

A World 961

Chapter 961: Time Traveler

Zhang Gongzi, Yin Li figure, Jin Zhuang and other tyrannical figures rushed into the underground world, all of them were stunned.

“What about people?”

“Where did the people go?”

At this time, the underground world was empty, and there was no life breath, and there was no trace of Xu Ming.

“Impossible!” Zhang Gongzi shouted angrily, “He just escaped into the underground world, he couldn’t have escaped to where! Moreover, there is only one exit to the underground world; that kid is definitely still in the underground world, everyone. Look for it!”

boom! boom! boom! ...

One after another tyrannical figures scattered, looking for Xu Ming.

But at this moment, Xu Ming suddenly withdrew from the invisible state and appeared at the exit of the underground world.

“Everyone, are you looking for me?” Xu Ming asked with a smile.

“Um?”

“Where is he!”

“what happened?”

The top beings in the Silver Moon class are all astonished.

“Hahahaha...” Xu Ming continued to laugh, “What? Seeing that I am carrying a lot of treasure, you all want to win the treasure?”

“Boy!” Zhang Gongzi was already red-eyed because of the treasure in Xu Ming’s hand, “I don’t know what kind of weird tricks you have! But, it’s useless! – I have already set up a big formation and blocked the space; you don’t pay Take out the treasure, don’t think about leaving safely!”

“Haha!” Xu Ming couldn’t help laughing again, “What you said is exactly what I wanted to say! – The exit from the underground world is the one behind me! Since you guys want to rob my treasure, you must be well prepared. Am I ready to grab it?”

“What did you say?” Zhang Gongzi and other top silver-moon-level existences were stunned for a moment, and then they all burst into laughter, “Just you, still want to rob our treasure? Hahahaha... It really made us laugh to death!”

Laugh!

Xu Ming thought to himself.

From the moment he entered the underground world, Xu Ming had already treated them all as dead! -If you want to do something to Brother Ming, you must first make the consciousness of death!

“Brothers, go! Kill him!” The feather fan in Zhang Gongzi’s hand waved at Xu Ming.

The existence of the top silver moon level, they all aggressively attacked Xu Ming.

Seeing this, Xu Ming only smiled lightly, and then took out the “Book of Life and Death” without hesitation. Among these dozen masters, there are several silver moon tenth-rank, and even half-step kings! Xu Ming is wearing the “Soul Possession” hanging, although he has half a step of the king’s fighting power; but, with few enemies, I am afraid that two fists can’t match four hands!

Therefore, Xu Ming very decisively removed the effect of the “soul possession” hanging, and instead opened a “life and death book” hanging!

Xu Ming now has enough 10-level hanging points, opening the “Book of Life and Death” to kill these silver-moon-level existences in seconds, which is easy.

“Zhang Xinhe!” Xu Ming shouted.

The large pen in his hand, even more directly on the book of life and death, dropped these three words.

“Huh?” Zhang Xinhe, the young master of the feather fan and towel, couldn’t help but stunned for a moment – he was a little strange, why did Xu Ming call his name while writing?

Xu Ming’s style is very unique!

Immediately, Zhang Xinhe felt a huge sense of panic inexplicably, as if a catastrophe was imminent!

At this moment, Xu Ming’s large pen unceremoniously drew a fork on the three characters “Zhang Xinhe”!

In Zhang Xinhe’s eyes, a huge panic suddenly erupted; then, his eyes dimmed directly and turned dead gray. There was no trace of life on him.

call out-

Zhang Xinhe’s body fell weakly downward.

“what!?”

“Master Zhang... is dead!?”

The other Yinyue-level existences who tried to rob Xu Ming suddenly panicked to the extreme! – Silently, Zhang Xinhe of the tenth rank of Yinyue died like this!

No one can see how he died!

“It’s the black book in that kid’s hand!” Soon, everyone focused their attention on the life and death book in Xu Ming’s hand.

“That should be a karma attack treasure!” A stern figure with a rancid stench all over his body stared straight at the book of life and death, with scarlet and greedy flames constantly beating in his eyes, “It can kill the tenth rank of Yinyue. The karma treasure!?”

This level of karma treasure is already very precious, enough to make the existence of the king level excited!

Of course, at the same time, this stern figure is also afraid and worried: “If you can kill the tenth grade Yinyue, can you kill me?”

Although the strength of this stern figure is slightly stronger than Zhang Xinhe, it is also very limited; his strength is only half a step to become a king!

Immediately, the expression of the Yin Li figure became extremely ferocious: “If this karma treasure can kill me, then he will definitely kill me; in this underground world, no matter how much I hide, it is useless!”

Since it is useless to hide, then kill!

boom!

The imposing figure of the gloomy figure is surging!

The scarlet aura, like a sea of blood condensed from countless corpses, ferociously rushed towards Xu Ming.

“Ha!” Xu Ming smiled disdainfully, took the dragon and snake in his hand, and wrote two words on the book of life and death again – Night Ghost!

Fork!

The gloomy figure “Night Ghost” shuddered violently, and instantly lost his breath of life.

“hiss-”

“hiss-”

The remaining dozen or so top silver-moon-level existences were extremely frightened.

In the blink of an eye, a silver moon tenth rank and a half-step seal king were already dead! – The black book in Xu Ming’s hand is really terrifying!

“What should I do now?” All the experts hesitated and dared not go forward.

However, Xu Ming was unceremonious, and continued to turn the book of life and death to the next page; he lifted a large pen in his hand and wrote the name of another Yinyue tenth-grade existence.

...

At this time, Xingluo Island was in the sky.

The peaceful space suddenly rolled up an invisible vortex of time and space.

Ordinary gods cannot see this time and space vortex at all. The existence of the silver moon is barely able to discover this vortex, but it is impossible to see any mystery from it.

An extremely tiny black spot appeared in the center of this vortex; then, the black spot gradually grew larger, and it turned out to be a black-robed figure walking out of the vortex—this time-space vortex is connected to the Divine Realm Extreme. A certain “space point” in the distance; and this black-robed figure walking out of the vortex actually came from an endless distant space.

His slow every step, in fact, has passed hundreds of millions of miles.

Whoa!

When the black robe figure walked out of the time-space vortex, the vortex also dissipated directly.

The face of the black-robed figure has a look of exhaustion: “Being a ‘time traveler’ is really tiring! The time and space disorder every time you travel through space is an extremely painful torture!”

After calming down a bit, the black-robed figure looked down at Xingluo Island below: “I don’t know, where is the target of this mission hiding...”

Chapter 962: No Difficulty

Xu Ming did not know that a powerful and terrifying existence had descended on Xingluo Island.

And, it’s still for him!

Zhang Xinhe, Ye Gui, Jin Zhuang and more than ten top silver-moon-level masters had no resistance at all in front of Xu Ming; they were all killed in the blink of an eye.

“Want to rob me?” Xu Ming couldn’t help shaking his head, “It’s about the same for those who came to send death and treasures!”

Putting away the treasures all over the ground, Xu Ming left the underground world again.

Outside the underground world, looking at the dark sky and the stars, Xu Ming couldn’t help shaking his head: “It will take some effort to break this great formation that blocks the space!”

Just when Xu Ming was about to start...

boom!

An invisible big hand brushed past, and the dark sky seemed to be torn apart, revealing its original appearance.

“The big formation... was forcibly broken by an arrogant force!?” Xu Ming looked at this scene in shock.

Immediately afterwards, Xu Ming saw a black-robed figure in the endless clear sky.

The imposing manner of this black-robed figure was not terrifying, but Xu Ming had the feeling he had when facing Su Chen.

“It’s a master!” Xu Ming was suddenly alert.

The figure in black robe looked at Xu Ming, his eyes burning like a torch: “You... Xu Ming?”

Xu Ming was slightly startled, and became more and more vigilant—he knew me?

You know, after Xu Ming came to Xingluo Island, apart from Su Chen recognizing him, he never revealed his identity! Why does this black-robed master who has never met before recognize him?

“It’s for me!”

Xu Ming’s nerves were tense and he asked, “Who are you?”

“I...” The tone of the black-robed figure was very flat, but there was a feeling of sympathy, “I... the one who killed you!”

really!

Xu Ming was startled again and said, “I have never seen you before, so it should be impossible to offend you! Are you... the killer of the Temple of Time and Space?”

Xu Ming immediately thought of this possibility!

After all, when he left Yanyan Sacred Mountain, Lu Qing had warned him that someone was offering him a reward in the Temple of Time and Space, telling him to be careful.

“Killer?” The figure in black robe smiled, “Don’t say it so ugly! To be precise, you can call me a ‘time traveler’; I travel all over the God’s Domain and complete tasks for the Temple of Time and Space! And today’s task is to ...kill you!”

“I advise you not to struggle!” The black robe figure laughed again, “Don’t talk about you, even if you Su Chen from the Yanyan Mountain was beaten by me and fled back then! If I can’t even take you down, I will This time and space traveler, might as well go home and farm! But... I have to say, your kid’s life is really valuable! There are two bounties about you in the Temple of Time and Space, and the price of the bounty is comparable to killing a junior king. It’s gone!”

“Really?” Xu Ming was expressionless, “I’m just weird, how did you know I’m here!”

“Haha...” The black-robed figure sneered, “Ignorance! How can you imagine the means of the Temple of Time and Space?—Okay, I’ve said so much with you, and die with peace of mind!”

boom!

The black-robed figure slammed out with a single claw, shaking the void.

Before this powerful attack, Xu Ming couldn’t even have the slightest idea of confrontation – the opponent had outstripped him too much! Even if Xu Ming used up all his divine essence and divine crystals, he could not be an opponent!

In the face of such an unmatched opponent, it is obviously not a wise move to face it head-on.

Swish!

Without any hesitation, a pure black pebble appeared in Xu Ming’s hand.

It’s the No Difficulty Stone!

“Life-saving treasure, it’s up to you!” Xu Ming also didn’t know what would happen after using the No Difficulty Stone.

Between the lights and flint, there was no time for Xu Ming to think too much.

Xu Ming's divine power instantly penetrated into the No Difficulty Stone, and it was activated.

boom!

The No Difficulty Stone immediately turned into a splendid energy, covering Xu Ming's whole body.

At this time, the attack of the black robe figure also arrived!

rumbling...

The ferocious claw that trembled in the void slammed on Xu Ming, but was directly knocked back.

"Wu Difficult Stone!" The black robe's face was ugly – of course he recognized Wu Difficult Stone, and he knew that Xu Ming could no longer be killed today!

In the next instant, the splendid energy released by the Wudi Stone enveloped Xu Ming and disappeared!

"Humph! It's a waste of time!" The black-robed figure stood in the void, angrily, "However, even if you use the Wudi Stone, so what! When you come back from the 'No Difficulty Realm', you can't escape. Killed by me – You can only enter the Wudi Realm once, and the Wudi Stone can only be used once; next time, I will see what life-saving treasures you have!"

The figure in the black robe is not worried at all, after killing Xu Ming, will he be revenge by the Yanyan Mountain! After all, he is a space-time walker, with his back against the space-time temple; although the Yanyan Sacred Mountain is powerful, compared with the space-time temple, the top power in the gods, it is the gap between the ants and the dragon!

...

"What's going on?" Xu Ming was enveloped in the splendid energy and felt the scene outside changing rapidly, "This splendid energy seems to be taking me somewhere!"

At this moment, the invulnerable stone that had turned into black powder in Xu Ming's hand sent the last message into Xu Ming's mind.

After Xu Ming read this message, he quickly understood everything.

It turned out that the Wu Difficulty Stone was a peak existence in the Divine Realm, scattered all over the Divine Realm.

There are two uses of the Wu Difficulty Stone, one is to save lives, and the other is to transport people to the Realm of No Difficulty! —And the Realm of No Difficulty is a small world created by the peak existence of the God Realm.

In the Realm of No Difficulty, only one “body” is allowed to appear – for example, Xu Ming now, the ancient cultivator's avatar is outside, and the avatar of Tiandao Liu is hiding in the world ring; then, after reaching the Realm of No Difficulty, the avatar of Tiandao Liu can no longer come out. Now, only the ancient cultivator clones are active outside.

“In the Realm of No Difficulty, it is mainly the inheritance of the Heavenly Dao School; my ancient cultivator cloned into it, and it seems that he will not get much benefit!”

The cultivation of the Heavenly Dao school depends on the understanding of the Heavenly Dao and inheritance!

The cultivation of the ancient cultivator school mainly relies on refining the treasures of the gods.

Xu Ming thought for a while: “Switch avatars!”

In an instant, Xu Ming put the avatar of the ancient cultivator into the world ring; at the same time “released” the avatar of Tiandao Liu.

“The strength of my Heavenly Dao Liu clone is really... weak!” Xu Ming looked at himself and smiled bitterly.

After coming to God's Domain, Xu Ming has been cultivating the ancient cultivator school, which has led to the abandonment of the Tiandao school! So far, the strength of the Heavenly Daoliu clone is only... a demigod!

Therefore, Xu Ming's Heavenly Dao Liu clone is not only a little weak, it's simply... weak to scum!

But Xu Ming can't do anything about it. After all, the cultivation of the Heavenly Dao school is relatively slow, but the ancient cultivator school can be done quickly! —Xu Ming, who just came to God's Domain, urgently needs to improve his strength. Naturally, he chose to focus on the ancient cultivator genre!

“Hopefully, this legendary Heavenly Dao school cultivates the blessed land – the Realm of No Difficulty! You can give me some surprises!” Xu Ming expects that the strength of the Heavenly Dao Liu clone can undergo a more obvious transformation within the Realm of No Difficulty!

About a quarter of an hour passed.

In front of Xu Ming, he suddenly felt an incandescent light.

“The Realm of No Difficulty, it's here!”

Chapter 963: Pick Out

Whoa!

After a burst of dazzling incandescent light, Xu Ming saw the scene in front of him clearly.

This is a quiet valley.

In the valley, the birds and flowers are fragrant, and the mountainside is surrounded by clouds and mists. The ground of the valley is very flat, and a complex teleportation array is also depicted.

“Um?”

Xu Ming saw at a glance that there were already four figures in the valley, sitting cross-legged.

“Wow! The fifth person is finally here!” A burly man with bare arms saw Xu Ming coming, and immediately stood up dancing.

“It’s finally here!” Another handsome young man in gorgeous clothes had a hint of impatience on his face.

“What? The fifth person who made us wait for so long is actually a demigod!” Another voice was full of displeasure.

Xu Ming recognized the last of the four—it was Yue Xiaoxian who had used the Wu Difficult Stone before!

“I actually met Yue Xiaoxian as soon as I came here!” Xu Ming was too lazy to pay attention to Yue Xiaoxian and ignored him – he and Yue Xiaoxian formed a conflict when they were in the Yanyan Mountain; later, Xu Ming learned that Yue Xiaoxian had tried everything possible. To kill yourself!

Now I meet Yue Xiaoxian in the world of no difficulty, of course, needless to say; after understanding the rules of the world of no difficulty, just kill it!

Yue Xiaoxian also saw Xu Ming, but he didn’t say anything because he didn’t know Xu Ming.

However, the fierce light that flickered in Yue Xiaoxian’s eyes from time to time betrayed his current inner thoughts.

Xu Ming turned his gaze to the other three, and said to himself, “It seems that two of these three are not very friendly to me!”

Xu Ming was a little puzzled – I just arrived, and I didn’t provoke these two people. Why did they show such an unfriendly attitude towards me?

Xu Ming only thought that the two had bad personalities, and didn’t think much about it.

“Since the five people have arrived, let’s activate the teleportation formation and set off together!” said the handsome young man in Chinese clothes.

“it is good!”

“it is good!”

Xu Ming was a little curious.

At this time, the sturdy man explained to him: “Use the No Difficulty Stone to come to the No Difficulty Realm; only five people must be gathered before the teleportation formation can be activated!”

In the Realm of No Difficulty, there is a strange space suppression; those who hide in the world ring cannot come out in the Realm of No Difficulty!

Therefore, if you want to gather five people, five people must use the Wudi stone and come to the Wudi realm.

“Oh!” Xu Ming heard it – so the four of them were waiting for their arrival!

Moreover, Xu Ming reckoned that the young man in Chinese clothes and the other lean figure should have been waiting here for a long time, so he felt unhappy.

After the burly man finished explaining, he whispered into his voice again: “These two people with a bad tone saw that you were a demigod, so they were deliberately bullying you!”

“Is that so?” Only then did Xu Ming understand that the young man in Chinese clothes and the other lean figure were despising him!

Xu Ming took a look at the cultivation of these two people. Both of them were Yinyue sixth-order, and they were indeed qualified to despise him as a “half-god”.

“However, you don’t have to be afraid of them! Even if they want to bully you, they can only show their faces to you, but they don’t dare to do it!”

“In the realm of no difficulty, it is forbidden to do anything?” Xu Ming couldn’t help asking.

If this is the case, if he wants to deal with Yue Xiaoxian, he will have to work harder.

“Some areas are forbidden, and some areas can still kill each other!” The big man still knows a lot about the Realm of No Difficulty.

“Thank you for letting me know!” Xu Ming cupped his hands, “Xu Ming, I don’t know what to call my brother?”

Xu Ming still had a very good impression of this sturdy man! Several other people ignored him; only this sturdy man told Xu Ming so much.

“Xiong Shan!” The big man introduced himself.

While speaking, the teleportation formation in the quiet valley has been activated.

As soon as the white light appeared, the five people were directly teleported to a city.

“No Difficulty City!”

This is a pale yellow city; every brick and stone in the city seems to be imprinted with the traces of endless long years.

As soon as the young man in Chinese clothing entered the city, he didn’t even look at the other people; he looked for one direction and left immediately.

At this time, the lean figure walked up to Xu Ming and scolded: “Do you know how much time the four Silver Moons of us have been wasted in order to wait for you as a demigod? – Since you got the Stone of No Difficulty, why didn’t you come earlier? Use, come in early?”

When he was in the quiet valley before, the lean figure didn’t dare to scold Xu Ming at that time because he was worried that Xu Ming would not cooperate with starting the teleportation formation. Now that he has been teleported to Wudi City, he naturally has no scruples and is directly reprimanded.

Xu Ming couldn't help laughing when he heard the slender figure's statement: "The Wu Difficulty Stone was originally used to save one's life in times of distress; I just used it when I was in distress. Is there any problem?"

"Hmph! I'm even more angry when I hear you say this!" the lean figure hummed, "The stone of no difficulty! How many times more precious and valuable than the life of a half-god like you! In the end, you were killed by one and a half. God used it up, what a waste! What a waste of treasure! Humph! If it wasn't forbidding to do anything in the city of Wudi, I would like to pinch you to death now! – Moreover, even if you use the stone of Wudi, you will come to the Realm of Wudi. Do you think you can live? Tell you, the Realm of No Difficulty is not as safe as you imagined; you are a demigod, and it is even more impossible for you to leave the Realm of No Difficulty alive!"

"Just do it for yourself!" The lean figure reprimanded Xu Ming for a while, feeling much better before he walked away.

"It's inexplicable!" Xu Ming snorted disdainfully in his heart – if it weren't for the fact that it was strictly forbidden in Wudi City, Xu Ming would definitely teach him a good lesson and teach him not to look down on others with the attitude of this lean figure.

"Xu Ming!" Yue Xiaoxian, who had been silent for a long time, suddenly shouted coldly, "You didn't come to do the medal mission, but you used the Wudi stone! Hmph, I hope you can leave the Wudi realm alive!"

Because Xu Ming was disguised to do the medal task, Yue Xiaoxian never knew about it.

"Didn't come to do the medal mission?" Xu Ming sneered, "Yue Xiaoxian, how does it feel to be besieged by the elders of Xingluo Island?"

"You..." Yue Xiaoxian's eyes widened and he said in surprise, "How did you know? Could it be..."

"Hahaha!" Xu Ming said with a smile At that time, I was not only on Xingluo Island, but also personally planned the elders of Xingluo Island to besiege you! -How about it? Accident? Ha ha ha ha..."

"You did it!" Yue Xiaoxian's eyes spit fire.

“That’s right!” Xu Ming said with a disdainful smile, “Yue Xiaoxian, you don’t have to come here with a bitter and bitter look; you came to do the Silver Moon Medal quest, didn’t you just come to kill me? In that case, you Be ready to be killed! – Now that you and I have come to the Realm of No Difficulty, do you think I will let you leave here alive?”

Xu Ming has wanted to kill Yue Xiaoxian for a long time, and now he just picked it up!

“Hahahaha...” Yue Xiaoxian smiled disdainfully, “You want to kill me? Just because you are still a demigod from the Heavenly Dao Liu avatar? Haha, even if it is the body you cultivated in the ancient cultivator school, is it my opponent? – You’d better not let me see you outside Wuyi City; if you see it, you will die!”

“Really?” Xu Ming was looking forward to meeting Yue Xiaoxian outside Wuyan City; at that time, it was his death.

But now, Xu Ming has just arrived, and he doesn’t know anything about the Realm of No Difficulties; therefore, he is not in a hurry to kill people, but prepares to get to know the Realm of No Difficulties first.

Chapter 964: Heritage Monument

Yue Xiaoxian walked away.

“Xu Ming?” The big man “Xiong Shan” looked at him in surprise, “You also practiced the ancient cultivator school? How strong is it?”

Just as Xu Ming was about to answer, Xiong Shan hurriedly said, “If I guessed correctly, the body you cultivated in the ancient cultivator school should be in your world ring now, right?”

“Yes!” There was nothing to hide, Xu Ming replied directly.

“In this case...” Xiong Shan said solemnly, “Brother Xu Ming, you must protect your Heavenly Dao Liu clone!”

“Oh?” Xu Ming was a little puzzled.

Xiong Shan continued: “In the Realm of No Difficulty, there are rules set by the existence of peaks to suppress it! The creatures in the world ring cannot come out! – If your avatar of Heavenly Dao Liu accidentally falls; then, your ancient The cultivator clone will be trapped in the world ring forever!”

Xu Ming was shocked: “Yes!”

Xiong Shan is a very enthusiastic person: “Xu Ming, you don’t know much about the Realm of No Difficulty, right? – I know a little bit, otherwise, you can come with me first!”

“That’s daring!”

...

Xiong Shan knew a lot about the Realm of No Difficulty. What made him speechless was that Xu Ming didn’t know anything about the Realm of No Difficulty before he entered the Realm of No Difficulty.

“There are so many people in the Wudi Realm... They all came in using the Wudi stone?” Xu Ming followed Xiong Shan and shuttled through the streets of Wudi City, looking at the silhouettes of masters, and couldn’t help but be shocked.

“That’s for sure!” Xiong Shan said, “Only by using the No Difficulty Stone can you come to the No Difficulty Realm!”

“A lot of people...” Xu Ming sighed again.

“There’s nothing surprising about this! – The Divine Realm is so vast! Moreover, many of the masters in the city of no difficulty have come in a long time ago; however, after entering, they have never left here!”

“Oh...” Xu Ming nodded secretly.

“The front is our destination!” Xiong Shan pointed to the wide square in front of him and smiled.

This wide square is the center of Wudi City, and it is laid out in the pattern of nine palaces and gossip.

In the square, you can see some gods and gods sporadically.

In the center of the square, there are two black sword-shaped steles.

In front of one of the sword-shaped steles, there are three gods lined up, among them the previous lean **** and Yue Xiaoxian. And another sword-shaped stone tablet, but no one cares.

“This is...?” Xu Ming asked curiously.

Xiong Shan introduced with a smile: “The reason why the Realm of No Difficulty is called the blessed land of the Heavenly Dao school is because of these two stone monuments! – These are two inheritance monuments!”

“Inheritance monument?”

“Not bad!” Xiong Shan said, “The one on the left is the Yinyue-level inheritance monument; the inheritance content in it goes straight to the half-step king realm! And the one on the right is the star-level inheritance monument; The inheritance content can go directly to the ten-star gods! – We have just arrived in the realm of no difficulty, and we all have a free inheritance opportunity; the next time we come to inherit, we need points in the realm of no difficulty!”

“Points?” Xu Ming was a little curious.

“I don’t know exactly what the points are! Let’s go back and find out together!” Although Xiong Shan has some understanding of the Realm of No Difficulty, after all, he has just entered the Realm of No Difficulty; the previous understandings are all from hearing Come, not detailed enough.

“Okay!” Xu Ming smiled.

“Xu Ming, you are a demigod now, and you can only enter the star-level inheritance monument! There is no one over there, you should go and accept the inheritance first! If I say it, you have to

queue up!” Xiong Shan’s cultivation base is Yinyue Six Therefore, it is definitely necessary to enter the Silver Moon Grade Heritage Monument.

“Yeah!” Xu Ming nodded.

“Come on! It’s up to you how many inheritances you can receive! – I heard that there used to be the most powerful demigod who became a seven-star ***** directly from a demigod in just one inheritance. It’s...” Xiong Shan sighed.

In one inheritance, he was promoted from a demigod to a seven-star god?

Xu Ming was secretly shocked.

In this case, in the star-level inheritance monument, if you inherit it three or five times, won’t you be able to become a ten-star god?

“What a monster!” Even Xu Ming couldn’t help but sigh.

You must know that the Tiandao genre is originally a relatively slow and hot genre, and it is difficult to achieve it quickly. One inheritance, seven levels in a row, really perverted!

But Xu Ming also knew that such perversions were only individual after all. The vast majority of inheritors should not have such a good inheritance effect.

“I don’t know, what the effect of my first inheritance will be!” Xu Ming bowed his hands at Xiong Shan and walked directly towards the star-level inheritance monument.

“Good luck!” Xiong Shan gave a secret blessing in his heart.

“Look! There are demigods!”

The appearance of Xu Ming immediately attracted some attention. After all, the cultivation level of a demigod is really too low; in the city of no difficulty, it is too much to stand out from the crowd!

In fact, let alone demigods, even if they are gods, not many people come to the Realm of Difficulty! – How precious is the Unbreakable Stone! To use it for gods and demigods, it’s really a waste of time!

Therefore, no one cares about the star-level inheritance monument.

“Boy! With your strength, do you really have the face to accept the inheritance?” The lean figure didn’t know why, but he was unhappy with Xu Ming; when he saw Xu Ming, he liked to sneer.

“Take care of your mouth!” Xu Ming sneered, “Be careful that disasters come out of your mouth!”

“Ha!” The lean figure couldn’t help laughing, “You are a mere demigod, and you dare to threaten me?—Humph! In Wudi City, I really dare not shoot at you; however, you’d better never leave Wuwu City. Difficult city!”

“Heh!” Xu Ming took a deep look at the lean figure, and without further ado, walked directly to the star-level inheritance monument.

He covered the palm of his hand on the inheritance monument, and in a flash, an invisible force swept over Xu Ming, dragging him into the space inside the inheritance monument.

...

Inside the Inheritance Monument is an endless world of nine colors.

Gold, wood, water, fire, earth, wind, thunder, yin and yang, these nine heavenly ways, nine colors, are filled with boundless inheritance space And Xu Ming is at the point where the nine heavenly ways meet!

The nine great heavenly ways, any one of them, are broad and profound, as vast as a sea of smoke, and endlessly changing.

If you want to write a certain Heavenly Dao in the form of words; then, even if you write hundreds of billions of words or trillions of words, it is not enough to write a drop! – Of course, the mystery of the way of heaven cannot be carried in words at all!

And the fusion between the Heavenly Dao is even more complicated than the mystery of a Heavenly Dao itself!

Anyway...

Comprehension of the nine great heavens is difficult!

Integrating the Nine Heavens is even more difficult!

It is even more difficult to climb to a higher cultivation realm based on the nine great heavens!

Xu Ming closed his eyes slightly, his expression solemn and peaceful.

“Inheritance...begins!”

Chapter 965: Unprecedented

The star-level inheritance monument is divided into ten sections.

What level of Heavenly Dao perception of the inheritor, this black sword-shaped inheritance monument will light up a few paragraphs.

For example, when a three-star deity first accepts inheritance, the lower three sections of the black inheritance monument will be lit up. During the inheritance process, when the inheritor's perception of the way of heaven is raised to a few stars, the inheritance monument will be lit up to several paragraphs accordingly.

...

“I don't know if Xu Ming's inheritance will be able to raise his understanding of the way of heaven to a few gods?” Xiong Shan looked forward to it.

Of course, he knew Xu Ming's extraordinaryness, and naturally he was very optimistic about Xu Ming's inheritance this time.

"The most monstrous achievement in history is that a demigod directly becomes a seven-star deity! Even if Xu Ming is a little bit close, he should be able to become a five-star deity in one inheritance!" Xiong Shan secretly said, "It shouldn't take a quarter of an hour, the number one inheritance monument. The segment will be lit!"

The time for an inheritance is two hours, that is, "sixteen quarters".

"Humph!" Yue Xiaoxian looked at Xu Ming's inheritance monument and sneered in his heart, "This kid, he practiced the ancient cultivator school before; this shows that he is not very good at the Tiandao school! – I don't believe it, he How can the effect of this inheritance be better!"

At the same time, Yue Xiaoxian thought a lot in his heart.

"This kid can come to the world of no difficulty, it should be God Emperor Yan Yan who gave him the stone of no difficulty! It is estimated that God Emperor Yan Yan also hopes that he can make some achievements in the school of heaven!" Yue Xiaoxian pondered in his heart, "It's just... God Emperor, doesn't she know that in this world of no difficulty, it's easy to get in, but difficult to get out? With Xu Ming's strength, can he get out?"

The Realm of No Difficulty is not only a place to save lives, but also a "genius cage"!

I don't know how many geniuses in the God Realm have been trapped for hundreds of millions of years after entering the Realm of No Difficulty.

The slender figure who always despised Xu Ming's troubles, and there was also a strong disdain in his eyes: "A demigod, he dares to be arrogant in the world of no difficulty! Looking back, I will definitely let him not even know how he died!"

When the other gods in the square saw that a demigod had entered the inheritance monument, they couldn't help but look around curiously.

"It's been a long time since a demigod came to Wudi City, right?"

“It’s been a long time indeed! After all, it’s almost impossible for a demigod to get the No Difficulty Stone; moreover, after a demigod enters the No Difficulty Realm, it is very difficult to leave!”

“However, the demigod who can get the Wudi Stone must be the best among the best! I’m looking forward to seeing what level this half-god can reach for the first time he accepts inheritance!”

“Haha! I’m looking forward to it too! Why not, who will set up a gambling game and join in the fun?”

“Betting what? Betting on points?”

“How is it possible to bet with points? This is the most important thing in the realm of trouble!”

“Ha ha…”

Time passed by every second.

Soon, half an hour passed.

“Half a quarter of an hour, this star-level inheritance monument still has no response! It seems that this demigod who entered is not so evil!”

It has been half an hour since Xu Ming entered the inheritance monument, but even a section on the inheritance monument has not been lit up; this shows that Xu Ming’s perception of the way of heaven has not even reached the level of a deity, but is only at the level of a demigod.

“There are very few people who can light up the first inheritance monument in half a quarter of an hour! It’s not surprising that he can’t do it!”

“Under normal circumstances, if a demigod can light up the first paragraph of the inheritance monument within a quarter of an hour, it means that he has the potential of being a king! – However, a demigod with the potential to be a king is so easy to appear. ?”

After a while, a quarter of an hour passed.

“It’s still not lit for a while!”

“It seems that this demigod who entered has no potential to become a king! It can only be regarded as an ordinary genius!”

“It’s not necessarily that he doesn’t have the potential to become a king! Maybe, his cultivation time is still short?”

“But in any case, the potential is not much stronger!”

Seeing this, Yue Xiaoxian sneered even more: “It’s been a quarter of an hour... It seems that Xu Ming’s talent in Tiandao Liu is really average! Without the potential to become a king, his future achievements in Tiandao Liu will be limited after all! ”

The lean figure has always sneered disdainfully: “Such a poor talent has come to the world of no difficulty! This kind of person is purely a waste of the stone of no difficulty!”

Xiong Shan was slightly surprised: “Xu Ming’s talent doesn’t seem to be as strong as I thought!”

There are more and more gods gathered around the inheritance monument, and the discussions are getting louder and louder.

But there is only one topic of discussion – not optimistic about Xu Ming!

Then soon, the onlookers discovered that this demigod inheritor was even more... scumbag than they thought!

Yes, even more scum!

When the inheritance time passed two quarters of an hour, the star-level inheritance monument still did not respond!

“Uh... It’s been two quarters of an hour, and I still haven’t become a one-star god! This demigod inheritor has a really poor talent!”

“Among all the demigod inheritors, it should be regarded as the middle and lower level!”

“In this way, even if you enter the silver moon level in the future, you can only be the weakest among the silver moon level!”

...

However, when the onlookers felt that Xu Ming’s aptitude was already scum! However, Xu Ming challenged “more scum” time and time again!

For three quarters of an hour, the Inheritance Monument remained unresponsive!

For four quarters of an hour, the Inheritance Monument remained motionless!

Five quarters of an hour...

six quarters of an hour...

Eight quarters!

“Damn it!” There were already many onlookers who couldn’t help but scolded, “The qualifications of this demigod inheritor are too bad, right?”

“It’s been eight quarters of an hour, and most of the inheritance time has passed, yet I haven’t become a **** yet! In the history of Wuyi City, it seems that there has never been a demigod with such poor aptitude?”

“With such poor aptitude, how on earth did he get the No Difficulty Stone!”

“Yeah! He used up the Wudi Stone, it’s just a waste of money!”

“A stone without difficulty is worth billions of times more than his life! Even if there are hundreds of millions of such demigods, it is not as valuable as a stone without difficulty!”

In the eyes of many onlookers, Xu Ming's aptitude can no longer be described as "poor"! Simply... very bad! Not bad! Bad to the extreme! Travel to new heights!

In the long history of No Difficulty Realm, there has never been a demigod inheritor like Xu Ming!

Not even in the future!

Xu Ming's aptitude in the Heavenly Dao school is simply too poor... There is no one before or after!

only...

Is that so?

Is Xu Ming's aptitude in understanding the Tao of Heaven really that bad?

...

The gods who inherited the peripheral view of the monument were shocked by the difference in Xu Ming's aptitude!

However, the "stele spirit" in the inheritance monument was also completely shocked! -However, the shock of the monument is completely different!

The stele spirit is usually in a deep sleep state, but when Xu Ming's inheritance reached the sixth quarter of an hour, it woke up!

"Monster... pervert..." The tablet spirit hid in the dark and stared at Xu Ming, shocked beyond words.

Chapter 966: 9 Dao Becomes A God

The Realm of No Difficulty was built by a certain peak existence in God's Domain; the Inheritance Monument was also left by that peak existence.

The existence of the peak, the understanding and application of heaven and order, has already reached an unimaginable realm. Like the star-level inheritance monument, it contains all the mysterious changes of the nine heavens.

In the inheritance monument, the inheritor can directly accept the inheritance of the mysterious heaven; as for how fast they can comprehend, it depends on their understanding and qualifications!

“Amazing!”

“It’s so vast!”

Xu Ming eagerly absorbed the mysteries of the Dao of Heaven.

Originally, although Xu Ming had a lot of understanding of the Heavenly Dao of Fire, the Heavenly Dao of Wind, etc., his understanding was still too superficial and superficial after all!

Yes, superficial!

To use an analogy, the nine heavenly ways are like the nine numbers “123456789”. I have fully comprehended the nine heavenly ways, and I have only just learned nine numbers!

And the mutual integration of the nine heavenly ways is like “addition, subtraction, multiplication and division functions” and so on! – It is easy to recognize nine numbers, and first-grade elementary school students can easily learn them; and those “addition, subtraction, multiplication and division functions”, etc., can make mathematicians study for a lifetime!

This is the difference in difficulty between “comprehend the nine great heavens” and “integrate the nine great heavens”!

And Xu Ming...

When he first entered the Inheritance Monument, Xu Ming hadn’t even learned a single “number”!

However, for Xu Ming, wanting to learn one or two “numbers” in the inheritance monument and become a one-star deity is simply as easy as the palm of your hand!

However, Xu Ming did not do this!

As soon as Xu Ming entered the Inheritance Monument, he learned nine “numbers” at the same time, that is... At the same time, he understood the nine heavenly ways of “Gold, Wood, Water, Fire, Earth, Wind, Thunder, Yin and Yang”!

Comprehend the nine heavens at the same time!

How confident Xu Ming is about his own perception!

In fact, in less than a quarter of an hour, Xu Ming had already realized all the nine great ways of heaven to the “extreme demigod”! Any way of heaven, as long as you go a little further, you can become a god!

However, Xu Ming deliberately stopped at this time – no longer improving the perception of any one of the heavens, and began to integrate the nine heavens!

That’s right!

Xu Ming is going to perfectly integrate all the nine heavenly ways, and then all of them will become gods in one fell swoop!

Before the successful fusion, Xu Ming was only a demigod; after the successful fusion and breakthrough, Xu Ming will directly become a nine-star god!

What a great confidence this is!

However, only at the sixth quarter of an hour, Xu Ming did it!

The nine heavenly ways that have all realized the limit of demigods were perfectly integrated by Xu Ming!

Next, there is only one problem that Xu Ming has to face – breaking through the nine great heavens to the **** level at the same time!

“Monster... Metamorphosis...” The stele spirit hiding in the dark was also deeply shocked by Xu Ming!

As the stele spirit of the inheritance stele, all kinds of enchanting geniuses, it has really seen a lot! However, like Xu Ming, who started with almost “zero foundation” and accepted the inheritance in just six quarters of an hour, he realized all the nine heavenly ways to the limit of demigods, and all of them were perfectly integrated...

Such a monster, it is really the first time I have seen it!

In the long history, it has never appeared; in the endless long years to come, I am afraid that it will not be seen in the inheritance monument!

“There is no one before or after!” This is the evaluation of Xu Ming by the stele spirit.

“With such a monstrous talent, I’m afraid it can be compared with the master back then!” The master in the tablet spirit’s heart is naturally the peak existence of the god’s realm who created the world of no difficulty, “However, the master’s cultivation path is different from his! I don’t know. , does he have a chance to get the master’s true inheritance...”

At the sixth quarter of an hour, the stele spirit woke up from his deep sleep; after that, the stele spirit kept staring at Xu Ming, looking forward to seeing if he could break through the bottleneck!

Eighth quarter of an hour...

Xu Ming abruptly opened his eyes, and his eyes suddenly lit up!

“It’s time to break through!”

The mystery of the nine great heavens breaking through from the limit of demigods to gods is already in Xu Ming’s chest!

After the breakthrough, he will directly step into the nine-star gods in the Heavenly Dao genre!

Nine ways become gods!

...

Inheritance monument.

The onlookers, the gods, are all boiling!

“It’s really amazing! After more than eight quarters of an inheritance, I haven’t even become a ***** yet!”

“I have some doubts, how did he become a demigod! – Logically speaking, to be a demigod, one’s aptitude shouldn’t be so bad!”

“When he comes out, I must take a good look, what a wonderful demigod this is!”

“I don’t know if it will, but when the inheritance ends, he will still be a demigod!”

There are more and more gods watching the lively.

The aptitude of a super evildoer can attract attention; the aptitude of a super scum can also attract attention!

In the eyes of these onlookers, Xu Ming is the kind of super scumbag talent!

Scum is incredible!

Yue Xiaoxian’s face was stunned: “This Xu Ming’s aptitude in the Heavenly Dao school is so poor! Also, didn’t the God Emperor know that his aptitude was poor, and he actually gave him the Stone of No Difficulty?”

At the same time, Yue Xiaoxian's eyes flickered with a ferocious light: "I don't know, did Xu Ming's ancient cultivator clone come to the Realm of No Difficulties together in the world ring? If he did, it would be fun, he might want to Trapped here forever!"

If you want to leave the Realm of No Difficulty, you need at least the strength of 10th Grade Yinyue!

In Yue Xiaoxian's view, Xu Ming's Heavenly Dao Liu clone may never be able to achieve such strength!

If you can't reach the strength, you will never be able to leave the Realm of No Difficulty!

suddenly...

boom!

The bottom section of the star-level inheritance monument suddenly burst into light!

Bright!

Many gods watched for more than eight quarters, and the inheritance monument finally lit up!

For a time, the eyes of the onlookers suddenly lit up.

"I rely on!"

"It's finally bright!"

"Eight quarters of an hour to light up the first paragraph of the inheritance monument, what is the difference in this qualification!"

"The vast Divine Realm is indeed full of wonders! Even people with such poor qualifications will exist!"

One after another, the gods couldn't help cursing in their hearts.

However, they haven't waited for them to express their thoughts with their mouths...

boom!

Immediately afterwards, the second segment of the Inheritance Monument also lit up.

“Um?”

“what?”

“what happened?”

The onlookers were all stunned, and they couldn't react for a while. What was the situation?

“How come the Inheritance Monument is lit up twice in a row?”

“Is the inheritance monument broken?”

“Fuck! The Inheritance Monument was made by the peak power of God's Domain How could it possibly be broken? – Even if God's Domain was destroyed, the Inheritance Monument could not be damaged!”

“What's the situation!?”

boom!

Without giving the onlookers any time to breathe, the third section of the Inheritance Monument is lit up again!

boom!

Fourth paragraph!

...

The black sword-shaped inheritance monument divided into ten sections lights up one section after another, making the gods bewildered.

Suddenly, Xiong Shan thought of a possibility: “Could it be that... Xu Ming is not incapable of aptitude, but has become a ***** from multiple heavens at the same time!?”

Chapter 967: Peerless Monster

Multiple heavens become gods at the same time! ?

One after another onlookers thought of this possibility!

“Yes! It must be so! Otherwise, it is impossible for the inheritance monument to light up one after another!”

“I don’t know... Will several heavenly paths become gods at the same time?”

“Could it be that the nine heavenly ways became gods at the same time?”

“It’s not impossible! After all, the inheritance monument has already lit up four stages!”

“If it is true that the nine heavenly ways become gods at the same time, it will be terrible!”

...

You know, star-level gods can be divided into “one star” to “ten stars”.

A cultivator of Tiandao Liu can achieve “one star” strength as long as he becomes a ***** on his own.

Completely comprehend the three Heavenly Dao, or “integrate” two Heavenly Dao, for “two-star” strength!

Completely comprehend the five heavenly ways, or merge the three heavenly ways, it is “three-star”!

Completely comprehend the seven heavenly ways, or merge the four heavenly ways, it is four stars!

Completely comprehend the eight heavenly ways, or merge the five heavenly ways, it is five stars!

Completely comprehend the nine heavenly ways, or merge the six heavenly ways, it is a six-star!

Fusion of the seven heavenly paths, seven stars!

Integrate the eight heavenly paths, for eight stars!

The perfect integration of the nine heavenly paths is nine stars!

And the ten-star strength, after the perfect integration of the nine heavenly paths, has gone a step further!

...

At this time, the Inheritance Monument has already lit up for four stages; this shows that Xu Ming is already a four-star god! It also means... Xu Ming has either fully understood the seven heavenly ways, or has integrated four heavenly ways!

These two possibilities, whichever they are, are very scary!

Incredible!

And “integrating the four heavens” is even more difficult than “understanding the seven heavens”!

boom!

Fifth paragraph, light up!

Beside the inheritance monument, the contemptuous eyes have long since turned into panic and shock without knowing it! As the fifth paragraph of the Inheritance Monument lit up, all the bodies of the gods who were watching couldn't help but tremble.

And then right after...

boom!

Paragraph 6, light up!

All the onlookers looked at the gods, and their bodies were shaken again.

Six-star gods!

Break through directly from a demigod to a six-star god!

All the gods understood that Xu Ming either became a **** from the nine heavens at the same time, or he merged the six heavens and became a **** at the same time!

“horrible!”

“What kind of enchanting aptitude is this!”

“It's ridiculous that we mocked him just now...”

“Six-star gods, should this be stopped?”

However, Xu Ming disappointed the onlookers! – He didn't stop!

boom!

The seventh paragraph of the inheritance monument, light up!

“what!?”

“hiss-”

“it turns out...”

The expressions of the onlookers became more and more frightened.

You must know that in the endlessly long history, the best inheritance results were only used by a demigod to become a seven-star god! —Xu Ming, he has already tied the best inheritance score in history!

and...

The entire inheritance has two hours, and now, only one hour has passed!

In other words, Xu Ming has surpassed the best inheritance score in history!

“What kind of enchanting qualification is this!”

“For him, stepping into the king level in the future is almost a certainty!”

“Peerless monster!”

However, Xu Ming didn’t seem to want to relax the nerves of the onlookers.

boom!

The eighth paragraph of the inheritance monument, light up!

“Could it be...”

“Shouldn’t it be...”

At this moment, all the onlookers were not shocked, but fixed their eyes on the ninth paragraph that had not yet lit up.

They tell themselves that this is impossible! If the ninth paragraph also lights up, then Xu Ming is... After the nine heavens are perfectly integrated, they will become gods at the same time!

The nine great ways of heaven become gods at the same time, and some can be found in the realm of the gods; however, after the perfect fusion of the nine great ways of heaven, they become gods at the same time, never before! – After all, it is much more difficult to integrate the nine heavens than to comprehend the nine heavens!

No one believed that Xu Ming could do this!

However, everyone couldn’t help but look at the ninth paragraph, wanting to see if there would be a miracle!

Live up to expectations!

A miracle happened!

boom!

The ninth paragraph of the inheritance monument, light up!

“hiss-”

“hiss-”

“hiss-”

In the entire square, there were only shocked eyes and a sound of breathing cold air.

The ninth paragraph of the Inheritance Monument lights up, but it is actually just the nine-star gods. The onlookers, however, all have the strength of the silver moon; the strength of the nine-star gods is really not worth mentioning to them!

However, everyone was shocked! – Shocked by Xu Ming’s demonic aptitude!

They know very well that although Xu Ming’s current strength is not as good as them, I am afraid that they will be thrown away soon!

This is a figure who can stir up the situation in the God’s Domain in the future!

This is a peerless monster that has never appeared in the history of God’s Domain!

Xu Ming’s qualifications are daunting!

However, the onlookers did not know that Xu Ming was far more enchanting than they thought!

At this time, Xiong Shan was completely stunned! At the same time, I was secretly glad that I had made a good relationship with Xu Ming, and the relationship with Xu Ming was very good.

In comparison, the slender figure who had been making things difficult for Xu Ming before, now his face was very ugly.

The lean figure couldn’t help but remember the warning Xu Ming said before entering the inheritance monument – watch your mouth, and be careful that misfortune comes out of your mouth!

The lean figure at that time, how arrogant; he naturally dismissed Xu Ming’s warning! But now, the lean figure recalled this sentence, but his back was chilled; he found that he had offended a peerless evildoer who could not be offended!

The one with the most ugly face is Yue Xiaoxian! -Xu Ming's enchanting aptitude made him feel a lot of pressure.

"No! I must dare to kill Xu Ming before he grows up! Otherwise, it will be me who will die!" Yue Xiaoxian's palm was sweating faintly, but his eyes became colder, "Peerless evildoer? Dead, It's nothing!"

And just then...

boom!

The tenth paragraph of the inheritance monument, light up!

"what!?"

"This is impossible!"

"Absolutely impossible!"

"Ten-star gods? Demigods directly achieve ten-star gods!?"

To achieve the nine-star gods, it is necessary to perfectly integrate the nine heavens. To achieve ten-star gods, it is even more necessary to go further after integrating the nine heavenly ways!

Going a step further ~ www.readwn.com ~ how tough!

The onlookers who were present were all "come here". At the beginning, they were trapped in the bottleneck of breaking through the ten-star gods, and they didn't know how long they had been trapped before they broke through; and Xu Ming... in just an hour, directly broke through from the demigods to the ten-star gods?

how can that be?

This is impossible!

The onlookers were unable to believe, or “unacceptable” such a fact. However, the whole shining heritage monument made them have to accept – this is true!

Silence!

The whole square fell into a boundless silence at once!

Xu Ming’s evil spirits shook the hearts of the onlookers, almost stopped beating!

only...

Does Xu Ming’s evildoer really stop at the ten-star god?

Chapter 968: Silver Moon

Does Xu Ming’s evildoer really stop at the ten-star god?

how can that be?

This is impossible!

Xu Ming will not be satisfied with the ten-star gods, but will directly attack...Silver Moon!

However, the star-level inheritance monument is only divided into ten sections, and the highest can only show the strength of the ten-star gods. Therefore, if Xu Ming breaks through to the silver moon level in the inheritance monument, outsiders will not know it at all!

However, the direct breakthrough of the demigods to the ten-star gods has shocked the onlookers to the point where they doubted their lives! If you let them know again, Xu Ming is attacking the silver moon level... It is unimaginable what kind of uproar will be caused in the world of no difficulty!

...

Inheritance monument.

Xu Ming's cultivation state has never been better!

Under normal circumstances, the Tiandao genre is a “slow and hot” genre. Because, Tiandao perception requires accumulation and a long accumulation process.

but...

This is only the “normal” case!

If there is a “special situation”, such as Xu Ming, who enters the inheritance monument cultivation; then, the Tiandao school can instantly become a “quick” school! —Because, the inheritance left by the peak existences of the God Realm all point directly to the essence of heaven and order!

If your aptitude is good enough, you will be able to perceive a lot of heaven in an instant; the speed of cultivation is simply faster than opening!

And Xu Ming, is that aptitude is extremely good! So good!

“I’m not surprised to be able to unify the Nine Paths and directly break through to the Nine-Star God!” Xu Ming said to himself, “But I didn’t expect that I would be able to go one step further directly above the Nine-Star God and enter the Ten-Star in one fell swoop. level!”

Nine stars and ten stars are a watershed.

Nine stars means that one has reached the state of perfection in the nine heavenly realms of “gold, wood, water, fire, earth, wind, thunder, yin and yang”. And ten stars is “transcendence and perfection”!

“What I didn’t expect is... the moment I broke through to ten stars, I even caught the inspiration of breaking through the silver moon level!” Xu Ming couldn’t believe himself, what a monster he was!

Ten-star, silver moon grade, is undoubtedly a bigger watershed!

From the ten-star breakthrough to the silver moon level, there are two paths to take: one, one is to realize one of the four major orders of cause and effect, time and space, destiny, and reincarnation; two, to break the law with force!

And Xu Ming, the breakthrough inspiration he seized at this moment is exactly “breaking the law with force”!

rumbling...

In the inheritance monument, the divine powers of the nine heavenly ways are frantically flocking to Xu Ming; it is necessary to transform Xu Ming’s demigod body into a “divine body”!

The nine paths are perfectly fused and become a ***** at the same time; therefore, Xu Ming’s transforming divine body is also a perfect fusion of the nine divine powers! —This is the perfect divine body among the star-level gods!

But suddenly!

The transformation of Xu Ming’s divine body stopped abruptly, stopped abruptly!

Immediately after...

boom!

The divine body that was halfway through its transformation suddenly dissipated!

Yes, the divine body dissipated, leaving only Xu Ming’s mind and soul.

“What is he doing!?” The tablet spirit looked at this scene in shock, “Why should the transformed divine body take the initiative to dissipate?”

The monument said: I don’t understand!

It quickly wanted to remind Xu Ming – after all, it is not easy to condense the divine body!

It was only at the moment of breakthrough that it was possible to draw divine power from heaven and earth so unscrupulously and condense the divine body. If you miss this opportunity, if you want to condense the divine body again, you can only do it slowly; it takes a lot of effort to condense the divine body.

The monument was about to kindly remind it, but suddenly, it was stunned again!

Completely stunned!

The stele spirit was horrified to see that the nine kinds of divine powers that were perfectly integrated around Xu Ming were actually... all transformed into the divine power of fire!

The divine power of the other eight Heavenly Dao is constantly weakening, but the divine power of the Fire Heavenly Dao is constantly increasing!

“This, this, this...” The tablet spirit was extremely shocked and stunned, “Nine ways are one!!”

Nine in one! —This is exactly the way to break through to the Silver Moon rank by “breaking through the power”!

“He, he, he wants to go from the demigod level, over the star level **** level, and directly break through to the silver moon level!?” The stele spirit can no longer describe the shock in his heart – what kind of ambition is this demigod!

Don’t break through!

A breakthrough, directly to the silver moon level!

“Will he succeed!?” The tablet spirit was shocked and looked at it expectantly.

The unity of nine paths is simple to say, just four words; but to do it... I don't know how many gods, stuck at this step, and can't make an inch! Even, there are many gods who collapsed in the process of "Nine Dao Unity", and died and disappeared!

Breaking the law with force is not so easy to break!

rumbling...

Around Xu Ming, the divine power of the Heavenly Dao of Fire continued to increase; soon, it exceeded the previous nine divine powers by several times!

Between the heavens and the earth, the divine power of the other eight great heavens will be directly transformed into the divine power of the fire of heaven when they move around Xu Ming!

Even, if Xu Ming realized the power of the four major orders in the future; then, the power of the four major orders can also be integrated into the Heavenly Dao of Fire!

Here in Xu Ming, the power of the Heavenly Dao of Fire can devour everything and surpass everything!

The Way of Fire is the way of Xu Ming's "breaking the law with force"!

If Xu Ming cultivated his own Fire of Heaven to a level capable of destroying all Heaven and order, then Xu Ming could truly stand at the pinnacle of God's Domain! —The pinnacle of the Divine Realm who created the Realm of No Difficulty side by side!

Of course, Xu Ming is still far from that realm!

Even God Emperor Yanyan, who also used the Heavenly Dao of Fire to "break the law with force", is still far away from such a realm!

boom-

Xu Ming's divine body begins to condense again!

But this time, the divine body is only composed of the divine power of fire, and there is no other divine power mixed with other heavenly realms! However, it is much more tyrannical than the divine body that was perfectly integrated with the previous nine divine powers!

“He...really did it!” The tablet spirit stared blankly at Xu Ming. Even if he was a great master, he was not able to go from the demigod level to the level of the gods at the star level. Break through to the silver moon level! – Does that mean that his aptitude is even more enchanting than a great master? ”

The master of the tablet spirit, that is one of the most peak existences in the Divine Realm!

That is the existence that surpasses the gods!

Even God Emperor Yanyan is not qualified to visit that great being at all!

And Xu Ming’s aptitude is even more enchanting than the great master of the monument! This makes the monument, how can it not be shocked?

“However...” The tablet spirit thought again, “The road the great master has taken is much more difficult than his road! The roads are different and cannot be compared!”

In Bei Ling’s heart, his master is always the greatest existence! No one else can be greater than his master!

“That’s right!” The tablet spirit suddenly moved, “Look and see how long this little monster has been cultivating!”

Chapter 969: Perfect Plus

“Look and see how long this little monster has been cultivating!”

call out-

The spirit of the monument controlled the power of the inheritance monument and quietly penetrated into Xu Ming.

This silent power contains the mysteries of the four major orders of cause and effect, time and space, destiny, and reincarnation; even if it is a king-level existence, it cannot escape detection.

And Xu Ming didn't even notice that he had been probed.

"Huh?" Xiaohang sneered secretly, "Explore? It's really a banquet!"

Compared with Xiaohang's exploration method, this exploration skill of the monument is really not worth mentioning!

Xiaohang can stop his probe by moving his finger casually! – However, Xiaohang did not do that.

"Xu Ming practiced the world-shattering practice "Breaking the World"! With just such a means of investigation, he wants to explore Xu Ming's past? – Ridiculous!"

Xiaohang waited and watched the change.

call out-

The power of detection, without Xu Ming noticing it, enveloped Xu Ming's whole body, inside and out.

"Hey—?" Bei Ling couldn't help but let out a surprised voice, "I can't even detect this little monster?"

When the stele spirit probed Xu Ming's past, he only felt that Xu Ming was enveloped in a strange mist. No matter how exhausted it is, it will not be able to clear the fog and find a trace of useful information!

"It's weird!" The monument spirit sighed, "Could it be that... this kid has received advice from other peak existences?"

The monument had no choice but to withdraw from the investigation and silently observe Xu Ming.

“The life breath of this little monster is very, very young!” Bei Ling secretly said, “The cultivation time will definitely not be very long!”

According to the youth of life breath, it is difficult to judge the age of a god; however, how accurate it can be judged depends on eyesight! —For example, a silver-moon-level **** can judge that Xu Ming’s age is less than ten million years old when he sees Xu Ming’s aura of life; a king-level **** can judge that Xu Ming’s age is one million years old Within; and the existence of the emperor level, it can be judged that Xu Ming is within 100,000 years old.

Different eyesight, different judgment! Of course, it was also determined by Xu Ming’s strength; the stronger Xu Ming was, the harder it would be for others to judge his age.

“What a young breath of life!” The monument felt carefully, “I’m so young, I’m afraid he has only cultivated for tens of thousands of years! A monster! A monster! It’s even possible that he is 10,000 years old. not here!”

“If the age of this little monster is really not even 10,000 years old, then it is really terrible!” The monument silently exclaimed, “Maybe... he can hope to get the master’s true inheritance!”

The Realm of No Difficulty has existed for a long time, but no one knows what the real inheritance in the Realm of No Difficulty is! Because... no one has ever seen it!

However, what the tablet spirit didn’t know was that he still underestimated Xu Ming!

Far underestimated!

Less than ten thousand years old?

Do not!

Xu Ming has not even reached the age of 100 so far!

However, Xu Ming did not dare to reveal his true age! After all, Mu Xiu is in the forest, and the wind will destroy it – if Xu Ming is just “a little perverted”, it doesn’t matter! However, Xu Ming is too perverted, and he has even gone too far; if his true age is revealed, he might be envied by others and cause unnecessary trouble!

Moreover, even if Xu Ming said it, he was not even a hundred years old; I am afraid that no one would believe it!

Xu Ming's metamorphosis has reached an unbelievable level!

...

rumbling...

The divine power of fire at the level of "breaking the law with force" quickly condensed into Xu Ming's divine body. The divine body is extremely strong, even if Xu Ming does not rely on the power of the heavens from the outside world, the tyrannical power of the divine body alone is enough to crush the average ten-star god!

boom!

The free divine power suddenly dissipated, and Xu Ming's divine body was finally condensed!

"What a powerful force!"

Xu Ming clenched his fist casually, and he could fully feel his own strength!

Very powerful!

Suddenly, Xu Ming's eyes burst into a surprised look of joy.

"What? It turned out to be..."

It turned out that a warning voice from Xiaohang was ringing in Xu Ming's mind: "Congratulations to the host, your own strength has reached the realm of 'breaking the law with force', so you can release the state of being monitored by the order of the universe! version, the activation conditions have been met; the host can update the '3.0 security version' to the '3.0 full version'!"

Before Xu Ming could cheer, Xiaohang said again: “Because of the unique talent of the host, he directly broke through from the demigod level to the silver moon level, and the reward conditions are met! The reward is: It can be upgraded to the perfect enhanced version of Invincible Plug-in 3.0! — Please choose the host, whether to upgrade to the ‘full version’ or to the ‘perfect enhanced version’?”

full version?

The perfect enhanced version?

Is that still a choice? – Obviously the latter sounds more awesome!

Xu Ming did not hesitate: “Upgrade to the perfect enhanced version!”

“Plug-in simple update...”

only momentarily.

“The plug-in update is complete!”

“Would you like to see the new version features now?”

“Check!”

Xu Ming did not hesitate.

Immediately, a large text panel appeared in Xu Ming’s mind.

“3.0 perfect enhanced version” and “3.0 security version”, there is no difference in the name and number of functions, it is still:

Combat functions: Invincible combat power system, soul possession, life and death book.

Auxiliary functions: teleportation, coordinate transmission, exploration, energy shield.

Obscene functions: stealth, camouflage, clone, independent space, forced face slap (exclusive).

Store function: artifact store, mercenary system.

Cultivation function: talent cultivation, heart tree garden.

...

Unopened functions are as follows: unlimited clones, unlimited blue, attribute modification, forced slavery, unlimited resurrection, time suspension, time reversal, invincibility, instant kill, copy, wholesale and retail gold finger, second day, second, second air, and the universe!

More and more powerful, more perverted, more inhumane, and more tragic functions, please look forward to the 4.0 version of the alien invincible plug-in! ”

However, UU reading www.uukanshu.com “outside” looks exactly the same function, there are several functions “inside”, but it is... very different!

Such as “invincible combat power system”!

In the security version, the invincible combat power system is divided into “10 levels”, which can exert a maximum of one million times the combat power; however, after it is turned on, the power can only maintain one attack.

However, in the perfect enhanced version, the invincible combat power system is no longer divided into “level 10”; there is only one level of “one million times the combat power”, and it is... Permanently free, it is enabled by default!

Yes, Xu Ming has no dazzling eyes!

Free forever! It is on by default!

That is to say, after Xu Ming, he will no longer have to worry about opening the “Invincible Combat Power System”!

Keep looking down.

Suddenly, Xu Ming’s eyes lit up!

“I seem to... have discovered some mysteries of the plug-in!”

Chapter 970: Xu Ming’S Strength

“I seem to... have discovered some mysteries of the plug-in!”

Xu Ming looked at each plug-in function, and suddenly felt a feeling: “Many functions of the plug-in seem to have many relationships with the four major orders of cause and effect, time and space, destiny, and reincarnation!”

For example, the hanging of the “Book of Life and Death” and the hanging of “exploration” are obviously an application of the causal order!

Another example is the “teleport” hanging and the “coordinate transmission” hanging, which is an application of the order of time and space!

“If I have a deep enough understanding of the order of cause and effect, I’m afraid I don’t need to use a plug-in, I can kill the enemy from a distance, and I can also detect the enemy’s information, right?” Xu Ming thought to himself, “And if I have enough knowledge about the order of time and space, Profound insights, teleportation, and long-distance teleportation are naturally not a problem!”

When the strength is strong to a certain extent, even if you don’t open the plug-in, you can still achieve the effect of opening the plug-in!

even...

It can be stronger than open hanging!

At the same time, Xu Ming couldn't help but think about a question: Where did the plug-in come from!

Was it created by some superpower?

If this is the case, then, what kind of existence will the superpower who created the plug-in be? He and the peak of God's Domain exist, who is stronger and who is weaker?

In Xu Ming's view, it should be the super power of creating plug-ins, and it should be stronger! – Of course, the premise is that the plug-in is really created by “people”!

Thinking more deeply, where did the “person” or “thing” that created the plug-in come from? - Everything must have an origin, right? Even the universe has an origin, right?

Where is this “origin”?

Suppose that the origin of the universe was created by an unimaginable superpower; then, the question arises – who created this unimaginable superpower?

Continue to think deeply, who created “the unimaginable super-powerful person”?

This is an unsolvable problem!

But suddenly, in Xu Ming's eyes, there was a burning will to fight: “If I become the pinnacle of God's Domain, can I get the answer to this question? If I can't, then I will...”

“The pinnacle of existence beyond God's Domain!”

What is the peak?

The pinnacle is to be surpassed!

“What I have to do now is to first reach the so-called ‘peak of the gods’!” Xu Ming’s fighting spirit was enthusiastic, “But I don’t know how long the plug-in can accompany me on this road to the peak!”

In Xu Ming’s view, it shouldn’t be a problem for a plug-in to accompany him to the peak of the God’s Domain! Because, there are such two super perverted functions in the plug-in: every second, every second, every second of air! Take over the universe!

No matter how perverted the peak of God’s Domain is, it can’t be able to take over the universe in seconds, right?

Otherwise, this piece of heaven and earth would have been wiped out in seconds; this universe would have been taken away!

After calming down a little, Xu Ming studied the changes in other functions of the plug-in.

After a little research, Xu Ming summed up all the changes of the plug-in into three words – stronger!

“Hahahaha...” Seeing the power of the perfect enhanced version of the plug-in, Xu Ming almost felt complacent, “Too strong! My strength...”

Xu Ming felt the rapid improvement of his strength again.

“My current Tiandao Liu cultivation base is the first grade Yinyue; but because of the relationship between the cultivation techniques, even if I don’t use secret skills, I can easily crush the third grade Yinyue!”

In the early stage of cultivation, the world-breaking cultivation method “Breaking the Mortal Dust” paid more attention to laying the foundation, so there was not much special about it. However, as the cultivation level became higher and higher, the extraordinary features of “Breaking the World” gradually began to appear!

For example, with Xu Ming’s current cultivation level, “Breaking the World” can make him easily leapfrog and fight! – Even if Xu Ming’s current opponents are masters above the silver moon level, all of them have extraordinary skills!

and...

The biggest fear of “Breaking the World” is not in the improvement of strength at all, but in...

Xu Ming continued to feel his own strength: “My secret fighting skill is a self-created emperor-level secret skill “Reincarnation Five Forms”, and it is also enough to crush other people’s secret skills! – Once the secret skill is used, I will beat the Yinyue Rank 5, absolutely Not to mention!”

“Of course, the biggest bonus to my strength is... the invincible combat power system!” Xu Ming’s eyes flashed with enthusiasm, “The invincible combat power system, which is permanently free and enabled by default, has directly improved my strength to the sixth rank. ‘!’”

Not counting the invincible combat power system, Xu Ming’s strength is “overwhelming Yinyue rank five”; now, with the addition of the invincible combat power system, the strength is improved to “sixth rank”, that is, Xu Ming can beat the king by half a step!

The cultivation base is only the first rank of Yinyue, but the strength is able to suppress the king by half a step!

How appalling!

and!

Don’t forget, Xu Ming can also use various plug-ins such as “teleport”, “energy shield”, “stealth”, etc. When it comes to real battles, Xu Ming’s strength is not only “overwhelming half-step king” So simple?

Instantly kill half a step to seal the king, easily!

Even, it is not surprising that it rivals the existence of a real king!

Now Xu Ming just wants to say – where is there a king-level master? Come and play first, give Brother Ming my hands to practice!

“Ha ha ha ha ha ha ha...”

The feeling of soaring strength is really good!

The stele spirit hid in the dark, silently watching Xu Ming, who was laughing in the sky. It also thought that Xu Ming was so excited because he suddenly advanced from the demigod level to the silver moon level.

The monument said that it fully understood Xu Ming’s excitement!

It’s just that the stele spirit really understands Xu Ming?

Do not!

It doesn’t understand at all!

“Boy!” After watching for a while, the tablet spirit couldn’t help but say, “You are the most enchanting one among the countless inheritors I have ever met!”

The tablet spirit decided to meet Xu Ming formally and remind him of something by the way.

“Huh?” Xu Ming was shocked, “Who is it!”

“I – the stele spirit of this heritage monument!”

“Oh...” Xu Ming was stunned. The inheritance monument has a monument, which is very normal.

However, Xu Ming couldn’t help but ask, “Aren’t your monument spirits generally sleeping?”

“Nonsense!” Monument Ling said, “We Monument Ling, we usually have nothing to do; what can we do if we don’t sleep?”

“Then why are you... showing up now?” Xu Ming asked again.

“It’s not because of you!” The tablet spirit hummed, “Your kid’s talent is really too enchanting! It even woke me up!”

“Hmm...” Xu Ming was a little embarrassed. He didn’t expect that his talent was so evil that the stele spirit could not sleep!

After thinking about it, Xu Ming changed the subject: “That what, the monument, are you looking for me...?”

The stele spirit said lightly: “Tell you about some things in the world of no difficulty! – In the inheritance monument, the time for each inheritance is two hours; according to the rules, when the time is up, I have to drive you out of the inheritance monument. Fortunately, Now, only an hour has passed; there is enough time left for us to talk!”
