

A World 1521

Chapter 1521: Ancient Relics

“Xu Ming, you shouldn’t agree to his appointment!”

Cheng Xuan shook his head and said.

“Oh?” Xu Ming couldn’t help looking at him suspiciously.

Xu Ming’s strength has already been shown, and he is much stronger than Huang Yu; Xu Ming’s talent is far superior to Huang Yu! Since the strength and talent surpass the opponent, are you afraid that he will fail the next battle?

“It’s not that simple!” Cheng Xuan shook his head again, “Find a place to sit, and I’ll tell you in detail!”

“it is good!”

...

Soon, Xu Ming and Cheng Xuan sat opposite each other drinking tea.

“Is there something strange about this ancient relic world?” Xu Ming couldn’t help asking.

“Xu Ming, when you first came to the secret realm of chaos, you don’t understand many special features of endless chaos!” Cheng Xuan said.

“Yeah!” Xu Ming admitted.

Cheng Xuan continued: “The ancient world is a very magical place in the endless chaos; it can even be called... the most magical place!”

“The most amazing?”

“Yes!” Cheng Xuan nodded, “In the ancient relic world, even if it has passed countless billions of years and returned to the endless chaos, it may only have passed a few years or hundreds of years!”

“What!?” Xu Ming was startled, “You mean... the flow of time in the ancient relic world is different from that in the endless chaos?”

“That’s not the case!” Cheng Xuan said with a smile, “In the endless chaos, there are indeed some secret realms with different time flow rates; but even if the time flow rates are different, the difference will not be too outrageous! Endless chaos has its own order, which will correct those distortions. The flow of time!”

“Indeed!” Xu Ming also knew something about this.

universe.

Up and down in the four directions is called the universe, from ancient times to the present it is called the universe.

Endless chaos is only the spatial dimension of the universe, that is, “Yu”. The universe also has a time dimension “universe”, that is, the long river of time!

Time flies incessantly. Although the flow rate of time is the same in most places, in the vast river of time, it is inevitable that some “time vortices” will appear; these time vortices are the places where the flow rate of time is different.

Trapped in a time vortex, hundreds of millions of years may have passed inside, and only a few years have passed outside. However, it is impossible to say... “Countless billions of years” have passed in the time vortex, and only tens of hundreds of years have passed in the outside world.

The time vortex’s distortion of the flow of time is not that strong!

Moreover, the time vortex is not a stable existence, and may be washed away by the long river of time at any time.

“Then...” Xu Ming suddenly showed a look of surprise, “Could it be... the ancient relics are located outside the endless chaos?”

“That’s not the case!” Cheng Xuan no longer sells his way, and said directly, “The ancient relic world is actually... the ‘previous life’ of endless chaos!”

Endless Chaos... Past Life?

This made Xu Ming a little confused and chaotic. Could there be a previous life?

“You should have heard that the current endless chaos was established after the Divine Phoenix Realm Lord killed a supreme being!” Cheng Xuan said.

“Yes!” When Xu Ming first arrived in the Land of Origin, he had heard about it! Moreover, I also heard that there seems to be a supreme powerhouse above the heavens and the earth, wanting to invade the endless chaos; however, they were blocked by the Divine Phoenix Realm Lord!

Cheng Xuan said again: “The supreme being who was beheaded is the ruler of the ancient world!”

Speaking of which, Cheng Xuan had a look of adoration and admiration in his eyes: “The Supreme Being has fallen, the ancient world has been destroyed, and the Divine Phoenix Realm has re-established order and established endless chaos!”

“Although the ancient relics have long since shattered the Infinite Era, there are still some wreckage left! And...” Cheng Xuan continued, “In the very depths of the ancient relics, there are even more traces of the long river of time in the ancient relics! That one The long river of time has been too broken, and it can no longer maintain an illusory form, but has manifested in a physical form!”

“Material manifestation?” Xu Ming was startled.

Time is so long, can it still materialize? What will happen then?

“Yes!” Cheng Xuan nodded seriously, “As long as the cultivation base reaches the realm of chaos, you can see the appearance of the long river of time in the core of the ancient relics! Along the long river of time, you can go back to the past by going upstream. !”

return to the past! ?

Xu Ming's heart was shocked, and there were even countless thoughts that popped into his mind. If he went back to the past, back to the time when he just crossed into another world, what would happen? Or, what would happen before returning to the other world?

In that case... will the history of endless chaos be rewritten?

Cheng Xuan seemed to see what Xu Ming was thinking, and smiled: "It's not going back to the 'past' of endless chaos, but to the 'past' of the ancient world! Endless chaos is a perfect world, and the order is extremely strict. The endless chaos of time is not so easy to be disturbed!"

"Returning to the past of the ancient relics? That is... back to the time when the ancient relics hadn't been destroyed?" Xu Ming couldn't help asking.

"Not bad!" Cheng Xuan nodded, "Follow the long river of time, go upstream, and return to the ancient relics that have not yet been destroyed! But... the time river of the ancient relics is too broken, so it cannot carry too strong force to flow against the current. On the top, the highest and only the cultivation base of the prehistoric realm can go back to the past; moreover, as this long river of time becomes more and more broken, the power it can carry will also become lower and lower... Until the end, the long river of time completely collapses, and the remains of the ancient times. The world no longer exists!"

"Imagine if Huang Yu entered the ancient relic world, went back to the past, and came back successfully! He may have spent countless epochs in the ancient relic world, but after returning, the endless chaos has only passed hundreds of times. It's only a thousand years!" Cheng Xuan continued, "At that time, how could you be his opponent?"

"Then..." Xu Ming said, "It doesn't seem like a bad thing to enter the ancient relic world?"

"Haha..." Cheng Xuan laughed, "If it weren't for a bad thing, Huang Yu would not be so frightened! The spirit of the battle platform will not use a contract to force him to go to the core of the ancient relic world! In the long river of time Going upstream, do you think it is so safe? Moreover, even if you successfully return to the 'past of the ancient relics where the order is broken, all kinds of dangers may come! Even, the ancient relics It may be completely destroyed and disappear at any time, in that case, Huang Yu will disappear directly with the ancient world!"

“And...” Cheng Xuan said again, “The essence of the Divine Phoenix in the hands of the Spirit of the Battle Stage is not so easy to get! The contract of Huang Yu should be for the Divine Phoenix Realm Lord, go to the ancient relic realm and do something that is almost impossible to do. It’s possible!”

Almost impossible?

...

After Cheng Xuan left, Xu Ming was pondering in his heart whether he should go to the ancient ruins or not.

After all, what Xu Ming needs most now is time! And as long as he goes to the ancient relics to practice, he will have time; when he returns from the ancient relics, it may only be a few years in the endless chaos!

“Xiao Hang, if I perish in the ancient world, can the ‘immortal imprint’ hang me?” Xu Ming asked in his heart.

“Yes!” This was Xiao Hang’s answer.

Chapter 1522: Divine Phoenix Immortal

After getting Xiaohang’s affirmative answer, Xu Ming no longer hesitated.

Xu Ming will definitely go to the ancient ruins; however, not now.

Now, what Xu Ming wants to do most is to practice “Divine Phoenix Immortal”!

Divine Phoenix is immortal, it is too powerful! As long as you reach the first level, you will be able to recover from minor injuries in an instant; if you train on the second level, you will be healed instantly from serious injuries; if you train on the third level, you will be able to be reborn from a drop of blood!

Of course, Xu Ming had to learn such a powerful secret skill no matter what.

“To become the first level, you only need ten drops of the essence of the Divine Phoenix! Let’s pass on the secret skills first, and then finish the first level!”

Thinking of this, Xu Ming directly got up and went to the Secret Law Inheritance Hall.

“The first time you enter the temple, you need to pay a drop of the essence of the Divine Phoenix!” The mechanical voice of the temple spirit sounded.

It is the essence of Divine Phoenix again!

But Xu Ming was not surprised – in the secret realm of chaos, the essence of Divine Phoenix is absolute hard currency! Much more useful than Chaos Source Crystal!

And Xu Ming couldn’t help but wonder: “The essence of the Divine Phoenix, what exactly is it... In the endless chaos, it seems that only the place of origin has the essence of the Divine Phoenix; other places, there is no such thing at all!”

Thinking about it, Xu Ming has already stepped into the secret law inheritance hall.

In the Hall of Inheritance, there are hundreds of secret rooms; each secret room represents a secret technique.

The secret techniques that can be placed in the inheritance hall are naturally very extraordinary; at least they are at the world master level, or even at the half-step supreme or supreme level!

Xu Ming did not stop, and went straight to the secret room of the inheritance of “Divine Phoenix Immortal”.

“To accept the first inheritance of ‘Divine Phoenix Immortality’, you need to pay three drops of Divine Phoenix Essence!”

It is the essence of Divine Phoenix again!

And it’s only the first inheritance.

Xu Ming paid three drops of Divine Phoenix Essence and pushed in the door.

Entering the secret room of inheritance, Xu Ming seemed to have stepped into the endless starry sky.

In the dark starry sky, hundreds of millions of stars twinkled faintly. Among the endless stars, there is a crimson star, which rapidly grows in size in Xu Ming's field of vision, like a burning star.

Immediately, the star seemed to have experienced nirvana and quickly turned into a divine phoenix. And the whole starry sky seems to have turned into a black cloak of a super existence.

In front of Xu Ming, the incomparably huge Divine Phoenix was nirvana in the starry sky, like a pattern printed on a black cloak.

Seeing the black cloak, Xu Ming vaguely seemed to see the back of a super existence.

At this moment, Xu Ming felt that this invisible super-existence looked back at himself. In the endless starry sky, two more stars quickly grew larger, turning into a pair of incomparably huge eyes.

At this moment, countless secret art inheritances poured into Xu Ming's mind.

“Divine Phoenix is immortal... the first stage!”

Bang!

In an instant, the endless starry sky around Xu Ming dissipated. Xu Ming saw that he was only in a very ordinary secret room; around him, there were only four very ordinary walls.

However, Xu Ming knew that he had already obtained the first-level inheritance of “Divine Phoenix Immortality”; then, with a little practice, he would be able to practice quickly!

“Temple Spirit?” Xu Ming couldn't help but ask, “How much Divine Phoenix Essence is needed for the second level of Divine Phoenix Immortality?”

Xu Ming would not be satisfied with Divine Phoenix's immortality at the first level!

"Second level... It cannot be redeemed with the essence of the Divine Phoenix!" The voice of the hall spirit sounded.

"Can't redeem?" Xu Ming was startled.

"If you want to obtain the second level of Divine Phoenix Immortality, you need to enter the periphery of the ancient world and complete the task!" Dianling said again.

The periphery of the ancient relics?

The periphery of the ancient relic world, that is, among the remains of the ancient relic world, but it does not enter the long river of time!

In the periphery of the ancient relics, the flow of time is the same as in the endless chaos, and the degree of danger is much smaller than that in the time-long Hanoi! But... After all, it is the endless chaos that has been destroyed since ancient times. No one knows what kind of crisis will there be!

"What kind of task do you want to accomplish?" Xu Ming couldn't help asking.

"You need to practice the first level of 'Divine Phoenix Immortality' before you are qualified to know!" Dian Ling said.

"Okay..." Xu Ming was helpless.

However, he is also planning to enter the ancient relic world anyway. It doesn't matter if he goes early or late.

"The mission in the secret realm of chaos seems to deliberately lure the geniuses into the ancient world! Could it be that there are any secrets hidden in the ancient world?"

Xu Ming did not know.

After accepting the inheritance, Xu Ming walked directly out of the Secret Law Inheritance Hall.

“Huh?” As soon as he walked out of the door, Xu Ming saw a heart-pounding figure standing outside the Hall of Inheritance.

This figure has a sloppy appearance, and his eyes are even more crimson, flashing hideous and crazy.

“Xu Ming?” The crazy figure said, and smiled meaningfully.

Xu Ming couldn't help looking at him.

“I'm Wujun!” The madman's mouth curled into a wicked smile, and before Xu Ming could react, he turned and left.

“It's inexplicable!” Xu Ming looked at the direction where Wu Jun was leaving, with a hint of doubt in his eyes.

...

After Wu Jun left alone, he returned directly to his residence.

Fully opening the formation of the residence, Wu Jun's crazy and ferocious aura was swept away, replaced by incomparable composure and calm.

“Supreme Lord...” Wu Jun's eyes were extremely cold, but with a touch of piety, “I have met Xu Ming!”

“Oh? What do you think...this person...how...?” The voice seemed to come from outside the time and space, and it only sounded in the depths of Wujun's heart.

“The talent is against the sky! It's not inferior to me!” Wu Jun gave his evaluation, “Qualified to be the most loyal servant of the ‘Lord’!”

“I also think that Xu Ming is very extraordinary! Look for opportunities to take him...”

“Yes!” Wu Jun bowed slightly, “It’s just... in the secret realm of chaos, it is very difficult for me to find a chance to attack Xu Ming! However, since he has cultivated the first level of Divine Phoenix Immortality, he definitely wants to cultivate the second level. Heavy; when he enters the ancient relic world, it will be my chance!”

“So...very good!” The figure left a few words at the end, and it never appeared again Wu Jun opened the door, and his body regained a ferocious and crazy aura.

“Since Xu Ming will definitely go to the ancient relic world, then I will go to the ancient relic world to wait and make some arrangements!”

boom!

Wu Jun dodged directly, and quickly swept towards the direction of the ancient relics.

...

Xu Ming was naturally unaware of what Wu Jun had done.

After he left the Secret Law Inheritance Hall, he did not rush back to practice Divine Phoenix Immortality, but went to the source of Divine Phoenix first.

“I always feel that the source of the Divine Phoenix is very important to my cultivation!” This is Xu Ming’s intuition, “If I cultivate the Divine Phoenix without dying, I am afraid that when I cultivate, my cultivation level may directly break through to the Xuanhuang realm. While it’s still in the Chaos Realm, go to the source of the Divine Phoenix to see what’s inside!”

Chapter 1523: Mind And Heart 1

The source of the Divine Phoenix, it takes ten drops of the essence of the Divine Phoenix to enter! Moreover, one must pass through the 100th floor of the Divine Phoenix Tower before being eligible to enter!

Whether it is the Divine Phoenix Spring, the Divine Phoenix Hall, the Divine Phoenix Tower, or any other place, only one drop of the Divine Phoenix Essence is needed to enter; only the source of the Divine Phoenix requires ten drops of the Divine Phoenix Essence once to enter!

“What exactly is in there?”

Xu Ming painstakingly paid ten drops of Divine Phoenix Essence and entered it.

You know, Xu Ming won the battle with only 24 drops of Divine Phoenix Essence. In order to accept the inheritance of “Divine Phoenix Immortal”, four drops have been used; now entering the source of the Divine Phoenix, another ten drops are used. The remaining ten drops were just enough for Xu Ming to become the first level of Divine Phoenix Immortality.

boom!

As soon as he entered the source of the Divine Phoenix, Xu Ming felt that a vast and ethereal invisible force, like an ocean wave, shot towards him wave after wave.

“This is...” Xu Ming couldn’t see the power and didn’t suffer any harm, but he felt it, “It’s... mind power!”

However, this mental power is different from all the mental powers that Xu Ming has come into contact with!

First of all, this mental power is so vast, so vast that Xu Ming feels that his mental power is like a small boat on the vast ocean. You must know that with the improvement of strength, Xu Ming’s mental power has also approached. Chaos is here! But even so, Xu Ming still felt incomparably small!

It was like an ant looking up at the whole sky.

Secondly... this mental energy seems to be “unowned”!

That’s right, it’s ownerless! – And this is the strangest thing about Xu Ming.

You must know that mental power is the power of the soul; and the soul is the foundation of a person! – If even the mind is gone, the mind will naturally dissipate and cease to exist! But now, the mental power that Xu Ming comes into contact with is without a master, that is to say... only “mind power”, no “spirit”.

“It seems that the source of the Divine Phoenix must be a great formation! It’s just... Where did so much energy come from?”

When Xu Ming was surprised, he suddenly found that his mental strength was slowly growing!

“Huh?” Xu Ming was stunned, “This source of the Divine Phoenix is used to... improve mental strength!?”

Immediately, Xu Ming was overjoyed, and immediately sat down with his knees and started to practice.

You must know that the mentality school is the most powerful school among the major cultivation schools; but at the same time, it is also the most difficult school to cultivate. Like Xu Ming, the inextinguishable demon body with the integration of the four paths has already cultivated to the ninth order of the Chaos Realm; however, his mental strength has not even reached the Chaos Realm! Moreover... Xu Ming’s mental strength is mainly improved along with the growth of his cultivation, and only a small part of it comes from cultivation.

And now, after entering the source of the Divine Phoenix, he can directly swallow Wuzhu’s mental strength and improve his mental strength... How can Xu Ming not be shocked?

“If I raise the cultivation of the mental power school to the same level as the indestructible demon body, then...” Xu Ming knew the power of the mental power school! It’s just that because of the fact that his mental power flow has been lagging behind, Xu Ming has never had the opportunity to exert much power during the battle!

Once the cultivation level of Xinli flow is also improved, Xu Ming’s combat power will definitely soar!

“Practice!”

Xu Ming didn't dare to waste time, he even concentrated on swallowing up the powerless minds around him and strengthening his own mind power!

Xu Ming's mental power school cultivation base is also soaring rapidly!

boom!

Soon, it broke through to the first order of Chaos Realm!

Chaos Realm Level 2!

Chaos Realm Level 3!

...

I don't know how long it has been since I closed at the source of the Divine Phoenix this time.

Xu Ming's mental power school cultivation base has even been directly raised to the limit of the ninth order of Chaos Realm!

"Huh?" At this moment, Xu Ming stopped practicing. Because he found that he could no longer swallow a trace of mental strength.

"It seems...only when the mental power cultivation base is lower than the divine body cultivation base, can Wuzhu's mental power be swallowed up!" Xu Ming secretly said, "Ten drops of the essence of the Divine Phoenix, in exchange for the mental power school cultivation base has been improved by a large order... also It's worth it!"

Xu Ming stood up.

"I don't know, is there anything special about this source of the Divine Phoenix?"

It took ten drops of the Divine Phoenix Essence to come in, of course Xu Ming was reluctant to go out casually; so, he wandered around in the source of the Divine Phoenix again.

The more he went to the core, Xu Ming found that Wuzhu's mental strength became more irritable.

"In this kind of place, Wuzhu's mental strength is too violent, and it is no longer suitable for devouring! Huh—" Suddenly, Xu Ming was startled.

When they got close to the core of the source of the Divine Phoenix, the mental energy here was already very irritable and rich; Xu Ming even "smell" it, and there was no residual aura on the main mental energy.

"This breath..." Xu Ming frowned, "It smells like the essence of Divine Phoenix!"

Xu Ming became more and more puzzled.

He always felt that there were too many secrets hidden in the Divine Phoenix Secret Realm. It's just... Xu Ming couldn't get the slightest clue.

Suddenly, a wave of waves invaded the depths of Xu Ming's heart.

"Come on...Come on..." It seemed like some kind of voice was calling Xu Ming to go to the core of the Origin of the Divine Phoenix.

"Huh!?" Xu Ming's spirit was shocked, and he instantly got rid of the bewitchment of this voice.

"There is something tricky!" Xu Ming has a "perception inscription" on his body. He can perceive that the core of the source of the Divine Phoenix has a very dangerous power. It's just that what kind of power it is, it is not something that Xu Ming can perceive!

"I can no longer practice at the source of the Divine Phoenix, so leave first!" Xu Ming made a decisive decision.

Since the core of the Divine Phoenix Origin has a power that makes him feel incomparably threatening; then, Xu Ming should wait for his strength to become stronger, let's find out more!

Xu Ming decisively left the source of the Divine Phoenix and returned to his residence.

“Start practicing... Divine Phoenix is immortal!”

boom!

The moment he started to practice the “Divine Phoenix Immortal Body”, Xu Ming actually found that his mental strength and divine body were merging!

“This is...?” Four words popped up in Xu Ming’s mind: Unity of mind and heart!

Mind and body merge into one! Whether it is attack or defense, it will be greatly improved! – When attacking or defending with mental power, the power of the divine body can also be transformed into mental power; when using the divine body to attack or defend, the power of mental power will be transformed into the power of the divine body!

And the most perfect “unity of mind and spirit” is naturally that the mind is as powerful as the divine body!

“Fortunately, I have the guidance of the perceptual inscription. Before I practiced ‘Divine Phoenix Immortality’, I entered the source of the Divine Phoenix! Otherwise... My mind and spirit are united, I am afraid that I will not be able to achieve the most perfect!” Xu Ming secretly Rejoice.

“Since the mental power and the divine body have been perfectly integrated, the next step is to break through the Xuanhuang realm!”

Cultivating the first ten drops of the Divine Phoenix Essence of “Divine Phoenix Immortality” is enough for Xu Ming to break through to the Mysterious Yellow Realm! Moreover, I am afraid it will not be a low-level Xuanhuangjing!

Chapter 1524: Primordial Temple

boom!

Xu Ming took out the first drop of Divine Phoenix Essence and began to refine it.

The power of the essence of Divine Phoenix melted in Xu Ming's divine body and merged into every particle of Xu Ming.

“Huh—” Xu Ming was surprised to find that when refining the essence of the Divine Phoenix, while the cultivation of the divine body increased, the cultivation of the mind also increased at the same time!

“Is this the effect of ‘unity of mind’?”

Before reaching the realm of “unity of mind and spirit”, when Xu Ming was cultivating, it was absolutely impossible for his mental strength and his spiritual body to grow at the same time!

“Divine Phoenix's immortality is indeed very strange! Just this state of ‘unity of mind and spirit’ has benefited me immensely!” Xu Ming secretly said.

At the same time, Xu Ming remembered the two treasures of “The Origin of the Divine Phoenix” and “The Spring of the Divine Phoenix”.

“I'm afraid... other geniuses in the secret realm of Chaos will also use these two treasures to improve their mental strength or divine body cultivation! There should be many geniuses who have reached the realm of ‘mental strength and divine body integration’!” Xu Ming pondered Said, “There are also the super powerhouses in the Origin Land, I am afraid that they are all in one mind!”

After the mind and spirit are united, the combat power is obviously much stronger; coupled with the immortality of the Divine Phoenix, even the super powerhouses may be able to leapfrog and fight!

Xu Ming restrained his mind and concentrated on breaking through.

His cultivation is also slowly increasing; however, he always feels that he is restricted by a layer of shackles and cannot break through.

Soon, the first drop of Divine Phoenix Essence was exhausted, and Xu Ming was still in the Chaos Realm.

“Second drop!” Xu Ming took out the second drop of Divine Phoenix Essence without hesitation, and while improving his cultivation, he practiced the “Divine Phoenix Immortality” technique.

Because a large part of the power was consumed by cultivating the “Divine Phoenix Immortal Body”; therefore, the effect of the Divine Phoenix Essence on improving one’s cultivation was undoubtedly weakened a lot. However... the speed of refining the essence of the Divine Phoenix has increased a lot!

Previously, it took Xu Ming over a hundred years to refine the first drop of Divine Phoenix Essence. And now, a drop of Divine Phoenix Essence can be refined in less than ten years.

It took four drops of the essence of the Divine Phoenix all the time, and it took nearly forty years for Xu Ming to successfully break through the Chaos Realm and step into the Profound Yellow Realm!

“Continue!” Xu Ming continued to refine the essence of the Divine Phoenix.

When the ten drops of Divine Phoenix essence were all refined, Xu Ming finally achieved the first level of “Divine Phoenix Immortality”.

“My strength...”

The soaring cultivation base naturally brought the soaring strength! Xu Ming’s strength has directly reached the peak of the fifth-order prehistoric realm, and is extremely close to the sixth-order of the prehistoric realm!

“good!”

With the increase in strength and the immortality of Divine Phoenix, Xu Ming already has the qualifications to enter the ancient world!

Of course, before that, Xu Ming had to do one more thing—if he wanted to obtain the second-level cultivation secret skill of Divine Phoenix Immortality, he needed to enter the periphery of the ancient relic world and complete the mission; Xu Ming now, of course, must go to accept the mission first. .

Soon, Xu Ming came to the Secret Art Inheritance Hall again, and accepted the task—find the fragments of ink flames!

“Ink flame fragments?” Xu Ming was a little puzzled – he had never heard of this treasure.

At this time, Dianling sent a message to Xu Ming’s mind.

Xu Ming immediately understood—the Mo Yan fragment, which exists in the “Prime Temple” on the periphery of the ancient relics, is a kind of black stone! There are countless fiery red tiny ancient texts on the fragments of ink flames!

Mo Yan fragments, indestructible! Even if the ancient world collapses and everything is annihilated, the fragments of ink flames still exist!

“As long as you find three pieces of ink flame, you can exchange for the second-level practice of ‘Divine Phoenix Immortality’, or the essence of Divine Phoenix! If you find 30 pieces of ink flame, you can exchange for the third level of ‘Divine Phoenix Immortality’. Law!”

Xu Ming took over the task and walked directly towards the center of the Divine Phoenix Mystery Realm.

The Divine Phoenix Mystery Realm is divided into four areas; however, at the center of the Divine Phoenix Mysterious Realm, no matter the genius of the Chaos Mystery Realm or the worst genius of the Mysterious Realm of All Things, can come.

In the center of the Divine Phoenix Secret Realm, there is a large teleportation formation leading to the ancient relic realm.

Xu Ming appeared in the center of the Divine Phoenix Mystery Realm, which naturally attracted the attention of many geniuses in the Mysterious Yellow Realm, the Prehistoric Secret Realm, and the Mysterious Realm of All Things.

“Hey—isn’t that Xu Ming? What is he doing here?”

“Does he want to enter the ancient world?”

The ancient world, but the shattered endless chaos! Among them, there are bound to be dangers and dangers!

“Xu Ming has just participated in the Myriad Domain Talent Battle, so he probably won’t go to the Immemorial Relic Realm to risk himself! Wouldn’t it be much safer to wait for him to cultivate to the Great Desolate Realm and then enter the Ancient Ancient Relic Realm?”

“But...with his current cultivation base, when he came to the center of the Divine Phoenix Secret Realm, it seems that there is nowhere to go except the ancient relic realm!”

“Maybe Xu Ming is just passing by to have a look?” said a somewhat fat genius. He looked at Xu Ming with envy in his eyes – he is just a genius in the secret realm of all things, and in order to enter the secret realm of all things through the back door, he is even more so. I don’t know how much treasure it cost! But Xu Ming in front of him entered the secret realm of chaos with his true abilities!

The gap between him and Xu Ming is obvious!

“I’m going to the ancient relic world!” Xu Ming stopped and shouted directly.

“Recorded! Wait for the arrival of other geniuses, and set off together!” There was a wave in the space.

It is not easy to open the passage of the ancient relics; therefore, the passage will not be opened for Xu Ming alone. Usually, the channel will be opened only when a hundred geniuses are gathered.

“Xu Ming is really going to the ancient world...”

“How bold! Even if he defeats Huang Yu, there is still a lot of risk in entering the ancient world!”

“Huang Yu... It’s really pitiful to say! I signed a contract with the spirit of the battle platform on the first battle platform of the secret realm, to go against the river of time, go back to the past, and complete the mission of the Divine Phoenix Realm Master! Even in the periphery of the ancient relic realm, Someone escorted him to the river of time; however, after entering the river of time, I guess he will never come back!”

If you can't come back, that's... death!

And Huang Yu I am afraid that at this time, I have stepped into the long river of time and returned to the past time of the ancient world!

“Xu Ming, to be honest, with your talent, you shouldn't go to the ancient world for adventure!” A voice sounded in Xu Ming's ear, and it was a glamorous woman in a light blue robe who spoke.

“I want to cultivate the second level of Divine Phoenix Immortality!” Xu Ming saw that the other party was also kind, so he explained with a smile.

“No!” Female cultivator Leng Yan shook her head, “With your talent, even if you don't go to the ancient relics, you will still have the power to bring the second, or even the third, Divine Phoenix Immortality Technique to you. of!”

“Really?” Xu Ming said indifferently, “It's okay, anyway, I want to go to the ancient relic world to see what the shattered endless chaos is like!”

“Don't listen to persuasion! – We really had no choice but to enter the ancient relic realm; but you, you want to go in and play when you have nothing to do!” Female cultivator Leng Yan snorted and ignored Xu Ming.

Chapter 1525: Enter The Ancient Ruins

“Ming Yu, who is this?”

At this moment, an imposing figure walked in the direction of the glamorous female Xiu Mingyu; his eyes glanced at Xu Ming with some malicious intent.

Ye Mingyu, a rare genius female cultivator in the mysterious realm of Divine Phoenix.

You must know that in the endless chaos, the higher the cultivation base, the more difficult it is for female cultivators to see! This is because... in today's endless chaos, the female cultivators that have been bred are obviously not as talented as male cultivators; and they are much weaker!

This is determined by the “attribute” of endless chaos!

The endless chaos of this era is controlled by the Divine Phoenix Realm Master; because of the cultivation techniques of the Divine Phoenix Realm Master, the entire endless chaos is the rise of Yang and the decline of Yin. In the endless chaos of other eras, the proportion of female practitioners may not necessarily be lower than that of male practitioners!

Therefore... Ye Mingyu, a female cultivator with both strength and temperament, naturally became the target of countless cultivators in the mysterious realm of Divine Phoenix. Duan Tianhai, who was walking over, was a genius in the Mysterious Yellow Realm and a fanatical pursuer of Ye Mingyu.

Duan Tianhai had just arrived, and when he saw Xu Ming and Ye Mingyu chatting from a distance, he couldn't help rushing over. He glanced at Xu Ming and saw that it was a strange genius he had never seen before. He couldn't help but look contemptuous: “Boy, are you from the Mystical Realm of Vientiane?”

The Four Secret Realms of Divine Phoenix: Chaos, Xuanhuang, Honghuang, and Vientiane. Vientiane Mystery is the worst.

Duan Tianhai knows most of the geniuses in the first three secret realms; except for the new geniuses in this era, he has just left because he is in retreat, so he has not had time to get to know him.

At this time, Duan Tianhai glanced at Xu Ming again, and seeing that he exuded the aura of “Xuanhuangjing”, he couldn't help but feel more and more contemptuous.

“Mysterious Yellow Realm in the Mysterious Realm of Vientiane, if you don't practice well, what are you doing here?” Duan Tianhai sneered.

Seeing Duan Tianhai's disdainful and preaching attitude, Ye Mingyu obviously regarded Xu Ming as the worst genius in the Mysterious Realm of Vientiane. He couldn't help being speechless for a while, and even said, “Duan Tianhai, he...”

“Mingyu, don't talk too much!” Duan Tianhai thought that Ye Mingyu was going to help Xu Ming to speak, so he couldn't help but get more annoyed, and his preaching attitude became more and more serious, “Boy, the people who come here are all preparing to go to ancient times. Remains of the world! Just rely on your cultivation in the Mysterious Yellow Realm, and you are from the

Mysterious Realm of Vientiane; if you go, you are going to die! – Hmph! Even if I am a member of the Mysterious Yellow Realm, I have just broken through to the Prehistoric Realm. Only dare to go to the ancient world! I kindly advise you, where did you come from, go back to where you are!”

Duan Tianhai has an aloof attitude. Obviously, he wants to use Xu Ming’s “ignorance” to set off his “generousness”.

However, what Duan Tianhai said was also right—usually, those who entered the ancient relic realm were all geniuses who had reached the prehistoric realm! Just like Duan Tianhai and Ye Mingyu, in order to stay in the Mysterious Yellow Realm during the assessment, they suppressed their cultivation in the Mysterious Yellow Realm.

“Duan Tianhai, he...” Ye Mingyu saw that Duan Tianhai’s tail was about to be lifted into the sky, and couldn’t help but speak again.

And Duan Tianhai saw that Ye Mingyu was going to speak for Xu Ming again, and his heart became even more angry, and he even interrupted: “Mingyu, I said this for his own good! A waste in the Mysterious Realm of Vientiane dares to go to ancient times. Abandoned world? Isn’t that courting death?”

Ye Mingyu rolled his eyes, finally too lazy to speak.

But at this moment, a mocking laughter sounded around: “Duan Tianhai, are you blind? He is Xu Ming!”

“Xu Ming?” Duan Tianhai was startled – although he had never seen Xu Ming, he had heard the name Xu Ming.

“What!?” Duan Tianhai’s expression froze, “You said...he is Xu Ming?”

Who is Xu Ming?

That is the genius of the Chaos Secret Realm, and, in the Wanyu Genius Battle, he entered the Chaos Secret Realm with an absolute advantage!

Duan Tianhai thought that he actually laughed at Xu Ming as a waste, so he wanted to give himself two mouths! – He, a genius with mediocre strength in the Mysterious Yellow Realm, dares to laugh at the top geniuses in the Mysterious Chaos Realm?

Isn't this stupid!

“Ming Yu...” Duan Tianhai said speechlessly, “Why didn't you tell me?”

Ye Mingyu rolled his eyes and said, “I wanted to tell you twice, but you stopped me from talking!”

“I...” Duan Tianhai was completely speechless – he thought that Ye Mingyu was trying to speak for Xu Ming! Where did he think of it, he was here to remind himself of this!

But I have to say, Duan Tianhai's face is still very thick! After knowing Xu Ming's identity, he was only slightly embarrassed, and immediately returned to his arrogant attitude: “What happened to Xu Ming? Even if he is a genius in the secret realm of chaos, he is only a Xuanhuang realm cultivation base! —Is it the place where he should go?”

This time, no one refuted Duan Tianhai.

After all, in the eyes of other geniuses, the ancient world is indeed a very dangerous place for Xu Ming! Moreover, with Xu Ming's talent, there was no need to take this risk at all, but he had to take it!

Seeing that no one refuted him, Duan Tianhai couldn't help but glanced at Xu Ming proudly.

Xu Ming didn't want to pay attention, and silently walked to the side.

When Duan Tianhai saw that Xu Ming didn't listen to his persuasion and wanted to continue to enter the ancient relic world, he couldn't help sneering: “I don't know whether to live or die!”

...

After practicing for half a month in the center of the Divine Phoenix Mystery Realm, I finally gathered a hundred geniuses.

Most of these 100 geniuses came from the Mystical Realm of Vientiane. After all, every epoch in the Mystical Realm of Vientiane will attract 9,000 geniuses from the Myriad Domain Genius Battle; plus some who enter the Mysterious Realm of Vientiane through connections, I am afraid that every epoch will attract tens of thousands of geniuses.

As for the other three secret realms, the number of geniuses is strictly controlled.

boom!

A tyrannical aura enveloped every genius, it was the Demon Dance Domain Master in charge.

The Demon Dance Domain Master brought Xu Ming and other geniuses to inspire the talisman in his hand. Immediately, the surrounding space began to twist and change layer by layer.

Xu Ming saw that the entire Divine Phoenix Mystery Realm was like a distorted space, folded into a box; then, the box floated up and down in the space, like a drifting bottle on the sea, and disappeared in a blink of an eye.

In the next moment, Xu Ming didn't know where he was – behind him was an endlessly distorted space; in front of him, was a huge, but extremely fragile-looking gray membrane wall .

This layer of heaven and earth film wall separates the endless chaos and the ancient world into two.

Endless chaos is the boundless land; while the ancient relics are like puddles that are about to dry up on this land.

“Through the membrane wall, it is the scope of the ancient relics!” said the demon dance domain master, “The space in the ancient relics is extremely unstable; if the cultivation base reaches above the realm of all things, if you enter it, it will cause space. Storm! If the domain owner and the world owner forcefully invade, it will even cause the entire ancient relic world to collapse;

The Demon Dance Domain Lord said solemnly: “Go, everyone! Go and find your chance! If you can find what the Divine Phoenix Domain Lord wants, I will definitely not treat you badly!”

puff! puff! puff! puff! ...

One genius after another broke through the walls of heaven and earth and entered the ancient world.

Chapter 1526: Death Monster

Near the film wall, the space is extremely distorted.

Although all the geniuses broke through the heaven and earth membrane wall in the same place, after entering the ancient relic world, most of the geniuses were far away. But it just so happened that Duan Tianhai and Ye Mingyu happened to be near him.

“Humph!” Duan Tianhai glanced at Xu Ming, “How dare you come in! I’m really not afraid of death!”

Ye Mingyu also glanced at Xu Ming and sighed: “Xu Ming, you have only come to the Divine Phoenix Secret Realm not long ago, so you don’t know! This ancient relic realm is really more dangerous than you think; There are hundreds of geniuses here! Sigh... if you insist on breaking into this ancient relic world, just follow us! However, we can’t absolutely guarantee your safety!”

Although Ye Mingyu was cold on the outside, his heart was still warm. Perhaps because she did not want to see a peerless genius like Xu Ming fall into the ancient world, she couldn’t help inviting Xu Ming to go with her.

“Tell him to come with us?” Duan Tianhai snorted, but didn’t refute, he turned to Xu Ming, “Then follow us, follow closely! Otherwise, don’t blame me if you die!”

“Uh...” Xu Ming couldn’t help but be speechless.

He really didn’t know where the two of them got the confidence to say such things to himself.

Although Xu Ming’s cultivation base is still only the fourth rank of the Profound Yellow Realm, his strength is close to the sixth rank of the Great Desolate Realm! Compared with these two geniuses who have just broken through to the prehistoric realm, they must be more than a little bit stronger.

However, Xu Ming knew almost nothing about this ancient world; it was not bad to be familiar with the two “old geniuses” first.

So Xu Ming said without any hesitation, “Thank you so much!”

“Humph!” Duan Tianhai snorted again disdainfully.

At this time, Xu Ming had time to carefully observe the environment of the ancient relics.

The ancient world is vast and dark, like an incomparably deep starry sky. However, when Xu Ming stood in the starry sky, he felt an incomparably old aura; it seemed that even the very essence of space was already old and rotten.

call out-

Three figures broke through the black starry sky and headed towards the depths of the ancient relics.

“The ancient relics have been in decline for too long! Almost everything has decayed and turned into nothingness!” As he walked, Ye Mingyu explained, “In the decay, there is a great horror! The ancient relics are hidden! There may be danger everywhere!”

At this moment, a meteorite just flew in the direction of Xu Ming.

Duan Tianhai patted it and said with a smile, “This meteorite can survive in the ancient relics to this day. I’m afraid... Once, it is very likely that it was a super powerful treasure from the ancient relics!”

Ye Mingyu also sighed: “It’s just that now, there are no superpowers in the ancient world! Treasures that once shocked the world have become a pile of scrap iron... The long river of time is really magical, it can make everything decay!”

“You came to the Ancient Relic Realm to...?” Xu Ming asked curiously.

“Look for the magic crystal! If there is a ‘blood magic crystal’, it will be even better!” Ye Mingyu said.

Magic crystal?

Blood magic crystal?

What is this?

“You really haven’t heard of it!” Ye Mingyu sneered, “Magic crystals and blood magic crystals are all treasures that are only found in the ancient relics, and can be used to exchange the blood of the Divine Phoenix and the essence of the Divine Phoenix! – You Chaos Secret Realm He is a genius and enjoys a lot of resources, so I’m afraid I don’t need to work hard to earn the essence of Divine Phoenix!”

There was a hint of jealousy in Ye Mingyu’s words – no way, although Xuanhuang Secret Realm is only one grade worse than Chaos Secret Realm, the treasures in Chaos Secret Realm are not only one grade higher than Xuanhuang Secret Realm!

Suddenly, Duan Tianhai said coldly: “No, there are dead monsters approaching!”

“Death monsters?” Xu Ming looked into the endless distance, and sure enough, two groups of white ghost-like monsters were rapidly approaching.

And Duan Tianhai’s hand has been pressed on the blade; in his eyes, there is even more fighting intent: “Fortunately, they are just two low-level death monsters in the prehistoric realm! They are here to give us magic crystals!”

Soon, two groups of white ghosts had drifted to the vicinity of Xu Ming and the three of them.

“One person, one person!” Duan Tianhai shouted angrily, killing the stronger dead monster directly.

And Ye Mingyu also killed another dead monster.

Xu Ming didn’t move, just observed: “Is this the monster of death?”

These two death monsters seem to be composed of endless death energy, and both have the strength of the third-order prehistoric realm.

“Could it be... after the ancient world decayed, the remaining energy condensed into this kind of death monster?” Xu Ming guessed.

He guessed right.

The ancient relics decayed, and countless substances were destroyed and turned into energy... Most of these energies have escaped into the endless chaos; the remaining few have condensed into these dead monsters!

These dead monsters have almost no wisdom, only the nature of killing! – They want to assimilate everything into a dead monster like them!

boom! boom! boom! ...

Duan Tianhai and Ye Mingyu are both geniuses in the Mysterious Yellow Realm. Although they only have the cultivation of the first-order prehistoric realm, it is not difficult to defeat the death monsters of the third-order prehistoric realm. Soon, the two dead monsters were beheaded, leaving behind two magic crystals.

Duan Tianhai and Ye Mingyu, one by one, put away the magic crystal.

“Humph! I don’t even dare to fight!” Duan Tianhai glanced at Xu Ming and scoffed, “Just right, you don’t have to think about giving you magic crystals!”

Don’t you dare?

Xu Ming shook his head silently, too lazy to explain.

As for the magic crystal... it is only used to exchange the blood of the Divine Phoenix, and it cannot be exchanged for the essence of the Divine Phoenix. Xu Ming is really not interested! If it is

the blood magic crystal that can be exchanged for the essence of the Divine Phoenix, Xu Ming is a little interested.

“The direction these two dead monsters are coming from, maybe there are other dead monsters! Go and explore!” Duan Tianhai said.

If you kill a dead monster, you can get a magic crystal! Duan Tianhai and Ye Mingyu came to the ancient world, and a large part came for the magic crystal.

“Okay!” Ye Mingyu also agreed.

The three of them turned around and flew towards the direction of the dead monster.

Passing through a space-distorting area, the three of them appeared on a withered black continent.

On this black continent, there are indeed a few dead monsters wandering here and there; these dead monsters are wandering everywhere, and is confused.

Duan Tianhai and Ye Mingyu both showed joyful expressions: “Sure enough!”

There are only a dozen or so wandering dead monsters, and their strength is only the first or second rank of the Great Desolate Realm.

“The two of us, it’s relatively easy to deal with these ten or so dead monsters!” Duan Tianhai said to Ye Mingyu, ignoring Xu Ming directly.

On the other hand, Xu Ming frowned slightly.

After stepping into this black continent, there was a feeling of depression in his heart. Moreover, the “perceived inscription” also gave Xu Ming a bad premonition.

“This continent, I’m afraid it’s not that simple...” Xu Ming secretly guarded, but he didn’t panic – he could sense that although this continent was dangerous, it should not be beyond his tolerance. Moreover, he came to the ancient relic world, originally to experience, why fear danger?

Chapter 1527: Desperate

While Xu Ming was secretly guarding, Duan Tianhai and Ye Mingyu had already gone out.

“Uh...” Xu Ming was speechless, “I didn’t take a closer look before killing them... These two people are really brave!”

Before entering the ancient relic world, Duan Tianhai and the two described how terrifying this place was, and asked Xu Ming not to come in and die; after entering the ancient relic world, the two seemed to have forgotten that it was a dangerous place.

boom! boom! boom! ...

However, although Duan Tianhai and Ye Mingyu are both daring and brainless, as geniuses in the mysterious realm of Xuanhuang, their strength is undeniable. The two joined forces to deal with the dozen or so first- and second-order dead monsters in the Great Desolate Realm, naturally.

Soon, the two of them swept away the dozen or so dead monsters, and obtained a dozen or so magic crystals with satisfaction.

When he came back, Duan Tianhai looked at Xu Ming with more disdain: “I dare not come up to fight? Then what did you come to do in the ancient world? – The genius of the secret realm of chaos, That’s really not the case!”

Xu Ming was speechless for a while: “You didn’t make a rash attack without first understanding the situation around you? And...”

and...

Xu Ming did not continue! What he wants to say is – it’s just a magic crystal, not a blood magic crystal, he really has no interest!

“A rash attack?” Duan Tianhai sneered disdainfully, “What do you know? – As early as when I first entered this big 6, I had already observed it clearly! If I were like you, I would have been timid for a long time, and I would not dare to dare. Attack, what treasure do you want to get?”

As he spoke, Duan Tianhai became more assertive: “Humph! Xu Ming, I see you, it’s better to go back and leave the ancient relics while you are now! With your strength and courage, why do you have to come here to roam? ”

Ye Mingyu couldn’t help but said, but she also said it more tactfully: “Xu Ming, in my opinion, why don’t you go back first! When your cultivation base breaks through to the prehistoric realm, and then you can venture into the ancient relic realm, you will have a good grasp of it. will be bigger!”

at this time...

Boom!

The entire black 6 was suddenly shaken.

Duan Tianhai and Ye Mingyu’s expressions suddenly changed.

“What’s wrong?”

“what happened?”

The two even looked around in horror, and a bad feeling rose in their hearts.

Xu Ming pointed to the sky and said lightly: “The space has been blocked! I don’t know... Can you guys break the blockade...”

“what!?”

Duan Tianhai and Ye Mingyu looked up.

With their cultivation base in the prehistoric realm, the space they see is not nothing but the essence of space. At this time, they saw that the space around the black 6 was completely frozen like frost; even if they tried their best to bombard it, they might not be able to break the space blockade.

“It’s over!”

How could Duan Tianhai and Ye Mingyu not know that they were already in danger without knowing it.

Duan Tianhai suddenly remembered what Xu Ming had just said and his “discipline” to Xu Ming.

As early as when I first entered this big 6, I had already observed it clearly... Observing it clearly!

Obviously, what Xu Ming said was right; and Duan Tianhai slapped himself completely.

And now, what Duan Tianhai is more concerned about is not the issue of face, but... can he get out of here alive!

The space was blocked so tightly that if there was no danger, Duan Tianhai would not believe it.

Sure enough, immediately after, one after another, the death monsters emerged from the black earth one after another. In the blink of an eye, there are thousands of dead monsters in the surrounding area.

“This this...”

Duan Tianhai and Ye Mingyu’s expressions changed dramatically—although these dead monsters were all of the low-level strength of the prehistoric realm, and the strongest was only the third-level of the prehistoric realm; the problem is...the number is huge!

Thousands of dead monsters of the third rank of the Great Desolate Realm, it makes one’s scalp numb just thinking about it!

At this moment, Duan Tianhai and Ye Mingyu no longer dared to treat these dead monsters as “magic crystals”! At this moment, the identities of the prey have been exchanged, and they are the prey.

Seeing these thousands of dead monsters, Xu Ming was not surprised or panicked.

“If it’s just these dead monsters, it’s not a big problem to deal with!” Xu Ming secretly said, “But... there should be other things!”

“Escape!” Duan Tianhai shouted suddenly and flew towards the sky, “Join us together and bombard the space blockade with all our strength! As long as we can break the space blockade, we still have a chance to escape!”

call out! call out!

Duan Tianhai and Ye Mingyu flew towards the sky without hesitation.

However, Xu Ming was still standing in the same place, motionless.

“Xu Ming!” Duan Tianhai shouted suddenly, “You are scared and stupid, right? If you don’t leave at this time, when will you leave!?”

In the face of Duan Tianhai’s violent drinking, Xu Ming was indifferent, but laughed instead – although Tianhai mocked himself all the way, he still remembered him when he was running for his life, and told him to escape together!

“I just yelled at you, I saved your life!” Xu Ming smiled lightly.

At this time, thousands of dead monsters were already heading in the direction of Xu Ming and the three of them, rushing to kill them.

“What did you say!?” Duan Tianhai couldn’t imagine why Xu Ming had the courage to say such a thing. But he and Ye Mingyu’s attack did not hesitate to slam into the space blockade.

“Only if the space blockade is broken can we live!” Duan Tianhai’s eyes were red, “Break it for me!!”

Ye Mingyu also showed all his strength: “Broken!!”

boom! !

The two attacks hit the blocked space at almost the same time; however, it was as if the mayfly had hit the bronze bell.

After the attack, the blocked space was as stable as Mount Tai, and it never even shook.

“This...” Duan Tianhai and Ye Mingyu both looked ashen – at least shake it a little bit, and they will have hope! But now, they can’t even shake it, they really can’t see a glimmer of hope!

“It’s over!”

Both were completely desperate.

At this moment, Duan Tianhai suddenly flashed a ray of light in his eyes, and looked at Ye Mingyu solemnly: “Mingyu!”

“Huh?” Ye Mingyu also looked at each other.

“Ming Yu, you must have known my heart for you for hundreds of millions of years! But... you never promised me!” Duan Tianhai said, “Now, you and I will die in an instant, can you...”

Duan Tianhai didn’t say anything, but looked at Ye Mingyu with a burning gaze; his meaning could not be more obvious!

“I...” Ye Mingyu’s mind came up with all kinds of things from the past To be honest, Ye Mingyu’s suitors are really not few for hundreds of millions of years; among them, those who are better than Duan Tianhai also have Quite a lot! However, Ye Mingyu has never accepted anyone.

“To die together, maybe... this is fate!” Ye Mingyu thought secretly, and was even ready to accept Duan Tianhai.

Duan Tianhai looked at each other more expectantly – if he could be accepted by Ye Mingyu, he would be considered dead.

Ye Mingyu hesitated for a long time, and finally said: “I answer...”

However, before the word “yes” in “promise” was uttered, dozens of dead monsters rushed towards Xu Ming.

“Is Xu Ming going to die?” Duan Tianhai and Ye Mingyu still had a bit of energy on Xu Ming.

Chapter 1528: This Is The Man

“Is Xu Ming going to die?”

Under the siege of dozens of dead monsters, neither Duan Tianhai nor Ye Mingyu thought that with the cultivation of Xu Ming District’s Xuanhuang Realm, they could still survive.

And after Xu Ming died, they were the ones who died next!

call out! call out! call out! ...

The monsters of death were like white ghosts, with no expression at all; however, Xu Ming felt the cold aura of death from them.

At this time, Xu Ming moved!

A spear swept a circle in space; wherever the spear went, it carried a terrifying aura of destruction.

puff! puff! puff! ...

The dozens of dead monsters that had just surrounded Xu Ming were swept away by the waist with this shot. At the same time, the destructive momentum of the spear swept past, and all the dead monsters that were divided into two were annihilated into nothingness, leaving behind pieces of magic crystals.

“what!?”

“what!?”

Duan Tianhai and Ye Mingyu were dumbfounded.

They thought that under the siege, Xu Ming would definitely die; no matter what, they never thought that Xu Ming had killed dozens of dead monsters with one shot.

You must know that these dozens of dead monsters all have the low-level strength of the Great Desolate Realm! Xu Ming can kill these dead monsters with one shot, doesn't it mean that he can kill dozens of powerful people in the prehistoric realm with one shot?

"This..."

"How can it be so strong!?"

You know, not long ago, Duan Tianhai mocked Xu Ming for being a waste, and when he saw a dead monster, he was so frightened that he didn't even dare to take action!

And now, Xu Ming used this shot to tell him that it was not "dare to", but "disdain"!

"Could it be that Xu Ming deliberately concealed his cultivation? His true cultivation has actually reached the prehistoric realm..." Duan Tianhai could only explain in this way.

And Ye Mingyu was completely dumbfounded; he was about to say the word "promise" to Duan Tianhai, but he only said one word, and the other word was never spoken again.

But then, their expressions suddenly changed because, even if Xu Ming killed dozens of dead monsters with one shot, it was only a drop in the bucket!

There are thousands of dead monsters around!

In the face of the siege of thousands of Prehistoric Realm combat power, can Xu Ming still stop it?

"There will be hope!" Duan Tianhai clenched his fists, as if grabbing a life-saving straw, staring at Xu Ming.

“Fortunately, the death monsters are not good at attacking from a distance, so they can’t form a dangerous salvo on Xu Ming! Thousands of death monsters can attack Xu Ming at the same time, I’m afraid there are only a few dozen!” Ye Mingyu also secretly said. thought.

She guessed right.

Although the number of dead monsters is huge, there are only dozens of them that can besiege Xu Ming at the same time! For ordinary geniuses like Duan Tianhai and Ye Mingyu, this is naturally a fatal threat; but for Xu Ming, it is hardly a threat.

boom! boom! boom! boom! ...

Xu Ming’s spear swept across, killing the Quartet. Wherever he went, he was like a broken bamboo.

“it is good!”

“too strong!”

Duan Tianhai and Ye Mingyu both saw hope for life!

But at this moment, the expressions of the two of them changed suddenly. Because... Hundreds of dead monsters are coming towards them.

“Run away!”

The two of them were extremely frightened. Don’t watch them join forces to deal with a dozen or so dead monsters. It doesn’t seem to be very difficult; however, when “a dozen or so” became “hundreds”, it was difficult for them to support even for a moment!

It’s just... these hundreds of dead monsters are surrounded from all directions; even if the two of them want to escape, where can they escape?

Soon, the two were surrounded by a group.

After just a few rounds of fighting, the two of them left a lot of scars on their bodies.

You must know that Duan Tianhai and Ye Mingyu are only geniuses in the Mysterious Yellow Realm, not in the Mysterious Chaos Realm; they haven't practiced "Divine Phoenix Immortality", so they can't recover instantly from injuries.

So...they got hurt, really hurt! Moreover, these injuries will quickly accumulate under the siege of the dead monsters.

"Are you going to die..." Duan Tianhai and Ye Mingyu fell into despair again.

Originally, when they saw Xu Ming's strength, they thought they saw the hope of escaping...

boom! boom! boom! ...

Under the repeated attacks, the divine bodies of the two became weaker and weaker, and they could be completely annihilated at any time.

At the moment when death was about to come, Ye Mingyu subconsciously glanced in the direction of Xu Ming for some reason; he seemed to want to take another look at Xu Ming before dying.

At this sight, Ye Mingyu suddenly looked shocked because she saw that Xu Ming was killing him at a high speed.

The dead monsters that blocked Xu Ming along the way were all thrown away like sandbags.

In an instant, Xu Ming had already killed Ye Mingyu.

The spear that swept across the world appeared again. But this time, being very close to Ye Mingyu also shocked her.

puff! puff! puff! puff! ...

Dozens of dead monsters around Ye Mingyu instantly turned into dozens of magic crystals. At this time, her life was hanging by a thread, and her divine body was almost completely annihilated.

“I... I’m still alive...” It took a while for Ye Mingyu to react, and his eyes were full of unbelievable life after the catastrophe.

And Xu Ming had already swept away the dead monsters around Duan Tianhai.

“You two, protect yourselves and don’t hold back!” Xu Ming scolded and continued to kill thousands of dead monsters.

Duan Tianhai and Ye Mingyu were trained to be completely speechless.

Originally, the two thought that Xu Ming was only the cultivation of the Xuanhuang realm. Although Xu Ming was a genius in the first secret realm, they would also laugh at Xu Ming; but now, after seeing Xu Ming’s strength, the two completely recognized him. Cleared the gap between himself and Xu Ming.

Talent and strength were all completely destroyed by Xu Ming! He couldn’t even have the confidence to catch up with Xu Ming at all!

This is a peerless genius who dazzles everything!

This is to make all other geniuses lose confidence and doubt the existence of life!

boom! boom! boom! boom! ...

Under Xu Ming’s destructive attack, in just a moment, thousands of dead monsters were all slaughtered, and not a single one remained.

“Ming... Brother Ming...”

Duan Tianhai and Ye Mingyu looked at Xu Ming’s back from afar, and they didn’t even dare to call Xu Ming’s name directly; instead, they called Xu Ming “Brother Ming” as in the legend.

At this moment, in the eyes of the two, Xu Ming's back is so far away that they can't catch up with Xu Ming in this lifetime!

Ye Mingyu's eyes couldn't help but blur: "This is the man..."

Originally, Ye Mingyu thought that someone like Duan Tianhai was already a good man! But now, she found that compared with a character like Brother Ming, Duan Tianhai can't even be considered a man! No way, the gap between Duan Tianhai and Xu Ming is too big!

As for Xu Ming, he did not look back, but looked forward with solemn eyes.

In the direction of Xu Ming's gaze, an extremely ferocious and terrifying aura was slowly rising from the ground; even Xu Ming felt a strong pressure under this aura.

"how?"

"And death monsters?"

Duan Tianhai and Ye Mingyu also noticed that the atmosphere was wrong.

They followed the direction of Xu Ming's gaze, and it didn't take long before they saw a death monster appearing that was bigger than a mountain! Moreover, what shocked Duan Tianhai and Ye Mingyu was... this dead monster was not white, but blood!

"Blood monster?"

"A blood-colored monster that will condense hemorrhagic crystals after killing it?"

"It is said that... every blood-colored monster is the weakest, comparable to the ninth order of the prehistoric realm!"

The ninth order of the prehistoric realm...

Duan Tianhai and Ye Mingyu once again fell into despair. Even if Xu Ming's strength was against the sky, how could he possibly be the opponent of the ninth-order prehistoric realm?

"Is it still going to die here after all?" Duan Tianhai and Ye Mingyu couldn't help but despair.

Even Xu Ming is extremely dignified! You must know that his strength is only close to the sixth rank of the Great Desolate Realm; and the ninth rank of the Great Desolate Realm, there is a gap of third rank!

Tier 3 is already an insurmountable gap!

Even if Xu Ming had become the first level of Divine Phoenix Immortality and could recover from minor injuries in an instant, he might not be able to match it at all!

"There is trouble..."

Xu Ming clenched the spear in his hand, his expression grim.

Chapter 1529: Fear

Xu Ming clenched the spear in his hand, his expression grim.

However, Xu Ming was not in the slightest despair – he just couldn't match the blood-colored monster under normal conditions. If all his cards were released, it would be easy to clean up this blood-colored monster.

Of course, Xu Ming really didn't want to break out his trump card unless it was a last resort; especially, two outsiders, Duan Tianhai and Ye Mingyu, were watching.

"Jie Jie Jie Jie—" The blood-colored monster let out a sharp roar.

Even Duan Tianhai and Ye Mingyu, the two geniuses in the prehistoric realm, felt a tingling in their souls under the influence of the sharp roar.

“too strong...”

Duan Tianhai and Ye Mingyu knew very well that the two of them might not even be able to stop the **** monster’s move.

boom!

Suddenly, the **** domain of hundreds of millions of miles appeared out of thin air, and the three of Xu Ming were immediately immersed in the sea of blood.

“Not good! My divine body is passing away!” Duan Tianhai was terrified.

“Me too...” Ye Mingyu was equally terrified.

It’s just a field that makes their divine bodies pass away!

Xu Ming’s divine body is also passing away. However, Xu Ming had already practiced the Divine Phoenix Immortality, the most serious, and he could recover from minor injuries in an instant; if the divine body passed away a little bit, he naturally recovered completely in an instant.

“Roar—” The blood-colored monster also saw that Xu Ming was the strongest among the three, and rushed towards Xu Ming angrily.

“Kill!” Xu Ming didn’t dare to be careless, and even displayed ten thousand spear intents, instead of retreating, he advanced, and he took the initiative to kill.

Ten thousand spear intents are already Xu Ming’s highest attainments in the secret skills of marksmanship! The power of the ten thousand paths converges on the spear, and the momentum is extremely terrifying! – This is the first time Xu Ming has shown his true strength since he entered the ancient relic realm!

“die!!”

The long spear directly faced the claws that the blood-colored monster slapped, and roared up.

Feeling the terrifying power of this gun, Duan Tianhai and Ye Mingyu couldn't help but raise a glimmer of hope in their eyes. However, the next moment, the hope in their eyes turned into despair.

boom!

Under the collision, Xu Ming was directly slapped by a claw! Even the divine body was severely injured and could no longer be healed in an instant.

“Pfft!” Xu Ming spat out a mouthful of black, his expression a little weak.

Then, Xu Ming smiled.

“At this time, he actually laughed?” Duan Tianhai couldn't understand.

Immediately afterwards, Duan Tianhai's expression became extremely horrified – he saw that Xu Ming had put away his spear!

Yes, put away the long gun!

“He's... giving up resistance and actively begging for death?” Duan Tianhai and Ye Mingyu couldn't understand why Xu Ming put away his spear.

Xu Ming still smiled evilly.

At the same time, Xu Ming slowly stretched out a palm. In an instant, billions of light spots began to converge in his hands.

What Xu Ming is using is his great trump card, the secret skill bestowed upon him by the will of the chaotic universe—Wandao Epiphany!

boom!

Hundreds of millions of light spots converged into a “seed” in an instant. At this time, it was just the Myriad Dao Epiphyllum just beginning to gather; if you want to successfully display the “Myriad Dao Epiphyllum”, you have to wait for this “seed” to take root, germinate, and bloom...

“I don’t know... Will the blood-colored monsters give me a chance to cast myriad short-lived flowers!” Xu Ming’s big trump card has a big disadvantage of being “slow”; Therefore, in normal battles, it is difficult to have the opportunity to cast, “If you can’t cast, then you have to open the ‘infinite clone’ and hang up!”

If the “infinite avatar” hang is enabled, then dealing with this ***** monster is naturally no problem. However, Xu Ming was worried that Duan Tianhai and Ye Mingyu would be shocked; if they spread the news that they had many clones, it would be troublesome! Unless... Silence first.

However, this kind of indiscriminate killing of innocents was not done by Xu Ming!

Xu Ming had just started to condense the ephemeral flowers. At this time, the blood-colored monster looked at the “seed” gathered by the light spots in Xu Ming’s hand in horror, as if he had seen the most terrifying thing.

Immediately afterwards, the blood-colored monster turned around and ran away!

boom!

The black continent’s space blockade was instantly lifted, and the blood-colored monsters quickly broke through the air.

“Uh...” Xu Ming couldn’t help but startled, and the “seed” in his hand dissipated immediately, “What’s the situation? It seems... very afraid of ‘Wandao Epiphyllum’?”

What Xu Ming didn’t know was that secret skills like “Wandao Epiphany”, which were directly bestowed by the will of the chaotic universe, carried the breath of the will of the chaotic universe. And no matter how strong the blood-colored monsters are, they are just a group of “dead objects”, and they are naturally very afraid of the will of the chaotic universe!

Therefore, the blood-colored monster just saw the seed of “Wandao Epiphyllum”, and was so frightened that it ran away.

“What!?” Duan Tianhai and Ye Mingyu were also stunned – this was the first time they had seen the scarred monster; they had never heard of it before!

After Xu Ming was stunned for a moment, he came back to his senses. He found that although the blood-colored monsters attacked very terribly, their speed was not fast; with Xu Ming’s speed, he could completely catch up with the blood-colored monsters.

“No wonder... this blood-colored monster hides on this continent and waits! It turns out that the speed is not fast enough, so it deliberately attracts other people to come in...”

“Chase!” It is rare to encounter a blood-colored monster, and the blood magic crystal condensed after killing it can be exchanged for the essence of the Divine Phoenix. Of course, Xu Ming will not let it go! Without any hesitation, Xu Ming directly chased the **** monster and killed it.

Duan Tianhai and Ye Mingyu were both dumbfounded—the blood-colored monster had escaped, so I should be glad! Xu Ming actually dared to chase and kill him?

After all, in the collision between Xu Ming and the blood-colored monster, it was clear that Xu Ming was at a disadvantage!

Big disadvantage!

“Brother Ming!” Ye Mingyu even said in a voice transmission, “Stop chasing, quickly withdraw!”

Xu Ming just replied by voice transmission: “You guys clean up the magic crystals on the ground, I’ll be back soon!”

As long as there are no bystanders like Duan Tianhai and Ye Mingyu, Xu Ming can play his cards to the fullest; killing the **** monsters is a breeze!

“This...” Ye Mingyu still wanted to persuade him through voice transmission, but Xu Ming had already flown far away.

“Ming Yu!” Duan Tianhai looked at Ye Mingyu with fiery eyes, “Sai Cai, I ask you, can you accept me; you seem... already agreed?”

“I...” Ye Mingyu frowned.

When he died in an instant before, Ye Mingyu really thought about it and agreed to Duan Tianhai. But... at the moment of life and death, Ye Mingyu saw Xu Ming’s tyrannical strength and compared with Duan Tianhai, it was simply the difference between clouds and mud!

Ye Mingyu has already seen Xu Ming’s “pearl and jade”, so how could he continue to look at the ordinary stone of Duan Tianhai?

Therefore, Ye Mingyu hardly hesitated, and said directly: “Promise? I didn’t promise you!”

Ye Mingyu really didn’t agree – she only said the word “answer”, and the word “should” hasn’t had time to say it!

“Ah!?” Duan Tianhai was very sad.

Ye Mingyu, on the other hand, looked at the direction where Xu Ming was leaving, with anticipation in his eyes.

I don’t know if I am looking forward to Xu Ming’s return soon, or I am looking forward to something else.

Chapter 1530: Induction

In the ancient world, there are broken spaces everywhere.

These broken spaces are like potholes on the road. If some people with low cultivation bases fall into it, it may be difficult to get out; however, Xu Ming and the blood-colored monsters are both at the level of the prehistoric realm. Faced with these broken spaces, they will naturally rampage and easily crush them.

Scarlet monsters are good at hiding and fighting, but their speed is weak. Therefore, even if Xu Ming only has the combat power close to the sixth rank of the Great Desolate Realm, he can still catch up with this **** monster.

Even, Xu Ming deliberately slowed down, preparing to stay away from Duan Tianhai and Ye Mingyu, and then kill the **** monster.

call out-

call out-

One chase and one escape, passing through the endless space.

Finally, the blood-colored monster is angry! – It is also the strength of the ninth rank of the prehistoric realm. Although he is afraid of the breath of Xu Ming’s “Wandao Epiphyllum”, he was chased all the way by Xu Ming, an existence weaker than himself, and finally burst into anger.

“Roar—” The blood-colored monster stopped running for his life and decided to fight Xu Ming to the death.

“Just here!” Here, it is far enough away from Duan Tianhai and Ye Mingyu; Xu Ming also decided to take action here and kill this **** monster!

“Wandao Epiphyllum, it is impossible to hurt one thousand enemies and oneself eight hundred!” Before, Xu Ming only tried to use “Wandao Epiphyllum”; now, since there is no one else around, Xu Ming naturally has more ‘s choice, “Then turn on the ‘infinite avatar’ hang!”

Infinite avatar is one of Xu Ming’s most heaven-defying methods!

If he was in the outside world, Xu Ming had to worry that he would be noticed by the super-power if he opened the “infinite clone”. In the ancient relic realm, the strongest is only the ninth rank of the prehistoric realm; stronger cultivation bases can’t come in at all, so Xu Ming naturally doesn’t have to worry about being noticed by anyone.

“Roar-”

When the blood-colored monster came to kill, Xu Ming instantly activated the “infinite avatar” hang, and transformed into ten avatars!

“Roar?” The blood-colored monster was startled—with its pitiful IQ, it was naturally incomprehensible why Xu Ming suddenly became “Eleven”.

At this time, Xu Ming’s attack had already arrived.

The attacks of the ten clones fell on the blood-colored monsters like raindrops—these clones had only 50% of Xu Ming’s combat power; in addition, in order to transform into more clones, they blindly pursued speed when attacking. Therefore, this raindrop-like attack is like a tickling to the blood-colored monster.

As for Xu Ming’s deity, he manipulated two heart-killing arrows, used his mental power to attack, and attacked from a distance – now, Xu Ming has “heart and soul united”, and the power of mental power and the power of divine body can be interchanged at any time; Therefore, his mental attack is no weaker than his “Wan Dao Spear Intent”!

“Huh?” However, what puzzled Xu Ming was that when the two heart-punching arrows were released, they trembled slightly.

trembling? – At this time, Xu Ming didn’t have time to think about it in the midst of the electric-light and flint fight.

boom! boom! boom! boom! ...

Under the indiscriminate bombardment, before the blood-colored monsters could react, Xu Ming’s avatars changed from two to four... In the blink of an eye, the number of avatars reached hundreds; and, at a terrifying speed, Keep doubling up!

This... is the horror of “infinite avatar”!

Once the ten clones of Xu Ming are not eliminated immediately; then, the clones will continue to split! As long as Xu Ming’s hanging points are enough, it will not be a problem to split into thousands or even hundreds of millions of clones!

“Roar?” The blood-colored monster was completely stunned!

Although the attack of the upper body is not strong, it can't stand the huge number!

and...

There are a small half of the clones, and they have already begun to brew “Wandao Epiphany”!

Dozens of thousands of ephemera seeds began to condense in the void!

“Roar!!” The blood-colored monster was horrified! – Just now, it was just a short-lived flower that made it panic! Now, there are dozens of thousands of Epiphyllums at the same time, how can you not let it be frightened to the point of ignorance!

run!

At this moment, the blood-colored monster could no longer have the courage to fight, and even took the road to escape! However...it's too late!

Xu Ming's upper body has already surrounded all directions around it! Moreover, most of the clones rushed to the blood-colored monster without fear of death, and did everything to stop it from escaping!

Bang! Bang! Bang! Bang! ...

One by one, the clones fell under the attack of the blood-colored monster.

And dozens of thousands of epiphyllums are constantly taking root, sprouting, and blooming!

Finally, dozens of thousands of Epiphyllums bloomed to perfection!

Dozens of Xu Ming's avatars directly held the Wan Dao Epiphyllum, and rushed towards the blood-colored monster in unison.

“Roar!!” The blood-colored monster felt an incomparably huge threat, and suddenly panicked.

boom!

boom!

boom!

Hundreds of thousands of Epiphyllum flowers blooming gorgeously in the void.

Rao is a blood-colored monster with the strength of the ninth order of the prehistoric realm, but a Myriad Epiphyllum that the clone casts can seriously injure him! Dozens of thousands of ephemera, and it was directly fried to the point where there was no ***** left!

The blood-colored monster completely dissipated, and a blood magic crystal slowly condensed at the place where it died.

“This blood magic crystal is amazing!” Xu Ming put away the blood magic crystal directly.

At this time, Xu Ming found that his two heart-punching arrows were still trembling gently.

“what happened?”

Just now, Xu Ming was busy dealing with blood-colored monsters, and Xu Ming didn’t have time to study it in detail; now, he is feeling it carefully.

“It seems... Zhu Xinjian sensed something?” Xu Ming guessed.

So, Xu Ming took the two heart-punishing arrows and marched forward a distance of “one world”. He found that this gentle tremor had become a little weaker.

“The sensed thing is not in this direction!”

Xu Ming quickly returned to his original position, and walked a “one world” distance in the other direction. Sure enough, the trembling of the heart-throwing arrow became a bit stronger!

After several trials, Xu Ming locked in a direction!

“The direction that the Heart Punishing Arrow senses should be right in front of here!”

In the ancient world, although there are many dangers, but Xu Ming has an “immortal mark”, and he is not afraid of anything.

call out-

All the way through the void.

The vibration of the two heart-killing arrows is also getting stronger and stronger!

Before you know it, Xu Ming has traveled the distance of “all worlds”!

At this moment, the two Heart Punishing Arrows seemed to be attracted by something; if Xu Ming hadn’t forcibly controlled them, they would have already flown forward!

“The mystery should be hidden in the void ahead!”

The void ahead is nothingness.

However, when the two Heart Punishing Arrows “brought” Xu Ming to this void, the void seemed to separate a door.

Xu Ming had something to rely on, and he was not afraid of danger, so he directly followed the directions of the two heart-throwing arrows and entered the “door”.

As soon as he entered, Xu Ming was dumbfounded: “This...this...”

how is this possible! ?
