The Almighty Dragon General Chapter 4496-The humans had ushered in a prosperous age, and all of humanity's powerhouses had gathered to celebrate.

James knew most of the powerhouses that had attended, but a few were unfamiliar faces.

Swoosh!!!

Suddenly, two light rays emerged inside the main hall and slowly materialized in a man and woman.

Thea and James had finally shown up.

As soon as they made an appearance, the noisy hall fell silent, and all attention was on them.

"James."

Henry was the first to approach. He donned a set of golden armor, striding forward like a mighty warrior.

"James."

"James!"

Soon, a crowd of people familiar with James gathered near him.

James greeted them with bright smiles. After the brief chatter, he walked over to Jacopo and whispered, "It's almost time."

Jacopo nodded lightly in response. Then, he ascended to the golden throne and took his seat under countless gazes. A colorful glare shone down from the sky and enveloped him. He formed a connection with the Human Universe's Heavenly Path and inherited a trace of the Heavenly Path's aura. At that moment, there was an ethereal aura around him.

"Congratulations!"

Celebratory shouts echoed throughout the hall.

Jacopo gestured to the audience to quiet down, and the hall immediately fell silent.

He stood up and said, "I'm honored to have the support of everyone in becoming the Human Race's Lord as well as the Human Universe's Lord. I give my word to shoulder the responsibility of leading humans to glory and will keep working hard to ensure the eternal prosperity of our kind!"

"The Heavenly Court is the most important establishment of our race. It doesn't belong to me alone but belongs to all of humanity. It requires the constitution of countless people."

While speaking, Jacopo stretched out his hand and grabbed a golden book out of thin air.

"This is the Designation Book written by my father and mother, and our Heavenly Path has approved it."

Jacopo flipped open the golden book. On the first page, a title along with a name was written on it-the Heavenly Court's Lord, Jacopo Caden.

"The Heavenly Court will be divided into Thirty-Three Heavens. The Heavenly Court's main hall will be located in the Thirty-Third Heaven. A Heavenly Lord shall be appointed to each of the Thirty-Three Heavens. Next, I will announce the Heavenly Lord of each Heaven."

Everyone held their breaths at the announcement.

The succession ceremony was mainly held to celebrate Jacopo becoming the Human Race's Lord. At the same time, it was also an appointment ceremony to announce the Heavenly Court's roles.

Although most of the human cultivators were not interested in fame, acquiring an important role in the Heavenly Court would allow them to receive a huge portion of the humans' luck and benefit their cultivation.

"The Thirty-Three Heavenly Courts are not ranked and hold the same power."

"Henry," Jacopo announced the first name.

Henry stepped forward, knelt on one knee, and replied, "I'm here, my Lord!"

“My parents have nominated you, and the Heavenly Path has given its blessings for your appointment as the Heavenly Lord of the First Heaven.”

Henry responded immediately, “I will do my best in managing the First Heaven to live up to your expectation.”

Jacopo gently waved his hand, and a golden light emerged from his palm, pouring down on Henry.

At that moment, Henry’s aura changed and became incredibly mysterious.

The Almighty Dragon General Chapter 4497-Henry looked sacred and mysterious as a golden radiance emitted from his body.

Many of the powerhouses gathered in the hall were envious at the sight.

The Heavenly Lord of the Heavenly Court was a high status among the humans. A Heavenly Lord would occupy a tremendous amount of luck, only inferior to the Heavenly Court’s Lord.

Moreover, a Heavenly Lord could borrow the Heavenly Path’s Powers.

Jacopo continued with the appointment. “Sophie.”

A slender, beautiful woman wearing a blue dress walked out of the crowd and got down on one knee.

“Yes, my Lord.”

Sophie used to be James’ mentor and was highly respected by him. Despite that, she followed proper protocol before the Heavenly Court’s Lord.

Jacopo waved his hand, and a powerful force emerged to pull Sophie back to her feet. He said smilingly, “As a Heavenly Lord, you need not kneel before me.”

Sophie stood straight, awaiting the announcement.

“You’ve been nominated by my parents and have received the Heavenly Path’s blessing as well. I now name you as the Heavenly Lord of the Second Heaven.”

A golden light immediately shone down on her. Sophie went through a transformation, and her aura increased tremendously.

“I object!” called out a voice from the hall.

Everyone immediately turned in the direction of the source.

A man wearing a black robe strode forward.

It was the Omnipotent Lord, the former Lord of the First Universe.

Jacopo looked at the Omnipotent Lord and asked, “What is the reason you object?”

The Omnipotent Lord replied, “She is not qualified to be a Heavenly Lord. Her cultivation rank is too low to be worthy of such a title.”

When James was still weak, Sophie was indeed considered a powerhouse.

However, she had been improving rather slowly. After such a long time, she had not reached the Quasi Acme Rank yet and was still a Macrocosm Ancestral God.

The Omnipotent Lord looked at the other powerhouses in the hall and laughed aloud, “If a Macrocosm Ancestral God like her can become a Heavenly Lord, everyone here is qualified. Instead of the Thirty-Three Heavens, why don’t you create a Three-Million Heavens and make everyone here a Heavenly Lord?”

James and Thea silently watched from aside.

“Presumptuous!” Jacopo’s face darkened. He waved his hand and unleashed a powerful force. Unable to withstand the pressure, the Omnipotent Lord was forced to his knees.

Jacopo shouted, “After the battle in the Primordial Realm Era, the humans had entered a dark age. Who led the humans back to glory? It was the Human Race’s matron, Thea, as well as James. During this period, there have been many obstacles. When my father was still weak, Sophie was the one that

guided him. She saved him time and time again, even almost sacrificing her life for him.

“Without Sophie, my father would have never achieved what he did today.

“And without my father, the humans would not have peace.

“If Sophie is not qualified, then who is?

‘The Designation Book is a list of names nominated by my parents. However, they will have to be approved by the Heavenly Path. Since her name has remained in the Designation Book, she has already obtained the Heavenly Path’s blessings.”

Jacopo’s assertive voice resounded through the hall, leaving the Omnipotent Lord speechless.

After making his point, Jacopo withdrew his force. The Omnipotent Lord was relieved from the pressure and stood up from the ground. His face was pale as he silently returned to the crowd.

James’ smiled faintly at the sight and tightly held onto Thea’s hand. He was satisfied with how Jacopo handled the situation.

The Almighty Dragon General Chapter 4498-James and Thea carefully discussed the list recorded in the Designation Book and nominated every Heavenly Lord.

Jacopo claimed that everyone had obtained the Heavenly Path’s permission. In fact, James and Thea simply added the Heavenly Path’s Power to the Designation Book. As a result, those appointed would be blessed by the Heavenly Path’s Power.

James and Thea had reached extreme heights in cultivation and were already out of the Heavenly Path’s control. Thus, they had the final say in the Human Universe’s affairs.

The powerhouses gathered inside were still too weak to understand these things. To them, the Heavenly Path was a superior existence.

Henry and Sophie were appointed Heavenly Lords of the First Heaven and Second Heaven, respectively.

Jacopo flipped the golden book and continued the announcement.

‘The Heavenly Lord of the Third Heaven is Brielle Labhrann.’

A beautiful woman walked out of the crowd in a white dress.

She stood in the forefront of the audience. However, her eyes were not looking at Jacopo. Instead, her gaze fixated on James and Thea, who were standing on the side.

Brielle was a cultivator with great potential. Although she was not human, it did not prevent her from being appointed as a Heavenly Lord.

She was appointed mainly because of her inextricable relationship with James.

James felt guilty toward her and gave her a position as a Heavenly Lord.

Brielle was the first cultivator to become a Grand Emperor in the Apocalypse Age. She was currently a Nine-Power Macrocosm Ancestral God close to becoming a Quasi Acmean.

“Brielle, you shall be in charge of the Third Heaven.”

Jacopo waved his hand, and golden light emerged from his palm.

Brielle looked like a goddess as the light wrapped around her body.

‘Thank you, Lord Jacopo.’

After receiving her appointment, Brielle stepped to the side.

“Heavenly Lord of the Forth Heaven, Maxine Caden.”

An attractive woman stepped forward and raised her head to meet Jacopo’s gaze. Then, her eyes shifted to James and Thea standing beside Jacopo. A bitter feeling rose in her heart.

She was glad the humans had ushered in a prosperous era.

However, she knew she was given a position as one of the Heavenly Lords because of James and not her capabilities.

She was in denial and refused to accept the current situation.

Her Karmic connection with James and Thea would be severed if she accepted the position.

Under countless envious eyes, Maxine said, "I refuse the position."

"She rejected it?"

The powerhouses in the hall were shocked. Even Jacopo was not expecting such a situation.

Winnie walked over and asked, "What's the matter, Aunt Maxine?"

"I'm used to being unrestrained and don't want to be tied down to the Heavenly Court."

Maxine forced a smile.

"I'll see everyone some other time."

She quickly turned around and left the Heavenly Court.

Today was a happy event for James' family, and staying would only deepen her pain.

Jacopo was slightly at a loss after Maxine refused to be appointed.

Thea took James' hand and pinched him. However, he had a strong physique. In the end, she was the one that suffered, and her face twitched.

After Maxine left, the appointment ceremony continued.

"Heavenly Lord of the Fifth Heaven, Tiara Youngblood."

A golden light emerged from Jacopo's palm again, falling on Tiara's body.

Tiara instantly went through a transformation, and her aura changed.

James was repaying a few people by appointing them as Heavenly Lords. At the same time, he wanted to sever the Karma he had between a few people.

Tiara said sweetly, 'Thank you, Lord Jacopo,'

"Heavenly Lord of the Sixth Heaven, Lucifer Menachem?"

"Me?"

The Almighty Dragon General Chapter 4499-Lucifer was wearing a black robe at the back of the hall.

In the past, he was a powerhouse of the Twelfth Universe. When James had not grown into a peerless powerhouse yet, they were rivals on par with each other. As time passed, James surpassed him.

Although not a human, Lucier was born in the Human Universe.

He had attended simply to watch the succession ceremony and was not expecting to be appointed as one of the Heavenly Lords.

After a brief shock, he recomposed himself and replied, "Thank you, Lord Jacopo!"

"Heavenly Lord of the Seventh Heaven, Helvius Daniela.

"Heavenly Lord of the Eighth Heaven, Silvester Daniela.

"Heavenly Lord of the Ninth Heaven, Xandros Tegan.

"Heavenly Lord of the Tenth Heaven, Yaraka Xenmour.

"Heavenly Lord of the Eleventh Heaven, Qusai Gael.

"Heavenly Lord of the Twelfth Heaven, Henrik Declan.

"Heavenly Lord of the Thirteenth Heaven, Kallinikos Yoav.

"Heavenly Lord of the Fourteenth Heaven, Jabari.

"Heavenly Lord of the Fifteenth Heaven, Quincy Xenos."

The appointment ceremony proceeded for a long time in the main hall. Most of those assigned as Heavenly Lords were related to James or had contributed significantly to humanity over the years.

Maxine, on the other hand, was the only one to turn down the position and leave the Heavenly Court.

She was considered a powerhouse in the current age. Even though she lacked the strength to transverse the Chaotic Void to other universes, she could go anywhere in the Human Universe.

Maxine left searching for a spiritual mountain in a desolate area, intending to spend eternity alone.

After finally finding a place to settle down, a white light suddenly shone in front of her.

Swoosh!

A woman materialized from the light.

Although the woman was right before Maxine, her appearance was obscured.

Maxine asked, “W-Who are you?”

While staring at the woman, Maxine took a few steps backward.

The woman examined Maxine from head to toe and nodded in satisfaction. Then, she said, “Not bad. Do you want to be my disciple?”

“No.”

After a brief shock, Maxine quickly turned around and left.

She had lost interest in everything.

The woman was also shocked by her reaction. She had personally come to recruit Maxine as a disciple but was turned down. Others would ridicule her if word got out that a human refused her offer.

“You’re not allowed to refuse.”

The woman smiled faintly and waved her hand. A powerful force emerged and wrapped around Maxine. Suddenly, the two disappeared from the area.

Meanwhile, the appointment ceremony in the Heavenly Court’s hall was ongoing.

“Heavenly Lord of the Thirtieth Heaven, Melinda Theophanes.

“Heavenly Lord of the Thirty-First Heaven, Radomir Theophanes.

“Heavenly Lord of the Thirty-Second Heaven, Xosha Meredith.

“Heavenly Lord of the Thirty-Third Heaven, Sienna Callahan.

“Heavenly Court’s War God, Noel Caden.

“Heavenly Court’s Law Enforcer, Winnie Caden.”

The Heavenly Court's various roles were announced.

Apart from James' family and friends, several powerhouses that were unfamiliar to him were also appointed in different roles.

Tens of thousands of living beings constituted the Human Universe's Heavenly Court, from the highest position being the Heavenly Court's Lord to the lowest being a minor general.

The appointment ceremony lasted for several days.

After it was over, James announced the Heavenly Court's rules and regulations. After going through them, they were added to the Heavenly Path. From that point onward, anyone that violated the Heavenly Court's rules would be judged and punished by Winnie.

The Almighty Dragon General Chapter 4500-The Human Race's Supreme Universe had successfully formed, and Jacopo became the Heavenly Court's Lord. In addition, many human powerhouses were appointed to essential roles in the Heavenly Court.

Meanwhile, Thea and James, the Human Race's heroes, did not take on any positions.

Although they had no roles in the Heavenly Court, they had the final say in the Human Universe's affairs. Even so, they did not want to involve themselves too much and wanted to live leisurely in seclusion.

As for Soren, James had appointed him to an important position despite his absence.

He was assigned as the Supreme Lord and was given a Supreme Palace above the Thirty-Three Heavens. His authority was equal to Jacopo, the Heavenly Court's Lord.

After the entire appointment ceremony was over, James announced his wedding to Thea.

The wedding ceremony was to be held in Mount Bane three hundred years later.

Everyone was invited to celebrate with them.

After completing these official affairs, James and Thea lived in seclusion within Mount Bane. During this period, they began to wholeheartedly prepare for the wedding

ceremony. James wanted to organize a grand and romantic wedding for Thea.

Meanwhile, Maxine was brought to a mysterious place within the Greater Realms.

She stood puzzledly before a waterfall and stared at the beautiful woman opposite her.

The woman's appearance was no longer obstructed. She wore a white dress, had a gorgeous face, and seemed too perfect to be true. Even Maxine felt slightly inferior in front of her.

Maxine stared at the woman and asked, "Who are you? Why did you bring me here?"

"You should call me Madam."

The woman smiled faintly and waved her hand. Suddenly, a gazebo materialized in front of them. She pointed to the chairs and gestured for Maxine to sit.

Maxine took a seat, looked at her, and said, "I already told you I don't want to be your disciple."

The woman sat and replied, "You shouldn't be in such a rush to turn me down. You might change your mind after listening to me."

"Is that so?"

Maxine was intrigued and curious about what the woman wanted to say.

The woman smiled and said, "Aren't you envious of Thea?"

She saved the Human Race with James and led humanity into a prosperous era. However, saving the Human Race is nothing impressive. Only the one who saves the Greater Realms is worthy of being called a hero."

Maxine's brows furrowed. "What do you mean?"

The woman looked at Maxine seriously and asked, "Have you heard of the Sky Burial Age?"

"The Sky Burial Age?" Maxine was puzzled.

Her cultivation was not high enough to come in contact with this stuff. Thus, she was oblivious to the Sky Burial Age.

She shook her head lightly and said, "I've never heard of it before."

The woman explained, "From ancient times to present times, there have been two Sky Burials. During the first Sky Burial, countless powerhouses at the Caelum Acme Rank roamed the Greater Realms. Many extraordinary prodigies were born, and they went on to create various potent Supernatural Powers, which have been handed down to this day.

"However, these powerhouses died because of the Sky Burial.

"Despite that, many Caelum Powerhouses were still in the Greater Realms before the second Sky Burial. Unfortunately, all of them perished during it.

"Soon, the third Sky Burial will happen, which is also called the Mega Sky Burial. When it befalls us, all powerhouses will be wiped out. At the same time, the Chaos Heavenly Path will also be destroyed. If the Chaos Heavenly Path ceases to exist, everything will vanish."
