

Break Into Another World #Chapter 41 – 50

Read Break Into Another World Chapter 41

Chapter 41: , Assassinate

The capital of the country, Yunqi City, is full of aristocratic families.

Every year, new families rise and old families fall.

Many small families with unstable foundations will choose to follow behind a large family and seek protection.

A super family like the Lin family, which has been inherited for many years and has an extremely strong foundation, is naturally the object of many small and medium-sized families.

As the prospective heir of the Lin family, Lin Muqing has an extraordinary position in the capital. He had just walked out of the gate of Lin's house when the patriarch of a small family who had been waiting for a long time came up.

"Young, young!" The patriarch of this small family looked very flattering.

"Who are you?..." Lin Muqing arrogantly raised his head and glanced.

"Young and noble people forget things, villain Gao Bo, we had a drink together not long ago..."

"Oh—" Lin Muqing looked like he just remembered, "Is it the Gao family head? Is there something wrong?"

"The last time I drank, the young man mentioned that it's been a long time since I met the twin sisters! Although the villain had been drinking at that time, the young man's words were always on his mind!" Gao Bo leaned over and whispered. Said, "The villain searched everywhere, and finally found a pair of twins, fourteen years old; as for the appearance, I have to ask the young... to move to the Qingyu Building and personally evaluate it."

Lin Muqing's eyes lit up: "Patriarch Gao has a heart!"

Qingyulou, a famous luxury restaurant in the country; most of the people who come here are the younger generation in the upper class, that is, the second generation.

When Lin Muqing walked out of Lin's house, it was already late; and Lin Muqing was anxious to see how the newly acquired twins looked, so he and Gao Bo went straight to the Qingyu Building.

When approaching Qingyu Building, Lin Muqing suddenly frowned slightly: "This Qingyu Building is really going back more and more!"

"Young man, are you dissatisfied with this place?" Gao Bo continued, "Then let's change?"

"Since you're here, let's go here!" Lin Muqing's eyes glanced at the little beggar not far from the door of Xia Qingyu Building, "If there are beggars sitting here, Qingyu Building doesn't care!"

"I'll clean it up now!"

"No need!" Lin Muqing said, "I am the dignified young master of the Lin family, bullying a little beggar, and it's not good to hear it!"

"Youth kindness!"

So, Lin Muqing suppressed the disgust in his heart and walked towards Qingyulou. Gao Bo followed step by step, like a servant.

At this time, the little beggar seemed to see the business, and with a small body, he climbed towards Lin Muqing. The bowl in his hand was raised high, his eyes full of anticipation.

"Fuck!" Lin Muqing scolded secretly, "It's really a step up, I didn't chase him away, but he still came up!"

Lin Muqing was about to instruct Gao Bo to stop him when he saw Chi Xue passing by across the road.

"Chi Xue!" Lin Muqing was refreshed.

In front of this junior sister who has been pursuing for a long time but never succeeded, Lin Muqing has a strong desire to express.

Immediately, Lin Muqing straightened his back, took out a small gold nugget in his hand, and with a warm smile on his face, actually took the initiative to meet the little beggar.

When the little beggar saw the small gold nugget in Lin Muqing's hand, he couldn't be more excited!

When he was two or three meters away from the little beggar, Lin Muqing threw it casually, and the small gold nugget drew a graceful arc in the air. Lin Muqing appreciates this beautiful arc very much, because he feels that this arc connects the nobility of the upper class with the humiliation of the lower class.

This made him enjoy the feeling of being a superior person very much.

“Chi Xue should have seen such a loving and unrestrained action of mine, right?” Lin Muqing couldn’t help but look in Chi Xue’s direction, but found that Chi Xue didn’t realize his existence from beginning to end.

“Depend on!”

Lin Muqing cursed inwardly.

His demeanor was still noble and unrestrained, but in the depths of his eyes, there was an unconcealed hostility.

Suddenly, Lin Muqing had a warning sign.

Out of the corner of his eye, he saw that filthy and pitiful little beggar suddenly rushed towards him with incomparable ferocity. In the hands of the little beggar, there was a sharp dagger at an unknown time.

hiss-

The little beggar was obviously not weak, the sharp dagger pierced out, the air was torn open, and he made a hissing sound.

Whoosh!

Lin Muqing was so frightened that he quickly retreated.

“Ah—” The little beggar roared, and threw the dagger directly at Lin Muqing’s heart as a flying knife.

Life-threatening, Lin Muqing’s reaction was extremely quick, and he stretched out his hand to block, just blocking the route of the flying knife.

It’s just that the little beggar is not a weak hand, he actually has the strength to practice Rank 5, and this dagger is so sharp that it was nailed directly to the palm of Lin Muqing’s left hand.

“Ugh!”

Lin Muqing was furious, took out the long sword in his right hand, and turned six profound energy on his body. With a flash of sword light, he directly split the little beggar in half, so he couldn't die any longer.

Such a big movement naturally attracted the attention of those around him. Even Chi Xue looked over curiously.

Chi Xue didn't see Lin Muqing at all just now, but now, she only sees Lin Muqing's ferocious appearance.

"Young, young!" Gao Bo was so scared that his legs went weak – this is what he brought the young out, the young was assassinated and injured; if the young took anger at him, the Gao family would Little family, how could they bear Lin Muqing's anger!

"Are you all right, young man?" Gao Bo asked nervously.

"Are you all right?" Lin Muqing's eyes were piercing.

He looked at his palm, wanting to see how the injury was, but found that his palm had turned black! Moreover, the black color continued to spread along the arm, swallowing his forearm in a blink of an eye.

"Poisonous!"

Lin Muqing's eyes were splitting, but he didn't think much about it. With a ruthless heart, he chopped off half of his arm.

laugh!

His arm slammed on the ground and smoked.

"Very vicious!"

Using poison is commonplace in the wilderness and in the mountains of monsters.

But in the city, especially in Yunqi City, the capital of the country, the use of poison is a super taboo; anyone who dares to use poison will inevitably be hunted and killed by the net of Yunqi Wei—after all, there are many types of highly poisonous that can threaten The lives of warriors below the innate; if poison is used indiscriminately in the capital, how can the capital be stable?

Generally, there is only one case where poisons will be used, and that is – they come with the determination to die!

"This... Who is this little beggar who used poison to kill me!" Lin Muqing was sweating coldly, not knowing whether it was pain or fear.

Immediately, Lin Muqing figured it out: “Someone must have offered me a reward! This little beggar is probably a dead man trained by some killer force!”

“Protect me back!” Lin Muqing turned around and walked back, ignoring the half of his arm on the ground.

If the arm is broken, there is still a way to grow it again; but if the life is gone, it is really dead!

The outside world is too dangerous, and Lin Muqing must go home immediately, so that he can feel a little safe.

“Yes...youth!” Gao Bo couldn’t care about what Lin Muqing would do with him afterwards, but he knew that no matter what, he had to send Lin Muqing back to the Lin family safely; otherwise, he and his own family~www.readwn .com~ It’s really all over!

Chi Xue in the distance watched this scene happen without any special mood swings, as if watching another passerby incident.

The other onlookers exploded the pot – Lin Muqing, the prospective heir of the Lin family, was assassinated in the capital!

In a small restaurant opposite Qingyu Building, a middle-aged man in a gray loose robe shook his head regretfully: “This business is a big loss!”

He took a sip of wine silently: “I have cultivated this dead man for more than ten years; although I didn’t spend much money on him, I spent a lot of energy! And the black flame liquid applied to the dagger, also It cost me 300,000 to 400,000 taels of gold... This 2,100,000 taels of gold is really hard to earn!”

The gray-robed man staggered to his feet and left: “Forget it, forget it, business, there will always be profits and losses!”

The character of this middle-aged man in gray robe is like this, no matter what assassination mission, he will only do it once; if he succeeds, it is the best, if he fails, he will admit his loss.

...

At this time, Xu Ming had already left Yunqi City and plunged into the boundless Monster Beast Mountains.

Whoosh!

Xu Ming flicked his spear and easily picked up a stupid low-level mountain boar. The wild boar was thrown several dozen meters away, and it was so painful that it lay on the ground and roared for a long time, unable to get up.

“This is the first time I went abroad, and I came to see this incomparably vast Monster Beast Mountain Range!” Although Xu Ming was still at the very periphery of the Monster Beast Mountain Range, he had already been attacked by low-level monsters many times. “Fortunately, that The obsession of ‘don’t leave the capital if you die’ has been eliminated, otherwise, I really can’t participate in this hunting competition!”

Xu Ming looked into the depths of the Monster Beast Mountains.

He was not in a hurry to go in to find the hunting area, because he felt that since he left the city, the killer should also follow.

“I just don’t know how the killer will locate me. So far, I haven’t found anyone following me!”

Chapter 42: , Spring Heart

?The hunting area is hundreds of miles deep in the Monster Beast Mountains. With Xu Ming’s strength, if you look for the general direction and drive at full speed, you will definitely be able to find the hunting area in a day or two.

However, Xu Ming was not in a hurry, and he deliberately veered in the direction.

The further you go, the more powerful monsters there are. When Xu Ming reached the depths of three or four hundred miles, he could already meet the monsters of the inner training level.

Even, Xu Ming accidentally strayed into a willow forest that had turned into a fine willow, and was besieged by dozens of willow trees. Dozens of willow trees, most of them are comparable to the sixth rank of the external training, a few are comparable to the initial stage of the internal training, and the king of the tree is comparable to the middle stage of the internal training; Drink hate on the spot.

However, with his absolute strength and the realm of the micro level, Xu Ming could easily kill himself from the willow forest without being hurt.

“I always feel that someone is following me, but I can’t find it!” Xu Ming was in a state of subtlety, and he was still very sensitive to this feeling.

“Um?”

Suddenly, Xu Ming heard the sound of the piano like a ding-dong spring.

The elegant sound of the piano is refreshing and familiar, but it also made Xu Ming immediately feel a warning sign – why is there a piano sound in the depths of the Monster Beast Mountains three or four hundred miles away? And it just happened to be heard by myself!

Moreover, the sound of the piano was incomparably brilliant, as if it came from all directions, making Xu Ming unable to determine the source of the sound for a while.

“Is it... Miss Quan?” Xu Ming shouted.

With such superb piano skills, he could also feel familiar with the girl Quan, whom he had met at the Jiuding Chamber of Commerce.

Miss Quan went to the Monster Beast Mountains to play the piano for herself?

Of course Xu Ming felt something was wrong.

When he shouted this sentence, his whole body was already on alert, and the perfect battle was also directly activated – the comer is not good!

At the moment of opening the perfect battle, Xu Ming's realm was directly elevated to a level close to “the unity of man and nature”, and his perception of the surrounding world has directly reached a higher level. At the same time, Xu Ming also noticed that there was a hidden murderous intent in the gentle water-like melody, which was quickly conveyed through the air.

“Sonic attack!”

Xu Ming had never seen such a strange attack method, but these four words suddenly appeared in his heart.

“Can't resist!”

Of course Xu Ming did not dare to take this seemingly ordinary sonic attack lightly.

hide!

Fortunately, Xu Ming immediately sensed the path of the sonic attack, moved sideways, and avoided it.

Xu Ming felt that the air blade hidden in the melody immediately collapsed into the air the moment it didn't hit him; the energy resonated with other melodies, and was actually transmitted back in the direction it came from.

Without hitting the target, the energy can flow back and be used again?

“It’s a unique and ingenious method of controlling profound energy!”

However, following the direction of energy transmission, Xu Ming finally found a well-hidden piano player.

“Miss Quan, it really is you!” Xu Ming recognized it at the first sight.

Moreover, Xu Ming was sure that the realm of this girl from Quan must have reached a certain level; otherwise, even if she is good at hiding, it is impossible for Xu Ming to discover it until now.

“It’s a little tricky!” Miss Quan continued to play the piano, and said coldly, as if she didn’t take Xu Ming seriously at all.

The beautiful melody hovered in Xu Ming’s ears, but Xu Ming felt murderous intent everywhere.

“Miss Quan, what do you mean?” Xu Ming didn’t dare to take it lightly at this time, even though he was holding on to it.

This girl Quan, who was only practicing her internal cultivation, made Xu Ming feel a lot of pressure. To be honest, among all the martial arts practitioners Xu Ming had met, none of them could put such pressure on him.

“The realm is very high, and the attack is weird... This kind of opponent is very difficult to deal with!” Xu Ming stared at Miss Quan vigilantly, “But... no matter how difficult the opponent is, it’s just a matter of spending more money!”

If he angered Xu Ming, he would directly attack and defend seven or eight times, even if he was a congenital warrior, Xu Ming would dare to fight head-on.

“However, my cultivation base is high now, and the hanging points used to open the plug-in are also much more expensive!”

Xu Ming’s current cultivation base has already hung up offline and has reached the late stage of internal training!

In the later stage of internal training, 500 points per day is required for offline hang-up, which is 500 taels of gold; while double attack and double defense are activated, and the minimum attack or defense is doubled, it will cost 500 points.

Five hundred hanging points, for the current Xu Ming, of course, is not much. However, when it is necessary to open up to seven or eight times the attack, it will cost tens of thousands of hanging points for one time. Xu Ming now has only 40,000 to 50,000 hanging points after the gold on his body is converted.

Therefore, Xu Ming not only has to consider the outcome of this battle, but also how to save points – after all, making money is not easy! This time, it is possible to open seven or eight times the attack and defense to remove the waves, but after the waves are over, what about the next time you are in danger?

“It doesn’t make any sense, it’s just for money, that’s all.” Miss Quan was still playing the piano, the wind was calm; it was just the murderous intention looming in the melody, but Xu Ming couldn’t be as relaxed as when he was at the Jiuding Chamber of Commerce last time. Listening to the song, “I kill people with my heart, and I have always made people’s deaths understandable; the code name is ‘Bai Shui’, and I have taken up the task of Hidden Thorn. Rest in peace!”

When Miss Quan spoke, she was full of confidence in manipulating life and death.

“Tell me everything? It seems that you are really sure that I am doomed?” Xu Ming couldn’t help laughing.

Xu Ming’s smile is also a kind of confidence.

“I never miss!” Quan Xin said, “And if I miss, these secrets are not important!”

“Also...” Xu Ming nodded, “But you’re not afraid that I will send all your news out now?”

“You can try the sound transmission and see if it can still be used!” Within the coverage of Quan Xin’s melody, even the sound transmission was blocked.

Xu Ming’s face flashed with surprise: “Your attack is really strange and strange, I have never seen it before!”

The so-called knowing oneself and knowing the enemy, one hundred battles will not be in danger; Xu Ming did not feel distressed about hanging points, and directly spent hundreds of hanging points, throwing a “probe” on Quan Xin.

“No matter how weird and strange, can you still escape my detection?” You know, as mysterious as Gu Hanmo, Xu Ming was able to find out everything, even the three dimensions...cough!

Sure enough, the investigation results came back immediately.

“Quan Xin, the descendant of the fallen Sixteen Xian School, is also the contemporary head of the Sixteen Xian School. UU Reading www.uukanshu.com has cultivated to perfection and cultivated secret skills... After the Sixteen Xian School was hit hard, the surviving Quanxin Xin joined the Jiuding Chamber of Commerce and was sheltered by the Jiuding Chamber of Commerce... Quan Xin is also a killer in the Hidden Assassination Organization, she kills no matter who the assassination target is, just to raise enough money to revive the Sixteen Strings Sect one day...”

A large piece of information was transmitted to Xu Ming's mind in the blink of an eye, and Xu Ming also understood Quan Xin's strengths and weaknesses.

"The patriarch of the Sixteen Strings School entered the innate with the piano, and her piano technique is the inheritance of the Sixteen String School!" Xu Ming had to say that this piano technique was so powerful that there were almost no flaws.

The sound of the violin covers the area and becomes a field of its own; all the attacks made by the violin player can be withdrawn at any time through the melody, endlessly; if anyone wants to get close to the guinea player, the guinea player can force back with an extremely dense attack. !

Moreover, the Sixteen String School also has a set of powerful movement techniques, which can be combined with the qin technique, and can even fly a kite to kill an opponent who is much stronger than himself.

This is a very terrifying sect, but it has extremely high requirements for innate understanding.

"It's almost invincible at the same level, and even more capable of leapfrogging!" This is Xu Ming's evaluation of Quan Xin, "It's a pity that she met me!"

Chapter 43: ,Puppet

Xu Ming had to admit that Quan Xin's piano was really nice, even if it was played to kill himself.

Without realizing it, I finished playing a song.

Quan Xin's subordinates kept going, and immediately picked up the next song.

"Okay, it's time to send you on your way!" Quan Xin's tone was so light that he didn't mean to kill at all, "If you have any last wishes, you can say them now; if it goes well, maybe I will help you complete it."

"You think I'm doomed?" Xu Ming teased.

To be honest, Xu Ming has many ways to deal with Quan Xin.

The most simple and rude is to directly open the double attack and double defense to five or six times, and forcibly crush it with absolute strength. The disadvantage of doing this is that it is too expensive!

Just using this one time can make Xu Ming almost bankrupt.

Suddenly, a trace of teasing flashed in Xu Ming's eyes.

“I flash!”

Xu Ming had already seen Quan Xin’s piano technique; now Xu Ming wanted to know more about her body technique.

Everything seemed to be expected by Quan Xin; she was holding the piano in one hand and playing it in the other; under her feet, she had already performed the movement technique and rushed after her.

“You can’t run away!” Quan Xin has encountered a lot of bounty targets who run away without a fight, but with her superb movement skills, none of them can escape.

Xu Ming rushed out a few hundred meters, but was unable to escape the Qinyin domain; when he turned around, he found that Quan Xin behind him seemed to be just strolling in the courtyard, but his speed was no slower than himself.

“This body technique really has a way!”

Xu Ming had never learned either the movement technique or the marksmanship; however, he didn’t need to learn it – as soon as the “perfect battle” started with a low price and good quality, Xu Ming temporarily acquired extraordinary movement techniques and marksmanship.

hiss-

A murderous intent ripped open the air and suddenly appeared behind Xu Ming.

Xu Ming noticed it immediately, perfectly dodged the attack, and then escaped at a faster speed.

Of course, Xu Ming’s speed has not reached the extreme speed;

“Huh?” Quan Xin frowned, and the pace of his feet also accelerated.

However, she always kept a certain distance from Xu Ming very cautiously, and followed him not far or near; neither let Xu Ming leave the field of qin sound, nor gave Xu Ming a chance to get close to him.

Zheng! Zheng! Zheng! Zheng! ...

Quan Xin snorted coldly, waved his hand, and immediately, a series of blades of voice rushed towards Xu Ming.

One or two blades of sound, it is not difficult to avoid it; however, now a series of attacks, suddenly make Xu Ming have a feeling of unavoidable.

In the face of this situation, Xu Ming turned around; his feet flew back at an unrelenting speed, but he was waving a long spear to resist this series of blades of sound.

However, this blade of sound was very powerful, and every time Xu Ming blocked it, Xu Ming felt like a sledgehammer had slammed into the barrel of his gun. The energy of the sound blades that were blocked and scattered also dissipated into the melody and transmitted back to Quan Xin.

“It’s difficult!” Xu Ming accelerated again, directly pulling the speed to the extreme. But he found that Quan Xin was still able to follow him closely.

And at the same time, Quan Xin’s fingers also turned into phantoms, and the blade of sound swept towards Xu Ming overwhelmingly – Quan Xin broke out!

Looking at this dense and overwhelming sound blade, even Xu Ming’s scalp felt numb.

However, Xu Ming was well prepared for this dilemma. As Xu Ming thought about it, a dark figure appeared beside him, blocking the overwhelming sound of the blade.

boom! boom! boom! ...

The overwhelming blade of sound was all vented on this dark figure at once; the dark figure was blasted away, and Xu Ming took the opportunity to hide to the side.

Quan Xin stared at the dark figure that suddenly appeared, wanting to see what it was: “It looks like a person. Could it be that he threw a pair of armor as a shield?”

Before Quan Xin could see clearly, she was horrified to see that the jet-black figure that had been blown away actually stood up again.

He will move!

Quan Xin was so shocked that the piano in her hand shook. At this moment, she finally saw clearly that although this dark figure was very mechanized, it did move!

“what is this?”

Before Quan Xin could react, the dark figure actually killed him! The speed is as fast as her!

“What the **** is this?”

Quan Xin frantically plucked the strings, and the dense sound of the blade soldiers split into two, killing the dark figure and Xu Ming respectively.

Catch the thief first—she knows very well that since this dark figure was released by Xu Ming, let's get Xu Ming down first!

However, Xu Ming cunningly hid behind the dark figure.

Although the blade of Quan Xin's voice can change its direction a little, it is impossible to make a 90-degree turn; when Xu Ming hides like this, Quan Xin has nothing to do.

"Humph! If I reach the innate realm, how can you dodge like this?" Quan Xin was furious, "However, you hid behind this strange thing, and after a while it smashed the strange thing and hit you. You won't feel good about it!"

However, Quan Xin was wrong again.

boom!

This time, the dark figure was already prepared, and he took all the blades of voice abruptly, but only took a few steps back. Then, the dark figure buried his head and continued to move forward.

"Huh!?" Quan Xin's eyes turned into circles, "What the **** is this?"

Quan Xin finally saw the appearance of the pitch-black figure – it was a humanoid monster whose entire body was made of black metal!

But don't let her think too much, this dark figure quickly approached.

Quan Xin had no choice but to continue to use the piano technique to forcibly retreat.

However, Quan Xin knew that this was not the way! Because—if the blade of sound fails to hit the target and disintegrates, most of the energy will be returned to her; however, if it hits the target, it will consume a lot of energy. Using this method to force back, she won't use it a few times at all.

"I actually have no way to take this thing..." Quan Xin asked in shock, "Xu Ming, I know I lost, tell me what this thing is, let me understand it!"

However, in his hands, Quan Xin was still frantically stroking the strings, preventing the dark figure from getting close.

"This... is the puppet that my master gave me to defend myself!" Xu Ming said nonsense.

"Puppet...puppet?" Of course, Quan Xin has heard of the puppet technique, but this technique is much rarer than her piano technique; at least around Feiyun Kingdom, she has never heard of any master who is good at puppets technique.

“Not bad! Its strength is comparable to that of a half-born puppet, and its body is even tougher than a top-quality weapon! I want to see if you can deal with it!” Xu Ming laughed.

Although the attack method of the puppet is stupid, but the puppet has three major advantages – strong strength, tough body, and tireless!

Unless there is some means of restraint, a puppet appearing on the battlefield is simply painful!

And to deal with an opponent like Quan Xin who is good at the piano technique, a puppet can even drag her out of her profound energy alive.

“I... I admit defeat!” Quan Xin said helplessly.

“Admit defeat?” Xu Ming smiled, “I said, Miss Quan, how can there be such a cheap thing in the world? You want to kill me, but now that you can’t kill me, you will admit defeat?”

“I would like to offer a million taels of gold, you let me go!”

“But I think ~www.readwn.com~ your life is definitely more than this price!” Xu Ming showed no mercy and continued to order the puppet to attack Quanxin.

The puppet is very stupid. If Xu Ming told him to attack someone, he would rush towards this person stupidly, and then punched the left and right. However, such a stupid attack was very simple and effective; at least, Quan Xin couldn’t think of a countermeasure at all.

“Offer!” Quan Xin shouted while resisting the puppet’s advance.

“Ten million taels!” Xu Ming said, “As a descendant of the Sixteen Strings School, I don’t believe you can’t even come up with such a small amount of money!”

“I have a lot of money, but I can’t carry it with me at all!” Quan Xin said, “That is the continuation of my Sixteen String School, and I will naturally put it in a safe place; if I die accidentally, those resources will be inherited by other heirs, so don’t be delusional!”

“Then how much money do you have on you?” Xu Ming felt that he was like a robber.

Oh, no, how can you say that? It was clearly Quan Xin who came to kill him first. His fist was bigger, and he robbed him in turn. Is there anything wrong with it?

“Let’s see...” Quan Xin pretended to flip up the acceptance ring, and then suddenly, a light flashed in her eyes, and a large number of golden tickets were scattered, and scattered with the melody, “Take it to you!”

At the same time, Quan Xin's whole body exploded with extreme speed and flew away.

She even used the sound of the piano to pave the way, allowing her to walk on the ground in the mountains and forests.

Without the obstruction of the blade of sound, the speed of the puppet suddenly soared to the limit, chasing after the spring. It's just obvious that in terms of speed, it is a lot slower.

"Forget it, come back!" Xu Ming ordered.

Quan Xin's escape method is very clever, the puppet can't catch up, and if he doesn't speed up, he can't catch up.

However, Xu Ming's murderous intention towards Quan Xin is not that strong, because...

Chapter 44: ,Dining Table

?Without the obstruction of the blade of voice, the speed of the puppet suddenly soared to the limit, chasing after the spring. It's just obvious that in terms of speed, it is a lot slower.

"Forget it, come back!" Xu Ming ordered.

Quan Xin's escape method is very clever, the puppet can't catch up, and if he doesn't speed up, he can't catch up. If you really want to catch up, I am afraid you have to use all the hanging points to accelerate, and the price is too high!

Moreover, Xu Ming discovered that Quan Xin and himself had a common enemy – the Lin family!

The Lin family where Lin Muqing was located was the main culprit that led to the demise of the Sixteen Strings School.

Quan Xin always wanted to destroy the Lin family and avenge the Sixteen Strings faction; but now she is still weak, so she can only accumulate strength silently, and at the same time, she can't let the Lin family realize that she already knows about it.

"The Lin family's death feud?" Xu Ming's murderous intention towards Quan Xin subsided a little, "I killed her, except for a moment of anger, there is no other benefit. And if I put her back, she With such a determination to work hard, even if the Lin family cannot be destroyed in the future, it will definitely cause a lot of trouble to the Lin family."

Killing is not good, but not killing it can bring a lot of harm to the family of his enemy; it is obvious how Xu Ming will choose.

Moreover, with the in-depth understanding of Quanxin, Xu Ming still admires this poor and persistent girl – the Sixteen Strings School has been destroyed, leaving only a few disciples; but she vowed to Revive the Sixteen Strings!

Because of this obsession, Quan Xin often goes to the Hidden Thorn Organization, codenamed “Bai Shui”, to take on killer missions. And the money she earned by completing each task was accumulated by her and used as the capital to revive the Sixteen String School!

She takes on the task of killing people without any other reason, whether the other party is good or evil; she only wants one word – money!

Just like Xu Ming... In the eyes of others, Xu Ming is talented, mysterious, and promising; in her eyes, Xu Ming is a pile of gold, nothing more.

Therefore, rather than saying that Quan Xin came to kill Xu Ming today, it is better to say that she came to “draw money”.

“She must not know that the reward task she accepted was actually sent by Lin Muqing. If she knew, even if several million were readily available in front of her, I’m afraid she would not want to be a murdering sword for the enemy!” Xu Ming He secretly said, “Also, she shouldn’t have seen the quest I posted as a reward for Lin Muqing; otherwise, she would definitely be more willing to take that quest!”

Thinking about it, Xu Ming’s murderous intention has almost dissipated.

Xu Ming looked at the pitch-black puppet standing beside him.

This iron lump was bought by Xu Ming on a whim just now, and it cost him 30,000 points!

After buying this thing, Xu Ming now has less than 30,000 hanging points left.

As for the fighting power of this puppet, it has been shown a little just now, but it did not disappoint Xu Ming.

“Half-innate puppet...”

Semi-innate is a level between inner perfection and innate.

From the completion of internal training to the early days of innate, this span is really big, and it is the first big bottleneck on the road of martial arts. Those who can cross this big hurdle are innate, and there is no one in a hundred!

However, there are also some martial artists. Although they have not been able to achieve innate, their strength is a lot stronger than ordinary internal training, and even beyond the scope of internal training. The level of “Innate” came out.

The semi-innate-level puppets refer to those who have reached the semi-innate level in terms of strength.

Compared with people, puppets are indestructible although they are stupid in attack. A semi-innate-level martial artist, if there is no restraint method, will even be chased and beaten by a semi-innate-level puppet—there is no way to break the defense, you can only run!

However, the production process of puppets is extremely complicated, and it has long been lost in Feiyun Kingdom; therefore, ordinary semi-innate warriors do not have to worry about being chased and beaten by a puppet.

“Go ahead and accept the ring!” With a wave of Xu Ming’s hand, he put away the puppet.

Although this puppet cost Xu Ming 30,000 taels, that is, 300,000 taels of gold, the price is not cheap; but Xu Ming was sure that if he was willing to sell it, he would ask for 3 million taels or more, and some people would come to buy it!

For the upper class of Feiyun Kingdom, this kind of long-lost thing, whether it is for research or for Xing, is very valuable!

However, Xu Ming does not intend to sell.

“Since Quan Xin’s assassination failed, he knows that I’m not easy to deal with, so he shouldn’t come to trouble me again!” Xu Ming would let her go once, but not a second time; presumably, Quan Xin should also have this self-knowledge, luckily After escaping, I shouldn’t come again, “I should go to the hunting area too... I’m a few days later than the other disciples, I have to work harder!”

Gu Hanmo’s request to Xu Ming is... number one!

...

The hunting area is already deep in the Monster Beast Mountains.

Although there are no innate monsters in this place, there are quite a few semi-innate monsters.

The hunting competition is bloody, and the Wilderness Wufu is to let the disciples face these powerful monsters in the wild; in the process, some disciples may be injured or even die, but the elders and masters of the Wufu will ignore it.

The big waves wash the sand, and only when you come out of the real life and death experience can you be a real elite disciple!

“Ow-”

In the center of the hunting area, Sun Ji fled like crazy; behind him, hundreds of blue-eyed wolves with the inner training level pursued him.

These blue-eyed wolves were extremely fast, but after chasing them for a long time, they kept following behind Sun Ji, never wanting to catch up.

“Boss, where are you, come and save me!” Sun Ji cried out in agony.

How did he hit the wolves so unfortunately when he was well-mannered in the hunting area?

The wolves are almost one of the most terrifying monsters in the Monster Beast Mountains. Not only are they ferocious by nature, but they also live in packs; it would be a tragedy to encounter a pack of wolves in the Monster Beast Mountains.

And now, Sun Ji has encountered such a tragedy.

“Um?”

Suddenly, Sun Ji saw a figure in front of him.

“Shadow?”

The elders and masters of Wufu, UU reading www.uukanshu.com is guarding at the edge of the hunting area, preventing outsiders from entering; if you see people in the center, they are naturally other disciples of the Wilderness Martial House.

“Run away—” Sun Ji shouted hoarsely at the figure in front of him.

run?

However, Sun Ji saw that the dozen or so figures in front of him were motionless, but looked back at him indifferently, and no longer responded.

“Run! There are wolves behind me!” Sun Ji said anxiously.

If he killed more than a dozen fellow students because of the wolves he had attracted, then he would not feel at ease in death.

“Huh—” Suddenly, Sun Ji saw two figures of hope among the dozen or so people—Yue Jian? Tian Dali? Great, they’re there and I’m surviving!

“Yue Jian, Tian Dali, save me!” Sun Ji shouted, because of his excitement, his feet seemed to be stronger, and he ran faster.

However, Yue Jian and Tian Dali only gave Sun Ji a sympathetic look: “Another... Welcome to the Wolf King’s table!”

Chapter 45: , Full Speed

Without the threat of the killer, Xu Ming quickly went deep into the Monster Beast Mountains and headed to the hunting area.

At this time, in a perfect battle state, Xu Ming’s realm is close to the unity of heaven and man; when he is running fast, the air will not cause resistance.

Before many monsters could react, Xu Ming had already swept past them. By the time they reacted, Xu Ming had already disappeared into the dense forest.

“Boss, where are you, come and save me!”

Suddenly, a message sounded.

“Sun Ji?” Xu Ming replied, “Quickly, what’s the matter?”

“I’m being chased by hundreds of blue-eyed wolves!”

“Where are you, I’ll come right away!”

boom!

Xu Ming immediately burst into speed and rushed towards the hunting area at full speed.

In the Monster Beast Mountains, running like this without any effort is undoubtedly a taboo; because the movement is too big, it is easy to attract the siege of monsters, but Xu Ming can’t care anymore, he is going to save his brother Sun Ji!

“Tell me where you are!” After waiting for a while, Xu Ming hadn’t received a reply, so he could not help but eagerly transmit his voice again.

“Boss, leave me alone, don’t come...” At this time, in the depths of the hunting area, Sun Ji had just been driven into the Wolf King’s “table”.

“Sun Ji! Sun Ji!?” Xu Ming’s eyes turned red with anxiety, “Damn it, tell me where you are!”

“Speak quickly!”

However, no matter how Xu Ming transmitted his voice or yelled at him, Sun Ji on the other end never responded.

“Boss, you don’t have to worry about me! The wolf king is on a tour. If you come, you will only be brought in with you... Don’t come!”

“Damn it!!” Xu Ming cursed anxiously, “TMD tell me where you are!”

“immediately!!”

“Boss...Thank you very much!” Although Sun Ji is big and three rough, he is not stupid. Of course, he can feel that Xu Ming knew that his life would be in danger, but he still insisted on coming to save himself, “I, Sun Ji, came to the Wilderness Wufu and handed over to you. Such a boss, it’s worth it! Now you don’t want to come here. When you become stronger in the future, you can sweep away the blue-eyed wolves here and avenge me, that’s all...”

“To shut up!”

Xu Ming was extremely anxious.

Suddenly, Xu Ming flashed: “Xiaohang, help me find out Sun Ji’s location!”

There are many functions of “exploration”; and exploring a person’s information is only the most basic function.

“Your friend Sun Ji is currently located in...” Xiaohang quickly presented the map in Xu Ming’s mind.

“understood!”

Xu Ming was afraid that he would go all out to the past, but it would still be too late, and he did not hesitate at the moment: “All hang up, open the ‘acceleration’ hang!”

Suddenly, Xu Ming only had more than 30,000 hanging points left, and immediately 32,000 points were consumed, leaving only one or two thousand points.

Thirty-two thousand points, the speed increased by 0.7 times!

Don’t underestimate this 0.7 times!

The increase in speed is far more difficult than the increase in strength! Xu Ming’s speed is already extremely fast, and if it is increased by 0.7 times, even some congenital warriors are not as fast as Xu Ming!

“Sun Ji, hold on!”

Xu Ming passed his voice transmission for the last time, and then he threw himself into flying. If he arrives a second earlier, then Sun Xuan's hope of life will be higher.

...

In the depths of the hunting area, on the Wolf King's "table", more than a dozen disciples of the Wild Martial Mansion formed a circle with their backs behind their backs, ready to guard against the wolves in all directions.

In fact, even the strongest among them, Yue Jian and Tian Dali, knew very well that this time, there were more wolves than luck. There were too many wolves around, and thousands of blue-eyed wolves surrounded them in layers. , can't even break through.

"I knew earlier, when I was surrounded by hundreds of blue-eyed wolves, I had to rush out even if I was injured..." Tian Dali felt a lot of regret. Just because I was afraid of getting hurt just now, I am now in a real desperate situation.

"Hmph, I should leave you alone and break through the siege alone!" Yue Jian and Tian Dali acted together as a team. He strongly demanded to break through the siege, but Tian Dali refused to listen.

"It's too late to say this now, I can only pray that the elders and masters of the Wufu will come to rescue us..." Tian Dali sighed. But he also knows that once you enter the hunting area, the elders and masters of the Wufu will no longer care about your life or death – this is not a family game, but a real **** experience!

Surviving the killing of life and death is the way to be strong; if you die, it can only show that you are a weak person.

"What did Elder Jia say?" Immediately other disciples asked eagerly.

Yue Jian has already reported the predicament here to Elder Jia Sanduo, who is in charge of the hunting competition. Now, the hope of the disciples is that Elder Jia will bring someone to rescue immediately.

"No reply yet!"

Yue Jian's answer made the hearts of the disciples go cold.

The fact that he hasn't replied yet means that Elder Jia probably won't break the rules for their group, that is, he won't come to rescue.

"Let's all be blessed!"

A look of determination flashed across the faces of the disciples.

"If I can escape today, I will eat blue-eyed wolf meat every day in the future!"

"Done! Brothers, let these beasts see~www.readwn.com~ Our disciples of the Wild Martial Palace are not so easy to mess with!"

Among the dozen or so people, there were also two beautiful female disciples. Usually in the Wufu, many disciples would change their ways to make them happy, but now, even if they turned pale with fright, they had to prepare to fight with weapons like other disciples.

"Senior Brother Shao, I'm afraid..." Bai Rong, a petite female disciple, said tremblingly, she leaned slightly beside the brother Shao, as if she could gain a little sense of security.

"Are you afraid? I'm afraid too!" This brother Shao, who had been pursuing Bai Rong for several years but never succeeded, cursed.

Obviously, this Senior Brother Shao was quite frightened by the current situation.

"Xiao Rong." Hua Lengyan, another heroic female disciple, said coldly, "At this time, don't expect to rely on anyone; these stinky men can't be trusted! Take your weapons and fight for yourself. field!"

"Sister Hua..." Bai Rong said, "But I'm really scared!"

"It's normal to be afraid!" Hua Lengyan said, "I said I'm not afraid, and you won't believe it! But remember, fear can make you stronger!"

"I..." Bai Rong felt as if the whole world had abandoned her, and she felt extremely lonely and scared.

Gradually, her eyes became firm. The road of martial arts is inherently **** and difficult; since you have chosen to embark on the path of martial arts, you should have realized this a long time ago!

"Come on, if I can survive today, I may not be able to soar to the sky on the road of martial arts in the future!"

Moments of life and death, the most able to stimulate potential. Like Bai Rong, she suddenly has a clear understanding of martial arts in her heart; if she can return to the Wilderness Martial House alive, her future cultivation will progress by leaps and bounds.

However, even she herself knows that the possibility of her own survival is probably very low!

"The wolves are about to attack!"

Chapter 46: , Without You, Little Brother

The sky was getting dark, and the full moon was already hanging over the cliff.

“Ow-”

A wolf king, twice the size of the other blue-eyed wolves, with silver-white hair like steel needles, jumped up the cliff and let out a long roar.

“Ow-”

“Ow-”

Thousands of blue-eyed wolves howled along with them.

Immediately, the sharp eyes of the silver wolf king turned to everyone. The wolves immediately met, and they rushed up to slaughter food for the wolf king. For a time, hundreds of wolves gathered around the disciples of the Wild Martial Mansion.

“Dali, you take everyone to defend against the wolves!” Yue Jian slashed a big wolf with one sword and rushed towards the periphery.

“What are you going for?” Tian Dali continued – could it be that he wanted to leave us alone to break through?

“Kill the Wolf King!”

There is no doubt about Yue Jian’s strength, which has faintly exceeded the scope of perfect internal training, and can almost be classified as a semi-innate level. The light of the sword in his hand circulated, and with each sword, he could always kill a big wolf; after rushing out a dozen steps, he beheaded a dozen big wolves!

However, these big wolves are only training their strength from outside; a mere dozen or so ordinary big wolves are completely irrelevant to the entire wolf pack.

“Roar-”

Yue Jian’s performance was too eye-catching, and all of a sudden, he attracted more than a dozen blue-eyed wolves to attack him.

The inner leveling blue-eyed wolf is not as fragile as the ordinary big wolf. Although Yue Jian’s swordsmanship was terrifying, under the siege of more than a dozen blue-eyed wolves, he was beaten too hard, and he was wounded in the blink of an eye.

“Come back!” Tian Dali rushed out and pulled Yue Jian back into the formation.

Yue Jian glanced bitterly at the blue-eyed wolf king standing high on the cliff. He wanted to kill the wolf king, but he couldn't even get to the wolf king's side...

"Looks like I'm going to be planted this time..." Yue Jian was unwilling, but he was powerless, "Meeting blue-eyed wolves in the Monster Beast Mountains is as terrifying as encountering innate monsters! And innate monsters only appear in monsters. Deeper in the mountains; here, the blue-eyed wolves are the overlords of the mountains!"

"Ah—" A certain weak disciple accidentally shredded his arm by several blue-eyed wolves besieging him; then, he was bitten on the neck.

"Junior Brother Zhang!"

This Junior Brother Zhang is dead.

With the fall of Junior Brother Zhang, a gap was left in the battle formation, and several weaker disciples died of wolf claws all at once.

"Ah—" Bai Rong helplessly watched an inner-level blue-eyed wolf bite at her, "Senior Brother Tian, save me!"

Tian Dali was beside her, but his eyes were cold, and he didn't mean to come forward to save people at all.

"With such a weak strength, even if I save such a waste, it won't help me much. It's better to die!" Tian Dali glanced at Bai Rong.

The reason why Tian Dali helped Yue Jian just now was because he valued Yue Jian's strength; with Yue Jian by his side, his pressure would be less, and his chances of escaping would be greater. And he didn't save Bai Rong, firstly because Bai Rong's strength was low, and secondly...he wasn't interested in women.

He even hated a delicate female warrior like Bai Rong very much.

"Humph! How can a woman look so cute, but we men can't!?" Tian Dali couldn't help but thought bitterly.

"Xiao Rong be careful!" Hua Lengyan saw it in her eyes, but at this moment she could not protect herself, let alone save others.

"Ah!" The **** mouth of the blue-eyed wolf was approaching, and Bai Rong could even smell the smell of rotting flesh between the wolf's teeth.

Bai Rong's mind was blank, she only felt that the time was slowing down, and the wolf teeth kept expanding in her pupils.

“Are you going to die?”

At this moment, Bai Rong felt neither sorrow nor joy.

If there is any thought moving in her heart, it is that there is still a little girl's longing, longing for a prince charming suddenly descended from heaven, appearing in front of her at the moment of life and death.

Sudden-

boom!

Bai Rong saw a huge hammer smashing horizontally, directly hitting the blue-eyed wolf's jaw. She saw that the wolf's teeth were smashed out, and the wolf's eyes were also smashed out. Wolf blood splattered and painted a beautiful rose in the air.

Bang!

The blue-eyed wolf was knocked over by a sledgehammer.

At this time, Bai Rong came back to her senses and went to see the “Prince Charming” who saved her. Looking at it, she found, um... This Prince Charming seems to be a little too dark...

“Sun Ji...” Bai Rong couldn't tell what she felt in her heart. She was frightened by the scene of life and death just now, or she found that the real Prince Charming was a little different from the imagined image, “Thank... Thank you!”

“Haha!” Sun Ji smirked.

However, at this time, it is obviously not the time to say thank you, nor the time to giggle, because the wolves do not give them time to breathe!

Just a moment of stunned, Sun Ji's situation became extremely difficult. Of course, it wasn't just Sun Ji who was having a hard time, but so were others.

Perhaps it was the wolves who discovered that Sun Ji's sledgehammer was extremely powerful in the group attack; at one time, a dozen or so blue-eyed wolves came to besiege them – although they were only equivalent to the initial strength of the internal training, But it was obviously not something that Sun Ji could handle.

Bang!

Bang!

Bang!

Sun Ji frantically swung the sledgehammer, but there were still a lot of claw marks scratched by wolf claws on his body.

At the same time, Hua Lengyan, not far from Sun Ji, was also in crisis. However, Hua Lengyan's crisis was not only caused by wolves, but also by humans.

"Tian Dali, you!" Hua Lengyan was coping well, but was pulled by Tian Dali and pulled into an angle where the wolves were densely packed.

"If you don't want to die, help defend my back!" Tian Dali shouted.

"Humph!" Even if Hua Lengyan was reluctant, she didn't dare to argue at this time.

Click!

At this moment, a blue-eyed wolf desperately avoided the sledgehammer and bit Sun Ji's wrist.

Immediately, Sun Ji's fighting power with one hand was abolished. Sun Ji, who was already in a critical situation, was really in a desperate situation of mortal death!

Seeing that several blue-eyed wolves were biting at him at the same time, a hint of relief flashed on Sun Ji's face: "Just die, anyway, it's just the difference between dying early and dying late, you don't have to resist hard! It's just..." The moment of life and death, Sun Ji actually thought of Xu Ming, "I'm sorry boss, you spent so much resources on me in vain, in the future, I can't follow you as a younger brother..."

"Sun Ji—" Bai Rong exclaimed. UU Reading www.uukanshu.com

It's just that she is at risk even herself, and it is impossible to help Sun Ji in the slightest.

Sun Ji glanced at Bai Rong and thought to himself: "Hey, this girl is not bad! If I can go back alive, maybe I can tease her... But..."

Several **** mouths approached, and Sun Ji had completely lost his resistance.

"Eighteen years later, I'm still a good man!"

Just as Sun Ji was about to close his eyes and turn his neck to kill, a spear pierced through the sky without a sound.

puff! puff! puff! puff...

The blue-eyed wolf of the inner training level is as fragile as tofu in front of this flying spear.

A spear flew past, the spear seemed to be on a skewer, passed through a row of blue-eyed wolves besieging Sun Ji, and finally slanted into the ground.

“Huh!?” Xu Ming couldn’t believe it, his voice trembling with excitement, “Boss!”

Yue Jian, Hua Lengyan and others also widened their eyes, as if they saw a ray of light in the desperate situation.

“Xu Ming is here, it’s good now, the hope of survival is even greater!” Tian Dali said in his heart – since Xu Ming was recognized by Palace Master Gu as the first disciple of the Wild Martial Palace, he must be more or less capable.

“Ow—” The wolf king roared, seeming to challenge Xu Ming, a human who had arrived suddenly.

boom!

Xu Ming drove away the wolves and came to Sun Ji’s side in a flash.

“Old... boss!”

“Shut up! You still have my boss in your heart?” Xu Ming drew back his spear and cursed.

Although he was scolded, Sun Ji felt warm in his heart: “Boss, seeing you risking your life to come for me, I, Sun Ji, really did not follow the wrong person! But boss, you must leave first, Qian Qian. Never mind me... There are too many wolves to kill!”

“If you talk nonsense again, I will treat you as a little brother!” Xu Ming shouted, “Use your hand that hasn’t been broken yet, grab the hammer, and prepare to continue the fierce battle!”

Chapter 47: , Is This Guy Really The Wolf King?

With the addition of Xu Ming, the extremely difficult battle situation suddenly became a lot easier.

Holding a long spear, Xu Ming swept left and right, blocking nearly half of the blue-eyed wolves’ siege by himself; he could even take care of the people around him occasionally to share the pressure of his teammates.

“Xu Ming, with you, I, Yue Jian, feel ashamed!” Yue Jian suddenly felt that the pressure had dropped a lot, and he even had time to gossip.

But at this moment, Yue Jian was really convinced by Xu Ming’s strength: “Perfect marksmanship with flowing clouds and flowing water! Dazzling and terrifying speed –

Palace Master Gu's vision is really unconvincing! It's ridiculous that I questioned Xu Ming's strength before!"

Yue Jian even felt that if he faced Xu Ming, it would be difficult for him to take even three moves.

Thinking of this, Yue Jian couldn't help but be grateful that Xu Ming didn't accept his challenge before.

"Fortunately, Xu Ming has a big belly. Otherwise, if I challenge him, I'm afraid I will be abused to the point where I can't raise my head in the martial arts mansion!" Because he was grateful to Xu Ming for coming to rescue, Yue Jian thought Xu Ming was pleasing to the eye.

Feeling at ease, Yue Jian felt that even the sword in his hand was much stronger, and it was much faster to kill wolves.

"Humph!" Tian Dali scoffed at Xu Ming's performance, "If it wasn't for me, all these people would have died long ago. How could I wait for you, Xu Ming, to come?—Humph! These guys have come from Xu Ming. , even forgot my credit!"

Seeing Xu Ming becoming the focus of everyone's attention, Tian Dali was very upset.

Bang! Bang! Bang! ...

Xu Ming swept across with his spear again, and once again the blue-eyed wolves smashed into a row like the autumn wind swept away leaves. Each of these blue-eyed wolves was hit by the mysterious marksmanship; after being smashed into the air, they could no longer stand up.

But Xu Ming didn't feel the slightest complacent, instead he said sadly: "No, the wolves have no intention of retreating at all; if this continues, their physical strength will soon be exhausted, and by then, the trouble will be big!"

Sure enough, Xu Ming caught a glimpse of the delicate girl named Bai Rong, who was already exhausted and out of breath; but in order to survive, no matter how tired she was, she had to persevere.

To give up means to give up life.

"There are too many wolves, we can't go on like this!"

boom!

Xu Ming's power exploded in vain – double attack!

Although it only took 500 hit points to double the attack, it was enough.

“You guys stand guard first!” Xu Ming said.

“It is good!”

“It is good!”

Whether it was Sun Ji, who was familiar with Xu Ming, or Yue Jian, who was not very familiar with Xu Ming, they all said without thinking.

Only Tian Dali shouted, “Hey, you’re defending well, where are you going? You shouldn’t feel that the situation is not good, and you have to withdraw?”

“Even if the boss wants to withdraw, what does it have to do with you?” Sun Ji scolded.

Xu Ming wants to withdraw? – Sun Ji can’t believe it! If Xu Ming really wanted to withdraw, he wouldn’t do everything possible to find this place without telling him the location.

Xu Ming gave Tian Dali a cold look: “Kill the wolf king!”

“Another one who thinks he wants to kill the Wolf King!” Tian Dali continued to shout, “Just now there was someone who was just as over-confident as you, thinking that the Wolf King was easy to kill, but what happened? After a few steps out, he almost came back. If you don’t come, it’s fortunate that I was rescued by me, darn!”

After a pause, Tian Dali continued: “We are now defending safely and steadily. As long as we persist for a while, the wolves will naturally retreat because they can’t afford the loss. Why are you taking the risk? Are you going to kill the wolf king?”

boom!

Xu Ming didn’t bother to pay attention to it at all, and the spear quickly shot a **** path.

Xu Ming and Yue Jian are obviously different. Yue Jian rushed out to kill the wolf king, but was beaten back within a few steps; and wherever Xu Ming passed, there was nothing to stop him.

However, within a few steps of Xu Ming rushing out, the defense of Sun Ji and the others was obviously unstoppable.

“I rush over and kill the wolf king, it will take some time, it seems that they can’t hold it!”

After thinking about it, Xu Ming threw the puppet with a wave of his hand and ordered, “Protect them!”

As soon as the puppet joined, the pressure on Sun Ji and the others suddenly eased.

In terms of lethality, the puppet is naturally not as powerful as Xu Ming; but the attack of the puppet is not weak, every punch is a monster!

Moreover, the puppet's body is hard and indestructible. It has accepted Xu Ming's order to "protect them". When anyone encounters danger, they can directly block it with their body! Those blue-eyed wolves didn't know how hard the puppet's body was, so they nibbled at it foolishly; as a result, the puppet was unscathed, but the stupid wolf broke its fangs.

With puppets guarding the rear, Xu Ming can finally kill with confidence!

"What is this? Is it a puppet?" Yue Jian felt very new. "Haven't the puppet already disappeared in Fei Yun Country? Where did Brother Xu Ming get such a rare thing?"

"My boss has a lot of secrets!" Sun Ji looked proud. "I vaguely heard that my boss seems to have a very mysterious master. This puppet is probably bestowed by the mysterious master. Bar!"

"Humph!" Tian Dali looked at the puppet greedily, but scoffed, "Isn't it just a puppet?"

"Isn't it just a puppet?" Sun Ji sneered, "Take one out for me to see!"

"Humph!" Tian Dali said nothing.

At this time, Xu Ming was already dragging his spear, and he was about to kill the cliff where the Wolf King was.

Xu Ming's spear is simply irresistible!

"Ow—"

The silver-haired wolf king seemed to feel that his majesty was being provoked, and after a long howl, he rushed down from the cliff in anger.

A semi-innate-level wolf king, in terms of combat power, is even higher than an ordinary semi-innate-level human warrior—because the silver-white wolf king has high attack, fast speed, and weak defense, such a monster has almost no weaknesses.

"Boss..." Even though Sun Ji fought very hard, his mind was still on Xu Ming, "Be careful!"

"Brother Xu Ming, it's up to you!" Yue Jian also prayed silently in his heart.

“We must win!” In Hua Lengyan’s eternally cold eyes, there was a hint of complex splendor. I don’t know if I was shocked by Xu Ming’s powerful strength, or I thanked Xu Ming for his timely help. Or something else...

“Come on!” Bai Rong silently clenched her fists and shouted in her heart even though she was struggling to keep up.

Everyone else was eagerly looking forward to Xu Ming being able to kill the wolf king smoothly.

Only Tian Dali looked disdainful: “Kill the wolf king? – The wolf king who leads thousands of wolves, if it is so easy to kill, I would have gone up and killed it! Hmph, don’t kill the wolf king for a while. , but lost his life, that would be a real joke!”

Because a puppet joined the battle, Tian Dali felt that Xu Ming no longer had to exist. He believed that even if Xu Ming died, as long as the puppet was still there, they would still be able to repel the wolves.

Even Tian Dali was still vaguely looking forward to Xu Ming, hurry up and die!

“Only when Xu Ming is dead can I find a way to see if I can get this puppet in my hands! Wolf King, you must fight and don’t let me down!”

The bright moonlight hit the wolf king’s silver hair~www.readwn.com~ looking extremely cold.

The wolf king jumped off the cliff, as fast as a flash of lightning.

The wolf king is fast, but Xu Ming is even faster!

The long spear in Xu Ming’s hand turned into a faster lightning bolt, facing the wolf king.
puff!

The long spear pierced through the wolf’s mouth, pierced through the tail, and directly stabbed the wolf king through.

“Ah woo woo...”

The wolf king hadn’t died immediately, and he was still whimpering and wailing, as if to say—how can this human gun be so fast?

The entire blue-eyed wolf pack was completely stunned. They looked at the wolf king who had been made into a “kebab”, and all had this thought in their hearts—Boss, what’s the matter with you?

Sun Ji and the others were completely dumbfounded.

They thought about many possibilities:

After a fierce battle, Xu Ming finally defeated the wolf king with difficulty!

Xu Ming and the Wolf King fought for 300 rounds, no winner or loser!

Or Xu Ming finally lost to the wolf king, fled, and even was killed!

It may also be that Xu Ming won with a crushing advantage...

However, no one had ever thought that Xu Ming made the wolf king into a skewer in just one encounter!

“Is this guy really the Wolf King?” Sun Ji was even thinking, could he just rush over and abuse the Wolf King and be a hero?

What’s the situation?

Does this kill the wolf king? This is too simple and rude! Is the plot too volatile?

Also, is this guy really the wolf king who rules thousands of wolves? Is it too weak? Under the leadership of this wasteful wolf king, this blue-eyed wolf pack can still show off its might in the Monster Beast Mountains until now?

After a long time, everyone came back to their senses, and they looked at Xu Ming with awe.

Yes, it is awe!

It cannot be that the wolf king is too weak. Among the wolves, the weak cannot be the king at all! Then, it can only be that Xu Ming is too strong – strong enough to kill the half-innate in seconds!

Chapter 48: , Shameless

? The silver-white wolf king was strung on a spear, and seemed to realize the impending death, and kept struggling. However, as soon as it struggles, the spear will stir its internal organs, and the pain will make it unable to survive or die.

“Forget it, let you go!”

Xu Ming shook with one hand, and the profound energy penetrated the gun’s barrel and entered the Wolf King’s internal organs.

The wolf king whimpered and died.

Just before it died, its eyes were still rounded – just died like this?

“The Wolf King is dead!”

I don’t know when, Sun Ji’s battle with the wolves has stopped.

Wolves are ferocious, but that doesn’t mean they’re not afraid. When the wolves saw that even their invincible king was instantly killed by this human who appeared later, they really trembled!

The whole pack of wolves trembled!

In their eyes, Xu Ming is an invincible god.

“Woo-”

I don’t know which blue-eyed wolf was the first to escape with its tail between its tails; then, the wolves, who had been frightened, scrambled to flee.

Xu Ming returned with a gun, like a **** descending to earth.

“Boss... boss! You are too strong!” Sun Ji was stunned.

If he had known that his boss was so powerful, Sun Ji would definitely not have asked the boss not to come, I’m afraid it would be too late to ask for help!

“Brother Xu Ming!” Yue Jian’s face was full of admiration, “I call myself a genius, compared with Brother Xu Ming, it’s really not a fart! With Brother Xu Ming’s cultivation accomplishments, I’m afraid I’m about to step into the innate. ?”

Yue Jian admitted that if he faced the silver wolf king, he would lose more and win less; but Xu Ming could kill the wolf king with one shot! It can be seen how big the difference in strength between himself and Xu Ming is!

“Also, I’m four or five years older than Xu Ming!” Yue Jian laughed at himself.

“I’m still a long way from being born!” Xu Ming said casually, “I actually paid a big price for my state just now!”

“Oh...” Yue Jian stopped asking, after all, everyone has their own secrets.

At this time, Tian Dali interjected: “I said Xu Ming, did Palace Master Gu teach you some forbidden art in private? Hmph, Palace Master Gu is just partial... What kind of forbidden art is so powerful? Tell it to everyone. Listen!”

Xu Ming just glanced at Tian Dali coldly.

Originally, Xu Ming didn't dislike Tian Dali, even if he dressed up more coquettishly than a girl; but now Xu Ming found out that this person not only looks like an idiot, but is also a **** inside.

"Boss, what kind of forbidden technique have you used? Is it serious or not? Is there any hidden danger?" Sun Ji became anxious when he heard this. damage the foundation.

"It's okay!" Xu Ming couldn't explain the plug-in.

And it was the word "it's okay" that made Sun Ji, a man of five big and three thick, have red eyes – what a good boss, for me, a useless little brother, he even used forbidden techniques... And I, what can I repay What about his? I am afraid that even if you take your life to repay, you may not be able to repay anything, right?

Hua Lengyan, who was known as an iceberg beauty in Wufu, looked at Xu Ming with a strange light in her eyes, and she didn't know what she was thinking.

"Okay, don't talk nonsense, eat this medicine pill first!"

Sun Ji's injuries were serious, especially the wrist of one hand was directly shattered; the sooner these injuries were treated, the less likely they would be left with future troubles.

"Boss..." Sun Ji held this medicinal medicinal pill, no matter how big his brain was, he could guess the preciousness of this medicinal medicinal pill.

"Stop the ink, eat it quickly!" Xu Ming scolded, "This elixir is not enough to heal you. When you return to the city, I will find a way to get you a good healing medicine."

The healing medicine exchanged from the artifact store has already spent almost all of Xu Ming's hanging points; for the more advanced medicinal pills, he has no hanging points to exchange, so he can only go back and find a way.

Looking at the boss's concerned eyes, Sun Ji didn't write any more ink, and as soon as he raised his head, he swallowed the medicine pill into his stomach.

The medicinal power emitted by the medicinal pill made Sun Ji feel warm from the inside out; but at this time, what he felt most warm was probably his heart. Sun Ji has already decided that in this life, he will be the boss of Ding Xu Ming!

"Are you all right, Sun Ji?" Bai Rong asked with concern when she arrived at Sun Ji's side.

"It's just a small injury!" Sun Jihao said angrily. But anyone can see that in his expression, the pain caused by the pain is suppressed.

"Xu Ming!" Tian Dali's yinful voice sounded again, "I'm not too injured, and that medicinal pill, give me one too!"

One for you too?

Xu Ming didn't bother to pay attention to this stupid X.

Don't say that you have used up the hanging points now, even if there are still hanging points, why give you one? Are we familiar?

This healing medicine seems to be ordinary, but it needs to be put on thousands of points, right? This is the price that can only be bought in the artifact store! If you want to buy a healing medicine of this quality in Yunqi City, 50,000 taels of gold may not be enough!

"Hey, what do you mean when you don't say anything? Isn't it just a healing medicine pill? We are also fellow apprentice brothers. As a senior apprentice brother, I was injured in the wild. You don't even want to take a medicine pill out to help?" Tian shouted loudly.

"Haha!" Xu Ming smiled disdainfully.

Tian Dali once again made fun of himself.

Xu Ming glanced at the wolf corpses around him and found that many wolf skins had runes printed on them.

"Go and peel off this wolf's skin!" Xu Ming gave an order to the puppet who was standing there doing nothing.

The puppet took the lead, and immediately went to perform the task foolishly but sensitively.

"Xu Ming, you are a good puppet!" Tian Dali approached him again, "One hundred thousand taels of gold, sell it to me!"

Xu Ming smiled: "I will pay one million taels, you sell me!"

"Cut, you won't sell it if you don't sell it, what kind of clothes are you pretending to be!" Tian Dali scoffed, "You puppet, even if your whole body is made of gold, it's not worth a hundred thousand taels!"

Everyone present, including Xu Ming, Sun Ji, and Yue Jian, cast surprised glances at Tian Dali; these glances all expressed the same meaning—you can say such shameless and ignorant words?

Can the value of a puppet be measured in gold?

For a semi-innate puppet like Xu Ming, the materials used to make the outer shell are comparable to top-quality weapons; the core components inside are even more valuable!

And the key point is that the puppet technique has long been lost in Feiyun Kingdom, such a puppet is simply invaluable! When Tian Dali said that, should he be said to be ignorant, or should he be said to be shameless?

“Humph!”

Tian Dali noticed the contempt in everyone’s eyes, and he didn’t have the face to continue standing stupidly, so he followed the puppet and ran to cut the rune wolf’s skin.

There are many wolf corpses in one place, and there are many rune wolf skins. In particular, the rune on the silver-white wolf king will undoubtedly be a rune with a high score of 10,000 points.

Tian Dali first harvested the wolf skin that he had killed.

On this point, everyone has no opinion. After all, these wolves were killed by Tian Dali, and it is only natural for him to harvest his trophies.

But soon, Tian Dali’s behavior became unbearable. After he finished harvesting his rune wolf skin, he didn’t stop, and even started to think of Bai Rong’s wolf skin.

“That’s mine!” Bai Rong hurriedly shouted.

These wolf skins are all her trophies; so many rune wolf skins are enough for her to get a good ranking in the hunting competition.

“Yours?” Tian Dali snorted, “If it wasn’t for my help, you would have died long ago!”

“You!” Bai Rong was extremely angry.

Speaking of help, did Tian Dali help her in the slightest? Wasn’t it all she was there to support herself? If it wasn’t for Sun Ji’s help, even if she died, Tian Dali wouldn’t have reached out to help!

But now, Tian Dali plundered her trophies, but he was so righteous.

“Tian Dali, put it down!” Hua Lengyan stood up.

“Yes, put it down!” Several other surviving disciples also united the front.

If Tian Dali was allowed to harvest Bai Rong’s spoils now, wouldn’t it be their turn to be plundered?

“Tian Dali, it’s too much!” Yue Jian also said.

In fact, Yue Jian had always thought that Tian Dali was very careful, but only today did he realize that Tian Dali was a downright villain.

“Humph!” ~www.readwn.com~ Tian Dali, who became the target of public criticism, had no choice but to snort coldly, then changed direction angrily to harvest the rune wolf skin.

And the target he was looking for was the wolves that blocked the way when Xu Ming single-handedly went to kill the wolf king.

Xu Ming was stunned for a while, then said solemnly, “You dare to move my things?”

“What do you call yours?” Tian Dali immediately retorted sharply, “Although I didn’t kill these blue-eyed wolves, if you didn’t have me behind to restrain the wolves, how could you kill the wolf king so smoothly?”

Xu Ming became more and more stunned – how could there be such a shameless person in the wild martial arts?

“According to you, I should also give you a share of the skin on the wolf king’s body?” Xu Ming’s voice was slightly cold, “Go, the 10,000-point wolf skin on the wolf king is there. , you go and cut!”

“This...” Tian Dali was moved, but he still flinched.

“I know I’m embarrassed to ask for it? It seems that there is still some shame!” Xu Ming smiled, “Listen, on this earth, if you dare to take a wolf skin from the wolf I kill, you can try it!”

Chapter 49: , Evil To Courage

Tian Dali really wanted to be tough, to peel off a piece of Xu Ming’s trophy, and try what Xu Ming would do to him.

It’s just that he hesitated for a long time, but he still couldn’t get angry; not only did he dare not skin the wolf killed by Xu Ming, but he didn’t dare to continue to make up his mind about other people’s.

“This Xu Ming must be trying to trouble me on purpose. Even if I strip other people, he will say it’s his...” The man had to bow his head under the low eaves, and Tian Dali had no choice but to act like a tortoise. .

“Everyone, hurry up and pack up your things!” Xu Ming said.

Hua Lengyan, Bai Rong and other disciples who were a little weaker all cast their grateful glances at Xu Ming. They knew that without the deterrence of Xu Ming’s words, the shameless Tian Dali might continue to **** their wolf skins.

Yue Jian was the first to pack up his own rune wolf skin: “This encounter with wolves feels a little strange.”

“Why?” Xu Ming immediately asked.

“The purpose of the hunting competition must be to sharpen us, not to send us to death!” Yue Jiandao, “Although some people have encountered wolves in the previous hunting competitions, they were only small-scale. And like this time, Thousands of blue-eyed wolves should not appear in hunting competitions!”

“Indeed!” Xu Ming nodded.

Encountering a pack of wolves like this, for the disciples of the martial arts, is not a grind, but a death sentence!

“Perhaps the Wufu masters were negligent when they were investigating the hunting area...” Yue Jian could only think.

Tian Dali’s eyes were flickering, he didn’t know what he was thinking.

Soon, everyone’s rune wolf skins have been packaged and received into the ring.

“Hey, I have nearly a thousand hunting points!” A disciple said happily.

“I also have more than eight hundred!”

After a life-and-death battle, everyone gained a lot of points. Xu Ming’s points reached an astonishing 12,000 points; of course, the 10,000 points were contributed by the Silver White Wolf King.

“I really envy you, Brother Xu Ming!” Yue Jian laughed.

“What do you envy me for?”

“I’ve been busy in the hunting area for several days, and I have only accumulated more than 3,000 points!” Yue Jian laughed, “I heard that Brother Xu Ming, you have just come

to this hunting area, and you have gained just this battle. More than 12,000 points! The first place in this year's hunting competition seems to be the Xu Ming brothers!"

Yue Jian has participated in many hunting competitions, so he naturally knows how many points are generally required to rank first in hunting competitions.

According to the experience of previous years, if the general points reach 8,000, you will be eligible to hit the first place; if you reach 9,000, you will be sure to take the first place; if you exceed 10,000 points, the first place is a sure thing!

Now, Xu Ming has more than 12,000 points; even if Yue Jian continues to work hard, he will not be able to reach this point.

After all, the monsters in the Monster Beast Mountains are not as slaughtered as the chickens and ducks raised at home; those powerful monsters with high scores are even more cunning. Once they find that their lives are in danger, they run as fast as they can!

Points are not easy to save!

"Since the points are enough..." Xu Ming looked at Sun Ji, "There are still a few days left, I have nothing to do anyway, so let's go with you! Go back and give you some points, let you get one second!"

Xu Ming said confidently.

Xu Ming's self-confidence is not groundless. With his late-stage cultivation, he has used 30 each of three attribute stones, and he has also grasped the micro-level realm; even if he doesn't use plug-ins, his combat power has reached semi-innate. level!

With such strength, he can almost walk sideways in the hunting area, and few monsters can escape from his hands.

"Humph!"

Tian Dali in the corner angrily watched everyone show off their points.

I don't know if it was bad luck or something, but most of the blue-eyed wolves killed by Tian Dali had "high combat power and low score". Tian Dali fought desperately for a long time, killing a lot of blue-eyed wolves, but in the end he only gained more than 700 points – lower than the lowest among the other surviving disciples!

How could the narrow-minded Tian Dali accept this?

Therefore, just now he had the idea of going to fight other disciples' trophies; however, he was threatened by Xu Ming and did not dare to act.

Seeing Xu Ming surrounded by stars like the moon, Tian Dali was even more jealous. If eyes can kill, his jealous eyes may have killed Xu Ming hundreds of times.

“Damn, this kid is here at the latest, and it didn’t take long for him to get more than 12,000 points?” Tian Dali thought of his shabby points again, “I’ve worked so hard for so long, but only over 700 points. Points? Why!?”

Why?

Just rely on Xu Ming’s strength!

Tian Dali didn’t even think about it, if Xu Ming could gain more than 12,000 points in a short period of time, how terrifying his strength must be!

Another example is the silver-white wolf king, but on the cliff under the moonlight, he scratched his head and made gestures for a long time; if you Tian Dali had the ability, you could kill him, but it wasn’t that you were not allowed to kill—but the actual situation was that Yue Jian was still able to kill him. He tried to kill the wolf king in the past, but Tian Dali didn’t even dare to try.

“cut!”

The jealous fire in Tian Dali’s heart could not be extinguished, but spread uncontrollably.

How did he think about Xu Ming, why did he feel unhappy: “Why can he win the first place in the hunting competition, but I have never won it!”

Suddenly, Tian Dali felt a sense of malice in his heart: “This Xu Ming, when he went to kill the wolf king just now, his strength suddenly skyrocketed; it can be seen that he must have used some kind of forbidden technique... and any forbidden technique, after using it, must be There will be a period of weakness for a while!”

Tian Dali suddenly discovered that now is probably Xu Ming’s most vulnerable moment!

“And... I heard that this kid has countless treasures on him! I won’t talk about the puppet, he also took out a bunch of phantom sea devil insects last time...”
uukanshu.com “If I kill him and take his ring... Not only will I be able to sit on all his resources, but the first place in this hunting competition will also be mine!”

As for the murder of the same family, will it be reported by Yue Jian and others?

Tian Dali was not worried at all, because the Wufu never stipulated that the same clan in the Monster Beast Mountains should not fight!

there has never been!

This regulation of the Wufu seems to be inhumane, but it is actually a way to warn all the disciples that the outside world is never as comfortable as in the Wufu; when you go out, beware of everyone around you! Because everyone could be the one who killed you!

“Just do it! Kill it!” The evil thoughts came up, and they couldn’t hold back any longer.

“It’s just...” Tian Dali glanced at the puppet with a dreadful look, “This puppet is very difficult to deal with. If there is a puppet, I’m afraid I won’t be able to get it!—Huh?”

Immediately afterwards, Tian Dali found that things went unexpectedly well—Xu Ming actually put the puppet into the ring.

“It’s really self-inflicted, I can’t live!” Tian Dali’s eyes were hideous, “It would be better if you put the puppet in the nuptial ring; I will kill you and take the nuptial ring later, and there is time to slowly study how to control the puppet!”

Quietly, Tian Dali had already walked to Xu Ming’s side.

At this time, Xu Ming had no idea that Tian Dali would dare to attack himself, so he was completely unprepared.

“Alertness is really low!”

Tian Dali’s face was expressionless, but the murderous intent in his eyes had begun to burst out.

“die-”

Tian Dali suddenly pulled out the big sword from Najie, and the light of the sword flashed, and it had already reached Xu Ming’s head.

When the knife went out, Tian Dali couldn’t tell the refreshing feeling in his heart: “You are very strong? No matter how strong you are, it’s not just a knife for me? And all your treasures will become mine... Hahahaha!”

Tian Dali’s face showed hideous happiness.

Chapter 50: , Figured Out

“Boss!”

“Xu Ming!”

...

Sun Ji, Yue Jian, Hua Lengyan and others also noticed Tian Dali's sudden upheaval immediately.

However, Tian Dali's sneak attack was too simple and too fast; the others only had time to show their horrified eyes, and the big knife had already touched the tip of Xu Ming's hair. They subconsciously wanted to remind Xu Ming, but they didn't even have time to shout.

"Boss!!" Sun Ji's eyes were red.

"Haha, it's dead!" Tian Dali's expression became more and more hideous, "If you die, all your things are mine!"

However, just when his knife was about to hit Xu Ming's head, Xu Ming suddenly leaned straight to the side, avoiding the knife.

"Tian Dali!" Xu Ming looked back at Tian Dali, his eyes devouring.

He really didn't expect that Tian Dali would actually do something to himself, and it was still under the watchful eyes of everyone.

"Fortunately..." Xu Ming couldn't help breaking out in a cold sweat, "Fortunately, I was driving Perfect Combat and Speeding up, and as soon as I felt something strange behind me, my body subconsciously made a dodging action; otherwise, I would really be planted here today. The little man is in his hands!"

Today, in perfect combat and acceleration, even if these two plug-ins are only activated, Xu Ming may die under Tian Dali's sword.

Just imagine, Xu Ming was sitting on a plug-in and was about to rise rapidly in the vast other world, but was killed by a sneak attack by a villain, I am afraid that he will not rest his eyes even in death!

"Tian Dali, what do you mean!" Yue Jian pulled out his sharp sword and quickly flanked behind Tian Dali, blocking his way.

"What do you want?" Hua Lengyan and other disciples also blocked him.

Everyone's eyes are burning with anger.

It is no doubt a taboo to sneak attack on the same family; Tian Dali attacked Xu Ming today, and it is impossible to sneak attack on any of them another day. And these people, even Yue Jian, did not dare to say that they could survive Tian Dali's sneak attack.

"Tian Dali, I'll **** your mother!!" Sun Ji even swung his sledgehammer to kill him.

Although Tian Dali was surrounded, he was very disdainful of Sun Ji's attack;

However, Tian Dali's sword had just been swung out, and Xu Ming's spear had already arrived.

Bah!

The point of the gun was randomly placed on the back of the knife, and the big knife was directly thrown into the air.

And Sun Ji's sledgehammer also smashed down, hitting Tian Dali's face by surprise.

boom!

Tian Dali covered his face and fell to the ground.

"Boss, kill it!" Sun Ji was so frightened. Almost, his boss was about to be poisoned by this villain.

Xu Ming hesitated for a while.

killed?

Even if the martial arts in this world are respected, the legal system and the moral system do not think there is anything wrong with killing people – vendettas are commonplace! However, when Xu Ming was really about to kill someone, he hesitated.

Xu Ming, after all, was not born and raised under the moral system of this world, but a traveler from the civilized world. In the depths of his thinking, he actually subconsciously believed that killing people is an extremely vicious thing!

Therefore, even though Xu Ming was decisive and ruthless during the battle, in fact, he never killed anyone.

And now, sitting on the ground is a Tian Dali awaiting his judgment.

"Xu...Xu Ming!" Tian Dali said tremblingly, "Let me go...let me go...I'm a ghost for a while...you let me live, and in the future, I'll be your slave, no, your dog! You I'll do whatever you want, and I'll bite whoever you ask me to bite!"

Xu Ming glanced at Tian Dali coldly, but did not speak, nor did the spear in his hand relax at all.

"Boss, this kind of person must not be kept!" Sun Ji said anxiously, "Let him live, I don't know when he will stab you in the back again!"

“Yeah...” Xu Ming’s eyes gradually became firm.

This time, he escaped the sneak attack and saved his life, but what about next time? Can you guarantee that you will be so lucky next time?

This kind of person who kills himself, can’t stay!

Tian Dali seemed to feel the murderous aura, his whole body trembled, and then he quickly climbed to Yue Jian’s feet and prayed, “Yue Jian, we have been brothers for many years, please help me with a word!”

Brother for many years?

Yue Jian smiled secretly.

To be honest, he and this Tian Dali didn’t have a deep friendship at all. It was just that the two of them were the best in the wild martial arts, so they often intersected. Apart from that, the two have become friends in general.

Xu Ming couldn’t help looking at Yue Jian, wanting to get some advice from his face.

I saw that Yue Jian shook his head very naturally, and the meaning was obvious: this person must not be kept.

Not only Yue Jian, Hua Lengyan, Bai Rong and other disciples were also unwilling to have a tumor that would sneak attack on their fellow disciples. With this kind of person by their side, if they take on any military mission and go out in the future, I am afraid they will be worried.

“It’s time to kill!”

Xu Ming clenched his spear and walked towards Tian Dali step by step.

“Xu...Xu Ming, don’t be impulsive, we are senior brothers after all!”

Tian Dali didn’t say anything, but when he said that, Xu Ming was instantly enraged: “Senior brother? You also know that we are senior brother?”

“If you kill me, you will definitely leave behind a name for mutilating my fellow students!” Tian Dali kept crawling back and forth.

Sun Ji held a sledgehammer in one hand, blocking his retreat.

“Boss, kill it quickly, this kind of person looks disgusting!”

“It’s really disgusting!” Hua Lengyan also said.

For some reason, Hua Lengyan's murderous intention to Tian Dali was no less than Sun Ji's. If it wasn't for the fact that this person should be killed by Xu Ming, she would have wanted to kill him with a thousand cuts.

"Yeah!" Xu Ming raised his spear.

"Xu Ming, Xu Ming! Don't kill me, let's talk about it, I'm your dog, your most loyal dog! Wang Wang Wang! Wang Wang Wang!" Tian Dali was so frightened that he bled.

Yue Jian and the others all cast contemptuous glances.

"I can't believe that I've been with this kind of person for so long, it's a shame!"

"I used to have a lot of discussions with him, but now it seems that I really dirty my sword!"

...

"Xu Ming, Xu Ming!"

Tian Dali could no longer climb back, UU reading [www. uukanshu.com](http://www.uukanshu.com) has hit Sun Ji's foot because of his back.

"Since you have to let me die..." Suddenly, Tian Dali's eyes became extremely ferocious, "Then I will have to pull my back when I die!"

Bang!

I saw Tian Dali bouncing off the ground, hands in claws, and took Sun Ji's heart. With his strength that outstrips Sun Ji by a lot, this claw is deadly enough!

"Want me to die? Die! Die! Let's die together!" Tian Dali rushed towards Sun Ji like a madman.

Sun Ji was caught off guard and could only watch the claws grab onto his heart.

"Boss..." Realizing that death was imminent, Sun Ji couldn't help but cast a complicated look at Xu Ming, as if asking—Boss, why didn't he kill him?

"Sun Ji!"

Xu Ming was finally completely angry.

puff!

As soon as Xu Ming raised his hand, the spear had penetrated Tian Dali's throat; Tian Dali's ferocious claws immediately began to droop weakly. On the verge of death, Tian Dali looked at Sun Ji unwillingly, and hated why he couldn't die together.

Bang!

As soon as Xu Ming's spear was drawn, Tian Dali smashed to the ground feebly, bleeding all over the place.

"Boss..." Sun Ji felt that he had just walked through the gate of hell.

"Sun Ji, I'm sorry!" Xu Ming said apologetically. Because of his indecision, he almost killed his good brother Sun Ji.

At the same time, Xu Ming also understands that this world is such a **** world! When dealing with the enemy, killing must be decisive; indecision will only harm yourself and the people around you!

Xu Ming couldn't help but think of a sentence – to be kind to the enemy is to be cruel to yourself!

"I can give the enemy a chance to mutilate me, and the people around me?"

Xu Ming seemed to have suddenly figured out something, and his eyes became firmer than ever before.
