Chapter 1371 Will You Regret?

"I have no intention of taking away something that belongs to you, I just... like it," said Alfie softly.

Selena's beautiful eyes slightly frowned.

She had originally intended to refuse, but seeing Aurelia standing next to Alfie, staring at him with eager and moved

eyes, she suddenly changed her mind.

Forget it.

Consider it as fulfilling the long-cherished wish of the real Selena.

If a piece of clothing can fulfill the destiny of two people who are meant to be together, it's also a good thing.

Selena nodded, "Okay."

Alfie lowered his dark eyelashes.

Aurelia's eyes were filled with joy.

Leia and Hattie were unhappy, but since Selena had agreed, they wouldn't object anymore.

Selena went back to the dressing room, changed into her own clothes, and came out.

Leia hugged the wedding dress that Selena had changed out of, and handed it to Alfie with a displeased expression.

Alfie gently took it, and the fiery red and delicate wedding dress set off his slender and fair fingers, giving off a strange and alluring charm.

Selena's tone was calm, "Excuse me."

After speaking, she walked upstairs.

Behind her came the gentle and cold voice of the man, "If you ever need this condition, feel free to come find me."

"This promise is always valid."

Selena seemed not to have heard, holding Hattie's hand, the three of them disappeared from sight.

After Selena left, Aurelia finally came back to her senses from the sudden surprise.

Her cheeks were flushed, and she nervously and joyfully waited for the man beside her to give her the wedding dress that

he had taken from someone else's hands.

Aurelia waited for a long time, but the man beside her didn't move at all.

She raised her head in confusion, only to see the man's gaze staring fixedly at the bright red color in his palm, his eyes

filled with an indescribable meaning.

Aurelia looked at the man's eyes, and a bad premonition rose in her heart, "Mr. Soo, aren't you going to give it to me?"

"It's getting late, I still have things to deal with," Alfie suddenly spoke up, interrupting her unfinished words, "Carson, send Miss Bennett home!"

Aurelia watched as the person who abandoned her without even turning around walked away, and her face turned pale in an instant.

...

Lady Lauren was looking at a few more finished clothes with the Lady Lola when Selena walked over wearing the outfit she had left in.

Lady Lauren looked at Selena and then at the two pouty faces next to her, guessing what had happened, but didn't ask where the outfit went.

She just took Selena's hand and said, "Selena, come and have a look. Do you like these?"

Perhaps because Selena had no mother and Lady Lauren had no daughter, Lady Lauren poured all her maternal love into

Selena and made sure everything was prepared thoroughly for her.

Selena had never realized how much preparation was needed for a girl about to get engaged. They shopped all

afternoon and returned home with full arms.

In the evening, Selena sent Hattie home first and then took Leia back to the villa. As soon as Selena walked into the hall,

she met Patrick's eyes, who had been avoiding her before but was now waiting for her here.

Selena was taken aback. She never expected the person who had been avoiding her to be waiting for her here today.

After a moment of stunned silence, Selena's smile faded, and she called out softly, "Patrick."

Patrick stared at her for a while before shifting his gaze to the large bags and small bags Leia had put down beside her.

There were many things, most of them in celebratory bright red.

These things were supposed to have been prepared for her by the Turner family, but the Turner family had no female relatives.

Some female relatives of the collateral branches had offered to help Selena prepare, but Patrick was worried that

unfamiliar people might cause trouble, so he had refused.

Moreover, Lady Lauren had come early and said that she would personally help Selena prepare, so the Turner family did

not prepare as thoroughly as they should have.

Fortunately, although she had no mother, someone helped her prepare these things, so she did not feel wronged.

Patrick suddenly smiled and walked up to Selena, looking at the girl's dark and clear eyes. "Selena, you are getting engaged soon..."

Selena looked at him quietly, waiting for his next words. She was prepared for him to come straight to the point. He raised his hand and gently touched her hair, "Is there something you want to talk about? Let's wait until after your engagement party, okay?"

This was obviously the result of careful consideration. Selena lowered her eyelashes, "The research institute has returned to the Turner family's hands."

The reason she didn't reveal this earlier was because she was afraid that the enemy would use the grudges between her

and the Turner family to cause unnecessary trouble.

But now, the research institute has returned, and Patrick and Oscar already know the truth.

Why can they still tolerate her holding onto the identity of the Turner family's daughter?

Patrick looked at her with a hint of sadness in his pale eyes.

For a moment, he really wanted to tell her that he didn't care where she came from or whether she was really an enemy of the Turner family.

But the cold reality pressed down on that impulse.

Even if Patrick could overlook everything, he couldn't ignore the real Selena.

If the Turner family acknowledged her identity, what would happen when the real Selena was found in the future?

That child had suffered so much since childhood and had never had a real home.

Once the Turner family made her feel cold and sad again, how would he and Oscar face Callum in the future?

Patrick's lips moved, but he couldn't make a sound as his throat tightened.

Selena smiled, "Nicholas should be cooperating with Maddox, but Leon and Alfie probably won't behave.

The Turner

family can sit back and watch the show. They don't need to--"

"Selena!" Patrick interrupted her abruptly.

Selena looked up at him, a bit dazed, as if she didn't understand why he was angry.

Patrick looked at her bewildered expression.

It seemed that in her mind, the Turner family using her and then heartlessly abandoning her, and cutting off ties with her,

was something that was to be expected.

So, in this girl's deep heart, she had never considered the Turner family as her real family.

After Patrick shouted at her, he seemed to realize that his tone was too harsh and softened his voice, "Listen, getting

engaged is supposed to be a happy thing. Let's deal with unhappy things later."

Selena looked into his eyes and asked softly, "Won't you regret it?" The person who had killed the entire Turner family,

the person whom he loved the most, was engaged to Osvaldo as the Turner family's daughter.

Given that they already knew the truth, this was a very absurd thing.

Patrick, rare in his toughness, said, "I've talked to my father about it, and he's agreed."

He gently touched Selena's hair and said, "Don't worry too much and wait for the engagement party to arrive peacefully."

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1372 Really Good

Chapter 1372 Really Good

Selena stared at Patrick for a while before a smile suddenly appeared on her face. "Good," she said.

Although she had prepared herself for the worst possible outcome, she wasn't the type to be sad or upset.

When Patrick saw her smile, he breathed a sigh of relief and his tone became more relaxed. "When you have time, Selena, go to the Turner family and pick out some gifts. Tom has already prepared some things, but you can see if there's anything you don't like."

"The Turner family hasn't had a happy occasion in a long time, so this time we must make it lively and make Father happy."

Lady Lauren had been talking to Selena about the things she needed to prepare for the engagement banquet today.

Selena agreed.

After some more instructions, Patrick finally left in his car.

After Patrick left, Leia walked up to Selena. "Madam Selena, Mr. Turner..."

Although Selena didn't show it, Leia was still keenly aware that there seemed to be some problem between Selena and

the Turner family recently. Selena hadn't been back to the Turner family or called them once during this time. But after

talking to Patrick just now, Selena's mood seemed to have relaxed a lot.

"It's okay, just feel like..." Selena thought for a moment before continuing, "There are still many unexpected good things in this world."

Although she didn't know how things would ultimately turn out, before that, they hadn't been cold enough to make her sad. That was enough.

Leia smiled, "Yes, just like when the young master met Madam Selena, it was a great stroke of luck!"

If Osvaldo hadn't met Selena, he probably wouldn't have become a warm-hearted person in this lifetime.

The Osvaldo before he met Selena, although he had a family and parents, always gave people a sense of elusiveness.

He left home when he was young and rarely returned. As the heir of the capital's first family, even Leia didn't understand why he would waste his precious life outside.

If he had some ambition, it didn't seem like it. Before Selena appeared, Osvaldo never showed any interest in the capital's power.

But the rumors about him had never stopped, and that was also why people were afraid of him.

Selena had a smile on her face as she asked, "Is that so?"

"Yes! Yes!" Leia nodded vigorously, "After meeting you, the young master is like..."

she racked her brain for a while, her eyes suddenly lit up as she finally found the right adjective, "He feels like he has a home!"

Selena was puzzled. Did Osvaldo not have a home before he met her? How could he not have a home with Lady Lauren,

his gentle mother, and his father who was loyal to her?

Leia saw Selena's confusion, but didn't know how to express herself. She shook her head and said, "It's different! Before

meeting you, the young master felt like he was unconsciously looking for something."

She stumbled over her words, "But if you ask him what he was looking for specifically, he probably didn't even know

himself." Leia's eyes widened as she continued, "But after meeting you, the young master has been with you all the time."

"No matter where he goes, he thinks of you and returns to your side..."

Leia's face was full of happiness, and Selena was also touched.

After she and Osvaldo got their marriage certificate, they spent most of their time together.

If she had not met Osvaldo, she would have still been a rootless wanderer, never sure where she would sleep the next day.

But because she met that man, no matter where she went, there was a light that shone just for her, waiting for her.

So, meeting Osvaldo was really a very, very good thing.

Selena was overjoyed.

The butler had the maid bring Selena's dinner to the table and said with a smile, "The young master just called and asked

you to eat first. He will be back later tonight."

A warm feeling welled up inside Selena. She washed her hands, sat down at the table, and after finishing dinner, she did

not go to the basement to train as usual. Instead, she went straight to bed.

The villa's servants, seeing the mistress taking a rare break, moved quietly, afraid of disturbing her.

At nine o'clock, Selena put down her book and turned off the light. Suddenly, she heard the familiar sound of footsteps

outside the door.

Selena remembered Lady Lauren's instructions to prepare something for Osvaldo. Her heart began to race, and she closed her eyes.

The door was gently pushed open from the outside. The familiar sound of footsteps gradually approached and finally stopped by the bedside. Selena could clearly feel the gentle gaze of the person standing beside her bed, with a hint of a smile in their eyes.

"Selena, you went to bed so early today..."

Selena's fingers under the covers couldn't help but move.

She suddenly realized that she hadn't done anything wrong, why should she pretend to be asleep?

But it was too late to regret now. Selena could only continue with her "pretend to sleep" plan.

A light laughter sounded in her ear, and Selena suddenly felt a cool sensation on her lips.

The man was kissing her, very lightly.

His cool and thin lips lightly nibbled on her lips, bringing a wave of tingling sensation.

Selena's heart trembled, her ears uncontrollably turned rosy, and she regretted pretending to sleep once again.

This was a really bad move.

The man kissed her for a while before straightening up.

His long fingers gently slid over her hot cheeks, seeming to

realize that if he went any further, the young girl might jump up and beat him.

The man chuckled lowly and then turned around and left.

Selena heard the sound of his footsteps leaving and felt a slight relief.

However, the next second, the bathroom door suddenly opened, and the sound of rushing water rushed into her ears.

Selena had forgotten that Osvaldo would occasionally come to her room to use her bed.

It was clear that the man tonight had no intention of leaving.

Was it too late for her to refuse now?

Selena opened her eyes and glanced at the bathroom door.

She sat up and pretended to be awakened by the noise, casually picked up a book from the table, and waited for the man

in the bathroom to come out.

After more than ten minutes, Osvaldo walked out of the bathroom wearing a bathrobe. At a glance, he saw his wife with

red ears sitting on the bed.

It seemed that she had just heard the noise and looked at him with joy, "You're back."

A hint of tenderness flashed in Osvaldo's eyes as he walked over and touched her hair. He couldn't help but kiss her lush

lips again.

"What did you and my mother do tonight?"

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1373 Selena Is

Angry!

Chapter 1373 Selena is angry!

Selena smiled sweetly and said, "Shopping for clothes." Osvaldo looked into her dark eyes with a deep gaze and caressed her hair for a long time. "You little rascal, grow up quickly."

Selena could hear the husky tone in his voice and blushed.

Osvaldo held her down for a while before reluctantly lying down beside her, holding her in his arms and turning off the light at the same time.

The room became dim.

Under the faint light, Selena rested her head on the man's arm and rubbed against him, closing her eyes contentedly.

...

After the situation in the research institute stabilized, Selena had some free time and focused all her thoughts on her engagement with Osvaldo.

Leia walked in with an invitation card and looked extremely agitated.

"Madam Selena!"

Selena, who was sitting on a rattan chair reading a book, put it down and looked up to see the girl with eyebrows that

were not eyes that were not eyes standing in front of her.

Selena couldn't help but chuckle. "What's wrong?"

Leia handed the invitation card to Selena in an angry manner. "The Soo family just sent a special envoy to deliver this to

Madam Selena."

Selena raised her eyebrows.

Unless there were special circumstances, Leia would not have brought the invitation card to her.

Selena's slender fingers took the invitation card and scanned it, her eyes showing a hint of confusion. "A stone gambling tournament?"

Leia held her chin with both hands and squatted in front of her, saying angrily, "The Soo family is one of the oldest

families in the capital, with a heritage that has been passed down for many generations. Nine out of ten antique, jade,

stone gambling, and Feng Shui industries in the capital belong to them..."

Selena played with the invitation card with her slender fingers and stared at the girl.

Even if the Soo family was rich, it wouldn't make Leia so angry.

Leia was angry as she said, "Madam Selena, I received another piece of news in addition to this invitation card."

"The Riddle family will also participate in this stone gambling tournament."

"Moreover, there is news that Nicholas intends to announce the engagement between Hattie and the Soo family's second young master at the tournament."

Selena's eyes grew cold.

Nicholas invited all the major families in the capital to participate in the stone gambling tournament, and Maddox

announced that he would attend in person. This was clearly a blatant demonstration against the Turner family.

Given the Turner family's style, they naturally wouldn't pay attention to it. But not only did Nicholas send her a separate

invitation, he also threw out such news!

Everyone knows that Cameron was previously in a relationship with Penelope. However, Penelope was arrested on

charges of treason and could never have the chance to marry into the Soo family again, even if she had the opportunity

to come out in this lifetime.

Losing the opportunity to marry an adopted daughter was naturally irrelevant to the Soo family. But once the target

changed to the real Miss of the Riddle family, Nicholas was bound to hold on tightly.

Hattie is thirteen years old this year, and Cameron is nineteen, which is also acceptable in terms of age. And Cameron watched Hattie grow up and said that they were childhood sweethearts. In the eyes of everyone, this marriage was justified.

Selena threw the book in her hand on the table and stood up in her slippers. "Those two damn old things!" Leia looked at her frosty eyes and asked urgently, "Madam Selena, what should we do now?"

If Selena did not recognize the Riddle family, then for the Riddle family, she was just an outsider. If she openly intervened in the Riddle family's affairs, she would be accused of exceeding her authority. But according to Selena's relationship with

Hattie, she would never ignore this matter.

Nicholas and Maddox's move was forcing Selena to recognize the Riddle family. But once Selena recognized the Riddle family, it would be easy for Maddox and Daphne to manipulate her.

Selena smiled coldly, "Since Nicholas has invited me so warmly, how can I refuse?"

Leia trembled at her smile.

There was a certain inexplicable light in Selena's eyes as she said, "I just happen to need a wedding ring, so I'll pick one at

the gambling conference... I'm sure I'll find a satisfactory one."

Lady Lauren told her yesterday that the woman needed to prepare a wedding ring for the man at the engagement

ceremony. Selena was worried about this matter, but she just received an invitation to the Soo family's gambling conference...

Leia looked at Selena's inscrutable eyes and suddenly felt relieved. Selena was angry!

Once Selena was angry, those who made her angry would usually have a hard time.

Leia smiled smugly. Those two old things used even children to bring down the Turner family. It was simply inhumane! If

they could make a fool of themselves on the spot, it would be quite a spectacle!

On the day of the jade gambling event, the jade market operated by the Soo family was unusually lively.

In preparation for today's event, the Soo family had sent someone to Myanmar to bring back a batch of raw stones.

Perhaps because they lost face at the Turner family's last event, the Soo family deviated from their usual low-key

approach and made the scene extremely grand and luxurious.

Nicholas arrived at the venue early with all the Soo family's children and grandchildren.

The spacious hall was filled with all kinds of raw stones, seemingly endless at first glance. Although there had been many

exciting events in the capital recently, most people were just bystanders. Rarely did opportunities arise to get rich quick like this one.

To select good raw stones, guests invited by the Soo family had arrived early. Ordinary jewelers gathered on the first

floor, while the elite of the major families were arranged on the second floor. Alfie stood at the door, graciously welcoming guests, while Aurelia stood by his side, exuding elegance and charm, looking like a couple.

The truth about the engagement between Mr. Soo and Miss Turner was already well-known to the public.

While people

cursed Nicholas for his shamelessness, there were also sympathizers for Alfie. Now, seeing the exceptionally beautiful and

poised Aurelia by his side, people's emotions were complex. However, this was still the Soo family's turf, and even if they

disliked it, no one dared to openly say anything.

When the Riddle family arrived at the venue, it caused a great stir.

Not only had Maddox come, but even Daphne, who had been claiming illness and bedridden, had also come. The woman supporting Daphne, who was intimately walking beside her, was not the familiar Mrs. Riddle.

Looking at Kaitlyn, who was held by the woman's hand, and Hunter, who was guarding the mother and daughter, the

identity of the other party was about to be revealed.

A chorus of gasps echoed in the hall.

"Mr. Riddle, didn't he nail this woman to the position of the third party? How does she have the qualifications to appear

so openly at this event?!"

"Mr. Riddle and Mrs. Riddle haven't shown up, and the ones who came were the third party and her family.

The Riddle

family is really..."

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1374 Targeted

Chapter 1374 Targeted

"What does this mean? Does Daphne and Maddox give up the first branch of the Riddle family and openly support the second branch to take over?!"

"Do the old folks of the Riddle family have a problem in their heads? Mr. Riddle doesn't want such an excellent heir and

instead brings his mistress and illegitimate daughter to such occasions! It's really embarrassing!"

Continuous scolding came towards the Riddle family, and Kaitlyn, who was still young, felt wronged and angry and hid

directly behind her mother.

Manny calmly touched his daughter's hair without changing his expression.

Hunter's face was dark, but he still maintained his demeanor and didn't explode on the spot.

As the mistress of the Riddle family, Daphne had been respected for most of her life and had never encountered so much

verbal abuse before. She was furious and turned to the servants behind her and shouted, "Why haven't the young master

and young miss arrived?!"

The servant replied, "The young master and young miss said they are ashamed to be seen with the mistress and

illegitimate daughter. Since the old master and old madam have decided to bring them, for the sake of the Riddle

family's reputation and integrity, they should no longer be regarded as grandchildren!"

The servant was obviously instructed in advance and spoke very loudly. Everyone around them heard it. Immediately, there was a wave of agreement and teasing.

"I knew it! How could the Riddle family, such a noble family, tolerate such embarrassing things?"

"Mr. Riddle and Miss Riddle are the rightful heirs. Of course, the Riddle family listens to them."

"Maddox and Daphne prefer the mistress and illegitimate daughter and openly tarnish the reputation of the Riddle

family. They are not worthy of being the ancestors of the Riddle family!"

"I'm waiting for Maddox to be usurped, and Daphne to be expelled from the Riddle family!"

Daphne's vision turned black, and she trembled with anger all over.

Kaitlyn's face turned pale, and tears of humiliation rolled down her face.

Manny clenched his palms.

Hunter was both angry and annoyed, looking at Maddox, "Father, look at those two unfilial sons..."

Maddox's expression did not change, ignoring all the voices, and took the lead to walk inside, "Let's go in!" Other people didn't have the nerve to stay any longer and immediately followed in.

After the people of the Riddle family disappeared at the door, Leon walked over with Hattie, swaying.

Alfie's phoenix eyes were sharp, "What's going on?"

Leon gave a humorless smile. "Who knows? Maybe it's just bad luck..."

Hattie glared at Alfie with red-rimmed eyes, clearly aware that Maddox and Nicholas were planning to use her marriage as a pawn.

Alfie looked at her for a moment and gently touched her hair. "Everything will be fine."

Hattie moved away from his hand and hid behind Leon. "I hate you all!"

She knew that as the daughter of an aristocratic family, she had little say in her own marriage. But she was only thirteen

years old, how could Nicholas be so heartless as to force her into this?

What upset the young girl the most was that Maddox had not refused the proposal.

Alfie looked at his empty hand in a daze, and remained silent for a long time.

Aurelia pursed her lips and walked out. "Miss Riddle, you've misunderstood. This is not Master Alfie's intention."

Hattie gave her a cold stare.

Aurelia met her sharp gaze and softened her tone.

"Master Cameron is gentle and talented, you and he are a perfect

match, and when you grow up, you will understand..."

Leon suddenly interrupted her. "Shut up!"

Alfie said coldly, "Miss Bennett, you talk too much."

Aurelia was startled and turned pale.

Hattie shouted angrily, "If Cameron is so good in your eyes, why don't you marry him?"

"Oh, I forgot. Cameron already has Penelope in his heart. Even if you throw yourself at him, he won't want you!"

Aurelia had no idea that her well-intended words would anger two well-tempered aristocratic young men.

What made her feel even more embarrassed was Hattie's piercing words.

Aurelia trembled and said, "Miss Riddle, I was just trying to comfort you. I had no ill intentions..."

Hattie disliked Aurelia!

Although Aurelia was refined and polite, and had not done anything outrageous to her, Hattie couldn't stand her.

This disgust reached its peak when she unreasonably tried to take Selena's wedding dress. Yesterday, Selena was there to stop her from venting her anger, but today she had to settle the score with interest.

"I was talking to Alfie, not to you. What right do you have to interfere in the affairs of the Riddle family or the Soo family?"

"Don't think just because that old man told you to stand here, you can become the mistress of the Soo family and have the qualifications to meddle in Alfie's affairs!"

"Alfie doesn't like you, he won't marry you!"

The last two sentences were heart-wrenching and made Aurelia feel weak all over.

It was clear that she was trying to maintain her composure, with a pale face and pleading eyes looking at Alfie. "Mr. Soo, I..."

Alfie spoke calmly, "Hattie is young and has poor health. Miss Bennett, you should go easy on her."

Aurelia's face turned bloodless in an instant because of Alfie's words.

Many onlookers who had been watching the whole thing spoke out when they saw Hattie bully Aurelia to this extent.

"Miss Riddle, Miss Bennett only said a few words, and her intention was to care for you. You don't need to target her like this!"

"Although you're still a child and have psychological issues, you still need to learn to control your emotions. You're being spoiled in the Riddle family, but outside, your temper like this will easily get you into trouble..."

"The engagement between you and Cameron was arranged by Nicholas. It has nothing to do with Miss Bennett. Don't blame her..."

"Miss Riddle, we've been following this matter from start to finish. Miss Bennett really hasn't done anything wrong. You should apologize to her."

Hattie rolled her eyes at the accusations against her. She hated Aurelia!

So she absolutely would not apologize to her!

Leon looked at the explosive girl with some helplessness and then turned his stern gaze to Aurelia.

"Miss Bennett."

Aurelia stood awkwardly, her face turning pale, looking at Leon helplessly. "I'm sorry, Miss Riddle. I didn't mean to upset the young lady..."

"Miss Bennett didn't do anything wrong and doesn't need to apologize!" Someone in the crowd couldn't bear it anymore.

"Even if it's Mr. Riddle and the Riddle family's young lady, they still need to be reasonable, right?"

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1375 Dealing With Scum

Chapter 1375 Dealing with Scum

In the eyes of the bystanders, Hattie was in the wrong in this matter. If she didn't apologize today, she would probably

earn a reputation as a domineering bully in the upper circle, where everyone follows the crowd.

Leon was about to speak when a soft voice suddenly interrupted him.

"Hattie."

Upon hearing the familiar voice, Hattie immediately turned around and ran towards Selena, throwing herself into her arms. "Selena!"

The others at the scene were somewhat surprised to see Selena here. Given the feud between the Soo family and the

Turner family, it was not an exaggeration to say that they wouldn't cross paths even if they died. The fact that Miss Turner

had shown up at the Soo family's home...

Selena patted her shoulder soothingly, her gaze sweeping over Leon and Alfie before finally settling on Aurelia's pale face.

"Miss Bennett, we meet again."

Aurelia forced a smile. "Miss Turner, I was unaware of your identity before and may have offended her. Please forgive me."

Selena nodded. "Do you like the wedding dress, Miss Bennett?"

Aurelia's face stiffened, and she looked at Alfie, who was staring at Selena, hoping he could help her out of this

embarrassing situation. But Alfie seemed oblivious to her plight, and his eyes were only fixed on Selena.

Aurelia squeezed out a voice. "Yes, I like it. Thank you for giving it up, Miss Turner..."

Leia rolled her eyes and muttered in a not-so-soft voice, "That's not giving it up, you clearly snatched it..." The others were initially surprised to see Selena acquainted with Aurelia, but upon hearing her words, they all widened their eyes.

Aurelia had snatched Selena's wedding dress?

No wonder Miss Riddle didn't like her.

The relationship between the two sisters of the Riddle family was famously good. If Aurelia had snatched the older sister's

wedding dress, did she really expect the younger sister to be kind to her?

Dream on!

No one mentioned that Hattie was wrong again.

Aurelia's eyes were red, and tears were about to fall, but she couldn't say anything to explain herself. Her mouth moved a

few times, but no sound came out.

Selena looked at her with a cold gaze. "Hattie is young. She's still a child and doesn't understand what love is, let alone

the lifelong commitment it entails."

"Cameron has someone else he loves, which is a well-known fact."

"They wouldn't and couldn't have any involvement with each other."

"Miss Bennett may have good intentions, but she forgot that no one likes to be forced into a relationship with someone they don't like."

"It's like if someone used the pretext of helping Miss Bennett and advised her to give up Mr. Soo and marry another young man... Would Miss Bennett be happy to hear that?"

Aurelia's face turned pale. "I'm... sorry."

Selena tugged at the corner of her mouth. "Do unto others as you would have them do unto you."

"I hope you remember this and doesn't make the same mistake again in the future."

With that, Selena lowered her head and gently touched Hattie's rosy cheeks. "Everything will be okay."

Hattie nuzzled into Selena's embrace.

Selena held Hattie's hand and, facing the shocked stares of countless onlookers, walked towards the door. Inside and outside the door, countless people looked on with gossiping expressions.

This new research institute director was almost asking for trouble!

Today, there will definitely be a good show to watch!

Leon glanced at Alfie and followed them.

After everyone left, Aurelia whispered, "I'm sorry, Mr. Soo, I..."

The reason why she advised Hattie so strongly was because, in Aurelia's heart, neither Cameron nor Hattie had any room for resistance.

For the sons and daughters of aristocratic families, the so-called freedom of marriage was simply a luxury. Especially since Hattie had no mother, her father didn't love her, and her brother was a step removed from her. What else

could a lonely girl do but resign herself to fate?

She just didn't expect that Selena would appear out of nowhere, with such an aggressive attitude, openly challenging the

authority of Nicholas and Maddox. This stone gambling competition today is bound to be far from peaceful.

Alfie withdrew his gaze from Selena's back, lowered his long lashes, and said softly, "No need."

Aurelia looked at his cold profile and lowered her head, feeling somewhat sad.

Selena walked into the venue holding Hattie's hand, with Leon following behind. They were met with a large number of shocked stares.

The two heirs of the Riddle family actually came with Selena...

The people in the hall looked at the three young people and then at Maddox and his group, who were talking to Nicholas

on the opposite side, their eyes filled with strange expressions.

Was the Riddle family going to have a public internal conflict?

Daphne was still angry, and upon seeing Hattie with Leon and Selena, she yelled, "Leon, Hattie, why don't you come over here!"

Hattie snorted and squeezed closer to Selena.

Leon lowered his eyelids and seemed not to hear Daphne's words.

Daphne was infuriated. "Selena is not one of the Riddle family, how can you be with her?!"

Hattie glared at her. "The Riddle family is so filthy, you are so malicious, and the people around you are so disgusting. I

don't want to stand with you!"

"You are even less worthy to stand with Selena!"

Daphne was publicly criticized by her granddaughter, and a touch of anger flashed in her eyes.

In Daphne's eyes, the reason why the Riddle family has become the broken mess it is now is all Selena's fault!

If she hadn't harmed Penelope, instigated Hattie against Leon, her grandchildren wouldn't hate her so much!

Daphne looked at Selena with a deep look of disgust.

"You wicked and despicable woman, why did you come back?!"

"If you hadn't come back, Penelope wouldn't have gone to jail, and Hattie and Leon wouldn't have become so disobedient!"

"You heartless woman, you are not worthy to be Nevaeh's daughter..."

Upon hearing Daphne's words, Hattie flew into a rage, and Leon's eyes suddenly turned cold.

The others present were stunned and looked at Daphne with an incredulous expression.

Manny lowered her head, and a hint of satisfaction appeared at the corner of her mouth.

Selena let out a clear laugh, "Leia."

Leia stepped forward, raised her hand, and slapped Manny hard.

Manny's smug smile froze on her face.

Her face was hit to the side, and almost instantly, it swelled up high.

Before she could react, Leia raised her hand again, and several slaps were fiercely slapped on her face.

The intense pain penetrated through the skin of her face, all the way to her heart. The woman's eyes were filled with

ferocity and resentment.

The others in the hall were also stunned.

Everyone looked at each other in silence.

Hunter saw his beloved wife's swollen face and became furious. Without thinking, he raised his hand and struck Selena.

But he was stopped by Leon.

Leon looked at Hunter coldly. "Uncle, are you sure you know who you want to hit?"

Chapter 1376 Humiliation!

Hunter's eyes were fierce, but in this moment of pause, several loud slaps sounded in his ears. Manny was slapped heavily

again and again, and she collapsed in pain.

Hunter couldn't care less about Selena at this point, and rushed over to Manny, "Manny..."

Kaitlyn held her mother's arm, tears of fear streaming down her face. Leia sneered, her eyes filled with killing intent as she

stared at the Riddle family, "If the Riddle family dares to touch a hair on Madam Selena, today will be the end of the

Riddle family!"

Selena looked down at Manny lying on the ground, her lips curling into a shallow smile. "Daphne is too old to hit, but her

mouth is too annoying. So I naturally had to find someone to take her place."

"Manny, as Daphne's most beloved person, taking a few slaps for her should be no problem."

Manny stood there quietly, trembling, and no one could see the emotions in her eyes.

Seeing this, Daphne's face twisted in anger. "Get her! Throw this little bastard into jail! Let her rot in there!" Upon hearing Daphne's naive rant, no one in the hall knew how to describe her anymore.

A young lady who admired Selena spoke out in anger, "Daphne, are you crazy? The person you're pointing at is Miss

Turner, the Anderson family's designated daughter-in-law, the dean of the institute, the first mechanic of H Country, and

a distinguished guest of Zone Six..."

"Throw her into jail? Are you so tired of living that you're in a hurry to die?!"

Daphne was stunned by the long list of titles she had just heard. She despised Selena, so she naturally didn't pay

attention to any news about her. Therefore, even though Selena's achievements had been spread throughout the capital,

in Daphne's eyes, she was still the orphan girl who had just been brought back from Creephia by the Turner family,

without parents and nobody caring for her.

She stared at Selena and trembled as she said,

"Regardless, I am your grandmother, your mother is my daughter, aren't

you afraid of the retribution for your actions?!"

Selena smiled, but there was no warmth in her eyes. She looked confused as she said, "Daphne, you claim to be my grandmother, may I ask why I have never seen you in my first nineteen years?"

"My mother is your daughter. Why did she end up alone in Creephia?"

"Why, after her death, have you, her so-called mother, not even looked at her for over a decade?"

Daphne choked, "I..."

Even Daphne, with all her shamelessness, couldn't bring herself to give the reason. Even though the reason was well known to everyone.

"How did we not notice that Daphne is such a shameless person? She lets Selena recognize her as a grandmother without even considering if she's worthy or not!"

"Lady Nevaeh died over a decade ago, and Lady Selena has suffered from abuse for over a decade. You didn't even

bother to take a look at her, only cared about your precious Penelope. How can you have the nerve to use your blood relation against Lady Selena?!"

"Daphne, forgive me for being blunt, but aside from giving birth to Lady Nevaeh, what relationship did you have with

her? Lady Nevaeh grew up outside and didn't receive your nurturing. She has been dead for many years, and the favor has already been repaid."

"As for Lady Selena, are you joking? You neither gave birth nor raised her, so why do you have the audacity to act like a grandmother? You're so old, have some shame!"

In everyone's eyes, it was only natural for Selena not to acknowledge the Riddle family. Nobody would blame her for this.

Listening to those heart-wrenching accusations, Daphne quivered her lips, wanting to curse but afraid of implicating

Manny and getting hit again, so she shut her mouth. She fell silent, and Selena couldn't be bothered to pay attention anymore, lowering her head to look at Manny on the ground.

She met his cold, disgusted gaze.

Selena smiled, "Miss Turner, are you not convinced?"

Manny calmly replied, "Miss Turner may have a noble status, but she is not qualified to use violence against others at will!"

Selena looked down on him, her dark eyes sparkling with sharpness, "My father, Callum, is the number one physician in H

Country, and my mother, Nevaeh, is the number one perfumer in H Country. I am Miss Turner."

"And you're just an unknown mistress. If I hit you, you can only take it, understand?" Hunter's face was gloomy, "Selena, you're going too far!"

Selena smiled lightly, "I'm just picking on her, what can you do?"

Hunter's temples bulged as if he wanted to pounce on her and tear her apart.

Selena's lips curved into a triumphant smile, "You can ask everyone here whether it's my fault for hitting her or she deserved it."

As soon as Selena finished speaking, someone immediately spoke up, "Of course it's that mistress's fault! She doesn't even know her place, daring to show up in this kind of occasion, she deserved to be beaten!"

"That's right, not only did she cause the death of Nevaeh, but she also didn't spare the daughter. Such a cruel and vicious woman deserves to be beaten by anyone!"

"Miss Riddle was suddenly sent out for a marriage alliance, and isn't that her doing? She didn't kill that child through the juvenile detention center, but found another way. Who wouldn't want to beat her?"

Unexpectedly, almost everyone was on Selena's side, accusing Manny.

Firstly, Selena's current status and wealth meant that almost no one could afford to offend her. Secondly, the scandal

involving the Riddle family was no longer a secret. Who would stand up for such a heartless mistress?!

While it was common for aristocrats to keep mistresses and lovers, it was rare to see such malice.

The young ladies and rich women present all looked at Manny with disgust.

Hunter was shaking with anger, but he didn't dare to do anything to Selena. He could only stare at Hattie, who was being

manipulated by Selena.

But he suddenly remembered that Leon had warned him that if he dared to do anything to Hattie, he would be retaliated

against twice as much on Kaitlyn.

Afraid that Selena would target Kaitlyn, Hunter could only swallow his anger.

Manny hung her head, her voice almost squeezed out through her teeth, "Miss Turner... I'll take your lesson."

Selena smiled lightly and reached out to touch Hattie's hair.

It was the first time Hattie had seen the appearance of the scum man and woman who had killed her mother, being

humiliated and humbled in front of her. She felt a sense of satisfaction in her heart.

Selena was right. As long as she became powerful enough, she could eventually kill these two people and avenge her mother!

Seeing that the farce had come to an end, Nicholas, who had been silent all along, finally spoke up, "Is Selena also interested in gambling stones?"

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1377 Slapping Selena'S Face?

Chapter 1377 Slapping Selena's Face?

Selena's lips curled into a sly smile. "I'm not interested in gambling on stones. I just came here because Nicholas kindly invited me. As a junior, if I didn't come, wouldn't it disappoint him?"

"We, the Turner family, value respect for our elders and care for our young ones."

Although everyone present knew that Selena came here to sabotage the alliance between the Riddle and Soo families,

hearing Selena's pompous reasons still made many people unable to help but laugh.

There were quite a few elders in the capital who had sent invitations to Selena.

Maddox, for example, had sent her an invitation when he celebrated his birthday.

Unfortunately, this young miss never showed up.
This was a blatant slap in the face of the Riddle family!
But unfortunately, the Riddle family had no standing to scold Selena for being unfilial.

Sure enough, after Selena finished speaking, most of the Riddle family's faces turned black.

Even Maddox, who had always maintained a calm demeanor, looked gloomy.

Selena seemed to not notice the angry gazes of the Riddle family and smiled elegantly. "Furthermore, I'm about to get

engaged and need to prepare a wedding ring for my fiancé. Since I have the opportunity, I naturally have to come and

have a look. The best jadeite here today, I'll just go ahead and reserve it."

If the first reason sounded like polite words in the world of fame and fortune, the last two sentences were simply shocking.

Miss Turner was gambling on stones?

Everyone looked at Selena from head to toe with a mix of shock and doubt.

It was undeniable that Selena was intelligent and had outstanding abilities.

After all, in the past few months, she had dominated the capital in many ways.

But gambling on stones was not based on skills or intelligence; luck was the most important factor!

Even the most top-notch gambling experts would not dare to make such a bold statement.

Selena didn't even look at the stones and openly claimed that she would take the best jadeite. Wasn't this a bit too exaggerated?

Nicholas, who had dominated the world of power for many years, naturally would not be provoked so easily. He stared at

Selena and said, "Gambling on stones is not like other things. You can become rich in one cut, or lose everything in one

cut. If you're not careful, you could lose everything...

Selena, be careful with how you play."

Selena smiled, "Nicholas, you're worrying too much. I never do deals where I lose money. But you need to be careful. If an

outsider like me earns a lot of money on your home turf, while the host himself loses everything, then the face of the Soo

family won't look too good."

Nicholas' smiling eyes became dark. "You're too arrogant!"

After speaking, Nicholas looked away from Selena and towards the direction behind her, with a gentle tone, "Aurelia, come here."

Aurelia, who had just walked in with Alfie from outside the door, heard Nicholas' words and walked over with various

gestures, "Mr. Soo."

Nicholas waved kindly, "Come to me."

Aurelia walked over with a gentle smile, and Cameron, who was originally standing next to Nicholas, took a step back

with drooping eyelids. Aurelia smiled apologetically at him and stood next to Nicholas instead.

Nicholas then looked at Alfie, "Alfie, come over too."

Alfie's expression was gentle, and he stood next to Cameron.

Aurelia looked at Alfie, who was separated from her by Cameron, and bit her lip sadly.

Cameron seemed to not understand her grievance and stood still without any expression.

The atmosphere suddenly became a bit awkward.

Nicholas' eyes flashed a bit of gloom, but he laughed loudly, "Let me introduce you all, this is the granddaughter of the

'Jade King' Wyatt, Miss Aurelia Bennett!"

With just one sentence, a storm was set off in the quiet hall.

Just hearing the three words "Jade King" was enough to reveal Aurelia's family background.

And the name Wyatt was even more famous in the entire gambling world, creating a peak record of up to 500 billion

overnight, he was undoubtedly the myth of the gambling world!

Obviously, no one expected that Aurelia, who didn't seem extraordinary, would have such a powerful background.

What's more important is that the people in the hall looked at Aurelia and then at Selena, their expressions becoming a bit indescribable.

Selena had just said that she wanted the most expensive jade today, and then Nicholas publicly announced that he had invited the "Jade King" to sit in as the Soo family's home team.

Wasn't this blatantly slapping Selena's face in public?! Everyone instinctively looked at Selena's face, wanting to see how this noble young lady would handle such a situation.

But to their disappointment, Selena didn't even show any emotions and her expression remained calm, her eyes unchanged.

Nicholas didn't get to see Selena's panicked expression as he had hoped. He smiled and added, "And although Aurelia is young, she has inherited all the martial arts skills from her grandfather. In the future, she will be in charge of all the jade and gemstone business of the Soo family."

The audience was in an uproar.

How could someone who wasn't the owner of the Soo family have the qualifications to manage such an important business?

This was practically telling everyone that Aurelia would be the next lady of the Soo family!

All eyes were on Selena, Alfie, and Aurelia, with very strange expressions.

The scandal of Selena and Alfie's engagement had just subsided in the capital, and many people were still discussing it.

At this critical moment, Nicholas sent Selena an invitation to the gambling tournament and announced this news in front of her.

This was telling Selena not to want Alfie, and that Alfie would be better off with Aurelia.

This method was truly indescribable...

If Selena was crushed by Aurelia in the upcoming gambling tournament, Miss Turner would be in a bad situation.

Selena kept her delicate red lips pursed and remained calm.

Nicholas finally looked at Selena and turned to Aurelia, saying in a gentle tone, "Alfie loves jade the most, so you can personally select the best jade for him as a betrothal gift."

"Wow"- The aristocrats present couldn't help but gasp. Selena had just said that she would pick the best jade at the event for Mr. Anderson's ring.

In the blink of an eye, Nicholas asked Aurelia to pick the best jade as a betrothal gift for Alfie.

This was definitely intentionally hitting Selena's face! The people present understood that Nicholas had invited Selena here to regain the grace that had been lost at the Turner family's event.

Chapter 1378 My First Time Coming To A Place Like This

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1378 My First Time Coming To A Place Like This Chapter 1378 My First Time Coming to a Place Like This

Poor Miss Turner had no idea and came here alone for Miss Riddle, without any accompanying relatives or elders by her side.

Looking at Selena's slender figure and beautiful face, and hearing Nicholas' aggressive words, many men present felt pity for her.

Alfie's face was already turning cold.

Leia was furious, glaring fiercely at Nicholas across from her, taking out her phone from her pocket and starting to send text messages.

Only Selena remained calm, even with a smile on her face.

Aurelia had been accompanying Alfie outside to greet guests and seemed to have no idea what Selena and Nicholas had just said. Upon hearing about it, she looked at Alfie with tenderness and said softly, "I understand, Mr. Soo."

...

At the gambling convention, many of the capital's elite and powerful were gathered, and the Turner family's faction

received a phone call from their people on the spot. Therefore, the Turner family learned of what happened at the gambling convention in no time.

When Patrick learned that Nicholas had publicly humiliated Selena multiple times, he could no longer sit still and walked out with a cold aura.

The butler was indignant, "Those shameless bastards!" Nicholas' move was obviously deliberate. Selena would never let Hattie be ignored and would definitely go to the

gambling convention. This was specifically targeting Selena!

The Turner family had grievances with the Soo family, but Nicholas could not do anything to Oscar and Patrick. So he resorted to such shameful means to target Selena, a young girl. This was truly shameless!

Oscar had just returned from Zone Six and met Patrick at the door. He said in a calm tone, "If she didn't have full

confidence, she wouldn't have said those things."

Patrick said in a serious tone, "But Father, gambling is not about intelligence. Even if Selena is smart, it's difficult to

guarantee that she will win one hundred percent."

"If Selena loses, those people will definitely not hesitate to bully her..."

Even smart people are powerless in matters of luck.

Oscar was not worried at all and reminded him,

"Worrying only causes chaos. This is not a good thing for both you and her."

Commanding calmness was almost innate for him.

For certain things, they were even cold to the point of cruelty.

And it was precisely because of this unique advantage that they could be invincible.

Once a commander loses this calmness, they are no longer fit to sit in that position.

Patrick was taken aback.

He doesn't not understand Oscar's meaning.

He's just... too guilty and heartbroken!

This sense of guilt and heartbreak is for both Selena of Creephia and the present Selena.

They are both such good and kind girls.

But fate hasn't been kind to either of them...

Patrick raised his hand and rubbed his forehead.

"Father, I..."

Oscar could probably guess what kind of threat Freddie used to coerce Patrick. So he could understand his son's anxiety and difficulty.

Oscar pushed the wheelchair forward and spoke for the first time, "For those who are not meant to belong to the Turner family, forcing them to stay is not beneficial to any of you."

Patrick's face turned pale in an instant. He didn't tell Oscar the fact that the real Selena was still alive.

When Callum left the capital, Patrick was barely five years old, so his impression of his uncle was not very strong. But

Oscar was Callum's brother. They were blood brothers and grew up together.

Oscar would never sit idly by and let Callum's only bloodline be abandoned and ignored.

He was worried that if Oscar found out that the real Selena was still alive and that this Selena was the enemy of the

Turner family, it would make her sad, and... hurt her. So he suppressed the guilt in his heart and selfishly kept this secret to himself.

But Oscar's words suddenly made Patrick doubt.

Does Oscar really not know that the real Selena is still alive?

Patrick remembered Oscar's indifference towards Selena when he first returned to the Turner family...

Patrick suddenly smiled bitterly.

Perhaps this father knows more than all of them...

At the scene of the gambling stone conference, after a lofty speech, Nicholas left with the Soo family.

The guests at the scene finally began to select and trade the countless stones they valued.

Selena sat down with Leia and Hattie in a place, and had Leia bring over two cups of milk tea.

Those who were paying attention to Selena, wanting to see how she would select stones, were speechless when they saw

that Selena was not in a hurry and had taken Hattie to eat.

The people in the capital who have seen Selena's face-slapping scenes had only a one percent hope that maybe Selena

could really pick good stones. However, the young lady ran off to eat, which was indescribable.

After confirming that there was no excitement to watch for the time being, the group dispersed and went to pick stones

in groups of three to five.

Selena placed a cup of hot milk tea in front of Hattie and said, "After finishing it, I'll take you to look for stones."

She had a pale complexion and bloodshot eyes, indicating that she had not been resting well lately. Hattie knew that Selena was caring for her, so she obediently took the milk tea and began drinking it. Selena drank another cup calmly while curiously looking around.

Leia squatted in front of her angrily and said, "Madam Selena, we will pick the stones later and definitely smash that shameless old man's face!"

Nicholas was the most shameless old man that Leia had ever seen!

Selena said with a smile, "No hurry."

Leia couldn't help but ask curiously when she saw her confidence. "Madam Selena, how will we pick the stones later? Is it

based on size, shape, or something else?" Obviously, the young girl knew nothing about gambling on stones. Selena turned her head and glanced at Leia, saying, "I don't know either."

Leia was speechless.

Even Hattie couldn't help but look at Selena in shock. Selena didn't know how to pick stones?

Wasn't she lying earlier?

Seeming to see their doubts, Selena dropped a sentence, "It's my first time to come to such a place."

Hearing Selena's words, the passing people were shocked speechless.

The Turner family's young lady dared to come to the gambling on stones for the first time and boasted that she would

take away all the best jade stones in the entire venue.

Wasn't she crazy?

Suddenly, a group of people who were not willing to give up before looked at Selena with disdain and turned around to

leave.

After Leia and Hattie regained their senses, they immediately contained their shock.

Leia said, "I believe you will definitely win, Madam Selena!"

Chapter 1379 Selena Picks A Stone...

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1379 Selena Picks A Stone...

Chapter 1379 Selena Picks a Stone...

Hattie nodded. "I believe Selena will definitely win!"

Looking at the two little ones who trusted her
unreservedly, Selena smiled. "Not knowing how to pick
stones doesn't

mean you can't pick the best one."

"Hattie, finished your food, I'll take you to pick the
stone."

Upon hearing Selena's words, Hattie lowered her head,
finished her milk tea, wiped her mouth, and then
bounced in front

of Selena with a lively look.

"Selena, I'm ready."

Selena touched her hair and took she's hand, and
began to wander around the entire venue.

The venue was very large and filled with rough stones with marked prices.

Selena walked around the entire venue and finally stopped in front of a stone.

She stared at the stone for a moment and finally spoke. "Leia, put the sign up."

Leia had followed Selena for a long time and had developed the instinct of "believing whatever the master says". She

immediately went up excitedly and hung the sign with Selena's name on it.

Even if the stone that Selena picked out was oddly shaped.

After hanging the sign, she was still not at ease, afraid that the Soo family would play dirty tricks. She took out her phone

and took pictures of it from all angles.

Suddenly, a soft voice came from beside her. "Miss Turner."

Selena was carefully examining the stone, but turned her head to look when she heard the voice.

Aurelia was standing next to her, with a young girl holding a basket behind her. The basket was full of signs with Aurelia's name on them.

Meeting Selena's gaze, Aurelia felt ashamed and said, "I'm sorry, Miss Turner. I was with Mr. Soo entertaining guests

outside and didn't know..."

Selena smiled. "Miss Bennett, no need to be so polite."
Aurelia hurriedly said, "Miss Turner, please believe me.
If I had known, I would never have said those words."
Selena raised an eyebrow. "What do you mean by that,
Miss Bennett?"

Aurelia blinked and seemed not to understand her
meaning.

Selena said flatly, "Emotionally, we are strangers, so
naturally there is no reason for us to spare each other."

"Rationally, you are the future mistress of the Soo
family appointed by Nicholas, and I am a Turner. The
grudges between
the two families are well known."

"It is perfectly normal for you and me to be enemies."

"Miss Bennett, please don't apologize again in the
future. Hearing too much of these words makes people
wonder if you
have any ulterior motives."

Faced with Selena's cold attitude, Aurelia's face
changed.

But the young girl behind Aurelia couldn't bear it and
said, "Why do you speak so harshly? My sister came to
apologize
to you with good intentions!"

"Edith! Don't be rude to Miss Turner!" Aurelia
reprimanded Edith, then turned to Selena, "My little
sister is spoiled by our
family, please don't mind, Miss Turner."

Selena smiled unchanged, "It's alright."

Edith glared at her viciously.

Aurelia paused for a moment, then said with a smile, "Miss Turner is right, I am too short-sighted."

After speaking, her gaze fell on the stone Selena had chosen. After hesitating for a moment, she advised, "Miss Turner,

forgive me for being frank, this stone is irregular in shape, the surface color is too dark, and the texture is full of grooves.

It's most likely a waste stone..."

Selena's lips curled, "It's okay, I like it."

Edith angrily said, "My sister is the most talented person in the younger generation of the gambling stone industry.

Whoever wants her advice has to pay a high price!"

"She kindly reminded you, it's your honor! Don't be ungrateful!"

Aurelia was a celebrity in the gambling stone industry, and many people at the scene wanted her advice, so her every

move was highly anticipated.

After hearing Edith's words, everyone's gaze fell on the stone Selena had chosen. At a glance, many people couldn't help but sneer.

"The stone Miss Turner chose looks like... a turtle?"

"Haha, isn't it just a big tortoise lying on its back? A strange-looking stone like this will never produce jade."

"Miss Turner, listen to Miss Bennett's opinion. This is obviously a stone that's just there to make up the numbers. If you buy it, you will suffer a big loss."

Selena stared at the "adorable" big turtle, "I think it's quite cute."

Everyone was silent.

Aurelia pursed her lips.

Even if she felt guilty towards Selena and was repeatedly rejected and coldly treated, if she had to keep smiling and welcoming her, she would really be too pitiful.

In Edith's eyes, Selena's behavior was deliberately opposing Aurelia.

Edith snorted coldly, "Sister, let's not bother with her."

"You have a good heart, but she treats it as if it's worthless. Such an ungrateful person will suffer a loss and it's well deserved."

Aurelia's gaze swept over the strange-looking "big turtle" without any emotional fluctuations and nodded to Selena,

"Miss Turner, take your time choosing."

After speaking, she turned and walked away.

Edith glared at Selena with her head held high and sneered, "You'll be crying later!"

Then, she raised her chin with a look of arrogance and went after Aurelia.

Leia was so angry that she wanted to hit her, but Selena stopped her and said, "Let's continue picking."

Selena led Hattie and wandered around the hall. Selena picked stones with no particular pattern. She picked them up randomly, big and small, with different shapes and patterns, and there was no similarity among them. Moreover, she was very fast. Whenever she found a stone she liked, she would casually point at it, and Leia would immediately go to hang a tag without any hesitation. The men in the hall shook their heads, while the women enjoyed the scene. They felt that Miss Turner was definitely going to lose a lot of money today. Edith saw Selena wandering around, picking those ugly stones one by one, and looked down on her, "What kind of rubbish is this woman picking? She's really stupid..." Aurelia was examining a stone in front of her with great concentration, seemingly not hearing Edith's rude words. Edith's eyes rolled around, and she suddenly asked, "Sister, what kind of jade are you going to pick for 'brother-in-law'?" Her eyes suddenly became envious, "Only emperor green is worthy of him, nothing else can compare." Aurelia's lips curled up with a smile, "These stones are just decorations, the gift I'm going to give him is not here."

Edith thought that Aurelia was about to marry into the Soo family, becoming a real high society figure, and there was a hint of sourness in her eyes, but she said with a smile, "I believe that you will be able to pick the best jade to give to brother-in-law, unlike that Miss Turner who said she was going to pick a wedding ring for her fiance but ended up picking some trash."

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1380 Why Don'T You Try It?

Chapter 1380 Why don't you try it?

"If she can't open a single piece of jade, it'll be a big joke!"

Aurelia smirked, picked up a sign from the basket and hung it on the stone in front of her.

...

On the second floor private room.

Thanks to Selena's methods to deal with the Research Institute and the Shaw family, Nicholas was not as relaxed as he

seemed to be. He leaned on his cane in the main seat and looked at the opposite side.

On the LCD screen on the wall, the scene in the hall was being played. The Soo family was worried that Selena might

cheat, so they installed this and kept an eye on her.

But after watching for a while, it seemed that Selena was really just strolling around with Leia, and her stone picking was completely arbitrary. Some stones were pointed from a distance, and some were approached closely, carefully examined for a long time, and then turned and left. There was no pattern at all.

As for cheating--

Selena didn't even make a single phone call from beginning to end, let alone cheat.

The main thing about gambling on stones is luck and skill, and there is no possibility of cheating.

After confirming that Selena did not play any tricks, Nicholas relaxed his body and turned his head to look at Alfie

standing next to him, his face serious, "Aurelia is a lady from a reputable family, talented and beautiful, not inferior to

Selena. Are you not satisfied?"

Alfie stood by his side, well-groomed, like a finely carved jade.

He had been looking at Selena before, but when he heard Nicholas' reprimand, he lowered his eyelashes and remained silent.

Nicholas was furious at the sight of his grandson's behavior.

He still remembered what that fortune teller had said years ago. Alfie's marriage would affect the rise and fall of the Soo

family. Therefore, Nicholas was extremely cautious about Alfie's marriage.

Aurelia's background was not on par with Alfie's, but her destiny was good, a rare phoenix girl's destiny.

Nicholas searched for a long time before finding such a phoenix girl's destiny.

That's why he made an exception and tolerated a woman with a humble background to become his grandson's wife.

But Alfie's obvious lack of cooperation made Nicholas' anger rise. He slammed his cane heavily on the table, "Don't you

understand the situation now?!"

"Oscar won't spare the Soo family, and he will retaliate sooner or later! Have you seen the fate of the Shaw family? If the

Soo family doesn't resist, the Shaw family's today will be the Soo family's tomorrow!"

"At times like this, put away all your frivolous thoughts. If I find out that anyone dares to say one thing and do another,

don't blame me for being ruthless!"

Nicholas' eyes turned bloodshot with a hint of anger, scanning all the Soo family descendants present.

Cameron and Sienna were seeped with goose bumps by the viciousness in his eyes.

Even Jayden in Mrs. Soo's arms were scared and crying.

The private room was silent as a tomb.

After seeing everyone obedient, Nicholas sneered, "Sienna's marriage has been settled, with Bentley Gibson. Prepare her for it."

Sienna's face suddenly turned pale. Bentley was notorious for his cruelty and love of hitting women, which was not a secret in the aristocratic circle.

However, Nicholas didn't even ask for her opinion and unilaterally decided on her marriage.

Trembling, Sienna lowered her head, feeling cold all over, and didn't dare to say a word of rebellion.

Mrs. Soo, who was being stared at by Nicholas, tightened her grip on Jayden's hand and respectfully replied, "I understand, father."

Sienna was her husband's illegitimate daughter, Mrs. Soo didn't care much.

After arranging Sienna's marriage, Nicholas turned his gaze to Cameron and said, "Miss Riddle is much better than the

one you liked before, both in appearance and background. Cameron, don't make me angry!"

Cameron raised her head and looked pale at Nicholas. "Grandpa, Hattie is still a child..."

"She's thirteen, not too young," Nicholas replied calmly. "Besides, it's just an engagement for now. It's not too late to get married when she's twenty."

In other words, the Soo family only needed this marriage as a link between the Soo and Riddle families, and they didn't care when Hattie and Cameron got married.

Cameron smiled bitterly, "Mr. Riddle and Miss Turner won't agree..."

"The Riddle family is not in charge of Leon!" Nicholas' face turned dark. "As for Selena, it's none of her business as an outsider!"

Cameron knew she couldn't change Nicholas' mind and looked at Mrs. Soo with pleading eyes.

Mr. Soo always listened to Mrs. Soo. If Mrs. Soo could convince him to intervene, there might be a glimmer of hope.

But Mrs. Soo avoided Cameron's gaze. She didn't like Penelope, who was an adoptive daughter, and thought she wasn't good enough for Cameron.

But if it were a real young lady from the Riddle family, she would be happy deep down.

Although Hattie's biological mother passed away early and she was not favored by her father, who can blame the Riddle

family for having a rare bloodline in the direct line?

Everything about the Riddle family is destined to belong to Leon.

Leon could never mistreat his cousin.

Cameron marrying Hattie would not be a loss.

Cameron understood Mrs. Soo's meaning, his last hope shattered in his eyes, and he looked at Mrs. Soo for a moment,

finally closed his eyes and turned his gaze away.

Mrs. Soo breathed a sigh of relief.

In her opinion, although Cameron couldn't forget Penelope for the time being, Hattie looks so much like Penelope and

was raised by Cameron. Once Hattie grows up and they spend some time together, he will eventually understand that she

is doing this for his own good. The barrier in Cameron's heart will naturally disappear.

Mrs. Soo was too confident and didn't notice the coldness in Cameron's eyes after he was completely heartbroken.

Mrs. Soo was not worried about her marriage to Cameron.

What worried Mrs. Soo the most was Alfie.

This child is different from his brother. Especially after the failure of his marriage with the Turner family, Alfie's silence

sometimes makes Mrs. Soo uneasy.

If he does not accept Nicholas' arrangements and marries Aurelia, Nicholas will definitely not give up easily.

Mrs. Soo looked at Alfie, who was unusually silent, with a hint of worry, and tried to persuade him, "Alfie, Aurelia is

beautiful and gentle, I like her very much, why don't you... give it a try?"

She knew that Alfie liked Selena.

But that was impossible...

Selena is already the daughter-in-law of the Anderson family.

Both the Anderson family's power and Osvaldo himself are entities that the Soo family cannot afford to provoke.

Alfie raised his eyelashes and revealed those cold and sharp eyes.
