

A World 1921

Chapter 1921: Where Can It Be Stronger?

There is a kind of strength called “absolute strength”!

In the abyss battlefield, Xu Ming has absolute strength! What’s even more terrifying is... His strength is still soaring!

Having swallowed tens of thousands of four-star cosmic chains, Xu Ming has cultivated the “Tenyu Nine Casting” to the “Fifth Casting”, and the world of his heart has skyrocketed! Under the hanging, Xu Ming’s strength has already reached the terrifying “fourteenth order”!

Fourteenth-order combat power, even at the upper and supreme level, is not a weak existence! Moreover, Xu Ming’s strength has improved, and he has no intention of stopping!

...

In the Valley of Gods and Demons, more and more powerful people gather.

Before you know it, there are millions of people.

Even Yanfeng Banzun’s enemy “Bone Bone Banzun” came to hear the wind.

“It seems that Yanfeng Banzun is the cosmic chain that was broken here!” Bai Gu Banzun secretly said in his heart, “Humph! You are still in front of me! No, I am here too, and I can break the cosmic chain immediately! ”

“Huh?” Suddenly, the Bone Banzun looked at the edge of the core area of the Gods and Demons Valley, “Oh? Pingcao Banzun?”

In the eyes of the White Bone Banzun, there was a flash of fiery heat.

Why didn't he want to pursue Pingcao Banzun? It's just that he and Yanfeng Banzun are actually only half a pound, so Pingcao Banzun also loves and ignores him.

However, Baigu Banzun is not as lucky as Yanfeng Banzun, so he can't "deceive" like Yanfeng Banzun.

"Offer your treasure!" Xu Ming's voice came from the core of the Valley of Gods and Demons.

"Senior!" Pingcao Banzun said in a row, with a charming and tempting expression, "Can you let me in? My baby will definitely satisfy the senior!"

As soon as Pingcao Banzun said these words, there were many powerful people in the audience, and they all scolded her for being shameless in their hearts! —Pingcao Banzun is clear, I want to use her body as a treasure!

There were other female cultivators present, and their beauty and temperament were not inferior to those of Pingcao Banzun; when they saw Pingcao Banzun's approach, they suddenly had some thoughts in their hearts.

Although, for the great powers in the abyss battlefield, treasures are only external things; no matter how many treasures there are, it is not important to break the chains of the universe. But if... it can both keep the treasure and break the chains of the universe, then of course it would be better!

Many young cultivators watched with anticipation, what would happen to the Pingcao Banzun.

Seeing that Pingcao Banzun didn't answer, she became more courageous and walked towards the core area.

However, just as she took a step forward, an indifferent voice came out: "One step over the golden line, die!"

Pingcao Banzun suddenly turned pale.

Immediately afterwards, Xu Ming said indifferently: "In addition... I am not satisfied with the treasure you gave, so you don't have to ask me to break the chains of the universe!"

“I...” Pingcao Banzunlian explained, “I haven’t offered my treasure yet!”

“I don’t have time to waste with you!” Xu Ming said indifferently.

Yes!

Xu Ming’s time will not be wasted with them!

No matter who it is, Xu Ming will only give him one chance to “present a treasure”. If Xu Ming is satisfied with the treasure offering this time, then he will break his cosmic chains; if he is not satisfied, then sorry, there is no chance for a second treasure offering! Moreover, the treasures that have already been in Xu Ming’s hands will not be returned.

Pingcao Banzun lingered for a long time, but did not come up with a substantial treasure, Xu Ming naturally would not continue to waste time with her.

“Next!” Xu Ming said indifferently.

...

Pingcao Banzun walked to the side in despair.

She regrets it!

“You shouldn’t be greedy!”

Originally, Pingcao Banzun could break the cosmic chain on her body by offering the treasure honestly; but she wanted to use her body instead of the treasure for a small price, and she lost the opportunity to break the cosmic chain.

Thinking back to being played by Yanfeng Banzun for half a month before, Pingcao Banzun almost wanted to cry without tears...

“It’s over!”

If she didn’t know the existence of the Valley of Gods and Demons, Pingcao Banzun would honestly go to fight against the powerhouses in the abnormal quadrant and accumulate battle achievements; but now, she has no fighting spirit!

With her strength, she has lost her fighting spirit, so what can she use to fight against the powerhouses in the abnormal quadrant?

at this time...

“Pingcao Banzun!” A majestic voice sounded directly in Pingcao Banzun’s mind.

“Huh?” Pingcao Banzun couldn’t help but stunned.

“I’m really like a demigod!” the voice continued.

It’s like a demigod! ?

Hearing this name, Pingcao Banzun couldn’t help being startled.

Who is Zhenru Banzun? —That is the enchanting genius suppressed by the chains of the Seven Star Universe! The strength of Zhenru Banzun has also reached the “tenth order”, which is the existence in the forefront of the entire sinking abyss!

In normal times, with the identity of Pingcao Banzun, he is not qualified to talk to Zhenru Banzun at all.

“Meet Zhenru Banzun!” Pingcao Banzun continued, but there was some doubt in her heart – she couldn’t imagine that she had anything worthy of Zhenru Banzun to find her! As a female cultivator of her level, if she wants to, she only needs to show a little bit of intention, and some people line up to ask for “prosperity”.

“Pingcao Banzun!” Zhenru Banzun said again, “Are you unwilling to be unable to break the cosmic chains on your body?”

Are you unhappy?

Needless to say?

“Hey...” Pingcao Banzun sighed weakly, “What’s the use of being unwilling?”

“Haha!” Zhenru Banzun laughed, “You don’t have to think about the Valley of Gods and Demons, it’s too terrifying!”

“Oh?” Pingcao Banzun was startled, and seemed to have guessed what Zhenru Banzun was going to do.

“I have been observing here for a long time, and found that the owner of the Valley of Gods and Demons is not so strong except to break the chains of the universe!” Zhenru Banzun said with a smile, “After all... He has only broken the four-star cosmic chain, and has never broken a five-star cosmic chain! If I expected it right, he should not be strong enough, so he cannot break the five-star cosmic chain!”

Zhenru Banzun continued to scornfully said: “Even if the five-star universe chain can’t be broken, no matter how strong his strength is, where can he get stronger!?”

“Can Jiaolongtan be strong!?”

“Can it be as strong as the Arctic Ice River!?”

“Can there be a Heavenly Demon Realm strong!?”

Zhenru Banzun named three places in a row Jiaolongtan, Beibinghe, and Tiantian Demon Territory, which are the three dangerous places that have been proven in the abyss battlefield. Like the Jiaolong in the Jiaolongtan, it has the combat power of “thirteenth order”!

And Zhenru Banzun has joined forces with many other great powers to conquer these three dangerous places together! Now, Zhenru Banzun took out these three places, obviously wanting to

express – even I have conquered those three dangerous places, what is the mere Valley of Gods and Demons?

“The owner of the Valley of Gods and Demons refuses to help you break the chains of the universe, then... let’s conquer it directly and see if he is willing to help break it!” Zhenru Banzun said proudly, “And... to attack the Valley of Gods and Demons, it should be able to There are many honors!”

It’s like a half-respect, just for Zhan Xun!

It’s just that he didn’t know that the Valley of Gods and Demons had already been attacked once, and Xu Ming had already emptied the battle honors in the Valley of Gods and Demons!

Attacking the Valley of Gods and Demons is actually attacking Xu Ming, so how can there be any merits!

However, Pingcao Banzun was a little moved: “Then what should I do!?”

Chapter 1922: No Return

“Then what should I do!?”

Pingcao Banzun asked.

“It’s very simple...” Zhenru said, “I invite you to attack the Valley of Gods and Demons, and of course you won’t be the only one! When I give the order, you can just rush in with us!”

Saying that, Zhenru said again: “Don’t worry! With your strength, you don’t need your main attack, as long as you are there to assist!”

“Oh... good!” Pingcao Banzun hesitated for a while before saying.

...

At this moment, Zhenru Banzun was standing by the side. The dozens of strong people around him, the weakest have reached the “ninth-order” level of strength, which is obviously much stronger than the others around him!

Obviously, these dozens of powerhouses all have ambitions for the Valley of Gods and Demons.

“Everyone!” Zhenru Banzun said through voice transmission, “If I expected it right, this Valley of Gods and Demons should be a dangerous place of ’11th order’!”

The eleventh-order dangerous land means that it is necessary to have the “eleventh-order” combat power in order to conquer it smoothly.

Although Zhenru Banzun is only “tenth-order”, but with the dozens of people around him, he can also match “eleventh-order”! Just like at the beginning, the Jiaolongtan, Beibinghe, and Tiantian Demon Territory conquered by Zhenru Banzun were all conquered by human sea tactics.

Judging from his experience, conquering the Valley of Gods and Demons should not be difficult.

only...

Zhenru Banzun does not know what a terrifying existence is hidden in the core area of the Valley of Gods and Demons! Not to mention a group of rabble with “11th-order” combat power combined, even if the “thirteenth-order” combat power reaches the core area of Shenmo Valley, there must be no return.

Zhenru Banzun had no idea that he was not going to conquer the Valley of Gods and Demons, but to form a group to die.

“It’s just a dangerous place of ’11th order’, I believe there is not much challenge, right?” Zhenru Banzun said with a smile.

“rest assured!”

“They are all veterans who have experienced hundreds of battles! The dangerous places of the twelfth and thirteenth orders are not less, but what kind of challenge is the mere eleventh-order dangerous land?”

“We’ve got this chance!”

A strong person is very confident.

“Haha!” Zhenru Banzun also laughed. He has fought side by side for many times, and he is naturally very relieved, “But... be careful to sail the ship for ten thousand years! To be cautious, we still let the cannon fodder come on first!”

“Haha! That’s right!”

“It’s natural!”

...

Let’s talk about Pingcao Banzun.

Although Pingcao Banzun agreed to Zhenru Banzun’s invitation, she still had doubts and scruples in her heart.

Plus... Pingcao Banzun is inherently timid.

“It’s better for me to be more careful!” Pingcao Banzun secretly said, “Wait a while, after I wait for Zhenru Banzun to enter, I’m sure the danger is not big, I’ll rush through the golden line!”

Pingcao Banzun clearly remembered: take one step over the golden line, die!

In the Valley of Gods and Demons.

There are constantly four-star cosmic chains that continue to be broken.

“kill!!”

As another four-star cosmic chain was broken, the roar of the real Banzun resounded in Pingcao Banzun's mind.

In this violent shout, there is also a great coercion, so that the weaker Pingcao Banzun can't help but step forward and can't help rushing forward.

Fortunately, Pingcao Banzun quickly reacted, and even deliberately slowed down, waiting for the others to rush first.

"Huh?" Pingcao Banzun suddenly found that the powerful powerhouses such as Zhenru Banzun were actually very slow; on the contrary, the weaker ones near her rushed faster!

"Shameless!" Pingcao Banzun immediately understood, Zhenru Banzun wanted them to be cannon fodder!

Thinking of this, Pingcao Banzun's speed suddenly slowed down. She has made up her mind that she must be the last to go in!

"Are they...?" The other powerhouses waiting in line to break the chains of the universe looked at this scene in horror. Some people who responded quickly even got up and rushed forward, wanting to get a piece of the pie.

"kill!"

"kill!"

Shouting and killing.

One after another, the strong men rushed into the core area of the Valley of Gods and Demons one after another.

Pingcao Banzun watched cautiously: "Hey – why is there no movement?"

Although there was no sign of any fighting, Pingcao Banzun felt more and more panicked.

call out! call out! call out! call out! ...

Countless strong men poured in.

Soon, there were tens of thousands of strong people entering the core area of the Gods and Demons Valley.

And Pingcao Banzun has also stood on the edge of the golden line.

“One step over the golden line, die?”

This sentence seems to have become a joke! — how many people have crossed the golden line, and far more than one step or two; but so far, no one has died!

Pingcao Banzun gritted his teeth: “Go in and have a look!”

but...

Pingcao Banzun had just raised his foot, and before he had time to step out, he felt an incomparably terrifying coercion, which suddenly erupted from the core of the Valley of Gods and Demons.

This coercion, endless vastness, endless stalwart, like a high mountain standing up... Pingcao Banzun's just raised foot suddenly stiffened there, not daring to move forward.

This coercion comes fast and disappears fast!

Then, almost in an instant, the pressure receded like a tide, as if it had never appeared. But... Pingcao Banzun is sure that something must have happened inside!

Absolutely something happened!

As for what...

Pingcao Banzun sent messages to Zhenru Banzun: “Zhenru Banzun, what’s going on?”

There is no reply.

Pingcao Banzun immediately sent a message to the other Banzun she knew.

Without exception, all have no answer.

“This...” Pingcao Banzun was really scared! An incomparably terrifying thought arises in her heart—could it be that the powers who entered it have all fallen...

It’s not just the Hingcao Banzun who tried to send messages to such great powers as Zhenru Banzun; but no matter who sent the message, no matter who it was sent to, there was no answer!

Obviously, the powers who crossed the golden line have all... disappeared!

That is...fallen!

“In an instant Killing tens of thousands of powerhouses? And among them, there are many powerhouses of the ninth and tenth orders!?” The powerful people in the Valley of Gods and Demons can no longer imagine that this core area What kind of existence is hidden inside! ?

Pingcao Banzun was so frightened that she was covered in cold sweat—her foot was still raised, and she wanted to step in!

“Almost... just a little...” Pingcao Banzun thought with great fear. If her foot is a little bit forward, it is very likely that she has fallen here too.

At this time, Xu Ming’s indifferent voice came out from the core area again: “Break the four-star cosmic chain, this is the end of the time! Start now... Only break the five-star cosmic chain!”

As soon as Xu Ming said these words, those great powers who were suppressed by the chains of the five-star universe immediately showed ecstasy – they finally waited!

And the great masters who were suppressed by the four-star universe chain are stunned – will they not break the four-star universe chain for the time being? So what do we do?

Chapter 1923: The First 100 Must Die!

Don't break the chain of the four-star universe for the time being? So what do we do?

How to do?

Nobody cares what they do!

Xu Ming devoured so many four-star cosmic chains, he was already saturated! If you continue to devour the four-star universe chain, it will be of no use whether it is for the practice of “Swallowing the Universe and Nine Castings” or the improvement of the heart world.

Since there is no use, Xu Ming will not waste any more time.

As for the great powers who are still waiting in line to break the chains of the four-star universe, Xu Ming is too lazy to care about them! – They are dead or alive, Guan Ming's shit!

...

The powerhouses in the abyss battlefield are all connected.

What happened in the Valley of Gods and Demons naturally spread at an extremely fast speed towards the entire abyss battlefield.

“The mysterious existence in the Valley of Gods and Demons can break the chain of the five-star universe!?”

“Tens of thousands of powerhouses such as Banzun were killed instantly!?”

Originally, the news of Shenmo Valley was still in a “semi-confidential” state. The powerful people who came to the Valley of Gods and Demons are all hiding and tucked away, and they are unwilling

to spread the news of the Valley of Gods and Demons, and generally only tell their most trusted friends.

And now, Xu Ming will not break the four-star cosmic chain for the time being, and it is not certain whether he will break the four-star cosmic chain in the future! Immediately, none of those great powers who were suppressed by the chains of the four-star universe could not accept it!

Watching the five-star cosmic chains being broken, the great powers of the four-star cosmic chains feel unbalanced in their hearts!

What should I do if I feel unbalanced?

easy to do!

Then spread the news of the Gods and Demons Valley! Let the entire abyss battlefield know!

Soon, the powerhouses in the second quadrant flocked to the Valley of Gods and Demons from all directions.

“Can break the five-star universe chain, and the number of places is limited!?” A strong man with a sheep’s horn on his head was in a hurry, “Then I must hurry up! It’s late, but it may not be my turn!”

“Opportunity! Opportunity!” A half-honored man dressed in brocade clothes had hope in his eyes, “I’ve accumulated treasures for many years, so isn’t this the kind of opportunity? As long as the cosmic chains on me can be broken, the treasures will count. what happened?”

“Go quickly!”

but...

There are some ambitious ones too!

“God and Demon Valley?”

“It’s really like Banzun and other tens of thousands of powerhouses joining forces, and the combat power is absolutely comparable to the ‘eleventh-order’ level; moreover, in the eleventh-order, they are not weak! But... they were still killed in an instant! It can be seen, The strength of the master of the Gods and Demons Valley must not be underestimated!”

“Master of the Gods and Demons Valley, is the strength of the twelfth rank!?”

“It’s more than that! If it’s only the twelfth rank, it’s impossible to kill tens of thousands of powerhouses such as Zhenru Banzun so easily! I’m afraid...”

“Thirteenth order!?”

Those ambitious top existences quickly speculated that this “Master of the Gods and Demons Valley” may be “Thirteenth-Order” strength!

“Thirteenth-order dangerous land!?”

“I found the thirteenth-order dangerous land so quickly!?”

“It’s so dangerous, it’s simply not something that one or two powerhouses can conquer! If you want to conquer, I’m afraid you have to gather the top powerhouses from the entire quadrant!”

“The thirteenth-order dangerous land! Although it is a little dangerous, if it can be conquered, the reward of the battle must not be underestimated!”

Thinking of this, many top powerhouses are full of expectations.

only...

These top powerhouses would not have thought that the Valley of the Gods and Demons was indeed a thirteenth-order dangerous land, that’s right. However, this thirteenth-order dangerous place has been conquered by Xu Ming! —In the current Gods and Demons Valley, apart from Xu Ming, there is no other chance!

and...

Xu Ming's strength is not only "thirteenth order", but has reached "fourteenth order", and is advancing towards "fifteenth order"!

The thirteenth order is already so terrifying, it needs the top powerhouses of the entire quadrant to join forces to defeat!

Fourteenth-order, it is almost impossible to defeat!

As for the fifteenth-order... The powerhouses who entered the abyss battlefield, absolutely no one dared to provoke the existence of the fifteenth-order! – Provoking the fifteenth level is equivalent to suicide!

However, now there are many ignorant beings who are on their way to provoke Xu Ming.

...

In the core area of Shenmo Valley.

Xu Ming continued to devour the five-star universe chain.

"The power of creating the secret skill of "Swallowing the Universe and Nine Castings" is incredible! As long as there are enough cosmic chains to swallow, there is no neck at all when practicing!" Xu Ming was secretly shocked as he practiced.

If Xu Ming's idea was known to the creator of the secret technique, he would probably vomit blood!

No **neck?

Who told you that you don't have a neck?

"Swallowing the Universe Nine Cast", no matter who is cultivating, including the creator of the secret skill who cultivates himself, there is a "neck"! And the neck is very scary!

It was Xu Ming who started to practice, but he didn't even have the slightest bit of a neck!

“Um?”

Suddenly, Xu Ming frowned slightly.

He is the owner of the Valley of Gods and Demons, and has absolute control over every grass and tree in the Valley of Gods and Demons. Naturally, it is easy to feel that a large number of strong people are pouring into the Valley of Gods and Demons.

“The visitor is not good!”

Although Xu Ming did not take these rabble in his eyes at all; after all, Xu Ming's own strength was already approaching the “fifteenth order”. A mob like this, no matter how many they come, will not pose any threat to Xu Ming!

But...it's also a very unpleasant thing to be disturbed in the practice of “Tunyu Jiuzhu”!

“Humph!!” Xu Ming snorted heavily, and his angry shout resounded throughout the Valley of Gods and Demons, “The first hundred people who cross the golden line will die!”

Xu Ming's cold snort made the billionaires who entered the Valley of Gods and Demons startled.

Immediately, every strong man had a look of disdain on his face: “The first 100 will die? Then I will definitely not be the first 100!”

No one doubts the phrase “the first hundred will die”; after all, it is not difficult for a thirteenth-order powerhouse to do it, and it can be done with one move!

However, everyone thought disdainfully in their hearts – then as long as I am not the first one hundred to enter, won't I be much safer?

Everyone thinks so.

so...

When hundreds of millions of strong men entered the Valley of Gods and Demons, everyone stopped near the golden line in unison, and no one stepped forward. To be precise, no one wants to be the “top 100”.

Yes, there is no “top 100”, and then... billions of powerhouses stop.

If there is no “top 100”, where does the “101st” come from?

Xu Ming who was hiding in the core area looked at the billions of powerhouses with disdain—he wasn’t afraid of these powerhouses, he just didn’t want to be affected by his cultivation.

“Next!” Xu Ming said lightly.

The five-star cosmic chains were swallowed up, and Xu Ming’s strength continued to improve. Soon, it was upgraded from the “fourteenth-order” level to the “fifteenth-order” level.

Fifteenth order!

That is, the strength of the supreme top!

Not to mention in the abyss battlefield, even in the entire virtual universe, the eight giants are standing at the top!

Chapter 1924: Spread Rumors

In the Valley of Gods and Demons.

Hundreds of millions of strong people gathered here, but no one dared to cross the golden line.

To be precise, no one wants to be the “top 100”. After all, the first 100 will surely die and make wedding gowns for others; none of the powerful people present would do such a thing foolishly.

Everyone is not stupid, so everyone chooses to wait and see, and no one chooses to shoot.

“It’s not as good as us...” Suddenly, a strong person suggested, “All of us, stand by the golden line, and then rush in together!”

Hundreds of millions of powerhouses rushed in together, wouldn’t there be no concept of “top 100”?

“Good idea!”

This idea immediately aroused the approval of the powerhouses!

Let’s rush in together and see what else the owner of the Gods and Demons Valley can do?

Just do it!

Soon, the golden thread representing death was filled with power. Moreover, the great powers standing here are basically suppressed by the six-star and seven-star cosmic chains, and their strength is not weak.

“Everyone is ready! Everyone rush in together!”

A strong man is gearing up.

“Prepare...”

But at this moment, before the powerful people could shout the word “kill”, an indifferent voice suddenly came out—

“Next, the six-star universe chain! Throw the treasure in!”

Yes!

Xu Ming is about to start breaking the chains of the six-star universe!

Most of the powerhouses who are about to enter are all six-star universe chains; hearing Xu Ming say this, many people's actions suddenly stopped! -Why do they want to go in? Isn't it because Xu Ming can only break the five-star cosmic chain, but cannot break the six-star cosmic chain, so they want to go in and fight for some merit? Now, Xu Ming seems to be able to break the chain of the six-star universe, so what are you going to do?

Wouldn't it be nice to directly present the treasure, break the six-star universe chain, and leave the abyss battlefield happily?

Immediately, there were many powerhouses in the six-star universe chain, all retreating a certain distance. The quick response has already thrown the treasure in, waiting to be broken off the cosmic chain on his body.

Sure enough, they were not disappointed, the six-star universe chain was also broken!

"Can break the six-star universe chain?!"

"Can break the six-star universe chain!?"

"That's killing shit! Just line up and wait for it to be eliminated!"

The powerhouses of the six-star universe chain have all withdrawn directly.

The remaining powerhouses who are still standing by the golden thread are mostly chained by the Seven Star Universe. Although they are stronger, but without the help of the powerhouses of the six-star universe chain, they have no courage to attack the dangerous land that is suspected to be the thirteenth order.

In this way, the attack on the Valley of Gods and Demons can only end without a hitch.

"Hope... this God and Demon Valley master can break the Seven-Star Universe Chain!" The powerhouses of the Seven-Star Universe Chain are also looking forward to it – they still feel hopeful! After all, this mysterious God and Demon Valley owner only broke the four-star cosmic chains at first, but later broke the five-star and six-star cosmic chains!

“Wait and see!”

At this moment, the powerhouses had lost their determination to attack the Valley of Gods and Demons, and they all honestly expected that the cosmic chains on their bodies could be broken.

...

Abyssal battlefield.

Somewhere in dark time.

There is a figure, sneaking carefully in the darkness, it is Shen Yan Banzun.

Shen Yan Banzun is also one of the top 100 existences on the Tianjiao list in the universe, and his strength is not weak! Because of this, his son Shen Long Banzun dared to run rampant in the sinking abyss until he kicked the iron plate of Xu Ming.

“God and Demon Valley?”

Shen Yan Banzun also heard about the Valley of Gods and Demons, but he sneered: “Can you break the chains of the universe? How could there be such a place in the abyss battlefield?”

Obviously, Shen Yan Banzun did not believe in the legends about the Valley of Gods and Demons. What he cares more about is this abyss battle.

“In this abyss battle, among the powerhouses in our second quadrant, there is actually a nightmare-level cosmic chain...” Shen Yan Banzun thought to himself, “That’s why, almost all of the powerhouses in the other six quadrants are Standing on the side of the eighth quadrant, to deal with our second quadrant... Seventh quadrant, to deal with our one quadrant; this abyss war is simply too unfair!”

As one of the top 100 powerhouses on the Heaven’s Chosen Ranking in the Universe, Shen Yanbanzun is naturally the top level of strength in the abyss battlefield! In the previous abyss battles, Shen Yan Banzun often acted alone to attack the powerhouses in the abnormal quadrant; but

this time, he did not dare to be too rude... There is no way, there are too many powerhouses in the abnormal quadrant! If it is too rough, if you are accidentally surrounded by people, it will be a tragedy!

“Nightmare-level cosmic chain... Who will it be?!”

Shen Yan Banzun didn't have a clue.

It's not just that he doesn't have a clue, the powerhouses in the sinking abyss probably don't have a clue! After all, Xu Ming is a nightmare-level cosmic chain. Many people in the Stone Statue Forest knew about this news, but in the sinking abyss, no one knew about it, except Xu Ming himself.

“This nightmare-level cosmic chain is so deeply hidden that I have no news at all!” Shen Yan Banzun secretly said.

Suddenly, Shen Yan Banzun's eyes suddenly lit up.

“Even if I don't know, it means that in the entire sinking abyss, the vast majority of people don't know it! Even... it's very likely that no one knows!” Shen Yan Banzun suddenly thought, “No one knows, then That is to say... as long as I spread some rumors out, it is easy to be believed!”

Yes!

Shen Yan Banzun is ready to spread rumors!

As for who the rumour is about...

In the eyes of Shen Yan Banzun, there is a ferocious light flashing The revenge of killing a child, I have never forgotten it! “His son Shen Long Banzun was killed by his own hands; however, this hatred, Shen Yan Banzun was counted on Xu Ming's head!

“I don't have the ability to seek revenge for Xu Ming! But...” Shen Yanbanzun's eyes were filled with the pleasure of revenge, “If I spread it out and say that Xu Ming is a nightmare-level cosmic chain, then... Xu Ming will probably be arrested. The powerhouses of the Seven Elephants are chasing them down!”

The more Shen Yan Banzun thought about it, the more feasible he felt!

In his opinion, Xu Ming is a “thirteenth-order” strength! Saying that he is a nightmare-level cosmic chain, I am afraid it is easy for others to believe it!

“It doesn’t matter if he is a nightmare-level cosmic chain! Anyway, I’ll say he is!” Shen Yan Banzun sneered in his heart – this rumor, he made it! Moreover, it is absolutely necessary to create a model!

“The pursuit of the seven elephants...” Shen Yan Banzun felt excited when he thought about it, “Even if you have the strength of the thirteenth rank, I’m afraid you will still suffer from the pursuit and killing! But... I must hide myself well, I can’t Let others know that it’s my rumor!”

Chapter 1925: Level 17!

“However... I must hide myself and not let others know that it was my rumor!”

Spreading rumors is risky!

Shen Yan Banzun was worried that if Xu Ming knew that it was his rumor, he would not be beaten to death!

Moreover, even if Xu Ming was not beaten to death, if the powerhouses in the Seven Elephants killed Xu Ming in the future, they found out that Xu Ming was not a nightmare-level cosmic chain; then, the account would definitely have to be counted. On the head of Yan Banzun!

so...

Rumors are rumors, but we must do a good job of confidentiality!

Shen Yan Banzun thought about how to spread rumors.

...

Just when Shen Yan Banzun was carefully spreading rumors...

In the Valley of Gods and Demons.

Xu Ming's strength continued to soar rapidly!

When Xu Ming first came to the abyss battlefield, he only had the strength of "Thirteenth Rank".

After swallowing up many four-star universe chains, Xu Ming's strength soared to the "fourteenth order".

After devouring many five-star universe chains, Xu Ming's strength soared to the "fifteenth order"!

And now... Xu Ming is already devouring the seven-star universe chain, and his strength has reached the "seventeenth order"!

Yes!

That's right!

Seventeenth grade!

Invincible combat power!

Even the "sinking messengers" in the sinking abyss, all of them possessing the superior combat power, are far from being Xu Ming's opponents!

As for the "suppressed" in the sinking abyss, the strongest are only the median supreme, the vast majority are only the lower supreme, and for Xu Ming, there is no threat at all!

Of course, Xu Ming's strength has soared, only Xu Ming knows about it, and other powerhouses don't know it at all.

"In this Valley of Gods and Demons, I should be able to cultivate 'Tuny Nine Cast' to the eighth cast!" Xu Ming secretly said.

But it's only the eighth cast...

To break the nightmare-level cosmic chain, it is necessary to cultivate the "Tunyu Nine Cast" to the ninth cast. However, from the "eighth casting" to the "ninth casting", Xu Ming had nothing to do.

"Let's take a step by step! Anyway... my strength has soared a lot!"

Even if there is no way to break the nightmare-level universe chain, as long as the strength continues to become stronger, there is always a way to break it!

"Um?"

Suddenly, Xu Ming, who was devouring the chains of the universe, received a message.

"Lei Qiong Banzun?"

The communication came from Lei Qiong Banzun.

"Senior Xu Ming!" Lei Qiong Banzun asked, "Are you... a nightmare-level cosmic chain!"

Xu Ming was stunned when he heard the words – he is a nightmare-level cosmic chain, that's right; but, how did Lei Qiong Banzun know?

Xu Mingke has never mentioned this to anyone in the sinking abyss!

"Oh? Who did you listen to!?" Xu Ming didn't admit or deny it, so he let Lei Qiong Banzun figure it out for himself.

At the same time, Xu Ming was also a little puzzled – even if he was a nightmare-level cosmic chain, why was Lei Qiong Banzun's tone so hurried?

Lei Qiong Banzun replied: "In the entire abyss battlefield, it has been spread all over, saying that you are a nightmare-level cosmic chain!"

“What!?” Xu Ming was stunned again – the word spread throughout the entire abyss battlefield! ?

“That’s right!” Lei Qiong Banzun said again, “Not only do the powerhouses in the second quadrant know that you are a nightmare-level cosmic chain; even the powerhouses in the other seven quadrants think so too!”

“This...” Xu Ming still hadn’t figured out what was going on.

Lei Qiong Banzun continued: “Senior Xu Ming, I don’t know if you are really a nightmare-level cosmic chain, or someone deliberately spread rumors... But please be careful!”

“Be careful?” Xu Ming couldn’t help asking, “Listen to what you mean, my current situation is very dangerous!?”

“Yes!” Lei Qiong Banzun continued, “It stands to reason that you are a thirteenth-order powerhouse, and in the entire abyss battlefield, there is almost nothing that can threaten you! But this time is different...”

Lei Qiong Banzun said sternly: “In the abyss battlefield, the nightmare-level cosmic chain means war! The other powerhouses in the eight quadrants all want to kill our second-quadrant nightmare-level cosmic chain! And now... I don’t Determine if you are a nightmare-level cosmic chain; however, many strong people in the abyss battlefield, I am afraid that you have been recognized as ‘yes’!”

“Seven elephants, the pursuit of countless powerhouses! Even if you have the combat power of the ‘thirteenth order’, I am afraid it is difficult to escape the siege!” Lei Qiong Banzun said.

“Then what should I do now?” Xu Ming asked deliberately.

“Whether you are a nightmare-level cosmic chain or not, you can only avoid it first! Go deep into the dark place of the abyss battlefield and find a place to hide until this abyss battle is over!”

I have to say that Lei Qiong Banzun really came to remind Xu Ming. Based on his experience, before the end of the abyss war, the nightmare-level cosmic chains cannot leave the abyss

battlefield; therefore, in his opinion, for Xu Ming, a “thirteenth-order” powerhouse, the most sensible choice is ” hide”!

It’s just... Lei Qiong Banzun didn’t know that after three days of separation, Xu Ming’s strength was no longer “thirteenth rank”, but “seventeenth rank”!

Thirteenth-order and seventeenth-order... The difference in strength between them is simply appalling!

The pursuit of the powerful in the Seven Elephant Limits?

To be honest, Xu Ming really didn’t pay attention to it at all, let alone hide.

“Thank you!” However, Xu Ming still accepted Lei Qiong Banzun’s affection, “If you are in trouble, you can send me a message, and I can help you once!”

After cutting off the communication, Xu Ming continued to devour the chains of the Seven Star Universe.

“I’m afraid... no one would have thought that the owner of the Valley of Gods and Demons is me, right?” Xu Ming didn’t intend to reveal it. When he has swallowed enough seven-star universe chains, and when he can’t make progress in the practice of “Swallowing the Universe and Nine Castings”, it is time to quietly leave the Valley of Gods and Demons!

“The powerhouses of the Seven Elephants are chasing me?” Xu Ming did not panic at all, but rather looked forward to it.

You must know... Xu Ming entered the abyss battlefield In addition to swallowing the high-star cosmic chains and practicing “Swallowing the Universe Nine Cast”, there is one more thing, that is, to accumulate battle achievements!

How can I quickly accumulate honors?

It’s very simple – kill the powerhouse in the abnormal quadrant!

The more you kill, the more honors you have!

When, if Xu Ming wants to “sweep the battle”, as long as he takes the initiative to reveal his position, the powerhouses of the Seven Elephants will come to kill him like dogs! At that time, Xu Ming will brush up on Zhan Xun, it’s not too comfortable!

“Nightmare-level cosmic chains? I am indeed...” Xu Ming sneered at the corner of his mouth, “But, do you want to use me to earn war honors? – No matter how many people, no matter how strong... hum!”

Seventeenth-order combat power is already absolutely invincible in sweeping the abyss battlefield!

Even if all the powerhouses in the entire abyss battlefield came to surround and kill Xu Ming at the same time, they would only be swept away and killed!

Chapter 1926: Still Too Naive

While Xu Ming is disdainful...

The powerhouses in the eighth quadrant and other seven quadrants are planning how to deal with Xu Ming.

“It is said that this Xu Ming has the combat power of the ‘thirteenth order’! It seems that it is indeed very likely to be a nightmare-level cosmic chain! ”

Regarding the news that “Xu Ming is a nightmare-level cosmic chain”, the powerhouses of the Seven Elephants actually have some doubts. After all, so far, there are only rumors but no conclusive evidence for this news.

However, the powerhouses of the Seven Great Limits are not stupid and will also analyze the reliability of this news.

Generally speaking, the higher the star of the cosmic chain, the stronger the talent, and the more terrifying the strength is usually. From this point of view, “Xu Ming is a nightmare-level cosmic chain” is very likely!

However, it is only very likely and cannot be 100% certain!

“You don’t need to be 100% sure! So far, Xu Ming is the only one suspected of being a nightmare-level cosmic chain! If that’s the case, kill him first!”

“It’s not easy to kill a thirteenth-order powerhouse... We have to plan carefully!”

The powerhouses of the Seven Elephants are discussing tactics! After all, killing a “thirteenth-order” powerhouse is a very large-scale battle!

However, at the end of the discussion, the powerhouses of the Seven Elephants discovered a problem – where is Xu Ming? !

It seems... in the entire abyss battlefield, no one knows where Xu Ming is! Since Xu Ming entered the abyss battlefield, he disappeared directly...

They don’t even know where they are, and they still besiege them...

Kill your ass!

...

Xu Ming had no idea of the actions against him in the abyss battlefield. Of course, even if he knew, Xu Ming wouldn’t take it to heart—what was there to care about! In front of Brother Ming’s “absolute strength”, all the plans and tricks are not worth mentioning!

Xu Ming can break it with a wave of his hand!

Xu Ming now only cares about the cultivation process of “Swallowing Yu Jiuzhu”.

“The Seven-Star Cosmos Chain, I’m about to devour it to the point of saturation...” Xu Ming secretly said, “My strength is already close to the peak of the ‘Seventeenth Rank’!”

Seventeenth-order peak...

If the combat power of this level appears in the “true universe”, it is normal; but... it shouldn’t appear in the virtual universe!

And now it appears!

However, Xu Ming did not dare to have the slightest arrogance!

The seventeenth-order peak is indeed very strong, and it can be called invincible! However, when Xu Ming was nearby, he could find a being stronger than himself—the Demon Lord of Sinking!

The fallen devil is the builder of the stone statue forest, the sinking abyss, and the abyss battlefield; his strength may have already reached an unimaginable level! -Although Xu Ming is strong, he can still be measured by “17th rank”; but the power of the fallen demon master can no longer be measured by “several ranks”!

Thirty times?

Forty grades?

Fifty steps?

I am afraid that it is impossible to measure the strength of the fallen devil!

Even Xu Ming suspects—not only the stone statue forest and the sinking abyss in the second quadrant, maybe, the stone statue forest and sinking abyss in the other eight quadrants are also built by the fallen demon master!

Compared with the fallen demon master, even Xu Ming seems insignificant!

To be honest, the Fallen Demon Lord is the last person who should not appear in the virtual universe!

“When the seven-star universe chain is swallowed to saturation, I will leave the Valley of Gods and Demons!”

Xu Ming is in the Valley of Gods and Demons, just to practice “Tunyu Nine Casting” and improve his strength; if “Tunyu Nine Casting” cannot be improved, Xu Ming staying in the Valley of Gods and Demons has no meaning – although, breaking the cosmic chain, You can earn a lot of treasures; but, why does Xu Ming want so many treasures?

At level 22, Xu Ming had already reached the “unused” number!

In the Valley of Gods and Demons, Xu Ming harvested countless treasures, making Xu Ming’s level 22 hanging points even more exhausted!

There is no end to it, so what is the attraction of ordinary treasures to Xu Ming? Unless... it is a treasure that can be exchanged for level 23 hanging points, then Xu Ming can be interested.

What Xu Ming didn’t know was...

At this time, the powerhouses still in the Valley of Gods and Demons were whispering anxiously. Among them, the vast majority are the powerhouses of the four-star, five-star, and six-star universe chains.

“This master of the Gods and Demons Valley is really strange!”

“Yeah! He first broke a lot of four-star cosmic chains, then five-star, six-star, and now seven-star cosmic chains... Since he can break the seven-star cosmic chains, why not directly break the seven-star cosmic chains? He What is it for!?”

The powerhouses in the Valley of Gods and Demons would never have imagined that, that’s because... the owner of the Valley of Gods and Demons could only break the chains of the four-star universe at the beginning; as his strength soared, he could destroy the universes of five-star, six-star, and seven-star universes. chain.

It’s just that the speed of this kind of strength soaring is too exaggerated, so exaggerated that no one dares to imagine it, and no one will believe it even if it is said!

At this time, a strong man said what he was most worried about, and it was also what all the other strong men were most worried about: “After the master of the Gods and Demons Valley has broken the seven-star universe chain, he will turn around and break the four-star universe. , five-star, six-star cosmic chains?”

If the cosmic chains of four stars, five stars, and six stars will continue to be broken, then everyone will be happy. But if it doesn’t continue, then... the powerhouses in the Valley of Gods and Demons who haven’t broken the cosmic chains on their bodies, aren’t they despairing?

See the hope of breaking the chains of the universe, and then despair!

Soon, countless powerhouses in the Valley of Gods and Demons quietly united together.

“When the master of the Valley of Gods and Demons has broken the seven-star cosmic chain, it will be the best if he can continue to break the cosmic chain; if not... we will directly enter the core area!”

“Yes! Kill it!”

“We are willing to give treasures, just to break the chains of the universe!”

Every strong person is just “survival”!

It’s just... They survive, what’s the matter with Xu Ming?

Xu Ming himself is very busy, but he has no time to sympathize with others!

finally...

Xu Ming devoured the seven-star cosmic chains to the point of saturation—devouring these ordinary seven-star cosmic chains was no longer able to improve Xu Ming’s “Swallowing the Universe Nine Cast”.

“It’s time to go!” Without any hesitation, Xu Ming left the Valley of Gods and Demons quietly with a “coordinate transfer”.

The powerhouses in the Valley of Gods and Demons had no idea that Xu Ming had left.

The powerhouses waited for a long time and found that there was no longer any sound coming from the core area, and only then did they realize that something was wrong!

“Could it be... the chance of the master of the Gods and Demons Valley has ended here?” Many strong men thought, “No! It can’t end here! – The chance does not come by ‘waiting’, but by ‘grabbing’ ‘Come on!’”

Immediately, the strong men who had been united for a long time rushed to the golden line one after another, and then rushed into the core area in unison—they wanted to join forces to suppress the master of the Valley of Gods and Demons, and then force him to help them break the cosmos chain!

It’s just... the powerhouses are still too naive!

When they entered the core area, they found out that the owner of the Valley of Gods and Demons had long since disappeared! Let them dig three feet and search every corner of the Valley of Gods and Demons, but they can’t find any clues.

Chapter 1927: Ask For Help

The appearance of the Valley of Gods and Demons in the abyss battlefield seemed like a flash in the pan.

In fact, similar dangerous places that can help people break the chains of the universe appear from time to time in the abyss battlefield; however, the scale and movement are far less vast than this time!

The powerhouses who broke the cosmic chains all left the abyss battlefield happily; and those who came to the Valley of Gods and Demons, but failed to break the cosmic chains, could only secretly regret, and there was nothing to do.

...

Xu Ming quietly left the Valley of Gods and Demons.

No one knew that he was the master of the mysterious Valley of Gods and Demons.

“It’s been so long since I’ve entered the abyss battlefield, it’s time to brush up on the merits!” Xu Ming’s figure shuttled through the abyss battlefield at a high speed, without deliberately concealing it.

Although, the powerhouses in the abnormal quadrant are all searching for Xu Ming’s traces; but with Xu Ming’s sky-defying strength, why should he care about those?

“Cultivation of ‘Swallowing the Universe and Nine Casts’ can only increase your strength, but it cannot break the nightmare-level cosmic chains. This is something I had expected before entering the abyss battlefield...” Xu Ming secretly said in his heart.

It was indeed already expected.

After all, in the abyss battlefield, there are eight giants, countless powerhouses, and the strongest is the ordinary seven-star universe chain. Devouring the ordinary seven-star cosmic chains, Xu Ming could only cultivate the “Swallowing Nine Casts” to the eighth cast, and he couldn’t cultivate to the ninth cast at all!

Therefore, if Xu Ming wants to break the chains of the universe, he still has to pin his hopes on the “Sinking Demon Lord”. And if you want to invite the fallen demon master to take action, you will undoubtedly need a lot of battles! Therefore... Xu Ming is going to win the battle!

“I just don’t know... How many battles does it take to break the nightmare-level cosmic chains?”

Xu Ming did not know.

After all, there is no precedent to follow!

But...it doesn’t matter!

Yes! unimportant! – No matter how many battle credits he needs, Xu Ming directly brushes his battle credits to a terrifying astronomical number, no that's enough!

Xu Ming didn't believe it. The seven elephants limit and so many strong people are not enough to win the battle by himself?

swoosh—

Suddenly, several figures passed near Xu Ming.

“Xu...Senior Xu Ming?” Seeing Xu Ming, these figures were startled, and then hurriedly left, as if they were afraid to avoid it!

“Ha!” Xu Ming couldn't help laughing when he saw this scene.

Of course he knew why these people ran so fast! After all, now, the powerhouses in the seven abnormal quadrants are all searching for Xu Ming's trace; these powerhouses must be afraid that they are too close to Xu Ming, and they will also be targeted by the powerhouses in the abnormal quadrant.

It's just that these people don't know that in Xu Ming's eyes, the so-called powerhouses in the abnormal quadrant are just jokes!

If the powerhouses in the abnormal quadrant dare to find Xu Ming, no matter how many they come and how strong they are, they will just give Xu Ming a battle honor!

but...

The powerhouses in the abnormal quadrant, of course, do not know what kind of terrifying strength Xu Ming is! All the powerhouses in the abnormal quadrant are coveting Xu Ming's battle achievements!

Countless powerhouses in the abnormal quadrant have arranged countless eyes to follow Xu Ming's movements.

Not long after Xu Ming left the Valley of Gods and Demons, the place he passed by was already known by the powerhouses in the abnormal quadrant.

Although no one could follow Xu Ming; however, every place Xu Ming passed by became coordinate points, which were conveyed to the powerhouses in the abnormal quadrant. The powerhouses in the abnormal quadrant can roughly guess where Xu Ming will appear by simply connecting these coordinate points that Xu Ming passed by into a line.

so...

Ever since Xu Ming left the Valley of Gods and Demons and appeared in the sight of others, the powerhouses in the abnormal quadrant have been deploying, how to surround and kill Xu Ming.

But Xu Ming didn't know anything about this!

Of course, Xu Ming doesn't need to know either—for Xu Ming, who has “absolute strength”, he doesn't care at all no matter what the powerhouses in the abnormal quadrant do.

Indifference to everything!

This is the demeanor of having “absolute strength”!

“Huh?” Suddenly, Xu Ming, who was traveling at high speed in the abyss battlefield, frowned slightly, “Is it Lei Qiong Banzun's request for help?”

Xu Ming and Lei Qiong Banzun were not friends at all.

However, before, when Xu Ming was still in the Valley of Gods and Demons, he received a notification from Lei Qiong Banzun – at that time, Xu Ming did not know that he had been suspected by the powerhouses of the abnormal quadrant as a “nightmare-level cosmic chain”, and Start the hunt!

For Lei Qiong Banzun reminded himself that Xu Ming still accepted his favor! And at that time, Xu Ming also promised Lei Qiong Banzun that if he was in trouble, he could ask himself for help.

It's just that Xu Ming didn't expect that Lei Qiong Banzun would be in trouble so quickly.

"Is it really difficult, or..." Xu Ming's eyes narrowed slightly, "Or lied about being in trouble, but in fact, together with the powerhouse in the other quadrant, waiting for me to enter the trap?"

It's not that Xu Ming is suspicious, but... this kind of intrigue is too common in the abyss battlefield!

Not to mention the half-baked friendship between Xu Ming and Lei Qiong Banzun, even those who call themselves brothers often fall into this trap and are "sold" by their own brothers to the powerhouses in the visionary quadrant~www.readwn .com~ Abyss Battlefield is not just about fighting strength, but also all kinds of conspiracy and tricks.

But for Xu Ming...conspiracy? Just a joke!

"It doesn't matter if he is really in trouble, go and see first!" Xu Ming secretly said.

If it was really in trouble, then Xu Ming would rescue him, and it would be considered a favor to Lei Qiong Banzun; from now on, they would not owe each other.

And if it's a trap, then... don't blame Xu Ming for being ruthless!

call out-

Xu Ming turned into a stream of light and quickly flew towards the "Purple Mist Sea" where Lei Qiong Banzun was located.

...

The Purple Sea of Mist is located near the center of the abyss battlefield.

The endless special purple qi disturbs the time and space of the entire purple sea of fog, making the time and space become chaotic.

If there are powerhouses who are proficient in time and space, they will be extremely terrifying if they form a formation in the Purple Sea of Fog and use the power of the entire Purple Sea of Fog!

And now... Lei Qiong Banzun is in the sea of purple fog, and has fallen into the space-time formation set up by the powerhouses of the abnormal quadrant.

“I can’t hold it anymore!” Lei Qiong Banzun had a look of despair in his eyes, “As soon as I heard that I was trapped in the Purple Sea of Fog, none of my friends were willing to come to help...”

There is no way, it is too dangerous to be trapped in the Purple Sea of Fog! Unless it is a fatal friendship, almost no one is willing to help!

“I can only place my hopes on Senior Xu Ming...” Lei Qiong Banzun was also helpless, so he asked Xu Ming for help. After all, in his opinion, with such a shallow friendship between him and Xu Ming, it is almost impossible for Xu Ming to come to the rescue!

At this moment, Lei Qiong Banzun received a reply from Xu Ming.

“Hold on, I’ll be there soon!”

Just a few simple words, but Lei Qiong Banzun’s spirit was suddenly lifted, and he suddenly saw hope!

“Senior Xu Ming will come!”

Chapter 1928: Explain It!

“Senior Xu Ming will come!”

Lei Qiong half-zun’s eyes lit up.

In his opinion, Xu Ming is a “thirteenth-order” powerhouse! As long as Xu Ming is willing to come, this little scene in front of him is really not a problem at all!

“Brother, how’s it going?” Shen Yan Banzun asked with a sound transmission.

Lei Qiong Banzun and Shen Yan Banzun were two people who fell into the sea of purple fog together.

Lei Qiong Banzun said excitedly, “Xu Ming said he will be here soon!”

“It’s coming soon!” Shen Yan Banzun was also excited, “So... we’re saved!?”

“Yes! As long as we support a little, we will be saved!” Lei Qiong Banzun continued, “Although it is difficult for us to rush out of the sea of purple fog, but if we only support for a while, I can still do it! After all, I am not a vegetarian with the strength of Lei Qiong Banzun!”

Lei Qiong Banzun defeated Xia Yang Banzun, ranking “sixth” in the second quadrant of the universe’s arrogance list! His strength should not be underestimated!

In this sea of purple fog, Lei Qiong Banzun and Shen Yan Banzun were besieged by six powerhouses in the abnormal quadrant; however, Lei Qiong Banzun could also last for some time and would not be defeated for a while.

“Brother, I’m sorry, if it wasn’t for me to do my own thing...” Shen Yan Banzun said with a guilty look on his face.

“You and I, brothers, don’t need to say this, just concentrate on meeting the enemy!” Lei Qiong Banzun said.

In fact, the reason why the two fell into the trap of Ziji Wuhai was mainly because Shen Yan Banzun went his own way and insisted on chasing and killing a tenth-order powerhouse in the abnormal quadrant.

At that time, although Lei Qiong Banzun smelled a dangerous breath, but seeing that his brother had rushed into the sea of purple fog, he naturally had to follow! As a result, as soon as I followed, I fell into a trap.

only...

What Lei Qiong Banzun doesn't know is that there is no deep meaning in Shen Yan Banzun's "I'm sorry"!

"Brother?" There was a grim look in Shen Yan Banzun's eyes.

Although he keeps claiming that Lei Qiong Banzun is "big brother", in fact, in his heart, he doesn't take Lei Qiong Banzun very seriously – he just puts on a false appearance on the surface in exchange for Lei Qiong The trust of the half-honor, that's all.

And this time, being caught in the sea of purple fog was actually premeditated by Shen Yanbanzun.

At that time, Shen Yan Banzun heard that Xu Ming promised to save Lei Qiong Banzun once, and he had already started planning the layout! He quietly colluded with the powerhouses in the abnormal quadrant, and finally chose the location of the layout in the sea of purple fog.

"My stupid big brother..." Shen Yan Banzun secretly looked at Lei Qiong Banzun and sneered in his heart, "You must not know, it was me who spread the rumor that Xu Ming was a nightmare-level cosmic chain! Humph... Originally, I haven't I plan to sell you so early, and I want to follow you more in battle; but, who made you have such a connection with Xu Ming?"

From the beginning of the layout, Shen Yan Banzun has already made a plan – if Xu Ming does not come, then only his elder brother will be sold; if Xu Ming comes, then Lei Qiong Banzun and Xu Ming will be sold together!

And now, Xu Ming is coming...

In Shen Yanbanzun's view, things are developing in the best direction he expected!

"The secret deal with the powerhouses in the visionary quadrant is the first credit! This time, I helped these powerhouses in the visionary quadrant make such a big deal; then in the future, they will definitely repay me! At that time, I will still Are you missing a warlord?"

Betrayal and colluding with the powerhouses in the visionary quadrant are all for the sake of war!

“As long as I have Zhan Xun, I can break the cosmic chains on my body!” Shen Yan Banzun sneered in his heart, “As for eldest brother...you can die for me, I think you will die without any regrets!”

In an instant, countless thoughts appeared in Shen Yan Banzun’s mind.

However, on the surface, Shen Yan Banzun still pretended to resist to the death, without revealing any flaws!

Fighting for a long time...

Lei Qiong Banzun’s eyes suddenly lit up: “Senior Xu Ming has arrived! It’s just outside the Purple Mist Ocean! Come in right away!”

“Oh?” Shen Yan Banzun’s eyes also lit up.

It’s just that his eyes lit up, and it has two completely different meanings from Lei Qiong Banzun!

“Is it finally possible to close the net?” Shen Yan Banzun was trembling with excitement – for this layout, he made a lot of preparations, and even sold his elder brother Lei Qiong Banzun who had been “raised” for a long time!

“Hunt the thirteenth-rank powerhouse!” Shen Yan Banzun’s eyes were red. He felt that with this layout, he could blow it for a lifetime!

Quietly, Banzun Shen Yan deliberately opened a little distance from Banzun Lei Qiong to facilitate the next action.

And just then...

boom!

An aura that contained great coercion came in vain!

In the next moment, an indifferent figure staring at the world, directly smashed through the barrier of the heavy formation, and appeared beside Lei Qiong Banzun!

Xu Ming... here we go!

“Senior Xu Ming!” Lei Qiong Banzun shouted excitedly. Seeing Xu Ming, a thirteenth-rank powerhouse, Lei Qiong Banzun immediately felt that he had been rescued!

“It’s finally here!” Shen Yan Banzun tried his best to hide his complicated eyes. In his eyes, there are greed, hatred, pleasure, and madness...

Xu Ming was silent and indifferent.

In fact, with Xu Ming’s strength, before he entered the sea of purple fog, he had already noticed that there was something tricky in it! However, in front of Xu Ming’s “absolute strength”, this tricky thing is naturally not taken into account by Xu Ming at all Xu Ming is just interested to know how this tricky will play!

Therefore, Xu Ming rushed into the purple sea of fog without stopping.

“Senior Xu Ming, we...” Lei Qiong Banzun was about to say something when suddenly—

boom! !

The time and space of the entire purple sea of fog shook wildly!

Almost in an instant, a huge trapping formation that is thousands of times more complicated than the original trapping formation has taken shape! This trapped formation directly enveloped the entire purple sea of fog; the power of the entire sea of fog was borrowed by the trapped formation!

at the same time...

One after another, the powerhouses in the vision quadrant walked out from where they were hiding. Almost in the blink of an eye, tens of thousands of strong men appeared; moreover, the weakest all had “tenth-order” combat power!

Every powerhouse in the abnormal quadrant looked at Xu Ming and the others with a playful expression.

“This...this...” Lei Qiong Banzun was completely dumbfounded.

what’s going on! ?

Lei Qiong Banzun is not stupid, of course he knows that such a trapped formation, such a strong lineup, is definitely not for him! After all, if it was for him, then he would not be alive at all, and there would be no scum that had already been killed!

Since it wasn’t for his Lei Qiong Banzun, then... it can only be for Xu Ming!

“How could it be...” Lei Qiong Banzun’s mind was a little confused – this was obviously aimed at Xu Ming’s layout, why did he fall into such a layout? Moreover, the reason why he has survived until now is obviously because these visionary powerhouses use him as a bait!

“What’s the matter? How can the powerhouses in the abnormal quadrant be staring at me!?” During the meeting, Lei Qiong Banzun hadn’t thought that he was betrayed by his younger brother Shen Yan Banzun.

On the contrary, Xu Ming seemed very calm. He looked at Lei Qiong Banzun indifferently, playing with his taste: “Lei Qiong Banzun, what’s going on? Explain it!”

Chapter 1929: Start Your Show!

“Explain it!”

Xu Ming looked at Lei Qiong Banzun indifferently. There was no trace of joy and anger on his face.

“I...” Lei Qiong Banzun looked bewildered – he himself didn’t know what was going on, how to explain it?

“Senior Xu Ming...” Lei Qiong Banzun said with a sad face, “If I say... I don’t know what’s going on, do you believe it?”

“Really?” Xu Ming smiled noncommittally.

at this time-

“Hahahaha...” Shen Yan Banzun’s figure shot out, and he immediately entered the camp of the powerhouses in the abnormal quadrant; at the same time, he also laughed loudly, “Xu Ming, I didn’t expect it! Hahahaha...”

Xu Ming and Lei Qiong Banzun couldn’t help but look at Shen Yan Banzun.

The answer is already obvious! -Obviously, all of this was done by Shen Yan Banzun!

Xu Ming didn’t say anything, just looked at Shen Yan Banzun stomping lightly.

Lei Qiong Banzun was somewhat unacceptable: “Shen Yan, you...”

You know, Lei Qiong Banzun has always regarded Shen Yan Banzun as a brother who was born and died! The two have been in the abyss battlefield together many times, and even, Lei Qiong Banzun has saved Shen Yan Banzun’s life several times!

And in the sinking abyss, Shen Yan Banzun has always been very humble, and has always respected Lei Qiong Banzun!

Lei Qiong Banzun could not accept it, Shen Yan Banzun would betray himself!

“I see—” Lei Qiong Banzun’s eyes suddenly lit up, and he thought to himself, “Shen Yan Banzun should not want to harm me, but to deal with Xu Ming... That’s right! That must be the case!”

Up to now, Lei Qiong Banzun still has trust in Shen Yan Banzun.

“But in this way, didn’t I harm Senior Xu Ming?” Lei Qiong Banzun couldn’t help feeling guilty.

But then, Shen Yan Banzun's heartless words interrupted Lei Qiong Banzun's innocent fantasy.

"What are you!" Shen Yan Banzun sneered, "Do you think that my 'big brother' is for nothing? You made me call 'big brother' so many times, and it's not too much to pay the price now.?"

Shen Yan Banzun's words did not contain the slightest emotion.

Lei Qiong Banzun looked at him in disbelief: "Shen Yan, have you forgotten... If it wasn't for me to save you, you would have fallen into the abyss battlefield!"

"You save me, that's your business!" Shen Yanbanzun said confidently, "And now...you're dead, it's better for me! People don't kill themselves for their own sake, so eldest brother, I'm sorry!" in the years

Xu Ming could see it clearly – this Lei Qiong Banzun, obviously made friends carelessly, and was used by others!

Originally, if Lei Qiong Banzun lied to him, Xu Ming would definitely be very angry. After all, Xu Ming came to save Lei Qiong Banzun with great trust; if he was deceived, it would be strange for Xu Ming to be comfortable.

But now, Xu Ming knew that Lei Qiong Banzun was also deceived, and he felt much better—at least his trust was not betrayed.

For Xu Ming, feeling well is the most important thing! After all, from beginning to end, Xu Ming never paid attention to the rabble in these visionary quadrants.

"Let's see how they will jump!" Xu Ming thought to himself.

Of course, Xu Ming could see that Shen Yan Banzun and these tens of thousands of powerhouses in the abnormal quadrant were enough to slay the existence of "thirteenth-order" strength!

It's just... Xu Ming is not a "thirteenth-order" strength, but a "seventeenth-order peak"!

Use the lineup to kill the “thirteenth-order” powerhouses to deal with the “seventeenth-order peak” powerhouses? – Isn’t this a joke?

It can be said to be very funny!

“These tens of thousands of ‘tenth-order’ powerhouses, all replaced by ‘thirteenth-tier’ powerhouses, may still pose a little threat to me!” Xu Ming smiled inwardly.

“Tenth-order” powerhouses, all replaced by “thirteenth-order” powerhouses? -is it possible?

Don’t say “replace all”, even if you “replace only one”, you can’t find it! – In the eight-elephant limit, apart from Xu Ming, there is no way to find a powerhouse above the thirteenth order!

Xu Ming indifferently shifted his gaze to Shen Yan Banzun, as if to say: Start your performance!

Sure enough, Shen Yan Banzun did not disappoint Xu Ming, and really started to “perform”!

“Xu Ming!” Shen Yan Banzun looked at Xu Ming with a twisted look in his eyes, “I didn’t expect you to have such a day!”

“I didn’t expect it!” Xu Ming laughed.

To be honest, even Xu Ming somewhat admired Shen Yan Banzun—it was ruthless enough to admire him!

How cruel!

Back then, in the liberation domain of Sunken City, Shen Yan Banzun killed his son without saying a word for his own life! And now, Shen Yan Banzun sold his eldest brother Lei Qiong Banzun without hesitation in order to obtain the battle honor! – Such a selfish person really shocked Xu Ming. Close-up soldier Wang Qiao

“Xu Ming, my son died because of you. Today, it’s time to repay the debt with blood!” Shen Yan Banzun said coldly.

“Wait!” Xu Ming couldn’t help laughing again, “You were killed by your own hands!”

“Humph! If it wasn’t for you, how could I kill my son?” Shen Yanbanzun asked confidently, “It is because of you that I will kill my son, so naturally my son died because of you! Now, I want to avenge my son, what’s the problem?”

“No problem, no problem! You said no problem, no problem!” Xu Ming was too lazy to argue with a dying man.

“Also, Xu Ming, don’t expect, someone will come to save you!” Shen Yan Banzun seemed to not want Xu Ming to die so easily, and continued to talk, as if he wanted Xu Ming to despair completely.” Not to mention the time and space of the Ziji Wuhai, it has been completely locked, and no communication can be sent out! Even if the time and space are not blocked, the communication can be sent out It is impossible for someone to rescue you— If you call for help, you will only attract more powerhouses in the Vision Quadrant!”

“Today, you only have two possibilities—” Shen Yan’s hand pointed at Xu Ming, as if he was judging, “One is the more comfortable death, and the other is the pain point of death! Hahahahaha...”

Shen Yan Banzun was so complacent that he almost lost his mind.

But at this moment, a powerhouse in the abnormal quadrant suddenly kicked behind Shen Yan Banzun, directly kicking Shen Yan Banzun to the vicinity of Xu Ming.

Shen Yan Banzun was suddenly stunned. He looked at the visionary powerhouse in disbelief, and scolded, “You are not keeping your faith!”

“Faithfulness?” The eleventh-order visionary powerhouse immediately sneered, “Just you, you still have the face to talk about faith? Besides...you and I are two hostile quadrants. It is only natural for me to kill you; I kill, I can only say that you are too stupid!”

When Shen Yanbanzun heard the words, he immediately understood – he was “black and black”!

The routine of the abyss battlefield is too deep! Shen Yan Banzun did everything he could to earn some honors and break the cosmic chains on his body, but at the last moment, he was still trapped by the powerhouses in the abnormal quadrant!

“Aren’t you afraid of spreading the word and ruining your reputation? In that case, which of the powerhouses in the future will dare to cooperate with you?” Shen Yan Banzun said, doing his last struggle.

“Spread it out?” The powerhouses in the abnormal quadrant all laughed at once, “The time and space are completely blocked, how can it be spread out? Besides... Xu Ming is a thirteenth-order powerhouse! When the thirteenth-order powerhouse is crazy, he will spare no effort to It seems normal to kill you, doesn’t it?”

These powerhouses in the abnormal quadrant have already helped Shen Yan Banzun figure out the cause of death. In this way, even if Shen Yanbanzun, the “collaborator” dies, it will not affect their faith!

“Stop talking nonsense, kill all three!” Many powerhouses in the abnormal quadrant roared.

Chapter 1930: No Difference

“Stop talking nonsense, kill all three!” Many powerhouses in the abnormal quadrant roared.

“kill!”

“kill!”

“Kill it as soon as possible! So as not to have too many dreams at night!”

...

Although these powerhouses in the abnormal quadrant are numerous and powerful, they are confident that they can definitely kill Xu Ming. But in fact, they were quite apprehensive about Xu Ming’s existence as a “thirteenth-order”; they were also worried that Xu Ming would have any means of turning the tide of the battle or escaping!

Therefore, they all want to get rid of Xu Ming as soon as possible, so as not to have too many dreams at night.

It's just... These unfortunate powerhouses in the abnormal quadrant don't know that Xu Ming's strength is not "thirteenth-order" at all, but a "seventeenth-order peak" that they can't even think about!

They set up an ambush and besieged Xu Ming, which is itself a kind of "fancy death"! And now, the more anxious he is to shoot Xu Ming, the more anxious he is to die!

boom! boom! boom! boom! ...

Countless attacks rushed towards Xu Ming. The overwhelming attack seemed to have blocked Xu Ming's escape route!

"die!"

"With the cooperation of our tens of thousands of strong men, even if it exists in the thirteenth order, it will definitely die!"

"Humph! We have challenged more than ten 'thirteenth-order dangerous places'! How difficult is it to kill a thirteenth-order powerhouse?"

"I'm really looking forward to... After killing Xu Ming, I don't know how many honors I can get!"

"Definitely a very terrifying battle honor! After all, even those who did not participate in the killing of Xu Ming, but only came to the abyss battlefield, can get a lot of battle honors; and we directly killed Xu Ming, a nightmare. The powerhouse of the rank universe chain, the battle merit that can be obtained must be a terrifying number!"

"hope so!"

"But what if... Xu Ming is not a nightmare-level cosmic chain?" Suddenly, a powerhouse in the abnormal quadrant said.

yes! What if Xu Ming wasn't a nightmare-level cosmic chain?

After all, “Xu Ming is a nightmare-level cosmic chain” itself is an unconfirmed rumor. It can only be said that Xu Ming is more likely to be a nightmare-level cosmic chain, but not 100%!

These abnormal quadrant powerhouses suddenly discovered that if Xu Ming wasn’t a nightmare-level cosmic chain, it seemed... they would lose a lot!

“Humph! It doesn’t matter whether he is a nightmare-level cosmic chain or not, let’s kill it first!”

Up to now, it seems that these powerhouses in the abnormal quadrant can only kill Xu Ming!

“Kill me!?” Xu Ming laughed.

When the overwhelming attack approached, Xu Ming just spit out a word: “Stop!”

Suddenly, Xu Ming’s voice seemed to have great power, as if he was following the law. All these countless attacks stopped not far in front of him, unable to move forward at all, let alone hurt Xu Ming, Lei Qiong Banzun, and Shen Yan Banzun.

“What!?” Lei Qiong Banzun was stunned.

“What!?” Shen Yan Banzun was stunned.

“What!?” The tens of thousands of powerhouses in the abnormal quadrant were all stunned!

You must know that the joint attack of these abnormal quadrant powerhouses is enough to kill the existence of “thirteenth order”! In fact, there are also more than ten “thirteenth-order dangerous places” that have been conquered by them!

The strength of this group of abnormal quadrant powerhouses is beyond doubt!

But now... Xu Ming just spit out a word, and he blocked the attacks of all the powerhouses in the abnormal quadrant!

What a power this is! ?

The powerhouses present immediately felt that it was difficult to imagine how powerful Xu Ming was!

However, no matter how powerful Xu Ming is, there is no doubt about it, that is – definitely more than “thirteenth order”!

Yes!

Definitely more than the thirteenth order!

It might be the fourteenth order, it might be the fifteenth order, it might even be higher, but... definitely more than the thirteenth order!

At this time... tens of thousands of powerhouses in the abnormal quadrant looked at Xu Ming, and they only felt a deep pain in the eggs!

It really hurts!

In the battle of life and death, what are you most afraid of? – I am most afraid of underestimating the strength of the opponent!

And now, these tens of thousands of powerhouses in the abnormal quadrant obviously underestimated Xu Ming’s strength!

These abnormal quadrant powerhouses can only deal with the “thirteenth order”; even if they are only one order higher than the “fourteenth order”, they are not able to deal with it! – What is the fate of not being able to deal with it?

It was counter-killed!

is to die!

The abyss battlefield is not a place to play family! Between the powerhouses in the abnormal quadrant, once they start, it is a battle of life and death!

“This...” The most annoying thing in the audience is probably not the powerhouses in the abnormal quadrant, but Shen Yan Banzun!

Shen Yan Banzun was crying and mournful – the situation has changed too fast!

The moment before, Shen Yan Banzun thought that Xu Ming would definitely die, and pointed at Xu Ming’s nose, scolding him, so proud that he got carried away! The next moment, Shen Yan Banzun saw that the situation had taken a turn for the worse – it turned out that after a long time, Xu Ming didn’t pay attention to their rabble! It was them who forced their presence in front of Xu Ming!

“I...” Shen Yan Banzun was completely desperate, and he didn’t even want to ask for mercy – he knew that the powerhouses in the visionary dimension could still escape; however, he would definitely die!

Xu Ming would never let him go!

“escape!”

Sure enough, the powerhouses in the abnormal quadrant have already begun to flee. Tens of thousands of strong men, one by one, fled in different directions!

“escape!”

“escape!”

“escape!”

“Although Xu Ming is strong, it is impossible for us to hunt down so many of us at the same time! Whoever escapes and who falls, depends on luck!”

Seeing that the powerhouses in the abnormal quadrant were invincible, they all fled extremely decisively.

only...

“Escape?” Xu Ming’s mouth twitched slightly, and he sneered disdainfully, “Did I agree?”

In front of Brother Ming, if you want to ambush, you can ambush, and if you want to escape, you can run away?

How can there be such a good thing in the world!

“Humph!”

Xu Ming snorted coldly, shaking the entire purple sea of fog, time and space seemed to freeze! The powerhouses in the abnormal quadrant who escaped were also directly frozen in time and space, unable to escape any further.

Immediately, Xu Ming stretched out a single palm and grasped the void, and the time and space seemed to be compressed. All the powerhouses in the abnormal quadrant flew back to their original positions.

This scene made Shen Yan Banzun and all the powerhouses in the abnormal quadrant even more frightened!

Fourteenth grade?

If Xu Ming was only at the 14th rank, he would never be able to achieve this level! That is to say... Xu Ming’s strength may have reached the fifteenth order!

“Fifteenth order...” Everyone was terrified!

In the abyss battlefield, I am afraid that there has never been a fifteenth-order powerhouse?

Never had!

All the powerhouses in the abnormal quadrant just wanted to cry—the fifteenth-order powerhouses who had never appeared before were bumped into by them when they appeared for the first time; moreover, they were still besieged by them...

It's just that everyone doesn't know that Xu Ming is not "15th-order", but "17th-order peak"! However, whether you know it or not, it makes no difference – when the strength gap reaches a certain level, there is no difference between the fifteenth, sixteenth, and seventeenth orders!

There really is no difference!

Anyway... no matter what rank Xu Ming is in, these powerhouses in the abnormal quadrant will surely die!
