

After Prison 1131

[Chapter 1131](#)

Severin nodded. "Yes. The Old Wacko left a huge mess for me and expected me to clean up after him."

"The Old Wacko?" Yuka's facial expression looked weird. "Are you talking about the old Supreme Leader?"

Severin chuckled. "Yes. I called him Old Wacko and he called me Little Wacko. Perhaps both of us are really wackos."

"Hahaha. How interesting." Yuka chuckled together. "So you're actually lying when you insisted that we met before. I really thought I saw you before and I had been thinking hard about when did we meet. Albeit, I just can't recall it."

Severin smiled. "How would you invite me to eat together if I didn't come out with that reason?"

"Hey. I want to go check out the elders. I don't know what's their situation after Brody drugged them with sleeping pills."

Suddenly, Yuka remembered. Severin nodded. "Sure. Let's go together."

Shortly, they arrived at the Great Elder's place where they discovered the Great Elder, Second Elder, Third

Elder, and Fourth Elder.

The four elders were sleeping soundly on the table.

Severin looked at the glass and said, "Brody did not lie. He did put sleeping pills in the alcohol. But they are going to wake up soon."

Yuka left the place and came back with some servants where she instructed them to bring the elders to sleep on the couch. When the sky turned entirely dark, the elders finally woke up while feeling a little dizzy!

"What's wrong with me? Why is my head so dizzy? Am I drunk? But I don't remember drinking a lot just now."

The Great Elder rubbed his head because his head was feeling very heavy.

"I feel the same too. Did I fall asleep too? That's not right. How could all of us get drunk together?"

The Second Elder looked at the Great Elder, Third Elder, and the Fourth Elder. Suddenly, he realized something was not right. At that moment, Yuka, Severin, and Sheila were sitting across for them and looking at them nonchalantly.

After some thinking, the Fourth Elder asked, "Miss Yuka. Where's Brody? He invited us over to drink together because he said he had a piece of monster's meat that is very delicious and told us to come- to-taste it."

Yuka said with a harsh tone, "You guys are lucky that instead of poison, he put sleeping pills into your glasses. Otherwise, you guys would be dead by now."

"What? He did what? No wonder it felt so wrong. It's impossible that four of us would get drunk together. Damn him! What was he trying to do? Where is he now?"

The Third Elder clenched his fist angrily and stood up. "He's dead!" Severin answered.

[Chapter 1132](#)

"Dead?" The elders exchanged looks with each other and looked dumbfounded.

"But Brody is a level four warrior king and he's the strongest among the others in the same level. How did he die? Even Yuka is not his match!" The Great Elder asked curiously.

1

Yuka stood up and smiled at the elders. "Kneel down at the Supreme Leader now! This man here, Severin Feuillet is our Supreme Leader, the leader of the twelve halls. My boss."

"What?!" All of the elders were shocked. "My Supreme Leader!"

It took a while for them to react and finally understood what was going on and so, they quickly knelt down. Severin requested them to get up. "I'm sorry for covering up my identity before this. I wanted to see how is Taurus Hall doing and wanted to know about Taurus Hall. Most importantly, I want to find out how loyal everyone is."

"I see. Then I guess you must be the one who kills Brody. It's a good thing you kill him."

The Great Elder took a guess. He could not help but keep on smiling because he was counting on the Supreme Leader to help solve the pressing matters that the hall was facing.

The Second Elder got a thought and said, "Supreme Leader, the hall is poor that we had to borrow money to maintain the operation..."

Yuka chuckled. "Don't worry about that. He just told me to bring him to Free Rebel Gang when we are free tomorrow to pay back the loan we took from Free Rebel Gang."

Meanwhile, Severin took out four second-grade low-rank alchemical pills and had them floating in front of the elders. "Each of you, please take the alchemical pill. It's a gift from me. It can help improve your attainment."

"Is this a second-grade low-rank alchemical pill?" The Great Elder's voice started to tremble when he saw the alchemical pill. "Oh, my god! These are rare items but you have four of them! And they are all elite-quality!"

The second elder gulped and said humbly. "Supreme Leader, we can't accept this. It's too precious and we didn't do anything to deserve it."

Despite that, his eyes were fixated on the alchemical pill. His action and expression had reveal his desire.

Severin found it amusing and laughed. "If you think you didn't do anything that had helped the hall in the past, that's the exact reason you should take the alchemical pill. Because you can only help the hall when you improve your attainment."

Sheila chuckled. "That's right. Don't be so shy and humble. Members from the other halls were not humble like you guys. If someone gave me such a precious item, I will accept it without hesitation. This alchemical pill can help to increase a person's attainment. The best way to contribute to the hall is to - become stronger and level up as quickly as possible."

"Haha. Girl, you're right. Thank you, Supreme Leader," the Third Elder chuckled.

The Fourth Elder also did not reject it and carefully put the alchemical pill in a safe place. "I'll go ask the servant to prepare a good meal and we shall celebrate this wonderful moment."

The Great Elder agreed. "Yes. We need to celebrate because Yuka finally meets the Supreme Leader she had been on and on about."

Immediately, Yuka's face blushed because of what the Great Elder said. She looked at the Great Elder while feeling very shy. "Do you know how to use your words? When did I keep talking about the Supreme

Leader? You make it sounds like I have a crush on him!"

[Chapter 1133](#)

The Great Elder chuckled happily. "Haha. Miss Yuka, you know I have limited vocabulary so I don't know which is the correct word to describe. Let me try again. She misses you so much that she has been looking forward to meeting you again."

"No! That's so wrong!" Yuka stomped her feet and secretly peeked at Severin. Suddenly, she discovered her heart was racing. It had never happened before. This was actually the first time she had feelings for someone.

Unexpectedly, the Second Elder decided to spice things up. "Miss Yuka, that's not a bad idea. It has been a long time and I never see you getting yourself a boyfriend. Supreme Leader is so handsome and charming; you're a beautiful lady. You two are a perfect match. Why don't you think about it?"

!

This was the first time the Third Elder saw Yuka looking so shy. He smiled. "Miss Yuka, your face is so red. I never see you like this before. Or perhaps you really do have feelings for Supreme Leader?"

"Hey! Stop making things up!" Yuka continued to stomp her feet angrily and did not know how to explain herself.

Severin had no idea how to react too in this awkward situation. He was shocked to see how the elders teased Yuka.

"Haha. Miss Yuka, this is not the first time we joked around and you have always enjoyed it too. Why is it different this time?" The Great Elder laughed out loud again.

Yuka looked at Sheila and said, "You need to look at the situation before you make all those jokes. This is the Supreme Leader you're making jokes about. And Miss Sheila is here too. Making those jokes are so inappropriate."

The Great Elders replied, "What's wrong with this? Supreme Leader is a powerful and charming man. Isn't it normal that many women would like him? Besides, he's so young now."

After that, he gave Severin a smile. "Supreme Leader. I have known Miss Yuka for many years. She's a terrific woman and her life had been hard because of Taurus Hall."

Severin nodded and changed the topic, "I know she's very good. Oh, didn't Fourth Elder suggest that we should celebrate tonight? Why don't you guys go make the arrangement? It's getting late."

"Yes! I'll do that right away!" The Fourth Elder nodded.

The celebration went on very well. Everyone was very happy to meet Severin. Even though it was the first time they met Severin, they got along very well because Severin was very friendly. Throughout the night, the elders enjoyed drinking with Severin.

When the celebration ended, everyone went back feeling drunk and tipsy. Nonetheless, there were two men sitting in the surveillance room with terrible-looking faces in the hotel.

[Chapter 1134](#)

As the clock showed it was one in the morning, the two men could not stand it anymore. One of them decided to return to the Orto County Mansion to look for Owen and Sami.

"What are you doing here so late?" Owen frowned as he was unhappy being woken up in the middle of the night.

The man said, "Severin and Sheila had not returned to the hotel since this morning. We're wondering if they had already left the city so we decided to come to inform you."

Owen's mouth twitched. "Maybe they are afraid so they decided to leave. I thought he was a man. Guess I have overestimated him."

Sami laughed. "He's going to regret it for running. I'll get my dad to go hunt them down in South County Mansion and kill everyone there. If he didn't run, I'll only ask my dad to kill them."

After some thinking, Owen said, "Maybe they went somewhere else to stay tonight. I think I'll send someone to look around and investigate if they leave the city or not."

The next day, Severin was feeling bored so he spent time making alchemical pills in his room while waiting for Yuka to bring him to Free Rebel Gang to pay off the loan in the afternoon, whereas Owen had sent many people out to locate Severin's whereabouts.

When it was almost afternoon, a man discovered Severin and Sheila's location.

"Mister Owen. We found Severin. It was Yuka's birthday yesterday. She's the hall master of Taurus Hall so Severin and Sheila attended the birthday celebration," the man reported.

“Oh. So that means he’s still here.” Owen frowned. “But why didn’t he return to the hotel after the birthday celebration?”

The man answered, “After the celebration, Severin and Sheila did not leave Taurus Hall. Instead, they stayed there. He also gave Taurus Hall three hundred million dollars which created a commotion among the rich. It was a big surprise, especially for those less powerful underground forces. Everyone was wondering who he was and what’s his relationship with Yuka and why he gave Taurus Hall such a big amount of money.”

Owen nodded. “That amount is nothing to us but it’s definitely a lot to Taurus Hall. So why did Severin give Yuka that money? Are they close to each other? Why would he stay there?”

Sami sneered. “Yuka? The beautiful woman everyone talked about? I hear that she’s a slut. Maybe Severin likes her. That’s the only valid reason why he would give her so much money. I also heard people saying that Yuka is an avaricious person.”

Owen nodded. “I saw her once and she’s really very beautiful.”

Sami was not happy to hear Owen say that. “I heard she’s quite old. Owen, do you like that type of woman?”

[Chapter 1135](#)

At that moment, Owen knew he had said the wrong thing. He tried to cover his embarrassment with a laugh. “Oh, come on. Yuka is at least ten years older than me. Why would I like an old woman like her? I prefer a cute girl like you.”

That definitely lifted up Sami’s mood. Despite that, she hid her real emotion and rolled her eyes. “That’s more like it. But how do I know if you’re really telling me the truth or lying to me? Men are good liars.”

Owen quickly changed the subject by asking a question. “Sami, do you think we should send people to Taurus Hall to be on the lookout for Severin and Sheila? We don’t want to lose their whereabouts anymore.”

Sami thought of it and shook her head. “No. My dad will be here tomorrow. He’ll kill them if they are still here. But if he runs away, we’ll head to South County and kill everyone in South County Mansion. It can be a holiday. I’ve never been there before.”

After a pause, she said, “We might spook him if we send someone on the lookout. It has been days since the incident. Maybe he has let down his guard and thought we’re really scared of him and that we have given up seeking revenge.”

Owen gave Sami a big thumbs up. “Good thinking. You’re getting smarter!”

Time passed and it was nearly afternoon. Severin had successfully produced many alchemical pills where most of them were second-grade high-rank and third-grade low-rank alchemical pills. If the other alchemist knew how fast he could produce alchemical pills and his high successful rate, they would be shocked. Since it was around the time to head to Free Rebel Gang, Severin called Sheila so they would go. find Yuka together.

When they were at Yuka's door, they heard Yuka talking to another person. Suddenly, Severin frowned and his face looked bad.

"Godfather, why are you here? I was planning to go visit you later," Yuka asked while pouring a cup of tea for Gabriel.

Gabriel smiled. "Haha. The Great Elder sent me here. I'm given the task to get Taurus Hall to repay the loan. It had been a long time since you borrow the money from Free Rebel Gang."

Yuka smiled. "How coincident. We're planning to go there to repay the loan later. Let's go together. I bought some gifts too. I should go visit the gang leader and thank him personally."

That was not good news for Gabriel. He frowned and looked unhappy. Based on what he knew, Yuka did not have the ability to pay back the money now. Thus, he planned to threaten her and forced her to sleep with him so he would agree to help them to negotiate with the gang leader for more time. It was a surprise to him when Yuka told him she had the money ready.

He frowned. "Yuka, are you kidding me? Where did you get the money from? I remember you told me you have borrowed a lot of money from the bank too."

Yuka smiled. "You don't have to worry about that. We'll head over to pay back the loan later. Thank you for looking after me. I really appreciate it."

[Chapter 1136](#)

Gabriel's expression looked bad. He continued to ask, "Yuka, where did you get the money from? I don't believe you can earn that money so quickly."

Yuka explained, "Mister Severin will be going with me and he's the one who helps us to repay the debt."

Gabriel sneered. "Yuka, I can't imagine you're willing to flirt with him so he'll help you pay the loan. I can't imagine he's willing to spend that money on you. Did you sleep with him last night?"

Yuka did not expect to hear that from Gabriel. Her face looked sullen and upset. "Gabriel, what do you mean by that? You know I'm not that type of girl!"

Gabriel teased and stopped pretending like he really cared about Yuka. "How accurate it is when people say you can buy everything with money. I helped you many times but you never even once think about showing some affection to me. Then you go sleep with that guy because he's willing to help you pay the loan. Money is the king!"

Yuka gritted her teeth. "Gabriel! Stop that nonsense. Nothing happened between me and Mister Severin. Didn't you say I'm your stepdaughter? How could you say those things?"

After a sneer, Gabriel said, "Stop pretending like you don't know anything! Do you really think I'm your godfather? I'm your sugar-daddy to be more exact! Yuka, I've helped you a lot over the years. Although didn't give you any money, you should at least sleep with me once. That's the very least you can do to show your appreciation for the help I extended to you."

Immediately, Gabriel appeared in front of Yuka and tried to hug her. This time Yuka had stayed vigilance. She quickly took many steps backward. "Gabriel! So this is who you really are! You kept

telling people that you see me like your daughter!”

“Haha! That’s what you think. I’m a man. Do you think I can seriously don’t want to sleep with a beautiful girl like you? Stop pretending. If you can sleep with Severin, you can also sleep with me! Otherwise, I’ll have a hard time accepting it!”

While he was talking, he balled up his fist with spiritual energy all over the fist: “If you’re a smart girl, you’ll know which is the best choice to choose that’ll allow you from suffering any pain.”

Suddenly, he felt like something was shooting his way. His instinct kicked in when he felt like he was in danger. Without any delay, he turned around and threw his punch out.

A spiritual energy knife was flying toward him and collided with Gabriel’s punch. Even though Gabriel was able to stop the spiritual energy knife, he got pushed backward because of the huge impact.

He looked up and saw Severin and Sheila standing in front of him.

“You dirty old man! You finally reveal what an *sshole you are!” Severin smiled.

[Chapter 1137](#)

“How dare you call me that? If I’m a dirty old man, then what about you? You’re not any better than me! Haha!” Gabriel chuckled. “We’re the same so you have no right to scold me. I don’t believe you’re willing to help her pay the loan if she didn’t sleep with you last night.”

Severin chuckled. “To be honest, I never want to kill you. All I wanted to do was cut off your d*ck. But you just make me want to kill you now.”

“Haha. Kill me?” Gabriel laughed out loud. “Kid, I don’t know where you got your bravery from. I’m a level five warrior king, do you think you can kill me? Besides, have you forgotten that I’m a guardian of Free Rebel Gang?”

Severin smiled. “Do you believe that the Free Rebel Gang won’t be coming after me after I kill you?”

He continued, “But I think I should let you know the truth before I kill you. The only reason I would help Yuka pay the loan is because I’m her boss. Taurus Hall is one of the twelve halls under Dracodeus Temple. So I’ll give her any amount of money she wants, as long as it’s for Taurus Hall.”

Gabriel’s mouth twitched. If what Severin said was the truth, then he should really be afraid of the power and wealth of the twelve halls. Most importantly, he did not know if there were any fighters that were stronger than him.

“No! That’s impossible!” Gabriel did not believe anything he said and shook his head continuously. In order to make him believe, with a thought, Severin formed the spiritual energy shield around him.

“What? A level nine warrior king? That’s impossible!”

Once Gabriel saw the spiritual energy shield, his face flushed white. Even the gang leader of Free Rebel Gang would not dare to say anything nor was he Severin’s match.

Severin smiled and shook his head. “Haha. That’s just a small part of what I’m capable of. I’m not just a level nine warrior king.”

Gabriel took a huge gasp after hearing that. Fear had overtaken his mind. Had Severin reached the warrior emperor stage?

"Sir, I'm so sorry. Please forgive me and spare me my life!"

He knew he did not stand a chance if Severin decided to kill him. At that moment, he had no desire to fight back. He was so scared that his legs went soft on him that he could only kneel down and begged for mercy.

"I'm a man of my word. If I said I'm going to kill you, that's exactly what I'm going to do."

What a funny moment. Before this, Gabriel was so arrogant and ignorant. Yet, it all changed tremendously when Gabriel knew how strong Severin was.

"No, please! Sir, I'm so sorry. My family is waiting for me to go home. My mother, she's already 80 years old and I have..." Gabriel continued to beg for his life.

After a second, Severin appeared in front of him and smacked his head. Then Severin looked at his body and smiled. "He's so noisy."

Once again, Severin successfully shocked Yuka. Based on what just happened, Severin was definitely not a level nine warrior king. Most likely, he was already a warrior emperor.

"Anyone out there? Come in."

[Chapter 1138](#)

Yuka shouted and ordered people to come in.

She looked at the dead body and said, "Take away Gabriel's body and find a place to get rid of it."

Severin stopped her. "Wait. We need to go to Free Rebel Gang to settle the debt. Bring his body with us too. He's their man and we should return his body to them."

Yuka was shocked. "Supreme Leader, do we have to do that? Free Rebel Gang is going to be very angry."

Severin smiled faintly, "Do you think they are going to be angry with a guy who can form a spiritual energy shield?"

Yuka was speechless. All the time, Free Rebel Gang was a very powerful gang that she never had the nerve to offend. Thus, she was always afraid of them. She was really scared when Severin asked to bring Gabriel's dead body together when they headed to Free Rebel Gang.

However, she had forgotten Severin was a warrior emperor. All Severin needed to do was form a spiritual energy shield and the gang leader of Free Rebel Gang would not dare to say anything or do anything to them.

"Let's go," Severin said.

Shortly, they arrived at the headquarters of the Free Rebel Gang. At that moment, the gang leader, Shawn Rosenberg, was drinking tea in the garden with the elders. It scared the guards when they saw Severin and the others. They quickly run in to inform them.

"Mister Shawn, elders! I have bad news. The members of Taurus Hall are here and they brought Mister Gabriel's dead body with them!" One of the guards reported while kneeling on the ground.

"What?" Shawn stood up, looking very shocked.

"What's going on? Why are they here with Gabriel's dead body? Did Yuka kill him?" The Great Elder asked shockingly.

The Second Elder shook his head. "That's impossible. Gabriel is stronger than her. It's more likely when you say Gabriel killed Yuka."

Shawn said, "But if Yuka is really the one who killed Gabriel, she should be trying hard to flee away now. Why would she bring Gabriel's dead body back to us? I think someone else must have killed Gabriel and Yuka was there to witness it. So she's bringing Gabriel's dead body back to us now."

That sounded more reasonable. The Great Elder said, "Let's just go over and find out."

At that moment, they walked out feeling weird and angry. When they were at the door, they saw Yuka.

Shawn approached and asked, "Miss Yuka. What happened? Why is Gabriel dead? Do you know who kill him?"

"I kill him!" Severin answered after taking a step forward.

[Chapter 1139](#)

"You! How dare you kill Gabriel? Don't you know he's our guardian?" An elder walked forward and glared at Severin fiercely.

Shawn was also glaring at Severin. He asked, "Miss Yuka, what is the meaning of this? You bring him with you and he's the one who killed Gabriel. Are you saying you gave your permission to have Gabriel killed?"

Yuka forced a smile and said embarrassedly, "Mister Shawn, I'm sorry and yes, he's with me. Gabriel deserved to be killed."

"Deserve? Do you think you can kill our
uple as you like?"

The elder could not suppress his anger anymore. He balled up his hand with spiritual energy covering it and stared angrily at Severin. "Hey, kid! You got some nerves. I guess you must be very strong too. Otherwise, you can't possibly kill Gabriel."

After that, he walked further to the front and said, "But if you have the nerves showing up here today, you should know you're not going to walk out here alive."

Another elder said, "Herbert, stop wasting time by talking to them. Just kill them now."

As it turned out, the first elder who talked was called Herbert. After that, Herbert flew up the sky and headed toward Severin. Just then, Severin released his powerful vibes and formed a spiritual energy shield around him.

Herbert was just halfway near Severin and he immediately stopped. "Level nine warrior king! Oh, He's a level nine warrior king!"

my god!

Severin cocked up his head and waved his hand. "Mister Herbert. If you want to fight with me, I'll grant you that wish."

Herbert was a bad temper person. However, he felt so embarrassed now that he stopped flying and did not dare to fly near Severin anymore.

He smiled embarrassedly and flew back to where he was before. Then he dispersed his spiritual energy and said, "Mister Shawn, maybe it's a misunderstanding."

Shawn's mouth twitched. He was the strongest in the gang but he was just a level eight warrior king. He was not Severin's match nor did he ever imagine meeting such a strong person in Skycean City.

All he could do was smile. "Sir, could you please tell me why you kill Gabriel?"

Obviously, Shawn was no longer as imposing as before

As such, Severin deactivated his spiritual energy shield and answered. "My name is Severin Feuillet. I'm the Supreme Leader of Dracodeus Temple. Yuka is the hall master of Taurus Hall which is one of the halls under Dracodeus Temple. Grabiell came over to the hall and wanted to rape Yuka. I got angry and killed him. So I thought I should bring his dead body back to you."

At this moment, Shawn's forehead started sweating. He was full of fear. Fear that Severin come after them because of what Gabriel did. Fear that Severin would kill them and destroy the gang.

He had spent thirty years training to reach where he was now. He looked at Gabriel's dead body and said, " Gabriel is an *sshole! You did the right thing killing him!"

Severin was stunned. He thought Shawn continued to feel angry so he did not expect Shawn to change his attitude so quickly.

Herbert too joined the conversation. "Mister Severin, we did not know Gabriel is such a despicable person. Thank you for helping us to get rid of him. We're very gladful. You did the right thing killing him so he won't have the chance to harm other women."

[Chapter 1140](#)

After a pause, Herbert continued talking. "Please forgive me for being an idiot. I should have asked for the whole story before acting recklessly."

Since the Free Rebel Gang had accepted the situation, Severin did not want to make matters worst. He smiled. "I see. I also think that Gabriel should die too. I guess we are on the same page."

"Yes, yes! You're right," Shawn adhered.

Severin looked at them and said, "Even though he's the guardian of your gang, I shouldn't put the blame on you. You can never tell the good or bad of a person through his face. But he was your guardian, so I

think it's better to bring his dead body back to you and let you settle it by yourself. It's the least I can do after killing him."

"You're right! Thank you for sending his dead body back!" The other elder who acted arrogantly quickly answered.

Severin smiled. "Alright. That's settled. I'm actually here because of another thing."

"There's another thing?" Shawn started to worry again.

Severin smiled. "Yuka told me she borrowed a loan from Free Rebel Gang. I'm here to clear the debt today. It's a responsibility to pay back whatever you have borrowed."

Shawn did not know how to react. He was feeling lucky Severin was not angry at them because Gabriel tried to rape Yuka. He did not feel right taking the money from Severin now.

Besides, he had no idea if Severin was testing them or not. What if Severin felt upset if Shawn accepted the money?

"No! Mister Severin, you don't have to pay us back. We are very close to Taurus Hall. After what Gabriel did, I don't think I should accept the money from you. You don't have to pay us back any amount. It could be a gift to show how sorry we are to Miss Yuka."

Herbert said, "That's right. It's just a small amount. It doesn't matter."

Severin did not expect they were so afraid of him that they did not dare to accept money from him.

After some thinking, he made a decision. In order to make them feel safe and convinced that he was not going to go after them anymore, he said, "Alright. If that's what you said, I won't pay you back. Then that's settled. Everything that has happened is back in the past."

"Yes. It's all in the past!"

Shawn was relieved. Luckily, Severin was willing to accept the goodwill he suggested. Otherwise, he would forever live in fear.

He thought about it and said, "Mister Severin, please come in. We could have dinner together later so we could sincerely apologize to you and Miss Yuka again."

Severin smiled. "That's not necessary. We'll get going now."

After that, Severin left with the others.

"Goodbye and stay safe." Shawn and the elders followed behind and bid goodbye while still feeling frightened.
