

A World 931

Chapter 931: Invincible Loneliness

“Who else is going to come up and get slapped?”

Xu Ming’s aura made the audience look at him.

But this time, no one dared to say that Xu Ming was arrogant; the eyes of everyone looking at Xu Ming were no longer ridicule, but full of deep awe!

Because just now, Xu Ming has proved with a slap that he has the qualifications to be arrogant!

“Humph!” Xu Ming snorted softly, looking at the eyes of the gods in Baililou, full of disdain, “How dare you come to my Yanyan Sacred Mountain to provoke you with such a little strength?”

Now that it’s already high profile, Xu Ming doesn’t mind continuing to be high profile!

His eyes slowly swept across every deity in the Baili Tower; no one dared to look at him as far as he could!

Finally, Xu Ming’s eyes fell on a blue-haired man! – Lu Qing has already sent a message to tell him that this blue-haired man is the first master of the silver moon level in Baililou, “Qingjun”; it is said that his strength is even comparable to that of some new king-level existences!

“Are you Qingjun?” Xu Ming looked at the other party.

Qingjun, as the number one master of the Silver Moon in Baililou, how could he not be arrogant in the face of other Silver Moons? Even, even in the face of the king level, he can be proud of it.

But now, when Qing Jun faced Xu Ming, the seven-star god, he had a faint feeling that he didn’t dare to face him.

Qingjun is indeed a super genius; it's a pity that he met Xu Ming, a peerless monster! Therefore, Qingjun no longer has the qualifications to be proud!

"That's right!" Qing Jun said, but his aura was obviously weak.

"Are you the No. 1 master of Silver Moon in Baililou? Come and fight with me!" Xu Ming said directly.

"I..." Qing Jun spit out a few words with difficulty, "I'm not your opponent!"

"Nonsense, of course you are not my opponent!" Xu Ming shouted, "Don't worry, I will not use all my strength! As long as you can hold my slap, even if I lose!"

Don't use all your strength?

As long as you hold the slap, you lose?

Everyone couldn't help but say two words again – arrogant!

You must know that Qingjun's strength is comparable to that of a first-time king! Xu Ming's words mean, doesn't it mean – just entered the king level, can't even hold his slap?

"Xu Ming!" Qing Jun gritted his teeth, "I admit that you are very strong! But you are too arrogant to say such a thing?"

"Are you arrogant or not? – You can be arrogant if you have strength!" Xu Ming smiled disdainfully, "I'll be waiting for you on the battlefield of Xingtian!"

As he said that, Xu Ming did not wait for Qing Jun to answer, and directly entered the battlefield of one star.

"You..." Qing Jun gritted his teeth and his veins burst.

In the battlefield of Yixingtian, Xu Ming stood indifferently with his hands behind his back, looked up at the sky, and shouted loudly, “Qingjun, I will only slap you against you, don’t you dare to fight at all?”

“Humph!” Qing Jun’s eyes flashed a ferocious look, and he also entered the battlefield of Starry Sky, “I want to see if you really have such arrogant qualifications!”

boom! !

In the face of the unfathomable Xu Ming, Qing Jun didn’t dare to hold his hand at all; as soon as he came up, an incomparably tyrannical aura filled his body.

Just looking at the momentum, you can see that Qing Jun is obviously much stronger than Jiang Man!

However, with such a powerful aura, he still cannot give Qing Jun any sense of security – after all, he can’t do what Xu Ming did, and when he raises his hand, Jiang Man has no power to resist!

“You wait!” Qing Jun suddenly said.

“Oh?” Xu Ming was a little curious.

Immediately afterwards, Xu Ming saw that Qing Jun had woven one after another of complicated runes in his hands. There are nine runes, and on each rune, there is an obscure ancient text.

Qingjun hit one after another rune on his body in turn; each time he hit a rune, his aura increased by a few points!

Xu Ming understood: “It turned out to be in a state of increase!”

If it was a serious battle, there would be no time for Qing Jun to slowly “add status” like this; I am afraid that he has just started weaving runes, and the enemy will stab him with a knife.

But Xu Ming doesn’t matter – do you want to increase the status? Then you’re done! Anyway, no matter what your bonus is, it’s impossible to block Brother Ming’s slap!

After a while, Qing Jun finally increased his “status” to the extreme, and his strength may have increased by more than ten times!

“Alright?” Xu Ming asked very kindly.

“Wait a minute!” Qing Jun said, “Wait for me to brew a good trick!”

Xu Ming was speechless for a while: “Just please!”

Xu Ming was indeed very generous, but the onlookers of the Yanyan Mountain couldn’t stand it any longer.

“Damn, this Qingjun is too shameless!”

“That’s right! The battle in the virtual world can still be fought like this... I have a long experience!”

“How can there be so much time to bless him in a real battle!”

There are also concerns for Xu Ming:

“Xu Ming’s strength is strong, but... let Qingjun use secret skills to improve his combat power, he is too arrogant?”

“Yeah! Even Su Chen wouldn’t dare to care so much, right?” Su Chen, once the first master of Yinyue level in Yanyan Mountain; All the Yinyue-level masters in the inner building have no temper!

“Xu Ming! Don’t look at it any more! Just shoot!”

After a while, Qing Jun’s trick was finally brewed!

“Hahahaha!” At this moment, Qing Jun became extremely arrogant, “Xu Ming! I didn’t expect that you would actually give me so much time to strengthen my combat power; I really don’t know, should I thank you or should I thank you? Laugh at you stupid!”

Qingjun felt the surging power in his body, and suddenly he was full of confidence!

“I will condense the strength of my whole body into the strongest blow, and it is estimated that I will be able to exert the combat power of the ‘high-ranking king’! – This Xu Ming dares to be so powerful, let me brew it and complete it; now, he is dead!” Qingjun is extremely confident! – He doesn’t believe that Xu Ming’s strength is stronger than that of Feng Wang!

“Breaking the Sky!”

boom!

The long sword was pierced, and the shocking sword intent seemed to break open the entire battlefield!

Qing Jun’s eyes were ferocious and excited, and he thought in ecstasy: “Xu Ming, if you want to blame, blame yourself for your arrogance!”

The gods in the Baililou looked forward to watching: “Although Qingjun’s approach is somewhat unbeatable, as long as he can win against Xu Ming, it doesn’t matter whether he wins or not.”

The power of Xu Ming made the gods in the Baili Tower feel desperate! And now, they finally saw a glimmer of hope of defeating Xu Ming.

The gods of Yanyan Sacred Mountain are all hateful and anxious: “Qingjun is so shameless!”

Xu Ming looked at the sword that slashed the sky and destroyed the earth, and the smile on the corner of his mouth was still so disdainful and so light.

Then ~www.readwn.com~ Xu Ming raised his palm, still fluttering, like a slap that was not full!

“What!?” No one expected that Xu Ming would dare to be so arrogant at such a time.

Qingjun was even more ecstatic: “I was still worried about my strongest attack, whether there is a chance to win him with a sneak attack! Now it seems that I will definitely win!”

Qingjun’s idea is very good!

However, all this beauty was turned into nothingness when Xu Ming slapped his inconspicuous slap!

Snapped!

The Heaven-shattering Sword, which slashed the sky and destroyed the earth, was directly drawn into pieces. In the end, the slap landed on Qing Jun’s face precisely and unmistakably, and slapped Qing Jun away!

“It’s still too weak!” Xu Ming retracted his slap and stood proudly with his hands behind his back, his body was full of invincible loneliness!

Could it be that, looking at the existence of many silver moons, there is really no one who can take Xu Ming’s slap?

Chapter 932: Hug Thighs

“what!?”

“what!?”

“what!?”

With this palm of Xu Ming, I don’t know how many faces were stunned and how many eyes were blinded!

Qingjun, the first master of the silver moon level in Baililou, has been brewing for a long time, and the power of “Sword Breaking the Sky” has reached the high level of the king, and he still can’t even take a slap from Xu Ming!

How terrible is this slap?

Those silver moon-level gods could no longer imagine Xu Ming's strength. Only God Emperor Baili couldn't help muttering: "The peak of the king...?"

The king level is also divided into many small realms: beginners, beginners, middle-level, high-level, top-level, top-level...

God Emperor Baili was horrified to discover that Xu Ming's fighting realm might have reached the "peak of kingship"! Because, only in this way, Xu Ming can slap Qingjun in his extreme state!

"Seven-star gods, but have the battle realm of the peak of the king..." God Emperor Baili was extremely shocked, "Such a peerless monster, even if you look at the vast God Realm, it is not every era! went!"

God Emperor Baili was full of jealousy!

Fortunately, God Emperor Baili still doesn't know that Xu Ming has created an emperor-level secret skill! -Although Xu Ming's current combat realm has not yet reached the emperor level; however, for the geniuses who have created emperor-level secret skills, it is only a matter of time before the battle realm is raised to the emperor level!

Xu Ming is more evil than God Emperor Baili imagined! Even more perverted!

...

Qing Jun's brain is obviously much easier to use than Jiang Man!

Jiang Man knew that he could only be slapped in front of Xu Ming, yet he charged Xu Ming again and again! But Qingjun was different, he just got slapped, and immediately escaped from the battlefield of One Star! – If you don't run away, why don't you stay there to get a smack?

Even the strongest attack was smashed by Xu Ming with a slap in the face, Qing Jun simply couldn't get the courage to fight again!

“I’ll go!” Xu Ming was startled, “I’m running away?”

“hiss-”

In Xutian Island, there was a long silence again. After the silence, the sound of breathing cold air was heard everywhere.

The first master of Baililou? A blow that has been brewing for a long time? – In front of Xu Ming, still nothing!

When Xu Ming came out of the one-star battlefield again, all the Yinyue-level masters looked at Xu Ming as if they were looking up at the dazzling stars in the sky!

Everyone knows that Xu Ming is destined to be extraordinary! When he grows up, I am afraid it will be the day when he becomes famous in the Divine Realm!

“Brother Ming!” Zhou Qi called out cautiously.

Immediately, the surrounding gods, looking at Zhou Qi, were full of envy – the envy of Zhou Qi being able to hug Xu Ming’s thigh!

At the same time, everyone knew what to call Xu Ming!

Ming brother!

Such is the name of this dazzling genius!

Xu Ming continued to look at the masters of Baililou indifferently: “Is there anyone else who wants to come up and get slapped?”

silence!

Long silence!

The originally extremely arrogant Baililou, in front of Xu Ming at this moment, did not dare to answer at all!

Xu Ming sneered: “The dignified emperor-level power Baililou, can’t you find someone who can take a slap from me?”

The experts in Baililou only felt extremely ashamed and angry, but they were powerless to refute.

yes! Even the first master Qing Jun couldn’t stop Xu Ming’s slap; who else could stop it?

Xu Ming couldn’t help sneering, and said, “Or… you can all go up together! As long as you can block my slap, even if I lose!”

Everyone together?

You just need to block Xu Ming’s slap?

Many experts on the Baililou side can’t help but feel a little moved! – After all, two fists are no match for four hands. With more than a dozen masters fighting together, could they even be unable to stop Xu Ming’s slap?

However, at this time, Qing Jun poured cold water on everyone: “Don’t dream, even if we go together, we can’t stop Xu Ming’s slap!”

Qingjun is the strongest existence in the silver moon class, and he has personally experienced Xu Ming’s strength, so he naturally deeply understands Xu Ming’s terrifying.

Xu Ming waited for a long time, and seeing that Baililou did not respond at all, he couldn’t help but be disappointed; “Baililou is so daring, yet dare to come out and play? Forget it, since you are timid, then I will play more. Click!—You can go back and call all the Silver Moon-level masters in your Baililou to fight me in the virtual world! Don’t worry, I still only use slaps!”

“You Baililou, there are tens of thousands of silver-moon-level masters, right? Tens of thousands of masters beat me. You shouldn’t dare to fight like this, right?” Xu Ming sneered.

At this moment, Xu Ming performed the arrogance to the fullest!

However, Baililou had obviously been abused; in the face of Xu Ming's conditions, Director Feng Yi still said, "Let's go!"

let's go!

Director Feng Yi meant – cowardly!

On behalf of Baililou, I counseled Yanyan Shenshan!

call out! call out! call out! ...

One after another, the masters of the hundred-mile building left this virtual island one after another.

"Is this a coward? I'm not even happy with my slap!" Xu Ming sneered, "In the future, you are welcome to come to Baililou to exchange ideas!"

Often come to exchange ideas?

Feng Yi, who was flying at the end, heard Xu Ming's provocation, and couldn't help but scolded in his heart, "With you here, let's have a chat!"

At least, before Xu Ming broke through to become a king, Baililou would never dare to provoke Yanyan Shenshan again!

Because provocation is self-inflicted humiliation!

...

In Lu Qing's private virtual island.

At this time, Lu Qing was in a good mood, and the whole person was beaming.

On the other hand, looking at God Emperor Baili, his whole face was as ugly as that of a dead father.

“Haha... God Emperor Baili, in the future, I see if you dare to come to my Yanyan Mountain to provoke you!”

“Humph!” God Emperor Baili snorted coldly, “I wish you luck, you just received a peerless genius!”

After speaking, God Emperor Baili left Lu Qing’s Xutian Island with frost on his face~www.readwn.com~ Lu Qing just smiled smugly—of course she was smug when she saw her old rival shriveled!

Afterwards, Lu Qing looked at Xutian Island where Xu Ming was, but saw that Xu Ming had been surrounded by the inner disciples of the Yanyan Mountain.

“Brother Ming! You are so amazing!” The inner disciples flattered.

“Brother Ming, the slap you just gave was so dashing, I admire you so much!” It was Luo Qingcheng, the “Men Hua” among the inner sect disciples who spoke – countless inner sect disciples all have admiration for her; however, She is very aloof, and has never accepted the love of any inner disciple.

However, in front of the invincible Brother Ming, Luo Qingcheng’s aloofness was gone!

“Brother Ming, can I be your follower?”

“Brother Ming, I would like to saddle up for you!”

Countless inner disciples gathered around Xu Ming to express their loyalty. They are very smart and know that Xu Ming is destined to be brilliant; of course, they must hold Xu Ming’s thighs before Xu Ming rises!

Chapter 933: Wooing And Killing

hug your thighs?

Xu Ming sneered disdainfully in his heart – he remembered very clearly how these people treated him before he showed his strength! Now that they have shown their strength, they just want to hug their thighs?

Ha ha! How can there be such a huggable thigh in the world!

“Cough cough!” Xu Ming coughed twice on purpose, and the audience suddenly became quiet, waiting expectantly for Brother Ming to speak.

Xu Ming looked around the crowd, and said in a stern manner, “I’ve been fighting for a long time. Brother Ming, I’m tired. I have to go back and have a good rest!”

Fighting for a long time?

Everyone was speechless! – From the beginning to the end, Xu Ming was crushing with a slap, and he didn’t even show his weapons! Can such a battle be called a fierce battle?

However, since Brother Ming had spoken, everyone naturally dared not continue to surround him, and they all made way for Brother Ming.

“Yeah!” Xu Ming nodded with satisfaction, this is what he wanted!

After walking out of the “encirclement” of the inner disciples, Xu Ming said to the crowd again: “Zhou Qi and Hong Haojie are both my little brothers! – When I’m not around in the future, they can represent me to a certain extent!”

Whoa!

There was an uproar!

Zhou Qi and Hong Haojie, these two weak star-level gods, originally had no status in the inner sect, and were even often bullied. However, just because of Xu Ming's words, they immediately became the sweet buns in the eyes of all the inner disciples.

And those inner disciples who had bullied the two of them in the past are so regretful that even their guts are green at this moment! – Bullying Brother Ming's "spokesperson", will they still be able to hang out in the Yanyan Mountain in the future?

"Hey... I really don't want to be high-profile! Accidentally, it's high-profile again! – It's all Lu Qing's fault!" Xu Ming shook his head and flew out of the virtual island.

call out...

Xu Ming just flew out of the virtual world, and suddenly there was a strange wave in front of him. Immediately afterwards, Xu Ming only felt that a flower in front of him appeared in a virtual island exuding a cold and demonic energy.

"Huh?" Seeing this situation, Xu Ming suddenly understood – someone forcibly invited him to enter his private virtual island!

"Damn it! If there is a private Xutian Island, it is Niu X. If you want to invite anyone, you can invite anyone!" Xu Ming scolded secretly.

Of course, if Xu Ming wants to leave, he can leave at any time. However, since he was here, Xu Ming wanted to see who Fangsheng invited him here.

Sure enough, immediately, a strange figure appeared in front of Xu Ming.

This monstrous figure's face was pale, without a trace of blood, and its breath was extremely cold. It was God Emperor Baili!

However, Xu Ming did not recognize God Emperor Baili; therefore, he did not take the initiative to speak, but waited for the other party to speak first.

"Xu Ming, right?" Although God Emperor Baili's aura was a bit gloomy, his attitude was still kind.

“Not bad!” Xu Ming looked at the other party, “Are you...?”

“You don’t recognize me?” God Emperor Baili was slightly surprised, “Introduce myself, I am the owner of Baili Building; in Yanyan Continent, I am called ‘God Emperor Baili’!”

Xu Ming was secretly surprised by the identity of the other party: “I don’t know if God Emperor Baili is looking for me, what’s the matter?”

God Emperor Baili smiled and said, “Xu Ming, it shouldn’t be a long time since you joined the Yanyan Mountain, right?”

“A little over three years!” There is nothing to hide, Xu Ming replied directly.

Moreover, Xu Ming also wanted to see what the other party wanted to do.

“More than three years...very short!” God Emperor Baili sighed with emotion.

For the gods with endless lifespans, three years is really just a flick of a finger!

God Emperor Baili asked again: “God Emperor Yanyan what conditions did she give you to invite you to join the Yanyan Mountain?”

condition?

Xu Ming thought for a moment in his heart – it seems that there are no conditions!

However, Xu Ming did not answer, just looked at the other party.

God Emperor Baili smiled and said: “You don’t need to tell me what conditions God Emperor Yanyan gave you! In this way, I will give you one million divine crystals, ten thousand drops of divine marrow, and a bottle of heaven and earth essence liquid, you can join I am a hundred miles!”

Millions of Divine Crystals!

Ten thousand drops of spiritual marrow!

A bottle of heaven and earth essence liquid!

Although Xu Ming had never heard of Divine Essence and Heaven and Earth Primordial Liquid, but even thinking about it with his toes, he knew that these two treasures were definitely more precious than Divine Crystal! Moreover, just one million Divine Crystals is a huge fortune for Xu Ming; it can let Xu Ming open it willfully and swept the silver moon level.

but...

Facing the temptation of Chongbao, Xu Ming did not move at all.

Join Baili Lou?

For some reason, Xu Ming had no interest in joining Baililou at all!

Moreover, Xu Ming is very clear about a truth – no merit is not rewarded!

God Emperor Baili's treasures are definitely not for nothing! After receiving it, there must be a price to pay!

Therefore, Xu Ming refused without any hesitation: "Thank you God Emperor Baili for his love, but I live quite well in Yanyan Mountain, so I won't go to your Baili Building!"

As Xu Ming said that, he was about to leave this virtual island.

"Wait!" God Emperor Baili's tone was calm, and there was no joy.

"Does he want to... seduce me with more treasures?" Xu Ming thought to himself.

However, what Xu Ming did not expect was that God Emperor Baili said: "In any case, these treasures I took out will definitely be used for you! – If you are willing to join me in Baililou, these

treasures are Yours; you are unwilling to join and insist on staying in the Yanyan Mountain, then I will use these treasures to go to the Space-Time Palace and ask the killer to kill you!”

threaten!

God Emperor Baili is the threat of Chi Guoguo!

Xu Ming’s pupils shrank slightly, and his eyes were a little cold: “God Emperor Baili, you dignified ***** emperor, you want to invite a killer to deal with me?”

God Emperor Baili sneered disdainfully; “I can’t do it myself to deal with you, it would be too self-defeating! – Anyway, these treasures, I’ve ‘prepared’ them for you anyway, you can do it yourself! ”

Xu Ming sneered and said, “God Emperor Baili, I’m just a seven-star god, do you need to deal with me so much trouble?”

“You are indeed only a seven-star ***** now~www.readwn.com~ But, you are not an ordinary seven-star god!” God Emperor Baili said coldly, “In the future, no matter how weak your achievements are, at least you will be at the peak of the kingship; I hope to become an emperor-level existence! – Do you think that I will allow Yanyan Shenshan to create an extra king-level peak or even an emperor-level existence?”

“So...” Xu Ming understood.

“So, make your choice!” God Emperor Baili said coldly, “I myself am very fond of talents; I really don’t want to see that you destroy yourself!”

“Ha!” Xu Ming couldn’t help laughing, “You are going to use such means to deal with me, do you think it is possible for me to join you Baililou? – If I do go, I am afraid my life will be lost. It’s in your own hands again, but in your hands!”

“Then you are courting death!” God Emperor Baili flashed murderous intent in his eyes.

“Perhaps... But instead of putting your life in your hands, I think it’s better to control your life in your own hands!”

After he finished speaking, Xu Ming didn't look at God Emperor Baili's face, and left the virtual island.

Chapter 934: Blocking Dog

Endless Continent.

Since the war between the human race and the alien race, the human race has reached its peak, while the alien race can only hide in some corners and corners and survive.

Today, the entire endless continent is full of traces of human beings. The power of the human race is no longer weaker than the Jiuyu era when it was at its most prosperous hundreds of millions of years ago.

And the power of the human race hidden in the dark is even more terrifying to the point of heinous! -More than a thousand demigods from the human race, after using the essence of the gods and demons provided by Xu Ming, they all broke through to the gods!

Today, the human race is in the dark, with thousands of gods!

A dusty world with so many gods, what a terrifying concept!

Moreover, after these gods heard about the situation of God Realm from Xu Ming, they no longer had any interest in God Realm! – When they reach the God's Domain, they will become the lowest level again; it is better to be the emperor of the earth comfortably in the dust world!

Therefore, these thousands of gods are all hidden in the endless continent.

Moreover, Xu Ming had previously created a talent training system comparable to God's Domain for the people. Although in just three years, not many geniuses have emerged; but there is no doubt that after 300, 3,000, 30,000 years, the human race will definitely emerge batches of Taoists, demigods, Even gods!

At that time, it is not surprising that there are as many gods as dogs on the Endless Continent.

...

The endless continent, billions of miles in length and breadth, is boundless.

Although, compared with God's Domain, the Endless Continent is as small as dust; however, it is enough for the human race to survive and multiply.

At this time, the top of the vast and majestic Cangshan Mountain; the top of the mountain is covered with snow, and the cold wind blows thousands of miles.

A black wolf-shaped creature, standing proudly on the top of the mountain. The endless wind and snow ruffled its long hair, but it couldn't blow its resolute eyes.

Taking a closer look, this black wolf-shaped creature is exactly... Erha!

Yes, it was the "Er Ha" who followed Brother Ming at the beginning!

When Xu Ming went to God's Domain, he did not take Erha with him, but left him in the Endless Continent.

And Xu Ming, of course, will not treat this faithful "lacking dog" badly; just a drop of the essence of the gods and demons will make Erha become a ***** too!

"I didn't expect that Erha would have a day of proving the Dao and becoming a god; moreover, this day came so quickly!" Erha inevitably sighed, "It's really unpredictable!"

"Whoops—"

Under the excitement, Er Ha couldn't help but screamed up to the sky;

After the long whistle, Er Ha shook the long hair on his body; in the eyes of a pair of silly dogs, there was perseverance and seriousness: "Although I have become a god, I must not swell! I have to make persistent efforts and continue to be a good brother Ming. a dog!"

There's nothing wrong with Erha's logic at all, but it always sounds weird.

"The greater the ability, the greater the responsibility!" Erha thought again, "With my current ability, I must inspect the entire endless continent!"

Ordinary domestic dogs take good care of their own home as their responsibility. And a "god dog" like Erha considers the entire Endless Continent home; it is naturally the entire Continent that he has to look after.

"Wang woo! Continue patrolling! By the way, let's see where there are remnants of alien races!"

Erha did his due diligence and left the top of Cangshan in one leap.

...

At this time, somewhere in the barren land of the endless continent.

hum—

The originally peaceful space suddenly rolled up into a space vortex.

In the center of the space vortex, there seems to be a space channel extending from a very far distance.

hiss-

Suddenly, the space was torn apart!

One after another, the black monsters rushed out of the cracks in the space.

"Ha ha ha ha!"

“we are coming!”

“The space in this dusty world is so fresh! Huh? I seem to smell it, there is a human smell in the air! – Compared with other ethnic groups, the human race has the most delicate skin and tender meat, I like to eat it! Quack quack...”

“Hahahaha! Crazy killing is about to begin! Our ‘devil race’ will occupy a new world of dust!”

“I like to kill! I like the smell of blood!”

boom! boom! boom! boom! ...

A black monster with a burly body and blood wings behind it.

In the blink of an eye, more than a thousand monsters flew out. Moreover, the breath of each monster is extremely ferocious, at least at the level of a demigod!

Among them is a particularly burly demon, and it is the strength of a star god! – It is the leader of the demons!

Under the leadership of this leader, the demons fought one dusty world after another and occupied countless territories.

“Roar!” The demon leader let out a low roar, his expression full of intoxication, “I haven’t smelled such fresh air for a long time! Those worlds we live in, the space is full of blood! But...”

The eyes of the demon leader suddenly turned hideous: “This piece of fresh air will not last long! Immediately, this place will also become a **** purgatory! Hahahaha...”

“Jing Senmiao, Jing Hanyu, Jing Chi!” the demon leader shouted.

Immediately, three demons came out, the same three demons who had explored the Endless Continent before.

“Boss!” The three demons were very excited.

“The three of you have opened up a new world, which is a great achievement!” the demon leader laughed. “My demon race has always been rewarded and punished! When I capture this world, I will definitely reward you!”

“Thank you boss!” The three demon demigods knelt on the ground.

“Then everyone, start the feast of killing with me!”

Every time the demons want to capture a world, they are led by the leader, followed by thousands of demon demigods, slaughtering frantically!

Those dusty worlds without gods~www.readwn.com~ are naturally unable to resist the crushing of the demon army; and even in the dusty worlds with gods, their gods are not the opponents of the demon leaders! -The army of the demons is invincible in all worlds!

The demon leader was about to set off, but suddenly found that in front of him, at some point, there was a... blocking dog!

“Huh?” The demon leader was slightly startled – what’s the situation? A dog that appeared out of nowhere, dared to block the way of their demon army?

This is definitely the most awesome dog the demon leader has ever seen!

The demon leader was about to blow his breath to destroy this ignorant blocking dog; but suddenly, he was stunned! – He was horrified to find that this blocking dog was actually a god!

A godly dog! ?

The head of the demon leader was a little confused – this situation was completely unexpected! He never thought that his demon army would be blocked by a divine dog.

Of course, it’s not just the demon leaders who are confused; the entire demon army is in a state of confusion at the moment!

Chapter 935: Where Am I?

There is no doubt that this dog blocking the road is exactly Er Ha!

Originally, Erha was patrolling near the barren land, and suddenly felt a shock in the space, so he hurried over.

After rushing over, Erha was shocked!

“Alien!”

“It’s still an alien I’ve never seen before!”

“Moreover, this group of aliens not only has thousands of demigods, but also a god!”

Erha’s mind is also very messy! – It can’t understand where this group of aliens came from.

Then, Erha made the first reaction of all dogs when they saw a stranger—barking!

“Wow ***** wang ***** wang!” Erha’s tail was raised high, and he protested at thousands of demons.

At the same time, Erha’s bark shook the fragile space around it and sounded throughout the endless continent! – When encountering such a mysterious and powerful enemy, Erha, of course, has to call for help as soon as possible to feel safe!

...

Endless continent, a quiet town.

A swordsman with white hair and red clothes was sitting in a simple tea room, drinking tea, and heard that the scholar was telling a story.

This swordsman is the ancestor of the human race “Chu Ji”! The sword he casually placed on the tea table was the Divine Phoenix Sword!

Chu Ji was originally among the demigods, and was already the top existence; later he got a drop of the essence of the gods and demons, and he became a ***** early on!

Today, Chu Ji is like an ordinary person, wandering around the endless continent. He walked very slowly, and from time to time in a small town, he would stop for a while – anyway, life is infinitely long and immortal, so Chu Ji naturally wants to live slowly.

Coincidentally, at this time, the storyteller in the tea room was talking about the legend of “The Collection of Divine Phoenix Sword and Chu”!

Chu Ji listened with great interest, with a smile on the corner of his mouth: “I never imagined that my deeds hundreds of millions of years ago would be adapted into this by ordinary people...”

With Chu Ji’s current detachment, naturally, no matter what the situation is, he can laugh it off.

suddenly...

“Wow wow wow wow wow wow!”

A dog bark sounded.

To ordinary people, this barking is no different from ordinary dog barking; people think that a nearby dog is barking again!

But when Chu Ji heard it, he was shocked: “It’s Erha’s cry! – Moreover, the cry seems to follow the space and spread throughout the endless continent!”

“What’s going on?” Chu Ji was a little puzzled.

Erha, is it okay to scream?

of course not!

“Could it be... what happened to Erha?” Chu Ji couldn’t help but think, “Erha is a **** after all, so there is something that even it can’t solve? Need to yell at people?”

The next moment, Chu Ji had quietly left the tea room.

...

Similar situations are still happening all over the Endless Continent.

“Huh? Erha?”

“It’s Erha’s cry! What happened?”

“Could it be that what happened to Erha? Take a look!”

A tyrannical deity soared into the sky and flew towards Erha’s direction rapidly.

...

And the demon race, after being stunned for a long time, finally came back to their senses!

“Jing Senmiao, what’s going on with the three of you!?” the demon leader angrily scolded, “Didn’t you guys explore this dusty world before? Didn’t you say everything is normal, there are no gods? – Now, why is there a level of gods? dog?”

“This...this...” Jing Senmiao innocently said, “When we were investigating, we really didn’t hear that any dog became a god...”

“It seems... this dog is hiding very deeply!” The demon leader also knew that this kind of thing couldn’t be blamed on his subordinates.

Only now, with dogs blocking the way, how should the plan to attack this world be executed next?

Divide the country equally with a dog?

Take this dog?

For a time, the demon leader was at a loss.

After thinking about it for a while, the demon leader shouted angrily: “Where is the dog who doesn’t know whether to live or die, dare to stop in front of us! Get out of the way, I don’t want to kill the dog today!”

Although the demon leader has the confidence to defeat Erha, as the saying goes, “fairy gods fight and mortals suffer” – once he and Erha start a war, the mighty power will definitely spread to the surrounding area; at that time, this group of demons and demigods will suffer. !

Therefore, the demon leader decided to stabilize the dog and not start a fight; after the younger brothers were settled, they would slaughter the dog again!

Erha has followed Brother Ming for many years, but he has also learned some of Brother Ming’s ruthlessness.

At this moment, Erha barked coldly: “Speak! Where did you alien races come from? – Wang Wang!”

At the end, Erha also added two modal particles “wangwang”!

“I was questioned by a dog!” The demon leader was stunned.

Immediately, the demon leader said coldly: “You don’t need to care where I come from, just know that from today, this world belongs to me, that’s it!”

“Does this world belong to you?” Erha’s dog eyes couldn’t help but stare.

“That’s right!” the demon leader continued, “If you are willing to follow me, from now on, I can lead you to battle...”

Before the demon leader had finished speaking, suddenly—

boom! boom! boom! boom! boom! boom! ...

One after another tyrannical breath rolled down from the endless sky. Every breath was actually the breath of a god.

“Huh?” The demon leader couldn’t help but change his face, “What’s the situation!?”

At this moment, cold and arrogant figures descended from the sky!

The True God of Chu Ji, the True God of Qin Tian, the True God of Gu Banmeng, the True God of Duan...

One after another, the gods appeared in all directions of the demon army.

The eyes of these human race gods looking at the army of demons are like wolves looking at the sheep.

“This...this...this...this...” The demon leader looked at the gods that kept coming, and the whole person was dumbfounded.

“Who am I? Where am I?” The demon leader looked bewildered~www.readwn.com~ He really wanted to ask, is this the world of dust or the realm of the gods? -How come after coming here, all I see are gods; even a dog is a god! On the contrary, the existence under the gods has not been seen for a while!

“Jing Senmiao! That’s what you said, there are no gods in this world?” The demon leader even wondered if his younger brother deliberately led him to a dead end?

“I...” Jing Senmiao found that no matter how he explained it, he was pale and powerless; but he still explained, “According to my investigation, there is really no **** in this dusty world! Even if there is, there is only one called ‘ Xu Ming’ just became a god...”

Really no gods?

The demon leader pointed around and said coldly, “Do you think I’m stupid? Or do you think I’m blind? – Hundreds of gods are in front of you, and you actually told me that there are really no gods?”

The human race gods all looked at this group of “little sheep” in doubt – where did they come from, so many alien masters?

“Go back first, and slowly interrogate!”

Chapter 936: The Cultivation Path Of The School Of Faith

Endless Continent.

Ask the palace.

The demon leader, as well as more than a thousand demigods of the demon race, were forcibly “invited” here.

Thousands of gods from the human race came over to watch – after all, after becoming a god, their lifespan is infinite; it is rare to encounter such an interesting thing, of course, it is necessary to be a strong onlooker.

“I heard that these monsters are demons from another world?”

“How did the monsters from another world come to our endless continent?”

“Are they trying to invade our endless continent?”

The human race gods were discussing.

Erha, on the other hand, is like a mighty general, pacing back and forth vigorously. Its head and tail were raised high, as if it was afraid that others would not know that it was the one who discovered this group of demons.

At this time, the mood of the demon army is undoubtedly collapsed!

“Where have we come to...”

The demon army felt that they were like a group of little sheep that accidentally ran into the wolf’s den.

“How can there be such a powerful world of dust...” The demon leader looked bitter – people are swordsmen, I am fish!

In the ordinary dusty world, it is already very remarkable to have a god. And in this dusty world, there are thousands of gods...

Is this a **** world of dust?

“Jing Senmiao!” The demon leader looked at the three pathfinder demigods, gritted his teeth, “I usually treat the three of you well, right? You three, even if you have any dissatisfaction with me in your heart, you can bring it up directly; Are you using such a shady trick to lead us to such a terrifying place?”

The other demon demigods also looked at Jing Senmiao, the three sinners, with hatred!

The three Jing Senmiao only felt that they wanted to cry but have no tears, no words to say – this world is completely different from the one they explored three years ago!

Suddenly, Erha barked excitedly: “Wang Wang! Brother Ming is here!”

Brother Ming is here?

Asked about the thousands of gods in the palace, their expressions suddenly became serious, and there was a sense of awe.

The demon army was also shocked in their hearts – they saw that there was probably a big man coming!

A superhero who makes thousands of gods awe-inspiring!

“What kind of existence will this be?” The demon race can’t imagine it! But they know that this big man will definitely decide their fate!

At this moment, a young figure appeared in the palace.

This young figure looks very ordinary at first glance, and there is hardly anything special about it. However, when the demon leader stared at him, he found that the space around the young figure gradually fell into darkness; in the entire space, only this young figure seemed to remain.

“What a weird feeling!” The demon leader had never encountered such a weird feeling since he became a god; he hurriedly wanted to look away, but found that he couldn’t look away!

“Demon race?” Xu Ming smiled lightly.

“Yes!” The demon leader’s eyes had become completely sluggish at some point, apparently already hit by Xu Ming’s illusion attack.

“I ask, you answer!” Xu Ming said directly, “Where are you from?”

“We...” The demon leader didn’t hesitate at all, and directly explained everything about the old man – in front of Xu Ming, the weak one-star gods could not have any resistance at all!

Soon, Xu Ming got all the information he wanted.

Then, under the terrified look of the demon army, he casually sealed the strength of the demon leader and a group of demon demigods; and imprisoned all the demon army into his world ring.

“Unexpectedly, the demons have a kind of innate magical power that can find and open space passages!” Xu Ming exclaimed in surprise.

The space channel exists only in the dust world. God’s Domain’s space suppression is too strong, the space channel will be directly crushed, and it cannot exist stably at all!

In order to find and open the space channel, one needs to have extremely high attainments in “space-time one”;

And like Xu Ming, although his strength is tyrannical, he can’t find the space channel.

“This kind of innate magical power of the demon race is completely born for the purpose of fighting and aggression!”

Xu Ming was right, the Demon Race is an extremely aggressive race!

Many peaceful mote worlds will plunge into destruction and darkness once a demon descends.

“Xu Ming.” Qin Tianzhen said suddenly, “Look... can we use the demons to go to other dust worlds?”

It is very difficult to travel to other dust worlds!

Ordinary gods, once rushing out of the dusty world’s membrane wall, will be swept to the god’s realm by the destructive wind without resistance.

Just like Xu Ming, he was able to forcibly withstand the wind of destruction and fly to other worlds of dust.

“Go to other dust worlds!?” Many human gods were also moved.

After hearing about the cruelty of God’s Domain, none of these human race gods wanted to go to God’s Domain to live a hard life! However, if you can go to other dust worlds and open up other dust worlds, it will be different!

How fun is that!

Moreover, the human race masters certainly hope that the traces of the human race can be spread all over the world of dust! In this way, the human race will become stronger and stronger!

Xu Ming thought carefully: “Go to other dust worlds to expand the territory...”

Suddenly, an aura suddenly flashed in Xu Ming’s mind – if the human race can occupy many dust worlds, then I can collect the power of belief in many dust worlds? In this way, can’t I become a **** in the faith genre?

Faith genres become gods, what is needed is the power of faith!

Where does the power of faith come from? – The devout faith in the heart of every living being is a ray of faith!

In God’s Domain, it is very difficult to collect the power of faith! Because... the weak are more likely to have faith; while the strong believe in their own strength even more!

God’s Domain only has the strong, not the weak, so naturally it is difficult to collect the power of faith!

“If there are many people in the dust world who believe in me~www.readwn.com~ I’m afraid I can go a long way in the belief school!” Xu Ming found the cultivation direction of the belief school at once, that is – let the people Conquer all dust worlds, and spread the belief in Xu Ming to all dust worlds!

Xu Ming immediately expressed his thoughts.

After the human race gods heard it, they agreed unanimously!

After all, what is the most important thing about the human race? – It is to improve Xu Ming’s strength!

When Xu Ming is strong, the human race is strong!

Anything about Xu Ming's strength is a matter of ethnicity!

Moreover, the gods of the human race were all ready to grow old in the Endless Continent; now they find that they have the opportunity to shine for the tribe again, and they are naturally very enthusiastic, eager to kill other worlds of dust immediately!

“Er Ha, you did a great job!” Xu Ming praised, “If there is a chance in the future, I will find a way to get some Divine Domain bones to reward you!”

“Bone of God's Domain!?” Erha's tongue stuck out immediately, looking forward to it.

Chapter 937: Xu Gun

Two years in the blink of an eye.

With the support of a large number of hanging points, Xu Ming bought a lot of divine thunders from the artifact store, and abruptly raised the cultivation base of the ancient cultivator's clone to the level of the eight-star god!

With Xu Ming's current cultivation level, even if he doesn't open it, he can easily crush the ten-star gods; in the open state, he is even more powerful in the Silver Moon class!

“The medal mission is about to start!” Xu Ming stood up calmly, “I'm going to do the ‘Silver Moon 1st Rank’ medal mission now, it should be relatively easy!”

Xu Ming actually didn't care about the glory represented by the Silver Moon Medal! For Xu Ming, the biggest and only function of the Silver Moon Medal is to allow him to enter the Holy Emperor City and find Yin Ran!

Therefore, rather than saying that Xu Ming is doing the medal task, it is better to say that Xu Ming is trying to open Yin Ran's door!

After completing the medal task, you can go to see Yin Ran.

“Before you leave, go say hello to Lu Qing!”

To perform the medal task, you must leave the Yanyan Mountain. Since you are going to go far, of course you have to talk to Lu Qing first; otherwise, Lu Qing thought where did Xu Ming go!

“Oh? Are you going to do the Silver Moon-level mission?” Lu Qing was not too surprised—she had long known from the “little report” of Director Ge Ting that Xu Ming accepted the Silver Moon Medal mission.

“Yes!” Xu Ming said.

“Be careful!” Of course Lu Qing would not hinder Xu Ming—although she knew that the Silver Moon Medal mission was quite dangerous to Xu Ming; but, without going through hardships, how could she become a super existence in God’s Domain?

“By the way! This is the No Difficulty Stone, you take it!” Lu Qing took out a small pure black stone.

It is this inconspicuous little pebble, but it is an extremely precious treasure – the Wu Difficulty Stone!

Even for an emperor-level existence, this pebble is of extraordinary value!

“Thank you!” Xu Ming took the No Difficulty Stone.

“Thank you!” Lu Qing laughed, “This is what I won in a bet with Baililou! If it wasn’t for you, I would not have won this stone of no difficulty, but would have lost a great treasure!”

Xu Ming did not say anything hypocritical.

There are some human feelings, just keep them in your heart, there is no need to talk about them.

Immediately, Xu Ming carefully studied the black pebble. However, after researching and researching, nothing can come out of research.

“Don’t look at it! Don’t talk about you, even me, I can’t see any fame!” Lu Qing said, “Refining it first! When it is in danger, it can save your life!”

“Is this a life-saving treasure?” Xu Ming couldn’t help but wonder, “Didn’t you say that this is a cultivation treasure of Tiandaoliu?”

“You don’t need to ask, you’ll find out by then!” Lu Qing said.

“Oh...” Xu Ming put away the No Difficulty Stone.

“There is one more thing!” Lu Qing said again, “Not long ago, I accidentally saw in the Temple of Time and Space that there are two bounties about you!”

“Two bounties about me!?” Xu Ming was surprised.

“Yes!” Lu Qing’s eyes narrowed slightly, “Someone... wants to kill you through the Temple of Time and Space!”

Xu Ming thought for a while: “There is a reward, I have a clue, it should be sent by... God Emperor Baili!”

“God Emperor Baili!?” Lu Qing stared, “How did you know?”

“Two years ago, God Emperor Baili once coerced and lured me to join them in Baililou!” Xu Ming laughed, “He said, as long as I join, he will give me one million divine crystals, ten thousand drops of divine essence, and one Bottle of Heaven and Earth Essence Liquid! If he doesn’t join in, he will use those treasures to go to the Temple of Time and Space to offer me a reward!”

“Is there such a thing?” Lu Qing thought about it and said, “I remember that one of the two bounties was indeed sent out shortly after the battle between you and Baililou in the virtual world!”

“That should be God Emperor Baili!” Xu Ming said, “At that time, just as I was about to leave the virtual world, I was forcibly invited by God Emperor Baili to his virtual island!”

“Humph! This God Emperor Baili, his methods are getting more and more shameless!” Lu Qing snorted coldly, “It seems that if I have the chance, I must ‘visit’ their Baili Building!”

Although Lu Qing looks like a girl, if she thinks that she is as easy to bully as Loli, it would be a big mistake!

God Emperor Yan Yan has been in the Divine Realm for hundreds of millions of years, and he was once known for his slaughter!

“Xu Ming, in this case, you have to be more careful this time with the Silver Moon Medal quest!” Lu Qing said, “The rewards for those two bounties are very rich, enough to make the king-level masters excited! I estimate that there will be king-level experts. Exist, take over the assassination mission!—Although the assassins dare not come to the Yanyan Shenshan, but once you leave the Yanyan Shenshan, I am afraid they will do it!”

“Feng Wang exists?” These four words still put a lot of pressure on Xu Ming.

“But you don’t have to worry too much!” Lu Qing said again, “Even if there is a real king to attack you, if you refine the No Difficulty Stone, it will keep you safe from trouble!”

“Yeah!” Xu Ming wasn’t really worried—except for the Wu Difficult Stone, he had many other means.

After leaving Lu Qing’s residence, Xu Ming went directly to the Hall of the Holy Emperor.

Previously, when Xu Ming accepted the Silver Moon Medal quest, he could only see the brief introduction of the quest, but not the details. Xu Ming estimated that the quest should be to destroy a certain power together with other gods.

Come to the Temple of the Holy Emperor.

The Holy Emperor Palace directly gave Xu Ming a token, and asked him to go to a low-level divine city near Yanyan Mountain to join other gods who had accepted the mission of the medal. At that time, someone will take him to the place of the mission.

“You have to join other gods first!” Xu Ming secretly said, “It’s really mysterious!”

Without any hesitation, Xu Ming went straight to the inferior city “Bloodlight City”.

but...

When Xu Ming left the Yanyan Sacred Mountain, his appearance and aura quietly underwent earth-shaking changes.

“Fake” hanging ~www.readwn.com~open!

It is better to keep a low profile and be more careful when entering the realm of the gods!

After disguising, Xu Ming’s appearance and vitality suddenly turned into a middle-aged man. There was also a lot of stubble on his chin.

“Now, no one will recognize me!” Xu Ming touched the stubble on his chin with satisfaction – he had activated the most advanced “camouflage”! Under the title of king, no one can see through his disguise!

Of course, some powerful king-level existences can still penetrate Xu Ming!

However, it is rare to see a king-level master in God’s Domain, and there are even fewer powerful king-level experts – so, unless Xu Ming’s luck is too bad, his disguise will basically not be exposed.

“I have to think of a name for this disguised identity!” Xu Ming thought about it, “Just call it... Xu Gun!”

Xu Ming casually took out an unused long spear and carried it behind his back.

“From now on, my identity is that of a ranger who breaks into the realm of the gods with a gun!”

Chapter 938: Xingluo Island

Blood Light City is a low-level divine city that is smaller than the Golden Crow City.

However, countless treacherous people gathered in the city of blood light, and there was an aura of killing and blood everywhere.

“This is a dark city without order!”

However, Xu Ming had nothing to be afraid of, and swaggered into the city – after all, no matter how chaotic this dark city was, it was only a low-level city of gods. The treacherous people gathered in the city are naturally not strong enough.

Seeing strange faces entering the city, many treacherous people looked at Xu Ming from a distance. However, when they felt the looming arrogance of Xu Ming, they all shrank their heads back in fright – Xu Ming is now “disguised”, disguised as a “Silver Moon First Rank” ranger!

Unless it is a powerful king-level existence, it is impossible to see through Xu Ming’s disguise, and it is impossible to see that Xu Ming’s true cultivation is only an eight-star god.

“Go to the Holy Emperor’s Palace in this city first!”

The Silver Moon Medal quest that Xu Ming accepted required him to go to the Holy Emperor’s Hall in Blood Light City first, and meet with other teammates first.

When Xu Ming arrived at the Palace of the Holy Emperor, he found that there were more than 100 Silver Moon-level masters waiting here.

“So many masters!” Xu Ming was slightly surprised.

The cultivation of these silver moon masters varies; the weakest is only the first silver moon, and the strongest is the tenth silver moon! However, none of those below the silver moon level can be seen—after all, the silver moon level medal task is very difficult even for the existence of the first silver moon level; ordinary ten-star gods do silver moon level tasks, It’s not really that different from dying.

It is precisely because of this that when Director Ge Ting saw that Xu Ming had accepted the Silver Moon-level Medal assignment “without knowing his life or death”, he was so frightened that he hurriedly ran to God Emperor Yan Yan to give a small report.

At this time, Xu Ming was secretly shocked by the strength of his teammates: “I disguised as a 1st rank Yinyue, but I’m at the bottom of the table! Fortunately, I didn’t show my true cultivation, otherwise, an eight-star ***** appeared here, That would be too ‘chicken standing in a crowd’!”

Xu Ming didn’t want to be the chicken among the cranes!

Xu Ming’s entry did not attract the attention of others. Everyone was doing their own thing, either gathering together in twos or threes, or sitting alone and arrogantly; no one came up to say hello to Xu Ming.

Seeing this, Xu Ming also found a place to sit down without expression, with a cold look. But in the dark, Xu Ming was secretly observing the surroundings, thinking to himself, “Those who gather together in twos and threes should know each other and come in a group; those who sit alone should be like me, walking alone. By!”

Quietly, Xu Ming had already learned a little about the group of gods who were about to carry out missions with him.

Next, silver moon-level masters came one after another, and the strengths were also very different.

Xu Ming was a little puzzled: “Isn’t it a Yinyue 1st rank mission? Why are there so many Yinyue 7th rank and above masters?”

The gap between the seventh-grade Yinyue and the first-grade Yinyue is like the gap between the seven-star gods and the one-star gods! – Yinyue 1st Rank faces Yinyue 7th Rank, there is no resistance, the gap is huge!

Because of this, Xu Ming wondered why there were so many powerful teammates.

With these powerful teammates, what’s the use of the weak teammates of Yinyue 1st and 2nd rank?

Xu Ming did not speak, but hid these doubts in his heart.

Just when Xu Ming was puzzled, two familiar figures walked in.

“Huh?” Xu Ming was startled, “Shao Chuan? Yue Xiaoxian? – The two of them are also here to do the Silver Moon Medal mission?”

Shao Chuan, a second-grade Yinyue master; when he offended Xu Ming in the Four Star Mountain, he knelt down and begged for mercy. Moreover, Director Ge Ting also transferred all the points that Shao passed on in the Yanyan Mountain to Xu Ming as an apology!

The points of Yanyan Shenshan can be exchanged for a treasure worth one divine crystal.

Later, Xu Ming exchanged all of Shao Chuan’s thousands of points into divine crystals.

Today, Xu Ming has more than 3,000 Divine Crystals on his body, which is equivalent to more than 3,000 10-level hanging points; this has given Xu Ming a lot of confidence to enter the realm of the gods!

And Yue Xiaoxian... is also a master of Yinyue Rank 8, ranking the top ten among the inner disciples of Yanyan Shenshan! However, Xu Ming always felt that this person was a bit gloomy and not a magnanimous person; therefore, he had nothing to do with him.

After Yue Xiaoxian and Shao Chuan came in, their eyes swept across the audience for the first time; however, there were some doubts in their eyes – they seemed to be looking for someone, but they couldn’t find it.

“Could it be that ‘he’ hasn’t arrived yet?” Yue Xiaoxian couldn’t help thinking.

Immediately, Yue Xiaoxian and Shao Chuan casually found a seat not far from Xu Ming and sat down.

“They definitely won’t recognize me!” Xu Ming said with a chuckle in his heart – Brother Ming’s “camouflage” can’t be seen by any kitten or puppy!

Since he wasn’t recognized, Xu Ming didn’t want to recognize them either. After all, Xu Ming and the two of them have no friendship, only contradictions; it is not beneficial to Xu Ming for them to recognize him, but it is a danger.

So, Xu Ming pretended not to know him at all, and continued to sit coldly and alone without saying a word.

There are more and more Silver Moon-level masters coming, and it didn't take long for the number to exceed five hundred!

"The time has come!" At this time, a black-clothed **** walked in, and it was a king-level existence of the Holy Emperor's Palace. "Follow me! I will tell you about this mission on the way!"

With that said, the black-robed **** turned around and walked out; he waved his hand and summoned a jet-black artifact battleship.

"All aboard!"

The masters who came to participate in the Silver Moon Medal mission did not hesitate and entered the artifact battleship one after another.

Xu Ming also followed suit, pretending to be very experienced, and boarded the battleship.

rumbling...

The battleship started quickly and flew away.

Inside the jet-black battleship, the **** in black stood in the middle of the cabin and glanced around at the silver moon-class masters. His eyes stayed on Xu Ming for a while~www.readwn.com~ seemed slightly confused, but then moved away.

"I shouldn't have seen through my disguise!" Xu Ming secretly said.

Even if it is a king-level existence, it has to be a more powerful kind, in order to see through Xu Ming's "camouflage". Obviously, the black-clothed deity in the Holy Emperor's Temple is only the weakest among the king-level existences; his eyesight is not sharp enough.

"Tell me about our mission this time!" The black-clothed **** said coldly, "The mission of the Silver Moon Medal this time is to... exterminate Xingluo Island!"

“what!?”

“Destroy Xingluo Island?”

“How...how could this be accomplished?”

As soon as the black-clothed **** said this, the audience was in an uproar.

Even Xu Ming was secretly shocked: “Xingluo Island, it is said that it is a king-level force... Let us have a group of Yinyue-level existences to destroy a party’s king-level force?”

Isn’t this going to die?

Chapter 939: Kill Me?

A group of silver moon-level existences are going to exterminate one party’s king-level forces. Isn’t this going to die?

Yue Xiaoxian thought of a possibility and couldn’t help asking: “Senior, will you also take action?”

“I won’t shoot!” The black-clothed **** said coldly, “However, there is a king-level existence who has accepted the task of killing the ‘Xingluo King’! You only need to deal with those silver-moon-level existences on Xingluo Island, That’s it!”

On Xingluo Island, there is only one king-level king, known as the “Xingluo King”!

“oh, I see!”

“I see!”

“It really scared me just now!”

The silver moon-level masters couldn’t help but say.

Xu Ming thought to himself: “To put it bluntly, the mission of the Silver Moon Medal this time is to let us follow the existence of the king to clean up those miscellaneous soldiers on Xingluo Island! – This Xingluo Island is really pitiful! The Palace of the Holy Emperor Doing this is the rhythm of uprooting it!”

However, Xu Ming didn’t feel much sympathy for Xingluo Island.

Because, Xu Ming had heard some things about Xingluo Island, this is an extremely evil force!

Although, in this world where strength is respected, it is very naive to say what is righteous and evil; but, the murderers are always killed, and Xingluo Island has done many evils, and now it is destroyed by the Holy Emperor’s Temple. retribution?

If you want to blame it, you can blame King Xing Luo himself. He is not strong enough, but he wants to be domineering.

“Senior!” Yue Xiaoxian asked again, “When will the king-level existence who dealt with King Xingluo arrive at Xingluo Island?”

“I don’t know about that!” said the black-clothed king **** spirit in the Holy Emperor’s Hall, “So, you guys, you must sneak into Xingluo Island first; once that king exists and starts to deal with Xingluo king, you will also You can now deal with other Silver Moon-level masters!”

“Oh...” Everyone probably understood the process of this mission.

However, how to determine whether the task is successful or not?

The black-clothed king goddess seemed to see everyone’s doubts, and said: “Among you, you have accepted three different medal tasks, namely: Yinyue first-rank task, Yinyue fourth-rank task, Yinyue seventh-rank task. task!”

Among the more than 500 silver-moon-level masters of Xu Ming, the weaker ones accepted the silver-moon first-grade medal task. The stronger ones accepted the Yinyue Fourth Grade quest. The ones with top strength, such as Yue Xiaoxian, etc., accepted the 7th Grade Yinyue quest!

The black-clothed Feng Wang Shenling continued: “The silver-moon-level masters on Xingluo Island can be divided into three grades: the silver-moon rank-3 and below are the red-robed elders; the silver-moon rank-4 to the silver-moon rank-six are the purple-robed elders; The seventh rank and above of the moon are the golden-clothed elders! – The red-clothed elders, the purple-clothed elders, and the golden-clothed elders all have the ‘Xingluo Ring’ representing their identity!”

“Yinyue 1st rank task, requires the collection of three red star rings; Yinyue 4th quest, requires the collection of three purple star rings; Yinyue 7th quest, requires the collection of three golden star rings! – Which one did you accept? If you are on a mission, just collect the Star Luo Ring; if you collect the wrong one, it’s useless!”

For example, Xu Ming can only collect the red star ring; collecting the other two star rings is useless.

“Do you understand?” The black-clothed King Feng Wang sneered, “Also, don’t think that this mission is easy; I can remind you that this is a very dangerous mission!” Xing The silver-moon-level existences of Luodao will not be caught without their hands; even, their overall strength is stronger than yours! Of course, the worst result is... the existence of the king who went to kill King Xingluo, against the Come here and be beheaded by King Xing Luo; in that case, few of you will be able to come back alive!”

“hiss-”

At this time, Xu Ming’s group of silver moon-level masters realized just now that Xingluo Island doesn’t seem to be fish on the chopping board!

Exterminate Xingluo Island, or be destroyed by Xingluo Island instead?

This is still an unknown!

...

Xingluo Island is an isolated island in a vast lake somewhere in the Yanyan Continent.

The lake is thousands of miles in radius.

Xingluo Island is a million miles away.

rumbling...

The black battleship crushed the void of God's Domain, drove to a place thousands of miles away from the lake, and quietly landed in the depths of a mountain forest.

"I'll be here waiting for you to come back!" said the black-clothed King Feng Wang, "Remember, no matter what happens, don't expect me to save you! I'm only responsible for picking you up, that's all!"

The Temple of the Holy Emperor is often inhumane.

"Okay! Let's go!"

call out! call out! call out! call out! ...

One after another silhouette, one after another broke through the air, and soon disappeared in the mountains and forests.

Obviously, every Silver Moon-level expert is using his own means to sneak up on Xingluo Island.

Yue Xiaoxian and Shao Chuan flew right in front of Xu Ming.

"They seem to be talking through voice transmission..." Xu Ming looked at Yue Xiaoxian and the two in front of him, and suddenly had an idea, "Xiaohang, help me explore the content of their voice transmission!"

A "probe" was thrown out, and Xu Ming immediately heard the voice transmission between Yue Xiaoxian and Shao Chuan.

"Senior Brother Yue!" This was Shao Chuan's voice, "Then Xu Ming, obviously accepted the Silver Moon Medal mission and left the Yanyan Sacred Mountain; however, he didn't appear here... You say, where did he go? Woolen cloth?"

“Huh? You were just talking about me?”

Xu Ming was startled and continued to listen.

“Humph!” Yue Xiaoxian sneered disdainfully, “Then Xu Ming, I guess he just pretended to accept the Silver Moon Medal mission; but in fact, he didn’t dare to carry it out at all! – Look, wait for him to return to Yanyan. Kamiyama, he will definitely say that he has already done the medal task, but he just failed!”

“This Xu Ming is so vain!” Shao Chuan said disdainfully.

Xu Ming was furious when he heard it: “I’m going, but I’m talking bad about me behind my back? – Brother Ming, I’ve been here a long time ago, and I’m following behind you now, but do you recognize me?”

Xu Ming’s current appearance and vitality~www.readwn.com~ have undergone earth-shaking changes, and it is the appearance of a middle-aged man; moreover, even the cultivation base has been disguised and turned into a silver moon.

It can be said that Xu Ming has completely changed into another person!

Even if he stood in front of Yue Xiaoxian and Shao Chuan, they would not recognize him at all!

Yue Xiaoxian continued to transmit his voice in a depressing voice and said, “We came to do the Silver Moon Medal mission this time, just for that Xu Ming! I didn’t expect that, but he put the pigeons away...”

“It’s for me?” Xu Ming was taken aback – there seems to be some killing intent in this sentence!

“Yeah!” Shao Chuan also said, “I originally thought that I could take this opportunity to kill Xu Ming! – He is also more powerful in the virtual world, and in the real world, he is not your opponent at all, Senior Brother Yue! ”

“Humph!” Yue Xiaoxian didn’t say anything, just snorted coldly.

...

“What?” Xu Ming, who followed behind the two, gradually turned cold, “Kill me?”

Chapter 940: Decadent Figure

Of course, Yue Xiaoxian and Shao Chuan didn’t know that their conversation just now was all heard by Xu Ming.

Want to kill Brother Ming?

Now, Brother Ming is in the dark, and Yue Xiaoxian and Shao Chuan are in the light – it depends on who kills who!

...

Xingluo Island is only a million miles in diameter; in terms of size, it is similar to a low-level divine city.

However, the prosperity of Xingluo Island is far from what the inferior divine cities can match; even many medium divine cities are not as prosperous as Xingluo Island! – After all, the founder of Xingluo Island was a king-level existence, so it’s not surprising!

Amidst the bustling crowd, a blue-clothed swordsman strolled along.

He looked around and was amazed: “It’s really prosperous! Here, even the eight-star gods and nine-star gods are very common, and they are nothing at all!”

You must know that in the ordinary inferior city, the eight-star gods are already the characters of Megatron! However, on Xingluo Island, there are as many eight-star gods as dogs.

“I don’t know... what kind of situation it will be like for a high-class city that is even more prosperous than Xingluo Island...” The blue-clothed swordsman couldn’t help but imagine.

This blue-clothed swordsman is none other than... Xu Ming!

Yes!

Before sneaking into Xingluo Island, Xu Ming opened the “camouflage” again.

This time, he replaced the long spear behind him with a long sword; his appearance has also undergone earth-shaking changes, becoming a handsome young man.

As for the cultivation base...Xu Ming did not disguise, but directly showed his real cultivation base as “eight-star gods”. Therefore, in this Xingluo Island, Xu Ming seemed ordinary and ordinary, not attracting attention at all.

“Hey, no one will ever think that I’m here to perform the Silver Moon Medal mission!”

After disguising again, Xu Ming felt very secure.

“By the way! I have to change my name too!” Xu Ming thought again, “Before, when I was disguised as a long-lance ranger, I was called ‘Xu Gun’; now, I changed it to ‘Xu Jian’?—Xu Jian? Xu Jian No, it’s too ugly!”

After thinking for a while: “The name doesn’t need to be considered. Anyway, I am just a very inconspicuous passerby on Xingluo Island; even if I show people by my real name, it will not attract attention!”

Xu Ming walked all the way to the lively place and wandered in the past.

“After walking around for a long time, I didn’t see a single elder from Xingluo Island...”

It is said that the elders of Xingluo Island are easily recognizable—red, purple, and gold.

“I guess, when the battle breaks out, those elders will appear, right?” Xu Ming thought to himself, “I don’t know when the battle will break out...”

When the battle will break out, it depends on when the almighty who accepted the “King Order Medal” will kill the “Star Luo King”. As for Xu Ming, who came to do the Silver Moon Medal quest, they could only wait silently.

“The battle field over there seems to be very lively!”

Xu Ming did not go directly to the battlefield, but to the towering restaurant next to the battlefield.

He found a seat by the window and ordered some snacks casually: “The location of this restaurant is really good. Sitting here, you can comfortably drink a small drink and watch the battle!”

And near Xu Ming, there were obviously other customers. Like him, they were drinking and watching the battle.

At this time, the two seven-star gods were playing on the battlefield.

Seven-star gods, in a place like Xingluo Island, that is really... as many as dogs!

However, Xu Ming saw the extraordinary from these two seven-star gods at a glance.

“They are not ordinary seven-star gods!” Xu Ming secretly said.

At this time, there was a conversation around:

“It’s really boring! I came here to watch the battle on the Xingluo Island Battlefield; in the end, there were only two seven-star gods on the field!” On the table next to Xu Ming, an eight-star ***** with a fat body and a round waist shook his head. , talking to himself.

“What do you know!” A nine-star ***** on the other table sneered, “I’ve been waiting for years for this battle!”

“Waiting for several years for the battle between the two seven-star gods?” The eight-star ***** who spoke earlier was a little disbelieving.

“Do you think they are ordinary seven-star gods? – Both of them have won ninety-nine consecutive victories in the battle field; in this battle, there will be a hundred victories!”

“Isn’t that the one hundred victories among the seven-star gods? What is it!” Fatty eight-star gods continued to say with contempt.

“Haha!” The nine-star deity sneered, “Bitch! It seems that you don’t know what it means to have a hundred victories on the battlefield! Come on, let me talk to you well... A seven-star deity who can win 100 victories in the battlefield. , the strength is much stronger than your eight-star god! Moreover, if you defeat the god, you can also get the personal instruction of the island owner!”

Island owner?

There is only one Taoist master on Xingluo Island, and that is... King Xingluo!

At first, the fat eight-star ***** was still very disdainful on his face, obviously he didn’t believe that he would be unable to defeat a seven-star god; however, when he heard that he had won a hundred battles in the battlefield and was able to get personal instructions from the island owner, his eyes immediately closed. Become red and red!

The island owner’s personal instructions!

The king-level existence personally points out!

Even a silver-moon-level expert can benefit a lot if he can get personal guidance from a king-level existence! What’s more, what about a star-level god?

Moreover, the fat eight-star ***** has long heard that King Star Luo is very good at teaching his disciples! —Why are there hundreds of Silver Moon-level masters on Xingluo Island? It’s all because of the good teaching of King Star Luo!

Even, many Silver Moon-level masters were not originally from Xingluo Island; however, after receiving the guidance of Xingluo King, they stayed in Xingluo Island for a long time because of their gratitude!

The fat eight-star god, how much he wants to get the guidance of King Star Luo!

“I’m going to fight on the battlefield, and I’m going to win 100!” Fatty Eight-Star God clenched his fists with excitement.

“You?” The nine-star ***** from before sneered, “If you can defeat me, you can go to the battlefield to play!”

“Defeat you?” The fat eight-star ***** suddenly became silent – defeating a nine-star god? He has no such ability!

...

Xu Ming drank quietly~www.readwn.com~ and listened to the chats around him.

“A hundred victories in a battle?” Xu Ming shook his head in disdain – if he wanted to, let alone a hundred victories, even a thousand victories or ten thousand victories would be as easy as the palm of your hand!

You must know that Xu Ming’s cultivation is only an eight-star god! The other eight-star gods, even if they defied the sky, would probably be easily swept away by Xu Ming’s slap.

“I don’t know. The Silver Moon-level existences such as King Xingluo and Xingluo Island have all been killed. Will this Battlefield still exist?” Xu Ming had no interest in the Battlefield, and was only interested in completing the Battlefield. Interested in the Silver Moon Medal quest.

He was drinking here, watching the game, just to pass the time.

At this moment, a decadent figure walked into the restaurant in a lifeless manner.

This decadent figure was inconspicuous at all, but when Xu Ming glanced at it inadvertently, his eyes suddenly glared bigger than the copper bell.

“he...”

Xu Ming couldn’t believe it.
