

A World 1711

Chapter 1711: Full Load

boom! boom! boom! boom! ...

Dozens of high-ranking domain master realm powerhouses all shot at Xu Ming.

Xu Ming smiled: “Ten clones?”

These strong people are still too naive! – Vision limits their imagination! They thought that ten avatars that were not weak were already very terrifying; as everyone knew, for Xu Ming, ten avatars were just a “base number”.

At least ten clones must be summoned!

Can’t summon fewer clones!

The overwhelming attack swept in. However, these attacks only injured Xu Ming at most, and were far from fatal. For Xu Ming, who had practiced “Divine Phoenix Immortality”, such attacks would not pose any threat to him in a short period of time.

boom! boom! boom! boom! ...

And Xu Ming also launched an attack.

His deity directly attacked Jiang Taichu, who was the closest; the ten clones, at the highest attack speed, randomly released attacks.

When Xu Ming’s long spear killed Jiang Taichu, Xu Ming’s ten clones had become twenty clones!

“What!?” Jiang Taichu saw ten clones appearing, and in shock, he was directly blasted dozens of worlds away by Xu Ming.

call out-

The arrow of the domain master Yi Tao shot through the void and arrived in front of Xu Ming.

Xu Ming took an arrow and his divine body was damaged; but in a flash, under the effect of “Divine Phoenix Immortal”, his divine body was restored to its original state.

While Xu Ming continued to kill Jiang Taichu, at the same time, his clones split again – twenty clones became forty!

“How...how can there be so many clones!?”

The Domain Master Yi Tao, Jiang Taichu and other high-rank Domain Masters were all shocked and stunned!

Moreover, not only the number of avatars is terrifying; what is even more terrifying is that the strength of each avatar has reached the level of high-grade domain masters – these high-grade domain masters who besieged Xu Ming, the weaker ones are not the opponents of Xu Ming’s avatars one-on-one. !

not to mention...

After just a moment, Xu Ming’s clones changed from forty to eighty, eighty to one hundred and sixty...

Not long after the fight began, the high-ranking domain masters such as Yi Tao domain master and Jiang Taichu found sadly: “We seem to be surrounded by Xu Ming’s clone...”

Yes!

The number of Xu Ming’s clones has been ten times that of the high-ranking domain masters who besieged him! And it seems that Xu Ming’s avatar will continue to split...

“This...”

For a while, the masters of Yu Tao and Jiang Taichu did not dare to continue their actions. Dozens of high-rank domain masters shrunk into a circle and looked at Xu Ming's terrifying number of clones in horror; it was like a group of little sheep, seeing a group of wolves surrounding them.

"Yitao Domain Lord, this..." Jiang Taichu looked at Xu Ming's hundreds of clones, and then looked at Yi Tao Domain Lord, with a stunned expression on his face.

"I..." Domain Master Yi Tao also didn't know what to do – when he shot Xu Ming, he never expected that things would turn out like this. How can this be besieging Xu Ming?

Other high-ranking domain masters are also confused – what to do next?

Hundreds of Xu Ming's avatars formed a formation to block time and space, completely preventing the group of high-ranking domain masters from having any chance to escape.

"Greed is the original sin?" Xu Ming smiled and looked at the strong men, "Now, do you still think that I take 30% of the treasures, is it too much?"

"Brother Xu Ming!" Jiang Taichu did not dare to call "Little Friend Xu Ming", but called "Brother Xu Ming", "We would like to give you 30% of the treasure! No, 40%!"

"Forty percent?" Xu Ming smiled, "Only forty percent? Don't you think it's too beautiful?"

"Then... how much do you want?" The Domain Master Yi Tao asked bitterly, and his tone didn't dare to be tough – he had to bow his head under the low eaves!

Xu Ming said lightly, with a natural attitude: "Ten percent!"

"Ten percent..." Lord Yi Tao and Jiang Taichu looked at each other with bitterness in their eyes, but there was nothing to do.

"Also..." Xu Ming continued indifferently, "It's not just the treasures harvested from other powerhouses! Your own treasures must also be handed over! Of course, you can choose to die!"

The Domain Master Yi Tao originally wanted to argue, but when he heard Xu Ming's last sentence, "You can choose to die," he didn't dare to argue.

To be honest, Xu Ming was already very kind without killing them. As for treasures... If you don't even have a life, what's the use of treasures?

"Leave the green hills, don't worry about no firewood..." All the strong men comforted themselves in this way.

"Humph!" Xu Ming snorted with satisfaction when he saw that the strong men knew each other. With Xu Ming's strength, it was not difficult to kill these strong men; however, it was impossible to stop these strong men from destroying their own treasures. .

If they all destroyed their treasures, it would be of no benefit to Xu Ming.

In Xu Ming's opinion, treasures are more important than the life and death of these powerhouses – as long as they can get their treasures, Xu Ming will not bother to care whether they are dead or alive!

After all, in the realm of disorder, Xu Ming is not afraid of revenge from others – as long as he returns to the Divine Phoenix Chaos Realm, even the Supreme Being can't retaliate against him, let alone this group of cats and dogs!

"You are right here, help me collect treasures!" Xu Ming flew directly to the exit of the virtual universe, sat down cross-legged in the void, blocking the way for everyone to leave, "Wait for the strong in this virtual universe. , they are almost gone, you all leave!"

Obviously, Xu Ming directly regarded these dozens of high-ranking domain masters as free coolies to help him collect treasures.

The Domain Master Yi Tao, Jiang Taichu, etc., aside from smiling bitterly, could only accept them silently. However, deep in the eyes of the two, there was a strange look hidden in them.

...

in the next days.

Xu Ming leisurely blocked the exit closed his eyes and meditated.

And every strong man who came to the exit, saw the intercepting lineup at the exit, smiled bitterly, and then reluctantly handed over the treasure on his body – between treasure and life, most people's choice is still very wise .

The three black-robed powerhouses that Xu Ming had encountered in the Border of Chaos also came to the exit not long afterward. After the three black-robed powerhouses handed over the treasures to the Lord of Yi Tao, they saw that the Lord of the Domain of Yi Tao honestly handed the treasures to Xu Ming. You know, they had scolded Xu Ming when they were in the Border of Chaos!

The three black-robed powerhouses couldn't help but think – it's a miracle that they can survive until now!

"I...we were wrong!" The three black-robed powerhouses flew to Xu Ming tremblingly to apologize.

"Go away!" Xu Ming said indifferently – at the beginning, in the frontier of disorder, the three gave Xu Ming the word "go away"; now, Xu Ming returned the word "go away" to them.

"Yes! Yes!" The three of them didn't dare to hesitate at all, and crawled out of this virtual universe.

In the shattered virtual universe, nearly 10,000 years have passed—that is, nearly a year in the border of disorder.

More than ninety-nine percent of the treasure hunters in this virtual universe have already left.

In the long years, Xu Ming's realm has also reached the "peak of the phantom self", which is close to the "real self".

Xu Ming didn't bother to wait any longer. He scoured the treasures of the powerhouses such as Lord Yi Tao and Jiang Taichu, and left immediately.

“Returning with a full load, it’s time to return to the Divine Phoenix Chaos Realm!”

Chapter 1712: Brother, Do You Want To Buy It?

Traveling through the border of disorder, Xu Ming began to clean up and harvest.

“Chaos pronuclear fragments, more than 107,000 pieces...”

This is a scary number!

You must know that it is difficult for ordinary low-rank domain masters to get a piece of chaotic pronuclear fragment. Even a middle-grade domain master, or even a high-grade domain owner, it is not easy to get the chaotic pronuclear fragments!

This time, Xu Ming almost directly swept away the chaotic pro-nuclear fragments of the entire virtual universe; in addition, there were some chaotic pro-nuclear fragments on the masters such as Yi Taoyu and Jiang Taichu, so... Xu Ming was able to “A wave of fertilizer” directly collected so many chaotic pronuclear fragments.

However, Xu Ming failed to see a complete “primordial core of chaos”.

In terms of value, the chaotic pronucleus is much higher than the chaotic pronuclear fragments! The chaotic pronucleus fragments are just some of the residue left after the chaotic pronucleus was destroyed; the purest power in the chaotic pronucleus was almost exhausted when it was shattered.

Therefore, even a million pieces of chaotic pronuclear fragments are not worth as much as a chaotic pronucleus.

“Other treasures, such as the domain master-level magic weapon, high-grade chaos source crystal, etc., have all received a lot...”

Xu Ming directly exchanged all the high-grade Chaos Origin Crystals into hanging points. As for treasures such as weapons, they cannot be exchanged directly. They can only be kept and sold when there is a chance.

“Chaos Pronuclear Fragment...”

Xu Ming didn't hesitate, and he directly exchanged it for the hanging point. Anyway, the level 21 hanging point can be exchanged back to the Chaos Proto-nuclear Fragment at any time.

In an instant, Xu Ming had more than 100,000 level 21 hanging points.

At this moment, Xiaohang's beautiful voice sounded: “Congratulations to the host, you have obtained more than 100,000 points of level 21 hanging points, and you have reached the conditions for activating the new plug-in function! Do you want to activate it immediately?”

Xu Ming's eyes lit up and there are new functions that can be turned on?

At the beginning, in God's Domain, when the 4.0 version of the Invincible plug-in was just launched, there were still many unopened functions: infinite clone, infinite blue, attribute modification, forced slavery, infinite resurrection, time pause, time countercurrent, invincibility, instant kill, copy , Wholesale and retail gold finger, second day and second second space, win the universe!

Later, as Xu Ming continued to become stronger and gain opportunities, several of these “unactivated functions” were also activated successively: unlimited clones, attribute modification, and forced enslavement.

There is no doubt that these unopened functions are extremely perverted!

Now, an unactivated function can be activated again. Of course, Xu Ming is very excited!

Without hesitation: “Activate now!”

In an instant, Xiaohang reminded: “Activation is successful! The function of this activation is: Wholesale and retail gold finger!”

Wholesale and retail gold finger?

Xu Ming was a little confused. In fact, he had always been curious about this function.

Look at the introduction.

Wholesale and retail golden fingers: The host can add the “Gold Finger” effect to others; the consumption of hanging points depends on factors such as the person being blessed, the effect of the golden finger, and the duration. At present, the cheat functions include: attack surge, defense surge, and speed surge.

“This...” Xu Ming understood the effect of this function, and to put it bluntly, it was to help people hang up!

Yes!

Help others “hang up”!

Although the functions of “wholesale and retail cheats” are still very simple, there are only three cheats of “attack and defense speed”; but there is no doubt that each function is very practical, similar to the 1.0 version of the alien invincible plug-in.

It is foreseeable that if Xu Ming helps someone with a golden finger, his strength will skyrocket!

Xu Ming really wants to find a strong domain master and ask: “Big brother, do you want to buy it?”

“Not bad, not bad! Very strong plug-in function! Maybe, in the future, I can rely on this plug-in to earn some Chaos Protocol fragments!”

Before he knew it, Xu Ming had already seen the “bubble” of the Divine Phoenix Chaos Realm.

“I’m back!” Xu Ming sighed.

He also didn’t expect that he would gain so much by just entering the border of disorder and exploring the way casually. Not only has more than 100,000 level 21 hanging points been obtained, but also a new function has been opened.

Xu Ming’s figure, against the repulsion of the Divine Phoenix Chaos Realm, quickly approached.

The Divine Phoenix Chaos Realm is a complete virtual universe, so the space-time membrane wall is also very stable. Easy access from anywhere.

Of course, a strong person with a low cultivation base can easily enter; but if it is a domain master realm, or even a world master realm, once you enter, it will definitely attract the attention of the Divine Phoenix Realm. This is a virtual universe with a master. It is the territory of the Divine Phoenix Realm Master; the power of the Border of Chaos cannot be casually intruded.

After passing through the space-time membrane wall, Xu Ming finally returned to the Divine Phoenix Chaos Realm.

Xu Ming's cultivation base is still very low, and he is at the peak of the Realm of Seeking Death and All Things; Therefore, his return did not attract any attention from the Divine Phoenix World Lord.

"Huh" Xu Ming suddenly found out, "Maybe, I can sneak into some virtual universes to take a look at my low cultivation level! Anyway, the controllers of those virtual universes won't pay attention to me!"

After returning to the Divine Phoenix Chaos Realm, Xu Ming directly took out the "Star Map of One Hundred Thousand Domains" and studied his current position.

After confirming his position, Xu Ming decided to go back to God's Domain to take a look, and then take Lin Lan back to Wen Dao Mansion.

Anyway, there are many hanging points, so Xu Ming left a "transmission coordinate" point directly in place; then, he directly opened the "coordinate transmission" hanging and teleported to the realm of the gods.

"God's Domain... I haven't been back for a long time!" Xu Ming couldn't help thinking.

long?

In fact, it's not too long!

You must know, let alone a powerhouse at Xu Ming's level, even a star-level ***** or a silver-moon-level god, tens of thousands of years will be at their fingertips.

A powerhouse at Xu Ming's level, whether it is chasing endless chaos or retreating to practice, always uses the "epoch" as the time unit!

Xu Ming has experienced all the way from leaving God's Domain, to Broken Boundary Island, to Swordsong Chaos Country, the original land, the land of origin... The normal flow of time in the endless chaos is only tens of thousands of years in total!

For beings with endless lifespans, tens of thousands of years are really too short!

Because of the shortness, Xu Ming had never had any information about Gu Hanmo before; therefore, he didn't have the face to return to the realm of the gods, and he couldn't return to the realm of the gods when he went to see Yin Ran. After strolling around, I found nothing, come back and have a look?

And now, Xu Ming has got some news about Gu Hanmo, and even some news about "Xu Yin"; of course, it's time to go back to God Realm to see!

"I don't know... Has Yin Ran woke up?" Xu Ming couldn't help thinking.

When he left God's Domain, Xu Ming suggested Yin Ran to sleep a lot. After all, for the gods, tens of thousands of years, hundreds of thousands of years have passed! If Yin Ran misses Xu Ming too much, he might as well just take a nap, maybe Xu Ming will come back.

Xu Ming activated the "coordinate teleportation" link and instantly disappeared in place.

...

When Xu Ming returned to the Divine Phoenix Chaos Realm, the Domain Master Yi Tao and Jiang Taichu also returned to their own virtual universe.

"Go and report to the Supreme!" Jiang Taichu said.

“Yes! In the border of disorder, such a genius has appeared, we must let the Supreme know!” Domain Lord Yi Tao also said.

Chapter 1713: Whale Demon Lord

Lord Yi Tao and Jiang Taichu quickly rushed to the origin of their virtual universe.

The status of the two in the virtual universe is second only to the existence of the world master realm; and the world master realm is strong, and there are not many in the entire virtual universe. Therefore, the two of them met the Supreme soon.

“What are you looking for from me?” A majestic voice came from above.

If Xu Ming was here, he would definitely recognize that the owner of this voice was Yuan Zun who had something to do with him!

That’s right, the domain master Yi Tao and Jiang Taichu were the subordinates of Yuan Zun.

“Reporting to the Supreme!” Lord Yi Tao respectfully said, “We practiced in the frontier of disorder and met a super genius!”

“Oh? Super genius?” Yuan Zun was slightly interested.

You must know that Domain Lord Yi Tao and Jiang Taichu are not only super geniuses under his command; even if they are placed in the entire Destiny Heaven and the World Lord, they cannot find many who are stronger than them! Being able to be called a “super genius” by the two naturally aroused some interest in Yuan Zun.

However, it’s just some interest.

Yuan Zun couldn’t help but think of Xu Ming’s own incarnation, which was still in Xu Ming’s hands! Being robbed by Xu Ming, who is not even the domain owner, is definitely a lifelong shame for Yuan Zun!

The domain master Yi Tao continued: “That super genius, in terms of strength, should be similar to me, at most slightly stronger than me!”

“Stronger than you?” Yuan Zun laughed, “Are you sure it’s not the realm of the realm?”

“Absolutely not!” said the head of Yi Taoyu, “Our battle took place in a shattered virtual universe!”

“Oh!” Yuan Zun nodded in the shattered virtual universe, the world master cannot enter! Because, in the “real self realm”, the world master has reached the level of forming the “real self realm”.

In the real world, once you enter the virtual universe, it will conflict with the virtual universe! If the controller of the virtual universe is there, it is possible to eliminate this conflict and allow the world master to enter the virtual universe; however, in a shattered virtual universe, there will never be a world master who has a controller. Once the world master realm enters the destroyed virtual universe, The result is likely to be: die together with the virtual universe.

Domain Master Yi Tao continued: “But... that genius’s avatar secret technique is very terrifying!”

“Very terrifying?” Yuan Zun seemed to have a premonition.

“Yes!” Jiang Taichu also said, “We played against him, and in a very short period of time, the number of his clones became hundreds!”

“What!?” Yuan Zun was startled and asked, “Is that person called Xu Ming?”

“Huh?” Domain Master Yi Tao and Jiang Taichu were both startled, “How did you know?”

Immediately, the two released a water curtain image of fighting with Xu Ming.

“It really is him!” Yuan Zun was shocked and angry.

Domain Lord Yi Tao and Jiang Taichu glanced at each other. Obviously, the two of them did not understand, how could Yuan Zun, who is so high above, have such a big reaction to a genius at the level of Domain Lord.

Yuan Zun was frightened and angry: Xu Ming's strength progress is really terrible!

You know, it hasn't been that long since he and Xu Ming fought!

"It seems... Xu Ming still retained his strength when he played against me last time!" Yuan Zun couldn't help but feel a little embarrassed, although he was only playing against Xu Ming in his incarnation; however, Xu Ming retained his strength and fought against his incarnation, which was not right. Are you looking down on his performance?

The dignified existence of the Supreme Realm was actually looked down upon by a Domain Master Realm level...

Gradually, Yuan Zun's eyes became gloomy: "The two of you, is there any way to attract Xu Ming?"

Lead out Xu Ming?

The Domain Master Yi Tao and Jiang Taichu thought about it and said, "This Xu Ming seems to be very greedy for money!"

"Greed for money?" Yuan Zun pondered, and gradually came up with some ideas.

...

Holy area.

Xu Ming's hometown in this world.

Since Xu Ming left God's Domain and entered the endless chaos, the development of God's Domain has become increasingly vigorous. Especially later, Xu Ming sent his servants "real ancient demons" to guard the realm of the gods; the development speed of the realm of the gods is naturally getting faster and faster.

The real ancient demon is the ninth-rank powerhouse of the Xuanhuangjing.

To Xu Ming, the ordinary ninth rank of the Profound Yellow Realm is naturally nothing. However, for the small God Realm, the existence of the ninth-order Xuanhuangjing is definitely a superpower that penetrates the sky and the earth!

After the real ancient demon arrived in God's Domain, he did not help God's Domain to expand its power; after all, his mission was to protect God's Domain, not to help God's Domain to fight for hegemony. Moreover, if it is to help the God Realm fight for hegemony in the endless chaos, the strength of the real ancient demon is not enough to see the ninth order of the Xuanhuangjing, and at most it will only build a second-rank power!

Therefore, after the arrival of the real ancient demons, the Divine Realm still has only the seven chaotic worlds when Xu Ming left. However, under the guidance of the real ancient demons, there are more and more geniuses in these seven chaotic worlds!

However, at this moment, the situation in God's Domain is not very good!

...

Hall of Seven Stars.

It is the power center of the seven chaotic worlds such as God's Domain.

In the Hall of Seven Stars, the real ancient demons, Wushang, Misty Star Lord, Huangquan Sage, Tianyao Sage, Heaven Destruction Sage, and other gods of the realm, all looked dignified and waited.

And sitting on the main seat of the Seven Star Palace, it is not any almighty in the realm of the gods, but a heavy black-robed powerhouse. This is a prehistoric existence!

This Prehistoric Realm exists, and he jokingly looks at the great powers of the God Realm: "Your little chaotic world is really interesting, there are places that I can't see through the Whale Demon Lord!"

As the Whale Demon Lord said, he turned his eyes to a speck of dust in the sky above God's Domain. It was the dust-like world "Endless Continent" where Xu Ming was born.

Ba Whale continued: “There is a mysterious space hidden in that small dust world; it’s really interesting that even I can’t find the entrance to the mysterious space!”

After finishing speaking, the Demon Lord Ba Whale turned his gaze back on the True Ancient Demon, Wu Di, the Misty Star Lord and others: “You really refuse to tell me, how can I enter that mysterious space?”

After the Whale Demon Lord discovered the mysterious space, he naturally wanted to enter; however, no matter how hard he tried, he was still unable to enter. So, he directly arrested all the great powers of God’s Domain and tortured them.

“We really don’t know how to get in!” Wu Di.

They really don’t know!

This mysterious space is naturally Xu Ming’s “independent space”! Only those who are approved by Xu Ming can enter; other than that, no one else can enter. Of course, a super existence like Gu Hanmo may be able to ignore this rule.

“Oh! It seems that you still refuse to talk about it!” The Whale Demon Lord sneered, “It’s okay, I came from the ‘Sea of Prisoners’; in our place, there are tortures! I have methods, You can tell the truth! And... even if you don’t tell the truth, occasionally someone will come out in that mysterious space! I don’t believe it, they won’t tell a single one! Huh? Come out alone!”

As soon as the eyes of the Demon Lord of the Whale lit up, she was really a female cultivator with a detached temperament, exactly the type that the Demon Lord of the Whale wanted to conquer!

True Ancient Evil Demon, Wushang, Misty Star Lord and other gods are powerful, but this female cultivator whose face suddenly changed is... Yin Ran!

“Oh?” The Whale Demon Lord suddenly smiled. From the expressions of the great powers in the God Realm, he naturally judged that the identity of this female cultivator who came out of the mysterious space was definitely not simple!

Chapter 1714: Dare To Have This Face?

“Holy area!”

Xu Ming’s eyes penetrated the endless chaos and landed on that very ordinary chaotic world.

This is just a low-grade chaotic world, which is extremely ordinary; placed in the vast and endless chaos, it is inconspicuous. However, in Xu Ming’s eyes, it is more precious than the most dazzling treasure!

This is his root in this world!

“It’s been a long time since I came back, and I feel a little timid when I’m close to my hometown...” Xu Ming laughed at himself.

Immediately, Xu Ming looked at the Divine Realm more carefully. The scene in God’s Domain became clearer and clearer in Xu Ming’s eyes.

“Huh?” Suddenly, Xu Ming’s brows furrowed sharply, and the whole person burst out with uncontrollable murderous aura.

“court death!!”

...

Holy area.

The ferocious claws of the Whale Demon Lord directly crossed the endless void and grabbed Yin Ran.

For the Whale Demon Lord of the Great Desolate Realm, everything is within easy reach of him in the small Divine Realm.

“What!?” Yin Ran also felt the crisis, and couldn’t help showing panic. However, her strength was still too weak after all, and she couldn’t resist at all. Feeling the surrounding space gradually solidifying, Yin Ran couldn’t even escape back to the independent space.

“How could...” Yin Ran was at a loss.

“Hahaha...I want to see, what secrets are there in your little girl!” The claws of the Whale Demon Lord cover the sky, the earth, and the sky, which is even bigger than the dusty world “Endless Continent” where Yin Ran lives. huge!

Under the claws of the sky, Yin Ran only felt that he was extremely small, and the whole person was helpless.

“No.” Of course Yin Ran didn’t expect that he would encounter such a situation when he left the independent space on a whim and was about to return to God’s Domain to see. At this moment, all that flashed in Yin Ran’s mind were Xu Ming’s figure; however, Xu Ming was not here, and no one could save her!

“Could it be, are you going to be captured alive?” In the face of the absolute strength gap, Yin Ran couldn’t even die!

To be honest, Yin Ran is not afraid of death; she is more afraid of being captured alive, and life is better than death.

But now, Yin Ran deeply felt the despair that life and death were not under his control.

In desperation, Yin Ran even closed his eyes; he couldn’t do anything except pray in his heart.

but...

He closed his eyes in despair and waited for a long time, but Yin Ran hadn’t waited for the claws of the sky to come.

“What’s going on?” Yin Ran couldn’t help but open his eyes, but saw that this incomparably huge claws stopped in mid-air, as if bound by something, unable to move.

Beneath the sharp claws, in the void, there was a figure that made Yin Ran think about it.

Yin Ran looked at this figure in disbelief: “Xu...Xu Ming!?”

Xu Ming burst into a smile: “Xiao Yin, I’m back!”

It’s really Xu Ming!

Yin Ran suddenly rushed into Xu Ming’s arms desperately.

Xu Ming waved his hand, annihilating the sharp claw that was bigger than the sky, and hugged Yin Ran deeply into his arms.

Holy area.

Hall of Seven Stars.

The Whale Demon Lord was extremely terrified: “Super powerful!”

The Whale Demon Lord did not expect that the Divine Realm still hides such a terrifying superpower! You must know that his cultivation has reached the Great Desolate Realm, but he has been subdued so easily; then, the cultivation base of the almighty shot has probably reached the Realm of All Things, right?

The Whale Demon Lord guessed Xu Ming’s cultivation base correctly, but he did not guess that Xu Ming’s strength was already invincible under the World Lord!

“Just now...” Yin Ran asked with some fear and some doubts, snuggling in Xu Ming’s arms.

“It’s just a clown jumping on the beam! Let’s go and see!” Xu Ming said, and took Yin Ran a step, and the man had left the Endless Continent and appeared in the Seven Star Hall of God’s Domain.

“Xu Ming!”

“Brother Ming!”

“Owner!”

In the Hall of Seven Stars, the ancient demons, Wushang, Misty Star Lord, etc. all saluted one after another.

Xu Ming said hello to the great masters of the God Realm, and then his eyes fell on the whale master: “How dare you violate my God Realm in the prehistoric realm?”

The Whale Demon Lord trembled, and continued: “I don’t know, God’s Domain is the realm of the predecessors, so... so...”

In the face of a powerhouse who is many times stronger than himself, the Whale Demon Lord does not dare to be arrogant at all.

“I don’t know?” Xu Ming said indifferently, “Is it all right if I don’t know?”

Xu Ming’s words were incomparably plain, but his tone was full of killing intent. If Xu Ming hadn’t returned to God’s Domain in time, he really couldn’t imagine how this area would have been tossed into God’s Domain. Even, even Yin Ran, I am afraid it will suffer!

Thinking of this, even if the Demon Lord of the Whale is killed a thousand times or ten thousand times, it is difficult to understand the hatred in Xu Ming’s heart.

“Senior, this junior knows it’s wrong!” The Whale Demon Lord is honest like a grandson of a turtle, “I am an elder of the Prisoner Sea, and I ask the seniors to see the face of the Prisoner Sea Lord and let me go. A way to live!”

“Prisoner of God Sea?” Xu Ming’s eyes were still cold.

The Prisoner of the Divine Sea, Xu Ming had heard of, was a “third-grade peak” force that was thousands of realms away from the Divine Realm. However, when Xu Ming was in the capital of the Chaos Kingdom of Jiansong, he had heard that the Prisoner Sea might hide the powers of the realm of all things, and even had the ambition to replace the Chaos Kingdom of Jiansong.

Of course, regardless of whether the Prisoner Sea has the ambition to replace the Chaos Kingdom of Sword Song, in Xu Ming’s view, it is all a joke!

After all, in terms of real strength, Xu Ming is the top powerhouse in the entire Divine Phoenix Chaos Realm; who can compete with him if the Realm Master is out of the realm?

As for the Prisoner of the Divine Sea, even if there are a few hidden creatures, to Xu Ming, is it not a joke?

“That’s right!” Seeing that Xu Ming seemed to know about the Prisoner Sea, he even said and asked the seniors to give us Prisoner Sea a face! ”

Give Prison Shenhai a face?

Xu Ming really laughed: “Does Prisoner Shenhai dare to have this face?”

When the Whale Demon Lord heard the words, he said inwardly, “Senior, what do you mean, do you look down on our prisoner of the Sea of God?”

Obviously, the Whale Demon Lord wanted to use the Prisoner Sea to threaten Xu Ming, hoping to deter Xu Ming.

However, Xu Ming was too lazy to pay attention to the Demon Lord of the Whale. Instead, he looked in a certain direction in the depths of the endless chaos. Beyond the tens of thousands of realms, it was the Sea of Prisoners.

Xu Ming saw that the Prisoner Sea Lord and the elders were bragging about the glorious past of the Prisoner Sea with countless disciples. In the depths of the huge chaotic world, there is a peak power of the realm of all things hidden, obviously the Supreme Elder who imprisoned the sea of God.

Although they were separated by thousands of worlds, everything in the Prisoner Sea could be seen in Xu Ming’s eyes.

“Humph!” Xu Ming snorted coldly, but his voice rumbled directly in the sky over the entire Sea of Prisoners, “I will take all the Supreme Elders, Sect Masters, and all the elders in the Sea of Prisoners! , and then re-select some high-ranking sects!”

“what!?”

“Who is talking nonsense!”

“The guy who hides his head and shows his tail, come out if he has the ability!”

Xu Ming’s words naturally aroused the anger of the strong prisoners in the sea of gods.

However... the angry scoldings of the disciples of the Prisoner Sea had just sounded, and then they were horrified to see that the Prisoner of the Sea Lord and the elders had truly disappeared!

Obviously, it was “taken away” by the mysterious voice that had just appeared.

Chapter 1715: Don’T Dare To Have This Face

“The sect master and the elders were all taken away...”

The powerhouses who were imprisoned in the Sea of God all looked at each other in dismay.

What was even more confusing was undoubtedly the Prisoner Sea Lord and the elders. They only felt that the stars were shifting in front of them. When they saw the scene in front of them again, they were already in a completely unfamiliar world.

“We are...”

The powerhouses such as the Prisoner of God and the Sea Lord immediately reacted to their encounter with a super existence!

What terrified the Prisoner Sea Lord even more was that their real trump card, the Supreme Elder at the peak of the realm of all things, was caught just like them! And... Elder Taishang didn’t even notice, and was still immersed in cultivation.

The Prisoner of God Sea Lord has been unable to imagine what kind of super existence can have such a means!

“Elder Taishang, Elder Taishang?” The Prisoner Sea Lord called out a few times.

The elder Taishang didn’t respond. Obviously, the cultivation was too fascinated! Moreover, he would not have thought that he had already been caught from the secret realm of seclusion to another chaotic world.

At this time, the Prisoner of God Sea Lord saw that the door of the Seven-Star Palace not far from them opened, and there were several weak beings in the Chaos Realm and Xuanhuang Realm, and there was an existence that they could not see through their cultivation. The Whale Demon Lord, who was imprisoning the Sea of God, was also in the hall.

“Ba whale, what’s going on?” The Prisoner of God Sea Lord asked continuously.

The Whale Demon Lord was completely stunned. One moment, he was still using the Prisoner Sea to intimidate Xu Ming; the next moment, he saw that the entire high-level prisoners of the Prisoner Sea were all arrested!

What kind of penetrating means is this?

What kind of iron plate did I kick?

“Wake up your Supreme Elder!” Xu Ming said indifferently, but he had an unquestionable domineering over him.

“Yes...” The Prisoner Sea Lord could clearly see that Xu Ming was the incredible super being; he lightly patted the elder Taishang on the shoulders, trying to wake the elder up to the situation in front of the master, but it was obviously not something he could do. It is in control, and the elders must come to take charge in person.

Of course, the Prisoner of God Sea Lord clearly felt that even if he was a supreme elder, he didn’t seem to be in charge...

But no matter what, let’s wake up the elder Taishang first! Who made the Supreme Elder, the highest expert they imprisoned in the sea of God; the sky fell, and the tall man came to the top!

However, the elder Taishang was obviously too fascinated by his practice. He was tapped a few times, but he still did not respond at all.

Xu Ming became impatient: “It’s easier to wake up if you pat your face directly!”

face?

The Prisoner Sea Lord was stunned for a while. This is their Supreme Elder! In terms of strength, he is not sure how much stronger than the “Sect Master” of his prisoner of the sea, and in terms of seniority, he is not sure how much higher!

Let the Prisoner of God Sea Lord slap the face of the elder Taishang?

Does the Prisoner Sea Lord dare to do it?

It’s just that at this moment, it’s not a question of “dare to do it”, but “have to” do it.

“Elder Taishang, I have offended you!” The Prisoner of God Sea Lord apologized lightly, then stretched out his palm and patted the elder Taishang’s face a few times.

clap clap clap...

A rhythmic slap in the face.

With every shot, the bodies of the prisoners of the Sea of Gods couldn’t help but tremble.

Seeing this scene, Xu Ming couldn’t help but miss the scene when he was young and frivolous and slapped the face of all parties! But now, Xu Ming rarely slapped the face himself. No, Xu Ming didn’t bother to slap the face at the peak of the realm of all things in front of him.

The Prisoner of God Sea Lord patted a dozen times, but the elder Taishang still did not wake up.

“Take the key points!” Xu Ming shouted.

The Prisoner of God Sea Lord gritted his teeth, and had no choice but to slap his hands towards Elder Taishang's face.

Snapped! !

This slap was extremely crisp.

And this poor elder who was imprisoned in Shenhai was finally woken up by this slap.

Prisoner Shenhai Taishang Elder was terrified and looked confused: "Am I in retreat? Isn't the guardian formation untouched? Who am I? What happened? Where am I?"

"Elder Taishang..." The Prisoner Sea Lord stood aside and smiled.

After a while, the elder Taishang responded: "I...you..."

He looked at the Prisoner of God Sea Lord and couldn't believe it: "You brat dare to hit me?"

However, Elder Taishang was not stupid, and immediately realized that the situation was wrong: "Where is this? Why am I here?"

The Prisoner Sea Lord smiled bitterly: "Elder Taishang, this is another chaotic world, and we have all been captured by this superpower!"

"Huh?" Elder Taishang looked at Xu Ming, but still couldn't understand what happened; he asked cautiously, "Senior, may I ask, what's going on? We imprisoned Shenhai, how did we offend the senior? Is it? Also ask the seniors to make it clear!"

Xu Ming grabbed the Demon Lord of the Whale and said lightly, "Is this your prisoner of Shenhai?"

"Yes!" The elder Taishang did not dare to lie and admitted honestly.

"That's good!" Xu Ming nodded lightly, "This Demon Lord of the Whale came to my hometown to be aggressive and was subdued by me, and I wanted to give you a face in the Shenhai prison, so I

will put you prisoners in the Shenhai. All the high-level officials came over and asked, you imprisoned Shenhai, do you dare to ask for this face?”

The Whale Demon Lord was too frightened to say a word!

High-level prisoners of Shenhai, I finally figured out what’s going on now They are eager to kill the Whale Demon Lord with thousands of cuts and you will get yourself into a big disaster. The entire sea of prisoners has been pitted!

Elder Taishang even apologized again and again: “Senior, senior, we are prisoners of Shenhai, and we dare not ask for this face!”

“Yeah! You know each other!” Xu Ming said lightly, “Since that’s the case, I won’t destroy your prisoner sea!”

The Supreme Elder and the Prisoner of God Sea Lord all sighed and relaxed a lot.

But then, Xu Ming said again: “But... since you already know of my existence, don’t even think about leaving, just stay here and be your servants! Don’t worry, when I arrested you, I was with you. Prisoner Shenhai said, let them choose another group of high-level officials!”

“This...” The high-level officials of the Prisoner Sea were all about to cry, but they really didn’t want to know about Xu Ming’s existence!

Of course, these high-level executives are more of the hateful and hateful Whale Demon Lord. What exactly did the prisoners’ sea pit look like?

“No! I don’t want to be a slave!”

“escape!”

Immediately, many high-level officials, including the Supreme Elder and the Prisoner of God Sea Lord, scattered and wanted to escape.

“Heh!” Xu Ming laughed at his opponents who were ravaged in the disordered frontier, but they were all high-rank domain masters; and among the high-level prisoners of the sea of gods in front of him, the strongest were only the peak of the realm of all things. Ming’s subordinates escaped?

too naive!

Xu Ming didn’t even bother to open the “forced enslavement” link, and directly enslaved all the high-level prisoners of Shenhai as slaves with his overwhelming strength.

“From today onwards, you will be here to protect the Divine Realm!”

Chapter 1716: Hands Can Pick The Stars

“Yes!”

The enslaved prisoners of the sea of gods looked at Xu Ming with fanatical and devout eyes, and they were extremely respectful.

From the beginning to the end, the expressions of the gods such as Wushang and Misty Star Lord were in a state of sluggishness.

too strong!

The strength shown by Xu Ming is really too strong!

Moreover, how long has it been since Xu Ming left God’s Domain? -Many God Realm experts just closed their eyes and opened their eyes and fell asleep, and then Xu Ming came back, and his strength has undergone earth-shaking changes!

“Brother Xu Ming...”

“Brother Ming...”

Everyone looked at Xu Ming in disbelief.

The real ancient demon was even more excited and asked, “Master, has your strength reached Nirvana?”

Nirvana?

Xu Ming smiled without saying a word, and didn’t explain much – just think of it as Nirvana!

Anyway, for the real ancient demons and the great powers of the gods, there is not much difference between the Nirvana realm and the realm master realm – because they are all things that can only be looked up to!

Just like when Xu Ming was still weak, in his opinion, Nirvana Realm and Domain Master Realm are both infinitely huge existences!

Xu Ming exchanged a few words with the other greats and walked into the Seven Stars Hall again.

“How is God’s Realm now?” Xu Ming said, the divine sense unfolded, and the net of divine sense covered every inch of the entire God’s Realm in great detail.

Xu Ming found that compared with when he left, the changes in God’s Domain were not great!

After all, for the gods, the time concept of “ten thousand years” is too short! Even for a star-level god, it is difficult to make any major breakthroughs; what’s more, what about saints and powers that dominate the level?

Returning to God’s Domain, Xu Ming has undergone earth-shaking changes; but his hometown, God’s Domain, has hardly changed.

However, it’s better not to change! At least, when Xu Ming came back, he felt the familiarity of his hometown.

Of course, Xu Ming was more afraid after a while – this time, it was fortunate that he returned to the Divine Realm in time; otherwise, what kind of disaster the Divine Realm would face is really unimaginable!

However, who can guarantee that God's Domain will not face such disasters again in the future?

What's more, next, Xu Ming is going to fight against the forces similar to the Temple of Despair; maybe, the enemy will detect the realm of the gods and threaten Xu Ming with the realm of the gods.

so...

After chatting for a while with the gods, Xu Ming suddenly asked: "In these years, do you have the idea of entering the endless chaos?"

In fact, Xu Ming's words are mainly asking for no difficulty.

Because, Wu Di is the only Chaos Realm powerhouse in the Divine Realm; his cultivation base is barely qualified to truly roam the endless chaos. As for the Misty Star Lord and other saints, their strength is far from enough to break through the endless chaos; blindly entering the endless chaos is no different from courting death.

"I used to have an idea to go to the endless chaos!" Wu Di smiled bitterly and said, "But... after feeling the gap between myself and the Prisoner Sea, my heart is a bit dead... After the strength is stronger, Might want to go!"

The easy answer did not surprise Xu Ming.

Xu Ming said again: "Then... I will completely isolate the entire Divine Realm from the endless chaos. Do you have any opinions?"

It's hard to help but laugh: "The current God's Domain, isn't it equivalent to being completely isolated from the endless chaos?"

Xu Ming was stunned, and then smiled.

Indeed, the great powers of God's Domain will not take the initiative to enter the endless chaos at all; in this case, the God's Domain and the endless chaos are indeed equivalent to "complete isolation"!

"That's good!" Xu Ming said, "Then I will put the Divine Realm into the mysterious space you know! In the future, the Divine Realm and the Endless Chaos will be truly and completely isolated!"

The "mysterious space" mentioned by Xu Ming naturally refers to "independent space".

The almighty people of God's Domain know the peculiarities of this space.

"But..." Wu Di couldn't help but said, "Isn't the scope of that mysterious space very small? How can you hold the entire Divine Realm?"

"Haha... It's not too small soon!" Xu Ming laughed.

At the same time, Xu Ming communicated with Xiaohang in his heart: "How many hanging points are needed to upgrade the 'Independent Space'?"

Xu Ming hasn't upgraded "Independent Space" for a long time!

Xiaohang replied: "Consuming 10 billion level 20 hanging points, you can directly raise the 'independent space' to full level, and have the 'ten thousand realms' range!"

The range of ten thousand realms, that is, the length, width, and height are equivalent to ten thousand divine realms.

In such a space, hundreds of millions of gods can be accommodated!

"Up to full level, only level 20 hang points?" Xu Ming did not hesitate, "Then what are you waiting for? Level up!"

At level 21, Xu Ming didn't have much; but at level 20, Xu Ming was almost inexhaustible!

As long as 10 billion level 20 hanging points, Xu Minghua really doesn't feel bad at all!

When the hanging point was in place, Xu Ming raised the "independent space" to the full level in an instant.

"Now, move God's Domain to the 'Independent Space'!"

Xu Ming tore on the sky with one hand.

In an instant, near the God's Domain, a space crack that was as long as "Hundred Realms" appeared.

In the next moment, Xu Ming's invisible hand turned into an incomparably huge; grasping the God's Domain and the surrounding six star worlds, it was like grasping seven marbles, directly grasping it into the independent space.

Hands can pick up the stars!

The seven chaotic worlds were thrown into the independent space, occupying only a very small space.

"In this way, from now on, no one can threaten God's Domain again!" Xu Ming nodded in satisfaction. . com

You know, even in Xu Ming's current state, he still feels that the "independent space" is extremely mysterious! Therefore, even if it is replaced by a strong domain master, it will definitely not be able to forcibly break into the independent space; even if it is a realm, it may not be possible to enter!

Moreover, Xu Ming has entered the border of disorder. Now, returning to the Divine Realm again and seeing the independent space, Xu Ming actually felt faintly that the independent space did not seem to belong to the scope of the "Divine Phoenix Chaos Realm"!

In other words, the independent space is likely to be the prototype of a "virtual universe"!

Hiding God's Domain in an independent space is naturally the safest.

“In this way, you don’t have to worry about the safety of God’s Domain anymore!” Xu Ming secretly said, “But... the interior of this independent space is still empty!”

Xu Ming already had an idea, and was going to use the chaotic source stone and chaotic source crystal to build countless chaotic worlds in an independent space.

After chatting with the great people of the God Realm again, Xu Ming returned to a separate area in the independent space—that is, the world in the original independent space.

Yin Ran was beside Xu Ming. He wanted to ask something, but he didn’t.

Xu Ming looked at Yin Ran, held her cheek, and said, “You miss your daughter?”

“Yeah!” Yin Ran nodded, “but I’m more worried about you!”

Xu Ming fondly patted Yin Ran’s head and sighed, “I already got some news about my daughter!”

I’m out of town, and it’s hard to find a hotel to stay in. I’ll update it today, sorry.

Chapter 1717: Change Hands

“I’ve got some news from my daughter!”

Yin Ran was stunned for a moment, then couldn’t help being excited: “Where is she...?”

Xu Ming thought for a while, organized the language, and said, “In a place called ‘True Universe’! I can’t go there yet, but I should be able to go soon!”

Xu Ming didn’t explain much. Vertex update fastest

After all, Yin Ran has been living in the realm of the gods, and I am afraid that he cannot accept the concepts of virtual universe, disordered frontier, and true universe for the time being. Talking too much will only make her worry, so don’t talk too much.

...

He lingered with Yin Ran for a few days.

Xu Ming looked at the empty independent space, thinking about how to arrange it.

After thinking about it, Xu Ming decided to divide the independent space into four areas.

The first area is the area where Xu Ming's relatives and friends live, and it is also a paradise that is truly isolated from the world.

The second area is God's Domain and the six Chaos Worlds that already exist.

In the third area, Xu Ming is going to build millions of chaotic worlds here, and arrange them into a huge fantasy civilization! If someone in the God Realm wants to break through the endless chaos, then, as long as they leave the God Realm for a certain distance, they will enter the third area; it is not much different from the real breaking through the endless chaos.

The fourth area, where Xu Ming wanted to store most of the treasures he got, would be placed in this area. After all, many treasures cannot be directly exchanged for hanging points, and it is useless for Xu Ming to carry them on his body, so he should put them here first.

What Xu Ming wanted to store most were the two treasures, the Immortal Tower, the Arrow Array!

Of course, these two supreme weapons were placed in a separate space, which gave Xu Ming the most sense of security!

After making up his mind, Xu Ming first put down millions of Chaos Origin Crystals and Chaos Originium in the third area, and then manipulated divine power. As soon as he moved these Chaos Origin Crystals and Chaos Originium, they would soon evolve into millions. Chaos world; gradually, life, treasures, and strong people will be born.

Afterwards, Xu Ming went directly to the ancient relic realm with a “coordinate teleportation”, and successively included the Arrow Array and the Tower of Immortality into the heart world, and another “coordinate teleportation” returned to the independent space.

“These two supreme divine weapons are placed here, even if they are the supreme gods, they will never want to take them back!” Xu Ming secretly said.

Xu Ming only had the “right to use” two pieces of the Supreme Divine Weapon, and the real control was still in the hands of Huang Supreme. However, if the two Supreme Divine Weapons were placed in an independent space, that would completely cut off the connection with Huang Zhizun, and Huang Zhizun would no longer be able to control it.

...

In the ancient relic world, countless strong people wandered in it, looking for opportunities.

The Immemorial Temple is the center of the ancient world, and the powerhouses who roam here are naturally the most and the strongest.

At this moment, a black-robed figure with a frenzied imposing manner swiftly swept across the ruins of the Primordial Temple.

“Abominable Nine Poison Demon Lord!” In the eyes of the figure in black robe, mad hatred and murderous intent burned, “I, the Demon God of Deathwing, swear to avenge this revenge! Wait, wait until I find a chance from the Tower of Immortality. I will make you regret it!”

In the ancient relics, there are some opportunities for the tower of immortality; for example, “Wujun”, it is because of the opportunity in the tower of immortality that it is invincible in the ancient relics.

Therefore, there will be many people who are strong in the ancient world, who want to follow Wujun and enter the tower of immortality to find opportunities.

“It’s right ahead!” Deathwing Demon God had already seen the phantom of the long river of time rushing in the void.

But for some reason, the Deathwing Demon God always felt that something was wrong, as if something was missing.

“What’s wrong?”

Deathwing Demon God suddenly stunned: “Where is the endless light of the Immortal Tower? Where did it go!? Not right!!”

The Deathwing Demon God was horrified to find the Tower of Immortality... gone!

The Immortal Tower is gone!

This news spread throughout the entire ancient relic world at a terrifying speed, and soon reached the ears of the Divine Phoenix Realm Lord.

“What!?” When the Divine Phoenix Realm Master got this news, his whole body almost jumped up in shock. You know, he has always coveted the Immortal Tower and wanted to obtain this supreme divine weapon; and now, the Immortal Tower has disappeared?

“how is this possible...”

But the fact is that the Immortal Tower is in front of the Divine Phoenix Realm Master, and it is indeed gone!

The Divine Phoenix Realm hurriedly came to the place where Huang Zhizun was sealed.

“Supreme Huang, your tower of immortality is gone!” The Divine Phoenix Realm said directly, “What’s going on?”

“What’s going on?” Huang Zhizun sneered, “I’ve been suppressed here, how do I know what’s going on?”

In fact, at the moment when the Immortal Tower disappeared, Huang Zhizun had already felt that he had lost contact with the Immortal Tower; at the same time, there was the Zhuxin Arrow Formation.

Huang Zhizun guessed that Xu Ming might have done something wrong; but, of course, he would not tell the Divine Phoenix Realm Master about his guesses.

Moreover, Huang Zhizun is not afraid of Xu Ming's tricks. After all, there had already been "causal entanglement" between him and Xu Ming; once Xu Ming's cultivation reached the realm of destruction, he had to find a way to save him! At that time, Huang Zhizun will be able to easily take back the two Supreme Divine Weapons. In his opinion, Xu Ming has not even reached the realm of Destruction Realm, so it is impossible to make any waves!

At this time Huang Zhizun smiled again: "Otherwise, you let go of the suppression and let me go out to find out, where is the Tower of Immortality?"

Let go of the repression?

The Divine Phoenix Realm Lord is not stupid, so how could he let go of the suppression of Huang Supreme?

"Humph!" The Divine Phoenix Realm Lord snorted heavily and walked away.

Huang Zhizun was rather looking forward to it: "What the **** is Xu Ming doing? Could it be... have you figured out a way to save me out?"

Of course Huang Zhizun didn't know that from this moment on, his two Supreme Divine Weapons had already changed hands!

...

I spent some time with Yin Ran in the independent space, and also arranged some affairs in the God's Domain; after calculating the time, it was not far from the "Wen Dao House Competition". It's time to start the journey again.

"It's time to go!" Xu Ming's eyes were deep.

After leaving this time, Xu Ming is likely to enter the "Nine Heavens", or go to other places outside the Chaos Realm of Divine Phoenix.

If it is within the Divine Phoenix Chaos Realm, the cost of “coordinate teleportation” will not be very high; however, once it is outside the scope of the Divine Phoenix Chaos Realm and is no longer in the same virtual universe, the cost of “coordinate teleportation” will be high. If you click, it will skyrocket sharply, and even Xu Ming can’t afford it.

So, next time you want to come back, I’m afraid it won’t be so easy!

However, for the existence of infinite lifespan, time does not have much meaning; and Yin Ran will not be entangled in the morning and evening.

“Go!” Yin Ran looked at Xu Ming, “Be careful!”

“Don’t worry! Wait for me to come back!” Xu Ming didn’t say much, leaving only a promise.

Chapter 1718: The Disciple Can’T Do It!

Smell the Taoist House.

The most lively scene in this era appeared.

Almost all the teachers and disciples of Wendao Mansion appeared in Wendao Mansion.

Teachers and disciples who were in retreat in the past have all left the retreat at this time; those who practiced outside have also returned. In order to do so, is the upcoming “Wen Dao House Competition”.

“In this Wendao Mansion Grand Competition, I swear to win the first place at the same level!” A second-rank powerhouse of the Xuanhuang Realm with a plain face in azure clothes appeared at the gate of Wendao Mansion, with a bristling fighting intent in his eyes.

“Wen Dao Mansion Grand Competition, here I come! It’s time to show my talent to the entire endless chaos!”

“It is said that every time I hear about the Dao Palace Grand Competition, there will be a world master realm master... I really look forward to it!”

Many disciples who have just left the customs or have just returned have naturally heard about Xu Ming’s “outrageous remarks” in the Wendao Mansion’s freshman assessment. In the face of the teacher, put down the words: He has contracted all the twenty-seven “first” places in the Wendao House Grand Competition!

Those disciples who had just left the customs or had just returned were all stunned.

“He has contracted all the twenty-seven ‘first’ places?”

“This is too arrogant, right? – Who does this teacher Xu Ming think he is? The realm master? Or the realm master? How dare you say such a thing?”

“Mr. Xu Ming? It’s just the cultivation of the realm of all things!”

“The realm of all things? In the entire Wendao Mansion, there is no teacher as low as him, right? – Sitting in the well and watching the sky, no wonder he would say such ignorant words!”

Even those who were not teachers from Wendao Mansion, but who came to Wendao Mansion to observe, could not help but sneer.

“Xu Ming? That Xu Ming from the Divine Phoenix Mystery Realm?—Still as arrogant as ever!”

“Haha! However, his arrogance this time is probably going to turn into a joke! In the history of Wendao House, the teacher with the best grades was only in the ‘Wendao House Competition’. Eleven ‘firsts’ only; Xu Ming wants to contract twenty-seven ‘firsts’? How can you be confident?”

Before Xu Ming came back, the entire Wendao Mansion was already full of ridicule towards him.

Even some of Xu Ming’s disciples were provoked in Wen Dao Mansion.

You must know that Xu Ming's disciples, when they first worshiped Xu Ming as their teachers, although their talents were mediocre, but under the guidance of Xu Ming's "Guide to the Way", they were already invincible at the same level!

These disciples with strong blood and energy have strength, how can they stand up to provocation? As a result, he fell into the trap of other disciples; as soon as he made his move, he was besieged by many other disciples. Most of the disciples were seriously injured under the siege.

In this way, the provocation of Xu Ming's family in Wendao Mansion became even more arrogant!

...

"So many things happened after I left Wendao Mansion?" Xu Ming's face was ugly.

Xu Ming is the teacher of Wendao Mansion; if his disciple is bullied, isn't it the same as being slapped in the face? – Xu Ming's complexion, it's strange if it looks good!

Take Lin Lan and go back to the residence. The other twenty-six disciples came over with dejected faces to apologize: "Teacher, we are useless, we..."

"You are really useless!" Xu Ming said coldly.

The twenty-six disciples were all stunned by the scolding—they thought they would be comforted by the teacher, but they were scolded directly by the teacher.

Xu Ming glanced at the disciples and asked in a deep voice, "Do you want revenge?"

The disciples looked at each other and said in unison, "Teacher, don't worry! In the Wendao Palace Grand Competition, we vow to win all the 'firsts'!"

These disciples are naturally very clear and confident about their own strength! If they were not besieged by other disciples, they would not have been seriously injured; at the same level, one-on-one, each of them has the belief that they will win.

"Humph!" Xu Ming heard it, but snorted coldly, "That's it?"

“What does the teacher mean...?” The disciples couldn’t help but wonder – is this not enough? What else?

“I want you...” Xu Ming paused for a moment, then said, “I want you, not only to win all the ‘firsts’! And... to challenge all other opponents of the same level with one enemy and one person!”

With one enemy?

One person to challenge all other opponents of the same level?

The twenty-seven disciples, including Lin Lan, were all silent—the outside world thought that their teacher Xu Ming was already arrogant, but they didn’t know that Xu Ming was even more arrogant than they thought!

Even Lin Lan couldn’t help but say, “Teacher, disciple...I can’t do it!”

Really can’t do it!

If it was one-on-one, Lin Lan would definitely win! After the cultivation of the “Supreme Dao Guidance System”, the strength of Lin Lan and other disciples is by no means comparable to other geniuses in Wen Dao Mansion!

Even if it is one against two, one against three, Lin Lan thinks it can be tried!

However, with one enemy... you must know that the disciples in Wendao Mansion, Chaos Realm, Xuanhuang Realm, and Great Desolate Realm, have three major levels and twenty-seven minor levels, each of which has thousands of disciples. !

One against the many means “one against all”...

Lin Lan and the other disciples just wanted to say – we haven’t been beaten to death yet?

“Can’t do it?” Xu Ming glanced at Lin Lan, then sneered, and said, “If the teacher said that you can do it, you can do it!”

Lin Lan and the other disciples looked at each other in dismay and still couldn't believe it – the same level is one enemy, how can they dare to believe it?

Xu Ming said lightly: “As a teacher, I will teach you a secret technique against the sky!”

Heaven-defying secret skill?

The twenty-seven disciples are all looking forward to it, but also doubting—could it be that there is really some secret technique that can make them fight against ten thousand?

Of course, Xu Ming didn't really want to teach them any secret skills against the sky, but planned to open a “wholesale and retail gold finger” and install a “gold finger” on each disciple!

Of course, Xu Ming can't directly say “gold finger” or “plug-in”, but a secret skill. Anyway, they urge the golden finger, just like urging the secret skill, it will not cause too much doubt.

“Okay, come here one by one! Old rules!” Xu Ming said lightly.

Immediately, one after another, all the disciples were lining up, and honestly put their heads towards Xu Ming – the old rule is to “touch the head”.

Standing in the first place was naturally Lin Lan.

Xu Ming's big hand kindly stroked Lin Lan's head, and at the same time opened the “wholesale and retail gold finger” hanging.

The wholesale and retail gold finger has only three functions: attack surge, defense surge, and speed surge!

Although the functions are few, for the disciples, it is already considered heaven-defying.

“My disciples, can't be looked down upon! These three functions should be enabled for each of them!” Xu Ming seemed to have seen that his own disciples were using plug-ins... oh, no, they were using secret skills, swept the invincible scene in the Wendao House Grand Competition.

Chapter 1719: My Teacher Said

Hearing the Daoist Grand Competition, he arrived as scheduled.

The quiet and peaceful Wendao Mansion on weekdays was full of people at this time.

Those superpowers who are famous for endless chaos, which are rarely seen in the past, are now appearing one by one in Wendao Mansion.

Outside Wendao Mansion, many monks living in the source land have gathered here – although they are not qualified to enter Wendao Mansion, but they can watch the great powers of all parties here; speaking out, it is considered to have seen the world.

“Look, that’s Master Qihuo! The last time I wanted to visit Master Qihuo, I waited outside his door for 49 years and couldn’t be seen by him; I didn’t expect to see him here today. arrive!”

“Master Qihuo? He’s a fart! You must know, who came to watch the great master of the ‘Wen Dao House Grand Competition’, which one is not a cultivation base above Nirvana? – Among these masters, Master Qihuo can only It’s the most common existence!”

“Look, the Nanhe Domain Master is here too!”

“Lord of the Cloud Wind Region!”

“Holy Thirst Domain Lord!”

A bit domain master realm almighty appeared one after another. And those ordinary Nirvana realm powerhouses suddenly paled.

Even, at the back, even the existence of the realm of the realm appeared!

“Daoying World Lord! Hasn’t he disappeared for hundreds of millions of epochs in the endless chaos? He actually came!”

“Palace Master Wendao! That’s Palace Master Wendao!—He came back from the Border of Chaos?”

“In the usual Wendao Palace competitions, there are very few world master realms to show up! But this time, there are two world master realms at the same time!”

“This year’s Wendao Palace Grand Competition seems to be exciting! Those geniuses who performed well in the competition will have a great chance too!”

Wen Dao House.

The stage is already set up.

A master of the realm, the realm of the realm, and the great master of the Nirvana realm, all took their seats in priority and waited for the big competition to start.

One after another, some teachers and disciples have entered the venue.

In the viewing area, there are naturally many great experts, who laughed and guessed the result of this “Wen Dao House Competition”.

“I heard that there is a teacher named Xu Ming, who has threatened to contract twenty-seven ‘first’ places?”

“Haha, that’s just a joke in Wendao Mansion!”

“It’s just grandstanding! However, among Xu Ming’s disciples, there are indeed one or two good seedlings; there is still a chance to win one or two ‘first’ places!”

“Won one or two ‘first’ places, that’s not bad, it’s a lot of merit!”

“Yeah! Merit! When will I be able to collect enough merit and go to Jiuzhongtian...”

Not long after, the teachers, disciples, and the great people who came to watch the ceremony all arrived.

Xu Ming and his twenty-seven disciples naturally became the focus of the audience. It's just that everyone looked at them with sarcasm and mockery.

Xu Ming's disciples were very indignant in their hearts – they received the “secret skills” taught by Xu Ming, and when their self-confidence was bursting, how could they bear these sarcastic and mocking eyes?

Twenty-seven disciples, each with a burning desire to fight, could not wait to get on the stage immediately and beat other disciples of the same level violently to prove their strength.

Xu Ming glanced at the reactions of the twenty-seven disciples and couldn't help shaking his head: “It's still too young!”

Yes!

Still too young!

At a glance, you can tell that these twenty-seven disciples don't often pretend to be X! If he always pretended to be X like Xu Ming, he would never have reacted like this! —Like Xu Ming, he would not be angry at all because of these sarcastic eyes. Because Xu Ming knew that the more mocking those people were now, the louder they would be slapped in the face later!

As for the twenty-seven disciples, because they didn't have much experience in pretending to be X before, they were not able to enter the state of pretending to be X so quickly like Xu Ming, so they were extremely angry.

“Calm down! Calm down!” Xu Ming said lightly, “It's pointless for you to be angry now! When it's your turn to take action, just pretend to be good, punch your face well, that's it!”

Xu Ming's expression was extremely calm.

The twenty-seven disciples are all like a head-banging drum, morning bell and evening drum—the teacher is really a teacher! The pattern is high!

“Yes! Teacher!” The twenty-seven disciples said respectfully in unison, and the indignant expressions on their bodies also disappeared; instead, they were replaced by serious reflections—every disciple would think about it now, and then board the board later. When on the battlefield, how can you pretend to be good and beat your face well!

Even Lin Lan and many other disciples are thinking in their hearts: Teacher has provided us with such a good stage, if we can’t pretend to be forceful, then we will be too sorry for Teacher’s cultivation!

Thinking of this, the eyes of the twenty-seven disciples all turned firm again, as if to say—Teacher, don’t worry, we will definitely live up to your expectations!

Seeing the transformation of the disciples, Xu Ming nodded with satisfaction: “You can teach Ruzi! As expected of the disciples taught by my Xu Ming, it’s all right!”

So, the old **** Xu Ming raised Erlang’s legs on the ground and sat on the seat, waiting for the “performance” to start.

...

Palace Master Wendao attended in person, and this “Wandao Palace Grand Competition”, naturally, he personally presided over the overall situation.

After talking about the scene, and announcing the rules again, after hearing the Daofu Grand Competition, it officially started.

The disciples of the Chaos Realm, the Profound Yellow Realm, and the Prehistoric Realm, three major levels, with a total of twenty-seven small realms, will compete according to their cultivation bases, from low to high.

The first thing to do is the competition of the first-order disciples of the Chaos Realm.

“Which disciple, dare to be the first to take the stage?” The one who played the role of the referee on the stage was Elder Luanwu, who had a good relationship with Xu Ming.

As soon as Elder Luanwu's voice fell, a figure in black with a mighty imposing manner flew onto the battlefield: "I, Ye Tianhai is here!"

Ye Tianhai is a disciple of Elder Dragonblood. It is said that his cultivation has been deliberately staying at the first order of Chaos Realm for a long time; in order to help Elder Dragonblood win a "first" and achieve meritorious deeds.

"It's Ye Tianhai!"

"In the first order of Chaos Realm there is no one who dares to say that they will win Ye Tianhai!"

"Who will he challenge?"

Although Ye Tianhai was only a first-order chaotic realm, he did not show any timidity under the watchful eyes of many great powers. His sword edge, slowly across the audience, finally landed in the direction of Xu Ming.

"What I want to challenge is... Lu Lin!"

Lu Lin was the only one of Xu Ming's disciples in the first-order Chaos Realm.

"Lu Lin, step on the battlefield and tell me, do you want to fight me?" Ye Tianhai was imposing.

Hearing the rules of the Daoist Grand Competition, no matter whether you are willing to fight or not, you must step on the battlefield and say it again.

Lu Lin was introverted, and under the watchful eyes of the strong men, he stepped onto the stage nervously. In terms of momentum, compared with Ye Tianhai, it is more than a little worse!

"Ha ha..."

"Before the fight started, Lu Lin was scared!"

“Isn’t Xu Ming saying that he wants to contract twenty-seven ‘firsts’? Why is this only the first battle, and he is about to lose? What a joke!”

“Needless to say, it looks like Lu Lin will definitely not take on the challenge!”

Ye Tianhai was even more imposing, and looked down from a height and said, “Lu Lin, do you want to fight me?”

Lu Lin said nervously, “No...”

Do not!

There was an uproar!

Sure enough, Xu Ming’s disciples didn’t even dare to fight?

However, before the great powers could sneer, Lu Lin immediately said: “My teacher said, don’t bully people too much! I can’t bully you, it’s better to hear all the first-order Chaos Realm in Dao Mansion, let’s all go together. !”

Chapter 1720: Load X Ratio

“My teacher said, don’t bully people too much! I can’t bully you, it’s better to hear all the first-order Chaos Realm in Wendao Mansion, let’s go together!”

The introverted Lu Lin, under the gaze of so many superpowers, was a little nervous in his voice; however, what he said was extremely arrogant!

Incredibly crazy!

As soon as these words came out, the entire Wendao Mansion suddenly fell silent; every great master couldn’t help but wonder if he heard it wrong!

Of course, it is absolutely impossible for the powers to hear it wrong! It is even more impossible for all the great powers in the audience to hear it wrong! In other words, Lu Lin did indeed say such a thing!

“Lu Lin!” Even Ye Tianhai couldn’t help reminding him “kindly”, “Did you say something wrong?”

“Wrong?” Lu Lin shook his head and said confidently, “That’s right! I said, let all the first-order Chaos Realm in Wendao Mansion go together!”

All together!

This time, no one can doubt his ears again!

Of course, no one thinks that Lu Lin has the strength to challenge the first-order Chaos Realm in the entire Wendao Mansion!

“There are more than 30,000 geniuses in the first-order Chaos Realm in the entire Wendao Mansion! Lu Lin wants to defeat ten thousand with one?”

“Haha! Funny!”

“Needless to say, it’s just grandstanding! Sure enough, what kind of teacher will teach what kind of disciple! – The teacher will blow, and the disciple will blow!”

Even Palace Master Wendao said with some displeasure: “Who allowed this Xu Ming to enter Wendao Palace as a teacher? Letting such scum enter Wendao Palace is not to ruin the reputation and atmosphere of Wendao Palace. ?”

Ye Tianhai on the battlefield even snorted angrily: “The tone is bigger than the sky! You can catch my three moves first!”

call out-

A sword light swept across the void above the battle platform. Ye Tianhai was confident that within three swords, he would be able to defeat Lu Lin.

“Too weak!” Lu Lin shook his head slightly, with a trace of disdain in his eyes – in his opinion, Ye Tianhai was really too weak!

“Just use you to prove my strength and the teaching ability of Teacher Xu Ming!”

Whoosh!

Before the light of the sword arrived, Lu Lin’s feet first imprinted on Ye Tianhai’s chest.

Ye Tianhai, who was ranked at the top of the first-order Chaos Realm in the entire Wendao Mansion, was kicked out of the battlefield without any resistance.

In an instant, the outcome was decided.

“This...” Ye Tianhai was stunned.

“This...” The powers watching the battle were also stunned.

Only Xu Ming and his disciples looked as usual, as if they had seen a normal thing.

Lu Lin didn’t look at Ye Tianhai, who was kicked flying, but immediately turned his attention to teacher Xu Ming, wanting to see if he could make the teacher satisfied with his pretence.

Xu Ming nodded slightly: “It’s alright! It’s okay! Reluctantly got a few points of my true inheritance!”

Seeing the teacher nod, Lu Lin suddenly felt his self-confidence skyrocketed. He was originally somewhat restrained and submissive, but he seemed to have changed his personality all of a sudden, and his momentum became fierce.

I have to say: pretending to be X makes people confident.

At this time, the powers watching the battle recovered from their shock.

“what happened?”

“Why did Ye Tianhai... just lose like this?”

“This is too fake, isn’t it? Could it be that Ye Tianhai released water on purpose?”

“It must be deliberately releasing water! With Ye Tianhai’s strength, how could it be so easy to lose to the first-order chaos realm!”

Just when everyone was shocked, Lu Lin was very imposing, and he picked up all the Chaos Realms in the entire Wendao Mansion: “You, all of you, let’s go together!”

Similar words came out of Lu Lin’s mouth again; however, the great powers and geniuses who heard it had completely different feelings.

“Could it be that... Lu Lin really has the strength to fight against ten thousand?”

“how is this possible!”

“Humph! I was lucky enough to win Ye Tianhai, just bluffing!”

The audience was still full of doubts. But... the question is questioned, but no one dares to step on the stage and challenge Lu Lin.

In the end, the three tyrannical Chaos Realm first-order geniuses looked at each other and jumped onto the stage in unison—obviously, they were going to join forces to deal with Lu Lin.

“Only three? Not enough to fight!” Lu Lin forced another compulsion.

“You...” The three geniuses dared to step onto the stage under such circumstances, and they were naturally the top first-order Chaos Realm, so how could they be so despised?

“What are you!?” Lu Lin was the first to attack; before the three had time to react, they were all swept out of the battlefield in an instant.

With one enemy and three, you will be defeated in an instant!

Lu Lin successfully pretended to be a coward again! Pretend to be forced, and become more and more skilled.

“Not bad!” Xu Ming nodded gratified – pretending to be X is indeed “practice makes perfect”! In just a short while from Lu Lin stepping onto the battlefield, he continued to pretend a few times, and the X level rose straight up!

At this time, Xu Ming couldn’t help but think – I shouldn’t teach a “playing X team”?

That’s right, Xu Ming has already taught a team of pretending to be X!

In addition to Lu Lin, who has already embarked on the “road of pretending to be X”, the other twenty-six disciples have also been gearing up, eager to get on the stage immediately to pretend to be X!

Even Xu Ming didn’t realize that the Great Competition in Wendao Mansion had turned into a “pretend X Great Competition” for Xu Ming’s disciples! – The one who is now loading X is the No. 1 player Lu Lin.

After successfully loading X in a row, Lu Lin has completely entered the state of loading X. There was even a faint “force” lingering between his brows.

Although it is only the first-order cultivation of Chaos Realm, Lu Lin has been able to show a master demeanor in front of the audience; when he speaks, he also becomes concise and comprehensive: “Let’s go together!”

Just three words: Let’s go together!

“hateful!”

“Too arrogant!”

“kill him!”

Lu Lin’s provocation finally succeeded! Pile of first-order geniuses in the Chaos Realm rushed towards the battle stage; although not all of them came up, they accounted for at least 60% of the geniuses!

More than 10,000 first-order geniuses in the Chaos Realm fought on the battlefield! It’s hard to believe that Lu Lin will not be killed!

“Anything else?” Lu Lin asked coldly without fear.

“Kill!” Feeling Lu Lin’s contempt, many unbearable first-order Chaos Realm attacked Lu Lin in unison.

Facing the overwhelming attack, Lu Lin did not dodge or evade.

Attack skyrockets!

Defense skyrockets!

Speed skyrocketed!

With the blessing of the three golden fingers, Lu Lin’s strength is not at the same level as these first-order Chaos Realms.

boom! boom! boom! boom! ...

Countless attacks landed on Lu Lin almost at the same instant, completely drowning Lu Lin’s divine body.

“Are you dead?”

“It must have been beaten to death!”

“Tell him to pretend to be X! This is the end of pretending to be X!”

Tens of thousands of first-order geniuses in the Chaos Realm watched Lu Lin’s fate with anticipation.

However, the great powers present clearly saw that Lu Lin was not dead!

Not only not dead, but nothing at all!

“how is this possible...”

“How can it be so strong...”

“This Lu Lin, let alone a competition with the first-order Chaos Realm, even if he competes with the higher-order Chaos Realm, right? This talent... is too heaven-defying!”

“Xu Ming’s luck is too good, right? He actually received such a heaven-defying genius as his apprentice...”

...

The smoke from the bombardment dissipated.

Lu Lin didn’t even hurt a single hair, and there was a faint sense of pretending in his tone: “Now, it’s my turn to attack!”
