Chapter 831: The Order Of The World

After learning a lot of information about God's Domain, Xu Ming chose a random room in Sisi's place and began to retreat and practice.

"Xiaohang, what should I do in the practice of the Qiyun school?"

Xu Ming now has four bodies, including the deity.

The deity is going to follow the "faith school"; the first avatar is the "Heavenly Dao school"; the second avatar (the willow tree avatar) is the "ancient repair school". There is still a third avatar left, in the dust world, ready to go to the "Luck School".

As for the "mind force school", it can be carried out together with the other four major cultivation schools without conflicting with each other.

With this arrangement, Xu Ming was able to practice all of the five major cultivation schools over and over again.

Xiao Hang said: "Cultivating the Qi Luck School, in fact, put it bluntly, is to condense more Heaven and Earth Qi Luck! – The stronger the Qi Luck, the stronger the strength! God's body'!"

"Then what should I do now?" Xu Ming asked.

"You don't need to rush to practice the Qi Luck school now! Because, as long as you have enough Qi Luck on your body, the Qi Luck School can actually be achieved quickly!" Xiaohang said, "Your problem now is, your own Qi Luck, It's too low!"

"Uh... Luck is too low?" Xu Ming clearly felt that his Luck was not low!

"Yes, it's too low!" Xiaohang continued, "Compared with other people, your luck is naturally not low; however, compared with the cultivators of the luck school, your luck is really shabby! Lian

Condensation' Qi Luck Divine Body', it's still a long way off! – So, what you need to do now is to find a way to improve your Qi Luck!”

“Upgrade? How to upgrade?”

“There is a secret skill for plundering luck in the artifact store, called “Killing and Plundering”, as long as one thousand level 9 hanging points...” Xiaohang said.

“Forehead...”

Killing and plundering, as the name suggests, is...killing and plundering luck.

“Cultivation methods of the luck school, the good ones are too expensive, and you can't practice for the time being! I suggest you learn this book of “Killing and Looting” first to accumulate your own luck!”

Xu Ming thought for a while: “Okay!”

Xu Ming would not kill for the sake of luck. However, God's Domain was chaotic, Xu Ming believed that even if he didn't take the initiative to kill, someone would definitely come to his door to send him dead! – In this case, it is better to practice this “Killing and Looting” first; when killing people in the future, it is better to use them as waste.

The deduction of one thousand level 9 hanging points, the secret skill of plundering luck, “Killing and Plundering”, was directly entered into Xu Ming's mind.

“What a complicated secret skill...” Xu Ming was dazzled.

This set of secret techniques explained in detail the principle of Qi transport, and with extremely complex handprints, controlled the transport of Qi to flow and converge on oneself.

“The path of cultivation is really vast! The Heavenly Dao School, the Ancient Cultivator School, the Qi Luck School, each path is extremely magical! There are also the Faith School and the Heart Cultivator School. I don't have the energy to study it yet...” Xu Ming sighed, “Sure enough, the higher the cultivation level, the more insignificant you feel!”

Xu Ming was about to immerse himself in the practice of “Killing and Plundering”, and Xiaohang said again: “The mercenary system has been synchronized. From now on, the host can publish or accept mercenary tasks!”

Xu Ming’s eyes lit up: “Is the mercenary system ready to use?”

When the plug-in was just upgraded to version 3.0, Xu Ming was looking forward to this mercenary system. However, Xiaohang told him that the mercenary system needs to be synchronized with the world before it can be used; and now, the synchronization is finally complete!

“Xiaohang, what exactly is ‘synchronization’?” Xu Ming couldn’t help asking.

Xiao Hang said: “The mercenary system is synchronized with this world. In fact, it is to place the ‘Myriad Realms Order’ everywhere in this ‘universe’! – Holders of the Myriad Realms Order can issue or accept the same as the host. Mercenary mission!”

“Oh...” Xu Ming understood—since it was a mercenary system, of course it was impossible for him to be the only mercenary; otherwise, how could he issue and accept tasks!

“The Order of Ten Thousand Realms, how many pieces are there in total?” Xu Ming asked.

Xiaohang’s answer was only two words: “A lot!”

“Okay...” Xu Ming opened the mercenary system, but found that it was still empty, and no one had issued a mission yet.

“Cultivation first!” Xu Ming lowered his mind and practiced “Killing and Looting”.

...

Time flies, it is half a month.

Inside Mohe Village.

“Sisi!” Mo He said with a smile, “Where’s Brother Ming? Why haven’t I seen him?”

“Brother Ming has been cultivating!” Sisi said.

“Oh... I’m cultivating!” Mo He sighed with emotion, “Brother Ming is really hardworking, he is so strong, yet he is still practicing so diligently!”

Mo He said so on his mouth, but he sneered in his heart: Cultivation? They are all dying, so what is the use of cultivation? snort! The army of Blood Sword Village should be here soon. At that time, no matter how strong you are, you will not be able to escape death!

On the surface, Mo He still looks like he admires Xu Ming very much: “Sisi! Now that you have the opportunity to follow Brother Ming, you must learn more from Brother Ming!”

“Yeah!” How could Sisi think that Mo He was hiding some sinister thoughts in his heart.

...

“call...”

Xu Ming let out a long sigh of relief.

“It’s been half a month... Finally, I have practiced “Killing and Looting” to the beginning!”

Xu Ming could more clearly feel the “air fortune” floating between heaven and earth; and, these air fortunes were gathering towards him faintly.

However, the free qi luck is too thin; moreover, as long as people live, they consume qi luck every moment, just like “breathing”. When the luck is exhausted, the disaster will follow.

Qi Luck seems to be mysterious and mysterious, but it actually contains a lot of “the great way to the simple”.

“The free air between heaven and earth can only keep my air in balance; if I want to improve my air, I still have to... kill!”

Xu Ming was not in a hurry At this moment, Xiaohang’s prompt sounded: “Host, someone is already in the mercenary system, releasing mercenary tasks, do you want to check?”

“Huh? Have a mercenary mission?” Xu Ming was startled, then said, “Look!”

The layout of the mercenary system immediately appeared in Xu Ming’s mind.

Xu Ming saw that there was only one mercenary mission in the entire page: “Urgently recruit a large number of gods to help the town, the mission reward: two hundred **** stones!”

Xu Ming was speechless: “What mission, there are only 200 divine stones, who wants to go...”

200 Divine Stones, Xu Ming can earn it by killing a few casually! For one mission, only 200 Divine Stones are needed, which is too shabby, right?

Xiaohang reminded: “This task is very simple, and there is no danger; the host might as well do it, and by the way, familiarize yourself with the mercenary system!”

“Really?” Xu Ming thought for a while, “That’s fine, then take this mission!”

Chapter 832: Get Lunch

The Iron Scale Sect is just a very inconspicuous small force in a certain corner of the God’s Domain.

In the vast Divine Realm, there is no reputation of the Iron Scale Sect at all.

But even if it’s just a small force, there are tens of thousands of gods in the Iron Scale Sect. It is far stronger than the forces like Mohezhuang and Blood Sword Village!

The strongest of the Iron Scale Sect – the sect master “Bai Qi”, his strength is even more tyrannical. Using the strength measurement system of God’s Domain, it should be regarded as a “five-star” master!

However, Bai Qi was already dead.

...

Bai Yihang, the only son of the suzerain Bai Qi, had a sad face at this time.

His father is dead, so it stands to reason that the young sect master Bai Yihang should succeed him. However, “Ding Yuhai”, the chief elder of the Iron Scale Sect, held the power and intended to usurp the position of the suzerain.

“Young Sect Master!” An old man with silver hair bowed slightly, “Please rest assured, Young Sect Master, I, Zhou Mo, will do my best to support Young Sect Master to succeed him!”

Zhou Mo, the “four-star” level exists. In the Iron Scale Sect, they are the top five masters in strength.

It’s a pity that there is a huge gap in strength between the “four-star” level and the “five-star” level. Zhou Mo has not been able to suppress the entire Iron Scale Sect by himself, like the old Sect Master Bai Qi, so that the entire sect would not dare to accept it.

“Thank you Elder Zhou...” Bai Yihang sighed, “However, Ding Yuhai’s power is too great, if it is really impossible, please leave Elder Zhou alone and leave the Iron Scale Sect...”

Zhou Mo glared at him: “What are you talking about, young sect master! If it wasn’t for the old sect lord, I, Zhou Mo, would have died long ago, and how could I have the strength I have today! The old sect master’s kindness, I can’t repay it even if I die. ...”

Zhou Mo said a lot loudly and forcefully, all in all: swear to support Bai Yihang!

“Old Zhou, go down first, I have something to do!” Bai Yihang sighed.

“Yes! Young Sect Master!” Zhou Mo had no choice but to say.

After Zhou Mo left, Bai Yihang took out a black arrow.

Ling Jian wrote three words: Wanjie Ling.

Bai Yihang looked a little weird: “I have issued a mercenary mission through the Wanjie Order... I don’t know if there will be mercenaries, travel through time and space, and come to me...”

Bai Yihang couldn’t believe it, after all, this kind of thing is amazing!

But some believe that, because as far as he knows, the practitioners of the Space-Time Hall can travel through time and space and go to various places to perform tasks.

“Could it be that the person who created this Order of Ten Thousand Realms is a superpower comparable to the Temple Master of Time and Space?” Bai Yihang couldn’t help thinking.

The Temporal Hall Master, even in the entire Divine Realm, is standing at the top!

And it is said that the means of the time and space palace master can travel through time and space at will. He can instantly appear in front of anyone he wants to kill; no one can keep him if he wants to leave! – This is a super existence that is truly invincible in the realm of the gods!

“I hope many mercenaries will come!” Bai Yihang waited silently.

He competed with the Great Elder Ding Yuhai for the position of Sect Master. The only disadvantage was that his subordinates were too few, only a few dozen. On the other hand, Ding Yuhai has more than a thousand gods under his command!

Therefore, Bai Yihang issued a mission through Wanjie Ling and invited a large number of mercenaries to the town.

Suddenly, Wanjie Ling shook.

“Any reaction?” Bai Yihang sank his mental power into the Ten Thousand Realms Order.

A message came from Wanjie Ling: “Someone has accepted the task, please pay two hundred **** stones!”

Without hesitation, Bai Yihang took out two hundred divine stones. Immediately, the Divine Stone was swallowed up by the Order of Ten Thousand Realms.

The next moment, Wanjie Ling flashed a dazzling flash. After the flash, a figure appeared, it was Xu Ming.

“Huh?” Xu Ming glanced around expectantly, and finally his eyes fell on Bai Yihang, “Is that the mission you issued?”

“Yes!” Bai Yi said.

Xu Ming said, “I’ve said it in advance, I’m only in charge of the town, not the hands-on!”

“Just do it!” Bai Yihang also knew that the price he offered was too low, and it was normal for the other party to refuse to do it.

Moreover, Bai Yihang doesn’t need Xu Ming to do anything, as long as he helps the town.

“I don’t know how many mercenaries will be willing to accept the task...”

Immediately, Bai Yihang’s Ten Thousand Realms Order shook again.

Immediately afterwards, there was a series of vibrations.

“A lot of people...” Bai Yihang was pleasantly surprised.

...

a day later.

Bai Yihang led a mighty number of more than 2,000 gods to appear in the Iron Scale Sect Hall.

The Great Elder Ding Yuhai looked dumbfounded: “Bai...Bai Yihang, where did you get so many people?”

Ding Yuhai thought that he was winning, but seeing that Bai Yihang had brought twice as many men as himself, he suddenly lost his mind.

The old man Zhou Mo, who had been protecting Bai Yihang, was also very shocked-because, even he didn't know where Bai Yihang got so many people.

“Humph!” Bai Yihang stood at the front of the group and looked at Ding Yuhai, very domineering, “Ding Yuhai, now, how are you still competing with me for the position of suzerain?”

Then, the two sides entered a long nonsense link.

Xu Ming was among the more than 2,000 gods, and was speechless: “I'm dizzy... It turned out that we were called to control the market like this...”

This mercenary mission is easy and easy, and there is no danger, as long as you walk through the scene and it will end. But Xu Ming always felt that he was like an extra who came to receive a box lunch.

“To come up with such a task, this Bai Yihang is really talented!” Xu Ming couldn't help but sigh.

At this time, a golden-haired ***** beside Xu Ming whispered to him, “Brother, which continent are you from?”

“Yanyan Continent!” Xu Ming said, “How about you, brother?”

“Yanyan Continent? Never heard of it!” The Golden Retriever God thought for a while and said, “I am from the North Star Continent!”

North Star Continent?

Xu Ming couldn't remember that there was such a continent in God's Domain.

"Maybe it came from a dusty world!" Xu Ming thought to himself, without saying much.

"This is the first time I've performed a mercenary mission. I saw that this mission is not dangerous, so come and see!" The Golden Retriever said with a smile.

"Me too!" Xu Ming also laughed – he was here to get the lunch.

"Meeting is fate! This brother If we meet again in any mission in the future, we must help each other!"

"It's natural!" Of course, Xu Ming had no problem with multiple friends.

...

Soon, the negotiation between Bai Yihang and Ding Yuhai was almost over.

Ding Yuhai looked dejected: "Hey...Old! Really old, useless! – You hide so many people, I didn't even know; It's ridiculous, I still think I have the chance to win... I've surrendered! I've surrendered!"

Bai Yihang breathed a sigh of relief in his heart: "Finally, he was fooled!"

The group of mercenaries he brought, but they only came to receive a boxed lunch, and would not take action! If you can't stop flicking your hands, it's very likely to wear help.

Xu Ming watched the whole process and was deeply inspired: "In the future, if I compete with others, I can also invite a large group of 'group performances' to come..."

At the same time, Xu Ming sighed silently: "It's really easy to earn this divine stone! In the future, I will take on more tasks like this!"

Chapter 833: Brother Ming, Run Away

The Yanyan Continent, the Chilie Mansion, and the Golden Crow City's jurisdiction.

Mohe Village.

boom! boom! boom!

One after another ferocious and ***** momentum was oppressed from the nine heavens.

“What’s wrong?”

“What happened?”

In Mohe Village, people were panicking.

Everyone rushed out of the room and looked up at the sky.

I saw hundreds of tyrannical figures standing in the sky. Above every figure, there is a red murderous aura boiling over.

“This is...”

All the people from Mohe Village were terrified: “The Blood Sword Village! The people from the Blood Sword Village are here!”

“Could it be... Blood Sword Village knew so quickly that two of them died in our Mohe Village?”

“We Mohezhuang, shouldn’t we suffer?”

...

Only the owner of the village, Mo He, seemed to have anticipated this situation long ago, and was even full of expectations: “It’s finally here...”

Mo He sneered in his heart: “Xu Ming, ah Xu Ming! Don’t blame me for being cruel, I confessed you! – After all, if I don’t confess you, if the Blood Sword Fortress is found out later, two of them will die. We Mohezhuang; but you have already left here, so isn’t our Mohezhuang going to suffer?”

From Mo He’s point of view, it was a matter of course for him to confess Xu Ming!

“Who killed Leng Ran and Wei Hong from my Blood Sword Village? Stand up!” In the sky, a lean man with an aura like a waterfall of blood in the sky narrowed his **** eyes and said in a cold voice.

He is the owner of Blood Sword Village—name is unknown, and he calls himself “Blood Sword”; he is a master of “Samsung Elementary”.

The strength system of God’s Domain can usually be divided from “one star” to “ten stars”.

As long as you don’t use the “fruit of proving the Tao” to become a god, but rely on your own strength to prove the Tao and become a god, you can generally reach the “one star” level!

Completely comprehend the three Heavenly Dao, or “integrate” two Heavenly Dao, for “two-star” strength!

Completely comprehend the five Heavenly Dao, or merged the three Heavenly Dao, for the strength of “Samsung”!

Completely comprehend the seven heavenly ways, or fuse the four heavenly ways, for the “four-star” strength!

...

There is a huge gap in strength between the two levels, which can reach “ten times” or even higher!
– Like a two-star god, it is ten times stronger than a one-star god!

Therefore, a leapfrog battle is almost impossible; because the strength gap is too great!

In God’s Domain, most of the gods have only “one star” strength. Anyone who can reach “two stars” or above can be called a master!

For example, the blood knife, with the strength of “Samsung Elementary”, can form a blood knife village and dominate one side.

For another example, Leng Ran and Wei Hong, who were killed by Xu Ming last time, were both “two-star elementary”;

And Xu Ming’s strength...

If he doesn’t hang up, Xu Ming’s own strength is almost “one-star medium”, and he is not a master. However, as soon as the “Invincible Combat Power System” is activated, Xu Ming’s combat power can easily soar a hundred times, reaching “Samsung Medium”!

“Three-star medium” is ten times stronger than “two-star medium”! Compared with Leng Ran and Wei Hong, he is even more powerful! – So, when Xu Ming beheaded the two of them at that time, it was easy and quick to kill them with one shot!

...

Mo Helian looked up at the blood knife in the sky flatteringly: “Lord Blood knife, this matter has nothing to do with our Mohe Village!”

“I already know the specific situation! – I, Xue Dao, is also a reasonable person; Mo He, you have done a good job in reporting, and I will not take anger on you!” Xue Dao said coldly, “But... what about Xu Ming? But it’s still with you. Mohe Village?”

“I’m here! I’m here!” said Mo Helian, “I keep an eye on him day and night, for fear that he will escape. Now, he is still in the village!”

“Where?” Although the blood knife is a three-star god, the coverage of spiritual power is still very limited, and it is impossible to use spiritual power to find Xu Ming.

“At her place!” Mo He pointed at Sisi and said.

“Oh?” Xue Dao also looked over.

Although Sisi was very nervous and even a little scared, she still looked at Mo He very angrily: “Zhuang... Zhuangzhu! You betrayed Brother Ming?”

Sisi is not stupid. From the conversation between Mo He and Xue Dao, of course, she could hear that the reason why Xue Dao Village came so soon, and it was very sure that Xu Ming killed—it was because Mo He was tipping off the news and betrayed him. Xu Ming!

“Sell out? What is betrayal?” Mo He sneered, “Xu Ming, the lord who dared to use blood in the sword village, is the one who seeks death himself!”

“That’s right!” Xue Dao nodded with satisfaction.

“You...” Sisi was in a hurry—this Mohe is so dog-legged!

However, Sisi’s strength is limited, no matter how angry she is, it will not help.

“Where is Xu Ming?” Xue Dao looked at Sisi, “And you, don’t even try to escape!—My two brothers died just to catch you!”

“Xu Ming is here...” Sisi’s eyes turned to her residence.

Then suddenly, Sisi desperately shouted hysterically, “Brother Ming, run away!!”

“You...” Xue Dao was furious, grabbed it with one palm, directly captured and banned Sisi, “How dare you play tricks with me? – But if you think that Xu Ming can escape like this, then you are too naive It’s gone!”

Hundreds of **** experts from Blood Sword Village stood in all directions and had already surrounded the entire Mohe Village.

“Brother Ming, run away!!”

“Brother Ming, run away!!”

“Brother Ming, run away!!”

Sisi’s voice constantly echoed in Mohe Village.

...

Of course, Xu Ming also heard Sisi’s shouting.

In fact, Xu Ming already knew about the army of Blood Sword Village when they just pressed down and left the state of closed-door cultivation.

but...

At this time, Xu Ming in Mohe Village was an avatar of the “Heavenly Dao School”, and he hadn’t become a **** yet! His ancient cultivator clone is still out on a mercenary mission and has not returned.

The avatars of the Heavenly Dao school are only demigods, no matter how much you open the “invincible combat power”, it is impossible to defeat the gods! Unless... open the “Soul Possession” link!

“The ‘Soul Possession’ hanging consumes too much hanging points. To summon a ‘three-star’ god, I have to spend all my hanging points!” Xu Ming secretly said, “But at this time, there are hundreds of people outside. A master of Blood Sword Village; even if I activate the ‘Soul Possession’ link, I am not an opponent!”

“Sisi her...”

Xu Ming was a little moved – he saw that Mo He betrayed him; he also saw that Sisi desperately reminded himself to escape.

“I’m in God’s Domain, so I have my first true friend!” Xu Ming was somewhat relieved.

Money is easy to get, but true friends are hard to find!

Sisi’s performance won Xu Ming’s approval.

“But... my new friend was captured!” Xu Ming’s eyes were filled with murderous intent.

Chapter 834: I Really Don’T Like Killing People

“Fortunately, Sisi is not in any danger for the time being. Besides, my ancient cultivator clone will be back soon!”

The space around Xu Ming suddenly stirred up a wave of ripples; then, another Xu Ming, who walked out of the ripples in the space, was the clone of the ancient cultivator who had returned from the mercenary mission.

“kill!”

Xu Ming took Tian Daoliu’s clone back to the world ring and killed him directly. The momentum is soaring, like a long spear piercing the sky.

boom!

As soon as Xu Ming rushed out, he immediately became the focus of the audience.

Mohe Village and Blood Sword Village, everyone’s eyes were on Xu Ming.

“Brother Ming...” Sisi was startled, then desperately shouted, “Run away, don’t worry about me!”

Sisi knew very well that the reason why Xu Ming had conflict with Blood Sword Village was all because of her. Now, the **** sword village is under pressure, and Sisi is of course unwilling to continue to “involve” Xu Ming.

“Huh?” Mo He was a little surprised – he didn’t expect that under such circumstances, Xu Ming did not run away, but rushed out to fight.

“Lord Xuedao, that’s him, he’s Xu Ming!” Mo Helian said through voice transmission.

“Humph!” Xue Dao snorted slightly, blood energy rolled in his narrow eyes, staring at Xu Ming like a poisonous snake, “Is that you, the one who dares to touch my Blood Sword Village?”

In the face of Xue Dao’s questioning, Xu Ming just smiled casually, as if he didn’t care at all. His eyes swept across the audience domineeringly, and finally landed on Mo He: “You’re really a bitch! You can’t protect the people in the village, but you even betrayed me to the Blood Sword Village! – I really don’t understand. , How can someone like you be the owner of the village!”

As the owner of the village, of course, you must protect the people in the village.

But in this Mohe, it’s fine if he doesn’t protect the people in the village; Xu Ming helped him out, but he betrayed Xu Ming in turn – this kind of behavior made Xu Ming very contemptible.

“Xu Ming!” Mo He snorted coldly, “You’re almost dead, and you’re still talking wildly!”

“Death is imminent?” Xu Ming smiled disdainfully.

The Divine Realm is vast, Xu Ming knew that there must be many great powers who could easily kill him; however, just relying on this group of rabble to make himself “death on the verge of death” is far from enough!

“Brother Ming, hurry up!” Sisi saw that Xu Ming “didn’t understand the situation”, and couldn’t help being anxious.

“Let’s go?” Xue Dao smiled wickedly, “My Blood Sword Village has already set up a net here! Even if you put your wings on, you won’t even think about escaping!”

Xu Ming laughed dumbly: “Just you cats and dogs, you dare to call yourself a net of heaven and earth?”

A cat or a dog?

As soon as Xu Ming said these words, the audience fell silent.

“This kid is too crazy...” Mo He was dumbfounded, looking at Xu Ming like a fool, “Could it be that he knew he couldn’t escape, so he was arrogant before dying?”

In God’s Domain, there is indeed no shortage of people who become fanatical when they are dying.

“Brother Ming...” Sisi didn’t know what to say – but she knew that Xu Ming was new to God’s Domain! Even if the strength is very strong, can it be stronger than the entire Blood Sword Village?

You must know that the Blood Sword Village is also a force that has a fierce name to deter one side!

Even Sisi felt that Xu Ming’s arrogance at this time was suspected of seeking death.

“Boy, you’re thinking of longevity... Don’t think that if you can kill my two brothers, you will be invincible! Let me tell you, Leng Ran and Wei Hong’s strength can only be ranked in the middle of our Blood Sword Village. It’s just the next; every brother who came with me today will not be weaker than them! How many lives do you have, enough for us to kill?” Xue Dao sneered coldly – how many years! No one dared to be so arrogant to his blood knife in this three-point land for so many years!

“Speak nonsense!” Xu Ming stared at Xue Dao and sneered disdainfully, “Actually, I really don’t like killing people! – Xue Dao right? You let my friend go right now, maybe I’ll consider letting you go. !”

Xue Dao was stunned for a while, and then he laughed loudly: “I have seen many ignorant people! But it is really the first time I have seen an ignorant person like you!”

“Hahahahaha...” Hundreds of members of the Blood Sword Village couldn’t help but burst into laughter – in their opinion, what Xu Ming said was really funny!

“Laugh!” Xu Ming glanced at these people with pity – because right away, they might not even be able to cry!

Xu Ming looked at the blood knife coldly: “I gave you a chance to live, but unfortunately you didn’t cherish it!”

Xu Ming looked at the members of the Blood Sword Village in every corner of the sky again, “You all want to kill me, don’t you? – Since you want to kill me, presumably, you are all ready to die?”

With that said, Xu Ming slowly raised his spear and pointed the tip of the spear at the **** knife: “Any last words to say?”

“Huh!” Xue Dao laughed.

Xu Ming also smiled: “Since there are no more last words, then...die!”

boom!

Xu Ming directly killed the blood knife!

Hundred times of combat power, open!

Xu Ming’s strength soared from “one-star medium” to “three-star medium” in an instant; it was even stronger than Blood Knife.

Xue Dao was surprised: “It turns out that there is some strength, no wonder you dare to be so arrogant! If I came alone today, I’m afraid I really can’t help you! But...”

Xue Dao held a **** long sword in his hand, and also killed Xu Ming, shouting into the sky at the same time: “Brothers, let’s go together!”

As for Sisi, the blood knife was temporarily put aside and ignored – he didn't believe that a one-star **** who was already bound by him could still escape.

boom! boom! boom! boom! ...

Many members of the Blood Sword Village in the sky were besieging and killing Xu Ming. There were also some who launched long-range attacks towards Xu Ming from a distance.

At this time, Xu Ming was only of "Samsung medium" strength and could only sustain one blow. Under the siege of the "Samsung Elementary" blood knife and a group of two-star gods, Xu Ming seemed to be in a desperate situation all of a sudden.

"Ignorance boy, die! – If you have a next life, you have to remember it Stop being so arrogant!" The **** long knife of the blood knife directly hit Xu Ming's long spear – all he had to do was hold on Xu Ming took a moment, and the attacks of the hundreds of two-star gods could easily kill Xu Ming!

boom!

Xu Ming's spear also slammed into the blood knife without any skill.

However, just as the sword and gun were about to collide, a treacherous flash suddenly flashed in Xu Ming's eyes.

This deceit was just caught by the blood knife. For some reason, Xue Dao felt a deep palpitation in his heart, as if a catastrophe was imminent.

at this time...

call out!

Xu Ming disappeared directly from the front of the blood knife, and appeared behind him at the same time.

And the long spear in Xu Ming's hand slammed into the blood knife with unabated power.

“No—” How could Xue Dao have time to react between such lightning and flint! Just as he realized the danger, Xu Ming's spear had already penetrated his head!

Chapter 835: Big Empty Array

boom!

Xu Ming's shot is only the power of Samsung's middle class; if he wants to kill the blood knife of Samsung's elementary class with one shot, it's still a little short! – After all, how tenacious is the vitality of the gods! Even if the entire divine body is destroyed into particle form, it will be safe and sound; not to mention that now, the blood knife is only pierced through the head.

For the blood knife, it was only a minor injury. The penetrated head, also among the electric light and flint, first turned into a particle form, and then re-condensed into a divine body.

but...

Xu Ming “teleported” from the front of the blood knife to his back, which was equivalent to swapping positions with the blood knife.

And you must know that originally, there were hundreds of attacks from the two-star gods, all of which were directed at Xu Ming. Now, Xu Ming and Xue Dao switched positions, the result is... all the attacks fell on Xue Dao.

boom! boom! boom! boom! boom! ...

The Blood Blade is a three-star god, and it is no problem to carry a few two-star attacks at random; however, if it carries dozens of attacks, there is a problem! —And now, there are hundreds!

Moreover, the blood knife is only the weakest “Samsung Elementary”!

Hundreds of attacks came, and although the blood knife was not dead, it was almost there!

“Damn it, who are you hitting!?” The blood knife was furious, but he also knew that this group of subordinates didn’t attack him on purpose.

At the same time, the blood knife fled quickly, and pointed at Xu Ming in great horror: “Teleport... teleport! Do you have a teleport treasure on your body?”

Teleport treasures are extremely precious in the realm of the gods!

Not to mention three-star gods like Blood Knife, they don’t deserve to be owned at all. Even the super existence of eight stars and nine stars will risk their lives for a teleportation treasure.

And now, the blood knife was on Xu Ming and saw teleportation—how could he not be shocked! ?

Of course, shocking, how about a hemostatic knife?

Every deity in the Blood Sword Village had a look of shock on their faces—just now, it was because Xu Ming teleported that he instantly switched positions with the Blood Sword; all their attacks fell on the Blood Sword. .

“Teleport Treasures...” The people in Mohe Village were even more shocked—they were at the lower level of the Divine Realm, and naturally farther away from such rare treasures as Teleport Treasures!

But today, they were fortunate enough to see the legendary “teleport”; they were shocked, but more excited – they were excited to have seen “teleport”, and they gained a lot of insight!

Mo He’s face was also extremely shocked; however, deep in his eyes, there was still a touch of... greed!

Of course, Mo He still has self-knowledge, knowing that with his own strength, it is almost impossible to obtain teleportation treasures!

“Teleport treasure?” Xu Ming sneered disdainfully in his heart – of course he would not explain that he didn’t have a teleport treasure, but opened the “teleport” hook!

“Not bad, the blood knife can withstand my blow!” Xu Ming sneered, “I don’t know if you can withstand my next blow!”

“No no no no...” Xue Dao waved his hands again and again, “Brother Ming, I admit defeat! I admit defeat!”

The speed of the blood knife changing face is really fast!

No soon!

He was seriously injured in the first fight; now, the divine body is extremely weak, and his strength is probably less than 30%! If they fight again, Xue Dao strongly suspects that God’s Domain will no longer have his “Blood Dao” character!

In order to save your life, what is it to change your face!

But... if you change your face and want to save your life, the blood knife is too naive!

“Now that you know to beg for mercy? It’s too late!” Xu Ming said coldly, killing the blood knife again.

Just now, Xu Ming gave Xue Dao a chance to live; unfortunately, Xue Dao did not cherish it.

rumbling...

This shot is even more powerful!

What made Xue Dao terrified was that he didn’t know whether he should resist this shot – if he didn’t resist, the power of this shot would be enough to kill him directly! But if he resisted, Xu Ming would likely teleport behind him; at that time, he would not be able to make the second resisting action, and he would die!

Regardless of “resisting” or “not resisting”, it is death both horizontally and vertically!

So helpless!

In the blink of an eye, Xu Ming had already killed him again.

Before the blood knife could react, the long spear had already penetrated his body. The power of destroying and annihilating every particle of the blood knife directly from the particle level.

The master of Blood Sword Village, “Blood Sword”, a three-star expert, in Xu Ming’s hands, kills with two moves!

Moreover, this is Xu Ming’s “saving hang point”; if he is really crazy to open the hang and kill the blood knife, one move is too much!

“The blood knife is dead...” Mo He was terrified.

“Brother Knife...”

“The owner of the village...”

A member of the famous Blood Sword Village was both shocked and angry—the leader of their Blood Sword Village was finished with just two shots?

“Brother Ming...” He thought about many possibilities, such as Xu Ming’s tragic killing, such as Xu Ming’s embarrassed escape... But he never expected that Xu Ming would shoot the blood knife with two shots!

Is this still the blood knife of Megatron’s side?

All of this happened in a very short period of time.

There was even a deity from Blood Sword Village, who just yawned due to lack of concentration; when he finished yawning, he saw that his boss had died...

The blood knife died, and the blood knife village suddenly fell into a state of headless “worms”.

“The owner of the village is dead...”

“What should I do? Do you want to avenge the village owner?”

“But, Xu Ming is too strong, and there are teleport treasures! Even if we join forces, we can’t kill him, right?”

...

And Xu Ming, after beheading the blood knife, his first reaction was to put the treasure of the blood knife in the bag first!

Damn, in order to kill this ***** knife, Brother Ming activated the “Invincible Combat Power System” twice and the “Teleport” once, consuming hundreds of level 9 hanging points! Of course, the treasure of the blood knife must be fished first, and then it will be returned to the book.

“I hope the blood knife is not too poor, otherwise it will be a big loss!”

Xu Ming didn’t have time to check the treasures for the time being, because he was busy running the secret skill “Killing and Plundering”, after plundering the blood knife, the luck that escaped in the space.

boom!

An invisible vortex seemed to form on Xu Ming’s body. This vortex has a great suction on the luck, and instantly swallowed the luck that originally belonged to the blood knife.

Xu Ming could clearly feel that his luck value was a bit stronger.

Then, Xu Ming flew to Sisi’s side again and put her in his world ring – Xu Ming had to continue fighting, leaving Sisi outside was a burden; it was safer to put her in the world ring.

Sisi is a friend recognized by Xu Ming, so of course she should take good care of her!

“Thank you, Brother Ming!” Sisi said gratefully—this is the second time that Brother Ming has rescued her!

At this time, the gods of the Blood Sword Village finally discussed the results: “Brothers, Xu Ming is too strong, and he has teleportation treasures, we will withdraw first! As for the revenge for the village owner, it will take a long time to come, so don’t be in a hurry!”

Blood Sword Fortress, when they found that they couldn’t kill Xu Ming, but Xu Ming could kill them, they made a very wise decision – withdraw!

“Want to run away?” In front of Brother Ming, did he come as soon as he wanted, and leave as soon as he wanted?

boom!

Just when Xu Ming was about to chase and kill the Quartet, suddenly, a great formation of stars came crashing down.

The sky that was originally day suddenly entered night; countless stars twinkled in this night. This space seems to be cut off from the outside world.

“This is... Breaking the Space?”

Chapter 836: Chat To Death

Breaking the empty formation is an extremely powerful trapping formation.

As soon as the formation comes out, the space is cut off. Even if it is “teleport”, it cannot teleport out of the range of the array.

There were quite a few knowledgeable people in the Blood Sword Village, and they quickly recognized the Great Destruction Array.

“What’s going on? How can there be a large formation that breaks the void?”

“Who arranged it?”

Every goddess looked around, trying to find some clues.

Xu Ming’s expression was also a little dignified. Although he had never heard of the Great Destruction Formation, he could feel that this space had been isolated; even teleportation, he could not leave this space unless he broke the formation first.

Just when everyone was in shock, more than a dozen powerful figures appeared at the end of the dark night.

These more than ten figures are all wearing black armor; the back of the armor is engraved with a golden crow flying high.

The identity of the visitor is ready to be revealed—

“It’s the Golden Crow Guard!”

“Golden Crow Guard of Golden Crow City!”

The gods of Blood Sword Village and Mohe Village were shocked.

In their eyes, the Golden Crow Guard is an aloof existence!

Moreover, the strength of each Golden Crow Guard soldier is extremely powerful, and the weakest has a “three-star” level, which is no weaker than the blood knife!

Don’t look at the end of the sky, there are only a dozen or so Golden Crow Guards. But these dozen or so people can easily swept away all the people in Blood Sword Village and Mohe Village!

“What’s going on? Why did the Golden Crow Guard appear in our Mohe Village, and they blocked the place with a large formation?” Mohe was frightened and frightened.

The methods of the Golden Crow Guard have always been known for being ***** and ruthless!

All the forces in the Golden Crow City's jurisdiction, facing the Golden Crow Guard, dare not refuse! Which force really wants to annoy the Golden Crow Guards, and the Golden Crow Guards dispatched thousands of troops and swept everything directly!

But now, the Golden Crow Guards actually descended on the small place of Mohezhuang; although there were only a dozen people, it was enough to make Mohe and others terrified.

Xu Ming's gaze shot across the space and landed on the dozen or so Golden Crow Guards: "It's them..."

These dozen or so Golden Crow Guards were none other than the cold and arrogant youth "Cheng Yu" and others that Xu Ming encountered when he first entered the Divine Realm.

"They came to hunt me down? They found them all..." Xu Ming was just a little surprised, but he didn't panic at all.

After all, even if he couldn't teleport away from the Great Array, Xu Ming still had many other means! The dozen or so Golden Crow Guards were not worth Xu Ming's panic.

"But... let's take a look first, there is anything that can be exchanged for the hanging point in the blood knife's world ring..." Xu Ming secretly said.

For Xu Ming, fighting is burning money!

Especially now, Xu Ming is being watched by the order of the universe's operation, and the opening and hanging have been greatly restricted. Like the "Invincible Combat Power System", after it is turned on, it can only maintain one attack; that is to say, if you attack once, you will burn a handful of divine stones!

Xu Ming now only has more than 6,000 level 9 hanging points left. Xu Ming is not sure if such a poor hang-up point is enough to let him go and fight.

So, let's take advantage of this gap, first count the spoils, and hang up the exchange point to talk about it!

“Xue Dao is the owner of Blood Sword Village. I hope his net worth is not as poor as Leng Ran and Wei Hong before!”

Leng Ran and Wei Hong together, they only had 90 divine stones on their bodies, which caused Xu Ming to despise them many times—so poor, how embarrassed to call himself a bandit?

Xu Ming opened the blood knife’s world ring with anticipation, and then his eyes lit up: “Damn it! So rich!”

Xu Ming saw that in the blood knife’s world ring, there were a small pile of divine stones, probably tens of thousands!

“Could it be that... the property of the Blood Sword Village belongs to the owner of the Blood Sword Village?” He didn’t say anything, first replaced it with a hanging point!

Xiaohang sounded a voice that made Xu Ming happy: “In this exchange, I have redeemed a total of more than 54,000 points for level 9 hanging points!”

More than 54,000 hanging points!

In addition to the more than 6,000 Xu Ming originally owned, Xu Ming’s level 9 hanging point has exceeded 60,000!

With so many hanging points, Xu Ming can also let go a little and fight!

“Golden Crow Guard...” Xu Ming looked at the cold and arrogant young man “Cheng Yu” in the distance.

Cheng Yu’s eyes just turned to Xu Ming, he smiled slyly: “Boy, you made me find it so hard... This time, I want to see if you can still run away like a rabbit. !”

Last time, when Xu Ming slapped the group of Golden Crow Guards near the reception and lead formation, he teleported away “jumpily”.

That incident was a great shame for Cheng Yu and the other Golden Crow Guards—they were the most domineering forces within the jurisdiction of the Golden Crow City! Usually, only they take other people's shares, how can anyone else take their shares!

Their faces still feel a burning pain!

This is the mark of shame!

Sense of shame and then courage! -During this time, Cheng Yu and the Golden Crow Guards have been searching for Xu Ming hard, and finally they have discovered Xu Ming's clues.

After finding Xu Ming, they did not rush to do it, but first set up a great formation of breaking the sky, and this appeared!

"Boy..." Cheng Yu grinned, "Now, even if you are a rabbit with wings, don't even think about flying out!"

It's hard to fly!

Xu Ming always felt that he had heard similar words before.

Xu Ming recalled for a moment and said, "Just now, someone said that I can't fly with my wings! And then... he's already dead!"

What Xu Ming said was, of course, the blood knife!

"Ha!" Cheng Yu smiled disdainfully, "Don't compare our Golden Crow Guards with this group of rabble!—Among my dozen or so brothers, the weakest is the peak of the three-star gods!"

"Oh?" Xu Ming smiled, without asking which, he said directly, "I slapped his face!"

The corner of Cheng Yu's mouth trembled slightly, and he continued to intimidate: "Most of them are four-star gods!"

Xu Ming smiled again: “I also slapped their faces!”

Cheng Yu continued: “And I have reached the peak of four stars!”

Xu Ming smiled even brighter: “I also slapped your face!”

In short, Xu Ming said in one sentence – you have been drawn by me!

...

Xu Ming chatting like this can kill the sky!

Sure enough, Cheng Yu almost spurted blood – can we not mention the slap in the face?

And the gods of Blood Sword Village and Mohe Village are like listening to heavenly books.

“What? Xu Ming hit the Golden Crow Guard in the face? And he hit almost all the gods of this Golden Crow Guard in the face!?”

“Xu Ming is so powerful?”

“Even the face of the Golden Crow Guard dares to be punched... This Xu Ming doesn’t know whether to live or die!”

“Yeah! I have lived in God’s Domain for so many years, and I have never seen anyone who offends the Golden Crow Guards, and it will end well!”

...

The gods of Blood Sword Village and Mohe Village were all talking about it.

The surrounding discussion made Cheng Yu, a cold and proud young man, feel even more dull: “Boy, you are too arrogant! Since that’s the case, I’ll show you how terrifying the power of the four-star peak is!”

Chapter 837: It’S Really A Cat And A Dog

boom!

Cheng Yu’s right hand became a claw, and the palm was facing upwards.

In the palm of his hand, a cyan flame suddenly burned.

The cyan flame was beating, as if there was no power at all.

But Cheng Yu’s eyes were full of hideousness: “Go, Wanling Jiehuo! Go and bring this kid’s life back to me!”

All souls robbery fire, devour all life. The more lives devoured, the more terrifying the power of the flames!

Cheng Yu’s Myriad Spirit Tribulation Fire, seemingly inconspicuous, has actually devoured the lives of more than 9,000 gods! —Yes, that’s right, more than nine thousand gods!

As long as it devours a few hundred more gods, it can grow into a complete Myriad Spirit Tribulation Fire! At that time, even if Cheng Yu faces the “five-star gods”, he will dare to fight!

call-

The blue flames fluttered to Xu Ming’s eyes.

“Huh?” Xu Ming didn’t dare to be careless – although he couldn’t feel any power on this azure flame, but it was precisely because he didn’t have any power, that made Xu Ming more cautious.

“Among the dozen or so Golden Crow Guards, the weakest are all three-star peaks; the cold and arrogant young man at the head has the strength of four-star peaks...” Xu Ming quickly analyzed in his heart, “And my own strength is only one-star medium. ...”

so!

Hanging is a must!

The only question is, what is the hook-invincible combat power system? Soul possession?

“The invincible combat power system can make my combat power soar ten times, hundred times, thousand times, ten thousand times; even if it is a million times, it is not a problem! But there are also many disadvantages...”

First of all, the higher the multiplier of the combat power, the more exaggerated the hanging point consumed by the opening and hanging! For example, if it is driven to “million times”, it is indeed very scary, but the consumption of hanging points is even more scary!

Too much money!

Secondly, Xu Ming’s own strength is still too weak! – If Xu Ming has the strength of a five-star god, if he activates the “10,000 times combat power”, one blow can even be comparable to a nine-star god! But Xu Ming is only a one-star god, even if he activates “10,000 times the combat power”, one blow is only comparable to a five-star god!

The foundation is too bad!

So, obviously, let Xu Ming use “invincible combat power” to deal with these dozen or so Golden Crow Guards – he really can’t afford to burn the money.

In comparison, “Soul Possession” is more cost-effective at this time!

“To deal with these dozen or so Golden Crow Guards, summoning the souls of the ‘four-star gods’ is definitely not enough! At least, it is necessary to summon the ‘five-star gods’!”

Xu Ming looked at the “price list”.

To summon a “five-star god”, the cheapest cost is 30,000 level 9 hanging points, and the highest is 100,000 level 9 hanging points – the appearance fee of a five-star ***** is not low!

Fortunately, Xu Ming had just killed the blood knife, and he had gained a lot. Therefore, Xu Ming can still summon the five-star gods!

“Spend 40,000 hanging points to summon a ***** of ‘five-star medium’ strength!” Xu Ming knew that in the current situation, it was impossible to save money!

Slow to say, but instant.

At the moment when the blue flames hit, Xu Ming directly spent 40,000 level 9 hanging points to activate the “Soul Possession” hanging, leaving only 20,000 hanging points for backup.

boom!

When the azure flames approached, Xu Ming simply swept the gun, and smashed the azure flames violently, turning them into countless sparks, splashing around.

“Forehead...”

“Forehead...”

The gods of Mohe Village and Blood Sword Village all looked at each other in dismay.

“I’ll let you see how terrifying the power of the four-star peak is!” Cheng Yu’s arrogant voice still echoed in everyone’s ears and did not dissipate.

“Uh... This is the power of the four-star peak? It doesn’t seem to be very scary!” The gods of Mohe Village and Blood Sword Village couldn’t help thinking.

No wonder they think so!

They didn't see Cheng Yu's cyan flame, what power it had; they only saw that the cyan flame came out, and then was smashed away by Xu Ming's gun – it's that simple.

In such a situation, how can these one-star and two-star gods believe in the terror of the blue flames?

Of course, Xu Ming, Cheng Yu, and the other Golden Crow Guards all know how powerful the blue flames are!

It seemed that Xu Ming smashed the cyan flame with one shot, very relaxed and unrestrained; however, with that smash, Xu Ming felt the horror of the cyan flame – if Xu Ming summoned only the soul of the “Four Star Peak”, I am afraid that it would have been by now. It is hard to get rid of the blue flames!

And Cheng Yu, the owner of this Wanling Tribulation Fire, naturally knew the horror of Wanling Tribulation Fire.

As for the other Golden Crow Guards, who is not deeply afraid of this group of Myriad Spirits Tribulation Fire – no matter who they are, once they are entangled in Myriad Spirit Tribulation Fire, they will be burned alive and swallowed up!

“This kid, can actually beat back the calamity of all spirits?” The eyes of the dozen or so Golden Crow Guards were full of disbelief. They knew that Xu Ming had just come to God's Domain!

Just came to God's Domain, is the strength so strong?

sizzle sizzle...

The countless dots of sparks scattered between the sky and the earth all converged towards Cheng Yu's palm, and re-condensed into the fire of all souls! – Just now, the Wanling Tribulation Fire was just scattered, not annihilated.

“what-”

“what-”

At this time, the gods of Mohezhuang and Blood Sword Village cast their surprised glances at Cheng Yu again: “His fire has not been annihilated? It seems that he has some strength!”

Under the gaze of hundreds of surprised eyes, Cheng Yu felt like he was about to vomit blood—Damn it! If my calamity fire is so easy to annihilate, then I’m still a shit!

Cheng Yu was very upset! In these surprised eyes, he felt ridicule, contempt...

“A bunch of humble things dare to despise me?” Cheng Yu was furious.

But at this time, Cheng Yu didn’t have time to vent his anger; he looked at Xu Ming in shock: “You...you have the strength of a five-star god!?”

“Humph!” Xu Ming smiled noncommittally, neither admitting nor denying it.

But in the eyes of others, Xu Ming’s smile was equivalent to an admission.

“What!? Five-star gods!?” Mohezhuang was shocked.

According to the division of the strength of God’s Domain, there is a gap of more than ten times between each star!

Five-star gods are “10,000 times” stronger than one-star gods, and “thousand times” stronger than two-star gods! —Almost all of Mohe Village are one-star gods; the gap between them and five-star gods is completely different!

“I actually tried to get a five-star ***** to join my Mohe Village?” Mohe felt that he was so stupid!

Of course, what made Mo He feel even more stupid was that he actually tipped off the Blood Sword Village and asked them to deal with a five-star god?

Blood Sword Fortress I almost want to cry: “We actually came to deal with a five-star god?”

Five-star gods, what is the concept?

You must know that the Samsung gods are already masters in the realm of the gods! And the five-star gods are a hundred times more powerful than “masters”!

The entire Blood Sword Fortress was not enough for a four-star ***** to kill; what’s more, Xu Ming was a five-star god!

Everyone in the Blood Sword Village felt that they had set up a so-called net of heaven and earth to deal with Xu Ming; what a stupid act! I finally understood what Xu Ming said, “Just you cats and dogs, you dare to call yourself a net of heaven and earth”!

Yes, in front of Xu Ming, they were really just a bunch of cats and dogs!

And now, their “King of Dogs” – Blood Knife, has paid the price of death for this stupid act!

But next, Cheng Yu’s words shocked the gods of Mohe Village and Blood Sword Village even more.

“Boy, you just came to God’s Domain, why do you have the strength of ‘Five Stars’!?” Cheng Yu shouted coldly.

Chapter 838: Enough Of These People!

“Boy, you just came to God’s Domain, why do you have the strength of ‘five stars’!?”

Just came to God’s Domain! ?

The gods of Mohe Village and Blood Sword Village were all stunned! —Xu Ming just came to God’s Domain? And there is a “five-star” strength?

You must know that in the dust world, there is no good inheritance of exercises, no good treasures to assist in cultivation, no powerful masters to guide the maze, and no competitors of the same level

to compete with each other... In terms of cultivation conditions, it is much worse than God's Domain!

In general, in the dust world, it is extremely difficult to cultivate to a god.

After becoming a god, it is even more difficult to improve your strength! It is very rare to be able to come to God's Domain with the strength of "two stars"; and it is even more unheard of to come to God's Domain with the strength of "five stars"!

Everyone can't imagine what kind of monster Xu Ming is!

"Even in God's Domain, I'm afraid it's impossible for me to reach five stars in my life..." Mo He couldn't help muttering.

Don't say five stars, Samsung is difficult!

It is not so easy to increase the strength of the gods!

And Xu Ming, hiding in the world of dust, has cultivated to five stars?

And the key point is that Xu Ming's breath of life is still so young!

Mo He didn't know that Xu Ming had the "five-star" strength because of his opening; the real cultivation level was actually only one-star medium.

But so what?

After all, Mo He also couldn't imagine that Xu Ming was only "a few dozen years old" so far; in terms of age, I am afraid that he is much younger than a fertilized egg in the Divine Realm!

Moreover, Xu Ming also cultivated the Heavenly Dao School, the Ancient Cultivator School, the Qi Luck School, and the Heart Cultivator School at the same time; in addition, the Ancient Cultivator School has become a god, and the other three schools are also at the level of demigods. Moreover, Xu Ming is also preparing to practice the school of belief!

“No wonder Xu Ming will stay in our Mohe Village for a while... It turned out that he just came to God’s Domain. I’m afraid he wants to be here with us to learn about the situation of God’s Domain?” Mo He couldn’t help thinking.

...

“Young Master Yu, what should I do now?”

The other Golden Crow Guards turned their attention to Cheng Yu.

These dozen or so Golden Crow Guards are just a small team of Golden Crow Guards; it is still very difficult to deal with a “five-star” level expert!

Cheng Yu’s eyes flickered a few times, obviously hesitant; he also didn’t expect that a newcomer to God’s Domain would be so strong – this has greatly exceeded his expectations.

After hesitating for a while, Cheng Yu said savagely: “Kill! – This kid has a teleportation treasure on his body, and we managed to set up a great formation without him noticing it; next time, I’m afraid there may not be such a thing. Chance!”

“Kill!” The other Golden Crow Guards did not hesitate too much.

The Golden Crow Guards have all learned the “Joint Strike Array”. A dozen or so Golden Crow Guards joined forces, and they were still able to fight against the five-star gods.

“It’s still the old rule, you are responsible for pestering him, and I am responsible for attacking with the fire of all spirits!” Cheng Yu said.

There was a slight displeasure in the eyes of the other Golden Crow Guards.

Fighting with the five-star gods, this is definitely a life-and-death battle! But every time in the battle of life and death, Cheng Yu hides behind and launches long-range attacks; but lets others stand in front and acts as a “meat shield” for him – giving the danger to others and keeping the safety to himself!

However, the other Golden Crow Guards had no choice but to follow suit.

After all, Cheng Yu's father was the commander of the Golden Crow Guard! Moreover, the power of his Myriad Spirit Tribulation Fire is indeed terrifying!

“kill!”

“kill!”

A dozen or so Golden Crow Guards all moved towards Xu Ming to besiege him.

Cheng Yu re-controlled the azure flame, floating around Xu Ming, staring at Xu Ming like a poisonous snake. Once the opportunity is found, the cyan flame will rush up and bite Xu Ming.

The gods of Mohe Village and Blood Sword Village retreated to the corner one after another. Their strength is too weak, as long as they are affected by the aftermath of the battle, they may die.

After retreating to the corner, the Dangkong Great Array blocked their way and could not leave at all.

“Good job!” Xu Ming's eyes were full of excited fighting intent.

Now that Xu Ming has opened the “Soul Possession” link, of course, he must feel the combat power of “Five Stars”!

Moreover, to experience high-level combat power, Xu Ming can also have a lot of insights and gains.

“kill!”

Xu Ming's spear rumbled towards the surrounding Golden Crow Guards.

If it was in the dust world, the position of this gun would have already crushed the space to pieces. However, the space of God's Domain is extremely stable, Xu Ming's shot can't even create a ripple in the space!

boom! boom! boom! boom! ...

The long spear carried the power of destroying the knuckles and smashing at every Golden Crow Guard.

Such a tyrannical attack, if it is to deal with one-star gods and two-star gods, I am afraid it will be "death by touch". However, among these Golden Crow Guards, the weakest are Samsung Peak, but they are not so easy to be crushed and killed!

However, with one enemy, Xu Ming still has the upper hand! He is like a peerless killing god, extremely fierce!

call out-

Suddenly, the blue flame, "The Fire of Ten Thousand Spirits Tribulation", shot towards Xu Ming like a ghost.

"Huh?" Of course Xu Ming knew that this was probably the strongest attack of the Golden Crow Guard; he didn't dare to be careless, and quickly shot the cyan flames into countless sparks Hmph, it counts You watch out! "Cheng Yu sneered.

Once the fire of all spirits is possessed, it is not so easy to deal with!

Countless sparks gathered again into cyan flames, without the slightest damage. After that, the blue flames continued to surround Xu Ming, looking for opportunities to get out.

"Hmph, I don't believe it, you can block it every time!" Cheng Yu grinned.

"kill!"

"kill!"

“kill!”

Xu Ming shot after shot, completely suppressing Jin Wuwei.

However, Jinwuwei is not a vegetarian either! The dozen or so Golden Crow Guards cooperated seamlessly, and the Myriad Spiritual Tribulation Fire sneaked up every now and then; this made Xu Ming have the upper hand, but he didn't take much advantage.

“This is a protracted battle... It can't go on like this!” Xu Ming and Cheng Yu had the same idea almost at the same time.

Xu Ming thinks this way because “soul possession” has a time limit, and it may not be able to sustain a protracted battle! If the time limit is up, but these Golden Crow Guards have not been killed, then it will be a tragedy – Xu Ming did not hang up, and summoned the soul of the five-star level again.

And Cheng Yu's worry is: Although the cooperation of their Golden Crow Guards seems to be seamless, over time, there will definitely be mistakes! Once a mistake is made and Xu Ming seizes the opportunity, I am afraid they can be swept away!

Both sides have their own concerns.

Suddenly, Cheng Yu's expression became ruthless: “Everyone, help me delay the time! – It doesn't take long, it'll be fine in a while!”

“Young Master Yu, you want to...” Immediately, the Golden Crow Guards came to understand.

“That's right...” Cheng Yu glanced at the hundreds of gods in Mohe Village and Xue Dao Village with a grim expression, “My Myriad Spirit Tribulation Fire has already devoured more than 9,000 gods; as long as I devour a few hundred more gods, I can Grow into a complete Myriad Spirit Tribulation Fire... these people, enough!”

Chapter 839: Life And Death Book

“Enough of these people!”

When Cheng Yu said these words through sound transmission, the other Golden Crow Guards glanced at the gods in Mohe Village and Blood Sword Village with pity.

You must know that the power of the Ten Thousand Spirit Tribulation Fire is unbearable even for the four-star gods! These gods with only one star and two stars are impossible to resist at all, and they will be burned to ashes in an instant, and even ***** will not be left.

“Go!”

Cheng Yu controlled Wanling Jiehuo and killed the gods in Mohe Village and Blood Sword Village.

“What!?” These ordinary gods were shocked when they saw Cheng Yu kill them!

“What does this leading Golden Crow Guard want to do? Does he want to kill us?”

“He single-handedly wants to kill hundreds of us?”

“Brothers, don’t be afraid, this azure flame has no power! – Didn’t Xu Ming easily block that flame?” All the gods in Blood Sword Village said.

“Yes! This leading Golden Crow Guard doesn’t dare to go forward to fight, he must not have much strength! Don’t be afraid, let’s unite and destroy him!”

...

“I don’t have much strength?” Cheng Yu almost wanted to vomit blood – his strength has reached the peak of four stars, and he is undoubtedly the strongest among all the Golden Crow guards! But now, he was despised by a group of ordinary gods at the bottom.

“It’s just courting death!” Cheng Yu was annoyed.

“Kill!” He controlled Wanling Jiehuo and directly killed a fierce ***** in the Blood Sword Village.

This Gao Meng deity also used a gun. He was very naive and imitated Xu Ming.

“Break it for me!” While smashing angrily, the tall and fierce **** roared aggressively.

However...

Ideas are beautiful, reality is cruel!

puff!

When Wanling Jiehuo was hit by a long spear, it was not directly scattered as the Gao Meng God imagined; on the contrary, Wanling Jie Huo suddenly became bigger and swallowed the Gao Meng God in one bite.

“what!”

The screams of Gao Meng’s gods stopped abruptly! -Because in just an instant, every particle of Gao Meng’s spirit was incinerated into nothingness!

Obliterate directly from the particle level!

The soul of Gao Meng was devoured and refined by Wanling Tribulation Fire, and it no longer exists!

The Wanling Tribulation Fire seemed to be a little stronger after it was swallowed.

clang! clang! clang! ...

The treasures of Gao Meng’s gods, as well as the world ring, all fell to the ground – Wanling Jie Huo only burns the body and soul, but cannot burn treasures.

“what!?”

“died?”

“Just like that?”

The gods of Mohezhuang and Blood Sword Village were all startled and frightened.

They thought that Cheng Yu’s cyan flames were not very powerful; after all, the cyan flames attacked Xu Ming so many times, but they couldn’t even burn Xu Ming’s hair.

Now, they know that it’s not that the cyan flame is too weak, but that Xu Ming is too strong!

The blue flames couldn’t burn Xu Ming’s hair, but they could easily burn any of them!

“Humph! Stupid! My Wanling Tribulation Fire is something you can resist as an ant?” Cheng Yu raised a disdainful smile at the corner of his mouth, and then continued to control Wanling Tribulation Fire, killing the nearest black and thin god.

“No—” Of course the black and thin ***** now knew that the cyan flame was terrifying, and he was so frightened that he ran away.

However, how could the speed of escape be faster than the “speed” of Wanling Tribulation Fire?

call out!

In an instant, the fire of ten thousand spirits robbery fell on the black and thin god.

laugh!

It was like burning a strand of hair with a candle, and with a sound of “chi”, Wanling Jiehuo directly burned the black and thin gods to the ground, and rushed towards the third god.

“terrible!”

These ordinary gods in Mohezhuang and Blood Sword Village of course realized at this time that Cheng Yu was going to massacre them!

“Escape!”

“Run away!”

“spread!”

However, the range of the Breaking Sky Array is so large, where can they escape?

Ordinary gods who had nowhere to escape had to be ruthless: “Fight with him!”

“Yes! Fight! The big deal is that the fish will die and the net will be broken!”

“Kill!!”

Whoosh! Whoosh! Whoosh! Whoosh! ...

Hundreds of gods all directly killed Cheng Yu.

“Ha!” Cheng Yu smiled disdainfully, “A group of ants want to struggle in front of me too?”

Cheng Yu’s strength is “the peak of four stars”! It is a hundred times stronger than the peak of two stars!

And these ordinary gods, the strongest are only two stars, and many are one star! – The strength gap of a hundred times and a thousand times, Cheng Yu wants to crush them, it is as easy as stepping on a group of ants!

However, Cheng Yu is of course reluctant to kill these ordinary gods easily! After all, he still needs the lives of these ordinary gods to elevate the Myriad Spirit Tribulation Fire to its full form!

The complete form of Myriad Spirits Tribulation Fire will be Cheng Yu's reliance on leapfrog battles! It can even allow Cheng Yu to compete with the existence of the five-star peak with the strength of the four-star peak!

...

"Huh?" Of course Xu Ming also found out that Cheng Yu was "feeding" the calamity of all spirits—feeding with the lives of other gods!

"Wait for this azure flame to devour all these hundreds of gods, it will be terrifying!" Xu Ming was only guessing, after all, he had never seen the Myriad Spirit Tribulation Fire before.

But Xu Ming felt that his guess should be very close to the truth.

"No, he cannot be allowed to devour these ordinary gods!" Xu Ming felt a slight threat.

"Kill him! Stop him!"

boom! boom! ...

Xu Ming's spear blasted furiously, trying to force the Golden Crow Guards back and blast a way.

However, a dozen or so Golden Crow Guards formed a battle formation and cooperated perfectly, blocking Xu Ming stubbornly and preventing him from breaking through.

"Go away!" Xu Ming roared, but he was still unable to break through the defenses of the dozen or so Golden Crow Guards.

Cheng Yu, on the other hand, controls the Myriad Spirit Tribulation Fire very calmly; every moment, one deity will be swallowed up—at this speed, hundreds of ordinary deities are only a few hundred moments.

"It can't go on like this!" Xu Ming was a little annoyed.

“Soul Possession” has a huge disadvantage, that is – this avatar that is possessed by the soul cannot open any other plug-ins!

Invincible combat system? Stealth? Teleport? ... no matter what is hanging ~ www.readwn.com ~ can not be opened!

“If only my clone could teleport!” Xu Ming secretly sighed.

If he could teleport, Xu Ming would teleport directly behind Cheng Yu and shoot him in the head.

It’s a pity... Xu Ming can’t open the “teleport” hang now.

“But if I turn off the ‘Soul Possession’ link, my own combat power is too weak!”

Xu Ming’s own combat power is only one star.

“Looking now, it can only be...” Xu Ming’s eyes narrowed slightly – he does have another trick!

Inside the world ring, Xu Ming’s Heavenly Dao Liu clone solemnly suspended in the void. He holds a brush in his right hand, and a book with a black cover in his left; on the black cover, there are three gilded mysterious words.

Xu Ming had never seen such mysterious words, but he understood these three words at a glance – the book of life and death!

Chapter 840: Cause And Effect Treasure?

Life and death book!

The most perverted new function in the 3.0 version of the Alien Invincible plug-in!

As long as you write the name of the person you want to kill on the book of life and death, you can use the causal relationship to kill all enemies!

Whoever wants to die must die! – Of course, the premise is that there are enough hanging points!

“Humph!” Xu Ming’s Tiandao Liu clone sneered secretly, “I was forced to use this trick...”

Xu Ming’s ancient cultivator clone, because the “Soul Possession” link has been activated, can no longer open other plug-ins. But... Xu Ming’s Heavenly Dao Liu clone is fine!

Xu Ming deliberately came to God’s Domain with two clones, in fact, he also took into account the current situation! – When a clone can’t handle the opponent, then the two clones go into battle together!

“Brother Ming, are you...?” In the world ring, in addition to Xu Ming, there was Sisi who had just been brought in.

At this moment, Sisi looked at Xu Ming standing proudly in midair with a shocked expression. For some reason, she faintly felt that Xu Ming had an aura of detachment that transcended everything.

Xu Ming did not speak, his face was expressionless, and he closed his eyes in thought.

Suddenly, Xu Ming opened the book of life and death and started to write! Then...

Xu Ming discovered that he did not know the names of the group of Golden Crow Guards.

“Go out first!”

Tian Daoliu’s clone “swoosh” and teleported out of the world ring.

“Brother Ming...” Sisi knew that Brother Ming was probably in trouble outside, so this clone also went out to fight.

“Brother Ming, come on!” Sisi prayed secretly, “But... Brother Ming’s avatar’s weapon is really strange! I have never seen anyone fighting with a pen and a book... Besides, I couldn’t understand the three words on the cover of the book with the black cover.”

Only Xu Ming himself could understand those three strange words that surpassed the Dao of Heaven.

...

Swish!

Outside the world ring, Xu Ming's clone suddenly teleported.

"Huh?" Everyone was startled.

"Xu Ming actually has a clone?" The surviving ordinary gods such as Mohezhuang and Blood Sword Village were all surprised – Xu Ming is so strong, and there is still a clone, which makes it impossible for people to live?

At the same time, they secretly rejoiced: "Xu Ming actually has a clone? We are saved! We are saved!"

These ordinary gods have no resistance at all in the face of Cheng Yu's slaughter! Now that Xu Ming's avatar of Tiandao Liu appeared, it undoubtedly gave them hope of surviving.

But then, hope turned into despair! -Mo He and other surviving ordinary gods found that Xu Ming's clone was only a demigod...

"Demi-god..." Mo He's heart just got excited, and suddenly became cold and cold. "In a battle at the level of a god, what use can a demigod clone do?"

"Demigods?" The other surviving gods were also disheartened.

"Boy, your avatar came out? But what's the use?" Cheng Yu sneered; obviously, he didn't take a mere demigod avatar in his eyes.

Although... the shape of this demigod avatar is a bit unique, it is holding a pen and a book; it doesn't look like it's coming to fight, but it looks like it's coming to read.

"Demigod clone?" The other gods were also very disdainful.

Xu Ming was so happy that they ignored their Tiandao Liu clone.

“Little hanging, look for the names of all the Golden Crow Guards; and tell me the hanging points needed to open the hanging!” Xu Ming said.

Just exploring the name doesn’t cost much.

Immediately, names appeared in Xu Ming’s mind; at the same time, they corresponded with the Golden Crow Guards on the field one by one.

“Cheng Yu...”

“Hong Haofan...”

“Fang Qing...”

As for writing these names into the book of life and death, the prices naturally vary.

A four-star ***** needs at least 30,000 to start with a 9-level hanging point; Cheng Yu, who is at the peak of the four-star, has a “worth” that has reached a 90,000-level 9 hanging point!

“I wipe! There are only 20,000 level 9 hang points left, so I can’t kill them!” Xu Ming was depressed.

What Xu Ming can kill is the weakest “Samsung Peak” among the Golden Crow Guards, one only needs 20,000 level 9 hang points.

Xu Ming thought for a while: “Kill a Samsung Peak first and break their combined attack!”

Just do it!

Xu Ming immediately wrote quickly, and wrote a bright red name “Shuhuhuhu”!

After that, Xu Ming drew a fork on the name!

call-

Suddenly, a strange causal fluctuation spread out.

boom!

The Golden Crow Guard, who was at the peak of three-star strength, was suddenly shocked and lost his life breath in an instant. However, his body was still intact, without any scars.

died!

The causal attack, silently, kills invisibly!

Bang!

The dead Golden Crow Guard quickly fell downwards.

“what!?”

“what!?”

“what’s the situation!?”

Everyone was shocked.

“How did you die!?” Cheng Yu felt very strange.

Immediately, Cheng Yu’s gaze fell on Xu Ming’s Tiandao Liufen.

“This pen... this book...” Cheng Yu shuddered violently, his eyes showing infinite horror, “Could it be... a treasure of karma?”

Karma treasures are as rare as teleportation treasures!

Teleportation treasures require profound attainments in the “rules and order of time and space” before they can be refined. As for karma treasures, it is necessary to have a very deep attainments in “causal rules and order” before they can be refined.

“This kid not only has teleportation treasures, but also karma treasures?” Cheng Yu thought in horror, “I don’t know what level of karma treasures in his hands, can it threaten me...”

“It shouldn’t threaten me! Otherwise, the first one he kills should be me!”

Suddenly, in the depths of Cheng Yu’s eyes, a flash of greed flashed: “Unexpectedly, this kid has not only teleportation treasures, but also karma treasures... This time, I really made a lot of money!”

Even Cheng Yu knew that Xu Ming had a karmic treasure, and another Jin Wuwei died; this battle will definitely be more difficult!

“Humph! Just devour all these lowly gods, and let my myriad spirits grow into a complete form! I can definitely easily crush this kid!”

Once Wanling Jiehuo grows to its full form, Cheng Yu will be able to fight against the five-star peak gods with the strength of the four-star peak!

At this time, Xu Ming, who is in the state of “soul possession”, is only a five-star medium strength!

only...

Cheng Yu didn’t know that there were no teleportation treasures or karma treasures on Xu Ming! – Now Xu Ming, even the **** stone is gone, only a few broken artifacts are left, he is so poor!

Don’t say that Cheng Yu can’t kill Xu Ming no matter what! Even if he did kill him, he wouldn’t get any treasures, and he was completely busy working in vain!

Swish!

At this moment Xu Ming's Tiandao Liu clone, a teleportation appeared beside the dead Golden Crow Guard and grabbed it. Then, with another teleportation, the dead Golden Crow Guard, even the person and the treasure, were brought into the world ring.

Hang up!

Xu Ming urgently needs to hang up now!

"Huh?" The Golden Crow Guards were stunned, "What is this kid doing? Could it be that, after such a fierce battle, he still wants to collect treasures?"

Generally, collecting treasures is something that will only be done after the battle is over! After all, when fighting, the situation must be very tense; moreover, if you can survive the battle, you don't know, what's the use of rushing to get treasures?

Of course, Cheng Yu and the other Jin Wuwei would never have thought that Xu Ming was in a hurry to collect divine stones! Only when enough **** stones are collected, can there be enough hanging points to continue to open the "Book of Life and Death".

"Hope... this Golden Crow Guard will have many divine stones!" Xu Ming refined his world ring with great anticipation.
