

A World 621

Chapter 621: Stubborn

“It’s you, be more careful!”

Xu Ming kindly reminded: “Would you like to hide in my world ring?”

Yin Ran was slightly startled: “You also have a world ring?”

Although the world ring is nothing in the realm of the gods, it is a rare treasure outside the realm of the gods. Xu Ming owns the world ring, which naturally surprised Yin Ran.

“I just got it in the battlefield of ten thousand races!” Xu Ming didn’t hide it, and said directly, “Come in quickly, to deal with this wave of self-destruction attacks, there is no difference between one person and two people!”

There really is no difference.

When the willow branch explodes, it will cover a large area. In this area, one person is bombed, and two people are bombed, the explosion power “enjoyed” is actually similar.

Therefore, it is a more rational and correct way to let one person hide in the world ring first, and the other person faces this wave of self-destruction attacks alone.

but...

“I... don’t have to worry about you! – Even if there is one person who wants to hide in the world ring, that person should be you!” Yin Ran also has her own pride and dignity.

Xu Ming refused to hide in the world ring because he was a man—how could a man hide in a woman’s arms?

And Yin Ran's pride and dignity is... She is from God's Domain, even if her strength is greatly reduced due to the influence of "Falling Soul Fog"; however, she does not allow herself to be weaker than Xu Ming!

A man lives a breath, a tree lives a bark.

Even if the tiger falls in Pingyang now, Yin Ran must maintain her pride and dignity.

"Then let's face this wave of self-destruction attacks together!" Since no one was willing to enter the World Ring, Xu Ming had no choice but to say.

"Okay!" In Yin Ran's tone, Wei Wei's meaning was a bit of a comparison – this wave of self-destruction attacks, even she felt a lot of pressure; she didn't believe that Xu Ming could deal with it calmly!

"This Xu Ming, after all, is only a genius in a small place like Endless Continent. He doesn't have enough knowledge to see how dangerous this wave of self-destruction is!" Yin Ran thought to himself, "Wait a while, when he suffers a loss, Naturally, he is willing to hide in my world ring!"

In the blink of an eye, countless thoughts flashed across Xu Ming and Yin Ran's minds.

shhhhhhhhhhhh...

Countless willow branches shot up.

Although Xu Ming was confident, he did not dare to take it lightly in the face of an attack like Daliushu's "injuring the enemy one thousand and self-defeating eight hundred".

"Little hanging, open the 'energy shield' hanging!"

Energy Shield: Provides a layer of energy shield for the host. When attacked, it will consume a different amount of hanging points according to the strength of the attack. When the hanging point is exhausted, the energy shield can no longer provide protection.

The “Energy Shield” hangs, Xu Ming has never had the opportunity to use it. At the beginning, it was because there was no hanging point, so I couldn’t afford such a “money-burning” plug-in function; later, there was a hanging point, but I never encountered any threatening enemies.

Now, the self-destructing attack of this big willow tree made Xu Ming feel threatened.

hum...

The “energy shield” was hung up, and Xu Ming was immediately covered with a light blue shield.

The shield may seem unremarkable, but Xu Ming knows that as long as there are enough hanging points, this shield will always ensure his safety!

“What method is this?” Yin Ran glanced suspiciously, but he didn’t see any clues, and he couldn’t feel any energy fluctuations, “It should be some kind of secret skill that is only on the surface!”

Immediately afterwards, Yin Ran snorted softly; a layer of armor-shaped shield appeared on her body—obviously, Yin Ran condensed this layer of armor shield with the help of some special treasure.

At this moment, most of the broken willow branches shot towards Xu Ming and Yin Ran.

Countless willow branches, almost at the same moment... detonated!

boom! ! !

burst!

burst!

burst! !

The moment the terrorist explosion began, the space collapsed directly into a huge “black hole”.

The appalling and terrifying power instantly enveloped Xu Ming and Yin Ran.

“Humph!” Yin Ran’s expression froze, and the armor and shield on his body were solidified a bit.

In the face of this “covering” explosive attack, it is impossible to dodge or parry, but to carry it hard.

boom! !

The terrifying power struck, Yin Ran gritted his teeth and held up the armor shield with all his strength.

However...

Click!

Click!

...

The surface of the armor shield was still blasted with a few cracks. Yin Ran’s face suddenly turned pale.

“The power of this self-destruction is stronger than I expected!” Yin Ran was horrified.

Immediately, she looked at Xu Ming worriedly—under the terrifying explosion, even she was slightly injured; then, what about Xu Ming? Shouldn’t he be seriously injured?

Seeing this, Yin Ran’s eyes widened in horror, and his face was stunned: “This...this...”

I saw Xu Ming’s face was light and cloudless, like a breeze; the big explosion just now didn’t seem to have any impact on him at all.

“how can that be!?”

Yin Ran has personally experienced the power of this wave of explosions!

Even she was slightly injured How could Xu Ming be fine? – But the fact is in front of her, Xu Ming really has nothing!

Xu Ming is indeed fine, it’s just... it’s a slam dunk when he hangs up! In the blink of an eye, there are hundreds of millions of level 6 hanging points!

However, Xu Ming has billions of level 6 hanging points on his body, and tens of millions, hundreds of millions, are irrelevant to Xu Ming.

Moreover, even if it really hurts Xu Ming, the big deal is to slaughter a few aliens!

In Xu Ming’s eyes, aliens are “automatic teller machines”!

What should I do if I don’t hang up? – Just look for an alien “take” point!

“Xu Ming, you...”

Yin Ran was about to say something when the second wave of more powerful self-destruction attacks arrived!

boom! ! !

burst!

burst!

burst! !

The power of this wave of explosions is obviously much stronger than the first wave.

Yin Ran's armor shield was directly blasted with more than a dozen cracks. And her face became even paler.

Xu Ming still looked like a breeze, like a breeze. He looked at Yin Ran and smiled kindly: "You are too tired to resist, you should go to the world ring first and have a rest!"

Xu Ming's tone was very calm and kind; but Yin Ran still felt that Xu Ming had a thorn in his words and was deliberately stimulating himself.

"I'm not going in!" Yin Ran pouted slightly and said stubbornly.

"Uh..." Xu Ming was speechless.

He really wanted to tell Yin Ran loudly – even if you are from the God's Domain, what is there to be stubborn in front of your brother? After all, brother is open!

However, of course Xu Ming couldn't say that, he could only say euphemistically: "But, if you stay outside and don't enter the World Ring, it's meaningless! – You might as well go to rest first, and wait for me to break through this huge willow prisoner. After the cage, I'll call you out again!"

Chapter 622: Protected

Xu Ming had already said it very euphemistically, but he didn't know which nerve of Yin Ran was touched.

Immediately, Yin Ran's reaction was extremely intense: "I won't go in! I'm fine! I just won't go in!"

Xu Ming was speechless: "I didn't say anything about you... I just think it's meaningless for the two of us to stay outside, isn't it? You should go to the world ring first, right?"

"If you want to go in, you go in!" Yin Ranjiao shouted, "I won't go in anyway!"

Xu Ming became more and more speechless – a goddess from the God’s Domain, her temper was stubborn. It’s obviously meaningless to be outside, but he just refuses to enter the world ring!

“Forget it...” Xu Ming thought tiredly, “If you don’t love it, don’t go in! Anyway, it’s not me who suffers...”

shhhhhhhhhh...

At this time, the third wave of “bomb rain” arrived again.

boom! !

This wave of “bomb rain” is even more powerful. Obviously, Da Liushu also felt the power of Xu Ming and Yin Ran, so each wave of the offensive was better than the next.

After the third wave of explosions, Yin Ran’s face became even more ugly, and Xu Ming’s hang-up point was also more flowing.

“You can’t go on like this!” Xu Ming’s expression was stern.

For three consecutive waves of “bomb rain”, it seems that the big willow tree has been self-exploding, but in fact, the damage to the big willow tree due to the self-explosion is minimal – you must know that the big willow tree can have hundreds of millions of branches; each branch is as long as hundreds of miles. But now, the big willow tree just broke every branch a few feet and exploded!

A few feet, a few hundred miles—this is a ten thousand-fold difference!

In other words, with a self-destruction like just now, Big Willow can play another 10,000 times!

10,000 times...

Don’t say 10,000 times, just a thousand times will blow up Xu Ming’s hanging point!

“The body is huge, it’s too dominant!” Xu Ming couldn’t help sighing.

In terms of strength, this big willow tree is only a four-step Taoist master. But... its size is too huge, which makes its strength impossible to judge with conventional cognition!

Like Yin Ran, his strength is at least comparable to the Eight-step Daoist;

As for Xu Ming, it was also because of his “IQ crushing” and “energy shield” that he was able to firmly gain an advantage in front of the big willow tree – and the price of the advantage was that the hanging point would flow.

“The strength of this big willow tree is estimated to have reached the nine-step Taoist master!”

The big willow tree of the four-step Taoist master has the strength of the nine-step Taoist master – beyond the fifth level, it is simply abnormal!

You must know that from the seven-step Daoist onwards, the difference in strength is very terrifying for every level of difference.

Like Xu Ming, because the Heavenly Dao of Fire’s perception is close to the limit of the half-step Daoist, plus the self-created god-level secret technique “Reincarnation Disruption”, and in the open state – the strength can be comparable to the seven-step Daoist.

However, even if Xu Ming’s perception of the Heavenly Dao of Fire reaches the fourth-step Taoist master, his strength may not be comparable to the nine-step Taoist master! Because... the seven-step Taoist master, the eight-step Taoist master, and the nine-step Taoist master, the gap is too big!

In other words, the strength of the big willow tree is comparable to opening a plug-in!

“The current big willow tree should be just a tentative self-destruction!” Xu Ming guessed, “When it finishes its trial, I’m afraid it will be the time when it will really go all out...”

Xu Ming’s guess was absolutely correct!

Before the fourth wave of “bomb rain” arrived, Xu Ming was horrified to see that the big willow tree had broken countless willow branches “fifty feet” long!

Fifty feet is one hundred and sixty-seven meters!

Using billions of such long willow branches to self-explode, the power of the explosion is probably dozens of times that of the previous explosion!

“Not good!” Yin Ran’s expression changed instantly.

The previous explosion had already injured her. Now, the power of the explosion has increased dozens of times?

shhhhhhhhhh...

Without giving Xu Ming and Yin Ran much time to think about it, hundreds of millions of willow branches have already burst forth.

Of course, even if there is time to think about it, it is useless! – The scope of the Willow Branch Cage is so large, Xu Ming and Yin Ran are unavoidable!

“What should I do?” Yin Ran smelled the breath of death.

die...

To be honest, Yin Ran is not afraid of death.

However, if he died in the Endless Continent, it would simply be a sinkhole for Yin Ran to capsize!

and...

“If I die here, father and the others, I’m afraid they don’t know how I died!”

Of course Yin Ran wanted to go back to the realm of the gods; however, she had no way to go back for the time being.

“No, I can’t die!”

Yin Ran was even a little desperate.

She never thought to ask Xu Ming for help – after all, even she from God’s Domain was already desperate; what could Xu Ming from the little endless continent do?

at this time-

“Come to my world ring!” There was a domineering arrogance in Xu Ming’s tone.

Yin Ran’s self-esteem was suddenly stimulated again: “I won’t go in!”

“Don’t go in, your sister!” Xu Ming scolded directly, “Get in, don’t hold me back!”

Yin Ran was directly scolded and forced.

“He... he dares to scold me!?” Yin Ran’s face was full of disbelief.

You must know that even in the realm of the gods, Yin Ran’s identity is extremely respected! From childhood to adulthood is a collection of thousands of pets; let alone being scolded, I have never heard a few words even a little more serious.

But now, Xu Ming from the Little Endless Continent “scolds” her...

“Do you dare to scold my sister? Do you dare to tell me to get in? Do you dare to say that I am holding back?” Yin Ran suddenly felt extremely aggrieved.

“Stop grinding!” Xu Ming opened the world ring directly, “swallow” to Yin Ran, “Give me in, you!”

I don't know if it was because of ignorance or because of something else; Yin Ran was "swallowed" into the world ring without any resistance.

Inside Xu Ming's world ring, a thousand miles of wilderness. This kind of world ring, in Yin Ran's eyes, is naturally very low-level.

"I..."

However, Yin Ran's mood at the moment was extremely complicated.

She is not a fool, of course she knows that Xu Ming is not really scolding herself, but wants to enter the world ring.

"I was actually protected by Xu Ming..." Yin Ran looked strange.

Being protected, this is really normal for Yin Ran! —From childhood to adulthood, she has been protected by countless people; even, it made her feel that it was annoying to be protected!

Really annoying!

Even if it is to participate in the "trial of life and death" and other tests in God's Domain, in fact, there are superpowers who secretly protect her.

This kind of protected life makes Yin Ran tired! So, in a fit of anger, Yin Ran ran away from home... Later, when he encountered danger, he triggered a random teleportation talisman and teleported to the battlefield of all races, which was extremely far away from the realm of the gods.

But this time, the feeling of being "protected" made Yin Ran feel very different.

As for what was different, she couldn't tell.

"I don't know, what is Xu Ming's current situation..." Yin Ran couldn't help worrying.

In this fourth wave of “bomb rain”, even she smelled the danger of death! Xu Ming, can you bear it?

Chapter 623: Teleport

Xu Ming, can you bear it?

Of course!

But...why does Xu Ming have to take it hard?

Just at the moment when the fourth wave of “bomb rain” exploded

“Absolutely invisible!”

Xu Ming directly activated the “absolute stealth” link.

boom! ! !

The terrifying power that was dozens of times more terrifying than the previous three explosions exploded!

rumbling...

The space around Xu Ming collapsed and annihilated into a pitch-black black hole. At this level of power, space is as fragile as paper.

boom

boom

The terrifying power swept up and down the four directions, sweeping the entire willow branch cage.

Every inch of the cage was annihilated.

However, when the terrifying power collided with the cage barrier formed by billions of willow branches, all of them were blocked and the billions of willow branches were coiled together. How tough and indestructible!

rumbling...

The power of destroying the sky and destroying the earth raged for dozens of breaths in the willow-twig cage, and then it slowly began to subside.

Of course, the space inside the cage was still violent and chaotic.

“What about the human?”

Da Liushu released his mental power, and carefully probed every corner of the cage, but found no trace of Xu Ming.

“Um?”

It carefully probed countless willow branches into the cage; however, still nothing was found.

“Could it be... Those two humans were both blown to ashes in the explosion just now!?”

Big Willow thinks that this is not impossible!

“Humph! Dare to covet my treasure? This is your fate!” Big Willow thought bitterly.

Immediately, the big willow tree couldn't help but feel distressed about this battle. Its hundreds of millions of willow branches were damaged by more than “1%”!

One percent seems to be only a small amount of damage; but you must know that the bigger the body, the harder it is to recover! This 1% damage, even if the big willow tree spends tens of thousands of years, it is difficult to recover!

“Damn! Damn!”

The Great Willow Tree is an invincible existence in Brahma Divine Kingdom; anyone who dares to invade its territory will be easily killed by it. This is the first time it has suffered such a serious injury!

...

In the willow branch cage, the violent power that destroyed the sky and the earth gradually subsided. The annihilated space gradually began to heal.

The big willow tree looked carefully at the empty cage: “Humph! Sure enough, they are all dead!”

Immediately, its billions of willow branches began to be withdrawn.

But at this moment...

Whoa!

Xu Ming’s figure jumped out of thin air.

“Huh!?” The big willow tree was stunned, and even the hundreds of millions of willow branches froze.

After a while, it made a thunderous sound, full of disbelief: “You... are you okay!?”

Da Liushu found that Xu Ming seemed to be completely fine, and he didn’t even have any injuries on his body!

“Hey!” Xu Ming laughed twice.

Even the “absolute stealth” has been posted, what can Xu Ming do?

“Without the drag of the pig teammates, it’s cool to use your fists and kicks!” Xu Ming secretly said.

When Yin Ran was there, Xu Ming was worried about exposing the secrets of cheating, so he did not dare to use many methods at will; he was also timid when fighting.

Now that Yin Ran was blasted into the World Ring by him, Xu Ming was alone, so he no longer had any concerns! All kinds of plug-ins, open if you want! All kinds of means, how to display how you want to display!

As for whether the big willow tree will discover some of Xu Ming’s secrets?

Even if it is discovered, so what, anyway... Xu Ming didn’t intend to let this big willow tree go!

“Kill!” Xu Ming’s figure was like electricity, and he directly raised his gun and slammed into the inner wall of the cage.

“Roar!”

In the entire cage, the furious roar of the big willow tree echoed.

Countless willow branches, entwined into a huge angry fist, slammed towards Xu Ming fiercely.

At the same time, more willow branches, like the tentacles of the devil, densely wrapped around Xu Ming, trying to wrap Xu Ming into a silkworm cocoon.

“kill!”

Xu Ming turned a blind eye to the willow branches in the sky; he still carried his spear, facing the angry fist formed by the entanglement of the willow branches, rushing up.

“Small human beings!” The roar of the big willow tree reverberated between heaven and earth.

However, at this very moment...

Xu Ming’s figure suddenly disappeared!

“Where is the human!?” The big willow tree once again forced the human being, how can it disappear when it disappears?

Immediately after...

Or, almost at the same moment! The big willow tree suddenly felt that its “trunk body” suddenly hurt.

It “looked down” and found that Xu Ming, a small human, actually appeared beside its main body! A shot came in angrily, and on its trunk, a large hole of several dozen meters was blasted.

“How come there!?” Big Willow was shocked and angry, unable to understand.

Xu Ming just smiled coldly.

Can’t understand?

Just can’t understand it!

“Teleport” hanging, how can this stupid plant life understand? That’s right, just at that moment, Xu Ming activated the “teleport” hook, and teleported directly from the underground to the trunk of the big willow tree.

The poor big willow tree, before he could react, was attacked by Xu Ming without any defense.

However, Xu Ming was still not satisfied: “I shot with all my strength, and I just blasted out a hole of several dozen meters... The trunk of this big willow tree is ten kilometers thick; Dozens of shots, hundreds of shots!”

However, those hundreds of millions of willow branches would not allow Xu Ming to shoot dozens of shots in the same place!

“It seems that it is impossible to kill this big willow tree with a material attack!”

The size of the big willow tree is too huge! Next to the big willow tree, Xu Ming was as small as a mosquito.

Although Xu Ming’s attack was strong, it could fall on the huge body of the big willow tree.

Although the piercing was quite painful, in fact, it didn’t do much damage to the big willow tree.

Since material attacks don’t work, then...spiritual attacks!

...

rumbling...

The overwhelming willow branches attacked Xu Ming again.

boom!

I saw Xu Ming’s eyes suddenly become extremely deep, like a dream.

Heaven-level illusion attack secret skills dream lost!

call out

A phantom instantly disappeared into the trunk of the big willow tree.

“Roar!”

The big willow tree roared in pain in an instant, and hundreds of millions of willow branches danced wildly; obviously, it had sunk into some unknown illusion.

Xu Ming was instantly overjoyed: “Mental defense is really the weak point of the big willow tree!”

But even the weak points are already very scary! You must know that although Xu Ming’s strength is only a seven-step Taoist master, but because of the effect of “intelligence quotient crushing”, his attack on the big willow tree has an additional bonus!

To Da Liushu, Xu Ming’s illusion attack was equivalent to the master level of the Nine Steps!

Chapter 624: Take Home

“Roar!”

“Roar!”

The big willow tree kept roaring in strange pain, and hundreds of millions of willow branches danced wildly in the void, passing through hundreds of millions of pitch-black space cracks.

Soon, however, the hundreds of millions of willow branches stopped in unison.

“Shameless human being, you actually used an illusion attack!” The big willow tree roared.

“It broke free from the illusion...” Xu Ming didn’t have many surprises.

Spiritual defense, although the weakness of the big willow tree, does not mean that it is very “scum”. It’s just a little weaker than its perverted material defense.

and...

Xu Ming is not very good at mental attack and illusion attack. Like “Dream Lost”, it’s just a heaven-level illusion attack secret skill.

“Suffer to death, shameless human!”

Hundreds of millions of willow branches rushed towards Xu Ming frantically.

At this moment, Xu Ming disappeared without a trace again.

“Huh!?” Big Willow was stunned again, “Where did it go!?”

It hurriedly searched its four directions, but still couldn’t see Xu Ming’s figure—of course it couldn’t, because this time, Xu Ming did not open the “teleport” link, but the “absolute stealth” link.

Xu Ming was on the spot, invisible!

“My illusion attack is still too weak!” Xu Ming thought to himself, “Also, the same illusion attack works best the first time you use it; if you use it later, the effect will be greatly reduced.”

Using one’s own weaknesses to attack the enemy’s weaknesses will naturally not get a lot of benefits.

“It seems that I have to learn a few spiritual attack secret skills in seconds to improve my strength!”

Xu Ming directly flipped through the artifact store.

“Heart Lamp Out: Demigod-level Spiritual Attack Secret Skill!”

“Gui Lian Heng Huo: Demigod-level Spiritual Attack Secret Skill!”

“Flying: Demigod-level illusion attack secret technique!”

...

“In the 6th-level artifact store, there are all demigod-level secret skills, and I can’t find god-level secret skills!” Xu Ming secretly said, “Forget it, demigod-level is only half-god-level, let’s learn it soon!”

Xu Ming was about to learn it in seconds, when he suddenly had an idea: “Even if you learn a few more secret techniques of spiritual attack, you are still far from killing the big willow tree! Besides, it is a pity to kill such a powerful big willow tree like this! Why don’t you learn a secret technique of soul slavery!”

slavery?

That’s right, Xu Ming did think about enslaving the big willow tree!

Although, to perform soul enslavement, the soul needs to be much stronger than the other party, in order to be successful! – For example, the big willow tree has the strength of the nine-step Taoist master; if you want to enslave it, you must at least have the soul strength of a demigod.

But... it’s okay to play casually, what if it succeeds?

“Then learn this “Blood Slave Mark”!” Xu Ming is so self-willed, if he wants to play casually, he can play casually!

After buying the second-learning version of this demigod-level “Soul Slavery Secret Skill”, Xu Ming succeeded in learning it in seconds, and learned the complete “Blood Slavery Mark”.

“Try it!”

Xu Ming stroked his wrist lightly, and a bloodstain appeared in an instant.

A drop of blood oozes along the bloodstain.

He dipped some blood with his fingers, and then Xu Ming started to draw directly in the void. A “Soul Slave Mark” made of blood formed quickly.

Xu Ming didn't move his body, just moved his hands with both hands, so he was still in a state of "absolute stealth"; however, the "Soul Slave Mark" he drew was not stealth!

"Huh!?" Big Willow looked puzzled—if it had a face, "what is this?"

Although he has doubts, the big willow tree knows with its roots that this is definitely not a good thing for him.

Moreover, the big willow tree felt a strong threat on this blood-colored talisman.

"Destroy it!"

Countless willow branches slammed towards this blood-colored sigil.

But, it's too late!

"go!"

With a wave of Xu Ming's hand, this soul slave seal was directly printed on the trunk of the big willow tree, and then penetrated into the big willow tree's sea of consciousness!

"This is..." Big Willow suddenly became anxious, "Shameless human being! What are you doing? – You want to enslave me?"

"Roar!"

The willow branches all over the sky danced wildly, tearing apart the void.

"Want to enslave me? You're so naive!"

Bang!

The Soul Slave Seal invaded the sea of consciousness of the big willow tree, and wanted to forcibly engrave Xu Ming's mark on its soul.

As long as the mark can be successfully engraved, it is the success of enslavement!

“roll!”

“roll!”

“Get out of my sea of consciousness!”

In the sea of consciousness, the soul of the big willow tree kept roaring. Once the blood-colored sigil wants to approach, it will be shocked back.

“Humph!” Xu Ming was also angry, “How dare a small tree be arrogant in front of me!?”

hum—

Xu Ming's spiritual power was continuously transmitted to the soul slave imprint, strengthening the soul slave imprint.

And the big willow tree set off a wave of spiritual power, impacting and consuming this soul slave mark.

In this way, one person and one tree fell into a long war of attrition.

“Break it for me! Break it! Break it!” Xu Ming manipulated the soul slave imprint, breaking through the waves of spiritual power of the big willow tree again and again.

“Shameless human beings, get out of here!” The big willow tree constantly set off a wave of spiritual power to defend his soul.

The two sides are constantly colliding and consuming.

Obviously... Xu Ming is clearly at a disadvantage!

The soul slave mark quickly became smaller and lighter, until it disappeared completely with a “bang”.

“Hahahaha, shameless human being! If you want to enslave me, you are still a long way off!” Big Willow growled, “Even if you are a demigod, don’t even think about enslaving me!”

“Fuck!” Xu Ming cursed reluctantly.

If he can successfully enslave this big willow tree, then Xu Ming will undoubtedly have another trump card.

Sadly, slavery failed.

“Is that so?”

If this is the case, Xu Ming can only give up his mental attack, continue to use material attack, and slowly grind the opponent to death.

Or, just stop playing! -Xu Ming used his “teleportation” to get that piece of divine-turning blood jade, and he would definitely catch it.

but...

Just letting this big willow tree go, Xu Ming always felt unwilling – it would be great if he could enslave this big willow tree! In the future, I will take the servants of the big willow tree and go out to show off my power. How cool!

“How to do?”

Xu Ming was melancholy – he really wanted to enslave the big willow tree, but his strength was obviously still a little short.

Suddenly, a flash of light flashed in Xu Ming's mind: "Why not..."

When the achievement of "Thousand People Kill" was achieved, Xu Ming had already activated the "Second Avatar"!

"If I take the big willow tree and use it as my second avatar..." Xu Ming couldn't help thinking.

This big willow tree can grow to a height of more than a hundred miles, and its rarity is no less than the "divine beast" of the demon clan! Moreover, its strength is definitely stronger than that of the beasts of the same level, only stronger than weak!

To be honest, in a short period of time, Xu Ming will have a hard time finding a better "second avatar"!

"Since the enslavement fails, then... take the house!"

Chapter 625: Soul Fighting

To seize the body, to put it bluntly, is to destroy the soul of the opponent and occupy the body of the opponent!

This is a "hand-to-hand battle" between souls!

And the first step is to give up your own body and gather all the essence of life into your soul!

"Give it up, let it go!"

The essence of Xu Ming's avatar is actually all in his soul.

His soul has been baptized in the Canned Sword Tower and absorbed a lot of soul nourishing power; the soul of the clone is even stronger than the soul of the deity!

On the contrary, it is the physical body, which is unremarkable. Even if it is abandoned, there is nothing to feel bad about. It's a big deal, just spend some time hanging up and reunite your body.

“Such a powerful soul is perfect for controlling such a huge body!”

Before, Xu Ming never thought that he would become a tree one day; but now, the more Xu Ming thinks about it, the more reliable he feels!

What happened to being a tree?

As long as the strength is strong, it is king!

Xu Ming dared to conclude that if he could successfully seize the house, then the Big Willow avatar would definitely be much stronger than the human avatar!

Moreover, Xu Ming can now have two clones in addition to the deity. A clone was given to Da Liushu, and he can still have a human clone!

“Then... do it!”

Xu Ming teleported, and then teleported to the depths of the pink fog.

The thick fog cut off the sight, and also cut off the spiritual exploration; the big willow tree could not find any trace of Xu Ming at all.

“Put the body here first!”

Immediately afterwards, Xu Ming’s soul slowly sat down cross-legged in the sea of consciousness.

The essence of life energy in the whole body began to gather towards the soul.

His soul gradually bloomed with holy light, which was touching, while his body slowly withered.

At the same time, the world ring was also held in the “hand” of the soul.

Bang!

Suddenly, Xu Ming's body's aura was cut off, while his soul's aura was extremely strong.

“kill!”

Xu Ming's soul shot directly from the heavenly cover of the flesh.

“Roar!”

“Roar!”

At this moment, the big willow tree was dancing wildly with hundreds of millions of willow branches, puzzled and angry—where did the tiny human go?

Whoosh!

Suddenly, Xu Ming's fist-sized soul, but shining with holy light, teleported to the trunk of the big willow tree.

“Roar?” Big Willow was startled – what's the situation?

Immediately, a strong unease arose in the heart of the big willow tree.

“You want...?” Big Willow realized something in vain, and hundreds of millions of Willow branches madly charged towards Xu Ming.

“Humph!” Xu Ming just smiled disdainfully, and then directly bumped into the big willow tree.

Things at the material level cannot hinder things at the soul level.

It was as if Xu Ming had burrowed into the water, with almost no obstacles, he crashed into the body of the big willow tree. Afterwards, Xu Ming smashed Huanglong and smashed directly into the sea of consciousness of the big willow tree.

“Shameless human beings! Small human beings! What are you doing? You want to take me away!?”

The big willow tree is completely angry!

Shameless!

So hateful!

This shameless human is really doing everything he can! – I failed to enslave myself just now, but now I actually want to take myself away!

How can there be such a shameless human being in the world! ?

“That’s right! I want to take you away!” Xu Ming smiled coldly, his tone full of victory.

Immediately afterwards, the holy light on Xu Ming’s body quickly condensed into a golden pagoda; the top of the pagoda was sharp, and dazzling secret patterns circulated on the body of the pagoda—exactly when Xu Ming was in the thick fog, half of what he learned in seconds. The god-level “secret technique of seizing the house”, “The Tower of Ming and Destruction”!

“Roar!”

At this time, the billions of branches of the big willow tree are useless. Next, it will be a “hand-to-hand fight” between pure souls.

“Come on!” The big willow tree roared wildly, “I want to see if you took me away or I devoured your soul!”

“Humph!” Xu Ming just hummed disdainfully.

“Want to devour my soul?”

Xu Ming didn’t dare to say that he would definitely succeed in seizing the house, but even if he failed, he would leave with a teleport, and the big willow tree couldn’t help him at all.

Come when you want, go when you want!

Besides, since Xu Ming is here, he doesn’t plan to leave! – He wants to use the body of the big willow tree as the “home” of his soul.

boom!

The gleaming “Tower of Brightness and Destruction”, spinning at high speed, crashed into the sea of consciousness of the big willow tree.

The tenacious sea membrane wall of consciousness was instantly blasted. Xu Ming’s soul took advantage of the situation and entered the sea of consciousness.

“Roar!” The soul of the big willow tree is a miniature willow tree, not much bigger than Xu Ming’s soul; however, its soul strength is very high, “How dare you break into my sea of consciousness, you are doomed. !You are dead!”

“It’s dead?” Xu Ming had a look of disdain on his face, “Isn’t it?”

“Humph!” Big Willow groaned angrily, “This is my sea of consciousness, my absolute home ground! – My soul, here can exert its strongest combat power; and when you come here, you can only be suppressed. !”

“Oh? Really?” Xu Ming said lightly.

“Humph! You can’t enslave me, so you want to take me away? It’s so naive!” Big Willow roared, “Do you think that taking the house is easier than enslaving? – Since you Come, just die here, hahahaha...”

Xu Ming was suddenly speechless.

This stupid big willow tree can still laugh?

Of course Xu Ming knew that under normal circumstances, “seizing a house” was indeed no easier than “slaving”. In this case, why did Xu Ming choose to “seize the house”?

because...

In Xu Ming’s case, there is no such word as “normal situation”.

hum...

Xu Ming’s soul was suddenly covered with a light blue shield!

“Energy Shield” hang, open! – The soul can also be opened and hung!

The soul of the big willow tree is very strong?

Is it difficult to win?

When the “Energy Shield” hangs out, it’s all clouds! – Wearing an “energy shield”, Xu Ming is invincible before the hang point is exhausted!

“Kill!” Xu Ming pounced directly on the soul of the big willow tree.

“Kill!” Big Willow is fighting at home, and the combat power that the soul can exert has reached its peak. It also had no fear and killed Xu Ming.

boom! boom! boom! boom! ...

Intense soul-to-hand combat unfolds in the sea of consciousness of the big willow tree.

The soul of the big willow tree has the upper hand!

On the contrary, Xu Ming was completely at a disadvantage!

Countless willow branches whipped Xu Ming frantically; and Xu Ming could only fight back occasionally.

“Die! Die!” The big willow tree became more and more excited.

But soon, the big willow found that something was wrong!

It does completely take over, it’s not fake! But the problem is... no matter how frantically it beats, Xu Ming has never been injured in the slightest; on the contrary, Xu Ming occasionally fights back, but it always makes it a little weaker.

“Occasionally fight back” again and again, “slightly weak” again and again. Unconsciously, the soul of the big willow tree was weakened by half.

Chapter 626: Mental Strength

“not good!”

The bigger the willow tree is, the more afraid it is—its opponent is too strange; it is obviously weaker than it, but all its attacks, falling on the opponent, are like a stone sinking into the sea, unable to cause any damage.

How to fight such a battle?

“Humph!” Xu Ming became more and more vicious the more he fought.

After collisions again and again, although Xu Ming’s “person” is fine, but his “hanging point” has something to do! – In this soul-to-soul battle, Xu Ming’s hang-up point has already flowed out hundreds of millions!

“Human, human!” The big willow tree shouted again and again, “Let’s stop! Let’s stop! – Aren’t you going to transform the blood jade? I’ll give it to you!”

Xu Ming sneered: “It’s too late.”

Xu Ming had already exposed so many trump cards in front of the big willow tree, how could he let the big willow tree live!

“Energy shield” is not bad, it can be explained perfunctorily with special protective treasures. But once the secret of “teleportation” was leaked, Xu Ming would be in trouble!

You must know that Xu Ming has never seen any records about “teleport”, and he has never heard of any legends about “teleport”! – If other great masters know that he will “teleport”, it is conceivable how much trouble it will cause!

In order to avoid trouble, the easiest and safest way is naturally – silence!

and...

This big willow tree caused Xu Ming to consume hundreds of millions of hanging points.

Furthermore...

It would be a pity for Xu Ming to miss such a good “Clone”!

So, no matter what, the big willow tree is dead!

Xu Ming won the house, also won!

boom! boom! boom! ...

The soul fights meelely, continuing to collide again and again.

The big willow tree is getting weaker and more desperate: “Let me go, don’t take me away, I am willing to be your soul slave!”

Although, if you become a soul slave, you will lose yourself from now on; a fanatical soul slave, even thinks the master is more important than himself.

However, it is better to die than live!

Dead, but nothing left!

“It’s too late.” Xu Ming said indifferently, “Right now, I’m only interested in winning the house!”

“Why!?” The big willow tree roared unwillingly, “You are a human! If you took me away, you lost your human identity! – What about you?”

This kind of thing happens very rarely. One is because it is very difficult to seize the house, and only people whose strength is much weaker than him can be seized; the second is because, after the house is taken, he will lose his original body.

but...

These two problems, in Xu Ming here, do not exist.

“This... you don’t have to worry about it!” Xu Ming sneered, “Go in peace!”

“No—” Big Willow was extremely angry and unwilling.

However, its soul has become weaker and weaker, as if it may be blown away by the wind at any time.

“You forced me! You forced me!”

Suddenly, the entire soul of the big willow tree was on fire.

It’s going to... blew itself up!

Not only self-exploding the soul, but also self-exploding the entire body!

“Want to take me away? Dream! Hahahaha...” The big willow tree roared furiously, “Let’s die together! Let’s die together! I don’t believe that you can still survive under such self-destruction!”

Before, the most powerful self-destruction of the big willow tree was only the explosion of hundreds of millions of “fifty-zhang” willow branches.

But now, the big willow tree is about to explode its huge body that is more than a hundred feet tall! – The power of self-destruction will be a hundred times, a thousand times greater than before! I am afraid that it is even more terrifying than the full blow of the demigod!

“Damn it!” Xu Ming was horrified.

Of course he’s not afraid of blowing himself up! – No matter how strong the self-destruction is, Xu Ming’s “absolute stealth” to hide, it will be over!

However, if the big willow tree blew itself up, wouldn’t Xu Ming be busy doing a bit of work and stealing chickens without losing rice?

“No! Never let it explode!” Xu Ming frantically killed the soul of the big willow tree.

The only way to stop the Big Willow from self-destruction is to kill its soul before it explodes!

boom!

Xu Ming’s iron fist burning with rage slammed into the soul of the big willow tree. Its soul is a little weaker again.

However, the big willow tree laughed wildly: “It’s useless, you can’t stop me from blowing myself up! Let’s die together! Hahahaha...”

Can’t stop?

Xu Ming does not believe in evil!

boom! boom! boom! ...

One punch after another, as fast as lightning!

“Hahahaha...” The big willow tree’s breath quickly weakened, but it also laughed more and more madly, “Don’t struggle, let’s die together!”

“Oops!” Xu Ming’s expression changed suddenly.

In the process of winning the house, it is common for the victim to self-destruct; however, the success rate of self-destruction is often very low—because, usually, the strength of the victim completely crushes the victim. .

Even if the victim wanted to explode himself, he couldn’t explode, so he was suppressed.

And now it’s different.

Xu Ming’s strength is not stronger than that of the big willow tree; he is bullying the big willow tree entirely by relying on the “energy shield”. Now, when the big willow tree wanted to explode, Xu Ming naturally did not have the absolute strength to suppress it.

“Could it be... that all the previous efforts have been abandoned like this?”

So much energy was wasted in vain Hundreds of millions of hanging points were wasted in vain – Xu Ming was of course not reconciled.

However, if you are not willing, what can you do?

“I’m still too weak!”

Xu Ming deeply felt the lack of strength!

However, even if he was weak, Xu Ming was still reluctant to accept his fate like this.

“Break it for me!!”

Xu Ming’s expression was as ferocious as a devil.

“Hahaha... You can’t stop me, don’t waste your efforts!” The big willow tree was still full of ridicule.

“Broken! Broken! Broken! Broken! Broken! Broken!”

suddenly-

Xu Ming felt that an incomparably powerful force burst out from the depths of his heart.

“This is...?” Xu Ming was horrified.

He could clearly find that this powerful force originated from his “heart of reincarnation”.

“Could it be... this is the power of the heart – the power of the heart!?”

Between the lights and flint, Xu Ming didn’t have time to think about it.

“break!!”

boom!

This punch contains Xu Ming’s powerful spiritual power, his understanding of the way of heaven, and even more mysterious and terrifying mental power – all the strengths, under the crazy improvement of fighting plug-ins, are under the “intelligence quotient crushing”. With the addition, Xu Ming’s combat power has soared to the extreme!

To Da Liushu, Xu Ming's combat power at this moment is comparable to a "demi-god"! – Of course, this is only for Da Liushu; for other opponents with "normal IQ", Xu Ming's combat power is equivalent to the Eight-step Daoist.

The soul of the big willow tree has become extremely weak under the "hand-to-hand combat" again and again; in addition, how can it think that Xu Ming's strength will suddenly soar a lot.

boom-

Unprepared, the already weak soul of the big willow tree was directly bombarded with no **** left.

Chapter 627: 2Nd Clone

"This..."

Even Xu Ming himself was stunned, completely dumbfounded: "I actually... killed the soul of the big willow tree with one punch?"

Although the soul of the big willow tree is already weak, but with Xu Ming's strength, it is impossible to kill him with one punch!

"It's the power of the mind! It's the power of the mind!"

The power of the mind is ethereal and illusory, but it is real.

Although Xu Ming has understood the "heart of reincarnation", his mental strength is much stronger than that of the existence at the same level; however, in addition to making Xu Ming's will more firm, it failed to bring Xu Ming a trace of real power.

And now, Xu Ming feels the power of "mind force"!

This power is incomparably mysterious, majestic, and powerful, and it seems to originate from the very depths of the soul. If mortals can possess this power, I am afraid that they will be able to directly compete with the "One Step Master"!

“Is this mind power?—so mysterious, so incredible!”

How did Xu Ming know that he was just getting started with the understanding and application of mental power, and it could only be regarded as “the first level of mental power”.

And if you can reach the “third level of mental strength”, even mortals can match the real gods!

However, every level of mental power is a huge transformation of the soul. It is even more difficult to reach the “third level of mental power” than to directly comprehend the way of heaven and become a god!

Gods, in the long history of Endless Continent, there have been several. But “the third level of mental power” has never been reached by anyone!

Even, let alone “the third level of mental power”, no one has set foot in the “second level”. There are only a handful of “first-level” ones.

Xu Ming naturally didn’t know this. He thought that his understanding of mental strength was already very profound!

But now, Xu Ming doesn’t have time to think about the power of mind, he is busy “taking over” the huge body of the big willow tree!

As soon as he came up, Xu Ming directly and arrogantly refined the sea of consciousness of the big willow tree; then, his consciousness tentacles, like a tide, extended to every corner of the body.

How huge is the body of the big willow tree!

The trunk alone is more than a hundred miles high!

Hundreds of millions of willow branches, each hundreds of miles long.

And underground, there are powerful roots that spread hundreds of miles!

“too big!”

Because of Xu Ming’s powerful mental power, he felt that it was a little difficult to control the body of this huge willow tree.

“This...is my second avatar!” Xu Ming sighed inwardly, “It’s just that, just after winning the house, I haven’t quite gotten used to this willow avatar!”

Soon, Xu Ming discovered another problem – such a huge body and plant life, it seems a little difficult to move!

To be precise, it is more than a little difficult, it is very difficult!

God is fair!

Since this big willow tree was given such a huge body, there must be other limitations – such as mobility.

Otherwise, if this big willow tree becomes a demigod, wouldn’t it swept the entire endless continent directly?

but...

For Xu Ming, who is open, there is no concept of “fairness”.

Is the movement ability of “willow clone” not good? – It’s not a problem! The big deal, just open the “teleport” and hang it to move!

Damn, I don’t believe anyone can move faster than teleportation!

clap la la...

clap la la...

Hundreds of millions of willow branches swayed wantonly – it was Xu Ming who was carefully feeling this strange new body.

To be honest, a good person suddenly turned into a big willow tree... Xu Ming was really uncomfortable!

However, the strength of the willow avatar is obviously stronger than that of the human avatar; even if he doesn't adapt for the time being, Xu Ming has to get used to it slowly – after all, in this world where martial arts are respected, only strength is king.

“How strong am I now?”

Xu Ming couldn't help feeling it.

In terms of understanding of the Dao of Heaven, Xu Ming is naturally not as good as Da Liushu—Da Liushu's understanding of the Dao of Heaven has reached the level of a four-step Dao Master; and Xu Ming, the most profound understanding of the Dao of Fire, is only close to the limit of a half-step Dao Master.

Including the Heavenly Dao of Wind and the Heavenly Dao of Water, Xu Ming's strength in the Heavenly Dao is roughly equivalent to the ultimate half-step Daoist.

The body of the “willow avatar” is unparalleled! Without the use of plug-ins, Xu Ming can probably exert the combat power of the five-step Taoist master and the sixth-step Taoist master!

Of course, this does not count the power of “mind force”! “The first level of mental strength” is enough for mortals to rival the One Step Master.

Once Xu Ming uses his “mind force”, then the strength of the willow avatar should be comparable to... Seven-step Daoist!

Although, from the seven-step Daoist up, every level of difference, the strength gap is extremely exaggerated. But as soon as the plug-in is turned on, Xu Ming's “willow clone” should be enough to match the Nine Steps Daoist!

What a powerful hole card this is!

“Uh... Let’s recreate the human clone first!”

Xu Ming now, in addition to the main body, can also have two avatars! One avatar quota was given to the Willow avatar; the only remaining avatar quota was naturally given to the original human avatar.

hiss... hiss...

One of the hundreds of millions of willow branches on the willow branch drilled into the depths of the pink fog like a snake.

Soon, the willow branch rolled around Xu Ming’s withered body and dragged it out.

“Xiaohang!” Xu Ming’s willow avatar shouted in his heart, “Using my original body as a template, a avatar is born!”

Xu Ming’s strength has improved now, and the hanging points needed to nurture the clone will naturally rise. After deducting tens of millions of level 6 hanging points, a special energy containing a strong breath of life directly enveloped this withered body.

The withered flesh re-blooms at a speed visible to the naked eye. The position of the sea of consciousness, a new soul, is also slowly forming!

After about an hour...

Doppelganger breeds success!

“Forehead...”

Xu Ming’s human avatar looked up at his willow avatar, as if looking up at the endless majestic wonders of heaven and earth.

As for the willow tree clone, looking down at the human clone, it was as if he was looking at an incomparably small ant—oh no, it was a bacteria smaller than an ant.

“It’s a strange feeling...”

Xu Ming could feel that whether it was a human avatar or a willow avatar, it was an extension of his deity—but this extension was too mysterious and incomprehensible for mortals.

“World ring, come!” The human avatar waved, and the world ring originally on the willow avatar flew over.

“The willow clone is difficult to move, but... I can put it in the world ring!” Xu Ming thought very smartly, “When you need it, teleporting out of the world ring will definitely kill your opponent by surprise! ”

A big tree more than a hundred miles tall suddenly teleported out, scaring people to death!

“Just do it!”

Xu Ming slowly opened the world ring, preparing to make Willow clone clone and teleport into it directly.

Chapter 628: 1 Tree Fell From The Sky

Inside Xu Ming’s world ring is a barren land that stretches for thousands of miles.

Yin Ran, who was dressed in black, stood in the middle of the barren land with some confusion; in his expression, he could no longer pretend to be arrogant, but more like a helpless ordinary little girl.

At this moment, the pride from God’s Domain disappeared.

“I was actually... protected by Xu Ming...”

The more Yin Ran thought about it, the more incredible it became.

She was born in the superpower of God's Domain – Holy Emperor City. Since childhood, he has enjoyed the best cultivation and care.

The superpower of God's Domain, the means of cultivating genius, is simply not something that a "small place" like Endless Continent can understand. Like Yin Ran, she is only in her twenties, but her understanding of the way of heaven is already at the "half-god" level!

Moreover, it is not an ordinary demigod!

If it wasn't for the "Falling Soul Mist", then Yin Ran's strength might be even stronger than that of the "Sword Master"!

But now, Tangtang's "half-god power" has in turn been protected by Xu Ming, the "half-step master"...

Yin Ran couldn't tell what kind of feeling it was.

shame?

It stands to reason that Yin Ran should feel ashamed; but for some reason, she didn't feel ashamed at all, but felt a warm and strange feeling in her heart.

"I don't know, how is Xu Ming doing now..."

Yin Ran couldn't help but think.

She had been stuffed into the world ring by Xu Mingqiang for several hours; however, Xu Ming still did not contact her.

"Could it be that... Xu Ming and the big willow tree fought for several hours?"

In Yin Ran's opinion, if the battle is over, Xu Ming will definitely contact him.

However, Xu Ming did not contact her; this means that Xu Ming should have been unable to escape.

“But it’s also strange, why is Xu Ming’s strength so strong?”

Yin Ran could of course see that Xu Ming’s understanding of the Tao of Heaven was only close to the limit of a half-step Taoist master; but his strength was unbelievably strong.

“Even now, I am no match for the big willow tree; but Xu Ming, fighting against the big willow tree, can gain the upper hand...” Yin Ran thought in horror, “It’s unbelievable! I’m afraid it’s hard to find someone stronger than Xu Ming!”

Hard to find, doesn’t mean there isn’t.

After all, the realm of the gods is really too big! The territory under the command of the Holy Emperor City alone is countless times larger than the entire Endless Continent!

In God’s Domain, even a single piece of dust is more precious than the middle-grade Dao Stone of the Endless Continent!

The vastness and mystery of the God’s Domain is not at all what life on the Endless Continent can imagine!

But Yin Ran said with certainty—Xu Ming, even if he was placed in the vast Divine Realm, he would be hard to find a rival among his peers!

only...

What Yin Ran didn’t know was that the strength Xu Ming showed in front of her was just the tip of the iceberg.

Yin Ran also didn’t know that without her “hold back”, Xu Ming was not fighting the big willow tree, but just ravaging the big willow tree!

Just as Yin Ran was thinking about it—

Click!

The sky of the world ring was suddenly “opened”.

“Xu Ming opened the world ring?” Yin Ran couldn’t help being excited.

However, she was just beginning to get excited, and she thought of another possibility in horror: “Or... Xu Ming has been killed by the big willow tree, is the big willow tree refining Xu Ming’s world ring?”

Moreover, Yin Ran felt that the second possibility was obviously much larger than the first possibility!

For a time, Yin Ran’s mood was extremely complicated – not afraid! Yin Ran has other means to save her life. As long as she doesn’t love to fight, the big willow tree can’t help her at all.

“Xu Ming actually... died in order to save me...” Yin Ran couldn’t tell, what kind of mood she was in now, very sour, very self-blame, very guilty...

At this moment, Yin Ran saw a super large willow tree that was over a hundred miles high suddenly appeared in the sky above him.

Then, the big willow tree “dropped” directly from the sky.

“Sure enough!” Yin Ran was shocked and angry, “The big willow tree killed Xu Ming, and entered the world ring to come to me!”

“Damn willow tree!”

In Yin Ran’s eyes, there was a cold killing intent; in her hand, a thin sword that seemed to be extremely simple suddenly appeared.

The thin sword is three feet long, without the slightest breath, and looks no different from Fan Tie.

But in fact, this is a sealed... artifact!

A real artifact!

“This sword, even when I’m not poisoned, is difficult to control...” Yin Ran’s eyes had a hint of madness, “Now, I’ll use this sword to kill you, the monster, to comfort Xu Ming!”

When Xu Ming’s willow avatar entered the world ring, he saw Yin Ran, and he saw Yin Ran take out a very simple rapier.

“Huh?” Xu Ming suddenly smelled a great sense of danger, “This sword...”

This sword is so ordinary!

Unusually ordinary!

Xu Ming took his toes and thought about it, oh no, think about his willow roots and know that this sword is definitely not simple!

“Damn it, as soon as I came in, she drew her sword against me!?”

However, Xu Ming also knew that his willow clone suddenly entered the world ring, which could easily cause Yin Ran’s misunderstanding.

“Hurry up! Hurry up!” Willow clone shouted again and again.

“Stop?” Yin Ran’s eyes filled with murderous intent, “The willow monster, die!”

“Hurry up, you are my own!” Liu Shu’s clone became anxious.

“My own?” Yin Ran couldn’t help sneering, “I and you, the willow tree, are my own?”

“Yin!” At this moment, Xu Ming’s human avatar also appeared at the very top of the world ring.

“Huh!?” Yin Ran couldn’t help but startled, “Xu...Xu Ming, are you okay?”

“It’s okay...” Xu Ming was speechless, “What can I do?”

“Since you’re fine, then this big willow tree...?” Yin Ran looked at Xu Ming and the big willow tree suspiciously.

“Oh, this...” Xu Ming said casually, “This big willow tree has been enslaved by my soul!”

In order to avoid being too shocking to the world, Xu Ming of course did not dare to say that he took the big willow tree; now, the big willow tree is one of his clones. Instead, he made up a rhetoric, saying that the soul enslaved the big willow tree.

But even so, Yin Ran was still shocked enough: “Spirit... Soul slavery!?”

Yin Ran simply couldn’t imagine: “How did you do it?”

She had felt the power of this big willow tree, and she knew very well that even a demigod might not be able to enslave this big willow tree!

And now, Xu Ming enslaved the big willow tree?

“It’s soul enslavement...” Xu Ming said, “But I have to say, the strength of this big willow tree is really strong! Under my soul enslavement, I resisted fiercely for several hours before I was finally subdued. !”

Xu Ming said that he had nose and eyes, as if it were true.

“Uh...” Yin Ran was taken aback for a moment.

Chapter 629: Deposit

After Xu Ming's repeated explanations, it took a while before Yin Ran slowly accepted that Xu Ming really enslaved the big willow tree!

But she still couldn't believe it, and couldn't believe it: "Xu Ming, are you sure you have succeeded in enslaving? – Will this big willow tree break free and resist?"

Xu Ming was speechless: "My little aunt, you have asked this question more than ten times! – Don't worry, the soul has been enslaved very successfully, and it will never resist!"

Of course I won't resist!

After all, this big willow tree is actually a clone of Xu Ming. Is it possible to let Xu Ming resist himself?

"Oh..." Yin Ran said, "I'm not reminding you, be careful... In case it breaks free and resists..."

"There is no case!" Xu Ming really felt that he was so tired to explain!

"Be careful, there is nothing wrong!" Yin Ran said again.

"Okay okay!" Xu Ming was speechless, "I see!"

"Look, I'm not wrong, you still know in your heart, you have to be careful!" Yin Ran said immediately, "In this way, you must also know that the enslavement was not completely successful!"

"I..."

Xu Ming was so depressed that he almost wanted to tell Yin Ran the truth—this big willow tree is not his soul slave, but his clone.

However, in order to prevent unforeseen branches, Xu Ming held back and didn't say anything.

After a while, Yin Ran slowly stopped.

“You plan to plant this big willow tree in the world ring?” Yin Ran asked.

“Yeah!” Xu Ming nodded.

The space of the world ring is very large, and the barren land stretches for thousands of miles. It is enough to plant a large willow tree that is more than a hundred miles high.

“If there is any difficult battle in the future, I will directly summon the big willow tree from the world ring!” Xu Ming’s eyes flickered with anticipation – bullying people with the willow tree clone, it would be fun to think about it!

The big willow tree that was more than a hundred miles tall was suddenly thrown out of the world ring, scaring people to death!

Yin Ran is also a little envious: “This is indeed a very strong combat power! Even a demigod, if he encounters this big willow tree, he will have some headaches!”

“Okay, let’s leave the world ring first!”

“it is good!”

Yin Ran glanced at the big willow tree again in disbelief.

At this time, the big willow tree has taken root in the world ring.

It is said that “a single tree does not make a forest”, but a big willow tree with a height of more than 100 miles and hundreds of millions of willow branches is definitely bigger than a big forest!

“Walk!”

Whoosh!

Whoosh!

Xu Ming and Yin Ran, two figures one after the other, flew out of the world ring quickly.

...

The central area of the Sea of Delusions.

After the big willow tree was “pulled” away by Xu Ming, the area within a hundred miles suddenly became empty and chaotic.

The ground that was originally flat, at this time, has been stirred like a tofu brain – not only on the ground, but also in the depths of hundreds of miles underground.

The land of hundreds of miles on this side has directly turned into a bowl of bean curd.

Moreover, the roots of the big willow tree that were originally deep in the ground were originally huge. Now, the big willow tree has been moved into the world ring, and the whole earth has sunk down ten miles!

This is super powerful destructive power!

“God-turning blood jade is below, go down and get it!” Xu Ming said.

Yin Ran nodded slightly: “My spiritual tentacles have already touched the divine blood jade!”

puff!

After speaking, Yin Ran plunged straight into the depths of the ground.

Without the hindrance of the big willow tree, she easily came to the side of the god-turning blood jade.

The God-Transforming Blood Jade is a “brick”-like blood-colored jade.

The blood inside the jade is not some kind of powerful blood, but... the “Blood Essence” of the nature of heaven and earth!

Yes, heaven and earth are naturally blood vessels!

However, this kind of bloodline, hidden in the invisible, is an illusory existence; even the gods cannot spy on the natural bloodline of heaven and earth.

As for the God-Transforming Blood Jade, it is a trace of blood essence that occasionally leaks from the natural side of heaven and earth.

Not to mention in the Endless Continent, even in the Divine Realm, Divine Blood Jade is extremely rare and precious.

A well-established Divine Blood Jade is as valuable as an artifact! However, the essence of the Divine Blood Jade in front of him has been absorbed by the big willow tree; that’s why this big willow tree that is more than a hundred miles high was created.

“Although the essence of this Divine Blood Jade is relatively scarce, it can also help me reduce the toxicity of the ‘Soul Falling Mist’ and delay the outbreak of the poison!” Yin Ran secretly said.

Yin Ran’s strength is actually far more than the Eight-Step Daoist; it’s just that most of her strength is used to suppress the poison of the Fallen Soul Mist.

As long as the toxicity can be reduced, she will be able to exert stronger combat power!

And delaying the outbreak of the poison gave Yin Ran more time to find a way to detoxify.

“receive!”

Yin Ran suppressed the joy in his heart, and directly put the blood jade into his world ring.

Then, she looked at Xu Ming and said sincerely, “Xu Ming, thank you!”

If it wasn't for Xu Ming, then she would probably have a hard time getting this Divine Blood Jade. Or, even if you can get it, you have to pay a huge price, which is not worth the loss.

Xu Ming came to Yin Ran's side and smiled cheaply: "If you really thank me, then give me two Dao Spirit Fruits!"

Xu Ming was actually just joking, but he didn't expect that Yin Ran actually agreed: "Two, it's fine!"

"Eh?" Xu Ming couldn't help but stunned – happiness came so suddenly!

However, Xu Ming is not the kind of person who does not believe in his words: "I'm just kidding, don't take it seriously! Since it was agreed in advance that it was one, then I will only take one! "

However, Yin Ran directly took out two kinds of Dao Spirit Fruits.

The Dao Lingguo is red and, to be honest, it really looks like... an apple!

Yin Ran handed over one of them first: "You take this one first."

Xu Ming did his part to accept it—this was his "labor remuneration".

Then, Yin Ran said again: "This second one, you can also hold it!"

"I don't want it!" Xu Ming was still very honest.

Say it, believe it.

Yin Ran smiled.

This smile seems to contain all the beauty in the world.

“Don’t worry, just listen to me.” Yin Ran said, “This second one is not for you!”

“Oh?” Xu Ming listened.

“It’s me... advance payment to you!” Yin Ran said, “I think I will definitely ask you for help next time! This is... a deposit!”

Xu Ming thought for a while.

To be honest, Xu Ming really wanted this second kind of Taoist fruit!

After all, Gu Hanmo’s talent is limited. If there is no such a heavenly treasure as “Growing the Dao Spirit Fruit”, it is difficult to achieve much in the understanding of the Dao of Heaven.

And Xu Ming himself really needs a seedling fruit.

“Okay!” Xu Ming was not pretentious, and took the second seed of Taoism, “If you need my help next time, you can call me at any time!”

Taking over the cultivation of Dao Lingguo means I owe Yin Ran a promise.

rumbling...

At this moment, Xu Ming and Yin Ran suddenly heard a thunderous sound of collapse from the depths of the ground below them.

“Huh? What’s going on?”

Xu Ming knew that below him was the underground labyrinth.

“Could it be that the underground labyrinth is collapsing?”

Chapter 630: Mark Of The Cursed Soul

The underground labyrinth is located in the depths of hundreds of thousands of miles under the sea of flowers.

Even Xu Ming and Yin Ran's mental power could not directly penetrate into such a deep place.

"Go down and see!"

Xu Ming and Yin Ran, without hesitation, dived directly towards the very depths of the ground.

Hard rock formations, in front of them, are more fragile than tofu.

Wherever the two passed, the rock formations were easily broken open, and they could not even have a lot of impact on the speed of the two.

Five thousand miles...

Ten thousand miles...

Twenty thousand miles...

Fifty thousand miles...

Soon, the two reached a depth of 300,000 miles underground; a few hundred miles further down, there was an underground labyrinth.

At this time, both Xu Ming and Yin Ran's mental powers were able to cover the underground labyrinth.

"Sure enough..." Xu Ming was horrified, "The underground labyrinth is collapsing!"

This collapse is not small.

Within the range covered by Xu Ming's mental power, everything collapsed.

“What the **** is going on?” Xu Ming was surprised.

The solidity of the underground labyrinth is beyond doubt!

It's not that the materials used to create the underground labyrinth are precious, but that there are secret patterns carved by the true God Brahma with divine power on the labyrinth; if any part is attacked, the attack power will be evenly transferred to the entire labyrinth.

You must know how huge the underground labyrinth is, occupying hundreds of thousands of miles underground.

No matter how strong the attack was, it was transferred to the maze of hundreds of thousands of miles on average, and its power was also pitifully weak.

Below the gods, it is almost impossible to destroy the underground labyrinth. And the existences below these Taoist masters who entered the battlefield of ten thousand races are even more incapable of this!

But now, the underground labyrinth is collapsing.

“What exactly happened?”

Xu Ming's spiritual power penetrated into the interior of the underground labyrinth along the collapsed crack.

According to records, the core area of the underground labyrinth is also directly below the core area of the sea of delusions.

hum—

Xu Ming and Yin Ran's mental power penetrated into it, and they both discovered that in the maze, there was a bead the size of a fist, which was floating in the air, shining brightly.

And on the beads, there is a depressing breath – this is the suppression from the level of life!

“This is...” Yin Ran couldn't help muttering, “The breath of the gods!”

“God!?” Xu Ming glanced at Yin Ran in surprise, “Have you seen a god?”

As soon as the words came out, Xu Ming realized that he was asking a bit silly!

Yin Ran, but from the realm of the gods, how could he have not seen the gods?

What Xu Ming didn't know was that Yin Ran was not only from the God Realm, but also had a very high status in the God Realm! Not only has she seen the gods, but she has also seen the most powerful beings in the gods!

In Yin Ran's view, the aura of the gods in front of him is very weak. Divided by the level of gods, it should be regarded as the weakest level.

“I've seen it.” Yin Ran replied casually, but did not say her origins – she thought that Xu Ming didn't know that she was from God's Domain.

“Go in and have a look?”

Xu Ming and Yin Ran looked at each other and smiled.

“Walk!”

The two are both talented and bold—Xu Ming has no scruples because he is using a plug-in and is not afraid of the sky and the earth. And Yin Ran doesn't think much of this weakest god.

Whoosh!

Whoosh!

In the blink of an eye, Xu Ming and Yin Ran followed the cracks in the underground labyrinth, flew in, and landed next to the sparkling pearl.

“This bead contains the divine power of the gods!” Yin Ran said.

“Um!”

Although Xu Ming and Yin Ran were bold, they did not act rashly. Instead, they observed this pearl from a distance.

suddenly-

A figure with a burly body and a human appearance, but with two antlers on top of its head, slowly reflected from the pearl.

“It’s the incarnation of divine power!” Yin Ran said through voice transmission.

The incarnation of divine power is different from avatar, but more similar to “spiritual projection” and the like.

Xu Ming looked at this divine power incarnation.

The appearance of the incarnation is very familiar. Xu Ming has seen his portrait in the classics of the Shendian Pavilion.

“Are you... the true **** of Brahma?” Xu Ming couldn’t help asking.

“That’s right!” The incarnation of divine power laughed and laughed, “It seems that there should be a portrait of me in your human race!”

“I have seen the True God Brahma!” Xu Ming cupped his hands.

The incarnation of divine power does not actually possess any combat power; however, Xu Ming still respects this legendary divine power.

certainly...

Xu Ming was also secretly guarding, because he didn't know whether the other party would leave some special means.

It's always right to be cautious.

"There is actually an incarnation of the true **** Brahman..." Xu Ming secretly said, "I wonder if there will be any chance!"

Previously, when Xu Ming boarded the Wuyu Ship for the first time, the short-lived old man he saw was an incarnation. At that time, Xu Ming got a big opportunity – at least for Xu Ming who was still very weak at the time, it was definitely a big opportunity.

At this time, Yin Ran had a calm expression on his face—God, she has seen a lot!

"True God Brahman." Xu Ming did not chat, but asked directly, "Why did this underground labyrinth collapse?"

"It collapsed, that's because..." True God Brahman smiled strangely, "This labyrinth no longer needs to exist!"

"Huh?" Xu Ming was a little puzzled and couldn't understand.

at this time-

Without warning, two black phantoms suddenly shot out from the shining pearls, shooting towards Xu Ming and Yin Ran respectively, as fast as lightning.

"not good!"

Xu Ming conditioned reflexively to teleport to the side, dodging the black phantom that shot at him.

And Yin Ran was not so lucky; she was directly hit by a black phantom without noticing .

“This...” Yin Ran’s expression changed suddenly.

She could feel that after this black phantom hit her, it quickly spread to her whole body and even her soul.

“How could you dodge my sneak attack!?” True God Brahma glanced at Xu Ming in surprise.

Because the distance of Xu Ming’s teleportation was extremely short, he didn’t even reach one zhang; therefore, neither True God Brahma nor Yin Ran found that Xu Ming had teleported. But I just thought that this was a secret skill that Xu Ming suddenly broke out, and the speed was so fast that they didn’t even react.

“What have you done to me!?” Yin Ranjiao shouted.

True God Brahma smiled casually: “Don’t be nervous, it’s just a cursed soul mark!”

Cursed Soulmark?

Xu Ming had never heard of this thing, nor did he know what it was.

And Yin Ran’s face suddenly became more ugly.

Cursed Soul Seal is a cursed secret skill. If a person who has been hit with the cursed soul mark cannot complete the content of the curse within the time limit, then the soul mark will... explode!

This cursed soul mark is a means left by True God Brahma; once it explodes, it is definitely not something Yin Ran can bear!

“Too unlucky...”

Yin Ran really wanted to cry without tears.

First of all, he was poisoned by the “Falling Soul Fog” and wandered here from God’s Domain. And now, the poison has not yet been solved, and he has been hit with the “cursed soul mark” again.

However, this can’t blame Yin Ran for being careless.

After all, usually, the gods are very proud; especially the gods in a small place like the Endless Continent, they are so proud that they don’t even bother to make tricks.

Yin Ran did not expect that this True God Brahma would make a sneak attack regardless of his identity.

“What is the content of the curse?” Yin Ran couldn’t help asking.
