

A World 2061

Chapter 2061: Conservation Of Energy

?At the same time that the Three Realms universe moved from chaos to order... Xu Ming saw that the four images of Qinglong, White Tiger, Suzaku, and Xuanwu also began to appear in the four directions of the Three Realms universe.

Xu Ming knew that this was the prototype of the “Four Xiang Tianchen Array”.

“The Four Elephants Tianchen Formation has just appeared, so there shouldn’t be much power!” Xu Ming judged, “After all... the Four Elephants Tianchen Formation requires the blessing of a large number of strong people to truly exert its powerful power! At this time, The Three Realms Universe has only just opened up, and there is no strong person born in the universe!”

Reflecting the great formation, the evolution process of the Three Realms universe is naturally accelerated countless times!

Soon, Xu Ming saw that in the universe of the Three Realms, there were countless faint rays of light; as if the sky was full of stars, dotted all over the universe of the Three Realms.

“These faint starlights should be the first batch of ‘human supreme’ powerhouses born in the Three Realms universe!” Xu Ming secretly said.

After a while, some brighter stars appeared in the endless starlight.

“The Sovereign of the Earth has appeared!”

At the same time, Xu Ming saw that these relatively dazzling starlights converged in four directions—that is, where the four major legions were located.

More and more “Earth Supreme” powerhouses were born in the Three Realms Universe, and more and more powerhouses gathered in the four major legions! Because the starlight of the four major legions is too dense, in Xu Ming’s view, the four major legions have become four huge and dazzling “light clusters” in the universe.

Even among the four dazzling light groups, some golden rays of light appeared – this means that in the Three Realms Universe, a “Heavenly Supreme” powerhouse has been born!

Under the picture of the universe accelerated by countless billions of times...

The four major legions have just completed!

The Four Elephants Tianchen Formation has also initially formed!

Through the operation of the Four Elephants Tianchen Formation, Xu Ming can see that once this big formation is truly stimulated, there will be a steady stream of energy being sent out! And the Great Master of the Three Realms, as the master of the Three Realms Universe, will be blessed by the Four Elephants Tianchen Array, and his strength will increase greatly!

“Using the universe as the foundation of the formation, nurture the Four Elephants Tianchen Array, and improve one’s own strength!” Xu Ming could see that the Great Master of the Three Realms must have spent a lot of effort in order to build the “Four Elephants Tianchen Array”!

“Although this great formation is only initially formed, it should also improve the strength of the Great Senior of the Three Realms by 10% or 20%!”

You must know that the “Great Venerable” and the “High Heaven Supreme” are two completely different levels. Reaching the “Great Senior” realm means that you have reached the peak of the universe; at this time, even if you just want to go a little further, it is extremely difficult!

And the “Four Elephants Tianchen Array” can increase the strength of the Great Senior of the Three Realms by one or two percent; and this is only the initial formation of the Four Elephants Tianchen Array, so it’s amazing!

“Unfortunately... The Great Senior of the Three Realms met me in the virtual universe! Before I could use the Four Elephants Tianchen Formation, I killed him instantly!” Xu Ming couldn’t help but secretly said.

To blame, I can only blame the Great Senior of the Three Realms for being too unlucky to meet Xu Ming...

Then, Xu Ming saw that the four huge “light groups” representing the four major legions continued to pour out countless light spots, and they were fighting each other endlessly.

In the endless years... Because of the continuous expedition, countless powerhouses have fallen, and countless powerhouses have also been born; this has made the powerhouses who form the Four Elephants Tianchen Array stronger and stronger, and the power of the Four Elephants Tianchen Array is also getting stronger and stronger. powerful!

At the back, the power of the Four Elephants Tianchen Formation has been able to increase the strength of the Great Senior of the Three Realms by 50%!

At this time, the power of the Sixiang Tianchen Array has also slowed down, and it is difficult to have any further improvement.

But even so, the expedition between the four major legions has never stopped – even if hundreds of millions of powerhouses are lost, it can only increase the power of the Four Elephants Tianchen Formation, and the four major legions will not hesitate. Continue the crusade!

“Indeed... In the entire Three Realms universe, all the powerhouses and every living being, the meaning of their existence is to make the ‘Four Elephants Tianchen Array’ stronger!” Xu Ming secretly said, “If it weren’t for the conquest between the four major legions Endlessly, the number of powerhouses in the Three Realms Universe is probably even more!”

Too many powerhouses have fallen into the conquest of the four major legions.

“I have to say that the handwriting of the Three Realms Great Venerable is really big enough! I don’t care about everything in the Three Realms universe, just to improve my strength a little bit!” Even Xu Ming had to admit that the Three Realms Da Zun’s handwriting is indeed quite large, and he can make a lot of money!

Xu Ming continued to watch the Three Realms universe under the accelerated time.

Countless faint starlights continue to emerge and annihilate—emergence means the birth of “Supreme Man”; annihilation means that “Supreme Man” falls.

There are also some faint starlights, which suddenly burst into dazzling light, and then converged to the four major legions – this is “Supreme Human” breaking through to “Supreme Earth” and joining the four major legions.

Flash, annihilate!

Countless billions of powerhouses have fallen into the long river of time in the Three Realms Universe.

Even Xu Ming couldn’t help but feel a little distressed – the Great Senior of the Three Realms has lost so many powerful men!

Countless!

“wrong!”

Suddenly, Xu Ming’s eyes widened suddenly, as if he had an epiphany!

Yes!

wrong!

Very wrong!

“wrong!”

“wrong!”

“wrong!”

“From the beginning, I thought wrong!” Xu Ming’s expression suddenly became a little crazy, “I think too narrowly!”

Xu Ming looked crazy, but his eyes became clearer and clearer!

Has the Great Senior of the Three Realms lost a lot of powerhouses?

From the “Three Realms Universe Picture” that Xu Ming saw, the Three Realms Great Senior really lost a lot of powerhouses! I’m afraid there are hundreds of millions more!

but...

What Xu Ming suddenly discovered was that the Great Senior of the Three Realms seemed to have no loss at all!

That’s right!

There is no loss at all!

Lost a lot of strong people, and said that there is no loss at all? – It’s not really a paradox!

In the Three Realms Universe, UU reading www.uukanshu.com need to breed a strong man? -energy!

For example, if you want to breed an “Earth Supreme” powerhouse, you must consume a lot of energy in the Three Realms Universe!

In the Three Realms universe, the more powerhouses are born, the more energy is naturally consumed! Therefore, when Xu Ming saw that countless billions of powerhouses had fallen, even he couldn’t help feeling “distressed” for the Great Venerable of the Three Realms.

But at that very moment, Xu Ming suddenly realized one thing – after the powerhouses in the Three Realms universe fell, the energy in them would return to the Three Realms universe again!

Breeding the strong consumes the energy of the origin of the universe; when the strong fall, the energy returns to the origin of the universe! All of this happened in the Three Realms Universe! So... over the endless years, no matter how many powerhouses are born and fall, the “total energy” of the entire Three Realms universe has not changed at all!

This is... Conservation of Energy!

Chapter 2062: God Universe

?Conservation of energy!

After seeing this clearly, in Xu Ming's eyes, the operation of the entire Three Realms universe is extremely clear.

If there is no mutual expedition between the four major legions, then it will be difficult for the powerhouses in the Three Realms universe to grow after a certain number! After all... the energy of the entire Three Realms universe is no longer enough to breed more powerhouses!

Only when the old powerhouses continue to fall, can new powerhouses continue to be born!

"It's no wonder that the Supreme Being of the Three Realms did not hesitate to let countless Earth Supreme Beings, even the Supreme Beings of Heaven, die in battle! It turns out... no matter how much power is lost, there is no loss to the Supreme Being of the Three Realms or the universe of the Three Realms! "

To be precise, not only will there be no losses, but it will make the group of powerhouses who form the "Four Elephants Tianchen Array" become stronger and stronger!

I'm afraid... The Great Master of the Three Realms saw this as early as when he opened up the universe and laid out the "Four Signs of Heaven and Chen Formation"; therefore, he ordered the four major legions to fight each other endlessly!

With endless killing, sharpen stronger warriors!

"But..." Soon, Xu Ming saw another point, "However, the powerhouses born in the Three Realms Universe must fall into the Three Realms Universe, so that the entire Three Realms Universe can maintain 'energy conservation'! And if, yes If you fall outside the Three Realms Universe, then the entire Three Realms Universe will lose some energy!"

At the same time, Xu Ming couldn't help but think of another question – what if the powerhouse of the true universe fell into the Three Realms universe? Will the Three Realms universe become stronger?

Xu Ming just thought about it for a while, and then he had the answer in his heart. That is – yes!

You must know that the “Three Realms Universe” and the “True Universe” are actually two separated universes! If the powerhouse of the true universe perished in the Three Realms Universe; then, the Three Realms Universe would be equivalent to getting one point of energy!

Thinking of this, Xu Ming seems to have found the answer to some things!

“No wonder...”

“It's no wonder that it is a very dangerous thing for the powerhouses of the true universe to enter the Three Realms Universe! I'm afraid, once the powerhouses in the Three Realms Universe discover outsiders, they will kill them at all costs. After all... the powerhouses in the Three Realms Cosmos fall, there is no loss for the Three Realms Cosmos; and if the outsiders fall here, then for the Three Realms Cosmos, it is a gain!”

Killing “outsiders” is definitely a profitable business for the Three Realms Universe!

If the beheading is successful, the Three Realms Universe will gain a point of energy; if the beheading fails, there is no loss!

“It's no wonder that the mysterious female Great Venerable said before that the Supreme Heavenly Supreme would never dare to enter the Three Realms Universe! I'm afraid, once the High Heavenly Supreme comes in, the will of the Three Realms Universe will directly issue an alarm; at that time, the powerhouses in the entire Three Realms Universe will Besiege the Supreme Heavenly Sovereign like crazy!”

“And the words of the median heaven... Although after entering the Three Realms Universe, there will definitely be no small risks; but at least, it will not let the will of the Three Realms Universe issue an alarm!”

These are just Xu Ming's own guesses.

What Xu Ming didn't know was that his guess was completely correct!

What he guessed was the essence of the operation of the entire Three Realms universe!

"Can I, like the Great Senior of the Three Realms, open up a universe to improve my strength?" Xu Ming couldn't help thinking.

The Great Master of the Three Realms can open up the universe and set up the "Four Signs of Heaven and Chen Formation", why can't Xu Ming?

It's nothing more than that Xu Ming's current strength is not very strong; the universe that has been opened up cannot be as huge as the "Three Realms Universe".

But it doesn't matter, Xu Ming can open up a smaller universe first; when his own strength is strong in the future, he will find a way to expand his universe!

"I didn't expect that when I came to this Three Realms universe, I would have such a harvest!" Xu Ming smiled secretly, "It's not bad! It's also a way to improve your strength!"

Xu Ming was thinking about it, and suddenly, his expression changed again!

"wrong!"

Xu Ming's eyes suddenly brightened.

In his eyes, a substantive light burst out!

"The Great Master of the Three Realms just opened up an external universe, it's not a rare method! Why should I learn from him!?"

In an instant, Xu Ming abandoned the idea of opening up an "external universe" like the Great Master of the Three Realms.

“Why don’t I... directly use my divine body as the foundation, and directly open up my divine body into a universe!?”

Divine Universe!

The divine body is the universe!

You are a moving universe!

This bold idea in Xu Ming’s mind became clearer and clearer!

“If...my divine body is a universe, then as long as I make this universe stronger, my strength will be stronger! At that time, as long as I continue to grow the universe, I can continue to improve my cultivation!”

In theory, the “divine universe” that Xu Ming thought of had infinite development potential!

Because... the stronger Xu Ming’s “divine body universe” is, the stronger his will is bound to be; and the stronger the will, the stronger the control, and the more powerful the ***** body universe can be!

“If the creation of this practice is successful, then... can I make the ‘divine universe’ continue to become stronger, stronger than the universe of the Three Realms, or even... become as strong as the entire ‘real universe’!?”

Just imagine—

If Xu Ming’s “divine body universe” is really as powerful as the entire real universe, who else can be Xu Ming’s opponent?

However, Xu Ming also has some doubts.

“It doesn’t seem that difficult to create a ‘divine body universe’! With my current state, it shouldn’t take long to create such a practice!” Xu Ming secretly said, “And grow the ‘divine body universe’.

‘, then it’s even simpler – simply put, it is to constantly devour all kinds of energy and all kinds of substances, so that the ‘divine universe’ will naturally become stronger!”

It is not difficult to create the “divine body universe” exercises; it is not difficult to expand the “divine body universe”. Then the question comes – why Xu Ming has never heard of it, and who is practicing like this?

It stands to reason that someone should have thought of a practice method similar to the “divine universe”! But why, Xu Ming had never heard of it, he had never heard of such a practice!

At most, it is just like the Great Venerable of the Three Realms, opening up an “external universe”.

I have never heard of an almighty who opened up the “divine universe”.

Is there any problem in this? Therefore, there is no great power to take such a cultivation path?

“Humph!” Xu Ming snorted suddenly, “I don’t care if there is something wrong with him! Since no one has practiced like this before, then... let me be the first!”

Divine Universe!

At this moment, Xu Ming suddenly became very clear about his cultivation direction!

However... what Xu Ming didn’t know was that his idea had already committed the biggest taboo in the entire universe!

Chapter 2063: Thinking About It Makes Me Feel Like A Cow X!

What Xu Ming didn’t know was that his idea had already committed the biggest taboo in the entire universe!

universe...

Some are allowed and some are not allowed!

Cultivation within the scope allowed by the rules of the universe's operation is called "walking with the sky"!

If you follow the sky, then the rules of the universe will not restrict at all, and will even give some help invisibly!

But... if you go against the sky, the rules of the universe will have all kinds of constraints! In light cases, use the "Cosmic Chain" to suppress; in heavy cases, directly obliterate!

Xu Ming's current thinking has actually committed the biggest taboo in the entire universe! If the will of the universe is aware of Xu Ming's current thoughts, he will definitely kill Xu Ming at all costs!

but...

If it is replaced by any other great power, no matter who it is, even if it is the Supreme Heavenly Supreme or even the Supreme Being, once such an idea arises in his heart, it will be mercilessly obliterated by the will of the universe!

But... Xu Ming practiced "Breaking the World"! Don't say that Xu Ming just has such a "rebellious" idea in his heart, even if he has put this kind of rebellious idea into action, he will not be noticed by the will of the universe!

This!

This is the real anti-sky point of "Breaking the World"!

Cut off everything that "has happened"! – No matter what you do, even the will of the universe cannot detect it!

So... even though Xu Ming's current thoughts are extremely rebellious, even if he is a "great respected" powerhouse, if he dares to have such thoughts, he will be directly obliterated! However, Xu Ming had such an idea in his heart, but he was not noticed by the will of the universe in the slightest!

Even if Xu Ming really put this idea into action, the will of the universe would not be aware of it!

“wrong!”

“wrong!”

“wrong!!”

In Xu Ming’s mind, ideas were constantly colliding!

“Why should I use the Three Realms Universe as a reference to create my own ‘divine universe’? Why don’t I... directly use the real universe as a reference? After all, the real universe is much stronger than the Three Realms Universe!”

Suddenly, Xu Ming’s eyes shifted from the “Three Realms Universe” to the “True Universe”!

I have to say that Xu Ming’s vision is indeed high enough; moreover, he is also very courageous!

“Do not!”

In an instant, Xu Ming denied his new idea!

“Taking the ‘real universe’ as a reference is still far from enough! If...”

Xu Ming’s ideas are getting bolder and bolder!

If it wasn’t for the fact that he practiced the “Break the World”, then even if Xu Ming had a “plug-in” by his side, he would probably have been obliterated by the will of the universe—and even if Xu Ming used “Infinite Resurrection” to hang himself back to life, he would have been killed by the will of the universe. The will of the universe is wiped out again!

How many times Xu Ming is resurrected, the will of the universe will obliterate him a few times!

Fortunately... Xu Ming practiced “Breaking the World”! The Will of the Universe cannot detect Xu Ming’s current inner thoughts at all!

“What if... I directly use the real universe and the eight great limits of the virtual universe as a reference to construct my ‘divine universe’?”

Xu Ming’s idea is simple, but it is actually simple, that is-to completely transform his “divine universe” to be exactly the same as the main universe where Xu Ming lives!

The vast and endless universe is divided into “real universe” and “virtual universe with eight great dimensions”; then, Xu Ming also opened up his divine body into “true universe” and “virtual universe with eight great dimensions”!

“When such a cosmic structure is successfully developed, I will continue to devour all things and all powerhouses to strengthen my ‘divine universe’! Then...if my ‘divine universe’ has grown to a certain level, is it possible? Compete with the entire universe, or even devour the entire universe directly?”

Devour the universe! ?

I have to say, Xu Ming’s courage is really too big!

I just thought of the “God Physique Cosmos” exercise, and before I even started to create this exercise, I already thought about it, to compete and even devour the entire universe!

Simply... daring!

but...

How bold are people! How prolific is the land!

If you can’t even think about it, how can you be so successful?

Xu Ming finally realized how bold his idea was! In this regard, Xu Ming only wants to say one word – do it!

Just do it!

“But...”

Xu Ming suddenly realized that he had encountered a problem.

“The principle of the ‘God Body Universe’ is actually very simple; with my current strength, it’s really not difficult to open up the Divine Body into a universe!” Xu Ming secretly said, “But... it’s easy to develop a ‘real universe’, but how? Can we open up a virtual universe?”

“True universe” and “virtual universe” are two completely different universes!

How are these two universes different? – It’s hard to describe! However, Xu Ming came from the “virtual universe” to the “real universe”, but he is very clear about the differences between the two universes!

For Xu Ming, it is not difficult to develop the divine body into a “real universe”; it is not difficult to develop the divine body into a “virtual universe”! But... it is really difficult to open up the divine body into a “real universe” and a “virtual universe” at the same time!

Even for a while, Xu Ming had no clue at all!

“Disaster!”

Xu Ming couldn’t help but let out a long sigh!

But Xu Ming just wanted to say: “The harder this road is, the more it shows that once it is successful, the future achievements are likely to be higher! No! I must figure out the key to it! Figure out how to open up at the same time. Come out ‘real universe’ and ‘virtual universe’!”

Xu Ming has already seen a path, so he must figure it out completely! Otherwise, Xu Ming will definitely not be reconciled!

However, Xu Ming seemed to be stuck in a quagmire, unable to figure out how to open up a “real universe” and a “virtual universe” at the same time!

“wrong!”

“wrong!”

“Neither right!”

Countless thoughts flashed across Xu Ming’s mind like sparks; if the sparks were extinguished by Xu Ming!

This feeling of sparks colliding and inspiration bursting, unknowingly, has lasted for hundreds of thousands of years! However, to Xu Ming, it seemed that only a moment had passed!

boom-

Suddenly, a bright realization appeared in Xu Ming’s mind!

“Crooked, crooked!”

“I’ve always wanted to be crooked!”

“Why do I have to stick to the divine body? Do I have to develop the divine body into a ‘real universe’ and a ‘virtual universe’ at the same time? Why not... I will open up the divine body into a real universe, and at the same time open up the heart world into a virtual universe?”

The world of mind is actually the world of Xu Ming’s will!

The divine body is the real universe!

The heart world is a virtual universe!

This is not difficult for Xu Ming, and it can be completely successful!

“That’s right! That’s it! In this way, the cultivation direction of the exercises I created is exactly the same as the evolution direction of the entire universe!”

The cultivation direction of the gong method is exactly the same as the evolution direction of the entire universe!

Thinking about it makes me feel like a cow X!

If it succeeds, Xu Ming will directly be on an equal footing with the entire universe! At that time, what is the Supreme Being, what is the Great Venerable, in Xu Ming’s eyes, what is it?

It’s completely two patterns, two levels, right?

“However, in this case, the name of the exercise should no longer be called the ‘Divine Body Universe’! It’s better to call it...” “I am the Universe”, which is more appropriate!”

right!

“I am the universe”!

I am the universe!

However, at this moment, Xu Ming found that he had encountered a new problem!

:: :

Chapter 2064: The Practice Has Just Completed!

However, at this moment, Xu Ming found that he had encountered a new problem!

To know...

The virtual universe is divided into eight big limits! However, Xu Ming opened up the inner world into a virtual universe, but it could not be divided into eight parts.

Although Xu Ming didn't know why the virtual universe was divided into eight big boundaries; but in Xu Ming's view, since the universe itself is like this, there must be some reason!

Although Xu Ming didn't know the reason, it did not affect Xu Ming's "painting the gourd".

But the problem now is... Even if Xu Ming wanted to draw a gourd, it seemed that he couldn't draw it. Because Xu Ming didn't know how to divide the virtual universe into eight big boundaries after successfully opening up the virtual universe.

"Ignore this for now!" Xu Ming secretly said, "I will first develop the divine body into a 'real universe' and the inner world into a 'virtual universe'; after completing this step, I will find a way to divide the virtual universe into eight major Quadrant!"

Anyway, in Xu Ming's opinion, he is absolutely right in the general direction!

As long as the direction is right, Xu Ming is not really worried about the remaining details.

"If I can successfully open up the 'true universe' and the 'virtual universe', my true cultivation base should also be able to reach the realm of 'superiority'?"

Xu Ming's current real cultivation base is only "the supreme being of the lower class"; he just used the Feng Zhou Ding to disguise himself as "the supreme being of the upper class".

"However...if I really created the "I am for the Universe" exercise, and cultivated to the realm of 'The Supreme Being'! Then, my cultivation of 'The Supreme Being' is comparable to other 'The Supreme Being', the gold content is too high! At that time... when I face the 'Heaven Supreme' powerhouse, I don't necessarily have to use the Boundary Breaker Spear to save my life!"

Although Xu Ming has "infinite resurrection" hanging on it, he is really not afraid of death! However, Xu Ming is more clear, the real invincibility is not the "infinite resurrection" hanging, but the power to surpass and crush everything!

For example... the “Eternal Great Venerable” that appeared in the second universe era, the strength completely crushed all other Great Venerables! In that era, even if all the other great masters joined forces, they were still swept by the eternal great master! Even the rules of the universe can no longer impose any restrictions on the Eternal Great Venerable!

Another example... The “Kunpeng Great Venerable” that appeared in the fourth universe era, like the Eternal Great Venerable, swept everything and crushed the rules, and was truly invincible!

What Xu Ming has to do is to make himself a truly invincible existence like the Eternal Great Venerable and the Kunpeng Great Venerable! Instead of relying on “infinite resurrection”, under the restrictions of various great masters and the rules of the universe’s operation, they will survive.

“Let’s create a practice here!”

Xu Ming closed his eyes.

Countless ideas flashed and collided in his mind.

“I For the Universe is not so easy to create, and it is not so easy to cultivate! I can’t eat a fat man in one bite. I can’t think of opening up a ‘real universe’ and a ‘virtual universe’ at the same time...”

“Then... should we open up the ‘real universe’ first, or should we open up the ‘virtual universe’ first?”

Xu Ming fell into deep thought.

“The real universe is created by the divine body; the virtual universe is created by the mind world... It should be said that the real universe is the foundation of the virtual universe!”

It’s like “trees” and “tree shadows”!

There are trees first, and then there are shadows.

The real universe is like a tree; the virtual universe is like the shadow of a tree!

“That’s right! That’s it!”

Xu Ming instantly figured out the key point.

“The first level of the “I Am for the Universe” exercise method is to open up the divine body into a ‘real universe’; the second level is to open up the mind world into a ‘virtual universe’; the third level is to divide the virtual universe into eight major Quadrant!”

According to Xu Ming’s vision, if all the first three layers of “I Am the Universe” are successfully cultivated, then Xu Ming’s “self-universe” will have exactly the same structure as the entire “real universe”! —Although in terms of the “scale” of the universe, Xu Ming’s “self-universe” is many times different from the entire “real universe”; but at least, the structure is exactly the same, just a little smaller.

“If I successfully reach the first three levels, my cultivation base should also be able to reach the realm of ‘Earth Supreme’!” Xu Ming secretly said – his “Earth Supreme” realm can completely beat ordinary Heavenly Supreme!

...

The reflection of the Great Array on the entire “Three Realms Universe” has long since stopped.

However, Xu Ming fell into seclusion.

“Huh?” The patriarch of the barbarian king outside the great formation was about to come to call out Xu Ming. Seeing Xu Ming in a state of retreat, he should have had an epiphany and quickly stopped the action of knocking at the gate. At the same time, he blocked the surrounding area and let him Xu Ming’s practice can keep quiet.

“As expected of the super genius of my barbarian king clan!” The more barbarian king patriarch looked at Xu Ming, the more satisfied he became. “Watching the reflection of the ‘Four Elephants’ Heavenly Chen Array, one can even fall into an epiphany! It’s a pity that such a talent, but It was buried by my barbarian king tribe for so many years, and it was not discovered until now; however, it may be precisely because of these years of burying that the present nature of Mandun has been created!”

Buried Manton?

Bury a fart!

If it wasn't for Xu Ming's replacement of Man Dun's identity, Man Dun's talent would never have succeeded in the Man King clan.

However, of course the barbarian patriarch did not know this; he thought that Barbarian had always been a low-key and forbidding super genius!

...

Xu Ming's retreat is 100,000 years.

Of course, at Xu Ming's current state, 100,000 years is too short to be shorter!

"Success!"

Xu Ming was overjoyed.

"Although I had an idea and a direction for a long time, the 100,000-year retreat finally allowed me to create the first three layers of the "I am for the Universe" exercise!"

The first three floors are enough for Xu Ming to cultivate to the realm of "Earth Supreme"!

The practice has just completed!

"Since the creation is successful, let's start practicing now!"

Xu Ming immediately began to cultivate the first level!

Open up the divine body into a "real universe"!

rumbling...

On the surface of Xu Ming's divine body, it seems that there is no change; but in fact, the entire inside of Xu Ming's divine body is undergoing earth-shaking changes!

Xu Ming's divine power turned into the source power of "self-universe"!

Space and time began to form inside Xu Ming's divine body.

Endless chaos began to evolve in Xu Ming's "divine universe".

Moreover, Xu Ming's "Divine Body Universe" completely refers to the framework of "True Universe", which is a prehistoric world with only one incomparably huge continent.

Boom!

As Xu Ming's divine body trembled, the "God Physique Universe" was successfully opened up!

The first level of "I am the universe" has been successfully cultivated!

Although the "true universe" that Xu Ming opened up at this time was still very weak; however, it also directly raised his true cultivation from the original "Lower Person Supreme" to "Median Person Supreme"!

"Next, continue to open up the heart world into a virtual universe..."

:: :

Chapter 2065: Standard Stepping Stone

?The world of mind opens up into a virtual universe, which is actually simpler.

It is even easier than cultivating the first level of "I am the Universe"!

It didn't take much time for Xu Ming to successfully open up the virtual universe; and his true cultivation level has also been directly upgraded to "the supreme person"!

"Huh... It's successful!"

Xu Ming breathed a sigh of relief.

For Xu Ming, the breakthrough from "the supreme being of the lower ranks" to "the supreme being of the upper ranks" is actually nothing. Even if Xu Ming hadn't created the "I am the Universe" exercise, it would not be difficult for him to break through to the Supreme Being.

What really excites Xu Ming is that his divine body and inner world have undergone essential changes – becoming a "real universe" and a "virtual universe"!

"I don't know... Is there any great master who has followed the same path as me, but has been hiding and silent?" Xu Ming couldn't help thinking.

What Xu Ming didn't know was—no!

Don't forget, the reason why Xu Ming was able to successfully create and practice the "I am for the Universe" exercise is entirely because he practiced "Break the World"! If he hadn't practiced "Breaking the World", I'm afraid that the practice of "I am for the universe" would have been forcibly obliterated by the real universe before he had time to start creating it!

"Breaking the World" is the most magical exercise in the universe!

Oh no! It's not called, it's "absolutely"!

There is only one requirement to practice "Breaking the Mortal Dust"; that is, you must start practicing at the stage of the weakest mortal! However, as long as you start cultivating, there will be no more requirements.

"Duan Fanchen" can be used as both a major practice and a minor practice.

If it is a major practice method, “Duan Fanchen” is a practice method that is not weak; no matter what stage of cultivation it is, it is not inferior to any practice method.

And if it is used as a minor training method, “Duan Fanchen” will not conflict with any other training methods. For example, other exercises that Xu Ming practiced when he was weak in the past, such as now Xu Ming practiced “I am the universe”, will not conflict with “Break the World”.

Therefore, “Breaking the World” is definitely the most magical exercise in the entire universe, no one!

“The first two levels of “I Am for the Universe” are not difficult to cultivate; however, the third level of this exercise is not easy to practice! It is not something that can be broken through in a short time!” Xu Ming secretly said, “Forget it, don’t be in a hurry! Go out first!”

After all, hundreds of thousands of years had passed since Xu Ming’s retreat this time, and it was almost time to go out.

“But before I go out...” Xu Ming thought for a while and decided to disguise his cultivation as a “low-level supreme”.

After all, for Xu Ming, it was meaningless to stay in the barbarian king clan. If you want to go to the Qinglong Army, you must have the cultivation of the “Earth Supreme” realm.

Therefore, Xu Ming simply took advantage of the present moment to disguise his cultivation as a “low-level supreme”, as if he had made a major breakthrough in this retreat; and the barbarian king would definitely not have any doubts.

“that’s it!”

Xu Ming directly used Feng Zhou Ding to disguise his cultivation as a “low-level supreme”, which just met the conditions for joining the Qinglong Army.

Sure enough, after Xu Ming left the customs, the barbarian king was greatly shocked, but he had no doubts at all.

“Hahahaha... Mandun! Good! Very good!” The King of Man laughed heartily, “You really did not disappoint me! After watching the reflection of the ‘Four Elephants and Heavenly Chen Array’, he actually broke through directly to the ‘Lower Earth Supreme’! Very good very good!”

Xu Ming smiled without saying a word.

However, Xu Ming just wanted to say in his heart: I really have a fate with the Great Senior of the Three Realms!

Xu Ming killed the Great Master of the Three Realms; while the Great Master of the Three Realms’ “Three Realms Universe” and “Four Signs of Heaven and Chen Formation”, in turn, achieved Xu Ming’s practice “I am the Universe”.

I have to say that the Great Senior of the Three Realms is a stepping stone! And it is the kind that is very standard among stepping stones – square and upright, making Xu Ming’s pad comfortable!

“And...” Xu Ming thought again, “Now that my strength has improved, I can also use the universe of the Three Realms to kill the Heavenly Sovereign of those hostile forces!”

If it was in the real universe, Xu Ming would definitely not be able to take a shot at Tian Zhizun, a hostile force. After all, Xu Ming’s current strength is still too weak; and if he makes a move, it will cause the pursuit of the Supreme Heavenly Venerate and even the Great Venerable!

But in the Three Realms Universe, Xu Ming no longer had that kind of concern – the Supreme Heaven and the Great Venerable, it is impossible for him to dare to enter the Three Realms Universe! And the median Heaven Supreme, although still stronger than Xu Ming, but not outrageously strong, at least not to the level of “crushing”! As for the next Heavenly Supreme...

Even if Xu Ming doesn’t use the Boundary Breaker Spear, it’s really hard to say who wins and who loses between him and the general lower Heaven Supreme! After all, Xu Ming’s current real cultivation base is already “the supreme person”; moreover, the “I am the universe” exercise method has made Xu Ming’s strength skyrocket!

Moreover, Xu Ming has Feng Zhou Ding in his hand, and acting in the Three Realms Universe is actually much safer than the Heavenly Supremes sent by those hostile forces!

Xu Ming thought again: “I am for the universe, there is actually a bigger benefit, that is...”

At this time, the barbarian king asked: “Xu Ming, your cultivation base is now at the realm of the Supreme Being. When are you going to...when will you go to the Qinglong Army?”

Xu Ming replied without hesitation, “Immediately!”

“Good! Good! Good!” The barbarian king couldn’t help but boast again, “As expected of the most loyal warrior of the Three Realms Great Venerable! As soon as he broke through to the Earth Supreme Realm, he rushed to serve the Three Realms Great Venerable! – I’ll give it to you when I turn around. Token, you can go directly to the Qinglong Army and participate in the assessment of the Qinglong army! Of course, with your strength and talent, it is naturally easy to pass the assessment of the Qinglong army!”

...

Return to your residence in the barbarian tribe.

Xu Ming was suddenly dumbfounded.

“What’s the situation!?” Xu Ming couldn’t help looking at the Moon Demon, “What’s the situation? Why are there so many female nuns in my residence?”

Yes!

Now, there are thousands of female nuns in Xu Ming’s residence! Moreover, the eyes of these female cultivators looking at Xu Ming are all from Chi Guoguo, and you can pick them up!

Xu Ming got drunk all of a sudden – where did so many women come from?

The Moon Demon couldn’t help but pursed his lips and smiled The sound transmission explained: “That’s right! Xu Ming, aren’t you in the battle of life and death, killing the barbarian ink? According to the clan’s rules, barbarian All of Mo’s treasures belong to you – including his women!”

“Uh...” Xu Ming was speechless for a while – the treasures of the savage ink, of course Xu Ming smiled; but what did Xu Ming bring these women?

Use it as a pick-up man?

I’m sorry, Brother Ming’s taste is not so low!

“Manmo has so many women?” Xu Ming couldn’t help but ask—there are thousands of female cultivators here!

“Oh, that’s not it!” The Moon Demon’s voice transmission explained, “Among them, there are only a small number of Barbarian women! As for the other female cultivators, they are all unmarried within the tribe; seeing you easily killed Barbarian Mo, so I volunteered to be a concubine...”

Chapter 2066: Go To Qinglong Army

? Voluntarily come to be a concubine...

Xu Ming was also really drunk.

“Xu Ming!” The Moon Demon voiced his voice and teased, “Why don’t you choose a few to accept, and then work hard to have a few babies? In this way, you can be regarded as leaving an inheritance in the Three Realms Universe! I see, these women There are some good ones in the repair, hahahaha...”

The Moon Demon couldn’t help laughing as he spoke.

Xu Ming rolled his eyes: “Get out!”

With that said, Xu Ming entered the residence and dismissed all the female cultivators from the Barbarian King tribe.

Soon, the barbarian king came.

“Man Dun!” The King Man looked at Xu Ming, and said with relief, “I heard that you dismissed all those female cultivators who had thrown themselves into your arms? -Very good! Your Dao heart is so firm, and you are not at all feminine. So tempted, no wonder you can achieve such a cultivation achievement!”

Xu Ming was embarrassed again.

“That’s right!” The barbarian king said again, “I came here to give you a token of the Qinglong Army! With this token, you can participate in the examination of the Qinglong army and join the Qinglong army!”

“Thank you!” Xu Ming said.

Finally, we can go to the Qinglong Army among the four major legions!

Only after entering the four major legions can you come into contact with the real secrets in the Three Realms universe and explore the treasures of the Three Realms Great Venerable.

“With this token, you can go to the Qinglong Army at any time!” The barbarian king said again, “You have the strength of the ‘Earth Supreme’ level. Now that you have broken through your cultivation base, your strength will definitely be stronger! On the way to the Qinglong Army, you should not be able to. If there is any danger, I will not send you away!”

Send the barbarian away.

“Xu Ming.” Moon Demon couldn’t help but said, “You are going to the Qinglong Army, so should I go with you and stay in your world ring?”

“No!” Xu Ming shook his head and said, “You don’t have to stay in the world ring, I have a better place!”

“A better place?” Moon Demon couldn’t help but wonder.

“Yes!” Xu Ming said.

In fact, for Xu Ming, the world ring has rarely been used. A long time ago, Xu Ming used “heart world” instead of “world ring”; after all, treasures are stored in the heart world, which is obviously safer.

But now, Xu Ming has developed the divine body into a “real universe” and the inner world into a “virtual universe”, which is equivalent to having two “portable universes”, so why do you need a world ring?

“The Heavenly Sovereign powerhouses sent by the various forces in the real universe will definitely rely on the causal line to chase and kill me!” Xu Ming secretly said, “I have Feng Zhou Ding here, so I don’t have to worry about my causal line being exposed, but... The causal line on the Moon Demon cannot be concealed!”

Of course, it’s just that it couldn’t be covered up in the past. Now, Xu Ming already has a way to cover up the causal line, that is—

“My ‘divine universe’ and ‘mind universe’ are small, but they are also completely independent true universes and virtual universes! – Everything in these two small universes is isolated from the outside world by cause and effect!” Xu Ming secretly said, “As long as the Moon Demon is brought into my universe, it will naturally cover up her causal line!”

As long as the Moon Demon is hidden, then... Xu Ming and the Moon Demon are equivalent to disappearing directly from the Three Realms Universe!

Yes!

It is equivalent to disappearing directly from the Three Realms universe!

After all, the Moon Demon was already in Xu Ming’s small universe, that is, it really wasn’t in the Three Realms universe.

And Xu Ming, who can easily use Feng Zhou Ding to disguise his identity and hide cause and effect, how could he be found by the enemy?

Thinking of this, Xu Ming suddenly made a decision: “Then let the Moon Demon be included in my ‘divine universe’!”

Xu Ming was about to act when he suddenly changed his mind.

“No!” Xu Ming’s eyes lit up, “It’s better to be included in the ‘Heart Universe’!”

The universe of mind is Xu Ming’s “virtual universe”.

“If I fall by accident, my ‘divine universe’ and everything in the divine universe will also be annihilated! If the Moon Demon is placed in the divine universe, if I fall, she will also fall!” Xu Ming secretly said, “And if I fall, the ‘Heart Universe’ will not be shattered!”

Because there is an “infinite resurrection” hanging on, when Xu Ming falls, his “source of will” will not be annihilated! The universe of the heart is actually the source of Xu Ming’s will.

“Then let the Moon Demon go to the ‘Heart Universe’!”

The heart universe is undoubtedly a very safe place!

Unless Xu Ming has completely fallen and cannot even be resurrected with the “infinite resurrection”, then the “heart universe” will be shattered! Otherwise, the “heart universe” will never be destroyed.

“Come in!” Xu Ming’s will enveloped the Moon Demon, and in an instant, he took the Moon Demon into the “Heart Universe”.

What Xu Ming didn’t know was that just when he had just put the Moon Demon into the “Heart Universe”, a Tian Zhizun who was rushing towards the barbarian king tribe suddenly froze for a moment.

This Heavenly Sovereign is a “median Heavenly Sovereign” in the “Flame Demon Sea”, one of the eight realms of the true universe – Honing Heavenly Sovereign!

“Huh? What’s going on?” Tian Zhizun was stunned for a while, “I have always felt that the cause and effect line of the Moon Demon is in that direction, so how could it suddenly disappear? – Could

it be that the Moon Demon has fallen? But it's not right! Even if it is Falling down, the causal line should also slowly dissipate, it should not disappear completely suddenly!"

Honing Tian Zhizun can't figure it out!

"Go and have a look!"

call out-

Immediately, Heng Mo Tian Zhizun accelerated again, rushing in the direction of the barbarian king tribe with all his strength.

"Xu Ming clearly entered the universe of the Three Realms, but he couldn't perceive his causal line at all! Now the only clue is the Moon Demon, but we can't find her causal line!"

The powerhouses of Xu Ming's hostile forces are all counting on the Moon Demon to find Xu Ming!

But now, the causal line of the Moon Demon has suddenly disappeared without a trace, so how can the great masters such as Honma Heavenly Supreme not be in a hurry?

...

At this time, outside the barbarian king tribe.

The powerful people in the tribe are seeing off "Xu Ming".

"Man Dun! After going to the Qinglong Army, you must work hard to become a member of the 'Four Elephants Tianchen Array'! In that way, our entire barbarian king tribe will have endless glory!"

"Yeah! Man Dun, you are the pride of our barbarian king tribe!"

Becoming a member of the “Four Elephants and Celestial Arrays” is the most glorious thing in the entire Three Realms universe!

Which clan, if there is a genius who can join the “Four Elephants Tianchen Array”, the entire clan can be proud of it!

So now, almost all the powerhouses in the barbarian clan have come to see “Xu Ming” off, and their eyes are full of anticipation!

“Don’t worry!” Xu Ming said cooperatively, “I will join the ‘Four Elephants Tianchen Formation’!”

Hearing his words, the powerhouses of the barbarian king tribe were even more excited.

As for Xu Ming, he turned his head proudly and looked in the direction of the Qinglong Army:
“Let’s go!”

Xu Ming set off straight away, never looking back again – it was impossible for Xu Ming to come back to the barbarian king tribe.

...

call out-

Xu Ming controlled his speed at the ordinary level of “low-level supreme” and flew towards the direction of the Qinglong Army.

Half a day later Huh? “Xu Ming was stunned suddenly – he felt that a very fast figure was coming towards him.

“What a fast speed!” Xu Ming was secretly shocked, “Even if I burst out completely, I wouldn’t be so fast!”

Heavenly Supreme Power!

And it's not "Lower Heaven Supreme", it should be "Median Heaven Supreme"!

"Not long after leaving the Barbarian King clan, did you meet the Heavenly Sovereign?" Xu Ming was a little shocked, "In this universe of the Three Realms, there are really strong people like clouds!"

But then...

Xu Ming was even more shocked—because he saw the face and breath of this figure!

"This is...?" Xu Ming was shocked, "Honoring the Supreme Being?"

Chapter 2067: Report

"Honing Heavenly Sovereign?"

What shocked Xu Ming even more was the direction that Hengmotian Zhizun was flying quickly—the direction of the barbarian king tribe.

Xu Ming immediately reacted: "Honoring Heaven Supreme, is here to find me!"

You know, honing the Heavenly Sovereign is the median Heavenly Sovereign!

Although Xu Ming's cultivation base has broken through and his strength has soared, he has even jumped over the gap between "Earth Supreme" and "Heaven Supreme", and his strength is comparable to that of the next Heavenly Supreme! However, in the face of the median heavenly supreme, Xu Ming is still not an opponent! Unless... Xu Ming uses the Boundary Breaker Spear!

But once the Boundary Breaker Spear is used, Xu Ming will probably face more trouble!

"calm down!"

Xu Ming watched Heng Motian Supreme approaching, and said a few words to calm down, and then moved aside a little to avoid it. It seems that Xu Ming respects the strong and makes way for the strong – this is normal.

“Heavenly Sovereign can’t recognize me!” Xu Ming secretly said, “Moreover, the Moon Demon is now in my ‘Heart Universe’, and the causal line will not leak at all, and he will definitely not be able to detect it!”

That is to say... Now, Xu Ming can recognize Hon Mo Tian Zhi Zun, but Hon Mo Tian Zhi Zun “doesn’t know each other” to Xu Ming!

call out-

Sure enough, Hon Mo Tian Zhizun passed directly by Xu Ming, without even looking at Xu Ming – Xu Ming’s current cultivation base is “Lower Earth Supreme”; and in Hon Mo Tian Zhi’s eyes, the lower Earth Supreme is just an ant , of course disdain!

“It seems that Honma Heavenly Sovereign must have found the cause and effect line of the Moon Demon, so he went straight to the barbarian king tribe!” Xu Ming couldn’t help but feel a little scared, “Fortunately, I took the Moon Demon into the ‘Heart Universe’ in time, Otherwise, he will really be caught by him!”

Although Xu Ming would not be discovered directly; but, if the Supreme Heavenly Honest caught the Moon Demon, wouldn’t it be equivalent to catching Xu Ming?

“Hengmo Tian Zhizun ran to the barbarian king tribe, but didn’t catch me, will he vomit blood in anger?” Xu Ming couldn’t help laughing.

The answer is yes – yes!

And at this moment, the Honest Heavenly Sovereign, who had already flown over, suddenly turned back and flew towards Xu Ming.

“Huh?” Xu Ming couldn’t help but stunned for a moment, then secretly said, “Could it be discovered? Impossible! Even the superior Heavenly Sovereign can’t see through Feng Zhouding’s disguise; what’s more, Honing Heavenly Sovereign is just the middle Heavenly Sovereign. !”

Thinking of this, Xu Ming calmed down – Honing Tian Zhizun definitely didn't discover his identity, but because of other things!

"I'll just play the role of an ordinary 'low-ranking supreme' genius! If the honing heavenly supreme is to attack me, I will be killed directly!" Xu Ming secretly said.

Anyway, even if he was killed, Xu Ming could easily use "Infinite Resurrection" to revive him; moreover, he wouldn't reveal any secrets. For Xu Ming, there is almost no loss.

Swish!

In an instant, Honing Heaven Supreme appeared in front of Xu Ming.

"Boy!" Heng Motian Supreme looked at Xu Ming proudly – however, Xu Ming's current identity is "Man Dun", so Heng Motian Supreme can't see it at all.

"Senior!" Xu Ming pretended to be respectful.

"I'm asking you a question!" Heng Motian said, "Where is this direction?"

Xu Ming continued: "That's the barbarian king tribe!"

"Tribe? – Oh, nothing to do with you, let's go!" Heng Motian said, and continued to fly in the direction of the barbarian king's tribe.

Xu Ming also continued to move forward.

"It seems... Honest Heavenly Sovereign doesn't know what's ahead. I'm afraid I'll set him up, so I came to ask!" Xu Ming secretly said, "Unfortunately... he didn't find out at all, I'm Xu Ming!"

"However..." A cold expression appeared on Xu Ming's face, "The 'senior' I just said was not for nothing!"

To know...

The powerhouses in the Three Realms universe are extremely hostile to outsiders!

In particular, Honing Heavenly Sovereign is still a “median Heavenly Sovereign”!

Once it is known by the powerhouses in the Three Realms Universe, that there is a Median Heavenly Supreme who enters the Three Realms Universe, he will definitely be beaten to death!

“I will send a message to tell the patriarch of the barbarian king now, and say...Hengmo Tianzhi is suspected of being an outsider!” Xu Ming laughed coldly in his heart, “As for what the patriarch of the barbarian king will deal with, and what will happen to the Tianzhu, then Look at his own luck!”

Without further ado, report it first!

“Hehehehe...” Xu Ming smiled sinisterly, and sent a message to the barbarian patriarch. The next thing is not what Xu Ming needs to care about.

...

What Xu Ming didn't know was...

The Three Realms Universe attached great importance to the word “suspected outsider” far beyond his imagination!

After all, the powerhouses in the universe of the Three Realms are absolutely loyal to the Great Venerable of the Three Realms. Although the powerhouses from all sides will kill each other, but no one ever jokes about the word “suspected outsider”!

Once someone says the words “suspected outsider”, it means that there is certain evidence! The great power in the universe of the Three Realms will definitely be strictly investigated, and even... kill it first!

Anyway, the entire Three Realms universe is in “energy conservation”. Therefore, for the entire Three Realms universe, if you kill the wrong one, you will have nothing to lose; if you kill it right, then you will earn extraneous energy for the Three Realms universe!

“What!? Suspected of an outsider!?” Sure enough, after receiving the message from “Mandun”, the barbarian king suddenly became solemn, “The median sky is supreme? And it is also suspected to be an outsider!?”

Without hesitation, the barbarian king immediately reported this information to the “Qinglong messenger”!

Every Qinglong messenger is “the supreme heaven”!

After hearing about the “suspected outsider”, the Qinglong messenger immediately became solemn: “From your description I have never seen such a person in the Three Realms Universe. Heavenly Sovereign!”

You know, the Three Realms universe is just that big in total.

The Heavenly Sovereign powerhouses in the Three Realms Universe are generally known by the four major legions; there are only a very small number of secluded Heavenly Sovereigns who are not known by the four major legions.

Therefore, when the Qinglong messenger heard that a “median Heavenly Supreme” suddenly appeared, and he was “suspected of an outsider”, how could he not pay attention?

“I’ll immediately teleport to your barbarian king tribe!” The Qinglong messenger said directly.

The four major legions all have “one-way teleportation arrays”.

These one-way teleportation arrays can be teleported to any place in the territory—for example, the one-way teleportation array of the Qinglong Army can be teleported to any place in the Qinglong Army’s territory.

As soon as the Qinglong messenger finished speaking, he immediately rushed to the single teleportation array.

wow—

Almost in a blink of an eye, the Qinglong messenger appeared in the barbarian king tribe.

“Welcome the messenger!” The barbarian patriarch said respectfully.

“Yeah!” The Qinglong messenger restrained his breath and waited for the arrival of the “suspected outsider”.

Of course, Hon Mo Tian Zhizun would not know that there was already a “superior Tian Zhizun” waiting for him in the barbarian king tribe.

Chapter 2068: Great Success

call out-

Honing the stature of the Supreme Being of Heaven and traversing the endless sky of the Three Realms Universe.

“The position I sensed before is right in front!” Tian Zhizun couldn’t help but be cautious, “The barbarian king tribe? Xu Ming is probably still in the barbarian king tribe, but I don’t know what method he used to cover up the cause and effect of himself and the Moon Demon. Line-before, I could sense the causal line of the Moon Demon; now, I can’t even sense the causal line of the Moon Demon!”

Swish!

The Divine Sense of Honing Heavenly Sovereign shrouded, and soon covered the entire barbarian king tribe.

“Huh?” Tian Zhizun couldn’t help but stunned, “No Xu Ming and no Moon Demon? Did they leave, or are they still staying in this barbarian king clan? – It shouldn’t be such a coincidence to leave, after all, Xu Ming also I don’t know, I’m on my way!”

In the view of Hon Mo Tianzhu, Xu Ming was most likely still hiding in the barbarian king tribe, but he could not recognize which one was Xu Ming.

“The strength of this tribe is not weak! There are even high-ranking Supremes! But... in my eyes, it is still too weak!” Heng Mo Tian’s expression suddenly became a little gloomy, “Either... just take this barbarian king tribe first. Let’s slaughter! – If Xu Ming is really hiding here, he will definitely be exposed; and if Xu Ming is not there, for me, there is no loss!”

Honing Tian Zhizun is a strong “median Tian Zhizun”! For him, slaughtering the barbarian king tribe is as easy as the palm of your hand!

only...

Hon Mo Tian Zhizun couldn’t even notice that there was a “superior Tian Zhizun” hidden in this barbarian king tribe!

“Then kill it!” Heng Motian sneered, “The barbarian king tribe... If you want to blame, you can only blame your bad luck!”

boom! !

Honing Tian Zhizun shot directly.

The mighty giant palm is crushed down like the sky; under the giant palm, those whose strength is not at the level of “Earth Supreme” will be turned into ashes.

“With this palm down, there are only a handful of Supreme Beings who can survive! In this way, if Xu Ming is really hiding here, it will not be difficult to find!”

The idea of honing the Heavenly Sovereign is not wrong, but... he didn’t know that it was not Xu Ming who was hiding in the barbarian king’s clan, but a “superior Heavenly Sovereign”!

When the huge palm of Honing Heavenly Sovereign was crushed down, an extremely angry voice resounded through time and space: “I don’t know whether to live or die!”

“What!?” Heng Motian’s expression suddenly changed – of course he felt that this extremely angry voice was far more imposing than him!

“The Supreme Heavenly Supreme!” Hon Motian Supreme couldn’t believe it, “Why is the Supreme Heavenly Supreme hiding in the barbarian king tribe?”

You know, even in the real universe, the Supreme Heavenly Supreme is a super powerhouse! In the Three Realms Universe, only the four major legions have the existence of the Supreme Heaven! – So, Hon Mo Tian Zhizun never thought that he would meet the upper Tian Zhizun when he started a small tribe.

“Is this too back?” Heng Mo Tian Zhi Zun wanted to vomit blood.

“Outsiders!” The angry voice sounded again, “Sneaking into my Three Realms Universe, how dare you be so arrogant, trying to destroy the tribes in my Three Realms Universe!?”

Hon Mo Tian’s face changed again: “You... how do you know that I am an outsider?”

“Haha... Sure enough, as soon as you try it out, you will find out that you are an outsider! I don’t even need to use the means behind!” The Qinglong messenger sneered—of course he couldn’t be sure whether Honing Heavenly Sovereign was from the universe of the Three Realms. Outside; that’s why he tried it out with an angry voice!

Unexpectedly, just a random test, it was really tested!

It has to be said that Honing Tian Zhizun is really stupid, and he has a guilty conscience; otherwise, how could it be so easy to expose his identity as an “outsider”?

“You...” At this moment, Hon Mo Tian Zhizun also reacted – it turns out that the other party has not confirmed his identity!

“It’s Xu Ming! It must be a trap set by Xu Ming!” Hon Mo Tian Zhizun was shocked and angry – but at this time, he didn’t have time to be angry at all; because he was facing the anger of a “superior Tian Zhizun”!

“run!”

Hon Mo Tian Zhizun didn't dare to hesitate at all, and ran straight away – facing the upper Tian Zhizun, he couldn't have the mind to contend at all! After all... the gap between the “Middle Heaven Supreme” and the “High Heaven Supreme” is no smaller than the gap between “High Heaven Supreme” and “Lower Heaven Supreme”.

“Want to escape?” The Qinglong messenger sneered disdainfully, “It's ridiculous!”

You must know that in addition to crushing and honing Heavenly Sovereign in terms of cultivation, the Three Realms Cosmos is also his main home. As the “High Heavenly Sovereign” of the Three Realms Universe, he can even invoke some of the origin power of the Three Realms Universe!

Under such circumstances, how could the messenger of Qinglong let Hemotian Supreme escape?

“Outsiders! Dedicate your strength to the great Three Realms universe!” The Qinglong messenger's face exuded a pious radiance; at the same time, he directly slayed the Heavenly Sovereign.

rumbling...

The endless time and space seem to be crushing towards the Honourable Heavenly Sovereign.

“No—” Heng Motian Supreme was terrified; he wanted to say something, but he couldn't.

call out-

Immediately afterwards, a sword light that annihilated all things passed by; the entire divine body that honed Tian Zhizun directly turned into nothingness!

Honing the Supreme Being, die!

However, the Qinglong messenger did not pay any attention to whether Honing Heavenly Sovereign was dead or alive, but carefully felt the power of the origin of the universe of the Three Realms.

“The origin of the universe of the Three Realms has really grown a little bit stronger!” The Azure Dragon messenger’s eyes lit up. He really is an outsider! ”

Immediately, the Qinglong messenger sneered: “These outsiders all want to spy on the treasures in my Three Realms universe! Oh! Are the treasures in my Three Realms universe so easy to get? – Don’t say it’s just the median heaven! Even if it is the Supreme Heavenly Venerate who dares to enter the Three Realms Universe, it can only become fertilizer for our Three Realms Universe!”

Even, the Azure Dragon messenger still expects that more “outsiders” can enter the Three Realms Universe; in this way, the Three Realms Universe will be even stronger!

...

Of course Xu Ming didn’t know that the Supreme Heaven Honouring had fallen.

He was still thinking badly: “I have ‘reported’ the Honest Heavenly Sovereign. It should cause him a lot of trouble, right?”

“Hey Hey!”

Xu Ming just wanted to say – the feeling that the enemy is open and secret is really cool!

“Heavenly Supremes of the real universe, it’s better not to let me see!” Xu Ming couldn’t stop laughing, “If I see one, report it!”

Saw one, report one!

At this moment, Xu Ming received a summons.

The communication came from the patriarch of the barbarian king: “Mandun, you have made a great contribution! – The suspected outsider you mentioned is really an outsider, and has now been beheaded by the Qinglong messenger!”

Chapter 2069: Brother Ming, Don’T Be Afraid!

Beheaded?

After receiving the summons from the barbarian patriarch, Xu Ming was also stunned – he thought it would be good for his report to cause some trouble for Hengmo Tianzhu; he really didn't expect that Hengmo Tianzhu was directly killed.

“This unfortunate child!” Xu Ming couldn't help thinking.

Honing Tian Zhizun is indeed unlucky! —Walking on the road, I met Xu Ming. Then, he didn't recognize Xu Ming, but Xu Ming recognized him and reported him!

At the same time, Xu Ming thought again: “This also shows the attitude of the Three Realms Universe towards outsiders! As expected... Once outsiders are discovered, kill them!”

“Man Dun!” The King Man sent a message again, “You have made great achievements, and your talent is extraordinary! Therefore, the Azure Dragon messenger has ordered that you can enter the ‘Flood Dragon Army’ directly without any assessment!”

“Jiaolong Army?” Xu Ming wondered.

“Those who can enter the Flood Dragon Army are geniuses among geniuses!” The Barbarian King explained, “Furthermore, the Flood Dragon Army is also known as the reserve camp of the ‘Qinglong Great Array’!”

“The preparation camp of the Qinglong Great Array?”

“Yes!” said the barbarian king, “In the Azure Dragon Array, once a strong person falls, then the outstanding ones will be selected from the Flood Dragon Army to make up for it! Moreover, the members of the Flood Dragon Army can directly challenge the Azure Dragon Array. – Man Dun, your goal is to become a member of the ‘Qinglong Great Array’, this Flood Dragon Army can be said to be the only way for you!”

“Oh!” Xu Ming understood.

However, Xu Ming was also a little dissatisfied, and thought to himself: “The reward is to enter the Flood Dragon Army directly without any assessment?”

What kind of reward is this?

To Xu Ming, this is not a reward at all, right?

assessment?

Will Xu Ming fail?

However, Xu Ming didn't care much either. After all, even if it is replaced by a treasure as a reward, the general treasure Xu Ming will not look down on; it is better to give the reward directly to the Jiaolong Army. In that case, Xu Ming can save some time for cultivation.

“And... the Jiaolong Army should be somewhat privileged! In that case, it will be easier for me to find the treasures left by the Great Venerable of the Three Realms!”

Thinking about it this way, it seems that entering the Flood Dragon Army is really good!

...

Honouring the death of Tian Zhizun naturally spread among other Tian Zhizun who had sneaked into the universe of the Three Realms.

All the Heavenly Supremes felt both anger and sadness.

“Honning Heavenly Sovereign, just died like this? Didn't even call for help?”

“Oh! Even if he called for help, what's the use? – He was killed by the Supreme Heaven! The Supreme Heaven! Can we help?”

Supreme Heaven!

These five words represent the pinnacle of cultivation!

The Great Venerable, in fact, is also the Supreme Heavenly Supreme, and it is nothing more than reaching the pinnacle of the Supreme Heavenly Supreme.

Therefore, the five words “High Heaven Supreme” undoubtedly carry a heavy weight.

The Heavenly Supremes who have sneaked into the universe of the Three Realms fell silent after hearing the words “High Heavenly Supremes”—the High Heavens Supremes were not something they could compete with.

“I heard...Hengmo Tian Zhizun ran to a tribe to look for Xu Ming; however, he didn’t even see Xu Ming’s shadow, but he bumped into the ‘upper Tian Zhizun’!”

“So unlucky?”

“That must be a trap set by Xu Ming! Otherwise... how can there be such a coincidence? How can any tribe be waiting for the Supreme Heavenly Sovereign?”

“Everyone, be careful! This Xu Ming is more difficult to deal with than we thought! And now... we don’t even know where Xu Ming is!”

All the Heavenly Supremes felt very useless.

Originally, they thought that catching Xu Ming should be a game of cat and mouse. It was only now that they discovered that Xu Ming was much more difficult to deal with than they thought; if he was not careful, he would even fall directly into the Three Realms Universe.

“Now, it is almost certain that Feng Zhou Ding is in Xu Ming’s hands! Otherwise, we cannot sense Xu Ming’s causal line at all!”

“If there is Feng Zhou Ding, it will be troublesome... As long as Xu Ming pretends to be a random person, we want to find him, it is like looking for a needle in a haystack! It can even be said... It is impossible to find it!”

“Yes! If Xu Ming really has Feng Zhou Ding in his hand, then even if we stand face to face with Xu Ming, we may not be able to recognize him!”

“Then how to find Xu Ming? Do you simply give up and leave the Three Realms Universe?”

give up?

leave?

A group of Heavenly Sovereigns rushed into the Three Realms Universe to find Xu Ming, but they didn't even see Xu Ming's shadow, and a Heavenly Sovereign fell down – just gave up and left, wouldn't that be a joke?

At this time, a Tian Zhizun analyzed: “If there is no accident, Xu Ming should go to the Qinglong Army! Even if he doesn't go to the Qinglong Army, he should also go to the other three major armies! This way – let's find out, what are there? New recruits join the four major legions! At that time, we will find a way to find out Xu Minglai from the recruits of the four major legions!”

“Makes sense!”

“This is indeed much better than finding a needle in a haystack!”

“At that time, if we find Xu Ming, we must take it down decisively! Otherwise, if Xu Ming runs away and pretends to be someone else, it will be very difficult for us to find it again!”

...

Of course Xu Ming didn't know that the Heavenly Sovereigns were already planning how to deal with him.

However, even if Xu Ming knew, he would still go to the Qinglong Army. You know... Xu Ming is not afraid of those Heavenly Supremes! On the contrary, Xu Ming is still looking forward to meeting a few more infiltrating Tian Zhizun; in this way, he can report more times!

Don't forget, Xu Ming's current identity is "Man Dun"! -If Xu Ming falls The big deal is to use "Infinite Resurrection" to revive himself, then change his identity and continue to roam in the Three Realms universe. And in the future, even if Xu Ming returns to the "real universe" with his real identity, those powerful people will not think that Xu Ming will be resurrected.

so...

In any case, Xu Ming is invincible!

There's no way, who told Brother Ming to hang up and have more trump cards? -It is the Feng Zhou Ding and the "Infinite Resurrection"!

Oh, by the way, not only more hole cards! The key is that Xu Ming's strength is still strong! -Xu Ming's current strength is no less than that of "Lower Heavenly Supreme"! When Xu Ming has completed the third level of "I am the Universe", then I am afraid that he will be able to compete head-on, and even suppress the "Median Heaven Supreme"!

Moreover, this is without using the "Boundary Breaker Gun"!

If the Boundary Breaker Spear is used, it will be regarded as the "High Heaven Supreme", and Xu Ming will be able to shake it hard at that time!

Brother Ming, don't be afraid!

call out-

While thinking about it, Xu Ming was already close to the Qinglong Army's barracks.

"In the entire Three Realms universe, nearly a quarter of the powerhouses are gathered here!" Xu Ming looked at the Qinglong Army barracks from a distance, and said secretly, "I hope here, I can find some secrets and treasures of the Three Realms Great Venerable!"

Chapter 2070: 9Th Token

Qinglong Army.

The strong are in billions.

Approaching the barracks, Xu Ming saw that there were constantly soldiers wearing blue dragon armors flying in and out.

And those who did not wear the Azure Dragon armor, that is, those who had not yet joined the Azure Dragon Army, could only line up outside the barracks to grow dragons and wait for the assessment—even those who were waiting for the assessment had reached the realm of “Earth Supreme”.

“As expected of a place where nearly a quarter of the powerhouses of the Three Realms are gathered! It really is like a cloud of powerhouses!” Xu Ming couldn’t help but secretly said.

You must know that even in the real universe, the Supreme Being can barely be regarded as a master! And in the Qinglong Army, even the weakest ordinary soldier is the supreme cultivation base!

Although Xu Ming did not need to be assessed, he could directly enter the “Jiaolong Army” in the Qinglong Army; but, after all, it was the first time for him to come to the Qinglong Army. Naturally, he couldn’t swagger to enter directly. Instead, he landed and lined up behind the long dragon outside the barracks. Team up.

“Hi! What’s your brother’s name? Which tribe?”

Xu Ming had just reached the end of the line when the burly man standing in front of him turned around and asked with a smile.

Xu Ming glanced at the other party.

This burly man is also a “low-level supreme”, but he has a arrogance in his aura; obviously, he should be the best among the “lower-level supreme”, so he has such a confident aura .

“Barbarian King Tribe, Barbarian!” Xu Ming reported his name.

“The Barbarian King Tribe?” Hearing this, the burly man sneered and said, “Your Barbarian King Tribe is not a weak tribe, but compared with our Demon Sea Tribe, it is far worse—I, Demon Sea Tribe, Pinghai!”

The burly man also reported his identity.

Demon sea tribe?

Xu Ming had never heard of it.

After all, Xu Ming’s understanding of the Three Realms Universe was very limited, and he had never heard of several tribes.

However, looking at the appearance of this burly man, it seems that the Demon Sea Tribe should be an extremely powerful tribe.

At this time, Ping Hai continued to say proudly: “Our Demon Sea Tribe, but many strong people have joined the Qinglong Army! Man Dun, right? After entering the Qinglong Army, you can follow me! It is definitely better than you in Qinglong alone. The military is much stronger!”

“Uh...” Xu Ming was stunned for a moment – he didn’t expect that as soon as he arrived in the Qinglong Army, he would be accepted as a younger brother?

Xu Ming couldn’t help but think: Do I look so weak?

“Oh! You really don’t be convinced!” Ping Hai couldn’t help laughing when he saw the stunned look on Xu Ming’s face, “The competition in the Qinglong Army is much fiercer than you think! There is no strength and no backer. , you will soon be screened from the fierce competition!”

“Okay...” Xu Ming didn’t bother to argue.

“Huh?” Seeing this, Ping Hai couldn’t help but say, “It seems that you are still not convinced? Or, when we enter the Qinglong Army, we will make a gesture?”

at this time-

call out!

A stalwart figure flew out of the Qinglong Army and flew directly towards Xu Ming.

Ping Hai wanted to say a few more words to Xu Ming, but when he saw this stalwart figure, he immediately closed his mouth; the expression on his face also became respectful: “Heaven Supreme Powerhouse!”

Sovereign Earth and Sovereign Heaven are like vast differences!

In the universe of the Three Realms, there are so many Earth Supreme Beings that they are not worth mentioning! However, Tian Zhizun is rare!

In Ping Hai’s heart, the concept of “respect for the strong” is deeply ingrained; therefore, as soon as he saw Tian Zhizun, he immediately let go of his arrogance and became extremely respectful.

At the same time, Ping Hai still had some doubts: “This Heavenly Supreme Powerhouse seems to be flying towards me? – Did he fly towards me? Or was he just passing by?”

But in Ping Hai’s view, there seems to be nothing on his side that can attract a Heavenly Supreme Powerhouse, right?

Just when Ping Hai was puzzled, the gaze of this Heavenly Supreme powerhouse fell on Xu Ming, and he said, “Mandun!”

Manton?

Ping Hai was stunned for a moment – isn’t the one behind him called Man Dun?

“I have seen the Supreme Being!” Xu Ming said neither humble nor arrogant.

“Yeah!” The Heavenly Supreme Powerhouse directly wrapped Xu Ming with divine power and said, “The Azure Dragon messenger has already told me about your affairs! Come with me and enter the Flood Dragon Army directly!”

Having said that, the Heavenly Supreme Powerhouse took Xu Ming directly and entered the Qinglong Army barracks.

Ping Hai and the others stood there with a confused expression.

“Go directly into the Flood Dragon Army?” Ping Hai looked incredulous – you must know that the Flood Dragon Army, to put it bluntly, is the absolute elite of the Qinglong Army! Ping Hai’s goal is to become a member of the Jiaolong Army!

“This Man Dun can actually enter the Flood Dragon Army directly? And it was ordered by the Azure Dragon messenger himself?” Ping Hai couldn’t believe it, “How incredible is his talent?”

Ping Hai remembered again, he seemed to want to accept Mandun as his younger brother just now... Thinking of this, Ping Hai almost even had the heart to hit the wall!

What is ignorance?

He is stupid!

...

The Jiaolong Army is located at the core of the Qinglong Army barracks.

In the Qinglong Army, every palace is home to many soldiers; but in the Flood Dragon Army, every soldier can have a palace—from this, we can also see the high status of the Flood Dragon Army .

Xu Ming saw that the Jiaolong Army barracks and palaces of different sizes were arranged in the shape of a Jiaolong.

“Mandun!” said the Heavenly Supreme powerhouse who was cited, “The messenger has an order, you will live in the ninth palace!”

Saying that, Tian Zhizun, who received the lead, turned his hand, and a token appeared with the word “ninth” written on it.

“The Ninth Palace?” Xu Ming took the “Ninth Token”, slightly puzzled.

At this time, Tian Zhizun, who received the lead, said again: “To be honest, I don’t really understand why the messenger is giving you the ninth palace. You know, in the dragon army, you want to get the ninth palace. There are not a few palaces; however, the messenger did not give the ninth palace to anyone! So... although you got the ninth palace, whether you can keep it or not depends on your own ability!”

“Oh?” Xu Ming listened to the other party’s meaning, it seems that the ninth palace is a hot potato?

At this time, Tian Zhizun, who received the lead, handed Xu Ming another jade slip: “In this jade slip, the rules of the Jiaolong Army are recorded! After you read it, you will naturally understand!”

After finishing speaking, the Tian Zhizun who received the lead left directly – he is Tian Zhizun after all! With his arrogance, he wouldn’t be with Xu Ming all the time; once he took Xu Ming to a place, it was time to leave.

As for Xu Ming, he flew directly towards the ninth palace.

“The palaces in the Flood Dragon Army vary in size! This ninth palace seems to be the ninth largest!” Xu Ming suddenly understood – I am afraid that in the Flood Dragon Army, the bigger the palace, the higher the status!

The ninth palace, the ninth token—this is probably the highest ranking in the Dragon Army!

“I’m afraid... there will be a lot of strong people who want to get the ninth palace, right?” Xu Ming secretly said, “No wonder Tian Zhizun said before that, whether I can keep the ninth palace depends on my own ability! ”

Thinking about it, Xu Ming took out the jade slip again and read the rules of the Jiaolong Army.
