Chapter 1381 Tragic Maternal Love

"Because of your unhappy marriage, do you want all of your children to be as unhappy as you?"

Mrs. Soo's face changed, and she angrily said, "Alfie, what nonsense are you talking about? I am doing this for your own good..."

Alfie's voice was cold. "You just want your son to outshine Mrs. Turner's son."

"Although Mr. Turner's health is not good, after the rise of the Turner family, many noble ladies wanted to marry into the Turner family."

"You lost to Mrs. Turner back then, and you have been bearing a grudge all these years."

"You cannot bear the thought of your son losing to Mrs. Turner's son again, so you deceive yourself by pretending to choose those so-called fortunate and prestigious women for us in the name of doing good for your sons."

"As for whether we like them or not, whether we will be happy or not, you don't care at all."

"Compared to Mrs. Turner, you are like a jester who is enslaved by resentment and unwillingness, selfish and narrowminded to the extreme."

"In your entire life, you will never win against Mrs. Turner," even if the other party has long been dead. Mrs. Soo's face suddenly turned pale, and her most hidden thoughts were exposed by Alfie without hesitation in front of

everyone. Her face twitched and looked hideous. She slammed the table and shouted, "Alfie, I am your mother!"

Alfie sneered. "If it weren't for this identity, do you think you would have the opportunity to use my marriage as a tool

over and over again?"

Mrs. Soo faced his icy gaze, her heart chilled, and she shook her head in a panic. "I'm not like that. I haven't done that. I

really do this for your own good..."

But Alfie was already too lazy to say more. He walked towards the door with a cold face.

Nicholas slammed his cane heavily on the table. "Alfie, stop right there!"

The young man ignored him, opened the door, and left on his own.

The room fell into dead silence.

Nicholas' face was frighteningly dark and angry as he shouted at Mrs. Soo, "Is this the good son you raised?" Mrs. Soo covered her heart, her face was pale, as if she had been hurt to the extreme. She spoke softly, "Father, don't be angry. I will talk to Alfie..."

Nicholas left the private room angrily. Mrs. Soo sat on the sofa crying sadly. She had thought Cameron would come to comfort her, but he didn't even look at her and walked straight towards the door.

A sense of panic rose in Mrs. Soo's heart. She cried out, "Cameron, are you going to make your mother sad too?"

Cameron turned to look at her and said coldly, "I don't like Hattie, and Hattie will never like me. If we force ourselves together, we will never be happy."

"I don't expect you to help me, but can't you refrain from using your identity as a mother to pressure me?"

Mrs. Soo choked up and said, "Hattie is much better than Penelope. I watched her grow up. In a few years, she will

definitely be prettier than Penelope. Marrying her will only bring you benefits."

"I am your mother. Everything I do is for your own good. Do you think I would harm you?"

Cameron's voice was cold. "Big Brother is right. You only care about whether you can surpass the late Mrs. Turner."

"Whether your son truly loves Hattie and whether he will be happy is never within your consideration."

Mrs. Soo's anger trembled in her heart. "Everything I do is for your own good, but you doubt and hurt your own mother

because of Selena's words..."

"Didn't you use Big Brother?" Cameron looked at her coldly and sarcastically. "From the moment he was born, he was a tool you used to defeat Mrs. Turner."

"You are so strict and demanding of him. No matter how cold the weather is, or if he's sick, you never allow him to slack off."

"You always act as a mother, caring for him on one hand, but never caring about his wishes on the other."

"Mr. Turner oversees the medical school, so Big Brother must become a better doctor than him, even if he doesn't like it."

"He always has to be better than Mrs. Turner's son in every aspect."

"You even used his marriage to calculate against your own sister," Cameron's voice became colder and colder. "If it

weren't for the Turner family's engagement, Big Brother wouldn't have been denied and treated so coldly by the person

he liked."

"Even now, you are still forcing him under the guise of goodwill..."

"Mom, aren't we your sons?"

"Why can't you care about us like other mothers do?"

Mrs. Soo's lips trembled as she shook her head vigorously and denied, "No, I haven't! I'm not like that! I forced you to

study medicine only because it's good for you..."

Agnes has been dead for so many years, she had already won over Agnes!

What's the use of marrying well?!

It's still a death sentence!

Only those who survive are the real winners!

Mrs. Soo stubbornly thought this way, and comforted herself with peace of mind that she did it for her sons' sake, not to

win over a dead person!

Cameron's eyes grew colder and colder, "Mom, have you ever looked in the mirror and seen how hypocritical and ugly

you look when you deceive yourself?"

Mrs. Soo's expression contorted for a moment.

Sienna stood trembling on the side, afraid that Mrs.

Soo's anger would spread to her.

Cameron's eyes were full of sadness, "Mrs. Turner died early, but even at the moment of her death, her husband still loved her deeply."

"Mother, you only blame Father for being unfaithful to you time and time again, but why don't you look for the reason in yourself?"

"If Mrs. Turner had married into the Soo family back then, maybe Father wouldn't have cheated."

"No man would like a woman who looks down on him, is full of calculations, and puts all her energy into how to harm her own sister..."

Mrs. Soo felt as if she had been slapped in the face by someone, and her vision went black for a moment. She glared at Cameron viciously as if he was not her son but her enemy!

Cameron looked at her grim expression, closed his eyes, and said, "Let's go."

Sienna was stunned for a moment but realized immediately that Cameron was talking to her.

He was Mrs. Soo's son, and even when she was angry, she wouldn't do anything to him.

But if it were Sienna who was not her own daughter, Mrs. Soo would definitely vent all her anger on her.

Sienna walked out.

Cameron closed the door.

In the large private room, only Mrs. Soo and her four-year-old son, Jayden, were left.

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1382 Is It Pretty?

Chapter 1382 Is it pretty?

Mrs. Soo's son had pulled off the cover that had been hiding her shame for so many years, and she had become somewhat crazy.

"Agnes, you've been dead for so many years! Why do you keep haunting me like this?!"

"I didn't do anything wrong to you. It's just that you had bad luck, which led to your early death!"

"If it was me who married into the Turner family back then, I would have done better than you..."

Jayden was frightened to tears by his mother's dark and fierce appearance.

However, Mrs. Soo seemed to be deaf to her youngest son's crying, and was only cursing Mrs. Turner with all her heart.

...

Downstairs.

Selena, Leia, and Hattie had taken a tour inside and outside the entire venue and picked out dozens of stones.

As Selena seemed to be ready to call it a day, Hattie suddenly remembered something and said, "Selena, in addition to

these stones that are displayed for sale, there is also a batch of high-quality raw stones that are specially used for

auctioning at ordinary jade gambling events."

"The best jade at these gambling events are usually carved out from those stones."

Selena, who was unaware of these rules, smiled when she heard Hattie's words and said, "Let's go take a look."

Leia found a waiter and asked for the location of the auction area. The three girls walked over there with ease.

It was only after Selena arrived that she realized that almost all of the top-notch wealthy people in the capital's

aristocratic circle had gathered in this area.

As soon as Selena appeared, she received weird glances from the entire room. It was evident that her purchase of a

"Turtle" had already spread to this place.

Selena was calm and looked around for a place to sit.

A young master from a wealthy family who was sitting in the front row stood up and said, "Miss Turner, there is a seat

here."

Selena was about to refuse, but a plain voice came first, "Thank you, but they already have seats."

Selena looked up and saw Leon walking over.

"Come here."

Hattie sneered and held Selena's hand, walking over to the empty seat that Leon had occupied.

This was the front row, a separate empty table with an excellent view.

The only thing that was unsatisfactory was that the Riddle family was sitting across from them.

As soon as Selena arrived, she received several resentful glances.

Then Selena found that her mood had improved even more, picked up a cup of tea, and elegantly sipped it twice.

Not long after, Aurelia came over with Edith. When she saw Selena, Aurelia smiled and nodded, then sat down on her left.

Hattie snorted.

Selena looked over curiously. "Hattie, you don't like her?"

Although she had disliked many people before, such as Leah, Georgia, and Constance, she could still maintain peace on the surface.

This was the first time she had clearly expressed her dislike for someone.

Hattie nodded firmly, "I don't like her!"

Selena raised an eyebrow, "Why?"

Although she didn't know Aurelia's true character, so far, she had not done anything particularly outrageous.

Why did

Hattie hate her so much?

"I don't know," Hattie stared at Aurelia for a moment, "I just hate her when I see her!"

Then she added, "The more I look at her, the more I hate her!"

Selena laughed and patted her hair. "Just ignore her then."

Aurelia had not been here for long before Nicholas brought the Soo family down to sit at the same table as her.

The auction on stage began soon after.

The ways capitalists made money were truly diverse.

These stones displayed on the stage, whether in shape or pattern, were much better than those in the trading area.

The chances of getting jade were naturally much higher.

Of course, the auction prices were much higher than those marked in the trading area.

Selena was clearly interested in shopping for the first time.

However, she didn't bid on any of the first batch of stones displayed on stage, and instead, Aurelia picked one of them.

After several batches, Selena still didn't bid, and Leon reminded her, "We're almost halfway through."

In other words, if she didn't bid soon, she might not be able to beat Aurelia.

Selena shook her head, "No rush."

Leon's lips twitched as he looked at Selena's relaxed expression. He couldn't help asking, "What are you considering when picking a stone?"

Judging from Selena's initial choice of a "turtle," he found that she really didn't know how to pick a stone. But she had

said that she would beat Aurelia.

According to Selena's style, she must have a plan.

Leon originally thought Selena wouldn't answer his question, especially with so many people around. But unexpectedly,

Selena blinked and actually replied, "Of course, considering whether it's good-looking or not..."

Leon and a group of people with their ears pricked up were shocked.

Edith burst out laughing, "What an idiot!"

In the silence, her laughter sounded particularly clear.

Leia was so angry that she was about to stand up and hit her, but

Aurelia had already taken the lead and scolded Edith, "Edith, apologize to Miss Turner!"

Edith pouted and said indifferently, "I just said something random, I didn't name anyone. Why should I apologize?"

Aurelia was so angry that she glared at her sister, then turned to Selena and said, "I'm sorry, Miss Turner.

Please don't take it to heart."

Selena remained calm and sipped her tea.

Leia picked up her cup and snapped it, her eyes fixed on Edith with a murderous look. "That's right. It's like if you go out

later and get hit by a car, beaten up in a bag, or get hit by a flower pot falling from above... it's all your fault for your

mouth!"

Edith shuddered and leaned towards Aurelia, still stubbornly insisting, "I didn't say anything wrong. Even a newcomer

who knows nothing knows not to pick a stone just because it looks good."

"It's one thing if she doesn't know, but she shouldn't stop others from speaking out. That's just too domineering!"

Leia sneered.

Selena couldn't be bothered to argue with this kind of person and called out, "Leia."

Leia sat down with a huff, but her gaze towards the Bennett sisters had a hint of coldness.

Aurelia glared at her sister.

Edith pouted but ultimately didn't dare to say anything more.

The auction on the platform continued.

Another batch of stones was brought up.

Selena looked over them and finally fixed her gaze on one of them.

She raised her hand and pointed at the stone, but before she could speak, Aurelia's voice rang out first... Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1383 Auction Chapter 1383 Auction

"Five hundred thousand, number 2023!"

"One million, number 5647!"

"One million five hundred thousand, number 1009!"

As soon as Selena opened her mouth to bid, the other party had already shouted out the prices for these three pieces

without hesitation.

Selena raised an eyebrow.

And as Aurelia made her move, everyone else at the scene couldn't sit still and began to bid on these three pieces.

After all, in the eyes of most people, the chance of finding jade in something that Aurelia valued would naturally be much

higher. It was a matter of who would bid the highest.

Immediately, the prices of these three stones skyrocketed, increasing several times over in an instant.

Aurelia had the backing of the Soo family, so except for Selena and Leon, no one else had the financial means to compete with her.

In the end, Aurelia acquired these three stones at prices of six million, ten million eighty thousand, and twelve million respectively.

After putting the labels on these three stones, Aurelia turned to Selena and asked with a smile, "Miss Turner, it seemed

that you were interested in one of them just now. Why didn't you participate in the bidding?"

Selena's lips curled into a faint smile. "Because no one was competing for the one I was interested in."

She raised her slender fingers and pointed to a few pieces of remaining stones with fewer digits. "Number 888, five

hundred thousand."

The group followed Selena's finger and looked at the stone she had chosen, then were all amazed and speechless.

Number 888 stone stood alone on the high platform, completely ignored by everyone.

It wasn't that it was a bad stone, but compared to the other stones, most people would immediately eliminate it.

Aurelia carefully examined the stone, looked at Selena, and once again showed that hesitant expression.

Edith sneered, "This kind of rubbish stone obviously cannot produce jade. Miss Turner only picks up other people's garbage!"

"Could it be that she thinks the number '888' sounds good and can really make her rich?"

Selena turned her head calmly and looked at the two sisters from the Bennett family. "Miss Bennett, I won't bear it the third time."

"Next, Miss Bennett, you may have to pay price for your sister's unfiltered mouth."

Aurelia's face changed slightly, and she scolded Edith sternly, "Edith!"

Edith pouted and complained, "Sis, I just said a few words. I didn't harm anyone. She's the one who took it personally.

What does it have to do with me?"

She tugged at Aurelia's sleeve. "Besides, Sis, we don't have to be afraid of her..."

Aurelia was going to marry into the Soo family, and as a guest of the Soo family, she didn't think Selena could really do anything to her.

Aurelia obviously didn't realize the importance of the situation. After scolding Edith, she said to Selena, "I'm sorry, Miss

Turner. Edith just speaks her mind and means no harm. Please don't take it to heart." Seeing Selena remain silent, she didn't think much of it.

She completely failed to notice the subtle gloating looks from the others at the scene.

These sisters were new to the capital and didn't yet know Selena's style. Usually, when the heiress spoke of making someone pay, there was sure to be some drama coming up.

After Leia hung Selena's sign with the "888" stones, those stones were taken down. Selena didn't bid much after that, but she enthusiastically directed Hattie and Leia.

"Hattie, you can bid on number 15062, the chubby one that looks like tiger..."

As Selena's biggest fan, Hattie didn't hesitate to bid as soon as Selena made her suggestion.

"Number 7856, hmm... looks a bit like a lucky cat. It'll bring you wealth if you bid on it. Leia, you can bid on this one."

Leia immediately went to put up the sign.

The other people in the audience were twitching their eyelids at the spectacle.

As Selena continued to choose stones with increasing recklessness, even Leon, who couldn't bear to listen anymore,

coughed gently and reminded her, "Choosing a stone isn't just about its shape..."

Selena said with a smile, "Don't worry, my boyfriend is rich."

Everyone was silent.

Although the Turner family and the Anderson family were both wealthy, they weren't that extravagant...

As they watched Leia and Hattie become increasingly excited about the stones, Leon couldn't help but feel worried that Selena had forgotten what she had said to Nicholas earlier. But seeing the three girls so thrilled, he decided to hold his tongue.

Anyway, with him and Alfie around, Selena wouldn't really lose out.

With Selena's guidance, Hattie and Leia each picked out twenty or thirty large stones. And now, the final showstopper was placed on the high platform.

There was only one stone left.

But everyone who saw this stone was stirred up.

It was a huge stone with clear patterns, full shape, and emerald green jade overflowing at the corners.

It was imperial green!

Everyone stared at the huge stone with fervent eyes.

With the green already showing, this stone was almost guaranteed to produce a full block of imperial green.

Aurelia, who had always been dignified and composed, sat up straight and looked at the stone, her eyes gleaming with determination.

She whispered to Nicholas, "Mr. Soo, we must take down this rough today."

"The imperial green is secondary. Based on my many years of experience, this piece of stone has a good chance of producing mutant jade."

Nicholas' eyes suddenly lit up.

Even the wealthy Soo family was very interested in mutant jade.

Edith looked enviously at the shiny emerald green, knowing that this was the token of affection that Aurelia had chosen for Alfie.

And given Aurelia's temperament, as well as Nicholas' favor towards her, this jade would definitely fall into her hands today.

Edith pursed her lips in jealousy.

Everyone was staring at the stone, and no one noticed the glint in Selena's eyes when she saw it on the high platform.

She smirked, looking even more lazy.

There was no doubt that this stone caused a huge sensation.

Many people couldn't wait and started bidding right away.

Aurelia didn't move.

Because she knew that those who started bidding under such a big temptation didn't count for much.

The real battlefield would come later.

When others couldn't bid any higher, Aurelia decisively raised her paddle, and by then, the price of the stone had soared

to ten million.

"Fifteen million!"

When Aurelia spoke up, everyone in the room turned to look at her.

Seeing Nicholas sitting next to her and Aurelia's determined eyes, many people could only give up their bids with envy.

But there were also some prominent families who wanted to take a chance and followed her in bidding.

When the price reached twenty million, only Aurelia was still bidding.

Chapter 1384 The Price

Aurelia let out a sigh.

Twenty million for this piece of stone, definitely not a
loss.

As she was about to secure the stone, Leon glanced at
Selena and spoke up, "Twenty-five million."

She was about to send someone to put up the price
tag, but her face slightly changed upon hearing
someone offering a
higher price.

She gritted her teeth and said, "Thirty million!"

Leon was about to continue raising the bid when he suddenly saw Selena turn her head to look at him. The look in her eyes was as if she was looking at a fool.

Leon's lips twitched.

If he wasn't afraid of her losing, he wouldn't have bothered to participate in this auction.

Having the stone fall into his hands was still better than Aurelia's.

If this imperial green jade was really opened, Selena would definitely lose today.

Selena seemed to have understood his thoughts and waved her snow-white hand, "No need."

Leon was speechless.

But since Selena had said so, he didn't care anymore.

Aurelia relaxed her nerves upon seeing Leon not bidding anymore and was about to instruct someone to put up the price

tag when she suddenly heard Selena say, "Thirty-five million."

So, she doesn't want him to bid because she has her eyes on it?

Aurelia's nerves tightened again. She turned her head and smiled at Selena, "Miss Turner, are you also interested in this

piece of stone?"

Selena's previous standards for selecting stones had left a deep impression on everyone.

And from all angles, this piece of stone on the stage didn't look like any kind of animal.

So, Selena was pretending to be a fool to catch Aurelia off guard and waiting here to compete with her?

Selena glanced at her, "I'm not interested in it."

Aurelia was puzzled.

Then she heard Selena say, "But I am interested in seeing you spend more money."

Everyone was stunned.

Aurelia's face suddenly changed, and she immediately understood Selena's intention.

Selena didn't actually want this piece of stone, but she knew that Aurelia did, so she intentionally raised the price at this moment!

Aurelia's smile on her face couldn't be maintained any longer. "Miss Turner, you're breaking the rules!"

Selena looked at her strangely. "I have money, and the markup is within the scope of the rules. How am I breaking the rules?"

Aurelia was speechless.

As others at the scene listened to Selena's words, many of them couldn't help but laugh.

"I knew there would be a good show behind this..."

"The first time I've seen someone openly admit they're a shill, Miss Turner never disappoints."

"These two sisters from the Bennett family haven't experienced enough bullying. If they had kept their mouths shut and not provoked Selena, none of this would have happened. Now, if you want the jade, pay up..." As Aurelia listened to the whispers, she realized that Selena was intentionally getting back at them. Getting back at Edith for repeatedly mocking her! She had said she would make them pay, and it wasn't just a joke.

Aurelia's mouth trembled, and even her dignified expression couldn't be maintained. She turned her head and gave Edith a fierce glare.

Edith clearly didn't expect Selena to use such despicable means to scheme against them.

The money that Aurelia spent was from their Bennett family, which meant it was hers!

She directly shouted in anger, "It's just a few words. How can you be so selfish, narrow-minded, and despicable!"

Aurelia heard her dare to curse Selena and her face turned pale. "Edith, shut up!"

Edith was taken aback, and then heard Selena casually say, "I misspoke earlier. I bid 50 million."

Aurelia's face twitched violently.

Edith covered her mouth and looked at Selena with a hint of fear in her eyes.

With just one word, Selena had increased the bid by 15 million!

Aurelia closed her eyes and turned to Nicholas. "Mr. Soo, my sister isn't feeling well. Could you have someone take her back?"

Leaving Edith here, who knows what price Selena will raise it to!

Nicholas looked displeased and glanced at Edith. He ordered in a cold voice, "Send Miss Edith back to rest." The Soo family's servant immediately stepped forward and forcefully escorted Edith out.

Edith was unwilling to comply and wanted to speak, but the servant was prescient and covered her mouth.

In full view of everyone, Edith was brought out in a sorry state.

Selena sneered, "So it turns out you can actually discipline your sister. I almost thought that you wouldn't do anything else besides giving a superficial scolding."

Aurelia's face flushed with heat. She tried to maintain her composure and put on a gentle smile. "Miss Turner, I will

definitely manage Edith strictly and make sure she doesn't talk nonsense."

Selena averted her gaze.

Aurelia took a deep breath and refocused her attention on the stage, where the large stone was displayed.

If it were any other stone, she might have given up after Selena raised the price to 50 million. But this stone was carefully chosen as a token of affection for Alfie. She couldn't let it go.

Aurelia made up her mind and turned to Nicholas. "Mr. Soo, this stone cannot fall into Miss Turner's hands." If Selena won today, would she not slap Nicholas in the face? Nicholas invited Selena here today to assert his dominance.

He couldn't let this crucial stone fall into Selena's hands. "Go ahead and bid," he said.

50 million was a lot of money for most people, but for the Soo family, it was a drop in the bucket. Nicholas valued his

reputation more than money. And he couldn't allow Selena to trample on the Soo family's turf.

Aurelia breathed a sigh of relief and looked up at the stone. "60 million!" she declared firmly.

Selena smiled faintly. "65 million."

Aurelia's heart trembled. She didn't dare to joke around with 70 million, even if she was confident in herself. But at this

point, she couldn't stop. She gritted her teeth and bid, "70 million!"

She was afraid Selena would raise the price again. If the price of a rough stone soared to 80 million, it would be a huge loss.

Selena gave Aurelia a meaningful look and smiled.
"Since Miss Bennett likes this stone so much, I'll let her have it."

Aurelia breathed a heavy sigh of relief.

Thank goodness!

Selena didn't continue to haggle.

But then she remembered that if Edith hadn't said those disrespectful things to Selena, she could have gotten the stone for 30 million.

Now she had to pay 70 million, which made her feel sick. Edith's four disrespectful remarks to Selena cost her an additional 40 million!

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1385 Ice Jade? Chapter 1385 Ice Jade?

This fact made Aurelia extremely distressed!

The others on the scene originally thought that Selena would take advantage of the opportunity to obtain this crucial stone.

After all, in terms of financial resources, no one in the entire capital could match her.

However, they did not expect that Selena was really not interested in this stone.

Edith had disrespected Selena four times, and each time Selena let Aurelia add another 40 million.

In a way, this was also a kind of alternative "payback". The two sisters of the Bennett family were probably regretting their decision now.

Leon frowned, "Really don't want it?"

Selena looked disdainfully at the stone on the high platform. "It's too ugly."

Without a doubt, since Selena did not want it, this stone was bought by Aurelia.

It wasn't until the sign was hung up successfully that Aurelia finally relaxed.

After the auction, it was time for the climax of the gambling stone conference.

Selena bought more than thirty stones in total. After Leia finished counting them, they were sent to the stone

identification area.

The stone picked by Aurelia was immediately sent to the booth next to Selena's.

Perhaps because Selena let her add 40 million, Aurelia's expression became less gentle when she looked at Selena.

She stared at Selena for a moment and smiled, "Edith has been spoiled. Miss Turner, you have taught her a lesson, and I

believe that after today, she will not speak nonsense again."

Selena's tone was flat, "Thank you, Miss Bennett."

After a stalemate, Aurelia's elegant and confident smile returned to her face as she pointed to one of the stones and said

to the person identifying the stone, "Let's start with this one."

Being able to identify stones for the heir of the "Jade King" was something that many people could only dream of.

The person was so excited that his hands trembled, and he immediately ordered people to lift the stone pointed out by

Aurelia onto the stone identification machine.

When they heard that Selena and Aurelia were starting to identify stones, the other people on the scene couldn't care

about anything else and rushed over to watch the excitement.

Nicholas stood beside Aurelia with the Soo family, while the Riddle family stood beside the Soo family.

The patriarchs of

the two families personally presided over the event, which could be said to give face to the next female head of the Soo

family, who was already designated.

Selena stood on the other side, with mostly young people who were not happy with the Soo family and the Riddle family

behind her.

As the cutting sound of the stone cutting machine rang out, the stone selected by Aurelia was stripped of its outer layer,

revealing a slightly transparent white color. A cry of surprise immediately erupted on the scene.

"Ah!"

"It's out!"

"It's ice jade!"

Aurelia's face showed a smile. Even Nicholas, who usually had a stern expression, couldn't help but smile. Aurelia was truly born under a lucky star, with a fate that had been blessed since she was young. This was not something that Selena could handle.

Upon seeing the jade, the people cutting the stone became even more cautious.

Soon, the entire stone was peeled away, revealing a fist-sized piece of white ice type. Although it couldn't be considered

a top-quality product, it was still pretty good to have this kind of water in it from the beginning.

"Sure enough, as the heir of the 'Jade King', she effortlessly produces an ice type. It's amazing..."

"Miss Bennett has picked so many stones for the Soo family, and they're sure to make a fortune today."

"Compared to Miss Bennett, Miss Turner, who only picks stones based on her own preferences, is probably going to be a laughing stock..."

Aurelia had gotten off to a good start, and she turned to Selena with a slight smile on her face, inevitably showing a hint of pride. "Thank you for your generosity, Miss Turner."

Selena's gaze darkened, and her eyes roamed back and forth among the pile of stones she had chosen, as if she was looking for something.

When she didn't move for a long time, Hunter spoke up sarcastically, "Weren't you pretty arrogant just now?

Why are you now a shrinking turtle, too afraid to speak up?"

Manny was publicly humiliated by Selena and could not continue to stay there. She was sent to the hospital.

After the gambling convention ended, the Soo and Anderson families had to discuss the marriage alliance.

As a father, he couldn't be absent, which meant that he couldn't accompany his injured wife.

Hunter naturally harbored a deep resentment towards Selena, who had caused all of this. Selena focused on picking

stones and paid no attention to him.

The more he was ignored, the less restrained he became in his words. He sneered, "Comparing gambling skills with the

heir of the Jade King? You're overestimating yourself, girl!"

"I want to see if the Turner family and the Anderson family will feel disgraced today because of you!"

Hattie's eyes turned red with anger, but Selena suddenly grabbed her hand and pointed to one of the stones. "Let's start

with this one."

Selena found a lapidary who was a young man. He glanced at Selena but said nothing, silently placing the stone she pointed at on the shelf.

Although Selena finally made a move, there were not many people at the scene who really believed that she could find jade.

After all, everyone witnessed how she picked stones earlier. If she could pick out jade with that method, it would be unfair.

Many people shook their heads secretly. "Miss Turner is still too young after all. She can't stand the pressure..."

"She has money and power. Even if she fails, she has the Turner family and the Anderson family to help her clean up this mess!"

"Money is not the issue. The Turner family and the Anderson family were embarrassed because of her. I wonder how she can pick it up..."

When the young man was about to start working on the stone, Selena suddenly spoke up, "Wait." The young man

stopped and looked at her curiously. Under the confused and doubtful gaze of others at the scene, Selena stepped forward and pointed to the corner of the edge of the stone. "Start cutting from this piece and don't apply too much force."

The young man frowned, thinking that there was probably an eight in ten chance that he would not find jade.

Nevertheless, he started cutting according to Selena's instructions.

As everyone looked on, ready to sneer and mock, the young man made several consecutive cuts but only cut through small pieces of stone.

Not even a trace of jade was visible.

The scene immediately erupted in countless mocking laughter.

"At least bring out something. This is too ugly..."

"Miss Turner, please don't cry here, or Mr. Anderson will think we are bullying you..."

Aurelia's lips curved into a scornful arc, looking at Selena with a disdainful gaze.

Nicholas, who had been gloomy for several days, seemed to lighten up a bit.

Leon furrowed his brows.

Alfie's expression became even colder. As the stone became smaller and smaller, with almost nothing left, the young man gave up and looked at Selena. "Let's switch to another stone."

Selena seemed to ignore the ridicule around her and said in a flat tone, "Continue cutting from where I told you."

Seeing Selena still not giving up, Aurelia smiled and spoke up...

Chapter 1386 Reversal

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1386 Reversal Chapter 1386 Reversal

"Miss Turner, you may not understand the world of
stone gambling."

"Even if it's not a whole piece of jade, it wouldn't be this
small."

"My grandfather and I have been in the stone gambling
world for so many years and have never seen jade
smaller than a
fist."

"This stone of yours is already worthless. Try with
another one."

Leia and Hattie were both infuriated by such "sincere"
advice.

Selena ignored Aurelia and just said to the young man
who was cutting the stone, "Continue."

The young man met Selena's eyes and was shaken. He immediately lowered his head and continued cutting.

Aurelia pursed her lips when she saw that Selena did not accept her suggestion.

The noble families allied with the Soo family naturally would not miss such a good opportunity to ridicule the Turner family.

"It's only this small, and Miss Turner still won't give up. We should praise Miss Turner for having thick skin, shouldn't we?"

"Miss Turner, I think you should give up. We all know you don't understand stone gambling, and if you don't listen to

advice, it won't just be yourself who suffers, but your whole family..."

"If you don't understand and still won't listen to Miss Bennett's advice, you really don't know what's good for you..."

As Selena's stone shrank to the size of an egg, everyone gave up and turned their attention to Aurelia. Aurelia was about to direct her people to put her second piece of stone on the cutting table with a winner's smile when

she suddenly heard an excited voice.

"It's out! It's out...!"

Aurelia was taken aback.

Everyone who had given up on Selena and turned their attention to Aurelia was also stunned.

What's out?!

They all subconsciously turned their attention to the source of the sound, and saw the young man who was helping

Selena cut the stone, his face full of excitement.

"It's out! It's out! It's...!"

Because the stone was now the size of an egg, no one could see what had come out of it.

But when they heard the young man's words, they all had the same thought in their minds: Did Selena's stone really

produce jade?!

Aurelia frowned slightly. Obviously, she didn't expect this situation, but she remained calm. Even though Selena's stone

was only a tiny fragment, it couldn't compare to the one she had. Selena was still a joke!

"What's out? Can you explain it clearly?" Aurelia asked.

"Indeed, heaven favors the Turner family, but well, it is so small," the young man said amidst the scornful and curious

taunts of the crowd.

Finally, he carefully solved the stone. He held the egg-sized jade in his hands and walked excitedly towards Selena. "Miss

Turner, it's... a flower stone."

As soon as the words "flower stone" were spoken, the scene suddenly fell silent. Aurelia, who had lowered her head to

pick up her second stone, turned around in disbelief. Nicholas was also surprised. Everyone's gaze was fixated on the young man's hand.

He held a white, egg-shaped jade, which was filled with floral patterns. From a distance, it looked like a white flower was sealed inside the ice jade.

Unbelievable eyes fell on the "egg", and their eyeballs almost popped out.

"Flower stone, top-grade ice-jade," someone said.

"Still with flowers on it," another added.

The flower stone was the top-grade jade among the top-grade jades. It was priceless. Although there was only one small

piece, it was worth more than the one hundred pieces that Aurelia had had.

No one expected Selena to be so lucky and open such a priceless treasure at the last moment.

Hattie and Leia stared at the egg and suddenly realized something. They both clapped their hands and said in unison,

"Ah! It turns out to be the pine-flower egg!"

Leon was surprised and turned to look at the two girls.

"What is a pine-flower egg?"

Hattie stared at the flower stone and said, "Selena said there was a pine-flower egg that looked pretty, but it was not easy to peel."

Everyone's gaze subconsciously fell on the flower stone, and then their lips couldn't help but twitch.

Wasn't this the

"pine-flower egg" they were talking about?!

After the group finished laughing, they were stunned by what Hattie said.

Selena said there was a beautiful pine-patterned egg... what does that mean?

All eyes turned to Selena in horror. She casually took out the flower stone and handed it to Leia, saying, "Put it away."

Leia happily took the bag and put the "pine-patterned egg" inside.

Aurelia looked at Selena, who had just produced a top-quality jadeite, and felt panicked.

Hearing Leia and Hattie's words, her mind was in chaos.

What did Hattie mean?

Selena said there's a pine-patterned egg... could she see the jadeite inside the stone?!

Everyone was puzzled. Their eyes almost unconsciously fell on Selena's eyes.

Her black and deep eyes were beautiful, but nothing else could be seen.

And how could such a fantastic thing happen in real life?

This is reality, where there's no magic.

Aurelia comforted herself by saying that Selena just accidentally won, and her words were just meant to disturb her thinking.

In the world of gambling on stones, she couldn't possibly lose to a novice!

Aurelia regained her confidence and said to Nicholas, "Mr. Soo, let's continue."

Nicholas, who had just brightened up, became gloomy again.

Obviously, he was very unhappy to lose to Selena at the beginning.

But since Selena hadn't cheated and he couldn't find fault with her, he could only say coldly, "Young people are bound to

have a bit of luck. It's nothing to fear."

Selena smiled and glanced at Nicholas, saying, "I've always been lucky since I was young, especially with money. Nicholas,

you have to be careful next."

Nicholas' face immediately darkened upon hearing this, and he said to Aurelia, "Let's continue!"

In the face of Selena's reversal at the beginning, Aurelia was inexplicably nervous.

But she comforted herself that Selena's victory was just luck and that she couldn't possibly beat her.

She picked up the second stone she had chosen and placed it on the table.

The sudden reversal caught everyone off guard.

Selena had beaten Aurelia at the beginning, and it was even ice-type against ice-type. Was it really just a coincidence?

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1387 Water Radish?

Chapter 1387 Water Radish?

Under the tense gaze of the crowd, Aurelia's second piece of jade opened up.

It was a green glass type.

It was several grades higher than the first piece of white ice type.

Aurelia breathed a sigh of relief, and her face regained its confident and proud smile.

The onlookers gasped in amazement.

"Wow, she truly deserves the title of 'Jade King', opening up two pieces of jade in a row..."

"Such good luck is unheard of."

After Aurelia's jadeite was opened, almost everyone's gaze instinctively fell on Selena.

Aurelia smiled slightly, a hint of provocation in her eyes.

"Miss Turner, please go ahead."

Selena lowered her head and looked at the thirty or so stones in front of her. Finally, she pointed to one of them and

said, "Open this one."

Having learned from the previous experience, the young man who was cutting the stone immediately began to work on

the stone Selena had pointed out.

He looked up and asked, "Where should I start?"

Selena nodded, "Anywhere is fine."

The young man found a spot and began to cut carefully.

Aurelia sneered at the corner of her lips, watching carefully.

She was confident that, in the field of gambling on jade, no one could beat her except for her grandfather.

Moreover, she was a rare phoenix fate, a noblewoman with heavenly luck, and it was impossible for her to lose to a

novice who couldn't even pronounce the name of jadeite.

And after being humiliated, no one dared to rashly mock Selena again.

This time, it didn't take too long for the young man to yell excitedly, "It's out!"

Aurelia's heart tightened.

The onlookers were stunned.

Another one came out?!

The eyes of everyone were fixed on the young man's hand in surprise.

As the blade of the cutting machine cut down, accompanied by the sound of sizzling, a bright, verdant green light soon entered everyone's eyes.

"Ah! It's a glassy green jadeite..."

"Oh my god! It actually came out, oh my..."

Everyone's eyes widened, looking at that piece of green jadeite, shocked and speechless.

Aurelia couldn't control her tightly clenched fists, and her self-satisfaction couldn't be maintained any longer.

Was the first time a coincidence?

What about the second time?!

Perhaps it was because her face looked too gloomy, someone from the Soo family faction spoke up to comfort her.

"Miss Bennett, don't worry. You have a glassy jade, and she has a glassy green jade. Both are the same variety."

"But in terms of size, your piece beats hers. There's really no comparison."

"This round, you won."

Aurelia compared the size of the two stones. Her piece was as big as a stool, while Selena's was only a few inches long.

Even if Selena had opened a whole piece of green jade, it couldn't compare to Aurelia's piece. She breathed a sigh of relief.

Just as Aurelia relaxed her nerves, she suddenly heard a cry of surprise from beside her.

"Ah! It's changing color!"

Aurelia's face also changed in an instant. She suddenly looked up in disbelief at Selena's stone. The green jade suddenly

turned into a crystal-clear light blue in the third that was unwrapped.

"What luck does Selena have?! She actually opened a bicolored jade..."

"Bicolored jade is very rare, and such a large piece is worth at least a billion!"

Aurelia turned pale, and she slightly closed her eyes. Even after so many years, she had not opened a few pieces of bicolored jade. Selena opened a top-grade flower stone with her first piece and now a bicolored jade with her second...

As Aurelia was thinking, she suddenly heard a few screams in her ear.

"Ah! It's changing color again!"

Aurelia opened her eyes suddenly, and looked a bit frightened at the stone. The stone was already two-thirds

unwrapped, and almost at two-thirds, it suddenly transitioned from light green to a translucent pure white.

Aurelia was stunned. Everyone on the scene was also stunned. Hattie and Leia, who had been staring without blinking,

suddenly clapped their hands and said, "Ah, this is the 'Water Radish'!"

Leon looked down at the two girls beside him, his tone strange, "... Water Radish?"

Hattie saw her older brother's expression, made a face and said, "Brother, why are you making a fuss? Didn't Selena

already say she picked the 'Water Radish' earlier?"

Leon looked at the incredibly rare tricolored jade, thought about the shape of a water radish, and then strangely found

that the description was surprisingly fitting...

Soon, the stone was completely unwrapped.

The young man who cut the stone was sweating profusely as he held the "tricolored jade" and walked up to Selena. Even

his voice was trembling as he said, "Miss Turner, your jade."

Selena took it from him and handed it to Leia.

A group of people's passionate and infatuated gazes followed the movement of the tricolored jade.

It was a piece of jade with two palms-sized emerald stones, one pure white like snow, the other a glossy blue-green, with

a beautiful light green in the middle where they were connected. The entire jade was fine and glossy, sparkling and

shining without the need for polishing. It was a rare occurrence of tricolored jade with blue-green, white, and green

colors combined.

Even Leia, who had seen many treasures since she was young, couldn't help but tremble at the sight of this jade. She was afraid that she might accidentally drop this rare treasure, so she took out a box and carefully put it away.

It wasn't until it was out of sight that the other people at the scene regained their senses, their faces blank.

"Tricolored jade, it's actually the legendary tricolored jade..."

"My God, if it weren't for Aurelia being able to produce extremely high-quality mutated jade behind her, this one piece of

jade alone would be enough to crush her into dust..."

Aurelia's face turned grayish-white.

She lifted her head and stared into Selena's eyes.

In her mind, Selena's words when she was picking stones kept echoing.

When Selena was picking stones, she said they looked like animals or plants, and then she would add that they were

pretty...

If what Selena meant by looking like animals or plants wasn't about the appearance of the stones but the jade inside,

then...

Aurelia suddenly shuddered.

This couldn't be true!

There were no mystical abilities in this world, and Selena was just an ordinary girl. Where did she get such an incredible ability?

It must have just been a coincidence!

Aurelia suppressed her panic and looked at Selena with a faint smile. "Miss Turner, you're really lucky." Selena glanced at her calmly. "I appreciate the compliment."

This was what Aurelia had just said to her, and Selena returned it to her in public.

After losing twice, Aurelia finally decided not to play games with Selena anymore.

She wanted to crush Selena directly under her feet! Aurelia clenched her fists, lowered her head, and looked at the pile of carefully selected stones in front of her.

Chapter 1388 Unexpected Surprise!

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1388 Unexpected Surprise!

Chapter 1388 Unexpected Surprise!

Aurelia's fingers fell onto the No. 1009 stone, which she
had previously won for 12 million. Her tone was
resolute as she

said, "Open this one."

The group of people saw Aurelia's action and knew that
she meant business.

Selena glanced at the stone and then looked away.

Hattie frowned and said to Selena, "Selena, she..."

Others didn't know, but Hattie knew that Selena had also taken a liking to the No. 1009 stone. But she was interrupted by

Aurelia when she had just said "1".

Selena found it troublesome and didn't bother to argue with Aurelia. Any stone that Selena had taken an interest in

would surely contain good jadeite.

Selena touched Hattie's hair and said, "It's fine."

Hattie was unhappy, but since Selena said it was fine, she put her worries aside.

No. 1009 was placed on the stone-cutting machine, and the jade that was cut out caused a sensation once again.

It turned out to be an excellent Blood Beauty!

Aurelia saw the excellent Blood Beauty and gave a smile, then turned to Selena and said, "Miss Turner, I don't know if you

still have such good luck to open another mutated jadeite?"

Blood Beauty was a top-quality red jadeite with a glassy texture, and its value was not much less than the three-color

jade that Selena had opened.

After seeing Aurelia also open a top-quality jadeite, Nicholas' gloomy face finally improved.

Everyone was looking at Selena, with a hint of schadenfreude in their expressions.

Selena had already opened two top-quality jadeites, and they did not believe that she could still open a third mutated jadeite!

If a third mutated jadeite was to be produced, it would make people wonder if she had used some kind of trick!

Unaware of the malicious gazes, Selena's gaze swept over a pile of stones and finally pointed to one and said, "This one."

The young man cutting the stone picked up the stone and placed it on the cutting machine.

In a suffocating silence, the surface of the stone was polished open.

Unexpectedly, yet also seeming to be within expectations, a bright red color appeared in everyone's sight.

Aurelia's face, which had just shown some improvement, stiffened again when she saw the pure red blood jade, resembling the red crest of a crane.

Others stared at the blood jade and were shocked into silence.

The young man who was cutting the stone had just untied three pieces of top-quality jade in a row. He didn't know if he was excited or scared, but he was sweating profusely. However, his moves were still fast and steady.

As the skin gradually peeled away, the true face of the blood jade gradually appeared in everyone's sight. This should be

a very ancient stone. The deeper it goes, the darker the color. In the light, it is pure red like jade, while in the shadowy

part below, it is a purplish-brown color.

Everyone who saw this piece of blood jade couldn't help but tremble in their hearts.

"What kind of jade is this? I've never seen it before..."

"Blood jade is pure red, just like Aurelia's top-quality blood beauty, but this one seems to change color...

What kind of jade is this?!"

Leon also didn't recognize what kind of stone this was.

He looked at the two girls behind Selena with a puzzled expression.

Hattie thought about it and said uncertainly, "It seems to be that 'duck blood'?"

Leia scratched her head and stared at the gradually changing purplish-brown color. "... It could also be that yellow heart,

red skin, thin skin and large stuffing sweet potato?"

Leon seriously suspected that Selena herself did not recognize these jades and that's why she used carrots and sweet

potatoes to describe them.

The two girls studied the stone for a while and suddenly saw the stone's number.

"Ah! It's 888, the duck blood!"

Aurelia heard the number "888" and looked up in shock. She followed their gaze and found the number 888 under the

stone. Wasn't that the 888 that was auctioned off with her 1009, the one that nobody wanted and was mocked by Edith

as "stupid"?

Selena only paid the lowest price of 500, 000... and she had such a treasure. Aurelia's face turned pale.

Just when everyone was at a loss, a faint voice suddenly sounded from behind them.

"Heading stone, top-grade blood jade, the color inside will gradually deepen with age. The further the age, the darker the

color. It will turn red when it is touched by heat. It is a famous stone that changes color..."

With this voice, a person walked out from behind the crowd. Aurelia saw the person and her heart trembled.

"Grandfather..."

A group of people were staring at the sudden appearance of an old man, but when they heard Aurelia's words, they suddenly became quiet.

This old man, dressed plainly and seemingly unremarkable, was actually the famous "Jade King" Wyatt?!

Wyatt leaned on his cane and walked to Aurelia's side, looking at his granddaughter and saying, "You did well."

She had three pieces of jade in a row, including one top-quality jade, which broke Aurelia's previous record. Jade, especially top-quality jade, isn't easy to come by. Many people may never see a piece of it in their lifetime, let alone open one with their own hands.

If it were in the past, Aurelia would have been extremely happy, but she couldn't be happy at all when she thought of Selena.

Aurelia lowered her head, her eyes turning red, "I'm sorry, grandpa, I let you down..."

Wyatt patted her shoulder and then looked at Selena, "Can you tell me how you chose these stones?" Three top-quality

jades in a row... who would believe that there wasn't something fishy going on? Even Wyatt was taken aback.

A method that could make someone rich would be closely guarded by anyone. Wyatt was only asking casually, and he

didn't expect to get such an unexpected answer from Selena. But since Selena said that, no one dared to press further.

Aurelia and Selena had each selected twenty or thirty stones, but so far, they had only opened three.

Selena's three

pieces were obviously superior to Aurelia's. Wyatt leaned on his cane and stood next to Aurelia, looking at his

granddaughter and saying, "Keep going."

Aurelia was initially nervous, but when she saw Wyatt's calm expression, she suddenly became determined.

Her

grandfather was the famous Jade King, and Selena was just a young girl who couldn't even identify all types of jade. How

could she possibly beat her grandfather? Aurelia immediately calmed down and carefully chose her next stone.

Then she heard Wyatt say, "Just open the biggest one!" Aurelia was startled and looked up at Wyatt,

"Grandpa!" Opening

the biggest one meant...

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1389 What Do You Want To Do? Chapter 1389 What Do You Want to Do?

In Wyatt's eyes, the other stones Aurelia picked couldn't beat Selena's, right?

Wyatt looked at her and said, "White Ice against Flower stone, Green Jade against Three-Color Jade, Blood Beauty against Crane Stone... this is no coincidence." Aurelia's face immediately turned ashen.

Whenever she opened a piece of jade, Selena would immediately open a piece of the same color and quality, crushing her.

Once could be an accident, twice could be a coincidence, but what about three times or more? Before she could figure out Selena's depth, she decided to directly bet on the largest stone to avoid losing face too much.

But how could Aurelia be willing to give in like that? She gave Alfie a deep look and then looked at Wyatt with a firm expression. "Grandpa, you have taught me personally for more than 20 years in gambling on stones since I was young. I don't believe that I will lose to someone who can't even recognize jade!"

Wyatt saw her persistence and no longer stopped her. "Then continue."

Aurelia gritted her teeth and pointed to a stone. "Open this one."

Aurelia opened the fourth stone.

Selena opened a piece of Dragon Eye.

The fifth stone, Aurelia opened a piece of pale jade.

Selena opened a top-quality amethyst.

Gambling on stones can be addictive.

The more Aurelia lost, the more unwilling she was to concede and she wanted to compete with Selena to the end.

Until all the stones were opened, this heart-stopping gambling finally came to a halt.

At this time, the large gambling venue should have been bustling with excitement and enthusiasm for the top-quality jade.

However, everyone's faces were expressionless as they looked at the long string of top-quality jade on the table behind

Selena, as if they were looking at a fantasy tale.

Nicholas' face was terrifyingly gloomy, and his hand holding the cane was throbbing with blue veins.

Aurelia's eyes were rosy, and she was shaking all over. "Impossible... how is this possible..."

Aurelia picked more than thirty stones, and her success rate was sixty percent, which was already a very high success rate.

If this news were to spread, she would surely become famous.

However, the prerequisite was that she did not run into Selena.

It's not clear if it's a coincidence, but the number of stones Selena picked is exactly the same as Aurelia's.

Both of them have only one stone left unopened.

Among the stones that have been opened, Selena's rate of finding jade is 100%.

Every stone she picked produced at least the finest jade.

She even found eight pieces of mutated jade, and not even one of them was duplicated.

Everyone witnessed those rare treasures being revealed one by one, from shock to numbness, and now to stupefaction.

Aurelia stared at Selena and said firmly, "I can't lose to you. What trick did you use?"

Selena smiled happily while admiring the stunned expressions of the Soo and Riddle families, "Guess."

Aurelia's beautiful face twitched heavily.

She had never experienced such a huge failure, especially when she didn't even know where she had lost.

Overwhelmed by the sense of imbalance, Aurelia could no longer maintain her composure and elegance. She spoke with

a fierce tone, "Mr. Soo, I am certain that Miss Turner cheated, and this gamble has been unfair to the Soo family since the

beginning! Please arrest her and search for any irregularities!"

She was desperate to know how Selena managed to produce so many mutated jade.

Nicholas glanced at the eight pieces of mutated jade.

Each one of them was a rare treasure. More importantly, if they

acknowledged Selena's victory, the Soo family's reputation would be ruined.

He snorted heavily, "Someone, 'invite' Miss Turner to rest upstairs!"

Several black-clad bodyguards immediately surrounded Selena.

Alfie and Leon's expressions turned cold, and Selena narrowed her eyes slightly.

Leia protected Selena and showed a sharp killing intent towards Nicholas, "If you dare to touch a hair on Madam Selena's

head, I will kill you!"

Nicholas snorted, "I just 'invited' Miss Turner to rest upstairs. I won't do anything excessive."

The other people were scared and started to step back, looking at the black-clad bodyguards approaching Selena.

These people had a stiff and cold expression, and they gave off a bloody aura, showing that they had truly seen blood before.

Soon, only Selena, Leon, Hattie, and Leia were left in the area.

Selena looked at the Riddle and Soo families standing opposite her and gave a smile, "Nicholas, are you trying to gouge out my eyes?"

Nicholas' eyes flashed with a fierce look, and he said softly, "I just wanted to 'invite' you to come upstairs and rest for a

while. When we all have our doubts resolved, we will naturally let you go."

Hearing this, the members of the Soo family's faction looked at Selena with a mixture of fear and gloating expressions.

Although this Miss Turner was cunning and resourceful, she was also quite naive. How could she come to the Soo family's

territory with only one assistant and act so arrogantly?

Did she think that the Soo family was easy to bully?

Even a fool would know that when Nicholas "invited" Selena upstairs to "rest," it was definitely not just to drink tea. If

they could scare this beautiful young lady out of her wits, or if Nicholas were ruthless enough to cripple her, there would

be a good show to watch next.

Selena smiled coldly without any warmth, "I am a person who holds grudges, especially against those who lack honor and

conscience, and are cruel and ruthless. I will show no mercy."

"If Nicholas dies an unrepentant death in the future, he can only blame himself for being too wicked!"

Nicholas became furious, "You ignorant youngster, how dare you be so impolite!"

Seeing that the bodyguards were about to attack Selena, Daphne was relieved and looked at Leon and Hattie, who were still by Selena's side, and said, "Leon, Hattie, what are you still doing there?"

"Selena will get you hurt. Come over here now!"

Hattie glared at her and hugged Selena's arm, "My brother and I don't care about your lousy good intentions!"

Leon frowned and ignored Daphne's words. He did not expect that Nicholas would dare to attack Selena in front of so

many people. Was he not afraid that the Turner family and the Anderson family would team up to take down the Soo

family?

Or... was he up to something?

Daphne was angry and upset that Leon and Hattie were more concerned with protecting Selena than listening to her. But

then she realized that the Soo family had only "invited" Selena, and Leon and Hattie would probably just suffer a bit of

hardship. She did not want to bother with them anymore.

Alfie's eyes were cold, and he raised his hand, about to strike, when suddenly a gentle yet icy voice came from the silent space.

"What do you want to do?"

Chapter 1390 Boyfriend's Arrival

As Alfie was about to speak, his words caught in his throat, and his gaze turned cold as he looked towards the direction of the door.

Those who were eagerly waiting to see Selena's misfortune were suddenly stunned when they heard the voice, and their expressions froze on their faces.

Nicholas tightened his grip on his cane and his eyes flashed with regret.

Upon hearing the familiar voice, Selena turned around and ran towards the door.

She threw herself into her man's arms and said pitifully, "Hubby, that old man bullied me. He asked people to gouge my eyes out..."

Aurelia had been waiting to find out why Selena had so many jade pieces on her, and she was about to achieve her goal, but she was suddenly interrupted. Aurelia choked on her breath.

Upon hearing Selena's words, the jealousy and resentment in Aurelia's mind suddenly gave way to clarity.

Hubby?

Since Aurelia had been chosen by the Soo family as the object of marriage with Alfie, it was only natural that she would

inquire about his background.

Naturally, she knew about the previous engagement between the Soo family and the Turner family.

She had always thought highly of herself, but when she saw Alfie, she had a feeling of awe.

At that time, a thought had taken root in her heart.

What kind of man could make Miss Turner give up such a handsome man and throw herself into his arms without

hesitation?

With this question in mind, Aurelia raised her head and looked towards the direction of the door.

Then she froze in place.

The man was tall, with long legs, and every line on his body exuded a handsome and delicate charm.

His face was even more indescribably stunning.

But what was most heartwarming was the way he looked at the woman in his arms.

Everyone who saw that gaze knew that he deeply loved the girl who he held tenderly in his arms.

A woman who had been looked at with such eyes would never be able to fall in love with another man in this lifetime...

And in this moment, the man who appeared gentle and handsome to Aurelia suddenly lifted his eyes and glanced over in their direction.

It seemed like he wasn't deliberately targeting anyone, just casually glancing around.

Caught off guard by those eerie black eyes, Aurelia let out a cry and instinctively hid behind Wyatt, her heart pounding wildly.

Her expression couldn't decide if it was fear or amazement.

How could there be such a contradictory man?

He looked so gentle, but his gaze was so frightening.

Wyatt noticed Aurelia's fear and patted her shoulder, casting a wary

look at the young man across from them.

Meanwhile, Selena was snuggled up in Osvaldo's embrace, complaining to him without reservation.

The man wore a faint smile on his lips and listened patiently.

When Selena finished, he gently stroked her cheek and said, "I'll get revenge for you."

Selena's eyes lit up with delight, even though she could handle today's affairs even without Osvaldo's presence.

However, his sudden appearance still made her feel a sense of surprise.

Osvaldo wrapped his slender arm around Selena's slender waist and walked towards the direction of the Soo family.

The man stared at Nicholas with a dark gaze and said in a dull tone, "Did you ask for my opinion before planning to dig my wife's eyes out?"

Nicholas coldly replied, "When did I say I was going to dig Miss Turner's eyes out? I was just trying to solve the puzzle, and I invited her to rest upstairs."

"It's a fact that everyone can see. Miss Turner, don't speak nonsense," he continued.

Although Leia had already experienced Nicholas' shamelessness, she still felt disgusted listening to his righteous reasons at this moment.

As for the other people present, although they were somewhat frightened by Nicholas' insinuations, they still forced themselves to help smooth things over.

"Nicholas is right. No one said they were going to dig Miss Turner's eyes out."

"Nicholas had good intentions. It was Miss Turner who misunderstood..."

"Yeah, we were all there. How could anyone dare to dig the eyes of the Turner family's young lady in broad daylight with so many people around?"

The aristocratic families who had sided with the Soo family originally felt somewhat frightened and guilty, but seeing so many people agreeing with one another, they became emboldened.

Nicholas only said to Selena to go upstairs and rest. Even if they check the surveillance footage, they won't find anything.

They're not afraid of the Anderson family or the Turner family causing trouble.

The group became more and more emboldened, and in the end, someone even turned around and sarcastically taunted

Selena, "Miss Turner, Nicholas kindly asked you to rest, it's just that you're too sensitive..."

Osvaldo gently brushed a strand of hair from Selena's forehead and behind her ear, his gaze unmoving on her face. His

words, however, caused the entire room to go silent.

"These people have been talking for so long, they must be tired. Please let them go downstairs and rest!"

As soon as Osvaldo finished speaking, the group of people who came with him immediately turned around and started

grabbing people from the crowd!

The scene instantly became chaotic.

Those people obviously didn't expect things to turn out this way and several of them started crying in fear.

"Ah! What are you doing?!"

"I won't go! I'm scared! Don't grab me!"

"Help me!!"

The other people who didn't say anything all had pale faces, afraid that they would be the next ones to be "asked" to go

downstairs and "rest," and so no one dared to say a word.

Those who did speak up changed their tune. "I was wrong. Nicholas was forcing Miss Turner to rest. He had bad intentions..."

"Yes, yes, that was my mistake. I also misunderstood. Nicholas did plan to do something to Miss Turner..."

"Mr. Anderson, I won't dare to do it again. I can testify that Nicholas did try to force Miss Turner. He said he wanted to

find out what methods she used to win at gambling..."

"That suggestion came from Aurelia. She told Nicholas to grab Miss Turner and search her body..."

Seeing these people try to shift the blame onto themselves, Aurelia's face changed and she instinctively shook her head

to explain, "I didn't do it. I just wanted to know why Miss Turner won against me."

"I never thought about hurting her..."

"I wouldn't dare to let anyone dig out her eyes..."

Listening to the series of denials, Osvaldo lowered his head and looked at Selena in his arms, affectionately pinching her

nose. "You little troublemaker."

Selena never told him what she was up to beforehand.
