

Accidentally Pregnant By My Alpha Best friends - Chapter 909[718 words]

Time has passed.

Lives had changed.

Rules had been modified.

Alpha King Byron and Alpha King Ron had helped the werewolf lands thrive, while Alpha King Baxter had worked tirelessly to establish new packs.

Daniel, now an Alpha of one of those packs, stood firmly beside Baxter and helped him in every way he could.

Livia and Madeline continued doing their part, helping others through the transitions. During that time, Madeline had also given birth to two beautiful baby boys.

Her life felt more complete than ever.

The older children were going to school, and whenever Madeline had duties outside the home, her parents cared for the newborns. She had never stopped working.

But finally, she had stopped crying.

It had been a year, and she could no longer remember the last time she had shed tears.

Yuvonne had given birth to triplets: two boys and a girl.

At last, the emptiness she had carried for so long was gone. Her arms were filled with children, and her once-quiet mansion now echoed with their laughter.

Some of the pack members still had to atone for what they had done.

They might not have succeeded in burning Yuvonne's body, but they had tried to take her away from Ron. It had only been his good fortune that the body they found had not actually belonged to his wife.

Ron had also uncovered the names of everyone involved in Madeline's kidnapping, including the two people who had worked with Silver.

They were punished and imprisoned.

The worst offenders would spend the rest of their lives behind bars, while the others would serve five or six years before being released and relocated to different packs.

Byron, on the other hand, had removed his royal beta, Sean, from the pack.

When Sean tried to remind him that they had once been friends, Byron simply wrapped an arm around Ron's shoulder and gave him his answer.

"I found a new best friend. He's more loyal, and, well, I like him more."

With that, Byron cut Sean out of his life and returned to his pack members.

They welcomed him with cheers and praise, having waited long enough for their Alpha King to finally come home.

But Elgin and Graham were suffering the most.

Now human, the two of them were trapped in a life that seemed endless.

Every few months, they received updates from the outside world.

That had been Baxter's idea.

Graham and Elgin lifted their heads when the large screens inside the prison suddenly lit up.

"Hello, everyone. I hope you're all doing well."

Madeline appeared on the screen, dressed in a beautiful white gown with her twins in her arms.

"Alpha King Baxter and I have

Graham's eyes began to water as Baxter sat beside Madeline, wrapped an arm around her, and kissed her cheek.

It might have looked like an ordinary video to anyone else.

But Graham and Elgin understood its purpose.

It was a slap in the face.

They were happy.

Everyone was happy.

The screen shifted through clips of Livia, Daniel, Yuvonne, Ron, Byron, and Rosetta, who was visibly pregnant now.

Elgin grunted and lowered his gaze.

"That's not fair," he whispered,

wiping away his tears with the back

of his hand. "I can't watch Baxter with her. Why do they have to show us these clips every few months? Isn't this punishment enough?"

"It is our punishment," Graham replied bitterly. "Don't you understand? The lives we tried so desperately to build for ourselves

came naturally to everyone else. Especially Baxter." 'FindNovel.net

His eyes returned to the screen.

"Look at him. He's beside her. They have more children, while we're rotting in here."

Graham closed his eyes as tears slipped silently down his cheeks.

"This is what happens when greed takes over," he murmured.

Then he turned toward Elgin.

"Remember what I told you? The Moon Goddess was always on Madeline's side."

More tears filled Elgin's eyes as he slowly nodded.

Then both of them looked back at the screen.

"For now, let's celebrate everyone's happy endings," Madeline said with a smile.

"And we'll see you all again in a few months."

The video ended with Baxter leaning toward her and kissing her lips.

"Come on assholes, you have to clean our toilets now," a bigger, more broader and scarier inmate appeared, pointing towards Graham and Elgin.

"They got their happy endings, and we suffer everyday," Graham whispered in tears as he watched the stilled screen.

The End.
