

A World 651

Chapter 651: Go, Eternal Demon Pit!

The Fire Origin Stone exudes a strong breath of the Heavenly Dao of Fire. The mystery contained in it directly points to the essence of the Heavenly Dao of Fire.

“This is a good thing to improve the understanding of the Heavenly Dao of Fire!” Xu Ming was pleasantly surprised.

Combat treasures, medicinal pills, etc., can be refined.

And this kind of treasure that enhances the perception of heaven and directly points to the essence of heaven, but there is no way to refine it; it can only be condensed from the essence of heaven and earth.

“The source of fire, one is hard to find. There are actually three in this treasure house of the demon clan!”

Xu Ming felt that the robbery had really found the right place.

At this moment, Yin Ran’s call sounded in the world ring: “Xu Ming.”

“What’s wrong?” Xu Ming asked in confusion.

“I just seem to see that there is a fire source stone in the treasure, right?”

“Yes!” Xu Ming admitted directly.

He guessed that Yin Ran might also want the Fire Origin Stone. After all, Xu Ming found that Yin Ran seemed to have cultivated many heavenly ways; among them, there was the heavenly way of fire.

If Yin Ran wanted it, Xu Ming would not be stingy. After all, it was thanks to Yin Ran's dog that he was able to find the treasure house of the Shadow Alliance this time.

Yin Ran said: "I have one thing to remind you about the Fire Origin Stone!"

"Oh?" Xu Ming listened humbly.

"The source of fire, don't use too many!" Yin Ran said, "Like you, it's best not to use the second one. Otherwise, it will affect your proving and becoming a ***** in the future!"

Although the fire source stone is good, after all, it is a treasure born of the nature of heaven and earth; the mystery of the heavenly way of fire contained in it is very violent. It's okay to use one, but if you use it too much, it's easy to destroy your original heart of understanding of the heavenly way.

Of course, Xu Ming also understood these truths.

Therefore, when he saw that there were three Fire Origin Stones, Xu Ming had already thought of a distribution plan: one for himself, one for Yin Ran, and one for Erha.

After all, Erha had mentioned it to Xu Ming before; the reason why it came to assassinate Xu Ming was because Wanxueyan promised to give it a fire source stone after the successful assassination.

After Erha used the Fire Origin Stone, it should not be a problem to step into the Invincible Daoist. At that time, Xu Ming and Yin Ran will enter the Eternal Demon Pit together, and Erha will also be a powerful fighting force.

As for Gu Hanmo...

It's not that Xu Ming didn't think about it. However, Gu Hanmo's current understanding of the Dao of Heaven is still too weak, and it is not suitable to use the violent fire source stone at all; when her strength improves in the future, Xu Ming will naturally find better treasures.

"Yin, Erha." Xu Ming shouted.

Erha suddenly guessed something, and his spirit was shocked, and the eyes of the two dogs were full of anticipation. This time, it didn't even refute Xu Ming calling himself "Er Ha".

Sure enough, Xu Ming said: "This fire source stone, each of you has one."

call out!

call out!

The two Fire Origin Stones flew towards Yin Ran and Er Ha respectively.

"Wang!"

Er Ha was very excited, and caught the fire source stone in one bite, and his thoughts were complicated.

It found that it really had a good relationship with the fire source stone! – If it succeeds in assassinating Xu Ming, then after returning, it will be rewarded with a Fire Origin Stone. Now that the assassination failed, and he was enslaved, he still got a Fire Origin Stone.

In other words, Erha's life is destined to be able to get the source of fire.

Yin Ran took the Fire Origin Stone with a hint of slyness in his eyes, and said, "Xu Ming, this Fire Origin Stone was given to me, is it at my disposal?"

"It's natural!" Xu Ming said without thinking much.

"Then..." Yin Ran blinked mischievously, and then threw the fire source stone directly to Erha.

Xu Ming was startled – Yin Ran was going to feed her fire source stone to the dog?

Erha is so exciting – happiness comes so suddenly! All of a sudden, he actually owns two fire origin stones!

“Yin.” Xu Ming couldn’t help but said, “Didn’t you say it’s better not to use the second source of fire? Why do you use two for it?”

Yin Ran said: “I told you not to use the second one, because if you use too much fire source stone, it will affect you to become a god. And it...” Yin Ran touched Erha’s dog’s head, “it didn’t become a god. potential!”

Erha was not at all annoyed.

It is very clear that it does not have the potential to become a god.

Not to mention becoming a god, as long as it can become a demigod, it will be happy to go to the sky and go side by side with the sun!

Since there is no need to prove the Tao and become a god, Erha naturally has no scruples about using such heavenly and earthly treasures as the Fire Origin Stone—if you can use it, then use it hard!

“Oh...” Xu Ming said again, “Then don’t you have no Fire Origin Stone available?”

“I...” Yin Ran tried to keep himself low-key, “I’ve used treasures better than the Origin of Fire, so I don’t need the Origin of Fire...”

Xu Ming was suddenly speechless.

It was only then that he remembered that Yin Ran was from the Divine Realm; and it seemed that his status in the Divine Realm was not low. It’s normal for Yin Ran to dislike the “garbage” of Originium.

“Okay, when I didn’t ask!” Xu Ming felt a sense of frustration – no way, who told him to start too much lower than Yin Ran!

However, Xu Ming was not discouraged at all. If there are plug-ins, his future may be even more limitless than Yin Ran!

...

Above the clouds in a separate space.

Xu Ming held the Fire Origin Stone in his palm and entered a state of cultivation.

Erha, on the other hand, is in the world ring, holding the fire source stone in his mouth, closing the dog's eyes, and cultivating with enjoyment on his face.

boom! boom! boom!

Xu Ming's palm.

A violent aura of the Heavenly Dao of Fire continued to pour out of the Fire Origin Stone.

The momentum of fire sometimes soars into the sky and turns into a cloud of fire; sometimes it spreads all over the ground and flows into a sea of fire. Sometimes it condenses into a fire dragon, roaring in the sky;

The endless changes of the Heavenly Dao of Fire kept flashing in front of Xu Ming.

Xu Ming's understanding of the Heavenly Dao of Fire increased rapidly. The saplings of the Heavenly Dao of Fire in the sea of consciousness are also growing rapidly.

The sapling grows taller and stronger, and begins to spread its branches and leaves.

The sapling of Dao finally grew into a mature Dao tree.

This marks that Xu Ming has stepped into the "Tao Master" level in his understanding of the Fire of Heaven!

For a long time, the visions of the Heavenly Dao of Fire around Xu Ming all dissipated. And the fire source stone in his hand has also turned into a gray-brown waste stone; it will turn into stone powder with a slight squeeze.

Xu Ming suddenly opened his eyes.

In the depths of his pupils, there are fire dragons soaring.

“One Step Dao Master!” Xu Ming carefully felt his realm at the moment His realization of the Heavenly Dao of Fire, has stepped into the first step Dao Master, and his strength naturally soared again!

“In the open state, my human clone should be enough to match the invincible Daoist!” Xu Ming secretly calculated.

As for the Willow clone, the strength is naturally stronger!

“Finally broke through to Daoist!”

The stronger the strength, the more confident Xu Ming will naturally be in exploring the mysterious Eternal Demon Pit.

“It’s time to go to the Eternal Demon Pit!”

Although Erha was still refining the Origin Stone, it would take a while for Xu Ming to enter the Eternal Demon Pit. Along the way, it should be enough for Erha to refine the Origin Stone.

“Then... let’s go!”

However, before leaving, Xu Ming was going to bring a very important treasure with him.

Chapter 652: 00,000 Miles Of Wasteland

However, before leaving, Xu Ming was going to bring a very important treasure with him.

“Mist and Rain Ship!”

The two most precious treasures of Xu Ming, the first is the world ring, and the second is the fog and rain ship!

The world ring is much more precious than the pseudo-artifact; in the endless continent, few have it, and its value is immeasurable.

And the fog and rain ship is also not to be underestimated, it is a superb semi-artifact!

You must know that the semi-artifact of the ship category is the most valuable among the many semi-artifacts! A top-quality semi-artifact-level ship is worth hundreds of top-quality semi-artifact weapons!

And like the “Crescent Moon Spear” in Xu Ming’s hands – even if there are thousands of treasures at this level, they are not as precious as the Wuyu Ship!

It is precisely because of this that the old man was dying, and the fog and rain ship disappeared, causing a lot of disturbance in the entire human race.

So far, no one knows that the Wuyu Ship is actually in Xu Ming’s hands.

“The Wuyu Ship was originally used to guard the Wilderness Sect. Now, with an independent space, my deity, as well as important relatives and friends, all live in the independent space, but I don’t need the Wuyu Ship to guard it!”

rumbling...

Xu Ming directly drove the Wuyu Ship into the World Ring.

In the world ring, there is a thousand miles of space. And the real size of the fog and rain ship is a hundred miles – so it is no problem to put a fog and rain ship.

“Xu Ming, you still have such a treasure?” Yin Ran was slightly surprised.

Xu Ming couldn’t help but smile smugly—this is a top-quality semi-artifact battleship!

Xu Ming guessed that the short-lived old man must also have had a chance encounter, so he got the Wuyu Ship. After all, the understanding of the Tao of Heaven of the short-lived old man is also the invincible Taoist, and he is not qualified to own such treasures.

However, after the Kusuan old man has the Wuyu Ship, no one in the entire endless continent can get him – as long as he hides in the Wuyu Ship, no one will be able to break the Wuyu Ship!

“With the Wuyu Ship, if I encounter a strong opponent that I can’t beat, I don’t need to expose the ‘absolute stealth’ hang, the ‘teleport’ hang, I can just move the fog rain ship out!”

Bringing the Wuyu Ship, Xu Ming’s clone quietly left the Wilderness Sect.

As for his deity, he has always been in the independent space, accompanying his family and building the entire independent space.

Xu Ming’s vision is to build the entire independent space into a legal society under the “super-technological civilization”—not respecting strength, but the rule of law.

Here, it will become a paradise in the chaotic endless continent.

...

The Eternal Demon Pit is about a billion miles away from the Wilderness Sect!

After several teleportation stations, Xu Ming walked out from the teleportation formation closest to the Wangu Demon Pit.

Although it is the closest teleportation formation to the Eternal Demon Pit, it still takes tens of thousands of miles to reach the Eternal Demon Pit.

Xu Ming stood beside the teleportation array, his eyes seemed to penetrate the universe: “Ahead, there is the ‘tens of thousands of miles of wasteland’!”

Under the human race and the Daojun, the term “tens of thousands of miles of wasteland” has never been heard of. However, everyone above Daojun understands what a terrible place this is!

With the Eternal Demon Pit as the center, the surrounding tens of millions of miles are barren and barren!

No matter how tenacious a life is, it is impossible to reproduce and inherit in this desert!

Here, is the forbidden zone of life.

Even the teleportation array cannot be set in the wasteland of thousands of miles! -Because the space here is too chaotic, it will interfere so that the teleportation array cannot transmit.

Xu Ming stood on the edge of the “Wasteland of Ten Thousand Miles” and carefully felt: “The space here is really violent! There seems to be some aura above the heavens in the space!”

In Xu Ming’s cognition, the way of heaven is the supreme existence.

Could it be that there is any power that can surpass the heaven?

swoosh—

Xu Ming didn’t think about it anymore, and flew directly in the direction of the Eternal Demon Pit.

Although the space of the wasteland of thousands of miles is extremely violent, even an ordinary Taoist can easily traverse the wasteland of thousands of miles and enter the Eternal Demon Pit; for Xu Ming, there is no pressure.

boom!

Xu Ming rampaged all the way, traveled thousands of miles, and finally saw the true face of the Eternal Demon Pit.

“This... is the Eternal Demon Pit?”

Xu Ming had already seen that there was an incomparably pitch-black pothole on the ground ahead. The diameter of the black hole is 100,000 miles; as for the depth, it is impossible to guess at all!

A powerful and terrifying momentum continued to spray out from the black hole. Even Xu Ming, under this momentum, felt his heart tremble and insignificance; it was as if he was an ant seeing the dragon breathing.

“What a terrifying Eternal Demon Pit!” Xu Ming was frightened, “I don’t know what kind of secrets are hidden in the depths of this Eternal Demon Pit!”

After all, Xu Ming’s cultivation years were still short; many secrets on the Endless Continent were unknown.

He only knows that the Eternal Demon Pit is the most terrifying place in the Endless Continent, and it is also the place with the greatest opportunity—all foreign races, countless demigods, Taoists, and even extreme half-step Taoists will go deep into the Eternal Demon Pit to find their own chance.

However, Xu Ming had no idea what the secrets were in this Eternal Demon Pit.

However, it is not difficult to know some secrets!

Xu Ming’s eyes turned to a huge palace floating on the edge of the Eternal Demon Pit.

“Jingyu Hall!”

Xu Ming knew that General Jingyu was stationed in Jingyu Hall, guarding the Eternal Demon Pit! And this “Jingyu Palace” is also a high-grade semi-artifact-level palace; in terms of value, it is not inferior to the battleship treasures of the same level!

“Go to Brother Jingyu for tea!”

Since Xu Ming was officially identified as a “ten million-year-old” genius, he and General Jingyu have always been brothers.

In the past, in terms of strength, Xu Ming was not qualified to call General Jingyu a brother; but now, even in terms of strength, it is enough! – If you count the potential, it is General Jingyu, who is not qualified to be called a brother to Xu Ming.

But Xu Ming makes friends regardless of the strength and status of the other party. Like-minded, brothers!

Xu Ming flew directly to the Jingyu Hall, and shouted with a laugh, “Brother Jingyu, I’m here to find you for tea! Haha...”

After Xu Ming finished shouting, he waited for about half a column of incense sticks, but the gate of Jingyu Hall remained motionless and had no intention of opening it.

“Huh?” Xu Ming couldn’t help but startled, “Could it be that Brother Jingyu is not here?—No! I heard clearly that Brother Jingyu has been guarding the Eternal Demon Pit here during this period of time!”

After thinking for a while, Xu Ming raised his voice again and shouted jokingly: “Brother Jingyu, why didn’t you come out to open the door for a long time? – Could it be that he closed the door deliberately to avoid guests when he saw me coming to ask for tea?”

This time, after Xu Ming shouted, the door of Jingyu Hall opened a crack.

A figure came out of it, but it was not General Jingyu, but a young Taoist monk.

I saw the impatient face of the monk in the robe: “Where are the kittens and puppies who dare to shout at the entrance of Jingyu Hall!?”

Chapter 653: Who Are Kittens And Puppies?

Kitten and puppy?

Xu Ming was stunned – he never thought that one day he would be called “kitten and puppy” by someone pointing his nose.

Moreover, it is still in the territory of his good brother “General Jingyu”, which is despised by others.

Moreover, the young Taoist monk who despised him was quite average; it seemed that he was just an extremely ordinary Taoist master—no more than a three-step Taoist master.

In Xu Ming’s eyes, the mere three-step Taoist master is completely a real cat and dog, who can be killed with a wave of his hand!

“I rely on?”

Xu Ming couldn’t help but scolded in his heart, “I was actually called a kitten and a puppy by a kitten and a puppy?”

However, seeing that the other party came out of Jingyu Hall, it should be General Jingyu’s subordinate; therefore, Xu Ming endured his anger and planned not to have the same knowledge as him – just to give General Jingyu a face.

“Where’s Jingyu?” Xu Ming said in a deep voice, “I’m looking for him!”

“Jingyu?” The young Taoist monk glared, “General Jingyu’s name is something you can call directly? Also, I know everyone who can be called a brother to General Jingyu, but you are not among them. !”

Having said that, the young Taoist monk glanced at Xu Ming disdainfully. Seeing that Xu Ming was relatively young, he became more and more arrogant: “Young man, this is not the way to have a relationship with General Jingyu! – Today, my lord has a lot, so I won’t care about you as much! Get out!”

Xu Ming was really angry.

However, Xu Ming also knew that his name was very loud even in the human race and even the Endless Continent. But...also limited to “name”!

Your own image, but not necessarily everyone knows! – For example, the young Taoist monk in front of him doesn’t know himself.

In desperation, Xu Ming had to report his name: “I am... Xu Ming!”

“Xu Ming?”

The body of the young Taoist monk was obviously slightly shaken. Obviously, the name Xu Ming is still very deterrent.

But then, the face of the young Taoist monk regained his unruly look: “Are you Xu Ming? You said you were Xu Ming? Hahahaha... I really laughed at me! You actually said you were Xu Ming! Hahahaha...”

Xu Ming’s face darkened – he was actually ridiculed for his registration number.

The young Taoist monk continued to laugh: “Don’t think that I am in the Eternal Demon Pit, and the news is blocked! – I heard that Xu Ming killed the tyrannical Taoist of the demon clan; , Xu Ming’s strength is probably the level of the Nine-step Dao Master and the Invincible Dao Master! And you, with a mediocre aura, are not as strong as mine, and you want to pretend to be Xu Ming?”

Xu Ming simply felt speechless.

Feeling calm? -Xu Ming didn’t use a combat plug-in, of course he seemed to have a flat momentum! However, as soon as the plug-in is opened, it is possible to directly use the momentum to shock the young Taoist monk in front of him!

Xu Ming was too lazy to continue arguing and explaining things with a kitten and puppy. He directly took out a communication talisman and said, “I will contact Jingyu myself.”

Unexpectedly, seeing this, the young Taoist monk continued to sneer: “You just pretend! – General Jingyu is in retreat now, even if you send him a message, he will not receive it!”

“Oh?” Xu Ming was suddenly furious, “No wonder Jingyu didn’t come out for a long time, so he was in retreat!”

Since Jingyu was in retreat, Xu Ming didn't want to disturb him. As for the situation in the Eternal Demon Pit, Xu Ming could also understand it from other means.

After thinking for a while, Xu Ming turned around and prepared to leave.

At this moment, the young Taoist monk smiled more and more sharply: "What? Feeling guilty? Can't pretend? – Remember, General Jingyu, not everyone is qualified to call him a brother!"

Xu Ming was so angry that he wanted to slap people, and he couldn't help but think: "Jingyu's subordinates, how can there be such a wonderful thing..."

at this time...

Snapped!

At the gate of Jingyu Hall, a crisp slap sounded. The young Taoist monk who was sneering sharply received a fiery slap on the face – however, this slap was not from Xu Ming. It's... General Jingyu!

The gate of Jingyu Hall, which had only been opened by one slit, was completely opened at this time. The tall figure of General Jingyu was standing at the gate of Jingyu Hall.

On the ground beside General Jingyu's feet, the young Taoist monk covered his face in grievance and said, "Jing...General Jingyu, why did you hit me?"

Why hit you?

General Jingyu glanced indifferently and hummed, "Zhang Wei, from today onwards, don't appear in Jingyu Hall again!"

The young Taoist monk "Zhang Wei" was stunned for a moment – he was as ignorant as he was, and he still hadn't figured out what he had done wrong.

"General Jingyu, I...I..." Zhang Wei looked confused.

“Don’t you understand what I said?” General Jingyu said coldly, “Now, you can get out of here!”

“Why? Why?” Zhang Wei disagreed.

General Jingyu didn’t bother to pay attention to Zhang Wei at all, but looked at Xu Ming with shame on his face: “Brother Xu Ming, you are neglecting!”

“Xu...Brother Xu Ming!?” Zhang Wei was so shocked that he couldn’t close his mouth for a long time, as if his expression had been frozen, “This young man, he...is really Xu Ming...”

Immediately, boundless fear filled Zhang Wei’s heart: “I actually offended Xu Ming... I will be kicked out of Jingyu Palace...”

Why is Zhang Wei so arrogant? – It is because he is in the Jingyu Hall and is in charge of “guarding the door”.

As the saying goes, there are seven officials in front of the prime minister’s gate. Those great powers who enter and exit the Eternal Demon Pit, even if their strength is obviously stronger than Zhang Wei, should give Zhang Wei some face – after all, Zhang Wei represents the appearance of General Jingyu; if you don’t give Zhang Wei face, you won’t give General Jingyu face!

Over time, Zhang Wei developed the character of “dogs see people low”. Even in the face of some seven-step Taoist and eight-step Taoist masters, Zhang Wei will take a superior attitude; what’s more, in the face of Xu Ming, a “kitten and puppy” who is weaker than him?

And now, when Zhang Wei heard that General Jingyu was going to drive him out of Jingyu Palace, he was in a hurry!

After leaving Jingyu Hall, what is Zhang Wei? -It’s just an ordinary three-step Taoist master!

Moreover, Zhang Wei’s character is destined to offend many people. Leaving Jingyu Palace, without General Jingyu as his backing; will his life be better in the future?

At this time Zhang Wei finally understood – who is the real kitten and puppy!

“Brother Jingyu!” Xu Ming said with a smile, “Didn’t you say you are in retreat? Why did you come out?”

General Jingyu sighed: “I am responsible for guarding the Eternal Demon Pit. Even if I retreat, it is impossible to close it to death! When I heard Brother Xu Ming calling me, I broke through!”

Xu Ming was slightly moved—General Jingyu had interrupted the retreat for himself.

Zhang Wei was even more shocked – even General Jingyu interrupted his retreat for Xu Ming; it can be seen how much weight Xu Ming has in General Jingyu’s heart! And I, just laughed at Xu Ming like that...

The more Zhang Wei thought about it, the more afraid he became.

However, Zhang Wei also seemed to see a glimmer of hope – if Xu Ming was willing to say a word for himself, then he would definitely stay in Jingyu Hall to watch the gate!

Thinking of this, Zhang Wei shamelessly crawled up to Xu Ming’s feet, crying, “Brother Ming! Brother Ming! – I really didn’t know it was you, otherwise, even if you gave me a hundred courage, I I wouldn’t dare to speak to you like that...”

Chapter 654: Across The Endless Continent

Xu Ming glanced at Zhang Wei indifferently.

Of course he could guess why Zhang Wei would shamelessly lie at his feet—it wasn’t because he wanted him to plead for him.

However, no matter how easy Xu Ming was to talk, how could he help Zhang Wei to intercede at such a time!

After all, once Xu Ming interceded for Zhang Wei, it would appear that General Jingyu “couldn’t tolerate anyone”. Therefore, even in order to maintain the image of the Jingyu brothers, Xu Ming could not speak for Zhang Wei at this time; otherwise, the Jingyu brothers’ stage would be demolished.

Xu Ming thought for a while, and said indifferently: “Don’t worry, I won’t hold you accountable for what happened today! – I’m not so boring, nor so stingy!”

Xu Ming’s meaning is very simple – if you offend me, I will not pursue it with you. However, if you want me to open your mouth to plead for you, I don’t even think about it.

“General Jingyu...” Seeing that Xu Ming couldn’t get through this road, Zhang Wei looked at General Jingyu pitifully.

However, General Jingyu didn’t even bother him at all, and then, directly facing Xu Ming, he walked into Jingyu Hall. At the same time, the gate of Jingyu Hall slammed shut, and Zhang Wei was no longer allowed in.

People like Zhang Wei are nothing but kittens and puppies in the eyes of generals like Xu Ming and General Jing Yu.

Xu Ming and General Jingyu didn’t care about him, so he would naturally jump up and down; once they care about him a little, they could make such a person look good in minutes.

Zhang Wei was locked out of the door, his face ashen.

He knew that from today, he was no longer a member of Jingyu Hall; General Jingyu was no longer his backer.

And without such a strong backer as General Jingyu, from now on, Zhang Wei can only be a man with his tail tucked, and he will no longer dare to look down on others.

Not long after, an elegant Daoist master came out of the Eternal Demon Pit.

This almighty, named “Xiaoyao”, is a five-step Taoist. In terms of strength, he is much stronger than Zhang Wei.

However, every time Master Xiaoyao saw Zhang Wei, he was very polite.

The reason is very simple – Daoist Xiaoyao often wanders in the Eternal Demon Pit. Once he encounters any danger in the Eternal Demon Pit, he tries to pass on the message of help; the message for help must pass through Zhang Wei before it can finally be delivered to General Jingyu. .

Just imagine, if Daoist Xiaoyao didn't have a good relationship with Zhang Wei, what if he was in danger and needed to ask for help, and then Zhang Wei delayed the news of the call for help... Then he would be a tragedy for Daoist Xiaoyao!

This time, after seeing Zhang Wei, Master Xiaoyao was still very polite. After all, he didn't know that Zhang Wei had been kicked out of Jingyu Palace.

Daoist Xiaoyao habitually took out a ring and stuffed it into Zhang Wei: "Brother Zhang Wei, this is my little gain in the Eternal Demon Pit this time, please don't dislike it!"

If it was before, Zhang Wei must have taken this ring for granted. But now, Zhang Wei has just been kicked out of Jingyu Palace, and he is worried that he will be retaliated against, so how can he dare to accept "gifts" again?

He quickly declined and said, "Brother Xiaoyao, no need!"

Taoist Xiaoyao thought that Zhang Wei had an opinion on himself, so he didn't accept his gift; his expression changed slightly, and he said, "Brother Zhang Wei, is there something wrong with me at ordinary times? – If there is, please specify! Brother, I will sincerely apologize to you..."

"No, no!" Zhang Wei waved his hands again and again.

How dare he say that he has been kicked out of Jingyu Palace.

...

For Zhang Wei, expelling Zhang Wei from Jingyu Hall was definitely a bolt from the blue, but for Xu Ming and General Jingyu, it was a trivial matter.

Walking into Jingyu Hall, the door was closed, Xu Ming just talked a little bit about Zhang Wei with General Jingyu.

“Brother Jingyu, as soon as I come, I will cause you to drive away one of your subordinates; if this is the case, will it be bad for you...” Xu Ming said.

“Brother Xu Ming, let me say it straight! – It’s not just because of you that Zhang Wei is driven away. This Zhang Wei is too fond of dogs and looks down on others; I have long wanted to drive him out of Jingyu Palace, but it has never been suitable for me. The opportunity.” General Jingyu laughed, “This time, it’s actually me who made you a villain, Brother Xu Ming!”

“Really?” Xu Ming laughed.

As for whether what General Jingyu said was true, or whether he just said it to comfort himself, Xu Ming was too lazy to go into it. After all, a mere Zhang Wei is really not qualified to let Xu Ming investigate for him.

Soon, Xu Ming and General Jingyu sat down opposite each other, drank tea, and chatted about other things.

“Brother Xu Ming, my place is too desolate; it’s really hard to wait for a good friend to accompany me to drink tea!” General Jingyu made a cup of tea for Xu Ming and smiled.

“Then I will come often in the future!” Xu Ming joked.

“I can’t ask for it!” General Jingyu laughed, “By the way, Brother Xu Ming, are you planning to enter the Eternal Demon Pit?”

“Well, I want to go in and have a look!” Xu Ming sipped his tea and said.

General Jingyu thought for a while: “With your strength, it is indeed time to enter the Eternal Demon Pit and go for a run! – Maybe, in the Eternal Demon Pit, you will find some great opportunities!”

“Hopefully!” Xu Ming said with a smile, “However, I know almost nothing about this Eternal Demon Pit. So, I came here to ask Brother Jingyu for advice!”

“Haha, then I’ll teach you well!” General Jingyu said deliberately, “Brother Xu Ming, let me ask you a question – do you know how deep the Eternal Demon Pit is?”

How deep is the Eternal Demon Pit?

Xu Ming really didn’t know the answer to this question.

He only knew that the Eternal Demon Pit had a diameter of 100,000 miles; as for the depth, he didn’t know, but it was very deep anyway!

“I don’t know!” Xu Ming said.

“Guess what!” General Jing Yu said with a teasing smile.

“Deep... 10 million miles?” Xu Ming reported a bold number.

However, Xu Ming heard that after entering the entrance of the Eternal Demon Pit, it would take a long period of time to reach the place of experience in the Eternal Demon Pit. Therefore, Xu Ming estimates that the Eternal Demon Pit is likely to be millions or even tens of millions of miles deep!

A pit, “thousands of miles” deep...it’s just appalling!

General Jingyu smiled strangely, shook his head and said, “Shallow!”

shallow?

Xu Ming couldn’t help but startled That is to say, the Eternal Demon Pit is more than ten million miles deep! ?

“Hey—” Xu Ming couldn’t help taking a deep breath, “Could it be... 20 million miles?”

General Jingyu continued to shake his head: “It’s too shallow!”

“hiss-”

Xu Ming guessed again: “Fifty million miles?”

“Shallow!”

“One hundred million miles?”

“Shallow!”

“Three hundred million miles!?” Xu Ming’s voice became more and more high-pitched and sharp, obviously surprised to the extreme.

General Jingyu couldn’t help laughing: “Okay, don’t guess, I’ll tell you directly! – The Eternal Demon Pit, very, very deep, so deep... directly runs through the entire Endless Continent!”

Chapter 655: 1 Grain Of Sand

Directly through the entire endless continent?

“What!?” Xu Ming’s first reaction was to be stunned. He even wondered if he had heard it wrong?

General Jingyu smiled.

The first time he heard the news, he had the same reaction as Xu Ming. After all, this news is too shocking!

“The Endless Continent is not a flat continent, but a huge spherical shape—this, you know?” General Jingyu said.

“Yeah!” Xu Ming nodded.

A behemoth like the Endless Continent that spans tens of billions of miles, its own gravity is very terrifying! Under the collapse of gravity, the continent can never be square, only spherical.

General Jingyu continued: “The Eternal Demon Pit runs through the entire Endless Continent. After entering the Eternal Demon Pit, keep moving forward, and you can go out from the other end of the Eternal Continent—that is, the territory of the Monster Race!”

Xu Ming was completely stunned.

In his mind, such a picture emerged – the huge endless continent, as if it was strung with candied haws, with a big hole strung out from the middle.

It’s just that this big hole is a bit outrageous – one hundred thousand miles in diameter, and its depth is equal to the diameter of the endless continent, which is billions of miles!

Just thinking about it, Xu Ming felt how small he was!

“How did the Eternal Demon Pit form?” Xu Ming couldn’t help asking.

“How it was formed, no one knows...” General Jingyu said, “Anyway, before the major ethnic groups of the Endless Continent appeared, the Eternal Demon Pit already existed! But...”

General Jingyu paused and said again: “However, True God Jiuyu once said that the Eternal Demon Pit should not exist naturally, but it is very likely... A long time ago, an extremely powerful attack directly penetrated the entire endless Continent, leaving behind this eternal devil pit!”

“His—” Xu Ming was so shocked that he didn’t know how many breaths he took in today.

An attack that runs through the endless continent, leaving behind the Eternal Demon Pit! ?

“What kind of attack is this...” Xu Ming couldn’t imagine, “The attack of the gods?”

General Jingyu said: “The one who can have such a terrifying attack must be a god! Moreover, it is definitely a very strong existence among gods! Because... the true ***** Jiuyu of our human race is

far from being able to do this! – And, you Have you noticed that the space around the Eternal Demon Pit is very violent!”

“Yes!” Of course Xu Ming saw such an obvious space riot.

General Jingyu said again: “So, have you found that there is a strong will in this powerful space riot?”

“A strong will?” Xu Ming really didn’t realize it.

“This is a powerful will to attack!” General Jingyu’s eyes were full of panic and frenzy, “The entire Eternal Demon Pit is filled with this will to attack! – We guess that this should be the powerful force that runs through the endless continent. The attacking will contained in the attack! Even if billions of years have passed, this powerful will still exists and has never dissipated!”

It is precisely because of this powerful will to attack that the great powers of all races believe that the Eternal Demon Pit is likely to be left behind by an extremely powerful attack that penetrated the Endless Continent!

There was only a shocked look on Xu Ming’s face.

“The means of the gods are really not what I can imagine...” Xu Ming was secretly in awe.

As his strength became stronger, Xu Ming was not arrogant and arrogant, but became more and more in awe of this world! – This world is so vast and amazing!

Many incredible and powerful beings, the current Xu Ming, can’t even touch it!

And it is precisely because of his reverence that Xu Ming will work harder on the road of cultivation. He wants to stand on the top of this world and see how amazing this world will be!

“About the Eternal Demon Pit, you just need to know it yourself, don’t spread it out!” General Jingyu said, “Because this kind of thing is really unbelievable; once it spreads out, let those ordinary warriors and cultivators know about it, it will inevitably cause Some panic!”

“I understand.” Xu Ming said.

Like before, when Xu Ming was not strong enough, he only knew the existence of the Eternal Devil Pit, but he did not know the secret of the Eternal Devil Pit. Now that he came to the Eternal Demon Pit, he finally knew what a mysterious and terrifying place the Eternal Demon Pit was!

General Jingyu continued: “The reason why I guard the Eternal Demon Pit is to prevent aliens from entering from the Eternal Demon Pit on the demon clan’s side, and then kill them from here!”

Of course, it is almost impossible for this to happen; especially now, the human race and the major alien races are in a period of relative peace.

“Yeah!” Xu Ming nodded.

He knew that if the alien race really came out from the Eternal Demon Pit on a large scale, it would be impossible to suppress it with General Jingyu’s own power! But at least, General Jingyu can inform the other great powers of the race in time.

“Let me tell you something else about the Eternal Demon Pit!” General Jingyu continued, “Are you curious, what are the opportunities in Eternal Demon Pit? – Why, our human race, as well as the major aliens All the great powers are flocking to the Eternal Demon Pit to find opportunities?”

“Yes!” Xu Ming was really curious.

Listening to what General Jingyu said just now, the Eternal Demon Pit is nothing more than a big pit that runs through the endless continent – what chance can there be in it?

“Eternal Demon Pit, there is really no chance!” General Jingyu said again.

“Eh?” Xu Ming was at a loss General Jingyu smiled and said, “The real chance is the most central part of the Eternal Demon Pit... a grain of sand!”

“A grain of sand?” Xu Ming was stunned.

“Yes, it’s just a grain of sand, but it’s also an incomparably vast world!” General Jingyu’s eyes were full of inconceivability, “This grain of sand cannot be detected with mental power; it can only be seen with the naked eye! – From a distance, it is just a grain of sand; but the closer you get, the bigger the grain of sand! Even... bigger than the whole world!”

“This...” Xu Ming couldn’t understand what kind of magical method this was.

However, there are five words in Xu Ming’s mind: one sand, one world!

“The entire Eternal Demon Pit, all the mysteries and opportunities, are all within that grain of sand!” General Jingyu said, “If anyone can get a little chance in that grain of sand, they will be able to traverse the entire endless continent! If you can get a relatively large chance, you can be invincible in the entire endless continent!—In the history of the endless continent, every **** that appeared, like the true **** Jiuyu and the true **** of Brahma, got a big chance in that grain of sand! “

Chapter 656: Huangquanjie

Xu Ming thought about it with his toes, and knew that such a miraculous grain of sand was definitely not the “sand” of the Endless Continent, but the “sand” of the Divine Realm.

Sure enough, General Jingyu continued: “For hundreds of millions of years, our human race, as well as the great powers of various foreign races, have been in this grain of sand, seeking opportunities. With continuous exploration, we found that this grain of sand is very likely It is the inheritance of a certain power in God’s Domain!”

“Inheritance from God’s Domain!?” Xu Ming’s heart suddenly became hot – winning inheritance, but also Xu Ming’s expertise!

How could Xu Ming let go of the inheritance of God’s Domain?

“The power from God’s Domain, we are not sure what it is called. However, this grain of sand has a name – Yellow Springs Realm!”

“Huangquanjie?” Xu Ming memorized the name.

General Jingyu said again: “And what we usually refer to as the depths of the Eternal Demon Pit actually refers to the depths of the Yellow Spring Realm!”

“Well...” Xu Ming understood.

At the same time, Xu Ming couldn't help but wonder if the formation of the Eternal Demon Pit had anything to do with this “Yellow Spring Realm”?

But Xu Ming knew that this Yellow Spring Realm was undoubtedly the most mysterious place in the Endless Continent! After all, even True God Brahma is trapped in the depths of Huangquan Realm, and his life and death are unknown.

“The Yellow Spring Realm, from the outside to the inside, can be divided into the Yellow Spring Sea of Smoke, the Yellow Spring Desert, the Yellow Spring Oasis, etc...” General Jing Yu said, “The Yellow Spring Sea of Smoke is just the periphery of the Yellow Spring Realm, not really entering the Yellow Spring Realm; here, You can still maintain some causal connections with the outside world, and you can also communicate with the outside world. However, once you enter the Yellow Springs Desert, you will cut off all causal connections with the outside world; even communication, it is almost impossible to carry out—this point, you have to pay attention! ”

“Yeah!” Xu Ming nodded.

General Jingyu introduced: “There will also be some treasures and opportunities in the sea of smoke in Huangquan, but generally there are only high-end artifacts, and even low-grade semi-artifacts are hard to see! Therefore, those who will travel in the sea of smoke in Huangquan are usually There are some Taoist masters with relatively average strength; even some invincible half-foot Taoist masters will enter the Yellow Springs Sea of Smoke to take risks!”

Like “Taiwu Dao Zun”, the pioneer of the Demon Realm of Seeking Dao, he once wandered in the sea of smoke in Huangquan.

However, even if it is only the outermost periphery of Huangquan Realm, it is still too dangerous for the Invincible Half-Trail Master.

And Dao Zun Taiwu was seriously injured because he was in the sea of huangquan smoke, and he could not recover from his injuries for countless years. Later, he wanted to seize Xu Ming's house, but he was destroyed when he failed to seize the house.

“Brother Xu Ming, although I don’t know what your strength is, I warn you – you can only enter the Huangquan Desert at the deepest level, never enter the Huangquan Oasis!”

“Oh?” Xu Ming couldn’t help but be a little curious – General Jingyu knew that he had “killed” the tyrannical Taoist master of the demon clan, but he still said this with such certainty; it can be seen that the Huangquan Oasis is absolutely terrible!

General Jingyu had a look of horror in his eyes: “Don’t talk about our strength, even the Master of the Heavenly Palace and the Sword Master, they would not dare to set foot in the Huangquan Oasis!”

“Hey—” Xu Ming took a deep breath.

You must know that each of the twelve masters of the Asking Palace is standing at the pinnacle of demigods! Even they did not dare to set foot in Huangquan Oasis, which shows the horror of Huangquan Oasis.

but...

Where the Palace Master and Sword Master dare not go, Xu Ming may not dare to go. After all, Xu Ming is almost invincible with his “absolute stealth” hanging, “teleportation” hanging, and “coordinate positioning” hanging.

Even if Xu Ming encounters danger, the loss will only be the clone. Lost, the big deal is to reunite, what are you afraid of!

Simply put, four words – fearless!

Of course, Xu Ming would not tell General Jingyu about these things. Anyway, if Xu Ming is on a whim, he will definitely enter Huangquan Oasis to have a look.

Of course, General Jingyu didn’t know what Xu Ming was thinking, and he persuaded bitterly: “Remember, don’t enter the Yellow Spring Oasis! Once you go in, it’s not up to you to decide whether you can come out or not, it just depends on you. Good luck!”

“I understand!”

...

At General Jingyu’s place, he continued to drink tea for a few days and talked a lot about the secrets of the Eternal Demon Pit. Xu Ming finally got up and left.

Whoosh!

After exiting Jingyu Hall, Xu Ming jumped and jumped directly into the Eternal Demon Pit.

General Jingyu stood outside Jingyu Hall with a distant gaze: “I can’t believe that Brother Xu Ming has grown so fast! Even compared to me, I’m afraid it’s not far behind!”

According to General Jingyu’s judgment, Xu Ming’s strength should be at the level of “Invincible Dao Master”. And General Jingyu’s understanding of the Tao of Heaven is also at the level of an invincible Taoist.

However, both are invincible Taoist masters, and their strength is also divided into strong and weak!

Like General Jingyu, not only is he “absolutely invincible” among the invincible Taoists; his strength is even stronger than some “demi-gods”! – The same is true for Zhan Wuwei and Ye Tianhun!

Because of this, General Jingyu, Zhan Wuwei, and Ye Tianhun have a much higher status in the Asking Palace than ordinary elders! Even the demigods, many of them have equal fellowship with them.

In General Jingyu’s view, since Xu Ming is an invincible Taoist master, he must be slightly inferior to himself. After all, among the invincible Taoists, General Jingyu is absolutely invincible, and it is almost impossible for anyone to be stronger than him!

It’s just that General Jingyu didn’t know that Xu Ming also had a stronger Willow clone! – If it is a life-and-death struggle, even if Xu Ming does not use the perverted means of “absolute stealth” and “teleportation”, General Jingyu may not be able to win!

...

call out-

After jumping into the Eternal Demon Pit, Xu Ming completely gave up control over his body and started... free fall!

Under the action of gravity, Xu Ming's speed continued to soar.

Ten miles in an instant...

A thousand miles in an instant...

A thousand miles in an instant...

Xu Ming's tyrannical body was constantly rubbing against the chaotic space.

Xu Ming's body began to heat up rapidly.

boom!

Xu Ming directly turned into a ball of fire, like a meteor, falling into the depths of the Eternal Demon Pit.

"This... is the easiest way to get to the depths of the Eternal Demon Pit!" Xu Ming's expression was a little strange.

Yes, most people go to Huangquan Realm using this "free fall" method. After all...no effort at all! As long as you jump towards the Eternal Demon Pit, you can reach it.

Also, the speed is okay. It only takes about a month to arrive at Huangquan Realm!

In the world ring, Liu Shu's clone secretly glanced at Erha who was cultivating, and thought secretly: "It is estimated that when I enter the Yellow Spring Realm, Erha should have finished refining the two fire source stones! At that time, Me, Yin Ran, and Erha, we are going to the Huangquan world together, and the lineup is still relatively strong!"

Chapter 657: Enter The Yellow Spring Desert

The journey to the depths of the Eternal Demon Pit is lonely.

Xu Ming left a "coordinate positioning" not far from the pit entrance; then, he let his body fall freely there.

Along the way, Xu Ming did not meet even a single person—because almost everyone, the way to go to Huangquan Realm was to fall freely.

It is also a free fall, and those who set out from behind will naturally never catch up with those in front, and they will never meet them.

After free fall for about a month, Xu Ming clearly felt that the "gravity" had weakened a lot; even his speed began to slow down significantly.

"It should be approaching the very center of the Eternal Demon Pit!"

Xu Ming secretly said.

However, the Eternal Demon Pit is too deep, with billions of miles in it. Even the "most central" is a large range.

Xu Ming wanted to find a grain of sand here—and he couldn't perceive it with his mental power, so he could only find it with the naked eye; it was really harder than finding a needle in a haystack!

"Fortunately, I was already prepared!"

Swish!

In Xu Ming's hand, a black compass appeared directly.

“Yellow Spring Compass!”

The two pointers on the Huangquan compass, one points to the exit direction of the Eternal Demon Pit in the territory of the human race, and the other points to the direction of Huangquan Realm.

Xu Ming followed the guidance of the compass and walked all the way. After a while, he saw a completely dark void in front of him.

This void is only a few miles in range; it looks very small in the Eternal Demon Pit, which is 100,000 miles in diameter and runs through the entire endless continent.

However, Xu Ming felt the invisible oppression from this small void.

Moreover, this small piece of completely dark void is very strange. It seems that even the light, once it enters this dark void, is completely swallowed up and can never come out again.

Xu Ming showed a happy expression: “It's here!”

Thinking about it, Xu Ming flew directly towards the dark void.

wow—

The moment he touched this dark void, Xu Ming's body was swallowed directly.

Xu Ming felt as if he had fallen into the boundless mist in an instant.

“Yellow Spring Sea of Smoke!”

The Yellow Springs Sea of Smoke is actually just the periphery of the Yellow Springs Realm, not the real Yellow Springs Realm. And the real Huangquan world, that is, that grain of sand, is hidden in the very core of the sea of smoke in Huangquan.

“Walk!”

Xu Ming directly broke through the cloud and mist, followed the guidance of the yellow spring compass, and moved forward rapidly.

Huangquan Sea of Smoke is relatively safe. If there is danger, the biggest danger is from aliens.

However, in the sea of huangquan smoke, the probability of encountering aliens is not high. Moreover, even if they met, basically, the unlucky one was the alien, not Xu Ming.

Xu Ming was flying when suddenly...

Whoosh!

A big axe flew towards Xu Ming very abruptly.

“Huh?” Xu Ming was vigilant and grabbed the big axe in his hand.

“Huh? Is it an unowned axe?”

Xu Ming originally thought that there was an expert sneak attacking him; however, the moment he grabbed the big axe, he was sure that it was not a sneak attack. Because the speed of the big axe is really slow, and it has no lethality; moreover, the key is that the big axe still has no owner.

Xu Ming reacted immediately: “Isn’t luck too good? As soon as I came in, I happened to encounter a big axe floating in the sea of smoke in the Yellow Spring.”

In the sea of huangquan smoke, there are occasionally some revered artifacts, and I don’t know where they came from; if you can pick them up, you are lucky.

“It’s a great axe of the highest grade, and luck is really good!” Xu Ming secretly said.

Immediately, Xu Ming moved on.

“It should be ahead!” Xu Ming felt that the oppression in the space was rapidly getting stronger. It is said that this is a sign of approaching the Yellow Springs Realm.

boom!

Suddenly, Xu Ming flew out of endless clouds.

In front of him is a completely empty void, only a few miles away. In the void, an incomparably small grain of sand, obviously very ordinary, but it makes people feel extremely dazzling.

With the sand as the center, waves of invisible oppression spread out, making Xu Ming feel his heart palpitate, as if an ant was facing the sky.

“Huangquan Realm!”

Xu Ming moved forward cautiously.

His eyes fell on this grain of sand, but he felt that this grain of sand was growing rapidly!

getting bigger!

In an instant, this grain of sand directly filled Xu Ming’s entire field of vision, as if it were boundless.

Xu Ming suddenly found that he was in a boundless desert.

“This is...” Xu Ming was shocked, “Yellow Spring Desert?”

Accidentally, Xu Ming actually entered the Yellow Spring Desert! – Here, it is already the interior of Huangquan Realm.

At the same time, Xu Ming was horrified to discover that he could no longer feel his own deity!

“Causal isolation!”

Xu Ming knew that this was precisely because the Huangquan world was causally isolated from the outside world.

And Xu Ming’s deity in the independent space, at this moment, also can’t feel the existence of the clone.

Although the independent space is also isolated from the outside world, for Xu Ming himself, it will not be affected by the causal isolation. But now, the causal isolation of Huangquan Realm directly isolates the induction between the deity and the clone.

The deity can no longer know what happened to the clone. I can only barely sense that the clone is life or death.

If the clone is still alive, Xu Ming cannot summon a new clone.

...

“One sand, one world, it’s amazing! I’ve already entered the Yellow Spring Desert if I’m not careful!”

Xu Ming knew that he was still at the very edge of the Yellow Springs Desert. As long as he walked back, he would soon be able to leave the Yellow Springs Desert, leave the Yellow Springs Realm, and return to the Yellow Springs Sea of Smoke.

However, Xu Ming originally wanted to come to Huangquanjie. Since you have already come in, naturally there is no need to go out.

“Here first, leave a ‘coordinate positioning’!”

After completing the coordinates, Xu Ming’s spiritual power sank into the world ring.

“Yin, Erha, I have already arrived at Huangquan Realm, do you want to come out?”

“Oh? Are you there yet?” Yin Ran said, “let me go out!”

Yin Ran wanted to find a treasure of detoxification in this Huangquan world. As for which treasures can detoxify, I am afraid that only she can recognize it; so, of course, she wants to go to the Huangquan world with Xu Ming.

At this time, Erha has also successfully refined two fire origin stones, and his strength has increased greatly. It is not far from becoming a demigod!

“I’m going out too!” Erha said.

The master is about to go out, Erha, as a soul slave, of course he has to go out with him, and protect his master faithfully.

“Okay! – But, change your appearance before you come out!”

As soon as Xu Ming’s mind moved, he released Yin Ran and Erha from the world ring.

When Er Ha came out changed a little. Although it is still one and two ha, it is completely different from the image of “tyrant killing the Taoist” – after all, Xu Ming declared to the public that he has “killed” the bully Taoist; it is still necessary to disguise a little, so as not to be too easy Being recognized by others and causing unnecessary trouble.

“Wang Wu—” As soon as Er Ha came out, he shook his body and called out excitedly, “It’s been a long time since I came to Huangquan Realm!”

However, Erha did not come to Huangquanjie many times; his understanding of Huangquanjie was incomparable to that of General Jingyu!

“I heard that there are endless opportunities in this boundless Huangquan desert! Let’s explore here first!” Xu Ming said.

“Okay!” Yin Ran and Erha naturally had no opinion.

“Best, you can find a way to remove the fog of fallen souls here!” Yin Ran secretly said.

However, after two people and one dog were walking in the Huangquan Desert for a while, an arrogant voice stopped them.

“stop!”

Chapter 658: 2 Ha, Bite Him!

“stop!”

This voice, arrogant and cold, seems to have a superior arrogance.

Xu Ming followed the sound and saw a black figure flying fast from the far side of the desert.

This figure is a ruthless young man with a face like a knife; his eyebrows are extremely unrestrained, and he doesn't seem to take anything in his eyes.

“Who is he?”

Xu Ming did not recognize this person.

After all, there are countless great powers of the human race, and Xu Ming has not seen or recognized all of them.

For example, Xu Ming had never seen the young man in black before him.

You don't know each other, yet you call me “stop” so arrogantly? —Xu Ming was slightly unhappy, but he was patient, waiting for the young man in black to fly over.

boom!

The youth in black, like a piece of meteorite iron, slammed into the desert in front of Xu Ming.

The desert under his feet was smashed into a deep pit. But he stood proudly in the sky above this deep pit, overlooking Xu Ming and the others slightly.

“Who are you?” the black-clothed youth asked indifferently.

His eyes swept across Xu Ming and Erha, but when he saw Yin Ran, his eyes suddenly lit up.

“My human race, when did such a stunner appear?” The young man in black was hot in his heart.

“Who are we?” Xu Ming’s face suddenly sank, “You don’t even know who we are, so just stop us?”

“Hahahaha...” The black-clothed youth laughed wildly, “Then do you know who I am?”

Xu Ming looked up and down this black-clothed youth, and finally determined that he really did not know this stupid X.

“Tell me, who are you?” Xu Ming asked impatiently.

Judging from the opponent’s aura, it is obvious that he is not a demigod, but at most an invincible Dao Master; moreover, it is not necessarily an invincible Dao Master!

A mere daoist actually arrogant, pretended, and provoked in front of Brother Ming as soon as he came up; Xu Ming didn’t hit him directly, it was considered polite.

However, Xu Ming wanted to see what the other party’s background was to be so arrogant.

“I’m... Chu Xiao! Have you heard of it?” The young man in black was very arrogant.

Chu Xiao?

Although Xu Ming had never met this person, he had really heard the name “Chu Xiao”.

Chu Xiao is known for his “nosy”; even Xu Ming has heard of his reputation for being nosy.

As for strength...

Chu Xiao's strength is not weak, but he is an invincible Taoist! In the human race, it is already close to the topmost existence!

"How is it, have you heard my name?" Chu Xiao said arrogantly.

"I heard it!" Xu Ming said directly, "Then you stopped me, what's the matter?"

"What's the matter!?" Chu Xiao smiled coldly, "It's a big deal!"

With that said, Chu Xiao's eyes glared at Erha coldly, and said coldly, "If I'm not blind, this dog should belong to the demon clan, right? – How dare you collude with the demon clan!?"

Collusion with demon clan?

Xu Ming couldn't help but startled – this stupid X's imagination is too rich, right? Which human race traitor would collude with the demon race so blatantly?

"This is the monster we enslaved!" Xu Ming explained patiently.

"The monster you enslaved!?" Chu Xiao's voice was sharp and he shouted coldly, "This monster is powerful, just rely on you, what strength do you have to enslave it? Also, who are you? – How come I've never seen it before? you?"

"I..." Xu Ming narrowed his eyes slightly, "Xu Ming!"

Xu Ming?

Now, it was Chu Xiao's turn to be stunned.

Obviously, the word "Xu Ming" is well-known no matter where in the human race.

However, Chu Xiao has been wandering in the Huangquan desert all the year round, isolated from the outside world by cause and effect, and the news is a little behind.

He only heard that Xu Ming killed countless Taoist priests of different races in the battlefield of ten thousand races, and he did a great job; but he hadn't heard of Xu Ming's later deeds and Xu Ming's ability to be recognized as an invincible Taoist.

Chu Xiao thought that Xu Ming's strength was only the Seventh Step Daoist! Therefore, even though Xu Ming's reputation is very high and his potential is very strong, Chu Xiao doesn't take Xu Ming seriously.

and...

"Xu Ming?" Chu Xiao said in disbelief, "You said that you are Xu Ming, but you are Xu Ming? – What proof?"

prove?

Xu Ming sneered disdainfully: "Do I need to prove anything to you?"

"Humph!" Chu Xiao smiled disdainfully and looked at Yin Ran again, "Okay, even if you are really Xu Ming, then I'll ask you again—she, who is she?"

"Uh..." Xu Ming was slightly startled.

Yin Ran's identity is really hard to explain.

Although Yin Ran is also a human race, he is not a human race from the Endless Continent, but from the Divine Realm. In the Endless Continent, there is no such person as Yin Ran at all.

How should Xu Ming explain to clarify Yin Ran's identity?

Moreover, even if he said it directly, I'm afraid Chu Xiao wouldn't believe it, right?

but...

Xu Ming seemed to have no need to explain anything to Chu Xiao.

“Who is she and does it have anything to do with you?” Xu Ming sneered.

“Of course there is!” Chu Xiaoyi said sternly, pointing at Yin Ran, “I strongly suspect that this person colluded with the demon clan! – I will take her back to investigate!”

Take Yin Ran back to investigate? —Xu Ming slightly smelled an unusual breath.

Immediately, Xu Ming and Yin Ran saw a trace of eagerness in Chu Xiao’s eyes. Immediately, they all saw that Chu Xiao was coveting Yin Ran, so he deliberately found fault!

“I heard before that this Chu Xiao is very nosy. I didn’t expect that he is not only nosy, but also lecherous!” Xu Ming secretly said, “Or... Chu Xiao is taking the opportunity of nosy to make a profit on himself. Wanted benefits...”

Xu Ming looked at Chu Xiao, and his eyes were filled with contempt. Unexpectedly, among the top Taoist masters of the human race, there is still such garbage!

“Chu Xiao, right?” Xu Ming’s eyes were cold, “I’ll give you a chance to ‘get out’! – Get out before I’m completely angry!”

Xu Ming also considered that Chu Xiao had killed a lot of great powers of foreign races, and had done a lot to the ethnic group; therefore, he was kind to Chu Xiao.

Otherwise, ***** and scum like Chu Xiao would be killed if they were killed. There was nothing to regret.

“Go away? Hahahaha...” Chu Xiao couldn’t help laughing, . com “You colluded with the demon clan, how dare you tell me to get out!?”

“It’s really shameless!” Xu Ming’s face sank, and without warning, he raised his hand and slapped him.

Snapped!

A hot and bright red palm print was perfectly printed on this cold face as sharp as a knife, and it was extremely eye-catching.

Chu Xiao was stunned: “You dare to hit me?”

Snapped!

Xu Ming raised his hand and slapped again: “Go away!”

“You...” Chu Xiao was furious, his whole body was full of momentum, and he was about to kill him.

“How dare you be arrogant!?” Xu Ming stared, “Erha, bite him!”

Erha is Yin Ran’s soul slave and is absolutely loyal to Yin Ran. When it saw that Chu Xiao dared to covet its master, it was already very angry; now that Chu Xiao dared to do it, it immediately rushed towards Chu Xiao viciously.

Chapter 659: Talk 1 Talk

After Erha refined two Origin Stones, his strength improved by leaps and bounds, and he was already very close to a demigod!

And Xu Ming is also an invincible Taoist.

As for Yin Ran, it is even more unfathomable, he is definitely a demigod!

Chu Xiao dared to “courageously” kill him, outnumbered enemies. Isn’t this a clear sign that he is here to abuse him?

Yin Ran didn't even need to take action, Chu Xiao was tortured so badly that he couldn't even lift his head under Xu Ming's slap and Erha's dog's mouth.

After being slapped and bitten for an unknown number of times, Chu Xiao finally persuaded.

Whoosh!

Chu Xiao ran away, rolling and crawling.

Standing in the distance, he was completely embarrassed. He pointed at Xu Ming and scolded: "Xu...Xu Ming, wait, I want to find General Jingyu and give me a comment!"

Looking for General Jingyu to judge?

Xu Ming smiled disdainfully: "Go!"

How did Chu Xiao know that Xu Ming and General Jingyu were brothers!

General Jingyu would definitely trust Xu Ming, not Chu Xiao.

"Humph!"

Chu Xiao snorted angrily and left the Yellow Spring Realm directly; then shuttled out of the Yellow Spring Sea of Smoke and returned to the Eternal Demon Pit – the "signal" here is better.

"General Jingyu." Chu Xiao is also an invincible Daoist, and he is still qualified to directly communicate to General Jingyu.

"Oh? Chu Xiao, what's the matter?" General Jingyu quickly responded.

Chu Xiao said aggrieved: "Xu Ming colluded with a foreign race, and also injured me with a canine monster – and asked General Jingyu to do justice for me."

Xu Ming colluded with aliens?

When General Jingyu heard it, he immediately didn't believe it.

In the entire human race, anyone can betray the clan, but Xu Ming is impossible!

After all, Xu Ming almost enjoys the highest authority and treatment in the human race; colluding with foreign races, for Xu Ming, has only disadvantages and no benefits – Xu Ming naturally cannot collude with foreign races.

“It seems that Chu Xiao must be meddling with his own business. I don't know where he got off the Xu Ming brothers and started a dispute with the Xu Ming brothers.” General Jingyu secretly said.

However, Chu Xiao was also an invincible Daoist, and General Jingyu still had to take care of his face.

So, General Jingyu said in a tactful tone as possible: “Chu Xiao, it is impossible for Xu Ming to betray the human race and collude with other races; you see, is there any misunderstanding in this matter, I will tell you when I find out the truth. , okay?”

“General Jingyu!” Chu Xiao's tone was a little tough, “Xu Ming and canine monsters injured me together, this is a fact, what else is there to ‘misunderstand’!?”

General Jingyu was also a little displeased when he heard it, thinking to himself, this Chu Xiao is still an old temper, so shameless.

“Let's wait until I figure it out!” After General Jingyu finished speaking, he immediately hung up the subpoena.

After hanging up the summons, General Jingyu couldn't help but secretly said: “Canine monster? – Could it be that when did Brother Xu Ming subdue a powerful canine monster?”

Immediately, General Jingyu remembered: “Not long ago, didn't Brother Xu Ming be assassinated by Tyrant Killing Daoist? – Tyrant Killing Daoist is a canine monster; shouldn't it be such a coincidence...?”

General Jingyu gradually had a guess in his heart: “Could it be... Brother Xu Ming did not kill the tyrant Daoist, but subdued it?”

The more General Jingyu thought about it, the more he thought it was possible.

“It’s just... the strength of killing the Taoist is not weak, how did Xu Ming subdue him?”

General Jingyu was a little puzzled.

...

At this time, on the other end of the communication, Chu Xiao, who was hung up on the communication, was so angry that he directly crushed the communication symbol.

“Partial! Jingyu is definitely favoring Xu Ming!”

But in fact, General Jingyu is just talking about things, how can there be any partiality?

“Injustice! Injustice!” Chu Xiao was full of anger and plunged into the sea of huangquan smoke.

At this moment, a bewitching voice sounded deep in Chu Xiao’s heart: “The human race is not benevolent...Chu Xiao, does it really make sense for you to continue to be loyal to the human race?”

In Chu Xiao’s eyes, there was also a flash of confusion: “Yeah... I worked hard for the ethnic group, but the ethnic group didn’t take me seriously at all... What’s the point of continuing to be loyal to the human race?”

The bewitching voice continued: “Why don’t... let’s have a good talk? -Chu Xiao, you are extremely talented and promising; trust me, as long as you give yourself a chance, you can soar to the sky!”

Chu Xiao struggled for a moment in his eyes, and finally gritted his teeth: “Okay! I’ll talk to you!”

...

The appearance of Chu Xiao was just a trivial episode for Xu Ming and Yin Ran.

It didn't take long for the two of them to forget about Chu Xiao's affairs, and carefully searched for an opportunity in the Yellow Spring desert.

"This Huangquan Realm is not simple!" Yin Ran observed silently, and said to himself, "Even in the realm of the gods, those who can own this Huangquan Realm are probably not a weak force!"

Yin Ran is a little strange, why does Huangquanjie appear in such a small place as the Endless Continent?

"Hopefully, in the Yellow Spring Realm, there will be treasures that can detoxify me!"

Yin Ran was thinking.

Suddenly, in the area where Xu Ming, Yin Ran, and Erha were located, the desert that was originally sunny and very calm suddenly swept up with mad sand.

"It's the Huangquan Sandstorm!" Xu Ming's expression changed slightly.

Sandstorms in Huangquan often bring opportunities.

The bigger the sandstorm, the bigger the chance!

It's just... Huangquan sandstorms are not so easy to deal with! Some Taoist masters with weaker strength may even be wiped out directly in the event of a sandstorm in Huangquan!

Moreover, the Huangquan sandstorm is coming, and there are no signs to follow.

It is very likely that a place was originally sunny and sunny; suddenly, a sandstorm in Huangquan came – just like Xu Ming now.

Therefore, those Taoist masters with weaker strength did not dare to enter the Yellow Springs desert at all. Otherwise, once you encounter a sandstorm, you won't even have a chance to escape, and you'll be wronged to die!

"Unexpectedly, not long after entering Huangquan Realm, I encountered a sandstorm." Xu Ming secretly said, "I don't know, should I say that I am lucky, or should I say that I am unlucky!"

Xu Ming thought for a while: "It's better to say luck!"

After all, for a power of Xu Ming's level, the sandstorm in Huangquan is hardly a threat, but it seems to be specially here to send "welfare"!

"Just, I don't know how big this wave of benefits will be?" Xu Ming thought to himself.

call-

call-

The wind swept through countless wild sands were blown into the sky and danced wildly, covering the sky.

rumbling...

The sandstorm got bigger and bigger, and even formed a sandstorm vortex.

The sandstorm vortex connects the earth below and the sky above, and the power is extremely terrifying! – This is a terrifying sandstorm that can "scratch" all Taoists to death!

Countless mad sand slapped Xu Ming's face, and even Xu Ming felt a burst of chills.

and...

The power of the sandstorm is still rising!

“Great welfare!” Xu Ming’s eyes lit up involuntarily.

You know, the bigger the sandstorm, the greater the benefits!

Chapter 660: Desert Vortex

rumbling...

The roaring sandstorm was like a horned dragon, raging for tens of thousands of miles.

The great powers of all ethnic groups in the surrounding hundreds of thousands of miles, or even millions of miles, have discovered this wave of sandstorms.

More than 100,000 miles away...

“It’s a sandstorm in Huangquan!”

A blue dragon monster with a body that is thousands of feet long, and the dragon’s eyes are shining brightly.

It is the dragon clan with extremely noble blood among the demon clan!

In the demon clan, the nobler the bloodline, the stronger the strength! – This Qinglong’s comprehension of the way of heaven is only barely stepping into the “first-order demigod”; but its combat power is already close to the “second-order demigod”!

You know, from the perspective of heaven, demigods can be divided into “six levels”.

The first level corresponds to the perception of the Tao of Heaven passing through the thirty-first floor of the Tongtian Tower; the second level corresponds to the perception of the Tao of heaven who passed through the thirty-second floor of the Tongtian Tower... and so on, the sixth level corresponds to the perception of the Tao of heaven who passed through the thirty-sixth floor of the Tongtian Tower. comprehension.

The Tongtian Tower has only thirty-six floors. If the Heavenly Dao comprehension goes one step further, it is... a real god!

but...

In terms of strength, the demigods have seventh-order, eighth-order, and ninth-order! Because, for some demigods, although the perception of the Tao of Heaven is only “sixth-order”, due to some special means, they can exert their combat power far beyond the sixth-order – for example, Palace Master Potian, the perception of the Tao of Heaven is pitifully low, only “second-order” “; But the strength, but the whole endless continent, is definitely the top of the demigods!

Therefore, the strength of a demigod cannot be based on the understanding of heaven.

But there is one thing, that is – among the demigods, the difference in strength is one step; the gap is definitely one step away from the level of the Taoist master, and the disparity is much greater!

The Azure Dragon Monster Beast, the Heavenly Dao comprehension has barely stepped into the first-order, but it can exert a combat power close to the second-order, which is already very terrifying!

“This sandstorm in Huangquan is really powerful!” Qinglong’s eyes lit up, “And it’s so close to me! It seems that my ‘Wuchong’ demigod’s luck is here!”

The Wu clan is the largest clan of the dragon clan.

“Walk!”

Wu Chong’s body moved, and his thousand-zhang-long body swept up the yellow sand in the sky and rushed towards the direction of the sandstorm in Huangquan.

...

At the same time, in the other direction of the sandstorm in Huangquan, a bull with a golden body widened its bull’s eyes.

From the nostrils of the two huge cows, a fiery red breath was exhaled: “Huangquan sandstorm? – With such a great power, it seems that there is a treasure that is not weak, go and see!”

boom!

boom!

boom! !

The Taurus stepped on the desert beneath its feet, and its speed soared rapidly.

Every step of the tower, it will leave a deep pit that is several miles in size in the endless desert of Huangquan.

...

Farther from the Huangquan Sandstorm.

A middle-aged man in black robe with a stern face, his clothes fluttering freely in the wind and sand of the desert.

He... is the invincible Taoist Master of the Human Race who had a little relationship with Xu Ming before and was slapped by Xu Ming – Qiu Pu!

“What a strong Huangquan sandstorm...” Qiu Pu was also moved.

The stronger the sandstorm, the more precious treasures are often produced!

“However, it’s a little far from me, I’m afraid it’s more than two million miles!” Qiu Pu felt unwilling, “Let’s rush over first! – I don’t know, when I rush over, I won’t have time to grab some benefits! ”

...

At this time, Xu Ming was in the core area of the Huangquan sandstorm.

The strong sandstorm made Xu Ming unable to open his eyes.

Erha was even blown into a “lone wolf in the wind”, very domineering.

rumbling...

Heaven and earth trembled, the wind and clouds stirred.

At the very center of the sandstorm in Huangquan, a sandstorm vortex began to condense faintly.

In the vortex, there is a breath of eternity. The nine major sources of heaven, gold, wood, water, fire, earth, wind, thunder, yin and yang, seem to all converge in a vortex.

“The vortex of the desert has appeared!” Xu Ming watched expectantly.

There are two types of desert vortex.

A kind of “devouring”, a kind of “spitting”.

Devouring the vortex will devour everything around it into a different dimension. In the different space, there are many opportunities that can be found.

Spit the vortex, and it will spit out some treasures.

and...

The swallowing vortex is gentle and has no lethal power; while the spit vortex is violent, whoever forcibly breaks into the spit vortex, even a ninth-order demigod, will be smashed to pieces.

“This is...”

Although Xu Ming was a long way from the whirlpool, he could also feel that there was a violent aura around the whirlpool that shattered everything.

Even him, if he dared to approach the whirlpool, he would be crushed.

“It’s a spit vortex!”

Xu Ming looked forward to watching, what treasures would spit out from this whirlpool.

Yin Ran also has a curious look in his eyes, and secretly said in his heart: “I don’t know which almighty in the realm of the gods is here, leaving this place of experience?”

With Yin Ran’s eyesight, after entering the Huangquan Realm, he soon discovered that the Huangquan Realm is actually a place for one’s experience!

As for the meaning of the existence of this place of experience... It is naturally to select the top talent!

But Yin Ran is still not without doubts: “In terms of the quantity and quality of geniuses, God’s Realm is definitely far beyond the Endless Continent! But why, this mysterious God’s Realm master, wants to set up his experience in the Endless Continent, not in the God’s Realm. Woolen cloth?”

Yin Ran was a little puzzled.

You must know that it is much easier to pick a genius in Divine Realm than in Endless Continent!

For example, Xu Ming is the first genius in the history of the Endless Continent! However, Yin Ran knew that in God’s Domain, there were too many more geniuses than Xu Ming!

God’s Domain, that is an unimaginable world.

...

Xu Ming stood proudly in the sandstorm, waiting for the treasure in the whirlpool to be born.

Er Ha also looked at it curiously – although it had once roamed the Yellow Spring Desert, it was the first time it had seen such a violent Huangquan sandstorm, such a turbulent desert vortex.

boom!

Suddenly, a terrifying and domineering aura suddenly descended on the space where the Huangquan Sandstorm was located.

“Huh!?” Xu Ming was shocked, and quickly looked in the direction of the imposing pressure.

Xu Ming’s eyes pierced through the mad sand in an instant, and saw a blue dragon dancing wildly for nine days.

“Qinglong!?” Xu Ming’s pupils shrank suddenly.

The tyranny of the Dragon Race is recognized by the entire Endless Continent!

“And... it’s still a demigod-level Azure Dragon!”

Unexpectedly, the desert vortex has just formed, and it has attracted such a powerful enemy!

In fact, what Xu Ming didn’t know was that at the beginning, the “Huxin Island”, the powerful force in the territory of Huxin Island, once had a statue of a blue dragon;

But later, Xing Li, the Taoist master of Huxin Island, got angry with Xu Ming; in a fit of anger, he smashed the statue into powder.

Erha of course recognized this green dragon, and it even transmitted the sound to Xu Ming and Yin Ran: “This green dragon is ‘Wuchong’, and it has the strength close to a second-order demigod!”

Approaching a second-order demigod?

Xu Ming didn't pay much attention to it.

After all, his willow avatar has more strength than this level.

“Humans!?” Qinglong Wuchong didn't recognize Xu Ming and Yin Ran, his eyes were flushed red, and he roared, “The treasure is mine! Get out!”
