

A World 401

Chapter 401: , Myriad Flowers

“Xu Ming!!”

Lin Chen is really going to explode!

He didn’t expect that Xu Ming would hide in the dark and sneak attack on him, and he didn’t expect that Xu Ming would take advantage of himself to fight with the monster and go to the monster’s cave to get treasure. This is shameless!

Lin Chen had never seen such a shameless act in his life.

Shameless?

To deal with the enemy, of course, do everything you can! Xu Ming did this, but it was just a little shameless!

“Stop for me!” Lin Chen even wanted to put aside the monster and kill Xu Ming.

But at this moment, this tiger-shaped monster didn’t know what was going on, and suddenly rushed towards Lin Chen in a lifeless manner, with a gesture of biting off a piece of Lin Chen’s flesh rather than dying.

“Damn it!” Lin Chen cursed, “He’s going to go in and get your treasure, why are you trying so hard to find me? You have to work hard, find him!”

“Ouch” Although the tiger-shaped monster was kept in captivity, it still understands human language, “You want to kill me, this human attacked you for me just now, so he is my friend!”

“He wants to take your treasure!” Lin Chen reminded again.

“What’s the use of treasure!” The tiger-shaped monster saw it very clearly.

“Damn it!” Lin Chen was speechless.

“Hahahaha” Xu Ming swaggered to the entrance of the cave, “Lin Chen, you are playing haha! I’ll take the treasure for you!”

Xu Ming dodged, entered the monster cave, and quickly found the treasure. Each symbol on the stone plate was engraved with densely packed strange symbols, and it was composed of countless tiny inscriptions.

“What is this?”

Xiaohang quickly probed the stone disk: “Wanhua Illusory Sea: a low-grade Venerable Array Method. Requirements for use: The comprehension of the magic array-like array method reaches the ultimate Taoist! Every time it is used, a large amount of Taoist stones are consumed. .”

“Array plate?” Xu Ming glanced casually, and threw it directly into the Na ring.

Xu Ming had almost no comprehension in the formation technique, so naturally he couldn’t use it.

Moreover, Xu Ming now has nothing on his body.

“However, a low-grade exalted weapon should be worth a lot of money!” Xu Ming walked out of the cave contentedly.

The fierce battle between Lin Chen and the tiger-shaped monster continued, but this poor tiger was about to be beaten into a dog.

“Haha, Lin Chen, the cave is a low-grade exalted artifact, I just laughed at it!” Xu Ming laughed.

“Damn it!” Lin Chen became more and more angry.

For Lin Chen, although a low-grade venerable tool is not a rare treasure, a low-grade venerable tool is also a considerable amount of wealth.

After Lin Chen entered the world of landscapes, all the harvests added up, and none of the low-grade venerables were worth any money!

Thinking of Xu Ming taking such a big advantage, Lin Chen was so angry that he wanted to run wild. However, this tiger-shaped monster, as if it had a revenge against him to kill his father, dragged him firmly.

“Ow!” The painful roar of the tiger-shaped monster kept sounding and it fought with Lin Chen to the death. It had already left many wounds of different depths on its body.

“I said brother!” The tiger-shaped monster roared at Xu Ming very humanely, “I’ve helped you drag him for so long, so that you can take away the treasure smoothly, why don’t you come and help me?”

“Uh.” Xu Ming was startled, and then laughed at this monster. He was so smart, he even pulled himself together to deal with Lin Chen.

Join forces to deal with Lin Chen?

Xu Ming is very interested!

“Okay, Brother Hu, let’s join forces and torture him!”

Xu Ming laughed loudly and went up to kill with a gun!

“Drain!” Xu Ming directed at Lin Chen and directly opened the “Drain” link.

Lin Chen’s expression changed suddenly.

A tiger-shaped monster at the level of a six-step Taoist is enough to give him a headache. Now add a not weak Xu Ming?

boom!

Xu Ming's spear roared directly.

Lin Chen was about to greet him with his sword, but the entanglement of the tiger-shaped monster made him unable to deal with Xu Ming wholeheartedly.

“Go away!”

Lin Chen only had time to force the tiger-shaped monster to retreat, and then very hastily faced Xu Ming's attack.

“Humph!” Xu Ming snorted coldly, “Dare to face my attack so hasty?”

boom! boom! boom!

Xu Ming's spear completely suppressed the opponent's breath.

Shot after shot, Lin Chen was beaten to the ground.

At the same time, Xu Ming's understanding of the Tao of Wind and Heaven was constantly absorbed by Xu Ming.

Every time they collide, Xu Ming's understanding of the Heavenly Dao of the Wind will be profound!

The sporadic insights of the wind and the heavens converged in Xu Ming's sea of consciousness, and gradually condensed into an illusory seed. When this seed solidifies, it will be Xu Ming's time to plant the “seed of Taoism” and become a Taoist king.

“Roar!!”

The tiger-shaped monster was not idle either, constantly looking for opportunities to attack Lin Chen, causing trouble for Lin Chen.

Of the human race powers, many of them have been following Lin Chen's developments.

Seeing that Lin Chen was brutally attacked by Xu Ming and the tiger-shaped monster, many experts sighed with emotion: "Lin Chen, was abused by Xu Ming again!"

Yes, "again" was abused!

Palace Master Soul Tian looked at the scene in front of him speechlessly: "Shameless! It's so shameless!"

The Lord of the Heavenly Palace was referring to Xu Ming, of course.

"To join forces with monsters to deal with human geniuses"

Such a situation has hardly ever happened in the Dao Fate War.

Generally, geniuses from the human race team up to besiege monsters, and where have you seen geniuses and monsters team up to deal with another genius.

And ~www.readwn.com~ this besieged genius is still Lin Chen, who is known as the "once in ten thousand years" for the entire human race!

"This Lin Chen is too sad." Even the old man Xuanqing couldn't help his beard trembling.

Once a "once-in-a-million-year" genius is born, which one is not the existence of suppressing all geniuses of the same era? Who else would be so miserably abused like Lin Chen?

Anyway, in the tens of thousands of Taoist battles presided over by Elder Xuanqing, almost all the geniuses of the "once in ten thousand years" level shined brilliantly! It's the first time that someone as embarrassed as Lin Chen is, and in the future, it will be hard to see someone as miserable as Lin Chen.

"Look! Lin Chen can't hold it anymore!"

Although Lin Chen's frontal combat strength was comparable to that of the Six-step Daoist, but under the joint attack of Xu Ming and the tiger-shaped monster, he was still abused to the point of being powerless.

In particular, every time Xu Ming collided with each other, Xu Ming would absorb a trace of the wind's source of heaven, and his strength continued to improve. As a result, Lin Chen naturally became more and more difficult to fight!

Even Xu Ming's spear had left blood holes in Lin Chen several times.

"Look! What is Lin Chen doing? Well, he's running away again!"

I saw that in the world of landscapes, Lin Chen couldn't stand it anymore! Seeing that the situation was getting more and more difficult, Lin Chen ran away again!

All the great powers looked at each other in dismay: "Lin Chen was killed by Xu Ming and fled again"

"Again" was abused, "again" escaped!

Chapter 402: , Sow The "Tao Seed"

"Again" was abused, "again" escaped!

Looking at the long history of the entire human race, I am afraid it is difficult to find out, which "once in ten thousand years" level genius can be as embarrassed as Lin Chen!

"Let him escape again!" Xu Ming sighed helplessly, "But this battle, I also made a lot of money!"

In this battle, Xu Ming not only gained a low-grade Venerable Item-level array, but more importantly, he learned a lot of insights from Lin Chen.

At this time, in Xu Ming's sea of consciousness, the Heavenly Dao of Wind had condensed into a very solid "Seed of Dao".

The “Dao Seed” is solid, and then Xu Ming can naturally plant the “Dao Seed” and break through the Taoist Lord!

“Finally I can break through Daojun”

In order to consolidate the foundation, Xu Ming actually deliberately stayed in the spiritual stage for a few years.

In the past few years, Xu Ming did not deliberately improve his cultivation. Instead, he focused most of his energy on the two secret skills of the puppet demon body and the demon avatar, as well as studying the “way of life” with Gu Hanmo.

Over the past few years, Xu Ming has condensed his foundation and consolidated it.

With a solid foundation, it will be easier to practice in the future!

The two secret skills of puppet demon body and demon avatar clone have also been cultivated to the extreme by Xu Ming.

Xu Ming’s body is as tough as a top-quality spirit weapon, even when it’s not hanging up!

Moreover, Xu Ming also hid a method that no one knew about. His shadow was actually a clone!

“Brother Tiger!” Xu Ming looked at the tiger-shaped monster, “It’s a pleasure to join forces this time! What are your plans for the next step?”

The tiger-shaped monster said in a heavy voice, “The treasure I was guarding has been taken away, then, this time, I won’t have anything to do with it. Next, I will hide it until the end of the battle!”

“Yeah.” Xu Ming nodded slightly.

He knew that this tiger-shaped monster would be rearranged to guard the treasure during the next Dao Fate War.

“Then let’s say goodbye!”

Xu Ming and the tiger-shaped monster exchanged casually for a while, then each hurriedly left the place.

The tiger-shaped monster went to find a hiding place and Xu Ming went to find a hidden place, ready to break through the Daojun!

“Just here!”

Xu Ming stood under a cliff somewhere and observed the surroundings. After confirming that it was extremely difficult to be found, he crashed into the inside of the cliff!

Then, Xu Ming drilled directly into the ground. He wanted to go to the depths of the ground to break through the Daojun!

After a while, Xu Ming burrowed deep into the ground like an earthworm.

“The situation in the landscape world must be stared at by countless masters and masters who use absolute stealth, and it is easy to be found abnormal, which will lead to unintended consequences!” Xu Ming secretly said, “Otherwise, why would I have to work so hard to find a safe breakthrough? place.”

Just like when Xu Ming was wandering in the Demon Realm, he wanted to break through, so he could just find a place, turn on “absolute stealth” and enter the breakthrough state, without worrying about safety issues at all.

In this landscape world, even if Xu Ming hid deep underground to break through, he could not feel 100% safe.

“The most important step to enter the Daojun level from the spiritual realm is to plant the Dao!”

Using the flesh and soul as the soil, condense the Heavenly Dao that oneself perceives into a “Heavenly Dao Seed” and plant it in the soil!

If the seed is successful, it is a step-by-step master!

Then, with the deepening of the understanding of the Tao of Heaven, the seeds of the Tao of Heaven continued to transform. If at any time, “the seed of Tao” takes root and sprouts in the soil of the body and soul, and grows “saplings of Tao”, at this time, it is the Taoist!

When the “Sapling of Tao” grows into a towering tree, then it is the “Master of Tao”!

The “flower of the Tao” blooming on the towering tree is a “demi-god”!

the gods

The gods have long been legends!

Legend has it that “the flower of the Tao” becomes the “fruit of the Tao”, which can become an immortal god!

For Xu Ming to blossom and bear fruit, this is too far away. What Xu Ming wants to care about now is to plant “Tao Seeds” and break through Taoist Lord.

However, before planting a “Tao Seed”, Xu Ming still needs to do one more thing to raise his cultivation to the limit of the spiritual realm!

Only the body and soul at the limit of the spiritual realm are qualified “soil”.

“Xiaohang, help me forcibly level up to Half-step Daojun!”

As for the hanging points to be consumed for forced leveling, that’s not a problem! For level 4 hanging points, Xu Ming can spend whatever he wants, and he is not worried about the lack of hanging points at all!

After a while, Xu Ming’s cultivation level was forced to level up to Half-step Daojun.

“The next kind of Taoism!”

Xu Ming sat quietly for a long time and adjusted his mind to a very peaceful state.

Suddenly, Xu Ming’s expression became solemn.

In the central area of his sea of consciousness, a small hole suddenly sunk into it, as if a hole had been dug in the soil.

Immediately, Xu Ming manipulated the solid “Tao Seed” in the sea of consciousness and moved towards the small pit.

As long as the “Dao Seed” is planted in the same way as a seed, this Heavenly Dao Seed will be completely integrated with Xu Ming’s body and soul! At that time, even if Xu Ming succeeded in breaking through to one step, Daojun!

The “Tao Seed” slowly moved into the pit, and then the “Wind Spiritual Spirit Peak” in the sea of consciousness was directly suppressed above the small pit.

One day, the Heavenly Dao seed that Xu Ming planted today will take root and sprout, and emerge from the top of the Lingfeng Peak.

“The seeds of the Heavenly Dao of the Wind have been planted. Next, let the Dao seeds merge with the body and soul, and break through the Dao Jun!”

Naturally, this integration process does not take a long time to complete overnight.

In the landscape world, the top of a towering mountain peak.

Lin Chen stood proudly here with his sword in his hand, and the embarrassment he had when he fled just now was gone.

“Lin Chen!” A figure in a strong suit flew up the mountain, “What are you looking for?”

This powerful figure is Lin Chen's fellow apprentice brother and Qin Ke, the second genius of the Terran era!

Of course, this "next day" was identified by the Palace of the Asking Questions. As for the Asking Palace, Xu Ming has not yet ranked in the top ten.

"Help me kill someone!" Lin Chen said coldly.

"Ah?" Qin Ke was stunned for a while, "Help you kill? Could it be that there are people you can't kill alone? Do you want me to help?"

Qin Ke was in the world of landscapes and could not communicate with the outside world~www.readwn.com~ Naturally, he did not know that Lin Chen had been abused by Xu Ming several times.

"I also called Yun Fan, Gu Bowen, and Yan Xue!"

Among the disciples of the Holy Land, there are actually some secret skills that can be easily connected with each other.

Each of the three names that Lin Chen ordered was Four Steps Daoist. Among them, Yun Fan of the Lotus Holy Land is known as the third genius of this era!

"You even called them!?" Qin Ke's eyes widened.

The five of them are almost the five strongest geniuses in the landscape world! Qin Ke can't imagine who they are going to deal with, and it is worth the five of them to join forces?

Soon, three figures came out of the sky together.

Yun Fan, who was flying in the middle, was dressed in a finely embroidered lotus robe.

"Lin Chen, what's the situation, call us here?" Yun Fan shouted from a distance.

Lin Chen pulled out the long sword behind him.

“Lin Chen, what do you mean!?” Yun Fan shouted.

“Yunfan! Your Blood Lotus Lost Track is the best at finding people!” Lin Chen said, “On this sword of mine, the blood of the person you are looking for is stained with the blood of the person you are looking for. Help me find him!”

Yun Fan muttered: “The cost of casting the blood lotus is not small.”

“Didn’t you always want to get a ten thousand-year-old blood lotus? I have it in my collection ring, and I can give it to you when I go out!” Lin Chen said indifferently.

“Good! Deal!”

Chapter 403: , 1 Step Road Gentleman

A few hours later, Lin Chen and other five figures appeared above the place where Xu Ming was hiding.

These five figures are either arrogant, indifferent, or deep...

Lin Chen is known as a “once-in-a-million-year” level genius for the entire human race, and Qin Ke and Yunfan are also “once-in-a-millennium” level. Even if the other two were slightly worse, if they were placed in an ordinary era, they would be the top geniuses who crushed an entire era!

But now, five people came out to deal with Xu Ming!

“The blood lotus lost track, that Xu Ming should be deep in the ground below!” Yun Fan looked down and said indifferently.

“It’s actually hidden in the ground!” Lin Chen’s icy eyes flashed with disdain, “If it wasn’t for Brother Yun Fan, I really wouldn’t be able to find him!”

“Don’t be too close to ‘brother’!” Yun Fan said lightly, “Just don’t forget my reward!”

“Don’t worry, I’m not going to rely on it!” Lin Chen snorted coldly, “Yun Fan, I would like to ask you to help set up a sleepy formation by the way, lest one accidentally make that kid run away!”

Yun Fan sneered disdainfully and said, “Are you still trapped? – Lin Chen, you are really going back the more you mix up! I feel that your sword intent is not as firm as before!”

“Don’t talk nonsense!” Lin Chen’s face was slightly ugly, “Just say whether to help or not!”

“Benefits?” Yun Fan said two words very directly.

“It’s all about your benefits!”

“That’s good!” Yun Fan smiled with satisfaction.

...

“Lin Chen actually called four top geniuses together to deal with a Xu Ming?”

The experts and experts who were watching the battle at the banquet were all speechless.

You said that you, Lin Chen, are also the first genius of this era, and they are praised as a once-in-a-lifetime encounter for the entire human race! – To do such a thing, is it too disregard of identity?

The powerful people of the Purple Moon Holy Land are not very good-looking.

“What did he think of Lin Chen? Isn’t this the same as admitting that he is not as good as Xu Ming?” A purple-robed elder from the Purple Moon Holy Land said angrily, “And he brought Qin Ke and the others with him to bring us Ziyue. The Moon Holy Land has lost all face!”

Qin Ke and Gu Bowen were also disciples of the Purple Moon Holy Land.

“What Lin Chen did this time is really irrational!” Another high-level executive of Ziyue Holy Land also said.

“Lin Chen has been cultivating smoothly. This is the first time he has suffered a setback. It is inevitable to have such a move!”

...

However, the focus of more discussion is on Xu Ming.

Especially those who didn't know Xu Ming before, and now they are shocked to see that the five top geniuses have teamed up to deal with Xu Ming.

They all sounded.

“Where the **** is Xu Ming a genius? – What? Wilderness Sect? What kind of power is this? Why haven't I heard of it?”

“I'm so ignorant! The Wilderness Sect was a holy place millions of years ago, but it's just decayed now!”

“As expected of a holy place! Although it has decayed, its foundation remains the same. A genius like Xu Ming can emerge! — By the way, who knows, how old is this Xu Ming?”

“It seems... Twenty years old!”

“What? How old? Twenty!?!—Aren't you **** kidding me?”

“Twenty years old... Then isn't he eight years younger than Lin Chen?”

“At the age of 20, Lin Chen joined forces with several other top geniuses to deal with it; then, what level of genius should Xu Ming be considered? – Once in 100,000 years? Once in a million?”

The genius level is determined by the Asking Palace. These ordinary greats don't know, and the Asking Palace only lists Xu Ming as a "hundred-year" level.

"It's a pity! Such a genius against the sky has been targeted by Lin Chen! – Xu Ming's battle of dao fate is likely to end here; if he wants to enter the 'country of gods' to cultivate, he can only wait five more Ten years!"

"It's a pity! Entering the 'God Kingdom' in the later 50 years, how much precious cultivation time will be wasted! – However, even so, after this battle, Xu Ming will definitely be famous in the entire human race's 3,600 territory!"

"It can only be said that Xu Ming's luck is still a little bad, and he actually provokes Lin Chen!"

No one thought about it—actually, it was Lin Chen who had bad luck, and he actually got into trouble with Brother Ming who was hanging up!

At this time, the focus of attention of several top experts in the Asking Palace was different from that of others.

"This Xu Ming... actually broke through the Daojun?" Palace Master Soul Tian was frightened by Xu Ming's improvement speed.

You know, just a few days ago, when he just paid attention to Xu Ming; Xu Ming did not even have a slight fluctuation of the heavenly way – that is to say, at that time, Xu Ming did not realize even a trace of the heavenly way!

But in just a few days, Xu Ming was able to directly plant a "Tao Seed" and break through the Taoist Lord?

What a terrifying efficiency of Heavenly Dao perception!

What a terrifying talent and understanding!

After being shocked for a long time, the Palace Master Soul Tian sighed and said, "I underestimated Xu Ming! I'm afraid his understanding of the way of heaven is not much worse than Lin Chen..."

Palace Master Soul Tian finally acknowledged Xu Ming's talent for the first time!

However, from the tone of Palace Master Potian, it is not difficult to tell that he is still optimistic about Lin Chen a little more!

"Palace Master." Elder Xuanqing asked for instructions, "So, Xu Ming's genius level should be set as...?"

"Once in ten thousand years' level!" said Soul Tiangong Master.

After finishing speaking, Palace Master Soul Tian couldn't help but sigh: "This Xu Ming ~www.readwn.com~ should have used some external force, so he has such strength! Then, if he breaks through to Daojun, his strength should not improve much... In this case, Xu Ming is destined to lose in this battle of dao fate!"

Palace Master Soul Tian didn't know, but he was blinded again by accident.

But there are also those who are not blind.

"Palace Master!" Zhan Wuwei suddenly said, "I feel that Xu Ming will not necessarily lose!"

"Oh?" Palace Master Soul Tian's eyes, which were filled with the secret patterns of the Law of Heaven, couldn't help but glanced at Zhan Wuwei with interest.

"Haha, Zhan Wuwei!" General Jingyu couldn't help laughing, "In such a situation, Xu Ming may not necessarily lose? Your vision is really going back more and more!"

Zhan Wuwei snorted: "Look at it!"

...

Landscape world, deep underground.

“Finally...the seeds of the Heavenly Dao are completely integrated into the body and soul!”

Xu Ming suddenly opened his eyes.

In the darkness, his eyes were unprecedentedly bright!

In the depths of his eyes, there was even a trace of the secret pattern of the Law of Heaven looming.

On Xu Ming’s body and soul, there are also strands of heavenly fluctuations, which echo and form resonance with one of the nine major operating rules of the heavens and the earth, “the law of the origin of the wind”.

All of this marks that Xu Ming has broken through into a new realm – the Daojun realm!

“One Step Master!”

at this time-

rumbling...

Xu Ming suddenly felt that the hard rock layer above his head was being brutally destroyed by several powerful forces.

“Um!?”

Xu Ming’s eyes turned cold.

“I didn’t expect that I was hiding here, but Lin Chen can still find it. He really has some means! And...” Xu Ming felt the power fluctuations above his head carefully, “It seems that he has brought helpers?”

Chapter 404: , 1 Against 5

boom! boom! boom! ...

The ground above and below Xu Ming was trembling and shaking frantically.

hum—

A wave of spiritual power overwhelmed him.

Immediately afterwards, an arrogant figure, holding a purple long sword, broke through layers of hard rocks, and killed it towards the very depths of the ground where Xu Ming was.

“Lin Chen!” Xu Ming’s mental power also enveloped the other party.

“Xu Ming, you really are hiding here!”

“Humph!”

Xu Ming exploded directly, and where the spear went, he directly faced Lin Chen and killed him.

The surrounding hard rock formations, in the eyes of the two, were as fragile as tofu, and could not hinder their movements at all.

At the level of Xu Ming and Lin Chen, unless they were in extremely dangerous situations, the surrounding environment could hardly affect their battles. For them, fighting deep underground is almost indistinguishable from fighting above the sky.

If there is a difference, the only difference is that it is difficult to cover the spiritual power underground; therefore, the scope of the spiritual power will be very small.

“Xu Ming, you don’t even run, you dare to fight!?” Lin Chen said with a wicked smile.

Yun Fan had already formed a formation to block off this area. If Xu Ming turned around and ran away, he would be blocked by the formation and the shots of Yun Fan and others.

“Run? Why should I run?” Xu Ming sneered disdainfully – after he broke through to Daojun, his strength has improved a lot, and he is not afraid of colliding with Lin Chen.

“Since you don’t run, it’s best, I’ll let you die quickly!” Lin Chen’s sword intent was compelling.

Immediately, however, there was a more ferocious spear intent, which sharply and domineeringly forced Lin Chen’s sword intent back.

“What!?” Lin Chen was shocked.

boom-

The shot that contained the Heavenly Dao of Wind was domineering and decisive, but angered Lin Chen in a brisk and incomparable manner.

Lin Chen looked terrified.

This shot made him feel unstoppable and unavoidable.

Ferocious, domineering, and lightning-quick—it’s the perfect shot!

...

“Lin Chen went underground!”

This battle attracted the attention of more than 80% of the experts at the banquet.

There is naturally a lot of talk about this war.

“In my opinion, Xu Ming will soon be killed and escape from the ground!”

“I don’t think so! It’s very possible that Xu Ming didn’t even have a chance to escape from the underground, so he was forced to crush the letter talisman! It may even be accidentally killed!”

“In this battle, Xu Ming has no chance of winning. Even if he is lucky enough to escape, he will still be besieged by the four Yun Fans!”

“The trapped formation has already been set up, Xu Ming can’t escape!”

Dao-jun-level fights all happen between lightning and flint. Just as there were many discussions among the great powers, but no one was optimistic about Xu Ming...

boom!

boom!

The two figures shot out from the ground, one after the other.

If you think about it with your toes, you will know that the figure in front is fleeing in embarrassment, while the figure in the back is chasing after him.

“Well, I’ll just say, Xu Ming will be killed and escape soon...” The speaker was about to exaggerate, but at random, a ghostly frightened expression appeared on his face.

He was surprised to find that the one fleeing in front was Lin Chen holding a purple long sword. It’s just that at this time, Lin Chen was ragged and embarrassed, and there was no more graceful and arrogant when he came.

Behind Lin Chen, Xu Ming carried his spear angrily and chased after him, as if he would never give up if he didn’t kill Lin Chen.

“This...”

Many people stood up in shock at this scene, and everyone’s faces were full of fear and confusion – Lin Chen was chased and beaten by Xu Ming?

Even the Lord of the Heavenly Palace stood up with a “swoosh”, and the dense lines of law in his eyes seemed to be arranged in four words – unbelievable!

Zhan Wuwei couldn't help laughing loudly: "Hahaha... I knew this kid is not easy!"

The most confused and shocked were undoubtedly Yun Fan and Qin Ke, because they were the closest.

"Lin... Lin Chen, what's the situation!?" Qin Kelian shouted.

"What's the matter!" Lin Chen was beaten so much that he didn't care about his image, "Help me clean up with him!"

When Lin Chen shouted, there was still a look of horror in his eyes – Xu Ming is too scary! If he fights alone, he will definitely lose!

"Forehead..."

"what?"

Qin Ke and Yun Fan were stunned for a while before finally reacting – Lin Chen, thinks he is not Xu Ming's opponent?

"Not an opponent" and "I think I am not an opponent" are two concepts!

"I don't think I'm an opponent." It can almost show that the difference in strength between Lin Chen and Xu Ming is no longer "a little bit", but at least "a bit big"!

"Lin Chen, in front of Xu Ming, who is only 20 years old, he thinks he is not an opponent?" Qin Ke and others thought in horror that Lin Chen is already a perverted monster; then, who is Xu Ming? How about a metamorphosis within a metamorphosis?

But at the moment, Qin Ke and the four didn't think about it, they raised their weapons and attacked Xu Ming~www.readwn.com~ For a time, Xu Ming was caught in the siege of the five top geniuses!

"Get out of here!" Xu Ming shouted in shock, and a long spear swept away.

However, the five top geniuses have joined forces. They are not only powerful, but everyone has the stunt of pressing the bottom of the box. Suddenly, Xu Ming fell into an absolute disadvantage.

“Hahaha, stop struggling, Xu Ming!”

Lin Chen was the main attack, and the other four geniuses assisted from all directions, so Xu Ming could only cope with it, and there was no chance to fight back.

“Everywhere is trapped and wrapped, this time, I see how you can escape!” Lin Chen shouted fiercely, “If you don’t break the letter, you will die here!”

“Escape?” Xu Ming smiled strangely, “Why should I escape?”

“Huh?” The five of Lin Chen smelled a little something wrong, but they didn’t take Xu Ming’s words to heart—you know, the five of them joined forces, and they could almost threaten the Half-step Dao Venerable! And Xu Ming, can he have the strength of a half-step Taoist?

Half-step Taoist?

Xu Ming does not have such strength, but...

Under the sunlight, Xu Ming’s shadow just fell on Yun Fan’s body – this is just a natural phenomenon, of course Yun Fan will not be the slightest alert.

However, at this moment, the shadow of Xu Ming on Yun Fan’s body suddenly moved strangely.

Like blowing a balloon, this shadow quickly expanded from a “plane” to a “three-dimensional” and appeared in front of Yun Fan. The phantom black shadow gun in the shadow’s hand slammed into Yun Fan’s heart.

The vision happened too suddenly, how could Yun Fan think that Xu Ming’s shadow would attack him!

puff!

Yun Fan's heart was directly penetrated by a merciless shot.

Chapter 405: , Sweep

"I..."

Yun Fan stared down at his chest in disbelief.

His heart has been penetrated by the spear, and his vitality has begun to drain. But fortunately, for the Daojun level, this injury is not fatal; as long as you take the healing medicine in time, you can recover quickly.

"Fortunately..." Yun Fan was only afraid, "Fortunately, Xu Ming's shot was not aimed at my head!"

The head is where the sea of consciousness is, and it is also the biggest key point of human beings.

If Xu Ming's shot was not aimed at Yun Fan's chest, but at his head. Then, with such a sudden attack, it is hard to say whether Yun Fan has time to break the letter to save his life.

"I almost... died!" Yun Fan was so frightened that he crushed the letter talisman directly.

Suddenly, a strange energy enveloped Yun Fan and left the landscape world. It also marks the end of Yunfan's battle of Taoism this time.

hum—

In a flash, Yun Fan was teleported back to the position of the Lotus Holy Land.

An elder immediately stepped forward to check Yun Fan's injury: "Yun Fan, are you alright?"

Yun Fan, but the genius of the entire human race once in a thousand years, was only covered up by Lin Chen, so he didn't appear particularly dazzling. The entire human race meets once in a thousand years. For the Lotus Holy Land, it will take thousands of years for such a genius to emerge.

Therefore, the elders of the Lotus Holy Land are naturally very concerned about the safety of Yun Fan.

“It’s no big deal!” Yun Fan said, “It’s just, Elder Jin, this ‘human kingdom of God’, I have to wait for the next Dao fate battle in fifty years before I have the opportunity to go...”

Yun Fan regrets it very much now – why did he agree to help Lin Chen for a little profit... Now that his reputation is badly damaged, it will be fifty years later before he can enter the “Human Kingdom of God” to cultivate, it’s really a choice Sesame loses watermelon!

Elder Jin comforted: “Silly boy, it’s fine! As for entering the kingdom of God... In fact, as long as you are willing to pay a huge enough price, you can still buy a place. However, the price is too high, and you can change it to Ordinary geniuses, our Holy Land is unwilling to pay such a high price to buy a place; but for you... to buy a place, it is still worth it!”

How expensive is it to enter the “Human Kingdom of God”? It is so expensive that even holy places are rarely willing to pay this price!

“Buy a quota...” Yun Fan was silent.

In his opinion, he actually needs to “buy a quota” to enter the kingdom of the human race, which is simply a shame! After all, this kind of quota is usually sold to the dummies of the super-powerful forces.

“I actually want to be the same as those playboys, I need to buy a quota before I can enter the kingdom of God...”

Of course, Yun Fan can also wait another fifty years! It’s just that fifty years is too long; a genius like Yun Fan wastes fifty years of his best cultivation time, what a pity!

Suddenly, Yun Fan asked, “Elder Jin, did you have a ‘once-in-a-thousand-year’-level genius who bought a place before?”

Elder Jin didn’t even think about it: “Of course not! – “Once in a thousand years” level genius, who didn’t swept all the way in the battle of dao? How could it be necessary to buy a place?”

“Forehead...”

After hearing this, Yun Fan looked more and more depressed at the battle in the world of mountains and rivers – he is the shame of the “once in a thousand years” level genius!

Because Xu Ming was assisted by the shadow clone, he was able to defeat four by one, and he did not lose the slightest.

The shadow clone, also known as the demon clone, although the attack is slightly lower, it is very strange!

Xu Ming can make the Demon Sha clone return to the shadow state at any time, so that the Demon Sha clone will not suffer any damage. Moreover, the shadow can also be turned into a demon clone at any time, which is hard to guard against!

puff!

After a stalemate for a while, Xu Ming’s spear pierced through his chest again – this time, it was Yan Xue, the genius of the four-step Daoist!

“I...” Yan Xue did not hesitate too much, just crushed the letter and left.

In just a short while, on Lin Chen’s side, two people crushed the letter and fled for their lives; five to one turned into three to one.

On the other hand, Xu Ming, who was not optimistic before, was actually intact!

Lin Chen’s face became ugly – five-on-one is not Xu Ming’s opponent, let alone three-on-one?

The person who knows the current affairs is Junjie, so, Lin Chen, Qin Ke, Gu Bowen, the three top geniuses, made a very unanimous decision – escape!

But just as they turned to flee, they discovered a very painful thing – they were trapped by the trapping formation that Yun Fan had laid before...

In this trapped formation, Lin Chen originally used it to prevent Xu Ming from escaping. Unexpectedly, instead of letting Xu Ming use it, they let them use it themselves... What a sad story!

“Before Yun Fan crushed the letter talisman, he didn’t evacuate the trapped formation first!” Lin Chen thought angrily.

It’s just that he didn’t even think about how critical Yun Fan’s situation was just now.

Besides, at that time, Yun Fan did not expect that Lin Chen and the others would be unable to fight and want to escape!

Lin Chen shouted: “The materials in the world of mountains and waters are limited, and this trapped formation created by Yun Fan will not be very strong! The three of us will join forces to break the formation, and it will be broken soon!”

Gu Bowen couldn’t help scolding: “Idiot! This Lin Chen is really an idiot!”

But there was no way, he had to follow what Lin Chen said, the three of them attacked the trapped formation together – such a simple trapped formation, with the combined efforts of the three, they could destroy it with one or two attacks.

However...

puff!

Gu Bowen’s chest was also penetrated by the spear.

“You...” Gu Bowen looked at his chest in disbelief, “Why don’t you deal with Lin Chen, but instead deal with me first?”

Xu Ming spit out two words indifferently: “Soon!”

Because at that time, Gu Bowen was the closest to Xu Ming; Xu Ming really didn’t do it on purpose when dealing with him.

Immediately afterwards, Xu Ming “smoothly” sent Qin Ke away.

Five top geniuses besieged Xu Ming, but Xu Ming became angry. In just a short while, Xu Ming swept Qin Ke, Yun Fan, Gu Bowen, and Yan Xue four great geniuses, forcing them to crush the letter talisman to save their lives; only Lin Chen was left, still lingering.

But obviously, it won’t last long.

“Lin Chen, stop struggling!” Xu Ming returned to Lin Chen what Lin Chen had just said to himself.

“Ah—” Lin Chen tried his best to break through.

Just then, a surprise appeared.

Click!

This simple trapped formation was finally blasted away with Lin Chen’s efforts.

Lin Chen was instantly overjoyed, and without even thinking about it, he quickly flew away into the distance.

“Haha, Xu Ming, I’ll go too!” Lin Chen, the “once-in-a-million” genius, was like this because he was able to escape from Xu Ming’s hands. I’m afraid... Looking at the entire history of the human race, there is no “once-in-a-million-year” genius who would be so useless!

“Want to go?”

Xu Ming burst out with a bang, and in terms of speed, he was still faintly out of Lin Chen’s line.

Chapter 406: , The Playing Field Is Big

“what!?”

Lin Chen was horrified.

He was trying to escape successfully by himself, but in the blink of an eye, he found out that God was making fun of him!

Xu Ming's speed was even faster than his!

The distance between the two sides is also rapidly narrowing.

"Run! You're running for me!" Xu Ming inevitably stammered.

You must know that at this time, he was chased by him like a lost dog and fled in embarrassment, but the entire human race's 3,600 territory will only produce a super genius in 10,000 years!

Running with such a genius is completely different from running with a group of cats and dogs.

At this time, Xu Ming was full of pride in his heart, and he had a kind of heroism of "the greatness of the world, who will compete with each other".

"Hahahaha..." After chasing after him, Xu Ming couldn't help laughing.

At the questioning banquet, many great masters looked bad.

"This Xu Ming is really too much..."

"Too arrogant!"

"The Battle of Dao Fate is a grand event for the selection of top talents for the human race! However, he actually killed and eliminated all the top talents... This, this, this... In this way, the geniuses screened out in this Dao Fate Battle will be eliminated. , wouldn't the gold content be greatly reduced! He did this, he really didn't know the importance!"

"That's right! They are so cruel to geniuses of the same race; even if they are trained, they are still selfish!"

“Indeed! In my opinion, this kind of selfish person is not worth cultivating! If you spend resources on him, maybe you will raise a white-eyed wolf in the future!”

Most of the powers who can say such words are from the Purple Moon Holy Land, the Lotus Holy Land, and their affiliated forces.

The other great powers are happy to see the Purple Moon Holy Land and the Lotus Holy Land making a fool of themselves—aren’t you just a few geniuses from this generation? It’s all over the place! It’s good now, people are cheap, they have their own way, hahaha, can’t you be shy now?

Of course, if this kind of wound is sprinkled with salt, few people will say it.

However, there are a lot of people who speak justice for Xu Ming.

“I said to all of you in the Purple Moon Holy Land, you are not being kind, right?” Taoist Chen Xingdao of the Star Holy Land said, “Just now, Lin Chen and the other five top geniuses joined forces to deal with Xu Ming, shameless but not shameless. Why didn’t you say anything at that time? Don’t tell me, Lin Chen and the five of them will let Xu Ming go! – Now, Lin Chen’s five people can’t be besieged, but Xu Ming kills them and eliminates them. What’s the point? How to complain? If you want to blame, you can only blame yourself for being inferior to others!”

“In the battle of Taoism, life and death have fate! Not to mention that they were just killed and eliminated, even if they were killed on the spot, what can they say?” Another great master stood up and spoke.

“Actually, Xu Ming has already shown mercy! If Xu Ming really doesn’t know the importance, it would be difficult for you five top geniuses to survive!”

“It’s ridiculous! Could it be that Lin Chen and the others are only allowed to bully Xu Ming, and Xu Ming is not allowed to bully them?”

“Purple Moon Holy Land, Lotus Holy Land, the great powers of your two holy places, speaking ill of a junior behind their backs, is it too much of a loss of identity?”

...

For a time, the surrounding powerful people spoke out one after another, seeking justice for Xu Ming.

However, when they spoke out, the great powers were also shocked by Xu Ming's talent and strength! – Xu Ming is only twenty years old, so he can have such strength! After waiting for ten or twenty years, Xu Ming still wants to go to heaven?

“Humph!”

Ziyue Holy Land and Lotus Holy Land all looked ugly, but they couldn't refute at all – their skills were not as good as others, and they even formed a group to die, who was to blame?

Just as the great powers were arguing, Xu Ming had already caught up with Lin Chen.

“I can't run away now!?” Xu Ming's mouth curled into a hideous smile. He would not be soft on Lin Chen, “If you don't want to break the letter, then you will die!”

boom! !

This shot, like a meteor chasing the moon, slammed into Lin Chen's head.

The head is where the sea of consciousness is. Once it is penetrated, it is almost certain to die!

“Ah—” Lin Chen glared angrily.

Although the spear had not yet arrived, the terrifying killing intent had already made Lin Chen shudder!

“Xu Ming!” Lin Chen gritted his teeth.

suddenly!

boom!

Lin Chen's body burst into flames of rage. His speed suddenly soared several times!

call out-

Lin Chen turned into a light of fire, which instantly swept across the entire sky.

Before Xu Ming's spear could fall, Lin Chen had already fled away.

"This..." Xu Ming was stunned, "What speed is this!?"

"Xu Ming!" Lin Chen's pained voice resounded from a distance, "You actually forced me to use a forbidden technique!!"

Lin Chen's forbidden life escape technique is very costly; once it is used, it will even hurt the soul and affect the foundation!

Casting it once is much more expensive than being pierced by a long spear in the heart!

The great masters of the Purple Moon Holy Land who were watching the battle from the outside sighed in pain, "What's the matter with Lin Chen? Even if he gives up the battle, it's better than using the forbidden technique!"

However, the powerful people all understand that Lin Chen is fighting for a breath – he would rather pay a higher price to use the forbidden technique than admit defeat to Xu Ming!

"You wait! You wait!" Lin Chen hated to the sky, "Today's hatred, I will definitely return it to you tenfold and a hundredfold!"

call out-

Lin Chen turned into a flame~www.readwn.com~ directly cut through the sky and flew away towards the endless distance of the sky.

Xu Ming wanted to chase, but he just felt that he couldn't catch up!

But Xu Ming was not in a hurry to chase, instead he laughed sarcastically – run? It's okay, you can run!

There is a “probe” hanging around, no matter where Lin Chen goes, Xu Ming can find him at any time!

Xu Ming wanted to see how many times Lin Chen could use this extremely costly escape technique? -three times? Five times?

“I want Lin Chen to escape until he can't escape!”

Xu Ming smiled evilly.

Immediately, Xu Ming turned back to the place where the battle just now occurred.

The “relics” of the four Yun Fans were still there, so of course Xu Ming had to run back to collect them.

Soon, the four Nativity Rings, as well as the top-quality Dao Artifacts, arrived in Xu Ming's hands.

“Not bad! The four Yun Fans deserve to be top geniuses, and there are quite a few treasures on them!”

A total of thousands of nine-colored stones were found in the four people's holding rings; with these nine-colored stones, Xu Ming was able to win the battle directly.

“Yo, there are thousands of low-grade Dao stones!”

There are only a few thousand low-quality Dao Stones, and it is not enough to use them to hang them. The effect of Xu Ming's current plug-in effect is that he directly used level 4 hanging points to “renew” for three months before breaking through to Daojun.

After all, the exchange ratio between Level 5 and Level 4 points is as high as “1:1 million”, which is terrifying!

The Daojun level is very expensive and extravagant. With Xu Ming’s current assets, he can’t open several levels of plug-ins.

“The things are collected, it’s time to find Lin Chen to play!”

Xu Ming was about to find out Lin Chen’s location, when suddenly, a light flashed in his heart, and an unspeakably wicked grin appeared on his face: “Chasing Lin Chen, it doesn’t seem like it’s any fun! Why don’t you just make a high profile and play in the field? big?”

Chapter 407: , What Is This Going To Do?

“Why don’t you just make a high profile and play a big game?”

The smile on Xu Ming’s face was wicked to the extreme – he remembered the low-grade Exalted Item-level magic array he had obtained earlier.

The “Ten Thousand Flowers Illusory Sea” array plate has two requirements for use; one is that the understanding of the magical array-like array method reaches the ultimate Taoist master, and the other is that it needs to consume a lot of Taoist stones.

Before, Xu Ming didn’t plan to use this array plate at all. After all, he neither knew the formation method nor did he have a stone.

And now, Xu Ming has a stone!

As for formation comprehension? -Xu Ming has broken through to Daojun and opened a level 5 artifact store. Formation comprehension? purchase! Buy Daojun Extreme directly!

“When I refine and control this array, I will put the ‘Wan Hua Illusory Sea’ illusion array at the exit of the landscape world... quack quack...”

Xu Ming’s eyes turned into an evil half-moon with a smile.

You must know that the conditions for winning the battle of Taoism are: to collect 800 nine-colored stones, and to successfully bring out the top 1,000 geniuses in the world of landscapes.

And there is only one outlet for the landscape world!

If Xu Ming blocked the exit with an illusion...

Hey, sorry! Of the 100,000 geniuses in the landscape world, none of them can go out!

In this way, Xu Ming will directly control the fate of all geniuses! – Brother Ming wants whoever wins the battle of daoism will win; Brother Ming doesn't want anyone to win, then even if he has 8,000 or 80,000 nine-colored stones, he will be the same and he can only accept it obediently. The fate of defeat!

Some people will ask, Xu Ming is not afraid of other geniuses teaming up to break the formation?

break!

You go to break!

“Ten Thousand Flowers Illusory Sea” is a Taoist-level formation, and it is still an illusion. You can break one and show it to me!

If it is a “trapped formation” at the Daoist level, then tens of thousands of talents can still break through the formation with strength.

But “Illusory Formation”, then it's really haha... No matter how many Daoists join forces, they can't attack the reality of the formation at all! This kind of formation is simply not something that can be broken by the Daojun level!

As for Lin Chen...

Xu Ming blocked the exit of Shanshui World, which was equivalent to closing the door and hitting the dog. No matter what Lin Chen jumped into, the result was that he couldn't leave the landscape world!

At that time, Xu Ming has a way to abuse Lin Chen *****!

“Okay, let’s do it!”

What Xu Ming has to do now is to learn the formation technique in seconds!

“Hang, tell me, how can I quickly raise the comprehension of the illusion array to the limit of Daojun?”

Hanging immediately listed a stack of “textbooks”: “Basic of Formation Dao (Second Learning Edition, “Advanced Formation Dao (Second Learning Edition, “Forming Dao Application (Second Learning Edition, “Array Dao Application (Second Learning Edition Detailed Explanation of Dao Principle (Second Learning Version, “Analysis of Array Energy Transmission (Second Learning Version, “36,000 Common Layouts of Basic Magic Array (Second Learning Version...

Hundreds of sets of array teaching materials were scattered, and Xu Ming could only sigh: “The array is really broad and profound! Even if it’s all in seconds, it’s enough for me to learn it for a few days!”

Xu Ming didn’t write any ink, he directly found a place to hide, pretending to be consolidating the realm he just broke through, but in fact he was learning the way of formation in seconds in his mind.

...

The area where the six major territories such as Huxin Island and the Remnant Moon Sect are located has already exploded at this time.

“What!? This Lin Chen who killed two once-in-a-millennium and two once-in-a-hundred-year-old geniuses with one enemy and five on the spot, crushed the letter talisman, and even killed the once-in-a-million-year Lin Chen who fled in embarrassment. It was our six territories. A genius?” A master of the “Ye Family” was stunned when he heard that Xu Ming was from the territory of Huxin Island.

“It’s from the Savage Sect!”

“It turned out to be the Wilderness Sect... No wonder there is such a genius!” The Ye Family master was still somewhat in awe of the Wilderness Sect’s heritage. Hearing that Xu Ming was from the Wilderness Sect, he immediately felt more reasonable.

The complexion of Xing Li, the owner of the island in the heart of the lake, is very ugly – no matter who it is, when he finds that his enemy is much stronger than he imagined, he may not look good.

“I asked my old friend to come forward and let Lin Chen deal with Xu Ming in the battle of Daoyuan. But in the end, Xu Ming stepped on Lin Chen and became famous...” Xingli was in pain, but he was helpless, “After the Daoyin battle, Xu Ming became famous in one fell swoop. , Xu Ming is afraid that he will enter the ‘country of gods’ to practice; then, I will be even more unable to deal with him!”

The Kingdom of God is the most sacred holy place of the entire human race, and it is also the reliance of the human race to pass on the fire from generation to generation and to prosper!

As Xing Li, he was not even qualified to touch the gate of the Kingdom of God, let alone deal with Xu Ming in the Kingdom of God.

“Xu Ming’s current strength is comparable to that of the Six-step Daoist! When he comes out of the kingdom of God, I’m afraid he will be stronger than me...”

Xing Li was anxious, but there was nothing he could do.

At this time, a arrogant and domineering voice sounded in Xing Li’s ears: “Xing Li, listen to your young island owner of the lake heart island, was ravaged by Xu Ming very badly?”

Xing Li turned around and saw that the person who came was a half-step Daoist with a fierce face.

“Dominate the sky!” Xing Li coldly shouted at him, “It’s none of your business!”

Ba Cangqiong didn’t seem to hear Xing Li’s scolding, but instead said with a mean smile: “Why are you looking so ugly? Even the peerless geniuses like Lin Chen and Yun Fan have been ravaged by Xu Ming; just your trashy son~ www.readwn.com~ It is his luck that he is qualified to be ravaged by Xu Ming!”

Ba Cangqiong was obviously not in the right path with Xing Li, so he came over to make fun of him.

Xing Li's face turned purple with anger – even if his son is really a waste, when will it be the turn of outsiders to come?

Furthermore, Xing Li has witnessed with his own eyes that since Xing Tianyun was attacked by Xu Ming, he has been practicing hard every day! After three years, the current Xingtianyun is no longer the waste of the past; Xingli even considered whether the position of the island owner of Huxin Island should be passed on to Xingtianyun.

However, Xing Li didn't know that Xing Tianyun had become Xu Ming's servant!

...

Three days later.

Xu Ming broke through.

“The formation method is really complicated! I bought all the knowledge of formation in seconds, and I learned it for three days!”

And the point is, Xu Ming has only learned a little!

“The formation path is broad and profound. Although I have only learned the skins, using the ‘Wanhua Illusory Sea’ formation disk is more than enough!”

Xu Ming refined the array plate again.

Refining the array plate requires a certain degree of formation. In the past, Xu Ming's formation dao attainment was almost zero, and of course he couldn't refine it; but now, Xu Ming's understanding of the illusion formation has reached the pinnacle of Daojun, and refining the formation plate is naturally not difficult.

With everything ready, Xu Ming directly probed into the exit of Shanshui World – an ancient portal located in a secret mountain stream.

Not long after, Xu Ming appeared here, and in his hand, he still held the “Wan Hua Illusory Sea” array plate.

The people from the outside world are all talking and laughing.

“Look, that Xu Ming seems to be coming out through the exit! In this Dao Fate Battle, the first genius will finally win... Huh? Wait! What is Xu Ming holding in his hand? Hai’ Array? – What is he going to do?”

Chapter 408: , Iron Condensation

What is he going to do?

Many experts and experts looked at Xu Ming and the “Myriad Flowers and Illusory Sea” array disk in Xu Ming’s hands in confusion.

“Myriad Flowers Illusory Sea” is a relatively well-known Daoist-level illusion formation, and generally it must be arranged by Daoist almighty. If Daojun wants to set up, he must first have the ultimate phantom formation understanding of Daojun, and at the same time, he must use the array plate.

Of course, no one in the world thought that Xu Ming could set up a “sea of fantasy” illusion. After all, Xu Ming is only twenty years old, how could he have the ultimate phantom formation understanding of Daojun?

Since it is impossible to set up an illusion, then what does Xu Ming do by standing there foolishly holding the array plate?

The great people of the human race became more and more puzzled.

Zhan Wuwei was also very puzzled, but he just waited patiently for Xu Ming’s next move, not at all anxious – although he had a fiery temper, as a Taoist master, he still had this patience.

But he paid more attention to the communication and chat.

“I said old ghost Tie Ning, it’s really a pity that you didn’t come to the banquet this time!”

Zhan Wuwei has no idea how many times he has repeated this sentence! And the “Old Tie Ning Ghost” in his mouth was the well-known elder Tie Ning of Wen Gong Gong.

The reason why Elder Tie Ning is famous is not because of how strong he is, but because of one of his titles – the number one craftsman of the human race!

It is said that as long as you give Elder Tie Ning enough materials, even a half-artifact can be refined for you!

It is precisely because of this that although Elder Tie Ning hardly ever participates in the battle with the demon clan, his status in the clan is no lower than that of such titanic generals as General Jingyu and Zhan Wuwei!

Even faintly exceeded!

Elder Tie Ning’s status is very detached.

“What’s the pity?” On the other end of the communication, Elder Tie Ning replied disdainfully, “You know, I have no interest in fighting and killing!”

Tie Ning and Zhan Wuwei, one is indifferent by nature and only knows how to immerse himself in refining tools; the other is brave and good at fighting, and likes to kill kills the most – but the amazing thing is that these two people have become best friends.

“This time, the Dao Fate Battle is really different!” Zhan Wuwei said in a very excited tone, “Lin Chen, do you know?”

“Lin Chen from the Purple Moon Holy Land? I’ve heard of it!” Tie Ning thought for a while and said, “It is said that he is a once-in-a-million-year boy, right? But so what? – Even if he can grow up smoothly, I am afraid that An ordinary Taoist; what’s more, he may not be able to grow up!”

At the end, Tie Ning added another sentence: “If I have time to see him, I might as well spend more time thinking about how to refine the weapon! As long as one more semi-artifact is refined, for the human race, it is more likely that one will be born. Ordinary Daoist, it is much more meaningful! – Alas, it’s a pity to say it! That short-lived old man did not leave the Wuyu Ship in the tribe when he died; now, the Wuyu Ship doesn’t know where to go. ...a half-artifact of the battleship class! It’s worth more than ten other half-artifacts...”

However, Zhan Wuwei ignored Tie Ning’s words, and said without thinking: “Then have you heard of Qin Ke, Yun Fan, Gu Bowen, and Yan Xue?”

“Huh? Who are these four? Never heard of it!” Tie Ning said in surprise.

“Two are once-in-a-thousand-year-old geniuses, and two are once-in-a-hundred-year geniuses, both of which are the cultivation of the Four-step Daoist!”

“Damn it!” Tie Ning scolded directly after hearing this, “Once in a thousand years? Once in a hundred years? – I can’t even make a weapon in time! How could I have heard of this kind of kitten and puppy!”

“Don’t worry, I haven’t finished speaking yet!”

“Damn it, you said it all at once!” Tie Ning is a straight-forward person, and when he talks to his friend Zhan Wuwei, he has no scruples; Like, how to say cool, how to come!

“Hurry up!” Zhan Wuwei scolded with a smile.

“Damn it!” Tie Ning scolded for the third time, “Can you be in a hurry? I’m refining a top-grade exalted weapon, maybe when the heat arrives, I won’t have time to chat with you; So concentrate on refining!”

Tie Ning was able to distract himself and chat when he was refining the top-grade exalted artifact, which shows the strength of his artifact refining!

“I’ll go!” Zhan Wuwei complained at will, and then said, “The five people I just told you, they actually joined forces to besiege one person!”

“Five against one?” Tie Ning was a little dissatisfied. “These young people are not good enough, so it is difficult to achieve great success! Five against one, winning is not honorable!”

“No, they lost!”

“I lost!?” Tie Ning was slightly surprised.

Zhan Wuwei continued to drop an even more important news: “The genius who was besieged is only twenty years old this year!”

“Ah!?” This time, Tie Ning was not as calm as before, “Only twenty years old? Isn’t that a ‘once-in-a-hundred-years’ genius? A genius of this level still has some hope in the future. Reach your level!”

Of course, just “there is some hope”.

“No. Palace Master Soul Tian feels that his strength mainly relies on external forces, not his own realm; therefore, he is only rated as a ‘once in ten thousand years’ level.”

“Palace Master Soul Tian is a bit rigid! Isn’t external force a type of strength?” Tie Ning sneered.

“I think so too! But Palace Master Potian doesn’t think so!” Zhan Wuwei sighed, “You really don’t want to come and see such a wonderful battle of Daoism?”

“No!” Tie Ning hardly hesitated, “I’m only interested in the Taoist genius!”

Formation is the foundation of refining.

Every Refining Master must be a Master of Formation Dao!

And a master of formation, as long as he masters some refining skills, he can easily become a master of refining!

Tie Ning has always wanted to find a genius of formation and train him to be his successor. Unfortunately...

“It’s too difficult to find a genius of the formation path!” Tie Ning sighed, “I don’t know if I can find a qualified successor in my lifetime...”

“The genius of the formation... It’s hard to find!” Zhan Wuwei also sighed.

The years that Tie Ning and Zhan Wuwei have experienced are measured in millions of years!

In their long lives, they have all seen geniuses that meet once in 100,000 years, once in a million years, or even once in 10,000,000 years! However, I have never seen even a real Array Dao genius!

“Okay, let’s not talk to you, the heat is almost over, I have to concentrate on refining!” Tie Ning suddenly said, “Next, don’t disturb me with the news!”

Zhan Wuwei had to close the communication and wait leisurely for Xu Ming’s next move.

At this time ~www.readwn.com~ Xu Ming was like a hard-working little bee, going around the portal, going back and forth for many times, not knowing what he was wandering about.

Suddenly, Xu Ming seemed to be finished.

He walked to the back of the portal, dug a small hole in the ground, and buried the “Wanhua Illusory Sea” array in it.

“Is he going to...?” Seeing this, the people of the human race showed incomparable disbelief on their faces – even more disbelief when they saw Xu Ming fighting five times!

“This is impossible! Impossible!” All the great powers shouted in their hearts.

But then, everyone saw that there were a few Dao stones in Xu Ming’s hand.

“Wouldn’t he really want to set up the ‘Wanhua Illusory Sea’ illusion array?” All the almighty eyes stared at Xu Ming, “Impossible! He is only twenty years old! Even if it is It’s impossible to set up such an illusion formation from the mother’s womb!”

Array Dao needs to be studied slowly over the years. In just 20 years, it is not enough to study a few array diagrams, and it is impossible to achieve much success in the formation path.

Chapter 409: , Something Big Happened!

However, if he didn’t want to set up the formation, why did Xu Ming bury the formation plate and take out the stone?

This stance is clearly to form a formation!

All the people looked at him suspiciously.

As soon as Xu Ming threw it away, the stones fell in all directions like a goddess scattered flowers. And in Xu Ming’s palm, there was a steady stream of Dao stones being added.

The rocks scattered by Xu Ming were either buried deep in the ground, suspended in mid-air, or lay idle on the ground... It seemed to be a mess, with no rules to follow.

However, among the great powers, there are naturally those who are proficient in formations—just not as proficient as Elder Tie Ning.

The “Myriad Flowers Illusory Sea” illusion formation at the Daoist level is not such a profound formation; they could see at a glance that all the Dao stones placed by Xu Ming were in a precise and accurate position!

“Xu Ming really wants to set up the ‘Wanhua Illusory Sea’ phantom array!”

With the help of the array plate, it is not a big thing to set up an illusion array at the Taoist level; many Taoists who are familiar with the formation Tao can do it.

But the question is – how old is he who is setting up the formation! ?

Twenty years old!

Only twenty years old!

“When I was 20 years old, it seemed that I could only set up a formation method of the condensing core level? But even so, I was hailed as a wizard of the formation by the heaven-level forces where I belonged!” A Taoist priest in black and white Taoist robe looked at With Xu Ming’s skillful formation, he couldn’t help but wonder if there was something wrong with his IQ – if there was no problem with his IQ, then why was Xu Ming able to set up a Taoist-level “Illusory Sea of Flowers” when he was 20 years old; And when he was 20 years old, he could only arrange a condensing pill-level formation?

After doubting his own IQ for a while, the Taoist priest in black and white Taoist robe couldn’t help but wonder if the people around him had a problem with their IQ.

There is more than one black and white Taoist who doubts life!

“When I was 20 years old, I just learned how to set up innate-level formations!” This Dao Zun also studied formations quite a bit, and was fortunate enough to receive the guidance of Elder Tie Ning.

“When I was 20 years old, I was still playing with mud!” Of course, this mud is not ordinary mud, but a model of formation. Playing with mud is a way of learning formations.

But there were also sneers of Xu Ming’s disdain.

“Just placing a few stones will prove that the ‘Wanhua Illusory Sea’ illusion array will be set up? It’s ridiculous!”

“That’s right! Although the placement of the road stones will change slightly due to different environments, but generally speaking, many of them can be memorized by rote! Just place a few road stones, there’s nothing difficult!”

“It’s really not difficult just to place the stones! The real difficulty is to draw the energy of the formation and make the formation run – that’s called endless changes and no traces to be found!”

“In my opinion, this Xu Ming is also pretending to put up a prototype of the formation, so that the master of the palace and the master of the palace will know that he can use the formation, in order to be looked at and get a lot of resources! ”

“I think it’s the same! – grandstanding, scratching your head!”

“This Xu Ming, with such an exaggerated nature, will never achieve great success in this life!”

...

These powers, I don’t know if they are jealous, or just to show their “vision and insight”, all of them are bitter and mean.

They said that Xu Ming would only place a few Dao stones by rote, and they didn’t even think about it, when he was 20 years old, he couldn’t even place the Dao stones in the innate-level formation!

They said that Xu Ming was grandstanding, but they forgot that when he said this, he was grandstanding.

They say that Xu Ming is difficult to achieve in this life, but how much can they achieve themselves?

To put it bluntly, it’s just a group of ignorant rats who can’t see others!

Those with real eyesight are actually amazed! – Marvel at Xu Ming’s skillful technique and precise formation.

Palace Master Soul Tian stared at Xu Ming in disbelief for a long time, and finally sighed: “I underestimated Xu Ming... I didn’t expect that he also has such high attainments against Dao!”

Even Palace Master Soul Tian had to admit that he underestimated Xu Ming! Although he doesn’t know the way of formation, he still has eyesight; after all, he has never eaten pork or seen a pig run?

As the saying goes, as soon as the expert makes a move, you will know if there is any!

Arranging the cornerstones of the formation may seem simple, but in fact it contains a lot of knowledge. The more precisely the cornerstones are arranged, the more powerful the formation will be after the formation is activated!

And these Dao stones arranged by Xu Ming can be described in two words – perfect!

The old man Xuanqing had a very deep research on the Dao, but it was because of the deep research that he was even more horrified. Because he found that in this case, even if he made his own shots, it was impossible to arrange the road stones better!

Because, Xu Ming's layout has been perfect, and it can't be changed. It is simply a textbook standard. Whoever came, couldn't have arranged it better!

In just a moment, thousands of road stones were placed in place.

“The formation is complete!”

Xu Ming shook his head slightly and sighed inwardly: “It's the first time I set up a formation, but I still feel very unfamiliar...”

Fortunately, Xu Ming just sighed in the bottom of his heart~www.readwn.com~ and did not murmur what he said in his heart. Otherwise, if it is heard by those powerful people, I am afraid it will collapse directly – I will go! With such a skillful technique, you tell me you feel unfamiliar? Are you pretending to be x on purpose? Hey, wait... what did you say? Is this your first lineup?

...

Zhan Wuwei's battle method is even more ignorant, but it is also not clear.

“Hey, Jingyu!” Zhan Wuwei shouted through voice transmission, “The formation arranged by Xu Ming is very powerful?”

“Nonsense!” General Jingyu said in an angry voice, “The formation method is very obscure and mysterious! Many extremely talented formation Dao geniuses have studied for hundreds of years, but they can’t set up such a level – do you say that they are powerful or not?”

“Ah!?” Zhan Wuwei was taken aback for a moment, “Jingyu, then, have you ever seen a formation talent more perverted than Xu Ming?”

“I haven’t seen it!” General Jingyu said without thinking, “However, I have seen one who is equal to his talent!”

Is there anyone who can match Xu Ming’s talent?

“Who?” Zhan Wuwei asked.

General Jingyu’s eyes were weird and he said, “Tie Ning!”

“Pfft!” Zhan Wuwei almost sprayed out, “Nima, don’t take out the old ghost Tie Ning and talk about it, okay? – You said, his formation talent can be on par with Tie Ning?”

“At least the talent he shows now is enough to be on par with Tie Ning back then!” General Jingyu said, “However, with the formation, there is a long way to go; whether he can maintain this talent in the future is anyone’s guess!”

from now on?

Who knows what will happen in the future?

Zhan Wuwei only knows that Xu Ming’s talent for formation is very defying, and that’s enough!

“Old ghost Tie Ning, old ghost Tie Ning, the successor you are looking for has finally appeared!”

Zhan Wuwei quickly and excitedly sent a message to Tie Ning: “Something has happened!!”

Chapter 410: , Phantom Formation!

“Something happened!!”

After Zhan Wuwei sent the message, he waited for a while, but he didn’t get a reply from Tie Ning.

“Damn it! This old Tie Ning ghost must have just reached the critical moment of refining!” Zhan Wuwei secretly said, “No! Even if it is a critical moment, I have to drag him out! – This kind of scene, if he If you miss it, you will definitely regret it!”

After a slight hesitation, Zhan Wuwei frantically sent a message to Tie Ning:

“Something happened!”

“There is an array of demons born!”

“Depend on!”

“Reply to me quickly!”

“Hurry up! It’s late, you’re going to miss the good show!”

...

The kingdom of the human race is deeply hidden in a space mezzanine in the endless continent.

Above the kingdom of God, countless golden silk threads are connected and intertwined with each other, covering the entire sky like a spider web. If you look closely, you can find that every thread is faintly overflowing with mysterious and inexplicable secret patterns of the Law of Heaven.

These threads are the materialized laws of the origin of the Dao of Heaven!

There are countless palaces in the kingdom of God, and one of the circular palaces engraved with inscriptions on the formation is the palace where Elder Tie Ning is located.

Elder Tie Ning was dressed in fiery red flesh and blood, with a black icy sledgehammer in his hand, which affected the power of the formation, constantly smashing on a broad-blade sword embryo.

Layers of power were compressed and infused into the sword embryo.

The sword is not fully formed, but it is already terrifying!

“The refining method of this broad sword is completely different from before, but I didn’t expect it to get an unexpected joy! Although it is only a top-grade weapon, it is enough to rival a semi-divine weapon in some aspects!” Elder Tie Ning became more and more satisfied. ” In the future, if you study this refining method, you may be able to find another way!”

“Um?”

Suddenly, Elder Tie Ning frowned: “This Zhan Wuwei, I told him not to send a message to influence me, and then send a message! – Don’t ignore him!”

If it’s just the process of firing sword embryos with little technical content, Elder Tie Ning can naturally be distracted and chat.

But now, it is the critical time to temper the sword embryo. If one is not careful, hammering a little faster or a little slower, a little lightly or a little more seriously may directly affect the quality – at this time, how dare Tie Ning be single-minded. Second use?

But then, Zhan Wuwei’s message kept ringing.

“Damn it! What’s the big deal? You need such a life-threatening message!?”

Elder Tie Ning really didn’t want to pay attention.

But thinking about it, although Zhan Wuwei is eccentric by nature, he is not the kind of person who doesn’t know the importance; since he is so eager to communicate the news, he must be in a hurry.

“have a look!”

Tie Ning had no choice but to separate a trace of his mind and click on the communication talisman.

The messenger opened a little, and messages came one after another.

“Something happened!”

“There is an array of demons born!”

“Depend on!”

“Reply to me quickly!”

...

A trace of disdain appeared on Tie Ning’s face: “The monster of the formation? – Exaggerated!”

He has heard the words “Evil of the Dao” from Zhan Wuwei’s mouth more than once, but each time, he left full of expectations and returned full of disappointment.

As the number of times increased, Tie Ning no longer had any expectations.

“Understood, I’m busy!” Tie Ning replied very casually, apparently not taking it to heart at all.

“Damn, why aren’t you excited at all?” Zhan Wuwei shouted, “Come over and have a look! I won’t lie to you, this time is really a super evildoer! It’s definitely not comparable to those mediocre talents in the past!”

“Okay, stop talking, my sword embryo is being tempered at the most critical moment!” Tie Ning said impatiently.

“Damn it! Tie Ning, you’re really a super evildoer! How can you make me look like I’m lying to you?” Zhan Wuwei hurriedly shouted, “The Xu Ming I told you just now, he set up the ‘Wan Hua Illusion Sea’ illusion. Array!”

Tie Ning was stunned, and the movements of his hands were stagnant: “What did you say? – That Xu Ming, who was only 20 years old, set up the sea of Myriad Flowers?”

“Yup!”

“Go away! How is that possible! Are you kidding me!” Tie Ning was stunned for a moment before scolding.

“Really! – If you don’t believe me, you can send a message to Palace Master Soul Tian, Xuan Qing, and Jing Yu; they are all with me!”

Hearing what Zhan Wuwei said, Tie Ning immediately believed most of it.

“Now, the phantom formation base has been laid out! Xuan Qing said that the formation base was arranged perfectly, and even he couldn’t arrange a better one!” Zhan Wuwei said again.

“Xuan Qingzhen said that?” Tie Ning stared.

“If you don’t believe me, ask Xuan Qing yourself!” Zhan Wuwei said unhappily.

“I... shit!” Tie Ning couldn’t help scolding, “You didn’t tell the ***** earlier!”

“Say earlier?” Zhan Wuwei snorted angrily, “If I say it now, you think I’m annoying! It’s too early to say...”

“Small chirp, wait for me!”

“Wait for you?” Zhan Wuwei was taken aback for a moment, “Are you coming here? – But what about the top-grade exalted weapon you are refining?”

The ultimate treasure?

Tie Ning just threw the guy at hand, and the whole person rushed out.

Poor this broad sword, it could have become the best of the venerable weapons, and even rivaled the demigods in some respects. Because of Xu Ming, he was ruthlessly thrown aside at the critical moment of forging.

Although in the future, it can be re-forged to make up for it; but no matter how to make up for it, it will only be a high-grade exalted weapon...

call out-

Tie Ning rushed out of the palace, turned into a streamer and flew straight into the distance.

Immediately afterwards, a streamer rushed out from each of the other two palaces—these streamers were not general, they were the first human alchemist “Elder Maple Leaf”, and the first human inscription master “Mozi”. Elder Xuan”.

Alchemy and inscription techniques are also based on the formation path~www.readwn.com~ Proficient in formation path, it will be very easy to study alchemy and inscription techniques!

...

The almighty thinking of the top Taoist master, how fast!

The exchange between Zhan Wuwei, General Jingyu and Elder Tie Ning seemed to be a long time, but it was only a blink of an eye.

In the blink of an eye, Xu Ming was thinking about how to mobilize the great formation.

Although the formation base has been laid out, the effect of the formation will be different if the formation is activated in different ways.

Xu Ming thought for a while: “The purpose of my phantom formation is to block the exit of the landscape world. Since that’s the case, then...”

Xu Ming’s majestic spiritual power instantly evoked the energy in thousands of road stones.

boom! !

Based on Xu Ming's wind and heaven, countless "flowers of wind" continue to appear and disappear like bubbles.

Within a few miles around the portal, it suddenly turned into a sea of flowers that seemed disillusioned.

"very smooth!"

Xu Ming's tyrannical mental power also attracted the sea of flowers, running in an intricate trajectory.

The entire illusory sea of flowers suddenly boiled!

suddenly-

The huge portal disappeared directly into the illusory sea of flowers.

"Haha! It's done!"

The phantom is complete!

If this "Illusory Sea of Ten Thousand Flowers" can't be broken, no one except Xu Ming can reach the area where the portal is located, and it is impossible to leave the landscape world!

"It turned out to be a success!"

"Twenty years old, setting up the 'Ten Thousand Flowers Illusory Sea' illusion array, incredible!"

The great people of the human race were amazed.

suddenly!

Some great experts thought of a question – why did Xu Ming set up an illusion array at the portal?

Is it to show off their skills to the powerful people at the banquet? It seems unlikely!

“Could it be that Xu Ming wants to...” Some great experts suddenly showed panic.
