

A World 1971

Chapter 1971: Go Straight

False Yanzong.

One of the four emperor-level forces in the seventh quadrant.

Xu Ming ran to Xu Yanzong, and without saying a word, directly opened the “infinite avatar” hanging.

The avatar keeps splitting!

Ten clones, twenty clones, forty clones...

Soon, the number of Xu Ming’s clones reached tens of thousands.

“what’s going on!?”

The powerhouses of Xu Yanzong are all dumbfounded – they have never seen, which powerhouse can have so many clones.

“What is this man doing?”

“I do not know...”

“It looks like it’s provoking our Xu Yanzong?”

...

good!

Xu Ming is provoking Xu Yanzong!

To be precise... not just “provocation”, but to directly attack Xu Yanzong!

Swish! Swish! Swish! Swish! ...

When the number of Xu Ming’s clones exceeds “100,000”! Xu Ming’s 100,000 clones simultaneously launched an attack on Xu Yanzong’s guardian formation!

boom! boom! boom! boom! ...

How tyrannical is the attack of more than 100,000 shackles at the second realm level! ?

Immediately, the entire Xuyanzong’s guardian formation was shattered and in jeopardy!

The high-levels of Xu Yanzong were all alarmed, and one after another, the strong people in the shackles were killed one after another.

Sect Master Xuyan even glared at Xu Ming: “What do you mean by that, Your Excellency!?”

Xu Ming did not answer, but continued to split his clones while bombarding the formation. After a while, the number of Xu Ming’s clones reached one million!

boom! !

The great formation of Xu Yanzong was finally unable to support it under the indiscriminate bombardment of Xu Ming, and it shattered directly.

Without the protection of the formation, suddenly, the powerhouses of Xu Yanzong shivered like little lambs that were stripped naked, surrounded by Xu Ming’s million clones.

but...

Just when Xu Yanzong thought that a catastrophe was imminent, Xu Ming finally said: “Xu Yan Sect Master, I have no malice here, I just want to use the ‘Heavenly Dao Order’ to use it!”

The only emperor-level force in the seventh quadrant is called “Tiandao Pavilion”; it is similar to the “Emperor Court” in the eighth quadrant.

And if you want to mobilize the “Heavenly Dao Guard” on a large scale, you must hold the “Heavenly Dao Order” – Xu Ming attacked the Xu Yanzong, just for the Tiandao order!

Moreover, Xu Yanzong is only Xu Ming’s first target; next, Xu Ming will attack two more emperor-level forces, so that Xu Ming can control the three Heavenly Dao Orders and directly control the entire Heavenly Dao Guard!

“You don’t mean malicious!?” After hearing Xu Ming’s words, Sect Master Xuyan almost vomited blood with anger – first, he forced the demolition of the Protector Sect Great Array, and then asked for Heaven’s Dao Order... If this is not malicious, then what is it? Malicious?

“You can choose to refuse!” Xu Ming looked at Sect Master Xu Yan, and continued to say indifferently, “With your strength at the peak of the three realms, I really can’t kill you; looking at the virtual universe, I am afraid no one can kill you! But... Xu Yanzong, I am afraid it will be erased from the history of the seventh quadrant!”

Xu Ming is clearly a threat! The threat of red fruit!

After having the experience in the eighth quadrant, Xu Ming came to the seventh quadrant without ink at all; he even omitted all the “foreplay” and went straight to the theme – the order of heaven!

Xu Ming wanted to get three Heavenly Dao Orders as quickly as possible, and then directly mobilize the Heavenly Dao Guard!

As for whether this will be too simple and rude...

Excuse me!

Brother Ming is so simple and rude!

“Have you figured it out?” Xu Ming looked at Sect Master Xuyan and asked jokingly.

The face of Sect Master Xuyan changed a few times, and when he turned his hand, a heavenly order appeared: “Humph! Tiandao order, if you want it, take it!”

The Xuyan Sect Master quickly made his choice – the Xuyanzong is his own power, and the Tiandaowei is public; in this case, of course, he chose the Xuyanzong and gave up the Tiandaowei without hesitation!

“Haha! Thank you!” Xu Ming took the order of Heaven and went straight to the next “theme”!

“Dare to ask your honorable name!?” Sect Master Xu Yan asked – he just remembered that he was “strong” by Xu Ming, but he didn’t even know what Xu Ming’s name was!

However, at this time, Xu Ming had already gone far, and no one answered the question of Sect Master Xuyan.

...

Not long after, Xu Ming appeared in the second emperor-level force – the Immortal Palace!

Swish! Swish! Swish! Swish! ...

Xu Ming also did not say a word, he directly opened the “infinite clone”, and then directly began to bombard the palace guard formation of the Immortal Palace.

However, the Immortal Palace is obviously more well-informed, and has heard what happened in the Xuyanzong. When the Immortal Palace Master saw Xu Ming coming to attack, he handed over the “Heavenly Dao Order” without hesitation.

“Uh... so active?” Xu Ming couldn’t help but feel a little surprised – you just took it before I even asked for it?

However, now that the Heavenly Dao Order has been obtained, Xu Ming is naturally not good to continue to bully others, so he just ran to the next “theme”.

“Huh... Fortunately, I reacted fast enough! Otherwise, if the guardian formation is broken like Xu Yanzong, the loss will be huge!” The Immortal Palace Master secretly proudly said.

At the same time, the Immortal Palace Master, like Sect Master Xuyan, was curious – Xu Ming took the Heavenly Dao Order, what did he want to do?

...

When Xu Ming appeared in the third emperor-level force, the “Wan Demon Sect”, the leader of the Wan Demon Sect was already waiting at the door.

“Brother Xu Ming!” The Master of Ten Thousand Demons laughed, “I’ve been waiting here for a long time!”

“Huh?” Xu Ming couldn’t help but startled slightly, “I never mentioned my name, how did you know?”

The Master of Ten Thousand Demons smiled and said, “Brother Xu Ming’s name has been passed on from the eighth quadrant to this place!”

Between the top-level forces in the abnormal quadrant, there are naturally channels for communication. Xu Ming made such a big noise in the eighth quadrant, and now it has spread to the seventh quadrant, which is already slow!

“So that’s the case...” Xu Ming was stunned, “Then why I’m here, do you know?”

“I know! I know!” The Master of Ten Thousand Demons continued This is the order of heaven, and I ask Brother Xu Ming to accept it with a smile! ”

These controllers in the seventh quadrant have the same attitude as the powerhouses in the eighth quadrant – let Xu Ming make a fuss! Anyway, the minions that Xu Ming destroyed had nothing to do with them!

“Haha!” Xu Ming took the Heavenly Dao Order with a smile – these three Heavenly Dao Orders were really smooth! With three Heavenly Dao Orders, Xu Ming can control the entire Heavenly Dao Guard!

But at this moment, another figure shot up and shouted, “Brother Xu Ming!”

“Huh?” Xu Ming couldn’t help looking at the figure with some doubts.

The Master of Ten Thousand Demons introduced from the side: “That is the leader of another emperor-level force – the Floating Island Lord!”

“Oh?” In this way, not long after Xu Ming came to the seventh quadrant, he saw all the leaders of the four emperor-level forces.

“I don’t know what this floating island owner is here for?” Xu Ming secretly said.

At this time, the island owner of Floating Life said from a distance: “Brother Xu Ming, I heard that you need the order of heaven, I’m here to serve it!”...

Chapter 1972: The Real Body Is Coming?

Controlling the four Heavenly Dao Orders, Xu Ming mobilized the Heavenly Dao Guard, naturally without hindrance.

Just like in the eighth quadrant, Xu Ming directly commanded the Heavenly Dao Guard, divided hundreds of millions of troops, and killed hundreds of millions of minions at the same time! After all these minions were forced into the nest, Xu Ming cloned himself into hundreds of millions, passed through the passage of time and space, opened the “second day, second, second, second air” hang, and directly destroyed the small universe of these minions.

and...

Once born and twice cooked.

This is the second time that Xu Ming has wiped out a quadrant's minion forces. Compared with the first time, the action is much faster! Even... the powerhouses of the real universe didn't have time to react, Xu Ming had already swept away the minions in the seventh quadrant, and then walked away, leaving the seventh quadrant directly!

...

"What!? The seventh quadrant has also been cleaned up?"

The real universe, Three Realms Mountain.

After the Great Master of the Three Realms felt the change in the seventh quadrant, his face suddenly changed: "This Xu Ming... really doesn't know whether to live or die! I haven't even bothered him yet, how dare he go to the seventh quadrant to be wild!?"

The Great Senior of the Three Realms gritted his teeth in anger—as the Great Senior, how could anyone dare to be so arrogant in front of him! ?

"Does he really think that he is in the virtual universe, and I can't do anything about him!?" A cold light flashed in the eyes of the Great Senior of the Three Realms.

...

What the Great Senior of the Three Realms didn't know was that after Xu Ming left the seventh quadrant, he rushed to the sixth quadrant!

However... Xu Ming was a little shocked when he arrived at the Holy Realm in the sixth quadrant!

I saw that there are already four strong men who are at the peak of the three realms, waiting for him. Obviously, these four powerhouses are the leaders of the emperor-level forces of all parties.

"Brother Xu Ming, right?"

The four peak powerhouses of the Three Realms of Shackles are very enthusiastic.

“We just guessed, Brother Xu Ming, you will come to the sixth quadrant! We are all ready for the ‘Sacred Heaven Order’. If you want to mobilize the Holy Heaven Guard, Brother Xu Ming, just say it!”

Shengtianwei is similar to Tiandaowei in the seventh quadrant and Emperor Tingwei in the eighth quadrant.

“Uh...” Xu Ming couldn’t help being a little stunned – I’m here to do something! You are so active, it makes me very embarrassed!

However, since the powers in the sixth quadrant took the initiative to cooperate, Xu Ming was of course disrespectful; he directly took over the order of the Holy Heaven and dispatched the Holy Heaven Guard without hesitation.

At this time, in the real universe.

The Great Venerable of the Three Realms, and the other three Great Venerables, their wills are colliding with each other across the endless territory of the true universe.

“Three Realms Great Venerable, what’s going on?” The three Great Venerables were a little dissatisfied, “Didn’t you let you monitor the virtual universe? Why are so many things happening now? – The forces we arranged in the seventh and eighth quadrants, They were all uprooted?”

The Great Senior of the Three Realms said displeasedly, “Who would have thought that such a monster as Xu Ming would appear! Even those who touch the absolute boundaries of the virtual universe will bow their heads in front of Xu Ming!”

“Could it be to let Xu Ming continue to be so arrogant?”

“Otherwise?” The Great Venerable of the Three Realms asked back, “Unless... any one of us is willing to pay some price and forcefully break into the virtual universe to kill Xu Ming! However, to pay the price for the ants of a virtual universe, this way does it worth?”

For the existence of the “Great Senior” level, if you really want to pay the price, even if you want to kill the peak powerhouse of the three realms of shackles, it is not impossible! It’s just... the Great Seniors are not willing to pay such a price!

After all, in the eyes of the Great Seniors, the powerhouses of the virtual universe are just ants! Even the existence that touches the absolute limit of the virtual universe is only the strongest among the ants!

“The Fallen Demon Lord is really unwilling to help?” Another Great Senior asked.

“Heh!” The Great Venerable of the Three Realms sneered, “If the Fallen Demon Lord is willing to help, we won’t gather here to talk about this, right?”

“Damn!” The three Great Seniors snorted in unison. I don’t know if I’m talking about Xu Ming or the fallen devil.

at this time...

The Great Venerable of the Three Realms exclaimed: “The forces in the sixth quadrant have also been swept away by Xu Ming!”

In the eight-elephant limit, the minions of the three-elephant limit have already been uprooted by Xu Ming!

“Continue like this, the eight giants of the virtual universe may not have our power!” The three great masters couldn’t help but say, “Xu Ming must be eradicated as soon as possible!”

How to eradicate?

The problem is back.

“There are only two ways to get rid of Xu Ming!” said the Great Master of the Three Realms, “First, please move the fallen demon master; however, I can’t move it, and if you feel able to move, you can try it. Try! The second... is that we pay a price, and the real body descends into the virtual universe!”

As soon as the Great Venerable of the Three Realms said this, the other three Great Venerables fell into silence.

Please move the Demon Lord of Sinking? -too difficult! Anyway, among the several Great Seniors, no one felt that they could invite the Sinking Demon Lord.

The real body comes to the virtual universe... The price is too high, and no one wants to go!

“The Great Master of the Three Realms, you are the least concerned by the will of the universe, why don’t you...you go to the virtual universe?”

“Don’t think about it!” The Great Senior of the Three Realms shouted without hesitation.

...

Clearing up the minions of the Eight Elephants is a seemingly impossible task! And now, Xu Ming has cleared the six, seven, and eighty-three big limits, and nearly half of it has been completed!

The next goal – the fifth quadrant!

When Xu Ming arrived at the Holy Realm of the fifth quadrant...

The power-holders in the fifth quadrant were even more realistic—not only did they prepare the talisman for Xu Ming, but even the army was dispatched for Xu Ming and was in a state of preparation for battle!

“Everyone has worked hard!” Xu Ming looked at the power-holders in the fifth quadrant, took the talisman, and directly dispatched a large army to kill hundreds of millions of minions!

Under the crushing of absolute strength, those minions were like turkeys and dogs, and they were quickly swept away.

Next stop, Quadrant 4!

boom-

However, when Xu Ming just arrived in the fourth quadrant, an incomparably stalwart figure descended directly in front of him – it was the will of the Great Venerable of the Three Realms descending!

“Xu Ming!” The voice of the Great Master of the Three Realms is mighty Stop it! Don’t make me do it to you! ”

“Are you...?” Xu Ming naturally saw the extraordinariness of the Great Venerable of the Three Realms; in the Great Venerable of the Three Realms, Xu Ming felt an aura that was even more transcendent than that of the Heavenly Sovereign, “Forcing you? Yes, I am forcing you. If you have the ability, do it!”

Xu Ming could feel that the figure in front of him was probably stronger than Tian Zhizun! However, Xu Ming is also confident – after all, the absolute limit of the virtual universe is here; no matter how strong the figure in front of him is in the real universe, in the virtual universe, it will be suppressed by the absolute limit! In this case, what should Xu Ming worry about?

only...

Xu Ming didn’t know that when he reached the Great Senior level, he could come to the virtual universe with his real body! Once the real body comes, all kinds of means can be used, and there is even a way to kill the existence of the peak of the three realms of shackles!

And the “hands-on” mentioned by the Great Master of the Three Realms, of course, refers to the arrival of the real body in the virtual universe.

“Don’t force me...” How could the Great Senior of the Three Realms ever be provoked like this, so angry that he really wanted to come down with his real body immediately.

Chapter 1973: Standard 1 Train

Apex Schoolbag is the fastest to update the latest chapters of the new world.

How could the Great Senior of the Three Realms be provoked like this before, and he was so angry that he really wanted to come down with his real body immediately.

“Haha!” Xu Ming sneered, and passed directly by the Great Senior of the Three Realms, heading to his next stop – the fourth quadrant!

Xu Ming already knew that the Great Senior of the Three Realms in front of him was one of Gu Hanmo’s enemies!

Since he was one of the enemies, how could Xu Ming give him a good look? If it weren’t for the lack of strength, Xu Ming really wanted to kill the real universe immediately.

“almost!”

Xu Ming thought to himself.

“When the cosmic chains on my body are broken, it is time for me to go to the real universe!”

In the virtual universe, Xu Ming is already truly invincible! After cleaning up the minions, Xu Ming has nothing to do in the virtual universe; by then, he will definitely go to the real universe!

The real universe is Xu Ming’s real battlefield!

...

Fourth quadrant! – Sweep!

The third quadrant! – Sweep!

After Xu Ming swept away, all the minions in the eight quadrants and the six quadrants were all uprooted; only the first quadrant and the second quadrant of Xu Ming’s hometown were left!

There is no doubt that Xu Ming must go to the first quadrant first!

...

at the same time.

real universe.

The anger of the Great Seniors of the Three Realms and other Great Seniors is also getting more and more intense!

“This Xu Ming is really... I don’t know whether to live or die!”

“I can’t let him go like this anymore! This Xu Ming must be removed immediately! Otherwise, the hard work we have arranged in the virtual universe will not be left at all!”

“Yes! We must get rid of Xu Ming! Since the fallen devil is unwilling to help, then we have no choice but to descend into the virtual universe!”

“Who’s going?”

Soon, the eyes of several great masters focused on the great master of the Three Realms: “Great Master of the Three Realms, this time together to encircle and suppress Gu Hanmo, you contributed the least and went to the virtual universe the least number of times; now, it is your turn to go to the virtual world. Universe?”

The Great Senior of the Three Realms gritted his teeth: “Okay!”

He also knew that in this case, a great senior must go to the virtual universe to kill Xu Ming. Then, the Great Senior who went there is probably him—as those Great Seniors said, in the past, he contributed the least and went to the virtual universe the least times!

“Although there are only two quadrants of the forces we have deployed in the virtual universe! However, as long as there are forces in one quadrant, it will be enough to deal with Gu Hanmo!”

The reason why all the minions have been deployed in the eight-elephant limit is also to improve efficiency.

Now, there are only two quadrants left in the eight quadrants, and the efficiency will undoubtedly be greatly reduced.

“I’m going to the real universe now!” The Great Senior of the Three Realms said in a gloomy voice – he really didn’t want to go to the virtual universe. For the existence of the Great Senior level, every time he went to the real universe, he had to collide with the will of the universe. There is a price to pay. But now, the Great Senior of the Three Realms was forced by Xu Ming to go to the real universe.

“Humph! When I arrive in the real universe, it will be time for you to regret it!”

...

first quadrant.

Holy realm.

The leaders of several imperial forces were very enthusiastic.

“Brother Xu Ming, you have finally come to our first quadrant! You are a guest from afar, we have prepared a banquet, and have dispatched the army – Brother Xu Ming, while tasting the specialties of our first quadrant, dispatched hundreds of millions Lu Dajun, how are you?”

“Haha! We not only prepared a banquet, but also prepared stunning beauties from all frontiers for Brother Xu Ming to play with—Brother Xu Ming is a rare visit to our first quadrant, so we must have a good time and go home!”

Facing this situation, Xu Ming was dumbfounded: “This...”

After walking down so many quadrants, Xu Ming has also seen the enthusiastic quadrant. But like the first quadrant, not only the banquet was arranged, but also the stunning beauties were arranged, and it was really the first time I saw each other! This is simply... a woman who is covered with food!

What a standard one-stop!

Xu Ming just wanted to say—the big brother in the first quadrant is too sincere and enthusiastic!

“Thank you for your kindness!” Xu Ming smiled embarrassedly, “I will attend the banquet. As for the stunning beauties, forget it and dismiss them!”

“Haha... Brother Xu Ming is really a gentleman!”

“Go to the banquet first, drink and chat!”

The leaders of the emperor-level forces in the first quadrant are very enthusiastic.

But at this moment, Xu Ming’s face suddenly changed, and his figure stopped.

“Brother Xu Ming, what’s wrong?” Several leaders were puzzled.

Xu Ming’s voice transmission said: “You go over first, I have to stay away from the holy realm first, so as not to cause harm to you! – The Great Master of the Three Realms, the real body is about to descend into the virtual universe!”

The real body of Da Zun has come to the virtual universe! ?

When several leaders heard the words, their expressions suddenly changed.

Great Master, what a lofty existence! ? In the entire universe, the number of Great Seniors is only a handful!

Moreover, as the leaders of the emperor-level forces, these few know that the real body of the Great Senior comes to the virtual universe, and there is a price to pay!

Immediately, several leaders couldn’t help but look at Xu Ming in horror—Xu Ming was able to provoke Da Zun to come down to the virtual universe and kill him at all costs!

“Brother Xu Ming, I’ll stop here, be careful!”

Several leaders said goodbye and left one after another for fear of causing trouble—these beings whose strength has reached the peak of the three realms of shackles and have reached the absolute limit of the virtual universe, although they are not afraid at ordinary times, they are still Will be afraid of the arrival of the real body!

After all, when the real body of the Great Senior comes to the virtual universe, there is a way to kill the peak of the Three Realms of Shackles!

Xu Ming watched the leaders leave and didn't say anything – after all, he and these leaders just met by chance! The other party can help him arrange a “standard one-stop”, but it is impossible for him to risk himself.

Xu Ming still understands this in his heart.

but...

What made Xu Ming puzzled was: “It was the Fallen Demon Lord who reminded me through a voice transmission that the Great Master of the Three Realms was about to descend into the virtual universe... The Fallen Demon Lord, why did you remind me?”

There is no friendship between Xu Ming and the Fallen Demon Lord.

Since the Fallen Demon Lord kindly reminded him, Xu Ming could not help but be on guard!

“Three Realms Great Venerable!”

Xu Ming is about to face the peak existence of the Great Senior level! And this time, the Great Venerable of the Three Realms came with killing intent!

“Hmph! Then I'll feel it, what means does the existence of the Great Venerable level have!” Xu Ming secretly said, “Even if you fall, it's a big deal to use the ‘immortal mark’ to revive!”

In the face of the existence of the Great Venerable, the “immortal mark” is Xu Ming's last trump card!

Xu Ming has already confirmed with Xiaohang, even if it is the Great Senior, it is difficult to get rid of Xu Ming's "immortal imprint" trick!

certainly...

It's hard to break, but that doesn't mean it can't be broken!

rumbling...

Suddenly, the space-time became completely silent.

Wan Lai was silent, as if waiting for the arrival of the master of heaven and earth!

A dark figure like a shadow rolled over time and space and came—it was the true body of the Great Venerable of the Three Realms!

Apex Schoolbag is the fastest to update the latest chapters of the new world.

Chapter 1974: No Past

"Three Realms Great Venerable!"

Xu Ming looked at the dark figure of this endless stalwart.

This is the existence standing at the peak of the entire universe! It is also an existence on the same level as Gu Hanmo!

Even... the rules of the universe's operation do not allow the existence of the "Great Venerable" level, and the real body descends into the virtual universe; every time it comes, there is a price to pay!

“Xu Ming!” The Great Senior of the Three Realms also looked at Xu Ming like an ant. But at the same time, there was surprise and disbelief in the eyes of the Great Senior of the Three Realms – even he couldn’t understand why Xu Ming had so many clones!

Swish! Swish! Swish! Swish! ...

Facing the Great Venerable of the Three Realms, Xu Ming did not dare to be careless. Although they haven’t fought, they have already started to split into clones.

In an instant, Xu Ming’s avatar was already in the billions!

The Great Master of the Three Realms looked at Xu Ming’s billions of avatars. Although he was surprised, he was very indifferent on the surface: “Don’t bother, it’s useless! No matter how many avatars you have, you can’t threaten me. There’s no way I can stop me from killing you!”

“Oh?” Xu Ming couldn’t help laughing, “But... anyway, having a clone is better than no clone, right?”

“Naive!” The Great Senior of the Three Realms said indifferently, “It seems that you really know nothing about the power of Great Senior!”

“yes?”

“Haha!” The Great Senior of the Three Realms smiled disdainfully, and said, “It looks like you still don’t believe me! Hmph, since my real body is in the virtual universe, do you think it will be difficult for me to kill you? Well...before I kill you. , I’ll let you know first, how ignorant you are!”

“Heh!” Xu Ming listened while being careful.

Seeing this, the Great Senior of the Three Realms couldn’t help but smile and said: “Don’t be so nervous, don’t worry, I won’t shoot at you! As I said, it doesn’t make any difference to me whether you have a clone or not! Because... I don’t I will do it to you ‘now’, but I will go back in time and do it to you in the past!”

“Huh?” Xu Ming couldn’t help but change his face – go back to the past and attack me?

“Hahahaha...” The Great Senior of the Three Realms laughed loudly, “As long as you kill the past you, then...the present you, will you still be alive?”

Xu Ming couldn't help but startled again.

“Hahahaha...” Seeing Xu Ming stunned, the Great Senior of the Three Realms couldn't help but become more and more complacent, “Traveling in the long river of time, this is our Great Senior's true means! No matter how strong you are now and how many means to save your life, what about you in the past? ? – I only need to go against the river of time, go back to the past when you were still weak, and easily crush you to death; then, under the paradox of time and cause and effect, you will no longer exist now! And you...”

The Great Venerable of the Three Realms paused and continued: “And you... even if you have more means and strength, can you prevent me from going back to the past to kill you?”

Xu Ming's face changed again.

“So...” The Great Venerable of the Three Realms sneered, “Don't do any futile struggles! Don't say that you are a billion, even if you are a billion, so what? Hahahaha...”

Whoa! Whoa!

The long river of time appeared, and endless waves rolled on the soles of the feet of the Great Venerable of the Three Realms. The figure of the Great Senior of the Three Realms began to gradually enter the river of time.

“I'm going to go to the 'past'!” The Great Senior of the Three Realms sneered, “What? Do you want me to take you back to the past together, and let you see with your own eyes how I killed you in the past!”

“Hahahahahaha...”

The Great Senior of the Three Realms laughed and walked directly towards the source of the long river of time. Every step you take, you are moving towards the past.

As for Xu Ming, he could only watch the Great Senior of the Three Realms go back to the past.

but...

Just as the figure of the Great Senior of the Three Realms disappeared into the river of time, Xu Ming couldn't help laughing: "This trick of the Great Senior of the Three Realms is probably fatal to any strong person below the Great Senior! Unfortunately, only for me, there is no threat!"

Yes!

No threat!

Xu Ming's practice is "Breaking the World"!

Xu Ming, who has practiced this technique, will never leave a trace on the long river of time! – The Great Master of the Three Realms wanted to go back to the past to kill Xu Ming, but he didn't know that in the past years, there was no trace of Xu Ming at all!

"I feel a little bit now that the practice of "Breaking the World" is against the sky!" Xu Ming couldn't help but secretly said. No ads 72 Literature Network am~w~w.7~2~w~x.c~o~m

Yes!

unbelievable!

In the past, when Xu Ming was still weak, he didn't know what the strength of "Breaking the World" was, and he didn't even feel that it was stronger than other exercises. But now, Xu Ming really felt the tyranny of "Breaking the World" – this is a practice that makes the great master unable to do anything about himself!

"The Great Master of the Three Realms couldn't find me in the 'past', so he should be back soon, right?"

Xu Ming guessed correctly.

Sure enough, in the blink of an eye, the long river of time appeared again.

The figure of the Great Reverence of the Three Realms burst out from the long river of time, but his aura was a little furious: “How is it possible? How is it possible!? How could you not have passed!?”

The Great Senior of the Three Realms looked at Xu Ming murderously: “Is it Gu Hanmo who helped you erase the past? It’s impossible... Gu Hanmo must have not seen you for a long time! Even if she erased the past for you, she would not May help you erase all the past!”

You must know that after entering the long river of time, the Great Master of the Three Realms searched for the trace of Xu Ming; however, he could not find even the slightest trace of Xu Ming!

Even Xu Ming a second ago could not find a trace in the long river of time!

“How on earth did you do it?” The Great Senior of the Three Realms looked at Xu Ming in disbelief.

Now, the Great Senior of the Three Realms really has no way to take Xu Ming!

How can anyone “have no past”?

Isn’t this cheating?

“Do you still want to kill me?” Xu Ming said with a smile In fact, before the arrival of the real body of the Three Realms Great Venerable, Xu Ming had already anticipated what the Three Realms Great Venerable’s means were! It is precisely because of this that Xu Ming appears to be a little reckless; after all, the trick of “going back to the past to kill” is useless to Xu Ming!

And now, it has also verified Xu Ming’s idea – the Great Senior of the Three Realms really can’t help himself!

The Great Senior of the Three Realms has nothing to do with himself, so even if other Great Seniors come, there is still no way for him to be dealt with!

Xu Ming is absolutely invincible in the virtual universe!

“Xu Ming!” The Great Senior of the Three Realms said in a low voice, “Do you really think I have nothing to do with you?”

Xu Ming smiled noncommittally.

“Humph! I’ll give you one last chance now!” The Great Senior of the Three Realms hummed, “There are still the first and second quadrants, you are not allowed to do it, then, I don’t have to have the same knowledge as you! Otherwise...”

The eyes of the Great Senior of the Three Realms looked towards the direction of the river of time.

“Otherwise... I will go to the future to kill you!” The Great Senior of the Three Realms snorted coldly, “I don’t believe that there is no trace of you in the past, nor will there be any trace of you in the future!”

Chapter 1975: How Did It Fall?

“Otherwise... I will go to the future to kill you!” The Great Senior of the Three Realms snorted coldly, “I don’t believe that there is no trace of you in the past, nor will there be any trace of you in the future!”

Hearing this, Xu Ming couldn’t help laughing: “You can’t kill me now, could it be that you can kill me in the future?”

“Humph!” The Great Venerable of the Three Realms smiled mysteriously, “How much do you know about the mystery of time? Of course... If it’s not a last resort, I don’t want to pay the price and kill you in the future! I hope you don’t force me!”

“Then...” Xu Ming smiled, “Then I will force you again! For the remaining first and second quadrants, I will continue to work to clean up all the minions and forces! If you have the ability, you Just go to the future and kill me!”

call out-

Having said that, Xu Ming ignored the Great Venerable of the Three Realms.

Hundreds of millions of clones and hundreds of millions of Xu Ming flew directly towards the holy world in the first quadrant.

“Good! Very good!” The Great Venerable of the Three Realms laughed in anger, “Since that’s the case...Xu Ming, I will kill the future you now! When I kill you, I will come and tell you when you will die! —How about it, isn’t it amazing to know when and how you will die?” The fastest-updated 72 Literature Network www.72wx.com

“Humph!” said the Great Venerable of the Three Realms, and directly stepped on the waves in the long river of time, heading for the future. 72 Literature Network debut [https://](https://www.72wx.com)

“Ha!” Xu Ming sneered and continued to the Holy Realm.

...

in the Holy Realm.

The leaders of the emperor-level forces in the first quadrant couldn’t help being a little surprised when they saw that Xu Ming came to the holy world: “Brother Xu Ming, are you all right?”

“What can I do?” Xu Ming said deliberately.

“No no, that’s not what we meant!” Several leaders said quickly, “What we mean is... What about the Great Venerable of the Three Realms? Didn’t he come to the virtual universe with his real body?”

“It’s coming!” Xu Ming said lightly.

“Then...are you reconciled?” several leaders asked again.

“No reconciliation!” Xu Ming’s tone was still flat.

No reconciliation! But Xu Ming is still standing here unharmed! – What does this mean?

It means that even the Great Venerable of the Three Realms can't help Xu Ming!

“Hey—” Thinking of this, the leaders all took a deep breath—even if the real body of the Great Senior came to the virtual universe, they couldn't help Xu Ming! This Xu Ming is too scary, right?

However, Xu Ming was a little puzzled – why the Great Senior of the Three Realms hasn't returned yet.

After all, the Great Master of the Three Realms went to the “future” to kill himself. No matter whether he succeeded in killing him or not, he should be able to return to the “now” in an instant. No matter how long the Great Master of the Three Realms has experienced in the long river of time, for Xu Ming, This time should be just a moment!

But why, the Great Venerable of the Three Realms has not returned yet?

With doubts in his heart, Xu Ming directly mobilized the army in the first quadrant – no matter what his future is like, now he will clean up the minions in the first quadrant first!

Under the mobilization of Xu Ming, the army of hundreds of millions of roads rushed to the hundreds of millions of “sky” in the first quadrant of hundreds of millions.

then...

It wasn't until Xu Ming cloned into hundreds of millions, destroyed the microcosm of the billions of minions, and uprooted all the minions of the entire first quadrant... The Great Master of the Three Realms still did not come back!

“Isn't the Great Senior of the Three Realms lost in the long river of time?” Xu Ming couldn't help thinking.

Xu Ming was also unable to rely on his own strength to really travel in the long river of time; therefore, I don't know if anyone will get lost in the long river of time.

“time to go!”

Now that the minions in the first quadrant have been cleaned up, there is no need for Xu Ming to stay here. After leaving a space coordinate point in the holy world, he was ready to leave.

But at this moment, a voice transmission suddenly sounded in Xu Ming’s mind: “Xu Ming, I am the fallen devil!”

Xu Ming stopped and was a little puzzled: “I have seen the devil! I don’t know if the devil is looking for me...”

“I have something to tell you!” The Fallen Demon Lord’s tone was a little solemn, “The Great Senior of the Three Realms... has fallen!”

“What!?” Xu Ming couldn’t help but startled, “The Great Senior of the Three Realms... has fallen?”

The Great Senior of the Three Realms, didn’t he vow to kill himself in the future?

Why did it fall?

“Yes!” The Fallen Demon Lord continued, “It didn’t take long for him to enter the long river of time, and he should have fallen directly before he went very far into the future!”

“This...” Xu Ming was a little surprised, “Do you know how it fell?”

“I don’t know!” The fallen devil shook his head and said, “I only know that the Great Senior of the Three Realms fell almost instantly, and he has no resistance at all! It seems that he has encountered something that cannot be resisted!”

An existence that even the Great Senior can’t compete with! ?

After Xu Ming heard the words, he was silent for a while: “Lord of the Fallen Demon, you, and other Great Venerables, didn’t you go to the future to see how the Great Venerable of the Three Realms fell?”

“Haha!” The Fallen Demon Lord laughed twice and said, “Don’t dare to go!”

“Don’t dare to go?” Xu Ming wondered.

In Xu Ming’s view, the Great Senior is already standing at the peak of the entire universe. Is there anything else that can make them feel afraid?

“Xu Ming, you don’t know something!” The Fallen Demon Lord said lightly, “The future... is full of infinite variables and endless crises! The future in the long river of time is even more dangerous than the real future!”

Xu Ming seems to understand but not understand.

The Fallen Demon Lord continued: “Even if we exist at the Great Senior level, we would not dare to travel to the future easily, because... in the future of time, I don’t know what dangers will be encountered! Even, some dangers, in the ‘normal’ In the future, there is not much danger to us; but in the future of time, this danger may be magnified many times, and even fatal! So now... the Great Master of the Three Realms has fallen into the future of time, how dare we dare Let’s find out...”

Every Great Senior knows that the Great Senior of the Three Realms has fallen~www.readwn.com~ They are curious about how he fell, but...there is no Great Senior who dares to take risks and go to the future; after all, curiosity kills cat.

Thus...

The fall of the Great Senior of the Three Realms has become a mystery.

“However...” The Fallen Demon Lord said again, “The Great Senior of the Three Realms seems to have fallen into the near future in the long river of time. As long as we wait a little longer, we should be able to know how the Great Senior of the Three Realms fell!”

“Yeah!” Xu Ming nodded secretly.

However, Xu Ming was actually not very curious about how the Great Senior of the Three Realms fell. Xu Ming's heart is more of coursing – he deserves it!

At this time, the fallen devil said again: “Xu Ming, you have traveled all over the seven abnormal quadrants, and you should be about to return to the second quadrant, right?”

“Yes!” Xu Ming said.

The Fallen Demon Lord said: “After returning to the sinking abyss in the second quadrant, go directly to the messenger of sinking, and he will bring you to see me! – The nightmare-level cosmic chain on your body, maybe I can break it!”

The Fallen Demon Lord just said “maybe”.

Chapter 1976: See The Fallen Lord

Apex Schoolbag is the fastest to update the latest chapters of the new world.

Abyssal battlefield.

Next to the crystal pillar in the eighth quadrant.

Many powerhouses in the abnormal quadrant who were suppressed by the cosmic chains gathered here. At this time, of course, they had long known that Xu Ming had swept across all the elephants.

Countless strong people sighed.

“too strong!”

“Xu Ming's strength is really too strong!”

“Xu Ming's cultivation level is not even the Supreme Being, but he suppresses the various emperor-level forces! In terms of strength, I am afraid that it is the ‘number one powerhouse’ in the Eight Great Limits of the Virtual Universe!”

“In the abyss battlefield, you can meet the number one powerhouse in the virtual universe... This abyss battle can be regarded as a victory even though it is defeated!”

“I didn’t expect that Xu Ming’s strength was so strong... Now it seems that Xu Ming never regarded us as an opponent at all! It’s ridiculous that we have also provoked Xu Ming many times!”

“Don’t say it, to be alive is already a big fate!”

...

at this time...

boom!

The door to the abyss leading to the first quadrant, a figure stepped out angrily – it was Xu Ming.

“Xu Ming is back!”

Countless powerhouses in the abnormal quadrant looked at Xu Ming in horror.

“Xu Ming has already visited all the seven abnormal quadrants! Now... I’m afraid it’s time for Xu Ming to end the abyss war!”

That’s right!

Xu Ming was about to destroy the crystal stone pillar in the eighth quadrant and end this boring abyss battle!

too weak!

For Xu Ming, looking at the eight great limits of the virtual universe, there is no rival! What’s more, it’s just this small abyss battlefield?

Xu Ming looked around, but no one dared to look at him.

Then, Xu Ming went straight to the crystal stone pillar in the eighth quadrant.

All the powerhouses in the abnormal quadrant only dare to look at them honestly, but they don't dare to stop them at all.

boom-

In Xu Ming's hand, he was holding a long spear.

“break!!”

The spear slashed out angrily and slammed directly into the unguarded crystal stone pillar.

This shot contains all the power of Xu Ming! One shot out—

Click!

Click!

The crystal stone pillar began to shatter directly.

boom! !

Immediately after that, the entire crystal stone pillar shattered directly.

One shot crystal!

The voice of the rules of the abyss battlefield came mightily: “The abyss war is over! Everyone must not fight again, and those who violate it will die!”

call out-

Xu Ming didn't even look at these powerhouses in the abnormal quadrant. He turned into a streamer and flew back towards the crystal stone pillar in the second quadrant.

At this time, the powerhouses in the second quadrant rejoiced one after another. In this abyss battle, the second quadrant faced the siege of the seven quadrants at the same time. , directly "lie to win"!

Lie to win!

Many powerhouses in the second quadrant have not even gone out at all, and have not even fought a battle, and they have won the victory and won the battle directly.

Moreover, you must know that in this abyss battle, because all the abnormal quadrants are enemies, the second quadrant has a particularly high battle honor! Lying won this game, even more than the battle medals they usually won by participating in several abyss battles!

Many powerhouses in the second quadrant have even accumulated enough battle merits to break the cosmic chains on their bodies!

Of course, Xu Ming didn't pay attention to this.

At this time, Xu Ming had returned to the abyss of sinking in the second quadrant, and then directly found the messenger of sinking. Under the leadership of the fallen messenger, Xu Ming was sent to an ancient and mysterious teleportation formation.

Whoa!

With a burst of space-time distortion, the scene around Xu Ming shifted and appeared directly in a mysterious space-time.

"This is...?" Xu Ming looked around suspiciously.

This is an indescribable mysterious time and space.

The whole piece of time and space is only ten thousand miles away. Through the twisted space-time membrane wall, you can see the endless galaxy.

“The endless galaxy you see is the full picture of the entire universe!” Suddenly, a stalwart voice sounded in Xu Ming’s ear.

Xu Ming said subconsciously, “The Fallen Demon Lord?”

Saying that, Xu Ming looked in the direction from which the voice came.

This is a very ordinary figure in black, with a very simple and kind aura; if you didn’t know it in advance, you would never associate this figure with the fallen devil.

“It’s me!” The Fallen Demon Lord laughed, “Sit down!”

Xu Ming sat cross-legged in the void.

“Xu Ming!” The Fallen Demon Lord looked at Xu Ming, as if he wanted to see through him, but couldn’t see through, “I’m really curious, what kind of secrets do you have!”

The Fallen Demon Lord said with a smile.

However, Xu Ming’s expression tightened slightly – it’s not a good thing to be remembered by a great respect for his secrets!

However, Xu Ming was only a little afraid, not afraid. After all... the Great Venerable of the Three Realms can’t do anything about him, and the fallen devil shouldn’t be able to help himself!

“Haha! But you don’t need to say what secrets you have!” The Fallen Demon Lord laughed again, “I don’t want to know!”

“Oh?” Xu Ming was startled.

“Haha! Knowing too much is not a good thing!” The fallen devil looked very free and easy.

Xu Ming seems to understand but not understand.

“Haha! You don’t need to understand, anyway, just remember what I said – in the universe ~www.readwn.com~ knows too much, it’s not a good thing!” The fallen devil laughed, “What do you think? You can ask me!”

Xu Ming did have something he wanted to ask, and there were quite a few.

“Sinking Demon Lord!” Xu Ming thought for a while and asked the first question, “I think other people in the real universe, once they come to the virtual universe, are all dark shadows; why are you... but with the virtual universe? The powerhouses in the universe don’t seem to make any difference?”

It does!

Whether it was in the “Nine Heavens” before, or now in the abnormal quadrant, unless Xu Ming saw the real powerhouse in the universe, unless it was projected into the virtual universe; otherwise, as long as the real body descended into the virtual universe, it would be pitch black. A dark shadow.

The fallen devil said with a smile: “Because they only temporarily descended into the virtual universe, but I... cut off all causal ties with the real universe, and stayed in the virtual universe forever!”

Yes!

Staying in the virtual universe forever, and never going back to the real universe!

However, in the body of the fallen devil, there is no trace of the helplessness of “the dragon trapped in the shoal”.

The fallen devil continued: “There are advantages and disadvantages to staying in the virtual universe forever... Your realm is still too low, it is difficult for me to explain it to you! In the future, if you can step into the realm of ‘Great Master’, you will understand me. What you said! With your

talent and fortune, as long as you don't fall and set foot in the realm of the Great Venerable, you should have a lot of hope!"

"Oh..." Xu Ming didn't actually get any answer to this question; but he couldn't help it, who told him that his realm was still too low!

After thinking for a while, Xu Ming asked his second question: "Lord of the Fallen Devil, we don't seem to be related but not related, why do you want to help me?"

Xu Ming is undoubtedly on the opposite side of the great masters of the real universe; and what the fallen demon master does seems to be helping Xu Ming a little bit.

Chapter 1977: Wait

Apex Schoolbag is the fastest to update the latest chapters of the new world.

"Help you?" The Fallen Demon Lord smiled, "Is there?—For me, it's just a matter of convenience! Do whatever you want!"

but...

At this moment, what the fallen devil thought in his heart was: Helping you, you are actually helping me!

Yes!

In the eyes of the fallen devil, helping Xu Ming is actually helping himself. Because... he has higher expectations for Xu Ming!

"Any other questions?" The Fallen Demon Lord asked again.

"No more!" Xu Ming said.

“Then...Tell me about the nightmare-level cosmic chains on you!” said the fallen demon master.

Xu Ming’s color suddenly turned serious – he entered the abyss of sinking, and met the sinking demon master. The most important thing was to break the cosmic chains on his body! If the cosmic chains cannot be broken, Xu Ming’s cultivation will not be able to enter the domain master realm, and his strength will not be able to continue to improve.

Whether or not the cosmic chains can be broken is very important to Xu Ming!

“I do have a way to break the nightmare-level cosmic chain! But...” Speaking of which, the fallen demon master suddenly changed the subject and asked, “Xu Ming, do you know why I want to build a stone statue forest and abyss battlefield in the virtual universe? ”

“This...” Of course Xu Ming didn’t know. But now listening to the Fallen Demon Lord saying this, Xu Ming suddenly became puzzled—yes! Why did the Fallen Lord build the stone forest and the abyss battlefield? What’s in it for him?

“Because...” The Fallen Demon Lord asked and answered himself, “I’m collecting cosmic chains!”

Collect Cosmic Chains! ?

Xu Ming became more and more puzzled – what’s the use of collecting cosmic chains?

“I’m cultivating a practice method, and I need a lot of cosmic chains!” The Fallen Demon Lord continued, “Whether it’s a one-star, two-star cosmic chain, a seven-star cosmic chain, or even a nightmare-level cosmic chain, I need it all! So ...I built a forest of stone statues!”

“As long as it is within the range of the Stone Statue Forest, the Sinking Abyss, and the Abyssal Battlefield, whether it falls, or the cosmic chains on the body are broken... These cosmic chains will eventually come to my hands!”

“In order to attract more powerhouses to come, I have left behind all kinds of opportunities! Since I came to the virtual universe... the eight major boundaries of the virtual universe, more than 80% of the chains of the universe are under my control! It’s almost time to practice the success method, but

there is still a nightmare-level cosmic chain missing, fortunately, there is a monster like you in the second quadrant!”

The nightmare-level cosmic chain on Xu Ming’s body is exactly the last nightmare-level cosmic chain that the fallen devil needs!

The fallen devil continued: “I have a way to break the nightmare-level cosmic chain, but... at the same time as I break the nightmare-level cosmic chain, you will also fall immediately!”

Fall?

Xu Ming was stunned.

“Of course, it’s not a complete fall!” The fallen devil continued, “If you have practiced the method of rebirth before, then as long as you are reborn after falling, you will no longer be entangled by the chains of the universe! But if... you haven’t practiced before. If you want to practice the method of rebirth, it will be too late!”

“The geniuses who were suppressed by the nightmare-level cosmic chains before were precisely because they did not practice the method of rebirth, so... after the cosmic chains were broken, they could only go to reincarnation with my help! Originally, the virtual universe They are not qualified to be reincarnated; they are suppressed by nightmare-level cosmic chains, and they are fortunate to have the opportunity to be reincarnated!”

Xu Ming secretly communicated with Xiaohang.

“Xiao Hang, is what the fallen devil said believable?”

Xiaohang said: “If there is any problem, I will remind you that you can just self-destruct at that time! With your strength, this place belongs to the scope of the virtual universe, as long as you choose to self-destruct, the Fallen Demon Lord can’t stop you! After self-destruction, it can still be resurrected with the ‘immortal mark’!”

“Okay!” Xu Ming made a decision in his heart.

Being suppressed by the cosmic chains is really not the way! Now may be the only chance to break the nightmare-level cosmic chain, Xu Ming certainly will not let it go!

Xu Ming looked at the fallen demon master: “I have the method of rebirth!”

“Oh?” The fallen demon master couldn’t help but be surprised, “Did you cultivate before being suppressed by the nightmare-level cosmic chains?”

“Yes!” Xu Ming nodded.

“Then it couldn’t be better!” The Fallen Demon Lord continued, “I am afraid you are the only one in the entire universe who can survive after being suppressed by the Nightmare-level universe chain!”

“Haha!” Xu Ming couldn’t help laughing.

“If there is nothing else, just prepare, I will help you break the nightmare-level cosmic chain!” The fallen devil said.

“Okay!” Xu Ming sat cross-legged, closed his eyes, and adjusted his state to the best.

The fallen demon master has also been brewing for a long time: “Get ready! It may be very painful to break the chains of the universe!”

pain?

Xu Ming smiled disdainfully.

In such a state, what kind of pain is unbearable?

“rise!”

Seeing that Xu Ming was ready, the Fallen Demon Lord stretched out his right hand and bent a finger.

boom!

Immediately, a group of red flames appeared around Xu Ming, directly burning Xu Ming's divine body.

Whoa! Whoa!

The red flames burned more and more intensely~www.readwn.com~ and even turned into a fiery snake and got into the depths of Xu Ming's divine body.

Xu Ming couldn't help frowning slightly – this kind of pain is much more painful than burning the divine body!

However, Xu Ming only frowned slightly, and did not say a word.

boom...

Under the burning of the special red flame, the nightmare-level cosmic chains that suppressed Xu Ming began to slowly appear.

“Xu Ming!” The voice of the fallen devil sounded, “If you have a method of rebirth that needs to be operated, it can be operated now! Next, don't resist, I will directly burn out your divine body! At that time, Even your inner world will be burned to the ground!”

Xu Ming said indifferently: “My method of rebirth does not need to be operated!”

“Oh?” The fallen demon master was a little surprised – the method of rebirth that does not require operation, even in the real universe, is top-notch!

As a result, the fallen demon master is more and more certain that Xu Ming's fate is extraordinary!

“I came to the virtual universe, and all the preparations I have made are to wait...” The fallen demon master's eyes flickered with expectation, “Maybe... Xu Ming will be...”

boom! !

Chi Yan suddenly soared, completely devouring every part of Xu Ming's divine body, and even more domineeringly bound the nightmare-level cosmic chain on Xu Ming's body!

Bang!

Because Xu Ming didn't resist, his divine body was completely annihilated under the red flames in just an instant.

That nightmare-level cosmic chain, still trying to escape into the depths of time and space, was caught by the fallen demon master.

"Don't resist!" The Fallen Demon Lord grabbed the Nightmare-level Cosmic Chain and devoured it with one mouthful, "With this last Nightmare-level Cosmic Chain, my cultivation technique is about to be completed! In the future, I will be the only one. All you have to do is wait..."

wait!

Apex Schoolbag is the fastest to update the latest chapters of the new world.

Chapter 1978: Rebirth

Apex Schoolbag is the fastest to update the latest chapters of the new world.

The snow fell one after another, whitening the whole world.

Second quadrant.

Doomsday.

in a separate space.

Yin Ran walked alone in the snow.

Today's independent space is even larger than the entire Divine Phoenix Chaos Realm. She is the only one in the world Yin Ran lives in; the weather in this world will keep changing with Yin Ran's mood.

Yin Ran was in a happy mood, the sun was shining brightly.

Yin Ran was in a low mood, and it was raining continuously.

Yin Ran was worried and nervous, but the wind was howling.

When Yin Ran missed Xu Ming, it was snowing heavily...

"Hey..." Yin Ran sighed softly, "I don't know what happened to Xu Ming now, whether he succeeded in breaking the cosmic chain on his body..."

Yin Ran has limited talent after all.

Even though she has practiced very hard, even though Xu Ming has provided her with inexhaustible resources, but... the gap between Yin Ran and Xu Ming's strength is still getting bigger and bigger, so big that Yin Ran can't see Xu Ming for a long time. 's back.

However, Yin Ran himself has no ambitions in cultivation. She was also used to it, waiting for Xu Ming at home alone and praying for Xu Ming.

No matter how far Yin Ran and Xu Ming are, their hearts are actually close together.

Whoa!

Suddenly, a bright light bloomed from Yin Ran's residence. The colorful light instantly illuminates the whole world, with endless beauty.

Yin Ran's expression changed suddenly: "This is...!?"

Immediately afterwards, the world Yin Ran was in suddenly roared violently and snow flew like arrows.

To know...

Yin Ran's residence is exactly where Xu Ming kept his "immortal mark".

Xu Ming also told Yin Ran that if the "immortal mark" had a reaction, it meant that Xu Ming had died elsewhere and was being reborn with the "immortal mark". Therefore, Yin Ran is naturally very nervous about the state of the "immortal imprint" – he is afraid of seeing the "immortal imprint" react, which means that Xu Ming has died in other places; he is even more worried about the "immortal imprint" There was no reaction at all, because... there might be some superpower that could make Xu Ming unable to rely on the "immortal mark" to resurrect.

"What happened?" Yin Ran flew to the residence.

Xu Ming died in other places, and Yin Ran was of course extremely worried.

When she was about to fly back to her residence, the colorful lights had gradually dissipated, and Xu Ming's figure also came out of the house.

Xu Ming hugged Yin Ran who flew over, patted her head and comforted: "It's okay! It's okay! – I have to die once before I can break the cosmic chain on my body!"

"Oh..." Hearing Xu Ming's words, Yin Ran felt a lot at ease, "Then you now...?"

"The cosmic chain has been successfully broken!" Xu Ming said very plainly. However, Yin Ran didn't know that Xu Ming's cosmic chain was the highest-level nightmare-level cosmic chain; in order to break the cosmic chain, Xu Ming spent more effort than others.

"Then... you have already been resurrected once, can you still create a new 'immortal mark'?" Yin Ran asked worriedly.

If Xu Ming had an “immortal mark”, then Yin Ran would feel much more at ease when he was wandering outside.

“Haha...” Xu Ming smiled, “It has been created!”

The “immortal imprint” hanging, in fact, does not cost Xu Ming many hanging points.

“That’s great!” Yin Ran said happily.

“Haha...” Xu Ming laughed again, “Now... even if I don’t have the ‘immortal mark’ hanging on it, within the scope of the virtual universe, I’m afraid no one can kill me!”

It does!

You must know that even the real body of the Great Venerable of the Three Realms came to the virtual universe and failed to kill Xu Ming, instead he fell! Who else can kill Xu Ming in the virtual universe?

Xu Ming said again: “Without the suppression of the cosmic chains, it is time to break through to the domain master realm!”

As early as when he just left the “Jiuzhongtian”, Xu Ming was already breaking through the domain master realm! It’s just that at that time, Xu Ming’s “True Self” had just merged with “Chaos Supreme Tao”, and before he could open the “True Self”, Xu Ming was directly suppressed by the cosmic chain!

Breaking through the domain master realm will also die prematurely!

Fortunately... the Nightmare-level Cosmic Chain will only suppress a person once, not the second time; since Xu Ming has broken the Nightmare-level Cosmic Chain, he will not be suppressed again.

Therefore, Xu Ming will now break through to the domain master realm, and there will be no risk.

“However... With my current state, let alone breaking through to the realm of the realm, even if I directly break through to the realm of the realm, I’m afraid it won’t be a problem...” Xu Ming couldn’t help thinking.

Although Xu Ming’s cultivation is still in the Nirvana realm, you must know that in the abyss battlefield, he cultivates the “heart world” extremely tyrannically! – Even if he doesn’t hang up, Xu Ming’s heart world is probably comparable to the “half-rank peak” level!

And Xu Ming’s way of cultivation is “the unity of mind, spirit and body”. With such a tyrannical heart world as the background, it is naturally not difficult to break through the cultivation base on the divine body!

After spending a few days with Yin Ran, Xu Ming went directly into a state of retreat.

“Domain Lord Realm...”

Xu Ming had already merged “the way of the true self” and “the way of chaos”, breaking through to the domain master realm is naturally a matter of course.

“Bloom...the flower of my true self!”

The flower of Xu Ming’s true self blooms splendidly. This flower of self, with 10,810 petals, looks flawless; one more is more, one less is less.

“Under the opening, my strength has reached the ‘eighteenth order’ level!”

The “eighteenth order” level is also the level of the three realms of shackles!

If Xu Ming can reach the peak of the eighteenth order, then he can reach the absolute limit of the virtual universe!

“Continue to break through!”

After breaking through to the Domain Lord Realm, Xu Ming did not stop, but continued to break through towards the Domain Lord Realm!

...

When Xu Ming retreated and practiced ~www.readwn.com~ the real universe.

The will of the digital great masters is communicating with each other across endless time and space.

“The Great Senior of the Three Realms actually fell in the long river of time...and he fell in the ‘future’, and I don’t know how he fell!”

“Yeah! If the Great Seniors of the Three Realms fall in an instant, there must be something extremely dangerous in the future! And... the future in the long river of time is much more dangerous than the real future! We dare not live in the long river of time. In the future, check the cause of death of the Great Senior of the Three Realms!”

“really...”

“Don’t worry! The Great Senior of the Three Realms will fall in the not-too-distant future. Let’s calm down and wait for a while to find out how he fell! There’s no need to venture into the long river of time to check!”

“Well! Let’s talk about how to deal with the virtual universe!”

“Not bad! The abyss battle is over, and the abyss battlefield has also been closed! – Without passing through the abyss battlefield, Xu Ming can’t go to the abnormal quadrant, he can only stay in the second quadrant! We can also re-arrange our forces in the virtual universe. It’s gone!”

“In this case... you must first say hello to the Fallen Demon Lord, and don’t help Xu Ming go to the Vision Quadrant!”

“This is not a big problem! Although the fallen devil is unwilling to help us, he does not dare to stand against us!”

Several great masters pondered, going to the virtual universe, and then going back to the past through the long river of time, and “sowing seeds” in the past. In this way, the history of the virtual universe will be tampered with again, and in the large quadrants of the virtual universe, in addition to the second quadrant, new minions will appear! Those new minions will continue to help them search for Gu Hanmo’s incarnation.

Although, tampering with the history of the virtual universe again, the price will be very high; however, several Great Seniors still decided to pay this price!

Apex Schoolbag is the fastest to update the latest chapters of the new world.

Chapter 1979: Alien Invincible Plug-In Ultimate Version

When several great masters were conspiring to tamper with the history of the virtual universe again; Xu Ming’s cultivation level continued to rise in the domain master realm.

“To break through from the Nirvana realm to the domain master realm, you need to condense the ‘flower of the true self’; and to break through from the realm master realm to the realm of the realm, you need to bear the fruit of the real self! What I cultivate is to break through The world-level exercise “Breaking the World”, if you want to break through to the realm of the world, the difficulty is ten times, a hundred times higher!”

In the early stage of cultivation, there is not much difference between “Breaking the World” and ordinary exercises; however, the later stage of cultivation, the more terrifying this exercise!

The realm of the world master is divided into nine levels!

And those who practiced “Breaking the World” and broke through to the realm of the world master, even if they just broke through to the “first order of the world master”, are even stronger than the “ninth order of the world master” of other exercises!

Those who cultivated “Breaking Mortal Dust” and reached the ninth rank of the world master can directly leapfrog to challenge the Supreme – and it is not necessary to hang up!

This is the tyranny of the Boundary-Breaking Cultivation Technique!

Of course, with such a tyrannical technique, it is extremely difficult to break through!

For example, now – Xu Ming’s cultivation base has already reached the peak of the realm master, but he has not been able to break through the realm of realm master!

“Right!” Suddenly, Xu Ming’s eyes lit up, “When I was in the world of Jiuzhongtian, I once emptied the ‘Cosmic Flower Sea’!”

The sea of flowers in the universe is a mysterious place in the world of Jiuzhongtian; there, it is full of “true flowers” of various grades, including exquisite, imperial, and divine grades!

Xu Ming put the harvest in the entire universe of flowers in his “heart world”. When using the “immortal mark” to be reborn, the treasures in the heart world will naturally be abundant.

“The flower of the true self is meant to be swallowed!” Xu Ming secretly said, “I didn’t use these ‘flowers of true self’ when I broke through the realm of the realm; now I can use it when I broke through the realm of the realm! ”

rumbling...

Xu Ming directly moved the entire sea of cosmos flowers to beside his “flower of true self”. Afterwards, Xu Ming’s own “Flower of True Self” began to frantically devour these unowned “Flower of True Self”.

You must know that when he was hollowing out the sea of cosmic flowers, Xu Ming had more than five million clones! Not only have billions of “true flowers” been illuminated, but even the special soil of the universe of flowers has been hollowed out!

It is naturally more than enough to use the resources of the entire universe of flowers to nourish one of your “true flowers”!

After devouring a million “flowers of true self”...

“My ‘Flower of True Self’ has finally grown to the extreme! It can break through!”

Xu Ming ran the exercises, and the “flower of the true self” underwent an amazing transformation, slowly condensing into the “fruit of the true self”!

My true fruit!

This is the fruit that Xu Ming condensed with his own way! Represents the height of the realm!

“First-rank Boundary Master!” Xu Ming felt his own cultivation and strength, “Sure enough, “Breaking the World” is too strong... This first-rank Boundary Master of mine is probably stronger than the ninth-rank Boundary Master of others. Less! Comparable to a half-respected cultivation base!”

The first-order world master is comparable to a half-respect!

This is already a leap of faith!

Moreover, Xu Ming can really hang up!

“But...” Xu Ming frowned slightly, “Although I have broken through to the realm of the world master, even if I open up with all my strength, my strength will be equivalent to the ordinary 18th rank! There is still a big gap from the peak of the 18th rank. !”

The pinnacle of the eighteenth order, which is the pinnacle of the Three Realms of Shackles, which... means the pinnacle of the virtual universe! Absolute limit!

Who has reached this level of strength, who is not the one who has reached the peak of the upper-level supreme, and has practiced special exercises and various treasures of opportunity? Among the billions of high-ranking supreme peaks, it is difficult for one person to touch the absolute limit of the virtual universe!

And Xu Ming’s current cultivation realm, to the peak of the supreme supreme, is still separated by the entire realm of the world’s main, semi-exalted, lower supreme, middle supreme, and upper supreme! -Nearly five realms!

Five great realms!

This is still the difference between Xu Ming and the common high-ranking Supreme Peak cultivation base!

As for the ordinary high-ranking supreme peak, not one of the hundreds of millions of people will touch the absolute limit of the virtual universe!

“I’m afraid... My cultivation base must reach the ninth rank of the world master before I can reach the absolute limit of the virtual universe!” Xu Ming felt it, “This is because I am practicing “Breaking the World”, the ninth rank of the world master. , the strength is comparable to the supreme! Moreover, there is also the bonus of my tyrannical heart world! Coupled with the opening, it is possible to reach the absolute limit!” 72 Literature Network debut <https://>

The absolute limit of the virtual universe is not so easy to touch!

This absolute limit is the “underpants” of the virtual universe! – Can anyone touch it?

If it is so easy to touch, then the Eight Great Limits of the Virtual Universe, the countless billions of high-ranking Supremes, have long been referred to by many people as the “underpants” of the Virtual Universe!

“Fortunately, there are hundreds of millions of ‘flowers of true self’ that I can swallow and directly cultivate to the ninth order of the world master, which should be enough!”

The “flower of true self” dug up in the sea of cosmic flowers, swallowed directly! As for the special soil of the sea of cosmic flowers, it is used to nurture Xu Ming’s “true self-dao fruit”; in this way, Xu Ming’s “true self-dao fruit” will grow faster, which will certainly have a great impact on breaking through the supreme realm in the future. s help!

With the constant devouring of the “flower of the true self”...

boom!

boom!

boom! !

Xu Ming's cultivation level continues to climb!

The second-order world master!

World Lord Tier 3!

World Lord Tier 4! !

When all the “flowers of true self” were swallowed up, Xu Ming's cultivation had reached the “peak eighth-order world master”! Xu Ming already felt that he was very close to reaching the absolute limit of the virtual universe!

It's about to pull the underpants of the virtual universe!

“It's a bit extravagant to devour so many flowers of true self to improve your cultivation!” Xu Ming thought to himself.

These flowers of true self are enough to cultivate hundreds of millions of domain masters and world masters! Moreover, there are many of them, who will be extremely talented!

But think about it the other way around, is a genius at the level of billions of domain masters and world masters comparable to a Xu Ming?

Can't compare!

Not to mention billions of world masters! Even a billionaire high-ranking supreme cannot compare to a Xu Ming! – Like the tens of trillions of minion forces that Xu Ming wiped out, which force does not have a group of superiors? No ads 72 Literature Network am~w~w.7~2~w~x.c~o~m

Xu Ming alone is more valuable than the billionaires!

So, having said that... Xu Ming's cultivation with these flowers of true self is not a luxury at all; on the contrary, these flowers of true self are used by those ordinary geniuses, which is a real luxury!

“Break it for me!”

boom! !

With Xu Ming's roar ~www.readwn.com~, his cultivation level directly broke through to the “ninth order of the world master”!

At the same time, Xu Ming immediately felt a vast, invisible, but undeniable suppression—this suppression was the absolute limit of the virtual universe!

Even if the “Great Master” came to the virtual universe, he could not resist the absolute boundaries of the virtual universe!

“Is this the strength of the peak of the Three Realms of Shackles?” Xu Ming was a little puzzled, “Why do I feel... I am weaker than other peaks of the Three Realms of Shackles?”

It does feel that way!

Therefore, this is exactly where Xu Ming is puzzled!

It stands to reason that they are both “the peak of the three realms of shackles”, and they are also suppressed by absolute boundaries. Shouldn't their strengths be similar?

But at this moment, he couldn't think about it as much as Xu Ming – Xiaohang's voice sounded directly in Xu Ming's mind.

“Congratulations to the host, the strength has reached the absolute limit of the virtual universe! The otherworld invincible plug-in [Ultimate Edition] is officially opened!”

Alien Invincible Plug-in Ultimate Edition, here we come! !

Chapter 1980: Invincible Ultimate Edition

“The ultimate version of the invincible plug-in in the world is opening!”

The mechanical voice of the small hanging sounded: “The current version of the host’s plug-in is: Alien Invincible plug-in version 40, the functions are as follows:

Combat functions: leapfrog invincibility, eternal power, life and death.

Auxiliary functions: coordinate transmission, clone, independent space, inscription on the road, immortal mark, forced face slap (exclusive).

System functions: Wanjie hegemony system, Zhidao guidance system, Wanjie mall system, recycling system, and all beings worship system.

Elimination function: stealth, camouflage, heart tree garden.

Other functions that have been opened: unlimited clones, attribute modification, forced slavery, time suspension, wholesale and retail gold fingers, infinite blue, seconds air.

Unopened functions: infinite resurrection, time reversal, invincibility, instant kill, copy, take over the universe! ”

“Upgrading to the ultimate version of the otherworldly invincible plug-in will delete most of the miscellaneous functions, are you sure?”

Remove most of the miscellaneous functions?

Xu Ming thought for a while: “Since it is a miscellaneous function, it means that it is not very practical for me now! And... Since it is the ultimate version, it must be much stronger than the 40 version!”

Xu Ming hardly hesitated: “Upgrade!”

“update succeeded!”

Xiao Hang’s voice sounded again: “The ultimate version of the Alien Invincible plug-in has been successfully opened, and the functions are as follows: follow your words! Endless incarnation! Everywhere! Time goes against the flow! Infinite resurrection! Invincible! Instant kill! Seize the universe!”

The ultimate version, as expected, deleted most of the miscellaneous functions, leaving only eight functions!

But it is the names of these eight functions that Xu Ming has already felt – powerful!

Xu Minglian looked at the detailed function introduction:

“Words follow the law: within the scope of the virtual universe, the host’s will can suppress the will of the virtual universe, and words are like the rules of the universe!”

“Endless avatar: Within the scope of the virtual universe, the host can instantly have an endless avatar! This function is free and does not require any hanging points!”

“Ubiquitous: Within the scope of the virtual universe, the host can reach any place at any time, ignoring all space barriers. 35xs This function is free and does not require any hanging points!”

“Time Reverse: Consume 24 levels of hanging points to reverse time and go back to the past!”

“Infinite resurrection: within the virtual universe, the host can be resurrected infinitely without consuming any hanging points; within the real universe, the host only needs to consume level 24 hanging points to be resurrected once.”

“Invincible: Within the scope of the virtual universe, the host and the incarnation of the host are absolutely invincible! This function is free and does not require any hanging points!”

“Seckill: Within the scope of the virtual universe, you can kill everything in seconds, and ignore the suppression of the ‘absolute boundary of the virtual universe’! This function is free and does not require any hanging points!”

“Seize the universe: Spend 25 points to win the entire universe! It includes the real universe and the virtual universe!”

...

Eight new features!

The more Xu Ming looked, the bigger his eyes widened!

powerful!

too strong!

As soon as the ultimate version of the otherworld invincible plug-in is opened, Xu Ming is simply a completely invincible existence!

Invincible!

Spike!

resurrection!

omnipotent!

The only fly in the ointment is that many functions of the Ultimate Edition can only be used within the virtual universe; that is to say, once you go to the real universe, these functions are unavailable!

“Unfortunately...” Xu Ming sighed. Flash Dance Novel Network

“Nothing to regret!” At this time, Xiao Hang’s voice resounded in Xu Ming’s mind again, “The will of the true universe is extremely tyrannical and domineering! If it is version 40 of the plug-in, it will be completely unusable in the true universe; even the host has it. The risk of being killed by the will

of the true universe! Only the ultimate version of the plug-in can still be used after entering the true universe!”

Be careful when opening and hanging!

Xu Ming has already felt that the plug-in from version 0 to the final version has become more and more tyrannical and more “stable”!

Like before, low-level plug-ins would even be noticed by the will of the Divine Phoenix Chaos Realm! After the 40th version of the plug-in, it is difficult to be discovered by the will of the universe within the scope of the virtual universe!

“Fortunately, there are still three functions: Time Reverse Flow, Infinite Resurrection, and Cosmos Seizure, which can be used within the real cosmos!” Xu Ming secretly said.

To seize the universe, you need level 25 hanging points, but you only need points.

“I don’t know... How can I get level 25 hanging points! If I can get points, then I can directly take away the entire universe!” Xu Ming couldn’t help but look forward to it.

Taking over the entire universe, what kind of concept is this! ?

At that time, the entire universe will belong to Xu Ming!

And the existence of the Great Venerable, such as the fallen devil and the Great Venerable of the Three Realms, although they have already stood at the peak of the entire universe, they are only a creature in the universe! If Xu Ming was in control of the entire universe, it would be as easy as the palm of your hand to kill the existence of the Great Senior!

“The real universe...” Xu Ming looked far away, “What kind of powerful world would that be?”

Xu Ming has no fear, only expectation!

After the Alien Invincible plug-in was upgraded to the ultimate version, Xu Ming’s state of mind was suddenly lifted countless times! In his eyes, within the scope of the virtual universe, there are

only two types of people left—the first type is the relatives and friends recognized by Xu Ming!
The second category is... ants!

Yes!

Except for the relatives and friends recognized by Xu Ming, all the others are just ants! If Xu Ming wanted to kill those ants, he would just lift his foot and stomp to death. He would not have the slightest psychological burden, and would not even have the feeling of slaughter.

Just ants!

He couldn't even make Xu Ming have mood swings!

“This independent space...” Xu Ming felt the time and space he was in again.

Independent Space~www.readwn.com~ is created by “Independent Space” in the previous plug-in version! However, in the ultimate version, the “independent space” is no longer hanging, but the independent space is still retained, and Xu Ming is still in absolute control!

“Although there is no ‘independent space’ hanging, but I have a ‘speaking out of the law’ hanging!”
Xu Ming chuckled, “The independent space today is too small for me!”

Yes!

too small!

After all, the scope of the independent space is similar to the scope of the Divine Phoenix Chaos Realm, that is, the scope of an ordinary small universe. But today's Xu Ming is an existence that can destroy hundreds of millions of small universes with a wave of his hand!

Independent space is really too small!

“expansion!”

Xu Ming's lips moved slightly, and his words followed.

boom-

Immediately, the scope of the independent space began to skyrocket! Soon, it rose to a million times the size of the Divine Phoenix Chaos Realm! – This size is still very inconspicuous within the scope of “Destiny”. But for Xu Ming, it is enough for the time being; if he wants to be bigger, Xu Ming can get bigger at any time with a slight movement of his lips!

“Let's be smaller!”

An independent space is a special time and space; the smaller it is, the more secret it is, and the less likely it is to be discovered by super existences.

“Strength breakthrough, plug-in upgrade, it's time to meet my old friends!”
