

A World 2271

Chapter 2271 Quota of the Tower of Truth

Disorder Pavilion.

It is the Treasure Pavilion of the Temple of Discord.

Whether it is to exchange treasures or exchange for special places, you need to come to the Disorder Pavilion – such as the place in the Tower of Truth.

And the person who guards the Discord Pavilion is a super powerhouse at the level of a worldbreaker in the Temple of Discord! It is said that the status of this existence in the Temple of Disorder is no less than that of the Temple Master, and even higher than that of the general elders!

When Xu Ming walked into the Discord Pavilion, the pavilion owner was holding a novel and looked at it leisurely, with a somewhat wretched smile on his face.

Seeing Xu Ming coming in, he laughed for a while, before slowly putting down the book and looking up at Xu Ming.

“Pavilion Master!” Xu Ming salutes.

“You are Xu Ming?” The pavilion master smiled and looked at Xu Ming, with a look of admiration on his face, “Not bad! Although it is only the cultivation of Tian Zhizun, it can survive the siege of many ‘sixteenth-order’ powerhouses. It even killed nine ‘16th-order’ powerhouses! Your deeds... in the novel, you can be called the protagonist!”

“Eh...hehe!” Xu Ming could only smile.

“What? Are you here to exchange some treasures?” The pavilion master asked again, “You have done a lot of meritorious deeds, enough to exchange for some treasures suitable for your use now!”

The Temple of Discord will give out some merit points to the new disciples. The higher the rank in the entry assessment, the more meritorious points will be issued.

And Xu Ming, not only ranked first in the entry assessment, but also killed eight Demon Abyss powerhouses and a Cosmic Sea traitor, and obtained a lot of merit points; therefore, Xu Ming's merit points are indeed Far more than the average disciple.

“How much merit do I have?” Xu Ming asked.

“Two thousand four hundred merit points!” The pavilion master explained with a smile, “You will be rewarded with fifteen hundred points when you enter the gate; you will be rewarded with nine hundred points for beheading the Demon Abyss powerhouse and the Cosmic Sea traitor!”

“Oh...” Xu Ming understood.

A Demon Abyss powerhouse, worth 100 merit points.

I just don't know how valuable a little merit is.

The pavilion master explained: “A little merit point can be exchanged for a top-quality power source stone, or an ordinary world-breaking magic weapon!”

The value of an ordinary world-breaking divine weapon may not even be comparable to a top-quality source stone of power. After all... The World-Breaking Divine Weapon, everyone has a few pieces in their hands, which is enough to use; but the top-quality Origin Stone is the more the better, and every battle needs to consume a lot.

In the Temple of Discord, 2,400 Merit Points is actually a huge sum for an ordinary new disciple. However, for Xu Ming, it is not attractive at all.

After all, Xu Ming has nothing but treasures!

You must know that all the treasures of the Eternal Great Venerable are here in Xu Ming. Even... Xu Ming was a little suspicious, adding up the treasures in the Discord Pavilion, he might not necessarily be rich!

Of course, Xu Ming didn't come here mainly for treasures, but for something else – a place in the Tower of Truth!

Long before joining the Temple of Discord, Xu Ming had promised to exchange for a place in the Tower of Truth with Saint Mo!

“Pavilion Master, I want to exchange for a place in the Tower of Truth, how much merit do I need?” Xu Ming couldn't help asking.

“The quota for the Tower of Truth?” The pavilion owner glanced at Xu Ming in surprise, and said, “You don't use it yourself, right? – Certainly not! With your talent, it can be said that it is not difficult to become a world breaker, and naturally There is no need to enter the Tower of Truth! Only those who have been trapped at the Great Senior level for too long will be unable to think about it and want to enter the Tower of Truth!”

“I exchanged it for others!” Xu Ming said truthfully.

“The number of places in the Tower of Truth is not something that can be measured by merit value!” The pavilion master said with a meaningful smile.

“Oh?” Xu Ming was startled.

“Xu Ming!” The pavilion master said again, “Do you know what it means to enter the Tower of Truth?”

Xu Ming said: “I heard that after entering the Tower of Truth, you can see all the mysteries of the Universe Sea; however, if you enter the Tower of Truth, you will surely die and never come out again!”

“That's right!” The pavilion master nodded, “Entering the Tower of Truth, you can see all the mysteries of the Universe Sea, but do you know where these mysteries come from?”

“Where did it come from?”

“You need a world breaker to contribute your own consciousness!” The pavilion master smiled strangely.

Boundary breaker? Contribute your own ontological awareness?

Xu Ming was also stunned!

What is ontological awareness? – For example, Xu Ming, if he has no body consciousness, then he is dead!

Let the Boundary Breaker contribute his ontology consciousness, and the Boundary Breaker will die!

“So... a place in the Tower of Truth is actually the body consciousness of a world breaker!” The pavilion master smiled, “Do you understand?”

“It’s even harder than killing a world breaker, right?” Xu Ming couldn’t help saying.

“It’s more difficult! It’s so much more difficult!”

For an existence like the “pavilion master”, it is actually relatively easy to kill an ordinary world breaker – after all, among the world breakers, there are also different levels, and there is a big gap between the strength and the weak.

However, capturing the ontology consciousness of a world breaker would be much more difficult!

The world breakers, naturally no one is willing to have their own body consciousness captured! – They know very well what it means when the ontology consciousness has been captured! Therefore, even if they die, they are not willing to let themselves become a place in the Tower of Truth, and then they will be cheaper for others.

“So...” The pavilion master continued, “That’s why I said that the quota for the Tower of Truth is not something that can be measured by merit! If anyone wants to get a quota for the Tower of Truth, they can go and catch the body of a worldbreaker. Consciousness, let’s change a place!”

In the Discord Pavilion, it is not that there is no place to “store” the Tower of Truth – that is the place that the Discord Pavilion had already offered the World Breaker’s ontology consciousness to the Tower of Truth before.

But even if there are places, the number is not many, and it is not redeemable for meritorious value!

“Holy Envoy and Mo, you really gave me a problem!” Xu Ming couldn’t help thinking.

Fortunately, Xu Ming only said that he would try his best to help Saint Mo to obtain a place in the Tower of Truth, and did not promise “certainly”.

“It’s a certain holy messenger of the Holy Emperor Universe, please help me with this, right?” the pavilion master asked again.

When you reach the level of “pavilion master”, you will naturally no longer pay attention to the situation of the saints in the Holy Emperor universe – after all, even if the saints are “sixteenth-order” powerhouses, they are powerful against world breakers. In other words, they are nothing but a bunch of servants who can be called upon.

“Yes!” Xu Ming replied.

“Don’t worry about such a boring thing!” The pavilion owner smiled lightly, “Although we deliberately spread the news about the Tower of Truth, we didn’t plan to give those holy envoys a chance to enter the Tower of Truth! Just let them When you see some hope and do things for us, you have a little motivation!”

“Uh...” Xu Ming was dumbfounded.

However, Xu Ming also knows that those “16th-order” powerhouses who have no hope of breaking through to the world breaker are actually quite boring in their lives – because they have no goals to pursue!

If you are a “fifteenth-order” powerhouse, you will have a goal in mind and hope that you will break through to the “sixteenth-order”.

And “sixteenth-order” powerhouses like the Holy Envoy know that they have no chance of breaking through to the world breaker, what else can they do? Of course there is no goal to pursue!

So... some “sixteenth-order” powerhouses will lead a secluded life; and some, such as the Great Master of Karma who was killed by Xu Ming, will even flee to Moyuan – because Moyuan gives their hope.

And the Temple of Discord, deliberately releasing the news of the Tower of Truth, is actually a hope for those “confused” 16th-order powerhouses! Let them think that one day, they will be able to enter the Tower of Truth, know all the mysteries of the universe sea, and then die without regrets.

And Sage He Mo and the others have indeed been looking forward to it, hoping that one day they will be able to get a place in the Tower of Truth – after all, although this place is rare, it is not completely hopeless! Anyway, life is endless and long, wait slowly, sooner or later, it will be a turn, right?

Like and the holy envoy Mo, they pinned their hopes on Xu Ming. And the same way, other holy messengers have done it before.

“Xu Ming, you should take a look at the other treasures here and see if there is anything you need!” The pavilion master said again.

At this moment, the pavilion master suddenly said in surprise: “Xu Ming, I just received a voice transmission from the temple master, let me take you to him now!”

Chapter 2272 Reincarnation?

Under the leadership of the pavilion master, Xu Ming walked into the depths of the void, and came to a very strange time and space – this is the residence of the temple master of the Temple of Chaos.

The hall master was shrouded in a black robe and was huge.

Seeing Xu Ming coming in, the hall master quickly opened his huge fiery red pupils and glanced at Xu Ming.

“Xu Ming...” The hall master pondered for a while. Suddenly, he asked, “Are you a reincarnator?”

The pavilion master on the side couldn't help but look at Xu Ming, wanting to see how Xu Ming would react.

"Reincarnation?" Xu Ming's face was full of doubts, and he couldn't help asking, "What is Reincarnation?"

actually...

When the Discord Hall Master asked the word "reincarnation", all his attention was focused on Xu Ming.

How tyrannical is the strength of the Discord Hall Master? Even in the realm of the world breaker, it is the most powerful level! With a random move by the Lord of Discord, he can easily kill an ordinary world breaker!

When the Discord Hall Master carefully observes a person, he can naturally see the inside and outside of a person very thoroughly! When his attention is focused on Xu Ming, every particle on Xu Ming's body is under his observation; at this time... if Xu Ming is telling a lie, he will be instantly dismissed by the Discord Hall Master found to be different.

However, Hall Master Chaos did not find anything unusual in Xu Ming.

The pavilion master on the side was actually observing Xu Ming, and he also didn't notice anything unusual about Xu Ming.

"It seems that he really doesn't know what a reincarnator is!" The pavilion master said to the hall master privately.

"Yeah!" The hall master also said, "We observe at the same time, we can't get it wrong! Since he really doesn't even know what a reincarnator is, it can't be a reincarnator! – It's not a reincarnation, but it has reached such a level. Strength... this kind of talent is terrible!"

"Yeah!" The pavilion master also sighed, "As long as he is given enough time to grow, his achievements in the future will probably surpass you and me!"

The sound transmission between the two is between lightning and flint.

At this time, the hall master said to Xu Ming: “The reincarnations are a very scary group of people! Since you don’t know, we can’t explain it to you in detail! When you step into the realm of the world breaker, you will naturally understandable!”

“Oh...” Xu Ming knew that this was because of the limitations of the Supreme Rule.

Under the restrictions of the supreme rules, many things are only qualified to know at the level of the world breaker. Moreover, even if the Boundary Breaker knows about it, it cannot be passed on to the existence “under the Boundary Breaker” – even now, the Discord Hall Master is willing to tell Xu Ming, but Xu Ming can’t hear anything! This is the limit of the supreme rule!

“Don’t worry!” The pavilion master said, “With your talent, becoming a world breaker is not difficult at all, and it shouldn’t take much time! And... after you step into the world breaker level, you should be able to quickly Become a ‘Enlightenment Class’!”

“Qi Ling level?” Xu Ming wondered – he had never heard of this term before.

“It’s not a secret!” The pavilion master continued, “What you call the ‘Boundary Breaker’ realm is also what we call the ‘Jiezun’ realm! The realm of Jiezun is divided into five realms—weak, obscure Level, Qiling Level, God Level, and... Supreme Realm Venerable!”

The Discord Hall Master said on the side: “Weak-level, obscure-level Jie Zun, every cosmic era, many will be born in the cosmic sea, it is not worth mentioning! And the time they can stay in the cosmic sea is also limited. ; Once the time limit is up, under the restriction of the supreme rule, they can only break the boundary and leave!”

“And Qiling-level Jie Zun, it is very rare! But fortunately, the Jie Zun above the Qi-ling level, who will not be expelled by the supreme rules, can only break through the boundary!”

“Breaking the world away?” Xu Ming seemed to understand why “Jiezun” was commonly known as the “worldbreaker”.

“Haha!” Hall Master Discord laughed, “You can’t hear what we said!”

“Okay...” Xu Ming was helpless.

The supreme rule... is like a solid wall, dividing between “Jie Zun” and “Great Zun”.

Jie Zun can communicate freely with each other.

The Great Venerable and Heavenly Supreme were blocked from a lot of information. And these “shielded” information is the truest truth of the universe sea!

“No wonder...” Xu Ming secretly said in his heart, “No wonder, even if he knew that he would die, he still wanted to enter the Tower of Truth! For a Great Venerable who has lived for too long, he is always separated from the truth by a thin film. You will never know, how uncomfortable this is!”

“Don’t worry, Xu Ming, you will know all this soon!” The pavilion master said with a smile.

“Ha!” Xu Ming also laughed – compared to envoys with Mo Sheng, Xu Ming is much better! After all, Xu Ming was just aroused by the “truth of the universe sea”, and it won’t be too long before he will know the truth.

“Then...” Xu Ming changed his question, “Palace Master, Pavilion Master, what is your realm!”

“We are all the Supreme Realm Sovereign!” the pavilion master said lightly.

The hall master smiled and said: “In the universe, only the two of us have reached the realm of Supreme Realm! I really hope... you can become the third!”

“Yeah!” The pavilion master also sighed, “In that way, the two of us will not be as lonely as we are now!”

The heights are so cold!

What’s more, the temple master of the Temple of Discord and the pavilion master are standing on the highest point of the entire universe sea – the two of them are now facing Xu Ming, but they are actually restrained. If they didn’t restrain their breath, I’m afraid they would be able to kill Xu Ming in one second just with the momentum they radiated!

“Xu Ming!” At this time, the Discord Hall Master said again, “Actually... I asked you to come, and I have something to ask for!”

The pavilion master didn't speak, he had expected it – what else could happen? Naturally, it is about Moyuan!

The Lord of the Discord continued: “You should know... Now is the peaceful period of the cosmos sea Even me, under the restrictions of the supreme rules, cannot leave the Holy Emperor Cosmos, let alone take action to suppress it. One hundred and thirty-seven Demon Abyss passages! As for the powerhouses at the level of Heavenly Supreme and Great Venerable, the Moyuan side is far beyond our cosmic sea side; if a large number of Moyuan powerhouses flood in, the entire cosmic sea will Destroy!”

“And now, the only one who can stop this is you!”

Demon Abyss represents death.

The massive influx of Demon Abyss powerhouses will bring the entire cosmos sea into ruin—at that time, even if the Discord Hall Master can walk out of the Holy Emperor Cosmos and fight, he will not be able to reverse the situation!

And now, how bad is the situation on the Cosmic Sea side? – As the Discord Hall Master said, now, the only one who can organize all this is Xu Ming.

If Xu Ming hadn't been born in time, the entire universe sea would have ushered in a great shatter in this universe age!

Chapter 2273 Can't be enslaved

Long silence.

Xu Ming was lost in thought.

On the way to Jihai Universe, Xu Ming had been hearing about the horror of “Magic Abyss”.

But what exactly is Demon Abyss?

Xu Ming actually didn't know. He only knows that Moyuan means death and destruction; if the battle between Cosmic Sea and Moyuan is defeated, then the entire Cosmic Sea will be destroyed.

But now, because the sea of cosmos is in a period of calm, under the restrictions of the supreme rules, the power of the world breaker cannot leave the universe and enter the sea of cosmos; therefore, in this battle, the two sides can only be "under the world breaker". The strong will decide the winner.

And under the world breaker, at the Great Senior level, the Cosmic Sea side is far weaker than the Demon Abyss side! – The masters of the Discord Hall and other world-breakers know this very well, so they used heavy treasures to suppress these demonic abyss channels as soon as they appeared.

Of course, this repression was not complete. After all, the Cosmic Sea side can have the means of repression, and the Moyuan side can naturally have the means to break through the repression.

Therefore, the powers on the cosmic sea side only use heavy treasures to restrict the "great masters" from entering the Demon Abyss channel. In this way, the battle in the Demon Abyss channel is limited to the "Heavenly Supreme Level".

If it is the Great Venerable level, the Cosmic Sea side is far weaker than the Moyuan side; however, at the Heavenly Supreme level, plus the "war weapons" refined by the world breakers, although it is still weaker than the Moyuan side, at least it has been Qualified to compete! Therefore, there are only 137 Demon Abyss passages, and countless billions of Heavenly Sovereigns participate in the battle!

"What is the other end of the Demon Abyss tunnel?" Xu Ming asked his doubts.

As for what the other end of the Moyuan channel is, Xiang and Mo Shengen are not very clear, and Xu Ming naturally has no way of understanding. However, the Discord Hall Master must know, but he doesn't know whether the Supreme Rules allow him to tell Xu Ming.

“This is not restricted by the supreme rules!” The Discord Hall Master naturally knew Xu Ming’s doubts, so he said directly, “The other end of the Demon Abyss passage is the ‘Mo Yuan’, which we also call the ‘Land of Death’. ‘!’”

“The place of death?” Xu Ming asked.

“Yes!” The Lord of Discord said solemnly, “That is the place of pure death and destruction! There... even the supreme rule has died! It has become the ‘death supreme rule’!”

Supreme Rule... also dead?

This is the first time Xu Ming has heard such a statement.

Constraining the entire cosmos sea, the supreme rules of countless world breakers and countless great masters... actually died there! ?

That kind of place is really unimaginable by the current Xu Ming!

“Moyuan also has the great power of Jie Zun!” The Discord Hall Master continued, “And... as far as I know, the power of Jie Zun at all levels of Mo Yuan is much more than that of our Universe Sea! Our Universe Sea, the Supreme Jie Zun, there are only two of us; and in Moyuan, there are at least a hundred Supreme Realm Venerables!”

Xu Ming once again understood the gap between the universe sea and the magic abyss – not an order of magnitude!

“But fortunately, whether it is on the side of Moyuan or our cosmic sea, Jie Zun can’t pass through the ‘Moyuan channel’! If the Jie Zun of Moyuan wants to come to our cosmic sea, it must be established in our cosmic sea. Raise the ‘Moyuan Altar’!” The Discord Hall Master said again, “The great lords of Moyuan, they entered the cosmos sea through the passages of the Moyuan, precisely to establish the ‘Moyuan Altar’! – You know, in the big At the level of respect, our cosmos sea is far inferior to Mo Yuan! As long as they kill enough great masters in the calm period of the cosmos sea, our cosmos sea will not be able to resist!”

During the calm period of the cosmic sea, the world breakers could not go out of the universe and enter the cosmic sea! And the Great Senior level is far weaker than Mo Yuan’s side! Therefore, as the Discord Hall Master said, if there are many Great Venerable Moyuan entering the Universe Sea,

then the Universe Sea will be powerless to resist, and the Moyuan Altar will definitely be established smoothly; once the Moyuan Altar is established, With the huge gap between the “Jie Zun level” of the two sides, the result can be imagined!

Cosmic Sea will die!

fine!

Fortunately, the Discord Hall Master and others immediately let the holy envoys carry heavy treasures, suppressed 137 Moyuan passages, and limited the battle of Moyuan passages to the “Heavenly Supreme Level”.

fine!

Fortunately, now that Xu Ming was born, the battle of the Demon Abyss Channel, which was still at a disadvantage, suddenly became an absolute advantage!

“Xu Ming!” The Discord Hall Master said sternly, “You have completely suppressed one Demon Abyss passage, and the other 136 Demon Abyss passages also need your action!”

“It’s natural!” Xu Ming said without hesitation.

In fact, even if the Discord Hall Master didn’t say anything, Xu Ming would definitely suppress the other 136 Demon Abyss passages.

After all... Xu Ming is also a member of the Universe Sea!

If there is no skin, how can the hair be attached? If the sea of cosmos really ushered in complete destruction, Xu Ming may not be able to survive alone! Taking a step back, even if Xu Ming can be alone, what about those people in the universe in his hometown? What about Xu Ming’s relatives?

Xu Ming couldn’t be sure if he would really be able to take his relatives to stay safe if the catastrophe happened. So... the safest way is to nip this catastrophe in the bud!

“Then there is work!” The Discord Hall Master said politely, “When the time comes, I will send a team of holy envoys to **** you all the way to the various Demon Abyss passages! Although, with your strength, you are not afraid of the ‘sixteenth order’ The interception of the strong; but after all, one more thing is worse than one less thing, with the **** of the holy envoy brigade, the road will be calmer!”

“Okay!” Xu Ming nodded.

“Oh, that’s right!” The Discord Hall Master said again, “You seem to want to exchange a place for a Tower of Truth, don’t you? – Under normal circumstances, to exchange a place for a Tower of Truth, you must use a Jie Zunda. It can be exchanged for your own consciousness! However, with your contribution to the universe, you don’t have to be bound by common sense! In the Discord Pavilion, there are just a few places for the Tower of Truth, so you can take one later!”

“Thank you!” Xu Ming was actually not very concerned about the quota for the Tower of Truth. But to be honest, Xu Ming is so rich now that he really doesn’t need any other treasure reward for the time being;

If that’s the case, then take a place for the Tower of Truth first, which can be regarded as a favor before the Holy Envoy Mo. After all, Xu Ming’s strength was not as strong as it is now, and the Holy Envoy He Mo still gave him a lot of help.

Xu Ming didn’t like to owe favors, he could pay them back.

...

After Xu Ming left Pavilion Master Discord, he came to Hall Master Discord again.

“How is it?” The pavilion master asked directly.

“It can’t be enslaved!” The Discord Hall Master shook his head, “If you can enslave this Xu Ming, it will be done once and for all, and you will never have to worry about the invasion of Moyuan! But... Since it can’t be enslaved, then we will coax this Xu Ming. Bar!”

“I can’t enslave him either!” The pavilion master also shook his head and said, with a sympathetic expression from before, he was completely different, “There seems to be some kind of power

hidden in this Xu Ming, which makes me feel jealous! If it wasn't for enslavement, I won't bring him to your place either!"

"This Xu Ming, with the cultivation of the Supreme Being, is so powerful, there is a bit of a secret on his body, there is nothing strange!" Hall Master Discord said lightly, "I thought he was a reincarnator, but obviously he is not! However, I am afraid that he It won't be easier than a reincarnator!"

"Yes!" The pavilion master responded in a low voice.

Chapter 2274 Everywhere

The Saint Emperor universe is divided into 108,000 territories.

Every territory is a thousand times larger than Xu Ming's home universe!

A certain mortal continent.

This is the world of mortals, and even the strongest here have a lifespan of only tens of thousands of years; those with stronger strength have been teleported away from this world. The creatures here, in the eyes of the powers, are nothing more than mayflies that are dying.

In the northern part of the mainland, in a small city. Su family.

The young Su Mo couldn't accept it: "Why!? Why is my martial spirit the most **** yellow-level low-grade martial spirit..."

He is not reconciled!

In this world, martial spirit determines talent. There are four grades of "Xiandi Xuanhuang", and each grade has three grades of "upper, middle and lower"; the lower grade of yellow is destined to have no achievements in this life's cultivation!

At this time, a voice sounded directly in Su Mo's mind: "Do you want to become stronger?"

“Who!?” Su Mo was stunned for a moment, as if he had seen a ghost – he was sure that the sound did not come from the surroundings, but sounded directly in his head.

The voice in my head continued: “Are you longing for power? Do you long to be a strong man admired by thousands of people? Do you long to reach the peak of the world and be famous through the ages? I... the great Holy Envoy He Mo, grant you to surpass the level of heaven ‘Devouring Martial Soul’!”

Immediately afterwards, Su Mo felt some changes in his martial spirit. Although it still doesn’t seem to be much different from the Huang-level martial arts spirit, as the owner of the martial spirit, Su Mo felt that this martial spirit seemed to have infinite growth potential.

And at this moment, the time of the entire continent suddenly stopped.

Of course, the creatures on this continent are unaware of this—because these mortal creatures have no concept of “time” at all, and they don’t even know that they are in a state of “time stopped”.

“Holy Envoy Mo!” Xu Ming’s playful voice sounded, “You’re so boring! You’re actually hiding in a mortal world to play the game of ‘Grandpa’!”

“Hahahaha...” He Mo Shengen also laughed, “Life is too long and it’s boring, watching the growth of these mortals who live and die is like watching a scene, and sometimes it’s a very interesting pastime. !”

For Su Mo, a “devouring martial soul” that surpassed the sky level completely changed his life. From now on, he will no longer be ordinary.

But for Holy Envoy He Mo, when he was really bored, he squatted down to take a look at the ants on the ground, and then gave a lucky little ant a grain of rice. That’s all.

“Okay...” Xu Ming said speechlessly, “I haven’t had an experience like yours!”

“You’re still very young! And I... don’t know how many cosmic eras I’ve gone through!” He Mo Shengshi smiled and said with emotion, “By the way, why are you looking for me? You even came over to see me. !”

“I have something for you!” Xu Ming said.

“Oh?” He Mo Shengen was stunned for a moment, and then suddenly realized something, his eyes couldn’t help but light up a little.

Xu Ming said lightly: “It’s... the quota for the Tower of Truth!”

“Really!?” He Mo Shengen was immediately excited.

When Xu Ming stretched out his hand, a perfectly perfect black sphere was floating above his palm. On this black ball, there is an aura of the supreme rule, as if it is a materialized supreme rule.

“That’s it!” Saint He Mo couldn’t hold back any longer.

The quota for the Tower of Truth is actually such a black sphere.

As for how this kind of thing came to be, it is not very clear with the Holy Envoy Mo; I heard that it was exchanged by the Discord Hall Master and the Supreme Rule.

Even in the Holy Emperor Universe, there are very few great masters who can get this black ball.

Saint He Mo even wanted to grab the black ball in his hand immediately. But the thing is in Xu Ming’s hand, he definitely can’t reach out and take it!

“Take it!” Xu Ming smiled when he saw the appearance of Saint He Mo. I really didn’t expect that when He Mo Sheng Envoy saw this black ball, he would be so excited, “It was originally for you!”

“Thank you so much!” He Mo Shengen was grateful, “By the way, Xu Ming, I promised you, as long as you help me exchange for a place in the Tower of Truth, I will give all the treasures that I have accumulated in my life. You! Come with me, and I’ll take you to where I hide my treasure now!”

Of course, the Holy Envoy He Mo did not forget his promise to Xu Ming, nor would he be stingy; after all... entering the Tower of Truth means death! You’re going to die anyway, so what’s the use of keeping treasures?

“Holy Envoy and Mo, you can think clearly!” Xu Ming said, “After entering the Tower of Truth, no one can come out alive!”

“Hahahaha...” He Mo Shengen couldn’t help laughing, “I’m looking forward to this day, I don’t know how many cosmic eras I’ve been looking forward to!”

Xu Ming did not persuade him much.

This is the choice of the Holy Envoy He Mo. For Saint Hemo, his greatest wish in life is to enter the Tower of Truth. And... in the Holy Emperor universe, I don’t know how many great masters would envy and Mo holy messenger.

“Hahaha... Today is really a good day!” He Mo Sheng envoy laughed, his eyes fell on the nearby “Su Mo”.

In fact, the Holy Envoy He Mo did not come to this mortal continent; however, for him at the Great Senior level, even if it was outside the continent, the entire continent was “nearby”.

“I’m in a good mood today! Besides, this kid should be the last person I’ve met since I played in the world for endless years! If that’s the case, then... give him another chance!” He Mo Shengshi waved his hand, Then some exercises and treasures were directly sealed in Su Mo’s Sea of Consciousness space. This treasure is nothing to Sage Hemo and Xu Ming, and it is nothing compared to a hair that is plucked from the body; but, to Su Mo, at least it is enough for him to cultivate to the realm of Heavenly Sovereign!

And this can be regarded as a little mantle left by the Holy Envoy and Mo.

“Xu Ming! Follow me to get the treasure first!” He Mo said, “Give the treasure to you, and then I will say goodbye to my old friends, and I will enter the Tower of Truth!”

He and the Holy Envoy Mo have been looking forward to it.

Since the endless years, Saint Hemo has often heard “Jie Zun” in his ears, saying a few words about the truth of the universe; however, because of the restrictions of the supreme rules, the real truth of the universe, even if it is Jie Zun. They said it, and the Holy Envoy He Mo couldn’t hear it!

He has been curious about Holy Envoy Mo for too long!

And now, his curiosity has finally been solved!

“The Tower of Truth...Where is it?” Xu Ming couldn’t help but ask – he had only heard of the Tower of Truth, but he had never heard of such a magical place in the sea of cosmos.

There is a look of anticipation in the eyes of Holy Envoy He Mo: “The Tower of Truth... is everywhere!”

Chapter 2275 The Tower of Truth Comes

The news that Holy Envoy He Mo was going to enter the Tower of Truth soon spread in the Holy Emperor universe.

The other holy envoys, although they knew that they had chosen a mortal path, they still came to congratulate them—these holy envoys have been stuck at the “16th-order” level for too long, and have been lonely for too long! For them... life and death, the safety of the sea of cosmos, have long been underestimated! Knowing that they have no hope of breaking through to become a world breaker, their only wish is to enter the Tower of Truth and see through the truth of the universe.

Now that Sage Mo and Sage have fulfilled their wishes, the other envoys are too late to envy, so they naturally come to congratulate him.

“Congratulations, Saint Envoy Hemo!” Saint Envoy Yincheng sighed, “I really envy you!”

“Yeah!” The other saints also said, “You will know the truth of the universe immediately! And we... don’t know when we will hope to get the place for the Tower of Truth!”

“Sage Mo, why don’t you... think about it again? Entering the Tower of Truth is a dead end? Or, let me die for you?”

“Go away!” He Mo Shengjian laughed and scolded.

Entering the Tower of Truth is indeed a dead end. But for these Great Venerables who have lived too long and have lived to the realm of “no life without love”, being able to enter the Tower of Truth is definitely a death without regrets!

but...

This kind of “death without regrets” is really incomprehensible to Xu Ming.

Xu Ming watched silently from the side, and thought to himself, “Could it be that... living for too long will really drive people crazy?”

In Xu Ming’s view...isn’t it good to live a good life? Why not go to die?

But now, the Holy Envoy He Mo doesn’t look like he’s going to die at all, he’s just celebrating a big happy event!

“I really don’t understand...” Next to Xu Ming, his follower, the Holy Master Tianmo, “I am wandering in the universe sea, in order to survive and become stronger, it can be said that I will do whatever it takes! And this Holy Envoy He Mo, As a ‘sixteenth-rank’ powerhouse, and the saint of the Holy Emperor universe, it can be said that he has already stood at the peak of the universe sea, but he is begging for death there!”

The Lord of Heavenly Demon shook his head, and he really didn’t understand.

“Maybe we didn’t live long enough...” Xu Ming thought for a while. The “sixteenth-order” powerhouses he has seen, whether it is the Holy Envoy Hemo, other holy messengers, or the Master of the Jihai Palace, or the Cosmic Sea traitor who assassinated Xu Ming before; each of them seems to be You can sacrifice your life for a place in the Tower of Truth! Xu Ming really couldn’t understand this; after thinking about it, he could only say: He Mosheng made them live for too long, so they were “tired of living”.

After all... and Mo Sheng made them live, I am afraid it is much longer than many of the world breakers in the universe!

After living for such a long time, and knowing all the other secrets in the universe, I am afraid... the exploration of the truth of the universe has become the only meaning in their lives.

“Hahaha...” The Lord of Heavenly Demon said with a smile, “I think, no matter how long I live, it won’t be too long!”

“Maybe!” Xu Ming didn’t say much.

boom-

At this moment, a high and ethereal aura descended.

“This is...” Xu Ming was stunned for a moment, “The Great Master Youjie Zun is here!”

Jie Zun, the world-breaker.

Saint He Mo, Saint Envoy Yincheng and others also looked in the direction of the breath. In between, a strong man dressed in animal skins and bare feet with scattered hair came out of the void.

“Tianhao Jiezun!” All the saints saluted one after another.

Tianhao Jie Zun, in the entire universe sea, is regarded as the top Jie Zun!

In the division of the realm of Jie Zun’s power: weak level, obscure level, enlightenment level, god-level, supreme Jie Zun... Tianhao Jie Zun is exactly a “god-level Jie Zun”!

You must know that in the entire universe sea, only the temple master and the pavilion master of the Temple of Disorder are the supreme world respecters; therefore, this “god-level” Tianhao world honor is definitely ranked in the entire universe sea. The number above exists!

Now, the Holy Envoy Hemo wants to enter the Tower of Truth, which has attracted Tianhao Jiezun to visit.

“Hemo, congratulations!” Tianhao Jiezun said casually.

“Tianhao Jiezun!” The Holy Envoy He Mo respectfully returned the salute.

“The Tower of Truth...” Tianhao Jiezun pondered for a while, and then said, “Actually, entering the Tower of Truth may not make any sense!”

“Maybe it doesn’t make any sense?” He Mo Shengshi was taken aback.

“But I know that if you don’t enter the Tower of Truth, you will definitely not be reconciled!” Tianhao Jiezun laughed, “I can only say... After entering the Tower of Truth, you will at least not regret it! Moreover, you can enter the truth. Tower, to be honest, you may be much luckier than the average Jie Zun!”

What Tianhao Jie Zun said about “ordinary Jie Zun” is estimated to be referring to weak-level, obscure-level, and enlightening-level Jie Zun!

“Go!” Tianhao Jiezun said with a smile, “When you enter the Tower of Truth, you will understand what I mean by these words!”

“Okay!” There was a look of anticipation in the eyes of Saint He Mo – he had been waiting for this day for too long! No matter what Tianhao Jiezun said, it would not shake his determination to enter the Tower of Truth; what’s more, Tianhao Jiezun also said, at least he won’t regret it, and he is much luckier than ordinary Jiezun!

He reached out his hand with Saint Mo.

boom!

The black ball that Xu Ming gave him, that is, the quota for the Tower of Truth, was instantly activated by the Holy Envoy He Mo.

Immediately after...

The black ball instantly melted into the void and disappeared.

hum—

A strange wave came.

Everyone knows that this is the manifestation of the supreme rule!

The supreme rule is invisible and invisible, but it is everywhere! If it does not appear, the Great Venerable level will not be able to directly feel the supreme rules.

He Mo Shengen looked excitedly.

Immediately, in front of Saint Hemo, a step-by-step ladder gradually appeared. The ladder extends into the depths of the void, and at the end of the ladder is the Tower of Truth!

“That’s the Tower of Truth?” Xu Ming looked at him in shock.

The tower of truth, almost transparent.

However, it is said that it is a “tower”, but it is very different from the shape of the “tower” that Xu Ming usually sees.

Normal towers are “wide at the bottom and narrow at the top”; while the tower of truth is “narrow at the bottom and wide at the top”.

Xu Ming couldn’t help looking down into the depths of the void. I saw that the lower part of the Tower of Truth kept getting smaller and became infinitely insignificant, even smaller than the tiniest particles on Xu Ming’s body. Bottomless. With Xu Ming’s strength, it was impossible to see how small and how deep the bottom of the Tower of Truth was.

Xu Ming looked towards the top of the Tower of Truth again.

The upper end of the Tower of Truth is gradually getting bigger until it becomes infinitely huge! It was also at a distance that Xu Ming couldn’t understand, and there was a huge size that Xu Ming couldn’t understand; at this moment, Xu Ming only thought of one word: the elephant is invisible.

Up, is infinitely huge!

Down, it is infinitely small!

“Where exactly is this Tower of Truth?” At this moment, Xu Ming couldn’t help being curious.

This curiosity also took root in the hearts of the angels. Right now, the demon saint has not lived long enough, and perhaps he has no feeling for this curiosity; however, as the demon saint lives longer, this curiosity will gradually take root and sprout until it can no longer be suppressed... At that time, the demon saint may be afraid It will be like the current Holy Envoy He Mo, who is extremely eager to get a place in the Tower of Truth!

Of course, even if this curiosity really takes root, it will be after countless cosmic eras.

Saint He Mo was so excited that he was about to step onto the void ladder. Suddenly... a figure on the side, before the Holy Envoy He Mo, burst out with all his strength, desperate to rush to the void ladder – it is the Holy Envoy of Yincheng!

Chapter 2276 Enemies?

“Saint Envoy of Yincheng!!” He Mo Shengen was shocked and angry.

He didn’t expect that at such a time, under the eyes of Tianhao Jiezun, the Saint Envoy of Yincheng would suddenly break out, obviously wanting to come to occupy the magpie’s nest and enter the Tower of Truth before him.

However, the Saint Envoy of Yincheng was too fast, and Saint Envoy He Mo was obviously too late to make any response.

Just when the Holy Envoy He Mo was furious—

boom! !

The saint of Yincheng, who burst into the sky ladder with all his strength, suddenly seemed to have hit an incomparably hard invisible barrier—you must know that with the strength of the saint of

Yincheng, even time and space can be directly smashed; however, he hit Above this invisible barrier, the body of the gods that hit it all shattered, and it was obvious that the injury was not light.

“Stupid!” Tianhao Jiezun’s voice sounded faintly, “The authority to enter the Tower of Truth is actually given to Hemo by the Supreme Rules! If you want to rush into the Tower of Truth, you are actually provoking the Supreme Rules!”

Challenging the supreme rule?

Don’t say it’s a “sixteenth-order” powerhouse! Even the “Supreme World Venerable” would not dare to provoke the Supreme Rules head-on!

“Heh!” The Holy Envoy He Mo also had a mocking look on his face, but he didn’t care about anything. After all, Saint Hemo is about to step into the Tower of Truth and know all the secrets of the universe. At this time, his state of mind is also infinitely elevated in an instant, and there is even a feeling of contempt for other saints.

He and Mo Sheng envoy set foot on the void ladder without any hindrance.

The Saint of Silver City could only watch him jealously as he walked towards the Tower of Truth step by step, and then soon entered the interior of the Tower of Truth.

The tower of truth, almost transparent.

After entering the Tower of Truth with Sage Mo, Xu Ming and others could still see his figure outside.

But at this time, the figure of the envoy He Mo looks a little strange-because the tower of truth is “wide at the top and narrow at the bottom”, so after entering with the holy envoy He Mo, his figure also becomes “wide at the top and narrow at the bottom” “.

The head of Holy Envoy He Mo looks bigger than his entire body.

The expression of Holy Envoy He Mo seemed to be close-up.

Holy Envoy He Mo, who had just entered the Tower of Truth, was full of doubts on his face.

Tianhao Jiezun said slowly: “He has begun to contact the truth of the universe sea!”

Everyone saw that the color of doubt on the face of Sage He Mo gradually became thicker and thicker, as if he saw something completely incomprehensible.

After about a quarter of an hour.

The expression on the face of the Holy Envoy He Mo gradually changed from doubt to shock, from shock to panic, and then from panic to despair...

This made Xu Ming and the others couldn't help but wonder – what did the Holy Envoy He Mo see to show such an expression?

Everyone looked at each other.

“It's normal!” Tianhao Jiezun said lightly again, “If you can step into the ‘realm of Jiezun’ one day, you will naturally understand why Holy Envoy He Mo looks like this. If you can't step in, then I can't either. Explain to you!”

The supreme rule, with an “invisible elephant” attitude, dominates the vast and endless sea of cosmos, but it also overbearingly conceals the truth of the sea of cosmos! Only those who step into the realm of Jiezun or enter the tower of truth can clear the fog and see the truth of the universe.

Sudden.

The Holy Envoy He Mo restrained all his expressions and became extremely calm – this is a kind of calm after seeing everything clearly.

“Ha ha ha ha...”

Everyone saw it, and the Holy Envoy He Mo suddenly burst into laughter. Although I couldn't hear the laughter, I could tell that Sage He Mo was laughing happily at this time!

After a lot of laughter, He Mo Shengen's face was full of relief, as if he had let go of all his troubles.

At this time, the Tower of Truth in the depths of the void is gradually fading and dissipating until it disappears completely.

ended!

"I said, He Mo will not regret entering the Tower of Truth!" Tianhao Jiezun said with a smile.

At the end, the Holy Envoy He Mo was obviously satisfied and did not regret entering the Tower of Truth at all.

"Jie Zun!" The seriously injured Saint Envoy of Yincheng asked unwillingly, "What did Hemo see in the Tower of Truth? What is the truth of the Cosmic Sea? Can't you really tell us?"

When the other saints heard the words, they also looked at Tianhao Jiezun, their eyes full of begging – they wanted to know too much! They have all lived for too long, and they are going crazy for a long time; now, their curiosity about the truth of the universe sea is more important to them than everything else!

To be honest, if it wasn't for knowing that Mo Yuan was full of fraud, it would be impossible for them to enter the Tower of Truth; then, maybe even these holy envoys of the Holy Emperor Universe could not help but flee to Mo Yuan in secret.

"It's not that I don't tell you!" Tianhao Jiezun still said lightly, "It's that even if I say it, you won't hear it at all!"

"We are willing to exchange our lives for it, can't we?" Silver City Saint Envoy was still unwilling and asked knowingly.

"Your life... In the eyes of the supreme rules, it is worthless!" Tianhao Jiezun bluntly attacked, "Want to know the truth of the universe sea? Either break through to become Jiezun, or find a way to get a tower of truth. Get your spot!"

After speaking, Tianhao Jiezun didn't persuade him to say anything, and just walked away.

The saints were silent for a long time.

Usually, their curiosity about the truth of the universe is hidden deep in their hearts; but today, they saw with their own eyes that Sage Hemo knew the truth of the universe, and showed a “dead without regret” look, all the saints His curiosity was suddenly hooked up again.

It was so hard!

Suddenly, the Saint Envoy of Yincheng looked at Xu Ming and shouted again and again: “Brother Xu Ming, I am willing to use all my treasures, please help me exchange for a place in the Tower of Truth! My treasures are better than Saint Envoy Hemo. Ten times more!”

Previously, during the Discord Temple assessment, Saint Envoy of Yincheng and others actually took a “joke” attitude to asking Xu Ming to help him exchange for the place in the Tower of Truth when he bet on Xu Ming with the Holy Envoy Mo. . After all, there are so many disciples in the Temple of Discord, but I have hardly heard of anyone who can exchange for a place in the Tower of Truth I didn’t expect that Xu Ming actually helped and the Holy Envoy to exchange it. A place for the Tower of Truth! I’m afraid this is beyond the expectations of the Holy Envoy He Mo! The envoy of Yincheng and the others are even more jealous.

“I can’t change the quota for the Tower of Truth!” Xu Ming shook his head.

Xu Ming was able to get a place in the Tower of Truth, which is already an exception made by the Temple of Disorder for him; if he wants to get another place, it is really almost impossible! Moreover, even if Xu Ming could get it, he would not make this deal with the envoys of Yincheng—the current Xu Ming, who is extremely rich, really does not look down on the poor net worth of these envoys.

“Brother Xu Ming, since you can get one spot, there must be a way to get the second one!” Yincheng Saint Envoy still didn’t give up, “As long as you are willing to help me, my life is yours! If you refuse to help, I, Yincheng, although not as strong as you, will treat you as an enemy from now on!”

threaten?

A cold light flashed in Xu Ming’s eyes, and he said coldly, “Go away!”

Chapter 2277 Birth

Before leaving the Holy Emperor Universe again, Xu Ming never saw the Holy Envoy of Yincheng again.

To put it bluntly, the Saint Envoy of Yincheng is just an ordinary 16th-order powerhouse; although it is considered a relatively strong existence among the Saint Envoys, it is far from being qualified to be regarded by Xu Ming, let alone be regarded as Xu Ming. is the enemy.

Xu Ming directly ignored the threat of the Holy Envoy of Yincheng—ignoring it was the greatest disdain.

After that, Xu Ming went to the other 136 Demon Abyss passages under the arrangement of the Discord Hall Master.

One hundred and thirty-seven Demon Abyss passages, if any one is broken, there will be a large number of Demon Abyss powerhouses in the “Great Senior” realm pouring into the sea of cosmos, and there will be many “Sixteenth” levels. exist! When the time comes, these Demon Abyss powerhouses will set up an altar in the sea of cosmos, connecting the Demon Abyss, and there will be a steady stream of Demon Abyss powerhouses entering the universe sea; in that case, even Xu Ming may not be able to stop it.

Therefore, Xu Ming had to completely suppress all 137 Demon Abyss passages before the Demon Abyss passage was breached.

Fortunately, with Xu Ming’s crushing strength, it is not difficult to suppress these Demon Abyss passages. You must know that even a “sixteenth-order” powerhouse will bow his head in front of Xu Ming! What’s more, in the Demon Abyss passage, there are only some enemies of the Heavenly Sovereign level.

Xu Ming swept invincible all the way.

Wherever he went, every enemy in the Demon Abyss was defeated without any suspense.

The remaining enemies of the other Demon Abyss passages attacked even more frantically. However, the Cosmic Sea side can only defend and not attack, and it will not be easily broken through the Demon Abyss passage.

“Thirty-seven Demon Abyss passages have been suppressed!” Xu Ming calculated silently as he shuttled through the universe.

For the Demon Abyss channel suppressed by Xu Ming, the Heavenly Sovereigns on the Cosmic Sea side will deploy a large number of defenses in the most favorable terrain; in this way, even if the Demon Abyss side dispatches dozens or even hundreds of times of its troops, It is very difficult to break through these lines of defense!

“There are still one hundred Demon Abyss passages!”

Suppressing one hundred and thirty-seven Demon Abyss passages, the “engineering volume” can be said to be huge! The supreme powerhouse of Moyuantian who died under Xu Ming’s hands does not know how many “hundreds of millions” to count!

However, Moyuan’s strong people are “born to die”; therefore, Xu Ming killed them, but it was a fulfillment.

“My cultivation base is already the pinnacle of Heavenly Sovereign! The next step is how to break through the Great Sovereign!” Xu Ming secretly said.

The universe is vast.

After Xu Ming left the Holy Emperor Universe for the second time, the 36 Demon Abyss passages he visited actually spent most of his time on the road; on the contrary, it didn’t take much time to suppress these Demon Abyss passages.

On the way, Xu Ming has also been cultivating, and it is a matter of course that he has cultivated to the extreme of the realm of Heavenly Sovereign, and he has nowhere to go.

Today, Xu Ming’s strength is stronger than when he killed the eight “16th-order” powerhouses before; but at the same time, Xu Ming also found that he wanted to go further and break through to the realm of the Great Senior , seems very tough!

Yes!

Very tough!

In terms of the divine body, every particle universe in Xu Ming's body has created the foundation of a perfect universe; if you want to go further, it is to evolve every particle universe in the direction of "primary universe"! – You must know that although the particle universe is extremely small, it condenses time and space to the extreme; if the particle universe on Xu Ming is derived into a primary universe, then it will be no different from the primary universe in the universe!

There are countless billions of particles on Xu Ming; once it breaks through, it will be countless billions of nascent universes! The terrifying strength can be imagined! However... With the strength of Xu Ming's will, it is impossible to control countless billions of nascent universes; therefore, once Xu Ming breaks through, the only possibility is... The breakthrough fails, the divine body collapses, and even the will collapses directly!

In terms of spiritual will... Although Xu Ming has learned the "Eternal Realm", a practice that even the highest rules are aimed at, Xu Ming does not know how to practice at all. In the words of the Eternal Great Master, the practice of "Eternal Realm" can never be practiced if you don't realize it, but you can practice it in an instant when you realize it.

"It seems that for the time being, I can only think of a way to improve my Heart Universe!" Now, only the Heart Universe can be improved by Xu Ming. However, Xu Ming also knew that the improvement of strength in the universe was very limited.

"However, "The Eternal Realm" is originally a method of spiritual will! The stronger the mind and the universe, the more hopeful you can comprehend the true meaning of "The Eternal Realm"; once the practice of "The Eternal Realm" is successful, my will will skyrocket. , At that time, the will may be enough to control the billions of particle universes to break through and become the primary universe!"

Breaking through the realm from "Heavenly Supreme" to "Great Master" is inherently difficult; otherwise, it would not be difficult to find a Great Master among the tens of thousands of Heavenly Supremes!

And Xu Ming's road to the Great Venerable will be countless times more difficult than other Great Venerables! After all... the more the road against the sky, the more difficult it must be to walk!

And if Xu Ming wants to break through to become a "Jie Zun" in the future, I am afraid it will be much more difficult than other great masters to break through to become a Jie Zun!

The journey of cultivation can only be said to be a long way to go.

However, Xu Ming was not in a hurry. After all, Xu Ming has practiced so far, and his real cultivation time is actually very short; as long as there is enough cultivation time, Xu Ming does not believe that he will not be able to understand “The Eternal Realm”.

“Now, let’s suppress all the Demon Abyss passages first!” Xu Ming restrained his thoughts and rushed towards the next Demon Abyss passage at full speed.

The existence of the Demon Abyss channel is undoubtedly a huge threat to the universe sea. Only by suppressing all the Demon Abyss passages, can Xu Ming have a peaceful and long period of cultivation, and can slowly ponder the practice “Eternal Realm”.

...

Just when Xu Ming rushed to the thirty-eighth Moyuan passage.

In the vast sea of cosmos, in a very ordinary reincarnation-level universe.

This is an ordinary mortal kingdom, in the courtyard of a wealthy merchant.

“gave birth!”

“Master! It’s born! It’s a boy!”

In the room the midwife came out with a happy voice.

The middle-aged businessman in a brocade robe couldn’t wait to push the door and enter; but at the same time, there was also a worried look on his face – why didn’t the newborn child cry?

Generally speaking, the louder the newborn baby must cry, the healthier it is. There was no crying, which made the middle-aged businessman who was a new father couldn’t help but worry.

“what-”

At this moment, the midwife, who was holding the child, suddenly screamed and threw the child out of her hand. I saw that the newborn baby had just opened his eyes, but his pupils were filled with endless energy. The complicated secret pattern is terrifying.

What was even more shocking was that the thrown baby did not hit the ground, but was directly suspended in mid-air.

For a while, the room was dead silent.

Chapter 2278 Devouring the World

Deathly silence!

In this world of mortals, the flying powerhouse has only been heard in legends. How many people in the room have seen this scene before?

“This... this is!?” The midwife’s face was full of horror.

The parents of the child are all confused: “Our child... can fly?”

At this time, the endless and complicated secret lines in the baby’s eyes have faded, and in his eyes, there is cold blood that does not belong to the baby at all. I saw the baby looked at the midwife coldly, and said indifferently: “You dare to throw me?”

“I...I...I...” The midwife was stunned.

“Damn!” The baby spit out two words indifferently, and then his mouth suddenly opened – it was obviously just a newborn baby, but there were sharp fangs in his mouth; moreover, his mouth opened several feet in an instant, and only In one bite, the midwife swallowed it directly.

“Ah!” The child’s mother couldn’t help exclaiming.

“Child...Child!” The psychological quality of the middle-aged businessman in Jinpao was better. He resisted his fear and said, “We are your parents, are you...?”

“You two? My parents?” There was a strong disdain in the baby’s eyes, “Oh! You and other mortals are not qualified to be my parents! But... Since you gave birth to my body in this life, I will let you and Let me be one!”

The baby opened his mouth again and swallowed his parents directly into his belly.

At this time, the baby’s body also grows rapidly, and it grows to the size of an adult between breaths.

Whoa!

He waved his hand, and naturally a robe fell on him, and then slowly walked out of the house.

“The new reincarnation of the world has begun! My Thousand Machines World Venerable, here we come!”

The Thousand Machines World Venerable... an extremely terrifying powerhouse!

In the words of the Discord Hall Master, the Thousand Machines World Venerable is a “reincarnator”! It is the existence that even the Supreme Realm Venerable, the Lord of Discord, is most afraid of!

It stands to reason... Thousand Machines World Venerable should not appear in the universe sea at all, he should live in the “world of the world breaker”!

And a “reincarnation” appears in the sea of cosmos, which is bound to stir up the situation.

“I heard that there is a genius named ‘Xu Ming’ in this universe? Even Mo Yuan’s army has been defeated by him. Look; he came to the universe just for Xu Ming’s sake, “I hope... I can make a lot of luck on this Xu Ming!”

Thousand Machines World Venerable, has been reincarnated thousands of times!

Being born into the sea of cosmos like he is now is almost equivalent to “deleting the account and retraining”. The Qianji Jie Zun in the previous life had the strength of the “Supreme Realm Zun”; but now he is not much stronger than mortals.

Of course, the Thousand Machines World Venerable has the memory of the past life, and it is definitely much easier to cultivate. But... the memories he can keep are only at the “Great Senior Level”; many things at the “Jiezun Level” cannot be preserved under the interference of the supreme rules.

In other words, the breakthrough from “Great Master” to “Jiezun”, Qianji Jiezun can only rely on the cultivation of this life; the experience of the previous life is of no help to him!

And how difficult is it to go from “Great Master” to “Jiezun”? Otherwise, the saints of the Holy Emperor Universe would not have entered the Tower of Truth! – Even if it is the Discord Hall Master, if he is allowed to practice again, he can’t guarantee that he will be able to become a “Jie Zun”, let alone a “Supreme Jie Zun”.

but...

Qianji Jie Zun, reincarnated thousands of times, but every time he cultivated to the “Jie Zun Realm”! Moreover, every time I practiced to the “Supreme Realm Venerable”!

This is the fear of the Thousand Machines World Venerable!

This is the horror of reincarnation!

“Jie Zun’s previous practice was very simple!” Qianji Jie Zun smiled confidently.

Although he can’t keep the information related to “Jie Zun level”, the memory under Jie Zun is complete. Thousands of reincarnations have passed, and the Thousand Machines World Venerable has already prepared several training plans, which are suitable for all kinds of situations he encounters.

Like now...

“This mortal world is too weak! Even practitioners who can fly in the sky are rare, and as for gods, they have never appeared!” Such a weak world of mortals is respected thousands of times in the world of thousands of machines. In the reincarnation, I have not encountered many; after all, it is really weak and a bit outrageous, much weaker than the world where Xu Ming was born, “In such a weak world, the spiritual energy is so thin, it must be difficult to have any heaven. Treasures of material and earth! Since this is the case...”

Thinking of this, a cruel scarlet flashed across the eyes of the Thousand Machines World Venerable: “Then use the power of mortals in this world to break through to the level of gods first!”

Although Qian Jijie Zun has a lot of past life memories, after all, the body and soul are too weak to exert much strength at all, and it is even more difficult to cross to other continents; therefore, the best way is naturally to be here first. Break through to become a **** in the mortal world, and then go to find a stronger continent.

“It is an honor for this mortal world to be destroyed by me!” The Thousand Machines World Venerable smiled proudly.

After that, the Thousand Machines World Venerable sat down directly on the spot with his knees crossed.

hum—

Centered on the Thousand Machines World Venerable, a strange domain power spreads in all directions.

When the realm first appeared, it only had a range of ten feet, but the expansion was very fast! In one breath, the domain enveloped the city where he was.

Immediately after...

A terrifying scene appeared!

In the entire city, all living beings, whether they are mortals or birds and beasts, are rapidly being drained of their vitality.

Inside a school.

A young girl just walked out of the school, and there are several young people chasing behind her, obviously wanting to pursue her.

However... every step the young girl took, her face grew ten years older; within a few steps, she had gone from a young girl to a middle-aged woman to an old woman.

The young people behind the girl were dumbfounded.

However, these young people did not notice that they themselves were already old men.

In just a few more breaths, these young lives turned into a cup of loess.

Not just them!

Not just this school!

Not only this city, this country!

With the continuous expansion of the realm all the creatures in the entire continent are shrouded in the realm, and they are all pulled away from their vitality.

And the aura of the Thousand Machines Realm Sovereign is soaring rapidly!

Soon... When the Thousand Machines World Venerable stepped into the realm of the gods, this mortal continent no longer had any vitality!

This is a dead world!

The power of the entire world has been absorbed by the Thousand Machines World Venerable!

And this is just the beginning!

The Thousand Machines World Venerable will continue to devour one world after another, so that his strength will skyrocket, and he will step into the Great Venerable Realm at the fastest speed.

Chapter 2279 Xu Ming's road to great honor!

tens of millions of years later.

The Thousand Machines World Venerable has grown to the “Great Venerable Realm” in this reincarnation-level universe.

Tens of millions of years is a relatively long time for ordinary gods; however, it is really not a long time for existences at the level of Thousand Machines World Venerable and Xu Ming.

Xu Ming rushes to and fro in the magic abyss all over the sea of cosmos, and the time spent on the road is more than tens of millions of years.

“Achieving the realm of the Great Senior is very simple, and it is not worth mentioning!” The Thousand Machines Realm has just broken through to the “Great Senior Realm”, but his strength has already reached “sixteen levels”; as long as he continues to practice, it will even exceed The category of “sixteenth order” is not difficult.

In the reincarnation-level universe where he was born, there is no world-breaker-level existence; therefore, the Thousand Machines World Venerable easily controlled the entire universe and enslaved all the great masters in this universe.

“For me, it's not difficult to really want to break through to the level of Jie Zun! But... it's the quiet period of the universe sea, breaking through to the realm of Jie Zun is not good for me to act in the universe sea!”

If he breaks through to become a “Jie Zun”, Qian Ji Jie Zun will not be able to act in the universe – even if he is a “reincarnator”, it is impossible to provoke the supreme rules head-on.

And with the “Great Master” cultivation base, the Thousand Machines Realm Master can freely walk in the universe sea. Moreover, with his strength, he is enough to traverse the sea of cosmos in this quiet period.

“Let’s go to the Sea of Cosmic Universe first, and meet Xu Ming for a while!” The Thousand Machines World Venerable came for Xu Ming, “While traveling through the Sea of Cosmos while cultivating, you will soon be able to cultivate to the peak of the Great Venerable! But ...I always feel that there is something strange about Xu Ming, maybe he is also a reincarnator! I’d better be careful!”

Reincarnations sometimes fight each other.

“Then I will use the puppet technique first to test Xu Ming’s strength!” The Thousand Machines Realm Zun thought about it and made a decision.

He has practiced for endless years, and has experienced reincarnation thousands of times, and there are many natural methods; the technique of puppets is also a method he is proficient in. As long as he finds enough materials in the sea of cosmos, it is easy for him to refine a puppet with “16th-order” strength.

As a reincarnator who has been reincarnated thousands of times, the Thousand Machines World Venerable would not easily allow himself to take risks; otherwise, it would be impossible for him to survive thousands of reincarnations and still live unharmed.

...

Naturally, Xu Ming didn’t know that a “reincarnator” had already descended on the sea of cosmos, and he came specially for him.

Reincarnation, that is a more terrifying existence than the general Supreme Realm Venerable.

At this point, Xu Ming had already suppressed nearly a hundred Demon Abyss passages; and his next destination was the “Peerless Demon Abyss” near the eternal universe “Peerless Universe”.

The Peerless Demon Abyss is far away.

Xu Ming rushed all the way, and spent hundreds of thousands of years on the road. After suppressing the peerless Moyuan, the next destination is farther, and it will take a million years to

travel—this is still on the way with Xu Ming’s strength! If it is replaced by other ordinary “16th-order” powerhouses, I am afraid it will be even slower.

“The sea of cosmos is really too vast!” Xu Ming sighed secretly.

This is a terrifying vastness!

To know...

Xu Ming just shuttles between the two Demon Abyss passages, and he will spend hundreds of thousands of years, even millions of years on the road! How long will it take to cross the entire universe sea? — billion years? A billion years? Ten billion years?

To be honest, Xu Ming didn’t know the answer.

After all, whether it is the Demon Abyss Passage or the Eternal Universe, they are all located in the “core zone” of the Universe Sea – a mere core zone, how much does it occupy the entire Universe Sea? Outside this core area, there is a wider area!

But the amazing thing is that the Holy Emperor universe and the three thousand eternal universes are all in this core area. And the farther away from the core area, the weaker the universe there! Even... at the very outer edge of the Universe Sea, where even the nascent Universe can’t be born!

It would take a million years for Xu Ming to travel only a short distance in the core area of the Cosmic Sea; then, tens of billions of years may not be enough to truly traverse the entire Cosmic Sea!

And this is just “traversing” the universe sea!

Another thing to know is that the cosmic sea is not a line, nor a plane, but a three-dimensional space! If Xu Ming wanted to “travel” the universe sea, the time it would take would be terrifying. I’m afraid billions, billions, billions, billions of years might not be enough!

So!

Xu Ming suddenly discovered an extremely terrifying but impossible-to-ignore question: “The infinite sea of the universe that gave birth to the endless universe... Where did it come from?”

If you don’t want to, it’s too late to think about it!

“Where does the supreme rule that is ubiquitous and allows the entire cosmic sea to operate within the rules... come from?”

“What about Moyuan, where even the supreme rules are dying? Where did it come from?”

Xu Ming couldn’t imagine it.

It seemed that there was an invisible giant palm that was controlling everything; however, Xu Ming could not see the giant palm.

“Perhaps...” Xu Ming seemed to understand something, “Perhaps, when you reach the ‘realm of the realm’, you can see the invisible giant palm? And the invisible giant palm also restricts all the Jiezun, not allowing these The information is passed to the level below the Jie Zun level!”

And the real problem that Xu Ming discovered was—if there is a giant invisible palm controlling everything, then, where did this giant invisible palm come from?

This... I’m afraid even the World Venerables don’t know it!

Xu Ming thought of the Eternal Great Venerable!

To be precise, it should be called “Eternal World Honored”.

The image left by Eternal World Zun said that Xu Ming was his reincarnation.

“According to what the Eternal World Venerable said...he was targeted by the supreme rules, so he was forced to be reincarnated?” Xu Ming thought, “Could it be... that the Eternal Great Venerable wanted to spy on that invisible giant palm?” Where did it come from?”

Xu Ming only felt a little foggy.

In fact, Xu Ming's guess is not unreasonable.

Like the Thousand Machines World Venerable, as a reincarnation person, being born into the sea of cosmos is actually a reincarnation. However, even in the reincarnation, the Thousand Machines World Venerable still retains the memory of the previous life, even thousands of previous reincarnations. However, Xu Ming is the reincarnation of the Eternal World Venerable, but there is no trace of the memory of the previous life. , in fact, because it was targeted by the supreme rule!

The reason why the Supreme Rule is aimed at Eternal Realm Venerable, although the reason is slightly different from what Xu Ming guessed, is not much different!

Suddenly!

Xu Ming's eyes suddenly lit up: "I understand!"

Yes! Xu Ming understood!

"I understand how to cultivate in "Eternal World"!"

Before, although Xu Ming received the inheritance of "The Eternal World", he always felt that he was in a fog and could not get started when watching this exercise; but at this moment, Xu Ming suddenly realized!

"I know how to break through to the realm of Great Senior!"

Xu Ming has finally found his own way of being a great master!

Chapter 2280 Out of nothing

In Xu Ming's heart, his thoughts flowed like a spring.

Countless epiphanies were generated in his heart one after another. And among these epiphanies, there are many parts that should not be known by the beings “under the world breaker”; however, Xu Ming has indeed realized it!

No Jie Zun told Xu Ming these things, it was all an epiphany in Xu Ming’s heart; therefore, even the supreme rules could not block these messages from Xu Ming’s knowledge.

rumbling...

However, Xu Ming’s vision was still somewhat perceived by the Supreme Rules. With Xu Ming as the center, the power of the supreme rule is gathering, obviously wanting to find out.

“Not good!” Of course, Xu Ming also noticed the convergence of the supreme rules.

You must know that “Eternal World” is a practice that is targeted by the supreme rules! And Xu Ming’s current epiphany is about “Eternal World”; if it is discovered by the supreme rule, the consequences can be imagined!

“Death and life!” Xu Ming did not hesitate to sacrifice this most precious treasure considered by the Eternal Realm Venerable!

In the view of the Eternal World Venerable, a piece of “death and life” is much more precious than the uncountable heart of the universe!

And the treasure “death and life” has only one function – shielding the investigation of the supreme rule!

hum—

“Death and Life” turned on, and an invisible force instantly enveloped Xu Ming’s whole body – this was the “death and life energy” that Eternal Realm Zun said.

At the moment Xu Ming sacrificed “death and life”, the convergence of the supreme rules faded like a tide; at the same time, the “death and life energy” also began to enter a state of consumption that could not be recovered or stopped.

Xu Ming instantly understood that the moment when the “energy of death and life” was exhausted, that is, the moment when the treasure “death and life” became invalid; that is to say, before that, Xu Ming had to cultivate “Eternal World” to the fullest, otherwise, in the Under the target of the supreme rule, he could not continue to practice “Eternal World” at all!

“Time is running out!” Xu Ming suddenly felt a sense of urgency.

After all, the “energy of life and death” is constantly being consumed, but Xu Ming doesn’t know how long it will take him to become “Eternal World”!

but-

“At least, my direction is right!” Xu Ming was convinced.

Yes!

Xu Ming’s understanding of “The Eternal Realm” is right! Otherwise, the supreme rule could not have such a big reaction!

““Eternal World” really opened up a path completely different from other cultivation paths!”

Completely different!

Xu Ming is very sure!

What Xu Ming has seen and knows, all the cultivation methods, whether it is for the cultivation of the divine body or the cultivation of the inner world, absolutely cannot escape one thing in common, and that is—there is something in it!

What is meant by “being born in the middle”? – For example, if Xu Ming wants to strengthen his divine body, he must invest a lot of treasures and treasures, or spend a lot of time absorbing the energy of time and space; and if he wants to strengthen his own heart universe, the same is true! Not only Xu Ming, but also everyone else’s cultivation methods, no one has ever been able to jump out of this framework.

The Eternal World is different! The goal of cultivation in “Eternal World” is to create something out of nothing!

Nothing... means absolute nothingness.

Where did the cosmic sea come from? Where does the supreme rule come from? Where did the devil come from? Where does the invisible giant palm that controls everything come from? – Going back to the extreme, the answer can only be “no”.

From “nothing”, infinity is born!

And the practice method “Eternal World” is to explore absolute nothingness! Cultivation to Dacheng is “creating something out of nothing”!

If Xu Ming has truly cultivated to the top, then, at that time, he can make his own strength soar infinitely without any external force! In a single thought, I am afraid that you can generate the treasures of heaven and earth, the origin of the best power, the heart of the universe, and even hundreds of thousands of treasures such as “death and life”. Of course—that is a realm that even the Eternal Realm Venerable has not reached. For Xu Ming, it is undoubtedly even farther away!

However, Xu Ming has already found the right direction, he just needs to go in the direction of “creating something out of nothing” and walk it step by step!

And Xu Ming’s first step is to open up the Eternal Realm and break through the realm of his own cultivation to the level of the Great Venerable!

“But... if I break through to Great Senior, I won’t be able to continue to suppress the remaining Demon Abyss passages!” Xu Ming couldn’t help thinking.

Every Demon Abyss passage is suppressed by the heavy treasures refined by the World Venerables, so only the cultivation of the “Heaven Supreme” level is allowed to enter; once Xu Ming breaks through to the Great Venerable Realm, he really cannot enter the Demon Abyss passage. ! Then... the remaining 30 or so Demon Abyss passages, isn’t it possible that no one can suppress them? The nearly 100 Demon Abyss passages that Xu Ming had suppressed before, wasn’t it a waste of time?

“No!” Xu Ming suddenly found out, “The treasures refined by the world lords can indeed suppress the ‘big lord’ level steadily, even the ‘sixteenth rank’ powerhouse will never even want to enter the Demon Abyss! ...When I break through to the realm of the Great Senior, I am afraid that the strength will be comparable to the ‘weak-level Jiezun’, right?”

Xu Ming’s strength has already crushed the “Sixteenth-Order” Great Venerable; when his cultivation base breaks through from Heavenly Supreme to Great Venerable, especially if he is cultivating “Eternal Realm”, his strength will definitely undergo a qualitative transformation! At that time, even if it can’t really be comparable to the “weak-level Jie Zun”, it will definitely not be far behind!

The treasures refined by the Jie Zuns can suppress the Great Zun, then, can they still suppress the Jie Zun! ?

Xu Ming estimated that it could not be suppressed!

Therefore, after Xu Ming’s breakthrough, he might be able to use the cultivation base of the Great Venerable and the strength of the World Venerable to travel through the universe sea with higher efficiency and suppress the major demons! It is really a sharpening knife and a woodcutter!

Moreover, taking a step back, even if Xu Ming can’t enter the Demon Abyss passage, that’s no big deal! —Come on, the great masters of Moyuan, try to build the Moyuan altar in the sea of cosmos; then, Xu Ming will go directly to the “construction site” of the Moyuan altar to slaughter the great master, won’t it be over?

The existence of Jie Zun, even if it is only the weakest and weakest Jie Zun, slaughtering the “sixteenth-order” Great Zun is not much different from Xu Ming slaughtering those ordinary Heavenly Supremes! And according to the records of the “Eternal Realm” exercises, as long as the Eternal Realm is successfully opened up, Xu Ming is still confident that his strength can transform to the “world respect level”!

So... Xu Ming made a steady breakthrough!

“Then let’s start!” Xu Ming found a safe place, arranged some vigilance formations, and started to break through directly, allowing the original “Heart Universe” to evolve and transform in the direction of the “Eternal World”.

And the “Heart Universe” transformed into the “Eternal World”, the first step is to kick out all traces of the supreme rules in the Heart Universe!

In the eternal world, there is not a trace of the power of the supreme rule!

There are treasures “death and life” and the guidance of the practice “Eternal World”. This first step is very simple.

However, when Xu Ming completed the first step and planned to officially open up the “eternal world”, he suddenly found out: “What? My divine body is too weak? Can’t carry the ‘eternal world’? If it is forcibly opened, the entire divine body will be completely Collapse and destruction?”
