

After Prison 1501

[Chapter 1501](#)

In the evening, Severin's family took Elsa to a large restaurant for a celebration. They also introduced Elsa to the Shanahans, as well as the many hall masters.

The next morning, Severin shared his alchemy knowledge and several recipes with Elsa. Once that was all done, he—along with Sofia, Sheila, and Diane—soared into the distance on his flying sword.

"It feels amazing to ride a flying sword. It's so much faster than flying without any support," Sheila remarked as she gazed

down.

Diane felt the cool breeze around her and added, "I had no idea something so powerful would exist in this world. It all feels like a dream."

Severin smiled and replied, "It's pretty slow, if you ask me. There's no need to rush since we're traveling together. Let's just enjoy the scenery along the journey."

Diane chuckled. "It's my first time on your flying sword, and it's also Sheila's first time. We probably would have a hard time getting used to it. If you go too fast, and we might even get uneasy.

"Yeah. I'm quite comfortable with this speed." Sheila agreed.

"Let me know if I'm going in the wrong direction, Sofia. I'll adjust our course then," Severin said, turning to Sofia.

Sofia smiled wryly and responded, "The general direction that we should be heading should be toward the southeast. I don't know the exact location because I've never been there before. Once we arrive, we can ask the locals on the nearby island. They should have the information we need."

Severin nodded in agreement. He acknowledged that it was their best course of action since no one in their group had been to the destination before.

As the sky darkened, Severin and his companions arrived by the sea at a place called Hillsea City.

"It's getting late. Let's stay here for the night and continue our journey tomorrow morning." Severin suggested, gesturing toward a nearby city.

Sheila chimed in. "Sure. I'm not one to miss a chance to go shopping and enjoy a meal with just the four of us."

Diane teased Sheila, saying, "You love shopping, don't you?"

Sheila replied, shrugging. "It's been a while since I had the opportunity to go shopping with Severin, and Hillsea City is a bustling tourist destination with plenty of visitors coming in annually. It's very lively here."

Severin then suggested, "Let's go. I'm sure there are a lot of practitioners here, and the spiritual energy here is rather strong too. We'll fly there instead of using the flying sword. I'll stow it away to avoid drawing unnecessary attention to us,

Sheila teased Severin. "What do you have to worry about? You're strong enough that there probably won't be any threats that you can't handle,"

Severin smiled and responded, "I'm not scared of these threats. I just want to avoid any unwarranted trouble."

With the flying sword safely put away, the four of them gradually made their way toward the city.

[Chapter 1502](#)

As they landed on the street, Sheila could not contain her excitement and exclaimed, "Wow, there are so many people here! Look at all those beautiful women. Some of them are even shopping in bikinis! I bet a certain someone must be really happy today!"

Severin did not know whether to laugh or cry. "I have enough beautiful women by my side. Why should I be interested in all these women?"

Sofia joined in and teased. "Relax. We don't mind you looking at them. None of us are the jealous type anyway."

Severin then suggested, "Let's find a place to stay. Once we settle in, we can go shopping and grab something to eat."

"Look at all those homestays. There are about twenty of them here, and they look like wonderful places to stay in!" Sheila spotted a row of pretty houses with well-curated courtyards. It was a very pleasant atmosphere. Diane and Sofia seemed interested when they looked in the direction that Sheila was pointing at.

"Let's go for that one then!" Severin smiled as he led them to the homestay that caught his attention. He called the number listed on a signboard, and a stout and fat woman came out with two burly men.

The two men had dyed their hair blonde and they looked like rather intimidating individuals.

Sheila was taken aback when she saw the woman accompanied by the two tough-looking men. She asked in surprise, "Why would you need bodyguards to run a homestay?"

The woman's eyes lit up when she saw the three lovely women and she replied to Sheila, "Hehe, I don't have a choice. Things can sometimes get unruly in this area, and I need to be protected against troublemakers." She paused briefly before

continuing, "But don't worry. This shows that our place is perfectly safe. No one would dare to cause trouble here because this is the territory of Mister Hamzah. It belongs to him."

Severin and his group had never heard of that Hamzah guy and were not particularly interested in him. He came forward and asked with a faint smile, "What's the rate for a room here?"

The woman grinned and explained, "There are two rooms in this house. One on either side. Both come with an attached bath, and there's a kitchen over there too. It's not cheap though. The price is nine-hundred-and-ninety-nine per night. It's a bit steep for most people."

Sheila swiftly took out her phone, scanned the QR code, and made the payment. "We're not most people."

The woman chuckled. "Haha, that's good! I like wealthy guests like you. Some folks come here for vacation and spend ages haggling over a good deal. I can't stand those who want to enjoy themselves on holiday but can't afford to pay for the comforts."

She handed two room cards to Sheila and said, "Here are your room cards. I wish you a pleasant stay!"

The woman then left with the two men

"Let's go check out the rooms," Sheila suggested. "How will our sleeping arrangements be, by the way? There are four of us

and two rooms."

[Chapter 1503](#)

Sofia offered. "Why don't I share a room with Diane, and you two can share a room?"

Sheila replied a little awkwardly. "I think Diane should be the one who shares a room with Severin, while you and I can stay with Sofia."

Diane quickly chimed in. "On the contrary, Sofia should be the one sharing a room with Severin, while Sheila and I will stay together."

Severin's expression became serious when she saw all three of them debate over who should stay with Severin. "Are you all that afraid of sharing a room with me? What am I, a monster?"

The remark elicited laughter from all three of them. Sheila cocked an eyebrow and said playfully, "Yes. It's partly because of that. Anyone who sleeps with you might not get any sleep at all."

Sofia added with a grin. "Yes. You're a monster, and it's quite scary, to be frank."

After thinking for a moment, Diane suggested, "How about all three of us share a room and you can sleep alone?"

Severin made a sad face. That's so cruel of you

After some consideration, Sheila proposed. "Let's do it this way. Diane is the first wife, so she'll stay with Severin tonight. If we're still staying at a homestay tomorrow, then I'll share a room with him. Then night after tomorrow, it'll be Sofia's turn. We'll just take turns. What do you think?"

Sofia agreed readily. "That sounds fair. Diane is the eldest, so she'll have to go first."

"Let's check out the rooms then," Diane suggested as she awkwardly led the way. Everyone was satisfied after checking the

rooms.

At that moment, however, they noticed the stout woman leading someone else to a different building. One of the blondies who had accompanied her earlier asked, “Hey ma’am, aren’t all the rooms here priced at nine–hundred–and–ninety–nine dollars each? Why did you only charge them that price for two rooms?”

Lydia responded with a sinister smile, “You dimwits! Didn’t you notice how beautiful those three women are? Mister Adrian isn’t interested in most women, but I’m sure he’ll enjoy some videos of these three. We can easily sell them for tens of thousands!”

One of her subordinates praised her idea. “Amazing! Why didn’t I think of that?”

The other chimed in. “It’s been a while since we came across such beautiful ladies. I did introduce a couple of pretty girls to Mister Adrian last time, but he wasn’t interested at all when he watched their videos.”

Lydia assured them. “Don’t worry. These will suit his tastes perfectly. They’re all very beautiful, and we’ll invite Mister Adrian to perp on them live.”

She glanced at a dozen or so surveillance videos and said with a smirk, “Let’s record the videos from these two rooms for now and I’ll take them to Mister Adrian later.”

“No problem,” the two blondies agreed without hesitation. One of them asked, “Can we watch the videos from the side too? We promise not to make any noise.”

[Chapter 1505](#)

“I promise that at least one of them will catch your eye!” Lydia eagerly raised her hand to assure him.

Adrian switched on the phone and began watching the video. A young man and three young beauties appeared on the screen, and Adrian was taken aback when he laid eyes on the women. Upon closer inspection, he exclaimed, “Wow, they’re all

beautiful! One is cute and sexy, another is gentle and demure, and the third is just smoking hot. Three distinctively beautiful women all in a small group. Bloody hell! Do beautiful women like flocking together like birds or something? That guy is such a lucky stud.”

The captivating video came to an abrupt end just as he was beginning to feel aroused. Bewildered, his expression soured and he asked Lydia, “Why did you only record such a short segment? These three beauties are amazing, but there’s isn’t any footage of them in their room!” Adrian was pleased with the women’s beauty, but the shortness of the video left him somewhat dissatisfied.

After seeing that Adrian was interested in all three beauties, Lydia smirked and said, “These three women are likely in a relationship with the man in the video. This isn’t something I recorded long ago. This is fresh footage. They’ve probably gone out for a stroll or a meal, but they’ll be back in the evening. You don’t even need to watch a recording. You’ll be able to watch them live from my surveillance room!”

“What?!” Adrian exclaimed. He jumped up with interest and asked, “So you’re telling me that they just checked in today?”

Lydia continued to smile at him and say, "Yes. You don't see such beautiful women often, do you? I was awestruck when I first saw them, and there are three of them too. Hehe, I knew you'd appreciate this, Mister Adrian, so I came to find you right away.

"Haha, you've done some good work this time!" Adrian laughed in satisfaction. He said to Lydia, "We'll head there shortly, and you'll be well paid for this."

"Could you specify that?" Lydia asked, seemingly worried about the remuneration.

"Would a hundred and fifty thousand suffice?" Adrian responded generously.

Upon hearing that, Lydia was beside herself with joy and nodded eagerly like an obedient puppy. "Yes, of course! That's perfectly fine."

"I'll go change into a different set of clothes and bring some bodyguards along with me," Adrian decided after a moment's thought

"What about us? Won't you have tea with us anymore?" The two women appeared anxious as Adrian was preparing to leave. They had yet to receive any benefits from him so far, so they cursed silently at Lydia for ruining everything

Adrian glanced at them and replied, "You drop by some other time. I have pressing business to attend to today."

Adrian then promptly departed. The two women exchanged bewildered glances and were utterly speechless by his remark. 'Pressing business?' they thought. "Isn't the pressing business that he mentioned nothing more than peeping on the three girls at the homestay?"

Chapter 1506

Not too long later, two luxury class cars arrived at the car park. Then they got out of the car and went into the house. As Adrian monitored the house through the surveillance camera, he smiled happily,

"It seems like these women are not back yet. I wonder how wild will they be later. Would they be having a sex party?" Adrian

wondered.

His bodyguards chuckled. Today was their lucky day because they got to sit in and watch together.

Lydia said, "Most probably not. There are two rooms here. I think they are not going to sleep together. Based on what I observed, one of the women is going to sleep with the man and the other two women are going to sleep in the other room."

Adrian scoffed, "You can't say for sure. Maybe they are just deciding who sleeps where but they didn't say what are they going to do later. Right?"

One of the bodyguards asked, "Mister Adrian, are you sure you just want to watch? Why don't we go capture them and you can have your fun too?"

The other bodyguard adhered. "He's right. You're from a first-tier upper-class family. There's nothing you need to be afraid of. It's not often in bump into women as beautiful as them."

After thinking for a while, Adrian chuckled. "Haha I'm not against that idea but I want to watch it from here first, I prefer watching more than being in the action. Once I'm satisfied, then we can just barge right in in the middle of their actions. I can't wait to see the loakes on their faces."

"What a good idea!" The bodyguards chuckled together.

Meanwhile, Severin and the others were enjoying their food, When they almost finished eating, Sheila stood up and stretched her body like a cat.

"This is the best thing about coming to a city near the sea. The seafood is fresh and so much cheaper. Delicious too!" Sheila

said

Severin smiled. "Alright, girls. Now that we have eaten, shall we head back? We have to continue with our journey tomorrow."

"I get it. You can't wait to go back because it's Diane's turn tonight." Sheila covered her mouth and laughed.

That made Dane feel shy. She rolled her eyes at Shella and talked back shyly, "What nonsense are you talking about? Why do you want to say that out here?"

Severin ended up laughing really hard.

"F*ck them! Where the hell are they? It's been an hour!" Adrian exclaimed impatiently.

After waiting for an hour, Adrian was feeling bored with no exciting action coming from the surveillance footage.

"Sir, look here. This couple is starting." It caught the bodyguards' attention fully.

Whereas Adrian took a glance and smiled disdainfully. "That man is as fat as a pig and that woman is so average. Do you fellas really enjoy watching them? Aren't you afraid that you're going to lose your appetite?"

Just then, Lydia noticed somethin "Mister Adrian, look. They are back"

Adrian quickly looked over to the screen and said, "Great! They are finally back! I can't wait for the show to start!"

As planned, Sheila and Sofia stayed in the same room. Severin and Diane went back to their room. Once the door was closed, Severin quickly wrapped his hands around Diane's waist from the back.

[Chapter 1507](#)

"He's hugging her! He's hugging her! The show is about to start!" Adrim gulped excitedly.

Later, he looked at the screen which was showing Sheila and Sofia's room. "I think the other two are going to take their shower! Fantastic! I can't wait! Haha!"

Because of that, the bodyguards and Lydia's two men quickly looked over to that screen.

“Damn. They are seriously so f*cking beautiful,”

“Of course. Never doubt Mister Adrian’s taste in woman.”

Each of the bodyguards got all excited after they saw Diane, Sheila, and Sofia. The previous couple did not attract the

anjinat

“Hey, don’t kiss me first. Go take your shower now,” Diane said and pushed Severin away gently. Her heart was pounding hard

“Together?” Severin asked with a smile. Diane nodded shyly and went to take a new set of clothes.

Then Severin took the time to look around. Suddenly, he frowned and closed his eyes. With his telekinesis, he scanned the room. It was just a safety measure to prevent anything. In fact, he did not think that there was going to be anything wrong with the room Yet, he was wrong. By the time he opened his eyes, he looked furious

“Is there anything wrong?” Diane asked when she looked back and noticed Severin was looking angry.

Severin gritted and walked to a corner to take down a hidden camera. He held it with his finger and crushed it into pieces.

“What is that? A hidden camera?!” Diane was so shocked.

“This is not the only one. There are two over there and there. And the washroom too. I’m going to take all of them down. Go find Sheila and Sofia. Warn them and tell them not to take showers!” Severin instructed with a deadpan face.

Diane nodded and threw the clothes to the bed. Then she took off to Sheila and Sofia’s room.

“What’s going on? How did he find out?”

Everyone in the surveillance room got a shock. Many of the hidden cameras were discovered and they did not know what was happening in the room.

Adrian sneered and balled up his hand. “F*ck! How the hell does he know? Fine. Since we can’t watch it anymore, let’s move on with our plan. Go grab that man. Kill him and throw him into the ocean. Those three women are going to be my slaves!”

Right after that, he opened the door and walked outside. Meanwhile, Severin and the three women were in the garden.

Sheila gritted. “I was just about to take off my top. Luckily Diane was in time. I can’t imagine if Diane came later. Damn it! Who the hell did this? This is so gross!”

Sofia was so angry that she clenched her fist tightly. “I’m going to kill him when I know who’s behind this?”

[Chapter 1508](#)

Severin sneered, "It's the work of the owner of this property. I scamed with my telekinesis and saw her in the room nearby with a group of men. They were watching from the surveillance. Now they are on their way here, I bet they must be very angry that I ruined their fun."

"Haha! Great. How dare they think they are the victims? They are so gross! I can't wait to punch them in the face!" Sheila balled up her hand and said angrily.

Severin smiled bitterly. "I'm afraid you're not getting the chance. They are a big group of people."

"What about me?" Sofia asked.

Severin nodded. "Not a problem for you. There are not many warrior emperors in the mundane world. Normally, warrior king is the highest level they could achieve."

Sofia clapped her hand and said, "Okay. You're not allowed to do anything later. I want to teach them a lesson! Gosh! I'm so angry! How could I be so careless? They are going to see me naked if you don't use your telekinesis to scan the room."

The more Sofia thought of it, the angrier she felt. Never had she felt so humiliated or angry before.

Just then, Adrian and the others had arrived and blocked the door. The moment Adrian was there, he quickly looked at Diane, Sheila, and Sofia

"Damn, they look even prettier in person," Adrian commented like a thug and licked his lip

pay you

Sheila sneered. "Pervert! How dare you show your face to us after what you did? Don't tell me you're here to ask us to pay back for destroying those hidden cameras?"

The situation did not go as Lydia expected. She thought Severin and his women would be scared to see so many people surrounding them

Thus she stepped forward and replied Sheila. You just reminded me. Those hidden cameras are very expensive. There are a total of six cameras in those two rooms. It cost 150,000,000 dollars each. So six cameras cost 900,000,000 dollars. That's the price you need to pay for breaking them."

"Are you seriously asking us to pay for the cameras? I doubt that you're going to have the chance to spend it even if we pay you." Sheila sneered. She was surprised to see Lydia had the audacity to ask for money.

"Haha. Talk all you want. Don't you see we outnumbered you? You're going to regret it later." Lydia folded her arms and was not intimidated at all

"Spicy and hot temper! But I like it. I can't wait to see you beg for mercy later!" Adrian chuckled like a pervert.

"Severin, are you sure Sheila and I can't beat any of them? Argh! I really want to punch them in the face!" Diane asked angrily.

It was rare to see her being so angry. It seemed like Adrian and Lydia must have crossed her so badly.

Severin pointed to the front and said, "This guy is a level five profound master. You can punch him any way you want. This fat lady is only a grandmaster. Those two kids behind her are not strong too."

Then he looked at Adrian's bodyguards and said, "Those two old men are level three warrior kings. The others are just profound masters. You and Sheila can beat them without any problem. I didn't want either of you to fight because I was afraid the old men would attack you and Sheila."

Sheila was thrilled to hear that. "Great! That means we can hit and punch them except for the two old men. Haha! Get ready for my punches"

Sofia smiled. "Dane, Sheila, leave those two old men to me. 111

dle them and you two can handle the others."

"Don't kill then. I want them to regret what they did!" Diane said after considering how to punish them.

Sheila frowned. Suddenly, she thought of agno idea. "I know! Let's neater them! That's the best way to punish these perverts!"

[Chapter 1509](#)

Listening to that, redness slowly appeared on Diane's cheek. She felt embarrassed about the idea.

"Terrr... I'll leave that to you. I just want to punch and hit them."

Sheila said, "Diane, don't be embarrassed about that. If you think it's a hassle, you don't have to use your leg to kick. Just use your spiritual energy and aim at their crouch."

Diane was shocked to hear that. She had a strong feeling those people had really stepped on Sheila's toe or Sheila would never react so aggressively.

"Mister Adrian, how does he know our attainment level? Do you think he's very strong?" One of the old men looked sullen and felt scared. In this city, they were considered one of the strongest fighters. Yet, there were many people who were stronger than them in this world. What if Severin was from another city?

The thing that made him worried the most was Severin could easily tell their attainment even when neither of them used their spiritual energy

To be honest, Adrian did not know how to react too. This was the first time he was in this situation. Then again, his family background gave him the confidence. From what he observed, he presumed Severin and his women were here traveling.

He sneered. "What do you need to be afraid of? Maybe they are just bluffing. Do you seriously believe them?"

"Cut the crap and don't waste my time anymore!" Sofia sneered. Within a blink of an eye, she was dashing to where the two old men were.

"Young girl. Come show me what you are capable of."

The two old men did not hesitate and got ready to fight Sofia. However, they were defeated immediately. Sofia sent them flying away. When they crash-landed on the ground, they vomited blood.

"A bunch of imbeciles. Are you sure you guys want to fight us?" Sofia sneered. She moved so quickly and reached where the two old men were. Then she stepped on the old man's chest with her foot.

Fear could be seen from their eyes. Shortly, their heads tilted to the side and they were no longer breathing

"Why did you kill them?" Sheila asked, shocked.

Sofia smiled. "They are quite strong so no point keeping them alive. At least, I feel better after killing them."

It seemed like Sofia was controlled by her anger and accidentally killed them.

"No! No!" The situation had frightened Adrian terribly. His legs became wobbly,

"Hebe. It's your turn now!TM

Sheila and Diane exchanged looks with each other and walked toward Adrian's bodyguard.

"Hey! What do you think you're doing? Do you know who he is? He's Adrian Kerr. His family is a first-tier upper-class family!

Lydia threatened after some quick thinking.

However, that did not scare Sheila off. She went over and slapped Lydia in the face.

"I'm Hamzah's favorite person. How dare you slap me?" Lydia gritted her teeth and continued to talk arrogantly.

Severin scuffed. "Fine. We won't kill you now. What's the guy's name? Hamzah? Call him here. I want to see if he has the

power to save you."

[Chapter 1510](#)

"Ma'am! Please spare us our lives!" Lydia's two men did not know what to do. When Diane and Sheila walked over, they knelt down and begged for mercy.

"So you're afraid now. But it's too late!"

Sheila flicked her finger. Two spiritual energy rays flew out and headed toward the two men.

"Ah!" Within moments, the two men groaned painfully. The spiritual energy rays were targeted at their crouch.

"Run!" The remaining bodyguards exchanged looks with each other and made a quick decision to run for their lives.

Unfortunately, Diane had foreseen it and arrived at the door very quickly to stop them from leaving.

“Hold on. You haven’t received your punishment yet. If any of you think of running again, it’s not just your crouch you have to worry about. I’ll kill anyone who tries to run” Diane threatened.

“We have to fight them!” A bodyguard said with his gritted teeth. He refused to accept his faith

Spiritual energy gradually covered his fist. With a thought, he attacked Diane. How naive of them. They were not even warrior kings and yet, they thought they stood a chance to defeat Sheila and Diane. A few seconds later, all the bodyguards were lying on the floor and grunting painfully. Some of them even fainted because the pain was intolerable.

At that moment, only Adrian and Lydia were left standing. Lydia was still busy calling for reinforcement.

Adrian realized what situation he had gotten himself in. He gulped and said, “My family is a first-tier upper-class family! If you let me go now, I can pretend none of this happened. But if you dare to hurt me, I...”

Before he could finish talking, Sheila went forward and kicked his crouch.

“Ah!” Adrian looked down and shouted. It was so painful that he squatted down while covering his crouch with his hands.

“You! How dare you? I’m the only son! My father will never let either of you go!” He curled up his body and glared at Severin.

Severin smiled, approached him, and squatted down. “Alright. I’ll give you a chance too. Call your father and see if your father

can save you.”

“You better don’t regret it!” Adrian endured the pain and took out his phone to call his father.

“What did you say? Someone kicked your crouch and castrated you?”

When Adrian’s father knew what happened, he was furious. “Where are you? F*ck him! I’m going to kill him!”

By then, Lydia had finished talking on the phone too. Severin grabbed a chair and sat down. “Eley, fat woman! They are either dead or castrated. I think your punishment is too light.”

After the call, Lydia felt even more confident and was not scared of Severin at all. “Hey, kid. You better run while you can. My reinforcement is on the way. This is Hamzah’s property and his territory.”

“Are you threatening me?” Severin smiled faintly.

He flicked his finger. A strike of rays appeared and headed toward Lydia. Suddenly, the ray shot through Lydia’s leg. Blood started pushing out as if her leg had been shot by a bullet.

“Ah!”

Pain struck Lydia. She knelt down on one knee and glared at Severin angrily. “You 1*cker! How dare you do that to me?”
