming couldn’t understand for a while.

In fact, what Xu Ming didn't know was that the Tianwen domain master and the evil demon domain master deliberately let the frontier areas fight frequently! After all, every powerhouse is honed from the **** battle; if there is no environment for fighting, how can the Tianwen Domain and the Evil Demon Domain give birth to super strong people?

Therefore, the frequent fighting in the frontier area does not mean that the relationship between the Tianwen domain master and the evil demon domain owner is not good.

“Let's go! Go to the Holy Land of Origin!” said the Lord of the Demon Domain.

The Demon Domain Master also brought nearly a thousand geniuses to participate in the second stage of the Ten Thousand Domains Genius Battle.

The geniuses in the Demon Domain all looked at Xu Ming curiously and secretly; however, no one dared to show a provocative look to Xu Ming – the name of “Guoba”, among the geniuses who participated in the Wanyu Genius Battle, there are still very many Deterrent!

Xu Ming, Tianwen Domain Lord, and Demon Domain Lord were walking on the wide street.

Not long after, I suddenly saw a figure in front of me, blocking the middle of the road – this was a young man with a dignified body. At this time, he was carrying a blood sword with his back facing Xu Ming and others, full of momentum.

“Huh?” The Domain Lord of Tianwen and the Demon Domain Lord both frowned slightly – both of them are already standing at the top of the endless chaos, and someone dares to block their way? Moreover, it is only a teenage genius!

But immediately, Tianwen Domain Master and Evil Demon Domain Master loosened their brows. Because, they have already recognized the identity of the teenager: “is it him?”

At this time, the blood sword boy slowly turned around, his eyes fixed on Xu Ming precisely: “I, Fei Xue, officially challenge you! -Xu Ming, ten days later, see you at the Divine Phoenix Battle Stage!”

Leaving this sentence, the blood sword boy “Flying Blood” walked away without waiting for Xu Ming to answer. In an instant, he disappeared.

Xu Ming was speechless and couldn’t help but ask around, “Who is he?”

“You don’t even know the blood sword ‘Flying Blood’?” Tianwen Domain Lord couldn’t help but glanced at Xu Ming strangely, “The battle report of the Ten Thousand Domains Genius Battle I gave you, don’t you know anything about it? watch?”

After the end of the first stage of the Wanyu Genius Battle, there is naturally a great master who has sorted out the battle report. Although not all geniuses are recorded, but some powerful geniuses are also recorded; and the blood sword “Flying Blood” is one of the most powerful ones!

The Tianwen domain master also immediately reported the battle to all the geniuses in the domain who were going to participate in the second stage.

“I didn’t see it!” Xu Ming replied as a matter of course.

What catches your eyes? —Anyway, for Xu Ming, no matter what kind of genius he is, he will be brought down one by one!

“You’re too...” Tianwen domain master wanted to instigate Xu Ming, but hesitated, did he say anything; after all, with Xu Ming’s strength, he did have the capital to be proud of.

“Flying Blood is the second-ranked genius among the top ten divine soldiers!” Tianwen domain master explained, “In the first stage, with a sword in his hand, he slaughtered more than 900 geniuses, second only to You! The title given to him by Shenbingfu is: Blood Sword!”

The Demon Domain Lord also said next to him: “Flying Blood is a legendary genius in the Chaos Realm! Moreover, in the Chaos Realm legend, he is the top!”

“Oh!” Xu Ming responded lightly and then said, “His title is much better than mine!”

Xu Ming’s title: Guoba!

Blood Sword? Pot bully?

Comparing the two titles together, it is obvious that Xu Ming's title is much lower!

Xu Ming even suspected that the person who had given him a title from the Shenbing Mansion came up with such a title because he was unhappy with himself?

"Xu Ming!" Tianwen Domain Lord solemnly said, "Since Feixue dares to challenge you, I think you have some confidence! How sure are you that you can beat him?"

The Demon Lord and others also looked at Xu Ming.

"How sure is it?" Xu Ming just shook his head.

Tianwen Domain Master was startled: "Not sure?"

In the opinion of Tianwen Domain Master, Xu Ming should have a bigger chance of winning! Why does Xu Ming shake his head?

Xu Ming shook his head again: "It's not that I'm not sure, but... I'm not interested in fighting him!"

Yes! not interested!

Blood Sword "Flying Blood"? -Ah! What kind of cat and dog dare to challenge Brother Ming?

Even if it is a challenge, it still behaves so draggingly! Leaving a sentence, he left coldly without waiting for Xu Ming to answer. If you want to challenge, does Brother Ming have to do it? If this is the case, there are many people who want to challenge Brother Ming, and Brother Ming must not die of exhaustion?

"Xu Ming." Tianwen Domain Lord said, "You'd better fight him!"

"Why?" Xu Ming asked in confusion.

“Fei Xue is the second-ranked genius among the top ten magic soldiers! If he challenges you, he will definitely attract a lot of attention in the land of origin; if you don’t fight, other people will think that you are inferior to Fei Xue and be afraid!”

Tianwen domain master is right.

Even if Fei Xue didn’t deliberately promote this battle, how many people in this place of origin are paying attention to the movements of Fei Xue and Xu Ming!

Even before Xu Ming reached the Holy Land of Origin, the matter of Fei Xue challenging him had already spread throughout the Land of Origin.

Chapter 1498: Can You Really Win?

“Have you heard? Fei Xue and Xu Ming will fight ten days later!”

In the Divine Phoenix Realm, many geniuses were paying attention to this battle.

The Divine Phoenix Realm is the power of the Divine Phoenix Realm Lord, and it is the top eighth-rank power in the entire “Chaos Realm”! Even the Origin Holy Land of the Chaos Realm is the territory of the Divine Phoenix Realm; the disciples of the Divine Phoenix Realm enjoy the best cultivation environment.

Therefore, the disciples of the Divine Phoenix Realm also regard themselves as superior to others, and do not think much of other geniuses in the endless chaos.

In the generation of the Divine Phoenix Realm, there has never been a “Legendary Chaos Realm” genius; but even so, they don’t think much of a Chaos Realm legendary genius from other places!

“Legendary level of the Chaos Realm?” The disciples of the Divine Phoenix Realm paid no attention to these six words.

The legendary level of Chaos Realm can only show that in the Chaos Realm stage, the strength is very strong; but it cannot be explained that it will continue to be stronger in the Xuanhuang Realm!

And after the end of the first stage of the Ten Thousand Domains Genius Battle, the winning disciples all ate the flesh and blood of the Divine Phoenix, and most of their cultivation bases broke through to the Xuanhuang realm; therefore, the legendary level of chaos realm is already a thing of the past!

Chaos Realm and Xuanhuang Realm are like the relationship between “elementary school” and “junior high school”. No matter how good your grades were in elementary school, it doesn’t mean that your grades will continue to be good in junior high school.

Therefore, who can continue to be strong in the Xuanhuang realm, that is the real power!

Between Fei Xue and Xu Ming, most of the disciples of the Divine Phoenix Realm were more optimistic about Fei Xue.

“The blood sword ‘Flying Blood’ is indeed very terrifying! He uses chaos to master the Tao, evolves space, kills, and slays everything with one sword!”

“Indeed! The power of Fei Xue is entirely based on his understanding of Chaos to Dao! With Dao as the foundation, even if he breaks through to the Xuanhuang realm, his strength will still be terrifying! Even in our Divine Phoenix Realm, there may not be anyone. , can be stronger than Fei Xue! And Xu Ming...”

In the eyes of the disciples of the Divine Phoenix Realm, although Xu Ming’s strength is also very strong, he is not recognized by them! Because, when Xu Ming was fighting, from the beginning to the end, he was killed in one pot, and he didn’t show much of the mystery at all.

“What kind of powerful divine body method Xu Ming should have cultivated! At the Chaos Realm, the defense is invincible, and the attack is also against the sky! But... this kind of practice method is like fishing when the pond is exhausted; it is also more powerful at the Chaos Realm. What a use!”

“That’s right! No matter how strong the divine body is in the Chaos Realm, in the Xuanhuang Realm’s eyes, it’s just a joke!”

“If you don’t cultivate the perfect way, you’ll just be a side-street after all!”

“If it is in the Chaos Realm, Fei Xue may not necessarily be Xu Ming’s opponent! But now, Fei Xue has broken through to the Xuanhuang Realm, and it should be very easy to win against Xu Ming!”

“Just look at the battle between Fei Xue and Xu Ming ten days later!”

The disciples of the Divine Phoenix Realm were not very convinced by Xu Ming’s strength. They even thought that even if it were any of them, it would not be difficult to win against Xu Ming.

...

“After ten days, Xu Ming will fight with blood?”

“The battle between the first and second of the top ten magic soldiers, this time it looks good!”

“What does it look good on? It must have been Fei Xue’s easy victory!”

“If both sides are still in the Chaos Realm, Xu Ming may still be able to fight Fei Xue! But now, both sides should already be in the Xuanhuang Realm; with Xu Ming’s skills, where is Fei Xue’s opponent?”

“Oh! Even in the Chaos Realm, Xu Ming can’t beat Fei Xue, right? – In the first stage of the Ten Thousand Domain Talents Battle, Fei Xue’s opponent is much stronger than Xu Ming’s opponent! If Xu Ming encounters a strong opponent A little opponent may not let him kill the Quartet so arrogantly!”

“Indeed! It is Tianwenyu’s weakness that made Xu Ming’s reputation!”

...

“The weakness of Tianwenyu?”

In the land of origin, Huang Guguang did not feel much dissatisfaction when he heard these discussions; because he knew that compared to geniuses in other domains, geniuses in Tianwen Domain were indeed weaker.

Moreover, Huang Guguang is also looking forward to seeing Xu Ming's defeat in the battle with Fei Xue.

It's not that Xu Ming's defeat is of any benefit to him; it's that Xu Ming is suppressed by Xu Ming everywhere, and he wants to see Xu Ming defeat!

...

Of course, Xu Ming is not without his supporters.

The members of the Iron Pot Gang were completely on Xu Ming's side.

"Flying blood? What a piece of shit! – Xu Ming, our pot bully, killed six or seven thousand geniuses in the first stage of the Wanyu Genius Battle! As for Feixue, we only killed more than 900 people! Stand tall! Sentencing!"

"Yes! Does Fei Xue dare to face the siege of more than 6,000 geniuses at the same time?"

In order to support Xu Ming, the members of the Iron Pot Gang even had some conflicts with other geniuses and stepped onto the Divine Phoenix Battle Arena.

However, in the land of origin, the Iron Pot Gang was relatively weak after all; facing the siege of geniuses from all sides, the Iron Pot Gang suffered repeated defeats on the Divine Phoenix arena.

Divine Phoenix Battle Arena.

Hundreds of Iron Pot Gang members are weak in spirit. Most of their chaotic soldiers "iron pot" were also destroyed.

The other geniuses around, mocked with impunity: "The Iron Pot Gang? Hahahaha... It really made me laugh!"

"One by one holding pots who are you frightening?"

“Ha ha ha ha...”

Hundreds of members of the Iron Pot Gang all had a look of humiliation on their faces—they admired Xu Ming’s domineering “killing one person with one pot” and spontaneously formed the Iron Pot Gang; however, their own strength was not necessarily strong. In addition, the weapon “pot” that has not been practiced very much is used, and the top geniuses in the endless chaos are faced; defeat and humiliation are inevitable!

“Wait for you guys! When our brother Ming slaps the pot to death and bleeds blood, you will know how powerful Guo Ba is!” “Brother Hui”, a core member of the Iron Pot Gang, gritted his teeth.

Brother Hui, no one knows his real name. After he heard that Xu Ming had the title of “Brother Ming”, he called himself “Brother Hui”; other members of the Iron Pot Gang also called him the same.

“Xu Ming still wants to win Fei Xue? Hahahaha... just dream!”

The other geniuses around were mercilessly ridiculed.

The members of the Iron Pot Gang gritted their teeth more and more: “We are here at the Divine Phoenix Battle Arena, sitting and watching the showdown ten days from now! Let you know that Guoba Xu Ming is strong!”

...

In the blink of an eye, ten days have passed.

The stands around the Divine Phoenix Battle Arena were filled with top geniuses from all sides of the endless chaos—the battle between the first and second of the top ten divine soldiers was still very attractive!

Fei Xue came to the Divine Phoenix Battle Arena early.

With a blood sword on his back, he stood proudly on the battlefield with his eyes closed. But his aura made all the geniuses around him who had broken through to the Profound Yellow Realm feel depressed.

Famous is worse than meeting! – After many geniuses saw Fei Xue with their own eyes, they couldn't help but say such a sentence in their hearts.

Indeed, when you really see Fei Xue at close range, you can feel the power of Fei Xue more.

Even the hearts of many Iron Pot Gang members were shaken: “Xu Ming, can you really win Fei Xue?”

Chapter 1499: Jian Lao'S Visit

Day past noon.

Inside the Divine Phoenix Battle Arena, more and more geniuses came to watch the battle; there were even a lot of water curtain images connected to the outside world, ready to spread the battle situation in real time.

but...

Xu Ming never showed up.

“Then Xu Ming, don't you dare to come?”

“I definitely don't dare to fight! – Fei Xue has been here for two or three hours, but Xu Ming has not yet appeared!”

“The number one among the top ten gods, how dare you not fight for the second? This kind of thing is really unheard of!”

“Indeed! I have heard that the first one of the top ten magic soldiers lost to the second, but I have never heard that the first one dare not fight!”

“I don’t even dare to fight! This Xu Ming is really ashamed of being ranked number one in the top ten magic soldiers!”

Inside the Divine Phoenix Battle Arena, there were more and more doubts about Xu Ming.

Even some members of the Iron Pot Gang had a slight suspicion of Xu Ming.

“Could it be... our pot bully, Xu Ming, is really not as good as Fei Xue, who doesn’t even dare to fight?”

“What do you think!” Brother Hui shouted, “You have seen the power of Guoba Xu Ming! One pot is a genius, no one can stop it; even if it is flying blood, how can it be our Guoba Xu Ming’s opponent? – Brother Ming is not afraid to fight, but... Fei Xue only agreed on today, but did not agree on a specific time! Don’t worry, when Brother Ming arrives, flying blood is not a one-pot thing?”

“right!”

Hearing what Brother Hui said, the members of the Iron Pot Gang suddenly rekindled their fighting spirit again—when Brother Ming arrives, what is flying blood?

The remarks of the Iron Pot Gang naturally aroused the disdain of other geniuses: “Don’t dare to come if you don’t dare to come! Why are you making so many excuses?”

“Heh! Even if Xu Ming came, he was just looking for abuse! Compared with Fei Xue, he is still far behind!”

“Don’t be impatient!” On the battlefield, Feixue said coldly, “I really forgot to agree on a specific time! Just wait!”

“Then wait!” One day, for the geniuses present, it was like a flick of a finger. Therefore, the geniuses from all sides were all down and waited for Xu Ming to arrive.

...

Origin Holy Land.

The place where Tianwenyu lives.

Xu Ming was drinking tea leisurely.

The way of cultivation is one relaxation at a time. Xu Ming didn't just know how to work hard, when it was time to relax, he would still relax.

“Endless Chaos is really like a cloud of power!” After Xu Ming came to the land of origin, he came into contact with a lot of information about Endless Chaos, and couldn't help feeling emotional.

At the beginning, when he first stepped into the endless chaos, in Xu Ming's eyes, the Xuanhuangjing was already a very powerful power;

After arriving at the Chaos Capital of Jiange, Xu Ming found out that there is a more powerful realm of all things above the prehistoric realm!

After participating in the Wanyu Genius Battle, Xu Ming's vision improved rapidly.

“Chaos Realm, Xuanhuang Realm, Great Desolate Realm, All Things Realm, Destruction Realm, Nirvana Realm... Above, there are ‘Domain Lord’ and ‘World Lord’!”

And Xu Ming's cultivation base is still at the bottom of the Chaos Realm; his strength is only the Xuanhuang Realm!

If you are willing to stay in a corner, Xu Ming will naturally be stronger; but in the entire “chaos world”, Xu Ming really doesn't count for anything!

Xu Ming is fortunate that he participated in the Ten Thousand Domains Genius Battle; otherwise, he would still be like a frog in the bottom of a well, confined to a small Chaos Kingdom, unable to see the outside world!

“Only the higher you stand, the farther you can see!” Xu Ming secretly said, “As long as I win the second stage of the Wanyu Genius Battle, then I will stand on the top platform in the entire Chaos World! At that time , the resources I got can definitely make my cultivation soar rapidly!”

Xu Ming was leisurely planning the future when suddenly, the Lord of Tianwen Domain rushed over in a hurry.

“Xu Ming, why are you still here?” Tianwen Domain Master asked.

“Huh?” Xu Ming looked at Tianwen Domain Master with some doubts – where can he go if he is not here?

“Have you forgotten what day is today?” Tianwen Domain Lord asked.

“What day?” Xu Ming asked.

Tianwen Domain Lord continued: “The battle between you and Fei Xue is just today!”

“Oh...” Xu Ming was stunned, “You said this! – I didn’t agree to the battle of Fei Xue!”

“You...” Tianwen domain master was speechless, “The entire source land already knows about your battle; even, there are a lot of domain master level powers who are paying attention to this battle! If you don’t go, Others think you are afraid of flying blood; this is not only a shame for you, but also bad for our reputation in Tianwenyu! – Xu Ming, you must go to this battle!”

Xu Ming said lightly, “I’m not interested!”

Tianwen Domain Lord couldn’t help but said, “Xu Ming, are you really afraid of flying blood?”

In the words of Tianwen Domain Master, there is actually a bit of “exciting general” in it.

After listening to Xu Ming, he smiled and said: “Domain Lord, you don’t have to provoke me! I really have no interest in this kind of battle; Fei Xue likes to jump, so let him jump! As for those questioning voices... When I meet Fei Xue in the Ten Thousand Domain Talent Battle, those doubting voices will naturally disappear!”

“You really see it...” Tianwen domain owner wanted to say something, and suddenly, he received a message. Seeing this message, Tianwen domain owner’s face suddenly changed: “It’s Elder Sword!”

The communication was sent by Mr. Jian!

The communication has only five simple words: I am outside your door!

“Jian Lao actually came to me!?” Tianwen Domain Master was shocked, and he didn’t have time to talk to Xu Ming, so he went straight to the door.

Who is Jian Lao?

That is the super power of the “world master” level! It is the existence of the highest attainments in kendo in the entire chaos world!

Even the Divine Phoenix Realm Master is not necessarily much stronger than Jian Lao!

At the level of Tianwen domain master, facing the old swordsman, he has to hold the ceremony of the junior! Moreover, Jian Lao may not be able to beat him!

And now, with such a super existence visiting, how could the domain master called Tianwen not be startled?

Tianwen Domain Lord quickly came to the door, opened the formation, and greeted Jian Lao.

I saw outside the door, an old man dressed in white with a sullen look on his face; beside him, there was also a young man.

“Huh?” The domain master Tianwen was shocked again—Looking at Old Jian’s appearance, it seemed that the visitor was not good!

Sure enough, Lao Jian asked gloomily, “Where is Xu Ming!?”

“Xu Ming?” The domain master Tianwen was a little puzzled.

Judging from the appearance of Jian Lao, it is obvious that he came to ask Xu Mingxing to ask his guilt; and this is where Tianwen domain master is puzzled – how did Xu Ming offend Jian Lao?

After all, with the difference in strength between Xu Ming and Jian Lao, even if you want to offend Jian Lao, it is difficult to do so!

Even, let alone Xu Ming, even Tianwen domain master is not qualified to offend Jian Lao!

“Xu Ming is in there!” Tianwen Domain Lord continued.

“Humph!” Jian Lao ignored the Tianwen domain master, but his spiritual sense directly locked Xu Ming; with a flash, he appeared in front of Xu Ming.

“You are Xu Ming?” Jian Lao looked at Xu Ming unceremoniously, “You know what’s wrong!?”

Chapter 1500: Get Out Of The Pot!

“You are Xu Ming? You know what’s wrong!?”

As soon as Jian Lao came up, he directly put on a posture of asking for guilt.

Xu Ming, who was drinking tea leisurely, looked at Lao Jian with doubts.

Know wrong?

Know what’s wrong?

Xu Ming was extremely sure that he had never seen the old man in white before him. I haven’t even seen anyone, and as for offending, it’s even more impossible to talk about.

At this time, the domain master of Tianwen also followed; he bit the bullet and said again and again: “Elder Jian, look, is there any misunderstanding in the middle? With Xu Ming’s strength, even if he wants to offend you, I have no right to offend you at all!”

Seeing this, Xu Ming couldn’t help but wonder about the identity of the old man in white—what kind of identity was it that even Tianwen Domain Master had to bow down before him?

“Go away!” Jian Lao didn’t give Tian Wenyu’s face in the slightest, and scolded directly, “What do you mean... This old man deliberately wronged him?”

“I... I didn’t mean it that way!” Tianwen Domain Master continued.

“Humph!” Jian Lao snorted coldly and looked at Xu Ming indifferently, “Since you still don’t know where you are wrong, I’ll let you know! – It’s you, you have nothing to do when you are idle. Can you use a pot as a weapon?”

Xu Ming is speechless – is it wrong to use a pot as a weapon?

Jian Lao seemed to see Xu Ming’s thoughts, and continued to shout: “It’s not wrong to use a pot as a weapon! But your fault is wrong. My grandson also wanted to choose a pot after watching your battle in the Wanyu Genius Battle. as a weapon!”

“Uh...” Xu Ming looked at Lao Jian and the young man beside him, and just wanted to say—Is it my fault?

Tianwen domain master has already understood what is going on at this time – Jian Lao, the existence with the highest attainments in kendo in the entire Chaos Realm; his grandson, but he has to learn Xu Ming to use a pot as a weapon... It’s no wonder that Jian Lao is not angry!

“Humph!” Jian Lao snorted again, “Hurry up and persuade my grandson to give up this idea and stop using the pot as a weapon!”

“This...” Xu Ming was extremely embarrassed—how should I persuade him?

“No!” At this time, the young man beside Jian Lao was very stubborn, “The pot is the strongest weapon I’ve ever seen! Unless you find someone of the same rank who can defeat Brother Ming; otherwise, Don’t want me to give up using pots as weapons!”

“You...” Jian Lao was about to explode with anger.

“Right!” Jian Lao suddenly thought, “Boy Xu Ming, are you having a battle with Fei Xue today? Why don’t you go? Are you afraid to go?”

Xu Ming said lightly: “Flying blood is too weak, not my opponent!”

Flying blood is too weak?

Even Jian Lao was startled: “How arrogant!”

You know, Fei Xue can be regarded as a rare talent after all! Even if you look at the entire endless chaos, ten epochs may not be able to produce a genius like flying blood! But when it came to Xu Ming, there were four faint words: Flying blood is too weak!

However, at the level of Jian Lao, “one path leads to ten thousand paths”; although he does not specialize in cultivating the one path of cause and effect, he can also know that what Xu Ming said is true through the sense of cause and effect. In this case, Jian Lao will not force Xu Ming to fight Fei Xue.

but...

“Xu Ming must be defeated!” Jian Lao thought to himself – if Xu Ming is undefeated, his grandson “Jianfeng” will never be reconciled.

Suddenly, Lao Jian had an idea: “Boy Xu Ming, how about I suppress the cultivation level and fight you?”

Then, he looked at Sun Er Jianfeng again: “When I suppress the cultivation base and win Xu Ming, you must remember to give up the idea of using the pot as a weapon from now on!”

“Grandpa, you are rude!” The young Jianfeng exclaimed angrily.

You must know that Jian Lao is a super existence at the “world master” level. Even if he suppresses his cultivation base and his understanding of the Tao, his swordsmanship, combat intuition, etc. are far beyond what Xu Ming can match at this level!

“You are bullying the small!” Jianfeng said angrily.

Unexpectedly, Xu Ming said: “Yes! – Old Jian, if I lose to you, I will help you persuade Jianfeng to give up using the pot as a weapon!”

Of course Xu Ming had his own ideas – the Tianwen domain master had already told him the identity of Jian Lao through a voice transmission. Therefore, Xu Ming would like to see who is stronger and who is weaker after the super existence of the world master level suppresses the cultivation base and the understanding of the supreme Tao to the same level as himself.

And now, it’s a once-in-a-lifetime opportunity! In addition to Jian Lao, I am afraid there will be no other super existence of the world master level, who will be interested in suppressing the cultivation base to play with him.

“That’s what you said!” Jian Lao heard the words, and secretly said that Xu Ming was “advanced” and could be a man.

At the same time, Jian Lao did not forget to look at his grandson Jianfeng and said, “I didn’t force him! He said it himself!”

“Humph!” Jianfeng hummed angrily, “Since it’s Brother Ming who said it, then Brother Ming is absolutely sure to beat you!”

Jianfeng has a mysterious confidence in Xu Ming! – It was really Xu Ming’s performance in the first stage of the Wanyu Talent War! As a result, Jianfeng felt that Xu Ming was an invincible existence!

Jian Lao looked at Xu Ming again and said, “Boy Xu Ming, your cultivation base should have just broken through to the Xuanhuang realm, right? I don’t take advantage of you, so I suppressed my cultivation base and my understanding of the Supreme Dao to the limit. The first rank of the Profound Yellow Realm... Huh!?”

Jian Lao was talking and suddenly realized that something was wrong!

“Xu Ming kid, you haven’t broken through to the Xuanhuang realm yet?” Jian Lao couldn’t help asking.

In the endless chaos, the cultivation base is difficult to be seen through. For example, Tianwen Domain Lord, although he can often see Xu Ming, he has not seen Xu Ming’s true cultivation.

However, at the level of Jian Lao, his eyesight is undoubtedly more vicious than Tianwen domain master; he carefully observed Xu Ming for a while, and found that Xu Ming’s cultivation level has not broken through to the Xuanhuang realm, but is only in the chaos realm. . Of course, the specific level of Chaos Realm, Jian Lao can’t see it.

“Eating the flesh and blood of the Divine Phoenix, but not breaking through to the Profound Yellow Realm?” Jian Lao didn’t say anything, but he felt a little more contempt for Xu Ming in his heart, thinking that Xu Ming’s talent was limited.

You must know that as long as the talent is not too bad, the ninth chaotic realm, after eating the flesh and blood of the Divine Phoenix, will definitely be able to break through to the Xuanhuang realm! It’s just... Old Jian didn’t know that before Xu Ming ate the flesh and blood of the Divine Phoenix, that is, when he killed the Quartet in the first stage of the Ten Thousand Domain Talent War, it was not the ninth order of the Chaos Realm, but... the first order of the Chaos Realm!

After eating the flesh and blood of the Divine Phoenix, Xu Ming’s cultivation level broke through to the sixth-order Chaos Realm in one fell swoop—it was already a very big breakthrough!

“Huh? Xu Ming hasn’t reached the Profound Yellow Realm yet?” Tianwen Domain Master couldn’t help but look at Xu Ming, wondering what he was thinking.

“Since you are still in the Chaos Realm, then I will suppress the cultivation base and the understanding of the Supreme Dao to the ninth order of the Chaos Realm!” Jian Laodao.

Old Jian didn’t know that Xu Ming’s cultivation was the sixth-order Chaos Realm; otherwise, he would not take advantage of the “third-order” cultivation.

And Xu Ming didn't say it clearly. After all, it is too appalling to tell your true cultivation base!

call out!

In the hands of Jian Lao, a long sword appeared, and the cold light radiated in all directions. He looked at Xu Ming: "This is just a very ordinary chaotic weapon, you... get out of the pot!"
