

# Alphas Broken Mate Chapter 41

Catalina's POV

Today is the day before the announcement ceremony. I have so many things to do today, but I need to go to the doctors to get clearance to get back to training. I get up and get dressed without waking Liam. I meet Jet outside my room and we head to the clinic. The doctor pokes around my side and clears me for training but no sparring. I'll take it. Jet and I head to the training facility. When we get there I head to the elite warrior area. Jet introduces me around and we start training. I don't go as hard as I normally do since my ceremony is tomorrow. When it's time for sparring I stand back and watch. Once training is over we head back for some breakfast. I eat fast and run up to take a shower. Carrie and I have to go pick up our dresses. When I come down from my room Carrie is waiting for me.

"Ready to go?" She asks me.

"Yeah" we head out the door and Jet is by the car.

"Jet is going to be our chauffeur for the day." Carrie says.

"Oh lucky you." I tease. Jet just smiles and opens the door for us. Carrie and I get in and we are off to the town. We pull up to a building and we pile out. Carrie goes in first and talks to the lady behind the counter. She heads in the back and comes out with two bags and hands them to Carrie.

"Thank you." She says and turns toward me.

"Let's go get our nails done!" She says and links arms with me. She hands Jet the bags and we walk down the street.

"It's literally right next door." She tells me. We walk to the next building.

I opt for a french manicure and Carrie goes classic with a berry red. When we finish Jet is by the car waiting for us. We pile in the car and head back to the pack house.

"What time is everyone showing up?" Carrie asks. Some guests are staying the night before the event, because they are from farther away.

"Liam said they should start arriving at around 5."

"Good let's go look at the hall and make sure everything looks okay." Carrie grabs my arm and pulls me to the great hall. I see people walking in and out of it carrying things. We step in and look around. It was breath taking. There were white sheets hanging across the rafters of the ceiling. There are tables scattered around the room. People are decorating the table tops and there is a balcony with a table. The walls are bare wood that are being covered in flowers and lights.

The theme is winter in the woods. Let me say they are nailing it. My phone buzzes and I check it. It's Liam.

"Hey beautiful are you back yet?" He asks.

"Yes I'm at the Great Hall checking on things."

"Ok I'll come over to you." He replies. Carrie heads off to go talk to her mother. I walk around looking at the decorations on the tables and walls. Liam walks in and I see him from across the room. He scans the room looking for me. Looking at him from here, he's so handsome. His light brown hair is getting longer, his blue eyes searching for me. He carries himself with such confidence and strength, I love that about him. His eyes find mine and he grins, like a cat that has found it's prey. He doesn't come toward me, but watches me from across the room. I run my fingers over the tables as I walk past. Then together we walk towards each other. We meet in the middle.

"Hello beautiful." He says touching my face. "How was your day." His eyes burn through me.

"Good. I missed you." I say. He picks me up and I wrap my legs around his waist.

"I missed you." He buries his face in my neck. He smells me. I wrap my arms around his neck.

"Liam." I whisper. Then my stomach growls. He laughs against my skin.

"Hungry?" He pulls back and asks. I smile and nod. He puts me down and takes my hand. We walk over to the pack house. Jet and Sarah join us and we all take a seat.

"After we eat we need to get ready for our guests." Liam says. Sarah and I chat about training and what I'm going to wear. The men talk about how the merge is going. When we are done, Sarah and I head upstairs for me to get ready. Sarah does my hair and makeup then I get dressed. I decided to wear an off the shoulder body con short blue dress. The blue looks great against my light skin and red hair. I smile at myself in the mirror.

"Lina, you look gorgeous." Sarah says.

"I completely agree." Liam says from the door. He looks so damn good. I feel my knees get weak. He is wearing black dress pants and a tight white button up. The top three unbuttoned. Sleeves rolled up. He's so yummy. He slides his hand around my waist.

"You look good enough to eat." He whispers in my ear. I blush in response. He kisses me hard and I wrap my arms around his neck.

"Ready to greet our guests?" He asks. I smile and nod.

"Let's hope they are all tired so I can bring you back here and have my way with you." He says with a grin. I laugh. Then I hear Sarah grunt. We both looked at her and laughed.

“Well I’m going to leave before I throw up.” She says. Liam and I head down to where some people have started arriving. After two hours of greeting, all the guests have arrived. Liam stayed by my side the whole night.

He grabs my hand and leans to my ear.

“Let’s head upstairs. I don’t want you getting too tired.” He whispers. He takes my hand and leads me upstairs. Most of the guest have gone to bed by now. When we get to the room Liam’s lips are on mine, like a magnet. I feel the heat in my body rise. I want him so badly, I want him as close as possible. I rip open his shirt and he pulls back and smiles at me. He lifts me up like I weigh nothing. I wrap around him and he slips my dress up. Our bodies are warm and my breath is heavy. I cup his face and pull it closer to mine. My kiss is hard and hungry for more of him. He trails kisses down my neck. Then he drops me on the bed. He pulls my underwear off and then his pants. He slows down and takes my foot. He trails kisses from my foot up my leg to my knee, then my thigh, up my stomach. All the way up to my neck. Each kiss sends electricity through my body. I moan from his touch. I feel everything vibrate as he rubs his member at my entrance. I have never wanted anything more than this. I wrap my arms around his back and dig my nails in. His eyes meet mine. He stares into me as he enters me. My back arches but I keep his gaze.

“I love you Lina.” He says

“I love you Liam.” I say back. He starts thrusting in and out of me. Moans escape my lips. I burry my face in his neck. He moves fast as I kiss his marked spot. He groans in pleasure.

“Mark him!” Kayla growls.

“Mark him now Lina.” She persists.

“Can I Liam?” I ask against his skin.

“Lina Please.” He begs. I kiss a few more times as the pressure inside me is building. I open my mouth and my teeth break his skin. I hear him cry out. But the cry doesn’t stop. He pulls back from me. He rolls over beside me on the bed. “Where my mark is, it’s... it’s like lava!” Liam cries. Then a loud crack, then a flash in the room. Like lightning and thunder all at once. I look to the sound and there standing in the room is a man.

## **Alphas Broken Mate Chapter 42**

Options

The man in the room is glowing yellow with hair like fire. Liam cries out in pain and falls beside me.

“Liam?” I cry. The man takes a step towards me. I jump back off the bed.

“Child” his voice vibrates through my whole body. Liam writhes in pain on the bed reaching towards me.

“Child do you love this man?” The man asks. I look at Liam.

“Yes. Can you help him?” I ask as tears fall from my eyes.

“I accept your sacrifice.” He says. Sacrifice?

“Lina what happens next will happen fast. You need to listen to me and do it fast.” Kayla says to me.

“Kehlani?” The man whispers. He searches my eyes. He looks sad.

“Uncle.” Kayla says. The glowing man claps his hands and a loud crack sounds and a rush of heat flowed through me. My head spins and I fall to the ground to steady myself. I close my eyes and I can see a bird, just like I could see Kayla. I still hear Liam cry out again in pain.

“Kayla, what’s going on?” I ask

“I’ll explain when we are safe. You need to get up, get dressed, and get out. NOW!” She tells me. I open my eyes and the man is gone. I get up and see Liam in the bed, where I bit him is glowing and his skin it turning red. I grab clothes and head towards the door. I look back at Liam.

“What did I do Kayla?” I ask as tears fall from my eyes.

“I’m sorry Lina, trust me. Get out and text Jet.” Kayla says. As I leave the room I can still hear Liam. I race down the hall and text Jet. As I make it out of the pack house I see Carrie headed towards me.

“You bit\*h! What have you done?” Her face is twisted in pain. I turn back to the pack house and see Jet running out. Then another loud crack and the roof of the pack house breaks open and a beam of light shoots up to the sky. Carrie falls to the ground screaming in pain. A fire breaks out from the pack house. I look back at Carrie.

“You aren’t his cousin.”

“We don’t have time for this. Shift!” Kayla says. I get undressed and shift. Jet follows. Kayla picks up my clothes and we run into the trees. We aren’t headed towards the boarder like I thought we would be, but instead we’re headed towards a building. It’s the prison. There are two guards standing outside the building.

“Luna. I’m sorry but you can’t come in.” One guard says. Kayla growls. The guards look at each other.

“I’m sorry but Alpha said not to let you in.” The other guard says. Then Jet comes up next to me and growls. The guards back away and take off in different directions. I shift back and get dressed. Jet and I head down into the cells.

“3rd cell on the left.” Kayla says. I walk down the row of cells and stop at the 3rd one. I look in and see a man laying in the back of the cell.

“Hello?” I say and the man sits up. He walks to the gate and it’s Raymond, Andrew’s father! What? What is going on?

“Lina.” His voice is scratchy and horse.

“What are you doing here? How do I get you out?” I ask looking around. Jet points to a key on the wall.

“Did you know about this?” I hiss at him in anger.

“No I knew about him.” He says and points to two cells over. I walk over to the cell he points to and leaning up against the wall is Jackson. I look back at Jet shocked.

“Hey little mouse.” Jackson says. I feel my rage inside me rise.

“Lina we don’t have time. Get Raymond out. We need to leave before those guards bring everyone here.” Kayla says. She’s right.

“We’ll talk about this later.” I say to Jet. I grab the key off the wall and unlock Raymond’s cell. I could tell he was weak.

“Can you shift?” I asked

“I’m too weak.” He says

“Then you’ll just have to ride me. Can you hold on?” I ask him. He nods. I shift into Kayla and Jet helps him on my back. We head out of the prison.

“You’re just going to leave me here little mouse?” Jackson calls out to us. I let out a low growl. When we got out of the building, Jet shifted and we took off towards the boarder. I let Jet lead the way, he knows the boarder patrols and their routes. He leads us through the land and we slip off the boarder. We run for a bit before taking a rest. Jet helps Raymond off of me and I shift back. We sit Raymond down.

“We will rest for a bit while we figure out where we’re going.” I say.

“The airport.” Raymond says. “Kayla told us.” He adds.

“How far is that?” I ask Jet

“It’s a bit of a ways away. But if we push ourselves, we could get there by morning.” Jet says. He glances over at Raymond.

“Don’t worry about me. I can make it.” Raymond says. I grab Jet’s arm and pull him away from Raymond’s ear shot.

“Ok tell me what you know.” I say to Jet. He takes a deep breath.

“When we got to Jackson’s land, Liam told me to hold back our warriors and let Francis take the first wave. From where I was it looked like Jackson’s warriors were waiting for us, like he knew the attack was coming. Francis lost most of his warriors that day. We went in after that and cleared the field and took Jackson back to our cells. I know Liam was going to tell you Jackson got away. I think Liam’s plan was to take over Jackson’s and Francis’ packs by taking out all of their defenses.” Jet says.

“And Carrie?” I asked.

“Carrie was Liam’s mate.” He says.

“I don’t understand why she would pretend to be my friend? Why wouldn’t she reject him?” I ask.

“She tried, but Liam wouldn’t accept the rejection.” He said. I looked at him confused.

“Because Liam is an Alpha, and a powerful at that, he has to accept the rejection.” He explains. If he had a mate, what did I feel?

“Kayla?” I want answers.

“Soon. We are still in danger. We need to keep going.” She says.

“We need to head out. Raymond are you ok to keep going?” I asked.

“I’m ready.” He says standing. I shifted and Raymond got on my back. We ran for hours, taking two more breaks for Raymond. The sun was starting to rise when we reached the airport. We shifted back and helped Raymond to the runway. When we got close a smell ran through the air. It smelled like the forest, like..Andrew. I shoot my head up and see a plane. Andrew’s sitting on the steps with his head in his hands. My heart and stomach drop and lurch. I’m excited and nauseous all at the same time. Raymond must feel it.

“Go to him.” He whispers to me. Andrew must have smelled me too because his head shoots up and looks right towards us. I don’t think, I run right towards Andrew. I jump into his arms and wrap my legs around him. Tears pour out of my eyes as I feel our electricity and connection.

“My love.” He whispers into my hair. I squeeze him tight at his words. He still loves me? Being in his arms is like being home, complete.

“Andrew I’m so sorry. Please forgive me. Don’t leave me again.” I sob into his neck. He just holds me tight. He gets me to pull back and looks me in the eyes.

“Lina I will never leave you again. I love you.” He leans his forehead against mine. He cups my face and kisses me. His kiss was sweet and familiar. The sparks I’m feeling with Andrew makes me realize what I felt with Liam was not the mate bond. I hear Jet clear his throat, drawing our attention. Andrew sets me down on the ground.

“This is Jet. He helped us escape. Jet this is my true mate Andrew.” Andrew holds out his hand to Jet.

“Thank you.” Andrew says shaking Jets hand.

“Dad” Andrew hugs his dad.

“Let’s get out of here.” Andrew helps his dad on the plane. Jet and I follow them on the plane.

Catalina’s POV

When we enter the plane, Andrew helps his dad into a chair.

“Andrew I need a minute with Kayla.” I say. He takes my hand and leads me to the back of the plane where the bed is.

“We will take off in a few minutes. Take as long as you need.” Andrew kisses me again. When he pulls away he looks into my eyes and then heads back to his dad. I close the curtain and lay down on the bed.

“Ok Kayla. I want to know everything.” I say.

“Close your eyes. I will show you.” Kayla says. I close my eyes.

4 years earlier

Liams POV

“Son we found the White Wolf.” My father said as I entered his office. He has been searching for the White Wolf his entire life. He told me when he was younger he wanted to be the mate of the White Wolf. But as time went on he wanted and heir. So he had to settle for an ‘ordinary’ mate

as he called it. He met my mother and she became the Luna. When I was born my father began searching for the white wolf again, only now he wanted it to be my mate. My whole life I was told the White Wolf will be my mate.

“Really? Where?” I ask.

“Blood Forest Pack.” My father says.

“When can we go there? When can we get her?” I ask.

“Soon son. We have a bit of a problem with their Alpha. Jerry and I will travel there in a few months.” My father says.

“I want to go.” I say.

“You will wait. I have looked for her my whole life. You will not ruin this.” My father stands from his desk.

“I will tell you when you can go.” My father gestures for me to leave. I feel enraged but must obey my Alpha. I leave the office. A few months later my father and Jerry left for Blood Forest pack. When they came back my father told me nothing about the visit. All I know if my father is sending Jackson, Jerry’s son, to Blood Forest Pack. Jackson just took over his uncle’s pack as his uncle had no heirs. Are they going to give Jackson what is rightfully mine? Once I knew Jackson had left I went to my father for answers.

I enter into my father’s office.

“Father.”

“Liam. What are you doing here?” He asked

“I know you sent Jackson to Blood Forest. Why? Why not me?” I asked.

“I don’t have time for this.”

I slammed my fist on the desk.

“Make time.” I say.

“His doing you a favor and bleeding the girl.” He says. Bleed her?

“What are you talking about?” I ask.

“You stupid boy. You don’t know anything do you!” He’s vile.

“Maybe if you would tell me something I would know.” My father stands up from his desk and walks around in front of me.

“Maybe if you weren’t such a disappointment, I would tell you.” My father has always been tough. He is selfish and power hungry. My mother doesn’t live in the pack house, it’s safer for her that way.

“No father. You are the disappointment. You ruined our family. You’ve ruined this pack.” I spit back at him.

I see the rage behind his eyes. He reaches for me but I push him back. He rushes towards me and I jump out of the way last second, he runs into the wall. He shakes it off and comes at me again. He grabs me and with anger and rage I lift up my father and throw him at the wall. I miss the wall and he crashes through the window. Just then Jerry rushes into the room towards the window.

“Liam?! What just happened?”

I walk over and look out the window. There lay my father body face down. Unmoving.

What have I done? Should I run? No. I’m the Alpha now.

“He disrespected me. He disrespected this pack. He was a tyrant and I have defended this pack from his poisonous pursuits. I am the Alpha now.” I stare Jerry down seeing if he will challenge me.

“Alpha Liam.” He says bowing low to the ground.

“Beta Jerry go clean us the mess outside.” I leave the room.

When Jackson’s visit was done, I banned him from our pack lands.

Months earlier

Liam’s POV

“I am your mate!” Carrie shouts.

“How can you treat me this way?” She has tears in her eyes. Ew her face always gets all fat and puffy when she cries.

“You maybe my mate but I am the Alpha! You will follow my plan or I will have you thrown in the cells to rot.” I yell back at her. I head towards the door.

“I, Carolina Green, reject you Liam Stone as my mate.” Carrie whispers. I stop in my tracks. Who does she think she is? I rush back to her and grab her in my arms. I laugh loudly in her face.

“You think you can reject me? So some other man can have what is mine?! NEVER! I will NEVER accept your rejection. You belong to me!” I kiss her hard on the lips. She tries to push me away, I pull her in close. I pull away and wipe the blood from my mouth. I guess her lip cut against her teeth. Carrie falls to the floor crying. I leave the room.

5 weeks earlier

Jerry’s POV

“Sir we have set everything up for when they leave.” I hear Jackson say on the phone.

“Good. Don’t mess this up or I will k\*\*l you and your family.” Liam says as he hangs up the phone. He darts his eyes to mine.

“Your disgusting son better not screw this up.” Liam says.

“He won’t Alpha. He knows what is at stake.” I reply.

“Get out Jerry.” He tells me.

I bow low to the floor and do as my Alpha commands.

4 weeks earlier

Liam’s POV

“Sir we got them.” Jackson says.

“Good bring them all here. They better be all alive.” I say.

“Yes sir.” Jackson replies.

Finally. It’s all coming together.

Andrew’s POV

I open my eyes to a dark cold room. I look around and see I’m in what looks like a cell. There are bars on one side. I hear doors opening in the distance. My body is sore and my head is k\*\*\*\*\*g me. A woman walks in wearing a uniform.

“Good you’re up. This will make it easier.” She says coming into the cell.

“Where am I? Where’s Lina and my father?” I ask

“Catalina is fine. You and your father are in my pack holding cells.” A man comes to the door.

“Why are we in cells? What did you do?” I asked

“You are here because I need you to listen.” He says.

“What do you want?” I ask getting mad.

“Listen to me very closely Alpha. You are going to be reunited with Catalina tomorrow. And in the next two days you are going to reject her. If you do not reject her I will k\*\*l you and your father. If you reject her I will set you free to go back to your pack and once we are fully mated I will release your father. I think that’s a fair offer wouldn’t you say nurse?” He looks over at the nurse.

“Yes Alpha it is.” She gives me a shot in my arm.

“Just think about it. You have two days from when you wake up.” He says. My vision goes blurry and my eyes close.

When I wake up I hear Kayla in my head.

“Andrew it is time. Tomorrow you need to reject Lina. Meet us at the airport in 4 weeks time.” Kayla says to me.

“So I get her back?” I ask.

“If it all goes to plan. You will get everyone back.” She says to me.

“But you have to push her away. Make her believe it.” Kayla adds.

“She won’t feel it. If she’s as powerful as you say. She has to accept it.”

“Leave that to me.” Kayla says.

The next day

Andrew’s POV

Liam walks into the room with a smile.

“So today is the day.” He says with his stupid smug face.

“I know. I’m going to.” I say shortly.

“I wanted to make sure you also know that no one can contact Lina. Ever again. She will be mine, completely.” Liam hisses. I get up from bed.

“She will never be yours. She will never trust you. She won’t fall for your lies.” I say. Liam just smiles.

“Oh Andrew. She already has.” Just then Lina walks into the room.

“What’s going on?” Lina asks looking concerned.

“I’m trying to talk Andrew out of doing something stupid.” Liam claims. He’s trying to act like the good guy.

“Very funny Liam. You don’t think I see what you are doing?” I hiss back.

“You have always been weak. If someone did what happened to Catalina to my mate they wouldn’t be breathing.” Liam claims.

“You don’t know what happened to her. Don’t act like you care.” I reply, how could he?

“I know because she showed me.” Liam says.

“You showed him your scars?” I look at Lina and she is trying not to make eye contact with me.

“Andrew do it now!” Kayla says in my head.

“I, Andrew Lake, reject you, Catalina Black.” I say and Lina wrenches to the ground in pain. Im stunned by my own words. What have I done? Every fiber of my being wants to run over to Lina and hug her.

“Andrew I’m doing this to her. You need to leave. She will be alright. Trust me.” Kayla says.

Im still frozen staring at Lina. The girl that came in with Lina rushes to her side.

“You have done it. You’re free to go. Now leave before I change my mind.” Liam whispers as he ushers me out of the door.

“Catalina you are really hot.” I heard the girl say.

“Get out and remember what I said. Not a word to her.” Liam says and closes the door and pushes me down there hall. Jerry, Jackson’s father, is waiting for me. He walks me out to a car and drives me to the airport. My plane is still there waiting for me. I take the plane back home. Murphy meets me at the air port. I tell him everything that happened at Lilith’s and with Alpha Liam.

“Damn. Andrew. Damn.” Murph says. He just sits there staring forward.

“I know. I don’t know what I’m going to do. I don’t know what I’m supposed to do.” I say.

“I can’t believe so much happened in a week. And Kayla said to come back in 4 weeks? That’s so long. Anything could happen between now and then. And your dad.” Murph said.

“You’re going to have to tell your mom. And my wife. She’s going to be so pissed.” Murph adds.

“You are kinda the worst. Why are you my beta?” I asked.

I think that’s a fair offer wouldn’t you say nurse?” He looks over at the nurse.

“Yes Alpha it is.” She gives me a shot in my arm.

“Just think about it. You have two days from when you wake up.” He says. My vision goes blurry and my eyes close.

When I wake up I hear Kayla in my head.

“Andrew it is time. Tomorrow you need to reject Lina. Meet us at the airport in 4 weeks time.” Kayla says to me.

“So I get her back?” I ask.

“If it all goes to plan. You will get everyone back.” She says to me.

“But you have to push her away. Make her believe it.” Kayla adds.

“She won’t feel it. If she’s as powerful as you say. She has to accept it.”

“Leave that to me.” Kayla says.

The next day

Andrew’s POV

Liam walks into the room with a smile.

“So today is the day.” He says with his stupid smug face.

“I know. I’m going to.” I say shortly.

“I wanted to make sure you also know that no one can contact Lina. Ever again. She will be mine, completely.” Liam hisses. I get up from bed.

“She will never be yours. She will never trust you. She won’t fall for your lies.” I say. Liam just smiles.

“Oh Andrew. She already has.” Just then Lina walks into the room.

“What’s going on?” Lina asks looking concerned.

“I’m trying to talk Andrew out of doing something stupid.” Liam claims. He’s trying to act like the good guy.

“Very funny Liam. You don’t think I see what you are doing?” I hiss back.

“You have always been weak. If someone did what happened to Catalina to my mate they wouldn’t be breathing.” Liam claims.

“You don’t know what happened to her. Don’t act like you care.” I reply, how could he?

“I know because she showed me.” Liam says.

“You showed him your scars?” I look at Lina and she is trying not to make eye contact with me.

“Andrew do it now!” Kayla says in my head.

“I, Andrew Lake, reject you, Catalina Black.” I say and Lina wrenches to the ground in pain. Im stunned by my own words. What have I done? Every fiber of my being wants to run over to Lina and hug her.

“Andrew I’m doing this to her. You need to leave. She will be alright. Trust me.” Kayla says.

Im still frozen staring at Lina. The girl that came in with Lina rushes to her side.

“You have done it. You’re free to go. Now leave before I change my mind.” Liam whispers as he ushers me out of the door.

“Catalina you are really hot.” I heard the girl say.

“Get out and remember what I said. Not a word to her.” Liam says and closes the door and pushes me down there hall. Jerry, Jackson’s father, is waiting for me. He walks me out to a car and drives me to the airport. My plane is still there waiting for me. I take the plane back home. Murphy meets me at the air port. I tell him everything that happened at Lilith’s and with Alpha Liam.

“Damn. Andrew. Damn.” Murph says. He just sits there staring forward.

“I know. I don’t know what I’m going to do. I don’t know what I’m supposed to do.” I say.

“I can’t believe so much happened in a week. And Kayla said to come back in 4 weeks? That’s so long. Anything could happen between now and then. And your dad.” Murph said.

“You’re going to have to tell your mom. And my wife. She’s going to be so pissed.” Murph adds.

“You are kinda the worst. Why are you my beta?” I asked.

Catalina’s POV

I’m on the plane laying in bed. I’ve just come to from what Kayla showed me.

“So the reasons Andrew’s rejection didn’t work is because I didn’t accept it?” I ask Kayla. “Like with Carrie and Liam?” I add.

“Correct.”

“I still don’t understand why I had to go through all of that. Why did Andrew have to reject me. Why did I have to fall in love with Liam.” I say to Kayla.

“Lina it was because of the sacrifice and who it had to be. To be a true sacrifice it had to be someone you loved. You would have never love someone else as long as you had Andrew. It also had to be an unknowing sacrifice. You couldn’t have faked it. I couldn’t tell you to fall in love with Liam so later we could sacrifice him to the Sun God.” Kayla said.

“But I killed someone for my own gain. I never wanted to be that person. No matter what.”

“Lina, he was a bad man, and as soon as he got what he wanted he would have changed. He was putting on an act. None of it was real. He planned the war, the murder of hundreds of people, for power. For you.” Kayla was right he was acting. I just couldn’t help the feeling in my stomach. Flashes of Liam’s face in pain.

“He would have tried to k\*\*l you Lina.” She says.

“You don’t know that. Maybe he was changing?” I say. Kayla doesn’t respond with words. Instead she shows me more.

1 week ago

“When we get back to the pack, I will mate with the white wolf. Then I will take my place.” Liam says to Jerry.

“What about Lina?” Jerry asks.

“She could be a problem. She’s definitely falling in love with me. But she won’t like doing what I have to do. She might need to be dealt with.” Liam says.

“Dealt with?” Jerry asks.

“Gotten rid of, killed, taken out. Pick a phrase. I don’t want her standing in my way. I will control all the packs of this realm. Her gift will be shared in this pack and with me as her mate.” Liam says.

“How do you k\*\*l a Phoenix?” Jerry asked.

“With Iron.” Liam says.

Present day.

“Is that true?” I asked.

“Which part?”

“All of it. Any of it. Just because someone said they would do something doesn’t mean..”

“He said he would start a war and he did. I know you fell for him. It was the plan. But Lina, he wasn’t a good guy.”

I know she’s right “And the iron?” I ask.

“That’s true too.” Kayla says.

“So iron and silver can k\*\*l me?” I ask.

“With great power comes weakness.” Kayla says.

“What about everyone in the pack? What about Sarah? Violet? Did they all know?” I ask.

“Most of them did not know. Most, if not all of the warriors knew who and what you were. Sarah was a warrior so she knew. Violet knew Carrie was her son’s true mate.” Kayla says.

“What will happen to the pack now?” I ask.

“Well the pack would normally go to either the Luna, which they never official got. The Beta, which would either be Jerry or Jet. Or a close relative.” Kayla says.

“Will you know what they decide?”

“I will.”

“What about the Phoenix? I can feel the power in me since the sacrifice.”

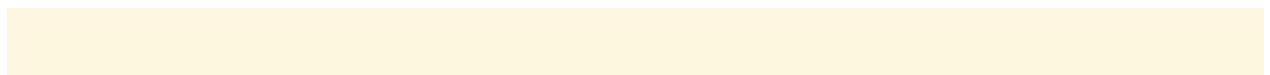

“There is one more trial.” Kayla tells me

“What trial?” I ask.

“The final trial is about your gift. You will now need to learn to use the powers you have. But you have somethings you need to do before the next trail comes.”

“Like what?” I ask.

“You need to build an army.”

Catalina’s POV

I feel the plane land and jerk. I can’t believe I spent the whole plane ride back here with Kayla and I still have more questions. An army? For what? Where will I get an army from? I get up off the bed, my head spins for a minute, but I regain myself. I pull back the curtain and Andrew, Raymond, and Jet all turn to me. I walk towards them as the workers open the plane door. Then I hear it. A high pitched squeal and brown curly hair coming right for me. Rachel tackles me to the ground, literally. It hurt.

“Damn Rachel.” I say shocked by how quickly she managed to run over here. She squeezes me tight.

“LINA! I MISSED YOU SO MUCH.” She’s yelling even though she’s literally on top of me.

“Haha I miss you too Rachel. Now get off!” I groan laughingly. She squeezes me again but this time gets off. I stand up as she tries to come in for another hug I put my hands up.

“Let me check my body for injuries first.” I hear Andrew laugh. When I look up I’m enfolded into another hug that lifts me off the ground. This one is from Murphy.

“Lina I’m so glad you are back. Andrew and Rach have literally been impossible to deal with. Never leave again. I won’t be able to take it.” Andrew laughs more.

“Ha ha ha you are soooo funny Murph.” Rachel shoos Murphy away. Rachel puts her hands on my shoulders and looks into my eyes.

“Hun are you ok?” She asks getting serious.

“I’m good Rachel. I missed you guys so much.” I say. This time I pull her in for a hug. We pull back,

“And who is this?” Rachel asks looking towards Jet.

“This is Jet. He was the Beta of the Winter Stone pack, but now I’m not sure. He helped me and Raymond escape.” I say.

“Nice to meet you. Thanks for helping.” Rachel says and shakes his hand.

“Yeah man. I’m sure we can find you a spot here if you like.” Murphy says. Jet just shook their hands and nodded.

“Let’s get back to the pack house. I know some people who can’t wait to see you.” Rachel says. She links arms with me and we all get off the plane. I get in a car with Andrew and his dad. We head back to the pack house, looking out the window I forgot how tall all the buildings were. When we pull up, Dan opens the door for me.

“Miss Lina, so wonderful to have you back.” He bows.

“Good to see you Dan.” I smile and head inside. There Gamma Lucas and Andrew’s mother are waiting for us. Andrew’s mother runs over to Raymond and hugs him. Gamma Lucas walks to me and hugs me. I hug him back. I breathe in the familiar scent of home. It is so nice to be back.

“I’m glad you are ok Luna.” Gamma Lucas says.

“And who is this?” Gamma Lucas asks looking at Jet. I look at Jet and notice he’s looking at something. He looks frozen, like he’s trying to control himself.

“Mate” he whispers. I look to where his eyes are and that’s when I see Julie also frozen, she had just come out of the elevators. I smile.

“Andrew.” I draw his attention to what is unfolding. He looks at Jet and to Julie, then back to me. He raises his eyebrows and smiles.

“Well what do you know.” Andrew says loudly drawing everyone’s attention. Then, in complete Julie style. She runs and jumps into Jet’s arms. He catches her and they nuzzle their noses together.

“Hello mate.” Julie says. They are actually really cute together.

“I’m Julie.”

“I’m Jet.” I really wanted to correct him with his full name, but maybe later. Jet puts Julie down on the ground, Julie grabs Jet’s hand and they make their way in to the elevator.

“Glad she’s happy to see me.” I tease as we watch them leave.

“I’m more than happy to see you.” Andrew says pulling me into him. “Look I know there’s a lot going on and so much we need to talk about and do. But Lina, just for tonight I want to be with my mate.”

Andrew looks me in the eyes. He looks so sad and hurt. I know what he means. We’ve been apart for so long, and I have no idea how much it hurt him to be away from me. Things will keep changing for us until all my trials are done and we’ve United the packs, who knows how long that will take. We need to grab every moment together we can.

“We can do that.” I say and smile. He pulls me in again and kisses me. I take his hand and lead him to the elevator. When we get inside he picks me up and I wrap my legs around him.

“Couldn’t wait until we get to our home?” I tease him. My breath on his lips.

“I could barely waiting until we were in the pack house.” His lips crash onto mine. His kiss was full of l\*\*t and hunger. I felt his hands on my body, all over like he can’t get enough of me. He draws me into him tight. I feel my body heat rising. I hear the elevator door open and Andrew carries me to the apartment. He carries me through the apartment and into the bedroom.

“I missed you so much Lina. I felt like I was a zombie for 4 weeks.” He whispers into the air.

“I’m sorry Andrew.” I pull my face back to look in his eyes. I cup my hands around his face. He moves a piece of hair behind my ear.

“Don’t leave me again.” I say.

“Never going to happen.” He says with a smirk. I love his eyes. I love his face. I love his arms and his hands on my body. I love him.

“I love you Andrew.” My voice is low.

“I love you Catalina.” He says. He pulls me in for another kiss. I feel him press me up against the wall as he deepens our kiss. He pulls away from our kiss only to remove my shirt. Our lips are like magnets and they find each other again. I pull his shirt up and over his head. I feel his hands grip my a\*\* and he pulls me away from the wall. He lays me on the bed, never breaking our kiss. He hooks his fingers around my shorts and takes them off. He trails kisses down my neck and to my mark spot.

“I can’t tell you how happy I am to see you unmarked.” I can feel his breath against my skin. Feeling his weight on top of me and his hands on my body drives me crazy. I feel myself getting wet with every touch from him. I moan into his neck. He pulls back and looks me in the eyes. I see his eyes wonder down and I watch him as he visually explores my body. His hand cups my face and he when his lips meet mine, it’s as if we are kissing for the first time. It’s like two stars crashing into each other. It’s hot, hungry, soft, and passionate. I felt him taking his pants off and I pulled him into me. His hand slipped between my legs as his finger finds my entrance.

Andrew’s POV

I have missed feeling her skin under my hands. I have missed the tingling sensation I get from touching her. Hearing her moan has Mark going crazy in my mind. I just want to be as close to her as possible. I slide a finger inside her and she’s so wet already.

“You’re so wet.” I say. I insert a second finger and she lets out another moan and throws her head back. I don’t want to wait any longer. I take my fingers out and she lets out a whimper. Then I thrust my c\*\*k inside her all the way. She arches her back and closes her eyes. I have never felt more complete than in this moment. I thrust in and out out her as she pants and moans out my name.

“F\*\*k Lina you feel so good.”

“Andrew” her voice moans my name again and again as I thrust in and out of her. My mouth finds her n\*\*\*le and I s\*\*k and lick. Her breathing is getting faster and I can feel her walls tighten around me. She is about you c\*m.

“C\*m for me baby.” I say against her skin. She lets out a loud moan and I c\*m with her. As she hits her peak I can feel heat rise in the room, which is normal well normal for Lina, but this was really hot. Her skin glowed and I see a small flame appear on the pillow. I quickly grab it and beat it out. She looks up at me apologetically. I collapse beside her and she snuggles up next to me. After a few minutes I feel her fall asleep on my chest. After awhile, so do I.

Catalina's POV

When I wake up, my head is resting on Andrew's chest and I just listen to him breathing. I feel his fingers tracing on my back so I know he's awake too. I want to know, but I don't at the same time. I finally get the courage.

"Andrew can I ask you something?"

"Anything." He says.

"How were you, you know, when I was gone?" I hope he understands what I'm asking. He tilts his head down to look at me. His face looks confused.

"How do you mean?" He asks.

"I guess I'm trying to find out if you felt anything from me through our mate bond." I wanted to know if he felt me and Liam having s\*x, without having to say it.

“No I didn’t feel anything. I thought I honestly broke our connection. It left me empty inside. I was lost without you Lina. I know it’s not your fault, I don’t want you to feel any guilt about it.” Andrew says. I squeeze him. I know he’s saying that for me, but I can’t help but feel guilty. It hurts me knowing that he was hurting while I was with Liam. Thinking about what me and him did together makes me sick.

“I’m sorry Andrew.” I say as a tear rolls down my cheek.

“Lina I would love nothing more than to lay in bed with you forever. But something tells me we can’t.” Andrew says. I groan in defiance.

“We can lay here and talk about stuff, but I think more people need to know.” Why is he always right.

“Fine but I want to take a bath. Can you get everyone here? And food! I have a feeling like this is going to be a long meeting.” I say and roll off the bed.

“Deal” Andrew says. I head to the bathroom. I run a hot bath and sink into the warm water. I soak a wash cloth and drape it over my face. I lay there thinking about the conversation I’m about to have with everyone.

“What do I need to do first? Can you tell me that? Or maybe what all needs to happen and a time frame? Any guidance would be appreciated.” I say to Kayla.

“I can tell you, you have 3 weeks to get ready. You need an army Lina. You need to practice controlling your powers. And you need to start uniting the packs. Kayla says.

Ok, it’s nice to know some things.

“But you can’t tell me about my last trial?” I ask her.

“No I can’t.”

“I have missed this.” I hear Andrew’s voice. I take the washcloth off my face and smile at him.

“People are starting to arrive and the food should be here soon.” Andrew says and comes over kisses my forehead. When Andrew leaves I get up and dry myself off. I wrap myself in a towel and step into the bedroom. I see Andrew has laid out some clothing options for me. I get dressed in a casual t-shirt and jean shorts. I step out of the bedroom and see Rachel, Murphy, Gamma Lucas, Raymond, and Andrew all waiting for me in the dinning area. The food hasn’t arrived yet and my stomach is not happy about that. But then Julia and Jet walk in carrying food and I sign in relief. We all gather around the table and chat a bit while we eat. I did feel a bit awkward. It was hard not to bring up the weird fake life I had been living for the past 4 weeks, oh and the fact that I killed a guy by marking him. And I marked him because I fell in love with him. All the things I wanted to avoid bringing up.

“So Lina, are we going to get down to the brass tacks, or are we going to keep avoiding it?” Murphy, of course Murphy has to be the one. I clear my throat. I stand up and walk over to the bar and hop up. I sit and face everyone. Where do I even start?

“I guess we can start. I just don’t know where to begin.” I say.

“Why don’t you tell us what happened at Winter Stone Pack.” Rachel says. Her eyes flick to Andrew and back to me. I take a deep breath. I really didn’t want to tell Andrew what happened between Liam and I.

“I feel really uncomfortable telling Andrew what happened.” I say looking at him. He looks upset, like he knows. He stands up and walks over to me.

“I really don’t want to hear it, but I need to Lina.” He kisses me. When he sits back down I tell them what happened to me. I might have left out how much Liam and I slept together and how much I felt for him. But even taking a lot of that out, I could feel Andrew’s rage. It rolled off him like waves. I told them about the war, Jackson, Carrie, training with Jet, and then I got to the part where I marked Liam. Andrew loses it.

“You WHAT?!?” Oh he was pissed. He stands up and throws his chair across the room.

“Andrew calm down. Lina was being heavily manipulated by her wolf, Liam, and even you.” His father says standing in front of Andrew. Andrew takes a few deep breaths to try and calm himself. My eyes are on the ground. I still feel ashamed with what happened, I haven’t gotten to the part of where I killed him yet.

“Lina continue.” Rachel says softly. I glance up at Andrew and his face brakes my heart to pieces. He looks like he just found out his pet died. I look away quickly. I need to get this over with.

“When I marked Liam” I hear a low growl but keep going.

“He screamed out in pain. I heard a crash and saw a flash of light. A man appeared in the room. My marked spot glowed and Liam fell beside me. The man asked me if I loved Liam.” Another low growl.

“I said yes and asked him to help him.” A louder growl. Gamma Lucas had gotten up at this point and positioned himself between Andrew and I. Instinctively Jet followed suit. I saw a glance between Jet and Gamma Lucas and they nodded at each other. The two men that have vowed their life for my protection. I know Andrew would never hurt me, my I could see Mark trying to take over. Andrew walked to the other side of the room and paces back and forth.

“The man said he accepted my sacrifice.” This drew everyones attention to me.

“He clapped his hands and I felt a wave of power and heat. Kayla called him Uncle.” I said. Andrew’s father looks at me and then to Andrew.

“The Sun God.” Raymond says. “The second trial.” He adds.

“Liam screamed out in pain. Kayla told me to run and to get Jet. Outside the pack house a beam of light shot up from the roof into the sky, and then the house was on fire. She told me where you were and to rescue you.” I smile at Raymond and he smiled back. Andrew was calmer. I flicked my eyes back to him. I couldn’t read the expression on his face.

“Then we ran all the way to the airport.” I said.

“So what now?” Murphy asked.

“Well Kayla told me I have 3 weeks to learn my new powers, unite the packs, and form an army.” They all look at me.

“An army?” Andrew asks.

“This seems like a lot to ask in 3 weeks.” Murphy says.

“We can call a council meeting.” Raymond says.

“They will want to come here.” Andrew adds.

“You can use the trailing facility for power practice.” Gamma Lucas says.

“How big does this army need to be?” Rachel asks.

“I’m not sure. I don’t even know what we will be fighting.” I say.

“Does Kayla?” Murphy asks.

“I do, but not yet. Gather everyone. Gather the leaders of the packs. I will tell you then.” Kayla says.

“She does, but she wants to gather the leaders of the packs. She’ll tell me then.” I say.

“Well looks like we have our marching orders. Alpha Raymond will gather the leaders, Jet and Lucas will help Lina with her powers, and Andrew and I will work on the army.” Murphy says looking excited.

“Why is Jet helping her with her powers?” Andrew snaps. I look at him, is he jealous of Jet?

“Because I’ve been training with her the last 4 weeks and I vowed to protect her.” Jet snaps back. I look at Julia and she seemed like she wanted to stay out of it as much as I did. Andrew, not one to back down, walks up to Jet and stands directly in front of him.

“I’m watching you.” Andrew says quietly.

“Fine, I’ll be watching her. Like I have been for the past 4 weeks.” Jet hisses back. Andrew grabbed his shirt and shoves him up against the window.

“Don’t f\*\*king test me.” Andrew says.

“Don’t get mad at me because you left her behind.” Jet says.

“ENOUGH.” I am standing on top of the kitchen bar. Everyone looks at me.

“This isn’t helping. Andrew it’s fine. Jet is a good warrior.” Andrew looks back at Jet and releases him. Andrew comes over to me and I jump into his arms. He sets me on the ground and grabs my hand.

“Everyone get to work. I need some time with Lina before she trains.” Everyone takes their leave and Andrew takes me to the couch. He hasn’t said a word to me for several minutes after everyone leaves.

## Alphas Broken Mate Chapter 46

Catalina’s POV

When I wake up, my head is resting on Andrew’s chest and I just listen to him breathing. I feel his fingers tracing on my back so I know he’s awake too. I want to know, but I don’t at the same time. I finally get the courage.

“Andrew can I ask you something.”

“Anything.” He says.

“How were you, you know, when I was gone?” I hope he understands what I’m asking. He tilts his head down to look at me. His face looks confused.

“How do you mean?” He asks.

“I guess I’m trying to find out if you felt anything from me through our mate bond.” I wanted to know if he felt me and Liam having s\*x, without having to say it.

“No I didn’t feel anything. I thought I honestly broke our connection. It left me empty inside. I was lost without you Lina. I know it’s not your fault, I don’t want you to feel any guilt about it.” Andrew says. I squeeze him. I know he’s saying that for me, but I can’t help but feel guilty. It hurts me knowing that he was hurting while I was with Liam. Thinking about what me and him did together makes me sick.

“I’m sorry Andrew.” I say as a tear rolls down my cheek.

“Lina I would love nothing more than to lay in bed with you forever. But something tells me we can’t.” Andrew says. I groan in defiance.

“We can lay here and talk about stuff, but I think more people need to know.” Why is he always right.

“Fine but I want to take a bath. Can you get everyone here? And food! I have a feeling like this is going to be a long meeting.” I say and roll off the bed.

“Deal” Andrew says. I head to the bathroom. I run a hot bath and sink into the warm water. I soak a wash cloth and drape it over my face. I lay there thinking about the conversation I’m about to have with everyone.

“What do I need to do first? Can you tell me that? Or maybe what all needs to happen and a time frame? Any guidance would be appreciated.” I say to Kayla.

“I can tell you, you have 3 weeks to get ready. You need an army Lina. You need to practice controlling your powers. And you need to start uniting the packs. Kayla says.

Ok, it’s nice to know some things.

“But you can’t tell me about my last trial?” I ask her.

“No I can’t.”

“I have missed this.” I hear Andrew’s voice. I take the washcloth off my face and smile at him.

“People are starting to arrive and the food should be here soon.” Andrew says and comes over kisses my forehead. When Andrew leaves I get up and dry myself off. I wrap myself in a towel and step into the bedroom. I see Andrew has laid out some clothing options for me. I get dressed in a casual t-shirt and jean shorts. I step out of the bedroom and see Rachel, Murphy, Gamma Lucas, Raymond, and Andrew all waiting for me in the dinning area. The food hasn’t arrived yet and my stomach is not happy about that. But then Julia and Jet walk in carrying food and I sign in relief. We all gather around the table and chat a bit while we eat. I did feel a bit awkward. It was hard not to bring up the weird fake life I had been living for the past 4 weeks, oh and the fact that I killed a guy by marking him. And I marked him because I fell in love with him. All the things I wanted to avoid bringing up.

“So Lina, are we going to get down to the brass tacks, or are we going to keep avoiding it?” Murphy, of course Murphy has to be the one. I clear my throat. I stand up and walk over to the bar and hop up. I sit and face everyone. Where do I even start?

“I guess we can start. I just don’t know where to begin.” I say.

“Why don’t you tell us what happened at Winter Stone Pack.” Rachel says. Her eyes flick to Andrew and back to me. I take a deep breath. I really didn’t want to tell Andrew what happened between Liam and I.

“I feel really uncomfortable telling Andrew what happened.” I say looking at him. He looks upset, like he knows. He stands up and walks over to me.

“I really don’t want to hear it, but I need to Lina.” He kisses me. When he sits back down I tell them what happened to me. I might have left out how much Liam and I slept together and how much I felt for him. But even taking a lot of that out, I could feel Andrew’s rage. It rolled off him like waves. I told them about the war, Jackson, Carrie, training with Jet, and then I got to the part where I marked Liam. Andrew loses it.

“You WHAT?!?” Oh he was pissed. He stands up and throws his chair across the room.

“Andrew calm down. Lina was being heavily manipulated by her wolf, Liam, and even you.” His father says standing in front of Andrew. Andrew takes a few deep breaths to try and calm himself. My eyes are on the ground. I still feel ashamed with what happened, I haven’t gotten to the part of where I killed him yet.

“Everyone get to work. I need some time with Lina before she trains.” Everyone takes their leave and Andrew takes me to the couch. He hasn’t said a word to me for several minutes after everyone leaves.

Andrew’s POV

I pulled Lina over to the couch and try to calm myself down. I don’t know why I got so jealous of Jet, I know he’s Julie’s mate. But he was with her during a time when I couldn’t be. Liam was already dead so I couldn’t take it out on him. I felt Lina’s hand on my arm and the tingles of our mate bond. I look up at her beautiful red hair, light skin, and her eyes.

“Lina I’m sorry. I took my jealousy out on Jet. Just hearing everything that happened set me over. And Jet with his comment.” I trailed off. Lina took my hand.

“Did anything happen between you and Jet?” I hated that I had to ask, but I needed to know.

“No. I think he wanted something to, but nothing did.” She said. I hated hearing he wanted her, but I asked.

“Andrew I’m sorry. I hated having to tell you all that. But you don’t need to apologize to me. You need to apologize to Jet.” I know she’s right. But something about Jet ruffles my fur.

“I know. I will.” I say leaning back. She leans into me and I kiss the top of her head.

“Andrew what did you do for 4 weeks while I was gone?” I asked.

“Well for the first week, I locked myself away in my office being a d\*\*k to everyone. The second week, Murph and I tried to come up with a way to get you and my father out of there, still being a d\*\*k to most people. The third week I locked myself in the gym trying to distract myself. And finally I spent the last week in bed trying to sleep. Last night was the first full night of sleep I’ve had since I left you.” All of it was true. I’m skimming over the rage outs I’ve had since she’s been gone. I’ve kinda been unbearable to be around. Poor Murphy, he’s taken the brunt of it. Having her in my arms feels so good, I’m never letting her go again. We chat a bit longer before I hear a knock at the door. Gamma Lucas steps in.

“Luna, we should get started.” Lucas of many words. I grip on to Lina not wanting to let her go. She places her hand in mine.

“I will meet you in the lobby in just a minute.” Lina says to Lucas. He bows and leaves. Lina turns to me.

“You know I need to do this.” I nod but don’t loosen my grip.

“Why don’t you come along?” She says and I softened.

“I know I’m being needy. But I just got you back. It hasn’t even been a day.” God I sound desperate.

“I know, but 3 weeks isn’t a lot of time. And I don’t know what I’m doing. Come, maybe you can help.” She stands up and puts out her hand. I take it and get up. I cup her face and kiss her deeply. She tastes so sweet. She deepens the kiss and then I trail kisses down her neck.

“Lina we need to stop before I take you back in the bedroom and f\*\*k you.” I whisper into her skin. I can smell her arousal. She pushes back and smiles and giggles. She grabs my hand and unfortunately she leads us to the front door. We get down to the lobby and I see Jet and Lucas waiting.

“Boys play nice. I really want to figure these powers out. Maybe set something on fire on purpose for once.” I see a glimmer of excitement in her eyes. I nod to Jet and he nods back. Lina rolls her eyes.

“Men.” She says and we heads for the door. We get in the car and drive to the training facility.

Catalina’s POV

When we walk in I notice Jet’s eyes taking it all in. The facility is much bigger then Winter Stone pack’s and has updated equipment. We walk out to the middle of the field where there are fire extinguishers, water buckets, and sand buckets. I look at Gamma Lucas.

“You can never be too careful.” He says giving me a raised eyebrow.

“Now Luna, how do we do this?” Everyone was looking at me.

“Everyone give me a minute and take a few steps back.” I say. I sit down and tap into Kayla.

“Kayla how?”

“How have you done it before?” She asks. Well I’ve been mad, had s\*x, which I’m not doing out here, training..sparring.

“SPARRING” I say out loud.

“Someone spar with me.” Jet looks at Gamma Lucas. Gamma Lucas gestures for Jet to go ahead. Jet and I take positions and start. Jet is a good sparring partner for me. He’s fast, strong, and knowledgeable. We spar for about 20 minutes before I feel something. Normally I don’t feel the heat I produce, but this time I felt it. I put my hand up to stop Jet from lunging at me. I sat down and focused on the feeling. It was deep inside me. I closed my eyes and tried to visualize it. There was a small glow deep inside. I remembered what Kayla said and focus on my anger. I think of everything that has ever made me mad. All the pain, all the abuse, all the things I can’t control. Then I see the flame inside me.

“There it is Lina. That’s your power.” Kayla says proudly.

“What do I do with it?” I asked.

“Focus, bring it out more. This power is as natural to you as being a werewolf.” Kayla says. I focus harder on my anger and hurt. The more I think about it, the bigger the flame gets. Then suddenly I see the Phoenix and heat radiates through my body. I open my eyes and see flames.

“Dont let go Lina. Keep your focus.” Kayla says. I try to hold on. I stand up, but suddenly I feel my feet lift off the ground. I get scared and lose it. The fire goes out and I fall to the ground. The guys run to me.

“Lina, you ok?” Jet asks and Andrew growls at him. Andrew takes my hand and rubs his thumb over my knuckle.

“Baby?” He says. I sit up.

“I’m fine. I got scared when I felt my feet lift off the ground. I lost focus. I guess I wasn’t expecting that.” I say with a smile.

“What did it look like?” I ask.

“Well Luna, you were completely engulfed in flames. Then you stood up and like you said, lifted off the ground. Then the fire went out and you fell.” Gamma Lucas says. I looked at my body and clothes nothing is burned or affected. I noticed how tired I felt after just that little bit. Andrew tried to stand me up but I leaned on him heavily.

“You ok?” He asked.

“I’m fine. I’m just really tired.” I say. He picks me up.

“Maybe that’s enough for today. We can try again tomorrow.” He says. I rested my head on his shoulder and melted into my mate. He carries me back to the car and helps me in. We drive back to the pack house. When I’m getting out Andrew wants to carry me, but I put my hand up to stop him. He holds out his hand and I take it. When we walk into the lobby, Andrew’s dad walks up to us.

“Gods.”

“Good I found you. I have some news.” His eyes flick to me.

“Lina are you ok?” He sees me struggling.

“Yes just tried from trying to use my powers.” I say in a sigh.

“Dear it’s your first day. I’m sure it will get easier.” He says trying to comfort me.

“You said you had news.” Trying to change the subject.

“Yes, I’ve spoken with the council. They will be here in a week. They have called an alpha summit. All the Alphas from the major packs will come here.” His eyes flick to me again.

“There’s also a problem.” He says

“With the council?” Andrew asks.

“No, they seem quite excited about Lina. It’s about one Alpha that will be coming.” He looks back at me.

“Alpha Jackson.” I say. He nods, I feel Andrew tense next to me.

“What? He’s not an Alpha anymore.” Andrew spits.

“Actually, he is. It turns out after Liam died. His father released him from the prison. Since his father was going to become Alpha of Winter Stone pack, he turned it down and passed it to his son.” Raymond says.

“What? Who is Jackson’s father?” They both look at me.

“Beta Jerry.” Jet says behind me. I hadn’t even noticed him there. My eyes widen.

“Liam used his family’s life against Jackson to get him to come after you.” Jet said.

“But he’s your cousin.” I say to Andrew.

“On my mother’s side.” He says.

“Jackson has United the Winter Stone pack, Moon Stone pack, and Red River pack.” Red River is Alpha Francis’ pack.

“All of them?” Andrew asks. His dad nods.

“But Moon Stone and Red River were basically taken out by each other. So he can’t have a lot of warriors.” I say.

“True. But now he has a lot of land and resources.” Raymond adds. “So Jackson will be here in a week representing his new pack?” Andrew says.

“The Red Stone Pack. Is the new name.” Raymond says. I feel annoyed. I should have killed him when I had the chance. Suddenly I remembered how tired I was as I leaned into Andrew.

“Thank you dad for letting us know. And for making it happen so quickly. It will give mother and Rachel something to prepare for.” Andrew takes my hand and leads me to the elevator. When we get in the apartment he carries me to bed.

“Rest. I’ll wake you up for dinner.” He kisses my forehead and sleep comes to me quickly.

Dream

I am sitting on a rock next to a river. The sky is dark blue and the sun is high. The wind is cool and cuts the air. I take a deep breath and smell the flowers around me. It is quiet here. I look around when I hear someone approaching me. It’s the Moon Goddess.

“My child.” Her voice is soft almost like a whisper.

“Moon Goddess.” I bow as she comes closer to me. Her hand touches my chin and lifts it. Her touch is warm and soft.

“You are doing so well. But I have come with a warning. I know Kehlani hasn’t told you who the army is for. You need to know what is coming.” Her eyes look deep into mine.

“What?” I ask

“Gods.”

“My child.” Her voice is soft almost like a whisper.

“Moon Goddess.” I bow as she comes closer to me. Her hand touches my chin and lifts it. Her touch is warm and soft.

“You are doing so well. But I have come with a warning. I know Kehlani hasn’t told you who the army is for. You need to know what is coming.” Her eyes look deep into mine.

“What?” I ask

“Gods.”

Catalina’s POV

I wake up from my dream out of breath and looking around. Andrew comes through the door with concern on his face.

“Did you have a bad dream? I didn’t know you still got those.” He says taking a seat next to me.

“It wasn’t a bad dream. The Moon Goddess came to me.” His face changed to surprise.

“What did she say?” He asks.

“She told me what the army was for.” He waits for me to continue.

“She said Gods.”

“Gods? Which Gods? How many?” He asked.

“I don’t know. I woke up after that.” I said. Andrew takes a deep breath.

“We’re going to need every pack to fight against Gods.” He says. I shake my head in agreement. He takes my hand and squeezes it.

“Are you hungry?” He asks. I nod my head.

“We can eat up here, go out to eat, or eat in the dinning area.”

“I want to eat with everyone.” I say. I’ve missed my pack. They haven’t seen their Luna in weeks. Andrew smiles and stands up.

“Let me change and we can go ok?” I say.

“Sure thing love.” He leaves the room and I pick out a dress and we head down to the dinning hall. I mindlinked Rachel to let her know. We take a seat at a large table and an omega brings us food. A lot of warriors stopped by to see me, Julie and Jet joined us. And soon Rachel and Murphy did too. We all chatted and ate. I missed this so much. I looked around at all my friends and think back to what my life was like just a year ago. So much has changed, and it all started when I met Andrew. I reach for his hand under the table and squeeze it. He looks at me and smiles. This man is my everything.

Andrew's POV

I feel Lina reach for my hand and squeeze it. I look down at her and smile. She looks so happy, I pull her in and kiss her temple. I wish we could stay like this forever. I never want to get in a position where I have to lose her. I know she has missed our friends, but I can't wait to get her alone.

"I love you Lina" I tell her in our mind link.

"I love you Andrew." I hear her say back. Rachel is talking about the plans they are making for the 12 Alphas that are coming. Lina perks up.

"Did you say 12?" Lina asks.

"Yeah why, what's up?" Rachel leans into the table.

"I had a dream about it a while ago. It wasn't very specific and I didn't know what it meant but it had 12..." Lina trails off.

"Tell us the dream." Murph said excitedly. Lina looks up at me. Her face looks sad. I get the feeling it was a bad dream about me.

"I was in a field and it was on fire. Andrew was there. He said it was all my fault. Then he walked into the flames. Liam was there." I growl at the mention of his name.

"But he was covered in flames. I was surrounded by 12 figures all standing in the flames. I don't know what it means." She finishes. Everyone looks like they are trying to figure it all out. The table was quiet for a minute.

"Man I can't wait for you to be able to set fire to stuff on purpose. You are going to be one bad a\*s Alpha." Murph says with a smile.

"High Alpha" Lina corrected with a giggle. I love how Murph can lighten a room and make her laugh.

"Have we figured out what we are fighting yet?" Murph asks. Lina and I look at each other.

"Oh man this doesn't seem good. What is it? Witches? Vamps? Giants?" Murph asks.

"Gods." Lina says. Making everyone go silent and stare at her.

"You really know how to silence a group I'll give you that." Murph says. Rachel hits him arm.

"Do you know any more information?" Jet asks her. Lina looks him in the eyes and shakes her head. He just nods in acceptance.

“Looks like we have our work cut out for us man.” Murph says to me.

“We will start with Stone Mountain Pack first thing tomorrow.” I say. They are the highest level of warriors and very close to our pack.

“We will bring my father in if necessary.” I add.

“You don’t want to wait until they are here?” Lina asks.

“No, I want them to know our intentions prior to arrival. It will give them time to look into the lore. And they won’t feel ambushed. They will have time to talk it over with their pack members. Alphas don’t like to have their hand forced. They like to make their own decisions.” I say. She nods her head in agreement.

“Tomorrow we will start reaching out to all 12 packs and let them know why they are being brought here on such short notice.” I say to Murph. I feel Lina squeeze my hand. I snake my hand around her waist and pull her into my lap. I wanted to comfort her. I felt her body relax and she leaned her head on my shoulder. I took in her smell and tried to stay in this moment for as long as possible. The group picked up chatting again, but the longer I had Lina in my lap the more I wanted her. I slid my hand up her thigh and under her dress. I felt her reaction to my touch and chuckled. I slid it up further and I could smell her arousal. I felt my d\*\*k getting hard in my pants.

“What are you doing?” She asked in our mind link.

“I can tell you what I want to be doing.” She looks at me with a shy smile. I raise an eyebrow at her, she blushes. I can’t take it anymore, I need my mate. I stand up from the table with Lina in my arms. She is kicking and giggling ,

“I can walk.”

but I don’t listen or look back at our friends. I take her to the elevator and up to our room. I need to feel my mate, Mark is howling in my head. I throw her on the bed and she gives me smirk.

“Really?” She says. I just smile at her thinking of all the things I’m going to do to her. I pull her to the edge of the bed and cup her face. I kiss her hard. She lets out a soft moan in her throat as my tongue explores her mouth. She tastes so sweet. I lift her shirt over her head and I feel her hands on my belt. She took my pants off and my d\*\*k sprung right up. She took it in her hands and started stroking. She looked up at me and I raised my eyebrows. She started licking and s\*\*\*\*\*g the tip of my d\*\*k. Then she took me fully in her mouth. I let out a moan and closed my eyes. I rested my hand on the back of her head and she takes me in and out of her mouth.

“Damn Lina.” I moan. I feel myself growing closer and closer to climax. I push myself deeper into her. She holds it there and pulls back gasping for air. I push her back on the bed, I need to be inside her now. I slip off her underwear and get in between her legs.

“Tell me what you want.” I say as I kiss down her neck. She breathing heavy.

“You. I want you inside me.” I thrust into her and she arches her back and moans.

“Lilith will tell you more.” He shouts.

“Does that feel good?” I ask. She moans and nods.

“I can’t hear you.” I stop thrusting. She whimpers.

“Yes it feels good, now keep going.” She wraps her legs around me to push me into her. I love this girl. I start moving again and I kiss her marked spot.

“Lina can I?” I ask her. She’s quiet for a moment. I pull back to look at her. After a moment she smiles.

“Yes, Kayla says yes.” I smile at her and kiss her hard. Lina can be mine and we can finally be one. I keep thrusting in and out of her. I roll us over and have her on top not breaking our kiss. I lean up as she grinds on top. I can feel her contracting around me. I trail my kisses down her neck and to her mark spot.

“Andrew, please.” She moans and begs. I sink my teeth into her shoulder and she sucks in a breath and then moans. I feel her hit her climax and I join her. I lick the blood off her shoulder and I feel her whole body relax.

Catalina’s POV

Andrew marked me and I felt a rush of connection with him. I felt every feeling he has and I feel more connected to my pack through him. I’m still sitting on top of him as he lays back. We are both breathing heavily. I lay down next to him and he pulls me up against his body.

“Kayla says I can’t mark you until we have more packs underneath me. You will be stronger then and will be able to carry my mark.” I say huffing. He looks down to me and smiles.

“Ok love. Whenever is right. I’m happy I can feel our connection grow. You are mine now, always.” He says with such pride. I smiled right back, feeling his love for me was overwhelming. A tear rolls down my cheek.

“Are you ok? Are you in pain?” Andrew looks concerned. I felt his feelings shift. I’ve never felt anything like it.

“No no. I can just feel.. everything.” I say. He smiles.

“I know. It will get easier.” He says and kisses the top of my head. “I love you Andrew.” I say.

“I love you Lina.” He says. He rubs my back until I drift off to sleep.

Dream

I'm looking down from the sky onto a lake and some open space. The water started to move and something large was coming to the surface. In the open space wolves started gathering, they were in attack formation. A large rock creature came out of the water and roared at the wolves. The wolves howled in response.

"There's no way they can defeat that thing!" I yell.

"They can't hear you." A voice comes from behind me. I turn around and see the man from the night Liam died.

"Who are you?" I asked.

"I am the Sun God, I have many names like my sister but you can call me Ra."

"What is going on?" I ask pointing to the ground.

"You need to know, you can't do this war alone." He says.

"I know, I need to unite the packs." I say.

"No." His voice booms.

"Your kind can't do it alone. Lilith can help." He knew her by name.

"She is waiting for you." He says. Darkness is coming in.

"Wait! Who is? Who do I need to get help from? What gods are we fighting? How many?" I'm yelling this as I feel like I'm being pulled away.

"Lilith will tell you more." He shouts.

Catalina’s POV

I wake up and shoot myself up in a sitting position breathing heavily. I see Andrew sitting at the end of the bed staring at me.

Andrew’s POV

I felt Linas distress. I woke up and saw she was dreaming. I wanted to wake her up, but I knew she had been getting visions and speaking with the Moon Goddess in her sleep. I didn’t feel fear from her, I hope I’m making the right decision. After a few moments she opened her eyes and sat up. Her breath was fast and heavy. She looked up at me.

“I didn’t know if I should have woken you or if it was a vision or what.” I was so worried I just let her sit through a nightmare.

“No I’m fine it wasn’t.” She said catching her breath.

“What was it? The Moon Goddess?” I ask.

“No, it was the Sun God.” I was surprised. Normally he doesn’t get involved with our kind.

“What did he say!” I asked.

“He said we need Lilith.” She said.

“Dad.” I reached out in mind link.

“Yes son.” He replied.

“Lina just told me we need Lilith.”

“Funny, she just showed up.” He replied.

“Lina, she’s here.” A wide smile came across her face. She jumps out of bed and to the bathroom. I guess she wants to go see her. I get dressed and lay on the bed waiting for Lina to get ready.

Catalina’s POV

I take a quick shower and wrap a towel around myself. I’m about to walk out of the bathroom with the mirror catches my attention. It’s Andrew’s mark. I stop and look at it and smile as I remember last night. I walk into the bedroom and see Andrew on the bed. I climb on top of him straddling him. He looks up at me and smiles.

“I love you Andrew.” I say. He sits up to meet me.

“I love you Lina.” And he kisses me. He tries to remove my towel but I hold on to it and break our kiss.

“We need to see Lilith.” I say. His mouth has trailed down my neck, making my voice not so confident.

“But I need you.” He whispers against my skin, sending chills down my spine. I gather all my strength and slip off him. He groans.

“Babe that was mean.” He says. I smile at him and drop my towel to get dressed. He growls. I try to get away but he grabs my arm and throws me on the bed. I giggle at him. His eyes are black and full of I\*\*t, for me. He pulls my hips to the end of the bed and kneels down and kisses the inside of my thigh. His hands wrap around my thighs and he pulls me closer. He trails kisses until he finds my nub and starts s\*\*\*\*\*g. I feel the electricity run through my body as his finger enters me. I let out a moan at the feeling. When he enters another finger and hooks up I throw my head back and grab the bed sheets. It’s like he knows right where to go and it feels amazing. I could feel the pressure building inside me, I was getting close. I felt him s\*\*\*\*\*g and licking and then another finger enter. It was getting harder to hold it in.

“Andrew I’m close.” I say as I look down at him. I run my hand through his hair and I feel him thrusting his fingers in and out of me. I felt the release coming and I arch my back and let out another moan. I release completely Andrew continues thrusting his fingers in and out of me. I ride the waves of pleasure as they rush through my body. When I finish I’m out of breath. Andrew gets up with a big smile on his face.

“That’s what you get for teasing me.” I throw a shirt at his head and he laughs his way to the bathroom. But if that’s what I get for teasing, maybe I should do it more often. I clean myself up and get dressed. Then I made some coffee. Andrew came out and we had coffee together on the balcony. When we were finished, Andrew linked his dad to meet us in the conference room. I

linked Rachel, Jet, and Gamma Lucas to meet us there too. Jet was sworn into our pack yesterday so I can link him now.

When we got to the conference room Raymond, Lilith, and Gamma Lucas were all there. I had a weird urge to go up and hug Lilith, I think she felt it and held out her arms, so I did. We're waiting for Jet, Murphy, and Rachel to arrive before getting started. Murphy and Rachel saw Andrew's mark on me and freaked out.

"It's about time man." Murphy said clapping Andrew on the shoulder. When everyone was done congratulating us, we all sat down. Raymond introduced Lilith.

"I was told to come here by Ra." She said.

"To help you with the coming war." She adds.

"You aren't a normal witch are you?" I asked her. She smiles at me.

"No I'm not." I noticed that Raymond did not look surprised at this response.

"You knew?" I say to Raymond.

"I did. It's the real reason we ended things." He said, he looked sad.

"Lina, can you tell us about your dream." She asks.

"Last night I had a dream I was looking down from the sky on a battlefield of water and land. In the water a rock creature came out and on land there were werewolves. I tried to yell out when Ra came and told me we can't fight this alone. We need more than just our kind to fight this." I say.

"And that is why I am here." Lilith says.

"How much do you all know about witches?" She asks looking around the table.

"Not much, we don't come across many." Andrew says.

"Well I'll give you all a witch lesson. Witches pull their power from different sources based off their coven and family lineage. Some pull their power from the Luna Mother, we worship her and she gives us power. A long time ago the Moon Goddess fell in love with a human. This human was cursed. With this human she had 50 daughters. They all had special powers and formed what would now be the first coven." She says.

"What happened to them?" I asked.

"That was a long time ago. A lot of them had children, died, or went into hiding." She said.

“Like you.” She smiled and nodded.

“Like me sister.” She said with a smile. She is Kehlani’s sister! I heard her purr in the back of my mind and smiled. But I can feel Kayla already knew that. She really doesn’t tell me anything.

“This war isn’t just about Lina or werewolves. It’s about all of the Moon Goddess children.” She says

“But why?” Andrew asks.

“Because if there is one thing you need to know about Gods, it is jealousy. Gods are the most jealous creatures. That’s why they created beings to worship them.” She says.

“I found out more about the White Wolf lore while doing some digging. A deal was struck with the Moon Goddess that her children can live until the white wolf comes. Once the white wolf comes to power they will get rid of all of her children.” She says

“But who is they?” Andrew asks.

“Zeus and Pan” she says. We all look at each other.

“How the hell are we suppose to fight them?” Murphy asked.

“And why the hell are we fighting them?” He adds.

“Zeus and Pan both fathered children with the Moon Goddess. When Zeus found out she was in love with a human, he cursed him to an eternal sleep. But Phoebe, the moon goddess, found a way and had daughters with him. She tried to keep them hidden but Zeus found out. Zeus got Pan to curse Kehlani. That’s when Phoebe made a deal with Zeus and Pan to try and spare her children’s lives.” The room was so quiet listening to Lilith. This was so much to take in.

“This still doesn’t tell us how we are going to fight them.” I say.

“We have the numbers. We can’t k\*\*l them. But I think we can trap them. Like they did the Titans.” She says.

“Also I think there are a few gods we can get on our side. But first we must get our own people on our side.” She adds.

“Murph and I will be contacting all the main pack Alphas today in preparation for the summit.” Andrew says.

“Good. Lina we need to get you comfortable with your powers. I have a feeling the council is going to want proof and your wolf alone isn’t enough.” Lilith says.

“Are there any other creatures or magical beings that are the children of Phoebe?” Rachel asks.

“Yes, and I will meet with their leaders. The Fae are secretive group.” Lilith tells us.

“Well it looks like we all have things to do. We better get started, the Alphas will be here before we know it.” Raymond says standing. We all stand with him, Andrew takes my hand.

“Murph and I will be in my office if you need anything.” Andrew kisses me. Andrew, Murphy, and Rachel leave.

“Should we get breakfast before training? I think I’ll need the energy.” I say to Jet and Gamma Lucas. They nod in agreement.

“I will meet you out there. I’m going to set up a protection circle for you to feel more comfortable to use your powers.” Lilith says. I nod and we head out for breakfast. Once I’ve stuffed my face, we head out to the training facility. Lilith has set up a similar protection circle as before, but this one only requires two people to hold it, instead of three and the circle is much bigger.

“So how have you done this before?” Lilith asked.

“Yesterday I sparred with Jet and then focused on anger to bring it out.” I say.

“Ok this time I just want you to focus on the fire. Focus on the Phoenix. You need to get use to controlling it and not it controlling you. Try calling it forward.” She says. I walk to the middle of the circle and sit down. I close my eyes and try and focus on the phoenix.

“Phoenix.” I say in my mind.

“Maybe it would be easier if I gave it a name. What about Helia, it means sun?” I felt a wave of warmth wash over me. I smiled.

“I’ll take that as a yes. Helia, I can feel you.” I say and I see a light burning.

“How do I use your gift.” I feel warmer. I focus on the light. I also felt a bit of anger rising inside of me.

“Helia are you attached to my emotions?” Then I felt a deep warmth, warmer then before. Something I’ve only felt once. When I got mad at Andrew. The memory flooded back to me along with the rage I felt. I opened my eyes and saw fire. How can I control the fire, if it’s directly tied to my emotions. I stood up and felt overcome by the anger inside me I felt my feet leave the ground and I let out a scream, not of pain but as a release. I tried to hold on the fire for as long as I could before it goes out and I fall to the ground. I feel like I’m on the brink of passing out when I feel cold water splash over me. I look up and see Jet with an empty bucket in his hands and I give him a face.

“She told me to do it.” Pointing at Lilith. Gamma Lucas is by my side.

“Luna are you ok?” He asks.

“Yes I’m ok.”

“What happened?” Lilith asked.

“Well I found her. But there’s a problem. She’s directly tied to my emotions. I’m not sure how I’m supposed to control her like that.” I say.

“I thought that would be the case. However I think this has to do with your strength. Remember when Kayla was weak and only came out when she needed to protect you? Now you can call her out whenever you need to because you both are stronger now. I think your Phoenix might be the same way.”

“Helia, I named her that.” I say.

“How does she make it stronger?” Jet asks as he helps me off the ground.

“I think practice and more packs. The strength of the packs will give her strength. I also think the final trial will give her full strength, but we need more before then,” Lilith says.

## Alphas Broken Mate Chapter 49

Catalina’s POV

I wake up and shoot myself up in a sitting position breathing heavily. I see Andrew sitting at the end of the bed staring at me.

Andrew’s POV

I felt Linas distress. I woke up and saw she was dreaming. I wanted to wake her up, but I knew she had been getting visions and speaking with the Moon Goddess in her sleep. I didn’t feel fear from her, I hope I’m making the right decision. After a few moments she opened her eyes and sat up. Her breath was fast and heavy. She looked up at me.

“I didn’t know if I should have woken you or if it was a vision or what.” I was so worried I just let her sit through a nightmare.

“No I’m fine it wasn’t.” She said catching her breath.

“What was it? The Moon Goddess?” I ask.

“No, it was the Sun God.” I was surprised. Normally he doesn’t get involved with our kind.

“What did he say!” I asked.

“He said we need Lilith.” She said.

“Dad.” I reached out in mind link.

“Yes son.” He replied.

“Lina just told me we need Lilith.”

“Funny, she just showed up.” He replied.

“Lina, she’s here.” A wide smile came across her face. She jumps out of bed and to the bathroom. I guess she wants to go see her. I get dressed and lay on the bed waiting for Lina to get ready.

Catalina’s POV

I take a quick shower and wrap a towel around myself. I’m about to walk out of the bathroom with the mirror catches my attention. It’s Andrew’s mark. I stop and look at it and smile as I remember last night. I walk into the bedroom and see Andrew on the bed. I climb on top of him straddling him. He looks up at me and smiles.

“I love you Andrew.” I say. He sits up to meet me.

“I love you Lina.” And he kisses me. He tries to remove my towel but I hold on to it and break our kiss.

“We need to see Lilith.” I say. His mouth has trailed down my neck, making my voice not so confident.

“But I need you.” He whispers against my skin, sending chills down my spine. I gather all my strength and slip off him. He groans.

“Babe that was mean.” He says. I smile at him and drop my towel to get dressed. He growls. I try to get away but he grabs my arm and throws me on the bed. I giggle at him. His eyes are black and full of lust, for me. He pulls my hips to the end of the bed and kneels down and kisses the inside of my thigh. His hands wrap around my thighs and he pulls me closer. He trails kisses until he finds my nub and starts sucking. I feel the electricity run through my body as his finger enters me. I let out a moan at the feeling. When he enters another finger and hooks up I throw my head back and grab the bed sheets. It’s like he knows right where to go and it feels amazing. I could feel the pressure building inside me, I was getting close. I felt him sucking and licking and then another finger enter. It was getting harder to hold it in.

“Andrew I’m close.” I say as I look down at him. I run my hand through his hair and I feel him thrusting his fingers in and out of me. I felt the release coming and I arch my back and let out

another moan. I release completely Andrew continues thrusting his fingers in and out of me. I ride the waves of pleasure as they rush through my body. When I finish I'm out of breath. Andrew gets up with a big smile on his face.

"That's what you get for teasing me." I throw a shirt at his head and he laughs his way to the bathroom. But if that's what I get for teasing, maybe I should do it more often. I clean my self up and get dressed. Then I made some coffee. Andrew came out and we had coffee together on the balcony. When we were finished, Andrew linked his dad to meet us in the conference room. I linked Rachel, Jet, and Gamma Lucas to meet us there too. Jet was sworn into our pack yesterday so I can link him now.

When we got to the conference room Raymond, Lilith, and Gamma Lucas were all there. I had a weird urge to go up and hug Lilith, I think she felt it and held out her arms, so I did. We're waiting for Jet, Murphy, and Rachel to arrive before getting started. Murphy and Rachel saw Andrew's mark on me and freaked out.

"It's about time man." Murphy said clapping Andrew on the shoulder. When everyone was done congratulating us, we all sat down. Raymond introduced Lilith.

"I was told to come here by Ra." She said.

"To help you with the coming war." She adds.

"You aren't a normal witch are you?" I asked her. She smiles at me.

"No I'm not." I noticed that Raymond did not look surprised at this response.

"You knew?" I say to Raymond.

"I did. It's the real reason we ended things." He said, he looked sad.

"Lina, can you tell us about your dream." She asks.

"Last night I had a dream I was looking down from the sky on a battlefield of water and land. In the water a rock creature came out and on land there were werewolves. I tried to yell out when Ra came and told me we can't fight this alone. We need more than just our kind to fight this." I say.

"And that is why I am here." Lilith says.

"How much do you all know about witches?" She asks looking around the table.

"Not much, we don't come across many." Andrew says.

"Well I'll give you all a witch lesson. Witches pull their power from different sources based off their coven and family lineage. Some pull their power from the Luna Mother, we worship her

and she gives us power. A long time ago the Moon Goddess fell in love with a human. This human was cursed. With this human she had 50 daughters. They all had special powers and formed what would now be the first coven.” She says.

“What happened to them?” I asked.

“That was a long time ago. A lot of them had children, died, or went into hiding.” She said.

“Like you.” She smiled and nodded.

“Like me sister.” She said with a smile. She is Kehlani’s sister! I heard her purr in the back of my mind and smiled. But I can feel Kayla already knew that. She really doesn’t tell me anything.

“This war isn’t just about Lina or werewolves. It’s about all of the Moon Goddess children.” She says

“But why?” Andrew asks.

“Because if there is one thing you need to know about Gods, it is jealousy. Gods are the most jealous creatures. That’s why they created beings to worship them.” She says.

“I found out more about the White Wolf lore while doing some digging. A deal was struck with the Moon Goddess that her children can live until the white wolf comes. Once the white wolf comes to power they will get rid of all of her children.” She says

“But who is they?” Andrew asks.

“Zeus and Pan” she says. We all look at each other.

“How the hell are we suppose to fight them?” Murphy asked.

“And why the hell are we fighting them?” He adds.

“Zeus and Pan both fathered children with the Moon Goddess. When Zeus found out she was in love with a human, he cursed him to an eternal sleep. But Phoebe, the moon goddess, found a way and had daughters with him. She tried to keep them hidden but Zeus found out. Zeus got Pan to curse Kehlani. That’s when Phoebe made a deal with Zeus and Pan to try and spare her children’s lives.” The room was so quiet listening to Lilith. This was so much to take in.

“This still doesn’t tell us how we are going to fight them.” I say.

“We have the numbers. We can’t k\*\*l them. But I think we can trap them. Like they did the Titans.” She says.

“Also I think there are a few gods we can get on our side. But first we must get our own people on our side.” She adds.

“Murph and I will be contacting all the main pack Alphas today in preparation for the summit.” Andrew says.

“Good. Lina we need to get you comfortable with your powers. I have a feeling the council is going to want proof and your wolf alone isn’t enough.” Lilith says.

“Are there any other creatures or magical beings that are the children of Phoebe?” Rachel asks.

“Yes, and I will meet with their leaders. The Fae are secretive group.” Lilith tells us.

“Well it looks like we all have things to do. We better get started, the Alphas will be here before we know it.” Raymond says standing. We all stand with him, Andrew takes my hand.

“Murph and I will be in my office if you need anything.” Andrew kisses me. Andrew, Murphy, and Rachel leave.

“Should we get breakfast before training? I think I’ll need the energy.” I say to Jet and Gamma Lucas. They nod in agreement.

“I will meet you out there. I’m going to set up a protection circle for you to feel more comfortable to use your powers.” Lilith says. I nod and we head out for breakfast. Once I’ve stuffed my face, we head out to the training facility. Lilith has set up a similar protection circle as before, but this one only requires two people to hold it, instead of three and the circle is much bigger.

“So how have you done this before?” Lilith asked.

“Yesterday I sparred with Jet and then focused on anger to bring it out.” I say.

“Ok this time I just want you to focus on the fire. Focus on the Phoenix. You need to get use to controlling it and not it controlling you. Try calling it forward.” She says. I walk to the middle of the circle and sit down. I close my eyes and try and focus on the phoenix.

“Phoenix.” I say in my mind.

“Maybe it would be easier if I gave it a name. What about Helia, it means sun?” I felt a wave of warmth wash over me. I smiled.

“I’ll take that as a yes. Helia, I can feel you.” I say and I see a light burning.

“How do I use your gift.” I feel warmer. I focus on the light. I also felt a bit of anger rising inside of me.

“Helia are you attached to my emotions?” Then I felt a deep warmth, warmer than before. Something I’ve only felt once. When I got mad at Andrew. The memory flooded back to me along with the rage I felt. I opened my eyes and saw fire. How can I control the fire, if it’s

directly tied to my emotions. I stood up and felt overcome by the anger inside me I felt my feet leave the ground and I let out a scream, not of pain but as a release. I tried to hold on the fire for as long as I could before it goes out and I fall to the ground. I feel like I'm on the brink of passing out when I feel cold water splash over me. I look up and see Jet with an empty bucket in his hands and I give him a face.

"She told me to do it." Pointing at Lilith. Gamma Lucas is by my side.

"Luna are you ok?" He asks.

"Yes I'm ok."

"What happened?" Lilith asked.

"Well I found her. But there's a problem. She's directly tied to my emotions. I'm not sure how I'm supposed to control her like that." I say.

"I thought that would be the case. However I think this has to do with your strength. Remember when Kayla was weak and only came out when she needed to protect you? Now you can call her out whenever you need to because you both are stronger now. I think your Phoenix might be the same way."

"Helia, I named her that." I say.

"How does she make it stronger?" Jet asks as he helps me off the ground.

"I think practice and more packs. The strength of the packs will give her strength. I also think the final trial will give her full strength, but we need more before then," Lilith says.

Catalina's POV

Over the next few days Lilith, Jet, Gamma Lucas, and I have really been pushing my power training. My days have consisted of power practicing 3 times a day, with naps and food in between. I'm not as scared as I was in the beginning, it's also helpful when I know I can't hurt anyone with Lilith's protective circle. The Alpha summit is in 2 days and I'm getting nervous. Lilith has to leave today to go speak with the Fae and the rest of the first coven.

"I will be back in two days for the Alphas. Keep up the practice. You are getting stronger each day. I know you can do it." Lilith says as she heads to the airport. I watch her car drive off.

"Ready for training Luna?" Jet asks. He's started calling me that even though I've asked him to call me Lina.

"Please call me Lina. It's weird you calling me Luna." Jet laughs.

“Let’s go.” We head to the training facility. Without Lilith I don’t have the protection circle. The guys stand a good distance away. I’ve been able to trigger Helia faster now, but I still have to focus. I close my eyes and see her.

“Helia!” I call out to her. I feel the rush of heat and rage at the same time. I open my eyes to the flames. We have been timing how long I can hold on to the flames, I see Gamma Lucas start the timer. I lift off the ground. We’ve also been practicing me controlling the fire, to see how wide an area I can affect. But I also want to see how high I can fly. I throw my arms out and push to expand the fire ring. It’s easy to a point and then it’s like pushing a brick wall. I’m pushing to try and get past this point. I’m pushing hard and float up higher. I dig down for more rage and let out a scream and push past the wall. Fire goes out further than before. I don’t want to look down and lose focus. I’ve been burning for awhile now and I can feel my energy draining fast. Losing energy, I’m also losing control over the fire.

“LINA!” I hear someone yell and I feel myself draining more and floating back down. Before I reach the ground I’m completely whipped and darkness surrounds me.

Jets POV

Lina has been burning longer than she ever has. She also looks higher than before. I noticed the fire was getting out of control.

“She pushing herself too hard.” I say to Lucas.

“She needs to come back down before she loses complete control.” He says

“LINA!” I yell. It looks like she’s heard me and is starting to come down. Then it’s like someone blew out a candle and the fire was gone. I see Lina falling to the ground. I dash over and catch her right before she hits the ground.

“Lina?” I look at her and she is out cold. Lucas comes up and puts a cold washcloth on her forehead.

“We should get her back. She needs to rest.” He says.

“Should we take her to the clinic?” I ask on our way back to the pack house.

“No she just needs to rest. If she’s not better by lunch we’ll get the pack doctor.” He says. We go back to the pack house and I take Lina up to her apartment. I went in, took her to her room, and laid her in her bed. She stirred a bit.

“Lina?” I say softly. She doesn’t say anything but she rolls over. That’s a good sign. I look down at her. I remember when I first saw her, I was drawn to her immediately. There was something about her that caught all of my attention. Whenever I saw her with Liam I wanted to take her away and protect her. Now I realize she doesn’t need me to protect her, but I’m still going to. She reaches out and grabs my hand and her eyes open a bit.

“Shhh just rest Lina. I’ll come back to check on you.” I say softly and place her hand back next to her. I slip out of the room and close the door quietly. When I turn around I see Andrew. He looks mad, as always.

“What are you doing?” He asks pissed.

“Putting Lina in bed she-”

“What?!” He cuts me off. This guy is so annoying.

“If you let me finish. She passed out on the field.” I say getting mad.

“She what?” He asked taking a step towards me.

“She pushed herself too hard today.” I said taking my own step.

“What is your problem?” He asks.

“Me? You’re the one getting pissed at me.” I reply

“You are too familiar with my mate. I can feel your eyes on her more than they should be.” He says. He’s not wrong. I still feel that draw to her, even with Julie. I love Julie. She is a spit fire and strong. But Lina, something about her. I just didn’t realize that anyone else noticed.

“I’m just training her and protecting her.” He takes another step to me and is basically in my face.

“She doesn’t need your protection.” He growls at me.

“I literally just caught her from falling out of the sky. Where were you?” I say poking him in the chest.

“You watch yourself, I am the Alpha of this pack.” He says. I laugh

“She is the Alpha of this pack.” He pushes me back.

“You will still show respect.” He says. He freaking pushed me. He is an Alpha and my mates brother, but I can’t stand this guy. I let out a low growl. He narrows his eyes at me. I want to fight him so bad, but I can’t do that to Jules or Lina.

“Jet we need to stop fighting.” He finally says to my surprise. His face softens and he takes a step back. He walks over to the couch and sits down. He puts his head in his hands. Dang a minute ago I would have swung at him, now I want to get him a drink. I take a deep breath and walk over to him.

“Look I’m sorry. The last mate I saw Lina with was Liam and that guy was no good.” I say to him. Earning me a growl.

“I’m Lina’s true mate, not some imposter.” He says. And he’s right.

“I’m sorry. I hate the fact that I wasn’t there for her and you were. I hate that you are still there for her and I’m not. I hate how you use to have a thing for her.” I was a bit surprised he knew that.

“Lina told me.” He added.

“I didn’t know she knew. But that was awhile ago, before Jules, before she was marked. Things are different now.” I say

“Are they?” He looks up at me like he can read my thoughts. They have to be different now, right? She’s not mine and never will be.

“Yes they are. I don’t want to fight with you for Julie and Lina’s sake. We need to learn to get along. We have too much going on otherwise.” I say. He leans back and nods in agreement.

“I know. I don’t want either one of them to be hurt over whatever this is.” He stands up.

“I’ll ease up. But man, you don’t have to keep that close of an eye on my mate.” He said as a warning. And he’s right. I need to back down. I bow to show respect. I head to the door to leave.

“And Jet.” He calls out. I turn around.

“Thanks for looking out for her.” He says. That had to take some humility from him. I bow again.

Catalina’s POV

I heard all of Jet and Andrew’s conversation. I couldn’t get up or call out because I was too tired. So I just laid there and listened. I swear I thought they were going to fight. I’m glad they didn’t. I need both of them. Jet has really grown into someone I trust with my life, and he has been there everyday. And Andrew is the love of my life, my mate, the man who brought me out of a hole and taught me how to love again. I needed them both. I have noticed Jet’s watchful eyes, and I’ve notice Julies distance from me. I just don’t know what I can do. In just a few days I’m going to be thrown to the wolves to say the least. I need all the support I can get. Thinking everything over I must have fallen asleep, the next thing I remember is Andrew waking me up for dinner.

“Hey baby. How are you feeling?” He asks. I sit up and smile.

“I feel tired to be honest. And hungry.” My stomach grumbles. He smiles at me.

“Good I brought you some dinner. You have been pushing yourself for days. Maybe you should take the rest of today off.” He steps out of the room and comes back with a tray of food for us both. He places the tray in my lap. We talk about his progress with the Alphas while we eat. After we are done, we spend the rest of the night cuddled up on the couch watching movies. I’ve missed snuggling with my mate.
