

A World 181

Chapter 181: , Dying

() Ao Tian, the young master of the hidden killing sect, has always coveted Gu Hanmo; in the Wilderness Sect, many people know about this.

As Ao Tian, Gu Hanmo is more than enough reads();. However, Ao Tian's romantic nature, coupled with the fact that the Hidden Killing Sect has been plotting to annex the Wilderness Sect; under such circumstances, how could Gu Kongshan push his daughter into the fire pit.

Therefore, although Sect Master Ao proposed marriage for Ao Tian many times, he was rejected by Gu Kongshan on the grounds that he was "still young". Unexpectedly, Sect Master Ao actually took advantage of Gu Hanmo's coming of age ceremony to play such a game.

"Gu Sect Master hasn't thought about the time yet?" Special envoy Wu Xiong urged, "My Sect Master has already checked, the eighth day of February, the second day of April, and the sixteenth of April are all very good days. The date of birth of the young lady also matches; why not, Sect Master Gu will choose one of these three days!"

I have to say, Hidden Killing Sect is really overbearing. A special envoy who is only a half-step condensing pill would dare to talk to Gu Kongshan like this; if it were a half-step condensing pill in the Wilderness Sect, he would not dare to even say a word in the face of Gu Kongshan!

Gu Kongshan was not annoyed, but handed Na Jie back to Wu Xiong: "Ao Zong mainly wanted to propose marriage, so he came to propose marriage in an open and honest way. It would be too disgraceful to use such a crooked way to give a betrothal gift! I, Gu Kongshan, am not This kind of casual person; this kind of dowry, I won't accept it!"

Wu Xiong's face turned cold and he sneered: "Sect Master Gu, are you going to refund the dowry of the young sect master of my family? – The dowry gift of the young sect master of the hidden killing sect was withdrawn? This is the face of our hidden killing sect, where is it going? put?"

"It's not a retreat!" Gu Kongshan said, "It's a matter of marriage, not a child's play! If Sect Master Ao is sincere, come talk to me openly and honestly!"

“To put it bluntly, you just want to retire the dowry, right?” Wu Xiong asked forcefully.

“If you think so, then so be it.” Gu Kongshan said indifferently. It’s clear that the response is here to play arrogant, and in this case, reasoning is useless.

“Good! Good! Good!” Wu Xiong snorted coldly, “Even the dowry of my young sect master dares to withdraw... Sect Master Gu, it seems that your Wild Wilderness Sect is ready to bear the wrath of our Hidden Killing Sect!”

Hearing Wu Xiong’s aggressive words, the disciples of the Hidden Killing Sect were all angry.

“Damn it! It’s so despicable!”

“That’s right, it’s too bullying, to even use such an unscrupulous means to give a betrothal gift, it’s just that the Sect Master of the Hidden Killing Sect can think of it!”

“The next dowry is so sneaky, it’s like something shameful!”

“Hidden Killing Sect, don’t you just like to do sneaky things?”

“This betrothal gift must not be accepted! Hmph, our Wilderness Sect, are we afraid that they will fail the Hidden Kill Sect? It’s a big deal to fight with them!”

...

In the Wilderness Sect, some **** masters glared at Wu Xiong. These masters who grew up in the Wilderness Sect and spent most of their lives in the Wilderness Sect, for the dignity of the sect, they can swear to the death at any time!

Gu Kongshan’s face was still calm: “You can do whatever you want. Anyway, I, Gu Kongshan, will never accept this kind of sneaky betrothal gift! – Take it back!”

“Really?” Wu Xiong sneered suddenly, “But... my suzerain only asked me to give the dowry gift, but he didn’t ask me to take it back! – If the suzerain has to retire, that’s fine, please go find it yourself. The suzerain of my family retreats. I am an errand, and I will not take it back!”

“You...” Gu Hanmo couldn’t help but scold, this Hidden Killing Sect, it’s completely clear that it’s here to use power to oppress people!

“Personally ask your Sect Master to retire?” Gu Kongshan’s eyes also showed coldness.

how?

Do you really think that our savage sect is easy to bully?

Even a mere envoy of half-step condensing pills dares to make a fortune in front of me?

“Alright then, I will personally ask your sect master to withdraw reads();!” Gu Kongshan sneered, “Envoy Wu, please take a seat! Today is the little girl’s coming-of-age ceremony, these things will be discussed later!”

“Hum! Good!” Wu Xiong casually folded his hands, and he really swaggered to find a prominent seat to sit down, not polite at all.

There are many experts in the Wilderness Sect who dare not speak out—who makes the Hidden Killer Sect so much stronger than the Wilderness Sect! The situation is not as good as people, no matter how much anger there is, you have to hold it back for me!

“Father...” Gu Hanmo couldn’t help but whisper.

“Don’t worry, Dad has his own opinion!” Gu Kongshan said coldly.

Wilderness Sect, is it really so easy to bully?

Gu Kongshan’s gloomy gaze swept across Wu Xiong, as if he was looking at a dead man.

Since then, more distinguished guests have arrived one after another.

“Wanjianzhuang, the master of Zhao Xingyun is here!”

“Magic Qin Academy, the master of the ‘Ten Fingers’ is here!”

“Tianshui Mountain, the master of Murong De Mountain is here!”

...

Wanjianzhuang, Moqin Academy, Tianshui Mountain... are all forces that have a close relationship with the Wilderness Sect. In addition, the size of these forces is similar to that of the Wilderness Sect; therefore, Zhao Xingyun, Shizhi, Murongde and other bigwigs, without putting on airs, all came to attend Gu Hanmo’s coming-of-age ceremony in person.

Every big guy came, Gu Kongshan stood up very enthusiastically to greet him. After all, these bosses are all characters on the same level as his Gu Kongshan, and they only come to him in person because they give him Gu Kongshan’s face.

The atmosphere of the coming-of-age ceremony was very harmonious, and it seemed that everyone had forgotten the unhappiness brought by Wu Xiong’s messenger just now. It seems that even Gu Kongshan has left this matter behind.

Soon the guests arrived.

After the simple but solemn coming-of-age ceremony, in the Wilderness Hall, the cups were exchanged.

As the suzerain and father, Gu Kongshan made a toast one by one.

“Master Zhao, Master Shizhi, Master Murong Mountain! All of them are the seniors of the little girl. In the future, on the way to practice, you will need to help the little girl more!” Gu Kongshan laughed.

“Haha... In front of Sect Master Gu, how dare we say support! None of our own incompetent children are promising!”

When he greeted Wu Xiong, Gu Kongshan also had a smile on his face: “Special envoy Wu, drink more, eat more! Our little sect’s wine and meat are poor, please forgive me!”

“Excuse me? It’s easy to say!” Wu Xiong is also shameless enough~www.readwn.com~ Dad, I...” Gu Hanmo was so angry that he just wanted to throw the drink from the glass directly on Wu Xiong’s face.

“Don’t be impulsive.” Gu Kongshan calmly transmitted his voice, “Don’t bother with a dying person!”

“I’m dying?” Gu Hanmo immediately understood.

Gu Kongshan, the sect master of the wild sect, is it really so easy to bully?

Soon, the wine toasted to Xu Ming’s table.

Xu Ming and Gu Hanmo didn’t speak, and they didn’t transmit sound; but when the two met their eyes, everything was silent.

“Xu Ming!” Gu Kongshan suddenly transmitted a voice.

“Huh? Sect Master Gu?” Xu Ming was a little strange, why did Gu Kongshan suddenly transmit a voice to himself.

“Can you kill this special envoy Wu Xiong?”

Chapter 182: , Pinch Time

() Xu Ming was startled, he did not expect that Sect Master Gu would ask such a “direct” question.

“You can kill it!” Xu Ming also gave a very direct answer.

“This Wu Xiong, although it is only half a step to condense the pill, but the strength is not weaker than the martial artist who has just entered the pill.” Gu Kongshan said again.

“You can kill just the same!” Xu Ming’s answer was still clear.

“I knew it! – At this time tomorrow, you killed him on time! Not too soon, not too late!”

“Good reads();! Absolutely just right at this time, never too early, never too late.”

The two clink glasses and drink up, which will determine Wu Xiong’s life and death.

Poor Wu Xiong, with a face full of ignorance and arrogance, condescendingly exchanged cups with several elders of the Liang family; he didn’t even realize that a catastrophe was imminent.

This coming-of-age ceremony lasted until late at night.

The flesh and blood of the demon beasts in the condensed pill realm, the precious vegetables filled with profound energy, and the fine wine aged for a hundred years...the guests and hosts enjoyed the food and drink.

For many innate warriors and semi-innate warriors in the Wilderness Sect, the banquet of this coming-of-age ceremony is simply a “feast of immortals”! Not only did he eat and drink delicious food and wine, but after eating and drinking, unconsciously, his cultivation became much more profound.

...

The next morning.

For warriors, drinking is hard to get drunk. And even if he was drunk, with the strong physique of a warrior, he would have recovered after sleeping for a while.

“Elder Liang, Sect Master Gu, I will say goodbye first!” Before leaving, Wu Xiong glanced at Gu Kongshan smugly, and said in his mind – I am very upset by my Sect Master, right? But what can you do when you are very upset, can’t you just endure it?

As the special envoy of the top yellow-level forces, Wu Xiong has long been accustomed to making a fortune on the heads of ordinary yellow-level forces. Even an ordinary Huang-level Sect Master-level figure would not dare to disrespect him—because he was on an envoy and represented the Hidden Killing Sect!

“I’ll give you a ride.” Gu Kongshan suddenly said.

Gu Kongshan’s “send you a ride” is not just as simple as “send you a ride”.

“Ha!” Wu Xiong sneered in his heart – I thought Sect Master Gu was so tough, but it turned out to be a coward.

Gu Kongshan sent Wu Xiong a few steps on the stone ladder of ten thousand steps, and then “secretly” took out an acceptance ring, and said quietly: “Please accept it with a smile!”

Wu Xiong sneered, took the acceptance ring unceremoniously, and said in his heart, “You know the physiognomy”.

The errand of the special envoy is definitely a beautiful one. Wu Xiong has received too many similar gifts.

After watching Wu Xiong go down the ten-thousand-step stone staircase, Gu Kongshan turned to the crowd: “Zhao Zhuangzhu, Shizhiyuanyuan, and Murong Shanzhu, three people who have come from a long distance, please tell us about it!”

The curtain room, which means “strategizing and planning”, is simply... a meeting room.

“it is good!”

Zhao Xingyun, Shizhi, and Murong De were all the top leaders of the Huang-level forces, and time was very precious. They came to the Wild Wilderness Sect. First, to give Gu Kongshan face and participate in Gu Hanmo’s coming-of-age ceremony; secondly, to take this opportunity to gather the senior leaders of the four Huang-level forces to discuss the future development direction.

“Please!”

Gu Kongshan led the way, and all the elders of the three major yellow-level forces and the Wilderness Sect were present as non-voting delegates.

...

Leaving the Wilderness Sect, Wu Xiong walked on the way back to the Hidden Killing Sect in a hurry.

He is not worried about his own safety in the slightest – the only ones who can kill him in the Wilderness Sect are those elders of the Pill Condensation Realm!

“The elders of the Wilderness Sect dare to kill me?” Wu Xiong sneered disdainfully.

As the special envoy of the Hidden Killing Sect, Wu Xiong had his life on the jade slip to stay in the sect. Once he dies, the Hidden Killing Sect will know immediately, and he will immediately ask the Wilderness Sect Xingshi to ask him the guilt.

“Kill me?” Wu Xiong was arrogant, “Anyway, I am rampant with so many ordinary yellow-level forces, and I have never seen any reads(); that dare to disrespect me!”

Wu Xiong knew that there must be many masters who wanted to kill him, but... would they dare?

Not only did he not dare, but he had to show a very respectful appearance on the surface!

“It feels so good to be a special envoy!” Wu Xiong sighed, “Then Gu Kongshan, I ran on him so aggressively yesterday, he must hate me to death! But even if he hates, what can he do? He dares to kill him. Me? Humph... Not only did he not dare, but when I was leaving, he stuffed me with a red envelope.”

Wu Xiong was very proud: “Let me see what kind of gift Gu Kongshan gave me; if the gift is sincere enough, after I go back, I might as well give him a good word in front of the sect master.”

Open the Na ring sent by Gu Kongshan.

“Yo, yes, a thousand high-grade profound stones!” Wu Xiong was slightly surprised, this is a heavy gift, “Assuming that he is sensible, Gu Kongshan, I will go back to the sect master and say a few more good words to him!”

Wu Xiong also saw that next to Xuanshi, there was a note with three words: hard money.

“Hehe!” Wu Xiong became more and more complacent, “Gu Kongshan is really generous, it seems that in the future, I will come to this Wilderness Sect often!”

Just as Wu Xiong was complacent, suddenly, a formation that covered the sky and the sun rose up in his four directions.

“Formation?” Wu Xiong immediately became vigilant, “Someone ambushed me!”

In the Wilderness Sect’s territory, someone ambushed me?

Wu Xiong was a little surprised and did not dare to take it lightly. Since the other party dares to come, it must be certain.

But when Wu Xiong saw people...

“Huh? Is it him?”

I saw Xu Ming holding a spear and stepping out slowly.

“Yo, isn’t this the first disciple of the Wilderness Sect?” Wu Xiong naturally knew Xu Ming at yesterday’s coming-of-age ceremony; after all, Xu Ming is now in the Wilderness Sect, and he can be regarded as a powerful man.

Seeing that it was Xu Ming, Wu Xiong felt relieved.

“What is this Lengtouqing trying to do? Want to kill me?” Wu Xiong was very disdainful in his heart, “I guess he is also Gu Hanmo’s suitor. Seeing the dowry of the young sect master of my family, he couldn’t be more angry, so he foolishly came to take revenge on me! ”

“Get revenge on me?” Wu Xiong sneered, “Young people are impulsive, they think they have some skills, but they don’t know the sky is high!”

“Xu Ming, right?” Wu Xiong looked at Xu Ming with a playful look~www.readwn.com~ You are setting up a formation, and you are murderous, what do you mean? ”

Xu Ming stood with the gun in his hand, and he was not in a hurry to shoot. He only said two words: “Kill you!”

“Hahahaha...” Wu Xiong laughed, “Kill me? Just rely on your five-layer perfect field? – You must have never understood my strength? You must think that I only have half a step of condensing pill cultivation, and I think I am easy to deal with. ,right?”

Xu Ming still just stood with a gun and did not shoot.

“Unfortunately, you have miscalculated my strength! Although I am only a half-step condensing pill, even a martial artist who has just entered the condensing pill may not be my opponent!” Wu Xiong was still there talking boastfully, “Haha. Haha, how are you, are you afraid? It’s too late!— Since you’re here, I’ll take you back to the Hidden Killing Sect! Haha, the unparalleled genius of the Wilderness Sect that has never been seen in a hundred years, was planted in my hands like this Now! It must be a great achievement to capture you back!”

Xu Ming just smiled coldly: “You know why I haven’t done it yet?”

“Why?” Wu Xiong couldn’t help asking.

“Because... I’m cutting time!”

Chapter 183: , How Can It Be So Strong

() “Pinch the time?” Wu Xiong was startled, “What do you mean?”

“It means...” Xu Ming smiled, “I have to squeeze the time, so that you die in a quarter of an hour! You won’t die a breather time earlier, and you won’t die a breather time later!”

Xu Ming would not be soft-hearted towards those of the Hidden Killer Sect.

When he came to the Wilderness Sect from Feiyun Kingdom, Gu Hanmo was almost kidnapped by the people of the Hidden Killing Sect, and Qin Ran even sacrificed himself to protect the Lord.

But now, the Hidden Killing Sect bullied him again, and a mere envoy even dared to show off his power in the Wilderness Sect, and even offered a betrothal gift, almost making it clear that he wanted to rob Gu Hanmo.

“Want to hurt Han Mo!?” Xu Ming’s eyes were cold, full of murderous intent.

Anyone who wants to hurt Gu Hanmo in the slightest, Xu Ming will say one word to him – kill! !

“You want me to die in a quarter of an hour? Hahahahaha...” Wu Xiong seemed to have heard the big joke and laughed wildly.

“Smile more!” Xu Ming stuck his spear on the ground, stood with his hands behind his back, and said very lightly, “Smile more before you die, it is good for your physical and mental health!”

“Hahaha... You, a little doll with no hair, want to kill me too?” Wu Xiong said with a disdainful smile, “Do you think that after understanding the five-layer perfection field, you think that no one is you below the condensed core? opponent?”

Xu Ming ignored it.

Five-fold perfect field? It is not a problem for Xu Ming to directly open the nine-fold perfect field!

Moreover, the domain is only one of Xu Ming’s cards; there are many more cards Xu Ming can play!

Anyway, today, no matter what, Wu Xiong will surely die!

Even, because he was not sure whether he could instantly kill Wu Xiong; therefore, to be cautious, Xu Ming calculated Wu Xiong’s route early, and set up a trapped formation early, planning to disable Wu Xiong first.

Then when the time arrives, kill him directly – in this way, the time to kill Wu Xiong can be pinched with great precision!

And poor Wu Xiong, once he was trapped, not only was it difficult to escape in a short period of time, but he was also unable to communicate externally. In other words, since Wu Xiong came in, he could die here quietly.

“Young man!” Wu Xiong sneered, “The field is powerful, but the field is only part of the strength. Although I am not as good as you in the field, you are by no means my opponent! – I can’t think of you as an idiot, and you shut yourself up. Get up and bring it to me! Do you think you are an idiot? Are you in such a hurry to reincarnate?”

Xu Ming still ignored it, but took out an hourglass and placed it on the ground: “When the hourglass is finished, you will die.”

Xu Ming spoke without emotion, as if he was speaking to a dead man.

“You...” Wu Xiong was startled and sneered, “Good! Good! Good! Young people today are getting more and more impetuous! Originally, I didn’t want to kill you immediately, but I wanted to take you back to the Hidden Killing Sect first. ;Since you are courting death, then you should die here! – Show your domain, lest you say that I will not give you a chance to show your strength when you are about to die!”

“To deal with you?” Xu Ming sneered disdainfully, “You don’t need to use the realm!”

Xu Ming’s strength has greatly increased now, even if he doesn’t use plug-ins, he still has the strength to enter the condensate pill. To deal with Wu Xiong, you really don’t need to use the domain, just open the “double attack and double defense acceleration” package, you can do it.

“It’s arrogant! Then I won’t kill you first, but I will mutilate your hands and feet first. I want to see if you can continue to be arrogant!”

choke! choke!

In Wu Xiong's hands, two weapons suddenly appeared. The right hand is a short sword, and the left hand is holding a dagger in the backhand.

The Hidden Killer Sect is good at sneak attack and assassination.

"Humph! Let's get rid of you first!" Wu Xiong, like a snake, rushed towards Xu Ming.

"Anyway, it's still early, so let's play with him first, and see what his methods can do!" Xu Ming casually opened the Level 1 "Three Hanging Package".

Boom reads();!

Feeling the multiplied powerful strength, Xu Ming swung his spear and swept straight away.

"Sweeping?—Thinking that this can block my melee attack? Naive!" Wu Xiong's body was almost touching the ground.

"You're a young man after all, the moves are still too tender!"

Just when Wu Xiong was complacent, Xu Ming's hands holding the end of the gun suddenly stopped suddenly, as steady as Mount Tai.

The end of the gun barrel suddenly stopped, but the barrel and the tip of the gun couldn't stop; the long gun instantly bent into an arc, and then... it bounced back in Wu Xiong's direction.

"I'm going!"

The power of this shot's rebound should not be underestimated, how could Wu Xiong dare to be drawn. In a hurry, a donkey rolled and rolled to the side, which was worthy of being avoided.

Whoosh! Whoosh! Whoosh! ...

Xu Ming chased after the victory, and the spear kept stabbing. Wherever the spear tip went, it even left a ripple-like afterimage in the air.

Wu Xiong was beaten so much that he could only parry, but was unable to fight back.

“How can it be so strong...” Wu Xiong was completely stunned.

Wu Xiong himself developed in all directions because it was difficult for him to cultivate an inch; profound energy, body, realm, secret skills, treasures... all aspects were superimposed, which made him comparable to the first entry into the condensing pill.

“But how old is this kid? He’s obviously not as good as me, so why can he beat me?” A lot of people were beaten by others, and Wu Xiong just wanted to say – at his age, Did it live on to the dog?

“Xu Ming! Don’t be complacent!”

boom!

Wu Xiong directly opened his field!

Although there are only four perfect fields, Wu Xiong is confident that with his skillful control of the field, he will never be afraid of Xu Ming’s five perfect fields.

shhhhhhhhhhhh...

The realm opened, and countless natural forces of heaven and earth danced in the air. Among them, many forces of nature gathered on Wu Xiong, which made Wu Xiong’s combat power soar; more forces of nature took the opportunity to attack Xu Ming.

“Domain?” Although the other party offered up the domain, Xu Ming was too lazy to start the “super perfect battle”, but directly opened the “three-hanging package” to level 3.

In an instant ~www.readwn.com~ Xu Ming’s strength jumped from half-step condensing to the initial stage of condensing!

It’s enough to crush Wu Xiong!

boom!

Xu Ming swept away the incoming force of nature with a single shot, and then the gun kept on firing towards Wu Xiong.

One inch long and one inch strong!

Although Wu Xiong was blessed by the power of nature, his strength skyrocketed, but before he could get close to Xu Ming, Xu Ming's attack came again.

boom!

How could Wu Xiong expect that Xu Ming's strength was so terrifying. Unprepared, he was directly ejected by Xu Ming's gun.

Bang!

puff!

Wu Xiong fell to the ground, a mouthful of black blood spurted out, and his eyes were even more shocked: "How can he be so strong... He is obviously not in the Pill Condensation Realm, why is he so much stronger than me!"

Chapter 184: ,Almost

() How can it be so strong?

Although Xu Ming is only congenitally perfect, his practice of "Breaking the World" can completely make him match the ordinary half-step condensing pill.

What's more, Xu Ming has used more than 1,000 second-level power stones, agility stones, and wisdom stones.

Moreover, Xu Ming also has bonuses such as “The Body of a Holy Beast”.

On these foundations, open the Level 3 “Three-hanging Package” again; crushing Wu Xiong is as easy as the palm of your hand!

field? realm? – In front of absolute power, all are floating clouds!

“run!”

The short fight made Wu Xiong understand that he could not be Xu Ming’s opponent at all.

“Do you still want to run?”

Xu Ming sneered and quickly approached Wu Xiong, who was fleeing.

“Ah—” Wu Xiong felt the crisis, and even controlled the power of nature with all his strength, intending to stop Xu Ming’s pace.

call out! call out! call out! call out...

The overwhelming force of nature flew towards Xu Ming, but Xu Ming just snorted coldly.

“Go away!”

boom!

Xu Ming’s spear swept across, directly blasting away the force of nature in the densest place. As for those places that are not very dense... Xu Ming relied on the body of the holy beast and slammed into it!

This is the terrifying strength of the initial stage of condensing pills!

It is a field that has fatal damage to half-step condensing pills and a lot of trouble for first-time condensing pills, but for the early stage of condensing pills, the threat is very limited. Relying on the strength of his body, Xu Ming even dared to slam into it with the strength of nature that was not very dense!

“What!?” Wu Xiong’s eyes widened, and he felt an incomparably huge crisis.

“Fight!” He knew that this was already the moment of life and death, the juncture of desperate efforts!

boom!

An evil and vast aura suddenly erupted from the depths of Wu Xiong’s body reads();.

Hidden Killing Sect Forbidden Technique – Ghost Resentment Totem!

On Wu Xiong’s body, there is a faint image of evil ghosts entangled in it.

“Dare to force me to pay a huge price to use the forbidden technique, die!!” Under the forbidden technique, Wu Xiong’s strength also skyrocketed.

but...

“Die your sister!”

Bang!

Xu Ming knocked Wu Xiong to the ground with one shot.

“I...” Wu Xiong was stunned, but he paid a painful price to cast the forbidden technique, and his strength doubled! Why was he knocked down by a gun?

Bang!

Another shot was drawn.

“Strength doubled?”

Bang!

“Pay a terrible price?”

Bang! Bang! Bang! ...

Xu Ming’s spear was so beaten that Wu Xiong couldn’t stand up at all, and even the weapon fell to the ground. For a martial artist, dropping a weapon is tantamount to giving up resistance.

“Hmph, I just ordered a ‘three-hanging package’, and my strength soared to four times! What are you struggling with me?”

Bang! Bang! Bang! Bang! bang...

After a while, Wu Xiong was pumped to the brink of death.

“You... how dare you do this to me! I’m the special envoy of the Hidden Killer Sect!” At this time, Wu Xiong foolishly revealed his identity to intimidate Xu Ming.

“I know you are the special envoy of the Hidden Killer Sect!” Xu Ming glanced at the hourglass.

There is still a little time until the hourglass is over.

“Aren’t you afraid of revenge when you treat me like this?”

“Revenge? First of all, you have to get out of here alive before you can get revenge on me! But...I will never let you leave alive!” Xu Ming was full of murderous intentions towards the people of the Hidden Killing Sect, especially those who tried to hurt Gu Hanmo, “Furthermore, his body is full of murderous intent. You are trapped, you can’t even send a summons – you say, who would know that I killed you?”

“However, if something happens to me when I’m on a mission to the Wilderness Sect! We will kill the Wilderness Sect for sure! If you kill me, you won’t be afraid of causing disaster to the Wilderness Sect?”

“I’ve never thought about this...” Xu Ming said deliberately, “Then what do you think I should do? Let you go?”

“Humph! If you are acquainted, let me go quickly, maybe I can consider leaving you a way out!”

“However, I have a question! – You Hidden Killer Sect, are you really going to fight with our Wilderness Sect for you?” Xu Ming sneered, “You take yourself too seriously, right?”

“you...”

“Okay, it’s almost time, I won’t continue chatting with you!” Xu Ming smiled strangely.

“What?” Wu Xiong was startled, and then he suddenly realized that the sand in the hourglass was about to run out to the end.

“No—” Wu Xiong had seen that his life was about to come to an end.

However, Xu Ming ignored his screams and begging for mercy.

puff!

As soon as the spear was sent to Wu Xiong’s vital point, Wu Xiong’s eyes soon dimmed reads();.

And the hourglass, also just at this moment all drained.

Xu Ming’s face was expressionless: “Those who want to hurt Gu Hanmo... Kill Wushe!”

When dealing with the enemy, Xu Ming will never be soft-hearted once there is a good opportunity to kill.

As for the consequences of killing Wu Xiong, the special envoy of the Hidden Killing Sect... That's not what Xu Ming needs to worry about.

Next, it's about Gu Kongshan, the "teammate".

...

The Hidden Killer Sect is a million miles away.

In a small secret room in the Sutra Collection Pavilion, there are hundreds of jade slips of life on display.

The production cost of the Jade Slip of Life is very high. Even in the Hidden Killing Sect, only the masters of the Condensation Pill Realm and the special envoys have the corresponding Jade Slip of Life. Others, even if they are half-step condensing pill warriors, are not willing to spend a lot of money to make them for them.

A dying old man sat cross-legged here, meditating.

suddenly...

Click!

A piece of natal jade slip was directly broken, and the name of "Wu Xiong" was written on the natal jade slip.

"Um?"

The twilight old man suddenly opened his eyes, his eyes sharp.

He took the jade slip of life from the air, and felt it carefully: "The place of death is probably 1.2 million miles to the southwest..."

...

Wilderness sect, curtain hall.

Gu Kongshan, Zhao Xingyun, Shizhi, and Murongde, the four sect master-level figures, as well as Liang Weihe, Zhang Kuang and other inner sect elders of the wild sect, as well as the elders of Ke Qing, were all present.

Within the hundreds of thousands of miles under the jurisdiction of the Wilderness Sect, as long as the cultivation base steps into the Pill Condensation Realm, they will become the elders of the Wilderness Sect.

“...Since that’s the case, the Lord of the Martial God Kingdom, the Lord of the Qiandao Kingdom, let’s stop the war between your two countries, right?” The elder Liang Weihe, as the second-in-command of the Wilderness Sect, was naturally responsible. The host of “The Curtain Meeting”.

“Since the first elder has spoken, just follow what the first elder said!” The lord of Qiandao Kingdom is also one of the elders of Keqing of the Wilderness Sect.

“Okay!” The lord of the Martial God Kingdom also said coldly~www.readwn.com~ Then move on to the next item: the border between our Wilderness Sect and Tianshui Mountain, because there are no masters to guard, bandits are rampant. Hundreds of thousands of bandits occupy the mountains as kings, and there is a faint trend of opening up a new country. What do you think? ”

“How can a new kingdom be opened at will? The bandits here are so rampant that they dare to take over the mountain as king without even saying hello. In my opinion, destroy it!” The second elder was the first to express his opinion. Insolent.

“It’s gone!”

“Went out!”

“Why don’t you keep this bandit den as a training ground for your disciples?”

...

A high-level executive expressed his views.

However, Gu Kongshan closed his eyes and remained silent.

Suddenly, a deep sneer appeared on the corner of Gu Kongshan's mouth: "It's almost time!"

Chapter 185: , Strength And Routine

() "Time... almost!"

Gu Kongshan's inner voice just fell.

boom!

In the open space in the center of the hall, a three-zhang-high water curtain suddenly appeared.

The water curtain had just emerged, but it was still blank, and nothing could be seen.

"Huh? What's going on?"

"Why did the water curtain suddenly light up?"

"Where did the subpoena come from?"

The communication water curtain is composed of extremely complicated formations, which can carry out ultra-long-distance communication of millions of miles, or even tens of thousands of miles.

However, every time the message water curtain is activated, it will consume a large amount of top grade profound stones. If it wasn't for something very important, even a big force like the Wilderness Sect would not be willing to activate it at will.

This time, the Wilderness Sect was the party that received the summons, so the consumption of profound stones was relatively less.

A black-robed stalwart figure gradually appeared in the water curtain.

Although the figure is not completely clear, many people present have vaguely guessed who it is.

“It’s him?”

“Why did he suddenly send a super long-distance communication to the Wilderness Sect?”

“Could it be that something big happened!?”

Every Huang-level faction has a communication water curtain. The reason is that in the event of an emergency, the major yellow-level forces can communicate with each other.

The figure gradually became clearer.

“It sure is him!”

“Sect Master Ao!”

“Silently kill Sect Master Zong Ao!”

The figure on the water curtain has an angular face. On his black robe, there are several blood-colored patterns embellished.

All the Ningdan masters at the scene could feel the domineering and murderous aura from Sect Master Ao in the black robe, even through the communication water curtain.

The communication water curtain was connected, and Sect Master Ao on the other side also saw the situation in the curtain hall.

“so many people?”

Sect Master Ao was slightly surprised, but his eyes immediately fell on Gu Kongshan: “Kongshan.”

“Sect Master Ao!” Gu Kongshan stood up, showing some respect.

After all, the Hidden Killing Sect is a top yellow-level force, and other surrounding yellow-level forces such as the Wild Wilderness Sect, Wanjianzhuang, Moqin Academy, and Tianshui Mountain are vaguely headed by the Hidden Killing Sect. Sect Master Ao, even more faintly felt like an “alliance leader”.

“Sect Master Ao, what happened to use the water curtain for communication?” Gu Kongshan pretended to be confused, and asked deliberately, “Could it be that a beast swarm broke out somewhere?”

The tide of beasts, the tide of monsters.

Monsters are not exactly fish on human plates.

Powerful monsters are not only terrifying in strength, but also possess wisdom no less than that of human masters!

If a powerful monster escaped the siege and interception of human beings, and successfully grew to the consummation of condensed pills; it is entirely possible to set off a wave of beasts, attack humans, and compete with humans for territory!

Once the beast tide breaks out, it is very likely that it cannot be suppressed by a single yellow-level force alone, and it requires the joint efforts of several forces to read();.

“Beast tide?” Sect Master Heipao sneered, “Kongshan, the play is good!”

“A drama? What drama?” Gu Kongshan looked confused.

“Humph!” Sect Master Ao snorted coldly, across the water curtain, everyone felt a chill, “My special envoy, on your territory, died!”

“Dead?” Gu Kongshan was confused.

“Dead?” The others were dumbfounded too – of course, they were really dumbfounded, but Gu Kongshan was just fake.

Gu Kongshan continued: “Sect Master Ao, you mean that special envoy Wu Xiong is dead?”

“Humph! Are you still pretending?” Sect Master Ao shouted, “With Wu Xiong’s strength, only the Ning Dan master can kill him! He died in your territory again, don’t tell me, you don’t know anything!”

“But... I really don’t know...” Gu Kongshan said with a wry smile.

“You don’t know!?” Sect Master Ao sneered, “On your territory, besides yours, who else can kill Wu Xiong?”

“It’s absolutely impossible for my people to do it!” Gu Kongshan continued, “After I sent off the special envoy Wu Xiong today, all the pill condensing warriors in our Wild Wilderness Sect will always be with me!”

“I’ve been with you all the time?” Sect Master Ao’s face flashed with suspicion.

“Yes, they are all in this hall! Everyone is there!” Gu Kongshan said again and again, “If you don’t believe me, you should be able to see everyone now!”

“Oh?” Sect Master Ao in the water curtain glanced at the curtain hall.

Sure enough, every Pill condensing master in the Wilderness Sect he knew was in the hall, and none of them fell.

“Does it really have nothing to do with Gu Kongshan?” Sect Master Ao flashed such a thought.

“Humph!” But Sect Master Ao snorted coldly, “I don’t know if your Wilderness Sect has any newly promoted Pill Condensing Martial Artist.”

“Sect Master Ao...” Gu Kongshan shouted injustice, “Don’t say that there are no new elders in our Wilderness Sect this year, even if there is, a newcomer to Ningdan may not be the opponent of Special Envoy Wu Xiong, right? – something happened to Special Envoy Wu Xiong, I really don’t know at all!”

“You don’t know?” Sect Master Ao still sneered.

But Sect Master Ao had to admit that Gu Kongshan was right. Even if there were some newly promoted alchemists, they would not threaten Wu Xiong’s life; even if Wu Xiong couldn’t beat him, it would be no problem to escape.

“Humph!” However, Sect Master Ao insisted that it was Gu Kongshan who did it, “Maybe you have some hidden masters in the Wilderness Sect, I don’t know!”

“Sect Master Ao!” Gu Kongshan finally got angry, “Since Gu said he doesn’t know, he definitely doesn’t know! Although our Wild Wilderness Sect is not as powerful as your Hidden Killing Sect, it doesn’t necessarily fear you. !”

“Humph!” Sect Master Ao smiled noncommittally.

“You said it was my people who did it, but none of the elders of our Wild Wilderness Sect are here, and they have been with me, as well as Zhao Zhuang, Shizhi, and Murong Mountain! You said yes Our newly promoted elders did it, but you and I both know that Wu Xiong can’t be killed by entering Ningdan! Now, you suspect that there are hidden masters in our Wilderness Sect... Sect Master Ao, if you must take this ***** The basin is buckled on the head of our Wilderness Sect, you can just say it!” Gu Kongshan said angrily, as if he was really aggrieved.

If Xu Ming was present, he would definitely chuckle: The routine is too deep!

Zhao Xingyun and a few people on the side persuaded: “Kongshan, don’t get excited, just say something if you have something to say, how can you talk to Sect Master Ao like this?”

“I can’t get angry enough to read();!” Gu Kongshan snorted coldly, looking like an honest person who has been bullied.

“Sect Master Ao!” All three of Zhao Xingyun said to the water curtain, “All three of us can prove that since the departure of Wu Xiong’s special envoy, all the Pill Condensing masters of the Wild Wilderness Sect have been with us in this curtain hall, and all of them have been with us. Never left! – When did the special envoy Wu Xiong happen? Anyway, there is absolutely no way for us here to attack the special envoy Wu Xiong! The three of us can guarantee this!”

“Humph!” The three sect master-level figures stood up to vouch for it, and Sect Master Ao naturally didn’t want to say much, “Anyway, I already know the approximate location of Wu Xiong’s death, and I will find out! Once I find out that it is what you call the Wilderness Sect... hum !”

“Just check!” Gu Kongshan sneered.

“Huh! I’ll leave the matter of Wu Xiong’s death aside for the time being – Gu Kongshan, have you received the dowry gift I told Wu Xiong to bring you? Just as the water curtain of communication has been opened, we will send my son and Let your daughter’s marriage be settled!”

Gu Kongshan was stunned for a moment, and continued: “I have asked Wu Xiong to bring back the dowry gift!”

took it back?

This time, it was Sect Master Ao’s turn to be stunned: “Impossible! Wu Xiong will not bring back the dowry!”

“I really brought it back!” Gu Kongshan said, “When Wu Xiong was about to leave, I gave him the ring. Zhao Xingyun, Shizhi, and Murongde can all testify for me!”

“Huh?” Sect Master Ao swept his gaze to the three of Zhao Xingyun.

The three of Zhao Xingyun were a little speechless...to testify? What evidence?

But the three still said the truth: “We did see that when Special Envoy Wu Xiong was leaving, Kong Shan gave him a ring!”

“Sect Master Ao, that receiving ring is the one that you used as a betrothal gift!” Gu Kongshan continued.

Sect Master Ao's eyes became cold: "Are you kidding me, Kong Shan?"

"How dare I make fun of you! I really handed the betrothal gift back to Special Envoy Wu Xiong! – In order to make Special Envoy Wu Xiong willing to help me bring the betrothal gift back, I also stuffed an extra thousand high-grade profound stones in it as hard money. !" Gu Kongshan continued, "Who would have thought that something happened to Special Envoy Wu Xiong..."

On the surface of Gu Kongshan's depression, "Jumping into the Yellow River can't be washed away", but in his heart, he is secretly laughing—hehe, death has no proof!

In fact, there are a thousand high-grade profound stones in that Na ring. As for the betrothal gift, it has been directly dropped by Gu Kongshan.

"Good! Good! Good!" Sect Master Ao understood that if he continued to argue with Gu Kongshan today, there would be no result. Before cutting off the communication water curtain, he sneered and left a sentence: "When I find out the truth, let's see what else you have to say!"

"The Qing people are self-cleaning, UU reading www.uukanshu.com go to check!" Gu Kongshan stood with his hands behind his back, arrogant and awe-inspiring.

However, Gu Kongshan's deepest thought is that routines are very important!

"Empty Mountain..." All three of Zhao Xingyun sighed, "You acted a little tough just now, Sect Master Ao is in a bad mood, in case you make him unhappy again..."

"Is it possible that I should bow down and swallow all the wrongs?" Gu Kongshan sneered.

The three of Zhao Xingyun shook their heads silently – Gu Kongshan dared to play "tough" with Sect Master Ao, but the three of them did not dare.

because...

Although the Wilderness Sect is weaker than the Hidden Killing Sect, Gu Kongshan is not necessarily weaker than Sect Master Ao!

Gu Kongshan's toughness and routines are based on his own strength.

The strength is strong enough and the routine is deep enough, Gu Kongshan naturally has a way to wrestle with Sect Master Ao! Just like this game, Gu Kongshan played so Sect Master Ao had no temper at all.

Chapter 186: ,Invitation Card

() "Murder" and "Vietnamese goods" are a pair of good buddies who often appear together.

For example, Xu Ming originally only had the intention to kill Wu Xiong, but had no "heart to robbery". But after killing Xu Ming, he found out that he seemed to help the dead Wu Xiong by the way and keep his belongings safe.

Then, the two rings on Wu Xiong's body came into Xu Ming's hands.

"Huh? In this Na ring, there are only a thousand high-grade profound stones and a note?"

There are three words on the note: hard money.

"This should be the ring that Sect Master Gu gave to Wu Xiong, right?" Xu Ming immediately understood, "The three words 'hard-earned money', Sect Master Gu must not have written it for Wu Xiong! Then... it is written to me. Look at it!"

It's ridiculous that when Wu Xiong saw these three words, he thought Gu Kongshan was so polite! Unexpectedly, he had already been calculated to death by Gu Kongshan reads();!

"It's really stingy!" Xu Ming was still a little dissatisfied, "killing such an important person, you only gave me a thousand hard-earned money of high-grade profound stones..."

Xu Ming turned to look at the other ring.

"This Wu Xiong is really rich..." Xu Ming couldn't help but be surprised, "I'm afraid some of the elders in the Wilderness Sect may not have the net worth of Wu Xiong!"

Xu Ming flipped through Wu Xiong's treasures roughly.

All kinds of treasures, weapons, medicinal pills, runes, strange objects... add up to a total of hundreds of thousands of low-grade profound stones.

"Xiaohang, all the things in the two rings have been replaced with hanging points!"

It's still troublesome for Xu Ming to keep all the miscellaneous things! Give a discount directly and sell it to a small hanging point.

The execution efficiency of the small link is very high: "The exchange is complete! A total of about 310,000 points for level 2 points and about 1,500 points for level 3 points!"

Xu Ming couldn't help sighing: "Murdering is the fastest way to make money! It's much faster to make money than me working hard to mine!"

However, although Xu Ming was able to kill the enemy decisively, he would never be able to kill him wantonly in order to kill more money than others!

Xu Ming, has his own code of conduct!

At this time, Xiaohang reported again: "I found an invitation letter from the Taoist Demon Domain in the treasure. It is not recommended to exchange it for a hanging point!"

An invitation letter from the Demon Realm?

Xu Ming was a little surprised.

The Demon Realm of Seeking Dao is a mysterious and demonic place.

Ordinary warriors, let alone entering the Demon Realm, don't even know where the exact location is. Moreover, there are many warriors who have fallen into madness because of their pursuit of martial arts in the Demon Realm of Seeking Dao; if the weak warriors go, maybe they will not survive for three days!

Occasionally, there will be treasures in the Demon Realm that flow out of the outside world. For example, the dao magic bead that Xu Ming obtained before, which contained the evil spirit, was produced in the quest for the dao.

Xu Ming picked up the invitation letter and looked.

On one side of the invitation letter, there are dense and complex inscription patterns; in the lower right corner, three small characters of “Invitation Letter” are written.

On the other side, there is a map that guides the route to the Demon Realm. In the lower right corner, there are four small characters “Seeking Dao Demon Domain”.

“Seeking Dao Demon Realm?” Xu Ming thought to himself, “If you have time, you can go and see!”

Xu Ming was still very curious about the Demon Realm.

Moreover, Xu Ming always felt that the devilish energy should be a very powerful force, far more than his own control. Perhaps, if you go to the Demon Realm of Seeking Dao, you will be able to dig out more secrets of the evil spirits.

But now.

“It’s time to go back to the Wilderness Sect...”

Wu Xiong had already been killed, and Xu Ming let out a wicked breath.

However, Xu Ming could foresee that the festival between himself and the Hidden Slaughter Sect was probably just the beginning; in the future, there would inevitably be more collisions with the Hidden Slaughter Sect.

Even if the Hidden Killing Sect didn’t bother again, when Xu Ming had enough strength, he would definitely take the initiative to find the Young Sect Master Ao Tian to settle the account.

One after another, the walls of the mysterious stone mines turned into sand, and the mysterious stones were collected by Xu Ming.

The more Xu Ming digs, the more he learns, and the mining efficiency is getting higher and higher. Digging and digging, practice makes perfect, Xu Ming can even dig 200,000 to 300,000 profound stones a day!

Xu Ming's hanging point is also soaring rapidly.

When he first entered the mine, Xu Ming had nearly 2 million level 2 hanging points and more than 4,600 level 3 hanging points.

In a few days, this number became three million level 2 hanging points and 6,000 level 3 hanging points.

At every moment, Xu Ming was frantically accumulating money.

However, Xu Ming didn't realize that, not far from him, a pair of invisible eyes stared straight at him.

The owner of these eyes is Liang Hui who is hidden in the formation.

After discovering that a large area of the ore vein was missing last time, Liang Hui set up this formation to conceal his figure. As long as you are in the formation, you will hardly be noticed by people outside the formation.

This time, Liang Hui saw that Xu Ming had registered to go out again. Although he didn't dare to follow him, he had an idea and ambushed in the mine beforehand. He had long suspected that the theft of the ore vein was probably a good thing done by Xu Ming.

And soon ~www.readwn.com~ Liang Hui waited for Xu Ming's arrival.

"Damn it! Sure enough, it's Xu Ming's vein! But how did he get in? It seems to have appeared suddenly!"

Of course Liang Hui didn't know that Xu Ming had stealth skills.

Immediately afterwards, Liang Hui was stunned by Xu Ming's mining method: "Damn it! It's really mining with the domain! However, this efficiency... is really brutal!"

Liang Hui really wanted to take down Xu Ming immediately, but he calmly held back: "This Xu Ming, I don't know what method he used, and he suddenly appeared in the ore vein; it is very likely that he has any other way to take a look. The child disappeared and left... I'd better wait, don't startle the snake! When he digs into the trapping area I set up before, I will suddenly activate the trapping array and trap him! In this way, he will not be able to fly!"

In order to prevent Xu Ming from being aware of his existence, Liang Hui did not even dare to communicate to the outside world. Because the communication will produce a lot of fluctuations.

"Come to my side..." Liang Hui waited stupidly, "As long as you dig into the trapped area, it will be your death!"

Chapter 187: , 1 Piece Of White Paper

() Pieces of black stone ore, under the sweep of the triple realm, quickly turned into sand.

The profound stones in the mine were taken away by Xu Ming.

But Liang Hui was not at all distressed.

"Dig it, dig it, just dig it! The more you dig, the better!" Liang Hui secretly said, "Anyway, no matter how much you dig up, when I kill you, it will all be mine! – Besides, when the time comes, these Mysterious stones will all be my personal trophies, and they do not need to be handed over to the Liang Clan!"

Of course Liang Hui didn't know that the profound stone dug up by Xu Ming was not in Xu Ming's collection ring, but directly turned into a hanging point.

"Come on... He will soon enter the trapped area!"

“Humph! The monster is such a genius that even our Liang family can’t feel at ease... It’s a pity, he’s going to die in my hands!”

Xu Ming dug tirelessly, and Liang Hui waited tirelessly.

Soon, Xu Ming’s level 2 hanging point exceeded 4 million, and the level 3 hanging point also exceeded 8,000.

“Xu Ming!” Gu Hanmo and Xu Ming communicated and chatted, “My realm has reached the perfection of the unity of heaven and man! Next, I’m going to take the Five Elements Purification Pill to hit the realm of the realm!”

“You’re about to comprehend the realm?” Xu Ming was pleasantly surprised.

In fact, Xu Ming himself hadn’t even understood the realm yet; it was entirely through “super-perfect battles” that he could display the realm.

“It’s not all your credit!” Gu Hanmo said, “If you hadn’t given me all these rare elixir, I wouldn’t have been able to understand the realm so quickly!”

“These few pills are of little use to me, so don’t worry about them!” Xu Ming comforted.

“In the next few days, I will concentrate on retreat, and you may not be able to call me.”

“It’s okay, just contact me when you get out of the customs!”

“Okay, then I’ll close first!”

...

And just when Xu Ming was digging happily.

“It’s here!” Liang Hui’s eyes lit up, “I’ve finally stepped into the trapped area, it’s time to close the net!”

Liang Hui hid in the mines and waited for so many days, just for this moment?

“The formation... start!” Liang Hui silently controlled.

suddenly-

boom!

A trapped formation covering a range of several hundred meters rose directly from the ground!

“Is there a formation!?” Xu Ming was startled, “Is there someone in ambush nearby?”

The array method is stimulated, and it is completely a matter of readings();. As soon as Xu Ming discovered the formation, he was trapped in the formation before he could escape.

“There is actually a formation...” Xu Ming’s eyes were cold, “It seems that someone has been in ambush here for a long time; it was not until I stepped into the range of the formation that he suddenly attacked – really patient!”

This time, Xu Ming had dug the mine for twenty or thirty days.

For twenty or thirty days, the other party couldn’t bear it, and Xu Ming had to admire his patience.

“Who will it be?” Xu Ming was really curious, but he also had guesses.

“Hahaha, Xu Ming, I didn’t expect to meet me here!” A young figure hidden under a green robe laughed and walked out of the hidden formation.

Liang Hui!

“Sure enough, it’s you!” Xu Ming sneered.

“You can still laugh when you see it’s me?” Liang Hui lifted the green robe hat on his head, revealing a ferocious smile, “Don’t you naively think that I’m here to chat with you, right? ”

“Then what do you want?” Xu Ming asked knowingly.

Xu Ming had long felt Liang Hui’s killing intent towards him. It’s just that Xu Ming really didn’t expect that Liang Hui would set up a formation in the ore vein and wait for the rabbit.

But even if you’re stuck, so what?

Just Liang Hui, will Xu Ming take it seriously?

“Why?” Liang Hui sneered, “Of course I killed you!”

“Kill me? We don’t seem to have much feud, right?” Xu Ming said calmly.

“It’s so naive!” Liang Hui said that he had already taken control of the whole situation, “There are simply too many reasons to kill you!”

“Tell me!”

“First! You stand on the side of the Gu Department and oppose our Liang Department, you should be damned!”

Xu Ming smiled noncommittally.

“Second! You dare to seduce Gu Hanmo, even more ***** it! – Gu Hanmo, it’s mine!”

“Is it yours?” Xu Ming’s eyes turned cold.

“Third...you tmd, did you throw the letter talisman in the puddle last time? And you also lost an explosive flame talisman?”

“Huh? How did you know?” Xu Ming deliberately looked at Liang Hui with strange eyes, “I just had a playful moment and set up a cannonball to blow up the pit. Could it be that you...were bombed?”

Have fun for a while?

Set up a cannonball to blow up the hut?

Liang Hui is not a fool, it is strange if he can believe it!

However, Liang Hui has words of suffering—how to say? Could it be that the dignified and desolate elders were bombed with **** and swallowed...

If this was spread out, how could Liang Hui have the face to stand in the Wilderness Sect?

Liang Hui didn't even dare to tell his father about this.

“Humph!” Liang Hui snorted coldly, “You don't need to say more nonsense, now you are trapped in a trap, cut off from the communication! Even if I kill you, no one will know that you died here!”

“Oh?” Xu Ming narrowed his eyes, “Then if I kill you, will no one know?”

“You killed me?” Liang Hui seemed to have heard the funniest joke in his life, “Sure enough, the more monstrous a genius is, the easier it is to be ignorant and arrogant to read();! You want to kill me too? Isn't it? Do you think that if you defeat a Lin Xuan, you will be invincible? – I will let you see the difference between the condensed pill level and the innate level!”

boom!

As soon as the words fell, Liang Hui suddenly flew in, and even threw the dagger out of his hand without warning.

“Fuck me, sneak attack?” Xu Ming had to say, this Liang Hui is really shameless.

Just now, Niu X coaxedly said that he wanted to let himself see the strength of the condensate level, and he looked like he wanted to fight him fairly; as soon as the words fell, he attacked directly.

“What is a sneak attack? It’s called a lion fighting a rabbit with all his strength!”

The lion fights the rabbit?

Xu Ming sneered—this Liang Hui, obviously, has not figured out who is the lion and who is the rabbit!

“Don’t be in a hurry to hang up, let’s try this Liang Hui’s strength first!”

Whoosh!

With a single shot of Xu Ming’s spear, the dagger of his hand was shot flying with great precision.

However, at this time, Liang Hui was also approaching.

boom!

Liang Hui did not expand the field, but a raging flame was ignited on the front of his fist.

“die!”

This punch, as if carrying the wrath of heaven and earth, slammed into Xu Ming angrily.

Before the fist arrived, Xu Ming felt a strong pressure.

“What a powerful force!” Even Xu Ming couldn’t help but change his face. “Isn’t this Liang Hui a very weak existence in the Pill Condensation Realm, and he has such strength? Could it be that this is the gap between Condensing Pill and Xiantian?”

boom!

In an instant, the flame fist hit.

Xu Ming raised his gun horizontally to resist.

The Devil May Cry guns of the middle-grade treasure class were all bent into an arc by a punch—of course, just bent in, they would immediately bounce back and straighten.

And Xu Ming was directly smashed into the air by this powerful force.

boom!

Xu Ming slammed into the hard stone wall, directly smashing the stone wall into pieces~www.readwn.com~ Liang Hui took the short sword back with a palm, and with a flick of his foot, it shot directly at Xu Ming.

“This sword is enough to kill you!” Liang Hui’s eyes were hideous – killing the future peerless master with his own hands, this feeling is really wonderful!

Moreover, Liang Hui is very cautious. He knows that evil geniuses usually have great luck and are not so easy to kill. So from beginning to end, Liang Hui did not dare to take it lightly.

At the beginning, Liang Hui waited patiently for the rabbit; now, he attacked him as soon as he came up—even if Xu Ming had any hidden tricks on his body, Liang Hui would fight him so that he had no chance to use it!

If you don’t move, you will be killed by one strike!

Link after link, Liang Hui didn’t think Xu Ming had any chance of surviving!

“Die!” Liang Hui’s face was terrifying.

However, at this moment, Xu Ming did not notice that a piece of white paper that he had forgotten in a corner of Najie was emitting a faint white light.

Chapter 188: , Ticket

() The hazy white light seems to contain some ancient and mysterious causal fluctuations.

However, Xu Ming didn't realize that such a vision had already appeared in his own ring.

“Xu Ming, die!” Liang Hui quickly chased after him.

die?

Xu Ming snorted coldly.

Didn't he just accidentally suffer a little loss, this Liang Hui, did he really take himself seriously? – You must know that on our brother Ming, except for the triple perfect field that was turned on when mining, the other plug-ins have not yet been turned on!

Seeing Liang Hui rushing over like a dog, Xu Ming's eyes were full of mockery.

“I heard that Liang Hui is at the early stage of condensing pills?”

In the early stage of condensing pills, is it very powerful?

“Xiaohang, directly open the Level 4 ‘Three Hanging Package’!”

Level 4 double attack, double defense, and acceleration are activated instantly.

In fact, with Xu Ming's current strong financial resources, opening a “three-hanging package” of more than ten levels is like playing. But do you need a knife to kill chickens?

Liang Hui's momentum was overwhelming, but Xu Ming was calm. Level 4 “Three-hanging Package” is enough to suppress Liang Hui so much that he loses his temper!

“Die reads();!” Liang Hui looked hideous.

“Silly x!” Xu Ming’s eyes were full of mockery.

However, at this moment, a vision suddenly appeared—

The white piece of paper in the corner of Na Jie, emitting a hazy white light, suddenly flew out of Xu Ming’s Na Jie and stuck to the ground under Xu Ming’s feet.

In the blink of an eye, this piece of white paper was enlarged to several feet in length and width; and Xu Ming was standing on this piece of white paper.

“Huh? What’s the situation?” Xu Ming couldn’t react at all.

Even Liang Hui, who was aggressively approaching, slammed on the brakes subconsciously.

“What is this?” For a while, Liang Hui didn’t dare to attack Xu Ming at will.

“This piece of white paper seems to be the one I got from Zhao Anhe’s collection ring...” Xu Ming suddenly remembered, “I originally wanted to exchange it directly as a hanging point, but Xiaohang reminded me that this piece of white paper is extremely entangled in cause and effect. , so I’ll keep it for now.”

Xu Ming also remembered that before Zhao Anhe died, in order to save his life, he had said that he knew a great secret.

“Could it be that this is the big secret?”

“Jie Jie Jie Jie Jie...” Suddenly, a rumbling cry sounded from nowhere. The sound seemed to come from the top of the head, but also from the soles of the feet.

Who! ?

Xu Ming and Liang Hui even searched the field, but they couldn’t find any traces.

The rumbling screams continued: “Anyone else got the ticket?”

Ferry ticket?

What ticket?

“Could it be that this white paper with strong causal entanglement is a boat ticket? But why is it activated here – this is in the mine, how can there be a boat?”

Liang Hui looked excited – as if there was a big chance!

“However, why are there two people standing on a ticket?” The booming voice sounded again, “Forget it, let’s all come first!”

The huge white paper under Xu Ming and Liang Hui’s feet suddenly turned into a dazzling white light.

After the white light passed, Xu Ming, Liang Hui, and Bai Zhi all disappeared without a trace.

...

This is an extremely empty and mysterious space, and the ground is as smooth as a mirror. The entire space is empty, not even the horizon can be seen.

Swish! Swish!

Two figures suddenly descended here, it was Xu Ming and Liang Hui.

As soon as the two landed, they immediately separated dozens of meters with great vigilance, guarding each other.

“Where is this!?”

They both looked around, but found nothing. Only in the extreme distance of the empty space, there is a misty mist.

“Xiaohang, what is this place?” Xu Ming asked.

“Exploring this place requires 3.5 million level 2 hanging points. Do you want to investigate?”

“What!? How much!?” Xu Ming almost screamed in his heart, “Are you sure it’s three and a half million? Not three hundred and fifty?”

Xiaohang repeated it again: “To explore this place, it takes 3.5 million level 2 hanging points.”

“Damn it...” Xu Ming was stunned, “Where did I come from? Check it out, it will cost 3,500,000 level 2 hanging points?”

Although Xu Ming has more than 4 million level 2 hanging points, how could he spend 3.5 million to investigate?

Moreover, if this is really a very scary place, Xu Ming also counts on the hanging points on his body to save his life reads();!

Liang Hui was also stunned: “There is absolutely no way to communicate with the outside world. It should be an unknown secret realm! In this kind of place, crisis and opportunity coexist; maybe, my Liang Hui’s big opportunity is coming...”

“Welcome to the two of you...” It was this rumbling voice.

But this time, both Xu Ming and Liang Hui heard that the voice was coming from the top of their heads.

The two looked up and saw that high in the sky, in the misty mist, a giant yellow ape was descending from the sky.

“Is it?”

Immediately afterwards, the yellow-haired giant ape quickly enlarged in Xu Ming's field of vision. Xu Ming felt that this feeling was a bit like... the plane fell.

To be precise, it was an airplane-sized yellow-haired giant ape that landed from the sky.

"The size of an airplane?" Xu Ming was incredulous, "Could it be that this yellow-haired giant ape is a hundred feet tall? – How is this possible!?"

And soon, Xu Ming understood a truth – in the fantasy world, nothing is impossible!

When the yellow-haired giant ape approached the ground, Xu Ming discovered that it was probably a hundred feet tall!

boom! ! !

When the two giant skyscraper-like legs stomped on the ground, although Xu Ming was well prepared, the control field formed a force of nature to surround and protect the whole body, but Xu Ming still felt his ears go deafening, and his whole body was boiling with blood.

And Liang Hui is no better than Xu Ming.

"What kind of monster is this..." Xu Ming looked up in complete confusion.

This yellow-haired giant ape is like a mountain, standing in front of him. One of its toes can make itself look up.

"If this kind of monster wants to kill me..." Xu Ming felt nervous in his heart, "I'm afraid no matter what plug-ins are used, I will die..."

After all, Xu Ming's strength is still weak, and the plug-in only activates the second stage of the advanced function.

"Hohohoho!" The giant yellow-haired ape as tall as a mountain looked down at Xu Ming and Liang Hui~www.readwn.com~ as if he were looking at two ants.

In fact, with its strength, if you want to kill Xu Ming and Liang Hui, it is really easier than killing two ants!

Seeing the yellow-haired giant ape like this, even Xu Ming felt trembling all over. This feeling is like an ant being stared at by a giant dragon.

Suddenly, the yellow-haired giant ape grinned; each of its teeth was as huge as a small building.

Only then did Xu Ming realize that a piece of white paper ten feet long was pinching on one of the yellow-haired giant ape's paw.

"This seems to be the blank piece of paper just now?" Xu Ming was not so sure.

At this time, the yellow-haired giant ape raised the white paper in his hand, grinned, and made a rumbling thunder: "There is only one ticket, but you have two people here. This is not in compliance with the rules!"

Xu Ming had a feeling that this yellow-haired giant ape was like a conscientious ticket inspector.

"Or..." The yellow-haired giant ape smiled evilly, "The two of you will fight first, and the last one will die?"

Chapter 189: , 1 Second Goods

() "The two of you will fight first, and the last one will die?"

The yellow-haired giant ape seemed to be telling a joke, but it was decided that Xu Ming and Liang Hui would die.

Xu Ming and Liang Hui both looked at each other alertly, ready to attack at any time.

At this time, the yellow-haired giant ape said again: "Or, you can also do not have to fight; I am between the two of you, just pick one and kill it!"

“I choose to fight!”

“I choose to fight!”

Xu Ming and Liang Hui both said.

Just pick one and squeeze it to death, and the life can be controlled by the claws of the yellow-haired giant ape. Xu Ming and Liang Hui both have the confidence to win, and of course they must firmly hold their lives in their own hands.

“Then you are free, I’ll go to the side to watch the play and read();!” Said, the yellow-haired giant ape took a few steps back, and directly retreated a few hundred meters back, leaving enough space for Xu Ming and Liang Hui to fight.

“Senior Giant Ape!” Liang Hui suddenly shouted, “My opponent is very good at running for his life. If he keeps running for his life and refuses to fight, what should I do?”

Liang Hui had the confidence to win, so before the fight started, he first considered that Xu Ming might escape.

“Senior Giant Ape?” The Yellow-haired Giant Ape didn’t seem to be very satisfied with the title, but he didn’t bother to care about it. “If anyone dares not to fight, I will give him a slap in the face.”

Give him a slap?

With a slap in the face of the yellow-haired giant ape, who can survive!

Liang Hui immediately showed a ferocious look of joy: “Xu Ming, now I see where you can run, you are dead! But then again, I really want to thank you! – Not only did I take the initiative to give my life to you! It gave me such a great opportunity!”

Xu Ming looked at Liang Hui like a fool: “Where did you get your confidence?”

“Where did the confidence come from?” Liang Hui laughed, “My cultivation base! My realm! It’s my confidence!”

boom!

Liang Hui’s field expands!

The three-color nine-zhang field advertises Liang Hui’s realm – the three-layer perfect field!

However, Xu Ming felt a powerful force in Liang Hui’s triple perfect field.

“This triple perfection domain seems to be more powerful than the fifth perfection domain that I use in martial arts?” Xu Ming frowned slightly.

This is not an illusion!

Why is this happening?

Xu Ming pondered for a while, and quickly figured out that the higher the cultivation, the higher the fit between body and mind and the nature of heaven and earth. The degree of fit between the condensing pill martial artist and the natural world is far higher than that of the innate martial artist; in the same field, the power of the condensing pill martial artist is naturally stronger than that of the congenital martial artist.

The three-level perfect field displayed by the condensing pill martial artist may be worth the sixth-level perfect field of the congenital martial artist!

“Hahahaha...” Liang Hui laughed arrogantly, “Aren’t you very powerful in the fifth-level perfection field? Then you try it out, is your fifth-level perfection field powerful, or my triple-level perfection field is powerful! Hahaha...”

“Furthermore, my cultivation base has already stabilized in the early stage of condensing pills! And you, you should only be congenital consummation, right? – What are you fighting me for?”

The yellow-haired giant ape watched the two ants fight with great pleasure.

It's been in this secret realm for too long, too long! – Ten thousand years? Hundreds of thousands of years? ...so long that time is meaningless.

And every time a human warrior comes in, it's the happiest time, because...it can finally relieve the boredom!

“This innate-level ant looks like it can't be beaten...” The yellow-haired giant ape pondered, “Should you help him secretly? If he loses too quickly, it will be too boring, right?”

...

In the face of Liang Hui's mockery and provocation, Xu Ming only smiled disdainfully: “To deal with you? I don't even need to use the domain!”

“Haha... You have to be tough on your lips when you are dying! Then let me give you a ride!”

boom!

Liang Hui held a short sword and quickly approached Xu Ming. In his triple perfection field, thousands of natural forces were drawn out to crush Xu Ming.

In the face of the dense force of nature, Xu Ming is not afraid of reads();.

Xu Ming is now driving a level 4 “three-hanging package”, and the lethality of the force of nature is very limited to him.

and...

“This terrifying yellow-haired giant ape, let's kill each other and die first, obviously there is a feeling of ‘survival of the fittest’...” Xu Ming pondered, “I might as well show a little more strength, maybe it will be beneficial! Then! , turn on the ‘three-hanging package’ to...level 10!”

Xu Ming is now a congenital perfect cultivation base, to open the level 10 double attack, double defense, acceleration, need more than 450,000 level 2 hanging points! But... is Xu Ming missing a hanging point?

“opened!”

boom! !

Xu Ming’s strength was originally at the level of condensing pills, which was relatively strong. Now, the level 10 “three-hanging package” has opened with a bang, and Xu Ming has jumped directly to the mid-level of condensing pills!

“Huh?” The yellow-haired giant ape was a little surprised. “Why did this little ant of the innate level suddenly improve so much? – Strange, I didn’t see him performing any forbidden arts...”

“die!!”

Liang Hui had already been killed fiercely.

Thousands of natural forces also attacked Xu Ming from all directions.

“The power of nature?” Xu Ming turned a blind eye.

In the middle-level battle of the condensing core, the domain is not a killing move, but only to hinder the opponent’s actions – it is a “restriction skill”, not a “killing skill”.

Xu Ming forcibly resisted the force of nature and stabbed Liang Hui with a spear.

“It’s so fast!” Liang Hui was horrified by Xu Ming’s shot, “Why is his speed so much faster than mine!”

Liang Hui had no time to think about it, and subconsciously tried his best to avoid the shot.

At the same time, the short sword in Liang Hui's hand slashed towards Xu Ming's spear with a special vibration frequency, trying to smash the long spear away.

However, the moment the dagger and the spear touched, Liang Hui's expression changed in vain: "A powerful shot! My dagger slashed on the barrel of the spear, but it couldn't shake him..."

boom!

The long spear rubbed Liang Hui's body and passed through, and the ripples and air waves it set off made Liang Hui feel a little pain.

"It's dangerous!" Liang Hui secretly rejoiced~www.readwn.com~ This shot was too powerful! Fortunately, I dodged quickly, or I was hit in the front, which would have been fatal! "

Of course, apart from being fortunate, Liang Hui was more horrified and disbelieving: "But why, Xu Ming's power is so strong? Such a strong power even surpasses the initial stage of condensing... I am only a martial artist in the middle stage of condensing. I felt it!"

However, Liang Hui is obviously too happy too early.

Xu Ming's shot pierced through, and naturally he took a "uplift".

Liang Hui, who was next to the gun barrel, only felt an irresistible force coming from his abdomen, and then he was picked up into the sky.

"Not good!!" Liang Hui's face was immediately pale.

Sure enough, at this time, Xu Ming also jumped high, poured all his strength into the spear, and slammed down at Liang Hui angrily.

"No—" Liang Hui glared angrily.

"Cultivation? Realm?" Xu Ming's eyes were cold, "Liang Hui, I really want to kill you, but you're just an instant product!"

Chapter 190: , Fog And Rain Ship

The murderous intent in Xu Ming's eyes made Liang Hui's heart palpitate.

“No—” Liang Hui even begged for mercy.

beg for mercy?

The answer to him was Xu Ming's spear smashing furiously.

boom! !

This shot contained the power of Xu Ming's whole body. With a single shot, Liang Hui's heart and gallbladder were almost torn apart, and the profound energy all over his body dissipated directly, and he could no longer resist.

As Xu Ming said, Liang Hui is only one in seconds!

“So powerful?” Even the giant yellow-haired ape glared at those huge tunnel-like eyeballs, “I read that right? A small congenital ant actually beat a big ant with condensed pills like this? – Is the result of the battle the other way around?”

The yellow-haired giant ape, with its huge palace-like claws, touched its furry chin and showed a smile: “Maybe, I will finally wait for a destined person...”

At this moment, Liang Hui's profound energy dissipated from his entire body, and he had no power to resist. He struggled to get up from the ground and begged to Xu Ming again and again: “Don't kill me! Don't kill me!”

“Don't kill you?” Xu Ming dragged his spear and smiled playfully.

is it possible?

“That’s right! Don’t kill me!” Liang Hui nodded like a chicken pecking at rice. He is now completely fish on the chopping board, life or death, it’s all in Xu Ming’s mind.

“Don’t kill you?” Xu Ming’s voice was cold and he shouted in vain, “It’s a joke!”

Liang Hui, who was already terrified, was so frightened by this drink that he sat down on the ground again.

Xu Ming sneered: “How many times have you tried to kill me, and now you actually want me not to kill you?”

“I...” Liang Hui’s face was ashen.

“When I first arrived at the Wilderness Sect, I didn’t know you, and I didn’t have any grudges or hatreds, but you asked people to sneak attack on me at Shanmenguan! If it wasn’t for my strength, that time, even if I didn’t die, I’m afraid it would be an irreversible damage! ”

“Aren’t you alright?” Liang Hui continued, “It’s Hu Zhenyu. Although he is awake now, he is almost a waste...”

Aren’t you all right?

Xu Ming snorted coldly—thank Liang Hui for being able to say such a righteous thing.

I’m fine now, but if something happens to me, who should I seek to seek justice?

Xu Ming was too lazy to argue with a dying person, and just continued to state: “I left the Wilderness Sect to go out, and you were secretly stalking and killing me. If I hadn’t had the means, I’d be dead by now!”

Liang Hui said angrily: “That time, you didn’t suffer any loss! I was bombed with shit, how wronged I am!”

“That’s you looking for shit!” Xu Ming said, “Now I want to kill you, and you are looking for death yourself!”

“You can’t kill me!” Liang Huilian said in horror, “If you dare to kill me, my father will definitely kill you and avenge me!”

“Really? But...” Xu Ming smiled disdainfully, “There is no way to communicate with the outside world. How does your father know that I killed you?”

“Before I went out, I told my father that I was looking for you! If something happened to me, my father would definitely kill you to avenge me!”

“But... even if you don’t have an accident, you will definitely ask your father to kill me, right?” Xu Ming sneered.

“No—” Liang Hui shouted, “As long as you let me go, I promise you, I will never trouble you again, nor will I ask my father to kill you!”

“Is that so? After I let you go, I would like to thank you very much?” Xu Ming sneered, “But I’m sorry, I didn’t want to let you go! Because now, the two of us can only live on one. Either you die, or I die! – You told me not to kill you, too naive!”

Liang Hui was suddenly full of despair.

Of course he knew that Xu Ming could not let him go.

Suddenly, a light flashed in Liang Hui’s eyes – if I let the yellow-haired giant ape pick and kill one of them, maybe, the yellow-haired giant ape would slap Xu Ming to death! In this way, I can not only survive, but also have a great chance!

Just do it!

Liang Hui’s eyes lit up with hope – although the possibility of surviving is very small, you have to give it a try!

Thinking of this, Liang Hui hurriedly turned to the Yellow-haired Giant Ape, and just raised his voice to shout...

However, Xu Ming, who had been paying attention, would never give Liang Hui such a chance.

puff!

The icy Devil May Cry gun penetrated Liang Hui's throat directly.

Liang Hui stared at Xu Ming unwillingly until his death: "You dare to kill me...you..."

Liang Hui's consciousness quickly fell into the boundless darkness.

Liang Hui died, and in the Wilderness Sect, the jade slip that corresponded to Liang Hui's life did not shatter.

Because the place where Xu Ming is now is an independent space. Liang Hui died here, and the news of his death could not be transmitted to this independent space at all; the original jade slip could not sense the news of death, and naturally it would not shatter.

"Hahaha, not bad..." The yellow-haired giant ape laughed loudly, with a voice like thunder, "I haven't seen a congenital warrior as powerful as you for a long time, not bad, not bad!"

Smiling, the yellow-haired giant ape stretched out its big arm, spread out its palm, and placed it on the ground in front of Xu Ming, saying, "Come up!"

go up?

into its palm?

Xu Ming hesitated, then jumped up.

With the power of the giant yellow-haired ape, if he really wanted to kill himself, he would probably just blow his breath. Since it allows itself to go up, it should not be harmful to itself.

The yellow-haired giant ape “held” Xu Ming, and a strange energy wave lingered in his palm to protect it.

Then, its legs kicked on the ground, and its Baizhang body rose directly into the air, breaking through the sky.

Xu Ming didn’t have time to react, and he rushed out of the sky. At this time, he looked down again, but he could no longer see the ground, only a hazy mist.

“Where are we going?” Xu Ming couldn’t help asking.

The yellow-haired giant ape spit out three words: “Mist and Rain Ship!”

...

Sitting on the palm of the yellow-haired giant ape for a moment, Xu Ming vaguely saw the shadow of a huge ship in the misty mist ahead.

The ship was dimly hidden in the mist, and it was too far away, so Xu Ming could not see the whole picture or judge its size; he only felt that he was looking at a mountain through the thick fog.

“That’s the fog and rain ship?”

“Yes, that is the Wuyu Ship!” The yellow-haired giant ape said, “If you can see the Wuyu Ship, you can be regarded as the old master’s ‘Pingshui’.”

“Ping Shui Ke?” Xu Ming was curious.

There was a flash of sadness in the giant eyes of the yellow-haired giant ape: “When the old master is dying, the people who are fortunate enough to come to this secret realm will be divided into five categories!”

“The first category, unlucky people. It’s like the pill condensing martial artist you just killed. Although he came, he didn’t see anything.”

“The second category, Ping Shui – you have seen the ‘Mist and Rain Ship’ with your own eyes, even if you have met the old master Ping Shui!”

“The third category, UU reading www.uukanshu.com who are destined!”

“The fourth category, fellow practitioners!”

“The fifth category, life and death!”

The yellow-haired giant ape sighed: “The old master ordered me to wait here, waiting for the appearance of the ‘life-and-death relationship’, and handing over the Wuyu Ship to him. Unfortunately, I have been here for millions of years, but I never waited. A life and death friend...”

Life and death?

Xu Ming understood that it would not be easy to become a life-and-death partner for this dead “old master”.

“I just don’t know what conditions need to be met to become a life-or-death partner...” Xu Ming thought to himself.

As long as there is a clear condition, Xu Ming is not necessarily unable to do it.

The yellow-haired giant ape put away his sentimentality and encouraged: “Your strength, among all the congenital warriors I have seen, can be ranked at the top. It should not be a problem to make good use of it later and become a destined person! As for the fellows. people...”

The yellow-haired giant ape laughed at himself: “It’s too difficult! I don’t ask for it.”
