

A World 2201

Chapter 2201: Heaven-Defying Cang Jiantian Supreme!

Sure enough, as expected by the saints, it took Xu Ming another seven days to pass through the second floor of the first tower. Then, it took another seven days to get past the third floor...

Twenty-one days later, many geniuses have completed the assessment.

After all, the further back you go, the more difficult the assessment will be; if you are not the most talented genius in the universe, you cannot go too far in the magic formation of Qita Town.

Those geniuses who were eliminated were surprised at first – didn't it say that Xu Ming would become a disciple of the inner hall, why did he only reach one or two floors.

But gradually, whether it was the holy messengers or the eliminated geniuses, their minds were no longer on Xu Ming, but on Cang Jiantian Supreme.

"Cang Jiantian Supreme actually broke into the third tower so quickly!?"

"Go against the sky!"

"It seems that in this cosmic era, the first genius of the Cosmic Sea is none other than the Supreme Cang Jiantian!"

"Look! Let's see how far Cang Jiantian Supreme can go in the assessment!"

...

Under the watchful eyes of everyone, Cang Jiantian Sovereign continued to make great progress!

The third tower! First floor, second floor, third floor...

Layer by layer, they were all broken through by Cang Jiantian Supreme!

Under the light of Cang Jiantian Supreme, all other geniuses were eclipsed.

When Xu Ming was still on the sixth floor of the first tower, Cang Jiantian had already reached the fourth tower!

When Xu Ming had just arrived at the second tower, Cang Jiantian Supreme had already arrived at the fifth tower!

“The fifth tower!”

“Cang Jiantian Supreme has reached the fifth tower!”

“As long as you rush to the fifth tower, you will basically be able to secure the quota of disciples in the inner hall!”

“Not bad! Generally speaking, if you rush to the seventh floor of the fourth tower, if you are lucky, you can also become a disciple of the inner hall! If you rush to the fifth tower, you are undoubtedly a disciple of the inner hall!”

“Don’t worry! Look at it! The fifth tower is only the first floor. For Supreme Cang Jiantian, it is far from the limit!”

Sure enough, even at the fifth tower, it still failed to stop Cang Jiantian’s overwhelming momentum! The first floor, the second floor, the third floor...is constantly being broken through by Cang Jiantian Supreme!

“It’s already the fifth floor of the fifth tower!”

“horrible!”

“Since the Era of Endless Universe, the most powerful genius has only reached the seventh floor of the fifth tower! Moreover, he has not yet passed the seventh floor! – Cang Jiantian’s current performance is close to the strongest in history. It’s gone!”

“In many cosmic eras, even the strongest genius in Cosmic Sea is not as good as Cang Jiantian Supreme!”

“In our cosmic era, it is also a blessing to have the Supreme Being of Cang Jiantian!”

“If there is no accident, Cang Jiantian Supreme can definitely become a world breaker in this cosmic era!” Immediately, many saints couldn’t help but look at Cang Jiantian’s name with envy, “Maybe... I can’t pass it. How long before we bow our heads and talk to Supreme Venerable Cang Jiantian!”

To become a world breaker is the expectation of all the great masters in the Holy Emperor universe!

And it is an unattainable expectation!

The fifth floor of the fifth tower still failed to stop the pace of Cang Jiantian Supreme!

“Go against the sky!”

“Could it be... Cang Jiantian Supreme wants to create a new history!?”

It’s a pity that the saints thought too much!

make history? – Cang Jiantian Supreme does not have this talent!

At the moment of entering the sixth floor of the fifth tower, Cang Jiantian Supreme couldn’t even persist for a moment, and was eliminated directly!

Even if they are eliminated, whether it is the saints or other geniuses who participated in the assessment, they are full of awe when they look at the Sovereign Cang Jiantian! – This is a super genius who is close to the strongest in history!

Cang Jiantian Supreme is obviously very satisfied with his results! Being able to pass the fifth floor of the fifth tower was actually far beyond his expectations.

However, Supreme Venerable Cang Jiantian still pretended to be a little regretful: “If it’s not too careless, I should be able to stick to the sixth floor for a little more time!”

Cang Jiantian Supreme said to himself seemingly unintentionally.

The other geniuses who were ignorant and ignorant heard it, and immediately looked at the Supreme Being Cang Jiantian with more and more awe – if it wasn’t careless, could they stay longer on the sixth floor? If you stay a little longer, is it possible to kill some opponents on the sixth floor, or even break through the sixth floor?

If you can get past the sixth floor of the fifth tower, that’s really amazing!

That is directly tied to the historical record!

That is the strongest genius in the history of the universe!

“Humph!” Looking at the more and more shocked eyes around him, Supreme Venerable Cang Jiantian couldn’t help but feel more and more complacent. However, he himself knew that being able to pass the fifth floor was already an extraordinary performance; the sixth floor, that was not something he could match at all, otherwise it would not have been possible to be eliminated in an instant.

“I don’t know... How is that Xu Ming now?” In addition to being proud, Supreme Cang Jiantian couldn’t help but think of Xu Ming.

He couldn’t help but look at the Magic Array of Qita Town to find Xu Ming’s name.

Seeing this, Sovereign Cang Jiantian was stunned: “What the hell? Xu Ming is still in the second tower!?”

He had thought that there should be a gap between Xu Ming’s grades and his; but he really didn’t expect that Xu Ming was so rubbish!

“Are you kidding me!?” Cang Jiantian couldn’t help sneering, “With this little talent and strength, he dares to say that he will become a disciple of the inner hall? He can’t even be a disciple of the outer hall of the Temple of Discord, right? !”

If you want to become a disciple of the outer temple of the Temple of Discord, you generally have to break into the fourth tower!

Obviously, Xu Ming is still far from the fourth tower!

“Huh!” Supreme Cang Jiantian shook his head, taking Xu Ming as a joke.

...

Next, there are talents who continue to be eliminated from the assessment.

After all the geniuses came out, they were shocked by two things:

“What!? The Supreme Cang Jiantian actually broke through the fifth floor of the fifth tower!?”

“What!? Xu Ming is still in the second tower? This is too rubbish!”

...

This is too rubbish!

This is everyone unanimous evaluation of Xu Ming!

Many holy envoys ridiculed the holy envoy He Mo: “This is what you said ‘must be a disciple of the inner hall’? Saint envoy He Mo, your eyes are really not ordinary blind!”

“Ha ha ha ha...”

Mo Shengen and Envoy are almost used to the sound of ridicule – he didn't even think that Xu Ming was so rubbish!

...

Xu Ming didn't know the voices of the outside world at all.

At this time, Xu Ming was completely immersed in the joy of growing his cultivation base.

“The seventh floor!” In front of Xu Ming was the seventh floor of the second tower.

At this time, Xu Ming's divine body has undergone a huge transformation!

Earth-shaking changes have taken place inside every particle universe in Xu Ming's divine body!

This change is a pure and powerful force!

Xu Ming is even confident that if he returns to his home universe now, he will even dare to face the existence of the level of “Long Ye Da Zun” – although he should not be the opponent of Chang Ye Da Zun, but the gap should not be very big!

“How long has it been since I came to the Holy Emperor-level universe? I have gained so much!” Xu Ming couldn't help but think, “This trip is really the right time!”

Xu Ming walked to the seventh floor: “At the seventh floor, it should be enough for me to break through to become the Median Heaven Supreme!”

After breaking through to become the median heavenly supreme, Xu Ming's strength can still undergo qualitative changes!

“Seventh floor! Go!”

In the eyes of other geniuses, the “Magic Array of Seven Pagodas Town” is a place where there are many challenges; but in Xu Ming’s view, there is a far challenge here, it is a holy place for cultivation!

Chapter 2202: Inner Temple Disciple

When Xu Ming entered the seventh floor of the second tower, all the other geniuses finally finished the assessment!

There are eighty-nine geniuses who have broken into the fifth tower!

There are 230,000 geniuses who have broken into the fourth tower!

In each cosmic era, the Temple of Discord will recruit 100 inner disciples and 100,000 outer disciples. That is to say, those geniuses who made it to the fifth tower, no matter how far they traveled in the fifth tower, have already won the places of disciples in the inner hall; and among the more than 200,000 geniuses who made it to the fourth tower, the 100,000 people with the best grades will be selected to become disciples of the outer hall.

In general, the quality of genius in this cosmic era is already very high!

Especially the super genius Cang Jiantian Supreme!

“Xu Ming is the only one left to be assessed!”

“When Xu Ming is eliminated, the assessment will be over!”

“Xu Ming is so slow, when will he be assessed? Could it be that we have so many saints and so many geniuses waiting for him alone!?”

“I am a disciple of the inner temple of the Temple of Discord, and you actually told me to wait for a waste here? Wasting time for a waste!?” It was not the Supreme Being Cang Jiantian who said this, but another one called “Sad song” Heaven’s Supreme” genius.

This Sorrowful Heaven Supreme, the current ranking is exactly one hundred! He didn't think that Xu Ming, a "trash", could become a disciple of the inner hall; therefore, he had already regarded himself as a disciple of the inner hall, and even pretended to be a disciple of the inner hall.

A saint and a genius are all dissatisfied, but they only dare to complain about it; the assessment is not over, and everyone can only wait honestly.

"This Xu Ming, don't weed out quickly! Don't waste our time!"

However, all these expectations that Xu Ming could be eliminated were not realized. Xu Ming was still unhurriedly advancing in the assessment of the Magic Array in Qita Town.

The seventh floor of the second tower took seven days!

The first floor of the third tower took seven days!

The second floor of the third tower took seven days!

...

Very stable!

Each tower is more or less, and it takes just seven days to pass through!

At the beginning, there were people who expected that Xu Ming would be eliminated or timed out when he passed the level; but gradually, everyone became numb and could do nothing! Although Xu Ming is slow, he is too stable! There is no way to be eliminated at all!

Before he knew it, Xu Ming had already passed the third tower and came to the fourth tower.

"The fourth tower!"

"Xu Ming hasn't been eliminated yet!?"

“This kid is too strong! When all of us finished the assessment, he only had the second tower; now, he has supported the fourth tower!”

“Could it be that Xu Ming can become a disciple of the outer hall!?”

Although the disciples of the outer hall of the Temple of Discord are not as good as the disciples of the inner hall, their status is also extraordinary! Even the core disciples of other superpowers in the Sacred Emperor-level universe may not have the same status as the outer temple disciples of the Temple of Discord!

In the sea of cosmos... The Temple of Disorder is the absolute power, the absolute peak!

At the fourth tower, Xu Ming was still as steady as a dog;

Those saints and geniuses who had looked down on Xu Ming suddenly had a bad premonition: “Isn’t it! Could it be that... Xu Ming can pass through the fourth tower so slowly!?”

If you pass through the fourth tower, it means that you must become a disciple of the inner hall!

At this time, Saint Hemo’s eyes couldn’t help but light up, and his heart was full of excitement: “I knew that this Xu Ming is not simple! This kid must have been clumsy at the beginning!”

The Holy Envoy He Mo also thought that Xu Ming was deliberately hiding his clumsiness, and he only made a blockbuster when he deliberately went to the back. As everyone knows, Xu Ming has no idea of hiding his clumsiness at all, but happily takes advantage of the assessment to cultivate!

Now, Xu Ming’s cultivation base has already broken through to the mid-level Heavenly Sovereign, and he is attacking the upper-ranked Heavenly Sovereign!

“Xu Ming has become a disciple of the inner hall? Impossible!” With a fierce gleam in the eyes of Beiqutian Supreme, he is a genius who is currently ranked 100th in the assessment results! And the number of disciples in the inner hall is only one hundred; therefore, if Xu Ming becomes a disciple of the inner hall, then the one who will be eliminated must be the Sorrowful Heaven Supreme!

The inner and outer disciples of the Discord Temple are two completely different concepts!

Originally, Beiqu Tian Zhizun was already celebrating his becoming a disciple of the inner hall; at this time, if he was squeezed out by Xu Ming and became a disciple of the outer hall, then he really wanted to die!

But, according to Xu Ming's current momentum, it is really possible to become a disciple of the inner hall!

Sadness Heaven Supreme could only pray constantly, praying for Xu Ming to be eliminated soon. However, Xu Ming was as steady as Mount Tai, always advancing at a speed of seven days and one layer.

The second floor of the fourth tower!

The third floor of the fourth tower!

...

Each floor is a steady seven days!

The seventh floor of the fourth tower!

Still a solid seven days!

"Xu Ming has passed through the fourth tower and entered the fifth tower!"

"Xu Ming is now a disciple of the inner hall!"

There were exclamations everywhere.

When Xu Ming has not passed the seventh floor of the fourth tower, there is still some suspense about whether he can become a disciple of the inner hall. After all, there are many geniuses who have broken into this layer, and the specific ranking depends on the progress in the seventh layer.

And now, Xu Ming directly entered the fifth tower, then there is no suspense!

There are less than 100 geniuses who entered the fifth tower in total; as long as they enter the fifth tower, they are already disciples of the inner hall! The only question now is how many floors Xu Ming can reach in the fifth tower.

“Hahahahaha...” Sage He Mo laughed happily, without any image, “What did I say? What did I say!? I just said, Xu Ming must become a disciple of the inner hall!”

In this big gamble, the Holy Envoy He Mo has already won, madly slashing millions of the source stone of top-quality power!

The other holy envoys could only look at each other in dismay, and there was nothing to say that Xu Ming had slapped all of their holy envoys in the face with his actual actions!

...

The Sovereign Sorrowful Heaven is crying in the corner without tears. He is no longer a disciple of the inner hall!

“It’s really a tragedy...” The Sovereign of Sadness just wanted to say.

...

“Humph! How about being a disciple of the inner temple!?” Only Supreme Cang Jiantian was still extremely arrogant, “There are also strong and weak disciples in the inner temple! Moreover, how cruel is the competition in the temple of disorder? Ming has become a disciple of the inner hall, and I want him to be the one who fell first among the disciples of the inner hall!”

Cang Jiantian’s attitude is not arrogant!

However, all the saints and geniuses are not dissatisfied. After all, Cang Jiantian Supreme is really qualified to be arrogant! Reaching the sixth floor of the fifth tower, his results are almost close to the strongest genius in history!

“Hope... Xu Ming can advance a few more floors in the fifth tower!” He Mo Shengen couldn’t help but pray in his heart, “Otherwise, even if he becomes a disciple of the inner hall, he will definitely be targeted by the Supreme Cang Jiantian, and he can’t go too far. Far!”

Obviously, the Holy Envoy He Mo also knows how cruel the competition is in the inner hall of the Temple of Discord! Even among the disciples of the inner hall, there is still a battle of luck, that is...kill other disciples of the inner hall, plunder the luck of others, in order to help oneself break through to the “Boundary Breaker”!

Chapter 2203: Make History

“I hope... Xu Ming can advance a few more floors in the fifth tower! Otherwise, even if he becomes a disciple of the inner hall, he will definitely be targeted by the Supreme Cang Jiantian and cannot go too far!”

However, Holy Envoy He Mo obviously did not think that Xu Ming’s achievements could surpass Cang Jiantian Supreme.

After all, the achievement of “reaching the sixth floor of the fifth tower” is really dazzling! In countless cosmic eras, it is difficult for a genius to have such achievements.

In the same cosmic era, two geniuses with this achievement appeared? – That’s even more impossible!

Therefore, although Xu Ming is already a disciple of the inner hall, he is only a disciple of the inner hall!

“I don’t know... How many floors Xu Ming can break into!”

All are looking forward to watching.

The first floor of the fifth tower, seven days!

The second floor of the fifth tower, seven days!

The third floor of the fifth tower is still seven days!

...

Xu Ming's speed in the fifth tower was completely no different from his speed in the first tower – this was a standard “uniform linear motion” that could no longer be standardized!

“It's the fourth floor...” The more he saw, the more surprised He Mo Shengen was. “This result is already very impressive! In the past era of the universe, such a result was even able to win the first place!”

However, in this cosmic era, because Cang Jiantian's achievements were so dazzling, even if Xu Ming had already reached the fourth floor of the fifth tower, it did not cause much shock.

“However, with such achievements, it is not so simple for the Supreme Being Cang Jiantian to murder Xu Ming!”

The better the grades, the stronger the talent, the more naturally protected by the Temple of Disorder. With Xu Ming's current achievements, even if Cang Jiantian wants to deal with him, it is not an easy task!

Cang Jiantian obviously understands this, and he can't help snorting coldly: “This kid... I really can't see it, the talent is actually good! Humph! Even so, so what? You better not let me take the opportunity! I will never be soft-hearted when I seize the opportunity!”

Another seven days have passed...

Xu Ming steadily passed the fourth floor and entered the fifth floor.

“what!?”

The audience was shocked again.

“The fifth floor?”

“And Cang Jiantian Supreme’s results are only one level behind!”

“No – if Xu Ming passed the fifth floor, then he and Cang Jiantian Supreme, there is no difference between him and the first floor!”

“Can Xu Ming pass the fifth floor?”

At this time, the geniuses present, even the holy messengers, looked at the name “Xu Ming” with awe!

This is a super genius!

I just don’t know why, he went through every floor so slowly.

“He can’t pass the fifth floor!” Supreme Venerable Cang Jiantian said unceremoniously, “The difficulty of the fifth floor can only be known if you have experienced it yourself! Watch, Xu Ming will soon be eliminated. ; Just like when I entered the sixth floor, I was eliminated in an instant!”

However...

A day has passed, and Xu Ming is still in the fifth floor and has not been eliminated.

Two days have passed, but still not eliminated.

At this time, more and more people couldn’t help but think: “Xu Ming can really pass the fifth floor?”

Although Supreme Cang Jiantian was reluctant to accept this fact, he could only shut his mouth—he also found that Xu Ming was more and more likely to pass the fifth floor!

Seven days are up!

On the fifth floor of the fifth tower, Xu Ming still passed steadily!

“Passed!”

“Really passed!”

“hiss-”

“How is that possible? In our cosmic era, two super geniuses have passed through the fifth floor of the fifth tower!?”

“After entering the sixth floor, Xu Ming should be eliminated soon! Let’s all take a good look at this super genius who has been misunderstood by us!”

One after another, the saints and the geniuses all waited expectantly, and Xu Ming walked out of the magic formation in Qita Town.

At this time, in the eyes of the saints and geniuses, there was no more contempt from before, some were just awe – this is the awe of “absolute talent”!

Even the arrogant Cang Jiantian had to admit that Xu Ming was a genius on the same level as him!

“It seems that after the assessment is over, it is necessary to walk around with Xu Ming!” Supreme Venerable Cang Jiantian thought to himself, “If you draw such a genius together, then you don’t have to worry about any other geniuses joining forces!”

Cang Jiantian Supreme has no plans to deal with Xu Ming! – He found that this is a genius of the same level as him, obviously not something he can suppress!

but...

Just when Cang Jiantian Supreme, all the geniuses, and all the saints were waiting for Xu Ming to be eliminated from the sixth floor, Xu Ming was not eliminated!

Yes!

Not eliminated!

Xu Ming remained firmly on the sixth floor.

“Forehead...”

“Forehead...”

“Forehead...”

Everyone in the audience looked at each other in shock.

“Xu Ming...stopped on the sixth floor!”

“Doesn’t this mean that Xu Ming’s talent is even more terrifying than Cang Jiantian Supreme!?”

“Not to mention, just being able to stand on the sixth floor without being eliminated in an instant, Xu Ming is already one of the top geniuses since the Era of Endless Universe!”

“Could it be... Xu Ming can pass the sixth floor?”

“Passing the sixth floor, that’s impossible! Since the Era of Endless Universe, the most talented genius has only passed the sixth floor has not passed the seventh floor!”

In the shock, anticipation, and waiting of the saints and geniuses, time passed...

one day!

two days!

Three days!

...

Seven days!

Xu Ming entered the sixth floor of the fifth tower for seven days! Then, Xu Ming's name jumped up a layer!

The fifth tower, the seventh floor!

Xu Ming entered the seventh floor of the fifth tower!

This is a height that only the strongest genius in history can reach!

“hiss-”

“hiss-”

All over the place was the sound of gasping for breath.

“Xu Ming's talent is one of the few who are the strongest since the age of the cosmos sea?”

“Hush – we witnessed history?”

“I don't know, what kind of progress Xu Ming can achieve on the seventh floor! Is it possible to surpass the strongest genius in history?”

The strongest genius in history has not been able to break through the seventh floor, but only killed a lot of puppets on the seventh floor!

If Xu Ming killed more puppets, then... he is the most talented genius since the age of the endless universe of the universe!

That is to make history!

And now, Xu Ming has the opportunity to make history!

“Xu Ming, can you make history?”

In such thoughts, time lapses without knowing it. One day, two days, three days... seven days!

“Seven days will come soon!”

“Passing the seventh floor of the fifth tower is impossible; in history, no genius has ever done it! Now let’s see how well Xu Ming’s completion is on the seventh floor! If the degree of completion is high, It’s really possible to make history!”

Everyone stared with bated breath, waiting expectantly for the final result.

Then...

Xu Ming’s name jumped and appeared on the first floor of the sixth tower.

Chapter 2204: High Heaven Supreme

Xu Ming’s name jumped and appeared on the first floor of the sixth tower.

quiet!

Deathly silence!

The sixth tower!

No one thought of it! No one dared to think about it!

“In other words... Xu Ming passed the fifth tower?”

“how is this possible!?”

“In the assessment of the Temple of Discord, since the Era of Endless Universe, no one has ever been able to pass through the fifth tower... How could Xu Ming pass through!?”

Everyone can't believe it!

I really can't believe it!

At the Heavenly Supreme level, is it possible to pass through the fifth tower and enter the sixth tower?

Have!

possible!

However, all Heavenly Sovereigns who have passed through the fifth tower are either super geniuses from the Holy Emperor-level universe;

It is truly unprecedented to pass the fifth tower without being born in the Holy Emperor-level universe or officially becoming a disciple of the Temple of Discord!

This is a chasm!

An unbridgeable chasm!

If you want to cross this gap, you can either rely on the power of the atmosphere in the Holy Emperor-level universe, or rely on the sky-defying secret technique in the Temple of Disorder... And now, Xu Ming has crossed this gap forcibly!

How could the saints not be surprised by this!

Even the mysterious palace master looked at this scene in disbelief: “This kid...”

The mysterious hall master thought that he had overestimated Xu Ming enough;

“With his talent, there is almost no suspense to become a world breaker!” The mysterious hall master secretly said, “Even... after he becomes a world breaker, he will not be just an ordinary world breaker like me...”

The mysterious hall master knew that Xu Ming would become a being even greater than him!

“It is also a blessing to be able to witness the rise of such a great being!” The mysterious temple master secretly said. Immediately, his expression darkened; it seemed that because he thought of the cold and dark truth of the universe sea, he felt a strong sense of powerlessness, “Even if he became a great existence far beyond me, what would happen! Sigh...”

The mysterious hall master sighed, not knowing what he was sighing.

Immediately, he put away his emotions: “Let me see, how far this Xu Ming can go in the assessment!”

...

Naturally, Xu Ming didn't know what kind of uproar he caused when he passed the fifth tower. After all, Xu Ming didn't know that since the Era of Endless Cosmos, no one has been able to pass the fifth tower in the examination of the Temple of Disorder.

At this time, Xu Ming was already facing the opponent on the first floor of the sixth tower.

“It's still very weak!” Xu Ming easily defeated a famous opponent without feeling any pressure.

If his voice is heard by other geniuses, I am afraid that people will vomit blood. Those geniuses are all top geniuses in the entire universe. However, they are all in the fourth tower, the fifth tower, or even earlier. It's already been eliminated!

But now, Xu Ming is in the sixth tower, saying that the opponent is very weak!

But there was no way, Xu Ming really felt that his opponent was weak!

“The Seven Pagodas Town Magic Array is really a good place to practice!” Xu Ming thought to himself, “When I first came in, I was a lower-level Heavenly Supreme cultivation base; ”

Xu Ming has now reached the pinnacle of the Median Heavenly Sovereign, and he is not far from the upper Heavenly Sovereign. After cultivating here for a few more days, you can definitely step into the realm of the Supreme Heaven.

“My current strength, if I go back to my home universe, I’m afraid I won’t be afraid of any great master!” Xu Ming thought again, “If I break through to the upper heavenly supreme, then I can really be invincible in my home universe. I am afraid that it will be able to reach the strength of Kunpeng Great Venerable and Eternal Great Venerable!”

The Kunpeng Great Venerable and the Eternal Great Venerable were the strengths that crushed the entire universe at the beginning! Even if the great masters of the entire universe join forces, they are not their opponents!

And Xu Ming is about to reach that level of strength!

However, the difference is that when Kunpeng Dazun and Eternal Dazun crushed the entire home universe, it was after they entered the realm of Dazun; while Xu Ming was at the level of “High Heaven Supreme”!

To tell the truth, the realm of the Great Venerable, reaching such a level of strength, it is really not uncommon to place it in the sea of cosmos. For example, these holy envoys from the Sacred Emperor-level universe, or even a random one from the Sacred Emperor-level universe, and throwing them into Xu Ming’s home universe can easily crush all the other great masters!

And in the realm of the upper heaven and supreme, to reach such a level of strength, it is really against the sky!

...

“After entering the sixth floor, Xu Ming should be eliminated soon, right?”

“Definitely! The sixth floor, in the assessment of the Temple of Discord, should not have been opened!”

Many geniuses couldn’t help but talk about it.

On the contrary, it was Cang Jiantian Supreme. Ever since Xu Ming entered the sixth tower, he has been silent.

“Xu Ming he...” When Xu Ming crossed the sixth floor of the fifth tower, UU reading www.uukanshu.com Cang Jiantian Supreme was still suffocating in his heart, and he had the idea of competing with Xu Ming. However, when Xu Ming entered the sixth tower, Cang Jiantian suddenly lost the slightest idea of competition. He has already recognized that Xu Ming and him are not geniuses at the same level!

In front of Xu Ming’s heaven-defying talent, Cang Jiantian Supreme chose to bow his head!

“When Xu Ming comes out, I’ll apologize to him, and he probably won’t care about me!” Supreme Venerable Cang Jiantian thought very self-consciously, “Hmph! The genius apologizes, there is nothing to be ashamed of! Besides... If I don’t bow my head now, I am afraid that sooner or later I will be dealt with by Xu Ming; and as long as I bow my head, who will be stronger and who will be weak in the future is still unknown!”

Talent doesn’t explain everything!

Cosmic Sea has endless opportunities! Cang Jiantian Supreme believes that as long as he dares to fight hard, he may be able to become a world breaker earlier than Xu Ming; as long as he can become a world breaker first, then it will be easy to deal with Xu Ming!

You must know... even the weakest world breaker can easily kill the strongest great master!

The existence of the world breaker level, or not to make a move at the Great Senior level; once the shot is made, the Great Senior will not have any resistance at all!

Boundary Breaker... This is the highest level standing in the cosmos sea! This is the existence of insight into all the secrets of the universe sea!

...

seven days later.

Under the horrified and unbelievable gazes of all the geniuses and saints, Xu Ming stepped into the second floor of the sixth tower!

Another seven days later.

Xu Ming stepped into the third floor irresistibly.

Now, everyone shut up! No one dared to guess at random, when would Xu Ming be eliminated! Nima! It's impossible to guess!

And Xu Ming... finally, when he stepped into the fifth floor of the sixth tower, he achieved his wish to break through the cultivation base to the supreme heaven!

Chapter 2205: Invincible Heaven Supreme

“The Supreme Heavenly Sovereign!”

Xu Ming felt his own divine body.

From the breakthrough of “Lower Heavenly Supreme” to “Higher Heavenly Supreme”, what Xu Ming has done is a breakthrough in the divine body. The endless particles on his divine body, every particle universe, absorbed majestic energy and completed a qualitative transformation.

In terms of “energy level”, Xu Ming’s divine body has reached the pinnacle.

This is a divine body that is tyrannical to its peak!

As far as the energy contained in light is concerned, it has reached the true extreme, and it is impossible to increase it by a single cent! Even if you break through to the realm of the Great Senior, it is impossible to absorb one more energy!

The only thing Xu Ming can do is to change the internal structure of the particle universe, so that the internal structure of each particle universe will become more perfect; the entire “divine universe” composed of countless billions of particle universes will also become more perfect. , is the road that Xu Ming will take from “the first entry into the upper heaven” to “the peak of the upper heaven”.

As for Xu Ming’s road to great honor... Xu Ming has no clear direction yet.

However, according to Xu Ming’s original idea, it was to make the “divine universe” into a powerful enough “real universe”, and make the “will universe” into a powerful enough “virtual universe”, that is Xu Ming’s road to great respect .

But at that time, when Xu Ming made this idea, he had not yet stepped out of his home universe, and his vision was limited; so now, since he came to the Holy Emperor-level universe, Xu Ming would definitely learn from the cultivation experience of other great masters here. Road, and then officially decide your own “Road to Great Respect”!

“Huh...I really want to feel the power of my divine body right now!” Xu Ming secretly said, “My divine body has reached the pinnacle in terms of ‘energy level’ and can no longer absorb any more energy! In that case, I also There’s no need to stay here any longer! Just... Next, just feel my current strength!”

boom! !

Xu Ming’s aura completely exploded!

On the fifth floor of the sixth tower, the puppet that he specially kept unkilld was instantly killed by him!

Xu Ming was so imposing that he directly entered the sixth floor.

boom boom boom...

This is the first time since the beginning of the assessment that Xu Ming has not controlled his own strength and unscrupulously unleashed his opponents on the sixth floor, even the super geniuses in

the Holy Emperor-level universe, or the super geniuses in the Temple of Disorder, are rare. It was possible to pass through; however, facing the current Xu Ming, he seemed so vulnerable!

In less than an hour, Xu Ming passed the sixth floor with the momentum of destroying the dead.

“what!?”

“what!?”

“what!?”

Xu Ming himself didn't know what such a result meant; however, the saints and geniuses from the outside world were all shocked!

“Xu Ming passed the fifth floor and passed the sixth floor in less than an hour?”

“Is this speed too fast? It seems that no one has ever passed the sixth floor so quickly, right?”

“Xu Ming deliberately delayed it until the seventh day was about to end before he passed the test? Now this is Xu Ming's true strength!?” Needless to say? Obvious thing!

The faces of Cang Jiantian Supreme and other geniuses were full of shame. Before they entered the assessment, they competed to be faster than anyone else! Now, Xu Ming used his strength to tell them: What's the use of getting started! To Xu Ming now, can be so fast, that is the real strength!

What is the strength of the face?

This is the face of strength!

Dissatisfied?

Whether it is all the geniuses or all the saints, there is really no one who refuses to accept it!

Now, their only doubt is whether Xu Ming can break through the seventh floor?

Passing through the seventh floor of the sixth tower, it is known as the “absolute peak” of all heavens in the sea of cosmos! In the sea of cosmos, those who reach this level of strength are qualified to be called: Invincible Heavenly Supreme!

That is, at the level of Heavenly Supreme, absolutely invincible! If it weren’t for the Great Sovereign of the Holy Emperor-level universe, he might not even be the opponent of the “Invincible Heavenly Sovereign”!

“Xu Ming...will he be the Invincible Heavenly Sovereign?”

At this time, all the geniuses and all the holy envoys seemed to have forgotten one thing, that is, when Xu Ming entered the assessment, he was only a lower-ranked Heavenly Sovereign!

If they remember this matter, I am afraid they will be even more shocked!

A low-ranking Heavenly Sovereign, after entering the Qita Town Magic Array, broke into this realm! This is even more incredible!

The seventh floor... Can Xu Ming pass?

Just two hours later!

Xu Ming’s name appeared on the seventh tower!

passed!

Xu Ming!

Invincible Heaven Supreme!

“Why hasn’t Xu Ming come out yet?”

“The seventh tower, that is the test for the Great Venerables. No Heavenly Supreme has ever been able to break through the first floor! Not even the super genius of the Temple of Disorder!”

Neither?

Six days later!

Xu Ming once again subverts history!

The first floor of the seventh tower!

There has never been a layer that Heavenly Sovereign can pass through!

A situation that only the Great Master can challenge!

Xu Ming, passed!

“hiss”

“hiss”

“hiss”

The second floor of the seventh tower!

This time... Xu Ming finally failed to pass! However, Xu Ming also persevered in it for seven days, and finally he was eliminated when the time ran out! If Xu Ming is given enough time this second floor, I am afraid Xu Ming can also pass through!

“It’s over...” Xu Ming felt the light that enveloped him, and wanted to take himself out of the Seven Pagoda Town Magic Array, “I don’t know, what is my grade? However, to crush other geniuses who participated in the assessment, it must be It’s all right!”

Xu Ming really didn't know how strong the super genius of the Holy Emperor-level universe and the super genius of the Temple of Disorder were. But in his opinion, compared with the geniuses who participated in this assessment, he must be much stronger!

When Xu Ming walked out of the magic formation in Qita Town, he found that whether it was all the geniuses or all the saints, all of them were full of awe when they looked at him! Before, the ridicule before I entered the assessment will never be seen again!

"It seems... my grades are very good!" Xu Ming had already expected this scene.

At this time, Xu Ming glanced at the Supreme Being Cang Jiantian and couldn't help but ask, "Cangjian, where did you go? Where did you rank?"

Cang Jiantian replied conditioned reflexively: "I crossed the fifth floor of the fifth tower, and I was instantly killed as soon as I entered the sixth floor!"

"The fifth floor of the fifth tower?" Xu Ming said subconsciously, "So weak?"

"Weak!?" Supreme Cang Jiantian vomited blood.

Other geniuses vomited blood even more.

...

[ps] Many brothers are going to take the college entrance examination tomorrow, right?

I have already said hello to Brother Ming, no matter whether you have seen this paragraph tonight, I will send you the plug-in in your dreams tonight!

I wish all the younger brothers and sisters taking the college entrance examination: the test will be successful! No, it's okay, the plug-in has been opened, and it's right to be blind!

I also wish you all, like Brother Ming, when the college entrance examination results come out, you will be a blockbuster and brighten up!

Rest well, fight well, and good luck everyone!

Chapter 2206: 12 Time Grids

“Xu Ming...Brother!”

Supreme Cang Jiantian hesitated for a while, but he still walked in front of Xu Ming, lowered his head and said, “I was too arrogant before, and now I solemnly apologize to Brother Xu Ming! Please don’t remember the villain’s mistakes!”

Apologize?

Xu Ming couldn’t help but glanced at the Supreme Being Cang Jiantian, but he sneered in his heart: In this world where the strong are respected, a grudge cannot be solved by an apology!

But Xu Ming didn’t say anything, neither forgiveness nor sarcasm.

Supreme Cang Jiantian was making fun of himself, so he could only laugh embarrassingly and step aside. But now, he doesn’t dare to speak rudely to Xu Ming any more – after all, Xu Ming’s strength and potential are far from what he can match; such a super genius is not something that Cang Jiantian Supreme can offend!

As for other geniuses, no one dared to disrespect Xu Ming. Even, there are many geniuses who want to come up and get close to Xu Ming; however, they have already lost the courage to get close to Xu Ming!

Xu Ming, it’s so dazzling!

“Xu Ming!” At this time, the holy envoy He Mo also stepped forward – this holy envoy who has never had much sense of existence, but at this moment is as dazzling as Xu Ming!

As he said, Xu Ming will become a disciple of the inner hall! Not only will he become a disciple of the inner hall, but he has also proved in the assessment that he is the most talented person since the endless universe era of the cosmos sea!

none of them!

He handed over a world ring to Saint Mo and said with a smile, “This is the bet I won just now, I’ll give it to you first!”

He said it was an understatement, but all the geniuses and even the saints felt their eyes heat up—in this world ring, there are millions of top-quality power source stones! How can such a huge wealth not move people’s hearts?

Even, if it wasn’t for Xu Ming’s talent that was too enchanting, those holy envoys would probably be thinking about whether to find an opportunity to kill people and capture treasures.

Xu Ming hesitated for a moment before accepting it—he knew what Saint Mo meant.

Sure enough, the Holy Envoy and Mo immediately said the real intention: “We discussed something before, after you enter the Temple of Discord, don’t forget it!”

Before, Sage Hemo privately asked Xu Ming to help him exchange for a place in the “Tower of Truth”; as a reward, Sage Hemo would exchange all the treasures with Xu Ming for that place. Although Xu Ming did not agree 100%, he has almost agreed.

“It’s natural!” Xu Ming said, “I’ll check the situation and try my best to help you get that quota!”

In fact, since Xu Ming accepted the gift from Saint Mo, he almost agreed to the other party’s conditions. However, Xu Ming didn’t dare to say too much; if he exchanged the quota for the Tower of Truth, it would have a great impact on Xu Ming, and Xu Ming would not be foolish enough to help the other party exchange.

As for the Holy Envoy He Mo, when he heard that Xu Ming made a promise with the word “try as much as possible”, he returned with satisfaction – it was not easy to get such a promise!

When the saints saw the movements of the saint and Mo, they couldn’t help but discuss.

“This and the Holy Envoy Mo are really willing to pay for it! They even gave Xu Ming the million-dollar source stone of high-quality power!”

“If Xu Ming becomes a worldbreaker in the future, then the benefits of being with the Holy Envoy Mo will not be less!”

Naturally, the other holy envoys did not know about it, so they made an agreement with the holy envoy Mo and Xu Ming. They also thought that the reason why Saint Hemo sent such a heavy gift was to hope that Xu Ming would give him something in return after he became a worldbreaker in the future!

At this time, above the endless sky, a faint but coercive voice came: “You all go back!”

The person who spoke was naturally the mysterious temple master who saw the dragon but not the end.

And his words were naturally addressed to the saints.

“Yes!” All the saints bowed. Then they didn’t dare to stay at all, and they all left; at the same time, they also took away millions of geniuses who were eliminated.

The remaining geniuses are the inner and outer disciples of the Discord Temple.

“From the time you left your home universe to this assessment site, it’s actually a special time and space in the Holy Emperor-level universe!” The mysterious temple master said again, “In this time and space, no matter how much time has passed, the time outside is quite the same. So stop!”

In the Holy Emperor-level universe, this is just a small trick, not surprising.

“There is one more thing, many of you may not be aware of it!” The mysterious temple master continued, “You have all passed the assessment that our temple of disorder has left in each universe before you came to the Holy Emperor-level universe. The time for you to pass the assessment is actually different; however, they appeared here at the same time!”

From different universes, there are so many geniuses who have arrived in the Holy Emperor-level universe; it is naturally impossible for these billions of geniuses to come to the Holy Emperor-level universe at the same time.

but...

Between different universes, “time” has no meaning sooner or later! Because, two different universes are in different time dimensions.

With the means of the Holy Emperor-level universe, there is naturally a way to correct the “time difference” between different universes, so that all geniuses arrive at the Holy Emperor-level universe at the same time.

Of course, between different universes, there is also the same place in time, that is – the time of the universe sea!

When a cosmic era ends, the entire cosmic sea, all the reincarnation-level universes, will enter reincarnation at the same time; then, reincarnation will end at the same time, opening a new cosmic era.

Moreover, in the universe sea, most of the time is in a state of chaos; only the inside of the universe is safe and stable. When the cosmic sea is in a state of chaos, even the strongest great master cannot enter the cosmic sea; only when the cosmic sea is in a calm state, the great masters and the supreme beings can enter the cosmic sea and travel through the universe. between.

This “quiet state” of the cosmic sea occurs twelve times in each cosmic era, which is called the “twelve time grid”.

“Our temple of disorder recruits new people before the opening of the twelfth time frame!” The mysterious temple master said again, “When you leave here, the cosmos sea will be in the eleventh chaos of this cosmic era, It will end soon, and you will soon be able to enter the sea of cosmos! So now, I give you two options – the first option is to follow me directly to the Temple of DisorderThe second The first option is to go back to your home universe and deal with some trivial matters; after all, once you go to the Temple of Discord, you may not be able to return to your home universe for a long time!”

“If you go back to your home universe to deal with trivial matters, then you may have to cross the universe sea by yourself and come to the Holy Emperor-level universe! After all, it is quite troublesome to open the transmission channel between universes; especially when the universe sea is in a calm state. It is even more impossible to open it at will! Moreover, this is also a test for you!” The mysterious temple master continued, “You should think about it, now you should follow me directly to the temple of disorder, or you have to go back to your hometown. Universe!”

Xu Ming was lost in thought.

After leaving the assessment site, when you return to your home universe, it is no longer the original time!

Moreover, once you go to the Temple of Discord, you will not be able to return to your home universe for a long time. The mysterious temple master said for a long time, I am afraid it will be a length of time that Xu Ming can't imagine, and I don't know how many billions it will be. era! And this is obviously not acceptable to Xu Ming!

Xu Ming couldn't help but ask: "In the sea of cosmos, is it easy to find the emperor-level universe?"

Xu Ming had never entered the Universe Sea, nor did he have any information in this regard; therefore, he had to ask some questions first.

"It's very easy to find the location of the Holy Emperor-level universe!" The mysterious hall master laughed, "As long as you enter the sea of cosmos, you can immediately determine the location of the Holy Emperor-level universe! But... I want to travel through the universe and come to the Holy Emperor-level universe. The universe, that would be quite difficult! Otherwise, it would not be called a test!"

Xu Ming understood!

It's not difficult to find the Holy Emperor Universe, that's it! As for the difficulty on the trek, this is not a big problem for Xu Ming! – Xu Ming still has this confidence!

Xu Ming knew what to choose.

Chapter 2207: Return

Xu Ming knew what to choose.

It would be too time-consuming to go directly to the Temple of Disorder. And Xu Ming still has important things to deal with in his home universe, and he can't afford to spend so much time; therefore, Xu Ming must take advantage of now to go back to his home universe first.

Xu Ming expressed his choice.

Among the geniuses, only Xu Ming chose this way; all the other geniuses chose to go directly to the Temple of Disorder. After all, there is nothing worthy of their memory in the home universe of those geniuses; they even wished to arrive at the Temple of Disorder a quarter of an hour earlier!

“Xu Ming!” The voice of the Holy Envoy He Mo sounded.

“Huh?” Xu Ming couldn’t help but feel a little surprised – didn’t He and Mo Shengen have already left? Why are you back?

At this time, the Holy Envoy He Mo had come to Xu Ming’s side and said helplessly, “Why don’t you go directly to the Temple of Discord?”

Obviously, after previous assessments, very few geniuses chose to return to their home universe, and almost all chose to go directly to the Temple of Disorder. Therefore, there was a hint of surprise in the tone of the Holy Envoy He Mo.

“Come with me! I have to take you back!” He Mo Shengen said with a smile – it was precisely because he didn’t expect that someone would return to his home universe, so all the saints just left. Now that I heard that Xu Ming was going back, the person in charge and Mo Shengen ran back again.

“It’s work!” Xu Ming said politely.

Then, Saint He Mo bowed towards the mysterious temple master in the void, and then left with Xu Ming.

Many of the geniuses couldn’t understand why Xu Ming wanted to go back to his hometown universe! Isn’t it the most important thing to go to the Temple of Disorder as soon as possible and accept the powerful inheritance as soon as possible?

...

On the way back, Saint He Mo instructed, “Cosmic Sea, although it is a little dangerous, but with your strength, plus there are so many top-quality Origin Stones, there shouldn’t be a big problem in the cosmos sea! But... I still divide the strength of the universe sea, and tell you a little bit, you have a good idea!”

“Please tell me!” Xu Ming continued.

“Tian Zhizun and Da Zun have the ability to enter the sea of cosmos!” He Mo Shengen said again, “Of course, Tian Zhizun, who is too weak in strength, generally does not dare to enter the sea of cosmos; even if he dares, I am afraid that he will not be able to enter the sea of cosmos. Therefore, those who can roam in the sea of cosmos are at least the best among the Supreme Heavenly Sovereign!”

“Yeah!” Xu Ming nodded silently.

“In the sea of cosmos, strength can be divided into twenty orders!”

“Twenty-level?” Xu Ming was a little surprised – the strength of the universe is divided into so many levels?

The Holy Envoy He Mo then explained: “Our holy emperor-level universe, the cultivation base of the first entry into the Great Venerable, can basically reach the ‘eleventh order’ in the power division of the universe sea!”

The “First Entry Great Master” of the Holy Emperor-level universe is the “Eleventh Order” in the universe sea?

Xu Ming understands, then, if those great masters who came out of the eternal-level universe, the detachment-level universe, or even the reincarnation-level universe are placed in the sea of cosmos, it is estimated that many of them will not reach the “eleventh order”, and there is even a “tenth order”. “It’s hard to say.

The Holy Envoy He Mo continued: “The ordinary lower-ranking great lord of our holy emperor-level universe has a ‘twelfth-order’ combat power in the sea of cosmos! The ordinary middle-ranking great lord is a ‘thirteenth-rank’ combat power...and like our saints The envoys of the emperor-level universe generally have reached the ‘sixteenth-order’ combat power! And this is almost the highest combat power in the universe!”

“Eh?” Xu Ming couldn’t help but be a little puzzled – the sixteenth-order combat power is the highest combat power in the universe?

“Holy Envoy Mo, didn’t you just say that in the sea of cosmos, strength can be divided into 20 ranks?” Xu Ming asked his doubts.

“Haha!” Sage He Mo laughed, “It is indeed divided into 20 ranks, but starting from the ‘seventeenth rank’, it can only be achieved by relying on the power source stone!”

“Oh?” Xu Ming listened curiously.

“For example, our holy messenger has a ‘sixteenth-rank’ combat power in the sea of cosmos! However, if we use a ‘low-grade’ power source stone, we can reach the ‘seventeenth-rank’ combat power; if we use a ‘middle-grade’ power Origin stone, you can reach the ‘eighteenth order’ combat power...” He Mo explained, “For example, you can pass the first floor of the seventh tower in the assessment, and your strength is placed in the universe. In the sea, it should already be the ‘peak eleven’! But if you use the ‘superior’ power source stone, your strength can reach the level of the ‘peak fifteen’!”

Xu Ming understood – the power source stone can greatly increase the strength!

Above the “eleventh order”, the low-grade power source stone increases the “first order” strength!

The mid-grade power source stone increases the “two-tier” power!

High-grade power source stone, increase “third-order” strength!

The best power source stone, increase the “fourth-order” strength!

Therefore, He Mo Sheng Envoy said that the strength level of the universe sea can be divided into “twentieth order” in total.

“The strength you can burst out, ‘the peak of the fifteenth order’, is not too weak in the universe! However, you still have to be careful; after all, other great masters can also use the power source

stone to burst their strength! And... you You must be careful in the sea of cosmos, and you must be careful not to be known by other people!" He Mo Sheng Envoy said solemnly.

Before, Holy Envoy He Mo thought that Xu Ming would go directly to the Temple of Disorder, so he directly gave Xu Ming all the Origin Stones of the highest quality. After all, within the Temple of Discord, it is relatively safe for Xu Ming.

But now, Xu Ming has to go back to his hometown first, and he has to venture into the sea of cosmos. In fact, the Holy Envoy He Mo regrets giving Xu Ming so much "wealth" – after all The husband is innocent crime! In case Xu Ming exposes the million source stone of supreme power on his body, such a fortune would be enough to lead to death!

In that case, the Holy Envoy He Mo would be really dumbfounded.

Of course, Sage Hemo also knew that with Xu Ming's strength, an accident in the sea of cosmos was only a small probability, so he was not very worried.

"That's it..." He Mo Sheng envoy said again, "For safety's sake, let me send you some soul servants!"

"Soul servant?"

"It's all that we captured in the battle of the cosmos sea, and then refined them into soul servants!" He Mo said lightly, "These soul servants are absolutely loyal! As we travel through the cosmos sea, we will inevitably encounter In some dangerous places, soul servants will be sent to explore! Of course... they will become soul servants, and the strongest are not so strong! The highest of their own strength is only 'thirteenth order'; higher, usually rather Death will not be enslaved, and we cannot forcibly enslave!"

"Yeah!" Xu Ming understood naturally.

"I don't have a lot of soul servants! Let's just give you two soul servants with thirteenth-level combat power; ten with twelfth-level combat power; and one hundred with eleventh-level combat power. Name; there are quite a few tenth-order combat power, I will send you a thousand names!"

"Thank you and the Holy Envoy Mo!" Xu Ming's eyes lit up.

With these soul servants, Xu Ming's strength has undoubtedly increased a lot! Especially two soul servants with "thirteenth-order" combat power, if they use the top-quality power source stone, they can explode the "seventeenth-order" combat power; even in the sea of cosmos, they are still like a dominant party!

"These are nothing!" He Mo Shengshi shook his head and smiled, "I think all the treasures on my body will be yours sooner or later, right?"

The Holy Envoy and Mo, completely bet on Xu Ming.

.

Chapter 2208: Unseal Memory

He and the Holy Envoy Mo accompanied Xu Ming all the way back to the place where Xu Ming first came to the Holy Emperor-level universe. Here, there is a cross-universe teleportation to Xu Ming's home universe.

"Xu Ming, your hometown universe is only a reincarnation-level universe; even, among the many reincarnation-level universes, it is a very weak one! With your current strength, there are so many top-quality Originium stones and soul servants. Even sweeping a hundred or ten thousand universes like your hometown is as easy as the palm of your hand!" He Mo Shengen said with a smile.

Xu Ming nodded.

Indeed, for him now, the hometown universe is too weak!

The universe sea, the endless universe, is divided from low level to high level: nascent level, reincarnation level, transcendence level, eternal level, holy emperor level.

Even in the sea of cosmos, Xu Ming is the top genius since the endless universe era, no one. And Xu Ming's home universe is only the weakest one among the reincarnation-level universes!

With Xu Ming's strength, returning to his hometown universe would naturally crush everything!

Gu Hanmo's hatred?

For Xu Ming, it is no longer a problem at all! No matter where those enemies are hiding in the universe, Xu Ming can easily suppress them!

“After you have dealt with the affairs of your hometown, come back as soon as possible!” Saint Envoy He Mo said again, “In the Temple of Discord, the competition is quite fierce! Although, with your talent, it is impossible for anyone to compete with you; But it's not a good thing if you're too far behind other geniuses!”

Of course Xu Ming understood this truth.

Inside the Temple of Disorder, there is also competition and even fighting! If by the time Xu Ming arrives at the Temple of Discord, all other geniuses have already become Great Seniors, then the situation will definitely be very unfavorable for Xu Ming!

Although Xu Ming doesn't care about those disadvantages; but, after all, one thing is worse than one less thing!

“And...” Saint He Mo exhorted again, “You also know that in every cosmic era, the cosmic sea will be in a stable and peaceful state twelve times; when you return to your home universe, the twelfth time grid will be in the same state immediately. It's coming! At that time, the time and space of the universe sea will be stable, and the transmission channel between universes cannot be opened. Therefore, you can only cross the universe sea by yourself. At the beginning of the twelfth time grid, because many wicked people in the universe still There is no time to enter the sea of cosmos, so the sea of cosmos should be the safest time... So, for safety reasons, after you finish your work, you must enter the sea of cosmos as soon as possible! ”

“Okay!” Xu Ming said fluently.

...

After accepting the entrustment of the Holy Envoy He Mo, Xu Ming walked into the transmission channel.

The completely opposite feeling from when he came, Xu Ming felt that he was constantly rising in the abyss... The flow of time around was even more unpredictable, sometimes still, and sometimes reversed.

As he said to Saint Mo before, the time Xu Ming had spent in the Saint Emperor universe was equivalent to stillness. When he returned to his home universe, it was still the time when he just jumped off.

Swish!

After an unknown amount of time, Xu Ming finally escaped from the abyss and returned to the nine-star area of the Origin Road. He saw that Xu Yin's posture was still the same as when he just jumped out of the abyss. Obviously, the time in the universe in his hometown has never flowed.

Xu Yin was also a little confused when he saw Xu Ming flying out of the abyss. From her perspective, Xu Ming just jumped into the abyss, and then "bounced" out immediately.

Xu Yin couldn't help but wonder: "Are you... ejected from the abyss?"

Xu Ming couldn't help laughing.

In fact, he had spent a long time in the abyss, but the time on Xu Yin's side was still.

"No, I've already entered the abyss! At the end of the abyss, is another universe... a universe that is unimaginably powerful!" Xu Ming briefly told Xu Yin about the experience of the emperor-level universe.

Although Xu Yin has no personal experience, but in addition to being shocked, he is still shocked!

"Also" Xu Ming suddenly looked at Xu Yin solemnly, "The seal in your memory should also be unlocked!"

The seal in Xu Yin's memory is naturally the memory of the time when he was born in the Divine Realm before he came to the real universe! Unlocking the memory seal is when father and daughter recognize each other.

“As long as Xu Yin controls the power of the Great Senior level, even if it is only for a short time, it is enough to break the memory seal!” Xu Ming secretly said.

The memory seal of Xu Yin was set by Gu Hanmo. The other great masters cannot be unsealed, only Xu Yin himself can reach the great master level before he can unblock. Of course, the “great master level” here deserves to be the “great master level” of Xu Ming’s home universe!

“Unlock the memory seal?” Xu Yin couldn’t help asking, “Didn’t you say that I can unlock the memory seal only after I reach the level of the Great Senior?”

Xu Yin is actually in a hurry to unlock the memory seal! But the problem is, this thing can’t be rushed!

“Haha!” Xu Ming laughed, “With the help of external force, wouldn’t it be enough?”

“With the help of external force?” Xu Yin pondered for a while and said, “Do you want me to use the chapter of the Nine Stars of Disorder?”

The chapter of Nine Stars Disorder is the harvest of Xu Ming and Xu Yin’s journey to the source world. Once used, you can temporarily have the strength comparable to the real cosmos’s top great master and put it in the cosmos sea, which is equivalent to the “tenth-order” combat power!

However, Xu Yin was really reluctant to use the chapter of disorder just to unlock the memory. After all, this chapter of disorder is very important to her and to the Eternal Palace; in the future, if you go to the “Open Heaven Realm”, you will rely on this chapter of disorder to crush other forces!

Moreover, as long as you go to the Kaitian realm and use the chapter of the nine-star disorder, can you also unseal the memory? Therefore, Xu Yin is really reluctant to let Xu Yin use up the chapter of the nine-star disorder.

“Of course not!” Xu Ming said with a smile, “Although I also have the chapter of the nine-star disorder, and this thing is not really worth anything! However, this is a commemoration of our father and daughter meeting, but it must be kept forever. Can’t be used!”

Xu Ming intends to regard the Nine Stars Disorder Chapter as a kind of commemorative medal.

However, Xu Yin was shocked and speechless in his heart: The chapter of the nine-star disorder is not a valuable thing?

Xu Yin just wanted to say that the value of such a nine-star disordered chapter in the real universe is completely incalculable, right?

However, Xu Yin has never been to the Holy Emperor-level universe, nor has he entered the universe sea, nor did he know that there is a treasure called “Power Source Stone”.

The chapter of the nine-star disorder, also in Xu Ming’s hometown, the universe will be regarded as a treasure. If it is placed in the sea of cosmos, to put it bluntly, this thing is not even a “low-quality source stone of power”, it is just a fragment of the source stone of power. That’s it!

In Xu Ming’s hands, there are even millions of Originium Stones! A fragment of a power source stone is really nothing in his eyes.

Of course, the real preciousness of the Chapter of Disorder is not that it is a fragment of Originium of Power, but its “processing fee”. You must know that even if it is a fragment of Originium of Power, the power it contains is not at the level of the Supreme Being. Can bear! Whether it is a fragment of the Originium of Power or the Originium of Power, at least it must be the great master of Xu Ming’s hometown universe to bear its majestic power; Xu Ming can directly withstand the impact of the Originium of Power and the fragments of the Originium of Power~www.readwn.com~ But Xu Yin couldn’t bear it!

In order for Xu Yin to be able to bear it, the fragments of the power source stone must be “processed” into a treasure such as the Chapter of Chaos; that’s why it is said that the real preciousness of the Chapter of Chaos is the “processing fee”.

However, no matter how expensive the “processing fee” is, the value of the chapter of the Nine Stars of Disorder is equivalent to a low-quality source stone of power. For Xu Ming, it was just drizzle.

A complete Originium of Power cannot be “processed”; and in Xu Ming’s hands, there is no such garbage as fragments of Originium of Power. But... Xu Ming didn’t have it, but the servants that Xu Ming brought back have them!

There are more than a thousand servants, and all of them have followed the holy envoys of the Holy Emperor-level universe; almost all of these servants are “skilled craftsmen” who can make chapters of disorder. Moreover, as slaves, although they don’t have much power source stone, but there are a lot of fragments!

In fact, on the way back, Xu Ming had already instructed these servants in the universe to make some chapters of disorder. Now, these servants have made thousands of chapters of disorder, and all of them are “Nine Stars”!

“Nah!” Xu Ming waved his hand, and thousands of Originium fragments that had been made appeared.

Although the shape of these fragments is not as beautiful as the “Nine Stars of Disorder” rewarded by the Path of the Source Realm, but apart from the appearance, the practicality is exactly the same!

“This...” Xu Ming was dumbfounded when he looked at this chapter of the Nine Stars Disorder, which was several thousand dollars! It was hard for her to imagine what Xu Ming experienced after entering the abyss and another universe, and how could there be so many treasures!

If Xu Yin knew that these treasures were just a pile of **** in Xu Ming’s eyes, I don’t know how Xu Yin would feel...

But at this time, in addition to being dumbfounded, Xu Yin couldn’t help but hope that her long-sealed memory could finally be unlocked!

Chapter 2209: Father

Xu Yin stretched out his jade hand and grabbed a fragment of the power source stone. Then, she took a deep breath and moved directly.

boom!

The method of using the modified Originium Fragment is the same as Chapter of Chaos, so Xu Yin can easily activate the power in the Originium Fragment of Power.

Xu Yin's momentum was instantly elevated to the level equivalent to the "tenth order" of the universe!

Ten tiers, it is not too strong in the sea of cosmos; however, in Xu Ming's hometown cosmos, it is definitely the most powerful Great Venerable!

At this time, Xu Yin is strong enough to be ranked in the top ten of the real universe!

"What a powerful force!" Xu Yin couldn't help but be startled.

But at this time, she didn't care about the surprise, but even urged her energy to charge towards the memory restriction in her mind.

The memory restriction left by Gu Hanmo in Xu Yin's mind is mainly to prevent other powers from peeping at Xu Yin's origin; as long as Xu Yin's own strength reaches the level of a great master, it is very easy to break this memory restriction. What's more, Xu Yin now has the strength of the top great master of the real universe.

puff!

The ban was instantly lifted.

When he was just born, all the memories in the God's Domain came back to Xu Yin's mind.

Xu Yin looked at Xu Ming, feeling both unfamiliar and familiar.

"Father!" Xu Yin couldn't help shouting.

Xu Ming looked at his daughter.

After hundreds of millions of epochs, at the end of the path to the source world, father and daughter will finally recognize each other.

After a long time, Xu Ming said, "Go back!"

With Xu Ming's current strength, he can easily swept the entire real universe. Therefore, he naturally does not need to disguise as "Jianyi", and can directly return to the real universe as Xu Ming.

Although Xu Yin doesn't know how strong her father is now, if nothing else, just the thousands of pieces of "Nine Stars of Disorder" that her father just gave her is enough for her to not have to worry about any big things in the real universe. I can. And Xu Yin believes that her father must be stronger than she imagined!

This is a girlish mentality, blind worship of the father!

Besides, Xu Yin guessed right – Xu Ming's current strength is far beyond her imagination!

...

The entrance to the source world.

On the chessboard.

At this time, the Heavenly Sovereign from all forces has gathered.

"Jian Yi of the Eternal Palace, this time is really a big deal! I don't know where he went on the road of the source world..."

"Isn't it! The top great masters, such as the great master of the night and the great master of bitter rain, have already descended on the Disorder City; the Eternal Palace Master has also brought people there! I am afraid that more than half of the top masters of the entire true universe are here. It's gone!"

"I really didn't expect that Jian Yi's talent and strength would be so strong!"

"I really didn't expect it! I have been in contact with Jian Yi before. Although his talent is good, he is far from being so defiant... It seems that Jian Yi must have been clumsy before!"

The Heavenly Supremes in the source realm naturally did not know that this “Jianyi” was actually disguised by Xu Ming. Many people couldn’t help sighing about Jian Yi’s talent there.

“However, how can it be against the sky? The more against the sky, the more the Great Senior Changye will not let him go, right? – Could he be able to leave the Disorder City alive!?”

“It’s hard to say! The Eternal Palace Master will definitely protect him! Maybe, even the treasures of the palace that the Eternal Great Venerable left behind have already been brought out!”

Just as the Supreme Beings were discussing, two figures appeared in the distance of the road to the source world – it was Xu Ming and Xu Yin.

The appearance of Xu Yin was expected by everyone; however, the appearance of Xu Ming was beyond everyone’s expectations.

For many days, Supreme couldn’t even react: “Xu Ming?”

“Why did Xu Ming appear on the Path of the Source Realm? I’ve never seen him enter!”

“And... why is Xu Ming and Xu Yin together? What about Jian Yi?”

Soon, all the Heavenly Sovereigns reacted—that Jian Yi was fake!

“There’s no such thing as Jianyi! It must be Xu Ming disguised as Jianyi!”

“Yes! Feng Zhou Ding is in Xu Ming’s hands, he can disguise himself as anyone! But... I’m afraid no one would have thought that Xu Ming would disguise himself as Jian Yi!”

“Yeah! Xu Ming is wanted by the Eternal Palace! Disguised as Jian Yi, isn’t this knowing that there are tigers in the mountains and preferring to walk in the mountains?”

“But... disguise, just disguise! Why are you taking off the disguise now? The Eternal Palace will definitely not let Xu Ming go!”

“Yeah! After all, I have to wait until I leave Disorder City, and then take off the disguise! Take off the disguise now, isn’t this courting death?”

“Whether Xu Yin can survive, it’s hard to say! But, Xu Ming, he must die!”

At the same time, the news about Xu Ming and Xu Yin returning from the path of the source world and about Jian Yi was actually disguised by Xu Ming. These news spread quickly and reached the ears of the great lords outside Disorder City.

Whether it was the Great Master Changye or the Eternal Hall Master, they were all shocked when they learned that Jian Yi was Xu Ming. However, they also couldn’t figure out why Xu Ming would take off his disguise at this time – is he dying?

“Xu Ming killed the people in my Eternal Palace and I have a grudge against my Eternal Palace!” The Eternal Palace Master secretly said, “However, Xu Ming saved Xu Yin, no matter what the purpose was, it was considered a You have done me a big favor for the Eternal Hall! – After he comes out, I will question it carefully before deciding what to do with it!”

The Eternal Palace Master is still more rational. Moreover, he was also quite moved by Xu Ming’s talent, and wondered whether he would take the opportunity to bring Xu Ming into the Eternal Hall.

“Haha! It’s interesting!” Great Senior Chang Ye’s eyes flashed brightly, and he didn’t know what he was thinking.

However, the news that Xu Ming appeared in the source world quickly spread throughout the real universe. Soon, it also reached the ears of Zihe Great Venerable and Chi Mie Great Venerable.

The Void Ladder descends on Disorder City.

Zihe Da Zun was on the Void Ladder, and within a few steps, he crossed the real universe and came to Disorder City. He waited coldly for Xu Ming to appear: “The cosmic heresy! This time, it is absolutely impossible for you to escape!”

Chi Mie Da Zun also rushed to Chaos City – after hearing about Xu Ming’s performance on the road to the source world, he was even more eager to kill Xu Ming!

“With Xu Ming’s talent, when he breaks through to the realm of the Great Venerable, he will be another Great Venerable Kunpeng, the Great Venerable Eternal!” Great Venerable Chimie was terrified, “Xu Ming will not die, I feel uneasy!”

Chi Mie Da Zun is very aware of Xu Ming’s threat, and is even willing to remove Xu Ming at all costs. After all, he and Xu Ming had a deadly feud, and it was impossible to solve it!

However, what the Great Senior Chimie didn’t know was that there was no need to wait for Xu Ming to break through to the Great Senior Realm! The current Xu Ming is no longer something he, nor any great master in the real universe, can compete with!

Xu Ming alone is enough to crush the entire real universe!

And this, no one knows!

Finally, in the eyes of the top beings in the real universe, Xu Ming’s figure returned to Disorder City.

Chapter 2210: Who Do You Think You Are?

“Xu Ming!”

Outside the Discord City, the eyes of dozens of Great Venerables all focused on Xu Ming at once.

Among these gazes, there are the three giants of the true universe, the Great Master Changye, the Master of the Eternal Palace, and the Great Master Zihe!

There are also super-powers such as the Red Extinction Great Senior and the Bitter Rain Great Senior who are ranked in the top ten in the entire true universe.

However, all the eyes of these great experts looking at Xu Ming have one thing in common, that is, they have bad intentions!

These gazes aimed at Xu Ming were like javelins shooting at the prey one after another, as if Xu Ming was already a turtle in a urn.

To be honest...

Whether it is the Eternal Hall Master, Chang Ye Da Zun, Chi Mie Da Zun, Zi He Da Zun, they all stand on the opposite side of Xu Ming.

The owner of the Eternal Palace had a grudge against Xu Ming because Xu Ming had killed the Supreme Being of the Eternal Palace. He even sent Jian Yi and others to enter the Three Realms Universe to hunt down Xu Ming.

The feud between the Great Master of the Long Night and Xu Ming was because Xu Ming had ruined his good deeds outside the Eternal City. It was because of Xu Ming's disguised Jian Yi that destroyed Chang Ye Da Zun's plan.

The Great Senior Zihe, on the other hand, wanted to represent the will of the universe and eradicate the heresy of Xu Ming!

As for the Great Senior Chimie, not to mention that Gu Hanmo was besieged and fell in his previous life, and the Great Senior Chimie was the "main force" among them! Because of this, Xu Ming and him are definitely not going to die; of course, the Great Master Chimie also wants to kill Xu Ming before Xu Ming grows up.

...

In the disorderly city, the heavens are full of hustle and bustle.

"Is he Xu Ming?"

"It's him, Jian Yi in disguise?"

"After being targeted by so many great lords, how can you still not change your face? This Xu Ming can be regarded as courageous!"

"What's the use of being brave? It's hard to say whether you can live or not!"

The Heavenly Sovereigns of Disorder City, although they have heard that Xu Ming's performance on the Road to the Source Realm is extremely unbelievable. But in their opinion, even if Xu Ming is against the sky, it is only the supreme being of the sky; in the palm of the great deity's hand, what other waves can he find?

Moreover, seeing the look of all the great lords staring at them, Xu Ming is obviously a rhythm that is sure to die!

Because he has subconsciously regarded Xu Ming as a dead person, the Supreme Beings in Disorder City these days are rude when they talk about Xu Ming.

"Father!" Xu Yin voiced angrily, and wanted to kill the younger generation who insulted her father. Xu Yin used the power source stone fragments, but just restrained his breath, so it was not seen by other great masters. But in fact, with her current strength, it is easy for the Heavenly Sovereign to sweep the entire Disorder City.

"No need!" Xu Ming said in a light voice, "It's just a group of destined ants, why bother with them?"

Xu Ming went to the Holy Emperor universe, and his vision has changed.

In the real universe, even the Great Venerable can't get into his eyes; under the Great Venerable, all of them are ants! If you have to care about a random ant you encounter, then you shouldn't be exhausted? When I meet an ant who doesn't know whether to live or die, if I am in a good mood, I will laugh it off; if I am in a bad mood, I will step on it to death.

And now, Xu Ming is clearly in a good mood in the Sacred Emperor universe, and he has gained a lot; moreover, how could he be in a bad mood just after the father and daughter reconciled just now?

Since I'm in a good mood, I don't have the same knowledge as these ants.

...

"Hahahahaha..." Among the dozens of Great Seniors, the first to speak was Great Senior Chimie, "Xu Ming, are you stupid?"

The Great Senior Chimie smiled and said: “If you continue to disguise as Jian Yi, no one will be able to see through you for the time being. In that case, as long as the Eternal Hall Master can withstand the pressure of the Great Master Changye, you can at least live to the Eternal Hall! Now... hehe! Eternal Palace Master, Changye Great Senior, Zihe Great Senior, and I, none of them want to see you alive!”

The Great Senior Zihe did not speak, but only smiled meaningfully.

Sudden

rumbling rumbling...

Time and space twisted into a pair of incomparably huge eyes. The city of disorder on the ground, under the gaze of these huge pairs of eyes, is like a small cosmic will like gravel, descending!

The Great Master Zihe first bowed to these giant eyes, and then turned to Xu Ming unhurriedly: “Xu Ming, I know that you have an unknown means of resurrection! But now, the will of the universe has come; Under the watchful eyes of the will of the universe, no matter how powerful you are as a heretic, you will never escape!”

The will of the universe is coming!

At this time, being stared at by the will of the universe, Xu Ming really couldn't even use the “infinite resurrection”! Once he uses the power of “infinite resurrection” to detach from the rules of operation, then the will of the universe can also ignore the restrictions of the supreme rules of the universe sea and forcibly kill Xu Ming!

But... Does Xu Ming need to use the “Infinite Resurrection” link?

unnecessary!

As long as Xu Ming doesn't use the power of the plug-in that transcends the rules of operation now, the will of the universe will not be able to take action against Xu Ming himself! And the Great Master Changye, the Eternal Hall Master, the Great Master Zihe, and the Great Master Chimie all joined forces, and it was not enough for Xu Ming to fight alone!

“Xu Ming!” The Eternal Palace Master finally spoke up, “Although you used to have a grudge against our Eternal Palace, now, for the sake of saving Xu Yin as long as you let Jianyi go, Our Eternal Palace can’t take action against you!”

When he learned that Xu Ming was disguised as Jian Yi, the Eternal Hall Master guessed that Jian Yi must be in Xu Ming’s hands. After all, Jian Yi has never fallen and never returned to the Eternal Hall; then, it is very likely that He was imprisoned by Xu Ming.

However, the Eternal Hall Master only promised Xu Ming that he could not take action against Xu Ming when he released Jian Yi; however, he would not help Xu Ming to fight against the Great Master Changye, Great Master Zihe, etc.

“Ha!” Xu Ming smiled and didn’t say much.

“Palace Master!” Xu Yinlian wanted to say something, but was stopped by Xu Ming.

“It’s alright!” Xu Ming said in a voice transmission, “Don’t worry, just relying on these people, I can’t help my father!”

Xu Yin heard the words and felt a little at ease.

“Hahaha! Xu Ming, I’m very interested in you!” The Great Master Changye laughed, “Although you have broken my good deeds, there is still no ***** feud between us, and I am also the Great Master Changye. It’s not a vengeful character! By the way, I heard that when you were on the road to the source world, you took Xu Yin and went deep into the seven-star area? Where did you go in the end? Did you reach the end of the road to the source world?”

Chang Ye Da Zun asked this question. First, he was very curious about the end of the road to the source world. Second, he was thinking about whether to take this opportunity to win over Xu Ming.

From this point of view, the Great Senior of Changye is much smarter than the Eternal Hall Master. After all, whoever can win over Xu Ming means whoever can control the Open Heaven Realm!

Of course, there is a price to win Xu Ming, and the price is to offend the “Dao Temple” and offend the will of the universe! And this is exactly where Changye Great Venerable has the courage!

Chang Ye Da Zun continued to say to Xu Ming: “As long as you defect to me, I can protect you!”

“To defect to you?” Xu Ming smiled, “What are you? You dare to let me defect to you?”
