

A World 1891

Chapter 1891: Do Whatever You Want

“Failed...”

Life and Tribulation were thrown flying, and his eyes were full of disbelief: “How can I fail? I have already cultivated ‘Destruction’ to the peak of the second level, breaking through the third level, it should be a matter of course, how can I fail? What? Could it be that there is something wrong with my cultivation?”

There is a problem in cultivation, but you don’t know it at all, this is a very scary thing! Especially... cultivating this secret technique of “going against the sky”.

Suddenly, a look of horror appeared on the face of the half-respected life robbery: “No—”

He saw that in the depths of the surrounding void, the ferocious cosmic chains were winding towards him.

Life Tribulation Banzun suddenly turned pale – not only did he fail to cultivate, but he also violated the rules of the universe and was entangled in the chains of the universe!

“This is... a four-star cosmic chain!?” When he saw the star of the cosmic chain, Life Tribulation Banzun felt even more desperate!

Before, it was because he was suppressed by the cosmic chains that he practiced “breaking off”, and successfully broke the cosmic chains. But at that time, the cosmic chain of life and calamity was only “two stars”; but now, it is “four stars”!

Four Star Universe Chains...

Outside the sinking abyss, although there is hope to break through, but the hope is very slim! Even if an almighty has the strength to break the four-star cosmic chain, I am afraid they will not dare to break it easily; after all, breaking the cosmic chain is something that violates the rules of the universe’s operation. Suppressed by stronger cosmic chains!

“I...” Life Tribulation Banzun is full of despair and regret, “I shouldn’t be greedy... If I wasn’t greedy for treasures, I wouldn’t stay in the sinking sea, and I wouldn’t even try to vain after breaking the cosmic chains on my body. Cultivating the third level of ‘Destruction’... In that case, I won’t be suppressed by the chains of the four-star universe... Regret!”

It is a blessing to be able to break the cosmic chain once! And the half-respected life robber actually took the risk and practiced “destruction” to earn treasures... What is this not courting death?

Sorry!

But it’s too late!

The same regrets as Banzun Shengjie, there is also the Banzun Kuimo—he originally thought that when Banzun Shengjie had practiced the third level of “Breaking and Destruction”, he would help himself get rid of the three-star universe chain on his body; but he didn’t expect , Life Tribulation Banzun not only did not practice, but put himself in!

This is good, who will help him to remove the Samsung Universe chain on him?

Xu Ming?

Kui Mo Banzun couldn’t help but cast his eyes on Xu Ming, with anticipation in his eyes, but he didn’t face forward – he was worried that even if he stepped forward, he would be humiliating himself, and Xu Ming would not be able to help him break the cosmos chain.

“I...I...” Sheng Jie Banzun was insanely remorseful; at this time, he saw Xu Ming’s direction and the dozens of Banzun surrounding Xu Ming, and couldn’t help roaring, “A bunch of idiots! If you look like this and present the treasure, Xu Ming will help you break the cosmic chains on your body? Too many cosmic chains are broken, which will offend the rules of the universe. Do you think that Xu Ming is not afraid, attracting stronger cosmic chains ?”

When Banzun Shengjie said this, all the great masters suddenly panicked in their hearts—yes! With so many powers, how many of them can break the chains of the universe?

“Haha...” But at this moment, Xu Ming laughed, “Well... I’m really not afraid!”

Yes, don't be afraid!

Offending the rules of the universe and attracting stronger chains of the universe?

But the problem is... Xu Ming's cosmic chain is already the strongest nightmare level! There is no stronger cosmic chain!

In this case, what is Xu Ming afraid of?

Regardless of whether he will offend the rules of the universe, anyway... the rules of the universe, there is no stronger means to suppress Xu Ming!

Xu Ming, you can do whatever you want!

"Aren't you afraid?" Shengjie Banzun was stunned for a moment, and then he reacted, "I almost forgot that you are a nightmare-level cosmic chain! Haha... You are indeed not afraid of anything, but you are also destined to die! And I, although I am now a four-star The cosmic chains are suppressed, but there is still great hope to break the suppression!"

Compared with Xu Ming, Sheng Jie Banzun felt that he saw a worse person, and his heart felt much more comfortable!

Xu Ming didn't pay attention to the half-zun, but looked at the other half-zuns around him: "Those who want to break the chains of the universe, please present treasures!"

Immediately, one after another, all the great powers scrambled to offer their treasures to Xu Ming, and then looked at Xu Ming eagerly.

Xu Ming counted the treasures a little, and said lightly, "Line up and get chopped!"

Immediately, one and a half-respected great powers, all honestly lined up in a line, and took turns to step forward. As for Xu Ming, he threw the Blade of Destruction one after another.

boom-

Space-time tremors!

On the back of time and space, the rules of the universe's operation appear.

Countless cosmic chains crisscrossed each other, showing their teeth and claws, and they were extremely angry. One after another cosmic chains, wanting to pounce on Xu Ming and suppress Xu Ming; but Xu Ming is already a nightmare-level cosmic chain, so... even if it is the rules of the universe, there is no way to take Xu Ming at this moment, and he can only watch it. Xu Ming cut off the chains of the Samsung universe.

Xu Ming, do whatever you want!

boom! boom! ...

Time and space trembled, as if the anger of the universe was erupting.

The demigods who have just released the chains of the universe did not dare to stay here; for fear of being harmed by Chiyu – who knows whether the rules of the universe are unreasonable? If it is unreasonable and can't deal with Xu Ming, how about dealing with them instead?

“Hahahahaha...” Xu Ming's heroic laughter resounded through the endless void, “The rules of the universe?”

At this moment, Xu Ming suddenly felt that the Nightmare-level Cosmic Chain was still beneficial – even the rules of the universe's operation were clearly not used to him, and he could not kill him.

Soon, dozens of demigods released the cosmic chains on their bodies and left in a hurry.

The Kui Mo Banzun looked at him from a distance – he looked envious, but he was really envious in his heart!

“Oh?” Xu Ming also noticed the demon half-lord in the distance. Looking at his “expected and shy” appearance, Xu Ming waved his hand and said, “Come here! Bring your treasures here!”

When Kui Mo Banzun heard this, he immediately ran towards Xu Ming like a dog hearing his master's call. The treasures are already prepared in hand, and he intends to give Xu Ming the opportunity to break the Samsung universe chain first, but it is not so easy to get! Of course, the half-lord of the devil must take good care of it!

However at this moment...

boom!

For some reason, a cosmic chain suddenly protruded from the back of time and space, directly suppressing the half-zun like Kui Mo.

Bang!

In an instant, the cosmic chains on Kuimo Banzun's body were "upgraded"!

"I..." Kuimo Banzun looked at the cosmic chain on his body, from three-star to four-star, and suddenly wanted to cry without tears, "This... what is this!"

It was clearly Xu Ming who was provoking the rules of the universe, but the one who was injured was the half-grandfather?

Chapter 1892: Happiness Comes Too Suddenly

"How can this happen... how can this happen..."

The Kui Demon Half-Prince kept muttering to himself.

The four-star universe chain is simply desperate!

Although, even if you don't enter the sinking abyss, there is still a way to release the chain of the four-star universe; however, the hope is very slim. And if you enter the abyss of sinking... how many powerful people can come out alive from the abyss of sinking?

"It's really a disaster!"

Kui Mo Banzun's mood is aching.

Originally, he was running towards Xu Ming happily; but now, he stopped. Although Xu Ming could easily break the three-star universe chain, he did not think that Xu Ming could break the four-star universe chain.

"It seems... we must enter the abyss of sinking..." Kui Mo Banzun secretly said.

However, the situation of Kui Mo Banzun is slightly better than that of Life Tribulation Banzun! After all, his strength is much stronger than Shengjie Banzun, and he is still qualified to enter the sinking abyss.

Of course... being strong is one thing! But no matter how strong you are, you don't want to be suppressed by a higher-star cosmic chain!

"Uh...hahahaha!" Sheng Jie Banzun saw that Kuimo Banzun was unlucky for a moment, and then he couldn't help laughing – seeing Kuimo Banzun's unfortunate fate because he went to rely on Xu Ming, he naturally couldn't help it. gloat.

"Humph!" Kui Mo snorted with a half-respect. However, the Stone Statue Forest and the Sunken Sea are all forbidden to do it; so he has nothing to do with the half-respect of life.

"Alas..." At the end, the Kui Demon Half-Senior sighed, ready to accept fate's arrangement and head to the abyss of sinking.

But right now...

"Half-Prince Demon!" Xu Ming said indifferently, "Why didn't you come? Do you want to break the cosmic chain on your body?"

"Huh?" Kui Mo Banzun couldn't help but stunned.

“Hahahaha...” Not far away, Banzun Shengjie laughed even more arrogantly, “Breaking the chains of the universe? Xu Ming, your tone is big enough! Don’t you see that on Kuimo Banzun’s body? , is the four-star cosmic chain?”

The Kui Demon Banzun also felt that Xu Ming’s words were too exaggerated – how could Xu Ming be able to break the four-star cosmic chain?

Xu Ming ignored Sheng Jie Banzun’s contempt, and just said lightly: “Kui Mo, if you want to break the cosmos chain, then come and try! If you don’t want to, then forget it!”

Break the cosmic chains? – The Kui Demon Half-Prince must have thought of it!

“Try it!” Kuimo Banzun secretly said in his heart, “Anyway, even if the destruction fails, I have nothing to lose!”

With this thought in mind, Kui Mo Banzun walked in front of Xu Ming.

“Haha... why don’t you try it?” Sheng Jie Banzun sneered unceremoniously.

Looking at the entire stone statue forest, and even the entire second quadrant, there are very few who have the strength to break the chains of the four-star universe! Moreover, those great powers will not easily shoot!

Can Xu Ming break the chains of the four-star universe? – Life Tribulation Banzun doesn’t think so.

only...

What do you think, does it matter?

Swish!

The Kui Demon Banzun had just walked up to Xu Ming, and Xu Ming raised his hand casually, and it was a blade of annihilation.

Xu Ming is also serious about this Blade of Destruction. Compared with the Blades of Destruction that cut off the chains of the Samsung universe, it is much sharper, sharper, and darker.

call out-

The Blade of Destruction instantly disappeared into the divine body of the half-lord of the demon.

Immediately after...

Bang!

The cosmic chains on Kuimo Banzun's body were immediately broken.

"what!?"

Sheng Jie Banzun, who was making a mockery, suddenly widened his eyes: "How... how is it possible!?"

How impossible!

The four-star cosmic chain on Kuimo Banzun's body had already been cut off by Xu Ming!

"I..." Kui Mo Banzun was also taken aback – happiness came too suddenly!

Originally, the Kui Demon Half-Prince was ready to enter the sinking abyss! You must know that the power that entered the sinking abyss is at least suppressed by the four-star cosmic chains, even the five-star and six-star cosmic chains!

The higher the star of the universe chain, what does it mean?

It means... the more against the sky!

Only geniuses who go against the sky are qualified to be suppressed by the high-star cosmic chains!

And inside the sinking abyss, a group of super powerhouses above the chains of the four-star universe gathered! If the Kui Demon Half-Prince enters it, it is the lowest level of existence.

You must know that it is difficult for even five-star and six-star powerhouses to come out of the sinking abyss alive, let alone the half-lord of the devil?

For the Kuimo Half Venerable... If you don't enter the abyss of sinking, you will die; if you enter the abyss of sinking, you will almost certainly die!

And now, between Xu Ming's wave, the death situation of the Kui Mo Banzun has been broken!

It's so sudden that happiness comes!

"I...I..." Kuimo Banzun was incoherent and at a loss, "Xu...Xu..."

Xu Ming directly interrupted Kuimo Banzun's words: "Don't talk nonsense, just take out the treasure!"

Xu Ming took action to help break the four-star universe chain, not to listen to the nonsense of Kuimo Banzun, but for the treasure!

"Yes! Yes!" Kui Mo Banzun nodded his head like garlic, and even took out all the treasures on his body – being suppressed by the chains of the four-star universe, he could still get a life back; what is there to give up on these external things? .

"Go away!" Xu Ming took the treasure and waved his hand casually.

"Yes! Yes! Many thanks to Senior Xu Ming!" The half-ranked demon who survived the catastrophe ran away—today was really a big ups and downs for him!

Shengjie Banzun looked at the distant Kuimo Banzun, and although he didn't say anything, he was really envious!

However, Xu Ming has no interest in helping this half-dead-hit life – aren't you very capable? Then you break the cosmic chains on yourself!

“Heh!” Xu Ming sneered and was about to leave.

He has already learned the fourth level of “Destruction”, and the Divine Pillar of Destruction has no meaning to him!

But it is only the fourth layer of “breaking off”, which has no effect on Xu Ming's own nightmare-level cosmic chain; therefore, Xu Ming has to go to other places in the Sunken Sea to see if the other two secret skills can't be used against him. helped.

“Xu...Senior Xu Ming!” Seeing that Xu Ming was about to leave, Banzun Shengjie finally couldn't help but bite the bullet, pulled his face down, and stepped forward to beg, “Also ask Senior Xu Ming to save me! I am willing to give all my treasures! ”

Seeing Xu Ming's indifference, Banzun Shengjie said again: “I have helped many Banzuns to lift the chains of the universe over the years, and my treasure will definitely satisfy Senior Xu Ming!”

treasure?

“Haha!” Xu Ming sneered and said nothing.

Xu Ming wants treasures, that's right; but it's just a treasure that is only a half-respected person, and Xu Ming really doesn't look down on it. When he was in a good mood, he rescued him and took his treasure; when he was in a bad mood, he wanted to tempt Xu Ming with his treasure?

ridiculous!

“Senior Xu Ming, how could you be willing to save me!?” Sheng Jie Banzun asked eagerly.

“Oh?” Xu Ming wanted to refuse directly, but suddenly his eyes lit up and he thought of something.

Chapter 1893: Passerby

“It’s not impossible for me to rescue you...”

Xu Ming looked at Sheng Jie Banzun and suddenly laughed.

Sheng Jie Banzun looked at Xu Ming’s slightly malicious eyes, and couldn’t help but tremble slightly, but still said: “Please... tell me!”

Xu Ming continued, “You should know a lot of the demigods in the Stone Statue Forest, right?”

“Yes!” Life Tribulation Banzun continued, “Especially the Banzun who were suppressed by the cosmic chains below three stars, many want to make friends with me!”

Life Tribulation Half-Prince, after all, is an existence who has practiced “destruction”, and has the ability to help others break the chains of the universe. His fame in the Stone Statue Forest is not small.

“That’s good!” Xu Ming said again, “Go help me and gather all the demi-masters you know in the Stone Statue Forest!”

All gathered?

Shengjie Banzun couldn’t help but be stunned: “I’m afraid there are tens of thousands...”

Tens of thousands, not many at all. After all, in the entire second quadrant, most of the “suppressed” are gathered in the stone statue forest, which is in the hundreds of millions! And tens of thousands are just a stream in the sea.

But even if there are not many, gathered together, it is a very terrifying force!

And, more importantly... Xu Ming asked him to gather all the great powers he knew. Obviously, he didn’t call them to come over to make soy sauce, but most likely he planned to help them break the cosmic chains on their bodies!

Helping tens of thousands of powers break the chains of the universe at the same time? – Life and Tribulation Banzun feels terrified just thinking about it.

But he couldn't help but ask: "Senior Xu Ming, you want to..."

"Oh..." Xu Ming said indifferently, "Let them prepare treasures! No matter how many people come, I will break all the cosmic chains on them!"

"Hi-" Although Banzun Shengjie had expected it, he couldn't help but take a deep breath after hearing this.

"And you..." Xu Ming continued, "Do this well, I will help you break the cosmic chains on your body!"

"Yes! Yes! Yes!" Life Jie Banzun continued.

In the entire forest of stone statues, there are very few great powers capable of breaking the chains of the four-star universe; now there is one standing in front of him, how can he not seize the opportunity?

"Go! It will be..." Xu Ming thought about it and said, "Let's gather at the 'Jiuzhu Mountain'!"

...

There are three secret techniques for sinking into the sea: "Swallowing the Universe and Nine Castings", "Passing the Guest" and "Duanming".

Xu Ming planned to go to Yunyan Hall first to learn the secret skill of "Passing the Guest"; then, he went to Jiuzhu Mountain to practice "Swallowing the Universe Jiuzhu".

"'Duanxie' is to break the Dao directly with force, forcibly severing the chains of the universe! I don't know... What kind of secret skill is 'passenger'?"

Out of curiosity, after a while, Xu Ming arrived at the Yunyan Palace.

The Palace of Clouds and Mist is at the bottom of the Sunken Sea. Here the sea water confluence, criss-cross, misty, like clouds and smoke.

Xu Ming walked into the hall.

The inheritance formation of Cloud Mist Palace started instantly, and the inheritance information of the secret skill “Passer” flooded into Xu Ming’s mind mightily.

“Um?”

Xu Ming just accepted the inheritance for a while, and then stopped immediately!

“This secret skill is not suitable for my cultivation!” Xu Ming simply chose to give up.

Passing by is also a very unique secret skill!

Different from breaking the Dao with force, the method of “passing off” to release the chains of the universe is to weaken his sense of existence in the universe!

Why weaken the sense of presence?

It’s simple! As long as you start to practice “passing off”, then you will no longer be able to go to the “real universe”!

And... the more profoundly the “passenger” cultivates, the lower his future achievements will be! For example – if you want to rely on “passenger” to release the chains of the two-star universe; then, the price you pay is that the highest cultivation base can only reach the median supreme, and you will never be able to step into the upper supreme! If you want to lift the Samsung universe chain, then it will be difficult to even become the median supreme in the future!

This is a secret technique to survive with a broken arm!

Weak yourself, destroy your potential! In this way, when the will of the universe sees that you have no potential, it will let you go and lift the suppression of the chains of the universe.

As for Xu Ming... If nothing else, just being unable to enter the real universe, this is absolutely unacceptable to him! – Gu Hanmo’s real battlefield must be in the real universe!

What's more... the cosmic chain on Xu Ming's body is a nightmare! If Xu Ming really practiced "Passing the Guest", how would he have to weaken his sense of existence before he would be spared by the will of the universe?

Weak your sense of existence to the point where you can't even break through the cultivation base of the domain master realm?

Anyway...

This "passenger" may be the preferred secret skill for other semi-exalted powers; after all, those semi-exalted, they did not expect themselves to become the supreme supreme, and the price paid for cultivating "passenger" is naturally not worth mentioning. .

But for Xu Ming... the price is simply too high! It is impossible to practice at all!

Therefore, without even thinking about it, Xu Ming directly interrupted the inheritance of secret skills, left the Palace of Clouds and Mist, and went to the next stop – Jiuzhu Mountain!

"I don't know... Tunyu Jiuzhu, what kind of secret skill will it be?"

...

When Xu Ming went to practice "Passenger" and "Swallowing Yu Jiuzhu", he was not idle, and immediately started to help Xu Ming gather Banzun!

Xu Ming had promised as long as he gathered enough suppressed people; then, Xu Ming would help him break the four-star cosmic chain on his body.

"Brother Shengjie!" The great powers who received the message from Banzun Shengjie were all excited, thinking that Banzun Shengjie was going to help them remove the cosmic chains on their bodies. As a result, when Banzun Shengjie opened his mouth, they realized that it was not Banzun Shengjie who broke it himself, but Xu Ming!

"Xu Ming?"

Every one and a half of the great powers are full of doubts about this name.

Of course they knew that Xu Ming's cosmic chains were the most unfortunate and the worst nightmare. However, they didn't know that Xu Ming had already cultivated "Destruction" to the fourth level in a short period of time. !

"Isn't Xu Ming a nightmare-level cosmic chain? He can't protect himself! Is there a way to solve the cosmic chain on us?"

"Are you kidding us?"

"Definitely playing with us! How long has Xu Ming just entered the sinking sea? Could it be that he has become 'Destruction'? It's impossible!"

Destruction is definitely not so easy to cultivate!

Most of the half-respects can't even get started; otherwise, the status of life-calamity half-respects in the sinking sea can't be so high – the mere third-order cultivation base of half-respects is actually used by many half-respects of seventh-order and eighth-order. The powerhouses of the order are surrounded.

And now, after hearing that Xu Ming was going to help them lift the chains of the universe, all the half-honored people felt that they were being tricked! For a time, there were not many half-respects willing to go to Jiuzhu Mountain.

Chapter 1894: Last Step

For a time, there were not many half-respects willing to go to Jiuzhu Mountain.

“This...” Life Jie Banzun was a little helpless – you must know that he was still boasting in front of Xu Ming before, saying that the number of Banzun he could gather would be tens of thousands!

Isn't that slapping yourself in the face?

...

months later.

Next to Jiuzhu Mountain.

Life Tribulation Banzun came here with hundreds of Banzun great powers.

Hundreds, seems like a lot. But you must know... Shengjie Banzun used to boast that there would be tens of thousands of Banzun; but now, there are only a few hundred, and it looks like three or two big cats and kittens.

This made Shengjie Banzun feel very dull, and at the same time, he couldn't help worrying, whether Xu Ming would help him break the four-star universe chain – after all, this time, Shengjie Banzun was really ineffective.

“Life robbery!” Suddenly, a slender, red-haired strong man shouted – Chihe Banzun, a ninth-rank semi-zun, who was also suppressed by the chains of the four-star universe.

Generally speaking, being suppressed by the chains of the four-star universe, you need to enter the sinking abyss to break it; however, Chihe Banzun is relatively timid and does not dare to enter the sinking abyss, so he has been staying in the stone statue forest.

Whenever there is a chance to break the chain of the four-star universe, Chihe Banzun will fight for it—for example, this time.

“Sheng Jie, what about the Xu Ming you said? Why is there no one?” Chihe Banzun asked.

“Should still be cultivating in Jiuzhu Mountain!” Shengjie Banzun said.

“Humph!” Chihe Banzun snorted coldly, and said, “I hope that Xu Ming is as you said, and has the strength to break the chains of the four-star universe, otherwise... dare to waste my time, fool me here, I insist on him nice!”

Sheng Jie Banzun heard the words, and said in fear: “Be careful! Senior Xu Ming’s strength is beyond doubt!”

Life Tribulation Banzun has seen Xu Ming’s strength, so he does not dare to have the slightest doubt and disrespect towards Xu Ming – whether he can break the four-star universe chain, he is counting on Xu Ming!

...

Inside Jiuzhu Mountain.

Xu Ming has almost completely accepted the inheritance of the secret technique “Swallowing Nine Castings”.

“This secret skill...”

Even Xu Ming was a little shocked by the secret technique of “Swallowing Yu Jiuzhu”!

It is different from the two secret skills of “Destruction” and “Passing the Guest”! – “Breaking off” is to break the law with force and forcibly break the cosmic chain; “passenger” is to reduce one’s sense of existence in the universe in order to escape from the suppression of the cosmic chain.

And “Swallow Yu Jiuzhu”...very cruel!

Yes! Very cruel!

It is also the most difficult to practice.

What “Swallowing Nine Casts” cultivates is to directly swallow the power of the rules of the universe! !

Devour the power of rules to grow your own heart world! When the heart world grows to a certain level, even the cosmic chain can be swallowed directly!

If you swallow all the chains of the universe, what are you afraid of?

Of course, the cultivation of Tunyu Jiuzhu is extremely difficult, and the process of cultivation is extremely dangerous – after all, swallowing the power of rules is a challenge to the rules of the universe! If you are not careful, it may lead to the suppression of a stronger cosmic chain!

Therefore, among the three secret techniques of the Sunken Sea, the power of “Swallowing the Universe Nine Casting” is the least! To be precise... There is almost no power, and he will practice “Swallow Yu Jiuzhu”!

Swallow Yu?

Can’t swallow it! Can’t swallow it!

but...

Xu Ming found out that this “Swallowing Yu Jiuzhu” can be said to be very suitable for him!

Cultivating the world of mind? – Xu Ming’s major was originally the mind force school, and he has reached the realm of “mind and spirit united” between mind force and divine body.

Challenging the rules of the universe? – The cosmic chains on Xu Ming’s body are already nightmare-level, and there is no stronger cosmic chain!

yes!

There is no stronger cosmic chain that can suppress Xu Ming, so what else should Xu Ming be afraid of? – If you are provocative, you will be provocative. It seems that the universe has nothing to do with him!

So Xu Ming resolutely practiced “Swallow Yu Jiuzhu”!

“The almighty who created this secret skill is simply against the sky!” Xu Ming had already felt the sky-defying power of this secret skill just by cultivating it; then, what kind of sky-defying the creator of the secret skill should be?

“I’m afraid the level of this secret skill has already exceeded the supreme level!?” Xu Ming couldn’t help thinking.

Above the Supreme level, it is the “Boundary-Breaking Level”!

For example, Xu Ming’s practice “Breaking the World” is a world-breaking practice!

At this time, Xiaohang’s voice sounded: “Tunyu Jiuzhu, it’s not even the breaking level!”

“Not at the world-breaking level?” Xu Ming couldn’t help but stunned – the secret technique that swallows the power of the universe’s operating rules is not even at the world-breaking level?

At the same time, Xu Ming couldn’t help being secretly shocked by the power of “Breaking the World”! – “Swallowing the Universe Nine Cast” is not a world-breaking exercise, but “Breaking the World” is!

So, when Xu Ming has truly mastered “Breaking the World”, how powerful will it be?

unimaginable!

Xiaohang said again: “Although it’s not the world-breaking level, it is close to the world-breaking level! This “Swallowing Universe Nine Cast” is definitely created by the top power in the real universe! But... it’s a pity!”

Xiaohang didn’t continue to say “what a pity”, and Xu Ming didn’t pay attention either.

In fact, Xiaohang wants to say that it is a pity for the creator of this secret skill—that creator had hoped to take the “last step” of this practice; but unfortunately, in the end, it was still a little short!

Of course, Xu Ming didn’t know about all this!

Xu Ming only knew—this secret skill is really awesome!

“Try it!”

Xu Ming directly tested the “Tunyu Jiuzhu Boom!” in Jiuzhu Mountain.

Xu Ming’s inner world was instantly stimulated, and his divine body had a mighty feeling like the sky – Xu Ming was facing the heaven and the earth, as if one sky was facing another sky.

“Swallow Yu...”

boom!

Xu Ming activated the secret technique.

Immediately, an incomparably powerful attraction erupted from Xu Ming’s mind, engulfing the ubiquitous rules of the universe.

hiss-

The invisible power directly pulled the power of the rules and sucked it into Xu Ming's heart world.

The rules of the universe's operation want to retreat!

However, being caught by Xu Ming's invisible hand, how could he retreat if he wanted to?

In a short time, waves of the power of rules were sucked into Xu Ming's mind.

In the heart world, the mighty mental power condenses into a giant hammer that shakes the sky. Whenever the power of rules is sucked in, the Heaven Shaking Hammer slams it down!

"Tunyu nine castings, the first casting... casting foundation!"

boom! boom! boom! boom! ...

The power of rules is constantly being attracted, and it is constantly being forged and turned into the foundation of Xu Mingxin's world.

"No!" Xu Ming frowned slightly, "It's too slow to devour the power of rules to practice 'Swallowing Nine Casts'!"

Xu Ming discovered that if you want to quickly improve the "Swallowing Universe Nine Cast", I am afraid that you still have to swallow the cosmic chain!

"Half of life, you should have found a lot of great powers for me, right? I will go out first and find those great powers to cast the cosmic chains!"

Chapter 1895: Free

"Half of life, you should have found a lot of great powers for me, right? I will go out first and find those great powers to cast the cosmic chains!"

Xu Ming thought about it and left Jiuzhu Mountain directly.

"As long as you devour thousands of one-star cosmic chains, you should be able to complete the 'first casting' and step into the 'second casting'!"

Xu Ming secretly said.

The first casting of "Swallowing the Universe Nine Cast" can only swallow one star of the universe chain. Only after practicing to the second casting can you swallow the two-star universe chain.

call out-

Soon, Xu Ming left Jiuzhu Mountain.

As soon as he came out, Xu Ming was stunned: “Is this Nima teasing me?”

Xu Ming saw that there were only hundreds of them who were sparsely found.

“How about tens of thousands? What about a large number? Why are there only three or two big cats and kittens?”

Moreover, one of the kittens and puppy was still arrogantly shouting: “I hope Xu Ming is as you said, he has the strength to break the chain of the four-star universe, otherwise... dare to waste my time, fool me here, I Make him look good!”

Hearing this, Xu Ming immediately laughed.

“Want me to look good!?”

Xu Ming’s voice resounded throughout the world and space.

Sheng Jie Banzun heard the words, his face suddenly changed: “Senior Xu Ming!”

The clamoring Chihe Banzun also changed his face slightly and looked at Xu Ming.

Xu Ming sneered and said, “What if I can break the chain of the four-star universe? What if I can’t break it?”

Chihe Banzun’s expression changed a few times, but he still said: “If you really have the ability, then help me break the cosmic chains on my body; if you don’t have the ability, don’t play tricks here!”

Pretending to be a ghost?

Xu Ming sneered, and raised his hand, it was a blade of destruction; but the one that slashed was the half of life.

Bang!

The Blade of Destruction swept past, and the four-star cosmic chain on the body of the life-calamity Banzun was immediately cut off.

Life Jie Banzun was stunned—he didn’t expect that the four-star cosmos chain on his body would be broken so quickly. He also thought that Xu Ming would not help him break the chains of the universe because of his ineffectiveness!

Life Tribulation Banzun finally realized what it means to “happiness comes too suddenly”!

“Senior Xu Ming...” Sheng Jie Banzun was so grateful that he wanted to kneel.

Xu Ming waved his hand and interrupted him.

Then, Xu Ming looked at Chihe Banzun: “Look, I have the strength to break the chain of the four-star universe, so what? What does it have to do with you?”

Chihe Banzun really wants to die!

He searched hard in the forest of stone statues, just to break the cosmic chains on his body. But now, the opportunity was right in front of him, but he missed it perfectly. Seeing that Xu Ming broke the four-star universe chain in an understatement, it was obviously very easy to break.

“Senior Xu Ming! Senior Xu Ming!” Chihe Banzun continued, “I shouldn’t question your strength, please help me break the cosmic chains on my body! I am willing to pay all my treasures as a price. !”

“Ha!” Xu Ming sneered, and didn’t even look at Chihe Banzun at all – the mere wealth of Chihe Banzun was not qualified to be regarded by Xu Ming.

At this time, Banzun Shengjie stepped forward and said ashamedly, “Senior Xu Ming, I’m not good at handling things, I only gathered so much power!”

“It’s really not strong!” Xu Ming said lightly, “But it doesn’t matter, it’s just a little troublesome for me...”

With that said, Xu Ming looked at all the Banzuns and said, “What are the chains of the one-star universe?”

Immediately, nearly a hundred demigods stood up, all of them were suppressed by the one-star universe chain, and they were the easiest to break!

Xu Ming continued: “It’s not difficult to break the one-star cosmic chain, and many people in the Stone Statue Forest can do it; as long as they are willing to pay enough treasures, they can usually be broken smoothly. But... I can help you break the one-star for free. Cosmic Chains!”

Free break?

Immediately, nearly 100 great powers who were suppressed by the one-star cosmic chain all had their eyes lit up – it is not easy to save some treasures! If it could be broken for free, who wouldn’t want to?

However, none of the demigods said a word; they knew that if they wanted to destroy it for free, there must be conditions!

Sure enough, Xu Ming then said: “As long as anyone can call thirty and a half venerables to come here, the star of the cosmic chain is not limited, then... I will help him break the one-star cosmic chain on his body for free! Of course, you also You can choose to pay for the treasure, and I will help you remove it!”

Calling thirty demigods to come here?

This is not very demanding!

Immediately, the powers of these one-star cosmic chains moved into action and sent messages to the half-zun they were familiar with.

...

Stone Forest.

Under a tall statue with a broken arm. Sunset afterglow.

A Banzun who was closing his eyes in meditation, suddenly opened his eyes: “Xianyu Banzun, what are you looking for?”

“Banzun Gulu, please come to Jiuzhu Mountain!” Xie Yu Banzun said anxiously at the other end of the communication.

“Did something happen?” The Lone Deer Banzun continued to ask.

“It’s too late to explain, come quickly!” Xie Yu Banzun continued – he was afraid that Xu Ming would change his mind and would no longer help break the one-star universe chain for free; therefore, of course, it was necessary to exchange to thirty Banzuns as soon as possible.

And the Lone Deer Banzun is one of his best friends inexplicably! “Gulu Banzun saw that Xie Yu Banzun had not finished speaking, so he cut off the communication and couldn’t help but cursed. However, he set off immediately and went to Jiuzhu Mountain.

Of course, there were only a few who readily agreed to come like Lone Deer Banzun; more, those who agreed were not readily enough.

“Go to Jiuzhu Mountain?”

In the depths of a certain valley, a Half-Prince just sneered after receiving the call. There was no refusal on his lips, but his figure remained motionless, and he did not intend to set off at all.

“If it’s all right, I will definitely not let me go to Jiuzhu Mountain! Since there is something... hum! It’s not my business about Xie Yu Banzun! It’s none of my business! I’m too lazy to go!”

But at this moment, Luye Banzun received another message, still from Xie Yu Banzun; and the content of the communication made him even more angry.

In the communication, it said: “Come quickly! Come quickly! Come quickly! I saw that it seems that it is your Dao Companion, who is chatting with the other half-respects!”

“what!?”

After reading the communication, Luye Banzun was so angry that he burned his divine body and rushed towards Jiuzhu Mountain.

Near Jiuzhu Mountain.

“Hey!” Xie Yu Banzun smiled smugly, “With Luye Banzun’s personality that it doesn’t matter to me, I won’t necessarily come to help me with this. But now... I don’t believe he won’t come! ”

As for Banzun Green Field, what would happen if he didn’t see what Banzun Xieyu said? – Xie Yu Banzun is not worried at all, if it’s a big deal, he will say that he is wrong!

Chapter 1896: Eat Everything

One by one, a half-respected great power, arrived at Jiuzhu Mountain one after another.

Not long after, the nearly 100 demigods who were suppressed by the one-star cosmos chain called for some friends. Xie Yu Banzun was the first to call out to thirty Banzuns, meeting Xu Ming’s requirements.

“Xianyu Banzun, you said that you saw my Taoist Companion and others...” Luye Banzun was the last of the thirty and a half-zun to arrive; as soon as he arrived, he quickly asked.

“Wait a minute!” Banzun Xieyu said casually to Banzun Luye, and then hurriedly ran to Xu Ming, “Senior Xu Ming, I have already called thirty...”

“Needless to say! I will help you break the cosmic chains for free!” Xu Ming said lightly.

Break the cosmic chains?

And still “free”?

The hundreds of demigods who were already here were not surprised when they heard that – Xu Ming could easily break the four-star cosmic chain, not to mention the mere one-star cosmic chain?

But the demigods who came later were shocked – and such good things! ?

Suddenly, all eyes turned to Xu Ming, waiting for him to shoot.

“With Xu Ming’s strength, breaking the one-star cosmic chain is as easy as the palm of your hand!”

“Yeah! But...why did Xu Ming summon so many half-zuns? What was his intention?”

“Could it be for treasures? But... the cosmic chains on Xu Ming’s body are said to be nightmare-level, and they will surely die! Since they are already bound to die, what’s the use of collecting treasures?”

“Look first!”

All the half-honored people watched, waiting for Xu Ming to use “Destruction”.

However, at this time, Xu Ming did not use “Destruction”; his divine body changed even more, and it seemed to be filled with infinite suction.

“This is...”

Among the great powers, there is naturally no shortage of discerning ones; it is quickly recognized that this is... Tunyu Jiuzhu!

“Swallow Yu Jiuzhu! Xu Ming really practiced this secret skill in Jiuzhu Mountain!”

“Could it be... Xu Ming wants to cultivate this secret skill to the extreme in order to break the nightmare-level cosmic chain on his body?”

“Impossible! – In the history of the universe, it is not that no one who was suppressed by the nightmare-level universe chain has practiced ‘Swallowing Nine Cast’; however, no one can successfully cultivate to the extreme!”

“Yeah! ‘Tunyu Jiuzhu’ is just a waste of time. Unexpectedly, Xu Ming chose this path!”

boom!

At this moment, Xu Ming urged “Swallowing Yu Jiuzhu”; the powerful attraction directly acts on the cosmic chains on Xie Yu Banzun’s body.

Bang!

In an instant, this cosmic chain was directly swallowed by Xu Ming’s heart world!

been eaten!

“Uh...” Many half-respected great experts were stunned – Xu Ming really eats everything! Even the cosmic chains are eaten!

Xie Yu Banzun is also confused. He also didn’t expect that the cosmic chains that had plagued him for a long time would disappear in this way – being eaten up...

But Xu Ming didn’t care about the shock of the other great powers.

After he devoured the one-star cosmic chain, he hurriedly started casting; all the power of rules contained in this one-star cosmic chain was cast into the foundation of his inner world.

“One-star cosmic chains are really difficult to ‘digest’!” Xu Ming secretly said, “However... the power of rules contained in it is also much purer and vaster! Compared to directly swallowing the power of rules, the efficiency is not known how much higher. !”

After Xu Ming digested the first cosmic chain, there was another half-honored person and thirty half-honored ones were called. Without saying a word, Xu Ming directly used “Swallow Yu Jiuzhu” to help him break the cosmic chain on his body.

One by one, the cosmic chains on his body were broken by Xu Ming one after another.

In a short time, more than half of the nearly 100 demigods had already been shattered by Xu Ming's one-star cosmic chain.

“Xu Ming devoured the chains of the universe so recklessly, is he not afraid of causing dissatisfaction with the rules of the universe?”

“What about dissatisfaction? – The only way to suppress the rules of the universe is to use the universe chain! And Xu Ming is already the strongest nightmare-level universe chain, so he is still afraid of the universe operation rules?”

Yes! Xu Ming is not afraid of the rules of the universe!

On the contrary, the rules of the universe should be afraid of Xu Ming!

“I understand! Xu Ming wants to rely on swallowing the cosmic chains to practice ‘Swallowing the Universe and Nine Casts’! He must have wanted to devour the one-star cosmic chains first to complete the practice of ‘First Casting’ and step into the first stage. Second cast; then, go to devour the two-star universe chain!”

“It’s crazy! However, if Xu Ming does this, he can really quickly practice ‘Swallowing the Universe and Nine Casts’!”

...

In a short time, the original nearly 100 one-star cosmic chains were all broken by Xu Ming. At this time, near Jiuzhu Mountain, the number of great powers has exceeded ten thousand!

There are more than 3,000 of these more than 10,000 powerful people, who are called by the nearly 100 one-star cosmic chains; more are spread by word of mouth and attracted by their fame! After all, who wouldn’t want to seize the opportunity to break the cosmic chains on his body?

Xu Ming nodded with satisfaction: “That’s right! As I expected, it’s not difficult to attract powerful people to come!”

There is strength, it is so capricious!

Moreover, Xu Ming is sure that as time goes by, more and more great powers will be gathered! At that time, Xu Ming does not need to worry about not having the cosmic chain to eat, as long as he is worried that it will be too late to eat!

After all... Xu Ming can only eat one-star cosmic chains, and he can only eat one at a time, otherwise he will suffer from “indigestion”.

“Tunyu Jiuzhu is difficult to cultivate? Hmph! When I eat all the cosmic chains in the entire stone statue forest, I won’t believe that cultivation is not good!” Xu Ming thought to himself.

...

Xu Ming still didn’t know that his reputation had begun to spread quietly throughout the forest of stone statues.

In the Stone Statue Forest, the great powers who got the news all rushed to Jiuzhu Mountain.

“Nightmare-level Cosmic Chains, and practiced ‘Swallowing the Universe Nine Casts’? – Go, go! This Xu Ming, I am afraid that many, many Cosmic Chains will be broken! As long as we pay some price, it should not be difficult to break the Cosmic Chains on our body. !”

“That’s right! Very few people would break the cosmic chain unscrupulously. After all, doing so would cause dissatisfaction with the rules of the universe’s operation! But Xu Ming is a nightmare-level cosmic chain, so he has nothing to fear!”

“Let’s go! It’s too late, if Xu Ming doesn’t want to break it, it will be depressing!”

“That’s right! Go!”

Originally, some of the great powers in the Stone Statue Forest, although they had heard that Xu Ming was a nightmare-level cosmic chain, didn't pay much attention to it, they just felt a moment of silence for Xu Ming. But now, when they learned that Xu Ming had already practiced "Destruction" and "Swallowing the Heavens and Nine Casts", their attitude towards Xu Ming was completely different!

After all, "Breakout" and "Swallowing the Heavens and Nine Casts" are not easy to cultivate; otherwise, there would not be so many great powers in the stone statue forest still suppressed by the chains of the universe.

As for Xu Ming, he easily cultivated "Destruction" to the fourth level.

As for "Swallowing the Heavens and Nine Casts", just getting started, it is actually more difficult than reaching the fourth level of "Destruction"; and Xu Ming, who has also started, and I am afraid that he will soon reach the peak of "First Casting" .

Chapter 1897: Devoured Wildly

Stone Statue Forest North.

Breaking cliffs.

The cliffs of the cliff, higher than ten thousand worlds, are as smooth as a mirror.

The setting sun had fallen below the cliffs and was gradually engulfed by the endless horizon.

On the edge of the cliff, two figures, a man and a woman, were sitting snugly.

The female nun put her head on the male nun's shoulder. The air is quiet and the atmosphere is peaceful.

But if you look closely, you can find that the female cultivator's body is a little stiff, and it seems to be freezing.

“The sunset in the Stone Statue Forest doesn’t appear several times in an era!” The female cultivator’s voice was a little weak, “Yan Heng, I can’t stand it anymore! Even after watching this sunset, I may not be able to hold on to it!”

“No...” Yan Heng Banzun, the male cultivator, roared in a low voice, “No way! Beixia, we will definitely find a way to break the chains of the universe, definitely!”

Saying that, Yan Heng Banzun went directly to grab Beixia Banzun’s hand.

With this grab, Banzun Yan Heng was stunned. He felt that Beixia Banzun’s palm was cold and hard, like a stone.

Yan Heng Banzun took another look, and his face suddenly changed again. At this time, Beixia Banzun’s palm was completely petrified. Moreover, the petrochemical is still spreading to the whole body along the arm.

“Petrochemical start?”

The petrification began, which meant that Beixia Banzun’s life had reached its final moment. When Beixia Banzun’s entire body becomes a stone statue, it is the end of his life.

“Yanheng, don’t think about it, if there is a way to break the four-star universe chain, then we would have found it long ago!” Beixia Banzun has long been desperate, “Yanheng, I want you to promise me that after I die, You have to live the rest of your life well.”

“Fool!” Yan Heng Banzun said emotionally, “If I don’t have you, what’s the point of living alone in the world? After you become a stone statue, I will give up my resistance to the cosmic chains and become a stone statue; That way, we can be together forever!”

On Beixia Banzun, the speed of petrification is very fast.

In a short time, she turned into a real stone statue, and she no longer had the slightest breath of life.

“It’s over...” Yan Heng Banzun took a deep breath in pain. However, although it was painful, it was far from the level of life and death; obviously, what he said in Beixia Banzun’s life was to coax Beixia Banzun.

“Sooner or later, I will also become a stone statue!” Looking at the endless forest of stone statues, Yan Heng Banzun felt despair. He came to the forest of stone statues to break the cosmic chains on his body; How many powerful people can break the chains of the universe as they wish?

suddenly

Yan Heng Banzun received a message, and his face changed slightly: “Xu Ming? Nightmare-level cosmic chain? Have you practiced ‘Swallow Yu Jiuzhu’?”

When these messages were linked together, Banzun Yan Heng immediately saw the hope that he would go to Jiuzhu Mountain and maybe be able to break the four-star universe chain on himself!

“Walk!”

No matter whether this hope is true or not, Yan Heng Banzun is not willing to miss the opportunity!

Yan Heng’s half-zun figure flashed, and he disappeared on the cliff of Tianduan in an instant.

As for the stone statue of Beixia Half-Zun, it is sitting alone on the edge of the cliff, no one cares about the promise of “always be together”, and if it is lost, it will be lost!

...

Inside the Stone Statue Forest.

The power of the entire stone statue forest has flocked to Jiuzhu Mountain in the Sunken Sea.

“Huh? Hatoyama Banzun?”

“It’s Fenglei Banzun! What a coincidence! Are you heading to Jiuzhu Mountain?”

“Hey, that’s Yan Heng Banzun? Didn’t you say that where there is Yan Heng Banzun, there is Beixia Banzun? Why is there only Yan Heng Banzun?”

Yan Heng Banzun didn't say a word, and directly accelerated towards Jiuzhu Mountain.

At this time, next to Jiuzhu Mountain, Xu Ming was already "full of customers". Hundreds of millions of powers gathered here, waiting for Xu Ming to "devour" their cosmic chains.

Xu Ming no longer needs to publicize, there will be a steady stream of half-respected powers coming.

Now, Xu Ming no longer helps people break the one-star cosmic chain for free, but "fees" to break it.

The speed of Xu Ming breaking the one-star cosmic chain is getting faster and faster!

Devour one-star cosmic chains, the next one, devour one-star cosmic chains, and then the next... Continue to devour and destroy!

As for "digestion".

Now, Xu Ming hardly needs to digest the one-star cosmic chain! Once swallowed into the heart world, it will be decomposed into the most pure energy in an instant.

"Tunyu Jiuzhu is the first casting, and finally the cultivation is perfect! Then, next, it is the second casting!"

However, Xu Ming did not rush to devour the two-star cosmic chain, but continued to devour the one-star cosmic chain.

And... no longer swallow one by one, but "group swallow"!

boom! !

Xu Ming swallowed a whale, and there were hundreds of one-star cosmic chains, which he swallowed into his heart world. And in the blink of an eye, it was all digested.

Another whale swallowed, and hundreds of thousands of one-star cosmic chains were swallowed...

Xu Ming's "Swallowing the Universe and Nine Castings" has become more and more profound, and it has become easier and easier to swallow the one-star cosmic chain! Even, at the back, Xu Ming can swallow tens of thousands, or even hundreds of thousands, of one-star cosmic chains with a single swallow.

With one bite, tens of thousands of half statues broke the suppression of the cosmic chains!

Such strength, how defiant! ?

boom! !

Every time Xu Ming devoured it, the time and space would tremble heavily, as if the will of the universe was roaring!

However, the roar doesn't use the cosmic will, and can only use the cosmic chain to deal with Xu Ming; but the cosmic chain on Xu Ming's body is already a nightmare, so the cosmic will has nothing to do with Xu Ming, and can only watch Xu Ming. Ming recklessly devoured the cosmic chains.

boom! boom! boom! ...

Xu Ming continued to devour, and the will of the universe continued to roar.

Soon, the entire forest of stone statues could feel the wrath of the will of the universe; this also caused more great powers to rush to the vicinity of Jiuzhu Mountain to find out.

And the demigods who arrived at Jiuzhu Mountain were reluctant to leave! Everyone was waiting in line, waiting for Xu Ming to break the cosmic chains on them.

And in the process of this crazy devouring, Xu Ming's heart world is also growing. As for the strength, it is quietly soaring without the other half-honored being discovered!

Sudden

“Yan Heng is half-respected!!”

An extremely crazy roar resounded around the entire Jiuzhu Mountain.

When Yan Heng Banzun in the crowd heard this voice, he couldn't help but startled slightly, and then his face was a little ugly: “It's him...”

“Yanheng Banzun!” The roar continued, “Where's Beixia Banzun? I entrusted Beixia to you, but now, why are you alone here; where is Beixia Banzun now?”

Chapter 1898: No Why

“Where's Beixia Banzun? I entrusted Beixia to you, but now, why are you alone here; where is Beixia Banzun now?”

A roar of rage and grief.

The endless grief and anger even infected the time and space of the sinking sea. Every great man in the sea, even Xu Ming, can feel the deep grief and anger from the time and space.

“This is...?” Xu Ming glanced at the infinitely grief-stricken almighty with some surprise, wondering why the other party had such grief and anger.

Among the other great masters around Jiuzhu Mountain, many people recognized the identity of this sad and angry great master.

“It's him...”

“Linhe Half-Prince!”

“I heard... Linhe Banzun and Beixia Banzun have been childhood sweethearts since childhood; but later, Beixia Banzun married Yan Heng Banzun, and because they practiced evil together, they were

unfortunately suppressed by the cosmos chain! In order to follow Beixia Banzun to the Stone Statue Forest, Banzun also deliberately let himself be suppressed by the cosmic chains...”

“Deliberately let yourself be suppressed by the cosmic chains? This Lin He Ban Zun is also a true love!”

Everyone was talking about it.

Linhe Banzun’s roar resounded through the sinking sea: “When I entrusted Beixia to you, you said that I would live and die together! Now, Beixia has become a stone statue, and you are not by her side, Why are you here? What? You want to break the cosmic chains on your body?”

“I...” Yan Heng Banzun was speechless for a long time, and then he said guilty, “I... I carry the lives of me and Beixia on my shoulders, and I’m moving forward! Do you think it’s easy for me? – This time , it’s harder to live than to die!”

...

After some conversation between the two sides, Xu Ming almost understood what was going on. It should be that Yan Heng was greedy for life and feared death. He left the Taoist companion who had become a stone statue and wanted to break the cosmic chain on his body alone.

“Hahahaha...” Linhe Banzun’s grief-stricken laughter shook the time and space, “Living is more difficult than death? Living is more difficult than death? Hahahaha...then go to die!”

boom! !

Linhe Banzun’s divine body instantly burned, obviously wanting to do something.

But then, the burning divine body went out again.

Sinking into the sea, it is strictly forbidden to do anything. Even if Linhe Banzun makes a move, it is impossible to kill Yan Heng Banzun in a short time; at that time, he will be suppressed by the rules in the stone statue forest.

“Humph!” Lin Hehan snorted respectfully, and flung his sleeves away.

But at this moment, Xu Ming’s voice transmission quietly sounded in Linhe Banzun’s ear: “Don’t worry! I will help anyone break the chains of the universe, and I won’t help this Yanheng Banzun!”

When Linhe Banzun heard the words, his eyes suddenly lit up: “Thank you!”

His expression seemed to be more relieved, as if a knot in his heart had been untied. The back when he left is no longer so lonely.

...

Stone Statue Forest North.

Breaking cliffs.

The half-respected stone statue of Beixia sits alone on the edge of the cliff. In her expression, there was not much fear and fear of death, but a look of hope – when she was about to die, she naively thought that Yan Heng Banzun would really turn into a stone statue as she said, forever Be by his side.

call out-

A figure descended from the sky and landed next to the stone statue of Beixia Banzun.

It is Linhe Half-Prince.

Linhe Banzun took a few steps forward lightly, and slowly reached out to stroke Beixia Banzun’s long hair. However, the Beixia Banzun, who has been turned into a stone statue, has also turned into stone.

Linhe Banzun didn’t care about the cold and hard hand feeling at all, gentle as water, and cautious.

At the end, Lin He Banzun sighed heavily, and then leaned beside Beixia Banzun and sat down on the edge of the cliff. He didn't speak, just took out a jug of wine and drank it by himself.

He drank quietly like this, watching the slowly sinking blood-red sunset.

"You..." Suddenly, Banzun Linhe threw away the jug and looked at Banzun Beixia, as if mocking, "After so many journeys, in the end, I'm still by your side..."

At this moment, Linhe Banzun's divine body suddenly underwent a peculiar change – his divine body no longer resisted the suppression of the cosmic chains, and even actively attracted the cosmic chains to suppress every particle of him.

In an instant, the petrification speed of Linhe Banzun accelerated by hundreds of millions of times; the divine body was transforming into a stone statue at a speed visible to the naked eye.

His expression was neither sad nor happy, but there was a kind of satisfaction in it.

"Wait for this day, it's been a long time..." Linhe Banzun gradually turned to petrification, but his eyes always fell on Beixia Banzun's face.

...

sinking sea.

Near Jiuzhu Mountain.

Xu Ming frantically devoured billions of cosmic chains, constantly expanding his inner world.

"Tunyu Jiuzhu, I have practiced to the fourth casting!"

However, for the time being, Xu Ming can only cultivate to the "fourth casting" at the highest level. As for the exercises above the "Fifth Casting", it is not recorded in the sinking sea, I am afraid that you have to go to the sinking abyss.

“Although Tunyu Jiuzhu has reached the peak of his cultivation for the time being, the cosmic chains can still be swallowed up!” Xu Ming secretly said.

Devouring the chains of the universe can strengthen the “heart world”!

Xu Ming’s current heart world has already exceeded the level of Nirvana, and even exceeded the level of domain master... Once the strength of Xu Ming really explodes, I am afraid that he will be able to step into the real supreme level!

“Keep eating!”

There are four-star cosmic chains all over the ground, Xu Ming certainly can’t waste it!

Eat them all!

And the anger of the will of the universe has already boiled over!

However, Cosmic Will could only watch Xu Ming devour the Cosmic Chain, but there was nothing to do with him.

“Next!” Xu Ming said lightly.

Immediately, another almighty who was suppressed by the chains of the four-star universe stepped forward, it was Yan Heng Banzun.

“Senior Xu Ming!” Yan Heng gave the treasure respectfully and respectfully, “I also ask Senior Xu Ming to help me break the four-star cosmic chain on my body!”

“Oh?” Xu Ming glanced at Yanheng Banzun and said lightly, “I won’t help you break the chains of the universe! – Next!”

“What!?” Yan Heng Banzun was stunned, “Why!?”

For every previous half-honor, Xu Ming helped them break the cosmic chains; but why did Xu Ming refuse directly when it was his turn?

“There is no reason.” Xu Ming acted, why should he explain to him? – Xu Ming will help whoever he wants to eliminate it; if he doesn’t want to eliminate it, what is there to explain?

“I...I...” Yan Heng Banzun originally came full of hope, but now, he was instantly beaten into despair. His eyes were full of anger and unwillingness, “Why can I help others to get rid of it, but I can’t!?”

Chapter 1899: And This Operation

The genius remembers the address of this site in one second: (apex Chinese), the fastest update! No ads! Why can you help others to break it, but Yanheng Banzun can’t?

In this regard, Xu Ming just sneered disdainfully, but did not give an explanation at all.

Why? Xu Ming despised this kind of person who betrayed the Taoist companion! How could it possibly help him break the cosmic chain?

“Next!” Xu Ming shouted directly, not giving Yan Heng Banzun another look at all.

“I...” Yan Heng Banzun said anxiously, “I am willing to give all my treasures!”

“Treasure?” Xu Ming suddenly laughed, “Do you think I would like something like yours?”

Here, the cosmic chains that Xu Ming broke were billions! All the treasures of Yan Heng Banzun are as inconspicuous as a drop of water in the ocean! Don’t say that Xu Ming can’t look down on him at all. Even if he looks good, it’s impossible to help Yanheng Banzun break the chains of the universe.

boom!

With a laugh, Xu Ming devoured the next half of the cosmic chains. Yan Heng Banzun watched from the side, gnashing his teeth angrily, the hope of breaking the chains of the universe and regaining his freedom was in front of him, but he was out of reach.

“Senior Xu Ming!” Yan Heng Banzun gritted his teeth and asked, “How can you help me break the cosmic chain?”

“Ha!” Xu Ming laughed, “Is my attitude not obvious enough? No matter what, I will not help you break the chains of the universe!”

“Hahaha...”

There was a burst of laughter all around. It is both a mockery of Yan Heng Banzun and a flattery to Xu Ming.

Yan Heng Banzun could only walk aside with an ugly expression amid the jeers.

“Damn! Damn! Damn!” Yan Heng Banzun’s heart was full of anger and fear.

The four-star cosmic chain is not so easy to break! In the Stone Statue Forest, except for Xu Ming, Banzun Yan Heng couldn’t find a way to break the chain of the four-star universe.

Therefore, for Yan Heng Banzun, the only hope for breaking the cosmic chains on his body may be to enter the abyss of sinking. However, with his strength, if he dared to enter the abyss of sinking, it would be no different from courting death!

And... the time left for Yan Heng Banzun is running out!

It can be said that as long as Xu Ming doesn’t help him get rid of it, then it is almost a sure thing that Yan Heng’s half-respect is turned into a stone statue!

“Why!? Why!?” Yan Heng Banzun growled. He couldn’t figure it out, he didn’t offend Xu Ming at all, why was he targeted?

“You want me to die!?” Yan Heng Banzun’s eyes were full of grimness, “This Xu Ming, although his talent is against the sky, is in the final analysis only Nirvana! Even in Nirvana, he dares to target me? I die?”

Anger arises from the heart, and evil grows toward courage!

Yan Heng Banzun’s eyes gradually became more stern: “You want me to die? Then don’t blame me for being rude!”

In the stone statue forest, it is forbidden to do anything.

But... it’s not that you can’t do it! But if you do it, there will be a price!

Yan Heng Banzun is almost dead anyway, so what is the cost! ?

“Want me to die? Then I’ll let you die first!!” Yan Heng Banzun had the killing intent in his heart. In his opinion, killing Xu Ming’s Nirvana in seconds was a breeze! Before the punishment came, he had already killed Xu Ming!

Afterwards, Yan Heng Banzun looked at the demigods who were waiting to break the cosmic chains, and snorted coldly in his heart: “When Xu Ming is dead, I will see who will help you break the cosmos chains, and I will see who else dares to laugh at me. Do you want to watch me die? Hahahaha... Then we’ll all die together!”

In an instant, Yan Heng Banzun had already decided to kill Xu Ming! Drag everyone to death!

“Humph!”

Suddenly, Yan Heng Banzun’s eyes turned cold, his divine body was burning frantically, and he rushed directly to Xu Ming. He was not very far from Xu Ming. In addition, it was a sudden outbreak, and other great powers had no time to respond!

“Huh? Yan Heng Banzun? What are you going to do!?”

“He’s trying to... kill Xu Ming?”

Kill Xu Ming! ?

Those powers who have broken the cosmic chains do not feel very much; but these powers who have not broken the cosmic chains suddenly turned pale. If Xu Ming is dead, who will help them break the cosmic chains?

“stop!”

“Yanheng! Stop me!”

All the great powers rushed towards Yan Heng Banzun anxiously! Obviously, no one thinks that Xu Ming’s cultivation can stop Yan Heng’s half-knife.

“It’s over!”

“It’s too late to save!”

“Yan Heng Banzun’s move was too sudden...”

“Yanheng Banzun’s strength has already stepped into the supreme level! Even if he didn’t make a sudden move, he wanted to kill Xu Ming, I’m afraid it would be difficult for us to protect it; what’s more, he made a sudden move now, obviously to kill Xu Ming...”

“Damn it... Xu Ming is dead, what should we do?”

One and a half esteemed all panicked.

But it’s no use panicking! They couldn’t even help.

boom! !

Yan Heng Banzun’s attack, with the power of slaughtering everything, instantly arrived in front of Xu Ming.

All the half-honored people were in despair. They saw Xu Ming didn't even move in the face of this knife. It seemed that he was already frightened.

"Scared stupid?"

"Looks like it's really over!"

"Yeah! I originally hoped that if Xu Ming could survive the first blow, then we would be able to save him; I didn't expect that Xu Ming was so scared..."

"Damn it! Why is Xu Ming's strength so weak!?"

...

weak?

Naturally, Xu Ming didn't know what everyone thought of him at this moment.

Xu Ming's eyes just glanced at Yan Heng Banzun indifferently, very calm.

"Dare to attack me?" Xu Ming sneered disdainfully.

If Yan Heng Banzun's sneak attack before he practiced "Swallowing Yu Jiuzhu", it would indeed cause him some trouble; of course, it was only "some trouble".

And now, Xu Ming has practiced "Swallowing the Universe and Nine Castings", and has swallowed hundreds of millions of cosmic chains; his heart world has already skyrocketed to an unbelievable power! The strength is soaring!

Although Yan Heng Banzun's strength level has reached the supreme level, but in Xu Ming's view, his attack has a feeling of powerlessness.

Yes!

Very weak!

It felt as if...with just one finger, I could deflect Yanheng Banzun's attack.

Thinking of this, Xu Ming couldn't help but stretched out ***** and pinched the blade of Yan Heng Banzun directly.

Xu Ming's actions made all the great powers dumbfounded! In a mere nirvana realm, facing the attack of the supreme level, it's fine if you don't run, but you still take the initiative to stretch out ***** to pick it up?

What is this operation?

And this operation?

But then, a scene that shocked everyone even more, saw Xu Ming pinching lightly with two fingers, and actually pinching Yan Heng Banzun's knife in his hand. The endless tyrannical power contained in this knife also came to an abrupt end.

Chapter 1900: Exile

“what!?”

“what!?”

“what!?”

...

The shock swept the audience like a tsunami.

Everyone looked at this scene in disbelief—Xu Ming's ***** seemed to contain infinite power, and they were so lightly squeezed, but the big knife in Yan Heng Banzun's hand couldn't move.

Even Yan Heng Banzun's entire divine body was shaken by this abruptly stopped counter-attack, and he was slightly injured.

"This..." The most shocking thing is undoubtedly the number of words Heng Banzun – when did the Nirvana Realm become so strong?

He looked at the blade held by Xu Ming with a bewildered face, and then looked at Xu Ming's contemptuous eyes in horror – after confirming his eyes, Yan Heng Banzun knew that he really kicked the iron plate!

run!

Yan Heng Banzun turned around and ran without hesitation, even losing his weapon.

"Want to run?" Xu Ming laughed suddenly – dare to take a shot at himself, and run now if he wants to run?

Moreover, in Xu Ming's view, Yan Heng Banzun's speed was not much faster than Turtle Crawling.

"die!!"

rumbling...

Xu Ming shot directly.

The mighty power stuns the void and oppresses Xiang Yanheng Banzun.

Before the attack, Yan Heng Banzun could already feel the shadow of death looming over him.

"No—" Yan Heng Banzun shouted in horror, "Xu Ming, you can't kill me! If you kill me, you will be punished yourself!"

Sanctioned?

Does Xu Ming seem like someone who is afraid of being punished?

Even if you fall here, the big deal is to use the “immortal mark” to hang resurrection. Anyway, Xu Ming had already left a spatial coordinate point in the Stone Statue Forest. Even if he fell, he could come back to the Stone Statue Forest as long as he spent some hanging points.

Moreover, although it is strictly forbidden to do something in the Stone Statue Forest, even if you kill someone, you will not die, and you will only receive some punishment.

In a word, Xu Ming must kill these words!

“Supreme-level strength?” Xu Ming sneered with disdain at the corner of his mouth. He slapped Yan Heng Banzun directly in the air, just like slapping a fly, and there was no **** left.

And just then...

rumbling—

Time and space vibrate.

A sound of judgment like a rule resounded around Xu Ming: “Murder in the stone statue forest, the crime should be exiled!”

At the same time, an invisible giant palm quietly appeared around Xu Ming.

Xu Ming couldn’t see this giant palm, but he could feel some changes in the surrounding time and space.

Immediately afterwards, Xu Ming felt that the surrounding time and space were completely plunged into darkness – he did not know that he had been caught in the palm of the hand by the giant palm of the rule, and was being thrown into the abyss of sinking.

Bystanders are clear.

Xu Ming didn't know what he was going through, but the other great powers around him could see it clearly.

“Not good! Xu Ming has been exiled!”

Zhong Da Neng's face suddenly changed.

“If you kill someone, you will definitely be exiled to the sinking abyss!”

“It's over... Xu Ming hasn't helped me break the cosmic chains! What should I do now?”

“Do you want to enter the abyss of sinking and find Xu Ming? But... the power of entering the abyss of sinking, can come out, but there is not one in a hundred! After entering, can you come out alive?”

Those powers who have not broken the chains of the universe are suddenly painful!

It really hurts!

Now, what to do with the cosmic chain on the body?

And those great powers who have been broken from the chains of the universe are very fortunate – fortunately, they broke it early!

...

In the endless dark void, even time is chaotic.

In the chaos of time and space, Xu Ming could not measure how long time had passed. When the darkness was torn apart and a completely different scene appeared around him, Xu Ming knew—

“I should have been exiled...”

Exile, Xu Ming has also heard of it.

When someone violated the rules of the Stone Forest, they were banished to the Abyss of Sinking.

“Now... I should be sinking into the abyss, right?”

Xu Ming did not panic at all.

Entering the abyss of perdition is a life-and-death experience; therefore, many great powers dare not enter the abyss of perdition. But for Xu Ming, sinking into the abyss is a must.

Banished?

It just so happened that Xu Ming took a ride.

“However... the great powers in the stone statue forest still have a lot of cosmic chains on their bodies, and they didn’t have time to swallow them; otherwise, my heart world will definitely grow stronger!”

Xu Ming was slightly regretful.

“After you leave the sinking abyss, go and devour all those cosmic chains! You can still earn a lot of treasures!”

Today, Xu Ming has helped hundreds of millions of demigods to break the cosmic chains on his body; and the wealth that Xu Ming has earned from it is more than “hundreds of millions” to describe it!

Just convert it into 22-level hanging points, I don’t know how many trillions there are!

It can be said that the hanging points on Xu Ming’s body are simply inexhaustible!

But what makes Xu Ming depressed is that he has a level 22 hanging point that I don’t know how many trillions, but he doesn’t have a level 23 hanging point!

Not at all!

“What exactly do I need to exchange for level 23 hanging points?”

Xu Ming did not know.

“If you let me know how I can redeem it to level 23, then I can still work hard! But now, I don’t know anything, and I can’t work hard at all!”

Xu Ming was a little helpless.

Soon, the darkness around Xu Ming disappeared.

“This is the Abyss of Sinking?” Xu Ming looked around and observed carefully.

The billions of worlds around are boundless scorched earth, filled with the endless breath of death Xu Ming did not know that under this scorched earth, everything was dead, even the rules were dead!

“Why is there no one?”

When Xu Ming was wondering...

In the scorched earth under his feet, an arm lingering with a cold and dead breath poked out without warning; then, the whole body emerged from the scorched earth—this is a hideous-looking ghost armored warrior, jumping up When the scorched earth came out, he directly raised the bone knife and slashed at Xu Ming.

“Half-respect, first-order!” Xu Ming instantly judged the strength of the Ghost Armored Warrior.

“What kind of test is this?”

Without hesitation, Xu Ming turned the ghost armored warrior into powder with one palm.

But obviously, this ghost armored warrior is just a **** in the assessment!

Swish! Swish! Swish! Swish! ...

The next moment, the dense number of ghost armored warriors, like bamboo shoots after a rain, emerged from the scorched earth and rushed towards Xu Ming.

“Still no challenge!” Xu Ming sneered in his heart.

For today’s Xu Ming, the strength level of the first-order half-respect is too weak, like an ant! If you step on it with one foot, you will be trampled to death. I don’t know how much!

“kill!”

Although I don’t know what kind of assessment will be next, it is always right to kill!

boom! boom! boom! boom! ...

Xu Ming didn’t shoot at all, but the shadow of the palm kept shooting. Each palm will harvest thousands of ghost armored warriors.

The half-respected powerhouse who was once incomparably powerful in Xu Ming’s eyes was now wiped out with a wave of his hand!
