

## Almighty D 2541

Chapter 2541: 536: Wake Up

“I’m fine,”Vivi said. ”

The nurse looked at Vivi. “Did you encounter something troubling you?”

“No,”Vivi denied. ”

“The nurse continued, “Vivi, a child your age shouldn’t have too much trouble. If you have any trouble, remember to tell the adults.”Although Vivi was financially independent, she was still a child, she was much more mature than her peers, but in the end, she was still a child. Since she was a child, she shouldn’t have too many worries. ”

“After saying this, the nurse turned to look at Vivi. “You can tell me, or you can tell the other doctors and nurses.” ”

“Okay.”Vivi nodded.

“The nurse continued, “So now can you tell me what worries you have?” ”

“I don’t have any worries,”Vivi said. ”

“The nurse smiled and said, “Alright then.”Since Vivi didn’t want to say it, she couldn’t force it. ”

“Soon, she walked to the ward. ”

The nurse knocked on the door. "Miss Ye."

"Ye Zao, who was in the room, turned around slightly and looked outside with a smile. "Vivi is back." "

"Vivi still had some resistance against ye Zao. She was angry that ye Zao had lied to her. However, at this moment, when she suddenly saw ye Zao's smile, she was no longer angry. She smiled and jogged in. "Sister Ye." "

"Ye Zao continued, "Vivi, I heard from the nurse that you have been in a bad mood recently. What happened? Can you tell me? If you tell me, I might be able to help you." "

""No,"Vivi denied. "

"Ye Zao did not continue the topic. "That's good. By the way, the surgery is tomorrow. Will someone come to your house?" "

"Although Vivi's family environment was a little complicated, she still had to inform the family members that she should inform. "

""No."Vivi shook her head. She looked at ye Zao and said, "Sister Ye, i . . . I . . . I don't want to operate anymore." "

""You don't want to operate?"Ye Zao was stunned for a moment and asked, "Why?"During this period of time, Vivi had been very cooperative with the treatment. Her mood suddenly became so negative that ye Zao was a little confused. "

""I just don't want to operate anymore. Sister Ye, don't ask why,"Vivi said. "

"Ye Zao looked at Vivi. "Vivi, if you don't have the surgery earlier, your illness will get worse and worse." "

“It’s okay.” No matter how serious it was, it wouldn’t be worse than now. Anyway, she was already on the verge of death. Although Vivi was reluctant to part with this world, what could she do? Most of the time, people didn’t have a choice.”

“Vivi, I’m a doctor. I have to be complicated with patients. Tell me, what happened?” ”

“Nothing really happened. I just don’t want to operate anymore. It doesn’t make any difference to me whether I live or Die.” Vivi raised her head and looked at Ye Zao. “Sister Ye, don’t worry about me. I’m really fine.” ”

Ye Zao frowned without leaving a trace. “Vivi, you’re not only irresponsible to yourself, but also irresponsible to support and like you.” ”

Vivi did not speak anymore. She was determined not to arrange the surgery anymore.

“Vivi, I don’t know what happened in the past two days, but I know that there’s no obstacle in life that can’t be overcome.” Ye Zao continued, “If you encounter any difficulties, just tell me directly. I’ll handle the rest of the matters for you. You just need to focus on preparing for the surgery.” ”

Vivi still did not speak.

The nurse on the side could not stand it anymore and could not help but say, “Vivi! Miss ye is talking to you! You should at least answer her.” It was also Ye Zao’s patience. If it were anyone else, they would not have said so much to Vivi.”

Vivi continued, “Sister Ye, I know that you care about me and want me to live well, but I really don’t want to continue like this. You clearly know...” at this point, Vivi’s words stopped abruptly. Although Ye Zao had concealed her illness, it was for her own good. She had to know what was good for her. She was grateful to Ye Zao.”

Vivi paused and said, “Sister Ye, don’t ask why. There’s no reason. If there is, it’s because I don’t want the surgery.” ”

“Vivi, have you really thought it through?”Ye Zhuo asked. ”

“Yes.”Vivi nodded.

“No regrets?”Ye Zhuo continued to ask.

“No Regrets.”Vivi’s expression was very firm.

“Ye Zhuo’s face did not show much anger. He just said, “Vivi, I won’t cancel the surgery for the time being. You should also calm down. If you have anything to say to me, you can contact me on wechat at any time.” ”

Chapter 2542: 536: Wake Up

“Okay.”Vivi nodded.

Ye Zao stood up. “I’ll be leaving now.”

“Okay.”He nodded slightly.

Ye Zao turned around and left. The nurse followed her and left the ward together.

Vivi looked at ye Zao’s back. She couldn’t tell what expression was on her face.

It was... quite uncomfortable.

Ye Zao returned to his office and looked up at the nurse. “Little Zhao.”

“Miss Ye, if there’s anything you need, just say it.” ”

Ye Zhuo pressed his temple. “Find out who Weiwei has met recently.”

“Okay.”Xiao Zhao nodded.

“Weiwei had been living in the hospital recently. Other than the lady boss of the pet shop, the others she had met were the delivery staff, doctors, and nurses.”

Xiao Zhao reported everything he had found to Ye Zhuo.

“Ye Zhuo pressed his temples and asked, “Who else is in Vivi’s family?” ”

“Besides her parents, she has a younger brother,”Little Zhao answered. ”

“Do they know about Vivi’s situation?”Ye Zhuo asked.

Little Zhao nodded.

“Both her parents knew about Vivi’s situation, but none of them wanted to ask.”

“Little Zhao continued, “Her parents divorced in the early years and each had their own family. So, Vivi became a burden that no one wanted.” ”

“Who is Weiwei’s current guardian?”Ye Zhuo asked.

“Weiwei’s previous heir was her grandmother. Ever since the old man left, Weiwei has been living alone,”the nurse replied. ”

Ye Zhuo frowned slightly.

“The nurse sighed. “If it wasn’t for Weiwei’s self-reliance, who knows what she would have become!” Although Weiwei had a father and mother, her life was worse than living without a father and mother. ”

“Ye Zhuo flipped through the documents on the table and said, “Xiao Zhao, go back and rest first. I’ll call you if there’s anything.” ”

“”Okay.”The nurse nodded and turned to walk out. “Miss Ye, I’ll go out first.” ”

“After Xiao Zhao left, ye Zhuo analyzed the entire process very seriously. ”

“A moment later, she called Xiao Zhao over. “Xiao Zhao, go and call doctor Wang over.” ”

“Okay.”

“Soon, Little Zhao called Doctor Wang over. ”

“”Miss Ye, you called for me.” ”

“Ye Zhuo nodded slightly. “Doctor Wang, take a seat.” ”

Doctor Wang sat opposite ye Zhuo. He felt a little uneasy. Why did ye Zhuo call him over?

Ye Zhuo handed doctor Wang a set of documents.

“What’s This?”Doctor Wang asked.

“”Doctor Wang, you’ll know once you take a look.” ”

Dr. Wang did not say anything else. He opened the information and found that it was Weiwei's operation risk notice.

“Dr. Wang, can you tell me why Weiwei suddenly did not want to cooperate with the operation?” Ye Zhuo went straight to the point. ”

Dr. Wang was stunned.

How did ye Zhuo know that this matter was related to him?

“Miss Ye, why do you say that?” Dr. Wang subconsciously wanted to deny it, but he could not tell the reason. He just felt inexplicably guilty. Logically, he should not feel guilty. ”

“Doctor Wang, a man is a man who dares to take responsibility for his actions. There are some things that should not be said until the point is reached. What do you think?” Ye Zhuo asked. ”

Should not be said until the point is reached?

What a good thing that should not be said until the point is reached.

“Doctor Wang organized the words in his heart and then said, “Miss Ye, since you already know about it, I won't hide it anymore. Anyway, these things have to be said on the table.” ”

“Then.., doctor Wang continued, “Miss Ye, to tell you the truth, I took Weiwei for a comprehensive check-up on malaria, but the results were completely different from what you said. So, I don't think that Weiwei has malaria. That's why I persuaded Weiwei to refuse the surgery.” ”

Doctors were kind-hearted. Doctor Wang did not think that there was anything wrong with his way of doing things.

“Have you seen Weiwei’s case?” Ye Zhuo continued, “Weiwei’s malaria can not be compared to ordinary malaria, so naturally, she can not be examined according to the routine...” ”

“It was not difficult to find out about doctor Wang because when doctor Wang first found out about her results, he was very surprised. However, what Ye Zhuo did not expect was that doctor Wang actually told Weiwei all of his doubts. ”

“Miss Ye, I know about your achievements in oncology and your position in the medical field, but your achievements in oncology can’t represent everything.” ”

“Dr. Wang paused at this point. “Similarly, you can’t deny other people’s doubts just because you think it’s malaria.” ”

“Dr. Wang said everything he wanted to say in one breath. Initially, he was under a lot of pressure, but after he finished saying everything in one breath, he felt less stressed. ”

Chapter 2543: 536: Sober Up

“Doctor Wang, it’s normal for people to have doubts.” Ye Zhuo took out Vivi’s examination report, “But I can be responsible to tell you that Vivi’s illness is malaria. Her current condition is very serious. If she doesn’t have the surgery in time, her life will be in danger at any time.” ”

“Miss Ye, I only told Vivi about my doubts. As for who Vivi chooses to believe, that’s her problem. It has nothing to do with me.” ”

“Doctor Wang continued, “Miss Ye, to tell you the truth, I have also prepared a set of examination plans for Weiwei.” ”

“Moreover, doctor Wang had already revealed this matter to the media every day. Very soon, the media would report this matter. ”

“As long as the surgery was successful, he would be able to prove himself to the whole world!”

“If he could surpass ye Zao, then he would be able to compete equally with ye Zao in the medical world.”

“”Stupid!”Ye Zao’s red lips parted slightly, and a sullen expression appeared on his face. “Wang Dajun, do you know that your stupid idea will cause the death of a young and fresh life? !” ”

“Doctor Wang looked at Ye Zao. “Miss Ye, facts speak louder than words.” ”

“After saying this, doctor Wang turned around and left. ”

Ye Zao frowned without leaving a trace.

“This matter was quickly found out by the hospital director. The hospital director was furious and immediately went to find doctor Wang. “Doctor Wang, What’s wrong with you? Do you know that you’ve caused a huge disaster? !” ”

“Doctor Wang looked at the director. “Director, I’m just insisting on what I think is right.” ”

“”Doctor Wang, I think that you’re an elder of the hospital. This time, I’ll ask Miss ye not to be calculative with you. Quickly go and explain the matter to the patient!” ”

“”Director, this time, all of you are wrong.”Doctor Wang continued, “Don’t you think that the current situation is very similar to the scene when Miss ye cured cancer back then?”Back then, Ye Zhuo had also been questioned by many people, however, ye Zao still persisted. ”

“Without ye Zao’s persistence back then, how could he have his current success? ”

“The current him was just like ye Zao back then. He faced many doubts. If he gave up now, there would be no future him. ”

“It was the same for ye Zao. If ye Zao had directly given up back then, there would be no present ye Zao.”

“Are You Miss Ye? Do you have Miss Ye’s ability?”The director asked.

“Doctor Wang looked at the director. “Director, don’t forget that Miss Ye was just a high school graduate.”A teenager could cure cancer, so why couldn’t he create a second miracle? ”

“The director looked at Doctor Wang. “Wang Dajun, wake up!” ”

“”Director, I’m very clear-headed now,”Wang Dajun continued. “I know what I want to do.” ”

The director frowned. “You don’t have to come to work tomorrow.”

“”Director, it might be too late,”Wang Dajun looked at director Han and said. ”

“He had not made any major mistakes. The director had no right to stop him from coming to work. Moreover, he had already reported this matter to the media. Under the suppression of public opinion, more and more people would support him. ”

“Most importantly, the patient himself also trusted him. ”

Hospital director Han looked at Doctor Wang. “What do you mean by this?”

“Doctor Wang smiled and said, “Don’t worry. You’ll know.” ”

“At that moment, his assistant walked in from outside the door. “Hospital director Han.” ”

“What’s Wrong?”Hospital director Han looked up at his assistant.

“The assistant continued, “There are reporters outside who want to interview you.” ”

Reporter?

Director Han frowned slightly and looked up at Doctor Wang.

“Doctor Wang continued, “Like I said, it might be too late.” ”

Chapter 2544: 536: he was bound to turn the tables! 1

Doctor Wang had long expected this to happen.

“Once he objected to Ye Zhuo’s diagnosis, director Han would definitely take action to suppress him. At that time, he could only leave the hospital. ”

“Even if ye Zhuo’s surgery failed, it would not be exposed. After all, there was no surgery in this world that was absolutely safe. ”

“Therefore, doctor Wang came to strike first, making it difficult for director Han to back down. ”

“At a time like this, director Han still dared to let him leave the hospital? ”

“Ye Zao was a very well-known person. As long as he released a little bit of news, countless media outlets would flock to him. When that time came, he would surpass ye Zao, naturally, he would become someone who could stand shoulder to shoulder with ye Zao. ”

“You contacted the media?”Director Han looked at Doctor Wang. It was obvious that he was angry.

““Yes.” Doctor Wang did not deny it. Instead, he nodded directly. ”

““Wang Dajun, do you know the consequences of your actions? !” ”

““Director Han, I have already said what I should have said.” If he said too much, it would be nonsense. This time, he was determined to make everyone recognize him again. ”

Director Han frowned tightly.

“He had known Wang Dajun for many years. In his eyes, Wang Dajun had always been an honest and dutiful person. This time, Wang Dajun’s actions really surprised director Han! ”

““Director,” the medical assistant said again, “The reporters are still waiting for you outside.” ”

Director Han was not in the mood to deal with those reporters. “Just say that I’m very busy right now!”

The medical assistant glanced at director Han and nodded.

“After saying that, director Han glanced at Doctor Wang and turned around to walk out. ”

Doctor Wang also walked out.

Director Han came to Ye Zao’s office.

““Miss Ye, I’m really sorry.” Director Han looked at Ye Zao who was sitting in front of his desk, and his face was full of shame. “It’s all my fault for leading poorly on doctor Wang’s matter!” Director Han really did not have the face to see ye Zao right now, he had originally wanted to invite ye Zhuo to study rare cases, but he didn’t expect such a thing to happen. ”

“He didn’t know what Wang Dajun was thinking, to actually do such a thing! ”

“Ye Zhuo didn’t directly answer director Han’s words. He stood up from his chair and said, “Let’s go and see Weiwei.” ”

“Okay.” Director Han nodded and followed ye Zhuo’s footsteps.

“Not long after, the two of them arrived at Weiwei’s ward. ”

“Weiwei was lying on the hospital bed. When she heard a knock on the door, she said with a pale face, “Come in.” ”

Ye Zhuo pushed the door open and entered.

“Seeing ye Zhuo, Weiwei was still very happy. “Sister Ye.” ”

“After saying that, she greeted director Han. “Uncle Director.” ”

“Director Han looked at Weiwei. “Weiwei, are you feeling better?” ”

“Yes.” Weiwei nodded.

“Ye Zao first stretched out his hand to touch Weiwei’s forehead, and then said, “Weiwei, I have a general understanding of the situation. Do you think I’m lying to you, so you refused the surgery tomorrow?” ”

“Weiwei looked at ye Zao and widened her eyes in surprise, as if she was asking how ye Zao knew! ”

“Ye Zao smiled faintly. “There’s nothing I don’t know, only things I don’t want to investigate. Similarly, it’s the same for illnesses. There are no patients that I can’t cure, only patients that don’t cooperate.” ”

Wei Wei lowered her head and didn't say anything. The future was too beautiful. She didn't dare to imagine it. The feeling of hope suddenly disappearing when she saw it was too unbearable. She really didn't want to experience it a second time.

"After saying that.., ye Zhuo continued, "Vivi, as long as you cooperate well, I promise you that I will give you a healthy body again. In the future, you can freely browse the great rivers and mountains of this country. With your hands, you will allow your readers and yourself a bright future."Vivi was a particularly talented soul painter, the works she created had healed many people. "

"Recalling what doctor Wang had told her, the hope that had finally been ignited in Vivi's eyes was instantly extinguished. "

"Sister Ye, I know you're a good person and a good doctor, but I know my own body very well."Vivi continued, "Thank you, thank you for comforting me." "

"What exactly did Wang Dajun say to you!"Director Han looked at Vivi like this and could not control his emotions, then, he said, "Little girl, don't worry. Your illness isn't as serious as Wang Dajun said. You're just malaria. Although it's different from ordinary malaria, Miss Ye has already found a treatment plan. After the surgery tomorrow, you'll be able to do whatever you want like a normal person!" "

Chapter 2545: 536: The Tables will turn! 2

"Wei Wei had already thought of all the funeral arrangements. She continued, "Sister Ye, Uncle Director, I know that all of you are doing this for my own good. However, I really don't want to have the surgery anymore. You guys can go out. I'm tired and I want to rest." "

"The director wanted to say something more, but ye Zhuo used his eyes to signal that he did not need to say anything more. He looked at Wei Wei and continued, "Wei Wei, the opportunity now is in your hands. You have to think it through carefully." "

"After saying that, ye Zao turned to look at the hospital director. "Hospital director Han, let Weiwei have a good rest. Let's go." "

Hospital director Han stood up and followed ye Zao's footsteps.

"After walking out of the ward, hospital director Han scratched his head. "I don't know what Old Wang said to Weiwei! I'm really anxious!" "

""We've said what we should say. We'll do our best and leave it to fate," ye Zao said. "

"Since ancient times, the relationship between doctors and patients had been very tense. Now that patients were not willing to operate, doctors could not force them to do so, "

""Oh right, Miss Ye." Director Han seemed to have suddenly thought of something and continued, "Wang Dajun even told the media about this matter. The outside world is probably turning upside down by now." "

"Ye Zao was a walking hot topic. Once this news was released, it would be difficult for people not to pay attention to it. "

On the other side.

Doctor Wang was already in an interview.

He stood in front of the camera and narrated the entire process word by word.

""Three months ago, our hospital received a strange patient.. "

""After Miss Ye's diagnosis, I learned that the patient was suffering from malaria. However, I discovered that the patient's condition was very different from malaria, so I gave the patient a new examination. The examination results showed that the patient's condition had nothing to do with malaria at all... "... "

"At this point, Dr. Wang took out a diagnosis document. "

“Whoosh, Whoosh, Whoosh. ”

Countless cameras aimed at the diagnosis document.

“”After my research, I found out that the patient did not have malaria at all. Instead, it was the very rare Moz virus. This virus only appeared in the 1970s. In addition, I’ve already confirmed the diagnosis plan...” ”

“Doctor Wang was fully prepared. He was very confident in front of the camera. His logic was clear, and his thinking was orderly. ”

“Towards the end.., doctor Wang continued, “I know that many of the audience may think that I’m an idiot at this moment. After all, the person standing in front of Me is Miracle Doctor Ye, who once cured cancer. And I, I’m just a nobody. A person like me can not be compared to Miss Ye. “However, there is no such thing as a nobody. A nobody has its own uses. Therefore, after thinking for a long time, I decided to publicize this matter to the public.” ”

“As soon as this interview video was posted, it was shared and liked by many people. ”

“[ how should I put it? Miracle Doctor Ye is Miracle Doctor Ye after all. She is a character who created a myth. In comparison, I still prefer to believe in Miracle Doctor Ye! ] ”

“[ back then, my husband had terminal stomach cancer. He even wrote a suicide note. But at this time, Miracle Doctor Ye appeared. It was she who gave our family hope. It was also she who gave our family happiness. From then on, Miracle Doctor Ye was the benefactor of our family. ] ”

“-LMiracleaDoctorcYer ye’s achievements can not be ignorHowever, there is something tDr. Wangwang said in the video that is very trBeforefMiracleaDoctorcYer ye became a miracle doctor, he was just an ordinary studeAt. at that time, how many people did not believeMiracleaDoctorcYer ye? ]? I feel that the current doctor Wang is the Miracle Doctor Ye at that time. We can not be blinded by one person’s achievements and not see the right things. ] ”

“[ a gentleman does not speak like a man, and a gentleman does not speak nonsense like a man. This time, I am also on doctor Wang’s side. After all, people are not saints. Although Miracle Doctor Ye is amazing, it is impossible for him to not make a single mistake. ]”

[ ... ]

“For a time, there was endless debate on the internet.”

“Some people believed in ye Zao, and naturally, there were also people who stood by Doctor Wang.”

Director Han had a headache. How could he have thought that things would develop to this stage.

“Now, as soon as he stepped out of the door, he would be surrounded by countless reporters.”

Ye Zao was still the best.

“After all, Ye Zao had never appeared in front of any media as a miracle doctor. Everyone only knew the name of Miracle Doctor Ye, but they had never seen Miracle Doctor Ye himself.”

“At night, Doctor Wang came to Weiwei’s ward.”

““Weiwei, I have already confirmed the treatment plan for you. Take a look.”After he said that, doctor Wang handed the plan to Weiwei.”

Weiwei reached out and took it.

“A moment later, doctor Wang handed Weiwei a pre-operation dangerous notice. “Weiwei, sign it. We can arrange the surgery tomorrow and the day after tomorrow.” ”

Chapter 2546: 536: The Tables will turn! 3

Vivi shook her head.

“Doctor Wang looked at Vivi. “Vivi, don’t you want to recover?” ”

“”I’m tired,”Vivi said. “Doctor Wang, if this is a surgery that I’m not confident in, why don’t we save our manpower and resources and save these resources for those who need them?” ”

“Doctor Wang continued, “Although I’m not 100% confident, I’m still 50% confident. Vivi, please cherish this opportunity.” ”

Weiwei still shook her head. Her desire to live had disappeared the day doctor Wang told her the truth.

She was now a puppet without a soul.

Life and death meant nothing to her.

“Xiang Weiwei!”Doctor Wang raised his voice.

But Weiwei still did not react.

“”Xiang Weiwei, since you have the hope of being born, why don’t you hold on to it? What do you want to Do?”Doctor Wang asked. ”

Weiwei still did not have any reaction.

Doctor Wang frowned. He had never seen such a patient. He was helpless!

“In a moment, doctor Wang left the ward. ”

“He had to get Weiwei to cooperate with the treatment. After all, this was his only chance to prove himself to everyone. ”

“But now that Weiwei did not cooperate, he had no choice but to go back and think of a way. ”

“When he returned home, he saw that doctor Wang was wearing a worried look on his face. Mother Wang asked, “Jun Jun, did you encounter something troublesome again?” ”

Doctor Wang sighed and told his mother what had happened.

Mother Wang narrowed her eyes. “That little girl really doesn’t know what’s good for her!”

“Doctor Wang was kind enough to save her, but she actually treated her like a donkey’s liver! ”

“Did you just say that she’s not an adult yet?”Mother Wang seemed to have thought of something and turned to look at Doctor Wang.

“Hearing this, doctor Wang nodded. “She’s not an adult yet.” ”

““Since she’s not an adult, then let her guardian sign it!”Mother Wang continued, “What kind of decision can a little girl make!” ”

These words immediately reminded Doctor Wang.

“Although Weiwei was not under the care of her parents, that was because her parents did not know about Weiwei’s situation. If one of them knew that Weiwei was now a famous cartoonist, they would definitely fight for the custody of Weiwei. ”

“”Mom, you’re Right!”Dr. Wang happily grabbed his mother’s shoulder. “Thank you! I know what to do!” ”

“Mother Wang smiled and said, “This child, there’s no need to thank me!” ”

“At this moment, Zhang Hong walked out of the room with a troubled look on her face. “Dajun, are you really going to treat that patient? Are You Confident?”Zhang Hong looked at the comments of the netizens, as well as the comments of the professionals on this matter, she became more and more worried. ”

“For ordinary people, it was not easy for doctor Wang to get to where he was today. He was already the chief physician of a key tertiary grade a hospital. As long as this surgery failed, doctor Wang’s future would be ruined. ”

“No matter which angle one looked at it from, this was a dangerous thing! ”

“”Don’t worry, there’s no problem.”Doctor Wang was very confident in himself. “The person you should be worried about is Miss Ye.” ”

“Zhang Hong looked at Doctor Wang and continued, “Dajun, I don’t know much about your work either, but I know about Miss Ye’s influence in the medical world. I always feel that I have to listen to miss ye on this matter. After all, Miss Ye has the qualifications...” ”

“Before she could finish her sentence, she was directly interrupted by Doctor Wang. “You mean I don’t have the qualifications? Zhang Hong, what have I Been to you all these years? !” ”

“At this point, doctor Wang immediately broke down and shouted angrily. ”

“Seeing her son like this, mother Wang also did not feel good, she looked at Zhang Hong and said, “Zhang Hong, it’s been so many years. Other than pouring cold water on the military, can’t you give him an encouragement?”No wonder people said that it was better to marry a good wife than to marry a good wife like Zhang Hong, it was better not to. ”

“Zhang Hong also realized that her words were a little harsh, she continued, “Mom, I don’t mean to throw cold water on him. I just feel that the army is taking too much risk by doing this. He is already a chief physician now. Compared to him, he is much better. All the relatives in the family are envious of him having a good job!” ”

“They were all forty plus people, and they were already past the age of taking risks. ”

“”That’s why the military hasn’t had much success all these years because of you!”The queen mother continued, “As a wife, if you don’t believe in your husband, who do you expect to believe in the military! Zhang Hong, you’ve really gone too far!” ”

Chapter 2547: 536: The Tables will turn! 4

“Zhang Hong was speechless, she sighed and said, “Mom, it’s not that I don’t trust him, but this matter shouldn’t have developed in this direction in the first place. Since this matter hasn’t happened yet, there’s still room for redemption. Once the truth is revealed, the army will be finished for the rest of their lives!” ”

“”Zhang Hong, you can not support the army, but can you not pour cold water on the Army?”The Queen Mother was really angry. All these years, she had been working hard to be a good mother-in-law and never had an argument with her daughter-in-law, but today, she really could not hold it in anymore. ”

“If you don’t steam the Mantou to fight for your pride, some people would usually give her too much face, which was why she would follow your face and climb up your head! ”

“Zhang Hong also saw the change in her mother-in-law’s mood, then she said, “Mom, actually, I don’t have any other intentions. As the wife of the Army and your daughter-in-law, I also hope that the army can fight for a better future, but you have to consider the consequences of doing anything.” ”

“At this point, Zhang Hong paused and said, “Of course, if the army has already thought it through and has to do this, then I will still support him.” ”

“Hearing this, mother Wang’s expression softened a little. She turned to look at doctor Wang and said, “Army, you can be at ease and do it boldly. In any case, I will support you no matter what!” ”

“Doctor Wang looked at mother Wang and immediately turned to leave. Mother Wang immediately asked, “Army, where are you going?” ”

“Wang Dajun turned around and said, “I’m going out to do something. I’ll be right back.” ”

Weiwei’s surgery could not be delayed any longer. She had to find her parents immediately.

“Very soon, Wang Dajun contacted Weiwei’s parents. ”

“At first, when they heard that Weiwei was sick and was hospitalized, the two of them refused to take care of Weiwei. After all, they had their own families. Who would be willing to take care of a burden. However, when they heard that Weiwei was now a famous cartoonist, their faces instantly changed. ”

“Are you saying that Weiwei’s monthly salary is so high now?”Liu Meilian made a “Six” gesture.

“Wang Dajun nodded. “Yes, so you don’t have to worry about Weiwei’s medical expenses at all. She can totally pay for it herself.” ”

“Xiang Chao immediately asked, “Doctor Wang, where is my daughter now? Is She Alright?” ”

“”What Your Daughter!”Liu Meilian said speechlessly, “I don’t know who just said that Weiwei is a burden and doesn’t want her! “Weiwei was born after I carried her for ten months, so Weiwei is my daughter! “It has nothing to do with you!” ”

“”If it weren’t for me, would you have given birth to Weiwei by yourself?”Xiang Chao stood up from his chair. “What a joke!” ”

“Liu Meilian continued, “Have you ever cared about Weiwei after she was born? Do you look like a father at all?” ”

““You make it sound like you do.”Xiang Chao was not someone to be trifled with. “Don’t forget, all these years, my mother has been the one to take care of Weiwei!” ”

“Wang Dajun felt a headache coming on and continued, “The two of you, now is not the time for you to argue. If anything happens to Weiwei, the two of you will really be left with nothing!” ”

Xiang Chao and Liu Meilian immediately shut up.

“Then what should we do now?”Xiang Chao asked.

“Wang Dajun continued, “The two of you will first go to the hospital with me and sign the surgical book. After that, let Weiwei recuperate before we talk about the rest of the matter.” ”

““Yes, yes, yes.”Xiang Chao nodded. “Then we’ll listen to Doctor Wang!” ”

“Although Liu Meilian was a little angry, she did not say much. After all, what Wang Dajun said was very right. ”

“In the current situation, it was still more important to protect Weiwei’s life. ”

Chapter 2548: 536: not to be trifled with

“As long as Wei Wei’s life was saved, the rest would be easy to handle. ”

“Wei Wei was now a cartoonist with a monthly income of more than six figures. When that time came, she would be Wei Wei’s guardian, and the money would still be hers! ”

Liu Meilian was very happy thinking about it.

“Xiang Chao was thinking the same as Liu Meilian. He was the father of the child. Over the years, the child had been brought up by his own mother. No matter what, the child’s guardian still had to be him.”

“Thinking of this, Xiang Chao was very excited. He looked up at Wang Dajun. “Doctor Wang, as long as we cooperate with you, we can save my daughter, right?” ”

Wang Dajun nodded and took out a surgical notice and consent form. “The two of you just need to sign it.”

“”I’ll sign it, I’ll sign it, I’ll sign it right away.”Xiang Chao immediately picked up a pen. ”

Liu Meilian also picked up her pen and signed the consent form and the danger notice.

“Looking at the signed letter, Wang Dajun finally heaved a sigh of relief in his heart. He then said, “Do the two of you want to go to the hospital with me to have a look?” ”

“Normally, these two couples would definitely not be willing to go to such an unlucky place. However, things were different now. ”

Weiwei was now like a treasure trove.

“”Go, go, Go!”Liu Meilian hurriedly nodded. “Weiwei is sick. At times like this, she definitely needs the care of a mother like me.” ”

“Xiang Chao snorted coldly. “Then why haven’t I seen the care of a mother like you in the past ten years!”Now that he knew that the child was capable and could earn money, he couldn’t wait to stick to her. This look was really disgusting! ”

“Xiang Chao looked down on Liu Meilian, and Liu Meilian also looked down on Xiang Chao. ”

“You say it as if you’ve never cared about Weiwei? “Didn’t you see that Weiwei is rich now? !”Liu Meilian continued, “Even if I’m not good, I still gave birth to Weiwei and gave her a life. What about you? What did you give Weiwei?” ”

“Xiang Chao continued, “If it weren’t for my mother taking care of Weiwei all these years, would you still be able to see Weiwei?” ”

“You talk as if you’ve never given your mom any respect!”

Xiang Chao was very angry. He rolled up his sleeves and was about to argue with Liu Meilian.

“Wang Dajun saw that the situation was not right and immediately said, “Both of you, calm down. Calm down. Now is not the time to fight. What Weiwei needs the most right now is care. Although she’s young, she’s very mature.” ”

The meaning behind Wang Dajun’s words was very obvious. He wanted the couple to restrain themselves a little so that Weiwei could see something.

“Today, on account of Weiwei’s face, I won’t argue with you!”Liu Meilian snorted coldly. ”

Xiang Chao did not say anything.

“Enduring for a moment of calm, what was the point of arguing with a crazy woman? ”

“Wang Dajun stood up and continued, “Then the two of you come with me.” ”

“Xiang Chao asked, “Are we going to the hospital now?” ”

“Yes.”Wang Dajun nodded.

“Okay.”

The two of them followed behind Wang Dajun and got into the car together.

“When the car was halfway there, Xiang Chao seemed to have suddenly thought of something and said, “Doctor Wang, could you please pull over at the front?” ”

“Wang Dajun asked doubtfully, “Mr. Xiang, do you have something to do?” ”

“Xiang Chao continued, “Yes, there’s a small matter that I need to take care of. You guys go to the hospital first. I’ll come after I’ve taken care of the matter.” ”

“Okay.” Wang da Jun controlled the steering wheel and pulled over.

“Xiang Chao pushed open the car door and got out. “Doctor Wang, be careful on the road.” ”

“Okay.”

“After Xiang Chao left, Liu Meilian felt that something was wrong no matter how she thought about it. ”

Xiang Chao had always been a sinister and cunning person. He would definitely not stop the car for no reason.

There must be a reason.

“Liu Meilian raised her head to look at Wang Dajun and continued, “Doctor Wang, do you think Xiang Chao is up to something? Why did he get out of the car early?” ”

“Wang Dajun looked at Liu Meilian through the rearview mirror. “Madam Liu, aren’t you overthinking things? Didn’t Mr. Xiang say that he had something to take care of?” ”

“Liu Meilian sneered. “Something? What could be wrong with him? I’ve lived with him for so long, how could I not know what kind of person he is? He must have something up his sleeve!” ”

“Wang Dajun looked down on the couple from the bottom of his heart. If it wasn’t for the need for the two of them to sign the surgery form, he would never have gone to them! ”

This kind of person was shameless.

“When he didn’t want his daughter, his daughter was a burden. When she found out that his daughter was rich, she shamelessly came over! ”

This kind of person didn’t deserve to be a parent at all!

“”Ms. Liu, it’s you who thinks too badly of people.”Wang Dajun continued, “Don’t think too much. We’re going to the hospital soon.” ”

Chapter 2549: 536: not to be trifled with 2

Liu Meilian didn’t say anything.

“Wang Dajun added, “Weiwei’s current situation is very bad. When you arrive, try to make her feel love and warmth. Don’t provoke her.” ”

“Liu Meilian was a little speechless and said, “Do I need you to teach me this?”How could she not know what to do? If she didn’t coax Weiwei at this time, what if Weiwei didn’t choose her? ”

Only by becoming Weiwei’s guardian would he be able to take Weiwei’s royalties.

“Therefore, even if it was an act, she would put on a good show! ”

Wang Dajun didn't say anything else.

"Soon, the car stopped at the parking lot of the hospital. "

"Liu Meilian opened the car door and said impatiently, "My daughter is staying in that Ward?" "

"Wait, I'll go up with you." "

"Liu Meilian said anxiously, "Then hurry up. I suspect that this shameless Xiang Chao has already gone over." "

"Wang Dajun said, "He shouldn't be so fast." "

"What should? Just Xiang Chao, this shameless person, what could he not do? I was really blind to find such a person back then!" Thinking of her choice back then, Liu Meilian was filled with regret. "

"After saying that, Liu Meilian started to urge Wang Dajun again. "Oh my God, Hurry Up!" "

Wang Dajun sped up and parked the car.

The two of them walked towards the inpatient department.

"Very soon, they arrived in front of Weiwei's ward. "

"Liu Meilian said impatiently, "Is it the ward in front?" "

"Yes." Wang Dajun nodded.

Liu Meilian ran forward and leaned in front of the ward to listen. Xiang Chao's voice did not come from inside. Liu Meilian heaved a sigh of relief. She did not even have time to knock on the door and ran straight inside.

Wei Wei was resting inside when she heard footsteps. She looked up and saw a middle-aged woman with dyed yellow hair walking in.

“Auntie, who are you looking for?” Wei Wei asked politely. ”

“Liu Meilian's tears came as she cried, “Wei Wei, my daughter, I'm your mother! You Don't Even Know Your Mother?” ”

Weiwei was stunned.

Liu Meilian rushed over and hugged Weiwei.

Weiwei's expression instantly turned cold as she pushed Liu Meilian away.

“Liu Meilian said very sadly, “Weiwei, you're sick. Why didn't you tell Mom? Do you know how worried Mom was about you? These days, Mom couldn't eat or sleep. It took a lot of effort to find you!” ”

“Wang Dajun, who followed behind, was stunned. ”

This was the first time he knew that a person could be so shameless to this extent!

He could actually say anything that wasn't true.

It was simply disgusting.

“I don't have a mom.” Weiwei's expression was very cold. “You got the wrong person.”

Weiwei would never forget the words Liu Meilian said to her when she cried and chased after Liu Meilian.

“I’m not your mother! Get lost!”

“You’re a burden!”

“After a long, long time, she still could not forget that scene.”

“Liu Meilian cried, “Wei Wei, you were born in my womb for ten months. How could I have mistaken you for someone else? I didn’t mistake you for someone else. You’re my precious daughter!” ”

Wei Wei did not say anything and pressed the bell.

“Soon, a nurse walked in. “What’s the matter in bed 16?” ”

“Weiwei said with a pale face, “Someone is disturbing my rest here. I don’t know her.” ”

“The nurse looked at the three of them and then walked to Liu Meilian’s side. “Madam, please leave.” ”

“Liu Meilian immediately explained, “Miss Nurse, you have misunderstood. I Am Weiwei’s mother. I really am!” ”

“The nurse had been working here for so long, so she naturally knew about Weiwei’s family situation.”

“Wow, so the person who sent Weiwei to the hospital the last time was not Weiwei’s parents. The person in front of her was.”

This was too cruel!

“Weiwei had been in the hospital for so long and she had never shown her face. Now that she suddenly showed up, it was obvious that she had bad intentions!”

““Madam, the patient said that she doesn’t know you. Please leave!”The nurse made a gesture of inviting her out.”

“Liu Meilian said anxiously, “I’m really her mother!” ”

“At this moment, Wang Dajun walked forward. “Xiao Wu, there’s nothing for you to do here. You can leave first.” ”

“Xiao Wu glanced at Liu Meilian and said awkwardly, “But...” ”

““She’s right. She’s Weiwei’s biological mother.”Wang Dajun continued, “You can leave now.” ”

“With Wang Dajun’s words, even if the nurse wanted to help Weiwei, she could only leave first.”

“She’s not my mother!”Weiwei said angrily. “I don’t have a mother. My mother died a long time ago!”

Chapter 2550: 536: not to be trifled with

“From the moment Liu Meilian said those words, she no longer had a mother!”

“Weiwei!”Liu Meilian looked at Weiwei and instantly burst into tears.

Weiwei turned her head away and did not look at her.

“Weiwei, what happened back then was all mom’s fault. You have to believe Mom. In this world, there is no one who would not love their child.” Liu Meilian cried, “I have my reasons for doing this. Good Child, can you listen to Mom’s explanation?” ”

“There were many reasons why she wanted to leave back then. Weiwei was her first child, and all mothers valued their first child more. Liu Meilian was no exception, but Xiang Chao was too much of a bastard... Liu Meilian would always think of Xiang Chao whenever she saw Weiwei... ”

“That was why she didn’t take Weiwei away during the divorce. On one hand, it was because Weiwei looked like Xiang Chao. On the other hand, it was because her new boyfriend didn’t want her to take care of the child. As long as she had a way.., she would never abandon her own daughter. ”

“Vivi, I’m telling you so much now. You might not understand. When you become a mother in the future, you will understand the pain I felt...” ”

“During this time, Weiwei didn’t say anything and just sat there. ”

“After the nurse left, she immediately spread the news. “Did you know? Vivi’s mother is here!” ”

“Weiwei was a rare patient in the hospital. In addition to her special status, everyone at the nurses’ station knew about Weiwei. ”

“As soon as she said this, someone asked curiously, “What does Weiwei’s mother look like?” ”

“Anyway, she doesn’t look like someone to be trifled with.”The nurse continued, “And I’m guessing that she definitely has bad intentions when she came here this time!” ”

“Do you even need to say that? She must have come back because she saw that Weiwei was going to earn money. Weiwei is really pitiful!”As she said this.., nurse song lowered her voice and said, “Should Weiwei’s surgery continue or not? I don’t know what she was thinking. She was actually willing to believe Dr. Wang but not Miss Ye!” ”

“Children are easy to fool. Who knows what Dr. Wang said to her!”

“No matter how good Weiwei was at earning money, she was still just a child after all. ”

How could a child expect her to have any judgment! !

““What surprised me the most was doctor Wang. He used to be an honest and honest person, but how did he become like this now? I saw the report, and he seemed to think that he was miss ye from back then, but he didn’t know...” ”

“Hearing this, nurse Zhao coughed. ”

““Cough, cough!” ”

Nurse song looked at Nurse Zhao speechlessly. “What are you coughing for! Am I wrong? It was doctor Wang’s problem to begin with...”

Nurse Zhao looked at doctor Wang who was behind nurse song and Winked at Nurse Song.

“Nurse song asked in confusion, “What’s wrong? are your eyes not feeling well?” ”

Nurse Zhao was about to suffocate.

Why did this little song seem to be a little dim-witted.

“Seeing that nurse song was about to continue, nurse Zhao’s lips immediately curled into a polite smile.  
“Hello, Doctor Wang.” ”

Nurse Zhao’s expression instantly turned horrified.

Wang Dajun was actually here!

What should he do now?

How much had he heard!

“Wang Dajun looked at nurse Zhao and said, “Little Zhao, continue talking. What’s wrong with me?” He wanted to see how Little Zhao was going to continue. ”

These people were too much!

“When they were in front of him, they had a respectful look on their faces. He had not expected them to have such a face behind their backs. ”

Just wait and see. Reality would give them a resounding slap in the face eventually!

“Little Zhao smiled. “Doctor Wang, you heard wrong just now. I did not say anything. The patient in bed 13 just looked for me. I’ll go over First!” ”

“When he said this, Little Zhao ran away like a wisp of smoke! ”

Wang Dajun did not say anything else because facts speak louder than words.

“After a while, Wang Dajun looked at nurse song and continued, “Get Ready. Tomorrow at three in the afternoon, you will perform Xiang Weiwei’s surgery. This is the surgery list.” ”

“After saying that, Wang Dajun handed the surgery list to nurse song. ”

“Nurse song reached out and took it, her expression a little stunned. ”

“So, Weiwei agreed to the surgery? ”

“Nurse Song looked at the surgery list and asked with uncertainty, “Is it Xiang Weiwei from bed 16?” ”

“The hospital was very big, so it was not strange for a patient with the same name to appear. Perhaps it was another Xiang Weiwei.”

“Wang Dajun said, “Don’t you know how to look at the surgery list yourself?” ”

“Nurse Song lowered her head to look at the surgery list again and continued, “Yes, Doctor Wang.” ”

“Nurse Song still looked calm on the surface, but she was very surprised in her heart.”
