

A World 1911

Chapter 1911: Does It Matter?

The words are divided into two parts.

“You have strength?”

“Ha ha ha ha ha ha ha...”

When Shen Yan Banzun heard Xu Ming’s words, he was stunned at first, and then he couldn’t help laughing: “Strength? In front of me, Shen Yan Banzun, you dare to improve your strength? You are also worthy of your strength!?”

boom! !

Shen Yan Banzun shot directly: “Boy, don’t be ashamed! I’ll show you what real strength is!”

Shen Yan Banzun’s attack was mighty, terrifying, and imposing; wherever he passed, space was shattered, time was condensed, and heaven and earth were shocked.

Shen Yan Banzun even saw that Xu Ming did not move in the face of his attack.

“Are you frightened?” Shen Yan Banzun couldn’t help sneering, “Is this frightening? How dare you come out and be arrogant even with this little guts?”

boom!

At this moment, Shen Yan Banzun felt that there was a tyrannical momentum behind him.

“Big brother shot!” Shen Yan Banzun was naturally familiar with Lei Qiong Banzun’s aura; however, he didn’t know that Lei Qiong Banzun’s attack was not aimed at Xu Ming, but towards him. of!

Shen Yan Banzun was still thinking stupidly in his heart: “Big brother is really righteous, he will shoot if he doesn’t agree! But... this kind of opponent doesn’t need big brother to shoot himself at all, I’m more than enough!”

boom-

In the blink of an eye, Shen Yan Banzun’s attack was already approaching Xu Ming. His expression was even more hideous, as if he had seen Xu Ming being easily suppressed by him.

And just then...

Shen Yan Banzun suddenly showed infinite horror.

“what!?”

Shen Yan Banzun finally discovered to his horror that his elder brother Lei Qiong Banzun’s attack was actually aimed at him!

“Brother, you are...” Shen Yan Banzun shouted in horror.

However, Lei Qiong Banzun didn’t seem to hear his terrified cry, and the infinitely huge palm shadow directly suppressed it.

slap!

Shen Yan Banzun and his mighty attack were directly pressed to the ground with a slap.

Shen Yan Banzun’s face was full of confusion: “What the **** have I experienced!?”

Immediately afterwards, when Shen Yan Banzun raised his head, he was even more horrified to see that Lei Qiong Banzun, the existence who was about to challenge the fifth in the universe’s arrogance list, stooped and walked carefully to Xu Ming. He shouted in a low voice and awe: “Senior!”

senior!

Lei Qiong Banzun's voice was very soft, as if he was afraid that it would disturb Xu Ming if it was too loud.

But to Shen Yan Banzun's hearing, this small voice was like a thunderbolt!

“senior!?”

The word “senior” doesn't seem to be valuable, but it also depends on who said it from!

Who is Lei Qiong Banzun? – He is one of the few “eleventh-order” powerhouses in the sinking abyss, who can be worthy of the word “senior”? Even if it is the first-ranked existence on the Tianjiao list in the universe, it is not qualified for Lei Qiong Banzun to call “Senior”, right?

“senior!?”

This silent voice also sounded like a thunderbolt. It rang in the ears of Demon Venerable Wan Puppet, Banzun Shen Long, and Banzun Qingyao, causing the three of them to be unable to return to their senses. However, no matter how stupid Shen Long Banzun and Qing Yao Banzun are, they have already realized at this time – they kicked the iron plate!

wrong! It's a steel plate!

And Lei Qiong Banzun still lowered his head in front of Xu Ming, not daring to move, waiting for Xu Ming to speak.

“Oh? It's you!” Xu Ming looked at Lei Qiong Banzun and said lightly.

“Yes, yes, yes! Senior, it's me!” Lei Qiong Banzun said in a row, as if it was a great honor to be remembered by Xu Ming; but in fact, at their level, how could people who have met them forget it? ?

Xu Ming said again, “Are these people yours?”

“Yes!” Lei Qiong Banzun did not dare to hesitate, and even replied.

“That’s good!” Xu Ming said lightly, “Since it’s yours, I’ll leave it to you to deal with it!”

“This...” Lei Qiong Banzun gritted his teeth, “Okay!”

Immediately, Lei Qiong Banzun’s gaze swept indifferently towards the culprits – Qingyao Banzun and Shen Long Banzun.

When the two of them saw this, their faces turned pale.

Qingyao Banzun even begged for mercy: “It’s none of my business, it’s none of my business, I didn’t offend this senior!”

Not offended?

When Lei Qiong Banzun heard the words, he couldn’t help sneering in his heart – didn’t he offend? Tell the ghosts!

With Xu Ming’s strength, if the other party didn’t offend him, would he surrender his status to care about it?

Besides... If nothing else, Banzun Qingyao and Banzun Shen Long dared to disrespect Xu Ming, this is already an offense, and the crime has already led to death!

Thinking of this, Lei Qiong Banzun jokingly looked at Qingyao Banzun: “Didn’t you offend?”

“No! No!” Qingyao Banzun said repeatedly.

Lei Qiong Banzun sneered: “Is it important to be offended?”

yes!

Does it matter?

With Xu Ming's strength, it is almost "according to the law".

Xu Ming said that Lei Qiong Banzun would handle it, and Lei Qiong Banzun would definitely handle it without mercy! Whether an ant like Qingyao Banzun has offended Xu Ming or not, it doesn't matter at all!

Xu Ming said "deal with", she is dead!

"No—" Qingyao Banzun suddenly turned pale showed infinite horror, "I..."

However, Qing Yao Banzun didn't have time to say what he said, and the entire divine body was turned into ashes.

"Hi—" Shen Long Banzun on the side, his face suddenly turned pale, and even looked at Shen Yan Banzun for help, "Father..."

At this time, Lei Qiong Banzun said lightly: "Shen Yan, this is your son, you can handle it yourself!"

"Let my father deal with me?" Shen Long Banzun felt relieved immediately – when his father took action, he would definitely find a way to protect him; the so-called treatment is probably nothing more than thunder and rain.

But on the surface, Shen Long Banzun still wanted to act, showing a very frightened look.

"Humph!" Shen Yan Banzun glanced at his son, but his eyes were cold.

boom!

The next moment, Shen Yan Banzun shot directly, with a huge momentum – as Shen Long Banzun expected, the thunder was loud.

However, what Shen Long Banzun expected was... not only the “thunder” was loud, but also the “raindrops”!

“Father!?” Just as Shen Long Banzun widened his eyes in disbelief, he had already lost his breath of life.

Yes, Shen Yan Banzun directly killed his own son!

“Ha!” Seeing this scene, Xu Ming laughed, “It’s really cruel!”

Tiger poison does not eat children!

And Shen Yan Banzun, in order to survive, directly killed his son to survive!

“Senior, what do you think?” Lei Qiong Banzun looked at Xu Ming cautiously, and said, “Is it appropriate to handle it like this?”

Xu Ming’s eyes fell on Shen Yan Banzun, took a deep look, and finally said: “Forget it!”

Xu Ming couldn’t be sure whether Shen Yan Banzun had the idea of revenge; but it didn’t matter, in the face of absolute strength, no matter what Shen Yan Banzun thought in his heart, did it matter?

Chapter 1912: Battle Tower

“Breaking the Boundary...”

Xu Ming looked at the Boundary Breaking Map again, but he couldn’t enter the state of epiphany again.

“Sure enough, the epiphany state didn’t come as soon as it was said! The chance in the Boundary Breaking Map is temporarily unavailable!”

Xu Ming had to get up and leave.

“Senior!” Lei Qiong Banzun shouted, “Dare to ask the senior’s name?”

“Oh?” Xu Ming glanced lightly and said, “Xu Ming!”

...

After Xu Ming left.

Just now, Shen Yan Banzun’s eyes showed a fierce light, and he carefully asked through voice transmission: “Brother, what is the origin of this Xu Ming! It seems that there is nothing powerful about it, why are you so in awe of him, eldest brother?”

Lei Qiong Banzun glanced at it and sneered: “Why, want to take revenge?”

“How can you not avenge the murder of your son?” Shen Yan Banzun said sternly.

“Ha!” Lei Qiong Banzun sneered disdainfully – when Shen Yan Banzun killed his son just now, he didn’t see any hesitation.

“If you want revenge, you can do it yourself, but don’t cheat me!” Lei Qiong Banzun said directly.

Seeing that Banzun Shen Yan was still questioning Xu Ming’s strength, Banzun Lei Qiong continued, “I don’t know how strong he is; however, I saw with my own eyes that he passed the twelfth floor of the Sunken Abyss!”

“Hi-” Shen Yan Banzun sucked in a breath, “Twelfth-tier powerhouse?”

The 12th-order powerhouse can almost be called the number one powerhouse in the sinking abyss!

Lei Qiong Banzun glanced at it and continued: “And... with an invincible attitude of destroying the trees, he passed the twelfth floor! As for whether he has passed the thirteenth floor, I don’t know! But in my opinion, very It may have been through!”

Suspected thirteenth-order powerhouse!

Shen Yan's face turned pale for a while! – Just now, he actually took action on a suspected thirteenth-order powerhouse...

“Thank you big brother...” Shen Yan Banzun said in fear.

If it wasn't for Lei Qiong Banzun forcibly suppressing him, and when Xu Ming took action, then Shen Yan Banzun might not be standing here now.

“Now, do you still want revenge?” Lei Qiong Banzun sneered.

“No...don't dare!”

Revenge requires strength to avenge!

Looking for revenge on a suspected thirteenth-order powerhouse? —Shen Yan Banzun would not think that he had a long life!

As for the death of his son... Shen Yan Banzun is not the only son, and this son has been suppressed by the chains of the universe, and his future is bleak; as long as he can save his own life, what is the death of a son?

...

No-knowing half-respect.

Compiler of the Heaven's Chosen List.

It is called “no knowledge”, but in fact, there are still many news channels in the sinking abyss, and the news is relatively well-informed. And the “Relief Domain” in the center of the Sinking City is full of Wuxiao Banzun's eyeliner.

What happened in the world-breaking map naturally quickly spread to Wuxiao Banzun's ears.

“Xu Ming?” Wuxiao Banzun was a little puzzled.

Obviously, he hadn’t heard of this character.

“Lei Qiong Banzun is an eleventh-order powerhouse, and he even dares to challenge Xia Yang Banzun, who ranks fifth in the cosmos Tianjiao list; however, when he encounters this Xu Ming, he doesn’t even dare to make a sound, calling his predecessors...”

Wuxiao Banzun thought for a while: “This Xu Ming has never made a lot of shots, so I can’t judge his exact strength; but... Judging from Lei Qiong Banzun’s attitude, Xu Ming should be stronger than Xia Yang Banzun!”

Lei Qiong Banzun dared to challenge Xia Yang Banzun, but he didn’t even dare to put a fart in front of Xu Ming.

“Then... let’s put Xu Ming at the fifth place on the list of the top talents in the universe! If he doesn’t have the strength, he will naturally be challenged...”

Thinking about it, Wuxiao Banzun directly raised his pen and revised the “Cosmic Talents List”.

...

At the same time as the update of the cosmos arrogance list, the great powers in the sinking city got the information.

Xia Yang Banzun happened to be not in retreat, and saw the message for the first time.

“My ranking has been pushed to sixth!?” Xia Yang Banzun frowned suddenly, “Who is fifth? Xu Ming? Never heard of it...”

Xia Yang Banzun was suddenly a little unhappy.

Why is a person who has never heard of it in front of him?

“Looks like... it’s been a long time since I Xia Yang made a move, and anyone can get ahead of me! Well, I’ll make a move now and let the sinking abyss know my strength!”

Thinking about it, Xia Yang Banzun turned his hand and took out the communication talisman, and sent a communication to Wuxiao Banzun: “I want to challenge Xu Ming!”

...

“Oh? Someone challenged me?”

When Xu Ming was on the list of Heaven’s Chosen in the Universe, he already knew it. Now that someone challenged him, he naturally received the message for the first time.

“Challenge!”

Anyway, if you are idle, you are idle, and Xu Ming might as well play with this Xia Yang Banzun.

After choosing to fight, Xu Ming looked forward again.

This is an eighteen-story silver tower, and on each floor, there are jewels overflowing.

“Battle-tier tower!” Xu Ming looked at the giant tower, “I heard that with the battle-tier order, you can get a lot of battle medals and treasures in the battle-tier tower?”

There is no shortage of treasures, Brother Ming!

However, Zhan Xun is really in urgent need of Xu Ming. With Zhan Xun, Xu Ming can exchange for the following secret cultivation skills; in that case, his strength can skyrocket a few more levels!

“It’s just... Once I enter the Battle Rank Tower, my battle rank will be known to the entire Sinking City!”

This point, Xu Ming does not care.

When Xu Ming broke into the twelfth floor of the Sunken Abyss, he was seen by Lei Qiong Banzun. Moreover, with Xu Ming's destructive attitude on the twelfth floor, it was not difficult for the other party to guess that he had probably passed the thirteenth floor.

Xu Ming's battle rank cannot be concealed; moreover, Xu Ming did not want to conceal it deliberately.

"Let's get some battle honors first!" Xu Ming thought and walked directly into the battle tower.

...

Free from the battlefield.

The biggest battle platform in the liberation domain.

The battle between Xu Ming and Xia Yang Banzun was naturally arranged on this stage.

Xia Yang Banzun arrived early.

Around the battle arena, there were crowds of great powers who came to watch the battle – after all, Xia Yang Banzun was the top powerhouse in the sinking abyss! It's a rare opportunity to see him make a move!

"Xia Yang Banzun hasn't shot for a long time, right?"

"Even if he hasn't made a move for a long time, his strength is still there! Who is this Xu Ming, who has never heard of him, who can replace Xia Yang Banzun and rank fifth in the universe's arrogance list?"

"Yeah! I've never heard of Xu Ming!"

"Wait until he comes, won't you know?"

“I’m afraid that Xu Ming will not dare to come!”

The powers watching the battle were talking about it one after another.

Would Xu Ming dare not come?

Lei Qiong Banzun and Shen Yan Banzun were also among the crowd watching the battle, and they couldn’t help laughing when they heard the words.

Especially Lei Qiong Banzun, he has actually challenged Xia Yang Banzun, but Xia Yang Banzun has not yet challenged.

“I’ve only just stepped into the eleventh order, and this Xia Yang Banzun will not dare to accept my challenge easily; how can his strength be stronger!?” Lei Qiong Banzun sneered in his heart, “As for Senior Xu Ming, That is a suspected existence of the thirteenth order!”

In Lei Qiong Banzun’s opinion, Xu Ming wants to suppress Xia Yang Banzun, I am afraid one move is enough!

“Suspected of the thirteenth order...” This is the strength that makes Lei Qiong Banzun feel heart palpitations when he thinks about it.

“Do not!”

Suddenly, Lei Qiong Banzun’s face suddenly changed – he had just received a message from the battle tower.

Xu Ming had already entered the Battle Rank Tower and revealed the Battle Rank.

“It’s not suspected to be Tier 13! It’s... It’s really Tier 13!!”

Chapter 1913: Want To Release Pigeons?

Thirteenth order!

This news exploded directly on the liberation battle platform!

Xia Yang Banzun on the battlefield couldn't help but his legs were weak for a while, and he almost fell to his knees directly on the battlefield.

“Xu Ming? Thirteenth order!?” Xia Yang Banzun was about to vomit blood, “Are you kidding me!?”

“Thirteenth-order” powerhouse, before, the entire sinking abyss did not exist; but now, it was challenged by Xia Yang Banzun...

Also, the celestial arrogance list is really pitiful! An absolutely invincible “thirteenth-order” powerhouse was actually listed as “fifth”? – This is not what a pit is! ?

“Forehead...”

Xia Yang Banzun was unable to complain when he suddenly found out that the list of top talents in the universe had changed – Xu Ming's name was directly listed on the top of the list of top talents in the universe!

“Pfft!” Xia Yang Banzun vomited blood – what's the use of adjusting your ranking now? I have already challenged Xu Ming...

Challenge the “thirteenth-order” powerhouse...

Xia Yang Banzun felt that in the entire liberation battle platform, all the greats looked at him like a fool.

Xia Yang Banzun stood on the battlefield, as if he was standing on a hot pot; in addition to the pain in his heart, it was a pain in the eggs!

“withdraw!”

Xia Yang Banzun gritted his teeth and fled directly from the battlefield. As for those who lose face, it doesn't matter... If you continue to stay on the battlefield, you might lose your life! Still face?

Moreover, facing a "thirteenth-order" powerhouse and fleeing without a fight does not seem to be a loss of face.

...

When Xia Yang Banzun fled without a fight, Xu Ming also used the battle honors he got in the battle tower to exchange for the follow-up exercises.

Seeing the back of this practice method, Xu Ming could only helplessly smile.

"Tunyu Nine Casting... It seems that it is impossible to practice the ninth casting no matter what!"

Cultivation is actually the constant devouring of the chains of the universe to strengthen one's own inner world.

If you want to practice the "seventh casting", you have to swallow a lot of six-star universe chains.

And if you want to practice the "eighth casting", you have to swallow a lot of Seven Star Universe chains.

As for the "Ninth Casting", you must devour many cosmic chains that are stronger than the Seven Stars Cosmic Chains, but have not yet reached the "nightmare level".

So here comes the question – even if it is the seven-star cosmic chain, there are not many in the sinking abyss; let alone a stronger cosmic chain?

In other words... there are simply not so many powerful cosmic chains that Xu Ming can eat!

Not to mention the "ninth casting", even if it is the "eighth casting", Xu Ming may not be able to practice it!

And if you want to break the nightmare-level cosmic chain, you must cultivate to the “Ninth Cast”.

“Forget it, let’s take a step by step! Anyway, I can strengthen my inner world and improve my strength...”

Received legacy...

“It’s time to fight!” Xu Ming didn’t know yet that Xia Yang Banzun, who challenged him, had already fled without a fight.

“But... where is the liberation battle platform?”

Xu Ming had never been to the Battle of Liberation, nor did he know the location.

Just at this moment, Xu Ming saw a great master flying by him; Xu Ming asked, “Excuse me, how do I get to the liberation battle platform?”

What Xu Ming didn’t know was that... the almighty he was questioning was exactly Xia Yang Banzun, who had just escaped from the battle of liberation.

Xia Yang Banzun was stunned for a moment and snorted coldly: “Freedom from the battlefield? – You don’t have to go! The battle over there is over, and it’s no use if you go!”

Xia Yang Banzun also wanted to save face, of course he wouldn’t say that it was he who ran away; so he made up a lie, saying that the battle was over.

“It’s over!?” Now it was Xu Ming’s turn to be a little stunned – I haven’t even gone yet, so why is it over?

“I said it’s over, it’s over! Why, you still don’t believe it?” Xia Yang Banzun said displeased.

“It’s not that I don’t believe it...” Xu Ming said speechlessly, “It’s that I can’t believe it...”

Xu Ming is the protagonist of this battle! He hasn’t even gone yet, how could it be over...

Xu Ming couldn't help but think, "Could it be that someone is impersonating me?"

But it can't be faked!

"I said it's over, how dare you question it!?" Xia Yang Banzun suddenly became angry.

He, Xia Yang Banzun, is also a person with a head and face! It was already very embarrassing to flee without a fight on the liberation platform just now; now being questioned by a "passer-by", Xia Yang Banzun felt that his face was dull.

"Humph!" Xia Yang Banzun snorted coldly, "What I say Xia Yang Banzun is something you can question!?"

boom! !

Xia Yang Banzun shot directly and decided to teach this passerby a lesson.

Xu Ming was taken aback: "You are Xia Yang Banzun!?"

"Huh?" Xia Yang Banzun, who had just shot, couldn't help but have some doubts – he felt that the other party's words were a bit strange, not like what a "serious passerby" should say; but for a while, Xia Yang Banzun couldn't think of where it was. Not normal anymore.

"Humph! What about him! Let's teach you a lesson first!" Xia Yang Banzun secretly said in his heart.

But at this moment, Xia Yang Banzun suddenly showed infinite horror – he saw that the slap of the "passer-by" in front of him suddenly lifted; in the slap, there was an endless power, much stronger than him~[www .readwn.com](http://www.readwn.com)~ Smack!

Xia Yang Banzun, who had just shot, was directly suppressed to the ground like a dog.

"I..." Xia Yang Banzun was completely stunned – he was once ranked fifth in the universe's talent list, and now ranks sixth! If you meet a passerby, you can suppress him?

“What’s wrong with this world!?” Xia Yang Banzun couldn’t come back to his senses for a long time.

At this time, Xu Ming said: “So you are Xia Yang Banzun!”

“Huh?” Xia Yang Banzun didn’t understand what Xu Ming meant – I’m Xia Yang Banzun, is there any problem?

“Humph!” Xu Ming snorted softly, “Aren’t you challenging me? Why don’t you just stay on the platform of liberation, why are you here!?”

“I… challenge you?” Xia Yang Banzun looked at Xu Ming and suddenly said in horror, “You… you are Xu Ming!?”

Xia Yang Banzun finally reacted – only Xu Ming can suppress him so easily!

“Oh?” At this moment, Xu Ming also reacted, “You’re not staying on the platform of liberation, and you lied to me that the battle is over… Are you trying to let me go?”

“I…I…” Xia Yang Banzun didn’t know what to say.

“Humph! You can also let go of my pigeons!?” Xu Ming snorted coldly, “If you want to challenge, then challenge? If you want to not fight, then you won’t fight? How is that possible!?”

Now that the challenge has been challenged, and Xu Ming is ready to fight, then Xia Yang Banzun must fight!

Want to release pigeons?

impossible!

Saying that, Xu Ming directly picked up Xia Yang Banzun, like holding a chicken: “Tell me, where is the liberation battle platform!”

Xu Ming wanted to capture Xia Yang Banzunxin back to the battlefield.

Chapter 1914: Abyss Gate

Free from the battlefield.

After Xia Yang Banzun left, almost no one of the spectators left. Because Xu Ming hasn't come yet!

Everyone wants to see what the "thirteenth-order" powerhouse is like; and... the abyss battlefield is about to open, and everyone wants to have a good relationship with Xu Ming, a super existence. After all, with Xu Ming's strength, in the abyss battlefield, it is definitely a sweeping existence; if you have a good relationship with Xu Ming, if you have trouble in the abyss battlefield, maybe you can be helped!

"The thirteenth-order powerhouse... put it on the abyss battlefield, it is simply invincible!"

"Isn't it! In the abyss battlefield, even if you want to kill an eleventh-order powerhouse, it's not easy; how do you kill a thirteenth-order powerhouse? You can't kill it at all!"

"After entering the abyss battlefield, if you can follow Xu Ming's back, then you will be able to win the battle, it's really..."

"Don't think too much! How could Xu Ming need teammates? A thirteenth-order powerhouse! Even if an eleventh-order powerhouse wants to be his teammate, I'm afraid he is not qualified!"

"With Xu Ming here, we should definitely win this time against the eighth quadrant in the abyss battlefield!"

"It's good to win! Even if I'm weak, I haven't been able to kill any powerhouses in the abnormal quadrant; but as long as I can win the battle, I can get a lot of honors!"

...

Just when the strong people were talking about it.

call out-

Bang!

Suddenly, a parabola crossed, and a figure smashed heavily on the platform of liberation.

“Um?”

Everyone was stunned.

“This is...?”

“Xia Yang Banzun!?”

“Hasn’t Xia Yang Banzun escaped without a fight? Why did he come back!?”

“No – Xia Yang Banzun seems to have been thrown in by someone?”

“Is it thrown in? Are you joking? With the strength of Xia Yang Banzun, who can throw him in?”

...

tread!

A figure stepped onto the platform of liberation.

This figure is unfamiliar to most powerhouses. His aura was indifferent, but there was an unmistakable air; Xia Yang Banzun was like dust to the stars compared to him.

“This is...?”

“Did he throw Xia Yang Banzun in?”

“Who is he!?”

Only Lei Qiong Banzun and a few others murmured in horror, “Xu Ming...”

Xu Ming! ?

“He is Xu Ming!?”

“Why did Xia Yang Banzun stay with him and was thrown in by him?”

All the powers are confused.

At this moment, Xia Yang Banzun stood up from the ground and shouted, “I admit defeat! I admit defeat!”

To admit defeat is to admit defeat!

The strength gap between Xu Ming and Xu Ming is obvious here. If you don’t admit defeat, you can only take your own humiliation; even if one can’t get it right, he will be slapped to death on the battlefield by Xu Ming...

When it’s time to be cowardly, you must be cowardly!

“Admit defeat? Humph!” Xu Ming sneered and walked off the stage.

After Xu Ming left, the other great experts dared to come up and ask Xia Yang Banzun.

“Xia Yang, what’s the situation? Didn’t you already leave, how could you be caught by Xu Ming and thrown on the battlefield?”

“Yes! Xia Yang, what’s going on?”

Xia Yang Banzun was surrounded by chatter, and said with a sad face, “I... I met a person asking for directions, who would have thought that the person asking for directions was Xu Ming! I said my identity, When he found out that I ran away without fighting, he just took me back to the battlefield...”

On Xia Yang Banzun’s face, there was a capitalized word “fading”.

Hearing the words of other great experts, they also shook their heads, “miserable!”

“It’s miserable!”

“This is really bad enough!”

“Too unlucky!”

Xia Yang Banzun is in addition to the pain in the egg or the pain in the egg – what else can he say?

At this moment, Lei Qiong Banzun’s voice suddenly sounded, “Xia Yang Banzun!”

“Oh? Lei Qiong? What’s the matter?” Xia Yang Banzun said indifferently – facing Xu Ming, Xia Yang Banzun was as humble as a dog; but facing Lei Qiong Banzun, Xia Yang Banzun was still very arrogant!

After all, in the eyes of Xia Yang Banzun, he is an old-fashioned “Eleventh-Order” powerhouse, while Lei Qiong Banzun is only a newly promoted “Eleventh-Order” at best! In front of Lei Qiong Banzun, Xia Yang Banzun naturally still has to hold his posture.

Lei Qiong Banzun didn’t care what state Xia Yang Banzun was in, he said straight to the point, “Xia Yang Banzun, I have challenged you, why shouldn’t you fight? If you want me to say, don’t hesitate, it’s better to hit the sun than to choose a day. Let’s fight today!”

“Oh?” Xia Yang Banzun naturally saw that the other party was forcing him! If he doesn’t fight today, he will definitely become the laughing stock of the entire Sinking City!

“Lei Qiong!” Xia Yang Banzun showed a proud attitude, “Originally, I saw that you just broke through to the eleventh order, and I wanted to give you some time to improve your cultivation, and then accept your challenge! Well, since you are eager to ask If you lose, then I will give you a defeat—your challenge, I take it!”

At this moment, Xia Yang Banzun’s master attitude was revealed, and he seemed to have forgotten that he had just been thrown onto the battlefield by Xu Ming like a dog.

“Okay!” Lei Qiong’s half-respected fighting spirit roared.

...

After half an hour.

Xia Yang Banzun knelt in a corner of the battle platform, very embarrassed.

And Lei Qiong Banzun stands proudly in the center of the battle platform, with a monstrous aura.

Yes, Xia Yang Banzun... lost!

This time, Xia Yang Banzun, who has been humiliated one after another, finally doesn’t dare to pretend to be an x!

Not only did he dare not pretend to be an x, but Xia Yang Banzun wanted to cry, “It’s too bullying...”

“Xia Yang Banzun!” Lei Qiong Banzun said indifferently, “You can’t even beat me, but you dare to challenge Senior Xu Ming, you are really humiliating yourself! If you have seen the true strength of Senior Xu Ming, then don’t Speaking of challenges, I am afraid that even when facing Senior Xu Ming, you will be trembling...”

Lei Qiong Banzun couldn’t help but recall Xu Ming’s destructive and invincible posture in the abyss battlefield.

Xia Yang Banzun secretly wept in his heart, “Blame me for being so ignorant!”

...

After Xu Ming left the platform of liberation, he began to immerse himself in the practice of “Swallowing Yu Jiuzhu”.

Xu Ming had to master this secret skill first, so that when he swallowed enough Cosmic Chains in the future, he could naturally improve. Otherwise, if you don’t even master the secret skills, then even if you have swallowed enough cosmic chains, you have to go back and understand the secret skills again.

Fortunately, it is not difficult to practice “Swallowing Yu Jiuzhu”! At least it’s not difficult for Xu Ming!

In a short time, Xu Ming has completely understood “Swallowing Yu Jiuzhu” in his chest.

“Only the cosmic chain is missing!”

In Xu Ming’s opinion, it should be no problem to cultivate “Swallowing Nine Casts” to “Seventh Casting”! At that time, even if the nightmare-level cosmic chains cannot be broken, at least Xu Ming’s strength will reach an appalling level!

at this time...

boom! !

The entire sinking abyss trembled.

An endless and stalwart voice resounded directly in the heart of every almighty.

“The gate of the abyss has been opened! Please go to the abyss battlefield!”

Chapter 1915: The Universe Is A Ball

“The gate of the abyss has been opened! Please go to the abyss battlefield!”

After finishing his practice, Xu Ming immediately stood up.

“The abyss battlefield...has finally opened?” Xu Ming’s eyes were full of fighting intent.

He needs a warlord!

As long as you have enough battle merits, you can exchange all kinds of treasures in the sinking city; you can even ask the fallen demon master to help break the cosmic chains on his body – like Xu Ming, he has nothing to do with breaking the cosmic chains on his body. No clue at all; I’m afraid I can only find a way to ask the fallen devil to take action.

And asking the fallen demon master to break the chains of the universe, the battle merits required are undoubtedly extremely terrifying! To obtain such a large number of war medals, only go to the abyss battlefield.

“Abyss battlefield?” In addition to fighting intent, Xu Ming also had disdain in his eyes.

The opponents in the abyss battlefield are all strong men from the “abnormal quadrant”. However, those who can enter the abyss battlefield can only be at a half-respected cultivation level; for Xu Ming, fighting against opponents at this level is as easy as chopping melons and vegetables.

Xu Ming was naturally qualified and felt disdain for his opponents in the abyss battlefield.

“Walk!”

Xu Ming turned into a streamer and headed straight for the gate of the abyss.

...

The gate of the abyss is just outside the sinking city.

It seems small, but the time and space near the gate of the abyss is seriously distorted; the closer you fly, the bigger the gate of the abyss becomes!

When Xu Ming approached the gate of the abyss, he even felt that the gate of the abyss was much larger than the entire sinking city!

“Enter!”

Xu Ming entered the gate of the abyss without hesitation. At the same time, he began to recall some rules in the abyss battlefield.

The abyss battlefield is vast and endless, even larger than the “Destiny Heaven” that Xu Ming came from.

In the abyss battlefield, there are various places of opportunity, containing many treasures and opportunities. If you kill the powerhouse in the abnormal quadrant, you can also get a lot of honors.

call out-

After passing through the gate of the abyss, Xu Ming felt that the time and space around him were changing rapidly;

With such drastic changes in time and space, there is naturally an extremely terrifying space tearing; if there is a weaker existence, even the divine body will be directly torn apart.

The flow of time is erratic, and I don’t know how long it has passed...

puff!

Xu Ming finally completely passed through the gate of the abyss and entered the abyss battlefield.

“This is...?” Xu Ming looked at the scene in front of him in shock.

Behind him is the gate of the abyss; entering it, you can return to the sinking city. And around him are one hundred and eight incomparably huge light towers, each of which is taller than ten thousand worlds, and it is magnificent.

In front of Xu Ming, there is a crystal stone pillar only one person tall, exuding endless vitality.

Xu Ming didn't notice that the moment he came in, a color suddenly appeared inside the crystal pillar. This color represents exactly that a "nightmare-level cosmic chain" has entered the abyss battlefield.

hum—

Suddenly, an invisible voice of an elephant resounded directly in Xu Ming's mind.

"Welcome to the abyss battlefield!"

"The enemy on this battlefield is the eighth quadrant! The powerhouses in the other six quadrants can choose any camp to assist in the battle!"

The vast universe is divided into eight large boundaries.

In the abyss battlefield, different two elephants will be arranged for battle. As for the powerhouses of the other six major groups, they can freely choose the side that helps.

Xu Ming is in the second quadrant of the universe. This abyss battlefield is the battle between the second quadrant and the eighth quadrant.

But now, there are only two "main fighting parties" that can enter the abyss battlefield; the other six "supporting parties" cannot enter for the time being.

"Killing the powerhouses in the eighth quadrant, or helping the battle, you can get merit!"

"Destroy the crystal stone pillars in the eighth quadrant, and all those who participate in the battle and assist those in the second quadrant can get merits!"

Hearing the voice resounding in his head, Xu Ming looked into the depths of the abyss battlefield, with a slight smile on the corner of his mouth: "Abyss battlefield...Under the supreme cultivation base, the slaughtering field of the top geniuses!"

Xu Ming suddenly felt – the universe is really cruel!

yes!

How cruel!

Countless billions of eras, countless billions of billions of powerhouses and geniuses, have perished in the slaughter fields. How many people can finally reach the end of cultivation? How many people can live to the end of the universe?

In the universe, no matter the weak or the strong, there seems to be only two words at the end: death!

Everything will pass away, only death will last forever!

Even if he is as strong as Gu Hanmo, he is probably already at the pinnacle of his cultivation, and he still cannot escape the entanglement of death.

“The universe does not seem to be a paradise for all living beings, but a slaughterhouse for all living beings... All living beings, from the moment they were born, ran towards death!”

At this moment, Xu Ming couldn't help being a little confused: “Then...what is the meaning of life?”

Born to die?

Suddenly, Xu Ming's whole body was shocked, and his eyes burst out with endless sharpness: “If the universe is really a slaughterhouse for all living beings, then I will... break the universe, why not!?”

At the same time that Xu Ming's eyes burst into flames, the whole world seemed to be shaking; in the depths of the void, the endless chains of the universe seemed to want to suppress Xu Ming! But... Xu Ming now has a nightmare-level cosmic chain on his body. No matter how angry the cosmic will is, there is nothing to do with Xu Ming.

“Ha!” Xu Ming couldn’t help laughing, “Universe... a ball!”

...

What Xu Ming didn’t know was that not long after he entered the abyss battlefield, the entire universe and the Eight Great Limits were shaken!

In the eighth quadrant, the powerhouses who have just entered the abyss battlefield are all staring at the endless distance of the sky in horror – at the end of the black sky, there is a bright star that is constantly flashing, which is the crystal stone pillar that guides the second quadrant.

“Huh? The crystal pillars in the second quadrant...”

The powerhouses in the eighth quadrant looked at the flickering changes of this bright star and found anomalies: “The second quadrant... A ‘nightmare-level cosmic chain’ has entered the abyss battlefield!?”

Nightmare-level cosmic chains will be represented by special colors, which can be clearly seen on crystal stone pillars and bright stars in the night sky.

However, the powerhouses in the eighth quadrant saw the special color representing the “nightmare-level cosmic chain”, not only did not panic, but were full of surprises.

“Nightmare-level cosmic chains? It can only mean that the cosmic chains that suppressed him are very strong, but it can’t explain his own strength! But... If you can kill the nightmare-level cosmic chains, the reward for the battle is an incredible number!”

“That’s right! Don’t say killing yourself! Even if you just assist a little by the side, the reward will be amazing! You don’t even need to participate in the battle, as long as you enter the abyss battlefield, there will be a reward!”

“Check it out! Quickly find out who is the Nightmare-level Cosmic Chain! In this abyss battle, nothing else matters. As long as the person in the Nightmare-level Cosmic Chain can be killed, everyone in the entire eighth quadrant will earn Big!”

Chapter 1916: Shock

Nightmare-level cosmic chains represent terrifying battle feats, but not necessarily strength.

Of course, even if it represents strength, the powerhouses in the eighth quadrant don't care very much. In their opinion, the same "Half-Prince" cultivation base, even if it is a nightmare-level cosmic chain, no matter how strong it is, where can it be strong?

only

These ignorant demigods really don't know that they can be much, much stronger!

The powerhouses in the eighth quadrant have used their own channels and relationships to find out who is the Nightmare-level Cosmic Chain. But after some investigation, all the powerhouses were horrified to find that they could not find it!

Yes!

Can't find it!

Can't find it at all!

This "nightmare-level cosmic chain" that suddenly appeared in the second quadrant has no information at all.

"Hidden so deep!?"

The powerhouses in the eighth quadrant were a little surprised, but none of them gave up their investigation.

Second quadrant.

Xu Ming quickly left the crystal stone pillar and entered the depths of the abyss battlefield.

Shortly after Xu Ming left, the powerhouses in the second quadrant also discovered the abnormality of the crystal pillars.

“Nightmare-level cosmic chains!?”

“In our second quadrant, among the powerhouses who entered the abyss battlefield, someone is actually a nightmare-level cosmic chain!?”

“who is it!?”

The powers in the sinking abyss only know that Xu Ming is a “thirteenth-order” powerhouse, but they don’t know what star Xu Ming’s cosmic chain is.

Knowing that Xu Ming is a nightmare-level cosmic chain, he is still in the stone statue forest and has not entered the sinking abyss.

“check!”

“You must quickly find out who is the Nightmare Cosmos Chain!”

“That’s right! Nightmare-level Cosmic Chains are absolutely fragrant buns! The powerhouses in the abnormal quadrant will definitely search like crazy! If you don’t know who the Nightmare-level Cosmic Chains are, the powerhouses in each quadrant will probably meet. If our powerhouses in the second quadrant do that, our powerhouses in the second quadrant are really struggling in the abyss battlefield!”

“Yeah, we must quickly find out who this nightmare-level cosmic chain is!”

“Damn it! Why does the Nightmare-level Cosmic Chain appear in our second quadrant instead of the eighth quadrant!?”

Of course Xu Ming didn’t know that he just entered the abyss battlefield, and it has already caused such a huge shock in the two elephants! After all, Xu Ming’s strength is too strong, and his position in the second quadrant is too detached. Even if other strong people are talking about something, they will not dare to disturb Xu Ming at will.

What Xu Ming didn't know was that this kind of vibration was not only in the second and eighth quadrants! The entire universe, and the other six major dimensions, were also shaken very quickly!

Sixth quadrant.

It is also next to the Sinking City.

However, there are two abyss gates.

One represents the second quadrant of assists, and the other represents the assists of the eighth quadrant. Every strong person can freely choose.

At this moment, the two gates of the abyss have not really opened. The powerhouses of the sixth quadrant gathered in front of the gate of the abyss, hesitating which quadrant to assist.

"The second quadrant and the eighth quadrant are almost the same in strength. If you don't know which quadrant you assist, you will get more battle honors."

The strong men were all hesitant.

Suddenly, a message exploded in the sixth quadrant!

"The second quadrant, there is a nightmare-level cosmic chain!!"

The powerhouses in the sixth quadrant were stunned at first, and then they were all shocked!

"Nightmare-level cosmic chains!?"

"What is there to hesitate about! It must be the eighth quadrant of assists!"

"Yeah! As long as you kill the existence of the nightmare-level cosmic chain, even if you only assist the eighth quadrant, even if you don't participate in the battle at all, you can get a lot of battle achievements!"

“Nothing to say! Assist the eighth quadrant!”

At the moment when the gate of the abyss really opened, the hundreds of thousands of powerhouses in the sixth quadrant all flocked to the gate of the abyss leading to the eighth quadrant. All the powerhouses go to assist the eighth quadrant. Few of the powerhouses go to assist the second quadrant.

“kill!”

“Target! The powerhouse of nightmare-level cosmic chains!”

The same situation also occurs in five quadrants such as the first quadrant and the third quadrant.

The powerhouses in each quadrant have a clear goal to assist the eighth quadrant and kill the powerhouses in the Nightmare Cosmos Chain!

“Don’t rush to attack the crystal stone pillar in the second quadrant!”

“Yes! It doesn’t matter if the abyss war is won or not, but the powerhouse of the Nightmare-level Cosmic Chain must die!”

“But now, I still don’t know who is the Nightmare-level Cosmic Chain!”

“It’s not important! Enter the abyss battlefield first! Anyway, as long as the crystal stone pillars in the second quadrant are not broken, the powerhouse of the Nightmare-level Cosmic Chain cannot leave the Abyss battlefield! If you don’t know who is the Nightmare-level Cosmic Chain, then kill it. The powerhouse of the entire second quadrant!”

“That’s right! When we join forces with the seven quadrants, even if the entire second quadrant is slaughtered, it will not be difficult!”

“I’m afraid the powerhouses in the second quadrant are eager to find out who is the nightmare-level cosmic chain!”

“Definitely! If they don’t figure it out, they will be miserable in this abyss battle!”

The seven elephants are murderous, and the second quadrant is frightened.

However, Xu Ming, who was the center of the whirlpool, didn’t know all of this.

At this time, Xu Ming was constantly going deep into the abyss battlefield, exploring opportunities.

“This is?”

Xu Ming looked at the incomparably huge tower of light beyond the billions of realms in front of him.

“This is the outer tower of our second quadrant!” Xu Ming secretly said.

From the crystal stone pillars in the second quadrant to the crystal stone pillars in the eighth quadrant, there are three different main roads. There are many “outer towers” on these three main roads.

No matter which side it is, if you want to invade the other side aggressively, you must advance from the main road and break down the layers of outer towers. If you don’t take the main road, there are too many dangers hidden in this abyss battlefield!

“I heard that” Xu Ming was a little cautious and some expectations, “In this abyss battlefield, there is even an existence stronger than the Supreme Supreme!”

An existence stronger than the Supreme Supreme!

That existence, even the current Xu Ming, is far from being able to resist!

Of course, it’s only “now” that you can’t fight it. As long as you give Xu Ming some time and let him improve his “Tunyu Jiuzhu”, then it may not be impossible to fight!

swoosh

Xu Ming did not continue to advance near the main road, and instead flew to the unknown dark area.

“Each abyss battle, the terrain in the abyss battlefield will change. However, the danger level of each area will not change greatly!” Xu Ming secretly said.

What he is now leading to is a medium-dangerous area.

For other powerhouses, it was “medium danger”, but for Xu Ming, it was almost “no danger”. Xu Ming wanted to take the opportunity to familiarize himself with the situation in the abyss battlefield.

Chapter 1917: Gods And Demons Valley Master

The abyss battlefield, darkness shrouded endlessly.

Outside the light tower’s illumination range, the time and space are pitch black.

This kind of darkness does not only affect the line of sight; even Divine Sense can hardly extend far in this endless darkness.

call out-

gallop all the way.

Not long after, Xu Ming saw an inscription that was over a hundred realms high.

There are only three words on the inscription. Every big character is as huge as dozens of worlds.

“Valley of Gods and Demons!” Xu Ming murmured while looking at the inscription.

The valley is foggy.

The further you go inside, the thicker the fog becomes. If it weren't for Xu Ming's tyrannical strength, I'm afraid it would be difficult for the divine sense to penetrate the fog; if another strong man came to the Valley of Gods and Demons, it would basically be equivalent to a black eye.

"Go in and have a look!" With curiosity, Xu Ming entered the valley directly.

Whoosh!

Xu Ming just stepped into the valley. A stone in the valley suddenly came to life, turning into a figure and rushing towards Xu Ming.

"Lower Supreme!" Xu Ming instantly judged the strength of the sneak attacker.

This sneak attack is a **** and demon with a dark body; it has endless and complicated time and space patterns on its body.

"Go away!" Xu Ming slapped his palm lightly, and instantly wiped it away.

The weak and low-ranking Supreme had no chance to resist in front of Xu Ming.

At the same time, an ethereal voice resounded deep in Xu Ming's mind: "Get some honors!"

"Oh?" Xu Ming didn't have many surprises – in the abyss battlefield, if you kill such an ordinary low-level monster with supreme strength, you will get some points of battle.

Whoosh! Whoosh! Whoosh! Whoosh! ...

As Xu Ming continued to go deep into the Valley of Gods and Demons, more and more monsters rushed towards him and their strength became stronger and stronger.

boom! boom! boom! boom! ...

Xu Ming continued to kill with one move, advancing all the way with a destructive attitude.

“Get some honors!”

“Get 3 Battle Medals!”

“Get 0 points of battle!”

...

Before he knew it, Xu Ming had already penetrated deep into the valley; all the gods and demons he encountered had reached the strength of the mid-level supreme.

“Should we be approaching the center of the Valley of Gods and Demons, right?” Xu Ming secretly said, “What is there in this Valley of Gods and Demons? Is it just to kill some gods and demons and gain some honors?”

If that’s the case, this Valley of Gods and Demons is too boring! The battle credits obtained by killing gods and demons are far too few, far less than killing a strong man of a hostile force!

boom! boom! boom! ...

“Huh?” Xu Ming, who was advancing all the way, was suddenly startled.

He saw that a golden line was drawn on the ground ahead, dividing the core and periphery of the Valley of Gods and Demons into a clear line. A will, passed from the other side of the golden line: “Those who cross this line, die!”

Those who cross this line, die?

It goes without saying that Xu Ming definitely wants to go over and take a look!

Without any hesitation, Xu Ming directly went over. I took a few steps and didn’t see any danger.

“Nothing!”

Xu Ming continued to walk in, already holding the spear in his hand.

boom-

Suddenly, an incomparably huge black arm smashed towards Xu Ming angrily! Obviously, this is a huge ***** and demon!

Xu Ming's eyes narrowed slightly: "The upper-level supreme level?"

The upper-level supreme level, in the abyss battlefield, is almost an invincible existence!

After all, the strongest genius in the abyss battlefield is only at the "eleventh-order" level! And among the high-ranking supreme rank, even the weakest, the strength is equivalent to "thirteenth rank"!

If another genius stepped into the core of the Valley of Gods and Demons, he would surely die!

However, to Xu Ming, it wasn't much of a danger!

After all, the strength of the same "thirteenth order" level is also divided into strong and weak. Like Xu Ming, it is the top of the "thirteenth order", close to the strength of the fourteenth order; and the ***** and demon at the core of the Valley of Gods and Demons, just look at the threshold of stepping into the "thirteenth order".

Judgment!

This ***** and demon dared to attack Xu Ming, but he was just courting death!

boom-

Without any hesitation, Xu Ming directly crushed the demon. In a short time, the ***** and demon were beheaded under the horse.

“Get 00,000 Battle Points!”

One hundred thousand battle honors!

not bad!

hum—

At this time, a will sounded directly in Xu Ming’s mind: “Congratulations, you have become the master of the Valley of Gods and Demons!”

God and Demon Valley master?

Xu Ming is wondering, what is the role of this identity; suddenly, he found that he has the authority to control the Valley of Gods and Demons – in the Valley of Gods and Demons, he can control the fog. As long as he is not willing, no matter how many strong people come, it will be difficult to find him in the Valley of Gods and Demons!

“So that’s the case... Then this Valley of Gods and Demons is equivalent to my territory!” Xu Ming secretly said, “Even, I can directly make other strong people get lost in the Valley of Gods and Demons!”

However, Xu Ming could not feel the aura of other gods and demons in the Valley of Gods and Demons. Obviously, after he became the owner of the Gods and Demons Valley, the original Gods and Demons in the Gods and Demons Valley disappeared.

“Um?”

Xu Ming looked at Taniguchi’s inscription, suddenly had an idea, and had an idea in his heart.

“I need to swallow a lot of cosmic chains to practice ‘Swallowing the Universe and Nine Casts’! Why not... just pretend to be a ghost in this Gods and Demons Valley and attract other strong people to come?”

Xu Ming thought about it and thought this was definitely a good idea!

As the owner of the Valley of Gods and Demons, he has a unique advantage in pretending to be a ghost in the Valley of Gods and Demons!

“Then... revise Taniguchi’s inscription!”

As the owner of the Valley of Gods and Demons, modifying the inscription is naturally just a matter of thought.

Xu Ming’s heart moved, and the words “God and Demon Valley” on Taniguchi’s inscription immediately became smaller. At the same time, a line of smaller words appeared on the inscription: “Carrying treasures into the valley can break the chains of the universe!”

The powerhouses in each quadrant entered the abyss battlefield and worked hard to obtain battle honors. Why?

The purpose is to break the cosmic chain after collecting enough battle merits?

And Xu Ming wrote directly here, “It can break the chains of the universe”; one can imagine how attractive it will be to other powerhouses in the abyss battlefield! As long as someone passes by and sees the inscription in the Valley of Gods and Demons I am afraid they will walk into the Valley of Gods and Demons and try it out.

“I’ll stay here and wait for the rabbits!” Xu Ming secretly said, “This place is not far from the main road of the abyss battlefield, and there should be strong people passing by here soon! Waiting for a few ‘rabbits’, it shouldn’t be difficult!”

As long as there are a few rabbits, Xu Ming will be able to get word of mouth out. One pass ten, ten pass a hundred, will naturally attract more powerhouses to enter the Valley of Gods and Demons.

At that time, Xu Ming directly took the treasures from those strong men, and he could also use their cosmic chains to practice “Swallowing the Universe and Nine Castings”; it was really killing two birds with one stone.

“Then here, first cultivate ‘Tunyu Nine Cast’ to the seventh cast!” Xu Ming secretly said.

It shouldn't be difficult to cultivate to the "seventh casting"; as for the "eighth casting", Xu Ming is not sure about it! After all... If you want to cultivate to the "eighth casting", you need to devour a large number of seven-star cosmic chains; and in the entire abyss battlefield, there are probably not many strong seven-star cosmic chains!

"Take one step at a time! It's definitely right to improve your strength first!"

Chapter 1918: A Wise Decision

The abyss battlefield is vast.

Hundreds of millions of powerhouses poured into the battlefield, like a small stream flowing into the sea.

"Damn it!"

A black figure quietly passed through the dark time and space.

His strength is not strong, only the "seventh-order" level, which is equivalent to the strength of the first entry into the lower-ranking supreme; in the abyss battlefield, he is definitely at the bottom of the existence.

"Abominable white bone half-respect!" The black figure gritted his teeth, "He slandered my reputation everywhere, so that no team is willing to accept me! With my strength, it is really difficult to move in the abyss battlefield..."

Seventh-order, the bottom-most strength in the abyss battlefield, is alone, no one teamed up... If you encounter a powerhouse in the abnormal quadrant, you may end up directly.

"Could it be... is it that God wants to kill me Yanfeng Banzun!?" The black figure said unwillingly.

"Do not!"

Those who enter the abyss battlefield naturally have a strong desire for life; Yanfeng Banzun is no exception, he desperately wants to break the cosmic chains on his body and regain his life.

“No! I still have hope!” Yanfeng Banzun’s eyes were full of fighting spirit, “Although my strength is weak, I am only a four-star universe chain. If I want to break it, I need not many battles! Although it is difficult for me to kill the aliens Quadrant powerhouses can obtain war honors, but they can find opportunities in the dark area of the abyss battlefield, and maybe they can get enough war honors!”

Yanfeng Banzun soon made a decision, no longer fighting with the powerhouses in the abnormal quadrant, but going to... fight “wild monsters”!

Of course, Yanfeng Banzun also knows that the efficiency of “playing wild” is very low to earn battle honors; otherwise, the two strong players in the two big groups don’t have to fight head-on, and they all go to “playing wild”!

But... although the efficiency is low, there is still a glimmer of hope, isn’t it?

As long as there is a glimmer of hope, Yanfeng Banzun will not give up easily.

swoosh—

The figure of Yanfeng Banzun carefully shuttled through the dark area, guarding against possible dangers at any time.

“Um?”

Suddenly, Yanfeng Banzun saw an inscription.

“This is...?” Yanfeng Banzun was a little puzzled.

On the inscription, there are three big characters: Gods and Demons Valley.

There is also a line of small characters: Carrying treasures into the valley can break the chains of the universe!

Swish!

Yanfeng Banzun stopped instantly.

“Carrying treasure into the valley can break the chains of the universe!?” This line of small characters, as if there was a spell, directly attracted Banzun Yanfeng!

The rebirth of the first daughter of the phoenix

Treasures... Yanfeng Banzun is not many, but not many!

For Yanfeng Banzun, treasures are really just outside things; as long as he can break the cosmic chains on his body, even if he loses his family, he will not hesitate!

“Enter the valley!”

Although the Valley of Gods and Demons is full of fog, it is impossible to see the danger inside; but, just by the temptation of this line of words on the inscription, Yanfeng Banzun will definitely go into the valley to find out! As for danger... In the abyss battlefield, where is there no danger?

Passing through the layers of fog, Yanfeng Banzun did not encounter any danger; however, he did not encounter any chance to break the cosmic chain on his body.

“Huh?” Just when Yanfeng Banzun was a little disappointed, he saw a golden line drawn on the ground in front of him.

Inside the line is the core area of the Valley of Gods and Demons; outside the line, it is the periphery of the Valley of Gods and Demons.

“Stop!” An ethereal and vast scream sounded directly.

It was Xu Ming’s voice.

Yanfeng Banzun froze abruptly, not daring to advance any further.

“Stand outside the line and throw the treasure in! Take a step over the line and die!” Xu Ming’s voice sounded indifferently.

“This...” Yanfeng Banzun was stunned, not daring to act rashly.

Throw the treasure over there?

Yanfeng Banzun is of course worried. If the treasure is thrown away and it turns out to be a scam, who will he cry for?

And... the other party only said to throw the treasure, but didn’t say how much to throw... This made Yanfeng Banzun not know what to do.

Xu Ming, who was hiding in the core area of the Valley of Gods and Demons, seemed to see Yanfeng Banzun’s thoughts, and said lightly: “With your strength, if I really want to rob your treasure, do you think you can still stand now?”

“This...” Yanfeng Banzun hesitated, “also...”

As far as his strength is concerned, in the abyss battlefield, almost everyone can really bully him.

“But...” Yanfeng Banzun asked cautiously, “Senior, how many treasures should I throw?”

“Then it’s up to you!” Xu Ming’s voice sounded faintly, “If the treasure satisfies me, I will help you break the cosmic chains on my body; if it fails to satisfy me, then...the treasure will not be returned, neither will you. There will be a second chance! Hehehehe...”

Yanfeng Banzun was suddenly speechless – how many treasures do you need to satisfy you?

If you give a treasure, but you say that you are not satisfied, isn’t the treasure wasted? Even scarier...haven’t had a second chance yet!

“It’s obvious that I want to trap all the treasures on me!” Yanfeng Banzun thought gloomily.

Now, in front of him, there are only two choices-either be honestly trapped, or give up and leave.
The black belly evil king chases the cold concubine

“give up?”

Yanfeng Banzun knows how difficult it is to break the chains of the universe with his strength! If I give up this opportunity, I really don't know if I can break the cosmic chain on my body in the future...

He struggled and hesitated for a long time in his heart, and finally gritted his teeth: “Bet!”

Yes!

Bet!

If you can't break the cosmic chain, it's useless to keep the treasure on your body anyway!

Then take these useless things and gamble once!

Thinking about it, Yanfeng Banzun directly took off his world ring and threw it into the line. After thinking about it, he was not at ease, and threw all the swords in his hand and the armor on his body, and then anxiously waited for the result of the trial.

wow—

A strong wind swept away the treasures on the ground.

Yanfeng Banzun looked at him distressedly, but did not dare to say a word.

After a long time, Xu Ming's voice sounded again: “Not bad!”

not bad!

Hearing these three words, Yanfeng Banzun immediately showed ecstasy!

“Stand up!” Xu Ming’s voice sounded again.

Yanfeng Banzun suddenly stood up straight.

Immediately afterwards, Xu Ming directly urged “Swallow Yu Jiuzhu”.

Yanfeng Banzun is just a four-star cosmic chain Xu Ming can just swallow it.

Whoosh!

In just a moment, Yanfeng Banzun felt that the cosmic chain on his body was “sucked” away!

“I...” Happiness came so quickly that Yan Feng Banzun was a little stunned.

“My cosmic chains have really been broken!”

“I... I no longer have to worry about being suppressed by the cosmic chains!”

After being stunned, it is ecstasy!

From then on, Yanfeng Banzun no longer has to worry, he eventually turned into a stone statue and died silently!

As for the treasures left on his body... Yanfeng Banzun really doesn’t feel bad at all! Treasures are only things outside the body, and there will be opportunities to earn them back in the future, as long as they can survive!

At this moment, Yanfeng Banzun was extremely fortunate and made a wise decision!

Chapter 1919: Really Envious

At this moment, Yanfeng Banzun was extremely fortunate and made a wise decision!

“From now on, you are free!”

Yanfeng Banzun secretly said in his heart.

“Huh! I really have to thank the Bone Bone Banzun! If he hadn’t tried everything to isolate me, I’m afraid I wouldn’t have come to this Valley of Gods and Demons, and I wouldn’t have broken the cosmic chains on my body so quickly! Even... can I don’t know if I can’t break the cosmic chain smoothly, or I’m beheaded by a powerhouse in the abnormal quadrant!”

The more Yanfeng Banzun thought about it, the more fortunate and proud he felt!

“If the Bone Bone Banzun knew about it, I’m afraid he would be ***** off! Hahahaha...”

Of course, Banzun Yanfeng couldn’t share such a chance with Banzun Baigu.

“Go! It’s time to leave the abyss battlefield!”

Yanfeng Banzun came to the abyss battlefield just to break the chains of the universe. Now that the cosmic chain has been broken, there is no need for him to stay here.

Moreover, Yanfeng Banzun is good to leave the abyss battlefield, and he will definitely leave the sinking abyss and leave the stone statue forest – he no longer needs to stay here.

At this time, Xu Ming’s voice sounded again: “If you have any friends, you can ask them to bring their treasures and come here to find me! Remember, the number of places is limited. If you come late, I may not be willing to shoot!”

“Yes!” Yanfeng Banzun respectfully said – he still has some friends; he does have some friends, so Yanfeng Banzun is willing to share this opportunity.

“Let’s go!” Xu Ming said lightly, apparently ordering the guests to be expelled.

After Yanfeng Banzun left...

Xu Ming, who was at the core of the Valley of Gods and Demons, couldn't help but be a little excited: "Not bad! This first order is a good business! Not only did it swallow a four-star universe chain, but it also earned a lot of treasures. It really kills two birds with one stone!"

Xu Ming decided to continue hiding in this Valley of Gods and Demons, pretending to be a ghost.

...

call out-

The words are divided into two parts.

After Yanfeng Banzun broke the cosmic chain on his body, he did not stay in the abyss battlefield at all; he flew back directly along the main road towards the gate of the abyss in the second quadrant.

In the abyss battlefield, only the powerhouses of the Nightmare-level cosmic chains will be suppressed; they are not allowed to leave the abyss battlefield until the abyss war is over.

But for the powerhouses of the cosmic chains below the seven stars, they can enter and leave the abyss battlefield at any time.

After a while, Yanfeng Banzun saw a light tower belonging to the second quadrant – as long as there are strong people in the abnormal quadrant entering the light tower's illumination range, they will be attacked by the light tower. Therefore, the vicinity of the light tower can be regarded as a "safe zone"; unless the powerful army of the abnormal quadrant gathers to "push the tower", it is quite safe to hide near the light tower.

"Huh?" Suddenly, Yanfeng Banzun frowned slightly—he saw a displeased figure near this light tower.

"It's really a narrow road for enemies!"

This figure that makes Yanfeng Banzun unhappy is none other than "Bone Bone Banzun"!

In this abyss battlefield, the most hated Yanfeng Banzun is probably the Bone Banzun! If it weren't for the fact that the powerhouses of the same camp were not allowed to fight each other, Yanfeng Banzun and Baigu Banzun would probably have gone to war long ago!

Of course, the Bone Bone Banzun hated the most, and Yanfeng Banzun was also the one who hated it the most.

Seeing that it was Yanfeng Banzun, Bai Gu Banzun couldn't help sneering: "Yo! Isn't this Yanfeng Banzun? Why is there only one person? Why, can't find teammates? Tsk tsk! It's really miserable! Hahahaha..."

Facing the ridicule of the white bone half-zun, Yanfeng Banzun did not have the slightest anger, but just looked at the white bone half-zun calmly and like a fool.

"Eh?" Bai Gu Banzun smiled, and found that something was wrong – Yanfeng Banzun was too calm! This doesn't look like Yanfeng Banzun's character at all! If it were normal, Yanfeng Banzun would have exploded with rage!

"You..." Suddenly, Bai Gu Banzun suddenly widened his eyes! The two eyeballs almost stick out, "You...you...you..."

Bai Gu Banzun stammered for a long time, he couldn't believe what he saw – he couldn't see the cosmic chain on Yanfeng Banzun!

"Where's your cosmic chain!?" White Bone Banzun couldn't help asking.

"Haha!" Yanfeng Banzun sneered, "If you meet some opportunities, you will break the cosmic chain on your body!"

"What!?" In addition to being jealous, the white bone half-respect is jealous!

Who doesn't want to break the cosmic chains on him?

Who doesn't want to live?

“Speaking of which, I would like to thank you Baigu Banzun!” Yanfeng Banzun smiled and said, “If it wasn’t for you slandering me everywhere, I wouldn’t be able to find a team; I wouldn’t be able to take risks and go deep into the abyss alone. Looking for opportunities on the battlefield, it is impossible to break the cosmic chains on the body so quickly... So, I really want to thank you!”

“I...” Bai Gu Banzun listened to this and felt like vomiting blood – after a long time, did he help Yanfeng Banzun?

“Hahahaha...” Seeing the depression and anger on Baigu Banzun’s face, Yanfeng Banzun couldn’t help laughing.

Very depressed?

very angry?

It’s useless to be angry!

This is the main road of the abyss battlefield! – If you are in a dark area, if you attack a strong person in the same quadrant, there may not be any consequences; however, in the main road, if you dare to attack a friend, it is courting death!

Therefore, Yanfeng Banzun is now completely confident!

He is not worried, Bai Gu Banzun dares to shoot himself; if he dares to shoot, then the light tower next to him will probably kill Bai Gu Banzun directly! At that time, Yanfeng Banzun will be safe and sound, but the Bone Banzun will die instead!

“Hahahaha...” Thinking of this, Yanfeng Banzun smiled more and more proudly, “I’ll leave the abyss battlefield first! If you work hard here, there is still hope that you can sneak into Zhanxun and break the cosmic chain on your body!”

Laughing loudly, Yanfeng Banzun walked away.

Bai Gu Banzun looked at Yanfeng Banzun’s figure, gnashing his teeth.

However, it is impossible for him to ask Yanfeng Banzun, where did he get the chance to break the chain of the universe. He knew very well that asking such a question would only bring shame upon himself!

“Damn!” White Bone Banzun’s eyes were full of jealousy!

He is really envious and jealous!

...

“Ha ha ha ha...”

Yanfeng Banzun didn’t expect to meet Baigu Banzun on the way back and humiliate him. This feeling is really cool!

Unconsciously, Yanfeng Banzun returned to the crystal stone pillar in joy.

“Huh—Pingcao Banzun?”

Yanfeng Banzun looked at a lonely and arrogant female Banzun, his eyes could not help light up – he was one of Pingcao Banzun’s suitors.

At this time, there were only a few people near the crystal pillar, and they were all far apart. That is to say, Yanfeng Banzun and Pingcao Banzun are relatively close.

“Ganfeng Banzun?” Pingcao Banzun also quickly discovered the other party. The distance between the two sides is relatively close, and Pingcao Banzun naturally quickly discovered the abnormality on Yanfeng Banzun, and his eyes showed a strong look of surprise, “Yanfeng Banzun, where is the cosmic chain on your body?”

Chapter 1920: Absolute Strength

“Banzun Yanfeng, where is the cosmic chain on your body?”

Pingcao Banzun watched in disbelief.

Aren't the powerhouses who entered the abyss battlefield just to break the cosmic chains on their bodies? After an abyss battle, there is no one in a hundred who can break the cosmic chain; and now, before the abyss war has really started, Yanfeng Banzun has already broken the cosmic chain, which makes Pingcao Banzun not. Shock?

"There is a chance!" Yanfeng Banzun laughed.

Pingcao Banzun's eyes lit up, and he kept asking, "What is the chance? Do I have any hope of getting this chance?"

"Hope...of course there is!" Yanfeng Banzun said with a meaningful smile, "If it were someone else, I would never share this opportunity; but since it's Pingcao Banzun, you want to know, it's not a bad idea. ..."

Pingcao Banzun immediately understood the meaning of Yanfeng Banzun's words, smiled charmingly, and said: "Then let's go to a place where no one is there to talk?"

Yan Feng Banzun smiled lewdly: "It's so good!"

...

After half a month.

Pingcao Banzun traveled alone in the abyss battlefield.

"Humph! I was actually toyed by Yanfeng Banzun for half a month..." Pingcao Banzun snorted coldly.

In the abyss of sinking, the suitors of Pingcao Banzun are numerous. Among them, the conditions are better than those of Yanfeng Banzun, and naturally there are many people; to be honest, if it is placed at other times, Pingcao Banzun will not be able to take a fancy to Yanfeng Banzun, and it is even less likely to let himself be Yanfeng Banzun. play.

Only this time, Banzun Yanfeng holds the opportunity to break the chains of the universe, and Banzun Pingcao willingly bows his head.

Get what you need!

Soon, Pingcao Banzun followed the directions and came to the Valley of Gods and Demons.

“It’s here!”

Pingcao Banzun looked at the inscription in the Valley of Gods and Demons, and couldn’t help feeling a little excited.

“As long as you enter the Valley of the Gods and Demons and offer your treasures, the cosmic chains will be broken!”

As long as the cosmic chains can be broken, what are treasures?

“Humph! When I break the cosmic chain, I will sell the news here at a high price...” Pingcao Banzun looked forward, “At that time, I will be able to take a large amount of treasure and leave the sinking abyss!” lock april

With anticipation, Pingcao Banzun directly entered the Valley of Gods and Demons.

But... After taking a few steps, Pingcao Banzun felt that something was wrong.

“Huh?” Pingcao Banzun frowned slightly, “This Valley of Gods and Demons seems... very lively...”

After she entered the Valley of Gods and Demons, although she had not seen or heard the voices of other powerhouses, she felt a kind of “popularity” in the space. This kind of popularity means that there should be many people in this space and time.

“Strange!” Pingcao Banzun became more and more puzzled. “According to Yanfeng Banzun, this Valley of Gods and Demons is very deserted and empty! Why is there such a lively feeling?”

When Pingcao Banzun was wondering, suddenly, she was stunned.

Through the fog of Shenmo Valley, Pingcao Banzun saw that in front of her, there were many great powers gathered. The figures are hidden in the mist, and there are probably as many as tens of thousands!

“This is...!?” Pingcao Banzun was stunned on the spot – doesn’t it mean that no one knows the Valley of Gods and Demons? No one knows this?

Immediately, Pingcao Banzun felt like he was being “deceived”, and it took half a month to be deceived...

“I...I...” Pingcao Banzun was full of anger and had nowhere to vent.

In fact, Pingcao Banzun really misunderstood Yanfeng Banzun!

Yanfeng Banzun was the first to come to the Valley of Gods and Demons. At that time, no other almighty really knew the magic of the Valley of Gods and Demons. It’s just that now, half a month has passed, and other great powers have come to the Valley of Gods and Demons, and then passed ten, ten, one hundred, one hundred thousand... there is the “spectacular scene” that Pingcao Banzun is seeing now!

At this time, many great experts turned their attention to Pingcao Banzun, but no one paid attention to her. After all, “breaking the chains of the universe” is much more important than “following the Pine Grass Banzun”!

“Let’s stand in line at the back!” You Dani said directly.

“I...” Pingcao Banzun could only honestly stand in line at the end of the line. She suppressed the rushing anger in her heart and observed the situation here.

...

“Next!” An indifferent voice came from the core area of the Valley of Gods and Demons, “Are the rules clear? If you are clear, just offer the treasures directly; as long as the treasures satisfy me, I will help you destroy the universe. chain!”

Xu Ming never said how many treasures he wanted; in this way, most people would offer more than 95% of the treasures. After all... Treasures are only things outside the body, and they are not worth worrying about! But if you donate less, you will lose the only chance to break the chains of the universe! Princess Cold’s Revenge Bracelet

Few of the great powers in the abyss battlefield will live with their lives for the sake of treasures.

“Yes yes yes!” The Almighty who was lined up for his turn quickly presented the prepared treasures; even the close-fitting battle armor took off and presented Then, the cosmic chains on his body , is also quickly destroyed.

...

“It’s true!” Pingcao Banzun saw with his own eyes that other people’s cosmic chains were broken, and finally he was completely relieved.

At this time, her anger also eased a little – as long as she can break the cosmic chain, as for being deceived by the artillery... deceived, what else can I do?

After observing for a while, Pingcao Banzun found that the mysterious existence at the core of Shenmo Valley seemed to only break the “four-star cosmic chain”.

“Fortunately, I am a four-star cosmic chain!” Pingcao Banzun didn’t think much, she only expected that the cosmic chain on her body could be broken smoothly.

but...

In the Valley of Gods and Demons, there are also ambitious and powerful people!

“What kind of existence is hidden in the core area of the Valley of Gods and Demons?” Some ambitious powers speculated, “He only breaks the four-star cosmic chains, but does not break the five-star or higher cosmic chains, it can be seen that The strength should be limited! If you can kill

him, reveal his true face of Mount Lu, and capture him, wouldn't it be equivalent to sitting on a cash cow?"

Some great experts even secretly planned to enter the core area of the Valley of Gods and Demons.

Of course, those who dare to participate in such a plan are all powerful beings! Weak and weak, don't dare to think about such a thing at all.

...

Xu Ming still didn't know anything about the ambitions of some mighty wolves.

Of course, even if Xu Ming knew, he wouldn't care! – Do you really think that Brother Ming's "thirteenth-order" combat power is fake? Do you really think that Brother Ming's "infinite clone" is fake?

Not to mention that there are only tens of thousands of great powers, even if all the great powers in the entire abyss battlefield join forces to deal with Xu Ming, Brother Ming will not take it seriously!

There is a kind of strength called "absolute strength"!
