Chapter 781: 9 Trials Of The Realm

Xu Ming in Naihe City is just a conscious body.

However, Xu Ming's deity, his two clones, and his consciousness on the Endless Continent are always connected and connected.

At this time, the deity, the two avatars, and the temporarily condensed consciousness are all condensing the "flower of the Tao" of the three heavenly Taos of wind, water, and thunder at the same time.

The flower of the wind system is extremely fierce, it seems to be able to tear everything and annihilate everything, and at the same time, it contains endless mysterious changes.

The flower of the water system is inclusive of everything, creates everything, but can destroy everything. The water is soft, yet invincible.

The flower of the Thunder Dao contains a terrifying aura of destruction; but within this aura of destruction, it seems that a new life is brewing...

The "Flower of the Tao" of the three heavenly ways of wind, water and thunder condensed, Xu Ming has a total of four heavenly ways, reaching the level of a demigod!

"Now, my level of understanding of the Dao of Heaven is at least 'one foot five inches', right?" Xu Ming thought secretly.

One foot five inches...

Although compared to geniuses from the God Realm like Qian Yishang, this level of understanding of the Dao of Heaven is far from enough; even compared to other geniuses in the dust world, it is still far behind!

However, you must know that Xu Ming is only in his fifties so far, and he has only been practicing for more than thirty years!

For more than 30 years, what is the concept of God's Domain?

Let me give a simple example: in the realm of the gods, it takes a long time and energy for gods to give birth to offspring! For example, Qian Yishang, it took thousands of years from his mother's pregnancy to his birth!

In other words: when Xu Ming was fifty years old, he had already reached the current state of terror; and when Qian Yishang was fifty years old, he was still a newly fertilized egg!

Compared with Xu Ming, Qian Yishang's life span of millions of years was completely lived on by a dog!

...

Three days passed in a flash.

During these three days, all the 130 geniuses benefited a lot. Of course, the biggest improvement is undoubtedly Xu Ming!

"It's all out, then let's go to the second stage of the test!" City Lord Naihe said.

In the second stage test, only 30 geniuses can participate; however, those 100 geniuses who were eliminated in the first stage test will not be expelled immediately, and can still stay and watch.

"The second stage of the test will be conducted in the 'Nine Layers'!"

City Lord Nai He explained while walking.

"As the name suggests, the Nine-layer Realm is divided into nine layers!" City Lord Naihe said, "Crossing the Nine-layer Realm is all about strength! If you can pass the first two layers, it proves that you have almost invincible strength at the level of a demigod; It proves that you have the

strength of the gods – of course, among the thirty of you, none of you should be able to break through the first realm!”

None of them can break through the first realm! ?

The geniuses from the dust world are very unconvinced. Although they didn’t say anything, they clenched their fists tightly, and their fighting spirit was fierce, but the meaning couldn’t be more obvious – we must pass the first realm and show you!

“Haha, why are you clenching your fists so tightly?” Bi Liu from God’s Domain sneered, “Is it possible, do you think that if you clench your fists tightly, you will be able to pass through the first realm?”

“You natives of the dust world are really ignorant and fearless. You don’t know how terrifying the test of the ‘Nine Layers’ is!”

“That’s right, don’t talk about you guys, even our Qian Yishang ‘Shao Shao’ wouldn’t dare to say that we can break through the first realm!”

“Humph! In our God’s Domain, the test of the Nine Realms is not about who can pass the first stage, but who can last longer in the first stage!”

As soon as the geniuses of the God Realm have a chance, they will ridicule the geniuses of the Mote World to show their nobility!

City Lord Naihe said: “That’s true. Usually, in the ninth level, the test is who can last longer in the first level!”

“But not necessarily this time!” Suddenly, Qian Yishang said.

“Oh?” City Lord Naihe was slightly startled.

The geniuses of God’s Domain were also stunned, and then they all showed their admiration: “Young Master Shang, are you sure you have passed the first realm?”

Even City Lord Naihe looked at Qian Yishang in surprise—it is not easy to be able to pass through the first realm!

Qian Yishang pretended to be modest and said: “I have realized something in these three days, and the progress has been huge! But I don’t dare to say that I can make it through, I can only say that I have some confidence!”

Although Qian Yishang had already acted as “as humble as possible”, everyone could see his desperation.

“Xu Ming!” Qian Yishang looked at Xu Ming again, and smiled faintly, “This second stage of the test – entering the Nine Realms, the test is ‘strength’! This is not what you are good at, you have to work hard!”

Qian Yishang’s remarks seemed to remind Xu Ming to cheer up, but everyone could hear the sarcasm in his words.

The meaning of Qian Yishang is very simple – you Xu Ming, your strength is not good!

“Haha!” Xu Ming smiled indifferently.

As the saying goes: don’t shake a full bottle, shake half a bottle.

Whether the strength is good or not, it is not said with the mouth!

Xu Ming’s current strength is already faintly surpassing the “eighteenth order” – although he is not clear, what kind of strength is this in the demigod level; but he can feel that he will never be weaker than a clown like Qian Yishang. .

Therefore, Xu Ming, who is “full of bottles”, naturally doesn’t bother to argue with Qian Yishang, who is “half a bottle”—or rather, he doesn’t bother to argue at all, he just talks about his strengths!

I don’t know what Qian Yishang’s expression will be when he sees Xu Ming’s achievements in the Nine Realms.

...

Soon, City Lord Naihe led the geniuses to a tall stone wall as smooth as a mirror.

The stone wall is bronze, without the slightest coercion.

“This is the Nine-layer Realm! – The stone wall is a space-time of its own. Walk to the stone wall, touch the stone wall, and you can start the assessment!” Naihe City Lord said, “Remember, this Nine-layer test is an assessment. , it’s another chance, you must seize it! – As for the chance, when the test starts, you will understand!”

The words of the city lord Naihe were heard by the geniuses in the dust world. After all, the geniuses of God’s Domain occasionally have the opportunity to come into contact with the Nine Realms, and they naturally know these common senses.

“Everyone has two opportunities to take the test, and the one with the best score shall prevail. Those who rank in the top ten can enter the third stage, which is the final stage of the test!”

When City Lord Naihe said this, the ten geniuses from God’s Domain all laughed: “Ranked in the top ten, entering the third stage of the test? Haha... In this case, the third stage of the test, and this group of natives of the dust world. , what does it matter?”

In the eyes of the ten geniuses of the God Realm, with their strength, they will definitely take the top ten without any suspense!

“Humph!” Qian Yishang thought fiercely in his heart, “Xu Ming, even if you are a ten-star genius with a talent against the sky, you can only stop at this second stage! The king-level trial, the main thing is to see Strength; the position of the general’s personal successor must be mine!”

Chapter 782: Opportunistic

“Nine-level realm can accommodate multiple people for the test at the same time. If you have a total of 30 people to participate in the test, then you will be divided into groups of ten and divided into three groups!” City Lord Naihe said, “The first group is from the first stage of the test. , those who are ranked 21st to 30th, come on!”

As soon as the words fell, the ten geniuses of the dust world came out and stood in front of the smooth stone wall. They all looked a little apprehensive, after all, they had never been exposed to the “Nine Layers” test.

“Indigenous people, take a good look at the magic of the treasures of the gods!”

The geniuses of God’s Domain always look for opportunities to show their superiority.

“Haha, these natives will definitely be shocked and stunned by the power in the ‘Nine-level World’!” Nine-level territory is a world of its own.

“Feel it well, natives! I’m afraid you will never have a second chance in your life to experience the power of the Nine Realm!”

“Everyone said, how long can these natives last in the world of the nine-layer realm? Ten breaths?” The tiger-skin genius from God’s Domain shouted loudly.

“Ten breaths? How could it take so long!” Bi Liu’s voice was sharp, “I see, three breaths at most, haha...”

...

The mocking voices of the geniuses of God’s Domain were everywhere, which made the ten geniuses in the dusty world who were about to take the test, even more nervous.

However, City Lord Nai He didn’t say anything; after all, if he couldn’t bear even such a little psychological pressure, then in the future, it would be impossible to become a super existence in the realm of the gods!

Facing ridicule, sometimes it is also a kind of grinding!

“Put your hands on the Nine Realms!”

Ten geniuses in the dust world, all reached out and touched the stone wall according to what City Lord Naihe said.

In the next moment, their bodies were motionless, but their consciousness had begun to enter the test state.

Several other Mote World geniuses ranked in the dozen or so were watching nervously at this time. Because next, it's their turn to take the test; and they don't know anything about the test.

Just two breaths.

The sturdy genius ranked twenty-eighth, his face suddenly turned blood red; the veins on his body also protruded, and he was extremely hideous.

"He's reached his limit!" Bi Liu said indifferently.

Sure enough, as soon as Bi Liu's voice fell, the genius's body shook violently, and he withdrew from the world of the Nine Realms. His blood-red face suddenly turned pale.

"It's terrible!" His expression still had lingering fears.

"A little more than two breaths! The natives of the dust world are really not worth mentioning!" Bi Liu sneered.

"How about it?"

"What's the situation in this Nine Realm Test?"

Several other geniuses from the Mote World gathered around this sturdy genius and asked anxiously. They want to know sooner, but also before the test, a little preparation.

Of course, Xu Ming disdains this kind of questioning around others.

Only then did the sturdy genius find out that he was the first to come out of the test, and his face couldn't help but look a little ugly. It's just that at this time, he is still in an incomparable shock; he has not had time to digest the large amount of insights he has learned from the world of the Nine Stages, so how can he have time to "point" other geniuses?

“Don’t be around, let him settle his feelings quietly!” City Lord Naihe said.

In just a flick of a finger, another genius withdrew from the test state—the score was less than three breaths.

The other eight geniuses exceeded three breaths, but most of them only had a little more than three breaths, and could not hold on for longer. Only Xu Bin, I don’t know if it broke out or what, actually persisted for nearly five breaths!

However... it’s only about five breaths, such an achievement is still despised by the geniuses of God’s Domain.

“The natives of the dust world, their achievements are really not worth mentioning!” No surprise, Bi Liu’s mocking sound rang again.

“Humph! In terms of strength, how can these natives be on a par with us!”

“Actually, what I’m most looking forward to is the performance of ‘super genius’ Xu Ming!” Bi Liu deliberately put the word “super genius” in a particularly strong way, “I remember that his understanding of the Tao of Heaven seems to be only a foot in length. One inch’ right? I don’t know if he can survive a breath in the Nine Realm!”

Qian Yishang also rarely spoke: “Xu Ming ranked first in the first stage of the test! If he ranked last in the second stage of the test, he couldn’t even hold his breath, but it would be really funny. It’s gone!”

In Qian Yishang’s remarks, he was actually complaining that the city lord had previously made Xu Ming “number one”.

In this regard, the city lord Naihe is really speechless, and he can only hope that Xu Ming’s performance will not be too bad or too ugly.

The other geniuses of God’s Domain looked at Xu Ming with playful eyes, obviously waiting to see him make a fool of himself.

Xu Ming is very calm – want to see me make a fool of yourself? These geniuses of the God Realm, I am afraid they will be disappointed!

However, Xu Ming didn't bother to explain anything at all; anyway, it's a mule or a horse, and you'll find out later when you pull it out.

“The first group of quizzes is over, let's go up to the second group!” City Lord Naihe said with a blank expression.

In fact, City Lord Naihe has already thought about whether to add a place to the third stage of the test; then, he will find a way to let Xu Ming enter the third stage of the test – even if Xu Ming still can't win in the end, but at least he can get more Some bonuses!

While thinking about it, the second group of tests has already started.

In the second group, there are nine geniuses from the dust world; only one is a genius from the Divine Realm.

The strength of the second group is generally stronger than the first group. It was not until the third breath that the first genius failed the test.

Persist in three breaths, two.

Persist in four breaths, three.

Persistent five breaths, two.

Persist in six breaths, one.

The most powerful genius in the dust world, that is, the genius who was tested to have a “five-star” fit before, persisted until ten breaths!

“Amazing!”

The other geniuses in the dust world are incomparably admired—they have already tried it, and they deeply know how difficult it is to persevere in ten breaths!

But what is terrifying is that the genius of the God Realm is still in the test and has not failed; moreover, he has not changed his face, obviously very relaxed!

“The gap between us and the geniuses of God’s Domain is really that big?” The geniuses of the dust world are very uncomfortable.

fifteen breaths...

Twenty breaths...

Thirty breaths...

fifty breaths...

The genius of God’s Domain is still insisting!

“It’s terrifying!” The geniuses in the dust world are deeply frustrated—you must know that this is only the weakest among the geniuses in the Divine Realm!

God’s Domain genius, really so strong?

Eighty breaths...

One hundred breaths!

The achievements of the genius of God’s Domain are getting more and more terrifying.

The expressions on the faces of the geniuses in the dust world are becoming more and more horrified.

However, in the heart of the city lord Naihe, there is a deep disdain: “It’s just opportunistic!”

Chapter 783: Rise To The Challenge

In the end, the weakest genius of God’s Domain, the result was fixed at 105 breaths!

The geniuses of the dust world have a shock of “scared the baby to death” on their faces.

After the genius of the God Realm withdrew from the test, he had a proud look on his face: “The natives of the dust world, do you know the gap now?”

Although the geniuses in the dusty world are unconvinced, the perseverance time of one person exceeds the sum of their nineteen people’s perseverance time – which makes them no matter how upset they are, they can only hold back.

“Cheng Yuan!” City Lord Naihe looked at the genius of the Divine Realm who had just finished the test, “I used some opportunistic means and persisted for more than a hundred interest; you are not ashamed, but proud?”

Opportunity?

The geniuses in the dust world were all thoughtful; and soon, all the expressions on their faces flashed—obviously, they who had participated in the test had already thought of an opportunistic method.

Only Xu Ming, who had not taken the test, was dazed and confused.

Naihe City Lord said again: “The trial of the nine-level realm is both a test and an opportunity! – You are so opportunistic, although you got good results in the test, you missed a great opportunity in vain! It’s just a loss!”

Cheng Yuan’s arrogant arrogance was extinguished immediately.

At this time, City Lord Naihe whispered to Xu Ming again: “The world of the Nine-layer Realm is full of endless dangers; remember, in the face of these dangers, you must face the difficulties, not avoid them! – In this way, you will have great gains. of!”

“Yes!” Xu Ming was grateful.

“The third group, please get ready!”

The ten geniuses in the third group of tests all walked to the smooth stone wall.

Except for Xu Ming, who came from the dust world, the other nine geniuses all came from the realm of the gods.

“Finally it’s your turn!” Bi Liu looked at Xu Ming with a sullen expression, “I’m very curious, what kind of genius you can achieve in the trial of the Nine Realms. Achievement! – Don’t hold on for even a breath, otherwise, you will lose your face!”

Xu Ming glanced at him coldly and didn’t say a word – the dog is barking at you, you don’t need to scold a dog, do you?

Qian Yishang stammered: “I must break through the first realm in one fell swoop!”

Nine-layer realm...even the first-layer realm is extremely difficult to break through!

To be able to pass the first level, then among the billions of demigods in the vast Divine Realm, there are very few existences! Passing through the second level, it shows that he has a strength that is almost invincible at the level of a demigod! Passing through the third level is the real strength of the gods!

The vast majority of demigods can only hold on for some time in the first realm, gain some opportunities, and then lose.

“The third set of quizzes, start!”

The ten geniuses stretched out their hands and touched the stone wall of the Nine Stages.

The nine geniuses from God's Domain glanced at Xu Ming with contempt, obviously not treating him as an opponent at all.

"I hope you can survive!" Bi Liu sneered.

"Xu Ming!" City Lord Naihe reminded again, "Remember, don't avoid danger, but face it!"

Immediately, the ten geniuses fell into a strange state—they had entered the world of the Nine Realms and began to try.

...

Whoa!

Xu Ming felt as if his body had passed through a water curtain and descended into a dark starry sky—of course, this was just what Xu Ming perceived; Xu Ming's consciousness was still touching the stone wall of the Nine-layer Realm, not moving. verb: move.

"This is the trial of the Nine Realms?"

Xu Ming looked at him curiously, all around him were the vast, dark starry sky.

Without giving Xu Ming much time to think, suddenly, countless meteorites appeared in this vast starry sky and smashed towards Xu Ming from all directions.

Hundreds of millions of meteorites, countless and uncountable. However, Xu Ming could feel that the power of each meteorite was extremely powerful and terrifying!

Fortunately, these meteorites did not hit Xu Ming at the same time, but came sooner or later; otherwise, even Xu Ming would be hard to resist – the faster and earlier the meteorites arrived, the more powerful they would be. Small; the later the arrival, the greater the power.

Moreover, there are constantly new meteorites forming and appearing in the distance of the starry sky.

Xu Ming finally understood why there were geniuses who were eliminated in just two breaths. Under the siege of so many powerful attacks, it was indeed difficult to sustain for a long time!

Unless you don't carry it hard, but immediately flee to a remote corner of the starry sky to avoid greedy panting in a position where attacks are relatively rare.

call! call! call! call! ...

In the brief moment of less than "one-tenth of a breath", nine meteorites, dragging their long tails, slammed into Xu Ming's four directions.

Xu Ming found that each meteorite was burning with a kind of heavenly breath; nine meteorites were burning with the breath of the nine heavenly ways of "gold, wood, water, fire, earth, wind, thunder, yin and yang".

The power of each meteorite is a full blow of the ninth-order demigod!

"City Lord Naihe said, don't avoid danger, but face it!" Xu Ming thought about it and decided to believe what City Lord Naihe said.

After all, the mere nine meteorites did not pose any threat to Xu Ming.

boom!

In Xu Ming's hand, a long spear appeared – this is what Xu Ming imagined in this illusory world with a thought.

"kill!"

rumbling...

Xu Ming's spear swept across, easily blasting the nine meteorites into pieces.

At this time, a stream of pure and mysterious energy flowed towards Xu Ming's body in the fragmented meteorite.

Xu Ming only felt his spirits rise suddenly: "What a miraculous energy... But the city lord really didn't lie to me! If you face the difficulties, you will definitely gain a lot!"

However, at this moment of lightning and flint, Xu Ming didn't have time to feel this magical energy.

Then, in the brief moment of the second "tenth of a breath", more meteorites came! —This time, eighteen meteorites! Moreover, the power of each meteorite is stronger than before!

And this is just "two-tenths of the breath" of Xu Ming's trial into the world of the Nine Realms! There is still "eight tenths of a breath" away from "one breath"!

In this way, Xu Ming found that it was not easy to hold on to the "two breaths"!

rumbling...

Eighteen meteorites in the second wave were also forcibly bombed by Xu Ming. More magical energy flowed into Xu Ming's body.

The third "one-tenth of the breath" has a total of twenty-seven meteorites, and each one is more powerful!

The fourth "tenth of a breath", thirty-six stronger meteorites!

The fifth "tenth of a breath", forty-five stronger meteorites!

In the nine-layer trial, the difficulty soared every moment! If you reach the limit, if you want to stick to the "tenth of a breath", I am afraid it will be extremely difficult!

but...

Xu Ming's goal is not to last for a long time, but to forcefully break through the first realm!

...

Around the stone wall of the Nine-layer Realm, one after another geniuses have already discussed.

"Everyone said, can Xu Ming hold on to two breaths?"

Chapter 784: Hate It

"Everyone said, can Xu Ming hold on to two breaths?"

The communication between the demigods is so light and flint! In a short period of time, a thousand words can be said.

Xu Ming had just started the test, and the nineteen geniuses of the Mote World who participated in the second stage test had already been discussing a lot.

"Two breaths? Difficult!"

"It's very difficult! Xu Ming's understanding of the way of heaven is too low, he is only 'one foot and one inch'; his strength is only 'tenth rank' at best! – If you want to survive two breaths, the strength of 'tenth rank' is not enough. , at least 'Tier 11'!" Others didn't know that Xu Ming's understanding of the Tao of Heaven had been raised to "one foot five inches"!

"Indeed! – Xu Ming's talent is terrifying, but talent is not equal to strength; if you want to survive two breaths, it's still a little short!" The geniuses from the dust world are still somewhat jealous of Xu Ming in their hearts. Heaven-defying talent! Because of jealousy, I can't see Xu Ming well.

"It doesn't have to be two breaths! As long as Xu Ming enters the trial, he will avoid the edge of the starry sky; then, let alone two breaths, even if it is ten breaths or twenty breaths, it is not a problem!"

At this time, the geniuses of the dust world already know the way to extend the test time – that is to hide!

However, if you choose to avoid, you will no longer be able to absorb and enjoy the magical energy in the meteorite! Therefore, in the eyes of everyone, Xu Ming should not choose to avoid it; after all, doing so would only be worth the loss.

“If he doesn’t avoid it, I’m afraid it will be difficult to last a breath!”

“Look! Xu Ming should be out soon!”

One breath, just one breath.

In an instant, the breath is over.

However, Xu Ming, who was touching the “Nine Stage Stone Wall” with one hand, looked as usual, as if he didn’t feel any pressure.

“Um?”

Everyone was a little surprised, but they felt it was normal – after all, Xu Ming was a ten-star genius! To be able to survive for a while, it seems that there is nothing very surprising!

“However, Xu Ming shouldn’t be able to last two breaths!” The geniuses thought again.

After all, if you want to survive two breaths, you must at least have the strength of “eleventh order”; and in the eyes of the geniuses, it is almost impossible to have “eleventh order” strength with the “one foot and one inch” perception of heaven. !

In an instant, two breaths passed.

However, Xu Ming still looked as usual, as if there was no pressure.

“Um!?”

This time, the surprise of the geniuses is bigger – it shouldn’t be! It can last two breaths! ?

However, thinking that Xu Ming is the top super genius, maybe he has some special means to get by; it seems that it is not unacceptable to survive for two breaths!

But then, the three breaths are over!

“Three breaths!?”

At this time, the geniuses from the dust world can't be calm; after all, many of them only have “three breaths” achievements – they can accept that Xu Ming's talent is stronger than them; but can't accept it, Xu Ming The strength is also stronger than them!

After all, Xu Ming was a thousand times younger than them! If the strength is stronger than them, it will hurt people's self-esteem!

It's just that these geniuses from the dust world don't know that Xu Ming is not a thousand times younger than them, but 10,000 times younger than them!

In front of Xu Ming, no matter whether it is a genius in the dust world or a genius in the realm of the gods, they are not worthy of self-respect!

Next, four breaths!

Xu Ming still looked normal, without any pressure.

“how is this possible!?”

The achievement of “Four Breaths” has surpassed many geniuses in the dust world!

“Could it be that... Xu Ming did not hesitate to squander his chance and chose to avoid it in the world of Jiuzhongtian in order to succeed for a while?” The geniuses from the dusty world were both sighing for Xu Ming, and somewhat gloating at the misfortune.

Five Breaths...

Everyone can basically be sure that Xu Ming definitely chose to avoid it! Otherwise, Xu Ming's understanding of the way of heaven is "one foot and one inch", and it is impossible to hold on to the five breaths!

"Humph!" Cheng Yuan, the weakest genius in the Divine Realm, had a sneer in his eyes, "This Xu Ming actually followed me and chose to avoid it? Oh, being smart is quite smart... But he didn't think about it, even if it was dodging, It also requires strength! With his pitiful strength, even if he chooses to avoid it, it is estimated that he will not be able to last for thirty breaths!"

Cheng Yuan was a little complacent—because in the test just now, he managed to dodge quite successfully, and he actually achieved a good result of "105 breaths"!

ten breaths...

Xu Ming's expression remained the same.

At this time, everyone around the stone wall of the Nine-layer Realm was 100% certain—Xu Ming definitely chose to avoid it!

"Irrational!" The geniuses in the dust world all sighed for Xu Ming, shaking their heads; they didn't know if it was true or false.

"Xu Ming is still too young! – He probably thought that if he chose to avoid, he would have the opportunity to enter the third stage of the test. But he didn't think about it, there are only ten places in the third stage of the test; those ten places, definitely It belongs to the ten geniuses of the God Realm!"

"Yeah... If Xu Ming chooses to carry it hard, then he can at least draw some magical energy; and now, if he chooses to avoid, then he will get nothing!"

The geniuses of the dust world are all talking; there is even a hint of sarcasm in their tone of voice.

And the face of City Lord Nai He is even more ugly!

“Xu Ming, he...” Naihe City Lord really hates that iron cannot become steel!

In his opinion, with Xu Ming’s understanding of the Dao of Heaven, it is absolutely impossible to endure ten breaths! Then, the only explanation is that Xu Ming chose to avoid!

“I have warned him again and again that when encountering danger in the world of the Nine Realm, we must face it and never avoid it! But this Xu Ming, he just refuses to listen... Really stupid!”

Naihe City Lord was still wondering if he could think of some way to allow Xu Ming to participate in the third stage of the test. But now, there is a feeling of despair towards Xu Ming.

“Not obedient!”

“I don’t know how to seize the great opportunity!”

Naihe City Lord is really angry!

Outraged!

only...

Did Xu Ming really choose to avoid it? -how is this possible!

These are all self-righteous guesses by the city lord Naihe and the geniuses onlookers!

Although the nine-level trial is difficult to pass, the first level in this area is really unqualified, so Xu Ming chooses to avoid it! Moreover, Xu Ming not only can’t dodge, but also forcibly breaks through this first realm!

...

Twenty breaths!

At this time, some of the nine geniuses of the divine realm who were being tested finally couldn't bear it, and they were defeated and withdrawn from the world of the Nine Realms.

Thirty breaths and forty breaths, another genius of the God Realm was defeated.

When it was fifty breaths, only Xu Ming and Qian Yishang were still holding on.

However, in the eyes of everyone – Qian Yishang can persevere, relying on strength; and Xu Ming can persevere, relying on opportunism!

“Unexpectedly, Xu Ming would choose to avoid it... How stupid!” After the eight geniuses of God's Domain, after withdrawing from the test, they also despised Xu Ming.

Chapter 785: It'S All Reversed

No matter if it was City Lord Naihe, geniuses in God Realm, or geniuses in Mote World, they all felt contempt and disdain for Xu Ming.

“Want to be opportunistic? – Then you must have the strength to be opportunistic!”

“That's right! With Xu Ming's pitiful strength, even if he uses some opportunistic means, can he sneak into the third stage?”

“Stealing chickens won't make you lose money! At that time, you won't be able to enter the third stage, and you won't be able to enjoy the peculiar energy!”

“In the end, they are the natives of the dust world, and they are really stupid and ignorant!” The genius of God Domain spared no effort to ridicule.

However, by the time of the 150th breath, all the mocking voices had become silent! -Because at this time, Xu Ming and Qian Yishang are still holding on firmly.

Qian Yishang's ability to persevere is completely within everyone's expectations, and there is nothing surprising. After all, Qian Yishang's “seven feet and seven inches in the road” was almost

able to pass through the first realm; being able to support one hundred and fifty breaths was naturally a no-brainer.

However, Xu Ming still insisted, which had to be shocking! – You know, even if you choose the method of “dodging” opportunistically to conduct the test; you must have enough strength to avoid it!

The strength is not enough, you can’t dodge a few times, and the game is over.

Xu Ming’s understanding of the Dao of Heaven is only a pitiful “more than one foot”; in the eyes of the city master Naihe and the geniuses of the Divine Realm, it is not bad that such a shabby understanding of the Dao of Heaven can last 30 breaths, and it can be called 50 breaths. Miracle!

Even the genius of God’s Domain, Cheng Yuan, only managed to avoid one hundred and five breaths when his state broke out.

However, Xu Ming was stunned to support one hundred and fifty breaths!

Moreover, his face remained unchanged, and there was no sign of defeat at all!

It’s unbelievable!

“How did he do it?” Even City Lord Naihe couldn’t imagine it at all.

He really wanted to forcibly enter the world of the Nine Realms and see how Xu Ming did it. But in that case, it is very likely to affect Xu Ming’s test.

Naihe City Lord’s curiosity was as uncomfortable as a cat scratching, but he could only resist it.

Naihe City Lord was just curious, but Cheng Yuan, the weakest genius in the divine realm, was so depressed that he wanted to rush to the stone wall of the Nine-layer Realm and hit his head against the wall. The third stage of the test. But now...

Xu Ming's grades were already better than him; and other geniuses in the Divine Realm, as long as they used opportunistic methods in the second Nine Realm Test, then their grades would definitely be better than him!

In the third stage test, there are only ten places.

In other words: Cheng Yuan, it is basically impossible to enter the third stage of the test!

The dignified genius of God's Domain could not even enter the third stage of the test; it would be a shame if this kind of thing was passed back to God's Domain!

And the geniuses of the dust world, at this time, to Xu Ming, only the word "serving" is left in capital letters!

No matter how Xu Ming persevered until the 150th breath, he just persevered! – That's what it is!

There are several geniuses in the dust world, and they have even begun to think about how to get Xu Ming to teach him some "secrets of breaking through the level".

...

Two hundred interest!

The expression on Xu Ming's face remained calm!

This time, even the geniuses of God's Domain can no longer remain calm!

"This Xu Ming... is really terrifying!"

Even if it is opportunistic and can persist for two hundred interest, it is very scary!

According to records, at the time of 200 breaths, the power and quantity of the meteorites were strengthened 2,000 times! At this time, for every "tenth of a breath", nearly 20,000 terrifying meteorites will appear!

Under such circumstances, dodging becomes extremely difficult!

The ten geniuses of the God Realm, except Qian Yishang, the other nine people, even if they do whatever they want, I am afraid that they will not be able to persist for 200 breaths!

And Xu Ming, not only persevered, but also did not change his face!

Instead, a look of pain began to appear on Qian Yishang's face. Obviously, Qian Yishang is about to reach the limit!

“Can Qian Yishang break through the first realm?” City Lord Naihe was looking forward to it.

Only after passing through the first realm of the Nine Realms can he be known as the “Top Genius of God's Domain”!

Passing through the second realm can be called “the invincible genius of God's Domain”!

However, what attracted the attention and surprise of City Lord Naihe was undoubtedly Xu Ming!

“What exactly did Xu Ming experience in the nine-layer world?”

Naihe City Lord really wants to rush into the world of the Nine Realms to see it!

...

Just when the outside world was shocked and curious.

In the nine-layer world.

Xu Ming never avoided even a single meteorite!

Every meteor that hit was swept away and exploded by Xu Ming!

After more than 200 breaths, nearly 20,000 meteorites hit Xu Ming for every “tenth of a breath”;

And Xu Ming, they all exploded!

After more than 200 breaths, he has accumulated nearly 2 million meteorites! The peculiar energy drawn from it is even more appalling!

After Xu Ming finishes the nine-layer test, these strange energies will be of great help to his cultivation of the Heavenly Dao!

only...

What Xu Ming wondered was—how can he get past the first level of the Nine Realms?

Do you keep resisting like this?

How long does it take to resist it before it can be considered a breakthrough?

At this moment, Xu Ming saw that in the dark starry sky around him, suddenly, there was a black star that could not be seen before, and it burned into a “sun”!

rumbling...

The power of the meteorite rain doubled in an instant!

At the same time, a message sounded in Xu Ming’s mind: “Smashing the stars, you can pass the first level of the Nine Realms!”

“So it is!” Xu Ming understood!

However, Xu Ming understands that it is definitely not easy to crush this burning star!

...

In Qian Yishang's nine-layer world...

What everyone could not have imagined was that Qian Yishang did not carry the meteorite, but chose... to avoid it!

Yes!

Everyone wants to “reverse” it! —Everyone thinks that is Xu Ming taking advantage of opportunities, while Qian Yishang is swept away!

But the fact is: Xu Ming is swept away, while Qian Yishang is taking advantage of opportunities!

It's all reversed!

Of course, Qian Yishang chose to avoid and opportunistically, and he also had his goals! That is — save your strength for last!

Anyway, as long as the star that appeared last was blasted, it would successfully pass through the first level of the Nine Realms.

Before the appearance of the stars, of course, the strength is saved if you can!

boom!

In Qian Yishang's Nine-layer Realm world, there is also a black star that is burning brightly!

“It's finally here!” Qian Yishang's eyes lit up, “I hope this time, I can make it through!”

Qian Yishang, who had been dodging all the time, suddenly erupted, swept all the way, and rushed towards this flaming star!

Chapter 786: 1 Smash The Stars

In front of the nine-layered stone wall.

The look of shock in the eyes of the city lord has never subsided.

“The extreme point of the first realm should have appeared by now, right?”

The sun, which was formed by the burning black star, was the “pole” of the first realm.

The appearance of the pole marks that the first realm is about to usher in a great destruction.

At this time, there will be nowhere to hide! -Either blast through the flaming star and pass through the first realm; or, destroy it together with the world of the first realm, and then lose.

“Xu Ming has persisted until this time?” City Lord Naihe was both shocked and admired – no matter how Xu Ming did it, it was a miracle that he was able to persist until now with such a weak understanding of the way of heaven!

Looking at the history of the field, it has almost never appeared!

Of course, “almost nothing” means “there is”!

Even, God’s Domain has appeared before, with a lower understanding of the way of heaven than Xu Ming, but better than Xu Ming in breaking through the Nine Realms! —For example, the super-powerful “Asura Castle Lord” in God’s Domain!

Legend has it that at the beginning, when the Asura Fort Lord only had a “first-order Taoist master”, he swept all the way and directly passed the third level of the Nine Realms! – Passing through the third level means that you have the strength of a real god!

The first-order Taoist master has the strength of a god! – Incredible, unbelievable!

But in fact, the truth is that in addition to comprehending the way of heaven, Fort Asura has higher attainments in other cultivation schools!

Yes, the road of martial arts, if you want to reach the peak, it is not only the road of comprehension of heaven! There are other different genres too!

For example: faith genre, luck genre, etc.

The practitioners of the “belief school” hardly comprehend any heavenly way, but develop believers and collect the power of belief to improve their strength. When there are enough believers and the power of faith is strong enough, they can become gods, and even surpass gods!

Even, they still have a way to give believers powerful strength!

Practitioners of the “Qi Luck School” generally do not develop believers, but find ways to collect heaven and earth Qi Luck for their own use!

In addition, there is also the legendary “school of ancient cultivators”, which is even more mysterious and indescribable!

“Could it be that... Xu Ming also cultivated other schools?” City Lord Naihe couldn’t help but think of this possibility, “If this is the case, then it is not difficult to explain why Xu Ming’s understanding of the Tao of Heaven is so low, but he has not been defeated until now. It’s gone!”

Naihe City Lord helped Xu Mingnao make up for a possibility on his own!

However, Naihe City Lord didn’t know that he was making himself smart! The truth is not what he thought at all!

However, City Lord Nai He seems to have a big brain hole, and the more he thinks about it, the more he thinks: “Could it be that... Xu Ming’s accomplishments in other schools are even more terrifying than his accomplishments in Heaven?”

Naihe City Lord looked terrified: “This is too incredible, right? Xu Ming is only 5,000 years old! In addition to comprehending the way of heaven, he actually practiced other schools?”

Naihe City Lord believed it to be true, thinking that Xu Ming was over 5,000 years old; but in fact, Xu Ming was only in his fifties!

The City Lord Naihe thought that Xu Ming had also studied other genres; but in fact, Xu Ming was just a simple and rude opening.

“But...” Naihe City Lord was unfounded and worried about Xu Ming, “Xu Ming has a ten-star compatibility with the Heavenly Dao, and his talent in the Heavenly Dao is extremely terrifying; if he is distracted and cultivates other schools, this is simply a gift for his Heavenly Dao. splurge!”

After hesitating for a long time, Naihe City Lord finally couldn’t hold back his curiosity any longer: “No way! I want to go in and see how Xu Ming got through!”

Even so, it may affect Xu Ming’s trial.

...

Xu Ming is testing in the world of Jiuzhong.

The flaming stars seem to explode all the time, and annihilate the entire illusory world in a destructive manner!

Xu Ming knew very well that he had to destroy the star before the big bang; only in this way would he be able to win the test of the first realm.

rumbling...

At every instant, tens of thousands of terrifying meteorites blasted towards Xu Ming.

Even just a random piece of meteorite can threaten the life and death of a ninth-order demigod!

Hundreds of millions of meteorites are raging in the sky, so terrifying!

However, Xu Ming's current strength has faintly surpassed the "eighteenth order" and reached the "nineteenth order"! And ordinary ninth-order demigods are no longer on the same level!

Hundreds of millions of meteorites are terrifying, but they cannot threaten Xu Ming!

"kill!"

In Xu Ming's pupils, the scene of hundreds of millions of meteorites hitting him was reflected.

But the long spear in Xu Ming's hand, like a dragon, swept away everything, killing the flaming star!

Soon, Xu Ming approached the flame star.

"Break it for me!"

Xu Ming let out a loud roar, and the spear in his hand instantly turned into a fiery red dragon, roaring out angrily.

A ray of light that is a thousand times, ten thousand times more blazing than the sun, flashed by in a flash!

With Xu Ming's full-strength shot, the flaming star was directly penetrated from the center! At the same time, the entire star began to shatter and collapse from the center outwards!

One shot, shattering the stars!

rumbling...

The entire huge star immediately began to disintegrate. The tens of thousands of meteorites around were also annihilated! – Obviously, Xu Ming has passed the first stage!

WOW WOW WOW...

The space seems to have passed through waves of ripples, and the whole world is undergoing earth-shaking changes; the world of the second realm is being formed by illusion.

At this moment, a horrified look appeared behind Xu Ming.

“Break the stars with one blow!” This horrified look was exactly City Lord Naihe.

At this time, Naihe City Lord finally determined that Xu Ming was not opportunistic and persisted until now! Xu Ming’s strength is terrifying!

Qian Yishang, who is “seven feet seven inches taller than the Tao”, is even more terrifying!

“Xu Ming has definitely cultivated other schools! Absolutely!” City Lord Naihe thought he had mastered the truth, “Also, Xu Ming’s accomplishments in other schools must be very high; it is much higher than his attainments in heaven! -Otherwise, his strength cannot be this strong!”

After knowing the “truth”, City Lord Naihe was left with a deep sense of horror! —Xu Ming’s talent is completely beyond his understanding! The top genius in the history of God’s Domain, I am afraid that he is not more enchanting than Xu Ming, right?

In an instant, the world of the second realm was formed.

This is a deserted white ice field, and there are countless ice blades in the whistling wind. A random ice blade is enough to kill a Taoist master, which is very terrifying!

“Huh?” Suddenly, Xu Ming noticed something strange behind him.

Naihe City Lord’s face changed: “Is it discovered by him?”

boom!

Xu Ming didn’t even think about it, and even before he could see the situation behind him, he fired a shot directly.

But where did the city owner think that Xu Ming would suddenly do something to himself!
Unprepared, the weak consciousness infiltrated by the city lord was directly killed by a shot!

This is embarrassing!

Xu Ming actually... killed City Lord Naihe's consciousness with one shot...

Chapter 787: Feeling Ashamed?

"I... rely!"

Naihe City Lord is really depressing enough!

He is a dignified ***** of the realm!

Even in the realm of the gods, that is a person with a head and a face!

Unexpectedly, I was accidentally shot by Xu Ming...

Although only a small piece of extremely fragile consciousness was destroyed, to City Lord Naihe, this is undoubtedly a great shame in his "God Born"! – After all, it is a shame for a ***** to be deflated in the hands of a demigod!

But unfortunately, the city lord, this deflated food, can only "mute eat berberine, can't tell the bitterness"! – Who told him to disturb Xu Ming's trial when he was idle?

but...

Xu Ming was even more depressed!

Just when Xu Ming discovered City Lord Naihe, the test of the second realm had already begun!

When Xu Ming shot at City Lord Naihe, a black shadow, like a black lightning bolt, appeared behind Xu Ming – however, Xu Ming’s attention was all on City Lord Naihe, he didn’t notice at all!

Unprepared, Xu Ming was instantly killed and defeated in the second-level test.

“I...” Only then did Xu Ming react. He shot himself to death just now, as if it were City Lord Naihe...

wow...

Xu Ming’s consciousness was in a trance for a while, and he withdrew from the world of the Nine Realms.

“Look! Xu Ming came out!”

Immediately, there was a commotion around.

“Xu Ming has finally been eliminated!”

“How long did he support in the nine-layer test?”

“It seems to have a full two hundred and twenty breaths...”

“It’s terrifying... How on earth did he do it!?”

Two hundred and twenty breaths!

This achievement made the geniuses from God’s Domain feel incomparable pressure!

Even “Xi Ye”, who is ranked second in strength among the ten geniuses in the God Realm, is far inferior – Xi Ye estimates that he can only hold on for one hundred and eighty breaths at most; in the case of!

One hundred and eighty breaths, two hundred and twenty breaths – it seems that the difference is only forty breaths, but the difficulty is more than ten times different!

Immediately, Xi Ye was convinced!

In front of Xu Ming, Xi Ye, the proud genius of the God Realm, could only lower his arrogant head.

“I don’t know when it will take me to reach Xu Ming’s level!” Xi Ye looked at Xu Ming thoughtfully.

suddenly!

Xi Ye’s face changed suddenly.

“This is...” Xi Ye was horrified to see that where Xu Ming’s palm touched the stone wall of the Nine-layer Realm, a small cobweb-like crack appeared. These cracks are rapidly repairing themselves.

“Nine-level stone wall... cracked!?”

The other geniuses of the God Realm didn’t feel much when they saw these cracks; because they didn’t know what these cracks meant!

However, Xi Ye knew it!

“Could it be... Xu Ming has crossed the first realm?”

As far as Xi Ye knows, in the Nine-level Realm test, every time one passes through a realm, a crack will appear; the higher the “number” of passing through, the bigger the crack will be! – If all the nine realms pass through, the cracks will cover the entire stone wall!

And now, Xi Ye saw a crack near Xu Ming’s palm!

“Xu Ming was defeated after he passed the first level!?” Xi Ye was so shocked that he couldn’t say anything, “After cultivating for more than five thousand years, he was able to pass the first level of the ninth level... What kind of genius!?”

Xi Ye still doesn’t know that Xu Ming has only cultivated for more than thirty years, not five thousand years... I don’t know, if it wasn’t for the influence of City Lord Naihe, Xu Ming’s grades would probably be better!

The other geniuses of the God Realm, as well as the geniuses of the Mote World, do not know the meaning of the crack; however, the achievement of “two hundred and twenty breaths” is enough to shock them to the point of numbness!

And just when the other geniuses were so shocked that they couldn’t help it, Xu Ming made a voice transmission to City Lord Naihe in a depressing way.

“City Lord Naihe... I did a good test in the world of the Nine Realms, why did you come in? If it weren’t for you...” Xu Ming’s meaning was very direct – if it wasn’t for your influence, I would definitely have achieved better results now!

Naihe City Lord was also depressed – he just ran in to take a peek, but he didn’t expect to be defeated by Xu Ming.

“I saw that you haven’t come out for a long time, and I thought you had an accident inside, so I went in to see...” City Lord Naihe found a high-sounding reason to explain his voyeuristic behavior.

“Really?” Xu Ming was a little suspicious, obviously not very convinced.

However, Xu Ming did not delve into this issue.

After more than ten breaths, Qian Yishang also withdrew from the Nine Realm test.

The gazes of the geniuses immediately turned to Qian Yishang.

“Qian Yishang’s score is... two hundred and thirty-five breaths!”

Most geniuses think that the longer they persist, the better their grades will be!

Therefore, after seeing Qian Yishang's results, they couldn't help but discuss:

“Although Xu Ming is a monster, but now, Qian Yishang is still more powerful!”

“That's for sure! After all, Qian Yishang is also a seven-star first-class fit for the heavens, plus the training time is so much longer than Xu Ming; his strength is naturally stronger than Xu Ming!”

Only Xi Ye knew that Qian Yishang had never crossed the first realm!

Because, there was no crack around the palm of Qian Yishang's palm on the stone wall!

Qian Yishang has not crossed the first realm, but Xu Ming has crossed – one can imagine who is stronger or weaker!

...

After Qian Yishang came out, he glanced arrogantly at his opponents; seeing that no one lasted longer than him, he couldn't help but smile arrogantly.

Immediately, Qian Yishang couldn't help sighing heavily in his heart: “It's still a little bit worse, I haven't broken through...”

After a while, Qian Yishang heard that other geniuses actually put his grades and Xu Ming's grades together and asked, “Are Xu Ming's grades good?”

“Brother Shang...” Bi Liu said in an incredible tone, “Xu Ming endured two hundred and twenty breaths in the nine-layer test... only fifteen breaths less than you...”

“What!?” Qian Yishang was shocked, “You didn't lie to me, did you? Xu Ming can support two hundred and twenty breaths!?”

“Brother Shang, how dare I lie to you...” Bi Liu said.

Qian Yishang became more and more horrified and looked at Xu Ming: “You actually only lasted fifteen breaths less than me?”

Xu Ming ignored Qian Yishang, but said to City Lord Naihe: “I gained a lot when I entered the Nine-layer Realm; now, I need to retreat immediately for some insight!”

“Okay, let’s go!” City Lord Naihe said without hesitation—he knew that Xu Ming had passed the first level for the first time in the ninth level.

“Right!” City Lord Naihe said again, “There are two opportunities for the second-stage test. There is a half-month interval between the two opportunities – so, you only have half a month to retreat; Don’t miss the chance to take the second Nine Realm Test!”

“Yeah! I understand!” Xu Ming quickly left and went back to his previous room to practice.

Seeing that Xu Mingli was ignoring him, Qian Yishang slid away, and his face was extremely ugly: “I have gained a lot? Need to retreat immediately? – I think it was he who found that his test scores were not as good as mine, and he felt inferior, so Did you just escape?”

Chapter 788: Fusion Of Heaven And Dao

“What!?” Hearing this, Xi Ye couldn’t help but look at Qian Yishang with a silly gaze.

Xu Ming felt inferior, so he escaped? – Xi Ye just wanted to ask, where did Qian Yishang get his confidence and ignorance?

However, I can’t blame Qian Yishang for being so ignorant!

After all, when Qian Yishang came out of the test, the crack on the stone wall of the Nine-layer Realm had completely healed, and no trace could be seen. Otherwise, if Qian Yishang could see the crack, he would definitely recognize that Xu Ming had passed the first realm; in that case, Qian Yishang would definitely not say such stupid words!

Really stupid!

A person who couldn't make it through the first stage actually came to laugh at the one who passed through the first stage?

Simply stupid!

And the point is, Qian Yishang still doesn't know how stupid he is!

And Xi Ye is also quite "bad" – after thinking about it, he deliberately did not tell Qian Yishang the truth, but secretly prepared to watch Qian Yishang's joke.

The other eight geniuses of the God Realm, because of their shallow knowledge, do not know what the cracks on the stone wall mean; therefore, they do not know that Xu Ming has passed the first stage.

They communicated with each other through voice transmission:

"Xu Ming's ability to hold on to the first level for two hundred and twenty breaths shows how terrifying his talent is! But... the most important test of the king-level trial is his strength!"

"That's right! Two hundred and twenty breaths, and two hundred and thirty-five breaths, the gap is still very large! Moreover, in the third stage of the test, Xu Ming and Qian Yishang will definitely collide head-on; It was Qian Yishang who won and became the general's direct successor!"

"The general's direct successor, in our divine realm, his status is extremely respected! In my opinion, we might as well take advantage of the present to flatter Qian Yishang!"

"Yes! If you do this, it might be good for us when Qian Yishang officially inherits the position of general in the future!"

For a time, the geniuses from God's Domain were more attentive to flatter Qian Yishang.

Only Xi Ye, who was at odds with Qian Yishang originally, was waiting to see Qian Yishang's joke, so he didn't come forward to flatter him.

Qian Yishang obviously enjoyed the feeling of being flattered, and couldn't help but say: "Haha, when I become a general in the future, I will definitely not forget the scene where I went through the experience with the brothers today!"

"Then let's thank 'General Qian Yishang' first!" Bi Liu and other geniuses from the God Realm all followed Qian Yishang's words and boasted.

Such a scene is simply not too hot for the eyes!

At this time, Naihe City Lord was so hot that he couldn't stand it any longer: "Qian Yishang, do you want to be a general?"

"Yes!" Qian Yishang straightened his back, "Aim for it!"

"Then why don't you hurry back to retreat and practice? Are you still pretending to be X?" Naihe City Lord scolded and walked away.

"This..." Qian Yishang was scolded like this, and he couldn't put on X anymore.

Soon, all the geniuses scattered as birds and beasts, and went back to retreat and practice.

...

At this time, Xu Ming was sitting cross-legged, closing his eyes and meditating.

His body exudes a strong aura of the heavens—gold, wood, water, fire, earth, yin, yang, wind, thunder, and nine heavens!

Among them, the auras of the two heavenly realms, fire and wind, are the strongest!

The breath is so strong that it has even condensed into a substantive "thread of heaven"! – The thread of the Heavenly Dao of Fire is fiery red; the thread of the Heavenly Dao of Wind is cyan!

The red silk threads and the cyan silk threads gathered together more and more and intertwined with each other; it was as if a silkworm cocoon was formed and Xu Ming was wrapped in it.

When Xu Ming emerges from the cocoon, I am afraid he will usher in an extremely terrifying transformation!

Among the countless threads, there are obviously more red threads representing the Heavenly Dao of Fire! After all, Xu Ming had already reached the limit of a demigod on the Dao of Fire and Heaven; he was only short of a chance to become a god.

In comparison, Xu Ming's understanding of the wind and heaven is much weaker, and he has only just stepped into the demigod level. Therefore, the number of cyan silk threads is naturally much less.

However, what can be seen is that the number of cyan silk threads is rising rapidly!

Obviously, Xu Ming's perception of the wind and heaven is rapidly improving!

Inside the "silkworm cocoon" intertwined with cyan and red, Xu Ming's skin suddenly became as crystal clear as suet white jade. It's even more breakable than a newborn baby.

On Xu Ming's body, he could faintly feel the feeling of a "divine body" – of course, it only felt a little similar to the "divine body"; as for the essence, it was far from the immortal and immortal **** body!

After all, Xu Ming in Naihe City is just Xu Ming's conscious body, not Xu Ming's deity or avatar.

But there is no doubt that Xu Ming is undergoing some kind of incredible transformation!

Whoosh!

Xu Ming suddenly opened his eyes.

The sharp and deep eyes are more dazzling and moving than the stars! -Xu Ming's temperament also began to transcend the demigods and move towards the gods.

It took a long time for this incomparably bright gaze to converge into the depths of his eyes, making it difficult to detect.

In Xu Ming's eyes, there was a hint of shock: "In the world of the Nine Realm, the pure and mysterious energy contained in the meteorites that I crushed has such a strange use?"

Xu Ming could clearly feel that under the nourishment of these pure and mysterious energies, his understanding of the way of heaven was rapidly transforming and improving – this is nothing!

The most peculiar thing was that Xu Ming discovered that the Heavenly Dao of Fire and the Heavenly Dao of Wind that he had learned had a tendency to merge together!

Different ways of heaven, merging with each other?

Xu Ming had never heard of or seen such a situation!

However, Xu Ming is sure that as long as he continues to cultivate and waits until the pure and mysterious energy is exhausted, then the Heavenly Dao of Fire and the Heavenly Dao of Wind will definitely merge with each other – although the fusion is only a little, but, But it is a "starting point" for the integration of heaven and Taoism.

But at this time, Xu Ming hesitated: "Do you want to merge?"

Xu Ming had never heard of anyone who would fuse the two different ways of heaven; he also had no way of knowing whether the merged way of heaven would be good or bad!

If it is "good", then of course, I am happy to hear it, and I am happy to see it.

But what if it's "bad"? – Regression in strength? Even, Tiandao perception collapsed?

These, Xu Ming was completely unable to determine, and Xiaohang couldn't give him the answer.

So for a while, Xu Ming had a hard time deciding whether to integrate with the way of heaven.

Xu Ming couldn't help but ponder: "The Nine-layer Realm was created for the purpose of cultivating genius! Therefore, the pure and mysterious energy in the Nine-layer Realm should be beneficial and harmless! And... Before I entered the Nine-layer Realm, the city lord Naihe told me I, 'Going up against the odds' will have a big harvest!"

The "great harvest" that City Lord Naihe said obviously refers to these pure and mysterious energies.

After thinking about it, Xu Ming felt that this pure and mysterious energy should be a good thing!

In this case, the integration of Heaven and Dao should be a good thing!

Xu Ming gritted his teeth and said, "Follow up first! – I will isolate the causal relationship between the deity and the avatar first! In this way, even if there is a problem after the avatar integrates the Heavenly Dao, it will not affect the deity; at that time, It's a big deal for me to self-destruct and reunite!"

After making up his mind, Xu Ming followed the guidance of the pure and mysterious energy and began to merge the two heavenly paths of fire and wind.

Some of the red silk threads and cyan silk threads around Xu Ming began to merge together.

Chapter 789: I Don'T Have A Son Like You!

The fusion of different kinds of heaven is extremely difficult and obscure.

However, there are similarities between different heavens.

Xu Ming's current understanding of the Dao of Heaven is still low. It stands to reason that he cannot integrate the Dao of different species at all. However, under the traction of pure and mysterious energy, the two heavenly ways of wind and fire that Xu Ming had learned have really begun to merge!

This fusion is the fusion of perception level!

Xu Ming can clearly feel how powerful the “Fenghuotiandao” after the fusion is!

“It seems... three times stronger than the power of a single Fire Heaven’s Path!”

You must know that Xu Ming’s road to the integration of Heaven and Dao has only just begun! – It’s already so powerful at the beginning; when Xu Ming fully integrates the two heavens of wind and fire, how powerful will it be?

Incredible!

wow wow...

Xu Ming’s silkworm cocoons grow bigger and thicker the more they weave. Inside the silkworm cocoon, Xu Ming’s perception of the wind and the sky is constantly improving; his strength is also undergoing earth-shaking changes!

When Xu Ming emerges from the cocoon, he can feel that he can definitely exert the “twentieth-order” combat power when the plug-ins are fully open!

Twenty tier...

What a terrifying combat power this is! – Even a super genius among the demigods has realized all the nine heavenly ways to the limit of the demigods; but if there is no fusion of different types of heavenly ways, I am afraid it is only “twentieth-order” combat power!

Demigods whose combat power exceeds the “twentieth order” are extremely rare in the vast God Realm!

Time flies, it has been nearly half a month.

Xu Ming broke through and prepared to participate in the second “Nine Realm Test”.

...

Thirty geniuses who participated in the second-stage test gathered again in front of the stone wall of the Nine Stages.

As for the other 100 geniuses who failed to enter the second stage of the test, they were “dismissed” and left Naihe City within half a month.

“Xu Ming!” Qian Yishang looked at Xu Ming proudly, “I heard that you persisted for two hundred and twenty breaths in the first test? – I have to admit, your talent is indeed very unbelievable. It’s a pity that your cultivation time is too short; in this king-level trial, it is me who will win after all!”

Xu Ming glanced at Qian Yishang disdainfully, but didn’t say anything – if this king-level trial was compared to “mouth”; then, Qian Yishang might really win! However, the king-level trial is compared to “strength”!

“Huh?” Qian Yishang thought that Xu Ming’s eyes meant “unconvinced”.

“Xu Ming, are you unconvinced?” Qian Yishang couldn’t help but sneered, “If you are unconvinced, let’s have a test to see who has the better performance in the second stage test! – If anyone loses, they will Kneel down and call each other ‘Dad’! How?”

Kneel down and call daddy?

Xu Ming couldn’t help but glanced at Qian Yishang again – the genius of God’s Domain, he just knew how to play!

Of course, Xu Ming has the certainty of winning this kind of bet; but... it doesn’t seem interesting to play such a bet with a cat and a dog!

“How is it? Xu Ming, do you dare to gamble!?” Qian Yishang said aggressively.

Xu Ming raised his brows and said with a smile, “Want to call me dad? – But, I don’t have a son like you!”

“You...” Qian Yishang’s face was so black that he was dripping with rage, and he was furious, “Xu Ming, you bastard! If you don’t dare to gamble, you don’t dare to gamble, where did you come from so much nonsense!”

waste?

Don't dare to gamble?

Xu Ming smiled!

He didn't want to pay attention to Qian Yishang at first, but the other party insisted on getting together and taking his own humiliation. In this case...

"I really don't have a son like you!" Xu Ming said with great certainty, "But since you definitely want to call your father, so be it—after you lose, you will just pick one of the twenty-eight geniuses here. Call me Daddy! But don't call me Daddy!"

What is Ming Ge's identity?

How can anyone who wants to call his father do so?

"You..." Qian Yishang was annoyed.

However, he did not feel that he had any chance of losing. Therefore, without any hesitation, Qian Yishang agreed: "Yes! – But if you lose, you have to kneel down and call my father honestly!"

"Okay!" Xu Ming smiled playfully and settled the game.

Anyway, Xu Ming could not lose no matter what; then, just play with Qian Yishang!

Most of the other geniuses on the side were not optimistic about Xu Ming.

After all, in their opinion, in the first nine-level test, Xu Mingcai persisted for two hundred and twenty breaths, while Qian Yishang persisted for two hundred and thirty-five breaths—obviously, Qian Yishang was more powerful!

Moreover, the gap of fifteen breaths is difficult to make up.

“Xu Ming is still too young, he can’t hold his breath! He can’t stand such a provocation!”
Immediately, a genius started to discuss in secret.

“That’s right! You know it’s a must-win game, but you still have to be brave! There’s a good show to watch! Wait, Xu Ming, a super genius, is going to kneel down and call his father!”

“Haha! If Xu Ming really knelt down and called his father, I am afraid that his dignity will be wiped out from now on, and even the will of martial arts will be shaken! The talent of a generation of peerless geniuses is estimated to be greatly reduced!”

All the geniuses of the God Realm looked at Xu Ming with a bit of gloating—their compatibility with the Dao of Heaven was far inferior to Xu Ming; their achievements in this life were also difficult to surpass Xu Ming! Therefore, he would be jealous of Xu Ming in his heart, and even curse Xu Ming’s will to shake the martial arts.

You know, it is impossible to become a super strong without the indomitable martial arts will! And once the will of martial arts is frustrated, it is extremely difficult to recover!

It’s just that these geniuses are going to be disappointed after all – because the scene they were looking forward to is impossible!

Only Xi Ye, who knew a little about Xu Ming’s strength, was secretly waiting to see Qian Yishang’s joke.

Xi Ye thought secretly: “Xu Ming’s first time to break through the ninth level is: 220 breaths, he has passed the first level. With Xu Ming’s evil talent, the second time he enters the ninth level, his score will definitely be higher. Good! – And Qian Yishang, the second test, I’m afraid it won’t be able to surpass Xu Ming’s first score... Betting with Xu Ming is purely self-inflicted humiliation!”

Naihe City Lord looked at Qian Yishang with a look full of pity: “You idiot! How dare you make such a bet with Xu Ming! – You know When Xu Ming took the test for the first time, If it hadn’t been affected by me, my grades would have been better!”

At this time, the host of Naihe said: “Everything is ready, let’s enter the test! – As for the order of the test, it is still the same as the first test! Let’s start!”

A genius, all came to the test.

The geniuses ranked 11th to 30th have improved their grades, but the progress is not very big – after all, these geniuses from the dust world did not support much in the first test; Pure and mysterious energy is also very limited. In addition, their talent is far inferior to Xu Ming; therefore, the progress is not very big, which is also expected.

However, although the progress is not great, after this experience, the geniuses in the dust world have benefited a lot!

Soon, it was the turn of the talents ranked No. 1 to No. 10 to play.

The ten top geniuses all put their palms on the stone walls of the Nine Stages.

Qian Yishang gave Xu Ming a provocative look: “Get ready to kneel down and call Dad!”

Chapter 790: Sequelae

Immediately, Xu Ming and other ten geniuses started their second trial.

Whoa!

Xu Ming sensed this dark starry sky again.

Countless meteorites appeared and began to smash at Xu Ming.

Because Xu Ming had already passed the first level before, so this time he entered the world of the ninth level, and only after three breaths, the extreme point of the first level, the black star that burned into the sun, appeared.

“It appeared so soon?”

Xu Ming was a little surprised.

However, Xu Ming of course prefers to appear earlier – after all, the first realm is no longer a challenge for Xu Ming; moreover, Xu Ming has absorbed the pure and mysterious energy in the first realm. .

“Break it for me!”

Xu Ming turned into a shooting star and slammed directly towards the “pole” of the first realm.

In just ten breaths, Xu Ming crossed the first realm!

“Ten breaths, breaking the first realm!?” City Lord Naihe looked at the cobweb-like cracks that appeared on the stone wall that Xu Ming’s palm was in contact with, and couldn’t help being horrified, “It seems that Xu Ming’s strength has been greatly improved. what!”

But this time, City Lord Nai He didn’t dare to go in and run in to peek at Xu Ming’s test – after all, he had already cheated Xu Ming once before; if he cheated Xu Ming again, I’m afraid City Lord Nai He would feel sorry for himself.

Therefore, although City Lord Nai He was extremely curious about Xu Ming’s performance, he held back and stopped peeping.

“Second Realm World!”

Standing on the desolate white ice field, Xu Ming’s attention was extremely concentrated.

Before, during the first test, Xu Ming was accidentally killed by a sneak attack without seeing clearly. This time, Xu Ming certainly did not dare to be careless.

Swish!

Sure enough, soon, another lightning-like shadow appeared behind Xu Ming and attacked Xu Ming again.

But this time, Xu Ming was so focused, how could he give this shadow a chance to sneak attack?

“It’s a man in black!”

As for what was hidden under the black clothes, Xu Ming was completely unable to see.

boom!

Without hesitation, Xu Ming’s spear slammed into it angrily.

Contrary to Xu Ming’s expectations, with just one puff, the shadow was evacuated, turned into traces of black energy, and entered Xu Ming’s body.

“So easy to deal with?” Xu Ming was slightly startled.

He felt that the attack power of this black shadow probably reached the “eighteenth order”; but the defense was extremely fragile, just like an ordinary ninth-order demigod – such a fragile defense, of course, could not withstand Xu Ming’s anger. smoke.

However, this is only the first wave of attacks in the second realm.

After only “one-tenth of a breath”, the second wave of attacks arrived; this time, two dark shadows appeared.

Xu Ming once again forcibly blasted away with the attitude of destroying the dead.

After another “one-tenth of a breath”, the third wave of attacks, three shadows!

The fourth wave of attacks, four shadows!

...

After fifty breaths...

Xu Ming had already endured five hundred waves of attacks! At this time, with each wave of attacks, the number of shadows reached more than five hundred!

More than 500 black shadows attacking the “eighteenth order”, just thinking about it, makes people’s scalp tingle.

“Fortunately, the defenses of these shadows are extremely fragile; I can sweep a row with a swipe of my spear; moreover, these shadows only have some melee attacks, not long-range attacks! Otherwise, no matter how strong I am, It’s impossible to hold it!” Xu Ming secretly said.

But it was like this. Hundreds of black shadows appeared every “tenth of a breath”, which still made Xu Ming overwhelmed and couldn’t even kill him. At this time, Xu Ming was surrounded by tens of thousands of dark shadows in all directions. These shadows were all “backlogged” by Xu Ming before he had time to kill them.

Ten thousand shadows of “eighteenth-order” attacks!

If these shadows could attack from a distance, or if the defense was a little stronger, then Xu Ming would have been abused to the point that he was left with nothing left!

“This second layer of the world should mainly test my attack power!” Xu Ming secretly said, “If my attack is a little weaker and my movements are a little slower, if I don’t have time to clear the shadows close to me, I’m afraid I will lose!”

Now, just relying on the sharpness of the attack, Xu Ming forcibly surrounded himself and cleared out a “vacuum area”. Although, there are tens of thousands of terrifying shadows surrounding Xu Ming; however, as soon as a shadow enters the vacuum area, it will be immediately killed by Xu Ming.

Relying on this method, Xu Ming persisted and did not lose.

At the same time, Xu Ming also faintly felt the benefits of the black energy he gained after killing the shadow.

“This black energy seems to be ‘washing’ the sequelae left when I realized the way of heaven!” Xu Ming was secretly surprised.

Comprehension of the way of heaven will indeed leave sequelae.

For example, Xu Ming, who first planted “The Way of the Wind”, was the first to perceive the Way of the Wind; therefore, Xu Ming’s body and soul left such a sequela – it was easier to perceive the Way of the Wind, And exclude the other eight heavenly ways.

The second seed that Xu Ming planted was the “Dao Seed” of the Heavenly Dao of Fire, which he was best at. However, because of the “sequelae” of the Heavenly Dao of Wind on the body and soul, Xu Ming is clearly the best at the Heavenly Dao of Fire, but when he truly understands it, it is actually more difficult and laborious than the Heavenly Dao of Wind!

Xu Ming’s third comprehension of the Heavenly Dao of Water is even more difficult to comprehend...

Every time one comprehends the Dao of Heaven, the sequelae on Xu Ming’s body will increase by one point!

And the reason why Xu Ming is able to comprehend the nine great ways of heaven is completely because... XX has Yin Ran...

“I just don’t know how much this black energy can wash away the sequelae from my body...” Xu Ming secretly said, “It would be great if all the sequelae could be washed away!”

With Xu Ming’s degree of compatibility with the Dao of Heaven, if he didn’t have the constraints of those sequelae, then he would not immediately fly up to the sky and side by side with the sun when he realized the speed of the Nine Dao of Heaven!

...

After another fifty breaths...

For every “tenth of a breath”, more than a thousand shadows will appear!

But... Xu Ming doesn’t matter!

As the saying goes Don't be afraid of too much debt, don't worry about too many lice.

At this time, the black shadows surrounding Xu Ming had reached hundreds of thousands!

However, these shadows can only attack in melee combat, no matter how many they are, it is only a number; the only ones that really threaten Xu Ming are the shadows around him.

"The more shadows, the better!" Xu Ming secretly said, "The more shadows, the more black energy I can absorb!"

These black energies are absolutely good things! After passing this village, Xu Ming did not know when he would meet again.

At the same time, Xu Ming was also secretly on guard: "I don't know when the extreme point of this second realm will appear, and I don't know what it will look like..."

Only after breaking the "pole" can you enter the next level.

As for breaking through the second realm, Xu Ming still has a lot of confidence.
