

A World 1531

Chapter 1531: I Was Waiting For You

how is this possible! ?

Xu Ming saw that nearly 10,000 black arrows traveled in the void with their own trajectories!

These black arrows all exude the same aura as the two Heart Punishing Arrows in Xu Ming's hands!

“These nearly 10,000 arrows... are all arrows to kill the heart?” Xu Ming was a little shocked.

You must know that at the earliest time, Xu Ming thought that the Heart Punishing Arrow was just an ordinary chaotic divine weapon.

As the strength became stronger and stronger, Xu Ming discovered that the material of the Heart Punishing Arrow was obviously far superior to that of the Chaos God Armament;

However, because the material of the Heart Punishing Arrow is too special, and when the Heart Punishing Arrow is used, it has no powerful power or special effects; therefore, Xu Ming does not know what level the Heart Punishing Arrow should be classified into. God Soldier.

But now, in this shattered ancient world, Xu Ming has seen nearly ten thousand arrows!

Moreover, these nearly 10,000 Heart Punishing Arrows are all revolving around a black sphere like a black hole.

This black hole exudes a heart-pounding devouring aura; the nearly ten thousand heart-killing arrows around it all seem to be its appendages.

“The ancient ruins, but the endless chaos of the past! Even the endless chaos has been shattered. This black hole, and these Heart Punishing Arrows, can remain intact to this day...” Xu Ming can no longer imagine what the black hole and the Heart Punishing Arrow are. Level treasure!

But there is no doubt that it is definitely an extremely precious treasure! No matter how time and space wither and everything decays, the black hole and the heart-throwing arrow cannot be damaged!

“This should be a whole treasure! This black hole should be the core of this treasure!” Xu Ming secretly said, “If you can refine this black hole, you might be able to control nearly 10,000 Heart Punishing Arrows! ”

In the face of such a treasure, how could Xu Ming not be moved?

“You must find a way to refine it!”

However, for a while, Xu Ming did not dare to go forward easily.

“These nearly 10,000 Heart Punishing Arrows revolve around the black hole, maybe to protect the black hole! If I go up rashly, maybe I will be besieged by these Heart Punishing Arrows, and I will be shot into a sieve in an instant...”

After thinking about it, Xu Ming turned on the “infinite avatar” hook again, and instantly transformed into ten avatars.

Xu Ming carefully dispatched a clone and flew towards the black hole.

“Huh – you didn’t get attacked?” This was a bit unexpected to Xu Ming.

Soon, the clone sent by Xu Ming successfully reached the black hole.

The black hole is only slightly larger than a fist, and although the breath is palpitating, at least it has not shown any danger.

Then, the clone carefully covered the black hole with his hands, and passed on a wisp of divine power, trying to refine the black hole. As long as the clone successfully refines the black hole, it is equivalent to Xu Ming’s successful refining.

nourish – nourish –

On the surface of the black hole, thunder and lightning began to appear.

However, Xu Ming discovered that although all the divine power he had passed on was absorbed, it was all sinking into the sea—that is to say, after the divine power was passed on, Xu Ming could no longer control it, let alone refining it!

“How can this be refined?” Xu Ming was a little stunned.

at this time...

boom!

The black hole burned in vain, turning into a fireball. However, Xu Ming’s hand covered the fireball, but he couldn’t feel any temperature.

“There is a reaction!”

It’s good to have a reaction! At least, better than no reaction at all.

Immediately, a figure appeared in the void near the black hole.

This figure, bathed in red flames, was a little blurry. However, it can be clearly seen that this figure is wearing a “feather coat”; pieces of feathers are in the flames, and they seem to be burning.

Behind him was a black cloak.

“Finally... is someone here?” There was endless exhaustion in the silhouette’s voice.

His eyes looked at Xu Ming, as if he could see through all the secrets of Xu Ming; he also seemed to be unable to see through anything.

“Xuanhuangjing?” The figure’s tone seemed to dislike Xu Ming’s weak cultivation; but then he shook his head again, “This time and space has been broken into this, and only Xuanhuangjing and

Honghuangjing can enter. If a stronger cultivation power comes in, it will definitely be rejected in order to maintain the final stability of time and space!”

The figure sighed very much: “Think back to the beginning, what a prosperous time and space... I didn’t expect it to decline so far! Even this last bit of existence may completely dissipate at any time!”

“Are you...?” Xu Ming looked at the figure and asked.

“Me?” The figure laughed at himself and said, “The current me has been dead for a long time; the past me is still alive!”

Still alive in the past?

This sentence made Xu Ming a little confused and couldn’t understand it for a long time. Isn’t this a normal thing to be alive in the past?

After all, even those who are dead now must have been alive in the past!

At this time, the figure continued: “It’s just... the past me, I’m afraid I will die soon!”

Xu Ming became more and more confused.

“Not much to say, not much to say...” The figure saw Xu Ming’s doubts, shook his head and sighed, “This is the mystery of the supreme level. With your current cultivation realm, you can’t understand it even if you tell it!”

Immediately afterwards, the figure turned the conversation, pointed to the black hole and asked, “Want to get this treasure?”

Xu Ming nodded – that’s for sure.

The figure showed a smile and said, “This... is a supreme divine weapon!”

“Supreme Divine Soldier!?” Xu Ming was shocked.

Divine Soldiers are divided into: Chaos Divine Soldier, Xuanhuang Divine Soldier, Prehistoric Divine Soldier, All Things Divine Soldier, Destruction Divine Soldier, Nirvana Divine Soldier, Domain Master-level Divine Soldier, and Realm-level Divine Soldier!

And the Supreme Divine Armament is even above the World Lord-level Divine Armament!

“No wonder... No wonder time and space are withering, all things are decaying, and this black hole and these heart-punching arrows are still intact!” Xu Ming secretly said.

“The Divine Phoenix World Lord, I have been wanting to get this treasure for a long time! I guess... you must have never met the Divine Phoenix World Lord?” The figure smiled.

“That’s right!” Xu Ming had indeed never met the Divine Phoenix World Lord.

Usually, the Ten Thousand Domains Genius Battle is presided over by the Divine Phoenix World Master; but this time the Ten Thousand Domains Genius Battle, the Divine Phoenix World Lord seems to have something to do, and did not attend in person, but was presided over by the Qingluan World Lord.

“Ha!” The figure sneered If you have ever seen the Divine Phoenix Realm Lord, the two heart-punching arrows on your body cannot be hidden, and they will definitely be taken away by the Divine Phoenix Realm Lord! ”

Xu Ming listened without speaking.

Obviously, there is a grudge between this figure and the Divine Phoenix Realm Lord.

The figure continued: “There are 10,810 arrows in total! It’s just refining the arrow, not really refining this treasure; only refining the black hole is the real refining success! But ...In order to prevent this supreme divine weapon from falling into the hands of the Divine Phoenix Realm Lord! Unless the Divine Phoenix Realm is able to break through to the Supreme Realm at some point, even if he obtains this treasure, he will never be able to truly Refining! And want to step into the Supreme Realm...”

The figure sneered twice: “Just relying on the talent of the Divine Phoenix World Lord, it’s still a little short!”

“If you want to get this supreme divine weapon, go and find me!” The figure said faintly, “I’ll be waiting for you in the past!”

Chapter 1532: No One Will Know

“I’m waiting for you in the past!”

This sentence sounds very strange, even Xu Ming couldn’t react for a long time.

“Waiting for me in the past?” Xu Ming couldn’t help asking, “How do you know that the future me will come?”

The figure shook his head and smiled: “The means of the supreme level are not what you can imagine! Even if it is a long river of time, I can spy on it! It’s just...”

Speaking of this, the figure’s tone was a bit lonely: “Even if I can spy on the long river of time, so what? – Even if I already know what will happen in the future, I can’t change it!”

Hearing the lonely tone of the figure, Xu Ming couldn’t help but think of Gu Hanmo again.

Gu Hanmo can reverse time and space, and can travel through the long river of time. In her previous life, I am afraid that she was also an existence in the Supreme Realm! However, Gu Hanmo in his previous life also ended up being reincarnated to save his life.

Knowing the future is one thing, being able to change the future is another!

“I don’t know... If I go back to the past, can I see Han Mo in my previous life? If I can, will Han Mo in my previous life know me?” Xu Ming couldn’t know.

At this moment, Xu Ming desperately wanted to go back to the “past”! Go and see what happened in the past.

“However, my cultivation base is still low right now, so I’m not in a hurry to go back to the ‘past’!” Xu Ming thought rationally, “It’s better... first cultivate to the second level of Divine Phoenix Immortality, and then break through to the prehistoric realm. , and then it’s not too late to travel back in time and go back to the past!”

Xu Ming didn’t know what the past was like.

But there is no doubt that the stronger the strength, the safer it will be after returning to the past.

Xu Ming looked at the figure and said, “I will go to find you!”

“Yeah!” The figure nodded, and then said, “With your strength, you can’t bring the Heart Punishing Arrow to the past! I suggest that your two Heart Punishing Arrows can be stored with me first!”

Xu Ming hesitated a little.

If the Heart Punishing Arrow was just an ordinary chaotic weapon, it would be placed here, and Xu Ming would not care. But now I know that the Heart Punishing Arrow is the Supreme Divine Weapon... Even if it is only a small part of the Supreme Divine Weapon, Xu Ming is reluctant to put it here casually.

The figure seemed to see Xu Ming’s hesitation and said with a smile: “Don’t worry, I won’t be greedy for your two heart-killing arrows! Moreover, I am already a dead person; when I was alive, I was completely complete. The controller of the Heart Punishing Arrow... Do you think that I might be greedy for your Heart Punishing Arrow?”

Xu Ming thought about it carefully: Yes!

“Then my two heart-punching arrows will be deposited with you first! Let’s... see you in the ‘past’!”

Xu Ming left behind two Heart Punishing Arrows, which, like other Heart Punishing Arrows, orbited the black hole and left directly.

...

There are only Duan Tianhai and Ye Mingyu in the withered black continent.

This is the gathering place of the dead monsters, and it is dead and lifeless. Now, even the dead monsters have been killed by Xu Ming, and it is naturally more and more dead.

Duan Tianhai and Ye Mingyu had already put away thousands of magic crystals, but neither of them left, but were here waiting for Xu Ming to return.

It's just... the longer they waited, the more doubtful they became.

"Didn't Brother Ming say that he will be back soon? Why hasn't he returned after more than ten days?" Ye Mingyu frowned.

You must know, what kind of lightning and flint is the battle at the prehistoric level? I am afraid that in an instant, the winner can be divided! Even if you add in the time for chasing kills and round trips, it shouldn't take much time!

But why, after more than ten days, Xu Ming still hasn't come back?

"Could it be... something happened to Brother Ming?" Duan Tianhai couldn't help but said, "But, if Brother Ming is defeated, then the blood-colored monsters should have returned! But now, the blood-colored monsters haven't come back, could it be that...both losers? "

"Duan Tianhai, what are you talking about!" Ye Mingyu couldn't help shouting coldly.

Since seeing Xu Ming's style, Ye Mingyu's heart has been imprinted with Xu Ming's shadow, and naturally he can't tolerate Duan Tianhai's slander.

Duan Tianhai also found that he had lost his words, and even said: "I didn't say anything, I didn't say anything, I was talking nonsense!"

"Humph!" Ye Mingyu snorted coldly and ignored it.

click-

At this moment, a crack opened in the void; apparently someone traveled through time and space and arrived at this black continent.

“Is it Brother Ming?” Ye Mingyu looked expectantly, but found that it was not Xu Ming, but Shi Pozhou and other five geniuses of the Divine Phoenix Secret Realm.

The five geniuses such as Shi Pozhou are only the worst geniuses in the Mystical Realm of All Things in the Divine Phoenix Mystery Realm; however, the five of them have cultivated for too long, so their cultivation base has reached the fourth rank of the Great Desolate Realm! In terms of strength, he is much more tyrannical than Duan Tianhai and Ye Mingyu.

After Shi Pozhou and the others entered this black continent, they first glanced at Ye Mingyu with fiery eyes, and then they couldn’t help but wonder: “Aren’t there many dead monsters in this continent? Even... and Scarlet monsters exist! Why is there nothing now?”

“It seems that the battle fluctuations we detected here before are true!” Shi Pozhou said.

Then, Shi Pozhou looked at Duan Tianhai and Ye Mingyu and asked, “What happened here?”

Duan Tianhai said: “The dead monsters here were all killed by Brother Ming!”

“Brother Ming?” Shi Pozhou couldn’t help but wonder, “Who is Brother Ming?”

“Xu Ming!” Ye Mingyu said these two words with admiration.

“Xu Ming? Haven’t heard of it!” The five Shi Po Zhou have not been out in the ancient relics for a long time; therefore, I don’t know that in this era, such a shocking genius as Xu Ming appeared!

Ye Mingyu explained a little.

“Oh? A genius who just entered the secret realm of chaos?” Shi Pozhou was also surprised after hearing this, “It hasn’t been a long time since the Wanyu genius battle? He was able to kill thousands of dead monsters? It’s unbelievable! But... it’s a newborn The calf, I don’t know how high the sky is! The reason why the blood-colored monster escaped is obviously to show the

enemy's weakness and deliberately lure Xu Ming to chase and kill it; I didn't expect that Xu Ming really chased and killed it, so it's no wonder that he can come back alive! And That blood-colored monster should also want to change its old nest, so it never came back!"

Shi Pozhou "explained" why Xu Ming and the blood-colored monster were gone and never returned.

Thinking of this, Shi Pozhou and the other five geniuses looked at Duan Tianhai and Duan Tianhai greedily: "So...you have thousands of magic crystals on you? Hurry up and hand them over!"

The outside world cannot know what happened in the ancient relic world; in addition, the ancient relic world is full of dangers, and geniuses often fall. Therefore, the five people from Shi Pozhou often do things here to kill people and steal goods, and the outside world will not know at all.

Even... the accident of the ancient world, I don't know if the five people from Shi Pozhou are still alive!

"You..." Neither Duan Tianhai nor Ye Mingyu thought that the other party wanted to rob.

Ye Mingyu said excitedly: "Don't think about it! This is Brother Ming's magic crystal!"

"Brother Ming's magic crystal?" Shi Pozhou sneered, "Your brother Ming is probably already dead!"

"Shi Pozhou, why are you talking so much?" At this moment, beside Shi Pozhou, a cold-blooded young man in black said with a grin, "It's as if they hand over the magic crystal, and we will spare them immortality!"

Robbery in the ancient relics is naturally impossible to keep alive. Otherwise, there will definitely be troubles when they leave the ancient relic realm and return to the mysterious realm of the Divine Phoenix.

"Hey!" Shi Pozhou also grinned, "Isn't this a joke to them?"

"Stop talking nonsense! I can't hold back any longer!" Another genius who looked like a scholar in white looked at Ye Mingyu with red eyes.

“What do you want?” Ye Mingyu panicked.

“Hahahaha...” Seeing Ye Mingyu’s appearance, the white-clothed scholar laughed more and more lewdly, “Ye Mingyu from the Mysterious Yellow Realm, I heard that he is extremely cold, but he has not accepted anyone so far? Hahahahaha... I didn’t expect that, Let us meet you here!”

Shi Pozhou and the other four geniuses no longer pretended to be, and they all showed evil smiles – from the first time they saw Ye Mingyu, they had no good intentions.

Moreover, with the strength of the five of them, they can easily keep Ye Mingyu and Duan Tianhai here!

“You, you...” Ye Mingyu was completely at a loss.

“Hahahaha... Ye Mingyu who is extremely cold! As long as I think about it, I am so excited!”

“If your suitors know your current experience, I really don’t know how they feel... Jie Jie Jie Jie...”

“It’s not easy to want to know how her suitor feels? Isn’t this Duan Tianhai her suitor? – Don’t kill Duan Tianhai first, suppress him, or you can see how he reacts, How do you feel?”

“Not bad! Not bad! This method is good!”

Duan Tianhai’s face was ashen: “Aren’t you afraid of being known by the powers of the Divine Phoenix Mystery Realm?”

Shi Pozhou and other five people slowly surrounded Ye Mingyu and Duan Tianhai, all of them grinning: “You don’t have to worry about it! Don’t worry, no matter what happened here, no one will know!”

At this moment, Ye Mingyu was desperate!

“Humph! Even if I die, I won’t let you succeed!” Ye Mingyu gritted his teeth and wanted to explode his body.

“wanna die?”

boom!

Shi Pozhou’s five people’s divine power are all frantically suppressing Ye Mingyu, so that she can’t even blow herself up: “Do you think we will not prevent you from blowing yourself up? If you want to die, you have to ask first. We disagree!”

“Of course I don’t agree! Hahahaha...”

Ye Mingyu’s face changed dramatically – he couldn’t even die! She is really desperate!

At this moment, what flashed in her mind was actually Xu Ming’s figure: “I hope that what happened here, don’t let Brother Ming know!”

Ye Mingyu no longer hoped that he could escape the devil’s claws, and only hoped not to be known by Xu Ming! In this way, his impression in Xu Ming’s heart is at least pure and clean!

Just when Duan Tianhai and Ye Mingyu were in complete despair, an indifferent voice sounded in the surrounding void: “You are right, no matter what happened here, no one really knows!”

Chapter 1533: Can’T Compare!

“You’re right, no matter what happened here, no one really will know!”

This voice is extremely indifferent; it seems that the entire endless chaos is not seen by him.

However, Ye Mingyu and Duan Tianhai were immediately excited when they heard this voice!

“Brother Ming!”

“It’s Brother Ming!”

They had seen Xu Ming's strength before! Since Xu Ming is here, there will be no danger!

"Xu Ming?" The five Shi Pozhou looked towards the end of the sky, only to see a figure that was breaking through the space and walking towards the void.

Five people are not afraid! After all, Xu Ming single-handedly killed thousands of dead monsters; he even went to hunt down the blood-colored monsters, and he came back alive! Regardless of whether Xu Ming defeated the blood-colored monster, at least it can be said that Xu Ming has the strength to save his life under the ninth order of the prehistoric realm.

The five Shi Pozhou looked at each other and all rushed away.

Shi Pozhou even shouted loudly: "Xu Ming, I have no intention of becoming an enemy of you, so let's leave it now!"

Don't let it go?

Xu Ming smiled: "Am I going to let you go?"

Shi Pozhou's expression changed, and while retreating in a hurry, he shouted sharply: "Xu Ming, don't push people too hard! If you push too hard, our five brothers have been roaming the ancient relics for so long, and it's not that they have no trump cards!"

"Hold card?" Xu Ming smiled playfully.

In the next moment, a perfectly perfect Epiphyllum instantly passed through the endless void and floated towards the Shi Po Zhou five people.

"What kind of trick is this?" The five Shi Pozhou have never seen it before, but they are more disdainful of this short-lived flower. Apart from being stunningly beautiful, there is no power at all; it is no wonder that the five Shi Pozhou will have some Disdain.

However, they are disdainful, but Shi Pozhou's five people still dare not be careless.

“Join us together and stop this move!”

boom! boom! boom! boom! boom!

The five people sacrificed their weapons and showed their means to stop this short-lived flower! At the same time, this is also the five people want to use their strength to tell Xu Ming that they are not easy to provoke!

“Xu Ming, just let you see our means! Don’t push us, we will lose both!” Shi Pozhou roared angrily.

Immediately afterwards, the attacks of the five people landed on this extremely beautiful short-lived almost at the same time.

However...

However, the five Shi Po Zhou forgot that the more beautiful an iron law in the endless chaos, the more dangerous it is!

This epiphyllum is already extremely beautiful; every petal is flawless and impeccable! However, when this short-lived flower began to bloom gorgeously, the expressions of the five people in Shi Pozhou suddenly became extremely frightened.

“This...”

“This power...”

“Do not!!”

The Epiphyllum, which originally had no half-silk power, the power that burst out at this moment made Shi Pozhou and the five feel like ants facing the end of the world.

“How is it possible to be so strong...” Shi Pozhou’s face was full of shock, and he couldn’t bear the slightest belief in resistance, “This... is no longer the power that the prehistoric realm should have!”

boom!

Thousands of Epiphyllum, Gorgeous Bloom!

Endless flames swept across, burning the void and annihilating the sky. The five people from Shi Pozhou seemed to be five tiny ants, and the divine body was instantly burned and completely annihilated, leaving not even a trace of scum left. Even their treasures, many have been burned.

boom!

Although Ye Mingyu and Duan Tianhai were already far away, when the power of Wan Dao Epiphyllum was passed on, they were still blown away instantly and suffered some minor injuries.

“It’s too strong!” Ye Mingyu is very sure that this power is definitely beyond the scope of the Great Desolate Realm!

“Could it be... Xu Ming already exists in the realm of all things?” Duan Tianhai couldn’t help guessing, “Impossible! The cultivation of the realm of all things is impossible to appear in the ancient relics; even if it is a breakthrough in the ancient relics , and will soon be repelled! That is to say...Xu Ming, with his cultivation in the Great Desolate Realm, has displayed the combat power of the Myriad Realm!”

Where can Duan Tianhai think that Xu Ming did not use the cultivation of the Great Desolate Realm to display the combat power of the Myriad Realm, but...with the cultivation base of the Xuanhuang Realm, he displayed the combat power of the Myriad Realm!

“Five idiots!” Xu Ming walked lightly into the void, “How dare you to carry a thousand ephemeral flowers, you are really ignorant and fearless...”

You must know that even Xu Ming himself, if he is closer to the Wan Dao Epiphyllum, may be directly bombed to death! The strength of Shi Pozhou’s five people is not as good as Xu Ming’s, and they are almost “attached” to the ephemeral flower.

“It’s also your honor to die under the Wan Dao Epiphany!” When he was in the realm of the gods, Xu Ming didn’t know what a terrifying secret technique the Wan Dao Epiphany was; but now, Xu Ming already knows, this is probably a The door is no less than the powerful secret technique of the emperor’s immortality!

It is indeed an honor for the five people from Shi Pozhou to die under the ephemeral flowers!

“It’s a pity...it’s too vulnerable!”

In fact, not long after Shi Pozhou arrived, Xu Ming had already arrived.

However, Xu Ming saw that the five had bad intentions, so he didn’t rush to show up, but secretly first gained momentum and used his big move “Wandao Epiphany”;

Shi Pozhou and the other five did not expect that this short-lived flower that Xu Ming fluttered over was actually a big move that had been held back for a long time! Of course, even if they had known earlier, they would have reacted in the same way, and they would have gathered the strength of five people to bear it. Even if they are stronger than them, their strength is limited!

And the wrong judgment directly caused Shi Pozhou’s five people to be blown up to the point where not even the **** was left.

Of course, Xu Ming did not expect that his attack would go so smoothly. Xu Ming originally planned to injure and disperse the five people first, and then destroy them one by one; after all, the five people were all fourth-order strengths of the Great Desolate Realm, and they were not much weaker than Xu Ming.

“Brother Ming...”

“Brother Ming...”

Ye Mingyu and Duan Tianhai were still in shock and sluggishness, unable to extricate themselves for a long time.

Now, the two of them have some idea why before, when the blood-colored monster saw a seed condensed in Xu Ming’s hand, it fled away in fright!

“It seems that the seed that Brother Ming condensed before, if it is condensed will become such a short-lived flower!” Ye Mingyu guessed in his heart.

Xu Ming ignored the adoring gazes of the two and said lightly, “Go and pack up the treasures!”

The treasures of the five people from Shi Pozhou were bombed to pieces. Of course, Xu Ming could not pick up the trash himself, so he casually ordered.

“Yes!” Duan Tianhai ran to clean up.

Ye Mingyu did not go, but looked at Xu Ming with incomparably fanatical eyes: “Brother Ming, you saved me again...”

The cold Ye Mingyu, at this time, conveyed the meaning of “Ren Jun picks up” in his eyes, obviously wanting to repay the grace of saving his life with his body.

Although Duan Tianhai was Ye Mingyu’s suitor, at this moment, he couldn’t feel any jealousy in his heart, instead he secretly said, “That’s Brother Ming... I can’t compare! I can’t compare!”

At this moment, Duan Tianhai finally knew why Ye Mingyu only said the word “answer” when he was saying goodbye at the moment of life and death, but he never said the word “yes” again. .

Chapter 1534: Guyimeng

“Go clean up the battlefield!” Xu Ming said lightly as if he didn’t see Ye Mingyu’s frantic eyes.

Ye Mingyu gave Xu Ming a sad look, as if he was complaining that he didn’t understand the style, so he had to clean up the treasures that had been bombed on the battlefield.

Soon, the two finished cleaning the battlefield.

Xu Ming took some precious things such as the essence of the Divine Phoenix and the Chaos Origin Crystal, and left the others to Ye Mingyu.

Ye Mingyu saw the clue and couldn’t help asking, “Brother Ming, are you going to part ways with us?”

“Yes!” Xu Ming said directly, “I want to go to the depths of the ancient relic world and enter the ancient temple, it is too dangerous for you! But... I also thank you for telling me a lot about the ancient relic world, let me I won’t be blindsided!”

The strengths of Duan Tianhai and Ye Mingyu are both very average. The reason why Xu Ming wanted to travel with them in the ancient relic world was because Xu Ming had little understanding of the ancient relic world.

After entering the ancient relic world, Xu Ming learned a lot of information about the ancient relic world from the two people, and also roughly knew what to do next; therefore, it was naturally time to part ways.

Of course, Xu Ming didn’t treat the two of them badly either. The magic crystals that appeared after he killed thousands of dead monsters, and many treasures from Shi Pozhou’s five people, Xu Ming did not take them, but gave them to them.

Xu Ming said again: “Your strength is still a little short of breaking through the ancient relics! I suggest that you should leave the ancient relics first; use the treasures you have harvested to raise your cultivation base to the fourth rank of the prehistoric realm. Then you can come to the periphery of the ancient relic world for a while!”

“Yeah!” Duan Tianhai nodded and said, “Indeed... If it wasn’t for you, Brother Ming, we’d probably have died several times.”

Ye Mingyu looked at Xu Ming affectionately, and couldn’t help but said: “Brother Ming, although your strength is tyrannical, those who dare to enter the area of the Primordial Temple are probably those above the seventh rank of the Great Desolate Realm! ...In the ancient relics, there are also forces such as the Guyi Alliance and the Contract Alliance. If you are single-handedly, you will inevitably have a situation where your two fists are invincible to four hands, so be careful!”

“I know!” Xu Ming looked at the two of them and said, “Two, let’s just let this go! On the way back, you all have to be careful!”

Xu Ming clasped his fists, turned into a rainbow light, and left the black continent.

Ye Mingyu's eyes were still looking at the direction Xu Ming was leaving, and he couldn't move away for a long time.

Duan Tianhai sighed and said: "Ming Yu, a character like Brother Ming, for us, we can only look up... He will probably be the topmost existence in the endless chaos in the future! It is very likely that he will become the World Lord, at least that is also the domain owner, who controls a domain!"

"I know..." Ye Mingyu retracted his gaze and sighed, "But... I'm not reconciled!"

After seeing Xu Ming's demeanor and strength, what kind of man can still catch Ye Mingyu's eyes?

"From today..." Ye Mingyu said again, "I changed my name: Ye Mingyu!"

"Ye Mingyu?" Although it was the same pronunciation, Duan Tianhai could already hear what Ye Mingyu meant; in his eyes, there was no jealousy, and some were just admiration for Xu Ming.

...

Xu Ming naturally did not know that Ye Mingyu, who had only met a few times, was so obsessed with him that he even changed his name for him.

At this time, Xu Ming was driving the chaotic flying boat, flying to the location of the nearest ancient Yimeng.

Although the ancient relics are only remnants of the endless chaos of the previous era; in terms of size, they are naturally far from comparable to the entire endless chaos. However, the area of the ancient relics is also comparable to the territory of an ordinary sixth-grade power.

The territory of an ordinary sixth-rank power is comparable to one-thousandth of the territory of a territory; it sounds small, but in fact it is extremely vast! Even the domain owner, it takes a lot of time to travel through the ancient world, not to mention the geniuses who are only the most cultivated in the prehistoric realm.

Therefore, many chaos teleportation formations have also been established in the ancient relics, which can easily travel through the ancient relics.

And the one who controls these chaotic teleportation formations is the ancient Yimeng, one of the great forces in the ancient relics!

only...

Even if Xu Ming wanted to fly to the nearest ancient Yimeng, it would take a lot of time.

However, Xu Ming is not in a hurry: "Cultivation first!"

If you don't use "Wandao Epiphany" or "Infinite Avatar", Xu Ming's current strength will be at the fifth level of the prehistoric realm and close to the sixth level of the prehistoric realm; and the Primordial Temple area, even the weakest, has reached the prehistoric realm. Level seven!

In other words, after arriving at the Primordial Temple area, if Xu Ming did not use his trump cards, he would probably be unable to beat him alone! In that case, how could Xu Ming compete with other geniuses for the fragments of ink flames? If you can't meet someone, just open the "unlimited clone" and hang up?

"The few drops of Divine Phoenix Essence obtained from Shi Pozhou's five people can be refined first to improve their cultivation!"

Although Xu Ming didn't have the second-level secret technique of "Divine Phoenix Immortality", there was no problem in continuing to refine the essence of Divine Phoenix!

Others refining the essence of Divine Phoenix will not improve their cultivation; however, after Xu Ming has refined them, they can directly improve their cultivation!

Moreover, after the Divine Phoenix Essence was refined, it did not disappear, but it had already been integrated into the divine body! After obtaining the second level of "Divine Phoenix Immortality" in the future, Xu Ming will be able to refine some of the Divine Phoenix essence.

boom!

Without any hesitation, Xu Ming immediately began refining the essence of the Divine Phoenix!

This is not the first time to refine the essence of Divine Phoenix, and now there is no need to practice “Divine Phoenix Immortal”; Xu Ming’s refining speed will naturally be greatly improved!

Xu Ming’s cultivation is also rising steadily!

The fifth rank of the Profound Yellow Realm!

The sixth rank of the Profound Yellow Realm!

The seventh rank of the Profound Yellow Realm!

After all the essence of the Divine Phoenix obtained from Shi Pozhou and the others had been used up, Xu Ming’s cultivation had already reached the seventh rank of the Profound Yellow Realm! And his strength has reached the peak of the eighth-order prehistoric realm, which is extremely close to the ninth-order of the prehistoric realm!

With such strength, even if he reaches the Primordial Temple, as long as he doesn’t encounter the top group of existences, Xu Ming doesn’t have to use his trump card; just relying on his own strength is enough to deal with it!

“very good!”

Feeling the rapid increase in strength, Xu Ming was very satisfied!

“The essence of the Divine Phoenix is really a good thing! If I have enough of the essence of the Divine Phoenix, I am afraid that I can easily break through the prehistoric realm, or even the realm of all things!”

Xu Ming walked out of the Chaos Flying Boat’s cabin, stood on the deck, and looked far into the distance.

After comparing the surrounding scenes and star positions, Xu Ming secretly said: “It should be a short while before arriving at a station in the ancient Yimeng!”

Sure enough, not long after, Xu Ming saw a huge land floating in the void.

The land is as big as tens of thousands of chaotic worlds. In addition to the chaotic teleportation array, there is even a city of gods on it.

“Go and see first!”

Xu Ming put away the Chaos Flying Boat and rushed towards the city of God at high speed.

Chapter 1535: The Power Of Many

Xu Ming put away the Chaos Flying Boat and rushed towards the city of God at high speed.

“It is said... in the city of God, sometimes there are even pieces of ink flames that are auctioned!”

If you want to obtain the second and third-level exercises of Divine Phoenix Immortality, you must exchange Mo Yan fragments. And the purpose of Xu Ming’s trip to enter the ancient relic world was to find the fragments of ink flames.

Of course, in the Divine City, even if there is an auction of Mo Yan fragments, it is only a very small number, and it is definitely not enough to exchange for the third-level cultivation technique of Divine Phoenix Immortality! Moreover, the price of each ink flame fragment will definitely be sky-high!

Therefore, in any case, Xu Ming must go to the Taikoo Temple! The main purpose of his trip to the Divine City was actually to learn more about the ancient temple; after all, Duan Tianhai and Ye Mingyu had very limited understanding of the ancient world and the ancient temple.

call out! call out! call out! call out!

Xu Ming was flying to the city of God when suddenly, four streams of light burst out from the shadows of the dark space, killing him from all directions.

“Huh?” Xu Ming was stunned for a moment, then a disdainful sneer appeared on the corner of his mouth, “How dare you hit me? It’s really courting death!”

However, Xu Ming was not in a hurry; he wanted to see what the other party came from.

boom! boom! boom! boom!

Four tyrannical breaths instantly blocked the surrounding space. These four figures all have the combat power of the sixth-order prehistoric realm; if Xu Ming's cultivation base has not been improved, to deal with these four people, I am afraid that "Wandao Epiphany" or "Infinite Clone" will be used.

"The comer... hand over 30% of the treasures on your body, and spare you!" An almighty with a gloomy and cold aura, his face covered with centipede-like scars, said coldly.

"Hand over 30% of the treasures!?" Xu Ming was startled.

How dare you speak!

Although, most of Xu Ming's miscellaneous treasures were sold into Chaos Origin Stone and Chaos Origin Crystal before entering the ancient relic world, and then exchanged for hanging points; that is to say, Xu Ming now has few treasures on his body. Even if you hand over 30% of it, it is only a treasure to send beggars to the flood realm level!

but...

The other four were here to rob, even if it was to send beggars' treasures, Xu Ming would not take them out.

"That's right! Thirty percent of the treasure!" Another powerful powerful man also shouted, "Quickly let us see how many treasures you have on your body, and then leave thirty percent of it! Otherwise, die!"

The four powerful men who intercepted Xu Ming all had extremely domineering expressions, as if they were sure of Xu Ming.

"Ha, haha..." Xu Ming smiled, "Go away!"

“you...”

“court death!”

“Boy, do you know who you’re talking to?”

“act recklessly!”

The four rank six of the Great Desolate Realm shouted in exasperation.

“Oh?” Xu Ming sneered and asked, “Who am I talking to?”

The great man with scars on his face who spoke first shouted: “Contract Alliance! – Don’t you know the rules of our Contract Alliance? Quickly hand over the treasure, maybe, for your ignorance sake, Don’t care about it; otherwise, if you offend our contract alliance, I don’t need to say more!”

Covenant?

Xu Ming heard Ye Mingyu talk about this faction—the Contract Alliance. Like the Guyi Alliance, it is a superpower in the ancient legacy world!

The members of the Contract Alliance are not geniuses of the Divine Phoenix Mystery Realm, but... Contractors!

In the Divine Phoenix Secret Realm, the number of geniuses is very limited after all. Even in the mystical realm with the most geniuses, there are not many geniuses in the prehistoric realm.

But the Divine Phoenix Realm Master wants to get a lot of ink flame fragments; he also hopes that many geniuses can travel through time and return to the “Ancient Chaos Realm” to help him accomplish one thing! —In this way, relying only on the limited number of geniuses in the Divine Phoenix Mystery Realm is obviously far from enough manpower; therefore, not only the geniuses of the Divine Phoenix Mysterious Realm can enter the Ancient Relic Realm, but also the existence of other Great Desolate Realms in the Endless Chaos. Enter the ancient world and look for opportunities.

Of course, the Divine Phoenix Realm Lord will not give other people opportunities in vain. For geniuses in the prehistoric realm other than the Divine Phoenix Secret Realm, if they want to enter the ancient relic realm, they must sign a “contract”; the content of the contract requires that once their cultivation base reaches the ninth level of the prehistoric realm, they must travel through the long river of time within a million years. Go to the ancient Chaos Realm and help the Divine Phoenix Realm Master to do one thing.

In order to attract more prehistoric realms to enter the ancient relic realm, this contract of the Divine Phoenix Realm Lord is not impossible to cancel; the condition for canceling the contract is to pay ten pieces of ink flames.

There are many contractors who have signed contracts. They both want to get the chance in the ancient world, but they don’t want to travel through the long river of time to go to the ancient chaos world – after all, after entering the long river of time, almost no one has come back.

So... many contractors formed a contract alliance!

The top powerhouses of the contract alliance will unite and enter the ancient temple to find fragments of ink flames; while the weaker members of the alliance will be responsible for looting others. In this way, in the contract alliance, once someone can meet the conditions for canceling the contract, when he leaves the ancient relics, he can not only take away a lot of opportunities, but also share a lot of treasures; in the future, in the endless chaos, it will be very confusing. a lot of!

Of course, the Covenant Alliance is not the only one in the ancient world! Because of the constraints of other forces, the contract alliance can’t do things too much; for example, when looting, generally only 30% of the treasures are allowed to be looted, and they cannot be killed at will.

In Xu Ming’s mind, the information about the contract alliance flashed, and then he sneered: “The contract alliance? A group of guys with mediocre strength, even if they offend, so what?”

What Xu Ming said was not wrong. Compared with other forces such as the Guyi League, the powerhouses in the Contract League were indeed mediocre.

First of all, the members of the contract alliance will not be the geniuses of the Divine Phoenix Mystery Realm, but the Great Desolate Realm outside the Divine Phoenix Mysterious Realm. With the same level of cultivation, their strength is far worse than that of the geniuses in the Divine Phoenix Mystery Realm; even the weakest geniuses in the Mysterious Realm of Myriad Things can

easily defeat the opponents of the same level of the Contract Alliance, and sometimes even leapfrog challenge!

Moreover, once the members of the contract alliance reach the ninth level of the prehistoric realm, within a million years, they will either enter the long river of time, or have already cancelled the contract and left the ancient world; that is to say... the contract alliance has almost no cultivation base of the ninth-level prehistoric realm. exist! Even if there is, it is not as good as the ninth order of the prehistoric realm of other forces.

Therefore ~www.readwn.com~ Xu Ming commented that the contract alliance is a group of guys with mediocre strength, and there is nothing wrong with it! With Xu Ming's current strength, the entire contract alliance may not be able to find a master who is stronger than him!

Of course, the contract alliance is not easy to bully, because... there are so many of them!

In the entire ancient relic world, the members of other forces are all added up, I am afraid that the number is not as good as the contract alliance!

There are a lot of people, and the Covenant Alliance naturally has a lot of power and right to speak in the ancient world.

“what!?”

“What did you say!?”

“The strength is mediocre? Just you, dare to evaluate the strength of our contract alliance is mediocre?”

Xu Ming's words stabbed at the sore spot of the four contract alliance experts silently; the four of them were furious, and they all shot at Xu Ming.

Chapter 1536: The Bridge Just A Short Distance Away

boom! boom! boom! boom!

The momentum on the four of them erupted in vain.

Although their aura was not as tyrannical as that of the geniuses of the Divine Phoenix Secret Realm of the same order, they were even more murderous! After all, the powerhouses of the Covenant Alliance all entered the ancient world with the determination to “fight for the chance”; moreover, the killings they experienced on the way of cultivation were undoubtedly more than the geniuses of the Divine Phoenix Secret Realm!

How sophisticated is the combat experience of the four? And they have been working together for many years! As soon as he made a move, he immediately blocked all Xu Ming’s retreats; Xu Ming had to confront them head-on, one against four.

“Oh! It’s a good cooperation!” Xu Ming smiled disdainfully, “But...the strength is too ordinary!”

boom!

Xu Ming held a long spear and swept all directions. The mysteries of countless heavenly orders converged on the tip of the spear, swept across with one shot, and shattered thousands of ways!

“A thousand guns!”

Bang! Bang! Bang! Bang!

The four powerhouses of the Covenant Alliance only felt an unstoppable force blasting above their swords; in the face of this force, they were simply unmatched.

The blade was thrown instantly, and the four of them were also injured.

“What!?” The four powerhouses of the Contract Alliance were all shocked – with one attack against four, they wounded four of them with one move.

“This person’s strength, I am afraid that he has the eighth level of the Great Desolate Realm!” The four were secretly shocked.

Xu Ming was also a little surprised, because he saw that the injuries on the four people healed in an instant.

“These four people actually practiced the Divine Phoenix Immortality!”

Minor injuries healed in an instant, and it was Divine Phoenix’s first level of immortality!

“It’s not easy to kill four people who have become Divine Phoenix’s immortality at the sixth rank of the Great Desolate Realm!” Although Xu Ming could easily injure four people lightly, it was not easy to seriously injure them! But if it was only a minor injury, it would have almost no meaning to the four who had become the first-tier Divine Phoenix Immortal.

“Could it be... to use the ‘infinite clone’?”

The infinite clone is Xu Ming’s strongest trump card; Xu Ming didn’t want to use it against the four cats and dogs.

Just when Xu Ming was a little depressed, the four members of the contract alliance had not hesitated to send out a signal for help – the eighth-order powerhouse in the prehistoric realm was no longer what they could handle!

Immediately, a multicolored light passed through the endless void.

This colorful light is like an overpass. At the other end of the overpass, an imposing figure had already stepped onto the overpass made of colorful lights.

“A bridge just a short distance away!” Xu Ming’s eyes narrowed slightly.

The Bridge at Hand is actually a space-based array. Compared with the Chaos Teleportation Array, the distance that the bridge can transmit is much shorter, but the transmission speed is faster!

Usually, in the station of a major power, a bridge is set up; once something happens near the station, the bridge will be activated instantly.

Just like now, the imposing figure had taken several worlds away in every step; in the blink of an eye, it had reached Xu Ming from the other end of the bridge that was so close.

“Elder Yuchi!”

“Elder Yuchi!”

The four masters of the sixth-order prehistoric realm all stepped forward to meet them.

“Eighth-order Prehistoric Realm?” The elder Yuchi did not hide his cultivation, but also deliberately showed his tyrannical aura. Xu Ming could see that this Elder Yuchi should have deliberately suppressed his cultivation; in terms of strength, he is probably close to the ninth rank of the Great Desolate Realm, and he is no weaker than Xu Ming!

Of course, this was under the circumstance that Xu Ming did not use his trump card.

Elder Yuchi was also looking at Xu Ming. After all, the message he received for help said that Xu Ming was likely to be an eighth-order powerhouse in the prehistoric realm, so he naturally did not dare to be careless.

“I, Yu Chi Ting of the Contract Alliance!” Elder Yuchi said in a deep voice, “Who, Your Excellency, dares to provoke my Contract Alliance!”

provocative?

Xu Ming smiled – is it a provocation, doesn’t this Elder Yuchi have a point in his heart?

“You robbed me, and now you bite back, saying that I provoke the contract alliance?” Although Xu Ming is not afraid of the contract alliance, it doesn’t matter if he provokes it; however, Xu Ming doesn’t want to be wronged by the other party – what should be accounted for, or should be seized !

“Humph!” Yuchi Ting snorted coldly and said in a low voice, “Robbery? This is the rules of my contract alliance! – You don’t obey the rules of my contract alliance. That’s not a provocation, what is it?”

“If you don’t abide by your rules, it’s a provocation?” Xu Ming is really knowledgeable. “Is it not a provocation to ask me to hand over my treasures obediently?”

“No need to argue!” Yuchi Ting said domineeringly, “My contract alliance has always respected the strong! I respect you as an eighth-order powerhouse in the prehistoric realm. I can expose the matter of your provocation of my contract alliance, and I won’t care about you! ”

Although the contract alliance is huge, it does not dare to offend the powerful powerhouse casually. Especially at the eighth level of the prehistoric realm, maybe the other party will break through to the ninth level of the prehistoric realm. When the time comes to retaliate against the contract alliance, the contract alliance will also have a headache.

Therefore, when encountering an eighth-order powerhouse in the prehistoric realm, the contract alliance will usually stay on the line, and see each other in the future.

“Is it just exposed?” Xu Ming was a little surprised – he was ready to fight.

“That’s right! – But don’t be complacent! It’s not that my contract alliance is afraid of you, but my contract alliance recently organized a large-scale auction, and I don’t want to make trouble!” Yuchi Ting casually found one and revealed it. The reason for passing, “Also, things can be revealed, but the rules of my contract alliance cannot be broken! You must keep 30% of the treasure on your body —this is the rule!”

“Are you determined to provoke my contract alliance, or just expose it... You choose!” Yuchi Ting said coldly.

Provocation of the contract alliance?

To be honest, Xu Ming really doesn’t care, it’s a big deal!

However... When Xu Ming heard that the Contract League had organized a large auction, his eyes lit up, and a malicious light flashed in his eyes.

“Robber me? Hehehe...” Xu Ming secretly laughed in his heart, obviously, he had already had bad intentions.

“How is it, have you thought about it?” Yuchi Ting said again, “You should know the power of my contract alliance! If you insist on provocation, there will be no place for you in this ancient relic world in the future! ”

“You said... your contract alliance organized a large auction?” Xu Ming asked, changing the subject.

“Yes!” Yuchi Ting nodded.

“That... I just want to go to the auction, so I won’t argue with you guys!” Xu Ming pretended to be afraid, but still wanted to save face, and said weakly~www.readwn.com~! “Yuchi Ting sneered in his heart, but he didn’t show it – if he was afraid, he was afraid, and he had to find an excuse!

“Show all the treasures on your body, after I check, you will keep 30%!” Yuchi Ting shouted.

“Okay... let’s go!” Xu Ming continued to show a weak look, and then reluctantly showed his treasures – however, most of Xu Ming’s treasures have been exchanged for hanging points; The remaining treasure, for the flood realm level, is simply to send beggars.

“All my treasures are here, you can take 30%!” Xu Ming said very “unwillingly”.

“This...” Yuchi Ting looked at Xu Ming’s entire possessions speechlessly – even if Xu Ming left all the treasures behind, it was still far from enough to open a “bridge close by”! What’s more, according to the rules, Xu Ming only needs to keep 30% of his treasures!

Yuchi Ting just wanted to say... If I had known that she was so poor, it would be better not to do this business!

Chapter 1537: The No. 1 Strongest In Ancient Relics

“So **** poor!”

After Xu Ming left, Yuchi Ting and the other four masters of the contract alliance looked sadly at the 30% treasure robbed from Xu Ming.

“That person just now, is also the strength of the eighth rank of the prehistoric realm. I didn’t expect that he was so poor...”

“I feel that even the Xuanhuangjing will not be poorer than him!”

“Damn, before entering the ancient relic world, did you deliberately leave all the treasures in the outside world...”

“Probably!”

Yuchi Ting was the most depressing: “Opening the bridge just a short distance away costs a lot! With so many treasures, I can’t even go back to do business... Maybe, the other elders thought I stole the treasure!”

...

At this time, Xu Ming had already flown far away.

“Humph! Contract Alliance? Dare to take my treasure?” Xu Ming sneered in his heart, “Is my treasure so easy to take?”

The treasures on Xu Ming’s body are few, and if they are placed in the Great Desolate Realm, they are only enough to send beggars.

Of course, the reason why Xu Ming “cooperatively” handed over the treasure was not because he was afraid.

First of all, Xu Ming really wanted to enter the city of God; after all, here, you can definitely learn more about the ancient world! And if you are in a stalemate with the contract alliance, I am afraid it will not be so easy to enter the city of God to understand the information; unless ... enter.

Secondly, Xu Ming heard about the auction of the contract alliance...

“How dare the contract alliance rob my treasure? I’ll go to their auction and make a ‘a little’ mess... isn’t it too much?”

In order to be able to make trouble at the auction smoothly, it is necessary to cooperate first and let the Contract Alliance rob him! That way, Xu Ming would not have any psychological burden when he made trouble at the auction later.

so...

Xu Ming is really not afraid of things! It's not that I don't want to cause trouble! Instead... pretend to be a coward first, and then cause bigger things!

call out-

Xu Ming first flew to the vicinity of the Chaos Teleportation Array of the Ancient Yimeng, opened the "coordinate teleportation" link, and left the coordinate points. Then, they flew directly to the city of God.

"Tread the ancient city of God!"

At the gate of the city of God, Xu Ming recited these four words.

"The name is domineering!"

Obviously, the name of this divine city contains the meaning of "footing on the ancient world".

"I don't know... If the great powers of the ancient relics knew that a group of ants who were the strongest in the prehistoric realm dared to use the name 'Treading the Ancient God City', how would they feel..."

Of course, Xu Ming knew that those who were once powerful would never know.

After all, the entire ancient relic world has been shattered; the super beings in the endless chaos of the previous era have also been annihilated.

Walking in the ancient city of God.

“Huh? This divine city is so lively?”

Xu Ming discovered that in this divine city, there were not only experts from the Xuanhuang realm and the prehistoric realm.

Chaos realm, and even ordinary gods, all live here.

“Thinking about it, it should be the great powers who entered the ancient relic world, and they reproduced and left behind!” Xu Ming secretly said, “This ancient city has a stable space, and even ordinary people can live here! But...the strength is not strong enough, You can only live in the ancient city of God, and you will definitely not dare to enter other areas of the ancient world!”

Xu Ming strolled around the city for a while, and then walked into a relatively lively restaurant.

Xu Ming is here, after all, he is not familiar with the place; if you want to know some information, the restaurant is undoubtedly a good place.

He found a seat by the window and asked for a pot of sake and a few plates of side dishes. Xu Ming leisurely listened to the conversations of the other customers in the restaurant.

This restaurant is almost the most high-end restaurant in Tagu Shencheng; the weakest one who can come here is Xuanhuangjing! Therefore, there are quite a few chats in the restaurant, which Xu Ming doesn't know about!

“Have you heard? Not long ago, the Covenant Alliance assembled hundreds of powerhouses from the eighth-order Prehistoric Realm to enter the inner hall of the Primordial Temple! It is said that... they are competing with the geniuses of the Divine Phoenix Secret Realm for a treasure?”

This voice seems to be deliberately speaking louder to let others know how well-informed he is.

“Oh?” Sure enough, many eyes turned to the speaker; some people couldn't help but wonder, “Isn't the place where the contract alliance has the most power in the outer hall of the Primordial Temple? Why...they dare to enter the inner hall in large numbers. Treasure stolen?”

“It is said to be a great treasure! Otherwise, the contract alliance will not exclude hundreds of the eighth-order powerhouses of the Great Desolate Realm! But...” The middle-aged great expert who caused the topic continued to squeeze his beard and said, “The Mysterious Realm of the Divine Phoenix The geniuses here are just more than ten people joining forces; moreover, these more than ten people are said to be only the weakest geniuses from the mystical realm of all things... They swept all the hundreds of the eighth-order powerhouses of the prehistoric realm from the contract alliance!”

“Normal! The geniuses who came out of the Divine Phoenix Mystical Realm are inherently powerful; leapfrog battles are as simple as eating and drinking! Dealing with a group of rabble from the contract alliance is naturally easy to crush!”

“Contract Alliance, there are only a few more people! If there are not too many people, it is nothing!”

“However... I’m looking forward to the next auction that the Covenant Alliance will hold! After all, there are a lot of people in the Covenant Alliance, and they have obtained a lot of treasures, so maybe I have what I need!”

“You said that auction... Whether there are any good treasures, it’s hard to say! However, according to the convention of the contract alliance, there will definitely be an auction for the fragments of Mo Yan!”

“Let’s go back and have a look, maybe there will be surprises!”

...

Xu Ming heard that the contract alliance was in the ancient relic world, although the power was huge; however, the powerhouses of other forces did not seem to think much of the contract alliance.

“Ink Yan Fragment?” The corner of Xu Ming’s mouth twitched—he came to the Ancient Relics Realm for the Mo Yan Fragment; in this way, he had even more reason to go to the Contract League’s auction!

“If there is any good stuff at the auction, I’ll give him all of it!” Xu Ming secretly planned how to act so that the treasures at the auction could be handled cleanly and beautifully.

At this time, another powerful man with a red beard in the restaurant said: “Do you know who is the one who dominates the inner hall of the ancient temple and is known as the number one powerhouse in the ancient world?”

“Who else could it be! Naturally it’s the ‘Bacchus’!” Someone immediately said without hesitation.

“No! The throne of the No. 1 powerhouse in the ancient world has been replaced!” The red-haired great power continued.

“Is it replaced?”

“Who?”

The fire-red beard-haired Great Master showed an incredible look in his eyes, and said, “Wu Jun from the mysterious realm of chaos!”

“Wujun?”

“how is this possible!”

“Isn’t Wu Jun the ninth rank of the Xuanhuang Realm? He hasn’t even stepped into the Great Desolate Realm yet!”

Even Xu Ming~www.readwn.com~ was shocked and puzzled: “Wu Jun?”

Xu Ming still remembered that he had just accepted the first inheritance of “Divine Phoenix Immortal”, and then Wu Jun found himself.

At that time, Wu Jun didn’t do anything, just looked at Xu Ming with ferocious and crazy eyes, said “I’m Wujun” inexplicably, and then left.

“Wujun’s cultivation is definitely in the Xuanhuang realm... The cultivation realm of the Xuanhuang realm is known as the number one powerhouse in the ancient relic realm?” Even Xu Ming couldn’t help but become curious about Wujun, “He What means are there?”

Chapter 1538: White Murong

“What means does he have?”

As for Wu Jun’s real means, it is naturally not known to these people discussing in the restaurant; therefore, Xu Ming also does not know.

Xu Ming leisurely leaned against the window, drinking a small drink, listening to the chatter in the restaurant.

Gradually, Xu Ming also had a general impression of the situation in the ancient relics.

For example, the ancient temple is undoubtedly the core of the ancient world; it is like the mysterious realm of the Divine Phoenix in the endless chaos.

The ancient temple is divided into an outer temple and an inner temple.

The outer hall is relatively safer, and the powers who are roaming here are relatively weak, mostly the seventh and eighth orders of the prehistoric realm.

As for those who roamed in the inner hall, the weakest were the eighth-order prehistoric realm, and many were the ninth-level prehistoric realm!

“The endless chaos of the previous era can be preserved to the present, and I am afraid most of them are in the ancient temple!” Xu Ming secretly said.

The ancient temple, Xu Ming must go to it!

After that, Xu Ming heard a lot about the contract alliance auction.

“One month later?” Xu Ming took a sip of wine and narrowed his eyes slightly, “This auction of the Contract Alliance was really specially prepared for me...”

Xu Ming thought silently in his heart, how to make trouble at the contract auction.

drinking wine.

Suddenly, there was an uproar in the restaurant.

I saw a plump young man with jewels all over his body, walking into the restaurant with his arms around two glamorous female cultivators.

The plump young man exudes the aura of the prehistoric realm, but it is not very stable; obviously, it should have just broken through to the prehistoric realm not long ago.

From the moment he walked into the restaurant, there were many envious eyes looking at him.

“Bai Murong, the only son of the leader of the ancient business alliance, Bai Murong!”

Although the Tagu Business Alliance is not the strongest force in the Tagu Divine City, it definitely ranks in the top ten! The only son of Alliance Leader Bai, the resources that he can enjoy can be imagined!

I heard that Bai Murong had no intention of cultivating since he was a child; but his father, the leader of the alliance, Bai, was stunned to use resources to pile him into the prehistoric realm!

The other great masters in the restaurant, seeing Bai Murong, think about their own arduous cultivation path, and think about how weak they used to be, for a low-grade Chaos Origin Stone, they could sacrifice their lives for one piece... I can sigh in my heart: People are more mad than people!

As Bai Murong walked with a big belly, she hugged the waists of the two glamorous female cultivators, and said domineeringly, “There is nothing in the world that cannot be solved with treasures! If there are, it means that you don’t have enough treasures...”

The two female cultivators let him go up and down, and the two beautiful eyes were even more tactful, staring at Bai Murong’s fat face gleamingly, seemingly obsessed with Bai Murong.

Bai Murong’s expression was as usual—obviously, he had seen a lot of female cultivators like this!

Xu Ming glanced at it, and said to himself, “There are really dummies everywhere!”

As for these two beautiful female cultivators, they also had the cultivation of the ninth order of the prehistoric realm, but they were willing to degenerate, which made Xu Ming despised.

However, Xu Ming just glanced at it with disdain and continued to drink to himself.

“Huh?” After Bai Murong entered the restaurant, she glanced around and frowned, “There is no window seat!”

The window seat has the best view. Like Bai Murong, he naturally likes to sit by the window seat.

But since it was gone, there was no other way, Bai Murong had to shake her head and walked towards the other seats.

However, at this time, the two glamorous female nuns were not happy. They acted coquettishly together, rubbing the plump arms of Bai Murong with the plumpness of their chests: “We are going to sit by the window!”

“That’s right! If you don’t lean against the window, you can’t even see the scenery outside, and the meal won’t be so delicious!”

“This...” Bai Murong hesitated for a while, but still couldn’t match the coquettishness of the two women, so he could only say, “Okay...”

Saying that, Bai Murong looked around again, and his eyes fell on Xu Ming, who was alone.

When he saw Xu Ming’s food and drinks, he was very casual and simple. After hesitating for a while, he stepped forward and said, “This friend, we want to change places with you, can it be convenient?”

Saying that, Bai Murong handed over hundreds of top-grade Chaos Origin Stones.

Xu Ming didn’t lift his eyes, and continued drinking to himself.

In fact, if it wasn't for Bai Murong's more upright attitude when he came forward, Xu Ming would have slapped him in the past.

"Huh?" Bai Murong obviously didn't expect that Xu Ming didn't even look at it, so he couldn't help feeling a little embarrassed—obviously, although Bai Murong looked like a playboy, he didn't do much other playful things besides indulging in women's lust. thing.

But the two glamorous female nuns beside him were not happy.

The fair-faced female cultivator, who looked particularly pitiful, frowned slightly and said, "Murong, I just want to sit here..."

Another enchanting female cultivator also said, "Murong, didn't you say...there is nothing in the world that can't be solved by treasures?"

Bai Murong looked at Xu Ming and said again, "This friend, please do me a favor. Three thousand top-grade Chaos Origin Stones will be replaced by your current seat!"

This time, Xu Ming finally looked up at the other party.

However, to Bai Murong's surprise, Xu Ming just spit out two words: "No change!"

not change?

This obviously exceeded Bai Murong's expectations!

After all, three thousand high-grade Chaos Origin Stones is not a small sum for the existence of the Great Desolate Realm! Now, just by changing seats, you can get 3,000 pieces of high-grade Chaos Originium, why doesn't Xu Ming change it?

Before Bai Murong could speak, the surrounding voices of other great powers rang out.

"Three thousand pieces of high-grade Chaos Originium! – This brother, you are self-willed!" You Dali shouted to Xu Ming.

“Fuck me, if you don’t change it, I’ll change it!” Not far from Xu Ming, a table near the window called Danieng.

“I’ll change it too!” Danieng, who was at the other table by the window, also hurriedly said, “I don’t need 3,000 top-grade Chaos Originium! 2,000 yuan is enough!”

However... the two glamorous female cultivators beside Bai Murong seemed to have identified Xu Ming’s position, and reluctantly said, “This is the best position by the window! We’re going to sit here!”

However, Bai Murong did not let them go, but his face sank slightly and shouted, “Shut up!”

At the same time, Bai Murong clenched his fists towards Xu Ming and said, “My friend, sorry for disturbing you!”

After he finished speaking, he took the two glamorous female cultivators directly to other nearby seats.

“Oh?” Xu Ming couldn’t help but glance at Bai Murong in surprise, and thought to himself, “Looks like I was wrong! This kid isn’t as playful as he looks!”

After Bai Murong sat down at the other table, Xu Ming drank the wine in the cup and got up and left.

Xu Ming’s actions made the powerful people in the restaurant sigh for a while. Some were surprised, some laughed at Xu Ming’s stupidity.

Bai Murong looked at Xu Ming’s leaving back~www.readwn.com~ thoughtfully: “This person is a raw face, and he has never seen it in the ancient city, but...it shouldn’t be easy!”

Bai Murong just didn’t like to practice cultivation, but she wasn’t a scoundrel disciple. Moreover, his eyesight, as well as his talent in doing business, were privately admired by even Alliance Leader Bai.

Soon, Bai Murong stopped thinking about Xu Ming, but, under the service of two glamorous female cultivators, thought about the upcoming auction of the contract alliance: “The people from the contract alliance have ordinary eyesight. Very often, precious treasures are often sold at a low price! This auction, I have to watch it carefully and make a good profit!”

Recently, I stayed up late to code words. I was tired from writing, and my brothers were tired from reading. I wanted to adjust my schedule. One shift today, no work tomorrow, and four shifts!

correct...

Brother Ming, hasn't installed B for several days? The foreshadowing that should be done has been done, and the B installation will begin tomorrow!

Chapter 1539: Empty Gloves White Wolf

The power of the contract alliance spreads throughout the ancient relics.

Even if it is only in the ancient city of God, the contract alliance is so powerful here that it can definitely rank in the top three!

The auction house, one of the most important places in the city for the Covenant Alliance, has an extraordinary natural style and is very mighty.

The powerhouses of the party's forces and the great powers who walk alone have all entered the auction grounds one after another.

Some great powers just come over to see if there are any treasures suitable for them, or if there are any cheap ones to choose from. There are also some great powers, who already know some treasures that are about to be auctioned, and come prepared and determined to win.

...

Opposite the auction.

Inside a teahouse.

An old man in a simple gray robe sat opposite a youth in green clothes.

The old man sipped tea leisurely.

The young man was full of puzzlement: “Master, didn’t you bring me to the auction to broaden my horizons and improve my eyesight for treasure appreciation? Why did you come here to drink tea instead of going in when you arrived at the entrance of the auction?”

The master of the young man, the old man, is called “Master of Fool’s View”.

The name “Foolish View” is not well-known in the endless chaos, and even many people have never heard of it. However, the young man often heard the foolish master say: Looking at the level of the prehistoric realm, in terms of the ability to appraise treasures, there is no one who can compare with him in the endless chaos!

“I don’t know... Master’s treasure appraising ability is really that strong, or is he just boasting?” The young man often couldn’t help thinking.

Of course, he only dared to think about these thoughts in his heart, and he would never dare to say them.

“You don’t understand!” Master Yujian took a sip of his tea with an unfathomable look on his face, “Lin Xu, remember what Master said, appraising treasures is like appraising people! If you want to improve your ability to appraise treasures, you must first sharpen them. Your eyesight!”

The thoughtful young Lin Xu sounded reasonable!

Master Yujian drank tea, looked at the great power who entered the auction, and commented one by one: “Look at that person, wearing brocade clothes and shining pearls; It must be very distressing! But... after this person enters the auction, he will definitely only go to the ordinary area, never to the VIP area, and never to the luxury area!”

“Why is this?” Lin Xu couldn’t help but wonder and asked.

Master Ignorance said lightly: “Dressing gorgeously doesn’t necessarily mean that there are many treasures in them; on the contrary, only those who have no confidence will use gorgeous clothes to cover up their guilty conscience!”

“That makes sense!” Lin Xu couldn’t help nodding his head.

Sure enough, this powerful man in brocade clothes walked into the gate of the general area of the auction house.

At this time, another person came to the door of the auction house. It was the Bai Murong that Xu Ming met in the restaurant a month ago.

Bai Murong has a stout figure, and his body is full of jewels and rustic; on his left and right sides, there are also the two glamorous female cultivators before.

Seeing this, Lin Xu hurriedly said: “Master, this person will definitely go to the ordinary area! His gorgeous clothes just hide his guilty conscience! Moreover, he is even more guilty than the person who just went in before, because... he is more than That person just now brought two more beautiful female cultivators to cover up his guilty conscience!”

Lin Xu analyzed people according to the logic taught by his master.

“No!” Grandmaster Yujian shook his head without hesitation, “He will definitely enter the luxury zone!”

Sure enough, Lin Xu saw that Bai Murong entered the gate of the luxury area with two glamorous female cultivators.

“This...” Lin Xu was a little stunned. The two people who were also dressed in jewels seemed to be in similar situations. Why did one enter the ordinary area and the other entered the luxury area?

“Ginger is still old and spicy!”

Lin Xu couldn’t help sighing in his heart, looked at his master, and asked admiringly, “Master, how did you know that he was going to enter the luxury area? Could it be... because of the two glamorous female cultivators with him?”

“No!” Master Yujian took a sip of tea inexplicably, and then said slowly, “It’s because...I know him! He is the only son of the leader of the ancient business alliance, Bai Murong! He doesn’t go to the luxury area. , is it possible to go to the ordinary area?”

“Pfft!” Lin Xu had the urge to vomit blood. You know you and talk about wool!

However, Lin Xu of course did not dare to express his doubts.

Soon, another figure walked towards the auction, it was... Xu Ming!

“Teacher, I’ll give you one more chance to see what district this person will go to!” Master Yujian pointed at Xu Ming and said.

“Well...” Lin Xu looked at Xu Ming’s back, pondered for a moment, and said, “I should go to the VIP area! Although this person is not well-dressed and has a normal aura, I always feel that there is something extraordinary about him!”

“Something extraordinary?” Master Ignorance shook his head and sneered, “What’s extraordinary? When you enter the VIP area, you have to pay a lot of admission fees; although it is not as expensive as the luxury area, it is by no means what this person can afford. This person is just a very ordinary person, there is nothing extraordinary! My disciple, your eyesight must continue to improve...”

Just as the master in my humble opinion was talking, he saw... Xu Ming actually walked towards the luxury area and paid the expensive entrance fee without hesitation.

“This...” Lin Xu looked at his master awkwardly.

The master of my humble opinion just said that Xu Ming has nothing extraordinary and will definitely go to the ordinary area; as a result, Xu Ming directly entered the most expensive luxury area. Is this not a slap in the face?

Even Lin Xu couldn’t help but have some doubts about his master’s ability to see people.

“Cough cough!” The foolish master was naturally depressed when he failed to pretend to be x, but in front of his apprentice, he naturally refused to admit that he was wrong, but said, “There are always some people who are swollen and look fat. of!”

“Really?” Lin Xu was a little suspicious.

“Cough, cough!” The old master of the ignorant blushed. After drinking the tea in the cup, he got up and said, “Let’s go! Let’s enter the auction hall too!”

...

The contract alliance auction site ~www.readwn.com~ is divided into three areas: ordinary area, VIP area, and luxury area.

The general area is at the bottom of the auction hall and is the most crowded; the VIP area is a little higher and the seats are much more spacious. The luxury area is on the top floor of the auction house, and all are boxes.

Xu Ming was walking on the corridor of the luxury area, looking down at the layout of the entire auction hall. He was thinking about some information about the contract alliance auction that he had learned these days; he was thinking about how to make trouble.

make trouble?

Suddenly, Xu Ming’s eyes lit up and he secretly said, “I’m not here to make trouble, but to participate in the auction! And... I want to photograph all the treasures!”

“Yes! Just do it!” Xu Ming was secretly excited.

Film it all, and then... don’t pay!

Empty glove white wolf, what a joy!

Chapter 1540: Can We Have Fun Together?

Xu Ming strolled around the corridor for a while, and after making up his mind, he walked into his private box No. 17.

“Huh? That’s...” Before Xu Ming entered the box, Bai Murong caught a glimpse of Xu Ming’s figure, “Isn’t this person the one who drank alone in the restaurant a month ago? He is also in the luxury area. ?”

You know, those who can enter the luxury area of the auction house are either rich or expensive.

“No wonder... A month ago, I asked him to change seats with me, and he ignored me!” Bai Murong said secretly, “Fortunately, I didn’t force me to continue! Otherwise, I would definitely offend him!”

From Bai Murong’s point of view, they were not afraid to offend Xu Ming because of their power in the ancient business alliance. However, more is worse than less.

The foolish master and Lin Xu’s apprentice, who had just entered the luxury area, also saw Xu Ming walking into the box.

“Box No. 17, Tu’er, you remember it!” The Master Fool said lightly.

Lin Xu was a little puzzled: “Remember what to do with this?”

Master Yujian showed disdain and said: “A person like him, even if he is swollen and fat, enters the luxury area, he can’t afford any precious treasures!”

The look of Master Yujian is full of self-confidence, as if he is saying that you, Master, and I have never seen people wrong!

...

After Xu Ming walked into the box, he placed an isolation formation directly in the box. It was normal! After all, the distinguished guests in the luxury area are very concerned about their own **. Although the contract alliance promises that it will never spy on the distinguished guests; however, it must be a layer of isolation formation that will be more at ease.

Xu Ming sat down with a golden knife, looked at the auction table, and secretly said: “The scumbags of the contract alliance, how dare they rob me! Now I’m going to rob them again, shouldn’t it be too much? Hope... this auction At the meeting, can we have more good things!”

After waiting for some time, Xu Ming saw that the VIP area and the general area below were nearly full.

At this time, an old man in white robes who was light and cloudless stepped onto the auction stage: “Welcome everyone to my contract alliance auction! Old man contract alliance elder Jiechen...”

The elder position of the contract alliance is actually very insignificant! Because, as long as he is the eighth-order cultivation base of the Great Desolate Realm, he can become the elder of the contract alliance.

In the ancient relic world, the number of elders of all other forces combined is probably far less than the elders of the contract alliance!

After the elder Jiechen came to power, he boasted of the Contract Alliance auction venue and exaggerated the atmosphere of the auction; then, he went straight to the theme: “Next, please invite the first lot of this auction!”

As soon as Elder Jiechen finished speaking, there was a graceful maid, holding a battle armor with divine power, and walked onto the auction table.

This armor is completely black, and there is a faint black lingering on the surface.

“True Demon Battle Armor!” Elder Jiechen introduced, “This is a divine weapon of all things, which was discovered by my contract alliance in the outer hall of the Taikoo Temple! It should be a strong man who encountered danger in the outer hall and died. Dao Xiao, so I left all my treasures there!”

There were a lot of discussions in the general area and the VIP area.

“God of all things?”

“As soon as it came up, it was a magical weapon of all things!”

You must know that the powerhouses who enter the ancient relic realm have the highest cultivation base only in the prehistoric realm! Therefore, the magic weapon of all things is still very rare!

“It seems... this time the Contract Alliance auction, I am afraid there will be a lot of good treasures!”

Usually, in an auction, the grade of the first treasure determines the grade of the auction. Like now, the first treasure is a magical weapon of all things, so the next treasure will definitely not be bad; otherwise, the auction will become “high open and low walk”.

“That’s great! I just need a battle armor of the gods of all things! Moreover, the breath of this armor is very compatible with the exercises I practice, I must get it!”

“Although this True Demon Battle Armor is only a low-grade weapon of all things, it is of excellent quality and is close to the middle grade! I’m afraid... the auction price will reach tens of thousands of low-grade Chaos Origin Crystals!”

“As long as the price does not exceed 40,000, I will definitely get it!”

Although, the ancient world is a place of opportunity; the powerhouses who roam here are much richer than the powerhouses of the same level in the endless chaos! However, those who can afford divine weapons of all things are usually high-level existences in the prehistoric realm!

Many great powers above the seventh rank of the Great Desolate Realm are all gearing up, waiting for Elder Jiechen to report the starting price.

Elder Jiechen looked around and said with a faint smile: “True Demon Battle Armor, the starting price is 10,000 low-grade Chaos Origin Crystals! Each time the price increase must not be less than 500 low-grade Chaos Origin Crystals!”

As soon as Elder Jiechen’s voice fell, his eyes suddenly brightened, and he was about to make an offer.

But at this moment, a lazy voice came out from the box above: “One hundred thousand low-grade chaotic source crystals!”

The great powers who were originally gearing up for their hands were suddenly stunned; when they reached the price they wanted to shout, they swallowed it back.

100,000 low-grade chaotic source crystals?

Are you kidding me?

The auction will increase the price, shouldn't it be gradually increased bit by bit?

Even if there is a sudden high price, it is twice as high as the starting price, which is enough to deter other bidders! You directly broke out a price ten times the starting price. What does this mean?

Did you let other bidders bid?

Can we still have fun together?

Suddenly, the originally fiery auction venue became dead silent.

"That..." After a long time, Elder Jiechen reacted, "Who else, do you want to continue bidding?"

In fact, Elder Jiechen doesn't need to ask to know that no one will bid again!

This True Demon Armor~www.readwn.com~ is just a low-grade weapon of all things, and the price is sky-high, only fifty thousand low-grade Chaos Origin Crystals! The price of 100,000 is far beyond the value of the battle armor itself. It is completely possible to buy two battle armors that are not bad at all; how could anyone continue to bid?

"It seems... the distinguished guest who made the bid must be in great need of this True Demon Battle Armor!" Elder Jiechen thought to himself.

Elder Jiechen asked three times in a row whether anyone would continue to bid; after confirming that there was none, the auction of this True Demon Battle Armor was also closed.

Soon, the enchanting maid came to the No. 17 box where Xu Ming was, holding the true demon armor.

“This distinguished guest, this is the treasure you photographed! Excuse me, do you want to pay the bill now, or wait until the auction is over, and settle it in one lump sum?” The enchanting maid kept winking at Xu Ming, apparently wanting to get this guy with a lot of money the almighty favor.

However, Xu Ming didn’t seem to see the enchanting maid’s small movements, and just said lightly: “I still have a lot of treasures to bid for, so let’s pay together!”

Although Xu Ming said this, he secretly laughed in his heart: Pay the bill? nonexistent!
