

A World 1991

Chapter 1991: 3 The Death Of The Great Master

The will of the universe cannot be challenged directly!

Once the will of the universe is provoked head-on, even the existence of the Great Senior will have to pay the price.

For a time, the Great Venerables of the True Universe who stood in the same camp as the Great Venerables of the Three Realms, all looked at each other; you look at me, I see you—who will pay this price?

“The Great Senior of the Three Realms must be reminded immediately, otherwise, he won’t even know how he died!”

“Who will remind? Who will pay the price for confronting the will of the universe?”

No Great Senior is willing to pay this price.

But if no one reminds him, the Great Senior of the Three Realms will be dead!

“Or... Let’s ask the Fallen Demon Lord to take action?”

“This is a way! The fallen devil himself is in the virtual universe. Let him transmit his voice to the Great Senior of the Three Realms, and the price must be lower than us!”

“It’s just... Is the fallen devil willing to help?”

“Try it! As long as we pay some treasures, maybe the Fallen Demon Lord will be willing to help?”

“Master Tianyu, you have a better relationship with the Fallen Demon Lord, come and get in touch!”

“Okay!” The divine body of the Great Venerable Tianyu looked a little ethereal and illusory, as if between the real and the illusory. As he said that, his will extended infinitely far, from the real universe to the virtual universe, and found the fallen demon master.

“Sinking Demon Lord, can you help to inform the Great Senior of the Three Realms, so that he will not continue to travel through the long river of time, and do not leave the virtual universe!” The Great Senior Tianyu said directly.

“Tianyu Dazun, it’s useless, I advise you not to waste your efforts!” The Fallen Demon Lord smiled, “At that time, we all saw that the Three Realms Dazun fell into the future area of the long river of time! Actually...Three Realms Dazun It has already fallen! It is almost impossible to tamper with the fact that a Great Senior has fallen! Even if I can transmit a voice to remind the Great Senior of the Three Realms, it will not help or change anything!”

Why don’t the great masters such as Tianyu Dazun know what the fallen devil said?

Whether it is in the past or in the future... if it is down, it is down!

It is extremely difficult to change the fact that a Great Senior has fallen!

“I know...” The Great Venerable Tianyu sighed, “but... please help! You are in the virtual universe, and the cost of passing the news to the Great Venerable Three Realms is relatively low!”

“Ha!” The Fallen Demon Lord smiled, “But...why should I help?”

yes!

Why should the fallen devil help? After all, no matter how low the price is, it will still collide with the rules of the universe!

The Great Venerable Tianyu said directly: “A low-grade world-shattering divine weapon!”

The Fallen Demon Lord then said: “Okay! However, I’m only responsible for passing the news to the Great Senior of the Three Realms, and I don’t care about other things!”

“Yes!” Tianyu Dazun replied.

The fallen demon master got the promise, so he didn’t ask any more questions, and he didn’t ask Tianyu Dazun to make any guarantees. After all, in the entire universe, there are only a few people whose strength has reached the level of the Great Senior, and they still know each other relatively well; it is not enough to lose their credibility for a mere low-grade divine weapon.

Immediately, the Fallen Demon Lord immediately transmitted his voice to the Great Venerable of the Three Realms.

Although the will of the universe also oppresses the fallen devil, this kind of oppression is still within the tolerance of the fallen devil.

“Three Realms Great Venerable!”

The voice of the fallen devil rang in the ears of the Great Senior of the Three Realms.

“Huh?” The Great Senior of the Three Realms was a little puzzled – he still didn’t know why the Fallen Demon Lord was looking for him.

“Great Master of the Three Realms, what I’m going to say next is not a joke, listen carefully!” The Fallen Demon Lord said in a serious tone, “I solemnly tell you now that at that time, when you entered the river of time in the first quadrant, All the great masters of the entire universe have seen that you have fallen in the future region of the long river of time!”

“What!!?” When the Great Venerable of the Three Realms heard the words, his face suddenly showed infinite horror, and he couldn’t even care about Xu Ming who was standing in front of him for the time being.

The Great Venerable of the Three Realms is an existence at the Great Venerable level, so he naturally understands what it means to “fall into the future”!

“Sinking Demon Lord, you didn’t play me?” The Great Senior of the Three Realms couldn’t help saying.

“Is it any good for me to play with you?” The Fallen Demon Lord sneered, “If you don’t believe it, you can try to contact other Great Venerables. However, you also know that under the suppression of the will of the universe, it is almost impossible for you to contact other Great Venerables! I am just entrusted by Great Venerable Tianyu to remind you – remember, don’t enter the long river of time again, and don’t leave the virtual universe!”

“Okay!” The Great Senior of the Three Realms naturally knew the seriousness of the matter. Moreover, he has just tried to contact the great masters such as Tianyu Dazun in the real universe; the result, no surprise, can’t be contacted at all!

Can’t get in touch, that is to say... what the fallen devil said is true!

“I... died?” The Great Senior of the Three Realms couldn’t accept it, “How could I die in the long river of time...”

Traveling through time is risky! Especially if you travel to the future, you are likely to fall!

It is a fortune that the Great Senior of the Three Realms can get this information now!

“At least... I’m ready!” The Great Senior of the Three Realms secretly said, “I don’t believe it, I would die so easily!”

...

At this time, Xu Ming, who was in front of the Great Senior of the Three Realms, naturally noticed the change in the expression of the Great Senior of the Three Realms.

“You know?” Xu Ming couldn’t help laughing.

“Huh? You also know that I have fallen into the long river of time?” The Great Master of the Three Realms looked cold and said, “Xu Ming, don’t be complacent, it’s not your turn to come to see my jokes! Since I already know about it, Naturally, I will be careful; I don’t believe that there is anything in this virtual universe that can make me fall!”

Xu Ming looked at the Great Senior of the Three Realms and suddenly felt... The Great Senior of the Three Realms was making a will!

That's right!

It really is this feeling!

Xu Ming couldn't help but think: "Could it be that... the Great Senior of the Three Realms was really killed by me with a 'Spike'?"

Regardless of whether he is really like this, try it first and then talk about it!

Anyway, try it without money!

"Seckill" hangs...Open!

call out-

Xu Ming's attack directly slayed the Great Master of the Three Realms—this attack did not have much momentum, but it already had the effect of "seckill" hanging.

"Heh!" The Great Senior of the Three Realms watched Xu Ming's attack and couldn't help laughing, "Xu Ming, are you serious about this level of attack? I'm afraid this blow has not touched the absoluteness of the virtual universe. Boundaries? You don't even have the qualifications to tickle me? Hahahaha..."

The Great Master of the Three Realms was talking, and even couldn't help laughing – in his opinion, Xu Ming was just joking!

However...

When Xu Ming's attack arrived, the eyes of the Great Senior of the Three Realms suddenly became infinitely frightened!

"what!?"

“This...”

“I...!?”

At this moment, the Great Senior of the Three Realms smelled a strong breath of death.

At this moment, the Great Senior of the Three Realms seemed to suddenly understand-why did he die in the future area of the long river of time!

but...

It's too late!

Yes!

When Xu Ming appeared in front of him... oh, no, to be precise, when the Great Senior of the Three Realms came out of the river of time, it was already too late! – No matter who reminded him through voice transmission, he could not rewrite the fate of the death of the Great Venerable of the Three Realms!

When the Great Senior of the Three Realms walked out of the river of time, it was doomed that he had walked into his own grave!

Bang!

The moment Xu Ming's attack landed on the Great Senior of the Three Realms, the effect of “seckill” was also effective!

Instant kill: Within the scope of the virtual universe, you can kill everything in seconds, and ignore the suppression of the “absolute boundary of the virtual universe”! This function is free, without any hanging point!

The Great Venerable of the Three Realms, die!

Chapter 1992: Bring Me A Word

The Great Venerable of the Three Realms, die!

Bang!

In this way, the Great Venerable of the Three Realms fell silently into a space-time somewhere in the second quadrant. However, the Great Venerable of the entire universe witnessed this scene.

“what!?”

“This...”

“how is this possible!?”

In fact, the great masters such as Tianyu Dazun and the fallen demon master, when they saw the Three Realms Dazun again, they all guessed that the Sanjie Dazun would probably fall. However, no one guessed that the Sanjie Dazun actually died of Xu Mingzhi. hand!

No one even guessed that it would be a spike!

Yes!

Spike!

Xu Ming was just an understatement and a very random blow, and the Great Senior of the Three Realms fell instantly!

“This is impossible!”

“Why is this!?”

All the Great Venerables can't even be shocked! On the face of every Great Senior, in addition to being stunned, he is still stunned!

"How is that possible? How did Xu Ming do it to kill a great master!? And he still killed a great master within the virtual universe!"

"Within the scope of the virtual universe, the peak powerhouses of the Three Realms of Shackles are almost invincible; even at the Great Senior level, it is almost impossible to kill the powerhouses of the Three Realms of Shackles! And Xu Ming, how did he kill them? What about your majesty?"

"Xu Ming can kill the Great Senior of the Three Realms, then...will he come to the real universe to kill us?" Great Senior Tianyu couldn't help but said.

The other Great Seniors couldn't help but panic!

yes! If Xu Ming can kill the Great Venerable of the Three Realms in seconds, will he also be able to kill them in seconds?

"Could it be... Xu Ming has already taken that last step and reached that level!?"

That level is the pursuit of all Great Venerables!

However, none of the Great Venerables in the universe today can reach that level!

Yes!

not a single one!

"Xu Ming has reached that level?" All the Great Seniors thought, this is impossible!

Impossible!

However, if Xu Ming did not reach that level, how did he kill the Great Master of the Three Realms in one move in the virtual universe?

...

“Xu Ming, you...” The Fallen Demon Lord couldn’t help but asked directly through voice transmission, “How did you kill the Great Venerable of the Three Realms?”

“Uh...” Xu Ming thought for a while and said, “I don’t know either!”

To be precise, Xu Ming really didn’t know – after all, killing the Great Senior of the Three Realms was a “second kill”; and Xu Ming’s own strength made it impossible to kill the Great Senior of the Three Realms! As for how the “seckill” link killed the Great Senior of the Three Realms in one second, Xu Ming really didn’t know!

Therefore, Xu Ming does not count as deceiving the fallen demon master.

However, the fallen demon master was not surprised by Xu Ming’s answer. On the contrary, if Xu Ming answered “know”, it would surprise the fallen demon master.

“It seems... the Great Venerable of the Three Realms was not killed by Xu Ming, but by the will of the universe!” After thinking for a long time, the Great Venerables finally came to this conclusion.

However, what the great lords do not know is that the great lords of the Three Realms were actually killed by Xu Ming!

...

Xu Ming ignored the shock of the Great Venerables, and did not intend to tell them the truth, so he just let them guess.

“If only a few more Great Seniors entered the virtual universe!” Xu Ming couldn’t help thinking.

If anyone of Gu Hanmo’s enemies dared to enter the virtual universe, Xu Ming would be able to kill a few more great masters. After all, Xu Ming’s “seckill” link can only be used within the virtual universe, and it will have no effect in the real universe; in the future, Xu Ming goes to the real universe and wants to kill a great master, but it is not so easy!

“Ignore these for now! Go ahead and clean up all the remaining minions in the seven abnormal quadrants!”

When Xu Ming swept through the seven abnormal quadrants, although he had cleaned up all the minions in the seven abnormal quadrants, it was inevitable that some fish would slip through the net. Xu Ming intends to strike while the iron is hot, and now he will directly clean up all the minions in the virtual universe.

Just do it!

“Endless Avatar” hangs, “Everywhere” hangs, and turns on again. In an instant, Xu Ming’s endless incarnations spread across the seven abnormal quadrants.

Every inch of space in the seven abnormal quadrants is under Xu Ming’s control.

Soon, Xu Ming investigated all the minions in the seven abnormal quadrants.

“Huh? How come there are so many!?”

After the investigation was clear, Xu Ming couldn’t help but feel a little confused.

He thought that even if there were fish that slipped through the net, there should not be many. But now, Xu Ming discovered that the minions in each quadrant actually exceeded five trillion!

Each quadrant is more than five trillion, and there are more than 40 trillion minions in the seven quadrants!

Compared with the minions that Xu Ming cleaned up for the first time, it was not much less!

“How come there are so many fish that slip through the net?” Xu Ming couldn’t help but wonder – the number of fish that slipped through the net far exceeded Xu Ming’s expectations. Moreover, in some areas, Xu Ming had clearly cleaned up the minions before, but now a new minion has appeared!

“Could it be...” Xu Ming quickly thought of a possibility, “The long river of time in the seven abnormal quadrants has been tampered with again?”

Xu Ming guessed right!

After he returned to the second quadrant, another great master came to the virtual universe, and tampered with the past of the seven abnormal quadrants again, and cultivated a new batch of minions.

“Sinking Demon Lord.” Xu Ming asked in a voice transmission, “After I returned to the second quadrant, did the Great Venerable descend to the virtual universe?”

“Yes!” The fallen demon master naturally knew what Xu Ming wanted to ask. They have cultivated a group of forces again! The forces you cleaned up before have all been cleaned up for nothing! ”

“Cleaned up in vain?” Xu Ming sneered and shook his head, “No! They cultivated in vain!”

“Eh?” The Fallen Demon Lord was stunned for a moment, and then he reacted – that’s really the case!

The Great Venerables paid the price to come to the virtual universe, and spent their time cultivating hundreds of millions of forces; but Xu Ming was able to uproot them all without any effort—it was indeed a waste of cultivation!

“Sinking Demon Lord, I have something to trouble you!” Xu Ming said.

“You said it!” The Fallen Demon Lord said directly.

Today, Xu Ming and the fallen devil’s communication posture are relatively equal.

After all, Xu Ming is an invincible existence in the virtual universe. If he can instantly kill the Great Venerable of the Three Realms, he can naturally also kill the fallen devil. Of course, only Xu Ming knows this, but the fallen devil does not.

However, the fallen demon master can feel the horror of Xu Ming and the potential of Xu Ming, so when facing Xu Ming, he also communicates with an equal attitude.

“Help me bring a sentence to those great masters in the real universe!” Xu Ming said, “I still can’t transmit voice to the real universe.”

“Yes!” The Fallen Demon Lord naturally understood which “those great masters” Xu Ming was referring to.

“Tell them...” Xu Ming pondered for a while and said, “I am in the virtual universe, they are welcome to come anytime!”

The Fallen Demon Lord immediately understood – Xu Ming was warning!

Warn the great masters of the real universe!

The powerhouse of the virtual universe, dare to warn the great master of the real universe? – Xu Ming is really the first!

“Haha! Good!” The Fallen Demon Lord readily agreed, “I’ll help you pass the word to them!”

Chapter 1993: Something To Tell You

Before the Fallen Demon Lord could send a message, Xu Ming had already started to clean up his minions.

Xu Ming’s endless incarnations spread across the seven anomalous quadrants. Each incarnation is “invincible” plus “seckill”; it is naturally easy to clean up those minions.

“Destroy it!”

In Xu Ming’s thought, hundreds of millions of minions were destroyed one after another.

The Sinking Demon Lord felt that in the virtual universe, hundreds of millions of forces were uprooted, and he couldn't help feeling: "It's really as Xu Ming said, all these forces have been cultivated in vain!"

It does!

It is not easy for several great masters of the real universe to tamper with the history of the long river of time and cultivate these minions! Even paid a small price!

And what about Xu Ming? Cleaning up these minions is just a matter of thought!

"This battle between the two sides is really getting better and better!" The Fallen Demon Lord couldn't help but think, "Originally, Gu Hanmo, Tianyu Dazun and others, between the two parties, Gu Hanmo was at an absolute disadvantage. Now, with Xu Ming's intervention, this disadvantage seems to have been reversed a bit! Maybe... Xu Ming will really change the outcome of this battle!"

The Fallen Demon Lord shook his head and didn't think about it any more: "Never mind! I won't participate in this fight anyway! – Let's help Xu Ming speak first!"

...

real universe.

The great masters such as Tianyu Dazun have not yet reacted from the shock of the fall of the Three Realms Dazun, and suddenly their faces changed greatly.

"The forces we re-installed in the virtual universe... were all uprooted by Xu Ming!"

"Not one left!"

Yes!

Not one left!

There is no one of them in the Eight Great Limits of the virtual universe anymore!

You must know... these more than 40 trillion forces that have been re-installed have just appeared not long ago! – All the great deities paid so much to cultivate these minions; as a result, they were all pulled out before they could come in handy...

“hateful!”

“court death!”

The great masters such as Tianyu Dazun can’t wait to go to the virtual universe to teach Xu Ming a lesson.

However, they still haven’t figured out how the Great Master of the Three Realms died in the virtual universe; therefore, they really didn’t dare to wander around in the virtual universe for a while. Moreover... Great Master Tianyu and other great experts still have some self-knowledge in their hearts – even if they go to the virtual universe, what can they do with Xu Ming?

There is no way to take Xu Ming!

So... the great masters such as Tianyu Dazun, even if they are angry, but they have nothing to do except stay in the real universe and grind their teeth silently.

But what the great masters such as Tianyu Dazun did not know is that fortunately they did not dare to go to the virtual universe! Otherwise... go one, die one!

at this time...

“Great Venerable Tianyu!” The voice transmission of the fallen devil rang directly in the mind of Great Venerable Tianyu.

“Sinking Demon Lord, what’s the matter?” Great Senior Tianyu said solemnly.

The Fallen Demon Lord smiled and said, “Xu Ming, please help me and let me give you a few words!”

“Oh?” Tianyu Great Senior pondered slightly, “You said!”

“Xu Ming said...” The Fallen Demon Lord smiled and said, “He is waiting for you in the virtual universe, and you are welcome to come over at any time! – That’s what he said!”

Waiting for us in the virtual universe, welcome us at any time?

Great Venerable Tianyu and other great experts were all stunned when they heard the words. Immediately, their anger was about to erupt!

provocative!

This is Xu Ming’s provocation to their Chi Guoguo!

However, the great masters such as Tianyu Dazun really won’t go to the virtual universe – because they know very well that even if they go, it doesn’t make any sense!

There is no way to take Xu Ming again, so what are you going to do?

“The villain wins! It’s really a villain!” Tianyu Dazun snorted angrily, “This Xu Ming, if he has the ability, come to the real universe and try it!”

However, Great Venerable Tianyu and other great powers are just scolding and scolding in the real universe; let them go to the virtual universe, they would not dare to go!

...

“It’s finally cleaned up!”

After Xu Ming cleaned up the minions of the seven great quadrants, he turned into endless incarnation, and carefully checked the eight great quadrants of the virtual universe several times; after confirming that there were no more fish that slipped through the net, he was relieved.

“In this way... Han Mo’s billions of incarnations in the virtual universe can be considered absolutely safe!”

From walking out of the Divine Phoenix Primal Chaos Realm to reaching the top of the Eight Great Limits of the Void Universe... The time it took for Xu Ming was simply unbelievably short!

Among them, the credit of the plug-in is naturally indispensable; even, a large part of it is due to the open-hook, Xu Ming was able to reach this step so quickly. But... why not have Xu Ming’s own talent and hard work?

“In the beginning, I really had no confidence in whether I could help Han Mo!” Xu Ming thought to himself, “And now, I can finally say – I helped Han Mo! At least, Han Mo is here. The incarnation within the virtual universe will never be in any danger!”

The virtual universe is Xu Ming’s absolute territory!

The Eight Great Limits of the Virtual Universe are all under Xu Ming’s control!

Even if it is the fallen devil... if he is an enemy of Xu Ming, Xu Ming can easily kill him with just one avatar!

but...

“I’m still invincible in the virtual universe!” Xu Ming couldn’t help but look in the direction of the real universe, “If you leave the virtual universe and go to the real universe I and the word ‘invincible’ But it’s far from bad! And... many functions of the plug-in can’t be used in the real universe; after I arrive in the real universe, I am afraid that my strength will be reduced...”

Xu Ming is very clear – the real universe is his real battlefield!

Only now, Xu Ming’s strength is put into the real universe, and it really is not a top existence.

Xu Ming’s cultivation road still has a long way to go before he can reach the end.

“But... I’ve already seen what the finish line looks like!”

Now that he has seen it, for Xu Ming, why is it difficult to reach the end?

“I’m afraid... I will only be able to truly fight side by side with Han Mo when my strength truly reaches the level of the Great Senior!”

Now, although Xu Ming has ensured the safety of Gu Hanmo’s billions of incarnations in the virtual universe, Xu Ming can vaguely guess that his help to Gu Hanmo is still limited!

When will it be possible for Gu Hanmo to avoid the pursuit of his enemies such as the Great Venerable Tianyu without relying on the method of “incarnating into hundreds of millions”; at that time, Xu Ming can be regarded as truly fighting side by side with Gu Hanmo!

“The real universe...”

Xu Ming’s eyes were full of fighting intent.

Immediately, Xu Ming withdrew his gaze and turned back.

“Everywhere” hangs on. With just one step, Xu Ming returned to “Desperate Day” and returned to the vicinity of the independent space.

Xu Ming was about to enter the independent space, but at this moment, he saw Old Sword come out of the Divine Phoenix Chaos Realm.

“Huh?” Xu Ming was slightly puzzled, “Elder Jian, why did you leave the Divine Phoenix Chaos Realm?”

As the realm master of the Divine Phoenix Chaos Realm, Jian Lao generally would not leave the Divine Phoenix Chaos Realm for half a step.

Jian Lao looked a little solemn: “Xu Ming, I have something to tell you!”

Chapter 1994: 1st Treasure Of The Universe

“Xu Ming, I have something to tell you!”

Jian Lao had been waiting for Xu Ming to come back. Therefore, as soon as Xu Ming returned to the vicinity of the Divine Phoenix Chaos Realm, Elder Jian immediately greeted him.

“Oh?” Xu Ming was a little puzzled. He couldn’t think of what would happen to Mr. Jian, and he was looking for him so solemnly.

“Xu Ming, look!” At this moment, a stone appeared in Lao Jian’s hand.

What surprised Xu Ming was that the word “Xu Ming” was written on the stone.

“This is...?” Xu Ming wondered why his name appeared on a stone.

Jian Laodao said: “This stone appeared suddenly after I killed the walking corpse master. I dare not move, I have been waiting for you to come back!”

“After killing the Lord of the Walking Corpse, it suddenly appeared?” Xu Ming became more and more puzzled, “Give me this stone first! I’ll take it back and study it!”

“Okay!” Jian Lao took out this stone and gave it to Xu Ming.

...

Xu Ming took the stone with his name on it and returned to the independent space.

“Strange!” Xu Ming was puzzled.

Although there is some connection between him and the walking corpse master, why, after killing the walking corpse master, there will be a stone with his name written on it?

After trying all kinds of refining methods and failed, Xu Ming decided to break this stone and see what happened!

Xu Ming was not at all worried that he would not be able to break the stone – after all, Xu Ming had even killed the Great Senior, so he would still be unable to break a stone?

“Break it for me!”

Xu Ming didn’t open the “seckill” hook, but squeezed the stone with a slight force in his palm—don’t look at Xu Ming just exerted a little force, but if this palm went down, if it was the weak universe controlled by the world master, I’m afraid it would be directly attacked. Squeeze the palm of your hand!

boom!

A loud noise came from Xu Ming’s palm, but...

“Huh?” Xu Ming looked at the stone in his palm in horror, “It didn’t break open?”

“Come again!”

This time, Xu Ming still did not open the “seckill” link, but used the “words to follow the law” link to raise his strength to the absolute limit level of the virtual universe!

“break!”

boom! !

Click!

Click!

This time, the stone in Xu Ming’s hand finally appeared one after another cracks; however, it did not disappear directly.

“The attack at the absolute limit level of the virtual universe is only barely tearing this stone?” Xu Ming felt the extraordinariness of this stone more and more, and at the same time became more and

more puzzled—why would such an extraordinary stone die in the Walking Corpse Hall Master? After suddenly appearing?

hum—

Just when Xu Ming was puzzled, an invisible wave emanated from the stone. In an instant, the surrounding space was isolated.

“Huh?” Xu Ming was stunned for a moment. Because... he smelled a familiar aura in the midst of this fluctuation.

“Han Mo!” Xu Ming couldn’t help but exclaimed.

Invisible fluctuations spread out, and a detached figure slowly condensed—it was the incarnation of Gu Hanmo!

“Hanmo! How could you...” Xu Ming was a little confused – why did Gu Hanmo “jump” out of the stone! And this stone appeared after killing the walking corpse master.

“Xu Ming.” Gu Hanmo looked at the stone crushed by Xu Ming, felt the passage of time, and couldn’t help but be surprised, “I didn’t expect...you can break this seal so quickly!”

“This is...?” Xu Ming asked suspiciously, looking at the stone in his hand.

“This...” Gu Hanmo said with a smile, “This is a little way for me to stay in the endless chaos! – When I just left the realm of the gods, because you were too weak, many things couldn’t be explained to you; and even if I explained it, You can’t understand it! So, I thought about it and guessed that you will take the initiative to take the initiative to the Walking Corpse Palace sooner or later, so I left a little mark of karma on the Walking Corpse Palace Master! Once the Walking Corpse Palace Master dies, he will This stone appears!”

Gu Hanmo looked at the stone in Xu Ming’s hand and said.

“Oh...” Xu Ming was stunned.

As Gu Hanmo said, with Xu Ming's character, sooner or later, he will take the initiative to take the initiative to the Walking Corpse Hall.

Before, Xu Ming was too busy, he temporarily left the Walking Corpse Hall Master aside and forgot about it. However, even if there is no reminder from others, when Xu Ming is free, he will definitely think of the Lord of the Walking Corpse; at that time, it will still be the death of the Lord of the Walking Corpse! – It should be said that the probability of the Lord of the Walking Corpse dying in Xu Ming's hands is very high!

Moreover, even if the walking corpse hall master died in the hands of other people, this special stone with Xu Ming's name written on it would definitely be put away. When Xu Ming's prestige shakes the whole endless chaos, the stone will still come to Xu Ming's hands – just like now.

“However... the seal I left on this stone is very strong, and it must reach the absolute limit of the virtual universe to be able to break the seal! I really didn't expect you to break it so quickly!” Gu Hanmo once again He said with emotion, looking at Xu Ming's eyes, still full of surprise and shock.

“Han Mo, tell me what's going on!” Xu Ming said, “What kind of hatred is there between you and Great Venerable Tianyu, Great Venerable Three Realms and other Great Venerables?”

“You already know the Great Venerable Tianyu and Great Venerable Three Realms?” Gu Hanmo couldn't help but wonder, “But it's normal... With your current strength, it's not difficult to know these things!”

Gu Han thought for a while, and then said: “Actually I and Da Zun Tianyu and others have no hatred at all; it's just a battle for treasures!”

“treasure!?”

“Yes!” Gu Hanmo said sternly, “A super treasure! It may even be the first treasure in the entire universe! Back then, when that treasure came, it even disturbed the rules of the universe and made the entire universe unstable. !- Almost all the great masters of the true universe participated in the battle for the treasure; in the end, the treasure fell into my hands!”

Hearing this, Xu Ming couldn't help but ask, “This treasure should be very strong, right?”

“I don't know.” Gu Hanmo said.

“I don’t know?” Xu Ming was startled.

“Yeah! I don’t know!” Gu Hanmo continued, “Although I got that treasure, and that treasure has become one with me, but... I don’t know how to use it at all! Until now, I haven’t been able to use it. No power at all!”

“Uh...” Hearing this, Xu Ming just wanted to say – this is so embarrassing!

Got a super treasure, but can’t exert its power? – Didn’t this become the target of public criticism in an instant?

“Many great masters participated in the siege of me in order to ***** the treasure!” Gu Hanmo continued, “At that time, I really wanted to hand over that treasure, but... that treasure has already merged with me, I can’t give it up at all! Unless I completely fall, the treasure can leave the body!”

“I also explained to those Great Venerables, they don’t believe it at all! Moreover, even if they believed, they would definitely still want to kill me and seize the treasure! In the end... I was under the siege of the Great Venerables and could only choose reincarnation. What I didn’t expect was that even after reincarnation, that treasure would still follow me!”

Chapter 1995: 1 Left!

Because he obtained a treasure, Gu Hanmo was chased and killed by the great venerables; even after reincarnation, the pursuit and killing still did not stop.

However... It is precisely because of that treasure that Gu Hanmo was able to meet, get to know each other, and become partners with Xu Ming.

Therefore, Xu Ming both hates and appreciates the “first treasure in the universe” that Gu Hanmo got – after all, if it wasn’t for this treasure, Xu Ming would never have met Gu Hanmo.

“Han Mo, how is your current situation?” Xu Ming asked.

“The situation...” Gu Hanmo shook his head, “It’s not optimistic!”

“Huh!?” Xu Ming looked solemn.

However, Xu Ming was already a little mentally prepared. After all, if Gu Hanmo’s situation was optimistic, she would not be incarnated into hundreds of millions, distributed in the real universe and the eight big boundaries of the virtual universe; it must be that the situation is not optimistic enough, so she will do this.

“You also know that my real body is in the real universe.” Gu Hanmo continued, “Even if I hide it well, it is not difficult to determine my position by means of the Great Senior level and through causal investigation. So... I am incarnated in billions and scattered all over the real universe to disrupt cause and effect; in this way, it will be difficult for Tianyu Dazun and others to track me with cause and effect investigation!”

“However...” Gu Hanmo said again, “If they can find my avatar, there is still a way to use my avatar to determine the location of my true body! However, once my avatar is discovered, it will immediately explode, and will not give Any chance they have!”

“My incarnations are all over the real universe and the virtual universe! They have extended their minions to every corner of the real and virtual universes – if things go on like this, my incarnation will be discovered by those minions sooner or later; after all, I created The speed of the incarnation cannot keep up with the speed at which they discovered the incarnation!”

“Especially in the virtual universe, the situation is particularly not optimistic! After all, the existence of the Great Senior level can tamper with the long river of time in the virtual universe as long as you pay a certain price; therefore, I am afraid that within a few epochs, those minions and forces will be able to Find out all the incarnations of my virtual universe...”

When Gu Hanmo said this, Xu Ming suddenly interrupted: “Wait! Void Universe, you don’t have to worry!”

“Oh?” Gu Hanmo couldn’t help but wonder – what she was most worried about was her incarnation in the virtual universe; Xu Ming actually said, don’t worry about the virtual universe?

“Because...” Xu Ming couldn’t help but feel a little proud, “Those Great Seniors, all the minions and powers spread over the Eight Great Limits of the Virtual Universe, have all been cleaned up by me!”

“What?” Gu Hanmo couldn’t believe it.

Even if she knew that Xu Ming’s strength had already reached the absolute limit of the virtual universe; however, it was not so easy to clean up all the minions and forces of the eight major boundaries of the virtual universe!

Even the strength and power of the peak of the shackles of the three realms cannot do it!

After all, the peak powerhouses of the three realms of shackles are only invincible in one quadrant, and they cannot go to the abnormal quadrant.

“Eight big limits in the virtual universe, all the minions and forces, not a single one is left!” Xu Ming emphasized again.

This time, Gu Hanmo finally asked seriously, “Really?”

“Don’t worry! In the virtual universe, there is absolutely no minion force!” Xu Ming has cleaned it up twice, and he is naturally very sure, “Your incarnation in the virtual universe is absolutely safe!”

“Xu Ming, how did you do it?” Even Gu Hanmo couldn’t imagine how Xu Ming did it.

“I’ll talk to you later!” Xu Ming said, “Han Mo, I have a little doubt – why don’t you just stay in the virtual universe for your real body?”

The virtual universe has absolute limits.

Gu Hanmo has the strength of the Great Senior. As long as she stays in the virtual universe and doesn’t go to the real universe, no one can do anything about her! Even if you pay some price and stay in the virtual universe forever like the fallen devil, it seems to be okay?

“It’s not that I don’t want to stay in the virtual universe, it’s just that I can’t stay!” Gu Hanmo sighed, “When I just woke up from the memory of my past life, I also considered staying in the virtual universe forever! Always urging me to go to the real universe!”

“It’s so?” Xu Ming was also depressed – the treasure that Gu Hanmo got was not only useless at all, but also attracted a lot of enemies, and forced Gu Hanmo to go to the real universe...

“So, even at that time, when God’s Domain was in crisis, I chose not to take action; but, it won’t be long before I will be forced to go to the real universe – when I go to the real universe, I will definitely need to use the power of my previous life, It will still be detected by the enemy!”

Xu Ming understood – Gu Hanmo had to go to the real universe.

Gu Hanmo smiled again: “Actually, what I was most worried about before was these incarnations of me in the virtual universe; if all my billions of incarnations in the virtual universe are found, then my real body in the real universe~[www. readwn.com](http://www.readwn.com)~ I won’t be able to hide for a long time! Now, since my incarnation in the virtual universe is absolutely safe, I don’t have to worry too much; even if I give them billions of epochs, they may not be able to find me. real body!”

“That’s good!” Xu Ming had a smile on his face – he finally really helped Gu Hanmo!

“By the way, Xu Ming!” Gu Hanmo said again, “Are you planning to go to the real universe?”

“Yes!” Xu Ming nodded.

“The real universe, it’s time to go!” Gu Hanmo said, “After all, the limit of the virtual universe is too low! Only in the real universe can one truly climb the pinnacle of cultivation!”

“Yes!” Xu Ming said, “And... I can’t let you in the real universe alone!”

Gu Hanmo didn’t say anything – she and Xu Ming could understand each other’s feelings even with just one look.

Gu Hanmo knew that even if Xu Ming was not to climb the pinnacle of cultivation, but just for her, he would go to the real universe without hesitation!

“The real universe...the strong are like clouds!” Gu Hanmo said, “Xu Ming, even if you are in the virtual universe, you have already reached the peak; but in the real universe, you can only be regarded as one of the strong! It’s a long way off!”

“I know that!” Xu Ming nodded slightly.

The limit of cultivation in the virtual universe is ordinary supreme.

And above the ordinary supreme, there are people supreme, earth supreme, heaven supreme! Only the top-level Heavenly Supreme is the “Great Venerable” standing at the peak of the true universe!

Xu Ming’s own strength is indeed far from the level of the Great Senior.

“I’ll tell you first about the power structure in the real universe!” Gu Hanmo said again, “In this way, when you go to the real universe in the future, you will be able to know in your heart! Know which side is the enemy and which side is the friend!”

Chapter 1996: The 8 Realms Of The Real Universe

“The real universe is divided into eight territories!”

Gu Hanmo spoke up.

“They are: Eternal Realm, Ancient God Realm, Void Tribulation Realm, Thunder Extermination Realm, Dao Realm, Chaos Ridge, Flame Demon Sea, Ice and Snow Realm! Among them, the ‘Eternal Realm’ is the strongest!”

Eternal domain?

Xu Ming remembered.

“That’s right!” Gu Hanmo continued, “The Eternal Palace where Xu Yin went is the largest force in the Eternal Domain; at the same time, it is also the largest force in the entire true universe! – For some reason, the Eternal Palace has an incomparable status. Aloof; even the other great masters of the real universe don’t dare to provoke the Eternal Palace! When I sent Xu Yin to the Eternal Palace, I also entrusted a friend of mine to take care of her, so there is no need to worry about her safety! ”

“Yeah!” Xu Ming nodded slightly – he knew that if the Eternal Palace was not safe enough, then Gu Hanmo would not be able to take Xu Yin to the Eternal Palace.

However, although Xu Ming is not worried about Xu Yin’s safety, he is still worried about other aspects – for example, those suitors of Xu Yin have bad intentions! Xu Ming didn’t want his daughter to be deceived by those unscrupulous suitors.

Therefore, after Xu Ming went to the real universe, he must go to the Eternal Hall as soon as possible to see it.

“The Ancient God Territory is the gathering place of the oldest group of Great Venerables in the true universe! Those Great Venerables appeared when the universe first opened, and they were born at the ‘Great Venerable’ level! But... the Great Venerables of the Ancient God Territory are very Xenophobia! If you can come into contact with it in the future, you will understand!”

“The Void Tribulation Domain is a territory controlled by the powerhouses from the virtual universe! However, the Void Tribulation Domain has the fewest great masters, only two! – You are also from the virtual universe, and you can consider going to the Void Tribulation Domain in the future. !”

“Lei Mieyu... Not to mention, it is a gathering place for a group of lunatics!”

“Daojie, I’d like to remind you – remember! Try not to offend the powerhouses in the Daojie! Because... the great masters in the Daojie can sometimes act on behalf of the will of the universe!”

Hearing this, Xu Ming couldn’t help being a little surprised and puzzled: “Act on behalf of the will of the universe!?”

“It’s good that you have a number! Under normal circumstances, you should not encounter a strong person in the Dao world!” Gu Hanmo said, “Now... I want to say Chaos Ridge! In my previous life, I was a member of Chaos Ridge. Your Majesty!”

Xu Ming suddenly became serious.

Gu Hanmo continued: “In the beginning, when the treasure came, the universe fell into chaos... Our great masters of Chaos Ridge, united and participated in the battle for the treasure! At that time, we agreed that no matter who got the treasure in the end, everyone else would To cover his escape! In

the end, it was I who got the treasure! But... the Great Venerable of the Three Realms of Chaos Ridge, not only did not abide by the agreement to cover my escape, but also tried to stop me; otherwise, I would not be forced by the Great Venerable To the point of reincarnation! So..."

Gu Hanmo paused and said: "In the real universe, which Great Senior has the deepest hatred between me and me, it is undoubtedly the Great Senior of the Three Realms! Similarly, the Great Senior of the Three Realms will definitely try his best to prevent my revenge. Come and deal with me and the people around me! So Xu Ming, after you go to the real universe, the most important thing you need to beware of is the Great Venerable of the Three Realms..."

"Wait!" At this moment, Xu Ming interrupted Gu Hanmo's words.

"What's wrong?" Gu Hanmo was a little puzzled.

"That..." Xu Ming said, "There is no such person as the Great Master of the Three Realms anymore!"

"There is no Great Venerable of the Three Realms anymore?" Gu Hanmo was stunned for a moment, a little unresponsive, "Where did you go?"

"It has fallen!" Xu Ming said.

"Ah?" Gu Hanmo was stunned for a second—you know, at the level of the Great Senior, it's hard to fall! If Gu Hanmo hadn't been besieged by many great elders, he wouldn't have been reincarnated!

"How did you fall?" Gu Hanmo couldn't help but ask.

Xu Ming smiled, but said, "I killed it!"

"What!?" Gu Hanmo's eyes widened suddenly, incredulous – if Gu Hanmo didn't know, Xu Ming couldn't be joking with herself at this time, she would even think that Xu Ming was lying to herself!

"How did you do it?" Gu Hanmo couldn't help asking.

“This...” Xu Ming also didn’t know how to explain, “Anyway, as long as you know, the Great Senior of the Three Realms has completely fallen! There is no chance of reincarnation!”

“Okay...” Gu Hanmo didn’t ask too much, “If that’s the case, wouldn’t those great masters in the real universe have noticed you?”

“Definitely!” Xu Ming said, “This is exactly what worries me – if I go to the real universe, I will definitely be targeted by the Great Venerable Tianyu and others...”

“It’s a bit troublesome!” Gu Hanmo also said.

The normal way to go to the real universe is to cross the intersection of the real universe and the virtual universe.

At such an intersection, there are only eight in the entire universe—one of the eight great quanta.

If Xu Ming went to the real universe in a normal way, I am afraid that he has just arrived in the real universe, and the great masters such as Tianyu Dazun will already be waiting in line for him.

You must know that in the real universe, the Great Venerables can exert their full strength! After Xu Ming arrived in the real universe, many plug-in functions such as “Seckill” and “Invincible” were unavailable!

If Xu Ming met the Great Senior as soon as he arrived in the real universe, it would really be... very painful!

Before, Xu Ming had never thought about this problem. Now I can’t help but feel depressed – how to go to the real universe?

“If you want to go to the real universe, there is only one way left!” Gu Hanmo sighed and said.

“What way?” Xu Ming asked.

Gu Hanmo spit out four words: “Disturb time and space!”

“After disturbing time and space, there is a way to pass through the ‘true virtual barrier’ and let you enter the true universe! But... this method has a big drawback!” Gu Hanmo added, “After you enter the true universe, you cannot be sure. At which point in space and time will it appear!”

That is to say...

Using this method, Xu Ming has no idea when he will reach the true universe in the future – if it is fast, it may be in the blink of an eye; if it is slow, it may be hundreds of millions of epochs before reaching the true universe!

Moreover, after arriving in the real universe, Xu Ming has no way of knowing where he will appear in the real universe! If you are unlucky, you might end up in an extremely dangerous place somewhere! Even, directly at the door of a certain Great Senior...

“Time, it’s not a problem!” Gu Hanmo said, “For our existence at this level, time has no meaning for a long time! The fear is that you will appear in an extremely dangerous place somewhere! But... extremely dangerous After all, there are very few places, and the probability of appearing in such a place must be extremely low! Don’t worry too much!”

“Yeah!” Xu Ming nodded.

Most of the real universe is still safe.

Xu Ming couldn’t believe that he would be so unlucky to appear in an extremely dangerous place.

Besides... Even if it does appear in some extremely dangerous place, Xu Ming has nothing to worry about. Don’t forget, even in the real universe, Xu Ming still has “infinite resurrection” hanging on.

“However, to use the ‘Infinite Resurrection’ hang in the real universe, you need to consume one level 23 hang point each time!” Xu Ming secretly said I only have 1 level 23 hang point on my body now, before going to the real universe. , you must first get some more level 23 hanging points! ”

Xu Ming gradually had a plan in his mind.

“Xu Ming, this incarnation of mine won’t exist for long!” Gu Hanmo said, “You’d better go to the real universe early, I can help you disrupt time and space and open the barrier to the real void! If

you wait for my incarnation to dissipate, you want to disrupt time and space again. , Go to the real universe, but it will be difficult!”

“Yeah!” Xu Ming nodded slightly, “Give me a little time, and I can go to the real universe!”

Xu Ming didn’t need to explain anything in the virtual universe. After all, even if Xu Ming went to the real universe, he would still stay in the virtual universe; within the virtual universe, it was still Xu Ming’s absolute territory!

The only thing Xu Ming needs to do is to find a way to get more “Cosmic Origin·Void” before going to the real universe!

Chapter 1997: To The Real Universe

Where can there be “the origin of the universe, virtual”?

The first thing Xu Ming thought of was – the fallen devil!

The fallen devil, but the existence of the Great Venerable level! The good things on him are probably more than the sum of the eight elephants in the virtual universe!

Who is Xu Ming looking for if he doesn’t look for him?

Swish!

With a single thought, Xu Ming appeared outside the residence of the fallen devil.

“Huh? Xu Ming?” Seeing Xu Ming’s sudden appearance, the Fallen Demon Lord couldn’t help but be slightly surprised, “Your method is really incomprehensible to me! I didn’t expect it to appear so suddenly!”

The fallen demon sighed with emotion.

You must know that even other Great Seniors can't suddenly appear near the fallen devil like this. This means alone makes the fallen devil feel jealous.

"Haha!" Xu Ming smiled.

What is the sudden appearance?

You must know... the life of the fallen devil is actually completely in Xu Ming's hands. If Xu Ming wanted to kill him, it was really just a matter of one thought, he would kill him with a casual "seckill".

Just like killing the "Three Realms Great Venerable" in seconds.

However, the fallen devil does not think that it was Xu Ming who killed the Great Venerable of the Three Realms. The Great Venerables in the universe all thought that the Great Venerable of the Three Realms was killed by the will of the universe.

Therefore, although the fallen demon master was somewhat afraid of Xu Ming, he was only "a little afraid", far from the level of "awe".

"Xu Ming, why did you come to me...?" The Fallen Demon Lord asked with a smile—the relationship between him and Xu Ming should be regarded as "friends rather than enemies".

Xu Ming came here because he actually wanted to ask the Fallen Demon Lord for treasures, so his attitude couldn't be bad, and he said with a smile, "I'm here this time to ask you to borrow some treasures..."

Xu Ming got straight to the point.

"Oh? What treasure do you want to borrow?" The Fallen Demon Lord smiled.

In fact, at the level of the fallen demon master, most of the treasures are really just outside things! Even if it is an ordinary world-shattering magic weapon, the fallen demon master may not take it to heart.

Therefore, when Xu Ming said that he was here to “borrow treasures”, the fallen demon master had already made a decision in his heart – as long as the treasures that Xu Ming borrowed were not too outrageous, he should have agreed.

Xu Ming said: “What I want to borrow is... the origin of the universe, virtual!”

“Ah?” The Fallen Demon Lord was taken aback.

“What’s wrong?” Xu Ming couldn’t help but wonder, “The origin of the universe, virtual, is it precious?”

Looking at Xu Ming, to the fallen demon master, “The Origin of the Universe · Void” should not be regarded as a very precious treasure! After all, the Fallen Demon Lord is the Great Venerable standing at the peak of the entire universe!

“It’s not that it’s very precious, it’s just that things like the origin of the universe are difficult to preserve within the scope of the virtual universe!” The Fallen Demon Lord explained, “Whether it’s ‘the origin of the universe, true’ or ‘the origin of the universe, the virtual’, in the true Within the scope of the universe, it’s not really a very precious thing! Ordinary Heaven Supreme and Earth Supreme are not difficult to obtain! But... once the origin of the universe reaches the virtual universe, it will soon escape, and it is almost impossible to save it!”

“What about that ray of ‘Cosmic Origin: Void’ in the abyss battlefield?” Xu Ming couldn’t help asking. It was in the abyss battlefield that he saw “the origin of the universe, virtual” for the first time.

The Fallen Demon Lord smiled and said, “Actually, I refined that strand of ‘Cosmic Origin, Void’ into a ‘Dragon’, so I can save it! After you got it, didn’t you discover ‘Cosmic Origin, Void’? Is it constantly escaping? Oh, no, the time you get is too short, and you may not be aware of the escape; however, the origin of the universe is within the scope of the virtual universe, and it will all escape in an era!”

“Uh...” Xu Ming was stunned for a moment – after he obtained “Origin of the Universe: Void”, he directly exchanged it for a level 23 hanging point, naturally he would not notice the escape.

“The origin of the universe, once it appears in the virtual universe, will dissipate; and the virtual universe will grow after absorbing the origin of the universe...” The fallen devil explained, “By the way, Xu Ming, you want the origin of the universe. Dummy, what is it for?”

Xu Ming made a random excuse and said, “For cultivation!”

The Fallen Demon Lord has no doubts. After all, in the true universe, the main function of the origin of the universe is to cultivate.

The fallen devil continued: “I used different means to save a total of ten ‘cosmic origin, virtual’. One of them, you have taken away; the remaining nine, if you need it, just take it directly Go!”

For the fallen demon master, the origin of the universe has long been useless; and it is not a very precious thing, so it is directly given to Xu Ming.

“Thank you so much!” Xu Ming said.

Although it is a little less, it is better than nothing!

Ten “Origin of the Universe · Void”, after Xu Ming arrives in the real universe, he will have ten chances to be resurrected! In this way, even if Xu Ming encounters any danger in the real universe, he still has the trump card to save his life.

...

Leaving from the Fallen Demon Lord, Xu Ming returned directly to the “independent space”.

After all, according to the meaning of the fallen devil, it is almost impossible for “cosmos origin, virtual” to exist elsewhere in the virtual universe. That being the case, Xu Ming was too lazy to waste time.

“Han Mo, get ready, disrupt time and space, and send me to the real universe!” Xu Ming left behind an avatar and said.

For Xu Ming, as long as there is one incarnation in the virtual universe, he can completely control the eight big boundaries of the virtual universe.

Moreover, leaving an avatar in the virtual universe can also hide people's eyes and ears. In this way, those great masters of the real universe will think that Xu Ming is still in the virtual universe; they will not think that Xu Ming has actually gone to the real universe.

"Xu Ming!" Gu Hanmo said, "The great masters of the real universe have many means beyond your imagination! Therefore, after you arrive in the real universe, if you have enough strength, you must keep a low profile!"

"I understand!" Xu Ming said – he was a very low-key person!

"If you're all ready I'm going to disrupt time and space!" Gu Hanmo said.

"Yeah!" Xu Ming nodded.

Whoa!

Gu Hanmo waved his hand, and an incomparably deep vortex appeared in the space-time in front of him.

The center of the vortex is the ultimate darkness. All time and space are disturbed.

Gu Hanmo said: "After entering this time and space vortex, you will definitely be able to reach the true universe! It's just... when will it arrive and where in the true universe will it appear, even me, there is no way to know!"

"Yeah!" Xu Ming nodded, and then said solemnly, "Han Mo, wait for me in the real universe!"

Gu Hanmo's cold expression suddenly warmed a lot: "Okay! I'll wait for you!"

Gu Hanmo knew that Xu Ming came to the real universe to fight against the great lords for her!

Gu Hanmo didn't say it, but thought to himself: "Don't worry Xu Ming, no matter what, I will not put you in danger!"

Gu Hanmo wanted Xu Ming to go to the real universe because only in the real universe can he reach the pinnacle of cultivation! However, if Xu Ming is in danger because of her, Gu Hanmo will send Xu Ming back to the virtual universe at all costs; in that case, Xu Ming will be safe.

“Han Mo, see you in the real universe!” Xu Ming said with a smile, and then took a step and directly entered the vortex of time and space.

Gu Hanmo watched Xu Ming’s leaving back, and watched the time and space vortex gradually disappear; then, her avatar also dissipated directly.

Chapter 1998: Billions Of Years Later

Time is like water.

In the long track of time, geniuses continue to rise, and powerhouses continue to fall; new forces continue to emerge, and old forces continue to perish.

Every creature in the eight dimensions of the virtual universe, powerful like the Supreme Being and the World Lord, and weak like the ants and the mayflies, are all living for their own meaning of life.

...

In an unknown small universe, in a dust world near a chaotic world.

On the second floor of a library, by the window, a man and a woman were sitting opposite each other.

Men and women are each holding a book and flipping through it.

The hot tea on the table rises with wisps of heat. Cherry blossoms fall outside the window, and the ground is like snow.

“Xu Ming.” The woman suddenly raised her head, it was Yin Ran, she smiled, “We have been living in this dusty world for nearly a hundred years, and it’s about time to leave!”

“Yeah! Another hundred years have passed!” Xu Ming said with a smile while drinking tea.

This Xu Ming is actually just an incarnation of Xu Ming in the virtual universe.

Since the real body went to the real universe, this incarnation of Xu Ming has accompanied Yin Ran to travel around the eight great boundaries of the virtual universe.

They have been to all kinds of different worlds, live as ordinary people, and go with the flow. In a world like God’s Domain, they would live for ten thousand years; in a world of dust, they would live for a hundred years.

Xu Ming would also accept some named disciples at will, and teach them some exercises; as for whether they will live or die, and how high they can go in the future, Xu Ming will not ask at all.

Xu Ming and Yin Ran are like passers-by in the world, enjoying various lives freely.

“Xu Ming!” Yin Ran asked suddenly, “It’s been so long, haven’t you reached the real universe yet?”

Xu Ming was a little embarrassed: “No!”

actually...

Ever since Xu Ming’s real body stepped into the vortex of time and space, it’s been... Hundreds of millions of epochs!

Yes!

Billion Era!

However, Xu Ming’s real body has not yet reached the real universe!

For Xu Ming’s real body, passing through the whirlpool of time and space is actually only a short period of time; but for Xu Ming’s incarnation, it has already experienced hundreds of millions of

epochs – between the real body and the incarnation, the flow of time is seriously unequal! If it wasn't for Xu Ming's strength, his incarnation would have collapsed long ago.

"I thought that I would reach the real universe soon; I didn't expect that the Era of Hundreds of Thousands of Years has passed, and it hasn't arrived yet..." Xu Ming was really speechless.

In these billions of epochs, many changes have taken place in the real universe.

Not long ago, Xu Ming got a piece of news: Xu Yin has become the Supreme Being!

Yes!

Xu Ming's daughter, Xu Yin, has already cultivated in the real universe to the realm of heavenly supremacy!

At the beginning, Xu Ming also got this news by accident; after all, he has enemies in the real universe, but he can't expose his relationship with Xu Yin! And... Before Gu Hanmo left, she told Xu Ming that she blocked Xu Yin's memory to isolate cause and effect! In other words, although Xu Yin knew that she was from the virtual universe, she had no memory of living in the virtual universe, nor did she know that her father was called "Xu Ming".

"Xu Yin's cultivation is higher than that of her father and me?" Xu Mingzhen felt a little dumbfounded, "After I arrive in the real universe, I must improve my cultivation as soon as possible! Otherwise, when father and daughter meet each other in the future, my cultivation will still be the same. Not as tall as my daughter, where can I save my face?"

If when we met, Xu Yin was the supreme being of the sky, and Xu Ming was only the supreme cultivation of human beings... Then, Xu Ming would really feel that his face was a little out of place!

Yin Ran comforted: "It's okay, don't worry! When you arrive in the real universe, this is not something you can control; even Han Mo can't control it!"

In fact, Yin Ran's life is really satisfied.

She and Xu Ming have been together for hundreds of millions of years, and they have experienced all kinds of life together.

This kind of life, Yin Ran really hopes to continue forever.

“The owner of the library! Madam!” Suddenly, a white-haired old man ran up to the second floor of the library and shouted.

“Xiao Hai, what’s the matter?” Xu Ming smiled lightly.

The white-haired old man “Xiao Hai” is just an ordinary martial artist.

When Xu Ming and Yin Ran first arrived in this dusty world, Xiaohai was less than twenty years old; because of the injustice, he was chased by the enemy, and finally was rescued by Xu Ming. From then on, Xiaohai stayed in this library as a servant, repaying Xu Ming and his wife for saving their lives.

In the blink of an eye, it has been nearly a hundred years.

Xiaohai is just an ordinary person in the “Acquired Realm” and is approaching his twilight years.

“The pavilion owner, the young master is back!” said the white-haired old man Xiaohai.

little master?

A few memories appeared in Xu Ming’s mind.

In the past 100 years, Xu Ming has also adopted some orphans. The young master “Qin Lin” in Xiaohaikou was the last orphan adopted by Xu Ming.

Qin Lin’s talent is good – of course, it’s just “good” among mortals, not “good” in Xu Ming’s eyes.

When Xu Ming had nothing to do, he taught him one or two marksmanship, and he didn't care anymore. As for the level of comprehension and the realm of cultivation, that is not what Xu Ming cares about.

However, Qin Lin's personality made Xu Ming not very fond of it. Later, when Qin Lin got older and went out on his own, Xu Ming never paid attention to it again.

"You're back?" Xu Ming's expression did not fluctuate – in fact, with Xu Ming's strength, as long as he wanted to know, he could know anything about the Eight Great Limits of the Virtual Universe with a single thought. Xu Ming and Yin Ran just deliberately blocked the spiritual sense to live the life of ordinary people, and deliberately did not pay attention to external things.

"Yes! But..." Xiaohai said hesitantly.

at this time-

rumbling...

The sound of horses' hoofs shook the ground. Looking around, I am afraid there are hundreds of horses.

These hundreds of people were aggressive, and Qin Lin rode his horse at the front, only half a step behind a burly master, looking high-spirited.

"Sigh..." Seeing Qin Lin's appearance, Xu Ming sighed softly, not sure if he was sighing about human nature.

"Master." Qin Lin said respectfully at the burly master beside him, "Here it is! My marksmanship was learned from this library!"

"Yeah!" The burly master nodded calmly and motioned Qin Lin to shout.

Qin Lin understood, he stepped forward and shouted loudly, "Brother Xu Ming! Since you know I'm here, why don't you come out and see me?"

Brother Xu Ming...

Hearing this, Yin Ran almost burst out laughing—when Qin Lin was adopted in the library, every time he saw Xu Ming, he always called Xu Ming “Godfather”; although at the time, Xu Ming did not recognize his name. Not long after leaving the library now, “Godfather” has become “Brother Xu Ming”...

In the billions of times that Xu Ming and Yin Ran lived together, they had never met someone as shameless as Qin Lin.

However, Xu Ming and Yin Ran only felt

Chapter 1999: Reach The Real Universe

“Brother Xu Ming! Why, don’t you even want to come out?”

Seeing that Xu Ming had not come out for a long time, Qin Lin shouted again.

Xiao Hai couldn’t help but say: “The owner of the museum, the opponent is very powerful, especially the burly master at the head, his momentum is even more extraordinary! Although you and your wife are both innate masters, let’s go out and see!”

In the past hundred years, Xu Ming and Yin Ran have never really made a move; at most, they have only pointed others a little, but they are only one and a half moves. Xiaohai thought that Xu Ming and Yin Ran were innate masters.

After all, the innate master is also a rare master!

Qin Lin also thought so, otherwise, he would not have the courage to bring someone to find Xu Ming, and he would not be able to call out the three words “Brother Xu Ming”.

“Forget it!” Xu Ming smiled lightly, “I’m about to leave this world, I didn’t expect to encounter such interesting things! Then go out and have a look, and say goodbye to this world by the way!”

leave this world?

Xiao Hai couldn't understand a little, but still followed closely behind Xu Ming and Yin Ran.

Seeing Xu Ming coming out, Qin Lin couldn't help sneering and said, "Brother Xu Ming, don't hurry up and visit my master, Senior Xiong Kuang!"

see you?

When Yin Ran heard these two words, he almost couldn't hold back his laughter.

"Xu Ming, right?" Xiong Kuang, the burly master at the head, laughed loudly, "I'm very interested in the marksmanship you taught my disciple Qin Lin! Please tell me the complete marksmanship. !"

Qin Lin followed closely and said, "My master is a strong condensate pill realm! As long as you cooperate well, your benefits will naturally be indispensable!"

Xu Ming suddenly burst into laughter.

Pill Condensation Realm... What a distant realm! Hundreds of millions of eras ago, when Xu Ming first crossed into another world, he came into contact with the Pill Condensation Realm within a few days!

Unexpectedly, today after the Hundred Million Era, Xu Ming is threatened by the "Pill Condensation Realm Powerhouse" again!

It's so scary!

"Then what if... I don't cooperate well?" Xu Ming couldn't help but ask with a smile.

"Don't cooperate well!?" Qin Lin's expression turned cold, and he didn't need to be ordered by Master Xiong Kuang, so he shouted angrily, "Then today is the end of the 'Xu Yin Academy'! – Brother Xu Ming, if you don't want to live, forget about it. But can you think about it for everyone in Xu Yin Academy? They still want to live!"

However, Xu Ming smiled: “The end of Xu Yin Academy? – With just one condensing pill realm, how many innate realms are there?”

Xiong Kuang couldn’t feel any imposing manner from Xu Ming, so naturally he didn’t take Xu Ming in his eyes, he laughed and said, “That’s right, it’s just my Pill Condensation Realm!”

“I think so...” Xu Ming looked at Xiong Kuang and smiled strangely, “Just relying on your Pill Condensation Realm is not enough!”

“Hahahaha...” Xiong Kuang couldn’t help laughing, “Why are you so confident and dare to say such crazy words? Hahahaha...”

“Hahahaha...” Qin Lin also felt that he heard some funny joke, and laughed out loud.

The hundreds of men and horses behind them also burst into laughter.

But suddenly, everyone’s laughter stopped abruptly, like a group of ducks that were strangled by their necks, unable to cry out – in fact, no one strangled their necks, but they saw extremely frightened one scene.

I saw the white-haired old man “Xiao Hai” standing beside Xu Ming, rejuvenating at a speed visible to the naked eye. What’s even more terrifying is that the momentum on Xiaohai’s body is soaring rapidly, and in a short while, he stepped into the innate from the day after tomorrow, and then stepped into the condensed pill realm from the day after tomorrow, and then surpassed the condensed pill realm!

“Spirit...spiritual powerhouse!” Xiong Kuang exclaimed in disbelief.

Qin Lin couldn’t help but exclaim: “Hai Bo, you...you...”

Qin Lin never thought that the ordinary looking “Hai Bo” in the academy would be a hidden peerless master!

But actually...

Xiao Hai was also stunned by the earth-shaking changes in himself at the moment: “I...I...”

Xiaohai is just a very ordinary internal martial artist, how has he ever felt the vast power of the spiritual level! What is even more fearful is that this power is on his own body and is completely controlled by him!

At this time, Xu Ming smiled: “Kang Kuang, look, I have a spiritual master here! Now, do you think that you are enough to destroy our academy with your Dan condensing master?”

“I...I...” Xiong Kuang finally reacted, “It’s you! It’s you who improved his cultivation!”

In the blink of an eye, an ordinary internal martial artist can be upgraded to a spiritual realm—what kind of strength can this be achieved?

“You...you are the legendary Dao Realm master!?”

Dao-level power is really just a legend for an ordinary Pill Condensing expert like Xiong Kuang!

“The Great Daoist?” Xu Ming couldn’t help laughing.

At this time, the momentum on Xiao Hai’s body soared again, and he directly entered the Dao Realm.

Xiaohai looked terrified: “This... is this the power of Tao?”

At this moment, Xiao Hai felt the mystery of “It’s okay to die when you hear about Dao in the morning”.

“The power of Dao? Dao... Dao realm is powerful!?” Xiong Kuang was so shocked that he could not be more shocked – Xiao Hai was promoted to Dao realm level in a blink of an eye, so what kind of cultivation level should this Xu Ming be?

At this moment, the bear mad just wanted to hit the wall – what luck am I! To provoke such a terrifying almighty head!

Crazy Bear just wants to say:

Just ask, which one that doesn't have long eyes, is a harder iron plate than I mentioned?

Just ask who else is dying, and the posture of dying is more standard than me?

Even more jaw-dropping, of course, is Qin Lin!

Qin Lin has lived in Xu Yin Academy for many years, and he has not noticed that Xu Ming is so terrifying! If he had known earlier, why would Qin Lin go to worship Xiong Kuang as his teacher! How could it be possible to call Xu Ming "Brother Xu Ming"?

Suddenly, Qin Lin bent his knees without warning, knelt on the ground, and shouted, "Godfather—"

"Oh, I'm going!" Xu Ming couldn't help exclaiming, "Is it so unscrupulous?"

However, Xu Ming didn't bother to pay attention to Qin Lin's face change, but continued to improve Xiaohai's strength.

rumbling...

In a short while, Xiaohai's strength was directly raised to the **** level!

Yes!

Prove directly and become a god!

"The owner of the museum, this..." Xiaohai was stunned from beginning to end, unable to imagine what he had experienced – this is more than a dream!

At this time, Xiao Hai also understood a little what Xu Ming meant by "leaving this world" before.

Xu Ming lightly explained to Xiao Hai's voice transmission: "I have only lived in this dusty world for a hundred years; now that the hundred years have expired, it is time to leave! But... in this world, the human race is weak and the alien race is tyrannical; within a thousand years, I am afraid that the alien race will flatten the territory of the human race! Since I have lived here for a hundred years, it is also a fate, so I will help the human race here – Xiaohai, you are now the only **** in the entire dust world! You have become a god. The scene has been noticed by the great powers of all races; soon, the great powers of the human race will come to visit you, and then the great powers of the alien races will surrender to you..."

Xiao Hai was stunned: "The owner of the museum, how should Qin Lin and Xiong Kuang deal with them?"

"You can do it yourself!" Xu Ming said lightly, "How you want to lead the human race in the future is also up to you! I am just a passerby in this dusty world!"

If he hadn't seen the human race in crisis, Xu Ming would probably have quietly left this world without leaving any traces. But now that I have seen it, I will take action to raise Xiaohai to the realm of the gods!

Xu Ming's random move naturally completely changed the pattern of this dusty world.

"Huh?" Suddenly, Xu Ming's expression changed.

"What's wrong?" Yin Ran couldn't help but ask with concern – you know, looking at the virtual universe, there is almost nothing that can make Xu Ming's face change!

Xu Ming said, "My real body has arrived in the real universe!"

"Finally arrived?" Yin Ran was also delighted when he heard the words.

"Let's get out of here first!" Xu Ming said, and disappeared together with Yin Ran—not just from this dusty world, but directly from this small universe.

"Godfather! Godfather!" Qin Lin still shouted up to the sky. Seeing that there was no response, he climbed to the foot of Xiaohai again and shouted, "Haibo, Haibo!"

“Heh!” The former white-haired old man, and now the ***** Xiaohai, was simply too lazy to pay attention to Qin Lin’s white-eyed wolf. His eyes were looking at an incomparable distance – as a god, his divine sense could already cover the entire dusty world; he could naturally perceive that the demigods and Taoists in the entire dusty world, no matter what Whether it is a human race or an alien race, they are all rushing in his direction, obviously to visit him.

Chapter 2000: Wrong, Do You Believe It?

swoosh—

In the time and space vortex opened up by Gu Hanmo, the time and space have been completely disturbed.

Xu Ming’s real body is traversing rapidly in the vortex of time and space.

Every streamer he saw in the vortex of time and space was billions of years of time and the territory of countless “heaven”.

“What a terrifying flow of time!”

Because the avatar was left in the virtual universe, Xu Ming could clearly feel the “time flow difference” between the real body and the avatar!

Every time the real body experiences a moment, the incarnation has gone through hundreds of millions of years!

“With such a terrifying flow of time, when I get to the real universe, what time will it be...” Xu Ming couldn’t help thinking.

But Xu Ming had no choice.

This time-space vortex is actually a channel opened up between the “real universe” and the “virtual universe”, and it no longer belongs to the scope of the virtual universe. Many of Xu Ming’s plug-in functions could not be used here; therefore, he could not leave this vortex of time and space, so he could only bite the bullet and move forward.

“When I get out of the vortex of time and space, the real time may have passed hundreds of millions of epochs, right?”

Xu Ming guessed very accurately!

When he walked out of the vortex of time and space, it was indeed hundreds of millions of eras later!

However, in the outside world it is billions of epochs, and inside the time-space vortex, it didn't actually take a long time.

“This is... the suppression from time and space!” Soon, Xu Ming's expression changed slightly.

The suppression of this time and space is very, very heavy. It is as if the layers of time and space are rolling on him, as if he wants to press himself into a plane.

“It's almost time for the real universe!” Xu Ming naturally knew that the layers of suppression came from the space-time of the real universe – if you didn't have enough strength, but forcibly went to the real universe, you would be suppressed by the layers of space-time. Into a very thin very thin “pancake”.

However, with Xu Ming's strength, he could easily resist this kind of oppression.

“This process of time and space oppression is actually the process of ‘realization’!” Xu Ming secretly said.

In the eyes of the great powers of the real universe, all things in the virtual universe are illusory. It's like... an ordinary person in a technological society, seeing people on TV.

The people in the TV are equivalent to “people in the virtual universe”.

Every time Xu Ming took a step forward, countless layers of time and space were oppressing him. It was as if there were countless Xu Mings, layered upon layer upon layer.

Xu Ming felt this kind of reborn mystery.

Finally, after experiencing countless time and space oppression, this process finally came to an end.

If before, Xu Ming felt that his body was a mass of air; then now, Xu Ming felt like a piece of extremely hard steel – Xu Ming’s strength has not increased by a single cent! But after the “realization”, Xu Ming felt that he... um, became real!

That’s right, it’s become real.

“Um?”

Suddenly, Xu Ming felt that the surrounding time and space had changed.

“Arrived in the real universe!” Xu Ming immediately realized, “It’s just... I don’t know which one of the eight major territories will appear? – No matter which territory, it doesn’t matter! Just don’t appear in too unfortunate places!”

What Xu Ming is most worried about is appearing in a dangerous place in the real universe, or appearing directly at the door of a great senior... that would be really embarrassing!

However, these are “extremely small” events, with the possibility infinitely approaching zero. Therefore, Xu Ming is not very worried.

“Walk!”

Thinking about it, Xu Ming began to escape from the vortex of time and space.

Whoa!

In an instant, Xu Ming felt that he had entered a completely different time and space.

“What a strong space suppression!” This was Xu Ming’s first reaction, “Under such a strong space suppression, my strength has been greatly reduced; even, even the range of Divine Sense has been suppressed hundreds of millions of times. !”

However, Xu Ming is not very worried.

After all, the space suppression of the real universe is strong, and it is not aimed at him alone, but is the same for everyone; since that is the case, then there is no difference.

In the next instant, Xu Ming could see the surrounding scene clearly.

“Uh...” Xu Ming couldn’t help being stunned, “Why are there so many people? Who am I? Where am I?”

However, before Xu Ming could react, a thunderous voice sounded.

“Oh? Is there really a challenger!?”

Challenger?

Xu Ming was startled.

At this time, Xu Ming finally reacted – he was actually standing on a battle platform.

“Uh...” Xu Ming was speechless, “I walked into the vortex of time and space in the virtual universe, but when I came out of the real universe, it turned out to be... on a battle platform after billions of years...”

Immediately afterwards, Xu Ming looked at his opponent on the battlefield. Feeling the strength level of the other party, it should be just a very ordinary Supreme.

“The strength of the first entry into the supreme level!” Xu Ming judged in his heart.

Xu Ming just wanted to say – fate!

Xu Ming and this opponent on the battlefield are definitely very destined!

It's a pity that Xu Ming's opponents don't think so.

"Boy, I admire your courage!" Xu Ming's opponent was a strong swordsman with a cold and sternness. "If your cultivation is not at the Supreme Realm, you dare to step on the stage and challenge me 'Shi Heng'!"

"That..." Xu Ming said embarrassedly, "I said I went wrong, do you believe it?"

"Nonsense!" Shi Heng shouted angrily.

"Um... I admit defeat, I abstain!" Xu Ming said again.

"Humph!" Shi Heng snorted angrily, "I, Shi Heng, are you able to provoke if you want to? You provoke me, Shi Heng, now you want to leave? It's too late! – Open the seal of life and death for me!"

"Yes!" Outside the battlefield, a strong man responded immediately.

At the same time, a seal was raised above the battlefield. In this battle, unless the battle is divided between life and death, or both parties agree to end the battle; otherwise, this seal will always block the battle platform and prevent either party from leaving.

"Uh..." Xu Ming was speechless – the rules of the real universe are too barbaric! Life and death battleShouldn't the consent of both parties be sought first? I haven't even agreed yet, just start the life-and-death battle like this?

And the point is...

Xu Ming has just arrived in the real universe for less than a second! He didn't even know where he was now, and he didn't know what was going on on this battlefield.

“As soon as we arrive in the real universe, we will fight to the death...” Xu Ming was really speechless.

“Suffer to death!” Shi Heng’s murderous aura was so high that he had already killed him.

“Wait!” Xu Ming continued, “I just passed by this arena, I don’t want to fight!”

“Die!” Shi Heng ignored Xu Ming’s explanation at all, and his murderous aura came straight at him.

boom!

With Xu Ming’s strength, it was naturally easy to block Shi Heng who had just stepped into the Supreme Realm.

“What!?” Shi Heng didn’t expect that his opponent’s cultivation base did not reach the Supreme Realm, and he was still unscathed after blocking his own move. “It turns out that he has some skills, no wonder he dares to step on the battlefield and shout!”

clamor?

Xu Ming just wanted to say: When did I scream?

“I won’t fight! I’ll admit defeat!” Xu Ming shouted directly – he didn’t want to fight and kill for a while inexplicably once he arrived in the real universe.

“Admit defeat?” Shi Heng sneered, “You know you’re not my opponent, so you want to admit defeat?—Humph! Then take your life to admit defeat!”
