Chapter 2101: The Fastest Man In The Universe

“Just avenge me once?” The Great Senior of the Three Realms looked at Xu Ming, and suddenly smiled, “Oh! It seems that you know a lot! You have even heard of resurrection and other methods! -Okay! I Promise you! Set up a cause-and-effect entanglement!”

Did you agree so easily?

Xu Ming was slightly stunned, but without any hesitation, he established the entanglement of cause and effect; after all, it is Xu Ming who is currently in the pit of the Great Master of the Three Realms!

The content of the entanglement of cause and effect is very simple: Xu Ming has obtained the treasure of the Great Master of the Three Realms, and he has to avenge the Great Master of the Three Realms once!

call out-

Suddenly, there was an entanglement of cause and effect on Xu Ming’s body. If he violates the content of the entanglement of cause and effect, he will be attacked by cause and effect, from serious injuries to serious... direct fall! Even if he is resurrected with “Infinite Resurrection”, he will fall again and again!

“Hahahahaha...” Upon seeing this, the Great Master of the Three Realms laughed and handed his “Dao Realm Contract” to Xu Ming.

Xu Ming took it unceremoniously and instantly refined it. Through the “Dao Realm Contract”, Xu Ming could feel that in an endlessly distant time and space, there are countless treasures piled up like mountains; he can take out these treasures immediately with a single thought – this is the mystery connecting the Dao Realm contract. time and space.

Xu Ming had already obtained a “Dao Realm Contract”, which was the Dao Realm contract for storing the Boundary Breaker Spear; therefore, he was not very surprised to have obtained the Dao Realm Contract of the Three Realms Great Venerable now.

“Hahahaha...” The Great Senior of the Three Realms continued to laugh, “Young man, you know a lot, you even know the means of resurrection! But... I have to say, you don’t know much! You only know that there are ‘resurrection’ ‘I don’t know this kind of means, resurrection, the highest can only revive the ‘Middle Heaven Supreme’ cultivation base, the higher cultivation base, such as the upper Heaven Supreme, such as the Great Venerable, is impossible to resurrect! So, you The request just made is equivalent to not mentioning anything!”

The Great Venerable of the Three Realms is complacent. He also thought that he had successfully tricked Xu Ming.

Xu Ming smiled without saying a word.

“Hahahahaha...” With satisfaction, the figure of the Great Senior of the Three Realms gradually dissipated.

When the Great Venerable of the Three Realms completely dissipated, Xu Ming shook his head and said to himself: “The Great Venerable of the Three Realms is right, the cultivation level above the ‘High Heaven Supreme’ can’t be resurrected! But... the Great Venerable of the Three Realms said this. Illusion does not know, who killed him himself!”

The Great Senior of the Three Realms was killed by Xu Ming!

According to the content of the karma entanglement, Xu Ming only needs to kill the murderer once, even if he completes the agreement with the Great Master of the Three Realms, he will be able to remove the karma entanglement.

Killing the murderer once is...killing yourself once!

Is it not easy to kill yourself? -Anyway, Xu Ming has an “infinite resurrection” hanging on it, and he can be resurrected immediately after death.

Without hesitation, Xu Ming blew himself up on the invincible battle platform!

“what’s the situation?”

“Why did Xu Ming blow himself up?”

“He just got the opportunity left by the Great Senior, why did he blow himself up?”

Around the invincible battle platform, a group of indigenous geniuses are stunned – what is this operation? Suicide as soon as you get the chance?

However, before the native geniuses could react, Xu Ming’s figure reappeared on the invincible battle platform. But the Xu Ming at this time was different from before the suicide – the karmic entanglement that had just appeared on his body had disappeared without a trace at this time!

Because Xu Ming has already completed the agreement in “Causal Entanglement”.

“My speed, I’m afraid it can be regarded as the fastest speed to remove the ‘causal entanglement’!”

The karma entanglement was just set up, and it was lifted in seconds! -Xu Ming’s speed can be called the fastest man in the universe!

“At the cost of a 23-level hanging point, I got the ‘Dao Realm Contract’ of the Great Master of the Three Realms! Hurry up and see... There are treasures in the ‘Dao Realm Contract’!”

In the “Tao Realm Contract” of the Three Realms Great Venerable, there are naturally many origins of the universe.

“The origin of the universe, the truth” and “the origin of the universe, the virtual”, both have the number of over 100 million!

What is the concept of “the origin of the universe, truth” that exceeds 100 million? —It is a 24-level hanging point with more than 100 million points, which is a trillion-level 23-level hanging point!

And Xu Ming used “Infinite Resurrection” to revive once, and only needed one level 23 hanging point! In other words, Xu Ming can resurrect “trillion” times! – Trillions of lives! Even if Xu Ming stood there and let other great powers kill him, he didn’t know how long it would take to kill him! What’s more, Xu Ming couldn’t stand there and be slaughtered!

Moreover, in the “Tao Realm Contract” of the Great Master of the Three Realms, in addition to the origin of the universe, there are other treasures.

“Three Realms Seal!” Xu Ming took out a golden seal from the “Tao Realm Contract” with a move of his mind. “As long as this Three Realms Seal is refined, can you control the entire Three Realms universe?”

Of course, this kind of control is not complete control. It is impossible to mobilize the four major legions. It can only control the entry and exit of the Three Realms universe—for example, it can block the time and space of the Three Realms universe. Can’t come in either. Moreover, Xu Ming himself can also enter and exit the Three Realms universe at any time.

“Refining!” Xu Ming directly refined the seal of the Three Realms, “In this way, everything I do in the place of inheritance will not be spread outside the Three Realms Universe!”

From then on, no one can enter or leave the Three Realms universe anymore; then, what Xu Ming did in the place of inheritance would naturally not be able to be passed on.

“In this way, no one will know that Jian Yi was actually suppressed and sealed by me!”

Xu Ming was prepared to use the identity of “Jian Yi” to mix in the real universe after leaving the Three Realms Universe; therefore, Xu Ming naturally couldn’t let other people know that Jian Yi was suppressed and sealed by him.

Xu Ming continued to look at the treasures in the “Tao Realm Contract”.

“Other treasures are just the ‘Heavenly Supreme Divine Weapon’!” Xu Ming now has three world-shattering magical weapons in his hands, so naturally he no longer looks down on the heavenly supreme magical weapon, “However...there is one more world-breaking magical weapon—Sanjieshan! ”

Sanjie Mountain is the headquarters of the forces under the command of the Great Master of the Three Realms!

However, I am afraid not many people know that the “Three Realms Mountain” is actually a magic weapon that breaks the world! —Fortress-type world-shattering magic weapon!

As long as you hide in the Three Realms Mountain, even the Great Senior cannot hurt the people in the Three Realms Mountain; this fortress-like world-breaking weapon is definitely a very important life-saving treasure for the Great Senior of the Three Realms! It's a pity... Previously in the virtual universe, when the Great Master of the Three Realms faced Xu Ming, he was directly killed by Xu Ming with a single shot, and there was no chance to use the Three Realms Mountain.

“Sanjie Mountain is in Chaos Ridge! But... the core of Sanjie Mountain is in the ‘Tao Realm Contract’ of the Great Master of the Three Realms!” After I have transformed this core, and then headed to Sanjie Mountain, I can directly control this fortress-type world-breaking weapon!”

But now, Xu Ming is not in a hurry to refine it – the core of Sanjie Mountain is in his hands, can he still run away?

“It's time to leave the Three Realms Universe first!”

In order to take refuge, Xu Ming entered the Three Realms Universe; unexpectedly, he got a lot of opportunities in the Three Realms Universe.

Now, it is time to leave the Three Realms Universe.

“But...before I leave, I have one more thing to arrange!”

Chapter 2102: Goal: Thunder To Destroy The Domain!

“But...before I leave, I have one more thing to arrange!”

The thing Xu Ming was referring to was naturally the Moon Demon.

Now, the Moon Demon has been settled by Xu Ming in his “Heart Universe”. It stands to reason that it should be absolutely safe. But nothing is absolute. After all, Xu Ming doesn't know what kind of means the existences of the Great Venerable have. Maybe there are means to threaten Xu Ming's heart universe?

Moreover, in Xu Ming's mind universe, the Moon Demon couldn't cultivate very much. After all, there is nothing in the universe of the heart, and even the rules of operation have not been perfected, so how can the Moon Demon cultivate?

Therefore, it is not a long-term plan to settle the Moon Demon in the Heart Universe.

"This inheritance place is quite suitable for the Moon Demon?" Xu Ming couldn't help but think, "There is no fighting here, and there is still a chance left by the Great Senior of the Three Realms! For the Moon Demon, it is better than she was before. too much!"

So, Xu Ming went to a secluded place and released the Moon Demon from the "Heart Universe".

"Huh?" After the Moon Demon was released, he was still a little puzzled, "Xu Ming, why did you release me so quickly? Is your situation safe now?"

Xu Ming smiled and said, "The Heavenly Sovereign who sneaked into the universe of the Three Realms has all been solved by me!"

"What!?" Moon Demon looked at Xu Ming in disbelief, "How did you do it?"

"Hehe!" Xu Ming smiled mysteriously without explaining.

Moon Demon didn't ask: "Then what are your plans for next...?"

"I'm ready to leave the Three Realms Universe!" Xu Ming said, "However, I may not be able to take you out of the Three Realms Universe! After all, we don't know what means the existence of the Great Venerable Realm has; with your words, It's a danger to us all!"

"Yeah!" Moon Demon nodded, "Then I'll stay in the Three Realms Universe! Hmm... this is it?"

The Moon Demon looked around.

"This is exactly what I want to tell you!" Xu Ming said, "This is the place of inheritance left by the Great Master of the Three Realms, and it is also the place of greatest opportunity in the entire Three

Realms universe! If you want to stay in the Three Realms Universe, this is undoubtedly the place. It's the best choice!"

Moon Demon said: "This place is much better than my previous cultivation environment!"

The "God Feather City" where the Moon Demon lives in the real universe is just a small town in the eyes of Xu Ming now! After all, the city lord of Shenyu City is only a lower-ranked Heavenly Supreme! – With Xu Ming's current strength, killing the next Heavenly Supreme is as easy as killing a chicken and a dog!

And how many chances are there for the Moon Demon to live in Shenyu City? There is no way to compare it with the inheritance place of the Great Venerable of the Three Realms!

"Also, this place is much safer than the real universe!" Xu Ming said again, "As long as you don't go to the Invincible Battle Stage, you will hardly encounter any danger!"

"Yeah!" Moon Demon nodded slightly.

"Then... I'm about to leave the Three Realms Universe?" Xu Ming said again.

"In such a hurry?" Moon Demon was startled and asked, "Xu Ming, can you return to the Three Realms Universe in the future?"

"Yes!" Xu Ming said, "I have the authority to enter and leave the Three Realms Universe! Maybe at some point, I will escape to the Three Realms Universe again!"

Xu Ming said jokingly.

The two exchanged a few words of goodbye before Xu Ming got up and left.

The Moon Demon looked at Xu Ming's leaving back, and secretly looked forward to it in his heart: "At least... Xu Ming may return to the Three Realms Universe in the future, and I may also see him again!"

...

Xu Ming naturally didn't notice that there was a different emotion in the Moon Demon's eyes as he watched him leave.

At this time, Xu Ming was thinking about how he should act after returning to the real universe.

"I can't go back to the real universe as Xu Ming! After all, if I go back as Xu Ming, I'm afraid that as soon as I appear in the real universe, all parties will immediately perceive me!" Xu Ming secretly said.

After all, Xu Ming's own causal line has been exposed! His causal line, as long as it appears in the real universe, is likely to be immediately perceived by the Great Venerables.

"Then, I will change my identity and go back to the real universe!"

Anyway, Xu Ming has the hidden treasure "Feng Zhou Ding", and he can disguise himself as anyone he wants! With his current strength, even the Great Senior would never be able to see through his disguise.

As for what identity?

It is naturally the most appropriate to replace it with "Jian Yi"! – Moreover, when Xu Ming suppressed and sealed Jian Yi, he had actually moved his mind and wanted to disguise himself as Jian Yi.

"However, I can't directly appear in the real universe as Jian Yi!" Xu Ming secretly said, "I should first use another identity to find out about Jian Yi's background, and then disguise as Jian Yi!"

You must know that after Xu Ming disguised as Jian Yi, he was going to infiltrate the "Eternal Palace"!

The Eternal Hall is the number one force in the true universe! If Xu Ming revealed any flaws in the Eternal Hall, maybe even the "Infinite Resurrection" will not be useful at that time! Therefore, when disguising as Jianyi, you must be cautious and not reveal flaws!

Of course... disguised as Jianyi, although there are big risks; but if you succeed, there are also big benefits! – If it succeeds, Xu Ming will be able to enjoy the various resources in the Eternal Hall, making his strength even higher!

Xu Ming's current strength is already at the level of "High Heaven Supreme". If he can go a step further, it will be... Da Zun!

At that time, Xu Ming will even be able to achieve real invincible strength by relying on the big trump card of plug-in! In that case, taking revenge for Gu Hanmo would naturally not be difficult!

"First pretend to be an identity and go to the real universe!"

Xu Ming changed his appearance, breath, and causal line, and then directly opened the channel of the Three Realms universe to the outside world.

"Um?"

As soon as the passage was opened, Xu Ming was stunned: "There are actually eight passages from the Three Realms Universe to the True Universe?"

Eight passages lead to the eight domains of the true universe: Eternal Domain, Ancient God Domain, Void Tribulation Domain, Thunder Extermination Domain, Dao Realm, Chaos Ridge, Flame Demon Sea, and Ice and Snow Domain!

"It's better not to go to the Eternal Domain!" When Xu Ming first came to the real universe, he was in the Eternal Domain. The Eternal Domain is also the site of the Eternal Palace.

Suddenly, Xu Ming had an idea: "Why don't you go to Lei Mieyu to see? – I heard that Lei Mieyu is a gathering place for a group of lunatics; I want to see how crazy they are! Moreover, the Kunpeng clan seems to be there too. Thunder destroy the domain, right?"

The Kunpeng clan was created by the Great Venerable Kunpeng!

And the most important treasures of the Kunpeng Great Venerable: the Kun-feeding map, the seal of the Zhou Ding, and the Boundary-breaking Spear were all acquired by Xu Ming. It is precisely

because of this that the great powers of the Kunpeng family all want to hunt down Xu Ming and seize the treasure.

“Want to hunt me down and seize treasures?” Xu Ming chuckled in his heart, “I also want to see if there are other treasures and inheritances left by the Kunpeng Great Venerable in your Kunpeng clan!”

Kunpeng Dazun, but invincible existence in a cosmic era! It is also the only existence in the endless long years of the true universe that can stand shoulder to shoulder with the Eternal Great Venerable!

Xu Ming is naturally interested in the treasures and inheritance of Kunpeng Great Venerable!

Make up your mind: “Let’s go to Lei Deyuyu!”

Chapter 2103: Lei Mie Pavilion

real universe.

The Great Seniors of all parties are talking through voice transmission.

“The Heavenly Sovereign I sent to the Three Realms Universe has fallen!”

“The Heavenly Sovereign that I sent has also fallen!”

“What!? Have all your subordinates fallen into the Three Realms Universe?”

...

The Three Realms universe and the real universe are completely isolated. Even the Great Senior, it is very difficult to investigate the cause and effect situation in the Three Realms universe.

When a certain Great Venerable discovered that his subordinates had fallen into the Three Realms Universe, other Great Venerables also hurriedly investigated; as a result of this investigation, it was

discovered that all the Heavenly Supremes they sent into the Three Realms Universe had also fallen. !

“how so?”

“Could it be that Xu Ming did it?”

“Can Xu Ming have such strength?”

“The only possibility is that they were all exposed in the Three Realms Universe and were hunted down by the four major legions!”

“Will it be so easy to reveal?”

“Needless to say, it must be Xu Ming who is in the middle of it! It seems... Feng Zhou Ding is in Xu Ming’s hands, it should be a sure thing!”

Soon, the Great Venerables discovered that among the Heavenly Venerates they sent into the Three Realms Universe, only one person did not fall, and that was Jian Yi!

“According to the causal investigation, Jian Yi is still alive!”

“It seems that only Jian Yi escaped the catastrophe!”

“As expected of the super genius cultivated by the Eternal Hall! All the other median Heavenly Supremes have fallen, and Jianyi is only the lower Heavenly Supremes, but has survived!”

All the great masters could not help but sigh about Jian Yi’s talent and strength.

The great honor of the Eternal Hall also felt quite honored – the geniuses they cultivated are now “standing apart” in the Three Realms universe, and of course they are proud.

It’s just... the great lords never thought that although Jian Yi was not dead, he was suppressed and sealed by Xu Ming, which was even worse than death! – After all, if Jian Yi falls, he will definitely

be resurrected by the Eternal Hall; however, he is now suppressed and sealed, and it is impossible to even be resurrected!

It's no wonder that the great masters can't think of it – after all, if you want to suppress Jianyi, you must crush Jianyi in strength, and you have to use the treasure of suppressing and sealing! How could the great masters have thought that Xu Ming's strength would soar so terribly!

“With Jian Yi's talent, he will definitely be able to capture Xu Ming in the Three Realms Universe!”

“That's right!”

“There is indeed some chance and talent that Xu Ming can achieve today! However, compared with Jian Yi, the top genius in the real universe, it is nothing!”

The great honorable said involuntarily.

It's just that, how did the great masters know that at this time, Xu Ming had walked out of the Three Realms universe and came to the “Thunder Extermination Domain” in the real universe.

...

call out-

Xu Ming's figure, in the passage of “Three Realms Universe” and “Thunder Extermination Domain”, moved forward rapidly.

Soon, Xu Ming came to the end of the passage. In front of him, there was an endless layer of membrane wall; as long as this layer of space-time membrane wall was broken, one could enter the Thunder Extermination Domain of the True Universe.

“This should be the space-time gap between the real universe and the Three Realms universe!” Xu Ming secretly marveled. It is this layer of space-time membrane wall that almost completely cuts off all the cause and effect of the real universe and the universe of the Three Realms.

There is a similar membrane between Xu Ming's "self universe" and the real universe; therefore, Xu Ming hid the Moon Demon in his "heart universe" before, so that it would not be discovered. It's just... Xu Ming's membrane wall is nothing compared to the boundless membrane wall in front of him.

"Walk!"

Xu Ming was ready to start, breaking the space-time membrane wall.

However, just when Xu Ming was about to start, he found that there was a sudden fluctuation in the space-time membrane wall.

"Huh?" Xu Ming was stunned for a moment, and then he reacted, "Someone should be fighting there!"

After thinking for a while, Xu Ming disguised his body at will, and blasted towards the fluctuation of the space-time membrane wall.

boom! !

The space-time membrane wall was blasted directly out of a large hole, and it healed rapidly.

Xu Ming flew directly towards the big hole.

Swah—

Time and space are shifting.

When Xu Ming saw the scene in front of him clearly, he saw that there were just a few attacks coming towards him.

"Huh?" Xu Ming frowned slightly.

However, these attacks are only at the level of “high-ranking and supreme”, and for today’s Xu Ming, there is no threat at all. With a wave of Xu Ming’s hand, he dismissed these attacks.

At the same time, Xu Ming also clearly saw the source of the attack—they were three black-clothed powerhouses, all of whom were high-ranking supreme cultivation bases.

When the three high-ranking Supremes saw Xu Ming, they were all surprised: “Heaven... Heavenly Supreme!?”

The cultivation base Xu Ming revealed at this time was the “Supreme Heavenly Supreme”. However, like the three people in front of them, they could only see that Xu Ming was “Heavenly Supreme”, but could not see the exact cultivation level; after all, their own cultivation level was too weak.

Xu Ming also discovered that the target of the three people’s pursuit was the young man in white behind him.

Xu Ming understood, he broke the space-time membrane wall and came out, right between the two sides.

“Looks like, I can take care of it!” Xu Ming is not afraid of being busy, and even vaguely expects to be busy. After all, the “High Heaven Supreme” that Xu Ming is disguising now is an identity without any background; and an identity without background is easy to be suspected! So, if you are busy with your own business, you can give some background to your identity; in this way, Xu Ming can take this identity and run rampant in Lei Mie Domain!

The cultivation base Xu Ming is showing now is “the supreme being of the heavens”; even if it is placed in the real universe, it is still a top-notch existence! – If the Great Senior does not go out, the Supreme Heavenly Sovereign can indeed run rampant in the Thunder Extermination Domain!

“Thank you senior for saving your life!” Just when everyone was in a daze, the young man in white behind Xu Ming reacted quickly and said respectfully to Xu Ming.

“A life-saving grace?” Xu Ming sneered; of course he understood the intention of the young man in white, and he said “life-saving grace” as soon as he opened his mouth, in order to make himself have to take action to save him, “Oh! I am not saving you! But I was cultivating in the interlayer of time and space, but I was disturbed by you!”

“Heavenly Supreme!” The three black-clothed powerhouses thought that Xu Ming was from the side of the white-clothed youth; now they heard the conversation between the two and knew that the two had nothing to do with each other, so they were relieved and their voices were arrogant. Shao, “Since it’s not your business, then please step aside!”

“Huh?” Xu Ming’s pupils shrank – it’s fine if the three black-clothed powerhouses don’t apologize, how could they be so arrogant?

“What if I don’t allow it?” Xu Ming asked with a sneer.

“No?” The three black-clothed powerhouses snorted coldly, “Does your Excellency want to get involved with our ‘Lei Mie Pavilion’?”

“Lei Mie Pavilion?” Hearing these three words, Xu Ming couldn’t help but want to laugh.

Xu Ming had heard of the “Lei Mie Pavilion” force in the Three Realms Tower; once, it was indeed a superpower.

Chapter 2104: Make Koi For You

Inside the Three Realms Pagoda, there are introductions to the top forces in the real universe, including the “Lei Mie Pavilion”.

In the past, Lei Mie Pavilion was indeed a superpower, but that was before the endless distant years... To be precise, it was in the “First Cosmos Era”.

You know, now is the fifth universe era! The first universe era, it can really be said to be the primordial period of the real universe!

In the first universe era, the real universe is divided into eight territories as it is now! And Lei Destruction Pavilion is the only overlord who dominates the Lei Destruction Domain; its status is not much worse than that of the current Eternal Hall in the Eternal Domain!

One can imagine how powerful the Lei Mie Pavilion was back then!

The number of Great Seniors in Lei Mie Pavilion has reached as many as four!

But the tragedy is – Lei Miede and Kunpeng Great Venerable have a grudge!

Kunpeng Dazun, what kind of existence does he exist? That is the invincible existence that ends the first universe era and opens the second universe era!

After Kunpeng's strength broke through and reached the invincible state, he directly cut down all the four great masters of Lei Mie Pavilion... The Heavenly Supreme powerhouse of Lei Mie Pavilion also had more than half of the casualties! Later, it was because Kunpeng Great Senior was disdainful to kill them all, so he left a legacy to Lei Mie Pavilion.

Therefore, Xu Ming couldn't help laughing when he heard the three words "Lei Mie Pavilion" – Lei Mie Pavilion, in the era of the first universe, was indeed strong! However, since the second universe era, until now, it has always been just a very ordinary top force; moreover, there has never been a great powerhouse!

The top powerhouse in the entire Lei Mie Pavilion is just the Supreme Heavenly Sovereign, and his current strength is on the same level as Xu Ming! Moreover, Xu Ming still has "infinite resurrection" hanging! Therefore, Xu Ming is really not afraid of Lei Miede!

But now, the other party used the words "Lei Miede" to press Xu Ming, can Xu Ming not laugh?

"Yes! I just want to get involved with your Lei Mie Pavilion!" Xu Ming replied with a smile.

"Huh? Your Excellency is provoking our Lei Mie Pavilion!?" The three black-clothed powerhouses shouted angrily, "Although Your Excellency is a Heavenly Supreme Powerhouse, you shouldn't be able to bear the anger of our Lei Mie Pavilion, right?"

"I can't tell if you can bear the anger of Lei Miede! But..." Xu Ming sneered, "You three are not qualified to represent Lei Miede, right? – When the three of you spoke, did you have any questions? Have you ever thought about your attitude, can you bear my anger? Oh! How dare you be arrogant in front of me?"

boom-

Xu Ming slapped the three of them directly.

With this palm, Xu Ming shot with anger, and contained killing intent – you must know that Xu Ming’s current identity is “the Supreme Heavenly Sovereign”! The Supreme Heavenly Supreme must have the majesty of the Supreme Heavenly Supreme. How can any cat or dog be arrogant in front of him?

The fate of provoking the strong is death!

Only then did the three black-clothed powerhouses feel the power and killing intent of this palm, but it was already too late! – They thought that Xu Ming was just an ordinary lower-ranking Heavenly Supreme Being, and he should have been deterred after hearing the three words “Lei Miede”; they did not expect that Xu Ming did not say a word, and acted directly, and directly It’s a killer!

Before the three could even regret it, they were killed by Xu Ming with one palm.

In the endless void, only Xu Ming and the young man in white remained.

“Who are you?” Xu Ming looked at the young man in white.

When he came to Lei Miede, Xu Ming first wanted to inquire about the detailed information about Jian Yi, so that he could disguise himself as Jian Yi and infiltrate the Eternal Hall in the future; second, he wanted to see if there was a chance to infiltrate the Kunpeng clan. Inheritance – After all, Xu Ming only got three world-breaking weapons, but he did not get the ultimate inheritance of Kunpeng Great Venerable! Xu Ming estimated that the inheritance should be in the Kunpeng clan; and how to get the inheritance is probably a big test left by the Kunpeng Great Venerable.

However, the two things Xu Ming wanted to do when he came to Lei Miede were not easy to do! Therefore, Xu Ming has to take it step by step; the first step is to construct an identity for himself that is convenient to act in the Thunder Destruction Domain.

Seeing Xu Ming asking, the young man in white replied respectfully, “I am the direct disciple of Lei Miede, Fang Ping!”

“What?” Xu Ming was slightly startled.

Lei Miede’s direct disciple?

It seems that the three black-clothed powerhouses who were chasing down before were also from Lei Miede, right? – The people of Lei Miede, chasing and killing their own direct disciples?

What is this operation?

Only after Fang Ping’s explanation did Xu Ming understand what was going on.

It turned out that this was a test of Lei Miede’s direct disciples. Lei Miede asked each direct disciple to carry the same resources to develop and recruit their own subordinates; in the end, when the time expires, whoever develops the most powerful force will be the candidate for the elder!

In Lei Miede, each generation has many direct disciples; however, there is only one person who can become an “elder candidate”. And those who fail in this assessment will even lose their lives.

“I’m the one who failed the assessment!” Fang Ping said with a wry smile, “If it wasn’t for the senior, I’d probably already be a dead person!”

Xu Ming frowned slightly and pondered: “So... have I intervened in your Lei Miede Pavilion’s assessment?”

The assessment of top forces like Lei Miede is not something that can be easily interfered with! Whoever intervenes may be in trouble.

“It seems so...” Fang Ping gave a clear answer.

“Then you Lei Miede, are you going to trouble me?” Xu Ming asked again.

“Don’t hide it from senior... It does!” Fang Ping said embarrassedly, “However, there is a way to prevent senior from being retaliated by Lei Miede!”

“Oh?” Xu Ming smiled, “Tell me about it!”

“That’s...” Fang Ping smiled awkwardly and said, “Senior, if you condescend to join my power, wouldn’t you be equivalent to my side? According to the rules of the assessment, Lei Mie Pavilion Naturally, it won’t take revenge on the seniors!”

“Your abacus is really good!” Xu Ming scolded with a smile, “I saved your life, you still want me to work for you?”

“Don’t dare! Don’t dare!” Fang Ping continued – the senior in front of him, but he would kill people if he didn’t get along! Moreover, the three black-clothed powerhouses just now reported that they belonged to Lei Miede, but this senior still did not hesitate to kill; it can be seen that this senior should not be very afraid of Lei Miede!

How could Fang Ping be disrespectful to such a strong man?

“It’s just this way, it can save the seniors some trouble!” Fang Ping said very respectfully.

“Really?” Xu Ming smiled incomprehensibly and said, “It’s okay! I’ve been in retreat for too long, this time out, I just have nothing to do, so I’ll play with you and give you a koi!”

“Koi?” Fang Ping didn’t understand the meaning of the word.

Xu Ming smiled without saying a word.

The meaning is: let you, the waste that almost eliminated the dead, become the elder candidate of Lei Mie Pavilion.

At the same time, Xu Ming secretly said in his heart: “The elder candidate of Lei Mie Pavilion should have a lot of power, so you can help me a little bit!”

Chapter 2105: Wolongtian Supreme

Xu Ming and Fang Ping came together with their own thoughts.

And Xu Ming also revealed a new identity he made up: Wolongtian Supreme.

Naturally, Fang Ping had never heard of the name “Wolongtian Supreme”, but he didn’t care either. After all, in the real universe, there are too many hidden powers; even the Great Venerable, he would not dare to say that he knows all the Supreme Beings in the real universe.

“Senior Wolong, I’m offended to ask...” Fang Ping said cautiously, “Dare to ask what your cultivation is...?”

Xu Ming’s cultivation base now revealed to the outside world is “High Heaven Supreme”, and Xu Ming himself does possess the strength of High Heaven Supreme. He did not deliberately hide this cultivation base, nor did he deliberately expose it; therefore, if the cultivation base is not the highest heavenly supreme, it is impossible to see Xu Ming’s “accurate cultivation base”. level.

“My cultivation base...” Xu Ming smiled without saying a word.

Fang Ping guessed in his heart: “This senior Wolong, I am afraid that he has reached the level of the median heaven; otherwise, after hearing the three words ‘Lei Miede’, he would not be so decisive to those three A high-ranking and supreme killer!”

Fang Ping didn’t dare to guess at the “High Heaven Supreme”. After all, he didn’t think that if he met anyone casually, he would be the top powerhouse in the true universe. The median Heavenly Supreme was already the highest cultivation level he dared to imagine!

“Even if Senior Wolong is not the middle-ranked Heavenly Sovereign, it should be the lower-ranked Heavenly Sovereign, which is very close to the middle-ranked Heavenly Sovereign!” Fang Ping secretly said, “In any case, this time, I am a blessing in disguise! Not only did they lose three The helper of the high-ranking and supreme, and I also received the help of a supreme being of heaven!”

In Fang Ping’s opinion, his luck is really good!

At this time, Xu Ming said, “Tell me about your assessment!”

Although Xu Ming had full confidence that he could help Fang Ping win this test; after all, Xu Ming did not even care about the entire Lei Miede Pavilion, not to mention that it was just a test for the direct disciples of Lei Miede Pavilion. However, Xu Ming still had to pretend to ask.

“Yes, senior!” Fang Ping continued, “We have ten direct disciples from Lei Mie Pavilion to participate in this assessment! At present, I am among the ten people, and I should be regarded as a top-middle grade!”

“Middle or top grades?” Xu Ming couldn’t help but cast a suspicious look.

Before, Fang Ping had said that the assessment of Lei Mie Pavilion was to allow the disciples to develop their power; by the end of the assessment, whoever developed the strongest power would win. And when Fang Ping is talking about “high-middle grades”, he naturally means that his power can be ranked in the top-middle among the ten direct disciples.

As for Fang Ping, he was hunted down and killed by the three Supreme Beings just now in a very abject situation – even in this situation, dare you say that he is “top-middle”? Are you **** kidding me?

This made Xu Ming have to wonder how bad the grades of other direct disciples must be! Of course, there is more doubt, is Fang Ping bragging!

“Cough! Senior Wolong!” Fang Ping naturally understood the meaning in Xu Ming’s eyes, and said embarrassedly, “This time, it was because I was ambushed and attacked, otherwise, it would not have been possible for me to be chased and killed by the three Supreme Beings like this. The power I have developed is still good, there are four Heavenly Supreme Powerhouses in charge, and one of them is still the median Heavenly Supreme!”

“Oh?” Xu Ming glanced at Fang Ping in surprise, “They were all recruited during your assessment?”

“Of course!” Fang Ping said, “Furthermore, all the powerhouses recruited must have no contact with them before the assessment; otherwise, they will be sentenced to fail the assessment!”

“Yeah!” Xu Ming nodded silently. It is very simple to find out whether there has been contact before the assessment, as long as you pass the causal line, you can find out; after all, not everyone has a world-breaking magic weapon like Feng Zhou Ding like Xu Ming!

“But...” At this time, Fang Ping said again, “The middle-ranking Heavenly Supreme I recruited before has a very arrogant personality, and I hope that Senior Wolong will be able to take care of it at that time!”

“Arrogant?” Xu Ming didn’t care – it didn’t matter to Xu Ming whether the other party was arrogant or not. As long as he didn’t come to provoke him, Xu Ming would not be idle to provoke the other party; however, if the other party did too much, then Xu Ming didn’t need to say anything.

Brother Ming can’t do anything else, but he is good at slapping the face.

...

call out-

call out-

Xu Ming and Fang Ping flew through endless distances and finally arrived at a huge divine city.

This Divine City was much larger than the Shenyu City that Xu Ming had been to before; after all, the Lord of Shenyu City was only the next Heavenly Supreme.

At the beginning, when Xu Ming went to Shenyu City, he still had a bit of awe; but now, Xu Ming has no awe in the face of the even bigger city of God – after all, Xu Ming’s current strength is stronger than before. When it comes to the real universe, it will be too powerful! Xu Ming now, dare not say that he is arrogant to the entire real universe; however, under the Great Venerable, there is really nothing that can make Xu Ming jealous!

What’s more, is it just a mere divine city?

“This is Yuwucheng!” Fang Ping introduced from the side, “The median Heavenly Sovereign I recruited earlier is the city lord of Yuwucheng—Yuwutian Sovereign! The other three Afternoon Heavenly Sovereigns, They are all his subordinates!”

“Haha!” Xu Ming suddenly understood why Fang Ping only had Earth Supreme cultivation level, but four Heavenly Supremes were willing to help him; it turned out that, after a long time, Fang

Ping only hooked up with a desire Wutian Supreme, while the other three The Heavenly Sovereign is “included”.

At the same time Xu Ming also understands why Fang Ping reminded him just now that the Supreme Desire would be arrogant; after all, Fang Ping put it bluntly, he was supported by the Supreme Desire. Can the Supreme Being not be arrogant?

Fang Ping couldn't help lowering his head in shame—he didn't say before that the three lower-ranking Heavenly Supremes were not recruited by himself.

“However, if you can convince Yuwutian Supreme to help you, it's a bit of a skill!” Xu Ming said with a smile.

Xu Ming guessed that the Supreme Being of Desire without Heaven should have no backing; that's why he was willing to help Fang Ping. After all, if Fang Ping won the assessment, then Yu Wutian Supreme would have established a good relationship with the elder Lei Miede, and it was a friendship between friends through adversity; moreover, Fang Ping would definitely give him a lot of rewards.

“I am Xu Yizhongli, so he is willing to help me!” Fang Ping said with a wry smile, “Senior Wolong, I don't have many treasures right now, so you definitely don't like it; however, if I can win the assessment, I will become a member of Lei Miede Pavilion. Elder candidate, I will never neglect you!”

Fang Ping is also making a promise to Xu Ming. After all, in his opinion, if there is no benefit, this “Wolongtian Supreme” may not be really willing to help him.

Xu Ming just smiled casually.

He didn't say that even if Fang Ping became the elder of Lei Miede Pavilion, he would not see the treasure of Fang Ping; but... the treasure house of Lei Miede Pavilion, maybe Xu Ming would be interested.

Chapter 2106: Dismount

Desire without city.

City Lord's Mansion.

Xu Ming, Fang Ping, Yuwutian Supreme, etc., were seated separately.

“Wolongtian Supreme? I’m lucky to meet!” Yuwutian looked at Xu Ming for a while, and found that some people couldn’t see through the other party’s cultivation. There are two possibilities. One possibility is that his cultivation is not as good as Xu Ming, so he cannot see through it; another possibility is that his cultivation is similar to Xu Ming, but Xu Ming is breaking through the edge, so the cultivation is more difficult to figure out.

“Cultivation is higher than me?” Supreme Yu Wutian shook his head secretly and smiled, “Could it be that Fang Ping can still win the helper of ‘High Heaven Supreme’?”

Yu Wutian Supreme is the middle Heaven Supreme; in his opinion, the upper Heaven Supreme, it is impossible to help Fang Ping. After all, the upper-level Heavenly Sovereign level is already qualified to talk to Lei Miede on an equal footing, so how could it be possible to accompany Fang Ping to play the house?

It’s just... How could Yu Wutian Supreme have thought that Xu Ming’s strength is really at the level of the upper heaven! Moreover, this Wolong Heavenly Sovereign, who Xu Ming is disguising as now, is showing a cultivation base that is also a superior Heavenly Sovereign!

“Since it’s not the Supreme Heavenly Supreme, then either the Middle Heavenly Supreme or the Lower Heavenly Supreme!” Yuwutian Supreme thought as a matter of course.

“Nice to meet you!” At this time, Xu Ming also said with a smile.

Of course Xu Ming knew that Yuwutian Supreme was guessing his own strength, but so what? Just let him guess there! He was just a median Heavenly Supreme, and he was not qualified to be regarded by Xu Ming.

“Wolong Tianzun’s cultivation base is the median Tianzun?” Yu Wutian couldn’t see through it, so he simply asked directly.

“No!” Xu Ming said directly.

The cultivation base he showed was the Supreme Heavenly Supreme, of course not the Middle Heavenly Supreme.

“No?” However, to the Supreme Being of Yuwutian, this answer has another meaning – it is not the Supreme Being of the Middle Heaven, that is the Supreme Being of the Lower Heaven?

Thinking of this, Yu Wutian Supreme’s attitude towards Xu Ming was a little colder again.

Seeing that the atmosphere was a little cold, Fang Ping couldn’t help but secretly anxious, but there was nothing he could do. After all, if he wants to win the assessment, the main thing he relies on is the Supreme Desire!

At this time, Supreme Yuwutian asked again: “Supreme Wolongtian should know that Fang Ping is a direct disciple of Lei Miede, and he is currently being assessed as an ‘elder candidate’! You are here now, meaning you want to be together. Will you participate in this assessment?”

Xu Ming nodded: “That’s right!”

“If that’s the case, then I’m going to be the one who said the ugly!” Yu Wutian said with a smile, “You and I are willing to help Fang Ping, to put it bluntly, the hustle and bustle are all for profit! The picture is not that after winning the assessment, you can Are there any benefits?”

Xu Ming continued to nod.

“But...” Yu Wutian Supreme said again, “Who should get more points, and who should get less points, this depends on the strength! – The stronger ones get more points, and the weaker ones get less points, don’t you think?”

As soon as Yu Wutian Supreme’s voice fell, a lower Tian Supreme stood up beside him.

“Brother Wolong!” The lower-ranking Heavenly Sovereign laughed, “I, Leng Youtian Sovereign. Brother Wolong came to me for the first time, I have no desire, it is better for you and me to learn from each other; in this way, we can also have an understanding of your strength! ”

challenge me?

Xu Ming looked at Leng Youtian Supreme, as if he was looking at a fool – the mere low-ranking Heaven Supreme, dare to challenge him? How ignorant this is!

However... the other party was ignorant, but Xu Ming was too lazy to play with him.

“It’s still unnecessary!” Xu Ming shook his head directly.

Immediately, Yu Wutian Supreme, Leng Youtian Supreme and others looked at Xu Ming with more and more disdain; they all thought that Xu Ming was too weak, so they did not dare to fight. However, how could they have thought that Xu Ming was not too weak, but too strong!

Yu Wutian Supreme said directly: “Wolongtian Supreme, according to the rules, the stronger the more points, the weaker the less points; if you don’t show your strength, you can’t distribute it! But...”

“However, it’s your credit for saving Fang Ping’s life! For the sake of this, after the big event is completed, your allocation will be the same as Leng You and the other three, right?” , Yu Wutian Supreme showed a smile that was not a smile.

Leng You and the other three lower-ranking Heavenly Sovereigns also laughed with deep meaning; the meaning of threat in it, can’t be understood any more.

Xu Ming chuckled in his heart: “This is going to give me a slap in the face!”

However, Xu Ming had no interest in the treasures Fang Ping had given him; he just wanted to have an identity and be able to walk in the Thunder Destruction Domain. Therefore, even though he knew that the Supreme Being of Desire Wutian was giving himself up, he didn’t bother to pay attention to it.

“Okay, just do as you said!” Xu Ming said lightly.

And Xu Ming’s attitude, in the eyes of Yu Wutian Supreme and others, is obviously afraid; therefore, for Xu Ming, they look down on Xu Ming even more.

“Okay!” Yu Wutian Supreme has finalized this matter, and there is a touch of pride in his expression.

Then, Yu Wutian looked at Fang Ping again, and said: “I have contacted several of my friends, and they are all willing to come over. There are two middle Heavenly Supremes and seven lower Heavenly Supremes! Your current power, although Not the strongest; but, when they come, your power will definitely be the strongest among your ten direct disciples!”

“So many powerhouses?” Fang Ping couldn’t hide the excitement in his eyes. There are so many strong people to helpHe won the assessment and became the elder candidate of Lei Mie Pavilion. It can be said that it is a sure thing! When he becomes the elder of Lei Mie Pavilion, his power and treasure will be far from what he can compare with now.

...

three months later.

The few friends that Yu Wutian Supreme said, all rushed to Yu Wucheng.

With the addition of these people, Fang Ping’s forces, excluding Xu Ming, already had three middle-ranked Heavenly Supremes and ten lower-ranked Heavenly Supremes! – Such a force is already the undisputed number one among the ten direct disciples who have been assessed.

During this period, several lower Heavenly Supremes challenged Xu Ming; however, Xu Ming did not respond.

As a result, more than a dozen Heavenly Sovereigns in Fang Ping’s forces became more and more contemptuous of Xu Ming, a loner, and treated Xu Ming as the weakest lower-ranked Heavenly Sovereign. In their opinion, if it wasn’t for Xu Ming’s luck, he just saved Fang Ping’s life, they would not be eligible to participate in this assessment.

Xu Ming didn’t care either – in the eyes of the current Xu Ming, these ordinary Heavenly Supreme Beings and Lower Heavenly Supreme Beings are no longer on the same level as him! Xu Ming will not be bored enough to care about the opinions of these people.

Finally, the end date of the assessment is approaching.

Xu Ming, Fang Ping, and all the Heavenly Sovereigns set off for Lei Mie Pavilion.

Chapter 2107: Dare To Pit Me?

rumbling...

Endless thunderstorms hovered over the vast land.

The scope of Thunderstorm is hundreds of millions of times wider than the “Endless Chaos” from which Xu Ming was born. Rao is not able to cover the entire thunderstorm with the divine sense of Xu Ming’s superior heavenly supreme.

“This is where our Thunder Destruction Pavilion is located!” Fang Ping said with a hint of pride, “This thunder storm is a natural formation, it existed as early as the beginning of the universe, and it is the real Immemorial Divine Thunder! And our Thunder Destruction Pavilion is at the center of this thunderstorm!”

“It is indeed a dangerous place!” Xu Ming nodded silently.

Lei Mie Pavilion is in control of this thunderstorm, even the high-ranking Heavenly Supreme Powerhouse cannot forcefully enter;

“As expected of a top-level force with deep roots!” Xu Ming secretly said.

Among the many top forces in the true universe, Lei Mie Pavilion is definitely one of the most profound. Although there is no “Great Senior” level of existence in Lei Mie Pavilion; however, those superpowers with Da Zun may not have the same background as Lei Mie Pavilion.

After all, Lei Mie Pavilion once dominated the entire Lei Mie Domain!

call out-

Right at this moment, Xu Ming saw that a group of people rushed out from the thunderstorm.

There are hundreds of people in this team, and their cultivation is not high. Only one person is the lower heavenly supreme, and the rest are only the earthly supreme. They didn't pay much attention to Xu Ming and Fang Ping and left directly.

"Are they...?" At this time, the Supreme Venerable Yu Wutian asked thoughtfully.

"That's right!" Fang Ping said, "This team of soldiers is going to attack the Kunpeng clan!"

Attack the Kunpeng clan?

Xu Ming couldn't help being stunned for a moment, but he also had doubts: Just relying on Lei Miede, would he dare to attack the Kunpeng clan?

You must know that the Kunpeng family has a "great master", and there is more than one!

And what about Lei Miede Pavilion? There isn't even a single Great Venerable! Dare to attack the Kunpeng clan? Aren't you afraid of being slapped to death by the great master of the Kunpeng clan?

At this time, Fang Ping said again: "Our army of Lei Miede also killed a 'upper Heaven Supreme' of the Kunpeng family not long ago!"

"Oh?" Xu Ming couldn't help being a little surprised.

You must know that even if the lower-ranked Heavenly Supreme and the middle-ranked Heavenly Sovereign fall, they can be resurrected; however, the upper-ranked Heavenly Sovereign cannot be resurrected! For the Kunpeng family to lose a high-ranking Heavenly Sovereign, I am afraid they will feel distressed for a while.

Fang Ping continued: "Hey, speaking of it, it's thanks to our well-informed Lei Miede Pavilion that we know that the Kunpeng clan's high-ranking Heavenly Sovereign is going to the Eternal Realm to deal with a man called..." Xu Ming "Coming genius! So, we set up an ambush on his way home..."

Xu Ming was stunned and asked deliberately, “Go to the Eternal Domain to deal with a genius?”

“Wolongtian Supreme, you don’t know about this!” Fang Ping looked at Xu Ming and smiled, “It is said that the genius named Xu Ming used the Boundary Spear in the Eternal Realm, and was killed by Kunyu of the Kunpeng clan. The Great Senior felt it, and passed the news to many Great Seniors in the real universe, and asked them to send people to the Eternal Domain together to compete for the Boundary-Breaking Gun...”

“Huh?” Xu Ming suddenly thought of something, and couldn’t help frowning.

Originally, Xu Ming was wondering about a question—at that time, he just killed a Heavenly Supreme in the Eternal Palace, and it was known by the Eternal Palace, which was normal; but why, at the same moment, those great leaders who had hatred with Xu Ming Venerables, do you all know that Xu Ming appeared in the real universe?

Before, Xu Ming felt that it was impossible for the Eternal Palace to pass the news to the great masters of other forces – after all, in the eyes of the Eternal Palace, seeking revenge on Xu Ming was definitely an easy thing, and he could also get the boundary-breaking gun on Xu Ming’s body. ; In this case, there is definitely no need to spread the news and let the great masters of other forces participate!

So, who passed the news of Xu Ming to the great respects and exposed Xu Ming to the eyes of the enemies?

Now, Xu Ming finally knew – it turned out to be Kunyu Dazun!

Knowing that it was the Great Senior Kunyu, Xu Ming thought about it carefully at this time, and soon he would understand why the Great Senior Kunyu did this!

“Master Kunyu definitely wants to get the treasures such as the Boundary-Breaking Spear on me!” Xu Ming chuckled, “But... the Eternal Domain is the site of the Eternal Palace! The Boundary-breaking Spear appears in the Eternal Domain, and is naturally regarded as a capsule by the Eternal Palace. What is in the middle, how can Dazun Kunyu be able to stab him?”

“And the Great Senior Kunyu must also be very clear that relying on the power of his Kunpeng clan alone is not qualified to rush to the Eternal Realm to **** the treasure! So... After the Great Senior Kunyu discovered the world-breaking gun in my hand, he Pass my news to those enemies of mine!

In this way, all the great venerables will join hands to send the upper heavenly supreme lord into the eternal realm and **** food in front of the eternal hall!”

Suddenly, Xu Ming understood everything.

“After I came to the real universe, I have been trying to hide it, for fear of being discovered by the enemies! It turned out that it was exposed by the Great Venerable Kunyu!” Xu Ming felt anger in his heart, “If it wasn’t for the fact that I had the hidden seal of Feng Zhou Ding A world-shattering weapon in disguise, I am afraid that at this time, I have already exposed the ‘infinite resurrection’ and hung up!”

After he figured it out, Xu Ming had a bit of hatred for Kunyu Dazun and even the Kunpeng family.

“Master Kunyu wants to get the treasure such as the Boundary-Breaking Spear?” Xu Ming knew that this was normal After all, the Boundary-Breaking Spear and other treasures were left by the Supreme Master Kunpeng, the great men of the Kunpeng family. No wonder you don’t want to get it!

“But... Since the Great Senior Kunpeng is no longer there, why didn’t he leave the treasures such as the Boundary-Breaking Spear to the Kunpeng family, but put it in the virtual universe until I got it? Besides, after I got the Boundary-breaking Spear, the Great Senior Kunpeng didn’t either. Say, if I have the strength in the future, take care of the Kunpeng clan! This shows...” Xu Ming sneered in his heart, “This shows that the Kunpeng Dazun is the Kunpeng Dazun, the Kunpeng clan is the Kunpeng clan, and there are not many between the two. relation!”

Originally, because of the Kunpeng Dazun, Xu Ming still had a good impression of the Kunpeng clan; but now, knowing that “Kunyu Dazun” was cheating on him, and after understanding the cause and effect, Xu Ming’s favorable impression of the Kunpeng clan, It disappeared all of a sudden!

“Dare to cheat on me?” Xu Ming’s eyes had a cold look, “Am I so good at cheating? – Even if it is the Great Senior, so what? I will write down this hatred first!”

Now, Xu Ming does not have the strength to face Kunyu the Great. However, Xu Ming has already remembered this revenge; when he has the strength or the opportunity in the future, he will definitely avenge this revenge unceremoniously!

And now...

Xu Ming looked at the center of Thunder Storm: “This Thunder Destruction Pavilion, I don’t know why, is attacking the Kunpeng family; then I’ll see if there is a chance to calculate some interest with Kunyu Dazun first!”

Chapter 2108: No Need To Compare

Under the leadership of Fang Ping, Xu Ming and others walked towards the center of the thunderstorm together.

The endless thunder naturally separates a passage to accommodate everyone.

Walking on this passage, Xu Ming could fully feel the terrifying power coming from the densely packed thunder and lightning around him, and he couldn’t help being secretly startled: “As expected of the ancient divine thunder that existed since the beginning of the universe! Such power, even with My strength, if I carry it hard, I am afraid it will be wiped out in an instant! No wonder Lei Mie Pavilion dares to say that even if it is the existence of the Great Senior level, it will not dare to trespass!”

Lei Mie Pavilion guards this old nest, and as long as it does not kill itself, as long as there is no civil strife, it will hardly be destroyed. It is no wonder that, from the first universe era to the present, after such a long time, Lei Mie Pavilion is still standing, and it still maintains a strong power.

Thinking about it, Xu Ming had already walked through the Thunder Passage and entered the interior of Lei Mie Pavilion.

As soon as he entered the Lei Mie Pavilion, Xu Ming felt a heavy sense of time coming to his face – Lei Mie Pavilion has gone through five cosmic eras, experienced rise and fall, and its sense of time is almost condensed into substance.

“Is this the Lei Mie Pavilion?” Xu Ming was secretly shocked.

Suddenly, Xu Ming felt that he should have underestimated Lei Mie Pavilion!

Yes, underestimate Lei Mie Pavilion!

Previously, in Xu Ming's view, Lei Mie Pavilion was just a top-level force without a great master. But now, Xu Ming thought about it carefully – is Lei Mie Pavilion really that simple?

If Lei Mie Pavilion is really so simple, how can it still stand in the real universe?

“Lei Mie Pavilion, there should be no Great Venerable! After all, if there is a Great Venerable in Lei Mie Pavilion, it is impossible for the Three Realms Great Venerable to not know about it!” Xu Ming secretly said, “But...even though there is no Great Venerable, Lei Mie does not have a Great Venerable. The power of the pavilion at the level of ‘high-level heavenly supreme’ is definitely not weak, or even strong! Maybe, there are many high-level heavenly supreme beings hidden in the thunderbolt pavilion; only in this way can the thunderbolt pavilion occupy a large place in the thunderbolt domain. territory and power!”

Thinking of this, Xu Ming suddenly looked down on Lei Miede a lot less.

“And... Lei Miede dared to attack the Kunpeng clan, which also shows that Lei Miede's power is not weak!” Xu Ming thought again.

Although the Kunpeng clan is now in decline, the thin dead camel is bigger than the horse! What's more, in the Kunpeng clan, there are strong people with great respect! – If Lei Mie Pavilion does not have enough strength, how dare to attack the Kunpeng clan?

However, Xu Ming was not afraid of Lei Mie Pavilion.

What Xu Ming is afraid of is the Great Venerable and the strong; as long as there is no Great Venerable in the Lei Mie Pavilion, Xu Ming is not worried even if there are more “High Heaven Supreme”. Anyway, Xu Ming has “infinite resurrection” hanging on, and disguised his identity, it can be said that he is not worried at all.

Walking into the door of Lei Mie Pavilion, Xu Ming saw that there were five piles of people, each gathered together.

Xu Ming didn't care, but the gazes of Fang Ping, Yu Wutian Supreme and others were swept across the five groups of people – these five groups of people were the forces assembled by the other five direct disciples.

Looking around, Fang Ping's face suddenly became very ugly. Because, they saw that although there were only ten people beside one of the direct disciples, but all of these ten people were actually the median heavenly supreme!

Ten Median Heavenly Supremes!

And what about Fang Ping's side? -Xu Ming was regarded by them as the next Heavenly Supreme Being, so Fang Ping and others thought that the power on his side was three middle Heavenly Supreme Beings and eleven lower Heavenly Supreme Beings. Such a force is obviously far inferior to the other's ten median Heavenly Supremes.

"How could..." Fang Ping couldn't believe it, "Isn't my power the strongest among the ten direct disciples? How come ten median Heavenly Supremes suddenly appeared?"

There are ten direct disciples with the help of the median Heavenly Supreme being "Ke Feng"!

Fang Ping looked at Ke Feng and still couldn't believe it: "This Ke Feng, didn't he have only three lower Heaven Supremes before? However, there are quite a lot of Earth Supremes! – Even, he knew that his power was not as good as mine, and he even dispatched The Supreme Earth came to assassinate me; if it hadn't happened to be rescued by the Supreme Wolong Heaven, I'd probably have died under his assassination..."

Before, Fang Ping always thought that Ke Feng's power was not strong, so he didn't take Ke Feng seriously. As for the assassination... Fang Ping didn't hold any revenge. Because the direct disciple of Lei Mie Pavilion, even if he falls, will be resurrected by Lei Mie Pavilion; therefore, the assassination will not really kill Fang Ping, but just eliminate him from the assessment.

At this moment, Fang Ping could only say: "It's hidden so deeply!"

Hidden too deep!

If a power as large as Ke Feng was hidden deep enough, it would be discovered during the assessment process; then, it would definitely attract the siege of other direct disciples. After all, it is impossible for other direct disciples to watch Ke Feng win the test.

Obviously, Ke Feng used assassination to hide people's eyes and ears – to make others think that his power is not strong, and he can only rely on assassination to find a chance to win.

“I lost!” Seeing the disparity in power, Fang Ping could only sigh.

As for Yu Wutian Supreme, he looked at the ten median Heavenly Supremes beside Ke Feng:
“Yinshan Ten Demons... I didn’t expect them to be involved!”

The Ten Demons of Yinshan Mountain are also quite prestigious forces in the Thunder Destruction Domain. The ten median Heavenly Supremes joined forces, and they could even compete with the upper Heavenly Supremes a little!

Recognizing that they are the Ten Demons of the Yin Mountain, the Supreme Desire of Yu Wutian has no desire to fight for glory at all – just relying on him, the gap with the Ten Demons of the Yin Mountain is too great, and it is not on the same level at all!

“It’s a waste of time!” Yu Wutian Supreme thought depressedly.

At the same time, Supreme Yuwutian couldn’t help looking at Xu Ming, and snorted coldly, “If it wasn’t for you to meddle in your own business, how could we have been busy for so long!”

“Huh?” Fang Ping couldn’t help but change his face slightly – of course he understood the meaning of Yu Wutian Supreme’s words.

Xu Ming also understood the meaning of the other party’s words.

The meaning of Yu Wutian Supreme is: If Xu Ming hadn’t rescued Fang Ping at the beginning, Fang Ping would have been eliminated from the assessment long ago, and they naturally wouldn’t have been busy for so long!

“Are you busy working in vain?” Xu Ming doesn’t think so – the cultivation level he is showing now is actually the Supreme Heavenly Supreme, but other people have never discovered it, thinking that he is the lower Heavenly Supreme.

At this time, Xu Ming saw that Ke Feng was walking in their direction alone.

Ke Feng first came to Fang Ping with a sneer at the corner of his mouth: “Three middle-ranked Heavenly Supremes and eleven lower-ranked Heavenly Supremes? Oh, very good forces!”

Fang Ping was speechless and could only endure it aggrievedly.

Immediately afterward, Ke Feng passed Fang Ping directly, walked over to Xu Ming, and sneered, “You are Wolongtian Supreme?”

Without waiting for Xu Ming to answer, he snorted again: “Humph! I don’t know where something came out of, but a mere low-ranking Heavenly Supreme dared to interfere in my affairs, and even killed the three of us strong!”

The three Supreme Beings killed by Xu Ming before were the subordinates of the Ten Demons of Yin Mountain. However, these ordinary Earth Supremes could not be resurrected without the treatment of Lei Mie Pavilion’s direct disciples; if they died, they really died!

“After the assessment, think about how to pay for our three strong men!” After saying that, Ke Feng walked away.

Immediately, Sovereign Yuwutian, Sovereign Leng Youtian, etc., all cast pity on Xu Ming – this is meddling and causing trouble!

Seeing that Xu Ming was still very calm, the Supreme Being Yu Wutian even sneered: “When death is imminent, you can still be a bit daring!”

Xu Ming just shook his head and chuckled.

Not long after, several other direct disciples who had not yet arrived also brought their forces back to Lei Mie Pavilion one after another. All direct disciples only brought powerhouses at the level of Heavenly Supreme, not Earth Supreme. After all, the Earth Supreme can hardly affect the outcome of the assessment; even a hundred high-rank Earth Supremes are not as good as a lower-rank Heavenly Supreme!

And like Ke Feng, he didn’t even bring the lower-ranked Heavenly Supremes, only the ten middle-ranked Heavenly Supremes, the Yinshan Ten Demons! Because he is sure that with the Yinshan Ten Demons, his power has been able to crush the audience!

The direct disciples who arrived later also saw the power of Ke Feng; apart from being shocked that Ke Feng was hiding so well, the rest were helpless—obviously, the nine direct disciples other than Ke Feng had already given up. This test is over!

hum—

At this moment, an almighty divine sense enveloped the ten direct disciples and their influence—this divine sense was obviously the supreme heavenly supreme in the Lei Mie Pavilion.

“Are they all here?”

The aloof spirit did not show up, just said lightly.

“Oh?” Immediately after, this spiritual sense exclaimed again, “Originally, according to the rules, the forces brought by the ten direct disciples will have to compete to determine the winner! But now, it seems that There is no need to compare...”

Hearing this sentence, Ke Feng couldn’t help but look bright, as if he was enjoying the victory.

As for the other nine direct disciples, they could only shake their heads and smile bitterly, tacitly acquiescing to this decision – Ke Feng has even attracted the Ten Demons of Yin Mountain, what a shit!

“Then I’ll announce the results directly!” said the aloof spiritual sense, “I announce that the winner of this personal disciple assessment is...Fang Ping!”

Chapter 2109: Admit Defeat?

“what!?”

“Fang Ping?”

“how is this possible!?”

As soon as the results of the assessment came out, the ten direct disciples and the Heavenly Sovereigns within their forces were stunned and couldn't believe it.

Even Fang Ping himself was confused: "Me?"

From Fang Ping's point of view, his own power, with only three middle-ranked Heavenly Supremes and eleven lower-ranked Heavenly Supremes, is obviously far inferior to the Yinshan Ten Demons recruited by Ke Feng! But why would he be the winner?

Only Xu Ming was indifferent, and said in his heart: "It seems that the power of Lei Miede has seen through my cultivation!"

The cultivation base that Xu Ming disguised with Feng Zhou Ding was "the Supreme Heavenly Supreme"; moreover, Xu Ming's own strength and momentum were enough to support such a disguise! Even other high-ranking Heavenly Sovereigns, or even the Great Venerable, when they see Xu Ming, they will only think that his cultivation is really the High-ranking Heavenly Sovereign.

The Median Heavenly Supreme and the Upper Heavenly Supreme are like a moat every other day!

Even the well-known Ten Demons of Yin Mountain, when they join forces, can only "compete" with the Supreme Heavenly Supreme a little, not really match the Supreme Heavenly Supreme!

Therefore, when the real power in Lei Miede Pavilion sees Xu Ming, there will be no suspense about the outcome of this assessment. Even, they directly skipped the competition and directly announced that the winner was Fang Ping.

As for Fang Ping, he couldn't react for a long time – he really didn't understand why he won. After all, no matter how he looked at it, he felt that his power was far inferior to Ke Feng!

The other direct disciples also looked at Fang Ping curiously and suspiciously, wanting to see what was special about him, but let Lei Miede's great master skip the competition and declare him the winner. However, these direct disciples and the Heavenly Sovereigns they recruited, no matter how much they looked at it, they couldn't figure out anything. After all, they were preconceived and thought Xu Ming was the next Heavenly Sovereign.

“I don’t agree!”

At this moment, Ke Feng suddenly shouted.

“I’m not convinced! Why skip the competition? With Fang Ping’s power, it’s obviously not as good as me! – Could it be that, Elder Lei Gu, are you deliberately favoring Fang Ping?”

The previous divine sense that was above and above was none other than the Thunder Bone Elder of Lei Mie Pavilion, and a “superior Heaven Supreme” powerhouse!

You must know that the elders of Lei Mie Pavilion are not necessarily the existence of the upper-level heavenly supreme level, and some are the middle-level heavenly supreme. Therefore, even among the elders, the elder Leigu has a relatively high status.

Ke Feng was really unconvinced, so he dared to question Elder Lei Gu.

Immediately afterwards, Ke Feng looked at Fang Ping again and said, “I’m going to start a power competition with you!”

If none of the ten direct disciples who participated in the assessment had any objections, the “competition of power” could indeed be skipped; however, when someone disagreed, the “competition of power” had to be used to decide the winner!

“Initiate a power competition with me?” Fang Ping couldn’t help but change his face.

Yu Wutian Supreme, Leng Youtian Supreme, etc., have changed their faces even more – the power competition of Lei Mie Pavilion’s direct disciple assessment is not the kind of point-to-point sparring, but a real life and death battle!

Let them have a life-and-death battle with the Yinshan Ten Demons?

Isn’t this courting death!

Yu Wutian Supreme and others don’t have the guts!

However, in the competition of power, it is not to say that “no war” means no war; unless Fang Ping directly admits defeat. However, if you admit defeat, it also means that you have failed in the assessment of the direct disciple!

“Do you want to admit defeat?” Fang Ping gritted his teeth and engaged in a fierce ideological struggle.

Originally, Fang Ping was already desperate when he saw Ke Feng’s power; however, the results of the assessment announced by Elder Lei Gu gave Fang Ping hope again. It is really unwilling to let Fang Ping admit defeat now without a fight!

“Fang Ping, admit defeat!” Supreme Yu Wutian said eagerly, “I don’t know what your Lei Gu elder of Lei Mie Pavilion made a mistake, and actually declared you the winner; but let’s talk to the Ten Demons of Yin Mountain We don’t dare to fight!”

“That’s right! Hurry up and admit defeat!”

“Fang Ping, why don’t you admit defeat? – If you take on the challenge, we won’t accompany you to go crazy!”

“That’s right! If you die, Lei Miede will resurrect you; if we die, we are really dead – if you challenge, we will quit! At that time, not only will you not be able to become the elder of Lei Miede, but also, In the ‘deacon’ ranking, also become very low!”

“Hurry up and admit defeat!”

The Heavenly Sovereigns on Fang Ping’s side all said through voice transmission.

“I...” Fang Ping struggled inwardly for a while; he forced himself to calm down and thought, “Elder Lei Gu and I are not related, so it is impossible to favor me! Even if you favor, it is impossible to favor me so directly. And... with the eyesight of the Thunder Gu elder, he should not be mistaken! He should have seen something, so he directly announced that I won!”

Fang Ping pondered: “Could it be that there are super experts hidden in my forces?”

However, Fang Ping’s ears were filled with voices persuading him to admit defeat.

Finally, Fang Ping gritted his teeth: “I... challenge!”

Challenge?

As soon as these words came out, Yu Wutian Supreme, Leng Youtian Supreme, etc., their expressions suddenly changed, and they quickly opened a distance from Fang Ping, and said in a row: “Fang Ping, let’s quit!”

“quit!”

“We don’t want to die!”

In an instant, there was only Xu Ming left beside Fang Ping.

Seeing this, Ke Feng couldn’t help but smile: “Fang Ping, do you really not admit defeat? And you ___”

Ke Feng looked at Xu Ming again: “Wolong Tianzun, right? A lower Tianzun who appeared out of nowhere, is also eager to find death?”

court death?

Xu Ming smiled without saying a word.

At this moment inside Lei Mie Pavilion, a stalwart figure stepped into the void, it was Elder Lei Gu.

“Elder Lei Gu is here!” Ke Feng was secretly surprised, but he didn’t panic – after all, he launched a power competition with Fang Ping, which was completely in line with the rules; even Elder Lei Gu would never break the rules for the assessment of direct disciples.

However, Elder Lei Gu didn’t even look at Ke Feng, his eyes completely fell on Xu Ming: “Hahahaha... This is Brother Wolong, right?”

Brother Wolong?

Everyone was stunned when they heard this title—Elder Leigu is the Supreme Heavenly Sovereign, and he actually called him “Brother Wolong”?

What kind of cultivation base should Wolongtian Supreme be?

The Supreme Heavenly Sovereign?

Just when everyone was in shock, Xu Ming also smiled at Elder Lei Gu: “Brother Lei Gu!”

“Hahahaha... Brother Wolong, I didn’t expect that such a small assessment of our Lei Mie Pavilion would actually lead to your great power!”

Elder Lei Gu and Xu Ming were talking on an equal footing.

Others were dumbfounded, but they finally realized that the humble Wolong Heavenly Sovereign was the upper Heavenly Sovereign!

And Fang Ping finally understood what Xu Ming said before: I will give you a koi!

Chapter 2110: Are You Ready To Die?

Before, when Fang Ping first met Xu Ming, Xu Ming said to him, “I’ve been in retreat for too long. This time, I just have nothing to do, so I’ll play with you and give you a koi!”

At that time, Fang Ping did not understand this sentence, and now, he finally knows what the word “koi” means!

“Wolong Tianzun, it turned out to be the upper Tianzun!” Fang Ping was stunned, “I actually got the help of a higher Tianzun without knowing it! I... accidentally turned into a koi!”

Isn’t Fang Ping a standard “koi”?

Happiness came too suddenly, and Fang Ping was at a loss.

As for Yuwutian Supreme, Lengyoutian Supreme, etc., they were both startled and scared – they were in Yuwucheng before, and now they came to Lei Mie Pavilion, they ridiculed Xu Ming a lot!

“What we have been mocking is actually a high-ranking Heavenly Sovereign...” Yu Wutian Sovereign’s eyes were rounded, and his eyes were full of horror.

How can the Supreme Heavenly Sovereign be humiliated at will?

If Yu Wutian Supreme and the others were just frightened, then Ke Feng was really scared to death—in this short period of time, he threatened Xu Ming more than once, saying that he would “kill him”.

Kill a high-ranking Heavenly Sovereign?

Even if Ke Feng is a direct disciple of Lei Mie Pavilion, he will become a deacon of Lei Mie Pavilion in the future, and he feels incomparably terrified.

Even Ke Feng smelled the breath of death—if a high-ranking Heavenly Sovereign really wanted to kill him, then even Lei Miede would not be able to keep him! After all, the strongest power of Lei Mie Pavilion is only the Supreme Heavenly Sovereign; and it is impossible for a power of that level to follow Ke Feng all the time to protect him, right?

“I...” Ke Feng looked at Xu Ming, as if he had seen a ghost, and murmured, “I don’t believe it, I don’t believe it...”

“Don’t believe it?” Elder Lei Gu’s face sank, “Could it be that this elder still sees it wrong?”

When Ke Feng said “don’t believe it”, he was actually questioning Elder Lei Gu; in this case, how could Elder Lei Gu give him a good look?

“Humph!” Xu Ming’s expression sank even more, his aura instantly oppressed Ke Feng – after keeping a low profile for so long, it’s time to show his strength a little.

You must know that Xu Ming's strength is at the level of the Supreme Heaven, and how tyrannical is his aura of oppression!

Snapped!

The weak Ke Feng, who only had the supreme cultivation base, was directly pressed to the ground by Xu Ming's aura.

“hiss-”

“What a terrifying aura!”

“It's definitely the supreme heaven!”

It was only for this moment that no one in the audience questioned Xu Ming's cultivation level – such a tyrannical aura was definitely a genuine high-ranking heavenly supreme!

“Brother Wolong!” Elder Lei Gu said with a smile, “I made you laugh! Let's talk in another place!”

Elder Lei Gu didn't mention the matter of the direct disciple assessment again – Xu Ming's strength has already been placed here, who would have any opinion on the outcome of the direct disciple assessment?

“Alright!” Xu Ming laughed.

Since the cultivation base of the Supreme Heaven has been shown, it is natural to have the posture of the Supreme Heaven.

With that said, Xu Ming ignored the others and walked towards the Lei Mie Pavilion under the leadership of Elder Lei Gu.

But at this moment-

“Wait!” Among the Ten Demons of Yin Mountain, a one-armed black-clothed powerhouse suddenly said, “Elder Leigu, you, the direct disciple of Lei Mie Pavilion, didn’t seem to say that the middle-ranked Heavenly Sovereign cannot challenge the upper Heavenly Sovereign. right?”

“Huh?” Elder Lei Gu’s expression changed slightly, and he said solemnly, “What do you mean?”

The one-armed black-clothed powerhouse sneered: “We, the Ten Demons of Yinshan Mountain, have been dormant in a low-key manner for endless epochs, and we are fortunate to have our strength to break through! This Wolong Heaven Supreme Being, although he is a high-ranking Heavenly Supreme Being, but… our Yinshan Ten Demons also dare to challenge it. !”

“what!?”

When everyone heard the words, their expressions changed.

“The Ten Demons of Yin Mountain, dare to challenge the Supreme Heavenly Sovereign? Do they think that they can bridge the gap between the ‘Middle Heavenly Sovereign’ and the ‘Upper Heavenly Sovereign’?”

“Where did the Ten Demons of Yin Mountain come from?”

“As far as I know, the Ten Demons of Yinshan have always acted cautiously! This time, why are you so bold?”

“It seems… the Yinshan Ten Demons really have some means!”

“Looking at the appearance of the Ten Demons of Yinshan Mountain, they are a bit aggressive. I am afraid they have long planned to challenge the Supreme Heavenly Sovereign, right? Maybe, they really have such strength!”

“If the Ten Demons of Yinshan join forces, they really have the strength of the Supreme Heavenly Sovereign! Then, their fame will definitely rise to a higher level!”

“Will Wolongtian Supreme be challenged?”

“Wolong Tianzun will definitely fight! Otherwise, it seems that he, the upper-level Tianzun, is afraid of the Ten Demons of Yin Mountain!”

...

Ke Feng, who had just stood up from the ground, was terrified at first, but now there was a glimmer of anticipation in his eyes – if the Ten Demons of Yinshan really defeated Wolongtian Supreme, then the winner of the personal disciple assessment would still be him! And he can also become the elder of Lei Mie Pavilion!

In Lei Mie Pavilion, the status of “elder status” and “deacon status” are completely different!

If Ke Feng can become an elder, even if his future cultivation cannot reach the level of the Supreme Heaven, then his status in Lei Mie Pavilion is still very high! Moreover, any almighty who dares to move the elders of Lei Mie Pavilion must be prepared for the crazy revenge of Lei Mie Pavilion!

In other words, as long as Ke Feng can become an elder, then even if he has offended Xu Ming before, and even threatened Xu Ming several times, it will not matter! – Ke Feng can’t believe it! This Wolongtian Supreme, who appeared out of nowhere, dares to kill their elders of Lei Mie Pavilion!

Of course, the premise of all this is that Ke Feng can successfully pass the assessment and become the elder of Lei Mie Pavilion.

Expectation rose in Ke Feng’s eyes, but Fang Ping’s eyes were a little more worried – just now, he thought he had become a koi; but now, the challenge of the Yinshan Ten Demons has undoubtedly caused some changes in the assessment!

Of course Fang Ping knew that the Ten Demons of Yin Mountain dared to challenge the Supreme Heavenly Sovereign, and he must have some confidence! If they really succeed in the challenge, then Fang Ping will no longer be a koi!

“Brother Wolong...” Elder Leigu looked at Xu Ming with some embarrassment, and at the same time he was a little embarrassed – before, Elder Leigu really didn’t expect that the Ten Demons of Yinshan would dare to challenge the Supreme Heavenly Sovereign; therefore, Elder Leigu is in When he saw Xu Ming’s cultivation, he directly announced the results of the assessment. But now, since the Ten Demons of Yinshan have launched a challenge, then, according to the rules of Lei Mie Pavilion, Xu Ming must fight; otherwise, Fang Ping can only be sentenced to be defeated in the assessment.

“Challenge me?” Xu Ming smiled, “Have you never heard of my name and feel that I am a high-ranking celestial being easy to challenge? Challenge me, of course, no problem! But... Since you want to step on me to make a name for yourself, then, Be prepared to fail the challenge and be killed by me!”

Xu Ming sneered and looked at the Ten Demons of Yinshan Mountain: “You...are you ready to die?”
