## Chapter 891: Causal Line

“Um?”

At the moment when the real person of Qidao appeared, Xu Ming noticed a trace of anomaly: “This person...”

Xu Ming felt a very strange feeling in the real person of Qidao. This kind of strange feeling is difficult to describe in words; but Xu Ming is sure that the breath of the real person Qidao is different from everyone else!

“Heh!” Real Man Chidao shook the feather fan with a hint of mockery in his eyes, “It feels quite sharp! But...it’s useless!”

In fact, the world seen in the eyes of Master Qi Dao is completely different from the world seen in the eyes of Xu Ming and others!

For example, Xu Ming saw the same things, and the mysteries of heaven hidden behind these same things.

And the real person of Qidao can still see countless “lines” in this world! -Everything has countless “lines” connecting countless other things! Like the real person of Qidao, there are countless lines, connecting every person, every thing, and every tiniest particle around!

These “lines” are the “causal lines” between heaven and earth!

At least there must be a silver moon level, and the “causal one” must be followed to see these causal lines so clearly!

The feather fan of Qi Dao Zhenren was gently stroked between heaven and earth; the countless causal lines centered on him were stroked up and down like the strings of a piano!

Qi Dao Zhenren's face was intoxicated, and he seemed to be immersed in the rhythm emitted by countless causal lines—of course, this kind of rhythm could only be heard by Qi Dao Zhenren himself. Others, apart from casually stroking the feather fan of Master Qidao, can't see anything else.

Suddenly, Zhenren Qidao stretched out the thumb and index finger of his right hand and gently pinched a causal thread.

This is a relatively "thick" causal line, and the two ends are connected, respectively, Qidao Zhenren and Xu Ming!

"Huh!?" Suddenly, Xu Ming became nervous. Although he could not see the invisible line of cause and effect, he instinctively sensed a hint of crisis.

"What's going on!?" Xu Ming lacked understanding of the means of the existence of the Silver Moon class. After realizing the danger, he didn't dare to be careless and directly opened the "Energy Shield"!

At this time, Master Qi Dao gently flicked on the causal line connecting him and Xu Ming.

call out-

An invisible murderous aura shot towards Xu Ming.

The murderous aura was invisible, but Xu Ming felt a deadly crisis approaching in the air.

"Zhi Dao Zhenren shot!" City Lord Lu narrowed his eyes slightly – his own strength was already very close to the silver moon level, so he was barely able to capture that murderous aura.

Commander Cheng Chong, Hall Master Xue Rong, etc., of course, also sensed this murderous aura, and all of them showed surprises on their faces: "This time, Xu Ming is dead!"

How can it be so easy to resist the existence of the silver moon level?

Of course Xu Ming didn't dare to take it hard.

“I flash!”

With a teleportation, Xu Ming appeared behind another eight-star god.

However... Xu Ming discovered that the murderous aura that this blast shot towards him, instead of being thrown away by him, it was getting closer and closer to him!

“What!?” Xu Ming was shocked – this was the first time Xu Ming had seen an attack that even teleportation could not avoid!

“I flash again!”

Xu Ming teleported to another place with a “swoosh”. However, that murderous aura also seemed to have teleported, and it was closer to Xu Ming!

Swish! Swish! Swish! Swish! ...

Xu Ming teleported one after another, but no matter how he dodged, the murderous aura was always in pursuit.

“Heh!” Qidao Zhenren sneered disdainfully, “Causal attack, if it was so easily avoided, it wouldn’t be called a ‘causal attack’!”

The heaven and earth seen in the eyes of Master Qidao were more essential than what Xu Ming saw.

Xu Ming thought that if he kept teleporting, he would be able to avoid the attack of True Master Qidao.

But Master Qidao clearly saw that no matter how Xu Ming teleported, the causal line between him and Xu Ming remained unchanged! And Qi Dao Zhenren’s attack did not advance along the space, but directly followed the line of cause and effect, killing Xu Ming.

Therefore, no matter how Xu Ming hides, it is all in vain!

Swish!

Xu Ming teleported again and appeared in front of Danchen Mountain Master.

At this time, in order for that murderous attack to hit Xu Ming, it must first pass through Danchen Mountain Master!

“Come and help me block it!” Xu Ming’s face was hideous – since he can’t dodge, then pull out a gun!

However, Xu Ming was still too naive!

When the murderous attack hit Danchen Mountain’s body, it passed directly through Danchen Mountain’s body without causing any damage. At this time, Xu Ming wanted to avoid it, but it was too late!

boom!

With the “energy shield” hanging on his body, Xu Ming did not suffer any damage; however, he paid a price of 10 million level 9 hanging points!

“What a strong attack...” With just one blow, he made himself pay 10 million level 9 hanging points, which made Xu Ming have to sigh at the tyranny of the real person.

And Qi Dao Zhenren’s shock is no less than Xu Ming’s: “Is it blocked?”

Of course, Master Qidao could see that Xu Ming did not block it by his own strength, but seemed to be using some kind of treasure.

“How many treasures does Xu Ming have on him!” True Master Qidao was secretly shocked, “His teleport treasure has been teleported dozens of times, but his energy has not been exhausted yet; his body protection treasure, even more so. Can withstand my attack! – These two treasures alone are probably worth a lot more than my entire net worth!”

In the eyes of the real person of Qidao, the greedy light is constantly flashing!

However, Master Qidao didn't know that Xu Ming didn't have any teleportation treasures or protective treasures at all. Xu Ming can perform teleportation and block the attack of the real people of the wrong way, all relying on plug-ins!

“Humph!” After a brief shock, Xu Ming quickly came to his senses – the attack of the real person Qidao was very strong and very strange, but it was not enough to make Xu Ming afraid.

“Come and don't go indecent!” Xu Ming's eyes froze, and with a teleport, he appeared behind Master Qidao.

“Million times the combat power!”

“Residual blood!”

rumbling...

A powerful shot slammed directly at the real person of the wrong way from behind.

On the other hand, Zhenren Qidao looked calm, calmly pinched the causal line between himself and Xu Ming with both hands, and then gently “pulled”.

Bang!

The line of cause and effect between him and Xu Ming was directly forcibly torn!

There is no causal connection between him and Xu Ming!

boom!

At this time, Xu Ming's attack has arrived!

However, Xu Ming's incomparably sharp shot landed on Master Qidao, but it seemed to be slammed into a black hole of endless nothingness, and did not cause any damage to Master Qidao at all.

“Heh!” Real Man Qidao showed a look of contempt, “An ant!”

This is completely suppressed on the realm!

Real Man Qi Dao tore off the causal line between him and Xu Ming means that there is no causal connection between him and Xu Ming anymore!

Since there is no longer a causal relationship, then if Xu Ming's shot caused a little bit of damage to True Master Qidao, it would be equivalent to violating the “causal order”! And you must know that the “causal order”, which is one of the order of heaven and earth, cannot be violated; therefore, Xu Ming's unstoppable power can only be vented into the endless nothingness.

“This...” Xu Ming became more and more stunned – the means of the real people of the wrong way are too mysterious and unimaginable!

At this time, Xu Ming had such a feeling: he was like a tiger on the ground, but the real person Qidao was a flying eagle in the sky! No matter how powerful the tiger is, how could it possibly attack the flying eagle? – This is the suppression of the realm!

“Suffer to death!” True Master Qi Dao let go of the causal line with both hands, and this causal line was reconnected under the self-recovery of the order of heaven and earth.

And Qi Dao Zhenren flicked his finger again, and once again launched an attack on Xu Ming through this causal line! – Real Man of Qi Dao can easily attack Xu Ming, but Xu Ming cannot attack Real Man of Qi Dao at all!

Chapter 892: Taste Ming Ge's Slap

call out!

Qi Dao Zhenren's attack killed Xu Ming along the line of cause and effect.

The trajectory of the attack was not based on "space" at all, but on "causal"; Xu Ming was completely unavoidable and unstoppable, and was directly bombarded. This blow could at least cause Xu Ming to inflict heavy damage!

"This real person of Qi Dao is too weird!" Xu Ming clenched the spear in both hands, guarding carefully.

Master Qidao shook the feather fan gently, with an arrogant look on his face: “Under the silver moon level, there are only ants! If you don’t understand the order of the world, your attack can’t even touch me, let alone threaten me. It’s gone!”

call out! call out! call out! call out! ...

Commander Cheng Chong, Hall Master Xue Rong, Ascetic, Danchen Mountain Master, and the surviving generals of the Golden Crow Guard all hid by the side of Qi Dao Zhenren—since Qi Dao Zhenren had already taken action, then there was no need for them to continue to take action!

“This Xu Ming is going to be miserable!” City Lord Lu shook his head gently. Of course, he could see that Xu Ming could not threaten the real person of Qidao at all; but the real person of Qidao could easily attack Xu Ming.

“Father!” Lu Shuai secretly said, “Would you like to... rescue Xu Ming?”

Although City Lord Lu is only a ten-star god, he has not stepped into the Silver Moon level; however, with the help of the might of the Golden Crow City, City Lord Lu’s strength can completely reach the level of “breaking the law with force”!

Therefore, in the Golden Crow City, the general Silver Moon rank exists, and the strength is still slightly inferior to City Lord Lu!

For example, a real person! —Once City Lord Lu makes a move, although he may not be able to leave True Master Qidao, it is no problem to suppress him!

City Lord Lu thought for a while and said, “Rescue Xu Ming and have a falling out with Qidao Zhenren, Jinwuwei, and the Palace of the Holy Emperor? It’s not worth it!”

“Okay...” Lu Shuai didn’t say anything. He knew that his father, as the city lord of the Golden Crow, must consider the gains and losses in doing things; and if he saves Xu Ming, it is obvious that he will lose more and gain less!

“Keep watching!” City Lord Lu said softly.

In fact, the most doubtful thing for City Lord Lu was why Xue Rong, the Lord of the Holy Emperor Palace, would take action against Xu Ming! -Compared with the real person of Qidao, City Lord Lu is actually more afraid of Xue Rong!

Because, although Xue Rong is the same as him, he is only a ten-star god; however, Xue Rong is the branch master of the Holy Emperor Temple! To offend Xue Rong, it is necessary to consider the huge power of the Holy Emperor Temple behind him!

And Qi Dao Zhenren, although the existence of the silver moon level, is only a loner with a lonely family; when he offends, he has a lot less fear.

...

“Xu Ming!” Qi Dao Zhenren continued to shake the feather fan pretending to be X, and said with a faint smile, “You must be aware of your current situation! If you continue to resist, there is only one way to die...”

“Shenzhen Qidao?” Commander Cheng Chong couldn’t help shouting—he heard the meaning of Master Qidao, how could he feel that Master Qidao wanted to let Xu Ming go.

Master Qidao ignored Cheng Chong and continued to say to Xu Ming, “With your talent, you are considered a rare genius in the God’s Domain; if you didn’t have time to become famous in the God’s Domain, you would have died in a small place like Golden Crow City, wouldn’t it? pity?”

“Oh?” Xu Ming raised his brows, “Shen Qidao, if you have something to say, just say it! – Do you want to let me go? I don’t think it’s possible!”

“It’s not impossible!” Qi Dao Zhenren continued to shake the feather fan, fiddling with the causal line around his body, “As long as you hand over the teleportation treasure, body protection treasure, and the two born with great luck, I will release it. How about you go?”

Hand over teleportation treasures, protective treasures, and Sisi and Yingying?

is it possible?

Since Sisi and Yingying belonged to Xu Ming, Xu Ming would never hand them over!

As for teleportation treasures and body protection treasures... Even if Xu Ming wanted to give it, he couldn't give it at all! -Because he didn't have one at all!

"Haha..." Xu Ming couldn't help laughing, and said deliberately, "Shen Qidao, do you really think I'm a three-year-old child? If I hand over the teleportation treasure and the body protection treasure, wouldn't I let you fish?"

"Humph!" Qi Dao's eyes turned cold – in fact, he did intend to kill him directly after Xu Ming handed over the treasure!

After all, in the eyes of Master Qidao, Xu Ming has a protective treasure; but if you want to kill Xu Ming who has a protective treasure, firstly, it is more difficult to kill, and secondly, before killing Xu Ming, the protective body will definitely be damaged. treasure! – Of course, Master Qi Dao wanted to get Xu Ming's body protection treasure, so he came up with this trick of "coaxing children", but Xu Ming saw through it at a glance.

"Since you don't eat a toast and take a penalty drink, then... I have no choice but to send you on your way!" Qi Dao Zhenren flicked his fingers and attacked, and once again followed the line of cause and effect, killing Xu Ming.

"Come again!" Xu Ming was really angry and helpless! – He can't attack the real person of Qidao at all, and can only be beaten passively.

"Xiaohang, can the 'Book of Life and Death' kill the real person Qidao?" Xu Ming asked hurriedly.

"Yes!" Xiao Hang replied.

"Ah!?" A flash of excitement flashed in Xu Ming's eyes, "Then why don't you help me summon the book of life and death?"

"But..." Xiaohang said again, "To use the life and death book to kill the real person of Qidao, you need a level 10 hanging point!"

"I'm going!" Xu Ming was speechless, "Then you talk shit!"

Xu Ming has a lot of level 9 hanging points, but Brother Ming has no level 10 hanging points!

“Then I don’t have any way to take the real person from the wrong way?” Xu Ming swept through the many functions of the plug-in depressed, and suddenly had an idea, “Forcibly slap the face...”

“Forced slap in the face” is Xu Ming’s exclusive plug-in function! After it is turned on, you can forcibly slap anyone in the face, and the slap in the face “must hit”!

Sure hit!

Unfortunately, the “forced slap in the face” only has the effect of humiliation and does not have any lethality!

“Only the humiliation effect is enough!” Xu Ming thought angrily, “I just want to humiliate and humiliate this idiot real person!”

Qi Dao Zhenren is walking by “Cause and Effect”, and the method is very strange and unimaginable; moreover, he is still standing there shaking a broken feather fan, which is very impressive! But Xu Ming wanted to see, no matter how bizarre and unthinkable your methods of straying from a real person are, can you escape the “inevitable hit” effect of “forced slap in the face”!

Strikingly high?

Strong strength?

fuck you! Let’s taste Brother Ming’s slap first!

boom!

Xu Ming suffered another attack and lost tens of millions of level 9 hanging points.

But at the same time, Xu Ming stretched out a slap!

“Just let you see what it’s like to slap the palm of your hand!” Xu Ming thought fiercely in his heart, “Forcibly slap the face, turn it on!”

call out-

Xu Ming’s slap suddenly turned into a fiery red palm shadow, floating towards the True Master Qidao.

“Huh?” Real Man Qidao couldn’t help but startled, “What method is this?”

However, Master Qidao didn’t take this palm shadow very seriously; after all, he didn’t feel the slightest threat from this palm shadow.

Gentleman Qi Dao pulled his hands lightly, breaking the direct cause and effect line with Xu Ming again: “Your attack, you can’t even touch the corner of my clothes...”

Snapped!

Before the real person Qidao could finish his words, a loud slap was printed on his face.

Chapter 893: The Emperor Yanyan Arrives

Snapped!

The whole place was silent.

Between heaven and earth, it seems that only this slap is left.

“Shenzhen Qidao... was slapped?”

City Master Lu, Deacon Pu of Xutianjie, Deacon Tu of Tushenchang, Commander Cheng Chong, Hall Master Xue Rong, Ascetic, Mountain Master Dan Chen, and other masters, all have the same expressions at this time – dumbfounded and staring at each other!

“I...I...” Of course, the most wonderful expression is the real person Qidao; there is a blood-red palm print on his face, his eyes are as round as beads, and the feather fan in his hand forgot to shake, “I actually Got slapped in the face?”

You must know that the real person Qidao has been in the Golden Crow City and even the Chile Mansion for endless years. Although he has been beaten and escaped, it is really the first time that he has been beaten in the face!

If the existence of being proclaimed as an emperor is slapped in the face, the real person of Qidao will recognize it! But now, the one who drew his noble and cold-eyed face was only a four-star god!

This makes Qi Dao Zhenren really even want to die!

“You...you...” Real Man Qidao pointed at Xu Ming in disbelief, not knowing what to say for a long time.

Moreover, Master Qidao was secretly surprised that he had torn the causal line between himself and Xu Ming, why was Xu Ming slapped in the face? – Could it be that Xu Ming’s slap has reached the realm of “breaking the law with force”?

But not right! This slap landed on the face, in addition to the great momentum and the bright red palm print, it was not painful at all!

“Why, still can’t believe it?” Xu Ming couldn’t help sneering when he saw the unbelievable expression of the real person Qidao, “Since you can’t believe it, then I will let you believe it!”

Whoosh! Whoosh! Whoosh! Whoosh! ...

Xu Ming’s slap continued to fan in the void, and the palm shadows floated “slowly and leisurely” towards the real person of Qidao.

“Uh...” Seeing this scene, the masters onlookers subconsciously sympathized with Master Qi Dao – with so many palms, how many slaps did Master Qi Dao get...

“You... you still dare to come?” True Master Qidao was furious, “Cause and effect enchantment!”

boom!

An ellipsoid-shaped causal enchantment suddenly formed on the body of Qi Dao Zhenren. When all the causal lines between the surrounding heaven and earth touch this causal enchantment, it is as if the river has hit a reef, and they have to avoid it.

The cause and effect of the real people of the different ways are completely isolated from the outside world.

“Hey—” City Lord Lu was secretly shocked, “This real person of Qidao is stronger than I thought, and he can actually display the karma barrier...”

However, City Lord Lu can still break through the karma barrier with the help of the great defense formation! – When the power is strong to a certain level, it can break all the laws and mysteries; vice versa, when the mystery is strong to a certain extent, it can ignore all the powers!

And City Lord Lu’s power is obviously slightly stronger than the mysterious realm of Qidao.

“Can Xu Ming’s palm shadow still attack the real person Qidao?” City Lord Lu couldn’t help but look forward to it.

...

No one knew that at this moment, a girl in a flaming red shirt had descended over the Golden Crow City.

The girl stood proudly on top of the dome in a valiant manner, her aura seemed to crush the entire world around her. However, the experts in the Golden Crow City below were unaware! – The realm of a girl, surpasses them too much!

This girl in a red shirt is the God Emperor Yanyan “Lu Qing” who came from afar.

“What a strong causal fluctuation!” Divine Emperor Yan Yan’s agile eyes lit up slightly, “Could it be Xu Ming?”

Her gaze swept invisibly towards the Golden Crow City below. Then, her eyes were completely rounded.

“This this...”

The first thing that God Emperor Yan Yan saw was of course the real person who supported the barrier of cause and effect. But immediately, her eyes moved away from the real person of Qidao – a mere existence of a silver moon level did not arouse her any interest at all!

Immediately afterwards, God Emperor Yan Yan found Xu Ming not far away—this was the reason why her eyes widened.

“Four...four-star gods? This...this...” God Emperor Yan Yan’s expression suddenly became extremely exciting.

On the way to the Golden Crow City, God Emperor Yan Yan thought that Xu Ming’s cultivation base should not be very high, maybe not even the silver moon level, just a ten-star god.

However, she would never have thought that Xu Ming was just... a four-star god!

“Four-star gods, actually created an emperor-level secret skill?” God Emperor Yan Yan couldn’t help but doubt his billions of years of life experience, “How is this possible!?”

This is really impossible!

But the facts are in front of you! Xu Ming is just a four-star god, and when he was in the virtual world, he created an emperor-level secret skill with her.

It’s a pity that God Emperor Yan Yan didn’t know that when Xu Ming created the emperor-level secret skill, he was only a two-star god! Otherwise, God Emperor Yan Yan’s expression would be even more exciting!

But even so, God Emperor Yan Yan was already shocked enough!

At the same time, God Emperor Yanyan saw the series of palm shadows that Xu Ming waved.

“Huh?” God Emperor Yan Yan was stunned, “These palm shadows of Xu Ming are going to draw that Silver Moon-level master?”

Sure enough, as expected by God Emperor Yan Yan, a series of palm shadows fell on the old face of Master Qidao! – No matter how True Master Qidao blocked or evaded, all the palm shadows were imprinted on his face one by one.

Both crisp and bright red!

“A four-star deity actually slapped a silver-moon-level master in the face?” God Emperor Yan Yan only felt that the shock he saw today was really scene after scene!

However, when he remembered that Xu Ming was a four-star god, he had already created an emperor-level secret skill; slapping a silver-moon-level master in the face seemed to be nothing.

“Let’s see first!” God Emperor Yan Yan was not in a hurry.

She was not at all worried that Xu Ming would be in danger. After all, she has already arrived, not to mention Xu Ming’s opponent, just a silver moon-level existence; even if it is “the existence of the king”, in front of God Emperor Yan Yan, he will not be able to make any waves.

An emperor-level existence is already a figure standing at the pinnacle of God’s Domain, and he can despise everything!

...

“Ah! Ah!” In the Golden Crow City below, Master Qi Dao was completely mad!

This series of “forced face slaps” by Xu Ming has achieved remarkable results – now, the entire face of Qidao Zhenren has been covered with bright red palm prints, and no inch of face can be spared!

What is slap in the face?

This is a very standard slap in the face!

Being arrogant in front of Brother Ming? – Even if you are a silver moon, please prepare your face first!

“Boy... I want you to die! I want you to die!” Real Man Qidao roared in a low voice like a beast, no longer as calm as before.

Xu Ming smiled disdainfully: “If I don’t hit you, you won’t want me to die? – By the way, do you still want to \*\*\*\* slap from Brother Ming?”

“I...” Real Man Chidao subconsciously covered his face – no matter how tightly he covered it, it was useless.

“Don’t be afraid, I won’t smoke you anymore!” Xu Ming laughed mockingly.

Joke Brother Ming also needs to hang up when he opens a “forced face slap”; it’s good to slap you a few times occasionally, but you want to be slapped constantly? – Beautiful to think!

Immediately afterwards, a book with a black cover appeared in Xu Ming’s hand; the three gilded mysterious words on the cover were exactly... the book of life and death!

Yes, Brother Ming is going to open the “Book of Life and Death”!

Although, Xu Ming does not have a level 10 hanging point, so he can’t use the “Book of Life and Death” to kill the real person of Qidao! However, he can use the book of life and death to kill Commander Cheng Chong and others!

“Cheng Chong and the others are also ten-star gods anyway. I don’t believe that they don’t have ‘sacred crystals’ on them!”

Divine Crystal is used to exchange for level 10 hanging points!

Xu Ming's goal is very clear – to capture the Divine Crystal first, and then use the “Book of Life and Death” to kill the real people of Qidao!

Does the silver moon exist?

Brother Ming only needs a few Divine Crystals to “smash” him to death!

Chapter 894: Big Deal?

Whoa!

Xu Ming opened the book of life and death, and suddenly a brush appeared in his right hand.

The first target, without a doubt – Cheng Chong!

The one Xu Ming wanted to kill the most was undoubtedly Cheng Chong; and among the four ten-star gods, the richest should also be the commander of the Golden Crow Guard, Cheng Chong.

“To kill a ten-star \*\*\*\*\* with the book of life and death actually requires 200 million 9th-level hanging points!” Xu Ming was secretly shocked, “200 million is 200 million! Anyway, killing Cheng Chong's divine stone must be far more than 200 million. !”

In the previous auction, Cheng Chong shouted a high price of more than 600 million divine stones; it can be seen that there should be more than 600 million divine stones on Cheng Chong!

Therefore, killing Cheng Chong is definitely a sure-fire deal!

“Huh?” Commander Cheng Chong had some doubts in his eyes. “What's going on? I don't know why, but I actually felt heart palpitations...”

As for Xu Ming, he swiped his pen on the book of life and death: Cheng Chong!

Fork!

call out-

A causal attack was instantly released from the book of life and death, killing Cheng Chong!

Yes, what is contained in the book of life and death is the mystery of “Cause and Effect”! The trajectory of this deadly attack released by the book of life and death is exactly along the line of cause and effect between the book of life and death and Cheng Chong!

“Huh!?” Cheng Chong suddenly felt a deadly killing intent.

“Causal attack!” Qi Dao Zhenren is good at causality, but he can see it very clearly, “The black book in this kid’s hand is a causal attack treasure!?”

What shocked Zhenren Qidao even more was that this causal attack was very tyrannical, much stronger than the causal attack he performed!

“How many treasures does this kid have... I have seen teleportation treasures, body protection treasures, and karma treasures; I don’t know if there are other treasures hidden!” Qidao Zhenren couldn’t help but feel a little uneasy, “Could it be that ...This kid has a lot to do with it?”

City Lord Lu, etc., were also a little shocked: “The treasure of cause and effect... What is the origin of this Xu Ming? I don’t even have such a treasure, but he has one after another!”

All the experts present misunderstood that Xu Ming was carrying a lot of treasures, and even suspected that Xu Ming “has a great background”.

call out-

The attack of the book of life and death came to Commander Cheng Chong in an instant.

“Humph!” Qi Dao Zhenren snorted coldly, “Using the karma treasure to perform karma attacks? – In front of me, it’s nothing more than a banquet!”

Whoosh!

Immortal Qi Dao's figure flashed, and he was already in front of Commander Cheng Chong.

Afterwards, Master Qidao directly grabbed the causal line connecting the book of life and death and Cheng Chong, and then pulled it gently.

“Huh? Nonstop!”

Qi Dao Zhenren was stunned for a moment, and then tugged heavily.

“Still chattering!?”

Qi Dao Zhenren was shocked – such a tenacious line of cause and effect! With his attainments in the cause and effect one, he could not stop pulling the cause and effect line.

boom!

The causal line was not torn, and the causal attack followed the causal line and was instantly transmitted to Cheng Chong.

Commander Cheng Chong's body was intact, but his eyes suddenly became extremely frightened. Then, the “cause and effect” belonging to Cheng Chong all dissipated in an instant!

In this world, there is no “cause and effect” of Cheng Chong!

Bang!

Cheng Chong, die!

Swish!

At the moment Cheng Chong died, Xu Ming teleported to Cheng Chong's side and took his world ring!

“You...” Master Qidao only felt a burning pain in his cheeks – not because he was “forced to face” by Xu Ming, but because he slapped himself in the face.

Just a second ago, the real person Qidao said very coldly: With the help of karma treasures, perform karma attacks? In front of me, it’s nothing more than a banquet!

Then in the next instant, Cheng Chong died in front of him!

You say, is this the real person who slapped himself in the face?

“Cheng Chong is dead...” City Lord Lu and other masters were a little complicated in their hearts.

Like City Lord Lu, although he didn’t get along very well with Cheng Chong, he fought for hundreds of millions of years. Now that Cheng Chong is dead, City Lord Lu has a faint feeling of sadness.

At the same time, City Lord Lu became more and more certain in his heart: “This Xu Ming has several treasures, and I’m afraid he really has a lot of background... Should I find a way to have a good relationship with him first?”

City Lord Lu would never have thought that Xu Ming didn’t have a great background, but... he’s gone!

“What a powerful karma treasure!” On the dome, God Emperor Yan Yan was also secretly shocked.

At the same time, God Emperor Yanyan also secretly pondered Xu Ming’s history: “I haven’t heard of any power in God’s Domain, there is such a genius...”

Suddenly, Divine Emperor Yanyan’s big watery eyes revealed a sly smile: “I don’t care what kind of genius he is, as long as I see him and bring him back to the Yanyan Divine Mountain, it is my Yanyan Divine Mountain. genius!”

...

Xu Ming didn't pay attention to the real person, and ignored the shocked eyes around him, but instantly refined Cheng Chong's world ring!

"God stone! More than 600 million! – Not bad!"

"Shenjing! Thirteen! – I rely on it, this is too few!"

Xu Ming had no idea how precious the Divine Crystal was! You must know that even if it is a \*\*\*\* stone vein, it may not necessarily have a \*\*\*\* crystal!

A divine crystal is more precious than 100 million divine stones!

Cheng Chong was also the commander of the Golden Crow Guards for hundreds of millions of years, and finally managed to save these thirteen Divine Crystals; as a result, Xu Ming took it all in one pot!

"Xiaohang, how many level 10 points are needed to kill the real person of Qidao?" Xu Minglian asked.

"One hundred o'clock!" Xiao Hang replied.

"One hundred o'clock...that's one hundred divine crystals..." Xu Ming was a little helpless—he thought that the richest commander, Cheng Chong, only had thirteen divine crystals on his body; how many other three ten-star gods could he have? What about the \*\*\*\* crystal?

Swish!

Xu Ming teleported again, away from the real person of Qidao; at the same time, he opened the book of life and death, and identified the next target – Danchen Mountain Lord!

"Master Danchen is good at alchemy, so he should be richer!" Xu Ming thought to himself.

After all, if the alchemy master buys a few pills, he will have money!

“Danchen Mountain Lord!” Xu Ming wrote down the name of Danchen Mountain Lord with a pen, with a fork and a cross, another causal attack, and killed the past along the causal line between the life and death book and Danchen Mountain Lord.

“Boy, you...” Real Man Qidao was furious! – Although there is no friendship between him and Danchen Mountain Lord; but now, Danchen Mountain Lord is on the same front as him! If his teammates were wantonly slaughtered by Xu Ming, Master Qidao would feel very embarrassed!

But this time, Qi Dao Zhenren learned to be smart! He knew that he could not stop Xu Ming’s causal attack, so he came directly to “surround Wei and save Zhao”.

“die!”

With a flick of his finger, Qi Dao Zhenren made a causal attack, killing him from the causal line between him and Xu Ming.

Seeing the Karma attack coming, Xu Ming felt a little distressed about the hanging point – after all, if you resist a single attack from the real person of the wrong way, you will consume tens of millions of level 9 hanging points! Moreover, the attack of the real person Qidao is still inevitable; unless, Xu Ming can also break the causal line like the real person Qidao!

Xu Ming was secretly angry in his heart: “Humph! True Master Qidao, you’d better pray that I don’t get 100 Divine Crystals; otherwise, I will kill you!”

But at this moment, something unexpected happened to Xu Ming!

boom! !

An intoxicating blade of light instantly slashed through the void between Xu Ming and Qi Dao Zhenren.

“What’s going on?” Xu Ming was startled.

“This is...?” Real Man Qidao was also startled.

Bang!

The line of cause and effect between Xu Ming and Qi Dao Zhenren was directly cut off by this splendid sword light.

Break the law with force!

The causal line is broken, and this causal attack of Qidao Zhenren will naturally return without success.

At this time, Xu Ming and the real person Qidao discovered the owner of Daoguang.

“City Lord Lu?” Of course Xu Ming knew that the brawny man standing beside Lu Shuai with a long sword in his hand was the Lord of the Golden Crow City, Lu Luping!

However, this is exactly what Xu Ming wondered – why did City Lord Lu help him?

“Lu Luping!” Qidao Zhenren shouted coldly, “How dare you mind my business!?”

“Humph!” At this moment, City Lord Lu looked upright and straight, “Little friend Xu Ming, is my son Lu Shuai’s friend, how can I allow you to deal with him casually!?”

At this moment, Luchengism is stern and moral, as if incarnated for fairness and justice!

“Uh...” Lu Shuai was speechless – when did his father become so upright? Besides, he wanted to help Xu Ming, why didn’t he do it just now, but only now?

Knowing father Mo Ruozhi!

Lu Shuai quickly reacted—his father probably felt that Xu Ming had a great background and background, so he wanted to take this opportunity to have a good relationship with Xu Ming!

Lu Shuai sneaked into an embarrassed cold sweat: “This is too unscrupulous... I can’t accept it, my father is a sycophant...”

## Chapter 895: Your Friend Is Online

call out-

The causal line between the Book of Life and Death and Danchen Mountain Lord has not been cut off! In fact, no one can cut this line of cause and effect.

The attack of the book of life and death, along this line of cause and effect, instantly hit Danchen Mountain Master.

Bang!

All the cause and effect of Danchen Mountain Lord dissipated, and there was no breath on his body.

Swish!

Xu Ming's eyes were quick and his hands were fast, and another teleportation, took the world ring of Danchen Mountain Lord, and instantly refined it.

"How many Divine Stones and Divine Crystals will there be?" Xu Ming opened the world ring with anticipation, but then his anticipation dimmed, "I rely... I'm really poor!"

God Stone, there are more than 500 million in the world ring of Danchen Mountain Lord. But God Crystal, but not a single one!

This makes Brother Ming very disappointed!

After all, what Xu Ming wanted most was the Divine Crystal!

"Lu Luping, you actually helped this kid deal with me!?" Master Qidao shouted angrily.

City Lord Lu laughed and said: "Shenzhen Qidao, stop! Little friend Xu Ming is my son's friend, you can't even think of dealing with him in Golden Crow City!"

“Humph!” Real Man Qidao’s face was cold and ugly, “Lu Luping, it depends on whether you have this ability!”

City Lord Lu chuckled: “Anyway, as long as you take action, I will cut off your causal line and stop you!”

“You...” Qi Dao Zhenzhen was in a hurry – this City Lord Lu is too shameless!

And Xu Ming, while City Lord Lu and the real person Qidao were talking nonsense, danced wildly on the book of life and death.

“ascetic!”

Bang!

A causal attack, passed from the book of life and death to the ascetic; ascetic, die!

Swish!

Xu Ming was familiar with teleportation and received inheritance.

“Xue Rong!”

Xue Rong, the master of the Holy Emperor Palace, also died silently under the book of life and death! – Xu Ming would not be soft on this Li Xiujie’s lackey.

Swish!

Continue to receive inheritance.

“Huh? There are more than 300 Divine Crystals in Xue Rong’s world ring!?” Xu Ming was startled, and thought to himself, this Xue Rong is indeed a messenger in the Palace of the Holy Emperor, a superpower in the Divine Realm. He is really rich. Oil!

Xu Ming didn't know that most of Xue Rong's so many divine crystals were not his own, but the "action fund" allocated to him by Li Xiujie. As for what action it was—of course it was the action of beheading Xu Ming.

At the same time, Xu Ming couldn't help but smile bitterly in his heart: "Originally, I wanted to get the Order of the Stars... But now, even the Lord of the Holy Emperor's Palace has been killed by me. Who should I ask for the Order of the Stars?"

Xu Ming's Star Medal is temporarily unavailable!

"I now have more than 300 Divine Crystals. If I want to kill the real person of Qidao, it's easy!" Xu Ming secretly said.

However, with enough divine crystals, Xu Ming was not in a hurry to kill Qidao Zhenren; anyway, in his opinion, Qidao Zhenren was already a boiled duck and couldn't escape!

Moreover, Xu Ming already knew the preciousness of the divine crystals; so he began to wonder if there was a way to kill the real people who did not use the divine crystals!

"Clean up the group of minions first, and then think of a way!"

Xu Ming wrote about dragons and snakes in the book of life and death.

Swish! Swish! Swish! Swish! Swish! ...

One by one, the eight-star and nine-star masters lost their breath of life.

And Xu Ming, like a diligent little bee, kept teleporting and collecting relics! -It's all divine stones!

Soon, the only master who besieged Xu Ming on the field was Qidao Renren!

At this time, Real Man Qidao was being held back by City Lord Lu.

On the feather fan of Qi Dao Zhenren, countless causal lines converge like a vortex; each causal line draws the power of causality from the void and instills it into Qi Dao Zhenren.

And City Lord Lu is the power that inspires the invisible great formation. Under the blessing of the Great Array, he even faintly suppressed the True Master Qidao.

“Reverend Qidao, die!” Xu Ming saw the opportunity and teleported behind Reverend Qidao.

Your friend “Chrysanthemum Ming” is online!

Remnant Blood of the Five Forms of Reincarnation!

A million times more combat power!

boom!

The spear is bloody!

Reality Qidao realized that something was wrong, and even wanted to break the causal line between himself and Xu Ming; however, he was held back by City Lord Lu, and he couldn’t do anything at all.

“not good!”

In such a flash, Xu Ming’s spear had arrived. The chrysanthemum suddenly tightened, and the whole person was bombarded.

“I...I was...” The huge pain in the body and the huge shame in the mind drowned the real person of the wrong way like a tide.

Shame!

Shame!

“Hey—” The gods who were watching looked at Xu Ming with extremely frightened eyes – it was too cruel!

At the same time, everyone felt that the chrysanthemum was faintly tense!

“Shameless!” Even Divine Emperor Yan Yan, who was hiding in the sky, couldn’t help but spat.

At this time, Master Qi Dao was almost going crazy, but at the same time he also knew that with the intervention of City Lord Lu, he probably wouldn’t be able to kill Xu Ming and capture the two born with great luck today! – After all, with the attainments of Qi Dao Zhenren in the causal one, at most one person’s causal line can only be torn off; if another person’s causal line is torn, the previously torn causal line will be restored!

Moreover, City Lord Lu can also break the law with force!

Therefore, in the face of Xu Ming and City Lord Lu’s joint effort, Master Qidao can’t get any benefit at all, and can only suffer humiliation!

“Xu Ming! Today’s humiliation, I have written it down!” The face of the real person Qidao was too ugly to describe, “And you, Lu Luping! – You’d better hide in the Golden Crow City forever and don’t come out!”

call out-

Having said that, True Master Qi Dao was like swimming in the ocean of cause and effect, and quickly fled away.

“Little friend Xu Ming, keep him together!” City Lord Lu continued.

Since he has already stood on the opposite side of Qidao Zhenren, City Lord Lu naturally has to try his best to find a way to “keep” Qidao Zhenren in Golden Crow City forever!

Of course, even if Zhenren Qidao couldn’t be killed and he escaped, City Lord Lu would not be very worried; anyway, City Lord Lu would hardly leave the Golden Crow City!

“Humph! Want to kill me? You are still far away!” With a wave of Qi Dao’s feather fan countless lines of cause and effect wrapped around Xu Ming and City Lord Lu like silkworms, causing them to greatly reduce their speed.

Swish!

Xu Ming teleported and chased behind the real person Qidao.

However, he was the only one to catch up, obviously there was no threat to the real person of Qidao! – The real person who is more afraid of Qidao is actually City Lord Lu! After all, City Lord Lu’s attack has reached the silver moon level, and he can break the law with force; and Xu Ming’s attack is obviously a little short!

Bang!

True Master Qi Dao directly tore the causal line between himself and Xu Ming, ignoring Xu Ming’s attack.

Immediately, the situation became a little embarrassing – Xu Ming was able to catch up with Qi Dao Zhenren, but his attack could not threaten Qi Dao Zhenren; and City Lord Lu, entangled by countless causal threads, could not catch up.

“The existence of the silver moon level is really not easy to deal with!” Xu Ming shook his head secretly, and had to take out the life and death book again.

## Chapter 896: Come See You

Using the book of life and death to kill the real person of Qidao, you need to pay the price of 100 divine crystals!

You must know that a Divine Crystal is worth 100 million Divine Stones, and there is still no market for it! One hundred Divine Crystals, that is at least 10 billion Divine Stones!

It’s too expensive to kill a real person! It was so expensive that Xu Ming felt a little distressed.

However, no matter how expensive it is, Xu Ming is not ready to let the real people off the road.

shhhhhhhh...

On the book of life and death, Xu Ming wrote four words with his pen: the real man of Qi Dao.

Just as he was about to draw a fork on the name, suddenly, a crisp and familiar voice came directly into Xu Ming's ear: "Put it away!"

"This voice...?" Xu Ming was stunned for a moment, and then his face showed an extremely incredible expression; the movements of his hands were also stagnant.

At this moment, a huge flaming palm protruded from the sky, catching the real person of Qidao like a chicken.

"what!?"

"This is...?"

All the gods in the Golden Crow City were horrified; the weaker ones were directly oppressed by the momentum of this giant flame, so they couldn't even lift their heads.

"What a strong aura!" Even City Lord Lu felt insignificant in front of this aura. "This aura must be at least a king-level almighty, right?"

Xu Ming is the closest to the real person Qidao. Although this terrifying giant flame palm was caught by the real person Qidao, Xu Ming also felt the terrifying coercion of the giant flame palm.

As for the target of the flame giant's attack, "The True Man of the Way", it was directly suppressed by this terrifying coercion, so he couldn't move!

The causal line around the real person of Qidao also completely collapsed and annihilated! -Under the crushing of absolute power, cause and effect are completely meaningless!

Of course, this is also the reason why Qidao Zhenren's strength is not strong enough; if it is an emperor-level almighty who is proficient in karma, the causal line controlled by it naturally cannot be annihilated so easily!

"No—" True Master Qidao had no resistance, so he could only watch as the giant terrifying palm pressed down.

In an instant, the giant terrifying palm pinched Real Man Chidao, like a little chicken.

At this time, Master Qidao was so frightened that he lost his soul, shouting and begging for mercy: "I don't know which senior is coming? If you have something to say, say something!"

Bang!

It's just that the owner of the terrifying giant palm has absolutely no interest in True Master Qidao. Gently squeezed, it completely annihilated the real person of Qidao, but left a few world rings.

Whoa!

Immediately, the giant palm of terror dissipated.

Between the heavens and the earth, there seems to be only a rough gasping sound – this palm is really terrifying! A silver moon-level existence who is good at cause and effect! Being squeezed lightly, the body and spirit will be destroyed!

"Keep the treasure!" The crisp voice continued to ring in Xu Ming's ear.

This time, Xu Ming could clearly hear the owner of the voice; but because he could hear clearly, he was even more shocked: "Lu Qing!"

The voice that transmitted the voice to himself was definitely Lu Qing!

"Lu Qing's strength is so terrifying? Impossible!" Xu Ming denied it without hesitation – after all, in Xu Ming's impression, Lu Qing was abused by him to no end! Only in the last fight, Xu Ming deliberately let go of the water, so that Lu Qing won the game.

“Could it be... Lu Qing came to the Golden Crow City with the company of a certain superpower?”  
Xu Ming thought about it and thought that this might be more reliable!

But at the same time, a new question arises – what is Lu Qing doing in Golden Crow City?

Xu Ming didn't think that he was attractive enough to let Lu Qing, a beautiful loli, come to see him specially!

However, in fact, Lu Qing came to Xu Ming from Yanyan Mountain.

Whoosh!

Just when everyone was in shock, a young girl in a red shirt, as if stepping on a ladder, walked down from the dome. There was a meaningful smile on the corner of the girl's mouth.

“It's really Lu Qing!”

Xu Ming was about to say hello when suddenly—

Snapped! Snapped! Snapped! Snapped! Snapped! ...

City Lord Lu, Deacon Pu of Xutianjie, Deacon Tu of Tu Shenchang, and other ten-star gods, as well as some knowledgeable gods, all fell to the ground in front of Lu Qing.

Even, when City Lord Lu knelt down, he hurriedly dragged his son to kneel together.

“What's the situation!?” Xu Ming was stunned by the scene in front of him.

At this moment, City Lord Lu took the lead, and the upper ranks of the Golden Crow City shouted in unison, “Meet God Emperor Yanyan!”

While kneeling and worshiping, City Lord Lu and other masters had unconcealed expectations in their eyes.

In God's Domain, emperor-level existences can choose a site and declare themselves emperors! Just like the God Emperor Yanyan, he was proclaimed emperor in the Yanyan Mountain!

And God's Domain also has such an unwritten rule: when you see the existence of the emperor, you immediately bow down and kneel, which means you are willing to be loyal to the emperor! If the emperor likes you, he will put you under his command!

Therefore, City Lord Lu, Deacon Park and other knowledgeable gods immediately knelt without saying a word when they saw God Emperor Yan Yan coming! —It is rare to see an emperor-level existence! The opportunity to follow the emperor-level power is even more rare!

Although City Lord Lu and others know that the possibility of being favored by God Emperor Yanyan is very low, but no matter how low it is, we must give it a try, right? —If God Emperor Yanyan is in a good mood and accepts you as his younger brother, wouldn't he immediately fly into the world?

Of course, more gods either didn't recognize God Emperor Yan Yan, or didn't know this unwritten rule; therefore, when they saw God Emperor Yan Yan coming, they were stupid and didn't react.

Lu Qing glanced down and waved his hand: "Get up!"

What she means by this is that she will not accept anyone!

"Yes!" City Lord Lu and other masters stood up in disappointment – wanting to be loyal to the God Emperor, such an opportunity is really not so easy to get!

Xu Ming's eyes stared blankly at Lu Qing, as if he didn't recognize him.

God Emperor Yanyan?

God?

Is Lu Qing a \*\*\*\* emperor?

Doesn't that mean that the terrifying giant palm that killed the real person of Qidao just like pinching a chicken was also cast by Lu Qing?

Xu Ming just wanted to say—what's the joke? The dignified \*\*\*\*\* emperor, will I be abused like this in the virtual world? In the end, I deliberately released water to let her win once!

“Xu Ming?” Lu Qing looked at Xu Ming playfully.

“Cough cough...” Xu Ming has been in God's Domain for so long, but the one who has been with her the longest is Lu Qing; after all, for a year before, Xu Ming had been confronting her day and night, discussing secret skills!

Therefore, it can be said that Xu Ming and Lu Qing are very familiar with each other!

But now, Xu Ming didn't know what to call Lu Qing.

After thinking about it at last, Xu Ming felt that calling “God Emperor” was too stupid and too outrageous, so he still maintained the original name: “Lu Qing, why are you here!”

Lu Qing! ?

Master Lu and other masters were so shocked when they heard Xu Ming's address to God Emperor Yan Yan that their chins were sticking to the ground – the name of God Emperor is taboo, how could you call it casually?

But then, a scene that made City Lord Lu and other masters stunned appeared!

“Come to see you!” Lu Qing teased with a smile.

Chapter 897: Little Lover

“Come to see you!”

Lu Qing's light and fluttering words fell in the ears of City Lord Lu and others, but it was like a blast of thunder, shocking the audience!

"Damn, this Xu Ming really has a lot of backgrounds!" City Lord Lu secretly said, "The conversation with God Emperor Yanyan is so casual, even... ambiguous!"

Of course, regarding the matter of God Emperor Yan Yan, City Lord Lu only dared to think about it in his heart, and he didn't dare to say anything nonsense at all!

"Damn it, my father's flattery is really accurate! It's actually directly related to God Emperor Yan Yan!" Lu Shuai thought so in his heart.

Deacon Pu of Xutianjie, Deacon Tu of Tushenchang, and other masters secretly regretted that they didn't seize the opportunity to help Xu Ming just now; otherwise, they would be like City Lord Lu, and they would have a little relationship with God Emperor Yanyan. It's a little bit related.

But don't underestimate this little relationship! – In the future, anyone who wants to touch City Lord Lu will have to be concerned about the little relationship between City Lord Lu and God Emperor Yanyan!

And, the hardest part is the beginning! -Since City Lord Lu can already have a little relationship with God Emperor Yanyan, there will always be opportunities to deepen this relationship in the future; if that's the case, City Lord Lu is in the realm of the gods, even if he has a big backing!

God emperor-level backer!

City Lord Lu felt excited when he thought about it: "I want to find a way to deepen this relationship right away!"

How to deepen the relationship?

City Lord Lu naturally thought of it—starting with Xu Ming.

...

Of course Xu Ming didn't know, but just a few conversations between himself and God Emperor Yanyan made the old foxes such as Lu Chengzhu think so much.

Now, Xu Ming was "molested" by the emperor-level existence Lu Qing, and he didn't know what to do.

"Xu Ming, ah Xu Ming!" Lu Qing looked at Xu Ming, looking up and down, "You really surprised me!"

Xu Ming smiled bitterly: "You surprise me even more!"

Xu Ming never thought that he accidentally abused a \*\*\*\* emperor.

Moreover, one abuse is a year!

"No! I am even more surprised!" Lu Qing said with great certainty; then, Lu Qing privately sent a voice transmission to Xu Ming, "You, a four-star god, can actually create an emperor-level secret skill; if this is spread out, it will be enough. Shocked the entire Divine Realm!"

"What!?" Xu Ming was stunned for a moment, and even asked the sound transmission, "You said that what I created was an emperor-level secret skill?"

Xu Ming really didn't know that the "Five Forms of Reincarnation" he created would be an emperor-level secret technique; Xu Ming thought it was just a little bit more powerful than the god-level secret technique he created before!

"What!?" Now it was Lu Qing's turn to be stunned, "Don't you know that what you created is an emperor-level secret skill?"

"I don't know..." Xu Ming shook his head with a wry smile.

Created an emperor-level secret skill, but didn't know that what he created was an emperor-level secret skill... This kind of thing, apart from Xu Ming, I am afraid there will be no second case in God's Domain!

“I...” Lu Qing was speechless, “Then do you know what it means to create an emperor-level secret skill?”

“I don’t know...” Xu Ming really didn’t know anything.

“It means...” Lu Qing said meaningfully, “You will definitely become an emperor-level existence in the future!”

“Oh!” But this time, Xu Ming wasn’t very surprised; in his opinion, it seemed like there was no suspense that he could become an emperor-level existence in the future, right?

“Hey, why didn’t you react at all!?” Lu Qing was speechless.

According to common sense, no matter who it is, after hearing that he can become an emperor-level existence in the future, he should be excited and cheered!

However, Xu Ming did not follow common sense at all, as if he was not excited at all!

“This is definitely the most awesome four-star \*\*\*\* I’ve ever seen!” Lu Qing said in his heart – he was convinced!

Lu Qing didn’t delve into this issue, but complained, “Xu Ming, you really aren’t enough friends! – You have been hiding it from me and telling me that you are a four-star god!”

Xu Ming said helplessly: “I mentioned my cultivation to you before, you don’t believe me...”

“Did you mention it to me?” Lu Qing was startled, “When did you mention it to me?”

Xu Ming continued his voice transmission: “I didn’t tell you before, I’m a two-star god! However, you thought I was joking...”

“What!?” Lu Qing’s two Yingying eyes stared wider and wider. “You said... when you created the emperor-level secret skills, you were only two-star gods?”

“Cough cough!” Xu Ming really didn’t mean to be high-profile, but he still accidentally scared the Emperor Yanyan.

Lu Qing stared at Xu Ming for a while, this time, she didn’t transmit any more voice, but couldn’t help but scolded: “Pervert!”

abnormal!

The two words that Lu Qing said lightly sounded like a thunderbolt to the masters such as City Lord Lu!

“What exactly is Xu Ming talking about with God Emperor Yanyan?” City Lord Lu couldn’t imagine, “Could it be that... when Xu Ming was transmitting his voice, he used words to be light on God Emperor Yanyan?” emperor?”

In the eyes of City Lord Lu, this possibility is not small! After all, if Xu Ming hadn’t made a frivolous move, why did God Emperor Yan Yan call him “perverted”?

Of course, City Lord Lu couldn’t imagine it, because Xu Ming created an emperor-level secret skill when he was a 2-star god; therefore, God Emperor Yanyan called him “perverted”! —If even City Lord Lu could imagine this, then God Emperor Yan Yan would definitely not be so shocked to lose his temper!

“If it’s what I think, then...” The more you think about it, the more frightened City Lord Lu becomes.

You must know, what kind of identity is God Emperor Yanyan?

God-level existence!

A terrifying figure that will shake the entire Yanyan Continent just by stomping his feet!

But now, God Emperor Yanyan was molested by Xu Ming, but instead of killing Xu Ming angrily, a very small woman called Xu Ming “perverted”.

“What does this Xu Ming have to do with God Emperor Yan Yan...” City Lord Lu’s mind was wide open, “Could it be... he is the little lover raised by God Emperor Yan Yan?”

“Well! It’s very possible!” The more City Lord Lu analyzed, the more reasonable he felt, “No wonder Xu Ming has so many treasures on his body, teleportation treasures, body protection treasures, karma treasures, etc., everything! – Yan Yanshen The emperor must like this little lover very much, so he gave him so many treasures!”

At this time, City Lord Lu thought of the real person Qi Dao again: “The real person Qi Dao is an idiot Seeing that Xu Ming has so many treasures on his body, can’t you guess that Xu Ming has a great background? – Lian Yan God Emperor Yan’s little lover dared to move, and was killed by God Emperor angrily with one palm, and he deserved it!”

In the eyes of City Lord Lu, the reason why Emperor Yanyan took action against a Silver Moon level must be for her little lover!

Fortunately, God Emperor Yanyan didn’t know what City Lord Lu was thinking; otherwise, City Lord Lu’s old life would definitely be slapped to death by Emperor Yanyan!

However, City Lord Lu wisely thought that his analysis was logical and the correct direction of analysis.

“With my status and strength, if I want to please God Emperor Yanyan, I have no chance or ability! But... it is difficult to please God Emperor Yanyan, but it is much easier to please Xu Ming!”

City Lord Lu thought for a while and decided to follow the “madam’s route”; that is, to curry favor with God Emperor Yanyan indirectly by curating Xu Ming.

However, how can we please Xu Ming?

The most simple and rude method that City Lord Lu can think of is to send treasures!

Chapter 898: Ming Likes It

God Emperor Yanyan immediately realized that his performance was a bit rude! Her pretty face blushed imperceptibly, and quickly changed the subject: “Quickly put away the treasures!”

It turned out that Xu Ming only cared about the identity of shocked Lu Qing; the treasure left by the real person Qidao was still suspended in the air, and he didn't care about collecting it!

"Thank you!" Xu Ming directly put away the relics of True Master Qidao, and threw them into the world ring without looking closely. This article is hosted by [www.lwxs520.com](http://www.lwxs520.com) starter

God Emperor Yan Yan said casually: "I guess, even if I don't take action, you must have a way to deal with him! It's just a price to pay, right?"

"Yes!" Xu Ming answered directly without hiding it.

God Emperor Yan Yan stared at Xu Ming for a moment, then suddenly asked with a smile, "Xu Ming, which force did you cultivate?"

power?

Xu Ming was startled and said, "There is no power!"

"What about me? Tell the truth!" God Emperor Yan Yan was a little unconvinced – without the power to cultivate, can he have such a strong strength and so many treasures?

"I really don't have any power..." Xu Ming said speechlessly, "I came to God's Domain from the world of dust, and it only took a year or two!"

"What!?" Divine Emperor Yan Yan was shocked—Xu Ming came to the Divine Realm from Mote World, only a year or two?

Who would believe this?

Xu Ming also knew that this was a bit bizarre, and said depressedly: "I'm serious! If you don't believe it, I think you must have a way to find out, right?"

God Emperor Yan Yan does have a way to find out—although she herself is not good at karma, she still has some masters of karma! If you really want to investigate, just call a king-level karma master, and you can easily find out the ins and outs of Xu Ming.

However, God Emperor Yan Yan would not do that; she stared at Xu Ming for a few more breaths, and finally said, “I believe in you!”

The reason why Emperor Yanyan chose to believe it was because he felt that Xu Ming didn’t need to lie to her; the other reason was... a pervert like this two-star level who could create emperor-level secret skills by himself, even if something unbelievable happened to him, God Emperor Yanyan felt that it was acceptable!

After all, perversion cannot be measured by common sense!

Thinking of this, God Emperor Yan Yan couldn’t help but scolded again: “Pervert!”

However, this time, God Emperor Yan Yan scolded him privately through voice transmission, and he did not lose his composure like before.

Xu Ming felt so aggrieved – what did the baby do wrong, he was scolded twice as “perverted” for no reason!

Xu Ming didn’t do anything wrong. If you want to blame, you can only blame him... Really perverted!

Immediately afterwards, God Emperor Yanyan said through a voice transmission: “Since you have just come to God’s Domain and have no power, then it would be better!”

“Uh...” Xu Ming faintly felt that Lu Qing had something to say.

“Okay! From today, you are a member of my Yanyan Mountain!” Lu Qing announced directly.

“Uh...” Xu Ming was even more speechless, “What, I haven’t said that I agree yet!”

Although Xu Ming did not resist joining the Yanyan Mountain, Brother Ming also had a face! You said that if you join the Yanyan Shenshan, then join the Yanyan Shenshan. Isn't that a shame for Brother Ming?

anyway...

Also ask Xu Ming symbolically: Do you want to add it?

Then Xu Ming hesitated for a while, and then "reluctantly" said: "Come on!"

"Didn't agree?" Lu Qing's eyes narrowed slightly into half-moon shapes, "It's okay to disagree, you can run away if you have the ability! – As long as you can escape from my palm, you can disagree!"

"I..." Xu Ming was instantly convinced! —Escape from the palm of an emperor-level existence? Even if Xu Ming played all his cards, he didn't have this confidence.

"Don't run away, right?" Lu Qing continued with a smile, "Since you don't run away, then you agree! – Don't worry, joining my Yanyan Shenshan will only benefit you and no harm! You can get a lot from Yanyan Shenshan. The cultivation resources are very free; and all you need to pay is..."

As Lu Qing said that, her green fingers pointed to the middle of Xu Ming's eyebrows.

Xu Ming was stunned for a moment: "What to pay? Pay for me..."

Xu Ming didn't go on. In fact, what he wanted to say was – pay my \*\*?

"If this God Emperor Yanyan wants to... me? Then should I swear to resist, or will I give in helplessly?" For some reason, Xu Ming had such a thought in his heart.

"Yes!" At this time, Lu Qing said decisively, "Pay for you! – When I need you in the Yanyan Mountain, you will... be my sparring partner in the virtual world!"

"Huh..." Xu Ming finally let out a sigh of relief – he really scared the baby to death! baby thinks...

“Okay, since you have agreed to join the Yanyan Mountain, let’s go!” God Emperor Yanyan said directly, “By the way, before you leave, look again, do you have anything else to do in this divine city? Solved!”

“Things to solve...” Xu Ming looked around and thought about it, “No more!”

After all, what Xu Ming wanted to kill most had already been killed! So, there really isn’t anything to fix before leaving.

“Then let’s go!” God Emperor Yan Yan directly wrapped Xu Ming with divine power, ready to leave.

And just then-

City Lord Lu suddenly rushed up and shouted, “Brother Xu Ming! Brother Xu Ming!”

The name in the mouth of City Lord Lu changed really fast enough! He called “Xu Ming’s little friend” just now, but now he changed his name to “Xu Ming brother”.

And Lu Shuai just wanted to cry—his father called Xu Ming “brother” in order to flatter him; then, what should he call Xu Ming in the future, could he call him uncle?

Xu Ming naturally didn’t know these thoughts in Lu Shuai’s mind. He looked at City Lord Lu and asked with a smile, “What’s the matter?”

Xu Ming still had a good impression of this City Lord Lu; after all, if City Lord Lu hadn’t tried to hold back the real person Qidao before, then the battle just now would not have been won so easily! – Of course, don’t consider the existence of God Emperor Yan Yan.

Flattering is a skillful job, and City Lord Lu said quickly and concisely: “Brother Xu Ming, since you killed Commander Cheng Chong of the Golden Crow Guard, then those treasures of the Golden Crow Guard should be your spoils of war! – You don’t go first! Clean up the Golden Crow Guard’s treasury before leaving?”

The treasure house of the Golden Crow Guard?

Xu Ming has a soft spot for the word “treasure house”. After all, on the road to Xu Ming’s rise, there are stories of several treasure houses!

Xu Ming couldn’t help but cast his eyes on Lu Qing.

Lu Qing said directly: “What treasures can be found in the treasure house of a ten-star god? Don’t clean it up, let’s go!”

Lu Qing’s time is much more precious than that treasure trove!

At this time, City Lord Lu, who was proficient in flattering, caught the impatience of God Emperor Yan Yan very keenly; he had another inspiration and said, “Since the God Emperor and Brother Xu Ming have no time to clean up the treasure house, so be it. , Brother Xu Ming, you take my world ring first; turn back, I will clean up the treasure house of the Golden Crow Guard – this way, you won’t have to delay the time of the God Emperor and Brother Xu Ming!”

I rely on? Pad it with your own treasure first? -Isn’t it clear that you want to give Brother Ming a gift?

Of course Xu Ming could see that City Lord Lu was flattering himself; he just wanted to say: This flattery is very 666!

Moreover, Brother Ming likes this kind of flattery!

Chapter 899: Suggest

Although Xu Ming likes this kind of flattery, of course he won’t say it directly. Instead, he looked at City Lord 6 implicitly and said with a smile, “If that’s the case, how embarrassing it is! Would it be too much trouble for City Lord 6? what?”

Although Xu Ming said “I’m sorry” and “trouble”, in fact, he has clearly expressed an attitude of “graciously accepting”!

And City Lord 6 was very happy to see that this piece of flattery could be shot in. Wwww. ㄥwXs520.Com He took off his world ring and smiled: “No trouble! No trouble! – Brother Xu Ming, you take the treasure in my world ring first. I don’t know either. , How many treasures are in the

treasure house of the Golden Crow Guard; when I sweep the treasure house, if there are more treasures than my world ring, I will send it to you!”

“How embarrassing that is!” Xu Ming felt embarrassed again.

City Lord 6 of course understood Xu Ming’s words, and continued: “Who are you and my brother with? Saying ‘I’m sorry’ or something, it’s too outlandish!”

All of a sudden, City Lord 6 seemed to have a deadly friendship with Xu Ming.

6 Shuai was completely convinced by his father’s flattery! He just learned today that it turns out that flattery can be so shameless!

“Is this really my father?” Lu Shuai was really stunned.

As for the masters such as Deacon Park of Xutianjie and Deacon Tu of Tushenchang, they all regretted why City Lord 6 took such a good chance to flatter him! – Now that the 6 City Lords are the first to get in, it will not be so easy for them to flatter Xu Ming!

“City Lord 6 can control the Golden Crow City for thousands of years, and he really has the ability! – At least, we are far inferior to City Lord 6 when it comes to seeing people!” The masters sighed in their hearts.

At the same time, all the masters present were also a little more apprehensive of City Lord 6! Because, no matter what, City Lord 6 has already had such a slight relationship with God Emperor Yan Yan; whoever wants to move City Lord 6 in the future must consider this relationship first! – For example, if the 6 city lords are moved, will it cause the dissatisfaction of Xu Ming, the “little lover” of God Emperor Yanyan!

“Can we go now?” God Emperor Yan Yan looked at Xu Ming speechlessly, thinking in his heart – you are an existence who created emperor-level secret skills, can you be a little colder? Just such a little favor and small favor, I bought you off?

“Let’s go!” Xu Ming said directly.

Xu Ming is actually looking forward to going to Yanyan Mountain!

After all, God's Domain is too vast, but Xu Ming is too small!

Like the jurisdiction of the Golden Crow City, is it big?

Big!

It's bigger than the entire Hentai 6, and it's even bigger!

However, the Golden Crow City in the Divine Realm is as small as a mortal city on the Endless Continent! —Golden Crow City, it's just a low-level divine city! Above the Golden Crow City, there are also medium-level divine cities, high-level divine cities, and Fucheng... There are also countless secret realms, dangerous places... and high-level spheres of influence like Yanyan Shenshan... and so on!

Xu Ming's understanding of the realm of the gods is not even in the ocean! I want Xu Ming to use his own strength to explore the big 6 of God's Domain, but I don't know if we want to explore the Year of the Monkey, Horse and Moon; if I want to understand the entire God's Domain, it feels far away!

And Xu Ming's time is limited!

Xu Ming was still in a hurry to go to the Holy Emperor City, looking for Yin Ran!

so!

Xu Ming needs a platform to help him grow up quickly and understand the entire Divine Realm quickly! And Yanyan Shenshan is a very good platform!

"Then let's go!" God Emperor Yan Yan stirred up divine power and wrapped Xu Ming.

The next moment, the two disappeared directly from the Golden Crow City!

"So fast..." City Lord 6 and other masters were all stunned by the speed of Emperor Yan Yan's teleportation.

When everyone came back to their senses from the shock, Deacon Pu of Xutianjie, Deacon Tu of Tushenchang and other masters with status and status in Jinwu City gathered around City Lord 6.

“City Lord 6, you can now join the line of God Emperor Yanyan! From now on, you have to take care of me, brother!”

“City Lord 6, from now on, my Myriads Pavilion is in the Golden Crow City, and you are the only one to follow!”

“6 City Lord...”

All the masters, because they missed the opportunity to flatter Xu Ming, they all started to have a good relationship with City Lord 6! – After all, City Lord 6 is now on the line of the “little lover” of Emperor Yan Yan, and maybe he will become soaring!

“It’s easy to say, easy to say!” City Lord 6 was surrounded by the masters, and said with a red face, “Everyone, why don’t you accompany me to sweep the treasure house of the Golden Crow Guard? In addition, the Golden Crow Guard was controlled by Cheng Chong in the past, and he was not immune to it. My City Lord’s Mansion is under the jurisdiction; now, it’s time for the Golden Crow Guards to return to the control of our City Lord’s Mansion!”

“Golden Crow Guard, it should have been controlled by the City Lord’s Mansion!” Deacon Pu of the Virtual Heaven Realm was the first to express his position.

“It’s very, very good! Everyone, get up and accompany City Lord 6 to subdue the Golden Crow Guards!”

Looking at the attitude of the masters, City Lord 6 was very proud: “This is the power of flattery!”

...

call out-

God Emperor Yan Yan’s speed can no longer be described as “fast”!

Xu Ming only felt flowers in front of his eyes. When he looked back, the Golden Crow City had become smaller than sesame seeds in his eyes!

“What kind of degree is this...” Xu Ming was indescribable!

You know, even if Xu Ming keeps turning on the “teleport” hang, it will take a lot of time to teleport here!

That is to say: God Emperor Yanyan’s speed is even faster than teleportation! – If God Emperor Yanyan wanted to attack Xu Ming, Xu Ming would not be able to escape even if he had “teleport” on!

“It’s terrifying!” The more Xu Ming thought about it, the more shocked he became. “I was in the virtual world, did I really abuse such a terrifying almighty? And the abuse is the age?”

“Xu Ming!” Yan Yan God Emperor Lu Qing suddenly said, “You are cultivating from the ancient cultivator school, right?”

Xu Ming was stunned – he was actually seen?

You must know that cultivating the ancient cultivator school and cultivating the Heavenly Dao school, as long as you don’t say it yourself, it will be difficult for others to see through you! For example, City Lord 6, Zhenren Qidao, etc., did not even see that Xu Ming practiced the ancient cultivator school.

However, Xu Ming was not surprised that Lu Qing was able to see through him – Lu Qing is an emperor-level power after all! And how can the means of the emperor-level power be imagined by the current Xu Ming?

“Yes!” Xu Ming said directly without concealing it.

“The school of ancient cultivators was extremely prosperous in the Primordial Era! Cultivators of other schools were completely suppressed by the school of ancient cultivators; even if all the schools joined forces, they would not be as strong as the school of ancient cultivators!” Lu Qing

slowly He said, “But now... Xu Ming, I suggest that you stop cultivating the ancient cultivator school!”

Chapter 900: Above The Peak

Do not continue to practice the ancient cultivator genre?

Xu Ming couldn't help but startled: “Why is this?”

As far as Xu Ming knows, the five major cultivation schools, Tiandao flow, Qiyun flow, belief flow, ancient cultivator school, and mind cultivator school, have all been proven and can reach the “peak”!

Since they can all lead to the peak, why did Lu Qing tell him not to continue cultivating the ancient cultivator school?

“You must be very puzzled, right?” Lu Qing could see that Xu Ming had first come to God's Domain, and he didn't know many things, “Then let me ask you a question first: Do you know why the current God's Domain, the Heavenly Dao school is extremely prosperous, while the ancient Xiu It's rare to see one of the genres?”

Xu Ming said: “This is because the ancient cultivator school must have a ‘guide’ in order to be able to enter!”

“This is also a reason, but it's not the most important one!” Lu Qing said with a smile, “Actually, the most important reason is that the cultivation of the ancient cultivator school is too dependent on foreign objects!”

“Eh?” Xu Ming was slightly startled, and then he remembered that the ancient cultivator's cultivation really relied on external things; for example, the “Thunderbolt Body Refinement” that Xu Ming cultivated requires the help of the power of divine thunder. Lewen novel chapters are updated the fastest

“But...” Xu Ming said, “The cultivation of the Heavenly Dao school should also depend on foreign objects, right? Moreover, among the same level, the combat power of the ancient cultivator school is much more tyrannical than the Heavenly Dao school!”

“It is true that the Heavenly Dao School also relies on foreign objects, but the degree of dependence is much lower than that of the ancient cultivator school! Even, many talented Heavenly Dao School cultivators rely on themselves without any external objects. If you understand the way of heaven and the rules of how heaven and earth work, you can reach the peak!” Lu Qing said, “And the ancient cultivator school... If there is no external assistance, let alone become an emperor; even in the stage of gods, it is impossible to move an inch!”

“Ah?” Xu Ming was slightly startled – he didn’t even know what Lu Qing said.

“And... if the ancient cultivator school only relies on external things, it doesn’t matter much, it’s a big deal to spend more resources!” Lu Qing continued, “But the actual situation now is that the ancient cultivator school once stepped into the emperor level. Level, it will be difficult to make an inch!”

You must know that emperor-level powers are also strong and weak!

Like God Emperor Yanyan, who has traversed the God Realm for hundreds of millions of years, he is also extremely powerful in the existence of the emperor! And those who have just broken through and stepped into the emperor level are obviously weaker among the emperor level powers!

If it is true as Lu Qing said, once the ancient cultivator school has stepped into the emperor level, it will be difficult to make an inch; then, how can it reach the real peak? – I’m afraid at most, I can only be a weak emperor-level power, right?

Of course, even the weakest emperor-level powers are well-known figures in the realm of the gods, and there are no dozens of star gods, silver-moon-level existences, and king-level existences who dream of becoming!

However, would Xu Ming be willing to be a weak emperor-level power? -Even if it was just a clone to become the weakest emperor-level power, Xu Ming was a little unwilling, and felt that his clone was wasted.

“Why is this happening?” Xu Ming couldn’t help asking.

“It’s very simple! Because of the ancient cultivator’s school, the dependence on foreign objects is too serious!” Lu Qing explained, “The stronger the strength, the stronger the foreign objects are needed!”

“Indeed!” Xu Ming nodded.

Even Xu Ming can feel that when he was cultivating “Thunderbolt Forging”, the effect of Purple Lightning Divine Thunder on his cultivation was getting weaker and weaker! Sooner or later, the Purple Lightning Divine Thunder will be of no use to Xu Ming at all. At that time, Xu Ming will be required to use a higher-level Divine Thunder to continue the Thunder Tempering.

Lu Qing continued: “There are many cultivation paths in the ancient cultivator school; what you are cultivating should be the ancient cultivator exercises like Thunder?”

“Yes!”

“Ancient cultivators such as Thunder need to use the power of Thunder to improve their cultivation! The higher the cultivation, the higher the requirements for the quality of Shenlei!” Lu Qing said, “Cultivation in the divine stage requires the use of The Divine Thunder is already extremely rare, and it is necessary to use the Destruction Divine Thunder, the Dark Blood Divine Thunder, the Purple Lightning Divine Lei, etc.! In the Silver Moon stage, the quality requirements for Divine Thunder are a higher level; One level higher! When you reach the emperor level... it will even use the source divine thunder when the heavens and the earth first opened!”

“Er...” Xu Ming didn’t know anything about this.

Also, when the world first opened, when was it?

Lu Qing continued: “Original Divine Thunder was formed when the heaven and the earth first opened; after the heaven and the earth stabilized, there will be no more Origin Divine Thunder! So... Origin Divine Thunder consumes only one, and it consumes less. Together!”

“In the Primordial Period, there were a lot of source divine thunder and other source objects formed when the heavens and the earth first opened; so that was also the time when the ancient cultivator school was at its most prosperous! However, the source objects will only be used less and less. ; After the immemorial period, there is almost no source of things in the world! – There is no such thing as the source, once the ancient cultivator breaks through and steps into the emperor level, there is no way to improve the strength!”

“Xu Ming!” Lu Qing looked at Xu Ming, “You have already created an emperor-level secret skill. With your sky-defying aptitude, as long as you are given enough resources, it will never be a problem to step into the emperor-level, and you can even become an emperor-level existence. The super-powerful! However, if you continue to follow the ancient cultivator school, then... your achievements will probably be limited to the weakest emperor-level existence! – Are you willing to be the weakest emperor-level existence?”

Xu Ming shook his head without hesitation: “Of course not!”

Xu Ming’s goal is not just to become an emperor-level existence, but to become the legendary “peak”! Even Xu Ming wanted to break through the so-called peak and see what was “above the peak”!

Is the strength limited to the first emperor level?

Xu Ming is definitely not willing!

“So...” Lu Qing said again, “Abandon the ancient cultivator school, cultivate a clone, and then go to the Heavenly Dao school!”

Doppelganger?

Xu Ming smiled and said, “I have a clone!”

“Is there a clone? That’s great!” Lu Qing was overjoyed, “Is it the Tiandao school?”

Xu Ming did not dare to tell Lu Qing casually that he actually had several clones. In addition, this time in God’s Domain, Xu Ming only came to the ancient cultivator avatar and the Tiandao Liu avatar; therefore, Xu Ming said: “The other avatar is the Tiandao school! But...why must I follow the Tiandao school? Isn’t it okay to go with the flow of luck, the flow of belief, or the school of mind-cultivators?”

Lu Qing shook his head: “The flow of luck and belief requires a lot of power of luck and faith! However, most of the power of luck and faith in the world is controlled by those peak existences; other Cultivators, once the flow of luck or belief becomes a god, not only is it not a good thing, but a disaster! – Among those peak existences, there are ruthless people who like to plunder the power of luck and faith of others. !”

“As for the school of mind cultivators...” Lu Qing smiled, “Mind cultivators are too ethereal! Even if you want to leave, you probably won’t be able to even get started, right?”

Xu Ming laughed secretly in his heart—can’t even get started? His mental power has reached the second level; as long as he reaches the third level, he will be able to become a \*\*\*\*\* of the mind cultivator!

After talking about a lot of , Lu Qing finally concluded: “So, honestly cultivating the Heavenly Dao school is a good road!”

“Uh...” The Heavenly Dao school, Xu Ming naturally wanted to cultivate.

However, Xu Ming will not give up the ancient cultivator school. Although there are very few original things in the world, there should be some in Xu Ming’s artifact store!

When Xu Ming’s ancient cultivator school has stepped into the emperor level, as long as there is a hanging point, he can still continue to improve his strength – so, Xu Ming is not worried at all.

As for Qi Yun, Faith, and Heart Cultivators, Xu Ming is only a part-time major, not a major, and he will not spend a lot of effort on it. It is naturally the best to have success in the future; it does not matter if there is not much success.

“Xu Ming, since you already have a clone of the Heavenly Dao school, that’s the best! Remember, you must major in the Heavenly Dao school in the future; even for you, the Heavenly Dao school may be more difficult to cultivate!” Lu Qing said sternly, ” And I will try my best to find some opportunities of the Heavenly Dao genre to give you!”

“Why... how embarrassing?” These words almost became Xu Ming’s mantra.
