

A World 1961

Chapter 1961: Scam

The power center of Ziqiong Pavilion.

Ziqiong Temple.

Many of the high-level members of Ziqiong Pavilion are here to meditate cross-legged and realize the universe.

Those who can rank as elders in Ziqiong Pavilion are the existences of the three realms of shackles! Their pavilion master is already the pinnacle of the Three Realms of Shackles, touching the “absolute boundary” of the universe!

These high-level officials naturally know that Jiuxiao Holy Land is challenging Ziqiong Pavilion outside. However, in their opinion, this kind of thing is just a joke, and they don’t even have any interest in paying attention; none of the elders even want to show their faces, so Elder Shi Que went to deal with it.

“Pavilion Lord!”

Several high-level executives chatted about other things in a low voice.

“Our strength has reached the three realms of shackles; in the virtual universe, there is very little room for improvement, and there is almost no progress! What do you think... Let’s find an opportunity to enter the real universe?”

The existence of standing at the peak in the virtual universe will naturally want to enter the real universe.

After all, the “limit” of the true universe is higher, it can reach a stronger level of power, and go further on the road of cultivation!

“Entering the real universe?” Pavilion Master Zi Qiong showed a hint of contempt, as if to say—to ask such a question, he is still too young!

After a moment of silence, Pavilion Master Zi Qiong continued, “Why do you want to enter? In pursuit of a higher level of power?”

“Yes!” The “Elder Suiyuan” who asked the question had a look of longing in his eyes, and he was full of hope for higher-level power.

Pavilion Master Ziqiong smiled faintly and said, “The realm is still too low!”

“Huh?” Elder Suiyuan said humbly, “I also ask the pavilion master to enlighten me!”

“Entering the real universe, there is indeed hope to reach a higher level of power!” Pavilion Master Zi Qiong said lightly, “After all, in the virtual universe, the upper limit of cultivation is the upper limit, and the peak of the three realms of shackles is the upper limit of power; and in the real universe, Cultivation can reach the Supreme Being, the Supreme Being, and the Supreme Being! But... do you think it is so easy to improve your cultivation in the real universe?”

“You are now shackled by the strength of the three realms. In the virtual universe, you are already standing at the pinnacle of existence! But if you reach the real universe, it is difficult to say whether your achievements will reach the supreme being in the future; and even if you do, in the real universe, only It can be regarded as a powerhouse, but not a top powerhouse!” Speaking of which, Pavilion Master Ziqiong gave a sly smile, “I would rather be a chicken head than a cow queen, you don’t understand this principle, right? – Why let it go? It is inappropriate to focus on the absolute powerhouse in the virtual universe, but instead go to the real universe to be an ordinary powerhouse?”

“And...” Pavilion Master Ziqiong continued, “Even if you are in the real universe, you have cultivated to the level of ‘Heavenly Supreme’ and become the ultimate powerhouse in the real universe, so what? It’s just the same as your current achievements and status. Moreover, most of the possibilities are that you cannot cultivate the Heavenly Sovereign!”

Elder Suiyuan seems to understand a little – yes! I have already stood at the peak in the virtual universe, why should I go to the real universe to start from the bottom? Have nothing to do?

“And...” Pavilion Master Ziqiong suddenly lowered his voice and said mysteriously, “You don’t know at all, the so-called ‘stronger power level’ is actually just a scam!”

“Scam?” Elder Suiyuan couldn’t help but wonder.

In the hall, many elders who were originally in retreat also opened their eyes and looked at Pavilion Master Ziqiong.

“Specifically, it is inconvenient for me to say more; once I say it, the will of the universe will come to trouble!” Pavilion Master Zi Qiong laughed, “I will say two random points, you can think for yourself—first, some days in the real universe. Supreme, even if you give up your cultivation, reincarnate and rebuild, you will also come to the virtual universe! Moreover, you think, even the Sinking Demon Lord, who stands at the pinnacle of the real universe, can freely travel the long river of time, and traverse the past and the future. Invincible existence, They gave up everything in the real universe and forcibly descended into the virtual universe... Is the virtual universe really as simple as you think?”

“Second, my strength is stronger than all of you, right? But you look at me, have you ever thought about going to the real universe? – Hey, don’t you think about it, there is no reason for this?”

Suddenly, Elder Suiyuan fell into deep thought—yes! Even the pavilion master who has reached the “absolute limit” relies on the virtual universe and refuses to go to the real universe; his strength and talent are definitely not as good as the pavilion owner, so why go to the real universe?

“Thank you pavilion master for your guidance, I understand!” Elder Suiyuan made a decision in his heart – at least he had to wait until his strength reached the peak of the Three Realms of Shackles and touched the “absolute limit” before considering whether to go to the real universe.

“Don’t think too much, just stay in the virtual universe with peace of mind!” Pavilion Master Ziqiong said lightly, “For us, staying in the virtual universe actually has a greater chance than going to the real universe!”

at this time...

All the senior officials of Ziqiong Pavilion suddenly frowned—they received a call for help from Elder Shi Que!

“what happened?”

“what’s the situation?”

The high-level members of Ziqiong Pavilion, the first reaction was not to read the news, but to feel unbelievable – Elder Shi Que, but the three realms of shackles exist, and there are forty-nine clones! How could even a Hou-level force be unable to handle Jiuxiao Holy Land?

Pavilion Master Ziqiong unhurriedly opened the news and looked at it.

“Pavilion Master! Please quickly gather all the strong men of Ziqiong Pavilion! Speed!” Elder Shi Que said anxiously.

“What?” Pavilion Master Ziqiong couldn’t believe it—how strong an enemy did Elder Shi Que meet? How could such a distress call be issued?

Speed to gather all the strong! ?

Even if other imperial forces come, there is no need to be so anxious, right?

Pavilion Master Ziqiong was about to get up to see what happened when Elder Shi Que sent another call for help.

“Pavilion Master! No good! We have been surrounded by Xu Ming!”

Surrounded by?

The Master of Ziqiong Pavilion became more and more stunned when he heard it – there are still people who can surround Ziqiong Pavilion?

Moreover, “being surrounded”, shouldn’t it be “surrounded by so-and-so forces”? What does it mean to be “surrounded by Xu Ming”?

How could Xu Ming “encircle” Zi Qiong Pavilion by himself?

How did Pavilion Master Ziqiong know... Under Xu Ming's unbridled split, the number of his clones quickly exceeded one million, ten million, and already hundreds of millions!

Hundreds of millions of clones!

And each clone has the strength of the two realms!

Can Elder Shi Que not panic?

Moreover, when Elder Shi Que said that he was "surrounded by Xu Ming", there was nothing wrong with the description, and the description was very accurate – indeed, Xu Ming alone surrounded the entire Ziqiong Pavilion!

Pavilion Master Ziqiong was about to summon the army to fight out, when Elder Shi Que's third message came: "Pavilion Master, stop struggling, let's just surrender!"

surrender! ?

"Pfft!" Pavilion Master Ziqiong spurted blood directly; while he was puzzled, he immediately killed him, "What the **** happened!?"

Chapter 1962: Royal Power

"In the end what happened!?"

Pavilion Master Zi Qiong is almost unimaginable.

In such a short period of time, Elder Shi Que sent three messages in a row, and the situation became more severe; from the first message for help, to the third message to directly persuade surrender...

boom!

The master of Ziqiong Pavilion instantly controlled the great formation of Ziqiong Pavilion and saw everything in the outside world.

“This...this...” Pavilion Master Zi Qiong looked stunned.

“Pavilion Master, what’s wrong?”

“Pavilion Master?”

The other high-level executives who rushed out together were puzzled.

“See for yourself...” Pavilion Master Ziqiong projected the situation outside the great formation.

I saw that outside the great formation, hundreds of millions of Xu Ming’s clones had surrounded Ziqiong Pavilion in all directions. Every clone is the combat power of the shackles!

“This...” All the senior members of Ziqiong Pavilion were stunned. Now, they finally know why Elder Shi Que directly persuaded them to surrender.

“how come...”

“So many clones...”

Pavilion Master Ziqiong sighed and said, “It seems... this Xu Ming is likely to be a certain Heavenly Sovereign from the real universe, who was reincarnated into the virtual universe; moreover, his accomplishments in the way of avatars must be extremely high! Let’s go, defeat! I gave it to a top powerhouse in the real universe, there is nothing to be dissatisfied with!”

...

Outside Ziqiong Pavilion.

Xu Ming’s hundreds of millions of avatars, at the same time, set his eyes on Elder Shi Que, and jokingly said: “Is it still more than avatars?”

“No more...” Elder Shi Que didn’t dare to say a word.

“Hahahaha...” At this moment, the voice of the master of Ziqiong Pavilion came out, and a group of high-level officials of Ziqiong Pavilion also appeared, “Brother Xu Ming, you are really good! Thinking of making such a big move for the first time! Why don’t you come to our Ziqiong Pavilion and sit down, how about you?”

“The Master of Ziqiong Pavilion?” Xu Ming looked over and said with a sneer, “I didn’t come to sit down, but to attack Ziqiong Pavilion! From now on, this place will no longer be called your ‘Ziqiong Pavilion’. It’s called our Jiuxiao Holy Land!”

Arrogant!

Extremely arrogant!

Everyone was shocked by Xu Ming’s arrogant tone.

But this time, no one dared to laugh at Xu Ming again; because Xu Ming really has the arrogant qualifications!

“Brother Xu Ming!” Pavilion Master Ziqiong smiled again, “Look... Is there any misunderstanding between us? You and I have never met, let alone any grievances; why did you attack our Ziqiong Pavilion? ?”

“There’s no misunderstanding!” Xu Ming said directly, “The grudge... it’s a little bit!”

“I also ask Brother Xu Ming to make it clear, where did our Ziqiong Pavilion get offended?” Ziqiong Pavilion’s attitude is very low – there is no way! Hundreds of millions of clones! This is so scary!

“Your Bingfeng Supreme of Ziqiong Pavilion offended me, so I came to attack you!” Xu Ming said lightly.

In fact, regardless of whether there is Bingfeng Supreme, Xu Ming will come to attack a royal-level force. Now that there is the point of Bingfeng Supreme, it is the best, just to be “famous.”

“Then... I asked Bingfeng Supreme to apologize to you, what do you think?” Pavilion Master Zi Qiong said directly.

“There’s no need to apologize!” Xu Ming interrupted directly, “Anyway, I’m going to attack Ziqiong Pavilion now!”

Xu Ming’s logic is very simple – if the Bingfeng Supreme of your Ziqiong Pavilion offends me, then I will directly attack Ziqiong Pavilion! Just so arrogant!

“Pavilion Master Ziqiong! Are you ready to resist, or are you going to surrender directly?”

Too arrogant!

However, Xu Ming’s hundreds of millions of avatars are eyeing here, and they have the qualifications to be arrogant. What’s wrong?

“I...” Pavilion Master Ziqiong didn’t think much, and said directly, “Yes! My Ziqiong Pavilion gave up the quota of emperor-level forces!”

“Pavilion Lord!”

“Pavilion Lord!”

The elders were in a hurry and quickly persuaded.

The master of Ziqiong Pavilion said in a faint voice in private: “It’s okay, giving up the quota of emperor-level forces will not cause any substantial loss to our Ziqiong Pavilion! I feel that Xu Ming attacked our Ziqiong Pavilion. The purpose is here; let’s back down for a while and see what Xu Ming wants to do! The big deal, we’ll attack the imperial-level forces in the future!”

In fact, Pavilion Master Zi Qiong was really puzzled. Because he really couldn’t understand what Xu Ming’s purpose was.

However, Pavilion Master Ziqiong also has his wisdom – since you can’t understand it, then stand aside and take a good look! After you understand it, attack other emperor-level forces and take back the places of the emperor-level forces!

“Uh...” Hearing Pavilion Master Ziqiong’s answer, Xu Ming couldn’t help but stunned slightly – was he directly counseled? So cowardly?

Originally, Xu Ming was well prepared, and wanted to experience what kind of strength “the peak of the three realms of shackles” is!

Uncomfortable!

However, since the other party is cowardly, Xu Ming shouldn’t be too bullying! After all, Xu Ming always eats soft and not hard.

“Then all of you Ziqiong Pavilion, hurry up and evacuate from here!” Xu Ming said directly.

“Okay!” Pavilion Master Ziqiong did not hesitate at all, “I will call all the powerhouses in the pavilion and leave this place!”

“That’s right! And... the Emperor Talisman!” Xu Ming said again Only the controller of the imperial power can possess the Emperor Talisman!

“Emperor Talisman?” Pavilion Master Ziqiong was slightly startled, and seemed to have vaguely guessed Xu Ming’s purpose—Xu Ming wanted to mobilize Emperor Tingwei! And it’s a huge move!

“Okay!” When it came to the Emperor Talisman, Pavilion Master Ziqiong couldn’t help but hesitate a little, but still handed over the Emperor Talisman.

Xu Ming held the Emperor Talisman, and gradually formed some plans in his heart—the Emperor Talisman, there are five pieces in total! As long as three Emperor Talismans agree, all the Imperial Court Guards can be mobilized!

The forces of the Emperor’s Guard spread throughout the eighth quadrant!

All the imperial guards are dispatched, and they can sweep all parties in the eighth quadrant!

And now, Xu Ming already has an Emperor Talisman in his hand! As long as you find a way to get the consent of the two emperor talismans, you can mobilize the imperial court guard!

As for how to get the consent of the other two emperor talismans... Of course it is reasonable!

Speak with your mouth, or... with your fists!

...

boom!

The plaque with the three characters “Ziqiong Pavilion” was removed.

And the plaque of “Jiuxiao Holy Land” was hung high.

The supreme powerhouses of Jiuxiao Holy Land, although almost all of them came, but in terms of number, it gives the impression that there are only three or two kittens and puppies.

“We... we...”

Holy Master Jiuxiao looked at the plaque hanging high and couldn’t believe his eyes: “We actually become an emperor-level force?”

Before, when Xu Ming said that Jiuxiao Holy Land would become an emperor-level force, no one believed it, and other forces even laughed at him; but now, in just a short time, Jiuxiao Holy Land has really become an emperor-level force!

Xu Ming single-handedly pushed Jiuxiao Holy Land to an emperor-level force!

Chapter 1963: Extremely Domineering

Deep underground in Ziqiong Pavilion, there are separate retreat spaces one after another.

In a certain silent time and space, sharp ice swords condensed all over the space.

These ice swords are not ordinary ice swords, but are formed by freezing time and space – each ice sword is a piece of frozen time and space! If hundreds of millions of ice swords erupt at the same time, the power can be imagined!

Bingfeng Supreme was in the middle of hundreds of millions of ice swords, and his state of mind was as silent as this space-time.

silence.

ethereal.

Bingfeng Supreme's mind also began to transform in this silence and ethereal spirit.

“The practice method I practice can quickly transform my strength! It's a pity... the only flaw of this practice method is that it will never be possible to cultivate to the peak of the Three Realms of Shackles, and it is impossible to reach the ‘absolute boundary’ of the virtual universe!”

But for Bingfeng Supreme, it is already very satisfying to have the current achievements!

“promote...”

“Metamorphosis...”

Bingfeng Supreme's expression gradually revealed a Buddha-like smile.

But at this moment-

Boom! !

A huge crashing sound suddenly shook the entire space-time.

Bingfeng Supreme's state of mind was instantly destroyed, and hundreds of millions of ice swords were also shattered; the originally silent time and space suddenly became chaotic.

“puff!”

Bingfeng Supreme suddenly spit out a mouthful of black blood, and even his cultivation base fell a little.

“What's going on!?” Bingfeng Supreme looked ugly – the retreat was forcibly interrupted, this is a big taboo!

“Pavilion Master!?” Soon, Bingfeng Supreme saw the person who interrupted his retreat – it was Ziqiong Pavilion Master.

“Bing Feng!” The voice of Pavilion Master Zi Qiong sounded indifferently, “Why did you isolate the communication?”

The reason why Xu Ming would kill Ziqiong Pavilion was more or less related to Bingfeng Supreme; so when he saw Bingfeng Supreme, Ziqiong Pavilion's face was not very good-looking. In particular, Bingfeng Supreme even completely cut off the communication, which made Pavilion Master Zi Qiong even more annoyed, and even broke the level directly.

“What's the matter, Pavilion Master? Could it be that something major has happened!?” Bingfeng Supreme was a little puzzled – the reason why he cut off the communication was because he was interrupted several times by the communication from the Sect Master. Unexpectedly, Pavilion Master Zi Qiong would break through the barrier and enter.

Pavilion Master Ziqiong said coldly, “Your enemy is here!”

“The enemy? Xu Ming?” Bingfeng Supreme was a little puzzled – in his opinion, if Xu Ming came to the door, then come to the door! With such a small matter, does Pavilion Master Ziqiong personally come to break his barriers?

When... Zi Qiong Pavilion became so spineless?

“That’s right, it’s Xu Ming!” Pavilion Master Ziqiong said coldly.

“Pavilion Master!” Bingfeng Supreme said inexplicably, “Are our dignified forces afraid of a mere Xu Ming?”

The Master of Ziqiong Pavilion looked a little weird and said, “Our Ziqiong Pavilion... is no longer an emperor-level force! Now, Jiuxiao Holy Land is an emperor-level force!”

“What!?” Bingfeng Supreme was stunned there.

“And...” Ziqiong Pavilion Master said again, “If there is only one Xu Ming, we are really not afraid of Ziqiong Pavilion! But now it is not ‘one Xu Ming’, but ‘hundreds of millions of Xu Ming’...”

Hundreds of millions of clones!

And it’s all about the strength of the Second Realm!

No matter which royal power it is, I am afraid it will despair!

“Go out and make your grievances clear!” Pavilion Master Ziqiong said lightly.

...

The grievances between Holy Master Jiuxiao and Bingfeng Supreme are actually like that.

It is nothing more than that when Bingfeng Supreme was still weak, he wanted to join Jiuxiao Holy Land, but was rejected by Jiuxiao Holy Master and humiliated; but at that time, Bingfeng Supreme was not called Bingfeng Supreme, but another name. .

Later, Bingfeng Supreme’s strength soared, and even reached the three realms of shackles; when he had nothing to do, he naturally wanted to humiliate Holy Master Jiuxiao in turn.

Xu Ming was too lazy to pay attention to these personal grievances.

After Xu Ming captured Ziqiong Pavilion, he directly held the Emperor Talisman and came to the “Emperor Court” – the only emperor-level force in the entire eighth quadrant!

There are only five seats at the round table of time and space, which symbolizes the highest power in the eighth quadrant. Xu Ming and the controllers of the other three emperor-level forces were all present; there was another seat, but it was vacant—this seat was for a certain powerhouse in the real universe; This person will not come to the virtual universe, unless there is something important that cannot be resolved.

“Brother Xu Ming is really good!”

“With one’s own power, he has captured the imperial power!”

“Brother Xu Ming, holding the Emperor Talisman, called us here, what’s the matter? – Since there is something, let’s get straight to the point and say it!”

Xu Ming smiled and looked at the controller of the three imperial powers and said, “There is indeed something!”

Snapped!

Xu Ming directly put his piece of Emperor Talisman on the space-time round table: “I want to mobilize all the imperial guards! I hope a few can support me!”

To mobilize all the imperial court guards, three or more imperial talismans must agree at the same time. Xu Ming already had one piece in his hand, so he still needed the approval of two pieces of Emperor Talisman.

“To mobilize all the imperial guards?”

“This is no child’s play! Maybe it will make the entire eighth quadrant fall into ruin!”

“I’m afraid... Imperial Court will also suffer heavy losses, right?”

Pavilion Master Qi Tian and other leaders of the three emperor-level forces all expressed their concerns.

“Don’t worry!” Xu Ming said indifferently, “It won’t cause the Emperor Tingwei to suffer heavy losses, nor will the eighth quadrant be ruined! It’s just to help me eradicate some enemies! – However, my enemy forces are spread throughout the eighth quadrant, only by mobilizing the imperial guards in a big way can they be wiped out in one fell swoop!”

“Brother Xu Ming, who is your enemy...?” Pavilion Master Qi Tian asked.

“No need to ask!” Xu Ming’s attitude was extremely domineering, “You just need to agree!”

“Hey—” The faces of the leaders of the three emperor-level forces all changed in unison—they are at the top of the eighth quadrant, and they want to save face! And Xu Ming’s remarks are too disrespectful to them!

Don’t wait for the three to speak.

Xu Ming said again: “You can disagree! – If you disagree, I will spend a little more effort, just like attacking Ziqiong Pavilion, to attack you; then, I will control the Emperor Talisman myself!”

Xu Ming’s meaning is very simple – if you agree, you’ll be fine; if you don’t agree, you’ll steal your imperial talisman!

overbearing!

Extremely domineering!

Pavilion Master Qi Tian and other leaders of the three emperor-level forces have extremely ugly expressions on their faces—the three of them have already stood at the top of the eighth quadrant, so how could they have been so angry? However, Xu Ming’s avatar was too terrifying, and they couldn’t help but give in!

After serving, you will be fine, you are still a royal force!

If you don't agree, I'll take you down!

As for this is not too bullying?

That's right! Xu Ming is bullying people!

With an extremely domineering attitude and thunderous means, he took control of the Emperor's Guard!

"Okay, you can decide for yourself!" Xu Ming said lightly.

Chapter 1964: Impossible To Complete

"Okay, you decide for yourself!"

The controllers of the three emperor-level forces looked at each other, and finally nodded in unison: "Okay! We agree with you and mobilize all the imperial guards!"

In this way, this incomparably short roundtable meeting allowed Xu Ming to gain control of the Emperor's Guard!

"Finally successful!"

Taking control of Emperor Tingwei, he was one step closer to the implementation of Xu Ming's plan.

"The next step is to check the information of the Emperor's Guard!" Xu Ming secretly said, "The Emperor's Guard, stationed in countless billions of 'heaven'! In the entire eighth quadrant, as long as it is a decent force, the Emperor's Guard will be It's all recorded!"

Looking at the entire eighth quadrant, countless billions of "sky", and countless billions of forces, this is undoubtedly a very vast work! Fortunately, Xu Ming can be cloned into hundreds of millions at the same time, and it shouldn't take much time to check this information!

“After checking the information, all suspicious forces will be wiped out!”

At this moment, Xu Ming became extremely cold-blooded.

“I’d rather kill by mistake! Don’t let it go!”

...

When Xu Ming went to Emperor Tingwei to check the information, he did not know that the leaders of the four emperor-level forces, such as Pavilion Master Ziqiong and Pavilion Master Qi Tian, quietly gathered together.

“Three!” Pavilion Master Ziqiong said first, “Can you understand this Xu Ming?”

“can’t read!”

“baffling!”

“Yeah! This Xu Ming’s apprenticeship is very strange! The only certainty is... He should have a big move in the eighth quadrant!”

The leaders of the four emperor-level forces are all standing at the top of the eighth quadrant, touching the “absolute boundary” of the virtual universe. However, with their vision, Rao could not understand what Xu Ming was doing at all.

“Pavilion Master Ziqiong!” Suddenly, Pavilion Lord Qitian said, “Speaking of which... Xu Ming is here to attack you Ziqiong Pavilion, why don’t you fight him and test his strength? Why did you just surrender?”

“That’s right!” Another rhinoceros horn expert also said, “We are all beings at the peak of the three realms of shackles, and we have all touched the absolute limit of the virtual universe! In the virtual universe, even if we are defeated, absolutely no one can kill us. Kill us; if that’s the case, why don’t you test Xu Ming?”

The pinnacle of the Three Realms of Shackles is the absolute pinnacle of the virtual universe!

What is “absolute peak”?

That is – there is no power that can surpass this level! There is no power that can kill this level of existence!

In other words, pavilion master Ziqiong, pavilion Qitian and other peak powers of the three realms of shackles are absolutely invincible in the virtual universe!

Xu Ming can make hundreds of millions of clones. It stands to reason that if his billions of clones shoot together, the power will definitely surpass the “peak of the three realms of shackles”! However, because of the suppression of the “absolute limit”, even if Xu Ming summoned billions of clones and shot at the same time, in the virtual universe, it was impossible to surpass the power of the peak of the three realms of shackles!

so...

Although there are many clones of Xu Ming, in fact, Pavilion Master Ziqiong and several other beings standing at the true peak of the virtual universe are not afraid of Xu Ming!

Xu Ming couldn't kill them anyway!

“Ha!” Pavilion Master Ziqiong couldn't help sneering, “What you said is quite light! Then why didn't you test Xu Ming when you were in the roundtable meeting?”

“Hahahaha...” The pavilion master Qi Tian and the others immediately laughed.

“Why else? It's not because I'm afraid Xu Ming will go crazy!”

“Yes! The few of us are really not afraid of Xu Ming, nor are we worried about what Xu Ming can do to us! But... the people below us are still afraid of Xu Ming!”

“Xu Ming's avatar is indeed too terrifying, it is so terrifying that there is no solution! As long as it does not reach the ‘peak of the three realms of shackles’, even if it is the ‘peak of the three realms

of shackles', when you see Xu Ming, you have to go around! Xu Ming is going crazy and wantonly slaughtered within our four emperor-level forces, that's not good!"

"Indeed! As long as Xu Ming doesn't start a killing spree in the holy world, he can do whatever he wants outside the holy world!"

The virtual universe, how vast!

Looking at the entire quadrant, the Supreme Realm powerhouse, or even the upper-ranking Supreme Powerhouse, can actually be said to be worthless! Only reaching the "shackled state" is the true heritage of a quadrant!

In the eyes of these powerhouses at the peak of the three realms, even the powerhouses in the supreme realm are all ants! – Will they care about the life and death of the ants? of course not!

Even the masters such as Pavilion Master Ziqiong still have some vague expectations—the eighth quadrant has been silent like stagnant water for too long! If Xu Ming can make a big noise and shuffle the eighth quadrant, it seems not bad!

...

Xu Ming naturally didn't know that Pavilion Master Ziqiong, Pavilion Master Qitian and other peak existences were talking about him behind his back.

Of course, even if Xu Ming knew about it, he wouldn't care—as long as it didn't affect the execution of Xu Ming's plan!

"This eighth quadrant is similar to the Temple of Despair, and there are so many forces that are suspected to be the minions of Gu Hanmo's enemy!" Xu Ming's avatars are billions of millions. After sorting out these forces, he is also very shocked! I finally realized that a quadrant is such a vast concept!

"There are more than 5 trillion 'suspected forces' in total!"

More than five trillion!

What an astronomical number this is! ?

Gu Hanmo's enemies are all over the more than 5 trillion pieces of "sky"!

And this is only a small part of all the "days" in the eighth quadrant !

A quadrant is so vast, almost endless!

"These more than 5 trillion 'suspected forces' ..." Xu Ming's eyes were cold and merciless, "All annihilated, not one left!"

Xu Ming knew that among them, there would definitely be wrong kills! However, the number of wrong kills is definitely not much!

Xu Ming took out the imperial talisman and issued an order: "All the generals of the Imperial Guard, obey the orders, and prepare to go out!"

call out! call out! call out! call out! ...

In an instant, countless hundreds of millions of messages, through the Emperor Talisman, spread to all the generals of the Imperial Court Guard in the entire eighth quadrant!

In the heavens, the imperial guards of all parties began to assemble urgently.

As for Xu Ming, the target of the expedition was sent to the generals of the Imperial Guards in various places.

"For this expedition, we will destroy more than 5 trillion forces at the same time! All the forces I mentioned, no matter what the reason, will be wiped out!" Xu Ming said again.

But at this moment, Pavilion Master Qi Tian wondered: "Is it a complete annihilation? Instead of blocking the small universe of these forces?"

“Huh?” Xu Ming was stunned for a moment, but continued, “Of course it will be completely wiped out!”

After Xu Ming attacked the eighth quadrant, he had to go to other quadrants! If it is not completely destroyed, but only the small universe that blocks these forces, then when Xu Ming is gone, aren't these forces released again? Xu Ming's busy work is not in vain!

Therefore, it must be completely wiped out! Not just block the small universe!

“But...” Pavilion Master Qi Tian said again, “If it is to be completely wiped out, I am afraid it will be difficult to achieve! It is almost impossible to complete!”

“Impossible?” Xu Ming was taken aback, “Why is this?”

Chapter 1965: The Army Of Hundreds Of Millions

“Impossible?” Xu Ming was taken aback, “Why is this?”

Pavilion Master Qi Tian was a little surprised that Xu Ming would ask such a question.

“Brother Xu Ming, don't you know that it is very difficult to destroy a small universe? Destroying a small universe controlled by the Supreme is extremely difficult and extremely difficult! – And these forces that Brother Xu Ming wants to destroy are all controlled by the Supreme Supreme. With a small universe, this... can't be wiped out at all!”

“Yeah!” Another strong man also said, “Even if you pay a big price, you can destroy one or two small universes controlled by the superiors, but after all, they are only a very small number! I want to destroy the small universes controlled by the superiors on a large scale. , it's really impossible!”

“Oh...” Xu Ming was stunned, “So that's what you're talking about!”

Destroying the small universe is extremely difficult, and Xu Ming naturally does not know it!

But... don't forget, the new plug-in function “Second Day, Second Earth, Second Air” that Xu Ming has just opened is specially used for Second Small Universe!

“Don’t worry, I have my own way to solve this problem you mentioned!” Xu Ming said, “As long as the army of Emperor Tingwei attacks the nests of those forces and traps them in the small universe; then, I have my own way to break the small universe. !”

“Oh?” Pavilion Master Qi Tian and other great masters were a little surprised – they couldn’t think of what Xu Ming could do to destroy the small universe! After all, the small universe under the control of the superior, even if it exists at the peak of the shackles of the three realms, it is difficult to break it!

“If there are no other problems, then... go on an expedition!”

...

The Imperial Court represents the pinnacle of power in the entire eighth quadrant.

The Emperor Talisman represents the absolute military power of Emperor Tingwei!

With Xu Ming’s order, the entire eighth quadrant of the Imperial Guards moved.

call out! call out! call out! call out! ...

Emperor Tingwei’s army of hundreds of millions directly killed the more than five trillion forces that Xu Ming said. Wherever the army passes, all the people and horses of these forces will be killed!

Through the Emperor Talisman, Xu Ming could feel the situation of the army of hundreds of millions.

“Is this the taste of absolute power?” Xu Ming couldn’t help sighing.

If there is no control over Emperor Tingwei, then it will be really difficult for Xu Ming to kill the “minion forces” in the entire eighth quadrant!

Of course, Xu Ming is very clear that the reason why he can have “absolute power” is because he has absolute strength – “absolute strength” that makes the four emperor-level forces have to bow their heads!

so...

Only strength is the last word!

When he goes to other quadrants, Xu Ming will use his “absolute strength” to seize the “absolute power” of those quadrants!

“When I remove all the ‘minion forces’ of the eight elephants, it will be much easier for Han Mo to deal with the pursuit of the enemy, right?” Xu Ming secretly said.

actually...

At the beginning, Gu Hanmo asked Xu Ming to help remove some “minion forces”, just to give Xu Ming a goal to strive for; he did not expect Xu Ming to be able to help in any substantial way.

Gu Hanmo would never have imagined that Xu Ming was about to wipe out the “minion forces” of the entire eighth quadrant! Moreover, in the near future, the “minion forces” of the other seven elephants will be wiped out!

At that time, the Eight Great Limits of the Virtual Universe will be Gu Hanmo’s absolute safe zone!

In this absolute safe zone, Xu Ming will not let Gu Hanmo suffer any harm – even if he is standing at the top of the real universe, he will never hurt Gu Hanmo!

In the virtual universe, Xu Ming has the final say!

“It’s coming! It’s coming!” Xu Ming already had a premonition that he was not far from the limit of the Eight Great Era of Dominating the Void Universe!

...

Luoshuitian.

Heart and soul religion.

“Hahahaha...” The leader of the heart bone is very proud, “The forces under me have infiltrated every virtual universe! It’s only a matter of time until all the targets are discovered! Hahahaha...”

The goal in the mouth of the leader of the heart bone naturally refers to the incarnation of Gu Hanmo!

Although, once Gu Hanmo’s incarnation is discovered, it will immediately self-annihilate without leaving a trace; however, the more incarnations are discovered, the more disadvantageous it will be to Gu Hanmo!

Even if these minions have penetrated widely and deeply enough, then Gu Hanmo’s incarnation may have nowhere to hide! At that time, it would be really dangerous for Gu Hanmo!

“When this is done, I will go to the real universe in the future, and I will definitely be rewarded!” The leader of the heart bone thought happily.

And just then...

Suddenly, a superior supreme powerhouse reported: “Cult Master, it’s not good!”

“What’s wrong?” The Heart-Bone Sect Master was displeased, “What’s going on in a panic!?”

“We...we are surrounded by the Imperial Guard!”

“What!?” The leader of the heart bone suddenly stood up, “Di Tingwei? We and Emperor Tingwei have never had any grievances or enmity. Why did they surround us?”

Swish!

The Sect Master of Heart Bone hurriedly rushed out.

Sure enough, the several virtual universes controlled by the Divine Cult of the Heart and Bone had already been surrounded by the army of Emperor Tingwei! Moreover, the leader of the heart bone just got the news that the people he arranged to infiltrate the various virtual universes also suffered heavy losses and were almost uprooted What happened? ”

The Sect Master of Heart Bone held back his anger and asked repeatedly: “Everyone of the Imperial Guards, our Sect of Heart Bone Sect, it seems that we have never offended anyone!?”

The Imperial Guard general said: “No offense!”

“Since that’s the case, why do you, Emperor Tingwei, want to...” The leader of the heart bone asked again.

“We’re just acting on orders!” After the general of Emperor Tingwei finished speaking, he didn’t say any more.

Act as ordered...

The Heart Bone Sect Master gritted his teeth, but there was nothing he could do—after all, although their Heart Bone Sect was the roost, in front of Di Tingwei, they were nothing!

“Humph!” The leader of the heart bone snorted heavily, “You Emperor Tingwei are bullying others, and I can’t do anything about it! But... We are hiding in the small universe now, do you dare to come in?”

...

Similar things happen in many places in the eighth quadrant.

What kind of power is Emperor Tingwei?

This is the army formed by all the top forces in the eighth quadrant! As soon as Emperor Tingwei came out, no force could stop him.

The periphery of Fang Fang's minions was almost completely leveled and erased by the Imperial Guard.

The army of Emperor Tingwei went directly to the nest of these minions!

Xu Ming held the Emperor Talisman and watched the results of the various parties.

"Come soon!" Xu Ming looked at the reports from all parties, "When all the armies have arrived at the lair of these minions, then open the time and space passages of hundreds of millions of roads; then I will clone hundreds of millions, and go to various places at the same time to tear them down. Their small universe, step down all the minions and forces!"

hum—

A strange wave of will suddenly came from the depths of the endless and deep void, and came to the imperial court – this is a will from the true universe.

Chapter 1966: Heavenly Sovereign Comes

Whoosh!

The will from the real universe descended on the imperial court and quickly condensed into a figure.

This is a slightly vicissitudes of life middle-aged man.

His aura was incomparably detached, incompatible with the time and space of the heaven and earth in the holy world; his body was surging with an incomparably powerful aura.

However, at this time, the middle-aged man who came from the real universe couldn't help but let out a long sigh: "It's really weak! – There are too many restrictions in the virtual universe, and my power can't really come here; otherwise, even if I It's just that the will comes, and the strength is definitely far beyond the peak of the Three Realms of Shackles!"

Swish!

Flip your hands.

In the hands of the middle-aged man, an emperor talisman appeared, and the message said: “Come to the time and space round table to discuss matters!”

Only four people received this communication—that is, Xu Ming, who held the Emperor Talisman, and the other four.

...

“Huh? This is...” Pavilion Master Qi Tian couldn’t help but stunned slightly when he received the message, “The Supreme Being of Xunjian Tian has actually arrived!”

Xunjian Tian Supreme, even in the real universe, is a super strong man who is proud of himself! The fifth emperor talisman in the eighth quadrant is controlled by him!

“The inspection tour is here?” Pavilion Master Ziqiong said with a smile; now, he has no Emperor Talisman in his hand, but he has not received a communication from the Xunjian Tianzun, “But... we have made such a big noise in the eighth quadrant. Come, the inspection tour should indeed come!”

“Let’s go!” said the leaders of the other two emperor-level forces, “It’s too late, this Heavenly Sovereign should have an opinion!”

“Heavenly Sovereign, so what?” Pavilion Master Qi Tian was very calm, “He is nothing more than living in the real universe, so he can cultivate to Heavenly Sovereign! If he is in the virtual universe, I’m afraid it will be difficult for him to even reach our current height!”

Pavilion Master Qi Tian and other powerhouses at the peak of the Three Realms are still very proud! After all, what they represent is the pinnacle of the virtual universe!

And the Xunjian Tianzun who has just arrived, although he is a “Heavenly Supreme” cultivation base, his strength is several levels stronger than Qitian Pavilion Master and others; however, he is just an ordinary Tianzun, and he does not represent the “real cosmos”. peak”!

It is precisely because of this that Pavilion Master Qitian and the others are actually proud of themselves when they face the Supreme Being of the Heavenly Inspector—this is the pride of standing at the peak!

“Let’s go!” Qitian Pavilion Master said lightly, “Since he has come, we still have to give him a little face! But... there is no need to give too much face! After all, in the virtual universe, we still have the final say. It’s not even his turn for an ordinary Heavenly Sovereign to point fingers!”

...

At the round table of time and space, which symbolizes the highest power in the eighth quadrant, this time, all five seats are full.

” Xu Ming

“That’s right!” Xu Ming said lightly, and at the same time he was observing the Tian Jian Zhi Zun – even in the real universe, Tian Zhi Zun was standing at the top! It’s just that in the virtual universe, the strength of Xunjiantian Supreme has also been suppressed to the “absolute limit” of the virtual universe.

“Humph!” Xunjian Tianzhi snorted respectfully, “Xu Ming, you are so courageous! To mobilize Emperor Tingwei on such a large scale can almost shuffle the power structure of the eighth quadrant! – Such a big deal! Things, even without my consent!”

“With your consent?” Xu Ming couldn’t help sneering, “To mobilize all the imperial guards, you only need three pieces of emperor talismans to agree! Now, all the four pieces of emperor talismans in the hands of our four emperor-level forces agree, why do we still need them? ask for your opinion?”

“All four Emperor Talismans agree?” Xunjiantian Supreme couldn’t help but look at the three of Qitian Pavilion Master, and his expressions were a little dissatisfied.

Pavilion Master Qi Tian and other three great masters remained silent, apparently not intending to explain anything to Supreme Xunjiantian.

“Humph!” Xunjiantian Supreme snorted again. However, he is also self-aware, knowing that this is a virtual universe, even if the three of Qi Tian Pavilion do not give him face, he has nothing to do.

“Forget what happened before!” Xun Jiantian said solemnly, “Now, I order all Imperial Guards to withdraw immediately!”

Withdrawal?

“Xunjian Tian Supreme!” The pavilion master Qi Tian couldn’t help but speak, “In the eighth quadrant, which force is to be prospered and which force is to be destroyed, this seems to be a matter of our virtual universe; It doesn’t seem right to meddle in the affairs of our virtual universe?”

The real universe and the virtual universe have always been clearly distinguished.

The real universe has the rules and forces of the real universe, and the virtual universe also has the rules and forces of the virtual universe, and the two sides do not interfere with each other.

But now, Xunjiantian Supreme is obviously a gesture of forcibly intervening, which naturally aroused the dissatisfaction of Qitian Pavilion Master and others.

“This time is different!” Xun Jiantian said coldly, “I don’t care if you send troops to exterminate other forces; but this time, I can’t care about the forces you exterminate!”

“Oh?” Xu Ming heard something famous, “What’s the difference?”

“This is not something you are qualified to know!” Xunjiantian Supreme sneered, “Okay, you immediately order the Imperial Guard to withdraw troops immediately!”

Order to withdraw?

The leaders of the three emperor-level forces, including Pavilion Master Qi Tian, did not speak, but in a tacit understanding, their gazes fell on Xu Ming. Obviously, they want to see Xu Ming’s attitude before deciding how to express it.

“Ha!” Xu Ming laughed directly.

“What are you laughing at?” Xun Jiantian’s face sank.

“What did you say just now? I didn’t hear it clearly. Say it again!” Xu Ming joked.

“You...” Xun Jian Tian Zhizun saw Xu Ming’s provocation, but still said, “I said... let you all immediately order the Imperial Guard to withdraw troops immediately! Listen clearly...”

Snapped!

Before Xun Jiantian could finish his words, a slap appeared directly on his face.

“This...”

“This...”

“This...”

Pavilion Master Qi Tian and the other three were a little dazed—this is a roundtable meeting that symbolizes the highest power in the eighth quadrant! The people here are all real boss-level people. How to say it and start it directly?

This is too incompetent, isn’t it?

“You...” Xun Jian Tian Zhizun did not expect that he would be slapped at the round table meeting when he descended into the virtual universe, “You dare to beat me!?”

Snapped!

Xu Ming said nothing, and slapped again.

“Brother Xu Ming...” At this moment, Pavilion Master Qi Tian couldn’t sit still, “Is this not a good idea?”

After all, it’s one thing not to give Xunjiantian’s face, but it’s another thing to slap him directly – this is the rhythm of directly tearing the face of the real universe!

Xu Ming said confidently: “What’s not so good? – When will it be the turn of a person from the real universe to tell us about the virtual universe! I think it’s better to just grab the emperor talisman from his hand, so as not to avoid it. He will point fingers later!”

“Haha... Good! Good!” Xun Jiantian laughed in anger, “Want to take the Emperor Talisman from my hand? I want to see if you have the ability!”

Chapter 1967: 1St

“Want to take the Emperor Talisman from my hand? I want to see if you have the ability!”

Xun Jian Tian Supreme naturally knows that Xu Ming’s strength is only at the peak of the Second Realm, but his clone is very terrifying!

However... Xun Jian Tian Zhi Zun did not think that Xu Ming’s clone could threaten him!

Moreover, Xunjian Tian Zhizun originally wanted to teach Xu Ming a lesson, not to mention now that Xu Ming has done it first. – As a dignified heavenly supreme, how can you endure it?

boom!

The Tian Jian Supreme Explosion broke out directly!

His strength was suppressed by the “absolute boundary” of the virtual universe, and he could only burst into the momentum of the peak of the three realms—that is, the same level of strength as Pavilion Master Qi Tian and others!

“Give me death!” Xunjian Tian Zhizun directly attacked Xu Ming.

call out-

Xu Ming suddenly retreated and flew out of the hall. At the same time, the “infinite avatar” hang has been opened, and ten avatars appeared instantly.

boom!

The Xun Jiantian Supreme also directly killed him.

However, when he came out, Xu Ming's ten clones had already split into hundreds and surrounded him.

...

“What's wrong?”

“what happened?”

Such a big movement naturally attracted the attention of other powerhouses in the imperial court.

“This is... Xu Ming?”

“That's... the Heavenly Inspector Supreme?”

“The Xunjiantian Supreme has come? And why did you fight with Xu Ming?”

Two people holding the Emperor Talisman fighting, this is really unheard of in the Holy Realm!

...

Swish! Swish! Swish! Swish! ...

Xu Ming's avatars kept splitting, and there were thousands of them in an instant. Although some clones were killed by Xunjiantian Supreme, the speed of killing was far behind the speed of the splitting of clones!

boom! !

The attacks of tens of thousands of clones condensed into one place. Xu Ming felt that the power of this wave of salvos had already surpassed the peak of the Three Realms of Shackles!

However at this moment...

“Huh?” When Xu Ming was controlling the salvo, he clearly felt a pressure. This suppression, mighty, incomparably stalwart, unshakable.

At this moment, Xu Ming felt that he was like an incomparably tall towering tree, so tall that it touched the height of the sky; after that, he was suppressed by the sky, and he was not allowed to grow any higher.

This is the suppression from the “absolute limit”!

A single attack cannot break through the absolute boundary; then, the fusion of countless attacks cannot break through the absolute boundary either!

boom!

Xunjiantian Supreme did not dodge, did not even resist, and let the salvo fall on him.

Bang!

The smoke is gone.

The Xunjian Tianzun is intact.

“Hahaha...you can’t hurt me!” Xunjiantian Supreme laughed, “If you want to hurt me, unless your attack can go beyond the ‘absolute limit’ of the virtual universe! But...it’s impossible!”

Absolute boundaries, unbreakable!

This is the ultimate rule of the universe! It is also the last “bottom line” of the universe!

Therefore, in the virtual universe, as long as you cultivate to the peak of the three realms of shackles and touch the “absolute boundary” of the virtual universe, you are invincible! Because... it is also an “absolute limit” level attack that cannot hurt you! If you want to hurt, the attack must exceed the absolute limit, which is even more impossible!

People like Pavilion Master Qitian, Pavilion Master Ziqiong and others are all existences that are invincible in the virtual universe! As long as they don’t go to the real universe, they don’t have to worry about their fall at all!

And now, Xunjiantian Supreme, whose will has come, is also not worried that Xu Ming can hurt himself.

“Won’t it hurt?” This did not surprise Xu Ming.

Moreover, Xu Ming did not intend to hurt a Heavenly Sovereign. Xu Ming’s purpose is just... to beat him!

Swish! Swish! Swish! Swish! ...

Xu Ming’s avatars split again, and the number doubled again!

After that, Xu Ming divided the salvo into several waves; these waves were condensed into a slap. The power of each slap has reached the “absolute limit”.

call out! call out! call out! ...

The slaps were continuously drawn towards the Xunjian Tian Supreme.

“Huh?” Xun Jiantian’s expression changed slightly – he certainly felt the humiliation from Xu Ming’s attack.

“You can’t hurt me!” Xun Jiantian roared angrily, continuing to bear Xu Ming’s attacks without ever being injured in the slightest.

Of course, Xu Ming never thought that he could hurt Xunjiantian Supreme!

Swish! Swish! Swish! Swish! ...

Xu Ming's clone continued to split.

The slaps that were drawn towards the Xunjiantian Supreme became more and more continuous and endless... Gradually, the Xunjiantian Supreme was slapped so much that he couldn't hold his head up! -no way! Xu Ming's attacks were too intensive, and they all reached the "absolute limit"! Although Xunjiantian Supreme won't be hurt, he was suppressed to death by this intensive attack!

Xun Jiantian Supreme felt that he seemed to be facing the siege of hundreds of "shackled three peaks" at the same time!

Oh no!

It's thousands...

no no!

It's tens of thousands...

Just in the process of rushing to the Heavenly Patrol, the number of Xu Ming's clones was already in the hundreds of millions!

At the same time, the Imperial Court Guards of all parties have also sent messages, all of them have already killed the target force's nest and surrounded the target force's small universe.

"Everything is in place?" After Xu Ming received the message, did not hesitate, "Then open the space-time channel!"

Each Imperial Court Guard can open a space-time channel and directly connect to the Imperial Court of the Holy Realm.

And now, Xu Ming is going to use the space-time channel to send his billions of clones to more than 5 trillion pieces of “heaven” at the same time!

Order issued.

Hundreds of millions of Imperial Guards began to build space-time channels almost at the same time.

call out-

call out-

call out-

call out-

Countless time and space passages traverse hundreds of millions of “sky” and connect to the imperial court.

Because the space-time passage is too dense, it even illuminates the entire holy world.

“Come on!” Xu Ming even controlled the clones and flew to each space-time channel.

More than 5 trillion space-time channels lead to more than 5 trillion pieces of “sky” respectively!

Swish! Swish! Swish! Swish! ...

Most of Xu Ming’s clones have entered the space-time channel. There are only a few clones, who stay and continue to ravage the Supreme Being.

“To sweep away all the minions in the virtual universe, let’s start from this eighth quadrant!” Xu Ming’s eyes were firm and he continued to move forward.

This was Xu Ming, the first time he really helped Gu Hanmo!

Really the first time!

Before that, Xu Ming's help to Gu Hanmo was really insignificant and could be completely ignored!

“A lot of clones have arrived!”

Xu Ming felt that many clones had passed through the passage of time and space and arrived at the lair of the minions.

The powerhouses of the minions are all hiding in the small universe of their old nest, with a posture of fearlessness.

“Is it safe to hide in the small universe?” Xu Ming sneered – just waiting for all the clones to be in place, Xu Ming will turn on the “second day, second, second, second air” at the same time!

Chapter 1968: 3 Great Masters

Eighth quadrant.

Billions of “days”.

Hundreds of millions of Xu Ming's clones face countless small universes of “minion forces”.

Swish!

At this moment, hundreds of millions of Xu Ming raised their hands at the same time.

“Second days, seconds, seconds of air” hang open!

call out! call out! call out! call out! ...

Hundreds of millions of Xu Ming shot at the same time, a seemingly random strike without much power. But the mystery contained in it even ignores the rules of the universe!

These attacks fell directly on the small universes.

Bang! Bang! Bang! Bang! ...

The almost indestructible little universe suddenly burst like a balloon punctured by a needle.

“what!?”

“This...?”

The Imperial Guard army was shocked.

You must know that even if the peak powerhouse of the three realms of shackles takes action in person, it will take a lot of effort to destroy a small universe controlled by the supreme supreme. And what about Xu Ming? It’s just a clone shot, just an understatement and a random blow, and it directly destroys the small universes.

“Okay! The small universe has been destroyed, and the rest will be left to you!” Xu Ming said, the time limit for his billions of clones had also arrived, and they all dissipated.

As for the “remainders” of exterminating those minions – without the protection of the small universe, it would be easy for the Imperial Guard army to exterminate these minions, and Xu Ming would not have to worry about it at all!

“Quadrant 8, leveled!”

Since then, in the eighth quadrant, there will be no minions that can threaten Gu Hanmo’s billions of incarnations.

At the same time, the clones that besieged Xunjiantian Supreme also dissipated.

“Do you still want to fight?” Xu Ming asked with a sneer.

“Xu Ming...” Xunjian Tian Zhizun naturally knows that the boat is done, and the minions he wants to protect have been wiped out by Xu Ming; it is meaningless for him to stay in the virtual universe, “Xu Ming, do you know, What kind of existence have you offended?”

“Ha!” Xu Ming said with a disdainful smile, “Tell me, who am I offending!”

Xu Ming was also very curious about Gu Hanmo’s enemies – all he knew was that Gu Hanmo and her enemies were the most prominent beings in the entire universe; however, Xu Ming didn’t know who Gu Hanmo’s enemies were.

“You...” Xunjian Tian Zhizun was about to speak, when he suddenly thought of something, but didn’t dare to say it, “Humph! Are you qualified to know the names and taboos of those great beings?”

With that said, the figure of Xunjian Tian Supreme began to dissipate directly. Obviously, he didn’t want to continue to stay in the virtual universe; after all, it was pointless to stay, and he might be ravaged by Xu Ming.

Moreover, Xunjiantian Supreme has to rush to report to those great beings what happened in the eighth quadrant.

After Xunjian Tian Zhizun left...

“Brother Xu Ming, I admire it!”

Pavilion Master Qi Tian and several other peak powerhouses in the Three Realms of Fetters came together.

“Brother Xu Ming’s method is truly invincible in the virtual universe!”

“In this eighth quadrant, no matter who you offend, you can’t offend Brother Xu Ming!”

On strength...

Xu Ming, Pavilion Master Qitian, Pavilion Master Ziqiong and several others who have touched the “absolute boundary” can be said to be invincible in the virtual universe; after all, in the virtual universe, nothing can kill them!

However, in terms of terrifying level... Xu Ming is definitely much more terrifying than these shackles at the peak of the Three Realms! After all, the number of Xu Ming’s clones is too terrifying! Moreover, Xu Ming can easily destroy the small universe! Pavilion Master Qitian, Pavilion Master Ziqiong and others are significantly worse than Xu Ming in terms of destructive power!

“Brother Xu Ming’s record is enough to be the number one powerhouse and the number one killer in the eighth quadrant!” Pavilion Master Qi Tian said with a smile.

Xu Ming just responded casually twice and didn’t say much; he thought about it in his heart, and then went to the other quadrants after he settled down a little bit on the situation in the eighth quadrant! After all... Xu Ming’s goal is not only to conquer the eighth quadrant, but to conquer all of the eight quadrants!

“Leave a few spatial coordinates here first!” Xu Ming secretly said.

In this way, even if the abyss battlefield is closed in the future, Xu Ming can still come to the eighth quadrant; otherwise, Xu Ming may not be able to come to the eighth quadrant in the future!

...

real universe.

There is only one continent.

This continent is endlessly vast. The rules of the universe on the mainland are even more magical and domineering.

Three Realms Mountain.

One of the top forces in the true universe.

In the Three Realms Mountain, there are a lot of powerhouses even at the Heavenly Supreme level!
And Xunjian Tian Zhizun is a strong person in Sanjie Mountain.

boom!

Suddenly, Xunjiantian Supreme rushed out of his residence, his body was full of murderous energy – he never thought that one day he would be ravaged in the virtual universe!

call out-

Xunjian Tian Zhizun did not stay, and flew directly towards the peak of Sanjie Mountain—there is the residence of the owner of Sanjie Mountain! That is an existence... who has touched the “absolute limit of the true universe”!

Touching the absolute boundaries of the real universe means...really invincible to the real universe and the virtual universe!

Is the existence of the entire universe standing at the highest peak!

Someone like Gu Hanmo is at this level!

even...

Even the rules of the universe’s operation, when faced with this level of power, will retreat to a certain extent! For example, the power of this level can freely travel the long river of time, travel through the past and the future!

And their cultivation level, although it is also at the “Heavenly Supreme” level; however, there is a title that belongs to them alone – Da Zun!

“I must report what happened in the eighth quadrant to the Great Senior as soon as possible!” Supreme Xunjian Tian flew with all his strength. However, the time and space around him seemed to be severely suppressed, and an inch of space seemed to be bigger than a small universe!

In such a compressed and distorted space, Xunjian Tianzun couldn’t fly fast at all. Finally, Xunjian Tianzun came to the top of Sanjie Mountain.

The snow on the top of the mountain is melting.

In front of a courtyard as simple as a mortal’s courtyard, a Taoist boy was standing still with his eyes closed and his hands lowered.

Xunjian Tian Zhizun knows that although this Dao boy is not good-looking, his strength is not inferior to him at all, and even slightly stronger than him! And... this Taoist boy is not a real cultivator, but a puppet made by the Great Master!

“Xunjian, what’s the matter?” Daotong asked lightly when he saw the Xunjian Heavenly Sovereign.

“I have an urgent matter, and I have to report to the Great Venerable!” Xunjian Tian Zhizun continued.

“The Great Senior is not here now!” Daotong said lightly, “He went to travel in the long river of time, and I don’t know whether he is in the past or in the future...”

“This...” Xunjian Tian Zhizun continued, “It’s really urgent! Is there a way to contact the Great Senior?”

“Contact, of course there is a way to get in touch!” Daotong’s tone was still flat, “However, in the eyes of the Great Senior, I am afraid it is not a matter of urgency! You should wait, and wait for the Great Senior to change from time to time. Come back from the trip!”

“This...”

Xunjian Tian Zhizun wanted to say something, but was interrupted directly by the Taoist boy: “Go! I will let you know when the Great Zun returns!”

“Then... Okay!” The Supreme Being of Xunjian Tian was about to leave.

But at this moment, the void above the Three Realms Mountain suddenly became chaotic.

Whoa! Whoa! ...

The phantom of a long river appeared without warning.

“It’s the real river of time!” Xunjiantian Supreme was startled.

In the real river of time, an incomparably stalwart and ethereal figure is stepping on the waves; it is the owner of the Three Realms Mountain – the Great Master of the Three Realms!

A great being who stands at the top of the universe and overlooks the entire universe!

Chapter 1969: Ask For Something

Apex Schoolbag is the fastest to update the latest chapters of the new world.

“Great Master!” The Supreme Being of the Heavenly Inspector hurriedly bowed.

The figure of the Great Reverence of the Three Realms stepped out from the long river of time, as if stepping from illusory to reality.

“Xuanjian, what happened?” The Great Senior of the Three Realms frowned slightly and said indifferently, “I was traveling in the long river of time, and suddenly noticed that a strong causal fluctuation occurred in the eighth quadrant... What happened in the eighth quadrant? ”

“Reporting to the Great Venerable, something has happened!” Xun Jiantian said, “Almost all the forces you deployed in the eighth quadrant have been uprooted!”

“What!?” The face of the Great Senior of the Three Realms changed suddenly, “Why didn’t you say it earlier?”

“It happened so suddenly, I didn’t even have time to stop it!”

“Humph!” The Great Senior of the Three Realms snorted lightly, his eyes penetrating endless time and space, looking towards the eighth quadrant.

“Dare to move the forces I’ve worked so hard to arrange... I want to see who it is!”

It is not easy to spread the power in the entire eighth quadrant!

At the beginning, Gu Hanmo’s incarnation was hundreds of millions, distributed in the eight quadrants of the real universe and the virtual universe; and the Great Master of the Three Realms was responsible for encircling Gu Hanmo’s incarnation in the eighth quadrant. To this end... The Great Senior of the Three Realms directly went against the river of time, and went back several epochs to cultivate a batch of “seeds”. It took several epochs to develop these seeds, which are the minions that are now besieging Gu Hanmo.

In other words, these minion forces, which seem to appear suddenly, have actually been cultivated for several epochs.

But now, they have all been uprooted.

The more the Great Senior of the Three Realms thinks about it, the more angry he becomes—you must know that he must pay a price for going against the flow of time and tampering with the past! He is a dignified and respected person, and the power he cultivated at all costs was uprooted, can he not be angry?

wow—

Wherever the Great Venerable of the Three Realms looked, the pictures he saw flowed against the flow of time.

Soon, his eyes were fixed, and he saw Xu Ming in control of the Emperor Fu and Emperor Tingwei; he saw the hundreds of millions of Emperor Tingwei’s army conquer the Quartet and wipe out the forces he cultivated; Destroyed countless small universes...

“This method...” The Great Senior of the Three Realms was astonished—with his eyesight, he couldn’t even see through what method Xu Ming used, and he destroyed the small universe so easily.

“Who is this person!?” The eyes of the Great Senior of the Three Realms, traversing endless time and space, stared at Xu Ming, “He definitely came for me! Could it be... a strong man trained by Gu Hanmo?”

The Great Senior of the Three Realms can cultivate hundreds of millions of forces in the virtual universe, so naturally Gu Hanmo can also.

“Let me go back in time and take a look at his origins!”

However, the Great Senior of the Three Realms didn’t go back very far before he lost Xu Ming’s trace.

“Huh?” The Great Senior of the Three Realms was startled, “This Xu Ming is not a person in the eighth quadrant? Then...he is a powerhouse in the other quadrants, and entered the eighth quadrant from the abyss battlefield!”

The eight major boundaries of the virtual universe were originally unable to communicate with each other. Until... the fallen devil opened up the abyss battlefield.

The abyss battlefield is the only passage between the eight elephants.

However, only the existences below the Supreme Realm can enter the abyss battlefield; those who reach the Supreme Realm cannot enter the abyss battlefield, nor can they go to the abnormal quadrant.

“Damn! The abyss battlefield is the site of the fallen devil, even me, I can’t spy on the situation in the abyss battlefield!” The Great Senior of the Three Realms couldn’t help frowning.

The fallen demon master is also an existence at the level of “great respect”!

Moreover, the Fallen Demon Lord is different from other Great Venerables – he is the only Great Venerable who has completely sunk into the virtual universe!

Other Great Venerables, such as the Great Venerable of the Three Realms, such as Gu Hanmo, sometimes enter the virtual universe, but their foundation is still in the real universe. The fallen devil, however, directly collided with the will of the universe, and has been rejected by the will of the universe since then, and can no longer enter the real universe.

Of course, at the same time, as the only great master in the virtual universe, the fallen demon master is also the absolute overlord of the eight great boundaries of the virtual universe!

For example, now, the peeping of the Great Senior of the Three Realms cannot penetrate into the abyss battlefield, and it is impossible to continue to track Xu Ming's origin!

“Humph!”

The Great Senior of the Three Realms retracted his gaze and fell into contemplation.

“Your Majesty?” Supreme Xunjian asked cautiously, “Look... can you go against the river of time and travel back to Xu Ming before he mobilized Emperor Tingwei to stop his actions?”

“Ignorance!” The Great Venerable of the Three Realms reprimanded, “Do you think there is no need to pay for tampering with the past? What's more...”

There are still a few words left by the Great Master of the Three Realms – what's more, Xu Ming has destroyed hundreds of millions of small universes this time, and the impact on the virtual universe is too great! To tamper with the past on such a large scale, even the Great Senior of the Three Realms cannot resist the backlash of time!

“You step back! I will handle this matter!” The Great Senior of the Three Realms said lightly.

Immediately, the Great Venerable of the Three Realms cast his gaze in another direction—that is a mysterious time and space, and it is also the intersection of the real universe and the virtual universe. There, reality is twisted into nothingness, and nothingness is twisted into reality.

“Would you like to see the Fallen Demon Lord?” The Great Senior of the Three Realms hesitated.

...

Mysterious time and space.

Where the real and the unreal meet.

Interchanges like this there are eight in the entire universe—one of the eight big quanta.

And the fallen devil is just at the intersection of the eighth quadrant of the true universe and the virtual universe at this time.

“This Xu Ming... is really amazing!” Ever since he discovered Xu Ming, the fallen demon master has paid more attention to Xu Ming. The more he paid attention, the more frightened he became.

“Originally, I thought Xu Ming got the inheritance of a certain Heavenly Sovereign, or it was directly the reincarnation of Heavenly Sovereign... Now it seems that it is far from that simple!”

However, although the fallen devil is curious, he did not intend to spy too much! Because he knows – knowing too much is not a good thing!

“Also... Xu Ming is from the second quadrant. It seems that he has a close relationship with Gu Hanmo!” The Fallen Demon Lord secretly said, “However, Xu Ming may be even more terrifying than Gu Hanmo, and he may even see the end of the universe in the future. Mystery! Once you get a glimpse of the ultimate mystery of the universe and take the step that every Great Venerable wants to take, then it’s really...”

“Huh?” At this moment, the Fallen Demon Lord suddenly frowned slightly and turned his eyes to the direction of the real universe.

“Hahahaha... The Fallen Demon Lord!” The voice of the Great Venerable of the Three Realms came from a mighty voice, “It’s rare for an old friend to visit, so don’t you welcome it?”

“The Great Master of the Three Realms!” The fallen demon master stood up to greet him, “Your Three Realms Mountain, which gathers the great fortune of the universe, is a rare treasure in the entire universe! You don’t stay at the Three Realms Mountain, why did you come to my backcountry instead? ”

The Fallen Demon Lord and the Great Venerable of the Three Realms are actually not a friendship.

However, in the entire universe, there are only a handful of existences that have reached the level of “Great Venerable”. Even if there is no friendship, there is always a bit of intersection.

“Haha!” The Great Senior of the Three Realms said straight to the point: “I have something to ask you for!”

“I have something to ask of you!”

The Great Senior of the Three Realms laughed.

The fallen demon master also smiled: “Three Realms Great Venerable, with your strength and status, is there anything else you need to ask me?”

“It’s really something!” The Great Senior of the Three Realms laughed, “Help me deal with someone!”

“If you’re dealing with Gu Hanmo, then you don’t have to speak!” The Fallen Demon Lord smiled, “I just want to live a peaceful and stable life, and I don’t want to get involved in the grievances between you.”

The Fallen Demon Lord undoubtedly possesses absolute power in the virtual universe! If he wanted to deal with Gu Hanmo, it would not be difficult to find out Gu Hanmo’s billions of incarnations in the virtual universe.

Therefore, it is fortunate that the fallen demon master did not fall into the trap; otherwise, Gu Hanmo’s situation would definitely be much more difficult than it is now!

Of course, the fallen demon master didn't dare to fall into the trap casually. After all, no one knows if Gu Hanmo still has any trump cards; if Gu Hanmo is really irritated, it may not be impossible to drag a Great Senior to his death!

"Don't worry, it's not against Gu Hanmo!" said the Great Venerable of the Three Realms.

"Oh?" The Fallen Demon Lord jokingly said, "Isn't it against Gu Hanmo? Then who else, the Great Venerable of the Three Realms, can't deal with?"

The Great Senior of the Three Realms spit out two words: "Xu Ming! – I also hope that the fallen devil will help to get rid of him, I must be very grateful!"

"Haha!" The Fallen Demon Lord laughed, "I know Xu Ming! It's better to thank him, I don't want to worry about it!"

The Fallen Demon Lord refused directly.

After all, at the level of the fallen demon master, the so-called heavy gratitude is just an external thing, and there is no temptation for him. Moreover, the fallen devil is still very optimistic about Xu Ming, and naturally he is not willing to kill Xu Ming.

"Sinking Demon Lord?" The face of the Great Senior of the Three Realms became a little gloomy, "You don't even want to give me this face?"

"I just don't want to intervene in this matter! Please don't embarrass me!" The Fallen Demon Lord said lightly—he really didn't need to give the Three Realms so much face. After all, he is the only great master of the virtual universe; it is impossible for those great masters of the real universe to pay a high price and go to the virtual universe to beat him.

...

Xu Ming naturally didn't know that he had already attracted the attention of the Great Venerable of the Three Realms. Moreover, the Great Senior of the Three Realms even found the fallen devil to deal with him, but fortunately the fallen devil did not agree.

At this time, Xu Ming was about to leave the eighth quadrant—he came to the eighth quadrant just to exterminate the minions; now that the minions had been exterminated, it would be meaningless for him to stay here.

Of course, before leaving, Xu Ming had already recorded the spatial coordinates of the eighth quadrant. Even if you leave, if you want to go back to the eighth quadrant in the future, you can come back at any time.

“Holy Master Jiuxiao!” Xu Ming looked at Holy Master Jiuxiao and said, “I’m leaving the holy world! Now, the Holy Land of Jiuxiao is an emperor-level force, so I’ll leave it to you to take care of it!”

“Pfft!” Holy Master Jiuxiao vomited blood directly – he managed a Hou-level force, and was almost wiped out; now let him take care of the Emperor-level force?

Without Xu Ming, how could Jiuxiao Holy Land dare to dominate the position of emperor-level power!

“Haha!” At this moment, a hearty laughter came in, it was Pavilion Master Ziqiong.

“Jiu Xiao!” The master of Ziqiong Pavilion laughed, “Brother Xu Ming has already talked to me. From now on, your Jiuxiao Holy Land will be merged into my Ziqiong Pavilion and become a branch of my Ziqiong Pavilion!”

“My Emperor Talisman has also been returned to Pavilion Master Ziqiong!” Xu Ming smiled, “As for the grievance between you and Bingfeng Supreme, it will be written off from now on!”

“Thank you, Brother Xu Ming!” Holy Master Jiuxiao really let out a long sigh of relief.

If Xu Ming left without arranging this, then Holy Master Jiuxiao would really want to cry without tears!

...

After Xu Ming left the holy realm, a piece of news came to the holy realm—Xu Ming, a powerhouse in the visionary quadrant!

“Abnormal quadrant powerhouse?”

“How is that possible? How can a powerhouse in the abnormal quadrant come to our eighth quadrant!?”

The news spread, and the entire holy world was shocked.

“There is no communication channel between the eight quadrants of the virtual universe! How could Xu Ming kill him from the abnormal quadrant?”

“Who said there is no connected channel? There is one – abyss battlefield!”

“That’s right! Xu Ming was killed from the abyss battlefield!”

“what!??”

“Killed from the abyss battlefield? Could it be that... Xu Ming’s cultivation level is not even a supreme, but only a half?”

The top powerhouses in the eighth quadrant fell into a long silence.

only...

How can the powerhouses in the eighth quadrant think that Xu Ming’s cultivation level has not even reached the domain master realm, but is only in the nirvana realm!

...

Xu Ming returned to the sinking abyss of the eighth quadrant, causing another shock.

However, Xu Ming had ravaged the Supreme Being, so he naturally didn’t bother to pay attention to the shock of these ants in the sinking abyss; he passed by indifferently and returned to the abyss battlefield. Then, he plunged into the gate of the abyss in other abnormal quadrants!

Now that the eighth quadrant has been conquered, the next goal is the seventh quadrant!

“Send me directly to the holy world in the seventh quadrant!” Xu Ming said to the messenger of sinking with a smile.

As the saying goes, once is born and twice is cooked.

After gaining the experience in the eighth quadrant, Xu Ming seemed to be familiar with it, and went straight to the holy world in the seventh quadrant.

...

Seventh quadrant.

Edge of the Holy Realm.

A female cultivator in the domain master realm was looking at a world master male cultivator with admiration on her face.

The world master male Xiu is pointing at Jiangshan: “Our Tianlong Sect is one of the best forces in the entire Sacred Realm! I have a considerable position in the Sect! No one will dare to deceive you!”

“Mmmm!” The domain master female cultivator nodded her eyes again and again.

At this moment, Xu Ming’s figure appeared at an unknown time.

“Hey, two, let me ask!” Xu Ming asked directly, “Which are the top five forces in this holy world?”

In Xu Ming’s voice, there was a hint of willpower. How could the weak World Lord be able to resist Xu Ming’s willpower? Subconsciously, he said honestly: “The top five forces are the ‘One Emperor and Four Sovereigns’ five forces, and they are the Xuyanzong...”

The power structure of the eighth quadrant is very similar to the seventh quadrant; it is also an emperor-level force and four emperor-level forces!

However, the world master male cultivator mentioned the five forces without mentioning the “Dragon Sect”. Obviously, Tianlongzong is not one of the best forces in the holy world, and it is not even a name at all; it is just that this world master deliberately said this in front of the female cultivator in order to pretend to be X.

The female cultivator of the domain master also discovered this situation: “Didn’t you just say that the Heavenly Dragon Sect is one of the best forces? Why is there no Heavenly Dragon Sect among the top five forces?”

“Well...” The world master male cultivator thought for a while and said, “Our Tianlong Sect just happens to be ranked sixth!”...
