

A World 1581

Chapter 1581: May Have Awakened A False Life

The Sea God Essence Liquid is the treasure of cultivation in the Chaos Realm stage.

Refining and absorbing the seagod essence liquid for three days and three nights, although it is not enough to step from the first-order Chaos Realm to the second-order Chaos Realm; but in any case, the cultivation base should be slightly improved! What's more, Xu Peng's fate is a seventh-grade earth-level, and when he cultivates, he can get twice the result with half the effort!

“Could it be that my method of cultivation is wrong?” Xu Peng couldn't help but wonder, “But... I've never heard anyone say that there is a wrong way to refine the Sea God's Essence Liquid...”

Refining and absorbing the Sea God Essence Liquid is as simple as drinking water! After drinking it, your cultivation will naturally improve!

“Maybe I'm too impatient! The improvement of cultivation is not something that can be accomplished overnight!”

Thinking of this, Xu Peng calmed down again and continued to practice.

...

This practice is one year.

Under Xu Peng's continuous refining day and night, in just one year, he actually finished refining all the Seagod's Primordial Liquid.

“Is it gone?” Xu Peng's expression was stunned, “Didn't my father say that these sea **** essence liquids are enough for me to raise my cultivation to the third-order Chaos Realm? Why...my cultivation is still the first-order Chaos Realm. And it's standing still, without the slightest progress...”

This is simply unheard of.

“Go ask your father!” Xu Peng was puzzled, so he got up and asked his father.

“Huh?” Xu Tianfeng couldn’t help but be surprised when he saw Xu Peng, “Aren’t you practicing in seclusion? Why did you get out so quickly?”

“Father, I have finished refining all the Seagod Essence!” Xu Peng said.

“What!?” Xu Tianfeng was stunned for a moment, “It’s all finished refining? So fast!? Raising one’s cultivation base should be done one step at a time! Especially when relying on foreign substances such as Sea God Essence Liquid to improve one’s cultivation base, it is even more If you want to improve a little, then consolidate a little; keep improving, keep consolidating! How can you be like you, swallowing all the jujubes and refining all the seagod essence at once? If you are like this, the foundation will be unstable!”

Xu Peng said: “Of course I know, we have to take one step at a time! If you improve your cultivation a little bit, you should consolidate it a little bit!”

“Since you know, you still...” Xu Tianfeng couldn’t help but stare.

“But the problem is...” Xu Peng looked embarrassed, “My cultivation has not improved at all!”

“No improvement at all!?” Xu Tianfeng seemed to have three words written on his face: Are you kidding me?

“How could it not improve at all!?” Xu Tianfeng continued, “Show your cultivation base and show it to me!”

Xu Peng took the initiative to reveal his cultivation base. Indeed, there is no accident, it is the first-order cultivation of Chaos Realm; moreover, in terms of momentum, it has not improved in the slightest compared to before refining the Sea God’s Primordial Liquid.

“That’s weird!” Xu Tianfeng couldn’t understand it either, “There is no skill in refining the Seagod’s Primordial Liquid; as long as you refine it, you can improve your cultivation level! It’s nothing more than... If your fate is good, you will improve faster; if your fate is poor Yes, the

improvement is a little slower! Even if it is a first-grade earth-level fate, after refining so much seagod essence, it can at least be promoted to the second or even third-order Chaos Realm, not to mention you?”

Xu Peng was also helpless and puzzled.

“Unless...” Xu Tianfeng said again, “Unless it is someone with a very poor human-level fate, then it is possible to absorb so much seagod’s essence, but the cultivation level has not improved! But your fate...”

“My destiny is the seventh grade of the earth!” Xu Peng continued, even summoning his own destiny.

The yellow destiny has seven halos inside, and it is undoubtedly the “Earth Grade Seven”.

“I may have awakened a false fate...” Xu Peng couldn’t help thinking.

Although Xu Tianfeng didn’t say anything, the eyes he looked at this fate were full of doubts.

...

The initiator of this matter, Xu Ming, naturally did not care about Xu Peng’s current situation at all.

For Xu Ming, the small Xu clan could not be his stage at all. He wants to improve his strength at the fastest speed and go to the ancient temple.

Xu Ming had a vague hunch that the meaning of his return to this chaotic era should be waiting for him to reveal it in the Primordial Temple. Moreover, after arriving at the Primordial Temple, you should also be able to see Huang Zhizun.

“Increase your strength! Improve your strength!” Xu Ming said silently in his heart.

The easiest way to improve your strength is to use the “Attribute Modification” link to directly modify your cultivation.

However, if you want to modify your cultivation base higher, you will need more hanging points! Even if Xu Ming exhausted all the hanging points on his body, it is estimated that he can only modify his cultivation to the level of the Great Desolate Realm!

“Don’t be in a hurry to revise! And... After I raised my cultivation base in this chaotic era, when I return to the ‘future’, I wonder if my cultivation base will drop again!”

This is what Xu Ming is most worried about.

In case... now that the hang point is exhausted, the cultivation base is directly modified; when he returns to the “future”, the cultivation base drops again, doesn’t Xu Ming have to cry without tears? At that time, there is no cultivation base, and no hanging point!

It is equivalent to having to “start from scratch” for everything! It was really a night back before liberation!

Suddenly, Xu Ming was a little confused and didn’t know what to do in this shattered era of chaos.

“Um?”

Suddenly, Xu Ming had an epiphany and grasped the key point!

What is the essential difference between this shattered era of chaos and the endless chaos that Xu Ming really lived in?

Have!

That is... Xu Ming came here just now because of the long river of time against the current!

If he can enter the long river of time again and go back to the future along the long river of time, then it is very likely that he will return to the original time point; or, he will return to a place not far from the original time point!

What does that mean? In other words, the time Xu Ming spent in this shattered era of chaos was not real!

It is very likely that Xu Ming has spent hundreds of millions of years here; in the endless chaos, only one year has passed!

“I understand!”

Xu Ming suddenly realized!

He came to this shattered era of chaosThe biggest gain is... time!

“Here, I have a lot of time and can do a lot of things! The improved cultivation may not be able to be brought to the ‘future’, but... the hanging points I earn here can definitely be brought to the future!”

What is the hang point?

For Xu Ming, the hanging point is strength!

“In this era of chaos, I have time to collect hanging points! As long as I collect enough hanging points, then, when I return to the endless chaos, I can directly modify the cultivation base!”

Xu Ming’s goal is very clear to earn points!

“The Xu clan, although the strong are like clouds, is by no means a good place to earn points! If you want to earn points, I should go to... Yuxin City!”

Domain Heart City, the central city of a domain.

Fortunately, the location of the Xu clan was not very far from Yuxincheng.

Chapter 1582: Yun’S

When Xu Ming left the clan, he only brought his maid, Yun Tian.

When the elders in the clan saw Xu Ming going out, no one stopped him.

After all, it is normal to go shopping in Yuxin City, and no one will be suspicious. Moreover, in the eyes of the senior clan, Xu Ming is only a first-order chaotic realm, and in the holy realm of destiny, he is like an ant; even if the clan drives him away, he will not leave!

...

Xu Ming identified the direction and flew all the way on the vast continent.

Yuxincheng is actually equivalent to the “initial place” in the endless chaos. As the central city of a domain, the one who controls the domain city is naturally the powerhouse of the domain master!

In Yuxin City, there are countless forces, big and small, among them, there are no lack of fifth-grade powers and sixth-grade powers.

“What I have now is time! I hope... in Yuxin City, I can earn enough Chaos Origin Crystals!” Xu Ming secretly said.

Chaos Origin Stone is mainly used in Chaos Realm, Xuanhuang Realm, and Great Desolation Realm; while Chaos Origin Crystal is mainly used in All Things Realm, Destruction Realm, and Nirvana Realm!

The most important thing Xu Ming lacked right now was time. As long as he was willing to put in the effort to manage his business, he could earn a lot of Chaos Origin Crystal even if he did a “small business” slowly.

Of course, Xu Ming will definitely not be willing to do “small business”! After all, the Chaos Origin Crystal he wants to earn will never be a small amount, but an... astronomical amount!

“Yun Tian!” Xu Ming chatted while flying leisurely, “Do you have any ideas for the future?”

Although Yun Tian’s identity is Xu Ming’s maid, but to be honest, Xu Ming doesn’t need any servants or servants.

What is rare is that Yun Tian is loyal to herself; therefore, Xu Ming doesn't mind, let her regain her freedom and live the life she wants to live.

"Thinking?" Yun Tian shook her head dazedly, "Young Master, I have no idea; it would be pretty good if days like this could go on forever! It's just..."

Having said that, Yun Tian suddenly couldn't speak anymore. She already felt that it would be very difficult to keep the current situation going on forever... After all, Xu Ming's fate is really bad! It is also because of the poor fate that even many servants have been snatched away by others.

Yun Tian even had a hunch that she might be robbed by others in the Xu clan.

"Haha!" Xu Ming could clearly see what Yun Tian was thinking, and couldn't help laughing, "I will take you to Yuxincheng this time, but I actually have the idea of placing you in Yuxincheng! When that happens, I will set you free. , you are no longer a servant!"

No longer a slave?

Yun Tian's eyes brightened in vain, and there was a flash of heartbeat. But then, her eyes dimmed.

"Young Master, I'll continue to follow you and be your maid!" Although Yun Tian knew that if she missed this opportunity, she might not have the chance to regain her freedom in the future; although Yun Tian was worried, she might not be able to recover in the future. More and more sad! But... she still made such a choice.

"Oh?" Xu Ming couldn't help feeling even more surprised at Yun Tian.

Yun Tian smiled sadly and said, "The Yun clan has long since been shattered! Others in the clan don't know if they are alive or dead... Even if I regain my freedom, I can only be alone! If that's the case, it's better to stay by your side!"

"Okay..." Xu Ming could understand Yun Tian's thoughts.

"Um?"

As he was walking, suddenly, Xu Ming frowned suddenly.

“Someone ambushing me?”

This made Xu Ming a little surprised.

In the Destiny Sacred Realm, robbery is quite rare. After all, the “land of one domain” in the holy world of destiny is much smaller than the “land of one domain” in the endless chaos; in the holy world of destiny, no matter where and what happens, it is relatively easy to detect.

In particular, members of a certain clan will hardly be robbed! Because in general, there are not many treasures to rob, and it is very likely that the clan will find out that the profit of robbery is too low and the risk is too high, so naturally few people do it!

If it wasn't a robbery, why would they deliberately lie in ambush?

“Could it be... someone sent by Xu Tianfeng!?” Xu Ming's eyes turned cold.

But then, Xu Ming also felt that it was unlikely. After all, the immemorial talisman and Xu Ming were integrated into one, and there was no way to grab it; if it could be grabbed, Xu Tianfeng and other clan elders would have already done it.

“Who would that be?” Xu Ming was a little curious, but he didn't care, and continued to fly forward.

After all, although Xu Ming seems to be the first-order cultivation of Chaos Realm, but if it really explodes, his strength is comparable to the Realm of Everything!

And those who were sneaking in ambush, to Xu Ming, it was like the strength of a few ants! Just think, when you find yourself ambushed by a few ants, will you take a detour, or will you continue to move forward?

Of course keep going!

If the ants know each other, forget about it! If you don't know what you are looking for, just step on it to death!

call out

Xu Ming and Yun Tian, two figures crossed the void.

Sudden...

boom! boom! boom! boom! ...

Six figures rushed out from all directions of Xu Ming, surrounding Xu Ming in the middle.

"What's wrong!?" Yun Tian panicked.

However, when she saw the faces of these six figures, she was stunned.

"Cousin Yunshu! Yunchi! Yun Ziqiu..." Yun Tian called out six names in a row, "What about you?"

"Cousin, we finally found a chance to save you!" Yun Shu, a handsome young man, said excitedly, "Actually, we have already found out that you are a slave in the Xu family! It's just that you never leave. The Xu clan, and we don't have the ability to go in and save you!"

These six people are only cultivation bases in the Chaos Realm, and naturally they have no strength to enter the Xu Clan. As for the "redeemer"... the price to be paid is not something that a few Chaos Realms can afford.

"It's good now! We can finally save you back!" When Yun Shu spoke, he ignored Xu Ming. Yun Shu was still a little capable. Through Xu's ear thread, he already knew that Xu Ming had awakened to a "human-level first-rank". "The **** fate.

Fate is so rubbish I am afraid it is difficult to break through to the second-order Chaos Realm; Yun Shu will naturally not take Xu Ming in his eyes.

“Come here, cousin!” When Yun Shu spoke, he looked at Xu Ming with warning eyes.

“This...” Yun Tian hesitated for a moment, then shook her head resolutely, “Cousin, I had a good time in the Xu family, and I want to stay by Mr. Xu Ming’s side!”

“Oh?” Xu Ming glanced at Yun Tian in surprise.

“Huh!?” Yun Shu’s expression changed, and he shouted, “Cousin, what are you doing so stupid!? No matter how good you are in the Xu family, you are still a slave and a maid! Besides, even this Xu Ming is still in the Xu family. You can’t get along, can you? How can you live well with him!?”

Yun Ziqiu said directly: “Yun Shu, you don’t need to say so much, just take my cousin back and talk about it!”

“Too!”

boom! boom! boom!

The six figures all slaughtered towards Xu Ming.

Chapter 1583: Tianxinjie

Rob?

Xu Ming’s face suddenly sank.

Originally, Xu Ming was happy to see Yun Tian reunited with the Yun clan. However, Yun Shu, Yun Ziqiu and the others chose to grab it by force, which is another matter!

This is a challenge to Xu Ming Chi Guoguo!

“Get out of the way!” Xu Ming formed a claw with one hand, condensed into a huge slap in the void, and slapped directly towards Yun Shu and the other six.

“A man’s arm is a car!” Yun Shu and the other six had already heard that Xu Ming was a first-rank human-level rubbish, so they didn’t take Xu Ming’s strength in their eyes at all; they saw that Xu Ming still dared to resist, and immediately There was contempt on his face.

Especially when they saw that Xu Ming slapped the six of them at the same time, they couldn’t help laughing.

“I have seen ignorance! I have never seen such ignorance!”

“The **** fate of a first-rank human being is so arrogant!”

However, when Xu Ming’s slap approached, the expressions of Yun Shu and the others suddenly changed! They felt that the surrounding space was frozen, and their divine bodies seemed to be frozen in an instant, and it was difficult to even move their fingers!

Immediately after...

Snapped! Snapped! Snapped! Snapped! Snapped! Snapped!

Yun Shu, Yun Ziqiu and other six figures all flew back upside down.

“what!?”

“This...”

Yun Shu and the others couldn’t believe it.

They couldn’t understand why Xu Ming, who had just awakened the first-rank human-level fate, should only be at the first-rank of Chaos Realm, why he was so strong! ?

You must know that although the Yun Shu six are only in the Chaos Realm, they are all high-level Chaos Realm! Six high-order Chaos Realm, being slapped by a Chaos Realm first-order?

“This...” Yun Tian’s expression suddenly froze there. She was about to persuade Yun Shu and the others to stop, but before she could say the words of persuasion, Yun Shu and the others were all swept away...

“Young Master!” Yun Tian immediately reacted and pleaded, “Be merciful!”

“Don’t worry, I won’t kill them!” Xu Ming said lightly – although these six people wanted to rob Yun Tian, they had no intention of killing themselves, so Xu Ming didn’t kill them either! Otherwise, if Xu Ming had murderous intentions, these six people would have been slapped to the point of not even scum!

When Yun Shu and Yun Ziqiu stood up again, their gazes towards Xu Ming were full of fear and fear—doesn’t it mean that Xu Ming is a waste of human-level first-rank fate? Where does this look like trash?

I’m afraid, Xu Ming’s strength may have reached the Xuanhuang realm, right?

It’s only been over a year since he awakened his destiny, and his strength has reached the Xuanhuang realm? —Even if it is an Earth-level ninth-grade fate, it is difficult to achieve, right?

Yun Shu, Yun Ziqiu and others were both in awe of Xu Ming and at the same time puzzled.

“Come here!” Xu Ming beckoned.

Yun Shu and the other six walked to Xu Ming with some trepidation.

However, Xu Ming walked aside and said, “It’s rare for you brothers and sisters to meet again, let’s have a good chat!”

...

It turned out that after the collapse of the Yun clan, more than fifty remaining clansmen gathered together and lived in Yuxin City.

Most of these more than fifty clansmen only have the cultivation base of Chaos Realm; the strongest is only Xuanhuang Realm!

While they secretly took root in Yuxin City, they tried every means to find the lost clansmen and wanted to rebuild the Yun clan!

“You all live in Yuxin City?” Xu Ming asked.

“Yes!” Yun Shu’s attitude towards Xu Ming at this time was naturally very respectful; when he saw Xu Ming’s question, he quickly replied, “Our Yun clan was once famous for its alchemy ‘Pantianyu’. Although the clan is now in decline, some of the techniques of alchemy have been passed down; with this skill, it is barely able to gain a foothold in Yuxin City!”

Pan Tianyu was the name of the realm where Xu Ming was now.

“Yeah!” Xu Ming nodded slightly, “Having mastered the method of alchemy, it is indeed not difficult to gain a foothold!”

Elixir, no matter what realm it reaches, is a necessity for cultivation. Ordinary cultivators would always keep medicinal pills with them; only someone as extravagant as Xu Ming would always use treasures such as Divine Phoenix flesh and blood, and even Divine Phoenix essence, which were more precious than medicinal pills, to cultivate.

“Are you familiar with Yuxincheng?” Xu Ming asked again.

“It’s okay...” Yun Shu didn’t dare to brag about Haikou, and answered honestly, “After all, I have lived in Yuxin City for a long time!”

“Alright then, take us to Yuxin City!” Xu Ming said directly.

“Yes!” Yun Shu even said.

Xu Ming walked with Yun Shu and others to Yuxin City.

On the way, Xu Ming was also quietly observing Yun Shu and others.

“Whether it’s the Xu family or Pan Tianyu, I will leave after all!” Xu Ming secretly said, “If the Yun family is reliable, I will leave Yun Tian in the Yun family!”

Soon, Xu Ming entered Yuxin City under the leadership of Yun Shu and others.

The residence of the Yun clan people in Yuxin City is relatively remote; although they operate medicinal herbs, they have no facade.

“Oh?” Xu Ming couldn’t help but be a little curious, “In a place like this, someone came to buy medicine pills?”

Yun Shu replied: “It’s mainly for sale in the ‘Tianxin Realm’!”

“Heavenly Heart Realm?” A memory emerged in Xu Ming’s mind.

The Heavenly Heart Realm is very similar to the “Virtual Heaven Realm” of the Divine Realm, both of which are similar to the “Virtual World” interface.

Of course, the Heavenly Heart Realm is much more advanced than the Virtual Heaven Realm!

In the realm of the gods, if you want to enter the virtual world, you have to rely on a huge formation; and to enter the world of the heart, you only need a very simple treasure!

Moreover, the scope of Tianxin Realm is naturally much wider, directly covering this entire era of chaos!

“In the endless chaos, there is no such huge virtual world as Tianxinjie!” Xu Ming didn’t know why there was not – it may be that the structure of the endless chaos is different, the layout of “one hundred thousand heavens” makes the endless chaos than this shattered chaos. The times are a million times wider! It is also possible that the strength of the Divine Phoenix World Lord is far less than that of the Supreme Phoenix, so it cannot be arranged.

“In Tianxin Realm, you can sell treasures and earn points!” Xu Ming actually thought about selling treasures in Tianxin Realm. But... there are also many problems! ”

The first problem is... the trading model in Tianxin Realm is still very backward, and it is not necessarily safe!

For example, Yunshi now sells medicinal pills, and they all hang the medicinal pill information in the trading area, waiting for the buyer to contact; then, they will arrange a time and place to conduct the transaction!

The medicinal pills sold by Yun's are not very valuable, so when they are traded, no one robs them! However, once the things sold are more precious, it is difficult to say...

And Xu Ming, if he wanted to sell treasures in the Heavenly Heart Realm, he would definitely not be able to sell anything cheap; in this way, he would be very likely to be robbed by force!

Although Xu Ming is not afraid of robbery, but... if every transaction is to fight, then Xu Ming might as well stop selling any treasures and change his career to become a robber!

"If you want to sell treasures in Tianxin Realm to make money, unless... completely change the current trading model of Tianxin Realm!" Xu Ming shook his head secretly.

Chapter 1584: The Idea Of Accumulating Money

Completely change the current trading model of Tianxinjie?

Xu Ming seemed to have a sudden flash of inspiration and thought of something.

But at this time, all the Yun clansmen rushed out, disrupting his thinking.

"Yun Tian?"

"Is Yun Tian back?"

"Great..."

Almost all the remaining members of the Yun clan are here, so naturally there is no need to intrigue. Seeing that Yun Tian came back, all the Yun clansmen were very happy.

As for treating Xu Ming...

Because the Yun clan also heard that Xu Ming is good to Yun Tian; in addition, Xu Ming is suspected to have the strength of the Xuanhuang realm—the strongest expert of the Yun clan is only the Xuanhuang realm; therefore, they treat Xu Ming, still very warm and polite.

That night.

A banquet was held among the Yun clan to entertain Xu Ming, and to wash away the dust for Yun Tian.

After three rounds of drinking, Yun Luohe, the current patriarch of the Yun clan, suddenly raised a glass to Xu Ming and said with a smile, “Thank you Brother Xu for taking care of Yun Tian!

The banquet suddenly fell silent.

Obviously, everyone had already guessed that what Yun Luohe wanted to mention next was to make Xu Ming keep Yun Tian here.

Xu Ming said with a smile: “Patriarch Yun doesn’t need to say more! Whether Yun Tian is willing to stay or not depends on Yun Tian’s own intentions, and second... I also want to see if you Yun’s treat her well! If not, even if Yun Tian is willing to stay, then I may not be willing!”

After all, Yun Tian is loyal to herself, so at this time, Xu Ming is still willing to support Yun Tian! After all, Xu Ming didn’t know if Yun’s would be nice to Yun Tian.

“Hahaha...” Yun Luohe said with a smile, “On this point, Brother Xu, please don’t worry! During this time, Brother Xu can also stay here and see our Yun’s attitude!”

“Yeah!” Xu Ming and Yun Luohe beside him touched a cup and drank it all.

The banquet continues.

As the “host and guest”, Xu Ming sat beside the “host” Yunluohe.

At this time, Yun Luohe said in a low voice: “Brother Xu, to be honest, I really can’t see through your strength! I heard that your awakened destiny is...”

“Human-level first-rank, right?” Xu Ming said with a smile.

“That’s right!” Yun Luohe continued to transmit his voice, “This is exactly what I am puzzled about! Your awakened destiny is a human-level first-rank, but why is your strength...”

“Haha!” Xu Ming smiled without saying a word.

Yun Luohe thought to himself: “It seems... this Xu Ming also has a good chance!”

...

The next day, Xu Ming asked Yun Shu to help buy a piece of “Heaven’s Heart Order”.

The Heavenly Heart Order is a treasure that connects the Heavenly Heart Realm; as long as it is refined, the spiritual power can enter the Heavenly Heart Realm.

Whoa!

Entering Tianxin Realm, Xu Ming found himself in an elegant room. There is a small table in front of you, and the fragrance of tea.

On the small table, there are also four simple books, which are written on the covers: Seeking the Way, Discussing the Way, Yibao, and Xianshu.

“Oh?” Xu Ming opened the book “Yibao”.

This is a wordless book.

But the moment Xu Ming opened it, countless pieces of “purchasing” and “selling treasure” messages appeared in front of him. Moreover, this information can be categorized and divided into different domains.

However... Xu Ming looked straight and shook his head.

“Too rough!”

The treasures of these transactions cannot guarantee the quality or value, and can only rely on their own eyesight when trading! Moreover, the security of transactions is also a big issue.

“If I want to rely on Yibao in the Tianxin world to earn hanging points, then I have to find a way to find a feasible trading model...” Xu Ming remembered what he thought of yesterday when he had a flash of light – “a certain person on earth” Treasure Network”, “Some East Network”!

“If... I was in Tianxin Realm and built a trading platform similar to ‘Some Treasure Network’ and ‘Some East Network’, then... the speed of making money would be much more terrifying than selling treasures myself!” Xu Ming thought to himself.

It will definitely take a lot of time and effort to build such a trading platform! And just so, what Xu Ming doesn’t lack right now...is time and energy.

Once established successfully, Xu Ming’s speed of accumulating wealth will be outrageous!

“This kind of thing, I can only think about it for the time being!” Xu Ming laughed at himself.

Then, Xu Ming closed the book “Yi Bao” and opened the book “Seeking the Way”.

In the book “Seeking the Way”, there are all powerful people who ask questions about cultivation; from the realm of chaos to the realm of Nirvana, there are all levels.

As for the powerhouses above the Domain Lord Realm, none of them appeared here! After all, domain masters and above, even in this chaotic era, are already top-notch; if they want to “seek the

Tao”, it is estimated that they will go directly to seek the existence of the masters of the world, and will not come to places like Tianxinjie.

In the area of “seeking the Tao”, there are many seekers, but there are not many “teaching the Tao and dispelling doubts”.

After all, in the world of Tianxin, even if you help others solve their doubts, you will not get any benefit. Therefore, only when the great masters are in a good mood will they occasionally help people to teach and solve their doubts; moreover, even if they solve their doubts, the solution is right or wrong, and how much they can comprehend depends on luck.

“I have the ‘Supreme Dao Guidance System’. It is very easy to help people solve their doubts!” Xu Ming secretly said.

As soon as the “Zhi Dao Guidance System” is activated, let alone clarifying doubts, it is not a problem to directly help people guide people to the broad path of cultivation!

However... to open the “Zhi Dao Guidance System”, it is necessary to hang up! Xu Ming is not very willing to do this kind of thing to help seekers for free!

“If you think of a way, there may be a way to make money in this ‘seeking area’...”

The reason why Xu Ming entered the Tianxin Realm was to figure out how to make money!

After seeing the “Yibao” area and the “Seeking Dao” area, Xu Ming had some clues! As for whether to do this, Xu Ming had to think carefully before making a decision.

In short, in any case, Xu Ming’s first task in this shattered era of chaos is to earn as many hanging points as possible!

“I’m in a good mood today, just point out someone!” Xu Ming searched for a seeker within the range of Pan Tianyu.

...

At this moment, Yun Chi quietly left and sneaked into a pharmacy in Yuxin City. Oh? Is it a cloud ruler? “An elder in the pharmacy said with a half-smile, “What? What’s going on among the few remaining rabble of your Yun Sect? ”

Yun Chi said solemnly, “Yun Tian has been found!”

“Huh!?” The elder stood up abruptly, “Yun Tian? – That’s what you said, Yun Tian who probably knows the location of the treasure left by your Yun family?”

“Yes!” Yun Chi nodded.

“It’s interesting!” The elder said with a sneer, “You Yun clan were once a clan that had the power of all things! Even if it is gone now, the treasures left behind are definitely not a small amount! – Except for you, you Yun Shi, but who else knows Yun Tian’s secret?”

Yun Chi smiled strangely and said, “Now, only I know, and the rest of the Yun family don’t know about it! But... if I have any accident, then not only the Yun family will know about it...”

Since Yun Chi dared to come to such a place, he naturally left behind.

Chapter 1585: Put Your Head Over

Xu Ming was naturally unaware of what Yun Chi had done.

However, even if he knew, he would not take it to heart. After all, Xu Ming has the “power of eternity” hanging on it, and his real strength is comparable to the realm of all things; and with regard to the cultivation of Yunchi, the people he can contact, I am afraid that if they die, they will be in the Xuanhuang realm. How could Xu Ming let go? on the heart.

At this time, Xu Ming was in the “seeking area” of Tianxin Realm, looking for seekers.

In the Taoist area, there are as many Taoist seekers from the Pantianyu area as the crucian carp crossing the river. Although it is said that the probability of the seekers getting guidance is not high; however, the probability is not high, so there is a probability that there is a chance, what if they are lucky enough to get guidance?

Xu Ming browsed aimlessly.

“This? His marksmanship is good, but this man is too murderous! Not good, not good!”

“This? Too feminine!”

Since Xu Ming is here to teach Taoism and solve doubts, of course he will teach whoever he wants; naturally he will not teach if he sees something that is not pleasing to the eye.

“Huh” Suddenly, Xu Ming saw a target and his eyes lit up.

This is a young man in white with a gun, and his face is covered by a visor. His marksmanship incorporates many changes from Chaos to Dao. It is both offensive and defensive, mellow and flawless, and has a touch of Xu Ming’s “Wan Dao Spear Intent”.

“This person... not bad!”

What the Qiudao District saw was only the image left by the young man in white; but it was obvious that Xu Ming was interested in seeing the leopard!

Immediately, Xu Ming looked at the person’s profile.

“Lone Gunner?”

This is obviously not the real name, but the title of this person in the Heavenly Heart Realm, just like...the screen name.

“Human-level first-rank fate? After cultivating to the ninth level of the prehistoric realm, the cultivation base will no longer be able to improve one bit? Want to ask the great master to give guidance and break through the shackles of the prehistoric realm to the realm of all things?”

Xu Ming had no way of knowing his true identity, but looking at this person’s profile, he couldn’t help but secretly said, “He is also a man of great perseverance!”

A human-level first-rank Fate is definitely an undisputed trash Fate! Not only is the starting point low, but it is also a hundred times or a thousand times more difficult to cultivate than ordinary Fate. Forced cultivation is really going against the sky!

After reading the “Lone Gunner” information, Xu Ming immediately decided to give him pointers!

“How can I point him?” Xu Ming tried to contact the lone gunman.

At this time, a prompt appeared in the book “Seeking the Way”, asking Xu Ming to choose his name and appearance in the Heavenly Heart Realm. Obviously, in the Heavenly Heart Realm, one can hide their true identity.

“If you can hide your true identity, that’s the best!” Xu Ming thought about it and said, “Then give a low-key name, let’s call it... Gun God!”

As a result, Tianxinjie reminded Xu Ming: The name “Gun God” already exists, please change it to another name.

“Uh...” Xu Ming was speechless, “That’s called Palm God...”

The one called “Palm God”, Xu Ming has never heard of the second one throughout the ages.

Sure enough, in the Heavenly Heart Realm, there is no such thing as “Palm God”.

...

At this time, in Domain Heart City.

The main mansion of Pantianyu, in the courtyard.

boom! boom! boom! ...

Whoosh! Whoosh! Whoosh! ...

A handsome young man danced his spear like a tiger. The guns are criss-crossed, and every shot and every style has an infinite artistic conception, and it is difficult to find a single flaw.

This person is the young man in white visor named “Lone Gunner” in Tianxin Realm.

To be honest, although the Lone Gunner’s cultivation base is only the ninth rank of the Great Desolate Realm, but with his marksmanship, his strength is absolutely comparable to the first rank of the Realm of All Things! If it weren’t for the fact that his fate was too rubbish, he would definitely be called a peerless genius!

Snapped!

Suddenly, the lone gunman withdrew his gun without warning and threw the long gun on the ground.

“why!?”

“why!?”

He growled in pain.

“No matter how I cultivate, I still can’t break through the shackles and step into the realm of all things... Even if my marksmanship is strong, what’s the use!?”

Human-level first-class fate is really a curse!

But having said that, it is already a miracle that the Lone Gunner can cultivate to the ninth rank of the Great Desolate Realm by relying on the human-level first-rank fate! If his fate is a little better, I am afraid that the cultivation base has already been in the realm of all things or even higher!

“Even if I break through to the realm of all things, I’ll be content with my cultivation base falling again! Why... don’t you let me see even the slightest hope?”

The solitary gunman lives in the main mansion of Pantianyu, and his identity is naturally extraordinary! His father is the Lord of Pantian Territory!

For endless years, Pan Tianyu has tried his best to instruct him or provide him with cultivation resources; but in the end, he has not been able to help him break through the shackles and step into the realm of all things.

“Um?”

At this moment, the Lone Gunner suddenly froze for a moment, turned his hand and took out the Heavenly Heart Order.

On the Heavenly Heart Order, a message came.

“This is... in the seeking path, someone wants to point me?” The Lone Gunner almost couldn’t believe it.

After all, his fate is so rubbish!

For a seeker like him, it is almost impossible for anyone to point him in the seeking area! After all... a human-level 1st-grade garbage fate, how to give pointers? Can’t point!

Immediately, the Lone Gunner’s excited mood cooled down like a basin of cold water had been poured: “Even my father can’t help me step into the realm of all things; can this person who wants to point me do it? ”

The Lone Gunner still remembers what his father said, if he wants to instruct him to step into the realm of all things, unless it is the realm of the world who personally instructs him!

You must know that even his father Pantian Domain Lord, it is difficult to ask the existence of the World Lord Realm to give pointers!

“Go and have a look!” The Lone Gunner secretly said, “After all, no one has ever been willing to point me! This existence called ‘Palm God’ is willing to point me, and it is also kind!”

Thinking about it, the Lone Gunner even entered the Heavenly Heart Realm. As soon as he entered, he was teleported to an independent space in Tianxin Realm.

This independent space is endless and vast, and the land is vast and barren.

On the top of Xionshan Mountain, an old man with long hair in green robe stood with his hands behind his back with his back to the lone gunner, he looked very immortal, and it was the image Xu Ming chose in Tianxin Realm.

“I’ve seen Mr.!” Of course, the Lone Gunner was not frightened by Xu Ming’s appearance. After all, in the world of Tianxin, the image can be chosen arbitrarily; there are many people who have the image of such an immortal old man.

However, even if the lone gunner felt that the other party could not point him, he still bowed respectfully.

“Yeah!” Xu Ming stroked his long blue and white beard, turned around, looked directly at the lone gunner, and said, “Your marksmanship is very similar to mine!”

“Oh?” The Lone Gunner was a little surprised to know that he had never met someone with a marksmanship similar to his own!

“Want to break through to the realm of all things?” Xu Ming asked again.

“Yes!” The Lone Gunner looked at Xu Ming, but didn’t hold out much hope. After all... He doesn’t believe that a person who jumps out at random is an existence that is more powerful than his father.

Immediately afterwards, he heard Xu Ming say: “What’s so difficult about this? Come! Put your head over and let me touch it!”

Chapter 1586: Pointing

“Come on! Put your head here and let me touch it!”

“This...” The Lone Gunner was speechless.

Touch your head?

Does this treat him like a dog?

“Uh...” Xu Ming also discovered the problem in his words and explained, “I’m here to show you the process of going from the prehistoric realm to the realm of all things!”

Saying that, Xu Ming’s arms stretched out and covered the lonely gunner’s forehead “kindly”.

At the same time, the “Supreme Dao Guidance System” has been activated; Xu Ming’s palm has already brought the mystery of “Supreme Dao Guidance”.

The Lone Gunner was about to dodge subconsciously, but when he felt the incomparably profound mystery emanating from Xu Ming’s palm, he was reluctant to dodge; Touch your forehead like a dog’s head.

Originally, the Lone Gunner was still hesitating whether to break free from Xu Ming’s palm; but then, an incomparably mysterious and direct-to-the-essence guidance rushed into the depths of his mind.

“This...this...” The Lone Gunner suddenly widened his eyes.

Originally, he felt that the road of cultivation was dark and could not see the way forward; but at this time, the Lone Gunner seemed to see the light ahead.

“My way of proving the path of all things, it should have been...” The Lone Gunner’s eyes became brighter and brighter.

The road of cultivation is like climbing a mountain.

However, for a genius with a good destiny, it is a mountain road that has been opened up and a smooth road.

For a ***** like the Lone Gunner, it is a rocky mountain road full of difficulties and dangers! Like Lone Gunner’s cultivation until now, the road ahead seems to have been completely blocked!

And now...

At the moment when Xu Ming's palm touched his forehead, the lone gunner felt that there was a light shining through a certain gap on the blocked mountain road ahead! This gap is his last hope to break through to the realm of all things.

Immediately afterwards, the lone gunman followed the light coming out of this gap, his eyes becoming clearer and clearer! He not only saw the road from the prehistoric realm to the first-order of the realm of all things, but also saw how to break through the second-order of the realm of all things and the third-order of the realm of all things...

Lone Gunner was completely immersed in it, unable to extricate himself.

However, Xu Ming has quietly withdrawn his palm, exited the "Seeking Dao Area", and left the Tianxin Realm on a whim, just giving pointers! Xu Ming naturally wouldn't give too much advice.

After a long time, the Lone Gunner opened his eyes again; at this time, his eyes were filled with endless wisdom.

"Senior..." The Lone Gunner looked around, but did not see Xu Ming at all.

"This senior has left..." The Lone Gunner couldn't help thinking in disappointment.

Although it was only a brief instruction, the Lone Gunner was absolutely certain that the strength of this mysterious senior was probably much stronger than that of his father Pan Tianyu! After all, his father Pan Tianyu had pointed him many times, but he could not let him break through to the realm of all things; and this senior called "Palm God" just touched his head and let him understand the connection. How to go down the road of cultivation! Judgment!

"Palm God? I don't know what the identity of this mysterious senior is!" Lone Gunner secretly said, "His strength should be much stronger than his father! Then... at least he is the peak of the domain master, and may even exist in the realm of the realm master.!"

"I was fortunate enough to get the guidance of the existence of the realm of the realm?" The more the Lone Gunner thought about it, the more excited he became.

But now, it's not the time for him to get excited! When he got guidance, it was the time when he had the clearest understanding of the path of cultivation; of course, he had to strike while the iron was hot, immediately break through the shackles of the prehistoric realm, and stabilize his cultivation in the realm of all things!

Thinking of this, Lone Gunner even withdrew from Tianxin Realm. However, the word "Palm God" was deeply imprinted in his heart.

It's just... The Lone Gunner certainly doesn't know that the mysterious and powerful "Palm God" in his imagination is actually just... the cultivation base of Chaos Realm.

...

Life is quiet.

In Yuxin City, Xu Ming was not in a hurry to cultivate, but pondered how to make money.

After all, he is very clear that it is absolutely faster to improve his cultivation through hard work, but to earn points first, and then directly open the "attribute modification" to modify his cultivation!

"In this shattered era of chaos, time doesn't mean much to me! It's best... I can find a way to exploit a few percent of the wealth of this entire era and exchange it for hanging points!"

An entire era of wealth, what does that mean?

You must know that in this chaotic era, there is a supreme existence! Compared to the endless chaos where Xu Ming is located, I am afraid it is much richer! A few percent of the wealth of this entire era is probably close to the wealth of the entire endless chaos!

If Xu Ming can really exploit a few percent of his wealth, then after returning to the endless chaos, even if he can't get the air in seconds, it's probably not far behind!

Xu Ming kept thinking about how to earn points, and gradually came up with some ideas: "I have the Wanjie Mall system, and using this Yibao area to sell treasures should be a good profit..."

In the Wanjie Mall system, selling ordinary treasures may not make much money; however, selling those rare treasures can make a lot of money!

However, when it comes to doing business, the most important thing is to keep the water flowing and it takes a lot of time. In the past, Xu Ming's time was extremely precious, so he didn't think much about making money in this way; now, Xu Ming is not short of time, but he can really consider running the "Wanjie Mall System".

"Manpower is needed to operate the Wanjie Mall system! These people from the Yun clan may give it a try!" After getting along for a while, Xu Ming was also observing the clan of the Yun clan, "No hurry! Wait until everything is ready, and then turn it on. It's not too late for the mall!"

Xu Ming was thinking about it when suddenly a voice came from outside the door: "Wan Yaotang, Elder Baicao is visiting!"

Wanyaotang?

Everyone in the Yun Clan quickly stood up to greet them.

Wanyaotang is a "third-grade inferior" force in Yuxin City, and the most powerful hall master is only in the prehistoric realm.

If it was before the decline of the Yun Clan, naturally, a force like Wanyaotang would not have been taken seriously. It's just that now, the Yun clan is no longer the original Yun clan. The strongest of these remaining Yun clan members is only the Xuanhuang realm, which is far from comparable to the Wanyaotang; and Yun clan did it. To a large extent, the elixir business still relies on Wanyaotang.

Therefore, seeing the visit of the elders of Wanyaotang, how could Yun Shi not take it seriously?

...

The elder Baicao walked in like the stars and the moon surrounded by the crowd of the Yun clan.

"Yunluohe!" Elder Baicao said, "I am here to discuss something!"

Yunluohe said: “If Elder Baicao has something to do, just give it to him!”

Elder Baicao smiled and said, “I heard that there is a woman in your Yun family named ‘Yun Tian’?”

“Huh?” Xu Ming frowned slightly. Yun Tian, but his maid.

“Yes!” Yun Luohe said despite some doubts.

“Haha...” Elder Baicao said with a smile, “This elder is here to propose marriage to Clan Chief Yun in person!”

Chapter 1587: What Can You Do To Me

Propose marriage?

Yun Luohe was startled. Just as he was about to ask “who to propose marriage to”, he immediately reacted – Elder Baicao asked “Yun Tian” by name, who else could he propose marriage to?

And this is exactly where Yun Luohe is puzzled.

You must know that after Yun Tian returned to the clan, she hardly ever went out, and it was difficult for anyone to know her! So... How did this Elder Baicao know about Yun Tian? Moreover, he also came directly to the door to propose a marriage.

“Ah?” Yun Tian was on the side, she couldn’t help being surprised when she heard the words; at the same time, some bad feeling rose in her heart – she was holding the treasure left by Yun’s! This elder Baicao came directly at her, could it have something to do with it?

Among the Yun Clan’s people, an indistinct light flashed across Yun Chi’s eyes.

Xu Ming watched silently and did not speak.

At this time, Elder Baicao took out a world ring very casually and said, “Patriarch Yun, this is the betrothal gift of this elder’s proposal! Take it!”

Judging from the attitude of Elder Baicao, it doesn’t look like he’s here to propose a marriage, but like he’s here to buy something.

Yun Luohe couldn’t help feeling a burst of humiliation.

Back then, when the Yun family was prosperous, a force like Wanyaotang didn’t even have the qualifications to talk to the Yun family! Now, the clan has fallen, and even a small elder of Baicao dares to stand on Yun’s head and be arrogant.

However, Yun Luohe still dared to be angry and did not dare to speak.

“This...” Yun Luohe said euphemistically, “Yun Tian has just returned to the clan, and she doesn’t want to get married yet!”

“I don’t want to get married for the time being!?” Elder Baicao’s momentum sank, “Yun Luohe, I think you are shameless? – You must have forgotten that your Yun clan can gain a foothold in Yuxin City, relying on Who? If my Wanyaotang doesn’t accept your Yun’s medicinal herbs, and I won’t sell them cheaply to you; your Yun’s... hehe! What a piece of shit!”

Yun Luohe’s face was blue and red, but he was so angry that he didn’t dare to speak.

Elder Baicao said it nicely, as if he had done much credit to the Yun family. But in fact, Yun’s treasures dedicated to Elder Baicao are worth the Chaos Originium!

“Humph! Yunluohe, don’t take yourself too seriously!” Elder Baicao sneered, “I’ll give you three days to think about it! After three days, I will come to propose marriage again; then, if you Yun’s dare to refuse again. Give me face, then... think about it in the future, how to continue to gain a foothold in Yuxin City!”

Saying that, Elder Baicao threw his sleeves and walked towards the door.

Everyone in the Yun Clan was humiliated, but they still secretly transmitted their voices to Yun Luohe.

“Patriarch, hold back!”

“Don’t be impulsive!”

“Anyway, there are three days, let’s think about it, maybe there will be a solution!”

“Yes! Hold down the elders of Baicao first, and then we will have a long-term plan!”

Every member of the Yun clan whispered through voice transmission.

Yun Tian stood in the corner, looking pitiful.

The reason why she wanted to stay in the Xu family and refused to return to the Yun family was, of course, because of Xu Ming; on the other hand, she also considered that the Xu family was a good shelter.

After all, the Xu Clan has many powerful fifth-rank forces that exist in the Destruction Realm, and they are much stronger than the Yun Clan in their heyday! Yun Tian is hiding in the Xu family. Although her status is humble, at least... she can firmly keep the secret of Yun’s treasure.

A force like Wanyaotang, even if they were given a hundred courage, would not dare to go to the Xu Clan to act wildly.

And now, not long after Yun Tian returned to the Yun family, trouble came!

Yun Tian had a strong feeling that the elder Baicao, who was turning and leaving, was on the surface to propose a marriage, but the real purpose was to come for Yun’s treasure.

Suddenly, Yun Tian was caught in a dilemma – she could of course beg Xu Ming to bring her back to the Xu Clan immediately, but in this way, the Yun Clan’s life in Yuxin City would definitely be very sad; It is not impossible for people to completely disappear.

“What should I do...” Yun Tian really didn’t know.

at this time...

“Stop!” Xu Ming shouted.

“Huh?” Elder Baicao, who was leaving, suddenly stopped and his face was cold.

“Not good!” Everyone in Yun’s heart was shocked – after all, Elder Baicao is leaving, Yun’s can hold on for a while; Xu Ming shouted at the other party like this, isn’t he looking for trouble?

Elder Baicao turned around, looked at Xu Ming, did not speak, but his expression was full of displeasure.

Xu Ming was too lazy to care whether he was happy or not, and asked directly: “Yun Tian is my maid, and she just returned to the Yun family recently. How did you know about her?”

“Your maid?” Elder Baicao had obviously heard of Xu Ming from Yun Chi’s mouth. In his opinion, although Xu Ming didn’t know what chance he got and possessed not weak strength, in the final analysis, it was only a **** fate of “human-level first-rank”; in addition, Xu Ming was very excluded in the Xu family, so Elder Baicao didn’t take him very seriously.

“Have you asked my maid if I agree to propose marriage?” Xu Ming said coldly, “This kiss, don’t mention it, I won’t agree!”

There was a radiance in Yun Tian’s eyes – with Xu Ming’s words, she and Yun’s would have less pressure.

“Huh!?” Elder Baicao didn’t mean to show weakness, but said gloomily, “Here... it’s Yuxincheng! Any kind of mess will happen!”

The threat in this sentence is very strong!

After all, Domain Heart City is indeed a little chaotic!

In the eyes of Elder Baicao, it is not difficult for Xu Ming to mysteriously disappear in Yuxin City at some cost! As for Xu Ming, among the Xu Clan, he was just an unwelcome trash. Presumably even if something went wrong, the Xu Clan would not care much! What's more, Xu's influence in Yuxincheng is also very limited!

It's just... What Elder Baicao doesn't know is that Xu Ming is indeed unpopular in the Xu family; however, this does not mean that Xu Ming is not important! If something really happened to Xu Ming, the great powers of the Xu family would probably find the murderer at all costs; forces like Wanyaotang would definitely kill them all!

If Elder Baicao knew about it I'm afraid he wouldn't even dare to say threatening words.

"Do it yourself!" Elder Baicao left a sentence arrogantly, turned around and left.

"Did I say you can leave?" Xu Ming said coldly.

"Huh!?" Elder Baicao finally sank his face completely, "Xu Ming, what do you mean?"

Xu Ming said lightly: "Speak! Who told you about Yun Tian!"

Xu Ming concluded that it was definitely someone from the Yun family who deliberately disclosed the news to Elder Baicao; as for the purpose, Xu Ming could not guess for the time being.

"Hahahaha..." Elder Baicao laughed angrily, "If I don't say it, what can I do with you!?"

Laughing loudly, Elder Baicao no longer cared about Xu Ming and left directly.

Chapter 1588: Climb Out!

"What can I do for you?" Xu Ming smiled.

Although Xu Ming's cultivation level is still only in the Chaos Realm, and there is no growth; however, the "power of eternity" is linked, but it allows him to properly possess the strength comparable to the Realm of All Things!

No matter how much Xu Ming hides his strength, it is really easy to clean up the elders of Baicao in the Profound Yellow Realm! Oh no, to be precise, it's easier than "reverse palm"!

"Leave me!" Xu Ming stretched out his hand, his divine power condensed into a giant palm, and grabbed Elder Baicao directly.

With Xu Ming's strength, how accurate it is to control the power at the level of Chaos Realm! This giant palm of divine power naturally did not have the slightest power to escape, and others could not feel the slightest coercion.

"Brother Xu Ming..."

"Son..."

Yun Luohe, Yun Tian and other members of the Yun clan even shouted.

They couldn't feel the pressure of this palm, and naturally they couldn't judge the true power of this palm; they thought that Xu Ming dared to use the strength of Chaos Realm to provoke Elder Baicao in Xuanhuang Realm.

"Haha!" Elder Baicao naturally looked down on Xu Ming's palm, "Young people really don't know how high the sky is! Anyway... I'll help you Xu, discipline and discipline you..."

Facing Xu Ming's mighty palm, Elder Baicao's eyes were filled with contempt.

Immediately, Elder Baicao turned his fingers into swords and shouted softly, "Break it for me!"

wow-

Elder Baicao's ***** gently swiped towards Xu Ming's giant palm. In his opinion, his understatement was enough to break through Xu Ming's attack.

But then, Elder Baicao's complexion suddenly changed, and his frightened eyes became round!

“No...” He felt that his sword finger seemed to hit a piece of extremely hard steel, “How... how is that possible!? It’s just a giant palm with divine power, how could it be so hard!?”

Generally speaking, the tricks of cohesion of divine power are relatively fragile in battles of the same level, and can be easily defeated! If you can’t even defeat the opponent’s divine power condensing tricks, it means that the strengths of the two sides are already two completely different levels...

However, when Elder Baicao realized this, it was already too late.

Snapped!

Xu Ming’s divine palm directly pressed Elder Baicao to the ground.

“Brother Xu Ming...”

“Son...”

Everyone in the Yun Clan was worried about Xu Ming when they saw Xu Ming slap Elder Baicao on the ground...

“Forehead...”

“This...”

Suddenly, the audience fell silent.

Isn’t Elder Baicao the strength of Xuanhuangjing?

Xu Ming is not a 1st-rank human-level **** fate, but only got some opportunities, so can he have the strength of the peak of Chaos Realm?

But why, Elder Baicao couldn’t even catch Xu Ming’s slap?

Whoa!

The giant palm of divine power dissipated.

Everyone looked at the indifferent Xu Ming, and then at the embarrassed Elder Baicao, for a while they didn't know what to say.

"Now that I know, can I help you?" Xu Ming sneered.

"I..." Elder Baicao almost even had the heart to vomit blood, and even more resentment towards Yun Chi – Yun Chi's news is too unreliable, right? This Xu Ming is obviously a hard piece of iron, but Yun Chi said it was a soft persimmon!

"Tell me, who told you about Yun Tian?" Xu Ming said coldly.

Moreover, Xu Ming had already guessed that there was something special about Yun Tian; otherwise, Elder Baicao would not have bothered to find her. As for what's special, Xu Ming didn't bother to ask, just ask Yun Tian directly later!

"I..." Elder Baicao crawled up in embarrassment, but his mouth was still hard, "No one told me, I fell in love with Yun Tian myself, that's all!"

"Oh? Really?" Xu Ming sneered, and the divine slap gathered again.

Snapped!

The poor Elder Baicao was smashed to the ground again.

"Speak?" Xu Ming just said one word.

"Xu Ming, you... don't deceive people too much!" Elder Baicao said sternly.

Snapped!

Continue to be slapped to the ground.

“I...”

Snapped! Snapped! Snapped! Snapped! ...

Elder Baicao got up again and again and was smashed down again and again. Finally, he lay on the ground and dared not get up.

“Uh...” Everyone in the Yun Clan looked at Elder Baicao with pity.

awful!

How miserable!

“Don’t tell me yet?” Xu Ming sneered.

“Xu Ming, even if you shoot me to death, don’t let me say it!” Elder Baicao shouted in a stubborn manner.

Saying that, he slowly crawled out! —Since standing up is going to be flattened, it’s okay to climb outside, right? Even if you are crawling, you will be photographed. After crawling for a while, you will always be able to crawl out the door, right?

“Shoot you to death, don’t tell me?” Xu Ming finally had a murderous intent on his body – although he had slapped Elder Baicao many times just now, in fact, Elder Baicao’s divine body had not been damaged much.

boom!

This palm was photographed by Xu Ming in anger.

Bang!

It's just the elder Baicao of Xuanhuangjing, directly under this palm, more than half of the damage to the divine body! And this... Xu Ming deliberately restrained his strength! If he really slapped his palm with all his strength, he probably wouldn't have to shoot it head-on, just with the aftermath, he could easily kill Elder Baicao in one second!

"Actually... I really don't have much interest in how you got the news about Yun Tian!" Xu Ming raised his palm again – with this palm, Elder Baicao would definitely die.

"No..." Only then did Elder Baicao know the fear, "I said! I said!"

"Oh?" Xu Ming thought to himself, it's really a cheap bone, and he has to see the coffin before he knows he is afraid. "Before I take this slap, hurry up and tell me to satisfy me!"

"Yes... Yes..." Elder Baicao said in horror, "It's Yun Chi! He told me about Yun Tian!"

Cloud ruler! ?

The eyes of everyone in the Yun family suddenly turned to Yun Chi with resentment and confusion—they didn't understand why Yun Chi did this.

In order to prove the credibility of his words, Elder Baicao continued: "It was Yun Chi who told me that Yun Tian knew the whereabouts of Yun's treasure!"

"what!?"

"Yun Tian, do you know the whereabouts of the treasure?" Yun Luo Helian said excitedly.

"Yunchi, you..."

More Yun clansmen are full of resentment towards Yun Chi—you must know that even they have been searching for the whereabouts of the Yun clan's treasure; unexpectedly, Yun Chi deliberately sold this news to outsiders!

As for why the cloud ruler does this? Needless to say... definitely want to get a piece of the pie!

“Yun Chi! You are the sinner of the Yun Clan!” Yun Luohe gritted his teeth, “First imprison!”

Yun Chi shouted, “I’m wronged!”

“Is it wrong, I will investigate it myself!” Yun Luohe said involuntarily.

“Xu...Brother Xu Ming...” Elder Baicao looked at Xu Ming fearfully and said, “Can I... leave now?”

“Brother Xu Ming, you can’t let him go!” Yun Luohe said together.

“Young Master...” Yun Tian also said.

Xu Ming shook his head and said, “I’m afraid...the two of them are not the only ones who know this news! It’s okay, let him go!”

Letting go of Elder Baicao is equivalent to letting go of an ant, so Xu Ming naturally didn’t care.

And... Xu Ming always felt that through Elder Baicao, he could catch bigger fish—this is just a feeling, there is no basis! But you must know that Xu Ming, who has a perception inscription, often feels very accurate!

“get out!”

“Thank you!” Elder Baicao was about to get up as if he had been granted amnesty.

Snapped!

Xu Ming slapped him again. Although he didn’t shoot Elder Baicao to death, he shot him back to the ground.

“I...” Elder Baicao felt aggrieved – didn’t he say let him go? Why are you still filming me?

Xu Ming said indifferently, "Climb out!"

Chapter 1589: Born Actor

That night.

In Xu Ming's room.

"Young Master, I don't know, I will bring you so much trouble when I come to Yuxincheng..." Yun Tian stood cautiously in front of Xu Ming and whispered.

"It doesn't matter!" Xu Ming crossed Erlang's legs, took a sip of tea, and said lightly, "It's just some treasures left by your Yun family, it won't cause any trouble!"

In Xu Ming's view, the Yun clan's heyday was only a fourth-rank force; the strongest in the clan was nothing but the realm of all things. Now that the Yun family has declined, how many treasures are left behind?

At most, it will attract the attention of the powerhouses in the prehistoric realm! The strong in the realm of all things are too lazy to surrender their status to grab such a treasure!

"Yeah!" Yun Tian said, "There are actually several treasures left by my Yun family! And what I know is only one of them, there shouldn't be many treasures! It's just... if it attracts the peeps of the experts in the prehistoric realm. watch for..."

"Don't worry!" Xu Ming just said two words lightly.

However...

Neither Xu Ming nor Yun Tian knew that the treasure left by the Yun family was not as simple as they knew!

Those who peeped at Yun's relics are by no means just the prehistoric realm and the realm of all things! It is a stronger existence in the Destiny Sacred Realm!

It's just these, even Yun Tian doesn't know!

"Master, if I want to unlock my Yun's treasure, I must awaken my destiny!" Yun Tian said.

"Yeah!" Xu Ming nodded slightly—he naturally wouldn't think about the treasures of his maid! Moreover, from Xu Ming's point of view, Yun's treasures are probably only some treasures of the prehistoric realm. To him, they are not very precious.

"Tomorrow, I will take you to awaken your destiny!" Xu Ming said.

Big clans and forces will have their own altars; and they will choose the most prosperous times of each era to awaken their destiny.

And the fallen clans like Yun Tian can only go to the public altar in Yuxin City to awaken their destiny.

...

Ten Thousand Medicine Hall.

"Xu Ming... Damn!" Elder Baicao gritted his teeth, his blue veins burst out, "How dare you let me crawl out! Damn! Damn!"

At that time, many people in Yuxin City saw Elder Baicao climb out of the Yun Clan.

"If I don't repay this revenge, how can I stand in Yuxin City!?" Elder Baicao's eyes were hideous. ...a terrifying powerhouse!"

Thinking of this, Elder Baicao inevitably has some doubts in his heart: "Yun's... What secret is there? It can cause such a powerful existence to peep at it?"

"Originally... I wanted to secretly swallow Yun's treasure! Now it seems that it is impossible!" Elder Baicao took out the message and sent a message to a terrifying existence.

However, after a few hours, there was still no reply.

“Huh? What about that terrifying existence?”

Elder Baicao had no choice but to silently wait for an echo.

...

The next day, the altar of Yuxincheng.

Xu Ming appeared here with Yun Tian.

How vast is the scope of the entire Domain Heart City? In Yuxin City, there is only such a public altar, and naturally there are many people coming and going.

There are constantly people awakening their destiny, but most people hide their destiny and do not let others know their rank. Occasionally, there are those who reveal the fate level, and it is only the first and second grades of the earth.

Around the altar, spies from many forces are stationed here; once they find a genius with extraordinary fate, these forces will offer various prices to win over.

Yun Tian waited nervously – who wouldn't want to awaken a powerful destiny?

It's just that the level of fate is “destined”, and it is not within your control. Therefore, Yun Tian had no choice but to wait nervously.

Xu Ming chatted, dispersing Yun Tian's nervousness: “That Yun ruler, it turns out that he is really a traitor of your Yun family...”

For a traitor like Yun Chi, his willpower is naturally not much stronger. Yun Luohe and other Yun clansmen, after just one night of torture, let Yun Chi recruit everything.

“I didn’t expect that Yun Chi would actually know my secret!” Yun Tian said with some fear, “Fortunately, you are here! Otherwise, Yun’s definitely won’t be able to keep my...my Yun’s treasure, I’m sure too. It will fall into the hands of others!”

Unconsciously, it was Yun Tian’s turn to go to the altar.

“Sir, I’m going up!”

Yun Tian stood on the center of the altar.

boom!

The entire altar, the formation of symbols emerged! Every formation talisman contains an unimaginable aura, just like the beginning of chaos!

boom!

Above the sky, purple energy came from the east, and endless brilliance poured into Yun Tian’s divine body.

The light on Yun Tian’s body is getting stronger and stronger; a mysterious power is being awakened in her body.

“What kind of fate would it be?” Xu Ming watched with interest, but he didn’t have much expectations for Yun Tian’s fate.

After all, the probability of awakening a high-grade fate is too low!

“Unfortunately... Attribute modification can’t be used on others! Otherwise, you can help Yun Tian modify her fate!” Xu Ming shook his head and secretly said.

Although Yun Tian is a maid, she is extremely loyal to herself. Of course, Xu Ming did not hesitate to cultivate such a loyal person.

Whoa!

Suddenly, the light on Yun Tian's body faded.

Yun Tian's face was full of loss. It seemed that she was very dissatisfied with her destiny.

"Looks like... it's another person who has awakened to a human-level destiny!"

Around the altar, there was a sound of discussion.

"Not bad! If it is an earth-level fate, I'm afraid I won't be disappointed!"

"I don't know if it will be a human-level grade?"

"The little ***** the altar, sacrifice your life, let's see!"

...

Yun Tian ignored the discussions around her, but walked down the altar with a lonely face and returned to Xu Ming.

"What? Bad fate?" Xu Ming comforted, "It's okay, no matter how bad your fate is, can you beat me?"

What Xu Ming showed to the outside world was a "human-level first-rank" fate; and no one knew that Xu Ming's fate had quietly become a heaven-level ninth-rank!

"Master, let's go!" Yun Tian whispered.

After walking out of the altar, Yun Tian said again, "Young Master, my look on the altar is fake!"

When Yun Tian spoke, there was excitement in her eyes.

“Pretend?” Xu Ming was a little surprised, obviously he could hear what Yun Tian was saying, “Could it be... your destiny is very good?”

“Well...” Yun Tian whispered, “I should have awakened... Heavenly Fate...”

“Pfft!” Xu Ming almost spurted blood and asked in disbelief, “What did you say!? Heavenly Fate!?”

“Hmm... Heaven-level fifth-grade fate!”

“Hey—” Xu Ming sucked in a breath of cold air—even though he is a ninth-rank heaven-level fate, it was modified with “attribute modification”! And Yun Tian’s fifth-grade fate is true!

You know, even if it’s just a first-grade fate, it’s already a legend! What’s more, it is the fifth-grade fate of heaven?

Immediately Xu Ming thought that Yun Tian secretly told herself this kind of thing, how much trust she had in herself! After all... his strength is far beyond Yun Tian, and he is fully capable of forcibly enslaving this super genius with a fifth-grade destiny!

“Yun Tian!” Xu Ming said solemnly, “You must not let anyone else know about your awakening of a heavenly destiny!”

From Xu Ming’s point of view, the secret of Heaven’s Fate is far more terrifying than the secret of Yun’s treasure!

If the news spreads that Yun Tian has awakened to the Heavenly Fate, I am afraid that even the domain master realm, or even the world master realm powerhouse, will be interested in Yun Tian! If it really wants to be like that, with Xu Ming’s current strength, he can’t keep Yun Tian!

“Yes!” Yun Tian naturally knew the importance, otherwise, on the public altar, she would not have acted on purpose.

Thinking of Yun Tian’s expression on the altar, Xu Ming couldn’t help shaking his head and chuckling: “Women are born actors, that’s right! Yun Tian’s expression on the altar has even deceived me!”

Chapter 1590: Suspected World Lord Realm!

The Immemorial Temple is the absolute power center of the Destiny Sacred Realm, and it is also the center of this entire chaotic era.

The brilliance of the Immortal Tower completely shrouded the Taikoo Temple; the endless eternal light isolated the Taikoo Temple from the outside world.

If you want to enter the ancient temple, you must be cultivated to meet the requirements and have the ancient rune.

In the ancient temple, just “hundreds of millions” away from the immortal tower, stands a huge black inscription that penetrates the sky.

This black inscription is the “Destiny List”!

In the entire Destiny Sacred Realm, no matter which altar it is, as long as someone awakens the “Heavenly Destiny”, they will be sensed by the Destiny List.

The inscriptions are divided into nine layers, from top to bottom, they are the ninth grade of heaven, the eighth grade of heaven... all the way to the first grade of heaven.

There are a lot of names recorded on each floor; each name represents a powerhouse who has awakened to the heaven-level destiny!

Behind these names, there are many words “unknown” engraved; this means that it is not known who has awakened to the heavenly destiny! Only when those who awakened to the Heavenly Destiny, meet the conditions for entering the Primordial Temple, and put their hands on the Destiny List in person, can they truly “remain on the list”!

but...

Heaven-level destiny, in the holy world of destiny, can be called a legend!

Therefore, this Destiny List is difficult to change once in hundreds of millions of epochs.

Although Xu Ming is already a “Heavenly Destiny”, his direct modification of his destiny is unique in the entire Destiny Sacred Realm, and naturally he will not be sensed by the Destiny Ranking.

But Yun Tian’s awakening of the fifth-grade destiny of the heavens can naturally be sensed by the destiny list.

Whoa!

The entire Destiny Ranking was in vain.

The ancient temple shook.

“What’s wrong?”

“what happened?”

“In the Holy Realm of Destiny, another Destiny Destiny was born!?”

All the super powerhouses looked at the Destiny List in horror!

You must know that the change of the Destiny List is definitely a major event in the Destiny Holy Realm! Those who can awaken the Heavenly Fate, as long as they do not fall, will at least exist in the Domain Lord Realm in the future!

And how strong is the luck of the people who have awakened the fate of the heavens? How can it fall so easily?

That is to say, every change in the Destiny List means that in the Destiny Sacred World, there is likely to be another super-powerful person born out of nowhere!

“I don’t know if it will be the fate of a few grades of heaven...”

“The higher the level of destiny, the more extraordinary your future achievements will be! If you awaken to the ninth-level destiny of heaven, then... the achievement of the world’s main realm is a sure thing!”

“It can’t be the ninth grade of heaven! There are only a few of the ninth grades of heaven on the entire destiny list! You know, this is the accumulation of countless billions of epochs in the holy world of destiny!”

“It’s very good to be able to awaken to the third-rank or higher destiny of the heaven! In the future, it is very likely to reach the height of the peak of the domain master realm, and there is even a glimmer of hope to achieve the world master realm...”

Under the eyes of everyone who can expect, there is an additional word “unknown” on the “five-grade heaven” level of the Destiny Ranking.

“Heavenly Grade Five!”

“It’s the fifth grade of heaven!”

“Already very good!”

“I don’t know... Who will be the one who awakened to the fifth-grade fate of the heaven...”

All the great powers wanted to know who had awakened to the fifth-grade destiny. It’s just...it’s almost impossible for them to know!

The change of the destiny list can only show that in this era, someone has awakened to the destiny level! But it will not be exposed, which altar has awakened the heavenly destiny.

The sacred realm of destiny is vast, with tens of millions of altars, and the number of people who have awakened the destiny is uncountable; as long as the person who awakens the destiny of destiny, does not actively expose himself, other people will not know at all.

“Heavenly Grade Five Fate? I really want to know who it is! If I can enslave him, that’s great!”

Near the black inscription, there was a fierce and violent powerhouse with a cold light in his eyes.

If Xu Ming was here, he would definitely recognize this person, because he is... Huang Yu of the Primal Chaos!

Because Huang Yu lost to Xu Ming in the battle, and couldn't make enough bets, he had to sign a contract with the spirit of the battlefield in the mysterious realm of the Divine Phoenix, and went back to this chaotic era.

Although, Huang Yu entered the long river of time not a few years earlier than Xu Ming. But in fact... Huang Yu has spent hundreds of epochs in this chaotic era!

That's right!

That's hundreds of epochs!

Huang Yu was originally the top genius in the endless chaos, otherwise, he would not have become a member of the secret realm of chaos. After coming to this chaotic era, I have practiced for hundreds of epochs, and naturally I have been able to enter the ancient temple for a long time!

"Although I have already entered the Primordial Temple, I still have a long way to go to complete the task of the contract!" Huang Yu's eyes turned to the eternally shining Immortal Tower, "But... Then again, even if the contract task cannot be completed, but Living in this chaotic era is not bad!"

To be honest, Huang Yu's life in this chaotic era is no worse than in the endless chaos.

...

Pan Tianyu.

Domain Heart City.

"In this era, there is a genius of the fifth-grade fate of the heavens?" Pan Tianyu was a little surprised, "I don't know... Which domain does this genius come from!"

In fact, when the domain lords of other domains heard the news, they were also guessing like Pan Tian domain lord, which domain gave birth to the genius of the heaven-level destiny.

“If my son’s destiny can be a little better...” Pan Tianyu couldn’t help shaking his head.

He remembered the questioning heart of his son “Lone Gunner” Lone Gunner, how persevering? If the destiny is not a human-level first-rank, I am afraid that the future achievements will be very difficult!

“It’s a pity... the fate is too bad, it is destined that my son will not achieve success in this life! Even if he breaks through to the realm of all things, it is almost impossible!” Pan Tianyu sighed.

boom!

At this moment, a sharp momentum broke out in the Domain Lord’s Mansion.

“Huh?” Feeling this momentum, Pan Tianyu was stunned for a moment, and then showed a look of horror; in the horror, there was joy.

His figure quickly swept towards the place where the aura erupted.

“My son!” In the next moment, Pan Tianyu had already come to the Lonely Gunner, “You... have you broken through to the realm of all things?”

In fact, the Lord Pan Tianyu doesn’t need to ask, he has already felt the breath of the realm of all things on his son “Lone Gunner”. And this, and this is what he was terrified of. You must know that even if he tried his best and paid all the price, he would not be able to let his son break through to the realm of all things! But now, his son has broken through to the realm of all things by himself!

This makes Pan Tianyu, how can he not be shocked?

“How did you break through?” Pan Tianyu asked again.

Lone Gunner said: “Father! I met a mysterious expert in the Taoist area of Tianxin Realm! He... touched my head and let me know how to break through the realm of all things!”

Master Pan Tianyu looked stunned: “I touched your head and made you break through?”

You must know that Pantian Domain Lord himself is not a weak Domain Lord Realm. However, even if he touches his son’s head, it is impossible for his son to break through to the realm of all things!

“Super strong!” Master Pan Tianyu instantly concluded that his son had definitely met a super strong man who was much stronger than him!

“At least it’s the peak of the domain master realm! Oh no...the peak of the domain master realm, I don’t have such a great ability!” Pan Tianyu’s face was horrified, “My son, the expert who pointed you, I’m afraid... It is very likely that World Lord Realm!”

Suspected World Lord Realm!

In fact, the word “suspected” can be removed! Pantian Domain Lord is almost certain that it is definitely the existence of the World Lord Realm! It’s just... In the entire Destiny Sacred Realm, there are only a handful of realm existences in the realm; even if he is the realm master, it is difficult to see one, so I can’t believe that my son has encountered the realm, so I added “suspected” “The word.

“Suspected World Lord Realm!?” The Lone Gunner was shocked.

“My son! You must firmly seize this opportunity!” The Master Pan Tianyu continued, “The super existence is willing to point you, indicating that you are interested in your perseverance and asking heart! Although your destiny is garbage, But you must know that if it is really a super existence in the realm of the world, it may even have the ability to ‘change your life against the sky’; it is not impossible to help you retrain your life and reborn!”

Re-training the life style, reborn?

The Lone Gunner’s eyes were fiery.

But then, his eyes dimmed again: “Father, I also want to seize such an opportunity! It’s just... the existence of the realm of the realm, how can I be able to climb high if I want to?”

“It’s also...” Pan Tianyu naturally knows this is the case. Father, you are also the owner of a domain, can’t you show affection to that mysterious master through some relationship? ‘ said the Lone Gunner again.

Pan Tianyu smiled bitterly: “My son, you don’t know... In the eyes of the world’s master, even your father and I are just an ant! Do you think that ants can have a chance to speak?”

“This...” The Lone Gunner naturally understood this truth.

The father and son were frowning and pondering how to climb onto the thigh of the mysterious master “Palm God”. It’s just... No matter how they want to break their heads, it is impossible to think that the palm **** “suspected to be the realm of the world” in their minds... is actually just a chaos realm...

“My son!” The Lord of Pantianyu said solemnly, “Since the existence who is suspected of being in the realm of the realm, since he pointed you, it means that he is likely to be paying attention to Pantianyu! During this time, you have entered the realm of Tianxin more often. , maybe, there will be a chance to meet that mysterious master called ‘Palm God’ again!”

Lone Gunner’s eyes lit up: “Yes!”
