Chapter 1561: The Purpose Of The Qingluan League

“What? I was eliminated directly!?”

Xu Ming couldn't believe his ears.

On the occasion of “Xu Ming's Hegemony Battle”, those “high imitation Xu Ming” easily passed the registration, but the “authentic Xu Ming” failed to register?

“Ha!” Female cultivator Leng Yan glanced at Xu Ming disdainfully, and said with a sneer, “Even if you want to pretend to be Xu Ming, is it troublesome to pretend to be a little more like Xu Ming? – Does your appearance and breath resemble Xu Ming in any way? How could I possibly sign up for you?”

“I'm not like Xu Ming?” Xu Ming was speechless, “Have you met Xu Ming?”

“Although I haven't seen Xu Ming with my own eyes, but...” Sister Leng Yan said here, her eyes were full of longing and yearning, “I have seen Xu Ming's image! Xu Ming has an extraordinary temperament and a demeanor to look at the world. His eyes are like swords that have pierced through the ages; his...”

Lengyan female Xiu spoke a lot, obviously, it can be seen that she is a loyal supporter of Xu Ming. However, Leng Yan female cultivator suddenly changed the conversation.

“And you-I can't see Xu Ming's appearance on you!”

“This...” Xu Ming was speechless – what did he have to do to prove that he was Xu Ming? Do you want to show your strength?

It's just... If you don't use the “infinite clone”, Xu Ming's strength will be the limit of the prehistoric realm; and among those “high imitation Xu Ming”, there is no lack of the existence of the ninth-order peak of the prehistoric realm, or even the limit of the prehistoric realm!

Therefore, even if Xu Ming wants to prove that he is really Xu Ming, it is not an easy task!

“Get out of the way! Don’t influence others to sign up!” Sister Leng Yan looked at her coldly, her eyes seemed to say – please don’t insult my idol.

“I...” Xu Ming opened his mouth weakly, but finally gave up – forget it! If you don’t participate in this hegemony battle, just be a spectator!

...

Xu Ming was in a complicated mood, he silently retreated to the stand area, and drank tea depressedly.

As a “genuine Xu Ming”, he could not participate in the “Xu Ming Hegemony Battle”. Xu Ming felt that he really lost all the face of “Xu Ming”.

On the battlefield, hundreds of “high imitation Xu Ming” began to appear one after another.

Every “high imitation Xu Ming” has more or less similarities with Xu Ming. The two sides of each battle are people of similar appearance; this kind of battle does seem to have a different feeling.

The shouting in the stand area is even more... weird!

“Xu Ming!”

“Xu Ming!”

“Xu Ming will win!”

“Xu Ming is invincible!”

Every cheering sound was shouting Xu Ming's name. However, the two high imitations of Xu Ming who were fighting on the battlefield could not tell which side these shouts were cheering for; after all... they were all "Xu Ming".

The authentic Xu Ming, who was drinking tea in the stand area, was even more speechless, and said silently in his heart: "Brother Ming is here..."

At this time, a rough and powerful man sat at Xu Ming's table. He glanced at Xu Ming and wondered: "Why don't you go to participate in Xu Ming's hegemony battle?"

Xu Ming sighed and said, "If you don't pass the registration, you will be eliminated..."

"Your appearance is indeed different from Xu Ming in the video!" Rough Dani shook his head and said, and then asked for a pot of tea, and took a few sips directly from the teapot. Putting down the teapot, he cupped his hands towards Xu Ming and said, "What do you call your brother under 'Feng Xie'?"

Xu Ming also bowed his hands: "Xu Ming!"

"I'm asking for your real name!" Feng Xiao said again.

"Real name..." Xu Ming didn't know how to say his real name...

On the battlefield, the "Xu Ming Contest for Hegemony" is still in full swing.

Feng Xiao is a hearty person, although he thinks that Xu Ming doesn't say his real name and that he is not cheerful enough to be a person; but after a while, he comes to talk to Xu Ming again: "I said 'fake Xu Ming', do you know why it is held?" Xu Ming's hegemony battle?"

"Why?" Xu Ming really didn't know.

"This 'Xu Ming Contest for Hegemony' is actually organized by the Qingluan Alliance!" Feng Xie obviously had the intention of showing off, and said proudly, "The Qingluan Alliance did this to attract the attention of the 'real Xu Ming'!"

Causing the attention of “True Xu Ming”?

Xu Ming became more and more speechless – he was already attracted, but the Qingluan League didn’t even give him a chance to sign up!

“Didn’t you say that the winner of the ‘Xu Ming Hegemony Battle’ can get Xu Ming’s advice?” Xu Ming asked in confusion, “But according to what you mean, the Qingluan League has not contacted Xu Ming yet, how can Xu Ming get it? Ming’s instructions?”

Feng Xie gave Xu Ming a “what do you know” look, and continued to show off: “When Xu Ming’s attention is drawn, can you contact Xu Ming?”

“It’s also...” Xu Ming echoed, “It’s just... Qingluan Alliance attracts Xu Ming’s attention, what benefits can it get?”

“You don’t know that!” Feng Xie laughed, “The Qingluan Alliance is a very powerful force in the ancient world! Among the many first-class forces, they are the top! But... and God Compared with the peak forces such as the Phoenix Alliance and the Contract Alliance, there is still a big gap! The Qingluan Alliance has always wanted to become the peak force in the ancient world, and now, this is an opportunity!”

“Chance?”

“Yes!” Feng Xie continued, “Xu Ming’s strength is beyond doubt! If the Qingluan League can invite Xu Ming to join, it can become a peak force!”

“Oh...” Xu Ming suddenly realized that this is the meaning of “Xu Ming’s hegemony battle”.

but...

Xu Ming was attracted, but... he was kicked out by the Qingluan League...

Xu Ming really wanted to see what his expression would be like if the Qingluan League knew that the “authentic Xu Ming” they chased away.

The “Xu Ming Contest for Hegemony” continued to be carried out vigorously.

The further back, the “high imitation Xu Ming” on the battlefield, the stronger! Even both sides of the battle are the ultimate strength of the Great Desolate Realm; even if Xu Ming personally goes, if he doesn’t use “Wandao Epiphany” and “Infinite Avatar”, he may not be able to win.

“Looks like...you have to improve your strength!” Xu Ming secretly said, “Otherwise...if you can’t handle the fake self, you will be embarrassed!”

Fortunately, for Xu Ming, improving his strength is actually very simple! – Now, Xu Ming’s “power of eternity” is called, and it is only the soul of the peak of the prehistoric realm! He now has enough hanging points, as long as he summons the soul of the peak of the realm of all things, his strength can instantly increase to the realm of all things!

“No hurry!” It’s not too simple to improve his strength, so Xu Ming is not in a hurry at all.

at this time...

boom!

A terrifying coercion instantly enveloped the entire Qingluan City!

Over Qingluan City, the sky that was originally daytime suddenly turned pitch black.

Chapter 1562: Gauntlet

Over Qingluan City, the sky that was originally daytime suddenly turned pitch black.

“Someone has surrounded Qingluan City!” Feng Xie’s expression changed slightly, but he didn’t really care about it – after all, he was just a very ordinary member of Qingluan City, not a member of the Qingluan Alliance; this kind of thing, naturally Don’t worry about him.

“It seems... there is a lot of fun!” Feng Xie secretly said.

Qingluan City was the territory of the Qingluan Alliance.

To surround Qingluan City so openly is undoubtedly provoking the Qingluan Alliance!

And those who dare to provoke the Qingluan Alliance should at least be at the same level as the Qingluan Alliance! It is even very likely that it will cause a firefight between the two superpowers in the ancient world!

Thinking of this, Feng Xie was a little vaguely looking forward to it: “I don’t know... which force will come!”

boom! boom! boom!

In the dark and boundless sky, ten figures strolled over. Every step of theirs seems to be walking, but they have crossed several boundaries.

The momentum of these ten figures is also mighty, crushing the whole city! Every momentum has surpassed the prehistoric realm.

“Ten powerful people in the realm of all things!” Feng Xie suddenly became restless.

You must know that in the ancient world, only the cultivation base of the Great Desolate Realm can enter; the cultivation base of the Myriad Realm cannot enter! In the ancient remnant world, there is only one possibility for a strong person with the strength of the realm of all things, and that is the cultivation base of the prehistoric realm, but it has the terrifying combat power of the realm of all things by leaps and bounds!

This kind of powerhouse is an almost invincible existence in the ancient world!

At the same time, ten such powerhouses appeared, and they could only come from one power—the Divine Phoenix Alliance!

“It’s a genius of the Divine Phoenix Alliance!”

Although the Divine Phoenix Alliance, the Contract Alliance, and the Guyi Alliance are all the pinnacle forces in the ancient world, the strongest force among them is definitely the Divine Phoenix Alliance!

After all, in the entire ancient relic world, more than 80% of the battle power in the realm of all things is in the Divine Phoenix Alliance!

And...before Xu Ming was born, the leader of the Divine Phoenix Alliance, “Wu Jun”, was recognized as the number one powerhouse in the ancient relic world; even if Xu Ming appeared, there would still be questions about whether Xu Ming and Wu Jun were stronger or weaker. Great controversy, inconclusive!

The powerhouses of the Qingluan Alliance were originally angry that someone dared to go to their old nest to provoke them; they were thinking that even if it was a peak force like the Contract Alliance or the Guyi Alliance, they would definitely teach each other a lesson! But... seeing the arrival of the powerhouses of the Divine Phoenix Alliance, the powerhouses of the Qingluan Alliance immediately shrank their heads in fright.

The leader of the Qingluan Alliance, a strong man whose strength is comparable to the realm of all things, even had to put on a smile and clasped his fists and stepped forward: “It turns out that everyone from the Divine Phoenix Alliance is visiting! !”

“Qinglu!” Among the ten geniuses of the Divine Phoenix Alliance, the black-clothed genius walking at the forefront sneered, looking at the leader of the Qingluan Alliance.

“Feng Wanzhan!” Qingluan Alliance Leader “Qinglu” said with a smile, “I don’t know... What advice?”

“I heard... your Qingluan League is holding the ‘Xu Ming Contest for Hegemony’?” Feng Wanzhan said with a sneer.

“Yes...” Qing Lu had a bad premonition in his heart.

“Heh! What, you Qingluan Alliance, are dissatisfied with the first-class forces, and want to play tricks and attack the peak forces?” Feng Wanzhan sneered.

“Don’t dare! Don’t dare!” Qinglu continued.

You must know that the Divine Phoenix Alliance is faintly superior to all other forces! Moreover, it has the appearance of an order manager of the ancient relics!

Therefore, in the face of the questioning from the Divine Phoenix Alliance, Qing Lu did not dare to express his true thoughts.

“Don’t you dare?” Feng Wanzhan sneered again with disdain, “You Qingluan Alliance, do you have any idea of impacting the peak forces, I have no interest in it! After all... In the ancient world, there is one more peak force and one less peak. No power can affect our Divine Phoenix Alliance!”

Qing Lu didn’t speak, but just cupped his hands and listened.

“However...” Feng Wanzhan said again, “The ‘Xu Ming Contest’ that you held has a little interest in our alliance leader!”

your allies?

The leader of the Divine Phoenix Alliance?

Wu Jun?

Qing Lu’s expression changed suddenly.

You must know that although Wujun does not have the record of “one enemy three thousand” like Xu Ming, he has another record – in the entire ancient relic world, no one is Wujun’s enemy of unity!

When Wu Jun fights against anyone, it is a one-shot kill!

Even a genius with the strength of the Myriad Realm can still kill in one move!

In the face of Wu Jun, an invincible existence in the ancient world, the pressure on Qinglu is naturally impossible!

“I don’t know... What instructions does the leader of the Wujun alliance have?” Qing Lu asked hard.

“Our alliance leader is naturally not interested in your little Qingluan Alliance!” Feng Wanzhan sneered, “But... our alliance leader is very interested in Xu Ming!”

“Huh?” In the stand area, Xu Ming’s eyes narrowed slightly – he was coming at me again!

This Wujun has been trying to find himself over and over again!

However, Xu Ming did not rush to stand up, but took a sip of tea, wanting to see what Feng Wanzhan wanted to do.

“You’re very interested in Xu Ming?” Qing Lu said with a wry smile, “To be honest, our Qingluan Alliance, although we held this ‘Xu Ming Contest for Hegemony’, but... we have never contacted Xu Ming at all!”

The purpose of the Qingluan League’s “Xu Ming Contest for Hegemony” is to attract Xu Ming’s attention so that he can get in touch with Xu Ming. Who would have thought that before Xu Ming waited, the great powers of the Divine Phoenix Alliance came first.

“Of course I know that!” Feng Wanzhan said indifferently, “But... although you haven’t come into contact with Xu Ming, I believe that you should have successfully attracted Xu Ming’s attention!”

“Maybe...” Qinglu didn’t dare to make a ticket, and asked with some doubts, “But... even if it has attracted Xu Ming’s attention, what’s the use?”

“Ha! Qinglu, you don’t have to be nervous!” Feng Wanzhan said with a smile, “It’s useless for you guys, but it’s useful for us Divine Phoenix Alliance! – Since you have successfully attracted Xu Ming’s attention, then, our Divine Phoenix Alliance will borrow your place to give Xu Ming a letter of war!”

“Give Xu Ming a gauntlet?” Qinglu asked suspiciously Yes! For our leader, give Xu Ming a gauntlet! “Feng Wanzhan overlooked the entire Qingluan City below, and his coercion continued unscrupulously; his voice, like thunder, roared throughout the entire Qingluan City, “Xu Ming! I

don't know if you are in Qingluan City! If not, everyone in Qingluan City, please spread it throughout the ancient relics on your behalf! —We, the leader of the Divine Phoenix Alliance, 'Wu Jun', are here to challenge Xu Ming! At any time, we are waiting for Xu Ming at the Tower of Immortality! ”

Wu Jun, challenge Xu Ming! ?

The entire Qingluan City exploded in an instant!

This is the absolute pinnacle battle in the ancient world!

On the one hand, in the ancient world, it has been recognized as the number one powerhouse for hundreds of millions of years; on the other hand, it is the newly rising invincible existence!

“If you don't come...” Feng Wanzhan grinned and looked at the hundreds of “high imitation Xu Ming”.

Chapter 1563: Really Xu Ming

Feng Wanzhan grinned and looked at hundreds of “high imitation Xu Ming”.

“Come with me first!” Feng Wanzhan said with a grin, “At that time... if Xu Ming doesn't come for a year, I will kill you all!”

In the world of great power in the prehistoric realm, a year is undoubtedly an extremely short concept; it is shorter than a mortal's day.

“Xu Ming is also a genius in the secret realm of chaos. If he saw you die, he would not dare to fight; then, his face in the secret realm of chaos will be lost!” Feng Wanzhan continued to laugh a few times, and then fiercely He shouted, “Why are you still standing there? Why don't you come with us!?”

Hundreds of “high imitators of Xu Ming” suddenly turned ashen – they were just here to participate in the “Xu Ming Contest for Hegemony”, who would have thought that they would be targeted by the Divine Phoenix Alliance.

“If I knew it would be like this, I wouldn’t pretend to be Xu Ming...” In the registration area, the “high imitation Xu Mingding” that Xu Ming had met before, almost wanted to cry without tears.

“I originally thought that pretending to be Xu Ming was very powerful; I didn’t expect that pretending to be Xu Ming turned out to be courting death...”

“Qingluan League is really a waste! At this time, I don’t even dare to say a word!”

For a while, on the battlefield, there were all the voices of abuse.

Although the Qingluan Alliance was extremely ashamed and angry, in the face of the extremely powerful Divine Phoenix Alliance and Feng Wanzhan, they did not dare to say anything.

at this time...

boom!

Suddenly, on the battlefield, a high imitation Xu Ming burst out and flew away.

“Want to run away?” Feng Wanzhan grinned, “Looking for death!”

boom! !

An incomparably huge **** handprint that covered the sky and the sun went directly towards the escaped high imitation Xu Mingyin!

Feng Wanzhan is a super genius with the combat power of the realm of all things, and this high imitation Xu Ming, who is fleeing, has at most the strength of the peak of the prehistoric realm, so how can he catch this seal?

One palm is enough to kill in seconds!

“Huh?” In the stand area, Xu Ming’s eyes narrowed slightly, “Divine Phoenix Alliance, they are really domineering!”

Although Xu Ming is not related to these “high imitation Xu Ming”, but if these hundreds of people are killed for imitating himself, then Xu Ming’s face is really bad! And... so many “high imitation Xu Ming” who were very similar in appearance and aura to him were killed, and Xu Ming certainly couldn’t be indifferent.

“It seems... I have to make a move!” Xu Ming secretly said, “But... my current strength is still a little weak! Forget it, consume some hanging points and raise the ‘eternal power’ to the peak of the realm of all things!”

After Xu Ming entered the ancient relic realm, although he obtained a lot of low-grade chaotic source crystals, he did not rush to elevate the “eternal power” to the peak of the realm of all things!

After all, the improvement of “eternal power” can be completed in an instant; when stronger power is needed, it can be improved again! – Like now!

boom! !

Hanging point deduction!

Xu Ming instantly obtained the “eternal power” at the peak of the realm of all things. Although this power is only one-tenth of the peak of the realm of all things, it is also comparable to the lower level of the realm of all things, and it still exists forever!

“Tier 3 of the Realm of Everything!” Xu Ming felt his own strength.

In the realm of all things, the first to third levels are the low levels; the fourth to sixth levels are the middle levels; the seventh to ninth levels are the high levels.

The third-order of the realm of all things, although it is still a low-level category, is already close to the middle-level; it is undoubtedly much stronger than Feng Wanzhan!

boom! !

Xu Ming slapped his palm instantly,

The endless power of chaos converged into a giant palm larger than the blood handprint, blocking the path of the blood handprint.

boom! !

The ***** handprint suddenly collapsed, while Xu Ming's giant palm of chaos dissipated slowly.

“Huh?” The high imitation Xu Ming, who fled, thought he would surely die, but unexpectedly he survived.

“What!?” Feng Wanzhan was shocked—you know, looking at the entire ancient relic world, there is no one who is stronger than him! And the master of this chaotic giant palm is obviously stronger than him, and it is still a lot stronger!

“Who is it!?” Feng Wanzhan looked over and looked at Xu Ming in disbelief, “You are... Xu Ming?”

“Ha!” Xu Ming flew up from the stand area and sneered, “Wujun wants to challenge me, just spread the news to the ancient relic world and let me know! Why use these ridiculous methods?”

In Qingluan City, countless eyes suddenly turned to Xu Ming.

“Xu Ming?”

“Is he Xu Ming?”

“Is he the real Xu Ming?”

“The strength is so much stronger than Feng Wanzhan, it is definitely the real Xu Ming!”

Those who can be stronger than Feng Wanzhan are all well-known powerhouses in the entire ancient relic world, and naturally it is impossible to pretend to be Xu Ming! As for the Xu Ming in front of him, since he is much stronger than Feng Wanzhan, he is undoubtedly the “authentic Xu Ming”!

Qingluan Alliance Leader Qinglu also couldn’t believe it: “Xu Ming is already here! But I don’t know...”

But at this time, Qing Lu consciously stepped aside—the next thing was the conversation between Xu Ming and the Divine Phoenix Alliance! At his level, it’s better not to intervene!

“What!? He is Xu Ming!?”

On the battlefield, the high imitation Xu Ming, A, B, C, and D all widened their eyes: “We actually met the real Xu Ming!? We even talked to him!?”

The most wonderful expression is undoubtedly the high imitation Xu Mingding—he pointed at Xu Ming directly in front of Xu Ming, saying that Xu Ming’s disguise was not in place...

The fake Xu Ming actually said that the genuine Xu Ming did not disguise properly...

At this moment, the high imitation Xu Mingding really wanted to go underground and be quiet.

“what!?”

The glamorous female cultivator who was in charge of the registration had her eyes even wider and bigger! She still clearly remembered every word she said to Xu Ming: “Even if you want to pretend to be Xu Ming, is it troublesome to pretend to be like Xu Ming? – Does your appearance and breath look like Xu Ming? How could it be possible to sign up for you?”

In this way, this glamorous female cultivator directly removed Xu Ming from the registration process...

“what!?”

Feng Xie, who was sitting at a table drinking tea with Xu Ming just now, was in such a complicated mood now! – He asked Xu Ming’s name, UU reading [www. uukanshu.com](http://www.uukanshu.com) Xu Ming replied to him, but he disliked Xu Ming’s lack of cheerfulness and using a pseudonym...

“I’ve been drinking tea with Xu Ming for so long...and said so much...” Feng Xie was excited—you know, drinking tea with Xu Ming means drinking tea with one of the most powerful people in the ancient world!

Even if he didn’t have much friendship with Xu Ming, this experience was enough for Feng Xiao to brag about.

“Feng Wanzhan!” Xu Ming said lightly, “Go back and tell Wujun, let him prepare well! I, Xu Ming, will definitely go to the Tower of Immortality and fight him! I hope... Wujun’s strength will not let me It’s good to be disappointed!”

Xu Ming is so confident!

Wu Jun?

The first powerhouse in the ancient world?

Xu Ming is very interested to know what kind of opportunity Wu Jun got to be able to crush many experts in the prehistoric realm with his cultivation of the ninth rank of the Xuanhuang realm and become the number one powerhouse in the ancient relic realm!

Chapter 1564: Break Through The Prehistoric Realm!

The tower of immortality, taller than ten thousand worlds, with clear glass, blooming with endless eternal light.

However, compared with the incomparably huge Primordial Temple, “Myriad Realms” is as small as a single hair. The Immortal Tower is also very small.

Under the Immortal Tower, Wu Jun, who was in retreat, suddenly opened his endlessly sharp eyes: “Xu Ming is ready to fight? Good! Very good!”

In the depths of Wu Jun's heart, the mysterious voice also sounded again: "Very good! I can finally enslave Xu Ming!"

Neither Wujun nor Wujun's mysterious master took Xu Ming in the slightest! Even if Xu Ming has a record of "one enemy three thousand"!

because...

In the ancient world, Wu Jun is almost absolutely invincible! Even if the powerhouse at the peak of the realm of all things can enter the ancient relic realm, he still has to bow his head in front of Wu Jun!

Only the existence of the Destruction Realm can suppress Wujun.

"Xu Ming's talent is stronger than yours! If I can enslave Xu Ming, many of my plans will be easier to implement!" said Wu Jun's voice in his heart.

...

Ancient Yimeng headquarters.

A super strong man who has been in the ancient Yimeng for a long time burst out.

"Wujun actually challenged Xu Ming in person? This battle is worth watching! I don't know... Can Xu Ming force Wujun's true strength?"

The leader of the Guyi Alliance is the top power in the ancient world! However, he knew that Wu Jun's strength was much stronger than him! It is precisely because they are afraid of Wujun's strength that the Guyi League will be short of the Divine Phoenix League; otherwise, with the power of the Guyi League, they may not be afraid of the Divine Phoenix League.

...

Covenant League Headquarters.

The contract alliance leader and the top elders also broke through and rushed to the tower of immortality.

...

The Qingluan League and other forces, one after another, have also rushed to the Immortal Tower to witness the absolute peak battle in this ancient relic world!

...

At this time, Xu Ming had already found a quiet place to practice in seclusion.

“I can fight three thousand with one enemy, and the strength I have shown is at least the third-order of the realm of all things! But Wujun still dares to challenge me; it seems... Wujun’s strength is definitely not simple! It has even reached the realm of all things. Intermediate level!” Xu Ming guessed, “Since we have to fight, we must win beautifully! ‘Wandao Epiphyllum’ and ‘Infinite Clone’, if you can’t use it, you won’t use it!”

Although Xu Ming has raised the “power of eternity”, his combat power under normal conditions is already comparable to the third-order of the realm of all things; but obviously, if he doesn’t use his trump card, I’m afraid he still can’t win against Wujun!

In this case...

Of course, Xu Ming had to improve his cultivation first!

“I have already obtained the inheritance of the second level of Divine Phoenix Immortality, and I already have enough of the essence of Divine Phoenix, so... let’s practice the second level of Divine Phoenix Immortality first!”

The second level of Divine Phoenix Immortality is much more powerful than the first level!

The first level is just “instant recovery from minor injuries”; while the second level is “instant recovery from serious injuries”!

What is a minor injury? What is serious injury?

In the ***** emperor's secret technique of immortality, the damage to the divine body is less than 3%, which is a minor injury! Divine body damage is between 3% and 20%, which is serious injury!

In other words, as long as Xu Ming becomes the second level of Divine Phoenix Immortality, then as long as Wujun's attack fails to damage his divine body by more than 20%, then Xu Ming's injuries can be recovered in an instant!

Almost immortal!

but...

Xu Ming deliberately, Wu Jun should have also practiced the second level of Divine Phoenix Immortality!

"It's not easy to kill a powerhouse with the second highest level of immortality!" Xu Ming didn't know what the battle between him and Wu Jun would turn out to be.

Could it be that... the attacks on both sides could not damage the other's divine body by more than 20%, and both divine bodies were constantly recovering in an instant? And then... fight endlessly?

Of course, Xu Ming wasn't very worried about this situation, because...he still had "life and death" hanging!

If the battle really goes on endlessly, Xu Ming will trigger the "Probability Instant Kill" effect of "life and death" hanging sooner or later, killing Wu Jun directly!

"Hope... Wu Jun's strength, don't let me down!" Xu Ming also looked forward to having a good opponent! It's been a long time since he had a hearty battle!

boom!

With anticipation, Xu Ming directly began to refine the essence of Divine Phoenix!

You must know that Xu Ming's cultivation base is already the ninth rank of the Xuanhuangjing. And the essence of Divine Phoenix, for Xu Ming, has the effect of improving his cultivation! And... it only has the effect of improving Xu Ming's cultivation!

After a few drops of Divine Phoenix Essence were refined, Xu Ming's cultivation level directly broke through to the prehistoric realm!

When he reached the second level of Divine Phoenix Immortality, his cultivation had already reached the second level of the Great Desolate Realm!

The cultivation base is improved! Strength is rising!

Originally, even if Xu Ming improved the "power of eternity", his strength would be equivalent to the third rank of the realm of all things! And after the cultivation base broke through to the second rank of the prehistoric realm, Xu Ming's strength soared instantly, reaching the peak of the sixth rank of the realm of all things!

It is already very close to the high-level of the realm of all things!

"The strength of the sixth-order peak of the realm of all things! I don't believe it, Wujun can still be my opponent!" In Xu Ming's opinion, no matter what chance Wujun got in the ancient relics, he could not be more powerful than him. Stronger!

And... even if Wu Jun is stronger than himself, Xu Ming doesn't care! "Life and Death", "Unlimited Avatars", and "Wan Dao Epiphany" can all kill Wu Jun!

You must know that with Xu Ming's current strength, if he uses "Wandao Epiphany", maybe even the existence of Destruction Realm can be directly killed!

Chaos Realm, Profound Yellow Realm, Prehistoric Realm, All Things Realm, Destruction Realm, Nirvana Realm! Even if it is placed in the endless chaos, the Destruction Realm is a super existence!

Above these six realms is the domain owner who suppresses a domain! Going up, that is the most peak world master in the endless chaos!

“It’s time to get out! Otherwise... Wu Jun has to wait!”

Xu Ming rushed out of this lonely place and rushed towards the Tower of Immortality.

“I don’t know... What secrets are there in the Immortal Tower!” Xu Ming was secretly curious.

Long before entering the ancient relic world, Xu Ming heard that the last chaotic era was shattered, but the tower of immortality remained forever, blooming with endless and eternal light.

“Could it be... The Tower of Immortality is even more magical than the entire endless chaos?” Xu Ming couldn’t know, “When Wujun is resolved, you can just enter the Tower of Immortality to explore! After the exploration of the Tower of Immortality is completed, then Go back to accept the inheritance of the third level of Divine Phoenix Immortality, and after practicing the third level as well, then go back to the last chaotic era to see!”

Others dare not go back to the last chaotic era, but Xu Ming is not afraid. After all, Xu Ming had already asked Xiaohang, even if he perished in the last Chaos Era, he would still be able to rely on the “immortal mark” to resurrect again!

Chapter 1565: Interesting!

Chaos is hazy, space is distorted.

The surging river of time stretches across the dome. Every drop of water in the long river of time contains endless time and space; if you enter any drop of river water, you will go back to the past or go to the future.

The entire ancient relic world now is actually in a drop of water in the long river of time. However, the great powers who are in the ancient world cannot feel it.

Although, the long river of time in the ancient world has already materialized, and anyone can see it; however, it is not easy to enter the long river of time, or even travel through the long river of time!

Only the existence of Gu Hanmo’s level, truly above the long river of time, can travel freely through the long river of time.

And if Gu Hanmo is here, you can definitely see that the long river of time in the ancient world is “evaporating”!

When the long river of time has completely evaporated, that is, the time when the ancient relic world is completely shattered!

Below the long river of time, the Tower of Immortality blooms with endless and eternal light.

This place was originally inaccessible; but now, it has gathered tens of thousands of powerful people!

These tens of thousands of great powers are all the most top existences in the entire ancient relic world! Almost everyone’s cultivation base has reached the ninth order of the prehistoric realm; in terms of strength, they are the best among the ninth order of the prehistoric realm, and there are even many of them who are at the top of the prehistoric realm, invincible in the prehistoric realm, and even a battle comparable to the realm of all things. force!

And these tens of thousands of great powers, at this time, all turned their attention to Wu Jun, who was sitting cross-legged beside the Tower of Immortality. There is awe in every look.

“There are quite a few people here!” Wu Jun glanced at the great powers who were watching the battle with disdain, as if he was looking at the ants all over the ground, “Humph! It seems that the strength I showed in the ancient relic world is still there. There are not enough people to question, who is stronger between me and Xu Ming... If it wasn’t for the master to enslave Xu Ming, I would definitely kill him with one move, so as to shock the entire ancient relic world!”

Under the blessing of the Tower of Immortality, Wu Jun’s combat power in the ancient relics is close to the realm of destruction! He naturally didn’t think that Xu Ming was qualified to take a full blow from him!

“Why hasn’t Xu Ming come yet?”

From time to time there are discussions around.

“That’s right! We’ve all been to the Tower of Immortality for decades, but Xu Ming hasn’t appeared yet! Could it be that... Xu Ming didn’t dare to fight?”

“Could it be... Xu Ming claimed to fight Wujun in Qingluan City, but in fact, he secretly escaped from the ancient world and ran back to the endless chaos?”

“It’s impossible! – Xu Ming is a genius in the secret realm of chaos. Although there are many opportunities in the ancient relic realm, it may not be attractive to him!”

“But... Xu Ming was able to kill nearly 3,000 powerhouses above the eighth rank of the Great Desolate Realm with one enemy and three thousand! Don’t even dare to fight, just run away?”

“Huh?” Wu Jun couldn’t help frowning—yes! What if Xu Ming released his pigeons?

You must know that the power blessing of the Immortal Tower is only valid in the ancient relics. If he returned to the endless chaos, Wu Jun would also be at the ninth rank of the Xuanhuang Realm, and his strength would only be equivalent to the low rank of the Great Desolate Realm. He could not be Xu Ming’s opponent at all!

Suddenly, all the questioning voices quieted down.

Outside the billions of worlds, a figure appeared at an unknown time. This figure is neither stalwart nor imposing; he shuttles through the inner hall of the Primordial Temple, like a very ordinary adventurer.

Xu Ming, here we come!

“Is this the long river of time in the ancient world?” Xu Ming’s eyes fell on the long river of time in surprise.

As time goes by, Xu Ming has seen it once.

It was in the realm of the gods. With a wave of Gu Hanmo’s hand, he summoned the endless chaotic river of time.

However... the long river of time in endless chaos is definitely not the same as the long river of time in the ancient world! After all, the ancient world is the last chaotic era, it is about to be completely destroyed, and the long river of time is about to dry up.

Wu Jun, who had been sitting cross-legged, also stood up directly. On his face, there was a strange smile full of meaning: "Xu Ming, you are finally here!"

"Wujun!" Xu Ming's gaze, penetrating hundreds of millions of worlds, collided with Wujun's. He said through the endless void, "Wujun, I'm very curious – you are also a genius in the secret realm of chaos, why do you keep targeting me? It seems... There is no conflict of interest between you and me, right?"

Wu Jun smiled strangely again, and said: "You will know soon!"

"Hahahaha..." Suddenly, Wu Jun burst out laughing, "Xu Ming, you are finally here! You and I fight, no need to say more! Take action!"

Xu Mingyao looked at Wu Jun.

There is a perception inscription on Xu Ming's body, and he can faintly feel that there seems to be a mysterious power in Wu Jun's body!

Even if Xu Ming now has the strength of the sixth-order peak of the realm of all things, he feels a little palpitated and dare not underestimate this power.

"What chance does Wu Jun have? Could it be that... his strength has reached the sixth level of the realm of all things, or even higher?" Xu Ming couldn't believe it.

"Then give it a try! You'll know!"

boom!

In an instant, the extreme magic gun was in hand.

The Dao of Chaos has evolved into Myriad Mysteries; Myriad Mysteries, combined with complex structures, form a power that is even stronger than the Dao of Chaos.

This is like, saltpeter itself has little power, but it can be made into gunpowder.

Chaos to Dao is like saltpeter; and the myriad mysteries derived from Xu Ming's ten thousand spear intentions are like gunpowder.

“kill!”

When the power of Wan Dao Spear Intent reached its peak, the long spear traversed hundreds of millions of realms and directly killed Wu Jun.

“hiss-”

“too strong!”

“A single shot across the billions of worlds can still feel such a strong power... This shot definitely has the strength of the sixth-order of the realm of all things, or even stronger!”

“The sixth order of the realm of all things... No wonder Xu Ming can defeat three thousand with one!”

“Xu Ming can enter the ancient relic realm, and his cultivation will never exceed the prehistoric realm! How can the cultivation realm of the prehistoric realm have the strength of the sixth-order realm of all things!?”

The power of watching the battle is not the top existence in the ancient world. But when they saw Xu Ming's shot, they could only be amazed, and they couldn't raise the slightest sense of confrontation.

Xu Ming is too strong!

“Wu Jun, will he be Xu Ming's opponent?”

If it is said that before Xu Ming's shot, the tens of thousands of top powerhouses watching the battle felt that Wu Jun should have a greater chance of winning! However, when Xu Ming fired this shot, almost everyone felt that Wu Jun was not Xu Ming's opponent!

But at this time, Wu Jun showed an unexpected smile: "The sixth-order peak of the realm of all things? It's interesting! It's interesting! – I'm also worried that if you are too weak, it will be meaningless!"

call out-

Wujun's divine body, a strange light circulates; it complements the endless eternal light of the Immortal Tower.

Chapter 1566: He Is.....

boom! !

Where Xu Ming's spear passed, the space was constantly shattered, and even the surrounding time and space were distorted.

The distorted space makes the distance between billions of realms continue to shorten. The more serious the space distortion, the shorter the distance between Xu Ming and Wu Jun.

hiss-

This shot that ripped apart time and space, at the moment when it approached Wujun's divine body, its power reached its maximum.

The power of the sixth-order peak of the prehistoric realm is completely concentrated at the tip of the spear.

"Death!" Xu Ming's eyes were cold – he was sure that even if he was the seventh-ranker of the prehistoric realm, he would definitely suffer serious injuries if he took this shot!

boom!

Sure enough, the spear that ripped apart the void and pierced through Wu Jun's divine body directly. However... when the mighty energy contained in the spear exploded in Wujun's body, Xu Ming was horrified to find that the particles on Wujun's body were hardly damaged!

With Xu Ming's full-strength shot, Wu Jun's divine body was only damaged by less than one percent!

And such a little damage is almost negligible for Wu Jun, who has practiced Divine Phoenix Immortality! Even if it is the first level of Divine Phoenix Immortality, it can easily be restored to its original state!

What's more, with Wujun's status in the ancient relic world, he can easily obtain the fragments of ink flames and the essence of the divine phoenix; what he has trained will never be just the "first level", but is likely to be the second level or even the essence. The third weight!

Swish!

Xu Ming's spear can be closed with one hit.

And Wujun's divine body also recovered instantly.

"Jie Jie Jie Jie..." Wu Jun Jie Jie smiled strangely, "In the ancient relic world, how could you hurt me? Although it was only a small injury, you are still proud enough! – The next step is up to you. Pick me up!"

boom!

In Wu Jun's hand, a giant black axe appeared in an instant.

As soon as this giant axe appeared, even the surrounding time and space trembled faintly—this was a divine weapon of destruction!

Although it's just a very ordinary weapon of destruction, its power is much stronger than that of Xu Ming's supreme weapon of all things, the "Extremely Magical Spear"!

boom-

Wu Jun's axe attack seems simple and unpretentious, but it is the simplest way. The giant axe had just shaken, and the surrounding void of all realms was instantly shattered—the time and space of the ancient relic world was too fragile to withstand the level of fighting between Xu Ming and Wu Jun.

“not good!”

In an instant, Xu Ming felt an incomparably huge threat, and immediately turned the “Ten Thousand Spear Intent” into a defensive artistic conception.

And the next moment, the giant axe has arrived.

boom! !

The blade of the giant axe slashed on the shaft of the pole gun! -Fortunately, the extreme magic spear is the best weapon of all things; if it is a little worse, it may even be cut off by an axe!

boom! !

This axe slammed Xu Ming upside down and flew out of the world!

And Xu Ming's divine body was instantly damaged by more than 10%!

You must know that if the damage to the divine body exceeds 3%, it is already a serious injury! Fortunately, Xu Ming has already trained to the second level of Divine Phoenix Immortality. Otherwise, under this axe, his divine body would not be able to recover; with just a few more axe, Xu Ming would drink his hatred on the spot!

“What!?” Although Xu Ming's divine body recovered in the blink of an eye, he was still extremely horrified—his attack made Wujun unable to damage 1% of his divine body; but Wujun's attack directly caused him to His divine body was damaged by more than ten percent!

The difference is obvious!

“What!?” The powerful people watching the battle were also completely shocked!

You must know that when Xu Ming showed his strength, all the great powers were shocked! – The strength of the sixth-order peak of the realm of all things! Looking at the ancient world, who can be the enemy?

Can result...

Xu Ming’s attack could hardly shake Wu Jun; however, Wu Jun seriously injured Xu Ming with one blow.

How strong should Wu Jun be! ?

Weakness limits the imagination of the powerful spectators!

“The second level of Divine Phoenix Immortality?” Wu Jun glanced at Xu Ming in surprise, “I didn’t expect you to become the second level so quickly! In this case, it will take some measures to deal with you, but it is not very troublesome! Hehe... Let me see how long your Divine Phoenix can last without dying!”

The recovery effect of Divine Phoenix Immortality is not without an upper limit! Once you reach this upper limit, you cannot continue to recover instantly!

With Wujun’s strength, I am afraid that every attack can seriously injure Xu Ming; it is only a matter of time before it reaches Xu Ming’s recovery limit!

As for Xu Ming’s attack, if he wanted to reach the upper limit of Wu Jun’s recovery, it would be a bit of a fantasy!

boom! boom! boom! boom! ...

At the level of Xu Ming and Wu Jun, how amazing is the fight?

Wu Jun's giant axe, layer upon layer, like huge mountain peaks, slashing towards Xu Ming. As for Xu Ming, he could only be forced to defend—after all, if he defended with all his strength, his divine body would be damaged by more than 10%;

And once the divine body is damaged by more than 20%, even the second level of the Divine Phoenix Immortal Body will be difficult to recover!

boom! boom! boom! boom! ...

Immediately, Xu Ming was at an absolute disadvantage and retreated steadily.

“Xu Ming has a strength close to the high-level realm of all things... He was suppressed like this!?”

“Wu Jun's strength, shouldn't it reach the realm of destruction!?”

“Even if it's not the Realm of Destruction, I'm afraid it's not far away!”

“I don't know... Can Xu Ming escape from Wu Jun?”

“No—Xu Ming hasn't escaped yet!”

Yes, Xu Ming did not flee, but continued to fight against Wu Jun!

Although most of the time, Xu Ming can only passively defend; but occasionally there is a gap, Xu Ming will also take the opportunity to shoot a cold shot, and even more words in his mouth: “Life or death!”

“Life and death!”

“Life and death!”

“Life and death!”

...

Life and death: In each attack, there is a very small probability that you can kill the enemy directly; the effect of the instant kill ignores the enemy's cultivation base and strength!

Xu Ming just wanted to see, whether his recovery limit came first, or whether it was triggered first with a very small probability!

"I don't know whether to live or die!" Wu Jun snorted coldly.

However, Wu Jun was also happy to see Xu Ming not running away; in this way, it would be much easier for him to deal with Xu Ming!

If Xu Ming is determined to escape, although Wu Jun is stronger than Xu Ming, but Xu Ming has become the second most immortal of the Divine Phoenix, Wu Jun really has no absolute certainty, leaving Xu Ming in the ancient world!

And Xu Ming didn't escape, and he fell into Wu Jun's arms!

"It can't go on like this..." Xu Ming felt the pressure more and more—although now, after every attack by Wu Jun, Xu Ming's divine body could instantly recover; however, Xu Ming had already faintly felt that the upper limit of recovery was coming.

"It seems... I can't continue to hope for 'life and death'!"

Xu Ming can only say that today's "lucky" is not good, and it failed to trigger the "life and death" spike effect.

Fortunately, "life and death" is just one of Xu Ming's trump cards! This hole card does not work, then change to another hole card! Anyway... Brother Ming has a lot of cards!

"Then cast... 'Wandao Epiphyllum'!"

Between "Infinite Avatars" and "Wandao Epiphyllum" Xu Ming is more willing to expose "Wandao Epiphyllum"! After all... Infinite avatars are just too heaven-defying!

boom!

Xu Ming opened his palm, and hundreds of millions of light spots gathered in his palm, quickly condensing into a short-lived seed.

With Xu Ming's current strength to use "Wandao Epiphany", I am afraid that it may directly blow up the low-level existence of the Destruction Realm!

"Huh?" Even Wu Jun felt the pressure, "This move..."

Just when Wujun felt dignified, deep in Wujun's heart, the mysterious voice suddenly screamed in horror and sharpness: "Wandao Epiphyllum! This is Wandao Epiphany! How could Xu Ming be so cultivated? Master this secret skill!? This is... a gift from the chaotic universe!! He is..."

Chapter 1567: A Heavy Price

"he is..."

Hidden in the depths of Wujun's heart, is a peak existence of "Supreme Realm"! Of course he knew that thousands of years ago, the will of the "chaotic universe" came.

The will of the chaotic universe, but the existence above the supreme!

The endless chaos will be shattered, and the world master and the supreme will fall, but the will of the chaotic universe is eternal and immortal!

If the chaotic universe is compared to a world of mortals, then the endless chaos is the earth in this world, and the world master is the emperor above this earth! And the Supreme... is the immortal who lives above the nine heavens!

The destruction of endless chaos is like the change of a mortal dynasty. The old era of chaos ends and a new era of chaos begins.

The will of the chaotic universe will rarely come! Even if the endless chaos is destroyed thousands of times, it may not come once.

And just thousands of years ago, the will of the chaotic universe came! This means... in the chaotic universe, it is very likely that a new Supreme will be born!

Just a thousand years, for the Supreme, it is even shorter than the blink of an eye! That is to say, the supreme being hidden behind Wu Jun, just felt the will of the chaotic universe come, just blinked his eyes once, and found the target of the will of the chaotic universe – Xu Ming!

“Absolutely right! In the Great Desolation Realm, it is impossible to practice a secret skill like ‘Wandao Epiphyllum’; this secret skill can only be bestowed by the will of the chaotic universe!” The mysterious Supreme behind Wu Jun was extremely excited, “It actually makes I unintentionally discovered a genius with supreme potential, ha ha ha ha ha ha ha ha... enslave him! I must enslave him at any cost!”

Enslaving Xu Ming is equivalent to enslaving a future Supreme!

The difference between the supreme and the world master is the difference between the immortal and the common people!

Enslaving a supreme being is more important than occupying endless chaos!

“Wujun!” In the depths of Wujun’s heart, the voice was almost insane, “At all costs, I want to make Xu Ming seriously injured and dying, I must enslave him! Even if you die, it will be at all costs!”

“Yes!” As a slave, Wu Jun naturally obeys the master’s orders! However, in his heart, he was secretly unconvinced – Xu Ming is so much better than me? Even if I die, will it be worth it?

At this time, Xu Ming’s “Wandao Epiphyllum” has also been brewed!

“Go!”

The more beautiful things are, the more terrible they are!

With the power of “Wandao Epiphyllum”, it is even possible to instantly kill the powerhouse in the Destruction Realm!

“Death!” Xu Ming stared at Wu Jun.

In order to make the “Wandao Epiphany” condense successfully, Xu Mingke directly endured a lot of attacks and paid a big price! If the “Wandao Epiphyllum” could not severely damage Wujun, Xu Ming suspected that he might not have the opportunity to condense a second “Wandao Epiphyllum”.

After all, it takes too much time to condense the “Wandao Epiphany”!

At that time, Xu Ming may have to expose the trump card of “infinite avatar”.

“Go away!” Wu Jun tried his best to dodge. But obviously, “Wandao Epiphany” is not something he can easily get rid of.

Under Xu Ming’s control, “Wandao Epiphyllum” almost detonated against Wu Jun’s divine body.

boom! !

Xu Ming’s strongest attack was far more terrifying than Wujun’s attack!

Rao Shiwujun’s strength is close to the realm of destruction, and his divine body can be said to be indestructible, but under the shock wave of the “Wandao Epiphyllum” explosion, he was also seriously injured in an instant.

but...

Wu Jun has already practiced the third level of Divine Phoenix Immortality, and has reached the realm of “rebirth from a drop of blood”! Although he was seriously injured in an instant, he also recovered in an instant!

The shock wave of the “Wandao Epiphany” explosion rushed to Wujun in waves. Wu Jun was seriously injured again and again and recovered instantly; his “recovery upper limit” was also constantly being consumed.

“Sure enough, it is the third level of Divine Phoenix Immortality!” Xu Ming narrowed his eyes slightly, “It seems that it is really not easy to kill him!”

If Wujun was only the second highest level of Divine Phoenix Immortality, he would have been bombed to death by now!

How short-lived.

In a short time, the “Wandao Epiphyllum” has finished blooming.

After Wu Jun’s divine body recovered again and again, it also reached the upper limit of recovery. At this time, although Wujun’s divine body could continue to recover, the speed of recovery was very slow; moreover, only 50% of Wujun’s divine body at the peak of Wujun’s peak could not be recovered.

“what!?”

“what!?”

The powerful people who were watching the battle were already shocked.

“Xu Ming’s blow just now...”

“Isn’t Xu Ming’s strength much weaker than Wujun’s? Why is the power of this blow so terrifying; even Wujun was directly injured, and even Divine Phoenix’s immortality couldn’t completely restore him!?”

“Could it be... Xu Ming will win!?”

Xu Ming looked at Wujun indifferently: “Five percent divine body!?!—Wujun’s strength has definitely dropped dramatically, right?”

If Wujun is still at his peak, then Xu Ming has almost no other way to deal with Wujun except to use his “infinite avatar”. However, Wujun’s strength has dropped dramatically, Xu Ming can completely resist Wujun’s attack, and once again use “Wandao Epiphany”.

“Wujun, you are bound to lose!” Xu Ming stared at Wujun and said through a voice, “Before you die, can you tell me – you and I have never had any injustice or hatred, why do you keep targeting me?”

Wu Jun has dealt with Xu Ming many times, and Xu Ming is naturally impossible to let him go! Regardless of whether Wujun told the reason for dealing with Xu Ming, Xu Ming would not let him live.

“You...” Wu Jun had to admit that in his current state, he was indeed no match for Xu Ming, and it was even difficult to escape!

“Useless rubbish!” At this moment, Wu Jun’s deep heart resounded with an angry shout. The strength close to the Destruction Realm couldn’t deal with Xu Ming, and I had to go out in person! ”

The one who hides behind Endless is a supreme being, but the endless chaos of this era is the domain of the Divine Phoenix Realm Lord! The Divine Phoenix World Lord controls the power of the entire endless chaos, even if it is the supreme, if you want to infiltrate the power into the endless chaos, you have to pay a huge price!

Although the ancient relics are two different “chaos” from the endless chaos; however, if you want to penetrate the power into the ancient relics, you must go through the endless chaos – the Divine Phoenix Realm Lord, and you will not watch the supreme power penetrate in. !

and...

The ancient relics exclude the cultivation of the realm of all things and above! – Supreme is high above, although this rule can be broken to a certain extent, but there is also some price to pay!

That is to say, if the Supreme Being behind Wu Jun wants to infiltrate his power into the ancient world, the price he has to pay is undoubtedly extremely heavy! But... to enslave Xu Ming! In order to enslave a possible future Supreme; he decided that even if the price was heavy, he would give it up!

Chapter 1568: Supreme Power

On the edge of the endless chaos, a look of flashy eyes looked at the entire endless chaos from afar. He... is the Divine Phoenix Realm Lord!

He is also the master of this chaotic era!

The Divine Phoenix Realm Lord's gaze seemed to be a little tired and a little turbid and powerless, but it reflected the entire endless chaotic 100,000 realm!

"Alas..." Suddenly, the Divine Phoenix World Lord sighed faintly, "I joined hands with Jian Lao and other World Lords to kill the seriously injured Huang Zhizun, ending the previous era of chaos and establishing a new era of chaos... but not Thinking that Huang Zhizun's Divine Phoenix Immortality is so terrifying! Even though it has been completely beheaded by us, there is not a single particle left, and it can still be reborn..."

Divine Phoenix is the fifth level of immortality, even if it dies, it can be resurrected!

"I can't stop Huang Zhizun's Nirvana from being born again, and if he escapes, he will definitely be revengeful! So...with the entire layout of endless chaos, the '100,000 Heavens Great Array' was established!" The endless chaos in the eyes of the Divine Phoenix Realm Lord, seems to have turned into a prototype of a large formation, "I took the place of origin as the core, and then invoked the power of the origin of endless chaos to establish 100,000 'initial places', forming a large formation of 100,000 heavens! The power of the entire endless chaos, come to suppress Huang Zhizun!"

Although Huang Zhizun is strong, the power of the entire endless chaos is so stalwart! ?

Just the third-rank force of the God's Domain, the Broken Realm Island, has the territory of millions of realms! The chaotic world in the territory is more like the stars in the sky, I don't know how many billions, it is impossible to count.

The fourth-rank power Sword Song Chaos Kingdom has a territory of hundreds of millions of realms!

What's more, there are fifth-rank forces and sixth-rank forces, and the forces are even stronger!

In just one domain, there are dozens, hundreds or even more Rank 6 forces! One can imagine how huge the endless chaotic "One Hundred Thousand Domains" is!

The weight of the "100,000 Domains", the formation of the 100,000 Heavens Great Array, if used to suppress the World Lord, I am afraid that it can directly crush the World Lord! That is the existence of the Supreme Realm, able to survive under such repression.

"Unfortunately..." The Divine Phoenix Realm Lord sighed, "One hundred thousand heavens are good at defending and not good at attacking! It is more than enough to protect the endless chaos; but the power blessing I get is limited, so... I don't have enough either. Strength, enter the world of the Supremes to roam!"

"That's enough!" The Divine Phoenix Realm Lord sighed heavily again, "At least, when I activated the power of the source of endless chaos and established a great formation of 100,000 heavens, I have learned a lot, gained a lot, and my strength is also great. The improvement is not small! Even in the future... my chaotic era is shattered, at least I will protect myself in front of Huang Zhizun!"

There will be gains and losses!

Taking advantage of Huang Zhi's respect, the Divine Phoenix Realm made a sneak attack, ending the last chaotic era. Only with the realm of the Realm Master could he become the controller of endless chaos; however, he also paid the price of offending Huang Zhi!

Huang Zhizun has cultivated the Divine Phoenix Immortality. Even if the body dies and the Dao disappears, he can be reborn, and he is absolutely immortal! When encountering such an opponent, the Divine Phoenix Realm Master knew that the revenge of Supreme Phoenix would come sooner or later; he could only improve his strength as much as possible before the revenge came!

"What's more abhorrent is..." The Divine Phoenix World Lord's gaze turned to the outside of the endless chaos again.

There is nothingness.

All sounds are empty, there is nothing!

In other words, with the strength of the Divine Phoenix Realm Lord, it is still impossible to see anything!

There, is the world of the Supremes! The endless chaos, the destruction and reincarnation of countless eras, and the birth of the Supremes, most of them went to the place where all sounds are empty.

“One day, I will really go to that world!” The Divine Phoenix Realm Lord’s eyes were firm and longing. Then, he withdrew his gaze and looked at the endless chaos again, “Now, I’d better understand the magic of this endless chaos! If I can truly understand the mystery of chaos, I can also step into the supreme realm...”

In the mind of the Divine Phoenix World Lord, the evolution of endless chaos in the process of opening up a new era of chaos constantly flashed.

When the last chaotic era was destroyed, almost everything and all power returned to chaos; only a few remains of the ancient relics were left, and they were not completely destroyed.

When the Divine Phoenix Realm Master controlled the endless chaos after the shattering, soon, a mysterious yellow energy was born out of the chaos.

The original black and yellow energy has evolved into the first continent in the endless chaos! That is now... the place of origin!

Afterwards, more chaotic power continued to evolve, giving birth to everything...

“However... the evolution of endless chaos to the end, it will eventually usher in destruction!” Now is the heyday of endless chaos, but the Divine Phoenix Realm seems to have seen the destruction of endless chaos, “After the destruction, the entire endless chaos ushered in Nirvana; At that time, it will be the next era of chaos!”

Chaos, Mysterious Yellow, Great Desolation, All Things, Destruction, Nirvana!

This is a different cultivation realm!

It is also the derivation process of endless chaos!

The entire endless chaos is in such a cycle and reincarnation. There are countless eras of chaos, going round and round, forever and ever...

Regardless of whether it is the domain master, the world master, or the supreme, it is nothing more than a powerhouse born in the chaotic era!

"I really hope that this chaotic era under my control will never be destroyed!" But the Divine Phoenix Realm Master knew that this was impossible! Because...there is already a supreme being who is watching the endless chaos; he wants to end this era of chaos and open a new era of chaos.

And the Divine Phoenix Realm Master naturally wants to suppress these chaotic phenomena peeking at the endless chaos.

Suddenly, the Divine Phoenix World Lord frowned suddenly. He felt... In the world where everything is utterly empty outside the endless chaos~www.readwn.com~, a streamer is shooting towards the endless chaos, and it shoots rapidly.

"Yuan Zun! How dare you come!?" The Divine Phoenix Realm Company rushed to the direction where the other party came, and roared.

"Hahahaha...Why don't you dare to come?" Yuan Zun is the supreme being hidden in the depths of Wujun's heart! He has been here once!

Last time, Yuan Zun took advantage of the unpreparedness of the Divine Phoenix Realm Lord, and infiltrated a wisp of supreme mighty power into the endless chaos. By the time the Divine Phoenix Realm noticed the abnormality, the wisps of supreme might had long since been hidden; no matter how the Divine Phoenix Realm looked for, he could not find it.

"Humph!" The Divine Phoenix Realm snorted coldly, "Last time, you could infiltrate a wisp of supreme mighty power while I was unprepared! However, just a wisp of supreme mighty power, I don't believe that it can destroy my endless power. Chaos! This time, I have taken precautions, and you can never infiltrate any more power!"

"Oh? Is that so?" Yuan Zun sneered, "Then... what if I go straight into the endless chaos!?"

The Divine Phoenix Realm Lord couldn't believe it: "Your body, dare to enter the endless chaos!?"

Chapter 1569: Can'T Compete

"You are courting death!? You dare to enter the endless chaos!?"

The entire endless chaos has been arranged into a great formation of 100,000 heavens!

Within the bounds of endless chaos, the strength of the Divine Phoenix World Lord is no weaker than that of ordinary Supremes. Coupled with the assistance of the 100,000 Heavens Great Array, if the weak and powerful people enter, they may be in danger of falling!

"You dare to come in, from now on, there will be no Yuan Zun in the chaotic universe!" The Divine Phoenix Realm Lord shouted coldly.

"Hahahaha..." Yuan Zun laughed wildly, "Divine Phoenix Realm Lord, do you think too highly of yourself? You think that with your strength and this mere hundred thousand heavens, you can get me. Now? If you really have this ability, you won't be able to kill Huang Zhizun in hundreds of millions of epochs!"

"Humph! If you have the ability, come in and try!"

"Then give it a try!" Yuan Zun laughed loudly, "Maybe, he can conquer the endless chaos in one fell swoop and open a new era of chaos?"

boom!

Yuan Zun was burning with endless flames, as if the fire from the sky descended into the world, directly entering the border of endless chaos.

"You really dare to come in!?" The Divine Phoenix Realm glared angrily. At the same time, the power of the 100,000 Heavens Great Array was instantly activated.

All of the 100,000 primordial places emit powerful power, like 100,000 incomparably tough spider silks, entwining towards Yuan Zun. Once Yuan Zun is completely bound, I am afraid that he may not be able to escape the endless chaos.

And the exercises that Yuan Zun cultivates are different from Huang Zhizun, which cannot achieve the state of “immortality and immortality”.

Therefore, once it is truly bound, it is likely to fall into endless chaos.

“Ha!” However, the corner of Yuan Zun’s mouth evoked a contemptuous smile, “That’s it! Divine Phoenix Realm Lord, before the endless years, when I was the realm master, my strength was no weaker than you are now! What’s more, I’m in the Supreme Realm now!”

boom!

Yuan Zun directly slammed the power of the Divine Phoenix Realm Lord and the great formation of the 100,000 Heavens.

Both sides retreated in unison, and no one took the slightest advantage.

“Oh? I underestimate you!” Yuan Zun sneered, and then, hundreds of millions of power burst out from him, shooting in different directions of the endless chaos.

These billions of powers are all supreme powers!

“Want to infiltrate the supreme mighty power into the endless chaos like this? Yuan Zun, you are too naive, right?” The Divine Phoenix Realm Lord clenched his fingers, as if the power of the entire endless chaos was grasping towards Yuan Zun.

The space around Yuan Zun was completely isolated in an instant.

Hundreds of millions of supreme mighty forces were shot in all directions, and they couldn’t sneak into the endless chaos, so they were blocked.

“It’s just you, I can’t stop me from sneaking in!” Yuan Zun once again killed the Divine Phoenix Realm Lord, “If it is outside the endless chaos, just a realm lord like you, I can easily kill you! A tortoise with a shriveled head, only dares to hide in the endless chaos!”

The Divine Phoenix Realm Lord sneered: “Want to enter the endless chaos and open a new era of chaos? Want to get the Supreme Divine Weapon of the Supreme Phoenix? Die this heart!”

boom! boom! boom! boom! ...

Two terrifying forces collided constantly on the edge of endless chaos.

Fortunately, this marginal area is far away from the endless chaos of 100,000 domains. Otherwise, the power of the fighting between the two sides can easily destroy a domain, let hundreds of millions of strong people fall, and the endless chaos world will be destroyed!

At this time, a sword came from the west.

A sword light slashed out from the source land, swept through most of the endless chaos, and slashed towards Yuan Zun.

Wherever the sword light passed, countless chaotic worlds, as small as dust, were all completely destroyed under the sword light, without leaving a single particle. Those masters, saints, and chaos realms in the chaotic world have died without any reaction at all.

As for the sword light, after passing through most of the endless chaos, there was no trace of exhaustion.

This sword light made Yuan Zun couldn’t help but change his color.

“Old Sword!” Yuan Zun was horrified, “Your attack has already reached such a state; could it be... have you touched the threshold of the supreme state?”

boom! !

Although Yuan Zun had tried his best to resist, he still suffered serious injuries under this sword. Even his supreme body was damaged by nearly 10%.

Yuan Zun did not practice Divine Phoenix Immortality, but other divine body recovery techniques; this injury naturally recovered instantly.

But then, more sword lights came.

And the Divine Phoenix Realm Lord also frantically invoked the power of the entire endless chaos to suppress Xiang Yuanzun. His attack, of course, will not be the slightest mercy.

boom! boom! boom! boom! ...

Yuan Zun resisted these attacks again and again, and the Supreme Body was damaged countless times. Even the “spider silk” shot from the 100,000 primordial places almost completely entangled him.

“Humph! Divine Phoenix Realm Lord, Elder Jian, I underestimated you!” Yuan Zun didn’t dare to stay any longer, and even fled back, “But don’t be complacent! This time, it’s just my test; next time, when I enter the endless chaos again, I have the confidence to end your era of chaos!”

Yuan Zun broke through all obstacles and escaped from the boundless chaos. At this point, the attacks of the Divine Phoenix Realm Lord and Jian Lao could no longer threaten him.

“Huh” Yuan Zun couldn’t help but let out a sigh of relief, “I thought that only the Divine Phoenix Realm Lord could threaten me; I didn’t expect that Jian Lao’s strength was so strong! This time, my supreme heart has been damaged more than 20%... If you want to recover completely, I am afraid you have to pay a high price!”

The supreme heart is the life core of a supreme being! Even if two Supremes fight each other, they will rarely damage the Heart of the Supremes by more than 20%!

“But... Fortunately, I have penetrated the supreme mighty power into the endless chaos! As long as I can enslave Xu Ming, even if the supreme heart is damaged by 20%, it is worth it!”

Supreme mighty power, that is another level of power beyond the world lord. Once it successfully penetrated into the endless chaos, even the Divine Phoenix Realm Lord would be almost impossible to find it; unless... that power erupted in the endless chaos.

It's just that that supreme power has quietly sneaked into the ancient world. For the Divine Phoenix Realm, the Ancient Relic Realm was also a restricted area, and it was impossible to know what was going on in the depths of the Ancient Relic Realm.

...

How short-lived is the fight between the supreme and the world master level!

Deep in the ancient temple, near the tower of immortality.

When Xu Ming was still condensing the second "Wandao Epiphyllum", Yuan Zun's supreme power had quietly passed through most of the endless chaos and sneaked into the ancient relics; in the competition with the rules of the ancient relics, damage After a lot of time, it has come to Wu Jun.

boom! !

Wu Jun's aura changed in vain.

This was an incomparably detached aura, even Xu Ming felt insignificant before this aura. Like an ant facing the endless sky.

"You're not Wujun! Who are you!?" Xu Ming asked in horror.

Wu Jun Jie Jie laughed: "This question, you will know soon!"

And the great powers watching the battle around are also extremely terrified!

"This momentum, is it a powerhouse in the Destruction Realm? A powerhouse in the Nirvana Realm? Or a stronger domain master? Impossible! How can a cultivation base above the realm of all things enter the ancient relic realm!?"

However, the powers watching the battle are not fools. They all quickly discovered that they seemed to know something they shouldn't!

What happens when you know something you shouldn't know?

Very easy to die!

“escape!”

Immediately, many great powers no longer care about watching the battle, and they all fled! They know very well that if they continue to stay, they are likely to die!

“Want to escape?” Wu Jun's mouth curled into a wicked smile, “It's too late! You know too much!”

boom!

Wu Jun opened his hand, and an invisible barrier instantly blocked the range of hundreds of millions of worlds! The great powers who fled in all directions suddenly hit the glass like flies, and no one escaped.

At this time, Wu Jun looked at Xu Ming again, and the victory was in his hands: “Are you still struggling?”

The “Wandao Epiphyllum” in Xu Ming's hands has already been condensed.

“Go!” Xu Ming directly shot “Wandao Epiphyllum” out of Wujun at this time, although the momentum was extremely terrifying; but in Xu Ming's opinion, it may not be able to stop “Wandao Epiphyllum”!

“Innocence!” Under the addition of the mighty Supreme Power, Wu Jun sneered and stretched out his hand to pinch this “Wandao Epiphyllum”.

Bang!

The terrifying “Wandao Epiphyllum”, in Wu Jun’s hands, turned into a beautiful flame and dissipated.

“What!?” Xu Ming was extremely shocked.

You must know that he exerted his “Wandao Epiphany” with all his strength, but he could threaten the low level of the Destruction Realm! Wu Jun can directly ignore this move, I am afraid that his strength is at least “high-level destruction realm”!

Destruction Realm Advanced...

With such a difference in strength, Xu Ming could no longer have the slightest sense of confrontation!

Xu Ming has just stepped into the cultivation base of the Great Desolate Realm! Even if it is open, the strength is close to the high-level of the realm of all things; but it is still far from the high-level of the destruction realm!

What’s more... Wu Jun’s current strength is likely to be more than the advanced level of Destruction Realm!

In short, in any case, it is not something that Xu Ming can compete with! Unless... Xu Ming’s luck is so good that it instantly triggers the instant kill effect of “life and death”!

It’s just... Xu Ming’s luck will be so good? Will Wu Jun’s luck be so bad?

It’s hard!

“Escape!” Xu Ming didn’t hesitate, he first pulled the distance between himself and Wu Jun.

Chapter 1570: The Long River Of Time Against The Current (Part 1)

escape!

While Xu Ming fled, he opened the “infinite clone” without hesitation.

In the current situation, if Xu Ming has any chance of defeating Wujun, he can only rely on the effects of “infinite clone” and “life and death”! – A large number of clones attacked Wujun frantically, as long as the “Life and Death” spike effect was triggered, Wujun would still die.

call out! call out! call out! call out! ...

In an instant, Xu Ming transformed into ten avatars; each avatar attacked Wujun at the fastest speed – not the power of the attack, but the speed of the attack!

“Huh? There are means?” Wu Jun, or Yuan Zun behind Wu Jun, couldn’t help but be a little surprised, “This is an avatar?—No! The avatar can’t be this strong! This is...a avatar!”

Incarnation is mainly the effect of confusion; even if it has attack power, it will not be strong!

And Xu Ming’s current method is obviously avatar, which does not belong to the category of avatar.

“Ten avatars are transformed in an instant? Even me, I have rarely seen such a method! Xu Ming, it seems... you have more hidden secrets than I imagined!” The one who spoke at this time was obviously not Wu Jun, but Yuan Zun behind Wu Jun, “But it doesn’t matter, as long as I enslave you; I know all your secrets!”

Yuan Zun paid a heavy price and infiltrated a lot of supreme power into the ancient relics. He obviously did not think that Xu Ming could still escape from his men.

Xu Ming ignored the opponent’s provocation and just ran away. And his ten clones continued to attack violently.

Soon, ten clones split into twenty clones.

“Huh!?” This time, Yuan Zun was really shocked.

You must know that even at the supreme level, very few people can display such secret skills.

But at this time, Yuan Zun was not in a hurry to attack. He wanted to see if Xu Ming would split into more clones.

Sure enough, it didn't take long for Xu Ming's twenty avatars to become forty avatars.

Forty clones turned into eighty clones.

"This... what secret technique is this? Incredible!" Yuan Zun was shocked.

"Death!" Xu Ming did not hesitate to expose his "infinite clone", naturally he wanted to trigger the effect of "life and death" and kill Wu Jun in seconds. It's just... Even though the eighty clones attacked frantically, the extremely low probability of "life and death" was not triggered.

Although Yuan Zun wanted to continue to see if Xu Ming's clones would continue to increase, he was also worried that Xu Ming would have other means and escape, so he ordered Wu Jun to take action immediately.

boom! !

Wu Jun's giant axe instantly turned into eighty axe shadows. The giant axe slashed, and Xu Ming's 80 clones were all annihilated! -Under the blessing of the Supreme Power, Wu Jun's current strength is too strong, and it is not something that Xu Ming can resist!

"What!?" Xu Ming was stunned. He didn't expect that his eighty avatars would not be able to resist even for a moment!

"The number of avatars is still not enough!" Xu Ming secretly said, "If Wujun shoots a moment later, maybe the situation will be completely different!"

You must know that the number of Xu Ming's clones has soared exponentially!

Eighty clones will soon be split into 160, 320, 640, thousands, tens of thousands, hundreds of thousands...

If Wu Jun shot a little bit later, Xu Ming's clones would already be in the thousands! At that time, even if Wu Jun was blessed with supreme mighty power and his strength was monstrous, it would be impossible to kill all Xu Ming's clones in an instant; and Xu Ming could continue to make the number of clones snowball!

Just imagine, if there are hundreds of thousands of clones besieging Wujun together, I am afraid that it is very easy to trigger the "life and death" hanging, and kill Wujun in seconds!

It's a pity... Wu Jun, or Yuan Zun, is very alert! Don't give Xu Ming's avatars more opportunities to continue to grow!

Fortunately, Xu Ming had already fled to the edge of the blockade at this time.

"Break it for me!" Xu Ming's spear blasted out angrily, directly breaking into the barrier.

However...

boom! !

The enchantment remained unmoved. But Xu Ming was directly shocked back.

"What!?" Xu Ming was shocked and hopeless – he couldn't break the barrier, he really had no choice!

"Could it be... to commit suicide by self-destruction, and then rely on the 'immortal mark' to revive?"

For Xu Ming now, suicide seems to be the best option; after all, there is almost no possibility for him to escape from Wu Jun! And if he commits suicide, at least he won't give Wujun the chance to enslave himself.

However... if he commits suicide by self-destruction, many treasures on Xu Ming's body will be gone! Only hang points, you won't lose much!

“Huh?” Suddenly, Xu Ming made a new discovery – Wu Jun’s enchantment, which encapsulated part of the long river of time.

“If I enter the river of time...” Xu Ming’s eyes lit up, “I don’t believe it, Wujun can even block the river of time!”

After entering the long river of time, Xu Ming has no way of knowing what will happen. However, Xu Ming had planned to enter the long river of time; entering now is nothing more than entering a little earlier!

“Then find a way to escape to the long river of time!” Xu Ming made up his mind instantly.

“Xu Ming, stop struggling!” Wu Jun directly attacked Xu Ming. This time, he did not use the giant axe, but directly captured Xu Ming; after all, Yuan Zun paid such a high price, not to kill Xu Ming, but to enslave Xu Ming!

boom-

Wu Jun’s huge palm was held directly towards Xu Ming; even the space around Xu Ming seemed to be squashed.

Swish! Swish! Swish! Swish! ...

Xu Ming opened the “infinite avatar” hook again, and transformed into ten avatars again to resist Xiang Wujun’s palm. As for Xu Ming’s deity, he used “coordinate teleportation”—although it could not be teleported outside the barrier, it could be teleported to other coordinate points left inside the barrier!

And Xu Ming, without hesitation, teleported to the coordinate point closest to the long river of time!

boom!

Xu Ming’s ten clones were instantly crushed. Fortunately, Xu Ming’s deity has successfully used “coordinate teleportation” to avoid Wu Jun’s attack.

“Huh!?” Wu Jun couldn’t believe it, “The space has already been suppressed by my palm, why is Xu Ming still able to teleport? And... the teleport can’t have such a long distance!”

Wu Jun thought that Xu Ming’s move was teleportation. But I don’t know that the principles of “coordinate transmission” and “teleportation” are completely different.

Teleportation, depends on the order of time and space. However, coordinate transmission depends on the maintenance between two coordinate points!

As long as the maintenance of the two coordinate points is not isolated, the “coordinate teleportation” can be used.

“Not good!” Immediately afterwards, Wu Jun and Yuan Zun behind him realized that Xu Ming wanted to escape into the long river of time!

“Don’t think about it!!” Wu Jun turned around and attacked Xu Ming again.

In terms of speed, Wu Jun is much faster than Xu Ming!

Fortunately, Xu Ming and Wu Jun were a little farther apart at this time. Without hesitation, Xu Ming opened the “infinite clone” link again.

Swish! Swish! Swish! Swish! ...

The ten clones appeared again in illusion, and attacked Wujun frantically. The clones were quickly divided into two and four...

“What exactly is this avatar secret skill? If I can get this secret skill, I’m afraid of other supreme beings!?”

boom-

Wu Jun quickly pressed towards Xu Ming’s deity.

And Xu Ming's clone was slapped off by him.

Xu Ming continued to use the “infinite clone” without hesitation—although it was almost impossible to threaten Wu Jun, it also played a role in hindering him.

And Xu Ming, the fight is time!

As long as he escapes into the long river of time before Wu Jun catches up with him, he should be fine! If Wu Jun also catches up with the long river of time then if Xu Ming really can't do anything about it, it is estimated that he will consider suicide by suicide.

boom! boom! boom! boom! ...

Wu Jun was like a broken bamboo, breaking through the obstacles of Xu Ming's clone time and time again.

And Xu Ming, on the other hand, used “Infinite Clone” again and again to continue to hinder.

Finally, Xu Ming reached the edge of the long river of time. The time and space here is extremely distorted, and Xu Ming's eyes are full of illusions, as if he has seen countless past and future.

However... Wu Jun was already very close to Xu Ming at this time.

“Go in!” Xu Ming didn't hesitate, and walked straight to the long river of time.

However, just when Xu Ming stepped into the river of time with one foot and the other half of his body was still outside the river of time... Wu Jun's secret slavery skills had already touched Xu Ming's divine body!
