

A World 2281

Chapter 2281 Divine Body Transformation

“What? My **** body is too weak? Can’t hold the ‘eternal world’? If it is forcibly opened, the entire **** body will completely collapse and destroy?”

Is Xu Ming’s divine body strong?

Strong!

Otherwise, when Xu Ming was besieged and killed before, he would not have been able to bear the maddening attacks of several “16th-order” powerhouses, and in turn killed a dozen “16th-order” powerhouses.

It can be said with great certainty – looking at the level of the Great Venerable, there is no one with a divine body that can be compared with Xu Ming! Not to mention that they are on a par, even if they are a few levels worse than Xu Ming, they cannot find it!

but-

It was Xu Ming’s tyrannical divine body, but when he broke through, he discovered that he could not carry the “eternal world” because his divine body was too weak!

“How is that possible?” Xu Ming couldn’t believe it – if even his divine body couldn’t carry the Eternal Realm, who else could practice this technique?

What Xu Ming didn’t know was that when Eternal Realm Zun was cultivating “Eternal Realm”, it was already Jie Zun’s cultivation!

Xu Ming’s divine body is strong, but he is only strong under “Jie Zun”! And at the level of Jie Zun... even the most vulnerable Jie Zun of the divine body is much stronger than Xu Ming’s current divine body!

This is “Jie Zun”!

From the Great Master to the Jiezun, it is an all-round qualitative transformation!

“How to do?”

When Xu Ming was at a loss, a lot of information about how to practice “The Eternal Realm” kept appearing in his mind – Xu Ming had already accepted the complete inheritance of the “Eternal Realm” exercises, but before because of his right The “Eternal World” exercises have no understanding, so I can’t start practicing. But now, Xu Ming has realized the essence of “Eternal World”, and sacrificed the treasure “death and life” to block the supreme rules. All kinds of information about the “Eternal World” exercises that have already been passed down naturally began to emerge in his mind. .

In an instant, Xu Ming knew what to do in his current situation.

“Let the particle universe swallow and absorb the heart of the universe, which can greatly enhance the stability of the divine body, enough to carry the development of the eternal world!” Xu Ming knew it in his heart.

Xu Ming has already built the foundation of the perfect universe with the countless billions of particles in his body; as long as he absorbs the heart of the universe, every particle universe can be transformed into a “primary universe”.

Of course, Xu Ming’s current strength of mental will is not enough to open up the world to derive the nascent universe – let alone the particle universe of the whole body, even if it is just to derive a particle universe, it can’t be done! After all, once the particle universe evolves into a primary universe, each particle can be as tyrannical as a universe in the universe; Xu Ming’s spiritual will is too far from this level, and he can’t control the evolution of the universe at all. process.

However, Xu Ming now has an epiphany about the exercise “Eternal World”, and his mental will has actually undergone a transformation; this transformation, at least allows him to control the particle universe and devour the heart of the universe – just first swallow the heart of the universe into the particle universe Inside, but does not immediately absorb the extremely pure energy in it, and temporarily does not start the evolution of the universe. In this way, Xu Ming’s divine body is more stable and tyrannical, and it is enough to carry the Eternal Realm.

“There are countless billions of particles in the whole body, so we need countless billions of cosmic hearts.” Xu Ming secretly said in his heart.

The heart of the universe, how rare! ?

A heart of the universe is equivalent to a “primary universe”! Even a weak-level Jie Zun is not qualified to possess such treasures as the “Heart of the Universe”! Xu Ming’s current strength is not as good as that of the weak-level Jie Zun. It is naturally impossible to obtain the Heart of the Universe by himself.

Fortunately, the Eternal Realm Zun has already prepared these things—Xu Ming already has countless billions of cosmic hearts! Even if the particle universe in the whole body devours the heart of the universe, it is more than enough!

“Eternal World Venerable, I must have expected that I will need a lot of universe hearts!”

Xu Ming guessed correctly.

The Eternal World Venerable, indeed, had long expected that in the process of Xu Ming’s cultivation, he would definitely need a lot of cosmic hearts. Therefore, at the beginning, the number of Hearts of the Universe he left to Xu Ming was almost uncountable – so many treasures, enough to make any Jie Zun in the Universe Sea jealous, and even ***** it at all costs.

However, the Eternal World Venerable did not expect that Xu Ming actually opened up every particle of his own into a particle universe. Originally, the heart of the universe left by the Eternal World Venerable was enough for Xu Ming to open up the eternal world. , to cultivate the Eternal Realm to the highest level; but now, Xu Ming has used all these cosmic hearts on the particle universe, so there is hardly much left to cultivate the Eternal Realm.

“Let’s use it first!” Xu Ming figured it out and found this too.

But Xu Ming can’t do anything about it – if he doesn’t use the heart of the universe on the particle universe, he can’t open up the eternal world; after all, his divine body is not strong enough to carry the eternal world.

“I’m afraid... Eternal Realm Venerable will not think that I have not yet reached the realm of Great Venerable, so I will start cultivating the Eternal Realm!”

indeed so.

It is estimated that Xu Ming can understand the mystery of the “eternal world” at the realm of “weak level world leader”; however, Xu Ming has already realized it at the level of heaven supreme, and used the treasure “death and life”. This led to Xu Ming’s inability to keep up with the divine body.

“I don’t know how to get the heart of the universe...” Xu Ming thought, and he took out the heart of the universe without hesitation; he manipulated countless billions of the hearts of the universe, one by one, and flew toward the particle universes.

The particle universe is extremely small.

However, the heart of the universe is much smaller than a particle!

The heart of the universe has almost no concept of size. If we use the concept of physics, the heart of the universe is a “zero-dimensional point ” Compared with the heart of the universe, the particles of Xu Ming’s divine body appear to be very “huge”.

Countless billions of universe hearts are methodically entering into countless billions of particle universes.

With Xu Ming’s mental will strength, it is not difficult to control this step, and there is no single mistake. No particle universe has devoured the heart of the universe more, and no particle universe has devoured less.

On the contrary, after the heart of the universe enters the particle universe, it is more difficult to control it to stabilize. With Xu Ming’s current mental will, he can only barely complete it.

After the Heart of the Universe was stabilized, the strength of each particle of Xu Ming obviously increased by a level; the strength of the entire divine body also increased by a level – although there was no improvement in attack, but in defense... It’s enough to make everyone below Jie Zun despair! Even a weak-level Jie Zun could hardly hurt Xu Ming.

“The strength of the divine body is enough!” Xu Ming’s eyes flashed, “You can truly cultivate the Eternal Realm!”

Chapter 2282 Xu Ming’s Weakness

“That’s Xu Ming?”

What Xu Ming didn’t know was that just when his divine body was transformed, his defenses soared, and he was about to start practicing “Eternal World”... In the darkness, there was a gaze staring at him.

This look is exactly the “Reincarnation” Thousand Machines World Venerable.

The Thousand Machines World Venerable did not come in person – for him, a reincarnator who has been reincarnated thousands of times, “safety” is often more important than everything. Even many times, the Thousand Machines World Venerable would rather give up the opportunity that is close at hand, and also ensure that he is absolutely safe.

The Thousand Machines World Venerable sent eighteen puppets that he refined. The strength of each puppet has reached the “sixteenth order” top level.

“I don’t see anything special about it!” The Thousand Machines World Venerable was secretly puzzled as he observed. In his opinion, Xu Ming seemed very ordinary.

After all, what Xu Ming mainly cultivates is the particle universe; if you want to see through Xu Ming’s extraordinariness, you must go deep into every particle of Xu Ming’s divine body to observe—and Xu Ming will not allow other people’s spiritual thoughts , penetrates into his particle interior.

Therefore, almost no one can easily see Xu Ming’s extraordinary.

However, the Thousand Machines World Venerable did not take Xu Ming lightly because he looked ordinary – after all, he had already heard of Xu Ming’s record, so he definitely did not dare to underestimate Xu Ming. Even the Thousand Machines World Venerable did not think that the eighteen puppets he sent out could pose any threat to Xu Ming.

“Let me test Xu Ming’s strength first!” Qianji Jie Zun thought while instructing the puppets to quietly surround Xu Ming.

“Huh?” At this time, Xu Ming finally noticed.

“Puppet?” Xu Ming looked around suspiciously, “Someone sent a puppet to deal with me?”

The technique of puppets... Among the many cultivation paths, it can only be regarded as a “trail”. Because, the strength of the puppet, the highest is the level of the Great Senior, it is impossible to refine the puppet of the “Jiezun” level! After all... it is extremely difficult for even the top Great Senior to become a Jie Zun; how can a puppet become a Jie Zun!

It was precisely because he knew that it was impossible for a few puppets to deal with him; therefore, Xu Ming was very calm. He looked around carefully, trying to find out who was controlling these puppets.

“The masters of these puppets don’t seem to be here at all!” Xu Ming soon confirmed that the masters of the puppets were not nearby; in this way, for a while, Xu Ming couldn’t be sure who was dealing with him. .

“Could it be that some Jie Zun wants to deal with me?” Xu Ming couldn’t help but wonder – the strength of these puppets is obviously not bad! The one who can refine these kinds of puppets is probably not the Great Senior, but the Jie Zun.

During the calm period of the cosmos sea, although the world lords could not enter the cosmos sea due to the restrictions of the supreme rules; however, it is not difficult to refine some puppets and send them to the cosmos sea.

“But... if the Jie Zuns deal with me, will it be beneficial to them?” Xu Ming thought again, “Also, with just a few puppets, you can’t deal with me, right?”

What Xu Ming didn’t know was that the Jie Zun who wanted to deal with him was not the Jie Zun of the Universe Sea, but a “reincarnator” who was much more terrifying than the average Supreme Jie Zun.

boom! boom! boom! boom! ...

When the eighteen puppets found out that they had been exposed, they no longer hid them. Instead, they erupted at full speed, besieging Xu Ming.

“Never mind!” Xu Ming looked at the puppets who were besieged and killed, and thought lightly, “Let me verify how strong my defense is now!”

boom! boom! boom! boom! ...

Soon, the attacks of these puppets fell on Xu Ming.

While parrying, Xu Ming felt: “The attacks of these puppets are stronger than those of the Demon Abyss Great Venerable who assassinated me before!”

During the collision, Xu Ming could easily feel the strength of these puppets.

“However... the attacks of those Demon Abyss Great Venerables before can still tickle me! But the attacks of these puppets can’t even tickle me!”

These puppets are obviously stronger, but they can’t even tickle Xu Ming! It can only be said... Xu Ming’s defense has become much stronger!

Desperate defense below Jie Zun is no joke!

Xu Ming is testing the strength of these puppets, why aren’t these puppets testing Xu Ming’s strength?

After a moment of fighting—

Swish! Swish! Swish! Swish! ...

All the puppets scattered in all directions, escaping quickly.

“Run?” Seeing this, Xu Ming did not chase.

After all... Xu Ming only became stronger in defense, but in terms of attack, there was almost no improvement. To kill a puppet is obviously more difficult than killing a great master of the same level; puppets are made of various precious materials, which are equivalent to human-shaped weapons, and their defenses are greater than those of the same level. Respect is much stronger!

Even Xu Ming, wanting to kill a puppet, is by no means easy. Now that the eighteen puppets were scattered and fled, it would be good for Xu Ming to keep one or two, it was meaningless at all.

“Forget it!” Xu Ming thought to himself, “And... these puppets are obviously here to test my strength! I don’t believe that the masters behind these puppets will have no next move!”

Xu Ming was very calm.

Tentative?

Xu Ming has never been afraid of temptation!

Xu Ming’s method is not only his almost invincible defense!

“The masters behind these puppets will definitely not come to the door for a while! I’d better practice “Eternal World” first!”

Before cultivating the “Eternal World”, Xu Ming was only defensive and invincible; but as long as the “Eternal World” is opened up, then his strength will enter the level of “Jie Zun” as a whole!

What is “overall entry”?

It means that even the shortest aspect will be at the level of “Jie Zun”!

Waiting for Xu Ming to open up the “Eternal World”, if these puppets dare to harass, it will definitely never come back!

...

After testing Xu Ming's strength , Qianji Jie Zun also made some evaluations of Xu Ming.

“Sure enough! The information is right! Xu Ming's defense is very strong, and it is unbelievable; but his attack and speed are very ordinary, they are only ordinary '16th-order' level!”

The attack and speed of the “16th-order” level are definitely not weak under Jie Zun! It is definitely the top of the sea of cosmos!

But in the view of the Thousand Machines World Venerable, these two aspects are Xu Ming's weaknesses! And it's a fatal weakness!

“I'm not afraid that he is strong in one aspect! I'm afraid that he has no weaknesses!” A sneer appeared on the corner of Qianji Jie Zun's mouth – an opponent without weaknesses is the most difficult to deal with; but as long as there are weaknesses, he has a way to deal with them!

“With Xu Ming's defense, it is very difficult to kill him! But... it is not difficult to suppress and seal him!” In the view of Qianji Jie Zun, the attack and speed are average, so it is easy to suppress the seal, “As long as he is suppressed and sealed Get up, isn't that how you want to deal with him, just deal with him?”

Soon, there was a plan to suppress and seal Xu Ming in the minds of the Thousand Machines World.

Chapter 2283 The realm of great respect!

The endless vast sea of cosmos.

Xu Ming was hidden in the folds of time and space in an extremely desolate territory. Because of his previous experience of being attacked and tested, Xu Ming became more and more cautious—opening up the Eternal Realm was also an important breakthrough for Xu Ming to break through from the “Heavenly Supreme” to the “Great Supreme” realm, which should not be missed.

After laying down a lot of vigilance and defense, Xu Ming began to break through with peace of mind.

“Am I being too cautious?” Xu Ming couldn’t help thinking.

No wonder Xu Ming thought so.

After all, Xu Ming’s defense is enough to make all the strong “under the world” despair! In the calm period of the universe sea, it is impossible for Jie Zun to enter the universe sea, and it is impossible for Xu Ming to meet the strong Jie Zun in the universe sea.

However, the eighteen puppets before made Xu Ming feel a little bit afraid. Xu Ming is more cautious, naturally there is nothing wrong.

“let’s start!”

everything’s ready.

Xu Ming stared at the breath, and began to prepare for a breakthrough.

“My heart universe is already very stable!”

Xu Ming started to cultivate the mind power, open up the mind world, and evolve the mind universe at a very early stage of his practice. Compared with the divine body, Xu Ming is more talented in the spiritual aspect – after all, the Eternal World Zun has a very high attainments in the spiritual field; if it is true as the Eternal World Zun said, Xu Ming is his reincarnation, then, Xu Ming is more talented in the mind and is also very normal.

As for the divine body, Xu Ming cultivated the “divine body universe” in one fell swoop because of the inheritance of Kunpeng Dazun and many other opportunities; even for a long time in the past, Xu Ming’s main strength came from Because of his divine body – but this does not mean that Xu Ming’s heart is not strong!

At least in terms of talent, Xu Ming’s mind universe is far stronger than his divine body universe!

“The ‘Heart Universe’ has transformed into the ‘Eternal Realm’. We must first kick out all traces of the supreme rule! In the eternal realm, no trace of the power of the supreme rule is allowed to exist!”

Now that Xu Ming's divine body strength has reached the requirements, this step is naturally not difficult for him, as long as he cultivates step by step according to the "Eternal World" exercise.

However, the supreme rule is everywhere and pervasive; it takes a lot of time to erase all traces of the supreme rule from the universe. But Xu Ming was not anxious—at his current state, it might take millions of years to travel in the universe; it would take some time to cultivate a breakthrough, and naturally it would not be a big deal.

Xu Ming has patience and meticulously transforms his mind and universe.

In the blink of an eye, it is thousands of years.

Yes, it took 10 million years for Xu Ming to remove all the pervasive supreme rules from his heart universe.

"This feeling?" Xu Ming suddenly felt that this feeling was very strange.

It's amazing!

If I had to describe it, it would be: "It seems that from this moment on, my mind and universe truly belong to me! Before that... In retrospect, whether it's my divine body or my mind universe, it seems like I follow the Supreme Being. The rules are 'borrowed'!"

It's a real feeling of owning yourself!

This feeling has never been better!

At the same time, Xu Ming also seemed to understand a little, why the "Eternal Realm" was targeted by the supreme rules!

The sea of cosmos... all operations and all orders must be within the scope allowed by the supreme rules; beyond this scope and beyond the control of the supreme rules, they will naturally be targeted.

“The next step is to really open up the Eternal Realm! This step is rather simple, you only need to absorb some hearts of the universe.”

By absorbing the heart of the universe and laying the foundation, the “Eternal World” is considered a success!

Although Xu Ming integrated most of the universe’s heart into the particle universe, he still took out the universe’s heart needed to open up the eternal world.

After absorbing the nine cosmic hearts... Xu Ming’s eternal world was finally completely stabilized!

“The opening was successful!”

Xu Ming only felt that the entire “eternal world” was shaken, and then a power that transcended everything enveloped his body.

“This is the power of the Eternal Realm!” Although the Eternal Realm was just opened up, Xu Ming clearly felt that this power was even more tyrannical than his divine body composed of countless billions of particle universes. Before my divine body is blessed with power, my attack and speed are definitely beyond the ‘16th-order’ category!”

Previously, Xu Ming only surpassed the “16th-order” category in terms of “defense”, but in terms of attack and speed, he was still at the “16th-order” level – that’s why the Thousand Machines World Venerable made a judgment. I think that Xu Ming has weaknesses, so it is not difficult to deal with!

And now, after successfully opening up the Eternal Realm, Xu Ming’s attack and speed are finally no longer a weakness! Even today’s Xu Ming is stronger than his defense in terms of attack and speed!

Attack, far more than “16th order”!

The speed far exceeds the “16th order”!

Defense, far beyond the “sixteenth order”!

This is no longer the strength category of the “Great Senior” level!

This is the strength category of the “Jiezun” level!

The cultivation base of the first entry into the Great Venerable, but has the strength of the World Venerable!

only...

“I don’t know what level of power I am in Jie Zun?”

Jie Zun is divided into weak level, obscure level, enlightenment level, **** level, and supreme world respect!

Xu Ming is not arrogant, he can be sure that he is only at the level of a weak world respect! It’s just that I don’t know whether it is strong or weak among the weak-level World Venerable!

After all... Xu Ming really has no experience with Jie Zun; the only Jie Zun who has played against Xu Ming should be the fallen demon master.

The Fallen Demon Lord is definitely the weakest among the weak-level World Venerables; however, Xu Ming’s strength was still too weak at that time, and his own strength was only at the “thirteenth order” level – at that time, Xu Ming’s real attack fell on the Fallen Demon. On the Lord’s body, not even a single particle on the body of the Fallen Demon Lord could be hurt, so naturally he couldn’t feel how strong the Fallen Demon Lord was.

“But... I am in the world, what level is it, it doesn’t matter!” Xu Ming’s mouth suddenly evoked a smile.

Yes!

unimportant!

You know, now is the quiet period of the universe sea! Jie Zun powerhouses are all trapped in various universes; the supreme rules simply do not allow Jie Zun to appear in the sea of cosmos!

If the Jie Zuns don't come out, then Xu Ming is an absolutely invincible existence in the sea of cosmos!

In the past, the "16th-order" powerhouse might be able to escape from Xu Ming's men; but now, Xu Ming can kill the "16th-order" powerhouse with just a random move, or even a look!

In the sea of cosmos, Xu Ming is the absolute master!

"But..." Xu Ming also has a big regret, "Although my level of strength has already entered the 'Jiezun level', but my realm is only the Great Senior after all... Therefore, only the realm of Jiezun can know the universe sea. I still don't know the secret of it!"

The realm of Jiezun can know all the secrets of the universe sea!

If you don't really step into the realm of Jie Zun, even if your strength is as strong as Xu Ming, you will never know!

"No hurry!" However, although Xu Ming was curious about the ultimate mystery of the universe sea, he was not very curious; and Xu Ming was confident that it should not be too long. If you can become a Jie Zun, you will naturally know all the secrets, so there is no need to rush!

"Now..." Xu Ming thought about it and decided to continue to his original destination – Peerless Moyuan!

The 137 Demon Abyss passages in the cosmos sea all suppressed the entry of those above the realm of "Great Senior". However, although Xu Ming is in the realm of the Great Senior, his strength is too strong – the Demon Abyss Channel, can't suppress him at the realm of Senior!

Since it could not be suppressed, Xu Ming could naturally continue to enter the Demon Abyss passage and slaughter the enemy.

"Moreover, my strength is soaring now, and I am many times faster in the cosmos sea! It won't be long before I can suppress all the magic abyss passages in the cosmos sea!"

Chapter 2284 Wanwei Temple

Sharpening knives does not miss woodcutters.

At Xu Ming's current speed, even if one counts the thousands of years spent in cultivation, it would take even less time to suppress all the Demon Abyss passages. After all... After Xu Ming broke through, the speed was more than ten times faster than before!

...

In these thousands of years, Qian Jijie Zun's own strength has also improved a lot.

When I tested Xu Ming before, the Thousand Machines World Venerable was only the first to enter the Great Venerable's cultivation base, and the strength was only very ordinary at the "sixteenth order" level, and he didn't even dare to appear in front of Xu Ming. And now...

"With my current strength, it is very easy to deal with the normal 'sixteenth rank' level, with one against ten!" Qianji Jie Zun secretly said, "Xu Ming is relying on his almost invincible defense, coupled with the siege. His group of Demon Abyss Great Venerables were stupid enough, so he let him kill a lot of 'sixteenth-order' powerhouses; if those powerhouses were smarter, they would never have been killed by Xu Ming. But I am different. ...A normal '16th-order' powerhouse, as long as they appear in front of me, I will make them unable to run away!"

In the view of the Thousand Machines World Venerable, Xu Ming is only strong in defense, but he is strong in every aspect!

"Furthermore, I have already refined it into a 'Thousand Machine Puppet Formation'!"

Thousand-machine puppet formation! A thousand puppets, all of them are "sixteenth-order" combat power!

"I personally control the Thousand Machines puppet formation and suppress Xu Ming, it's as easy as the palm of your hand!"

The Thousand Machines puppet formation is also a proud means of the Thousand Machines World Venerable!

Even if it is the Thousand Machines Realm Venerable, he really can't think of any means below the Jiezun who can crack his Thousand Machines puppet formation. And he, by virtue of this method, was invincible and invincible in the thousands of reincarnations, before each breakthrough to become a World Venerable.

To know...

For "reincarnations", the most dangerous place in reincarnation is the period before breaking through to become a world lord; on the contrary, after becoming a world venerable, it is generally safer to rely on the many means of reincarnations.

"I have already tested Xu Ming's strength! Now that the Thousand Machines puppet formation has been completed, it's time to close the net!" He did not hesitate to give up his previous cultivation and reincarnation, and he came here for Xu Ming! In his opinion, the benefits he can get from Xu Ming should exceed the cost of his reincarnation!

"Just... Where is Xu Ming hiding now?"

Qianji Jie Zun also knew that since his last test, Xu Ming had disappeared directly from the sea of cosmos; for thousands of years, there has been no news of Xu Ming.

The cosmic sea is endless and vast, and it is naturally not easy for Thousand Machines to find Xu Ming.

"Xu Ming's next destination should be the Peerless Demon Abyss!" Qianji Jie Zun secretly said, "No matter where Xu Ming is hiding now, he will definitely go to Peerless Moyuan! Even if he doesn't go for the time being, change it to Other goals have been achieved, but sooner or later we will still have to go!"

In an instant, Qian Jijie Zun has made a decision – to go to the peerless Moyuan and wait for the rabbit!

The Thousand Machines Realm's guess was correct. He has been lurking in a low-key manner near the Peerless Demon Abyss for only a few thousand years... Xu Ming appeared!

“It’s here!” The Thousand Machines Realm Zun quietly arranged the induction formation in the surrounding space and time, and found Xu Ming’s trace, “It’s really fast!”

Just a few thousand years, for their existence at this level, it is indeed as short as a flick of a finger.

“Let’s go!” The Thousand Machines Realm Zun flashed and flew out of the endless time and space, heading towards Xu Ming’s direction at high speed.

This time, the Thousand Machines World Venerable was planning to suppress Xu Ming, so his aura was also undisguised; wherever he passed, his aura was overwhelming.

“Huh?” Xu Ming, who was traveling in the universe sea, suddenly frowned and stopped.

Xu Ming majored in the universe of mind, and naturally he was very sensitive to the outside world. In fact, when he passed those induction formations, he had already noticed it; however, because of his absolute confidence in his own strength, Xu Ming ignored it.

“It really came after me!” Xu Ming smiled disdainfully; he didn’t think there was anything else in the universe that could threaten him, “Could it be... that those puppets came again last time?”

After thinking about it, Xu Ming felt that this was the only possibility.

At the same time, Xu Ming was also curious: “Who made those puppets? It is almost impossible to make such puppets in the Great Senior Realm. Could it be a certain Jie Zun? But... Jie Zun, why do you want to deal with me? ?”

Xu Ming couldn’t figure it out.

You must know that Xu Ming’s suppression of the Demon Abyss passages from all sides is not only saving the entire Universe Sea, but also helping all the Jie Zuns in the Universe Sea! In this case, why would there be a world deity to deal with him? – And this is exactly what Xu Ming is puzzled about!

“I’ll find out soon!” Xu Ming was not in a hurry and waited in place.

boom-

The mighty breath came from the endless distance, crushing time and space.

Xu Ming could fully feel the tyranny of this aura: “This aura is already beyond the scope of the ‘sixteenth order’! If I were to break through, I might not be able to deal with it!”

Xu Ming was surprised that such existences still existed in the sea of cosmos!

“However... this breath, although it exceeds the ‘sixteenth rank’ category, it is still at the level of Great Senior, not at the level of Jie Zun!” Xu Ming thought indifferently, “With my current strength, I can suppress this breath. , it’s not difficult!”

boom! !

The figure of the Thousand Machines World Venerable, from an endless distance, flashed in front of Xu Ming.

“Oh?” Xu Ming saw that this was a very detached figure, and in his star eyes, it seemed that he had exhausted the evolution of the Tao. Even, Xu Ming felt some aura similar to the Discord Hall Master on his body.

Suddenly, Xu Ming’s pupils shrank suddenly.

You must know... the Lord of the Discord, but the existence of the Supreme Realm Venerable! The unkind visitor in front of him had an aura similar to that of the Discord Hall Master. How could Xu Ming not be shocked and apprehensive?

But immediately, Xu Ming reacted. Now is the calm period of the cosmic sea, and it is impossible for the strong Jie Zun to enter the cosmic sea; no matter how strange the comer looks, Xu Ming does not need to be afraid!

“Xu Ming!” The Thousand Machines Realm respected Jie Jie with a wicked smile.

“Do you recognize me?” Xu Ming looked at the other party.

“More than recognizing? I came to the cosmos sea at all costs, just for you!” Qianji Jiezun sneered, and already regarded Xu Ming as a piece of fish on the chopping block, waiting for him to slaughter at any time.

come?

Hearing this word, Xu Ming suddenly thought of something and couldn't help but say, “Are you...?”

“It seems that you know a lot!” The Thousand Machines World Venerable didn't wait for Xu Ming to say anything, and immediately admitted, “That's right! I'm a reincarnator! And I'm also a reincarnator in the Wanwei Palace! – You can make A reincarnation of the Wanwei Palace, come for you at any cost, and you are proud of yourself!”

Chapter 2285 Confused

Reincarnator?

Wanwei Temple?

Xu Ming had heard of the word “reincarnation” from the Lord of the Discord Temple; but, what kind of power is the “Wanwei Temple”?

Xu Ming had no idea!

“Hahahahaha...” Since Qianji Jie Zun has already revealed his identity, he no longer hides his secrets, but is very arrogant, “These two Supreme Jie Zun of your cosmos sea are really rubbish! You are such a fat piece of meat, they can't eat it, and they will wait for me to eat it!”

Meat? eat?

Xu Ming became more and more puzzled, not knowing what Qian Jijie Zun meant.

“But it’s normal!” Qianji Jiezun immediately laughed again, “You cosmos sea, after all, you don’t even have reincarnations, these two supreme Jiejie don’t even know how to plunder your luck! I don’t know how to plunder your luck. It’s normal that they can’t eat your fat meat! – Since they can’t eat it, let me eat it!”

boom! !

As soon as the voice of the Thousand Machines World Venerable fell, a thousand puppets flew out and instantly spread all over Xu Ming, blocking all the time and space around Xu Ming.

Thousand-machine puppet formation, done!

And Xu Ming just looked at this scene lightly, without any action.

“Why don’t you run?” Qianjijie Zun laughed, “If you run away decisively, I may have to spend some hands and feet to keep you behind; but you are so arrogant that you don’t even run, that’s true Dead!”

Thousand-machine puppet formation is the most powerful means of Thousand-machine World Venerable! Each puppet is a “sixteenth-order” combat power, and they form a great formation with each other! Even if the Thousand Machines World respects itself, it is no match for this Thousand Machines puppet formation.

The only disadvantage of the Thousand Machine Puppet Array is that it is easy for the target to escape before the formation is completed! But now, Xu Ming didn’t escape, that’s why he fell into the arms of the Thousand Machines World Venerable.

Now that the Thousand Machines Puppet Formation has been completed, in the view of the Thousand Machines World Venerable, Xu Ming is the fish on the chopping block, waiting for him to slaughter.

“So many puppets?” Although Xu Ming was a little surprised, his expression was a little dignified, but he didn’t panic. “The reincarnator’s methods are really extraordinary! Just give it a try, how strong is my strength after the breakthrough!”

Xu Ming only knew that his current strength should be at the level of “Jie Zun”; however, Xu Ming couldn’t find a Jie Zun to verify how strong it was. As for the level of the Great Senior... they are too vulnerable, and it is impossible for Xu Ming to exert his strength to the fullest.

And this thousand-machine puppet formation... These puppets not only carry the beatings, but also have a large number! Although the strength of a single puppet is far from reaching the level of Jie Zun, a thousand puppets are enough for Xu Ming to test his skills!

What’s more – there is also a Thousand Machines Realm Venerable, it should be quite bearable!

In Xu Ming’s eyes, there was a flash of excitement. He took the initiative to meet the Thousand Machine Puppet Formation: “Kill!”

“Hahahaha...” Seeing this, the Thousand Machines World Venerable couldn’t help but smile contemptuously, “Although these puppets I made are ‘sixteenth rank’ combat power, their defense is far beyond the ordinary ‘sixteenth rank’ Great Venerable. Xu Ming, don’t struggle anymore; with just your attack, I’m afraid it will be difficult to even damage a puppet...”

The voice of the Thousand Machines World Venerable did not fall.

boom! !

Xu Ming’s spear pierced through one of the puppets in an instant, and the core of the puppet was turned into powder.

Shoot at will, kill a puppet!

And the voice of the Thousand Machines World Venerable that has not completely fallen, is completely slapping his face.

“The defense is really good!” After Xu Ming killed a puppet, he commented, “Compared to the defense of ordinary ‘16th-order’ powerhouses, it is indeed more than a star and a half stronger! It is just right for me to practice!”

The defense of the general “16th-order” Great Senior is not even qualified to train Xu Ming. The defense of these puppets was just enough for Xu Ming to train his hands.

“What!?” Qianji Jiezun was completely dumbfounded, “How is that possible? Your attack...how could it be so strong!?”

Before coming here, Qianji Jie Zun had already tested Xu Ming’s strength; otherwise, with Qian Ji Jie Zun’s cautiousness, it would be impossible for him to appear in front of Xu Ming casually.

And now, Xu Ming’s strength is obviously far beyond the expectations of the Thousand Machines World Venerable.

“Haha!” Xu Ming smiled, “I just realized something recently, and my strength has made a breakthrough!”

Only then did Qianji Jiezun notice that Xu Ming’s cultivation had already broken through from “Heavenly Supreme” to “Great Master”!

“You...” Qianji Jie Zun no longer had the contempt he had before. You must know... When Xu Ming was still the Supreme Being, his strength was far superior to the ordinary “16th-order” Great Venerable; now that Xu Ming has broken through to the realm of Great Venerable, what level will his strength soar to! ?

“Humph!” Immediately, the Thousand Machines World Venerable hummed disdainfully, “What if you break through to the realm of Great Senior? Great... After all, he is not a World Senior!”

The Thousand Machines Realm Venerable doesn’t believe it – a mere big lord, even if he defies the sky, he can still break his Thousand Machines puppet formation! ?

but...

Do not believe?

Do not believe it useful?

boom! boom! boom! boom! ...

Xu Ming was completely overwhelmed.

Wherever he went, he shot a puppet. The attacks of the puppets fell on Xu Ming, but they all fell into the sea, unable to cause any damage to Xu Ming at all.

“I thought this puppet formation would be able to take a beating!” Xu Ming couldn’t help but feel a little disappointed.

As for the Thousand Machines World Venerable, the more he looked at it, the more frightened he became.

“This...this...this...” Qianji Jie Zun couldn’t believe it, but he had to believe it, “This Xu Ming’s strength has completely exceeded the scope of the Great Senior, and has stepped into the realm of Jie Zun!”

It is not difficult to have the strength of the Supreme Being in the realm of Heavenly Supreme, but it is almost impossible to have the strength of the Supreme Being in the realm of the Supreme Being! – Even if the Thousand Machines World Venerable is now, it only barely has the strength of the World Venerable level in some aspects; but on the whole, it still has not entered the realm of the World Venerable!

But now, all aspects of Xu Ming’s performance—whether it is attack, speed, or defense, are all at the level of “Jie Zun”! This made Qianji Jie Zun have to believe that Xu Ming is indeed Jie Zun’s strength!

And it is still a very standard Jie Zun strength!

“Although Xu Ming’s current strength, at the level of Jie Zun, can only be regarded as very weak; but, at the level of Jie Zun, it is the level of Jie Zun!” Qianji Jie Zun has already begun to retreat – his Thousand Machines Puppet Formation is no longer available. Formidable, can’t deal with the weakest Jie Zun!

And just then...

Xu Ming, who was like a broken bamboo, suddenly turned his attention to the body of the Thousand Machines World Venerable – won’t the puppets be beaten? The master who made these puppets should be beaten up, right?

“Hehe!” Xu Ming’s eyes flashed with a hint of banter.

“Not good!” Qianji Jiezun was shocked – of course he could see that he had been targeted by Xu Ming!

“Run!” Qianji Jiezun turned around and ran without hesitation. He didn’t dare to fight head-to-head with Jie Zun’s powerful Xu Ming!

Chapter 2286 The quiet period is over!

“run!”

The Thousand Machines World Venerable broke out with all his strength and ran away. At the same time, he controlled the remaining hundreds of puppets, and stopped Xu Ming like moths to the flames.

boom! boom! boom! ...

Xu Ming is like a broken bamboo!

The defense of these puppets who came forward to stop them is much stronger than that of the “16th-order” powerhouses; they are also much more powerful than ordinary “16th-order” powerhouses when they entangle people! But even so, it hardly affects Xu Ming’s speed!

This!

It is the horror of “Jiezun level”!

It is precisely because of this that the Thousand Machines World Venerable who is only at the “Great Venerable level” does not even have the courage to fight!

“This Xu Ming, where is the pervert that appeared!” Qianjijie Zun never dreamed that he would be chased and killed by Xu Ming, “This is already a strong violation of the supreme rules, right? allow?”

What Thousand Machines World Venerable does not know is that the supreme rules are indeed not allowed! However, Xu Ming used the treasure “death and life” to shield the supreme rule.

boom-

In the blink of an eye, Xu Ming had already rushed out of the siege of the Thousand Machines puppet formation.

With Xu Ming’s slaughter, there were only more than 500 puppets left from a thousand puppets. And the remaining 500 or so puppets couldn’t keep up with Xu Ming’s figure and could not stop Xu Ming.

“Reincarnation?” Xu Ming stared at the back of the Thousand Machines World Venerable, “I want to see how strong the Reincarnator is!”

“Xu Ming!” Qianji Jie Zun shouted, “Don’t force me!”

“Haha!” Xu Ming couldn’t help laughing, “I’m just a rat who hides its head and shows its tail. How can you be strong? If you were really that strong, you wouldn’t have made so many puppets and tried your best to deal with me! Just run over and suppress me. I’ll do it!”

During the conversation, the distance between Xu Ming and the Thousand Machines World Venerable is also rapidly approaching – the speed of the Thousand Machines World Venerable, after all, is only slightly faster than the ordinary “sixteenth order”; compared to Xu Ming, the gap is really too big !

“Not good! It’s about to catch up!” In the eyes of Qianji Jiezun, there was no panic, but a distressed look.

Yes!

distressed!

“Do you really want to force me to burn my luck?” Qianji Jiezun was very unwilling.

Why did he come to the sea of cosmos? Just to plunder Xu Ming's luck! However... plundering luck is not necessarily a profitable business!

As a reincarnator, in order to ensure that he can cultivate to the realm of "Supreme World Venerable" in this life, when he was reincarnated, the Thousand Machines World Venerable had already consumed a lot of qi luck – it was precisely because of the use of qi luck, so , When the Thousand Machines World Venerable is born, he will be lucky, and he will be born into a world of mortals. Just imagine, if his luck is not good enough, he happens to be born under the eyes of a certain Jie Zun; is it that the game is over as soon as he is born?

Moreover, the Thousand Machines World Venerable still does not know how much luck can be plundered from Xu Ming. If Xu Ming didn't have much Qi Luck, then the Thousand Machines World Venerable might not be able to earn back the Qi Luck consumed during reincarnation!

And now... if the Thousand Machines Realm is to burn Qi Luck to save one's life, the amount of Qi Luck that needs to be consumed will probably not be less than the consumption of reincarnation!

Burning Qi Luck will really hurt the Thousand Machines World Venerable to death!

But right now, if you don't burn your luck, then the Thousand Machines Realm Zun, a reincarnator who has been reincarnated thousands of times, might have to keep his life here!

To luck, or to die? – It doesn't have to be a choice at all!

"Xu Ming!!" Qianji Jie Zun's eyes were red, and he gritted his teeth, burning his luck directly.

boom!

A fiery red flame instantly enveloped Thousand Machines Realm Zun's entire body.

Thousand Machines World Venerable's luck is skyrocketing at this moment!

Originally, Qianji Jie Zun was chased by Xu Ming, and he was getting closer and closer to death! At this moment, his luck skyrocketed, and immediately, the terrifying power of luck forced the Thousand Machines World Venerable to “stay away from death”!

This is the power of the supreme rule!

As long as your luck value is high enough, the supreme rule will not allow you to die! – Of course, the stronger the enemy you encounter, the more luck you need to be “undead”!

Like now, the Thousand Machines World Venerable uses the burning of Qi Luck to obtain a short-term burst of Qi Luck.

boom-

The Thousand Machines Realm Zun instantly turned into a fiery red streamer, and quickly fled away at a speed that even Xu Ming could not imagine.

Xu Ming only felt a flash in front of his eyes, and the Thousand Machines World Venerable had already gone out of his perception range.

“How is that possible?” Xu Ming looked dumbfounded, “Is this the method of the reincarnator?”

What Xu Ming didn’t know was that Qianji Jie Zun was running fast, but at the same time, Qian Ji Jie Zun’s heart was bleeding!

Luck... For samsara, it’s as important as life!

If a reincarnator runs out of luck, then he is not far from death!

Now, although Qianji Jiezun has escaped, his expression is as ugly as if Xu Ming was going to take his life.

“Huh?” But at this moment, Thousand Machines World Venerable suddenly felt a change in time and space, “This is...?”

The face of Qianji Jiezun was full of disbelief: “This is... the peaceful period of the universe sea, is it going to end?”

Each cosmic era is divided into twelve “time grids”. The beginning of each “time grid” is a quiet period of the cosmic sea. This period of calm, long or short, cannot be determined...

And now!

From the turmoil in the depths of time and space, Qian Jijie Zun clearly felt that the peaceful period of the cosmos sea was coming to an end!

The end of the quiet period, what does it mean? It means... the world is respectful, and can enter the sea of cosmos arbitrarily! !

And the Thousand Machines World Venerable, as a reincarnation person, as soon as the peaceful period of the cosmos sea ends, he can immediately cast a secret technique, so that he can return to the “Supreme High World Venerable” in a very short period of time!

And this is also one of the biggest cards of reincarnation!

“Damn!” But then, Qianji Jiezun couldn’t help but scolded, “Why didn’t the calm period end earlier? Even if it was just over a day earlier, I don’t need to waste so much luck!”

If the peaceful period of the universe sea ended a day earlier, then just now... Qianji Jie Zun does not need to use any puppet formation to deal with Xu Ming, and he will not be chased by Xu Ming, but will use the “Supreme Jie Zun” Invincible posture, directly forcibly suppressed Xu Ming.

However, this is life!

“Although a lot of luck was wasted, it’s fine! Immediately, I will be able to plunder the air from Xu Ming!”

At the same time Qianji Jiezun’s aura was skyrocketing. In just a few breaths, he has stepped from the “Great Senior Realm” to the “Jie Zun Realm”; moreover, his momentum continues to skyrocket!

Weak-level Jie Zun...

Humble-level world respect...

Qiling-level world honor...

God-level world honorable...

Supreme Realm!

Soon, Qianji Jie Zun will return to the realm of High Jie Zun!

His will swept across the boundless cosmic sea tyrannically, and quickly locked on Xu Ming: "I burned my luck and escaped so far!"

The Thousand Machines Realm Venerable found that he was a little far away from Xu Ming.

But it's okay, this distance, it won't take long for the Thousand Machines World Venerable who has recovered the "Supreme World Venerable" cultivation base.

Chapter 2287 There is nowhere to escape!

"The quiet period...is over?"

Of course, Qian Jijie Zun was not the only one who felt the change in time and space. The entire universe sea, as long as it is the realm of the realm, is very clearly aware of it.

next moment-

The world breakers who were originally trapped in the small universes of various parties rushed into the sea of cosmos for the first time.

"It's really over!"

“The suppression of the supreme rule is gone!”

“The last time grid of this cosmic era, the quiet period of the cosmic sea is so short!”

There are long and short periods of calm in the cosmic sea, and there is no fixed period. However, such a short period of calm has really hardly been seen.

Immediately after...

Those tyrannical god-level Jiezun and Supreme Jiezun all spread out their spiritual thoughts one after another. The strength of the powerhouses who have reached this realm has long been unbelievable; the spiritual thoughts they spread out can almost cover the entire universe sea!

The cosmic sea is endless and vast. Spiritual sense completely enveloped the sea of cosmos, which naturally means that he has “seen” endless messages. However, for the powerhouses of Jie Zun Realm, these messages can be completely digested in a single thought.

For Jie Zun, there are not many things that can interest them. Like the Hall Master of Discord, the divine sense swept through the entire universe, and only two people could interest him—Xu Ming and Qianji Jiezun.

“Reincarnator?” The Discord Hall Master recognized the identity of the Thousand Machines World Venerable at a glance. His spiritual sense traveled through endless time and space, and directly talked to the Thousand Machines World Venerable, “Why did your Excellency come to my cosmos sea?”

At this moment, the gaze of the Thousand Machines Realm also penetrated endless time and space, and fell directly on the Lord of the Discord Hall: “The Supreme Realm of the Cosmic Sea? Judging from your appearance, you should have never experienced reincarnation, right? Ha! A Maotou junior who has never experienced reincarnation, dare to question the reincarnation of our Wanwei Palace?”

The pupil of the Discord Hall Master shrank suddenly: “Wanwei Temple? Are you a reincarnation of the Wanwei Temple?”

“That’s right!” Qianji Jie Zun smiled contemptuously, “But you are really ridiculous! After all, you’re also a dignified Supreme Jie Zun, and you don’t even know how to plunder your luck? – If you didn’t keep this piece of meat like Xu Ming, How can I come to the sea of cosmos?”

The Discord Hall Master’s face was a little ugly.

The practice of plundering luck? —Is it the Lord of Discord who doesn’t want to learn? no! The real plundering of luck is already a bit of a confrontation with the supreme rules; if you want to learn it, it’s easier said than done! I am afraid that only the big forces in the reincarnation, such as the “Wanwei Temple”, can learn the practice of plundering luck!

The Discord Hall Master did not learn this technique. If he forcibly kills Xu Ming, then... I am afraid that most of Xu Ming’s luck will return to the supreme rule at the moment of his death; and the Discord Hall Master can plunder the I am afraid that his luck will not be more than that obtained by killing an ordinary Supreme, and it is not even as much as that obtained by his own meditation practice.

It is precisely because of this that the Discord Hall Master didn’t attack Xu Ming at the beginning—it wasn’t that he didn’t want to attack, but that he hadn’t mastered this technique yet!

“Don’t worry!” Qianji Jiezun said again, “I came to the Sea of Cosmic Universe, only for Xu Ming! I will not participate in any other affairs of the Sea of Cosmic Universe! You also don’t affect my luck in plundering Xu Ming. !”

Hall Master Discord looked complicated, but he had no choice – Xu Ming was supposed to be the meat in his bowl! But now, he has to watch others eat the meat in his bowl.

“By the way, since you have finally cultivated to the Supreme Realm, I will mention you casually!” Qianji Jiezun said again, “The complete destruction of the Universe Sea is already a foregone conclusion! You, and The one next to you is the Supreme World Venerable, so prepare for reincarnation as soon as possible!”

Reincarnation...that is to practice from scratch! It’s not that easy!

Like the Thousand Machines World Venerable, it consumes a lot of luck that he has accumulated, and he can retain the memory of his previous life when he is reincarnated; however, this does not mean that the Discord Hall Master and Discord Hall Master are also Can keep the memory!

The luck of the Discord Hall Master and the Discord Hall Master is not enough to retain a complete memory! Under such conditions, the risk of reincarnation to the two of them can be imagined!

“Your Excellency!” The Discord Hall Master couldn’t help but said, “We want to join the Wanwei Hall, may I introduce you to me?”

“Join the Wanwei Palace? Hahahaha...” Qianjijie Zun couldn’t help laughing when he heard the words, “Thanks you have heard of the ‘Wanwei Palace’, it’s not too ignorant! But, don’t you know, What are the requirements for joining Wanweidian?”

condition?

The Discord Hall Master and the Discord Pavilion Master looked at each other, both of them at a loss.

“The first condition for joining the Wanwei Temple is – at least one thousand times of reincarnation!” Qianjijie Zun sneered, “I won’t say the other conditions, even if I say it, you two hairy boys won’t understand. Just because of you, you also want to join the Wanwei Temple?”

“It has been reincarnated a thousand times...” Upon hearing this first condition, both the Discord Hall Master and the Discord Pavilion Master were instantly desperate.

The “reincarnation” in the realm of Jie Zun is not the kind of reincarnation that Gu Hanmo had back then!

Gu Hanmo’s reincarnation was only carried out in a small universe.

And the reincarnation in the realm of Jie Zun directly leaves the universe sea! —The destination of reincarnation will be a place that is hundreds of millions of times more terrifying than the sea of cosmos! In that place, even a strong Jie Zun is nothing!

And reincarnation to such a place, the degree of danger can be imagined!

Even the Supreme Realm Venerable can rarely be reincarnated a thousand times! The Discord Hall Master and the Discord Pavilion Master naturally do not have this confidence.

“Haha... You are still young!” The Thousand Machines World Venerable sneered, “You haven’t really set foot on the road of reincarnation!”

The dialogue between the Thousand Machines World Venerable and the Discord Hall Master was actually completed in an extremely short moment.

The Spiritual Mind of the Thousand Machines World Venerable has always been shrouded in Xu Ming’s body; his figure has also moved towards Xu Ming’s direction. The speed is so fast that it is more than ten million times faster than the “16th-order” realm!

“Xu Ming, don’t struggle!” The Thousand Machines World Venerable said with a savage smile, “The entire universe sea, to me, is just a pond! It’s just jumping under my eyelids! You... can’t get out of my palm!”

Although Xu Ming was a little stunned, he gradually understood what was going on—the peaceful period of the cosmic sea had passed! The great powers of the realm of Jie Zun have already been able to enter the sea of cosmos!

What’s even more terrifying is that this Thousand Machines Realm Zun seems to have broken through from “Great Zun” to “Jie Zun” in an instant, and it is also a very powerful existence in the realm of Jie Zun!

Although Xu Ming can match the strength of the Jie Zun with the cultivation of the Great Venerable, he can only rival the weakest Jie Zun! Obviously, he can’t be the opponent of the Thousand Machines World Venerable, and he doesn’t even have a place to run – as the Thousand Machines World Venerable said, the entire universe sea is just a pool of water to him! Where can Xu Ming escape?

Chapter 2288 Escape into the Demon Abyss

“How to do?”

Of course Xu Ming was unwilling to give up.

Escape into other universes? – This idea was immediately rejected by Xu Ming.

He can escape into other universes, and Qianjijie Zun can naturally chase into other universes. For the Supreme Realm Venerable, as long as the peaceful period of the cosmos sea passes, there is no place to go! What's more, it is the Thousand Machines Realm Venerable who is a very terrifying reincarnation among the "Supreme Realm Venerable"!

Escape back to the home universe?

Xu Ming is the master of the universe in his hometown! In his home universe, he can mobilize the power of the origin of the universe and exert the strongest combat power.

But... Xu Ming's hometown universe is still only a reincarnation-level universe. For a Supreme Realm Venerable, the source power of a reincarnation-level universe is obviously not enough to see!

Even if Xu Ming could escape back to his home universe, Qianji Jiezun would have the ability to tear down his home universe!

What's more, Xu Ming couldn't escape back to his home universe at all!

"Little hang?"

Xu Ming's only means left now is to cheat!

Since his strength has skyrocketed, Xu Ming has really never used "Xiaohang" again. One is that the opponents Xu Ming met in the sea of cosmos are not qualified to make him use the "small hanging"; the second is because, as Xu Ming's strength becomes stronger and stronger, the risk of opening the hanging is also getting higher and higher. If you are not careful, you may be discovered by the supreme rule.

But now, Xu Ming has used the treasure "Death and Life" to isolate the investigation of the Supreme Rule; even if it is opened, there is no need to worry about being discovered by the Supreme Rule. Moreover... Xu Ming's situation has indeed reached a situation where he has to open up!

“Supreme Jiezun? And a reincarnator?” Xiaohang immediately poured cold water on Xu Ming, “All the functions of the plug-in can’t work on the Supreme Jiezun!”

The Supreme Realm is already the true pinnacle of the universe sea! Even if it is the supreme rule, it is necessary to give the supreme world a little face!

Although Xiaohang is against the sky, but... the creator of Xiaohang is probably not much stronger than Supreme Realm Zun, right?

Naturally, the many functions of the plug-in will definitely not work for the Supreme Realm!

Xu Ming’s last reliance was useless!

It really is... There is no way to go to heaven! No way to enter!

This is the crushing of absolute power level!

The difference is too big!

The gap is too big to make up!

“Xu Ming!” Suddenly, a familiar voice sounded directly in Xu Ming’s mind, “Escape to the Demon Abyss!”

Escape to the Demon Abyss?

Xu Ming was taken aback.

“As long as you escape into the Demon Abyss, the Thousand Machines World Venerable will not be able to chase you!”

“Oh?” Xu Ming’s eyes lit up, and he couldn’t help asking, “Who is Your Excellency? Why do you want to help me!”

“Me? Haha...” The other side laughed, “I’m your... fellow!”

“Hometown?” Xu Ming was a little confused.

“Me! Kunpeng Jiezun!”

Kunpeng World Honor! ?

Xu Ming’s eyes suddenly brightened.

Kunpeng Jie Zun, also known as Kunpeng Great Zun of his home universe! He is also the top powerhouse born in his home universe!

When Xu Ming was in the universe in his hometown, he received the inheritance of Kunpeng Dazun, and only then did he practice his “divine universe”. Later, Xu Ming heard that Kunpeng Dazun had left his home universe, but he didn’t know where he went; he never expected that he would meet in such a scene today.

“No wonder I think the voice sounds familiar!” Xu Ming secretly said.

As for how Kunpeng Jiezun recognized himself, Xu Ming was not surprised. After all, there are too many causal connections between Xu Ming and Kunpeng Jiezun! It is precisely because of this that Xu Ming can follow the causal relationship and determine that the other party is really his “compatriot” Kunpeng Jiezun.

“Kunpeng Jiezun!” Xu Ming asked while flying towards Moyuan, “How can I find you in the future?”

“After entering Moyuan, go to Yuanmo Mountain!” Kunpeng Jiezun said, “I will wait for you on Yuanmo Mountain!”

Yuan Mo Mountain?

Xu Ming remembered.

call out-

Suddenly, Xu Ming turned into a streamer and flew towards the peerless Demon Abyss closest to him.

At the same time, Xu Ming couldn't help thinking to himself: "Since Kunpeng Jiezun didn't show up, but just reminded secretly, think about it, Kunpeng Jiezun's strength is definitely not as strong as Qianji Jiezun, and he doesn't dare to compete head-on!"

But in any case, it is enough to have a secret reminder from Kunpeng Jiezun!

At least, Xu Ming has found a promising path, and he will no longer feel that "there is no way to enter the sky"!

"I don't know how far the Thousand Machines World Venerable is from me now!" Xu Ming secretly said.

Qian Jijie Zun's spiritual sense is extremely tyrannical, and can almost sweep the entire cosmos sea; but Xu Ming's spiritual sense is much weaker, and he can't explore much of the area at all. Therefore, Xu Ming was naturally unable to determine the distance between the Thousand Machines World Venerable and him.

"However, Peerless Demon Abyss is very close to me, I should have hope of escaping in!"

As for what will be faced after escaping into the Peerless Demon Abyss? Whether it will be as Kunpeng Jiezun said, will be able to get rid of the pursuit, Xu Ming is not known for the time being.

Anyway, there is no second way to choose, Xu Ming can only escape first and then talk about it!

call out-

Xu Ming galloped desperately.

"Huh?" The Thousand Machines World Venerable far away, naturally also saw Xu Ming's purpose, "Do you want to escape into the Demon Abyss?"

This time, Thousand Machines World Venerable no longer has the attitude of controlling everything before. He did not expect that Xu Ming would know that he should flee to Moyuan.

“Hahaha...” Although there was some surprise in his heart, on the surface, Qianji Jiezun still pretended to be indifferent, “You actually want to escape into Moyuan? Do you know where Moyuan is? I am It came from Moyuan; if you escape into Moyuan, it’s like a sheep into a tiger’s mouth!”

“Really?” Xu Ming asked lightly, with a disdainful smile.

If Xu Ming escaped into the Demon Abyss, it is really a sheep into the tiger’s mouth, then now... I am afraid that the Thousand Machines World Venerable will not say such nonsense to Xu Ming at all!

But Qianji Jie Zun said this on purpose, which means that Qian Ji Jie Zun actually didn’t want to see Xu Ming escape into Mo Yuan!

And Xu Ming, of course, saw this clearly in an instant.

“Thousand Machines World Venerable doesn’t want me to escape into the Demon Abyss?” Xu Ming sneered in his heart, “Then I’ll just escape into the Demon Abyss!”

As for what kind of world will one party be after escaping into the Demon Abyss? Xu Ming has no time to think about it! – After all, now, apart from fleeing into the Demon Abyss, Xu Ming has no other choice!

“Damn!” Qianji Jie Zun could only watch helplessly, Xu Ming continued to flee to the peerless Demon Abyss. The distance between him and Xu Ming is really a little far, and the distance between Xu Ming and Peerless Moyuan is really very close; even if the speed of Qianjijie Zun far exceeds Xu Ming’s thousands of times, it is difficult to Catch up with Xu Ming!

boom!

The Thousand Machines World Venerable didn’t even hesitate to burn the divine body!

The situation that can force the high world to burn the divine body, but it is really too little, too little! It can be seen how the Thousand Machines World Venerable does not want to see Xu Ming escape into the Demon Abyss!

pity!

It's a pity that the Thousand Machines World Venerable is still a step behind! – Just when he just rushed outside the passage of the peerless Moyuan, Xu Ming's figure had already passed through the whole passage of the Moyuan and escaped into the Moyuan!

“Damn!” Qianji Jiezun was so angry that he wanted to vomit blood.

You must know... Qian Jijie Zun has spent a lot of money to come from the Demon Abyss to the Universe Sea, especially for Xu Ming! As a result, Xu Ming fled into the Demon Abyss, and Qianji Jiezun couldn't chase after him!

How could the Thousand Machines World Venerable not be depressed and want to vomit blood?

Chapter 2289 This is a treasure!

boom-

In an instant, Xu Ming crossed the entire Demon Abyss passage and rushed into the Demon Abyss World—this was a place that Xu Ming never dared to set foot on in the past! But now, facing the pursuit of the reincarnators, this has become Xu Ming's only way.

“here is...?”

As soon as he rushed into the world of Demon Abyss, Xu Ming even observed the surrounding situation. Seeing this, Xu Ming couldn't help but take a deep breath: “Hi—”

Dense, endless magic abyss creatures!

Moreover, the Moyuan creatures here are not only in the realm of Heavenly Supreme Realm, but many of them are in the realm of Great Venerable!

What shocked Xu Ming was that among the demonic creatures in the Great Senior Realm, many of them were very powerful, reaching the “16th-order” level!

Xu Ming looked around casually, and there were more than ten thousand demon creatures at the “sixteenth-order” level!

“Hey – it’s no wonder that the lords use the formation to suppress the major passages of Demon Abyss, and they are not allowed to enter the passage of Demon Abyss realm!” Xu Ming couldn’t help thinking.

If there is no such suppression by the formation, I am afraid that thousands of “sixteenth-order” level demonic creatures would have flooded into the sea of cosmos! In the calm period of the cosmos sea, there is simply no power that can stop so many “sixteenth-order” demonic creatures!

I am afraid that the creatures of the Demon Abyss will do whatever they want in the universe!

“However... it seems that there is no demonic creature in the realm of Jie Zun!” Xu Ming discovered again.

“Roar!”

“Whoops—”

rumbling...

At this time, those demonic creatures also discovered Xu Ming who had suddenly appeared. Immediately, an endless stream of demonic creatures rushed towards Xu Ming like a tide; the fastest among them was undoubtedly the tens of thousands of “sixteenth-order” demonic creatures.

Before breaking through the realm of the Great Venerable, Xu Ming might really be drowned by this endless stream of demonic creatures. But now, Xu Ming has practiced the “Eternal Realm”, and his strength has stepped into the realm level, and it is already a big difference from the great level!

No amount of “sixteenth-order” demonic creatures could pose any threat to Xu Ming.

call out! call out! call out! call out! ...

In an instant, thousands of attacks had already landed on Xu Ming. If it were replaced by other Great Venerables, even the most elite beings in the “sixteenth order” would be wiped out in an instant; however, these attacks fell on Xu Ming, but they were completely lost to the sea and could not be hurt at all. cents.

Xu Ming was about to slay the Quartet when suddenly—he felt an irresistible but incomparably soft force wrapping his body.

Enveloped by this power, the surrounding time and space revolved.

Xu Ming found that he was moving away from the entrance of the Possessed Abyss at an incredible speed. Moreover, Xu Ming also found that his direction was constantly changing every moment, and he had no idea where he would be taken.

“No wonder...” Xu Ming secretly said, “No wonder Kunpeng Jiezun let me escape into the Demon Abyss! In this situation, even the Supreme Jiezun can’t chase me!”

In the constant changes of time and space, Xu Ming traveled for half an hour at a terrifying speed. Finally, the gentle force that enveloped him disappeared, and Xu Ming had already stepped on a piece of black earth.

“Here...is it the Moyuan world?” There was no one around, and there were no Moyuan creatures in sight.

Immediately afterwards, Xu Ming’s pupils shrank suddenly: “The Supreme Rule!?”

Here, Xu Ming can’t even feel the ubiquitous supreme rules!

Demon Abyss represents the ultimate death! Here, even the supreme rule has died, and it has become “the supreme rule of death”!

Immediately, Xu Ming saw endless stars in the sky.

“Are those stars...?” Xu Ming still had a sense of direction. He could feel that he seemed to come down from one of the stars, “What are those stars?”

Xu Ming had no idea!

“This world of Demon Abyss is really weird and magical! I’d better find a way to find someone first, let’s get to know this place first! – Huh?” Xu Ming was thinking when suddenly, his eyes fell on a small black spot in surprise. .

This is a small black dot of no size.

But Xu Ming is very familiar!

“The Heart of the Universe!?” Xu Ming was surprised.

As far as he knows, the heart of the universe is very precious, a treasure that even Jie Zun will desperately fight for! And now, when I just came to the world of Demon Abyss, I saw a cosmic heart floating in front of me.

This made Xu Ming couldn’t help thinking: “Is it easy to get the Heart of the Universe here?”

You must know... Xu Ming practiced the “eternal world” after integrating the heart of the universe into every particle universe of the divine body; now, the heart of the universe in his hands is running out!

And the next cultivation of “Eternal World” needs to absorb and refine the massive heart of the universe! Xu Ming was worried about where he should go to find the Heart of the Universe, but there was one in front of him!

How can this not be taken?

Xu Ming was about to reach out and grab the heart of the universe, but at this moment—

boom! boom! boom!

There are three tyrannical breaths, rapidly approaching! In an instant, he was near Xu Ming.

“This is...?” Xu Ming’s expression suddenly became condensed, “Three realms!”

The three World Venerables are obviously here to compete for the heart of the universe, and they are all fighting each other.

“Heavenly Wheel Jiezun!” A Jiezun with anger lingered all over his body roared, “This heart of the universe was discovered by me first!”

“Ridiculous!” Tianlun Jiezun sneered, “Jiuyan Jiezun! You discovered it first, so is it yours? You ask Qingyun Jiezun, is there any such statement?”

Another Qingyun Jiezun, who is immortal, also smiled faintly: “Whoever can get it is who has the ability!”

At this time, the three world respecters also noticed Xu Ming.

“Huh?” The three World Venerables couldn’t believe it, “Great Venerable? How could Great Venerable exist in the Demon Abyss?”

“The Great Senior dares to enter the Demon Abyss, I’m afraid it will be wiped out in an instant, right?”

“Could it be... Although he is in the realm of Great Senior, but his strength is already comparable to that of Jie Zun?”

Immediately, the eyes of the three world lords looking at Xu Ming were all red, as if they were looking at a peerless treasure! Even the heart of the universe is no longer attractive to them.

Great Senior Realm, strength comparable to Jie Zun? You must know... even if the reincarnator is reincarnated with memory, he cannot use the cultivation of the Great Venerable to match the strength of the World Venerable! Otherwise The Thousand Machines Realm Zun would not have been hunted down by Xu Ming before!

In the realm of the Great Senior, the strength is comparable to that of the Realm! – Is there such a genius?

Have!

However, only in legends!

“We have met the legendary genius?” Tianlun Jie Zun, Jiuyan Jie Zun, and Qingyun Jie Zun looked at each other with enthusiasm in their eyes, “This is a treasure! It’s bigger than the heart of the universe. It is a thousand times more precious!”

“Grab it first and then talk about it! – I don’t know what means he will have! The three of us will join forces and share the benefits equally after we catch it!”

“it is good!”

The three World Venerables who were also fighting for the heart of the universe, reached a consensus in an instant, and they all besieged Xu Ming.

Xu Ming just felt confused – how come these three people were fighting each other, but when they saw him, they joined forces to kill him? Who am I provoking?

Chapter 2290 Billions of Cosmic Seas

The three realms!

Although these three world lords are only the weakest “weak-level world lords”; however, Xu Ming’s strength is only worthy of stepping into the level of world lords – facing the siege of the three world lords, he instantly fell into Dangerous situation!

“Jie Zun strength?”

“Sure enough, it is the realm of the Great Senior, so it has the strength of the Realm!”

“incredible!”

Tianlun Jie Zun, Jiuyan Jie Zun, and Qingyun Jie Zun naturally saw Xu Ming’s strength instantly, which made them exclaimed.

At the same time, the eyes of the three of them became more and more heated: “Which force, if it can control such a genius, then... I’m afraid they can directly dominate Moyuan?”

Xu Ming didn’t know at all, what a genius like him, who showed “Jie Zun’s strength” in the “Great Zun Realm”, meant to all the forces in Mo Yuan!

Not to mention the three “weak-level World Venerables” in front of you! Even the top forces in Moyuan, if they knew about Xu Ming’s existence, they would probably do their best to capture Xu Ming!

boom! boom! boom!

In an instant, Xu Ming collided with the three realms.

If it is one-on-one, Xu Ming is not afraid of any of the three; but now, Xu Ming is one against three, and these three world honors are good at each. Therefore, as soon as they fought, Xu Ming was stubbornly suppressed; after a few moves, Xu Ming lost even the strength to parry.

At the level of Jie Zun... Xu Ming is still too weak after all!

“Good opportunity!” Seeing Xu Ming’s inability to parry, Tianlun Jiezun did not hesitate to use the secret technique of capturing – the Great Tianlun Shou!

rumbling rumbling...

The giant palm of Tianlun Jiezun instantly turned into a giant formation of reincarnation, shrouded and crushed. If it is suppressed, even Xu Ming will not be able to break free.

“Hahahaha...” The eyes of Tianlun Jiezun already showed excitement.

“Hey...” Xu Ming’s expression did not show any panic or despair, but instead sighed depressedly, “It seems...with his own strength, he really can’t break the game!”

With his own strength, although he can’t break the game, but... Xu Ming is down!

Xu Ming’s plug-in can’t deal with the Supreme Jie Zun, can’t deal with the reincarnation... Could it be that he can’t deal with the three weak-level Jie Zun?

“Seckill” hangs up instantly!

Tianlun Jiezun, who was originally excited, his eyes instantly became extremely frightened; however, before he could react, he died in an instant!

“what!?”

“what!?”

Jiuyan Jiezun and Qingyun Jiezun on the side naturally discovered this mutation – they never thought that Tianlun Jiezun, whose strength was between them, would suddenly die without warning. remove.

“what happened!?”

“There is something weird here! Escape!”

call out! call out!

At this time, Jiuyan Jiezun and Qingyun Jiezun could not even care about capturing Xu Ming, the legendary genius! In the face of the strange death threat, the first reaction of the two is to run!

Run first!

Then report Xu Ming’s news! Naturally, they will have their credit!

Bang!

However, Qingyun Jiezun was running when he saw Jiuyan Jiezun beside him, and he died instantly without any warning.

“What!?” Qingyun Jiezun became more and more frightened.

At this time, Xu Ming’s voice came: “If you run again, you will die!”

Whoosh!

Qingyun Jiezun was so frightened that he stopped for a moment, and looked at Xu Ming in horror: “You... Who are you?”

At this time, Qingyun Jie Zun certainly didn’t think that Xu Ming would be just a Great Senior; after all, if Xu Ming was really just a Great Senior, how could he kill the two Jie Zun in an instant?

“Could it be which Qiling-level Jiezun? Or even... God-level Jiezun?” Qingyun Jiezun couldn’t help thinking.

To be able to instantly kill a strong Jie Zun without warning, at least it must be a Qiling-level Jie Zun!

Weak-level Jie Zun and Humble-level Jie Zun are absolutely impossible!

Thinking of this, Qingyun Jie Zun is full of bitterness: “I just said, how can there be a genius in the realm of the Great Zun, who can match the strength of Jie Zun? This kind of genius is only found in legends, and it is impossible to appear! It turned out to be a certain A super strong man deliberately disguised... such a super strong man, why do you have to pretend to be a realm to play tricks on me!”

At this time, Xu Ming’s voice sounded again: “I ask, you answer!”

“Let me go after answering?” Qingyun Jiezun couldn’t help asking.

“As long as you answer honestly!” Xu Ming said lightly.

“Okay!” There was a glimmer of hope in the eyes of Qingyun Jiezun, “You ask!”

“The first question: What realm are you three among the Jie Zun?” Xu Ming asked.

“Huh?” Qingyun Jiezun was startled. He didn’t understand why Xu Ming asked such a question, but he still said, “Weak-level Jie Zun!”

Xu Ming nodded slightly.

In fact, Xu Ming also guessed that these three world respecters should all be only weak-level world respecters; after all, he admits that his strength is definitely not strong at the level of world elders!

However, only by asking clearly can Xu Ming be truly sure.

“Second question: Where is Yuan Moshan? What is the strength of Yuan Moshan’s strongest?”

Xu Ming can remember that after Kunpeng Jiezun let him enter Moyuan, he went to Yuanmo Mountain to find him.

“Yuanmo Mountain... It’s in this direction! But the distance is extremely far!” Qingyunjie pointed in one direction. In this direction, there are hundreds of millions of stars and rays of light scattered and gathered at the end of time and space, which is exactly where Yuanmo Mountain is located.

Xu Ming understood.

The power of Yuan Mo Mountain is probably stronger than the entire universe combined!

“The last question...” Xu Ming looked at the endless stars and asked, “Where are these stars?”

Qingyun Jiezun looked at Xu Ming more and more puzzled – how could Xu Ming not even know this?

But he still answered honestly: “It’s the universe sea! Every star is a universe sea!”

“Hiss—” Xu Ming gasped—he guessed right!

The Cosmic Sea...isn’t the only one!

The stars in the sky are countless billions of cosmic seas!

this moment!

Xu Ming once again felt the hugeness of the endless universe...and his own insignificance!

It’s suffocatingly huge!

“Even if you cultivate to the realm of Supreme Realm, it is still incomparably small compared to this endless world, right?” At this moment, Xu Ming became more and more curious. What kind of cosmic picture will it be after understanding? What kind of horrible truth will it be?

Xu Ming had no idea! After all, he is still only in the realm of Great Venerable.

“I...” Qingyun Jiezun asked with panic, “Can I go?”

“Yes!” Xu Ming waved his hand lightly.

Great Senior Qingyun was overjoyed immediately, and even turned around and left. But... he didn’t run a few steps before he died without warning!

“Seckill” hangs, enable it again!

“I didn’t let you go!” Xu Ming looked blankly at the fallen Great Senior Qingyun, “I let you go! You can’t escape by yourself, so you can’t blame me!”
