

A World 1681

Chapter 1681: 4 Floors In A Row

The genius remembers the address of this site in one second: (apex Chinese), the fastest update! No ads! Hong Lingge walked into the Wuyun Tower nervously, and did not disclose the scene of the assessment.

“In the early days of Xiantian?” Elder Li nodded silently, “Although his cultivation base is not as good as Wei Hai, at least he is not the kind of person with unstable foundations! Moreover, he is not like Wei Hai, although he doesn’t have much strength, he is still very arrogant!”

Wei Hai lay down again.

“If there is no accident, there should be no suspense to become a disciple of the inner sect!” Elder Li commented.

...

Inside the Five Aggregates Pagoda.

Hong Lingge cautiously looked at the opponent who was at the peak of internal training.

“It’s just the peak of internal training. If I want to win, it shouldn’t be difficult!” Hong Lingge secretly said, “But... don’t be careless! Let’s try it first!”

Thinking about it, Hong Lingge gently cut out a sword.

This sword, without much power, is just a pure temptation.

What surprised Hong Lingge was that her opponent fell to the ground with just this light sword.

“Uh...” Hong Lingge was startled, “So weak?”

How did she know that it wasn't that her opponent was too weak, but that Xu Ming secretly increased the power of her sword!

Despite some doubts, seeing the passage leading to the second floor appeared, Hong Lingge went straight to the second floor.

...

Outside the Five Aggregates Pagoda.

Because Hong Lingge chose not to disclose the battle scene, even Elder Li had no way of knowing what happened to Hong Lingge in the tower. Hong Lingge's strength can only be inferred from the speed at which Hong Lingge broke through the tower.

"In the early days of innate cultivation, as long as the foundation is not too bad, it is still very easy to pass the first floor!" Elder Li said lightly, "In less than half an hour, Hong Lingge should be able to climb to the second floor!"

Elder Li's voice just fell.

Whoa!

The second floor of the Five Aggregates Pagoda suddenly lights up, this signifies that Hong Lingge has come to the second floor!

"What!?" Elder Li was a little surprised that he reached the second floor so quickly, that is to say, he basically killed the opponent on the first floor!

After being surprised, Elder Li was immediately a little annoyed: "With the cultivation of the early days of the innate, it is not difficult to defeat the opponents on the first floor; however, to kill the opponents on the first floor in seconds, it must have to pay some price! Unexpectedly, this red Lingge, who is also an impetuous person, really disappoints me!"

but...

As soon as Elder Li's voice fell, the Five Aggregates Pagoda changed again. The third floor of the Five Aggregates Pagoda was lit up!

Hong Lingge has passed the second floor and is now on the third floor!

“What!?” Elder Li suddenly widened his eyes, “How is that possible!?”

You must know that at the age of Hong Lingge, the opponent on the second level will be the opponent in the early days of the innate; however, Hong Lingge defeated the opponent so quickly and climbed to the third level!

Suddenly, four words appeared in Elder Li's heart: “Same level spike!”

Those who can achieve “same level spikes” are definitely top geniuses, with the strength to leapfrog!

“I misunderstood!” Elder Li's eyes lit up when he said these words, “Hong Lingge's foundation is extremely solid, her talent is so incredible, and there is even... hope to pass the third floor!”

You must know that every time the Five Aggregates Sect recruits new disciples, it is very good to have a genius who has crossed the third floor! Even many times, among a group of geniuses, there is not even a genius who can pass the third floor!

What is even more commendable is that if Hong Lingge passed the third floor, it would be the “Leaping Challenge” to pass the third floor! This is much more difficult than passing through the third floor under normal circumstances; at the same time, the potential is also much greater!

“If Hong Lingge can really make it through the third floor, then she will be the first genius of the Five Aggregates Sect in the past 30 years! Even if she can't pass, with her ‘same level spike’ strength, in terms of talent and potential, I'm afraid it's not worse than other geniuses who have passed the third floor!” Obviously, Elder Li had already moved his love for talent; he was thinking that when Hong Lingge came out of the Five Accumulation Pagoda, he must find a way to trick her into worshipping him as his teacher. , to become his own direct disciple.

On the third floor of Wuyun Pagoda, Hong Lingge did not “kill in seconds”. However, they were not defeated, and they were obviously still fighting.

The longer the battle lasted, the more satisfied Elder Li was. Regardless of the outcome, Hong Lingge’s ability to stay on the third floor for so long showed that she had the strength to fight by leaps and bounds!

“While the other elders are not around, this Hong Lingge, I must accept her as a direct disciple!” Elder Li made up his mind.

The battle on the third floor of the Five Aggregates Pagoda lasted for more than a quarter of an hour.

In fact... even Hong Lingge herself doesn’t know why she can fight so well! She only felt that the opponent in the middle stage of the third floor didn’t seem to have anything to be afraid of; the more she fought, the more state and confidence she became!

Before she knew it, she was even able to crush the opponent on the third floor!

With a flawless sword light, the opponent on the third floor was blasted into the air!

“I... I passed the third floor?” Even Hong Lingge herself felt a little unbelievable.

...

Outside the Five Aggregates Pagoda.

As the fourth floor lit up, the shock on Elder Li’s face became even stronger: “I really got through!”

Although Elder Li felt that Hong Lingge should be able to pass through the third floor, but when he actually saw Hong Lingge pass through, he was still shocked.

“I really want to know how she overcame her opponent by leaps and bounds!” Elder Li secretly said.

However, Hong Lingge did not disclose the battle scene, so even Elder Li had no way of knowing. She should be defeated soon! I must accept her as a direct disciple! “Elder Li is waiting to leapfrog through the third floor, such a talent is incredible!

Waited for half a column of incense.

“Huh? Why hasn’t it come out yet? Could it be that Hong Lingge is still trying to challenge the fourth floor?” Elder Li couldn’t help but be a little puzzled and anxious. As if it had grown wings, it quickly spread throughout the Five Aggregates Sect. Elder Li wants to take Hong Lingge as a direct disciple before the other elders arrive; in this way, no one will rob him of a disciple!

However, after waiting, Hong Lingge just didn’t come out, which made Elder Li not anxious.

at this time...

boom! boom! boom! ...

The five tyrannical figures rushed to the outside of the Five Aggregates Pagoda aggressively, and it was the other elders in the Five Aggregates Sect.

“Did someone break through the third floor?”

“Or did you pass the leapfrog challenge?”

“Old Litou, do you think that if you don’t tell us, we won’t know what happened to the Five Aggregates Pagoda?”

As soon as the five elders arrived, they chattered and complained. At the same time, their eyes fell on the Five Aggregates Pagoda, waiting for Hong Lingge to come out. This is a genius who has leapfrog battle and passed the third floor! Of course, every elder wants to be accepted as a disciple!

Wei Hai was on the side, envious and helpless to be vying for apprentices by the elders of the Wuxun Sect. This was his wish! However, he was inexplicably defeated on the second floor, and he couldn’t even enter the inner sect.

“You immortals! You already have several direct disciples, and you still want to fight with me?” Elder Li shouted with a beard, “I don’t even have a direct disciple!”

Just as the elders were arguing, the Five Aggregates Pagoda changed again, and the fifth floor of the Five Aggregates Pagoda was lit up!

This means: Hong Lingge, passed the fourth floor!

Chapter 1682: Peerless Genius

Genius remember the address of this site in one second: (apex Chinese), the fastest update! No ads! Fourth floor!

“how is this possible!?”

The elders who were vying to accept Hong Lingge as their apprentices suddenly looked completely stunned there.

You must know that the Five Aggregates Sect has been established for tens of thousands of years, and there is only one genius who has crossed the fourth floor of the Five Aggregates Pagoda! And now, there’s a second place?

And still with the cultivation of the innate early stage, broke through the fourth floor?

boom! boom! boom! boom! ...

At the moment when Hong Lingge crossed the fourth floor, in the Wuxun Sect, a series of “tyrannical” auras soared into the sky, rushing towards the Wuyun Pagoda. There is even a spirit realm “master” among them; for internal martial artists and congenital martial artists, these auras are naturally incomparably tyrannical.

Of course, in Xu Ming’s eyes, these so-called “masters” were not even a joke.

Soon, dozens of figures rushed to the side of the Five Aggregates Pagoda—there were the suzerains and elders of the Five Aggregates Sect; even the Supreme Elders appeared!

“Someone broke through the fourth floor of the Five Aggregates Pagoda?”

“it is true!”

The high-level members of the Five Aggregates Sect were extremely excited.

“Elder Li!” The Sect Master even asked, “How old is the genius who entered the Wuyun Pagoda?”

“It should be seventeen!” Elder Li continued.

“Seventeen years old! Good! Good! Good!” Sect Master Dayue – the younger the genius, the greater the natural potential; at the age of seventeen, he passed the fourth floor of the Five Aggregates Pagoda, which is definitely extremely potential!

“Is it a genius in the late congenital stage?” the sect master asked again.

You must know that it is generally difficult to break through the fourth floor of the Five Aggregates Pagoda even if it is a late Xiantian cultivation base; because, a seventeen-year-old genius, the opponent he encounters on the fourth floor will be the strength of the peak Xiantian!

“No!” Elder Li said in disbelief, “Yes... the early days of the innate!”

“what!?”

The Sect Master, the Supreme Elder and other great masters were all shocked: “Innate early stage!?”

Innate early genius, how can it be possible to defeat the innate peak? —By the way, there is a possibility that the realm is extremely high!

“That’s great! That’s great! My Five Aggregates Sect will flourish!”

You must know that the realm is more difficult to improve than the cultivation base! The senior members of the Five Aggregates Sect, of course, want to see geniuses with high realms!

“My Five Aggregates Sect will flourish!” The elder Taishang even praised, “This son, there is hope to enter the spiritual realm in the future!”

...

Just when the elders were shocked, the Five Aggregates Pagoda changed again!

boom!

The entire Five Aggregates Pagoda suddenly shines brightly, with colorful and auspicious light shining in all directions.

“This is...”

The high-level members of the Five Aggregates Sect were all stunned at once!

“This is... breaking through the fifth floor of the Five Aggregates Pagoda!?”

“The opponent on the fifth floor of the Wuyun Pagoda is already close to the strength of the Pill Condensation Realm... In the early days of the innate, leaping to defeat the Pill Condensing Realm!?”

“Genius! Peerless genius!”

In addition to being shocked, the high-level members of the Five Aggregates Sect knew that they might have encountered a peerless genius!

All the high-level executives were staring at the Wuyun Tower, waiting for Hong Lingge to come out of the tower.

Soon, a young girl with a bewildered face walked out of the top gate of the Wuyun Pagoda. It was Hong Lingge.

Hong Lingge was really puzzled.

Doesn't it mean that it is difficult to break through the Five Aggregates Pagoda?

Doesn't it mean that in the early days of the innate, you can only pass through the second floor at most?

But why, Hong Lingge felt that the opponents were not very strong;

Walking out of the tower, Hong Lingge saw a master staring at her blankly, and she was even more dazed.

“Hong Lingge!” The Five Aggregates Sect Master smiled and stepped forward, “From today onwards, you are the saintess of my Five Aggregates Sect, and also my direct disciple! – You just need to cultivate with peace of mind, and in the future, The position of my Sect Master is also yours!”

Hong Lingge became more and more confused—she felt that everything she had experienced seemed to be a dream.

Xu Ming was in an inconspicuous corner and smiled slightly: “Secretly help Hong Lingge to quickly improve her strength! If she is Gu Hanmo, when her cultivation reaches a certain level, she should be able to awaken her memory. !”

Before, Gu Hanmo had such a tyrannical strength only after he had awakened the memory of his previous life! However, it is precisely because the strength of the previous life was used that it attracted an extremely powerful enemy!

Gradually, Xu Ming's eyes turned cold: “If Hong Lingge is really cold, then...”

That means – Gu Hanmo has fallen again!

Xu Ming is angry and powerless!

“Han Mo, don’t worry!” Xu Ming turned his eyes to the sky, his eyes seemed to shoot through the endless sky and endless chaos, “No matter who your enemy is! What kind of terrifying existence! Dare to hurt you, I must make them ten Repay it 100 times, 100 times!”

Xu Ming’s eyes were as deep as endless chaos: “If your enemy is the Supreme, I will slaughter the Supreme! If your enemy is the universe, I will break the universe!”

No one noticed that Xu Ming was in this inconspicuous corner. However, for some unknown reason, Hong Lingge turned his attention to Xu Ming subconsciously after being shocked and dazed.

...

After the assessment, Hong Lingge instantly became the most distinguished disciple in the Wuxun Sect! The high-level officials of the entire sect looked after Hong Lingge as if they were holding treasures.

The name “Hong Lingge” was also uploaded on the mainland! Many forces around know that there is a peerless genius from the Five Aggregates Sect! With the talent of this peerless genius, as long as he does not waste his cultivation, it is almost certain that he will step into the spiritual realm in the future; he may even go higher!

People are afraid of being famous and pigs are afraid of being strong!

Hong Lingge’s reputation outside, naturally attracted many forces to propose marriage.

For some relatively weak forces, the Five Aggregates Sect directly rejected them; while for some forces at the same level as the Five Aggregates, the Sect Master would ask Hong Lingge what he meant. After all, marrying with a big power is also beneficial to the Five Aggregates Sect.

Hong Lingge gave a decisive answer: Reject all!

Time is dull.

Xu Ming was in the Wuyun School, pretending to be a very ordinary genius, living near Hong Lingge. At the same time, he will secretly guide Hong Lingge's practice.

And Hong Lingge also knows how to hide her clumsiness – even though her strength has improved rapidly, what she has shown is only a small part of her strength! Of course, just a little bit of strength on the outside is enough to shock the entire Five Aggregates Sect!

But...the trouble is there after all!

Thirty thousand miles away, there is a force that is much stronger than the Five Aggregates Sect – Chunhuan Sect!

It is said that the leader is a “Daojun” level existence! Looking at the entire continent, there are some reputations.

Many of the exercises practiced by Chunhuan Sect are based on women, and naturally they will often secretly search for some talented women.

The birth of Hong Lingge naturally attracted the attention of Chunhuan Jiao.

Chapter 1683: Marry

The genius remembers the address of this site in one second: (apex Chinese), the fastest update! No ads! Wuyunzong.

The Sect Master “Ye Neg” and the Supreme Elder “Ye Qingshui” sat opposite each other, drinking tea and chatting.

The expressions of the two were unknowingly filled with joy.

“Hong Lingge's talent did not disappoint me!” Ye Kong commented with satisfaction, “With the cultivation of a lot of resources in the sect, her cultivation has reached the peak of the mid-innate; and what is even more commendable is that her foundation is extremely high. Solid, the purity of the innate energy is no worse than the late innate energy!”

“Not bad!” Ye Qingshui also said, “Hong Lingge, worthy of being the most talented genius in the history of my Five Aggregates Sect! Maybe... she can lead our Five Aggregates Sect to a higher level!”

In this world where strength is king, strength is everything!

“Yeah! Before Hong Lingge really grows up, we have to protect her in everything we say!” Ye Neg nodded.

“Don’t worry!” Ye Qingshui also said, “Even if I take this old life, I will protect Hong Lingge! When she grows up in the future, she will replace me and become the guardian of our Five Aggregates Sect! ”

Ye Qingshui, the supreme elder of the Wuxun sect, is also the only spiritual master of the Wuxun sect!

only...

Neither Ye Neg nor Ye Qingshui knew that Hong Lingge’s true cultivation was not in the middle stage of innate, but in the late stage of innate! However, because of Xu Ming’s secret guidance, after Hong Lingge hid her cultivation, not even a spiritual master could see through it.

boom!

Just as Ye Neg and Ye Qingshui were chatting, suddenly, the entire Wuxun Sect shook violently. There was a crack in the tea cups that the two of them were drinking tea.

“What’s wrong!?” Ye Neg changed in vain.

“Someone is bombarding the mountain protection formation! And he should be a master of the spiritual realm, and his strength is not inferior to me!” Ye Qingshui looked solemn, “Go! Go and have a look!”

call out! call out! call out! ...

The two Ye Negatives, as well as many experts in the Pill Condensation Realm in the Wuyun Sect, rushed to the mountain gate.

I saw outside the mountain gate, in the cloudy sky, two figures were standing in the sky.

These two figures, one is wearing a black robe, his eyes are sunken, and his appearance is a little old; the other is a white-clothed young man swinging a folding fan.

Obviously, these two figures are bombarding the mountain protection formation.

“The two of you are...?” Although Ye Fu was annoyed, he didn’t dare to attack; after all, since the other party dared to provoke so arrogantly, he must be relying on it! No matter how angry Ye Fu is, he must first find out the origin of the other party, and then decide how to deal with it.

“Presumptuous!” The black robe figure shouted sharply, “Seeing my Chunhuan Cult Young Master, don’t surrender quickly!”

Chunhuan teach?

Hearing these three words, Ye Neg, Ye Qingshui and other senior sect leaders all changed their expressions – Chun Huan Jiao, but the absolute controller of this area! Compared with the Chunhuan Sect, the power of the Five Aggregates Sect is too far behind!

“I’ve seen the Young Sect Master!” Ye Fu even said.

It’s just that Ye Neg and Ye Qingshui were a little puzzled, not knowing why the Chunhuan Cult came to them. After all, within the sphere of influence of the Chunhuan Sect, the Five Aggregates Sect is just an inconspicuous little force.

Moreover, Chunhuan’s search for the female cauldron was carried out in secret, and Wuxunzong would naturally not know. Therefore, I didn’t think for a while that Chunhuan Jiao was here for Hong Lingge.

“No ceremony!” The young sect master in white clothes put away his folding fan and said indifferently, “I heard that your Wuxun sect has produced a peerless genius ‘Hong Lingge’? Who is it? Come out and let the young sect master take a look!”

Hongling song?

Ye Neg, Ye Qingshui, and the elders all changed their expressions – Hong Lingge is the hope for the rise of the Five Aggregates Sect! Although I don’t know why this young sect leader is looking for Hong Lingge, there is still an unpleasant feeling in the hearts of the high-level leaders.

In the Wuyun Sect, Xu Ming, who was meditating alone, also frowned slightly – with his strength, of course, he could see through everything this young sect master was thinking in an instant!

“I don’t know whether to live or die!” Xu Ming secretly said, but he was too lazy to kill it.

If Xu Ming wanted to kill, let alone a mere world of dust; even the entire chaotic world, including the star master who controlled the chaotic world, would be instantly wiped out into nothingness.

Moreover, Xu Ming also wanted to leave this matter to Hong Lingge to handle it herself! Maybe, from the way Hong Lingge handled it, we could see some clues to see if Hong Lingge had something to do with Gu Hanmo.

...

The power of the Chunhuan Sect was naturally not something that the Five Aggregates Sect could resist.

Although Ye Neg and Ye Qingshui felt a little bad, they just asked Hong Lingge to come out. It wasn’t an excessive request, and they couldn’t refuse.

Soon, Hong Lingge appeared at the mountain gate.

The young sect master in white clothes suddenly lit up: “Not bad! Really good!”

Hong Lingge stood proudly against the wind, with a little doubt in her eyes.

“Hong Lingge!” The young man in white shook the fan again, and said in a commanding tone, “During this time, you need to clean up! Six months later, on the eighth day of the first lunar month, on the big day, I will personally come to marry you, the young master. !”

to marry?

Hong Lingge’s expression suddenly changed: “No—”

“Haha...” The Young Sect Master didn’t seem to hear Hong Lingge’s voice at all, and said to himself The voice rumbled in the sky, “Five aggregates, listen to me! Ben! On the day the Young Sect Master comes to marry, if Hong Lingge is not there, then...you Wuxian Sect, there is no need for you to exist! Hahahaha...”

Saying that, outside the mountain gate, two figures, one black and one white, walked straight away.

“This...” The senior members of the Five Aggregates Sect looked at each other in dismay – how did things suddenly become like this?

“I don’t want it!” Hong Lingge shouted.

She doesn’t feel anything about that young sect master at all! Even, I feel very disgusted! – How could Hong Lingge marry someone who hates her?

call out-

Hong Lingge’s figure flashed, and she fled down the mountain.

However, with her current cultivation, how could she escape from Ye Qingshui’s eyes.

“Hey...” Ye Qingshui sighed, her aura had already suppressed Hong Lingge, “For the sake of the sect, I have to aggrieve you! – Ye Neg, send her to the secret room first and ground her!”

“Yes!” Ye Negative said.

Ye Qingshui said in a private voice: “Also, you have to beware of Hong Lingge committing suicide! If something happens to her... Our Five Aggregates Sect can’t afford it!”

In this world, women still take marriage very seriously! If you are really unsatisfied with your marriage, you may even actually want to commit suicide!

“I understand! In the past few months, I will personally monitor her outside the secret room!” Ye Fu said.

After Hong Lingge was taken down.

Ye Qingshui sighed again: “Blessed and miserable! Hong Lingge is married to the young leader of Chunhuan Sect, and will be in a high position in the future; after she figured it out, maybe she will repay the sect. !”

Between the inheritance of the sect and the marriage with Hong Lingge – the seniors of the Wuxun Sect did not hesitate to choose the former!

This is a very sensible choice!

(End of this chapter)

Chapter 1684: Hong Lingge Exits Customs

The genius remembers the address of this site in one second: (apex Chinese), the fastest update! No ads!

The walls of the secret room are extremely hard, and even a pinnacle condensing pill realm expert can never break it.

In the secret room, the night pearl exudes a faint light. Hong Lingge was trapped in a secret room alone, a little desperate and powerless.

“It’s impossible for me to escape...” Hong Lingge is very clear about her current situation, “Also, the sect master is guarding the door; even if I want to commit suicide, I’m afraid I can’t do it...”

With the difference in strength between her and the sect master, I am afraid that it will be stopped before she commits suicide!

“Could it be... Really want to marry that young sect master?” This is definitely not what Hong Lingge wants to face – she can feel that the young sect master has bad intentions towards her.

And... even if the young sect master didn’t have any ill intentions, Hong Lingge was not willing to marry any man. It was as if, deep in her heart, she was repulsing something.

“If you have to marry someone, I...” For some reason, when thinking of this question, what came to Hong Lingge’s mind was actually Xu Ming, who had little contact with him. This point, even Hong Lingge herself was puzzled—why, she felt repulsive to other men in her heart; only Xu Ming did not have such repulsive feeling, and even faintly wanted to get close to Xu Ming.

“no!”

Suddenly, Hong Lingge’s expression became solemn, “I must not sit still!”

She has six months left!

If she trains hard, she will be able to increase her strength a lot in these six months!

“Anyway, I’m going to try! At least... I can’t even have the right to choose death!”

As long as she cultivates to the same level as the Sect Master, then at least the Sect Master will not be able to stop her from committing suicide! That way, Hong Lingge can protect her dignity!

In just six months, you have cultivated to the same level as Sect Master Ye Neg? – Before this, Hong Lingge never dared to think about it! But now, Hong Lingge felt that it was entirely possible!

Neither Ye Neg nor Ye Qingshui knew that after Hong Lingge entered the Wuxun Sect, the biggest improvement was not her cultivation, but... realm!

The cultivation base, Hong Lingge has only been upgraded from the early stage of the innate to the late stage of the innate! However, in terms of realm, Hong Lingge has never been “into the micro”, and has been promoted to the “domain” level!

Realm, divided: into the micro, the unity of man and nature, the realm, the artistic conception, the way of heaven!

If... Hong Lingge can enter the level of artistic conception, then, the strength brought to her by the realm is probably comparable to the “first spirit state”! At that time, it is possible for Hong Lingge to even escape from Ye Qingshui’s hands!

“There are still six months!” Hong Lingge’s eyes gradually became firm, “If my realm can reach the peak of the realm, then Ye Neg can no longer control my life and death! If my realm can reach the artistic realm level, Just try to escape!”

Start practicing!

...

In fact, Xu Ming has been secretly observing Hong Lingge.

“Have you entered the state of cultivation so soon?” Xu Ming nodded secretly, “Hong Lingge’s temperament is indeed unmatched by mortals!”

but...

It is impossible for Hong Lingge to cultivate to the level of mood within six months by herself!

But with Xu Ming around, making this “impossible” a “possible” is as easy as the palm of your hand. In fact, the fact that Hong Lingge can step into the “domain” level so quickly is actually the effect of Xu Ming’s secret guidance!

“Then give me a little more guidance!”

Xu Ming did not give too much guidance! – If he really wanted to lead, it would be easy for Hong Lingge to step into the realm of Dao, or even to become a god; however, Xu Ming just wanted to observe Hong Lingge’s reaction in the predicament.

Three months later...

Hong Lingge suddenly opened her eyes, her eyes were full of disbelief: “I... entered the mood level?”

Hong Lingge herself couldn’t believe it, why after she came to the Five Aggregates Sect, her talent seemed to be a different person; comprehending the realm was as easy as eating and drinking.

“That’s great!” Hong Lingge was immediately ecstatic, “With my current strength, I might be able to escape from the Five Aggregates Sect! But... there is still more time, I will practice and cultivate, and then I will have a greater chance of escaping! ”

Two months later, Hong Lingge has gone further in the artistic conception level! The strength has also doubled from two months ago!

“It’s time to go!”

Hong Lingge stood up.

...

Five Aggregates.

Wei Hai is in the training area of the disciples of the inner sect.

In fact, Wei Hai’s talent is not bad, only because he was secretly played by Xu Ming, so he was reduced to the outer sect. When Xu Ming stopped playing with him, Wei Hai naturally quickly proved his strength and entered the inner sect.

“My cultivation has reached the late stage of the innate, and it is even higher than Hong Lingge!” Wei Hai thought that Hong Lingge was only in the middle stage of the innate, “If there is no Chunhuan teaching, then in the future, it should be me and Hong Lingge is the best match!”

In Wei Hai’s view, looking at the entire Wuxian Sect, there is indeed no more outstanding young talent than himself!

“It’s a pity... it’s a pity!” Although Wei Hai was full of fantasies about Hong Lingge, he really did not have the courage to fight against Chun Huan Jiao. So, I can only secretly regret in my heart.

“But that’s fine!” Suddenly, Wei Hai’s eyes became sharp and ambitious, “Without Hong Lingge, I would be the first genius of the Five Aggregates Sect! Maybe, in the future, the position of Sect Master will fall to me. Go!—Humph! I want to prove to the sect master and the elders that my talent is not much worse than Hong Lingge!”

at this time-

boom! !

Suddenly Wei Hai heard a huge explosion from the top of the mountain.

“what happened?”

Wei Hailian looked towards the top of the mountain. But he saw a worrisome figure flying backwards in his direction.

“This is...?” Wei Hai looked at the embarrassed figure in disbelief, “Sect Master? Who knocked the Sect Master down from the top of the mountain?”

Immediately afterwards, a scene that made Wei Hai even more unbelievable appeared! —I saw a plain-clothed girl in the sky on the top of the mountain, standing in the sky with extraordinary aura; this girl is actually... Hong Lingge!

“What!? It was Hong Lingge who knocked down the sect master!?” Wei Hai’s eyes suddenly became bigger than his fists, “This...this...”

Wei Hai was still fantasizing just now, and felt that his talent should not be weaker than Hong Lingge; the result...the fantasy was not over yet, and reality gave him a slap in the face!

The talent gap between him and Hong Lingge is no longer a question of “who is stronger or who is weaker”, but... a world of difference!

When he was still excited that his cultivation had entered the late stage of the innate, Hong Lingge had already been able to hang the Sect Master Ye Fu, who was at the pinnacle of the Pill Condensation Realm!

“Hong Lingge!” At this moment, an angry shout resounded in vain, it was the Supreme Elder Ye Qingshui, “Leave it for me!”

call out-

Ye Qingshui, who was immortal, directly skipped the void and killed Hong Lingge.

Then...

boom!

The supreme elder, Ye Qingshui, was also blasted back by Hong Lingge. In fact, Ye Qingshui was in the spiritual realm, and he was only at the bottom, not much stronger than the first spiritual realm.

After Hong Lingge blasted Ye Qingshui, she looked for a random direction and disappeared directly into the sky. Only the masters of the Five Aggregates Sect were left, looking at each other in disbelief.

Three changes completed.

(End of this chapter)

Chapter 1685: 1 Leaf Plum

The genius remembers the address of this site in one second: (apex Chinese), the fastest update! No ads! The atmosphere is a little depressing.

The Sect Master Ye Neg, the Supreme Elder Ye Qingshui, and a group of high-ranking members of the Wuxun Sect all lined up outside the mountain gate, with extremely solemn expressions, as if they were waiting for something terrifying.

Soon-

boom! boom! boom! boom! ...

Dozens of tyrannical figures broke through the void and quickly rushed towards the direction of the Five Aggregates. Before anyone arrived, the momentum was overwhelming, and the high-level members of the Five Aggregates Sect were so oppressed that it was almost difficult for them to stand.

These dozens of figures are the masters of Chunhuan Sect, all of them are spiritual realm cultivation bases!

The two figures flying in the middle, one black and one white, are the young master and another master who have come to Wuxunzong before.

“Meet the Young Sect Master!” Ye Fu and Ye Qingshui took the lead, and all the elders hurriedly bowed and saluted.

“Humph!” The terrifying aura of the young sect leader directly oppressed him.

Snapped! Snapped! Snapped! Snapped! ...

Except for Ye Negative and Ye Qingshui, the other high-level members of the Wuyun Sect couldn't bear the oppression and fell to their knees one after another.

There was a bit of humiliation on Ye Fu's face, but he didn't dare to make a sound.

“What’s going on? Where’s the Hongling singer?” asked the young master.

Ye Qingshui took a step forward and said in an unbelievable tone: “You may not believe it, after Hong Lingge defeated me with one blow... ran away!”

When Ye Qingshui spoke, he kept looking at the young leader with attention.

This kind of thing, let alone the young master is unbelievable; even if Ye Qingshui experienced it himself, he felt unbelievable – the genius of the innate realm, it took less than half a year to defeat him, the master of the spiritual realm...

“What did you say!? Are you kidding me!?” Sure enough, the Young Sect Master’s face suddenly sank.

“How dare we play the sect master...” Ye Fulian said.

“Whether it’s playing a trick on me, I have a way to tell!” The Young Sect Master said, and winked at a blood-robed expert beside him.

This blood-robed master even covered his face in the blood-colored robe, revealing only his hideous eyes. In his eyes, there seemed to be a soul-stirring flame.

boom!

The aura of this blood-robed master instantly enveloped Ye Negative.

There was a bit of pain on Ye Neu’s face, and then his eyes lost their spirits, like walking dead.

“Young sect master, you...” Ye Qingshui naturally saw that this was a technique of the soul, which was extremely harmful to the soul, and even had to be stopped. However, more than a dozen spiritual masters from Chunhuan’s teaching directly suppressed him.

Ye Qingshui had no choice but to watch.

Bang!

After about a quarter of an hour, Ye Wu's body immediately softened and collapsed to the ground, not knowing whether he was alive or dead.

The blood-robed master said solemnly: "What he said is true!"

"Really!?" Chun Huan's masters were all stunned.

The young sect master couldn't help but muttered: "What a terrifying talent that is! If we can catch her, we can completely become the treasure of our Chunhuan Sect! At that time, the overall strength of our Chunhuan Sect will be as strong as possible. Make it a big boost!"

"But..." A master on the side couldn't help but said, "If we fail to catch it, will it bring hidden dangers to our Chunhuan Sect?"

"Hidden danger?" The young sect master sneered, "Maybe there will be! But... even if there is a hidden danger, so what? Don't forget, there are still..."

Having said that, the masters of Chunhuan Sect smiled tacitly and said no more. But obviously, they have absolute confidence in the backers behind them.

"Send an order to go back immediately!" The Young Sect Master sneered, "Block the whole area, and don't let anyone easily come in and out! In addition, in the whole area, do everything you can to search for Hong Lingge!"

boom! boom! boom! ...

After speaking, dozens of figures left Wu Yunzong directly.

As for Ye Fu, the sect master of the Wuyun Sect... the masters of the Chunhuan Sect would not care about his life or death at all! And the Five Aggregates Sect dare not speak out.

Ye Qingshui checked Ye Neg's body, shook his head and sighed: "The soul is seriously damaged, and the strength has regressed a lot... In the future, I am afraid it will be difficult to make an inch!"

The Five Aggregates Sect needs a new suzerain.

...

Spring and winter come.

Hong Lingge fights the sword alone and walks the world alone.

The Chunhuan Cult is huge. The whole world is a master hunter of Hong Lingge.

Several times, Hong Lingge has also fallen into the siege of spirit realm masters; but fortunately, these days, she has walked through life and death, and her strength has increased rapidly, so she has saved danger time and time again.

And Chunhuan Jiao's pursuit of Hong Lingge has also increased again and again.

snow.

plum blossom.

Hong Lingge sat alone under the plum blossom, with her long sword across her knees. Her brows have long since faded away, and some are lonely and resolute.

Hong Lingge didn't know—she thought she was already alone, but in fact, there was always a look that was watching her silently in the dark.

At this time, Xu Ming was also in the snow, but he was probably millions of miles away from Hong Lingge! However, for Xu Ming, whether it is a million miles or hundreds of millions of miles, it is like being within easy reach.

"It really seems like Han Mo..." Xu Ming lay in the snow, drinking wine, with a trace of attention, looking at Hong Lingge.

You must know, how subtle is Xu Ming's power of observation! Even at the particle level, he could easily see every particle clearly—but even so, he still felt that Hong Lingge was very similar to Gu Hanmo! This shows how similar Hong Lingge and Gu Hanmo are!

“Just like this quietly, let Hong Lingge's strength quietly increase!” Xu Ming has been fine lately anyway planning to find an opportunity to comprehend the “real self” in the mundane world; during this time, it should be enough for Hong Lingge to grow into the top existence of this chaotic world, “If she is really reincarnated in the cold, sooner or later, I will find some clues; if not, then I have never appeared!”

Xu Ming just guided Hong Lingge to practice subtly, and naturally he would not let Hong Lingge notice anything abnormal. At most, Hong Lingge would only feel that her talent had suddenly become so outrageous.

“But...” Xu Ming's eyes suddenly became suspicious, “There is something in this small chaotic world that I can't see through?”

Xu Ming's eyes were directed towards the center of this dusty world, and then towards the center of this chaotic world. If he didn't observe carefully, Xu Ming would have no idea; however, upon closer inspection, Xu Ming was surprised to find that this There are things that you can't see through in a small place!

“Fun! Interesting!”

It could make Xu Ming unable to see through it for a while. Obviously, there are some big secrets hidden in it. However, Xu Ming is not in a hurry to reveal the secret; he is not in a hurry to leave this world anyway, he has patience to wait.

“Just let me wait and see what the big secret will be!”

Before he knew it, the wine in Xu Ming's pot was exhausted.

“The realm of self, I really don't have a clue...” Xu Ming shook his head and sighed, “It's been so long, I haven't even got a clue about the ‘imaginary realm’!”

Just when Xu Ming put down the empty wine jug, a falling plum just fell on the white and boundless snow.

Suddenly, deep in Xu Ming's heart, something seemed to be touched; his eyes suddenly lit up.

I am sorting out the plot, so I have only written a chapter until now. I'll make an update today, sorry, I'll make up an update on the weekend.

(End of this chapter)

Chapter 1686: Xu Ming's "Dao"

Genius remember the address of this site in one second: (apex Chinese), the fastest update! No ads! What is "real me"?

The true self is actually the "Tao" that truly belongs to oneself – this "Tao" is not the Tao of Chaos, nor the Tao of Heaven, but the "Tao" that truly belongs to oneself.

This kind of "Tao" cannot be found in the endless chaos, and can only be understood by oneself. And the first step in this perception is to imagine—guess what your "true self" looks like.

For a long time, although Xu Ming knew that the "real self" is divided into imaginary, fantasy and real, but he has never been able to capture the inspiration of stepping into the "imaginary".

And at this moment, Xu Ming seemed to have captured this inspiration!

"Everything in the world, just like this boundless snow, was originally empty and empty! However, it was born from 'nothing', just like falling plums falling on the snow... From now on, this boundless snow is no longer empty. One thing, but gradually appeared endless chaos, everything in the world..."

At this moment, Xu Ming felt extremely clear in his heart.

"This is the 'Dao' I'm going to follow – from nothing to exist!"

Out of nothing!

This kind of “dao”, Xu Ming had heard of before!

However, the great powers Xu Ming had heard of, at most, only realized the “Imaginary Realm” of the Dao “from nothingness”, but when he “prove the Dao and the true me”, they all failed!

Yes, it all failed!

No one can truly “create something out of nothing”!

However, Xu Ming is very firm, taking this “dao” as his path to “true self”!

When will Xu Ming be able to reach a very high realm on this path, he will be able to break through to the “Domain Lord Realm”!

Whoa! Whoa! Whoa! ...

After determining the “Tao” to go, countless insights rushed towards Xu Ming like a tide.

Xu Ming’s cultivation level is still only the peak of the realm of all things, and he has not stepped into the realm of destruction; however, because of his insight into the realm of “true self”, Xu Ming’s strength has increased rapidly – even if Xu Ming only touched the “imaginary realm” It’s just the fur, but even if Xu Ming doesn’t hang up, his strength is probably close to Nirvana!

“So strong!” Xu Ming couldn’t help sighing.

You must know that if you don’t hang up, your strength can be close to the Nirvana Realm; then, if you open a few hangs, Xu Ming is probably comparable to the peak of Nirvana Realm!

“From nothing, this ‘Dao’, I don’t know if it’s right or wrong! But at least, it seems to be quite strong now!”

If it is right, then Xu Ming will follow this “dao” and continue to practice.

If it is wrong, Xu Ming, like other great masters, failed in the “real self”; then, he can only give up what he has comprehended now, and re-comprehend the “real self”—perhaps once Go in the wrong direction again and again until you realize the correct “Dao” that best suits you.

and...

At Xu Ming’s current state, although Xiaohang can help him increase his combat power, it is difficult for Xu Ming to understand his own “Dao”. Therefore, in order to improve his understanding of the “real self”, Xu Ming can only rely on himself!

On the boundless snow, Xu Ming closed his eyes and meditated for a long time.

Whoa!

When he opened his eyes again, the snow had already melted away, and the surrounding spring flowers were blooming.

“Um?”

Xu Ming’s line of sight penetrated a million miles of void and landed on Hong Lingge, “Looks like Hong Lingge is in some trouble!”

...

Top of the mountains.

Hong Lingge wore a green robe and stood proudly with a sword.

Countless birds, as if they had a premonition of the imminent danger, fled in all directions.

“Hahahaha...” A young man in white robe holding a folding fan laughed up to the sky; it was the young master of the Chunhuan Cult, “Hong Lingge... I really didn’t expect it! Our Chunhuan Cult has dispatched spiritual masters time and time again. You escaped again and again! On the contrary, you have also damaged several spirit realm masters under your command!—Humph! But this time, I will see where you are going!”

Around the mountain where Hong Lingge is located, dozens of figures stand in the sky, all of them are spiritual monks! Even, there are five spirit peak realm existences among them!

Under the heavy siege, the Young Sect Master obviously did not feel that Hong Lingge would have any chance of life this time.

only...

The Young Sect Master didn't know that—under Xu Ming's quiet guidance, Hong Lingge's cultivation had risen to the Spirit Peak realm at a terrifying speed!

Therefore, in the current situation, in the eyes of the young sect master, Hong Lingge is definitely in a dead end; but in Hong Lingge's view, there is still a chance – although this chance is very slim; but Hong Lingge Under desperate circumstances, you can definitely drag a few to die together! At least... this young sect leader who seems to be elegant and refined, will surely die!

However, the young sect master was not aware of the danger at all, and sneered: "Hong Lingge, you give up your resistance now, there is still a way to live! Don't worry, when you arrive at Chunhuan Sect, this young sect master will make you very happy! Hahahaha ..."

Hong Lingge's pretty face sank.

During this period of time, Hong Lingge has been running for her life under the pursuit of Chunhuan Sect. Naturally, she has learned a lot about Chunhuan Sect; she can also hear what the young sect master said meaning.

"Haha! Angry?" The young master sneered, "It's all right! When you arrive at Chunhuan Teaching, you will never be angry again, and you will live in happiness forever!"

The dozens of spirit realm masters around also showed malicious smiles. In their opinion, Hong Lingge is an excellent training pot; as long as Hong Lingge is captured, there will be many more masters in the Chunhuan Sect!

"You..." Hong Lingge's eyes suddenly turned cold, "Looking for death!"

call out-

A sword light instantly pierced through the void and killed the young leader. However, Hong Lingge deliberately concealed most of her strength, so this sword does not look strong.

“The peak of the Lingyan realm?” The young master sneered disdainfully.

Spirit Sand Realm, Spirit Rock Realm, Spirit Hill Realm, Spirit Peak Realm—Although the young master is only a spiritual sand realm, he doesn’t think much of the spirit rock realm; after all, there are more people around him than Hong Lingge. Great master!

“Go away!” A Lingqiu realm master shot to intercept Xiang Hong Lingge’s sword.

And at this moment, Hong Lingge burst out with all his strength, and the sword light suddenly became a hundred times colder!

call out-

The sword light is like electricity!

Hong Lingge’s sword edge is already very close to the Young Sect Master! Several Lingfeng realm masters didn’t have time to react at all, Hong Lingge had already forced the Lingqiu realm master to retreat, pierced the head of the young master with a sword – the weak Lingsand realm, facing the sneak attack of the Lingfeng realm master , how could it possibly survive?

“what!?”

“Young Sect Master...”

“court death!!”

The surrounding spirit realm masters are all furious—they are responsible for protecting the young sect master! Now that the Young Sect Master is dead, they are naturally to blame!

“die!”

The five Lingfeng realm masters immediately surrounded Xiang Honglingge, wanting to capture her alive.

(End of this chapter)

Chapter 1687: Found It!

Genius to remember the address of this site in one second: (Top Chinese), the fastest update! No ads! Under the siege of five Lingfeng realm masters, in just an instant, Hong Lingge was smashed into the bottom. among the mountains.

A ten-thousand-zhang mountain was razed to the ground directly under her impact! Even below the ground, they fell into a deep pit!

And the five Lingfeng realm masters of Chunhuan Sect continued to attack Hong Lingge without any hesitation.

At the same time, dozens of other masters of the spiritual realm also showed their means to restrain Xiang Honglingge and they wanted to be captured!

“Cut! Chop! Chop!”

What Hong Lingge has realized is the artistic conception of gold, which is incomparably sharp! She broke the shackles one after another and fled quickly. Moreover... During the battle, Hong Lingge was horrified to find that her realm was improving rapidly.

“Could it be... this is the epiphany in battle?” Hong Lingge couldn’t help but wonder, “But this is too fast?”

Of course, Hong Lingge didn’t know, it wasn’t that she had an epiphany during the battle, but Xu Ming speeding up her guidance, directly putting her into a state that was even more terrifying than her “apocalypse”! Every moment, Hong Lingge’s realm is soaring!

The five Lingfeng realm masters arrived again.

Hong Lingge resisted a move and was directly blasted away again.

But this time, Hong Lingge was surprised to find that it wasn't as difficult as before when he resisted. That is to say, in the interval between the attacks of the five Lingfeng realm masters, Hong Lingge's strength had significantly improved!

The third strike, Hong Lingge resisted with ease! I even felt that I had hope to escape!

With the fourth blow, Hong Lingge already felt that she had no small hope of escaping!

boom! boom! boom! ...

After attacking again and again, the masters of Chunhuan Sect, especially the five Lingfeng masters, looked more and more strange. When they first started attacking Hong Lingge, they felt that Hong Lingge was still quite bullying! But next, every time he attacked, it seemed that Hong Lingge became stronger! Fighting, they even felt like they couldn't suppress Hong Lingge!

Dozens of Spirit Realm masters, including five Spirit Peak Realm masters, could not suppress Hong Lingge?

The masters of Chunhuan Sect couldn't help looking at each other.

"It can't go on like this!" The five Lingfeng realm masters felt bad, "Don't think about capturing it alive, just kill it!"

"it is good!"

"it is good!"

Immediately, dozens of Spirit Realm masters from the Chunhuan Sect no longer showed mercy, and no longer thought about capturing them alive, but all killed them.

But right now...

boom!

The aura of Hong Lingge suddenly changed her realm, directly reaching the “realm of Tao”!
Understand the first line of “Golden Heaven”!

Although it is only a line of heaven, it has already allowed Hong Lingge to complete the transformation from “spiritual realm” to “dao realm”!

Hong Lingge directly became a “Daojun”, and her strength leaped thousands of miles!

“This...”

Feeling the breath of heaven emanating from Hong Lingge’s body, the masters of Chunhuan Sect were a little stunned to besiege a person, but in the end, they beat the person from the spiritual realm to the Tao realm...

What is this called?

Are they here to besiege, or to spar with to give experience?

Is there anything worse in the world than this?

“escape!”

Although the masters of Chunhuan Sect have an advantage in quantity, at this time, the quantity does not give them the slightest sense of security! Spirit Realm, it is almost impossible to fight Dao Realm!

Escape is the wisest choice!

“This...” To be honest, even Hong Lingge himself was a little confused. How can he be so casual, he realized the first line of heaven...

Hong Lingge, who was originally a weak side, instantly became a strong side! In this case, of course she would not show mercy.

“kill!”

With a single sword, he directly killed a Lingfeng realm master!

...

Xu Ming’s gaze, however, was looking in another direction hundreds of thousands of miles away from Hong Lingge. The trouble he said about Hong Lingge came from this direction.

In this direction, there are two masters galloping in the direction of Hong Lingge.

One of them was a Taoist monarch, the leader of the Chunhuan Sect.

The other person was actually a “Dao Zun”, but... Xu Ming couldn’t see through him!

Yes!

Even Xu Ming felt a little incomprehensible!

“His bloodline is a bit strange, it seems... every drop of blood hides a small flame!” Xu Ming had never seen such bloodline before, “Also, what’s even more strange is that his body is actually There is no causal line!”

You know, in the endless chaos, causal lines are everywhere!

Even in Xu Ming’s current state, he can’t get rid of the entanglement of cause and effect lines! At most, only to a certain extent, the line of cause and effect can be controlled!

And this person who only has a Taoist cultivation base has no causal lines on his body! This made Xu Ming have to feel strange!

“Furthermore, the Floating Life Religion to which this Dao Venerable belongs! Everyone in it has no causal thread!”

Floating Life Religion, the “God’s Domain” in this chaotic world, and all the worlds of dust! Everyone in the Floating Life Sect has no causal line, and this is the only thing Xu Ming can’t see through and feel strange in this chaotic world.

“What kind of power is this Floating Life Sect?” Xu Ming frowned slightly, “It’s definitely not a local power in this chaotic world!”

Xu Ming silently observed Senior Wu, that Hong Lingge should be right ahead! “The leader of Chunhuan Sect said respectfully.

“Yeah!” The senior Wu “Wu Yan” nodded lightly and said, “Her talent is really as terrifying as you said?”

“Yes!” The leader of the Chunhuan Sect said everything about the discovery of Hong Lingge and the fact that he sent people to hunt down Hong Lingge, “Senior Wu, don’t worry, I have sent dogs to lead people around. Stop her! I won’t let her run away!”

Wu Yan nodded noncommittally.

“I wonder if Senior Wu is looking for her...?” The leader of the Chunhuan Sect couldn’t help asking.

“Humph!” Wu Yan’s face sank, “Ask what you should ask, don’t ask if you shouldn’t! If this Hong Lingge is not the person I’m looking for; what to do with it is up to you Chunhuan Sect to decide!”

“Yes!”

...

“Wu Yan? Looking for someone?” A million miles away, Xu Ming frowned slightly.

However, Xu Ming is not in a hurry to shoot a few small ants under his eyelids. Is it possible that he can still grow wings and fly?

...

Soon, Wu Yan and the leader of the Chunhuan Sect flew to a distance of only 100,000 miles from Hong Lingge.

Suddenly, Wu Yan's face suddenly changed, and his eyes showed ecstasy.

Immediately, Wu Yan's blood boiled! The small flame hidden in every drop of blood suddenly seemed to be ignited, burning into a raging fire!

The raging fire in the drop of blood instantly connected into one piece; with a prairie fire, Wu Yan's entire body was burned.

"Senior Wu, you..." The leader of the Chunhuan Sect looked at him with incomparable horror.

Wu Yan just flicked his hand and threw a ball of flames, which burned the leader of Chunhuan Sect into nothingness.

Wu Yan, who was wrapped in flames, did not have the slightest pain in his expression, but was full of ecstasy: "I found it!"

Chapter 1688: Do I Exist?

Genius remember the address of this site in one second: (apex Chinese), the fastest update! No ads! Boom!

The fire on Wu Yan's body connected to the sky.

Immediately afterwards, Xu Ming saw that in this dusty world, and even in this entire chaotic world, all the members of the Floating Life Sect were burning with raging fire; moreover, all the firelight rushed to the sky, and finally merged and converged. It turned into a huge firelight and shot directly at the endless chaos.

Xu Ming's spiritual sense unfolded, covering the range of hundreds of millions of worlds, but he was surprised to find that this huge firelight instantly shot out the range shrouded by his spiritual sense – such a method obviously should not be in a small chaotic world. power, the means to have.

“What’s going on?” Xu Ming couldn’t help but wonder, “Could it be because of Hong Lingge? When he said ‘found’, did he find Hong Lingge?”

Xu Ming looked at Hong Lingge again, but found that the momentum of Hong Lingge had undergone earth-shaking changes! Become... so detached!

“This is...” Xu Ming’s eyes suddenly widened, “Gu Hanmo!”

Yes, Xu Ming was absolutely sure that this was Gu Hanmo’s temperament, not Hong Lingge! —I saw her reach out and gently brush the void, and ripples like waves appeared in the void. The ripples stirred, and there were dozens of Chunhuan masters around, and they all turned into powder.

Then, her eyes turned towards Xu Ming, and a smile appeared: “Xu Ming!”

Xu Ming was shocked by the electric shock, his whole body trembled, he couldn’t believe it, but he was full of expectations: “Han Mo?”

“What do you think?” Gu Hanmo asked back, and then smiled, “It seems that I have to stay in this chaotic world for a while!”

stay?

Xu Ming heard that Gu Hanmo seemed unable to stay for long.

However, being able to meet Gu Hanmo here is already the greatest surprise!

Whoa!

Gu Hanmo waved his hand, and suddenly, black shrouded the entire chaotic world, and time fell into a standstill.

In the entire chaotic world, the clouds no longer move, the rain no longer drips, the rivers no longer flow... From the star master to the mortals and livestock, all living beings have fallen into stagnation. All the masters of the Floating Life Sect are also at a standstill.

Only Xu Ming and Gu Hanmo were outside the “time stop”.

“This...” Seeing Gu Hanmo again, even though Xu Ming’s strength has soared; however, he is still shocked by Gu Hanmo’s methods – even the “Supreme Realm” powerhouse Xu Ming has seen cannot show Gu Hanmo’s level. s method.

Obviously, Gu Hanmo is definitely the most powerful being among the Supremes!

Ordinary Supreme, compared with Gu Hanmo, is definitely far behind!

“I didn’t expect to see you again so soon!” Gu Han said with a smile.

quick?

In Xu Ming’s view, it seems like thousands of years have passed!

“The strength has improved a lot, and I have already realized the ‘imaginary realm’!” Gu Hanmo boasted, “Also, what I have comprehended is... the ‘no way’? This is a road that is almost impossible to ‘prove the true self’, but ...hope you can make it!”

almost impossible...

That is, there is a very slight possibility.

Xu Ming heard that no one has ever been able to successfully prove the Dao on “The Way of Nothing”; however, Gu Hanmo’s vision is much broader than Xu Ming’s, but he knows that there is actually one person who has succeeded!

And...and only one person has made it!

If Xu Ming can succeed, he will be the second!

“Hanmo, are you...?” Xu Ming took a step and came to Gu Hanmo, “Reincarnated again?”

“Reincarnation?” Gu Hanmo shook his head and smiled, “I don’t dare to reincarnate casually!”

Xu Ming didn’t know that reincarnation was the method he used just now at the most desperate time, and the price was extremely high! Like Gu Hanmo, if he hadn’t met Xu Ming at the beginning, he wouldn’t even be able to awaken his past life memories; in that case, he could only be quietly annihilated in the long river of time.

“This is my avatar!” Gu Han said silently.

“Incarnation?” Xu Ming was puzzled.

“Where do you start?” Gu Hanmo pulled Xu Ming over and sat down on the top of a mountain; obviously, she was thinking about how to tell her experience in a way that Xu Ming could understand.

“Xu Ming, do you know that this endless chaos is not everything in the universe!” Gu Hanmo said.

“I know!” Xu Ming nodded.

At one time, Xu Ming thought that endless chaos was the entire universe; however, when his eyes widened, he found that it was not the case! – The endless chaos where Xu Ming is now is actually just a realm in the universe, the Divine Phoenix Realm!

“Then it’s much easier to explain!” Gu Han thought for a while, and said, “Yu, for all directions; Zhou, for the past and present! The universe includes all space and time! All things must not transcend the rules of the universe’s operation. !”

Xu Ming listened quietly. Of course, he has doubts about this sentence in his heart – plug-in, is it beyond the rules of the universe?

Gu Hanmo continued: “The entire universe can be divided into three parts: the real universe, the virtual universe, and the border of disorder! – The real universe has only one world; but in the virtual world there are countless billions. Ten thousand worlds! Everything in the virtual universe is false, like a ‘projection’! A stone in the real universe, projected into the virtual universe, may become endless chaos...”

“This...” Xu Ming was stunned for a long time.

Finally, Xu Ming asked with difficulty and disbelief: “You mean... everything in the endless chaos is just an illusion?”

It’s like a movie being shown.

“Yes!” Gu Hanmo said, “You are illusory, this world is illusory, and the entire endless chaos is illusory! Even now, what you see of me is illusory!”

“This...” Xu Ming was a little unacceptable and difficult to understand; he even doubted his own existence – do I exist, or do I not exist at all?

“Because of the illusion, even sometimes, the entire history of endless chaos can be directly tampered with!” Gu Hanmo said again, “For example, you should have been to the last era of chaos, right? I can feel the shuttle on you. The breath after ‘The Long River of Time’! – The last chaotic era you went to is a completely different history from the real last chaotic era! It is because, in the illusory world, the past is easily distorted!”

Seeing whether others have crossed the river of time, even the world master can’t do it!

But in Gu Hanmo’s eyes, Xu Ming seemed to have just come up from the river, and there was still “river water” on his body.

“But...” Gu Hanmo continued, “The long river of time you have crossed can only be called the ‘Void River of Time’! Only the long river of time in the real universe can be called the ‘True River of Time’!”

Gu Hanmo’s words made Xu Ming stunned for a long time before he asked in confusion, “Then... do I exist?”

Xu Ming could not figure out whether he really existed or was just a false illusion.

(End of this chapter)

Chapter 1689: Incarnate Billions

Xu Ming looked at Gu Hanmo and suddenly felt a chill.

“You... exist!” Gu Han said with a smile, “but... it’s just an illusory existence!”

Xu Ming was a little confused.

To be precise, it is somewhat incomprehensible, what kind of existence is an “illusory existence”.

Seeing Xu Ming’s expression, Gu Hanmo suddenly smiled and said, “Why is it real? Why is it illusory?”

What is real?

What is phantom?

Xu Ming really couldn’t tell.

Gu Hanmo smiled and said: “You are an illusory existence now; but when you reach a certain height in the realm of your true self, you will be able to change from illusory to real, and become a real existence! – I want to reach that realm. , it’s hard; but I’m sure you can do it!”

Xu Ming gradually became clearer.

“I will!” Xu Ming didn’t promise too much, just said three words lightly.

“I believe you!” Gu Hanmo, still Gu Hanmo, “As for... why does my avatar appear here...”

Gu Hanmo pondered for a while, and said, “You also know that I am being chased and killed by a super strong person who is not weaker than me! – For safety, I am incarnated into hundreds of millions to avoid being chased and killed!”

Gu Hanmo said it indifferently, but Xu Ming knew that she must have encountered difficulties! Otherwise, well, why should you incarnate into hundreds of millions to avoid the pursuit?

“My billions of incarnations are in the real universe and in the virtual universe! In the virtual universe, there are countless chaotic realms distributed with my incarnations; some chaotic realms even have several or dozens of incarnations of me! “Gu Hanmo continued, “These incarnations have no memory of me, and cut off all causal connections with me; even myself, I don’t know where the incarnation is! Only when I encounter danger, my incarnation will awaken some strength. , kill the enemy, or commit suicide!—like now!”

“Then...” Xu Ming pointed at Wu Yan who was “not far away”, “This Floating Life Sect is...?”

Gu Hanmo said: “My enemies are all powerful! It’s their minions who are searching for my incarnation! This Floating Life Religion should be a branch of it; everyone has a secret magic body, when they get close to me When the avatar becomes a clone, the secret method will be activated! – Now, this avatar of mine must have been exposed! The only choice is to choose self-destruction and annihilation before the enemy’s will arrives; otherwise, when the enemy’s will arrives, maybe , you can find a way to search for my other incarnations through my incarnation!”

Xu Ming was shocked: “Then your current situation is very dangerous, isn’t it?”

“Dangerous, I can’t say it!” Gu Hanmo said in a relaxed tone, “I have incarnated billions of incarnations, and more incarnations will continue to appear in every corner of the universe. It’s fast! – As long as I have an incarnation alive, I can restore my full strength at any time!”

Gu Hanmo’s methods are obviously already at an unimaginable level for Xu Ming!

After hearing Gu Hanmo’s words, Xu Ming felt relieved.

but...

Xu Ming didn't know that Gu Hanmo's words were actually to comfort him – Gu Hanmo is very strong, that's right! But you must know that Gu Hanmo's enemies are stronger and have more means!

Gu Hanmo has the means of “incarnating hundreds of millions”, so her enemy has no means of restraint?

how is this possible!

In this hunting game, Gu Hanmo is the prey! – Even if she is not in danger for the time being, it does not mean that she will never be in danger!

Even, Gu Hanmo is already in danger! – For her level of power, “incarnating into billions” is a life-saving secret skill that she chooses to use under difficult circumstances!

And all this, Xu Ming didn't know; Gu Hanmo also deliberately didn't let Xu Ming know!

Suddenly, Gu Hanmo's expression changed: “I'm leaving soon! – The will of the enemy has already descended on the Divine Phoenix Chaos Realm! The time static area I created will not last long!”

Xu Ming's expression changed as well, but immediately, he felt a strong sense of powerlessness – seeing Gu Hanmo again, even though his strength has increased greatly, he still can't help Gu Hanmo in the slightest!

Weak!

In front of Gu Hanmo, Xu Ming is still too weak! I'm afraid not even ants!

“How can I see you again?” Xu Minglian asked.

“There is no way!” Gu Hanmo shook his head, “Even I don't know where my avatar is!”

Only in this way, Gu Hanmo's billions of incarnations are the safest! Even if you don't know where your incarnation is, it's impossible for the enemy to know!

“And...” Gu Hanmo looked at Xu Ming with a smile, “Even if you meet my avatar again, what you see is just another ‘Hong Lingge’, not ‘Gu Hanmo’!”

Gu Hanmo’s incarnation, when he didn’t awaken his strength and consciousness, didn’t know Xu Ming at all, he was a complete stranger. At most, that avatar would treat Xu Ming, a stranger, more special than others—for example, Hong Lingge was extremely indifferent to other opposite sex, and would actively reject it; but it would not be the case for Xu Ming.

If Gu Hanmo’s other incarnations meet Xu Ming, it will be the same.

Boom-

Suddenly, the black-wrapped sky felt like a heavy hammer; the entire sky was shaken heavily.

Because time stopped, everything in a state of absolute stillness trembled for a moment – but only for a moment, time stopped and then resumed!

Obviously, this blow has not really broken Gu Hanmo’s time standstill field!

“I’m really leaving!” Gu Hanmo’s body immediately began to disintegrate, “If you get caught, you’ll be in big trouble! – By the way, after I leave, this powerful will will also disappear! You and I The conversation happened when time stopped, so he had no idea what was going on here; through endless time and space, he wouldn’t notice anything unusual about you! Then, what kind of life should you live~www.readwn.com~ just continue what kind of life, no need to be afraid of anything!”

Xu Ming didn’t speak, but just looked at Gu Hanmo who was decomposing.

Goodbye this time, see you next time, I really don’t know when it will be!

There is absolutely no way to know!

Even if Xu Ming searched every domain and world in the endless chaos, he might not be able to find Gu Hanmo’s incarnation again!

“These people from the Floating Life Sect, and others who have the same aura as them, if you encounter them, just kill them! If you don’t have some of these probing minions, maybe they can help me!” Gu Hanmo’s body, already extremely thin.

Xu Ming smiled bitterly.

can help?

Xu Ming knew that even if he killed all the minions of the entire Divine Phoenix Chaos Realm, there would be very few places where he could help Gu Hanmo! It can even be ignored!

However, Xu Ming will definitely kill these minions! At least... if Gu Hanmo still incarnates in the Divine Phoenix Chaos Realm, Xu Ming will never let those incarnations be harmed!

“Xu Ming, I’m leaving!” Gu Hanmo’s figure completely disappeared, leaving only a voice that echoed in his mind, “The Eternal Palace where your daughter Xu Yin went is in the real universe! If one day, your strength will be able to Going to the real universe, it shouldn’t be difficult to find her!”

As Gu Hanmo’s voice completely dissipated, the surrounding time-stop effect also disappeared, and time returned to its normal flow rate.

Everything Xu Ming experienced when “time stopped” was like a dream.

Chapter 1690: What Is The Sect Law?

The genius remembers the address of this site in one second: (apex Chinese), the fastest update! No ads! Hummo is gone!

Xu Ming’s divine body seemed to be pulled away from his soul.

...

In the entire chaotic world, these minions of the Floating Life Sect are still burning frantically. The blood-colored firelight, ferociously twisted, is still transmitting information beyond the endless chaos.

Xu Ming's spiritual sense shrouded the range of hundreds of millions of worlds; the distance in a chaotic world, to him, seemed to be close at hand.

“Destroy me all!”

When Xu Ming thought about it, in the entire chaotic world, all the members of the Floating Life Sect were wiped out, leaving no trace.

Xu Ming was on guard for a while, making sure that there was no great power to take action against him – as Gu Hanmo said, after she disappears, the terrifying power beyond the endless distance will not be interested in paying attention to this place again!

After all, even for superpowers, the divine sense spans countless worlds in the virtual universe; even directly from the real universe, to descend the will to the virtual universe, there is some price to pay!

Xu Ming's eyes turned to the endless sky: “Han Mo, wait for me!”

Floating life teaching?

The super-existing minions in the universe?

Xu Ming is ready. In the years to come, he will walk through endless chaos and eradicate all such minions! —Although, doing this, it can really help Gu Hanmo very little; however, Xu Ming will not fail to do it.

After all the minions in the entire “Divine Phoenix Chaos Realm” have been cleared; Xu Ming will also consider and find a way to go to other chaotic realms around to clear the minions.

Clearly one side is one side!

Moreover, in this process, Xu Ming's strength will definitely increase rapidly!

“Huh—” Xu Ming sighed heavily, but his eyes were unprecedentedly determined.

Immediately, Xu Ming restrained his momentum and turned into an ordinary person again.

His gaze, looking in the direction of Wu Yunzong, finally fell on Jiang Bi.

“Get to know each other once, if you can help me, please help! As for how far she can go on the road of cultivation, it depends on her own good fortune!”

Swish!

Xu Ming’s figure flashed, and he disappeared in place.

...

Five Aggregates.

Although the sect master was replaced, the super genius Hong Lingge was also missing; however, the situation of the entire sect did not change much.

Jiang Bi’s talent is mediocre. In the Wuyun Sect’s inner sect, she can only be regarded as a very mediocre member; even, under the suppression of other female disciples in the sect, she can hardly get along with the inner sect, and she is about to be expelled. Waizong went.

“Senior Sister Lu, why haven’t any of my pills for this month arrived in my hands!” At this moment, Jiang Bi was blushing, arguing with a cold senior sister.

This Senior Sister Lu looked at Jiang Bi with incomparably contemptuous eyes, and said lightly, “If you want you to get your medicine pill, what does it have to do with me?”

Around, several other female disciples also looked at Jiang Bi mockingly.

“But, isn’t the medicine pill in our women’s hospital always taken by you, Senior Sister Lu?” Jiang Bi said angrily.

The matter is very simple, it was this Senior Sister Lu who swallowed Jiang Bi's medicinal pill and did not admit it.

However, Jiang Bi was weak; no one spoke to her in Wu Yunzong.

"I'm taking the lead? Is there such a thing? Why don't I know?" Sister Lu turned her head away after she finished speaking; her sneer still echoed in the air, "Jiang Bi, your medicinal pill is gone, you are in a bad mood. Well, I can understand; but remember, you must speak with evidence! Spitting out blood without evidence will cause disaster to come out of your mouth!—Okay, 30 slaps and mouths will make her remember!"

There were several female disciples on the side who wanted to step forward and capture Jiang Bi.

Jiang Bi's expression changed, and she was about to flee, but found that the escape route had been blocked!

Jiang Bi's face changed again – it's so unreasonable! The other party not only embezzled his own medicine pill, but also taught himself a lesson...

But Jiang Bi also knew that in this world, strength is respected;

"Humph! When Hong Lingge was here, you all forgot what each of you was like?" Jiang Bi shouted coldly.

At the beginning, with Hong Lingge's talent, her status in Wuyun Sect was naturally extremely high; Jiang Bi and Hong Lingge had a close relationship, and her status also rose. These disciples of the Inner Sect Women's Academy were all flattering in front of her.

Now that Hong Lingge is gone, these female disciples have changed their flattery and bullied themselves in various ways; it seems that doing so will give them a lot of dignity.

However, no matter what Jiang Bi said, she was easily captured.

A female disciple with a sharp chin and sharp eyes raised her skinny palm and was about to swipe it towards Jiang Bi's face.

Jiang Bi's eyes were full of humiliation, but she was completely powerless to resist.

And just then-

The space seems to be frozen!

The slap raised by the lingering female disciple stayed in the air, unable to slap.

The two female disciples who captured Jiang Bi seemed to be pinched by an invisible force and thrown aside.

The next moment, the female disciples saw an ordinary and inconspicuous figure appearing in the women's courtyard.

"This is..." Jiang Bi looked at the figure in disbelief, "Xu Ming!?"

All this is clearly caused by Xu Ming! In this case, Xu Ming's strength is too strong, right?

Besides, didn't Xu Ming disappear with Hong Lingge? Why is it here again?

"Xu Ming?" The Senior Sister Lu looked at Xu Ming and shouted loudly, "How dare you break into the women's court!"

You must know that in the women's courtyard, any male disciples are strictly forbidden to enter. Whoever dares to trespass into the women's court will be severely punished by the sect.

While shouting loudly, Senior Sister Lu activated the alarm in the women's hospital.

Jiang Bi's expression changed, and she continued: "Xu Ming, hurry up! Trespassing in the women's court, even the elders of the sect will be severely punished!"

"Let's go?" Lu Shijie sneered, "It's too late! The senior members of the sect must be on their way!"

Indeed, the new Sect Master of the Wuxun Sect, the elders, and the Supreme Elder Ye Qingshui, who was just idle, all rushed over to the Women's Court.

“Dare to trespass into the women's courtyard, Xu Ming, you are doomed!” Senior Sister Lu was ready to make up a few stories about Xu Ming's frivolous female disciples. In that case, according to the laws of the sect, Xu Ming would have to peel off his skin even if he didn't die.

Xu Ming naturally saw through this Senior Sister Lu's thoughts at a glance, and laughed secretly in his heart: “It's the most poisonous woman's heart! It's a pity... so ignorant!”

yes!

So ignorant!

For Xu Ming, destroying the entire chaotic world is all in one thought. To Xu Ming, what is a small Wuyun sect in the dust world attached to this chaotic world?

Nothing counts!

The only thing that can make Xu Ming care a little is Jiang Bi – after all, Jiang Bi, Hong Lingge, and his relationship are not bad.

boom! boom! boom! boom! ...

A high-ranking sect descended to the women's court in a fierce manner.

The Supreme Elder Ye Qingshui shouted with an embarrassed expression: “Bold Xu Ming! Not to mention leaving the sect privately, but now when he came back, he even made absurd acts of trespassing in the women's court! What do you think of the sect's law? ”
