

A World 241

Chapter 241: , What Is The Origin

() Soaring in a mere half-step Spirit Realm, in Xu Ming's hands, he has no resistance at all.

“Ah—let me go! Boy, let me go!” Ao Xiang was still struggling, but he couldn't break free.

Snapped!

Xu Ming raised his hand and slapped: “Be honest!”

Sure enough, the old saying is good: if you can do it, try not to move your mouth – this slap will make Ao Xiang more honest.

“Stop first!” Xu Ming lifted Ao Xiang high, and his shouts instantly spread throughout the battlefield.

The Hidden Killer Sect was a little stunned.

“Sect Master Ao... was captured?”

“Why do you feel that Sect Master Ao has no resistance at all in the hands of that kid?”

“You are not feeling, but really reads();!”

Gu Kongshan forced the four deputy sect masters to retreat, and also shouted: “All stop! Let's talk about it!”

Ji Ye had a cold face and said, “Stop!”

The warriors on the side of the Hidden Killing Sect discovered that Silent Night was a hidden super master. At this moment, Silent Night gave an order, of course they did not dare to obey, and immediately retreated like a tide.

But then again, the Hidden Killing Sect side really doesn't want to continue fighting – this fight is too suffocating!

Their opponents are not afraid of being injured at all, they are Xiaoqiang who cannot be killed!

After fighting for a long time, the Wilderness Sect side had almost no losses, but the Hidden Killer Sect side, which had an overwhelming advantage, had already lost dozens of elders without realizing it. Most of the other elders who “stolenly survive” are also injured.

The hidden killing sect side is really worried that if this fight continues, it is not that they will destroy the wild sect, but the wild sect will destroy them!

Now, as soon as I hear “stop”, the side of the Hidden Killing Sect is naturally eager, and will withdraw without saying a word.

With the withdrawal of the Hidden Killing Sect, the warriors of the Wilderness Sect were not happy.

“Stop, grandson! Don't run if you don't want to, let's fight another 300 rounds!”

“Hahaha, are you afraid of being beaten? A bunch of trash! What's the use of having too many people? What's the use of having a high cultivation base? Trash is always trash!”

The Wilderness Sect side mocked wantonly.

They have never had such a good fight!

There are few people and the cultivation base is weak, but the opponent has no temper at all.

Looking at the opponent in front of him, with a pained expression of “it's not to fight, it's not to fight”, it's so cool that they don't want it!

Such a cool fight, let them fight ten times a day, they are all willing!

The warriors of the Wilderness Sect chatted with each other while retreating to the Sect Master Gu Kongshan.

“These turtle grandsons are running too fast! If they continue to fight, I will kill ten more of them!” The lunatic licked his mouth with his scarlet tongue, his eyes glowing with excitement.

“Mad, how many have you killed?”

“Five!” The madman said, “Four early stages of condensing pills and one mid-stage condensing pills!”

“Damn it, lunatic!” Chen Yu on the side was shocked, “You condensed the pill in one and a half steps, but you killed the middle stage of pill condensing!?”

“Just one, just one!” The lunatic waved his hand humbly.

“Just one more?” Chen Yu was speechless.

...

The same conversation is also happening between other warriors. Their record, although not as amazing as the lunatic, is still good.

Most importantly, this fight was so cool!

They have never had such a good fight in their lives!

The two camps face off at a distance.

Xu Ming carried Ao Xiang and stood at the front with Gu Kongshan.

On the side of the Hidden Killing Sect, Ji Ye and Guo Haoyan, two masters of the spiritual realm, since they had already been exposed, of course they stood at the forefront.

“Sect Master, do you know what’s going on with the Hidden Killing Sect?” Xu Ming’s voice transmission chatted about reads();.

“I don’t know either...” Gu Kongshan said, “But I’ve always heard that the background of the Hidden Killing Sect is very scary! I used to think that this was just rumors, but now it seems that I’m afraid there is a lot of background!”

“I feel that the background should be on Xiang Xiang!”

Gu Kongshan also agrees.

“Two masters of the spirit realm!” Xu Ming said with a wicked smile to Ji Ye and Guo Haoyan, “If I guess correctly, your two super masters are hiding in the Hidden Killing Sect to protect one person, right? – It’s me. This is in your hand, right?”

Ji Ye’s voice was cold: “Boy, I advise you to let Sect Master Ao go immediately! He is not something you can provoke!”

“Let him go!?” Xu Ming sneered disdainfully, “He is about to destroy our Wilderness Sect, you told me to let him go?”

At this time, Ao Xiang regained the courage to shout: “Boy, you let me go now, I can pretend that nothing happened, and immediately take people away from the wild sect! But if you continue to be obsessed with it, then you can...”

Snapped!

Before Ao Xiang could finish speaking, Xu Ming slapped his hand and said, “So what?”

Ao Xiang covered his face, looked at Xu Ming angrily, and said stubbornly, “Then...”

Snapped!

Xu Ming waved his hand and slapped again.

Ao Xiang's face, don't turn it over.

"Then what? Go on!"

"That...that..." Ao Xiang said "that" twice, but after all, he still didn't dare to continue to be hard-hearted, he could only keep comforting himself-forbearance! Tolerate! Tolerate! People have to bow their heads under the low eaves!

"Just be honest!" Xu Ming snorted disdainfully, "Don't play the sect master's temper in front of me, you must know that you are only a prisoner in my hands now! Understand?"

After speaking, Xu Ming said again: "However, Ao Xiang, I'm really curious, what is your origin, there are actually two experts in the spiritual realm protecting you!"

Ao Xiang remained silent, obviously not wanting to reveal his origins.

At this moment, Ji Ye said coldly: "What is the origin of Sect Master Ao, I advise you not to know! If you know too much, you will get into trouble!"

Xu Ming was startled.

Can't even know?

Knowing too much~www.readwn.com~ will cause trouble?

What's the history? Is it so scary?

Ji Ye said again: "Boy, hurry up and let people go! Ao Zong is mainly in an accident, and your entire Wilderness Sect buried with you is not enough to exonerate!"

“Is your status so noble? Then I don’t dare to let it go!” Xu Ming exaggeratedly exclaimed, “I’m afraid that once you let it go, your super master will turn his face and kill me immediately! – So, this soaring, I It’s safer to hold it in your hand first!”

“Stop struggling! You have to let go if you don’t let it go! You can’t afford it if there is an accident with Sect Master Ao!” Ji Ye sneered.

“That’s not necessarily true!” Xu Ming sneered, “If we can’t reach an agreement, I think the jade and the stone will burn? If it is a death, why don’t I pull him and die together?”

“Hmph! You don’t have the guts!” Shan Ye sneered, “Okay, let’s not play around with it, let’s just talk about the conditions for releasing people!”

“In this way, we can have sincerity to talk!” Xu Ming smiled, “My conditions are not harsh. The first condition... Hand over Liang Wei and this group of people first!”

Chapter 242: , Transfer The Battlefield

() “The first condition... Hand over Liang Wei and these people first!”

The Liang-type martial artists were all in a hurry.

They have just become traitors, if they are handed over now, will they have a good end?

“Elder Silent Night...” Liang Weihe said, “We are fighting on the same line anyway!”

“On the same line?” Silent Night smiled disdainfully, “I dare not be on the same line as a group of traitors!”

The expressions of everyone in the Liang family changed drastically.

“Xu Ming, I agree to this first condition!” Ji Ye waved his hand, “Throw all the people from Liang Clan to me!”

Immediately, the masters of the Hidden Killing Sect rushed towards everyone in the Liang family with murderous aura.

Some Liang-type martial artists still couldn't understand the situation and wanted to resist, but they were immediately beaten and seriously injured, and then they were thrown out like a dead dog.

Bang! bang reads();! Bang! bang...

More than 100 beam-type warriors smashed a bunch of them on the ground.

Bang!

Even Liang Weihe was thrown out by Guo Haoyan himself.

"This...this..." Liang Weihe was completely stunned.

The situation has changed so quickly!

One moment ago, he was still dreaming of controlling the Wilderness Sect; the next moment, he was abandoned by his teammates, the Hidden Killer Sect.

"Gu... Sect Master Gu..." Liang Weihe walked to Gu Kongshan tremblingly and cried, "I was also confused for a while, Sect Master Gu..."

Gu Kongshan's face was expressionless; "Take your people first and stand aside! Although you are traitors, you are also traitors of the Wilderness Sect. Don't be ashamed in front of outsiders!"

Winning the king or defeating the bandit, everyone in the Liang family couldn't even think of any resistance, including Liang Weihe, and they all stood aside honestly.

However, Gu Kongshan voiced Xu Ming suspiciously: "Are you really going to let Ao Xiang go?"

Xu Ming smiled strangely: "Sect Master, you say, if I let Ao Xiang go, will Silent Night come over immediately?"

“Yes!” Gu Kongshan said, “That’s why I wonder why you have to talk to him about the terms of release.”

Xu Ming said: “I actually want to take the opportunity to move the battlefield! Move the battlefield to the bottom of the wild mountain, where I can use my fists more.”

Move the battlefield?

Gu Kongshan asked in shock, “Can you handle Silent Night?”

Gu Kongshan has always recognized the person of Ji Ye, but he never thought that Ji Ye was a super expert who was hidden so deeply.

“Not sure!” Xu Ming said truthfully, “But even if we can’t deal with it, escaping is not a problem!”

“Well... be careful with everything!” Gu Kongshan pondered, “I really can’t deal with it, so let me do it! As soon as my wild sect’s trump card comes out, it’s just a mere early stage of the spiritual realm, and it’s still within my grasp!”

“Xu Ming, I have fulfilled the first condition!” Silent Night’s voice sounded again, “You must have the second condition, right? Tell me!”

“The second condition...” Xu Ming slapped the ring from Ao Xiang’s hand and smiled, “Since Ao Xiang is my prisoner, the treasure on his body is my trophy. I take it, it’s not too much. Bar?”

“Boy, return me the ring!!” Ao Xiang shouted continuously.

Snapped! Snapped! Snapped! !

After three slaps, Ao Xiang immediately quieted down.

However, Ao Xiang’s eyes were staring red at Xu Ming.

In his opinion, Xu Ming is simply a robber! – A while ago, he first robbed the treasure house of his Hidden Killing Sect; now, he directly robbed him of the ring.

Compared with the treasury, being robbed of the appellation ring makes Ao Xiang feel more distressed—although there are few treasures in Aoxiang appetizers, each of them is a fine product; a small appetizer ring is no less valuable than the entire treasury. How many.

However, since this Na ring fell into Xu Ming's hands, it would naturally change in seconds.

“Damn it, 1,100,000 level 3 hanging points?” Xu Ming was very surprised, “This soaring, worthy of being the absolute controller of the Hidden Killing Sect! The top-quality treasures in Najie are actually more than those in the treasury! ”

With so many hanging points, Xu Ming's sense of security suddenly came up.

Hanging up, it means strength reads();!

Ji Ye looked at all of this with a sneer, and sneered in his heart: “It's all about to die, and you're still so crazy about money! Soaring the ring, even if it falls into your hands temporarily; Spit it out with profit?”

However, Silent Night will not know that Na Jie has been eaten by Xiao Hang, and it is impossible to spit it out!

“The third condition is also the last condition!” Xu Ming said, “I have to go 30 miles away from the Wilderness Sect before releasing people!”

“Okay!” This third condition is almost equivalent to no condition, and Silent Night agreed without hesitation.

“Let's go!” Xu Ming carried Ao Xiang and walked directly.

“Be careful!” Gu Kongshan warned through voice transmission, “Remember, if you lose the match, run back immediately! Our Wild Wilderness Sect is not afraid of them!”

“Don’t worry, I know!”

With a spear in one hand and Soaring in the other, Xu Ming walked down the ten-thousand-step stone staircase arrogantly.

Hundreds of Hidden Killer Sect masters kept their distance and followed behind.

“Brother Ming, what are you going for?” Everyone looked at this scene in confusion.

“Brother Ming goes alone, will he be besieged?” The madman had already become a fan of Xu Ming. Seeing this, he even worried, “Brothers, rush down together and help Brother Ming!”

“it is good!”

“it is good!”

The savage warriors are fighting with fierce fighting spirit today, and they are about to rush down the mountain, one by one, roaring with enthusiasm.

“Where are you going!” Gu Kongshan shouted coldly, “Do you know why Xu Ming had to wait thirty miles before releasing him?”

“why?”

“Why?”

Everyone was puzzled.

“That’s because... once Ao Xiang is released, the war will break out!” Gu Kongshan put his hands behind him and looked into the distance. At this time, Xu Ming’s figure was already as small as an ant; but with Gu Kongshan’s eyesight, he could still clearly see the hairs on Xu Ming’s face, “Xu Ming is worried that if the war happens within the sect, it will inevitably affect you; so, this is the cause of the misfortune, and the battlefield is moved outside the sect!”

what! ?

The masters of the wild sect were shocked.

It turns out that this is the real intention of Xu Ming's third condition~www.readwn.com~ Brother Ming, he..."

For a time, the masters of the Wilderness Sect felt that their hearts were blocked.

The madman's red eyes were round, and there were faint tears.

"It turns out that Brother Ming did this for us!" Rao was a stubborn madman, and he had the urge to cry at this time, "It's all because we are too weak, we can't help anything other than dragging Brother Ming down. busy!"

Many people are just like lunatics, they only hate themselves for being too incompetent!

Soon, everyone turned their grief and anger into strength, and turned their hatred towards members of the Liang family.

Under the murderous eyes, the warriors of the Liang family suddenly felt like falling into an ice cellar.

"Don't...don't come here!" The Liang-type martial artists shrank into a group unconsciously.

It's just that even if you shrink into a group, it's useless. The undead army has surrounded them.

Chapter 243: ,Head Shot

() Thirty miles, for martial arts masters, is not a distance at all.

After two quarters of an hour, Xu Ming carried Ao Xiang and came to a deserted place: "Okay, let's go here!"

“Then don’t let me go!” Ao Xiang shouted again.

Snapped!

Xu Ming threw another slap at him.

It is already a habit of the palm ***** Xu Ming to slap and play.

“You are still in my hands and still my captive, so be honest with me!” Xu Ming stared.

Ao Xiang was full of anger and aggrieved, but he dared not speak.

Xu Ming said again: “However, when I got here, I suddenly didn’t dare to let people go. What should I do?”

“Xu Ming!” Ji Ye said coldly, “Are you kidding me?”

“I’m just worried, as soon as I let people go, you guys will turn around in no time!”

“Don’t worry! No!” Silent Night said righteously.

“really?”

“Of course it’s true! We spiritual cultivators are the most trustworthy!” Ji Ye said.

“Oh?” Xu Ming smiled slyly, “Then you swear, after I let him go, if you shoot me, you are a dog!”

Ji Ye’s mouth trembled slightly, but he still swore: “Okay, if I shoot you later, I’ll be a dog!”

“Then I’ll be more relieved!”

With Xu Ming’s iron claw, Ao Xiang fell from his hand.

This time, Ao Xiang was much more obedient; although he was angry, he did not dare to attack immediately, but even picked up his tail and fled behind Silent Night.

“Father, are you okay?” Ao Tianlian asked.

“It’s okay! It’s okay!” Ao Xiang gritted his teeth and said, “Silent Night, kill him!”

Silent Night did not hesitate at all: “Yes!”

“Uh...” Xu Ming looked at the situation in front of him speechlessly – this turning his face is really faster than turning a book!

“Silent Night, you just swore that if you shot me, you’d be a dog!”

“Yeah! – So, I’m not going to shoot at you, I’m planning to shoot at you...!” Ji Ye sneered at reads();.

boom!

A machete suddenly appeared in Silent Night’s hands, and at the same time, his aura suddenly changed, from gloomy to bloody.

“Elder Silent Night, capture him alive!” Ao Tianlian shouted, “Today, I must regret letting him come to this world!”

“Yes, Young Sect Master!” Silent Night is obviously Ao Xiang’s dog, otherwise, he would not be a dignified master of the spiritual realm and would not bow down in front of Ao Xiang and Ao Tian.

Ao Tian’s face was hideous: “First capture him alive! Then, we will kill the Wild Wilderness Sect again and capture Gu Hanmo alive! – When that time comes, I will **** Gu Hanmo in front of him!”

Xu Ming’s eyes suddenly turned cold!

Although he knew that Ao Tian's idea would never be realized.

but!

If you have this idea, you can't do it!

"Looking for death!" Xu Ming suddenly had a flying knife in his hand.

call out!

The flying knife shoots without skill, but it contains the power of six strands of artistic conception, and the speed is as fast as lightning. Even Guo Haoyan, who was a spiritual cultivator, couldn't catch the trace of the flying knife.

And the goal of this flying knife is... soaring!

"How dare you make a sneak attack!" Ji Ye was furious, "It's shameless!"

Shameless?

Silent Night seems to have forgotten who attacked Xu Ming with a flying knife just now.

Ding-

The machete flashed and slashed Xu Ming's flying knife accurately.

"Playing sneak attack in front of me? Humph, naive!" Shan Ye snorted coldly.

However...

call out!

Another flying knife quietly swept across the other side of Ji Ye's body and shot directly at Ao Tian!

The drunkard's intention is not the wine!

The first flying knife just now was just a cover; Xu Ming's real goal was Ao Tian!

puff!

Ao Tian's eyes widened in horror, and at the same time, the flying knife directly penetrated his entire head!

head shot!

Can't die anymore!

From this, it can also be seen how strong Xu Ming's killing intent towards Ao Tian is. If he doesn't make a move, it's already done. Once he makes a move, Ao Tian will have no chance of surviving.

Ao Tian, the invincible Young Sect Master of the Hidden Killing Sect, just like that, died!

"You...you..." Ji Ye was stunned, "You are so bold, how dare you kill Ao Tian!?"

"Heh!" Xu Ming sneered disdainfully, "He wants to make my life worse than death, so am I not allowed to kill him?"

"He can kill you! But you can't kill him!" Silent Night shouted.

"Ha!" Xu Ming couldn't help laughing, "He can kill me, but I can't kill him? – In the world, is there such a reason?"

Bang!

Ao Tian's body hit the ground heavily reads();. The blood was mixed with the brain, and it flowed all over the place.

"Xiaotian..." Ao Xiang looked at the scene in disbelief.

Your own son is dead?

After a long silence, Ao Xiang was completely mad.

"Xu Ming!! Xu Ming!! I want you to die!! I want your entire Wilderness Sect to die!!" Ao Xiang roared hysterically, "Silent Night, you rubbish, why are you still standing there? Come on!"

waste?

Ji Ye's face changed, but he didn't dare to say anything.

Ao Tian died, and he couldn't blame him. All he can do now is to kill Xu Ming first and make up for it as much as possible.

But Silent Night also knew that the "gong" of killing Xu Ming was far from making up for the "dead" of Ao Tianshen's death.

"I don't know how the pavilion master will punish me..." Just thinking about it, Silent Night felt palpitations.

"Xu Ming! Stop struggling! Die with peace of mind!" Silent night's whole body exuded a **** murderously aura.

call out!

The knife shines like blood.

"Humph!" Xu Ming was not afraid, "Just let me feel how powerful the 'Ten Grains of Spiritual Sand' realm is!"

The power of the six strands of artistic conception is intertwined with each other and integrated into the rainbow gun.

boom! boom! boom! ...

The astral wind caused by each collision between the two sides blew the weaker pill condensing martial artists of the Hidden Killing Sect, and it was painful. This level of battle is not something that Pill Condensation Realm can participate in at all; even if they get too close, even a trace of aftermath is enough to kill them.

boom! !

In a short period of time, the pair collided dozens of times.

“puff!”

Xu Ming was shaken back, and a mouthful of black blood couldn't help spurting out.

“Sure enough!” Xu Ming secretly said, “But at least, it's already on a level, and it's not irresistible!”

The time limit for the rejuvenation technique had already arrived, so Xu Ming hurriedly added another one to himself.

He vomited blood, which was a small injury, and quickly recovered immediately.

At this time, Silent Night's heart ~www.readwn.com~ was shocked beyond words: “This kid... how...how is it possible!”

What shocked him the most was not that Xu Ming had mastered the six-thread artistic conception, his strength was already at the same level as him. It's the six threads of artistic conception mastered by Xu Ming, which are actually six completely different artistic conceptions!

“Gold, wood, water, fire, earth, wind...” Silent Night carefully felt it several times, making sure that he was not wrong.

“How is that possible...” Silent Night’s face was full of disbelief.

The natural artistic conception is divided into nine categories: metal, wood, water, fire, earth, wind, thunder, yin, and yang.

Ordinary spiritual cultivators can only comprehend one of them, and can only comprehend the fur.

Those who can comprehend the two types at the same time, among the spiritual cultivators, are all geniuses!

Someone who can comprehend three types of moods at the same time... Anyway, so far, Silent Night has never even heard of it!

And Xu Ming, at the same time comprehended six types of moods! ?

Chapter 244: , Long Live The Wild Sect

() Comprehend six types of mood at the same time?

Silent Night feels that his worldview has been subverted.

“The enchanting genius who can comprehend the three types of artistic conception in the Pill Condensation Realm may be hidden in some prefecture-level forces, but I have never heard of it.”

The gap between the prefecture-level forces and the Xuan-level forces is much larger than the gap between the Xuan-level forces and the yellow-level forces! Any prefecture-level force can be ranked in this vast and boundless land of hundreds of millions of miles.

“But I’m sure that such a pervert who comprehends six types of moods at the same time, even in the prefecture-level forces, will definitely be cultivated as heirs! But now, it appears in a yellow-level force?” Silent night was shocked. , can’t be calm for a long time.

“Xu Ming!” Ji Ye suddenly shouted, a hideous smile gradually appeared on his face, “If a genius like you is given a little more time, I’m afraid killing me is like killing chickens and dogs! It’s a

pity... your luck. It doesn't seem to be very good. God doesn't want to give you the opportunity to grow up! Today, you, the invincible master of the future, has not had time to become famous, and it will be in my hands! Hahahahaha..."

The feeling of killing a peerless genius is more exciting than killing ten or a hundred ordinary warriors of the same strength.

Like now, Silent Night couldn't hide this excitement, and even temporarily forgot about Ao Tian's death.

Xu Ming sneered: "There are many people who want to kill me, but unfortunately they all died in my hands!"

In this silent night, although his strength is quite strong, it is not a problem for Xu Ming to win against him.

"Try my move – the blade evil vortex!" Silent Night swooped up, and the power of artistic conception converged into a rapidly spinning vortex on the blade of the scimitar.

Silent Night's complexion is a little distorted, "This secret technique, even I can't control it perfectly! Now I use it to deal with you, you are proud enough!"

Xu Ming obviously also felt the terrible power and murderous aura on the blade, and immediately stopped hesitating: "Xiaohang, help me fight the super perfect battle to level 10!"

With Xu Ming's current cultivation, a level 10 super perfect battle would cost more than half a million level 3 hanging points to read();! Once it is turned on, the more than one million level 3 hanging points that Xu Ming has just stripped from Ao Xiang, I am afraid that nearly half of it will be consumed all at once.

But at this moment, Xu Ming could only grit his teeth and suffer from the pain.

However, Xiaohang reminded: "Because the host's strength is insufficient, it can only open to level 9 super perfect battles at most!"

“It depends on your cultivation level?” Xu Ming suddenly felt a sense of “nowhere to spend money” depression, “Level 9 is only level 9, start it immediately!”

Suddenly, Xu Ming’s level 3 hanging point was less than 200,000 points.

“Level 9 super perfect battle has started!”

The 9th-level super-perfect battle allowed Xu Ming to gain three more artistic conceptions, namely: thunder, yin, and yang.

“The nine threads of artistic conception I have mastered now are all different?” Xu Ming suddenly understood that this was not a coincidence, but based on his current cultivation base and realm, plug-ins were only allowed to himself, and each type of artistic conception could only be grasped a little.

Only one thread, not two threads.

hiss-

The different moods of Jiu Si also swirled into a vortex on Xu Ming’s spear.

“Golden stone is broken!”

One shot, go ahead!

boom!

boom!

boom!

boom!

...

The mighty energy that shakes the sky and the earth constantly collides with each other.

Every collision between the two sides is like thunder. Even the wild desolate sect thirty miles away can hear the sound of thunder deafening in the ears.

At this time, the warriors of the Gu Department and Zhang Department had already subdued the Liang family traitors. Everyone stood on the top of the mountain, watching the battle in the distance with trepidation.

“Is this the real strength of Brother Ming?”

“Xu Ming, he...” Gu Hanmo also walked out of the wild hall at this time. She looked at the **** of war wielding a spear in the distance, feeling strange and proud at the same time.

Because the distance is too far, coupled with the huge gap in strength, the people in the Wilderness Sect, except Gu Kongshan, can’t actually see the details of the battle.

But Gu Kongshan, who was able to see the whole process of the battle, became more and more palpitated.

“Xu Ming’s spear contains a good artistic conception...wonderful!” Gu Kongshan didn’t know why he used the word “wonderful” to describe Xu Ming’s spear skills and artistic conception. The more mysterious.

Suddenly, in the depths of his heart, a trace of enlightenment finally rose up completely.

“So... so that’s how it is...” Gu Kongshan closed his eyes unconsciously, a look of satisfaction on his face.

Gu Kongshan has been comprehending the mood for a long time. At this moment, watching Xu Ming display nine different moods at the same time, he finally realized it!

A trace of the artistic conception of the wind was quietly generated in the depths of Gu Kongshan's mind.

“It's now!”

Gu Kongshan's will in vain oppressed the golden pill in the center of his dantian.

In terms of cultivation, Gu Kongshan has already reached the limit of condensing pills and can “break pills” at any time. Now, under the active guidance of Gu Kongshan, cracks appear on the surface of the golden core quickly...

Jindan broke reads();!

The pure power that has been compressed for a long time in the golden core flows out along the cracks, and soon fills the dantian of Gu Kongshan. Even the golden case of Jindan melted in the dantian.

Linghai Cheng!

Immediately, Gu Kongshan manipulated the artistic conception of the wind in the depths of his heart and came to the “Dantian Spiritual Sea”.

This trace of artistic conception quickly condensed into a grain of spiritual sand in the spirit sea!

Gu Kongshan abruptly opened his eyes, and there was a breathtaking light in his eyes, and the whole person's attitude was completely different.

After a long period of precipitation, today I saw a succession of Spirit Realm masters, especially Xu Ming; Gu Kongshan finally accumulated a lot and entered the Spirit Realm in one fell swoop!

Zhang Kuang was the first to notice the change in Gu Kongshan, and immediately fell to the ground sincerely: “Congratulations to the sect master!”

Zhang Kuang's kneeling means that Zhang Xi will only follow his horse's lead from now on, and will no longer be a neutral force. And the Liang clan has been destroyed again, and since then, the entire wild sect has been completely controlled by the Gu clan.

"Finally, I really control the entire Wilderness Sect..." Gu Kongshan couldn't help sighing in his heart, "The Wilderness Sect was originally Gu's Wilderness Sect! Unexpectedly, over the years, the sect has declined, and as the sect master, I can't really take full control of the power... Now Alright! The Wilderness Sect has finally returned to Gu Xing's grasp!"

Others didn't know why Zhang Kuang knelt down with a "pop" at first, and it took a long time to gradually realize that their Sect Master was completely different from before!

"Is the suzerain a spiritual monk?"

"Then our Wilderness Sect will not be a Xuan-level force from now on?"

"What's so strange about the Xuan-level forces? – Even if the suzerain does not break through, with Brother Ming here, aren't we still the Xuan-level forces?"

After the catastrophe, the suzerain broke through again. Li Helin, who grew up in the Wilderness Sect since childhood, could not help his eyes wet, and shouted from the bottom of his heart: "Long live the Wilderness Sect!!"

This scream immediately aroused the resonance of countless barbarian warriors, and everyone shouted in unison:

"Long live the Wilderness Sect!"

"Long live the Wilderness Sect!"

...

The shouts came one after another, and Gu Kongshan's eyes were filled with tears, but he was more determined: "Long live the Wilderness Sect? Long live the Wilderness Sect..."

Gu Kongshan's eyes are far-sighted: "Senior of the sect, I Gu Kongshan~www.readwn.com~ will do my best to revive my Wilderness Sect! Maybe Gu Kongshan's qualifications are dull, but it doesn't matter, our Wilderness sect generation has a Xu Xu. Ming!—He will definitely lead the Wilderness Sect to glory again!"

Thinking of this, Gu Kongshan couldn't help but cast his hopeful and worried eyes on Xu Ming: "Xu Ming... must win!"

However, on the battlefield, Xu Ming's nine-thread artistic conception was slightly weaker than Silent Night's "Ten Grains of Spiritual Sand". Fortunately, Xu Ming has the blessing of "rejuvenation", so under the stalemate, there is no obvious disadvantage.

"This kid turned out to be..." Guo Haoyan's eyes were extremely horrified.

Suddenly, Guo Haoyan carried the double hammer and smuggled behind Xu Ming.

In the entire battlefield, he was the only one who could intervene in this battle a little.

Quietly, Guo Haoyan actually touched Xu Ming's back smoothly. He raised his double hammer, and his face couldn't help but show a hideous look.

"Go to hell!!"

The double hammer slammed into the back of Xu Ming's head.

Chapter 245: ,In A Hurry

(court death!!"

Xu Ming felt the strong wind coming from the back of his head, and turned around and smashed it horizontally.

boom!

The double hammer was directly smashed into the air.

Guo Haoyan, a weak “a grain of spiritual sand” realm, was directly smashed by the waist.

“I...I...” Guo Haoyan’s eyes began to slacken, his internal organs were all shattered by the impact of this shot, “Am I going to die?”

Bang!

Immediately, Guo Haoyan lost consciousness.

Spiritual cultivator Guo Haoyan, die!

“You actually killed Hao Yan!” Ji Ye’s face became more and more sinister and distorted.

“Silly x!” Xu Ming scolded disdainfully, “He is about to kill me, do I stand and let him kill?”

“If he kills you, let him kill you, don’t fight back!” Shan Ye shouted angrily.

“It’s useless to talk more reads();!” Xu Ming greeted him with a gun again, “Not only will I kill him, but I will also kill you!”

“Kill me? Haha! If you have the ability, don’t run! I want to see who lives and who dies today!” Ji Ye snorted coldly, “If you dare to run, I will slaughter the Wilderness Sect!”

“Humph!”

The two sides collided violently again.

Most of the hidden slaughter sect warriors on the side have secretly retreated, for fear of being caught by the fighting Yu.

Even Ao Xiang, the Sect Master of the Hidden Killing Sect, stood far away.

“Kill him! Quickly kill him!” Ao Xiang looked anxiously, “Silent Night is a waste! He also said that his strength is close to the middle stage of the spiritual realm, but after fighting for a long time, not even a condensing pill martial artist can be killed!”

Silent Night’s strength is close to the mid-spiritual realm, which is not bad; however, the Xu Ming he encountered was approaching the mid-spiritual realm. And Xu Ming opened the “blood recovery” link again, so the two sides will be at a stalemate.

boom! boom! boom! ...

The collision is getting more and more intense.

Silent Night’s murderous aura grew stronger.

On the one hand, it was because I saw the tragic death of my long-time friend Guo Haoyan. On the other hand, it was because he discovered that Xu Ming had mastered not only six kinds of moods, but all nine kinds of moods!

“Such a monster, when he grows up, he will definitely deter the invincible powerhouses of the entire continent!” Silent Night became more and more ferocious, “I actually have the opportunity to kill an invincible powerhouse? Hahahaha, kill! Must kill! ”

Gradually, injuries began to appear on Shan Ye’s body, but they were all minor injuries and had no major impact.

And Xu Ming’s strength is a little weaker, and the number of injuries is naturally more, and he can’t even keep up with the speed of “returning blood”!

“If I fight like this, I will definitely lose!”

However, Xu Ming’s “super perfect battle” has reached the top level; his strength has almost reached its limit!

Want to go a step further?

Disaster!

“Do you want to continue to open the ‘three-hanging package’?” Xu Ming shook his head secretly.

His current combat power mainly comes from “realm”. The combat power given by the physical strength, including the “three-hanging package” and the “power of fog and rain”, all add up, and they only account for a small part.

Moreover, the “three-hanging package” has been opened to level 8, and if it is opened further, the price is very high, and it is of little significance!

“Then...forcibly level up!”

There was no way out, Xu Ming chose to forcibly level up.

Although the price of forced leveling is also very high, and after the cultivation level goes up, the cost of opening and hanging will go up. But at this moment, Xu Ming seemed to have no choice but to force his way through the ranks.

Unless... Xu Ming is willing to take out the real dragon spear in public.

“Xiaohang, help me to forcibly level up to the middle stage of Condensation Pill!”

“Forcibly leveling up to the middle stage of condensing pills requires a total of 150,000 points for level 3 hanging points. Do you want to level up immediately?”

“Chongchong!” Xu Ming felt depressed, “I knew for a long time that I would need a 150,000 level 3 hanging point. Could you please not re-emphasize it again, so that my hanging point will be spent, it will be very distressing...”

Without spending any money on the hanging point, Xu Ming had just risen to a level 3 hanging point of more than 1.1 million, and it suddenly dropped to more than 700,000.

Boom reads();!

Xu Ming's cultivation level rose sharply.

The soaring cultivation base means that Xu Ming's basic attributes have soared accordingly. In this way, the increased strength of the "three-hanging package" will also soar.

And Xu Ming's strength was only slightly weaker than Silent Night. Now that the cultivation base has broken through to the middle stage of condensing pills, it is actually stronger than the lonely night.

boom! !

There was another collision, but Silent Night's face changed drastically.

"How... how is it possible! He is even more powerful than me!"

boom! boom! boom! ...

Taking advantage of the panic of the opponent, Xu Ming shot one shot after another, and the attack rolled away like a tidal wave.

Silent night's body gradually appeared more and more scars.

This changed and the other grew. Because Xu Ming suppressed the silent night in turn, the injuries on his body were quickly recovered under the effect of the "rejuvenation technique".

After a while, Silent Night was covered in injuries, but Xu Ming was intact.

"I...isn't his opponent?" Although he was very reluctant to accept it, Silent Night had to admit that if he continued to fight, more than 90% of the loser would be himself!

"I can't fight anymore!" Ji Ye secretly said, "The more serious the injury, the lower the possibility of turning defeat into victory. Moreover, if the injury is more serious, I am afraid that by then you will not even be able to escape!"

Silent Night thought for a while: “Escape!”

But he hesitated: “If I run away, then Ao Xiang will be dead after all! At that time, the pavilion master will definitely be angry...”

But soon, the hesitation on Silent Night’s face turned into a ruthless expression: “It’s none of my business if he dies! If I fight again, it’s probably me who will die... Moreover, even if I really win by luck Xu Ming, but Ao Tian’s death, the pavilion master will definitely ask me to settle the account; then, my fate will not be much better...”

Finally, Silent Night made a decision: “If you don’t escape, you won’t be able to end well! If that’s the case, then I’ll fight ass! Run away! Run away immediately! – It’s a big deal to escape into the Demon Realm of Seeking the Way, and I’ll keep my name incognito from now on. I don’t believe it, ge The Lord has a way to find me!”

Thinking of this, Silent Night is no longer ink.

boom!

With one move, Xu Ming was forced to retreat, and Ji Yelian jumped far away, and then said to Xu Ming: “The green hills will not change, the green water will flow! I have an urgent matter today, and I will come to ask for advice another day!”

Even if you escape, UU reading [www. uukanshu.com](http://www.uukanshu.com) Let’s escape in a smart way too!

At least, the scene words should be said beautifully!

But even Silent Night himself knew that if he really met Xu Ming next time, with Xu Ming’s enchanting aptitude, I’m afraid he would be abused to the core!

“However, I will never run into him again in my life!” Ji Ye secretly said.

Xu Ming was stunned: “I’m in a hurry? – This lie is too careless!”

The most ignorant is Ao Xiang.

“Silent Night, you idiot, what are you doing? Run away!?” Ao Xiang scolded.

“Idiot?” Ji Ye snorted coldly, “You’re an idiot, can’t you see the situation in front of you? – Hmph, for the sake of the pavilion master, this time, I won’t care about your rude words! Hmph, you can do it yourself. Bar!”

After saying that, Silent Night didn’t stop at all, and flew away with a “whoosh” sound.

Chapter 246: , The Real Dragon Gun Out

() escaped?

Ao Xiang’s face was bewildered, and he looked at the silent night that Juechen had left for a while, and then looked at Xu Ming who was standing not far away. The silent night, whose strength was close to the middle stage of the spiritual realm, had escaped, so who else could resist it? What about Xu Ming?

Xu Ming is also very stunned – anyway, Lonely Night is also a master of the spiritual realm, why don’t you have any principles? If you say run away, run away... Also, this Silent Night seems to have been sent by Pavilion Master Xu Ming to protect Aoxiang. That Pavilion Master is also blind, and he actually sent such a person who escaped from the battle...

but-

“Escape? Think beautifully!”

Xu Ming was just stunned for a moment, then he hurriedly chased away with his gun.

If you want to fight, fight, but if you can’t fight, run away? How can there be such a cheap thing in the world!

boom!

Xu Ming also rushed out.

“Uh...” Ao Xiang was startled, “Xu Ming went after Silent Night?”

Immediately, he was overjoyed.

“Great reads();! It’s best if he can help me kill the traitor Silent Night!” Ao Xiang finally felt the taste of betrayal now, and he hated his teeth so much that he could not wait to peel Silent Night’s skin immediately , “It would be even better if they fought a jade and stone to burn!”

Ao Xiang flashed a few thoughts in his heart, and then he suddenly flashed and came to the body of Guo Haoyan who was cut off by the middle.

“Where’s Na Jie?” Ao Xiang found Na Jie in the vague flesh and blood, and peeled it off.

Guo Haoyan is a spiritual cultivator anyway, so there must be a lot of treasures!

Ao Xiang’s own ring was just snatched away by Xu Ming; now that Guo Haoyan’s ring is peeled back, it can be considered a return.

“escape!”

Of course, Ao Xiang did not dare to stay in this place for long. He had to take advantage of Xu Ming to hunt down the silent night, hurry up and run away!

“Don’t be stunned here! All run away!” Ao Xiang shouted to the elders of Zhongyin Killing Sect.

The elders of the Hidden Killing Sect haven’t been able to recover from the hood – it’s not that they have bad brains, it’s just that the world is changing too fast!

Thinking that when they first reached the Wilderness Sect, they were all aggressive and murderous, and they felt that winning the Wilderness Sect was as easy as killing chickens and dogs.

Then as soon as the war started, they were abused by the “undead legion” of the Wilderness Sect so that they had no temper at all.

Their suzerain and vice suzerain were also beaten by Xu Ming and Gu Kongshan...

Later, Guo Haoyan, a master of the spiritual realm, exploded in strength. At this time, they were excited, thinking that they could finally win the Wilderness Sect, right?

Then, after a while, Guo Haoyan was also beaten into a dog.

In the end, Shan Ye, a spiritual master who was more powerful than Guo Haoyan, came out! The warriors of the Hidden Killing Sect all thought to themselves: There can be no more accidents at this moment, right?

As a result... Silent Night fled away before he had time to shudder for a long time.

Seeing Xu Ming, who only had the cultivation of Ningdan, raised his spear and chased the mighty Silent Night in the spiritual realm, everyone was really stunned. They suddenly felt that this world... was so unfamiliar!

Now listen to Ao Xiang drinking like this.

“Damn it, yes, why are you still standing there? Waiting to die? Hurry up and run!”

The masters of the hidden killing sect who had come to their senses all found a random direction and fled in all directions—of course, no one was stupid enough to flee in the direction Xu Ming left.

Ao Xiang also found a direction casually, burying his head and running wildly!

He knew that he was undoubtedly Xu Ming’s number one target. If he didn’t run now, when would he run?

Ao Xiang ran for dozens of miles, and even changed several directions one after another; he was relieved after confirming that no one knew his whereabouts.

“Xu Ming... The feud of killing a son is never shared!” Ao Xiang gritted his teeth in hatred, “But now, I have to find a way to contact my father first!”

His father, the “pavilion master”, is too far away from the area of the Wilderness Sect and the Hidden Killing Sect!

The ultra-long-distance communication water curtain in the hidden killing sect can be contacted; however, does Ao Xiang dare to return to the hidden killing sect? – He was afraid that as soon as he returned to the Hidden Killing Sect, he would see Xu Ming standing there with his feet up and waiting for him to throw himself into the trap.

“Hide first, wait until it’s safe to talk about it!”

Ao Xiang thought so.

...

On the other side, the battle between Xu Ming and Ji Ye’s chasing and fleeing instantly killed hundreds of miles reads();.

“Xu Ming! Xu Ming! We won’t fight anymore!” Ji Ye kept shouting as he fled.

“Don’t fight anymore?” Xu Ming sneered, “Didn’t you say ‘the green hills do not change and the green waters last forever’? Today, you will die!”

“I...I...” Silent Night was about to cry without tears, “That’s just my scene words!”

boom! boom! ...

“Xu Ming! Stop it! Even if you catch up with thousands of miles or thousands of miles, you won’t be able to kill me!” Silent Night is only at a slight disadvantage now. Although he is indeed not Xu Ming’s opponent, Xu Ming wants to kill him, and it is by no means impossible. What an easy task! As long as Silent Night keeps running away, Xu Ming is really hard to kill him.

“Let’s shake hands and make peace! You can’t kill me anyway, can you? I promise, from now on, I will never come to trouble your Wild Wilderness Sect!”

This sentence is not a lie – in order to avoid the “Pavilion Master”, Silent Night prepared, and immediately hid in the Demon Realm of Seeking Dao, and never showed his face again.

“Shake hands and make peace? Think beautifully!”

However, Xu Ming had to admit that it was not easy to kill Silent Night.

“Looks like... it’s time to use the real dragon spear!” Xu Ming thought to himself, “There is no one around, even if the real dragon spear is used, no one will know about it! Besides... even if it is accidentally discovered, no one will know. I need to worry too much. The sealed real dragon spear is only equivalent to a middle-grade spiritual weapon; with my current strength, having a middle-grade spiritual weapon is nothing to be watched.”

“Whoosh!”

The Guanhong Spear disappeared, and an ordinary black long spear suddenly appeared in Xu Ming’s hand – it was the sealed True Dragon Spear.

“Huh?” Silent Night felt a warning sign.

Although this black long spear was much less conspicuous than the Rainbow Spear, Silent Night did not dare to underestimate it.

“Silent Night, try my shot again!”

The real dragon spear is simple and calm, and it does not see the slightest fluctuation in power.

But Silent Night is more and more vigilant—this is the performance of the power being restrained to the extreme!

“I want to try, how much fame does your gun have!”

boom!

The two collided again.

But this time ~www.readwn.com~ Silent Night's expression changed drastically.

“This this...”

A vast and turbulent force was transmitted to the hand through the machete. At this moment, Silent Night couldn't even hold the knife steady.

boom!

Scimitar tossed.

A terrible spear pierced through.

“No!!” Shan Ye's eyes widened in horror.

However, the spear is ruthless.

puff!

This shot directly penetrated Silent Night's heart. At the same time, the terrifying power restrained in the gun erupted in vain.

“don't want!!”

However, the fragile internal organs in Silent Night's body were directly shattered by the shock.

Chapter 247: , My Father

() “I...” Silent Night looked at his chest in disbelief, his consciousness quickly plunged into darkness, “I actually died in the hands of a hair-headed boy in the Pill Condensation Realm?”

puff!

Get the gun!

The real dragon shot out, and with just one shot, Silent Night died completely.

Xu Ming accepted Silent Night’s acceptance ring without sadness or joy, and then dealt with the corpse hastily.

“Xiaohang, help me find out where is Ao Xiang now.”

The initiator of the whole war, Soaring, Xu Ming certainly couldn’t let it go!

As for Ao Xiang’s background, it seems to be very big. Will killing it cause any trouble? —Xu Ming can’t take care of so many reads(); for the time being!

The feud between him and Ao Xiang has reached the point where it cannot be eased. Even if Xu Ming let go of Ao Xiang, Ao Xiang would never let Xu Ming go! – In this case, how can Xu Ming be soft-hearted?

...

In a deep mountain forest a hundred miles away from the Wilderness Sect, Xiang Xiang stopped here and took a break.

“I ran wild for hundreds of miles, and changed directions many times on the road! Now, even I can’t figure out my exact location. Now, Xu Ming will never track me!”

After escaping until now, Ao Xiang finally breathed a sigh of relief.

No way, Xu Ming is really scary! Even Silent Night, whose strength was close to the mid-spiritual realm, was beaten and fled by him; soaring, who was only half a step into the spiritual realm, faced Xu Ming, how could he be able to resist?

“Humph! Xu Ming! Just wait!” Ao Xiang resented in his heart, “Although I really don’t want to go to my father! But, you pushed me to this point, and I’m really desperate... Humph! When my father arrives, it’s Your date of death is also the day your Savage Sect is destroyed!”

Although Xu Ming showed his strength close to the mid-spiritual realm, Ao Xiang was sure that in front of his father, Xu Ming was as weak as an ant! Even, his father didn’t have to go out in person, just dispatch a subordinate, and he could easily deal with Xu Ming!

“However, my father will definitely go out in person to avenge his grandson!”

While Ao Xiang was gnashing his teeth secretly, a ghostly voice suddenly sounded in his ear.

“Sect Master Ao, you’re running very fast! It’s really easy for me to sneak out so far in one fell swoop!”

Ao Xiang’s face changed suddenly.

A figure like a messenger from ***** appeared in front of him.

“Xu...Xu Ming, how did you find me?” Ao Xiang trembled.

He knew that he was finished.

“How did I find you, you don’t need to care!” Xu Ming’s voice was emotionless, “If you have any last words, say it quickly; if not, then I should send you on your way!”

“Xu Ming, you’re deceiving people too much!” Ao Xiang’s face was pale and twisted, and he didn’t know if he was angry or frightened. “You killed my son, and now you have to kill me too!”

“I deceived people too much? I’ll kill them all?” Xu Ming sneered, “Then, who is the one who deceives people too much first? Who wants to kill people first? Since you have the courage to

provoke me, then do the opposite. Prepare to be killed! – Ao Xiang, it's not that I have to kill them all, but you...you have the right to die!”

Ao Xiang's face became more and more blue: “Xu Ming, you can't kill me! I...you can't kill me! My father...my father...”

Ao Xiang is finally ready to reveal his background.

“Oh?” This time Xu Ming was a little interested in listening to it. He was really curious about the origin of Ao Xiang.

Although he can also directly investigate all the details of Ao Xiang, but if he wants to investigate, the quotation given by Xiaohang is as high as tens of thousands of level 3 hanging points.

Just to understand the details of Ao Xiang, it would take tens of thousands of level 3 hanging points, Xu Ming was really reluctant.

But this also proves more and more: the origin of Ao Xiang is absolutely no trivial matter!

Originally, even if Xu Ming was really reluctant, he still planned to grit his teeth to investigate; after all, in the face of an enemy with amazing origins, if he didn't know the details, he couldn't rest assured. Now that Ao Xiang wants to report his family, it would be better.

“My father...my father is...” When he mentioned his father, Ao Xiang seemed to have a lot of confidence all of a sudden, and his back was straightened a lot, “My father is Ao Wanya!”

“Ao Wanya?” Xu Ming looked surprised reads();.

“Not bad!” Ao Xiang's back was straight, “How is it, are you afraid?”

Xu Ming asked, “Who is Ao Wanya?”

Ao Xiang staggered: “You haven't heard of my father's name!?”

“Which onion, why should I have heard of him?” Xu Ming said disdainfully.

“You...you...” Ao Xiang said angrily, “Then Wanya Pavilion, you should have heard of it! My father is the pavilion master of Wanya Pavilion!”

Wanya Pavilion! ?

This force, Xu Ming had heard of, was a top mysterious force that was as famous as Lanting Villa.

I heard that in Wanya Pavilion, the experts are like clouds, even the experts in the spiritual realm, they all grab a lot, far from being comparable to a small force like the Wilderness Sect!

“Your father is Ao Wanya, the pavilion master of Wanya Pavilion?” Xu Ming couldn’t believe it.

However, if this is true, it would be a good explanation for why there are two experts in the spiritual realm beside Ao Xiang.

“Then why are you not in Wanya Pavilion, but you have created a hidden killing sect yourself?” Xu Ming asked in confusion.

“I...I...” Ao Xiang was a little ashamed to open his mouth.

Xu Ming quickly thought: “Oh – you are an illegitimate child, right?”

Ao Xiang was ashamed and seemed to feel that this identity was very unmanageable.

“But even if it’s an illegitimate child, as your father, there’s no need to leave you out for stocking!” Xu Ming thought about it – could it be that the owner of Wanya Pavilion, Ao Wanya, is majestic to the outside world and powerful to the inside. Is it actually a “wife control”?

“Xiaohang, help me investigate, is what Ao Xiang said true?”

To directly investigate the details of Ao Xiang requires tens of thousands of level 3 hanging points; but just to detect whether what Ao Xiang said is true or false does not cost a lot.

Immediately, Xiaohang responded: “Ao Xiang is indeed the illegitimate son of Ao Wanya, the master of Wanya Pavilion!”

“It’s true!” Xu Ming’s expression changed slightly.

At this time, Ao Xiang boldly threatened: “If you know my father’s identity, then you should also understand what the consequences will be if you kill me! I advise you to let me go, so , good for you, good for me!”

“Uh...” Xu Ming pondered and asked, “I have a doubt – if I let you go~www.readwn.com~, will you call your father and seek revenge on me?”

Ao Xiang’s face suddenly changed, but he shook his head again and again: “No! Absolutely not!”

“Huh...” Xu Ming breathed a sigh of relief, “That’s good!”

“Then I... can go?” Ao Xiang didn’t dare to stay by Xu Ming’s side for a moment, let alone say more threatening words stupidly.

“Well, please!” Xu Ming said.

Ao Xiang was overjoyed when he saw this, he didn’t dare to leave a word, he turned around and left.

However, Ao Xiang has just turned around...

puff!

A long spear pierced through his back in an instant.

“You...you...” Ao Xiang’s eyes widened, “How can you go back on your word...”

Xu Ming was very calm: “I’m sorry, I don’t believe you!”

Chapter 248: , There Will Be Trouble!

() To clean up Ao Xiang, while disposing of Ao Xiang's body, Xu Ming found another Na ring.

Open it up and take a look.

In the Najie, the more eye-catching ones are two low-grade treasure-level sledgehammers.

“This should be Guo Haoyan's collection ring! These two sledgehammers presumably have some commemorative significance for Guo Haoyan, so they have been stored in the collection ring.” Xu Ming guessed.

“Ao Xiang's death was considered a good thing, and he actually helped me to bring Guo Haoyan's acceptance ring.”

Immediately, Xu Ming's eyes fell on the dozen or so jasper-like stones in the Na Jie.

“Could this be... a spirit stone?”

Profound stones are used for cultivation by warriors at the congenital and condensed levels; while spirit stones are used for cultivation by spiritual cultivators.

It is even said that Lingshi has the effect of helping to understand the natural mood.

“Little hanging, these are spiritual stones, right? How much can I exchange for hanging points?” Xu Ming asked.

“Each spirit stone can be exchanged for one point 4-level hanging point!”

It is indeed a spirit stone!

Xu Ming said: “Help me convert all the treasures in this ring into hanging points!”

Anyway, between the profound stone, the spirit stone and the hanging point, it is possible to exchange “no price difference”, and it is troublesome to count the spirit stone in the storage ring, so it is better to exchange it directly.

As for other miscellaneous treasures, Xu Ming had trouble arranging them, and most of them were not used. So – redeem it all!

“The redemption is complete! This time, I got a total of 20 points for level 4 points, about 600,000 points for level 3 points, and 2 points for level 2 points...”

Xu Ming is too lazy to care about the number of 2-level hanging points, reads();. He now has more than 100 million level 2 hanging points on him; moreover, it’s useless...

Afterwards, Xu Ming flipped through Silent Night’s acceptance ring again.

“Silent Night’s treasures are indeed much more! There are nearly two hundred spirit stones alone!”

Xu Ming turned around for a while.

“Hey! This is—” Xu Ming saw something familiar, “Silent Night also has an invitation letter from the Demon Realm?”

Xu Ming took it out and took a closer look, and then took out his previous invitation letter.

“The two invitations seem to be slightly different...” Xu Ming faced each other.

The dense and intricate patterns on the front are roughly the same, but there are also some nuances.

The map on the back that guides the route is completely different – Xu Ming’s previous invitation letter, the location indicated on the map is obviously within the jurisdiction of Lanting Villa; and the one I got now is on the site of Wanya Pavilion. inside.

“Could it be... There is more than one entrance to the Demon Realm?”

Xu Ming was too lazy to think about it, so he left the invitation letter, and then all the other treasures were converted into hanging points.

“The redemption is complete! This time, I got a total of 280 points for level 4 points, about 1.7 million points for level 3 points, and level 2 points...”

Suddenly, Xu Ming’s wealth expanded to 300 points for level 4, about 3 million points for level 3, and more than 100 million points for level 2!

“Go home!”

Although he got a lot of hanging points, Xu Ming’s mood was very heavy.

“Ao Xiang is actually the illegitimate son of the pavilion master of Wanya Pavilion. I have to discuss this matter with the sect master!” Xu Ming secretly said, “If this kind of thing is handled carelessly, it will be very difficult for the Wilderness Sect. It’s a disaster!”

...

Wilderness.

The top of the 10,000-step stone staircase.

All the Savage Sect warriors were deeply shocked by Xu Ming’s performance just now.

“So powerful Silent Night was killed and escaped by Xu Ming? – Sect Master, you are also a spiritual cultivator now, can you see the general strength of Silent Night?”

Gu Kongshan thought for a while: “Is it close to the middle stage of the spiritual realm...”

“So strong!?”

Originally, although the Savage Sect warriors thought that Silent Night was very strong, they all thought it was about the middle level in the early stage of the spiritual realm. Now listening to Gu Kongshan's words, everyone immediately knew that he underestimated Silent Night.

"Silent Night is so powerful... Then Xu Ming beat him and ran away like a bereaved dog. How powerful is Xu Ming?"

"Will it be dangerous for Xu Ming to chase after him?" Some of Xu Ming's ***** fans worried.

"What are you talking about! How could Xu Ming be in danger!" Another ***** immediately retorted.

However, her nervous tone betrayed her heart.

"Look, the people of the Hidden Killing Sect are all running away! – Sect Master, do we want to hunt down and kill!?"

"Chase and kill?" Gu Kongshan smiled, "Can you beat them?"

"Uh..." The Martial Artists of the Wilderness Sect realized that this was the rhythm that they were overwhelmed by victory!

They had only a few dozens of pill condensing practitioners, and two or three hundred half-step pill condensing practitioners, actually shouting that they were going to hunt down three or four hundred pill condensing masters? – Isn't this looking for death?

Even if they have the blessing of "rejuvenation", they can only defend and cannot attack; what's more, the "rejuvenation" has long disappeared reads();.

Soon, Xu Ming, Ji Ye, Ao Xiang, and other masters of the Hidden Killing Sect all disappeared from everyone's field of vision.

Time passed.

The warriors of the Wilderness Sect gradually became restless.

“Why hasn’t Xu Ming come back yet?”

“Will there be any accident... Bah! Bah! Bah! My stinky mouth!”

The longer you wait, the more anxious everyone becomes.

suddenly-

“Look, who is that!”

Below the ten thousand steps stone ladder, a figure suddenly appeared. Even Gu Kongshan didn’t realize how this figure appeared.

“Xu Ming!”

“Brother Ming!”

“Brother Ming!”

Above the ten thousand steps stone stairs, a deafening excited roar suddenly erupted.

The palm ***** Xu Ming!

came back!

“Xu Ming...” Gu Hanmo’s eyes were wet, but her profound energy was stubbornly manipulated and evaporated. She was about to rush down the ten-thousand-stair stone staircase excitedly to see if Xu Ming was injured; but after a little hesitation, hundreds of Xu Ming’s brainless fans rushed out.

“Brother Ming!”

“Brother Ming, are you alright?”

“What can happen to Brother Ming? It must be easily crushed!”

“How about Brother Ming, was that silent night beheaded by you?”

...

Xu Ming was moved when he saw these genuinely caring faces.

Although these ordinary disciples of the Wilderness Sect are far from their own strengths, they all sincerely regard themselves as friends!

“You treat me as a friend~www.readwn.com~ I will also treat you as a friend!” Xu Ming secretly said.

Quickly walk through the ten thousand steps of stone stairs.

Xu Ming and Gu Hanmo looked at each other.

A single glance can contain a thousand words. Gu Hanmo already knew a lot of words, Xu Ming had no need to say.

“How’s it going?” Gu Kongshan was still calm and asked at this time.

Xu Ming said eloquently, “Ji Ye and Ao Xiang have all been killed by me!”

“it is good!!”

“Brother Ming is mighty!!”

“Invincible Palm God!!”

There was a burst of cheers all around.

After a little congratulations, Xu Ming led Gu Kongshan to the side with a serious and worried expression: “Sect Master, our Wild Wilderness Sect, I’m afraid there will be trouble!”

Chapter 249: , Lanting Order

() “Trouble?” Gu Kongshan led him into the side hall of the Wilderness Hall, “What’s going on?”

Xu Ming said: “Ao Xiang is the illegitimate son of Ao Wanya, the master of Wanya Pavilion!”

“What!?” Gu Kongshan’s face changed suddenly, “Ao Xiang, is actually Ao Wanya’s illegitimate child!?”

Obviously, Gu Kongshan didn’t know about it before.

He only heard that the Hidden Killing Sect had a lot of background, but as for the specific background, he was not sure. But in any case, Gu Kongshan never thought that a mere soaring person would have such a relationship with the pavilion master of the super power Wanya Pavilion...

“Are you sure?” Gu Kongshan couldn’t help asking.

“100% certain!” Of course, Xu Ming dared to be 100% certain about the information Xiaohang had confirmed.

Gu Kongshan leaned back on the chair: “This is really troublesome...”

Wanya Pavilion!

That is the most top-notch existence in the Xuan-level forces!

The gap between the Wilderness Sect and Wanya Pavilion is even greater than the gap between Feiyun Kingdom and the Wilderness Sect!

It can be said that as long as Wanya Pavilion sends out a decent expert, Gu Kongshan has to use his cards to fight reads();.

“The Wanya Pavilion is a force that is as famous as Lanting Villa...” Gu Kongshan said, “The pavilion owner Ao Wanya, it is said that hundreds of years ago, he was already a terrifying person with a perfect spiritual realm! Now his strength is even greater. It’s unfathomable!”

In Ao Wanya’s eyes, the Wilderness Sect was as weak as an ant!

Gu Kongshan was a little helpless: “Our Wild Wilderness Sect has offended such a character?”

“Sect Master, is there a way to deal with him?” Xu Ming felt helpless after knowing Ao Wanya’s strength.

Even if Xu Ming broke out at all costs, it was equivalent to the middle stage of the spiritual realm. The huge gap between the perfection of the spiritual realm is simply insurmountable!

“The biggest trump card of my Wilderness Sect is the great formation of protecting the sect left by the ancestors of the sect; I personally control the great formation, and I can exert the full power of the spiritual realm! – If you encounter a common enemy, such as the hidden killing sect, as long as If you are willing to expose the power of the Protector’s Great Array, you are naturally fearless!” Gu Kongshan shook his head and said, “But... facing Wanya Pavilion... sigh...”

Gu Kongshan has been hiding this trump card for a long time, and he is reluctant to reveal it, just for fear of attracting the attention of the real masters. In case those experts mistakenly think that there are some rare treasures in the Wilderness Sect, it would be fun...

But now, Gu Kongshan sadly discovered that the enemy that the Wilderness Sect was about to face, even if he played all his cards, he would not be able to fight it!

“The Great Array of Protecting the Sect is so powerful?” Xu Ming also just knew the power of the Great Array of Protecting the Sect.

But... even if it is powerful, it is not enough to fight against Ao Wanya!

“Sect Master, I killed the sect...” Xu Ming blamed himself, “I shouldn’t have killed Ao Xiang and Ao Tian on a whim.”

“You didn’t do anything wrong!” Gu Kongshan said, “Based on the conflict between us and the Hidden Killer Sect, if you don’t kill them, they will kill us! – No matter whether Ao Xiang or Ao Tian is dead or alive, we are unavoidable. The land is about to meet Wanya Pavilion!”

Gu Kongshan paced a few steps, obviously thinking carefully about something.

a long time.

“It seems that relying on the strength within our Wilderness Sect alone, it is indeed impossible to deal with this crisis...” Gu Kongshan turned his hand, and a special dark blue token appeared in his hand.

The token material is special, and it is cold to start.

“This token has to be used this time!” Gu Kongshan sighed.

“Sect Master, what is this?” Xu Ming wondered.

Gu Kongshan spit out three words: “Lan Ting Ling!”

“Lan Ting Ling?” Xu Ming thought for a while, “Is it related to Lan Ting Villa?”

“That’s right! Our ancestors of the sect had an old relationship with Lanting Villa; therefore, the wild gate of the Wilderness Sect was set up under the jurisdiction of Lanting Villa to seek shelter!” Gu Kongshan said, “And this Lanting Order is also Lanting Villa. Ancestors, a promise to our ancestors – as long as you hold this token, Lanting Villa will do everything to keep my Wilderness Sect immortal!”

Gu Kongshan continued: “Our barbarian sect masters from generation to generation are reluctant to use this Lanting decree! I can’t believe that in my generation, this trump card is going to be destroyed...”

Gu Kongshan's expression was a little melancholy: "I am ashamed of the ancestors of the Wilderness Sect!"

"However..." Gu Kongshan's expression gradually became firmer, "Xu Ming, with you in our Wilderness Sect, we will have hope! Even if we defeat this trump card today, as long as we can buy time, wait until you grow up...then, it's worth it!"

Xu Ming is only fifteen or sixteen years old, and he already has such strength; as long as he grows up smoothly, in the future, there is great hope that he can lead the Wilderness Sect and return to glory!

Although Xu Ming had a plug-in in hand, he still felt some heavy pressure: "Sect Master, I will try my best to read();!"

At this time, Xu Ming didn't say anything self-effacing.

The burden of returning to the splendor of the Wilderness Sect must be lifted by someone. Obviously, this task belongs to Xu Ming!

If Xu Ming does not take the initiative to face the difficulties, then who will he let?

"Okay!" Gu Kongshan only said one word.

Immediately, Gu Kongshan looked resolute and said, "Follow me!"

The speed of the two was extremely fast, and within a breath, they came to the curtain hall.

Gu Kongshan directly inspired the ultra-long-distance communication water curtain.

"Contact Lanting Villa!"

hum—

The communication water curtain was laboriously running.

Hundreds of top-grade profound stones placed in the message water curtain were immediately turned into powder.

call out!

A communication channel spanning millions of miles was forcibly established.

WOW WOW...

In the water curtain, there is a picture of Lanting Villa – it is an elegant leisure pavilion built by the lake, surrounded by lakes and mountains.

There was no figure on the screen, but there was a leisurely voice.

“Gu Kongshan, what’s the matter?”

Gu Kongshan continued: “Elder Yumo, I have something to meet with the owner of the villa, please let me know!”

“Want to see the village master?” The voice was still very calm and calm, “The village master is retreating, you will come back in three months!”

There is no doubt that the owner of Lanting Villa is an extremely tyrannical existence in the perfect spiritual realm. For such an existence, it is not surprising that a retreat lasts for several years or decades.

Like this elder Yu Mo, who can only hear his voice and see no one, he is also a master of spiritual perfection.

However, Elder Yu Mo was sluggish by nature, didn’t ask about world affairs, and seldom took action; so he took a spare job of managing the communication water curtain, and lived in seclusion in this lakeside pavilion for a long time.

“Three months...”

Gu Kongshan waited so long!

Three months later~www.readwn.com~ Maybe the Savage Sect has been razed to the ground...

“I have something urgent to report!” Gu Kongshan said eagerly.

“No matter how urgent it is, I will wait until the village owner leaves the gate.” As he spoke, he wanted to cut off the communication.

Gu Kongshan continued: “I have the Lanting Order!”

“Lan Ting Ling?” A suspicious voice came out.

This time, a feather fan towel appeared in the message water curtain.

“It’s Lan Ting’s order!”

Lanting Order is extremely important to Lanting Villa!

In the tens of thousands of years of inheritance of Lanting Villa, there are only a handful of Lanting orders issued.

Gu Kongshan used the Lanting Order, and Elder Yu Mo naturally no longer looked cold: “Wait a moment, the owner of the village will be here immediately!”

Chapter 250: , The Murderer Must Be Taken Away

() Wilderness Sect and Lanting Villa are millions of miles apart reads();.

But with the unimaginable means of Lanting Villa’s “Old Villa Master”, in just a few hours, he arrived at the Wilderness Sect.

Gu Kongshan was bringing Xu Ming to greet him outside the mountain gate. As for the other people, Gu Kongshan didn't bring them, because the owner of the Qi Village didn't like too much excitement.

Suddenly, a brocade figure appeared in front of him.

"Kongshan welcomes the arrival of the lord of the village!" Gu Kongshan continued.

The owner of the village couldn't help looking at Xu Ming and said with a smile: "Kongshan, you Wild Wilderness Sect, you have a good genius! – Since you have used the Lanting Order, you don't need to be more polite to me. Come in, I will myself I will do my best to protect your savage sect."

With a wave of his hand, the three of them disappeared.

When he reappeared, he was already in Gu Kongshan's small courtyard.

Such a speed is not surprising.

You must know that even a master who has just entered the spiritual realm can travel several miles in one breath with all his strength. What's more, Zhuang Zhuang's master is a master of spiritual perfection!

Taking a seat in the small courtyard, Gu Kongshan made tea himself.

"Tell me, how on earth did you offend Ao Wanya and ask you to use this Lanting Order?" In the water curtain of the interrogation just now, the owner of Qizhuang saw that Gu Kongshan had issued the Lanting Order to seek protection, and he didn't ask any further questions. , came directly.

"Zhuang Zhuang must know about Ao Xiang, right?" Gu Kongshan said, "He used his power to overwhelm people to destroy our Wilderness Sect, but he was killed by us instead!"

"Yeah!" The owner of the farmhouse listened while drinking tea, but his mind was more on the tea.

The two Huang-level forces under his command were attacking. For him, it was just a fight between children, and it was not worth caring about at all.

“At the same time as killing Ao Xiang, we also killed two hidden spiritual masters in the hidden killing sect!” Gu Kongshan continued, “It was finally found out that Ao Xiang was actually... the illegitimate son of Ao Wanya, the master of Wanya Pavilion. !”

“What!?” Even the owner of the village was surprised.

Immediately, the owner of the Qi Village smiled bitterly: “Empty Mountain, Empty Mountain, your Wild Wilderness Sect, you really can cause trouble! This trouble has actually caused the devil... and killed his illegitimate son...”

Gu Kongshan also smiled bitterly: “I didn’t know that Ao Xiang would be Ao Wanya’s illegitimate son! But...even if we knew that he wanted to destroy our Wilderness Sect, we had no choice but to destroy him first!”

“This is troublesome...” said the owner of the village.

Gu Kongshan’s expression changed, and he didn’t even want to say anything.

However, the owner of the eagle village waved his hand and said, “However, since you have used the Lanting Order, no matter how troublesome it is, I will try my best to keep the Wilderness Sect alive!”

“Many thanks to Zhuang Zhuang!” Gu Kongshan sincerely thanked him.

The reason why Gu Kongshan has a Lanting decree in his hand is entirely because the ancestors of the Wilderness Sect long ago have an old relationship with the ancestors of Lanting Mountain Villa—such a long-term relationship, to be honest, even if the owner of the Orchid Villa ignores it, it is still human. Common sense.

However, as soon as the owner of Zhuang Zhuang saw Lan Tingling, he rushed over without stopping and said that he would try his best to protect the Wilderness Sect. It can be seen that Lanting Villa is a force that values credibility.

Drink tea and chat for a while.

“Okay, Kongshan, go and prepare a room for me.” The owner of the villa said, “I will stay in your Wilderness Sect for a while to see if Ao Wanya will come.”

“Okay!” Gu Kongshan was overjoyed, and even went to prepare it himself.

However, Gu Kongshan just got up—

“Empty Mountain, you don’t need to go to reads();!” The owner of the villager stood up and said indifferently.

“Huh?” Gu Kongshan and Xu Ming were both startled, “What’s wrong?”

“Ao Wanya... has arrived!”

Ao Wanya has indeed arrived...

But at present, Ao Wanya is still thousands of miles away in the sky.

Xu Ming and Gu Kongshan naturally couldn’t perceive such a long distance; but the sharp eyes of Zhuang Zhuang’s eyes penetrated the void and saw this figure flying fast.

swoosh—

As soon as the owner of Zhuang Zhuang dodged, he was in the sky dozens of miles away.

Xu Ming and Gu Kongshan looked at each other and flew into the sky together. After controlling the mood, they possessed the ability to fly. However, both Xu Ming and Gu Kongshan had a low understanding of artistic conception, and the speed of flying was far less than the speed of running.

But the strength of the two is at the spiritual level. Even if they fly slowly, they can easily swept out a mile or two in one breath. The world of a spiritual monk cannot be measured by the eyes of mortals!

One breath flies a mile or two, soon?

Not at all fast!

You must know that even an ordinary mortal without any cultivation base can run three feet (10 meters) in one breath, and it is not difficult.

Martial arts practitioners outside, one breath, ten feet!

Internal martial artist, one breath, twenty feet!

Half-step innate, one breath, thirty feet (100 meters)!

Congenital martial artist, condensing pill martial artist, the speed is naturally faster!

One mile is one hundred and fifty zhang.

Xu Ming and Gu Kongshan possessed the power of the spiritual realm, so even if they were slow in the air, breathing a mile or two at a time was not a problem. If it is on the ground, it will be much faster!

Not long after, a black dot appeared at the end of the sky.

Xu Ming and Gu Kongshan had just discovered this black spot. With just one breath, a figure emitting scarlet blood energy approached them.

This figure has an aura as vast as a mountain. Just standing in the sky made Xu Ming feel unshakable.

This is not a level of power at all!

Xu Ming felt that even if he unsealed and opened the True Dragon Spear, he would not be able to hurt it in the slightest!

Facing this figure, Xu Ming was like an ant facing a giant dragon, and even his soul trembled – it was not that Xu Ming was timid, but that his life trembled involuntarily when faced with an irresistible existence.

Gu Kongshan also trembled slightly.

“Ao Wanya, why did you come to the boundary of my Lanting Villa?” The owner of the villa looked directly at Ao Wanya.

Although there was no imposing manner from the owner of the villa, no one doubted that he and Ao Wanya were definitely terrifying beings on the same level.

“Kiss?” Ao Wanya glanced in disdain, “You want to meddle in my affairs?”

intervene?

The owner of the owl kiss said lightly, “The Wilderness Sect is a force under my jurisdiction, and you are not allowed to mess around!”

Ao Wanya smiled grimly, “Don’t let me mess around? Do you know what happened, how dare you stop me!”

“Know reads();! – Ao Xiang is your son, right?” The owl kissed.

Ao Wanya was taken aback: “Know that you still dare to stop me?—Qi kiss, wouldn’t you fight me head-on for the sake of a little yellow-level force? I have to avenge the revenge of killing my son!”

In Ao Wanya’s impression, Lanting Villa is usually quite weak.

For example, a few decades ago, Wan Yage assassinated a congenital level of Lanting Villa and realized the super genius of the nine-layer perfect field; later, Lanting Villa did not have much response.

And now, Lanting Villa, is going to die with himself for the sake of a mere yellow-level force? — Ao Wanya is a little unconvinced.

The kiss said directly: “The Wilderness Sect, there is a Lanting Order! We Lanting Villa, we must guarantee it!”

“Lan Ting Ling...” Ao Wanya had apparently heard of it.

No matter how the Lanting Villa does not show off the mountains and does not reveal the water on weekdays, how low-key and forbearing...

but!

Once the “Lanting Order” is involved, the entire Lanting Villa will go through fire and water for it! Even if the entire Lanting Villa is destroyed, they will not hesitate!

“There is actually a Lanting Order in the Wilderness Sect...” Ao Wanya did not expect it.

Although Ao Wanya was aggressive, he really dared to fight with Lanting Villa to the death!

After all, the real strength of Lanting Villa is not weaker than Wanya Pavilion! Once you die, you might lose both, and even one of the sects will be destroyed!

This is no joke!

You must know that when Lanting Villa saw the “Lanting Order”, there was no reason at all!

Even though Ao Wanya was in charge of “killing his son”, he did not dare to fight with Lanting Villa at this time. After all, Ao Wanya has more than one son, he also has other sons, as well as grandsons, wives and concubines, family members... It is impossible for him to fight the entire Wanya Pavilion for such an illegitimate child as Ao Xiang.

The two sides remained silent for a long time.

In the end, Ao Wanya made a decision: “Since the Wilderness Sect has the Lanting Order in hand, then I know that kissing you must protect them! Well, I’ll give you a face, this Wilderness Sect, I will not Extinct! But...”

Ao Wanya turned his attention to Xu Ming: “But... The Wilderness Sect, I can not destroy it, but the murderer who killed my son, I must take it away!”

Before Ao Wanya came, he naturally investigated everything and was almost certain that Ao Xiang was killed by Xu Ming.

“Xu Ming?” The owl kiss looked at Xu Ming~www.readwn.com~ and hesitated.

The Wilderness Sect has a Lanting Order, and even if the owl kisses at all costs, he must protect the Wilderness Sect from extinction. However, if only one Xu Ming died, and the other people in the Wilderness Sect would be fine, then Chi Kiss felt that there was no need to die!

The bottom line of the owl kiss is to protect the inheritance of the Wilderness Sect, not everyone in the Wilderness Sect!

“Kiss!” Ao Wanya said in a cold voice, “I said such a request, it’s already giving you a lot of face! But if you don’t even take this away, that’s fine... I’m going to go straight to the Wilderness Sect right now. Slaughter, but not destroy the inheritance of the Savage Sect! I want to see if your Lanting Villa will fight our Wanya Pavilion to the death for this!”

“not good!”

Xu Ming and Gu Kongshan both felt bad.

Gu Kongshan didn’t even think about it, he even pulled Xu Ming and flew back to the Wilderness Sect.

“Escape?” Ao Wanya looked at this scene with disdain, “I want to see, where can you two ants crawl under my nose!”
