

The Almighty Dragon General

The Almighty Dragon General Chapter 6551-Taken aback, the Tai Chi Messenger raised his head. “I can’t sense your cultivation rank. You must be a powerhouse above the Fourth Xaeclon Rank.” “However, this Genesis World doesn’t have a powerhouse in the Xaeclon Rank. So, you must be from Zymurgy. You came here without Tai Chi’s permission. You have gone against the Law of Tai Chi...”

Bang!

The loud sound was sudden. James shot out a ray of three-colored power that consisted of gray, black and white. The power immediately hit the Tai Chi Messenger.

Following a loud crash, the Tai Chi Messenger collided against the wall. He spat out a mouthful of blood. He was shocked.

Yaquis Holiness was stunned. He couldn’t believe the supreme Tai Chi Messenger who domineered the Genesis World would face this tribulation.

Who was the mysterious and cool middle-aged living being? Why was his strength so terrifying?

“The Law of Tai Chi?” James said disdainfully, “That’s nothing before me.

Get over here.”

The Tai Chi Messenger’s face twitched. He clutched his chest and asked, “What power did you use? Why have I never seen it before?” “Aren’t you going to listen to my order?” James raised his hand. The Tai Chi Messenger immediately appeared before him and knelt on the ground.

Upon seeing that, James laughed. ‘Did Yehria send a fool here? The Tai Chi Messenger was hypocritical moments ago. Why is he such a coward now?’ he thought.

James didn’t expect the Tai Chi Messenger to have such an attitude. He didn’t know if he should kill the latter.

Hurriedly, the Tai Chi Messenger bowed at James. "May I know who you are? If I have offended you, please forgive me." "What if I don't want to forgive you?" James asked.

The Tai Chi Messenger was taken aback. "You..." "As for who I am..." James touched the tip of his nose. "Let me put it this way. Even if your master sees me, he has to address me respectfully."

At once, the Tai Chi Messenger was enraged. "How dare..." "How dare you weakling shout in front of me?" James cut him off domineeringly. "Tell me. How do you want to die?"

The Tai Chi Messenger gritted his teeth and roared, "I'm a messenger sent by Sir Tai Chi. No matter who you are, you don't have the right to punish me. Before he could finish his words, James blinked his eyes and activated the Chaos Yin-Yang Eyes. Two rays of black light restrained the Tai Chi Messenger. At the same time, his Soul Energy Ball was taken out.

After keeping his soul, James smiled meaningfully.

The Tai Chi Messenger came from the Twenty-Seventh Heaven and was one of the five great disciples of Tai Chi. He was in the Fourth Xaeclon Rank. No wonder Tai Chi protected him so much.

Although the Tai Chi Messenger was human, he was evil. He used many young female living beings of the Genesis World to carry out Dual Cultivation and absorb their souls. Then, he refined the female living beings' bodies into elixirs to reward the living beings who contributed to the Genesis World.

There were no rules or ethics at all. He had no limits.

Standing to the side, Yaquis Holiness was shocked upon seeing the scene. "No matter who you are, you shouldn't..." "You're the leader of the new alliance." Suddenly, James cut him off. "You're a generational powerhouse. You dominated a part of the Genesis World. But for the sake of the leader position of the new alliance, you didn't hesitate to help this crazy Tai Chi Messenger to kill many young female living beings of the Genesis World."

The Almighty Dragon General Chapter 6552-“In fact, you let your concubines and wife carry out Dual Cultivation with him. You’re so servile. You have lost your conscience,” said James.

Yaquis Holiness’ eyes widened. It was like a bolt out of the blue. Only he and the Tai Chi Messenger knew about these vile things. How did that person find out about it? Did he really know how to absorb souls and read minds?

However, in the next second, James sneered at the Tai Chi Messenger, who was restrained, and said, “Since you have done so many evil deeds, I’ll seal you up. When I think about how to kill you, I’ll make a decision.”

Then, he pushed out his palm. At once, a terrifying three-colored power of gray, black and white engulfed the Tai Chi Messenger.

While the Tai Chi Messenger was crying out in pain, he was sealed.

Upon seeing that, Yaquis Holiness was so shocked that he quickly knocked his head on the ground.

He was afraid that James was going to do the same to him. After all, he was still obsessed with his current status and power. Putting death aside, even sealing was a disaster to him.

After sealing the Tai Chi Messenger, James looked at Yaquis Holiness. “Do you really think you can get everything by serving Tai Chi?”

When Yaquis Holiness heard that, he raised his head. “Sir, please advise me.

“I don’t have any advice for you.” James said, “I’m just going to ask you one thing. Where is Truett?”

At the mention of Truett, Yaquis Holiness was astonished. “Are you here for Truett?”

James was irritated. He thought that Yaquis Holiness was too annoying. He blinked his eyes again. The Chaos Yin-Yang Eyes instantly shot out two rays of light. Yaquis Holiness’ soul was summoned. A search was carried out.

Unfortunately, after searching Yaquis Holiness’ memory, James didn’t find anything about Truett’s whereabouts. Nonetheless, he had a new discovery.

James looked at the two tiny Soul Energy Balls, and his expression darkened.

What method did Hetsema use to kill them? Everything of theirs had been destroyed. Thankfully, their souls were special. Thus, they could still reincarnate.

Yaquis Holiness targeted this. That was why he collected their souls. He wanted to give them to the Tai Chi Messenger when the time was right.

At that thought, James said to Lesia, 'TH give you their souls first. Please nourish them. When we arrive in the Forladtt Land, I will cast their bodies again.'

Lesia nodded and said, "Haven't you decided on what to do with the two of them?"

James sighed and nodded. "Initially, I was planning to just kill them. But I keep feeling that it will be a loss." "I get it," Lesia said, "You think that once Yaquis Holiness is killed, the forces of the new alliance will be in chaos. Then, the Righteous Alliance will benefit from it. In that way, Xachary and Gladwin can take advantage of the situation."

James responded, "Yeah. Now the Genesis World has three main forces.

Even if Tai Chi knows about it, he won't violate the Law of Paths.

"Currently, I need time. I still need to find enough materials to create an exotic space similar to the Tirta Grand Formation and the Forladtt Land. Otherwise, our efforts will go to waste." "Kill one and stun one then." Lesia said, "I saw Yaquis Holiness' soul just now. He's ambitious and has a strong desire for power. I don't think he's willing to be a slave for Tai Chi. It's just that he doesn't have the power to fight back."

Upon hearing that, James narrowed his eyes. "Do you mean that I will be in control of Yaquis Holiness and the new alliance if I kill the Tai Chi Messenger?"

The Almighty Dragon General Chapter 6553-At once, Lesia said, "This idea is better. I think it'll work." "It isn't rigorous enough," James said, "I'm currently in the dark. Not many people know about my real identity. We need to take advantage of this to let them stay in the cloud. Even Tai Chi won't be able to get a hang of the situation."

Upon hearing that, Lesia fell silent.

On the other hand, James said, "We need to take advantage of the Tai Chi Messenger's identity to make a deal between the new alliance and the Righteous Alliance. It's best to let them fight and kill each other." "Only in this way can we further weaken Tai Chi's power in the Genesis World. In this way, we can accumulate more power for the Solstice Alliance and buy me more time." "When Tai Chi returns to his senses, she won't guess that we are the ones behind this. The Tai Chi Messenger that I'm impersonating will be blamed for everything. At the same time, it will mean that Yaquis Holiness and the forces of the new alliance will be offended. Who else will be loyal to her?"

Upon hearing that, Lesia laughed. "Your scheme will anger Yehria. But I like it. I support you."

After discussing with Lesia, James raised his hand. The three-colored power shot out. It erased Yaquis Holiness' memory of meeting him.

Then, James activated the Hongrome Hidden Bead. In the blink of an eye, he turned into the Tai Chi Messenger's appearance. After comparing it with the real Tai Chi Messenger that was sealed. James was satisfied.

After that, he waved his hand again. He put the sealed Tai Chi Messenger into the Yuraeceon Genesis Bell and let Lesia suppress him.

Meanwhile, Nando, whose soul was restricted, was kept by him temporarily too."

After doing all of that, James smiled strangely. "A good show will be happening next." Then, he blinked. Instantly, he withdrew the Chaos Yin-Yang Eyes Power that restricted Yaquis Holiness.

In that instant, with a flash of black light, the Soul Energy Ball was quickly taken back into Yaquis Holiness' body. Then, he woke up again.

Confused, he looked at his surrounding areas. After that, his gaze landed on James who had turned into the Tai Chi Messenger.

Yaquis Holiness' face twitched. He asked, "W-What happened to me just now?" "I have put a restriction on you," said James.

“R-Restriction?” Yaquis Holiness was taken aback. “Why?” “Because you were eager to save your son, you almost fell into the Demonic Path.” James put his hands behind his back and turned around. I’m also afraid that you will cause trouble.”

Yaquis Holiness shuddered. Instantly, he knelt on the ground. “Please save my son. Since I helped you so much in the past...” “That’s enough.” Suddenly, James interrupted him domineeringly. “I used my Zen to check just now. I have understood the situation roughly. I can’t help you. I’m afraid that you don’t have the courage to save your son either.”

Upon hearing that, Yaquis Holiness raised his head. “W-What do you mean?” “Our relationship isn’t bad, right? I’ll be frank with you.” James sighed. ‘The spectacle of dominating the Genesis World isn’t caused by the Dark Heavenly Path. Instead, it’s caused deliberately by the powerhouses of the Genesis World.’

The Almighty Dragon General Chapter 6554-‘The powerhouses of Genesis World?’ Yaquis Holiness acted as if he was grabbing onto his last ray of home. At once, he stood up and asked, “In the entire Genesis World, aside from the Skynet’s and the Forladtt Land’s army, who else dares to touch US?”

James pretended to be helpless and shook his head. Then, he put his hands behind his back and turned around again. He remained silent.

Watching James’ actions, Yaquis Holiness understood what was going on. ” Is it the Righteous Alliance, Xachary, Gladwin, or the darn Hetsema?”

James laughed silently, but he still kept silent.

Yaquis Holiness was anxious. At once, he appeared before James. “You’re the messenger of Tai Chi. Are you afraid of them?”

Acting as the Tai Chi Messenger, James snorted. ‘They’re nothing to me.

Why will I be afraid of them? It’s just that...” “I got it.” Yaquis Holiness frowned. “You don’t want to offend the Tai Chi Messenger stationed in the Righteous Alliance, Xabat Dacosta...” “Who does he think he is?” James sneered and said, “I have been wanting to deal with him long ago. It’s just that if I fight against them, it will be tough for Tai Chi.” “Why?” Yaquis was furious

as he said, 'The law of Genesis World has always been the strong preying on the weak. Power is respected. Besides, they're the ones who took action first.

'The moment they made a move, they occupied one of our Great Genesis Worlds and dozens of Micro Genesis Worlds. They have also kidnapped billions of elites from US.

'They're the ones who started this. Even if this situation is reported to Tai Chi, it isn't our fault.'

Seeing how Yaquis Holiness was trying his best to incite him, James found it funny. It would be better if Yaquis Holiness incited him more. Then, he would release all of his ambitions. It would save trouble this way.

When he saw that James, who was acting as the Tai Chi Messenger, was unmoved, Yaquis Holiness knelt on the ground. "We have a close relationship. Let me be frank with you. I hope you won't be offended."

James grunted in response. Then, he raised his hand and engulfed themselves in a Soundproof Barrier.

Yaquis Holiness grabbed onto whatever hope there may be as he watched this. Hurriedly, he said, "You're talented, wise and powerful. You're also Tai Chi's direct disciple. You're highly regarded by him.

"So, Tai Chi sent you to Zymurgy to be in charge of our new alliance. He has high hopes for you.

"Although I have never gone to Zymurgy, I have heard some rumors. Now, the position of the Yin governor under Tai Chi hasn't been decided. He must be still hesitating about it, right?"

Upon hearing that, James hissed. "Do you mean that I might take over the position?" "That depends on your performance." Yaquis Holiness enunciated each word and said, "Encircling and suppressing the demons from Genesis World and the Skynet's Forladtt Land is a great achievement. Even though you have contributed to a great achievement, Xabat has made a great achievement too. However, there's only one position for the Yin governor."

Then, Yaquis Holiness looked at James, who was acting as the Tai Chi Messenger. "Now, the demons from the Skynet and the Forladtt Land are

already on their last breaths. They can't recover their energy and rise in a short time.

"In this long lifetime, do you want to live a calm and peaceful life without accomplishing anything?"

The Almighty Dragon General Chapter 6555-When James heard that, his expression remained unchanged, but he was laughing on the inside.

Yaquis Holiness would do anything for his son. He fanned the flames to such an extent. He even used the position of the Yin governor as a wager.

It seemed that Yaquis Holiness was determined to fight against the Righteous Alliance and fulfill his ambitions. Since he was so anxious for his son, James decided to go along with it to save trouble.

At that thought, James waved his hand and pulled up Yaquis Holiness with a ray of power.

"Do you mean that by starting a war against the Righteous Alliance, Tai Chi will also see how strong the new alliance under my control is and whether it is better than the Righteous Alliance under Xabat's control?" "That's right!" Yaquis Holiness nodded hurriedly. "Even if you don't think that way, Xabat will think that way. otherwise, why will he suddenly scheme against US?"

James slowly turned around. A while of silence later, he said, "The new alliance has lost billions of elites from the three great sects. Is the new alliance still the Righteous Alliance's match?"

At that, Yaquis Holiness laughed. "Although my cultivation rank is lower than yours, you've underestimated me!"

James pretended to acknowledge him.

With a sinister expression, Yaquis Holiness smiled and said, 'To be honest, I don't care if they're elites. They're just ashes to US. Since the other forces of the new alliance have been wiped out, Yaquis Sect is enough to fight against the Righteous Alliance.'

As expected, Yaquis Holiness ignored public outrage and went in the opposite direction. He removed a large number of elites from various sects and forces under the new alliance and enriched the Yaquis Sect he was in charge of personally.

From this, one could tell that Yaquis Holiness was indeed a hero of his generation.

After keeping silent for a while, James patted Yaquis Holiness on his shoulder. "Go and gather your subordinates. I want to say something to them in person."

Yaquis Holiness was taken aback. He was excited. "We just need to devise a plan and let them carry it out. There's no need to discuss." "No!" James shook his head. "Since we want to start a war, the outcome of the first fight is important. We need to be kind to them first. Otherwise, they won't risk their lives for us."

Yaquis Holiness nodded in a hurry. Then, he walked out of the hall with big strides. He let out a ray of dazzling golden light outside the hall.

Soon, in the new alliance's headquarters, dozens of Sect Leaders appeared.

Among them, James recognized someone. It was the Javerigh Sect's Leader, Waldo.

After some passionate instigation, Yaquis Holiness created the illusion of the Righteous Alliance and how they bullied the new alliance. He fanned fire to the flames. The Sect Leaders present exchanged glances. Unexpectedly, they weren't furious. Instead, they were in a panic.

Upon seeing that, Yaquis Holiness looked at James again. He looked like he was signaling for him to make an appearance.

James smiled inwardly. Then, he slowly walked to the main seat.

Following the appearance of the Tai Chi Messenger, who was James, all the powerhouses knelt on the ground. The place that was initially noisy quieted down.

The Almighty Dragon General Chapter 6556-“I will only say three things.” James said coldly, “Firstly, the target of this war is the four Great Genesis Worlds and thirty-two Micro Genesis Worlds led by Hetsema.”

The entire place was in an uproar at those words.

“Secondly,” James ignored them and continued, “For this battle, the benefits are divided based on the fight. Whichever sect conquers the area, everything in it will belong to that sect. No other forces can covet it.”

Then, he scanned the crowd. “As for the powerhouse in the Xaeclon Rank from the Righteous Alliance, leave him to me. I’ll leave the rest to you.”

At once, the Sect Leaders who were kneeling on the ground raised their heads with bright eyes. They looked greedy.

They didn’t expect the mysterious and stern Tai Chi Messenger to issue such an order. More importantly, the target of the attack was the Righteous Alliance.

James looked at them and said, “Everyone, although all of you are members of the new alliance, each sect and Orthodox still have to develop independently. This is your only opportunity to rise again. Whether or not you can seize it depends on your capability.”

These words completely ignited the ambition of the Sect Leaders. Waldo was the first to stand up. He raised his fist and shouted for the war to start.

Then, the other Sect Leaders also stood up and shouted, “We must win the war.” “Great.” James nodded at them. “Now, listen to your Sir Yaquis’ plan.” After that, James sat down in the main seat.”

Watching Yaquis Holiness walk down the steps and discuss the plan with the Sect Leaders, he felt happy.

Finally, he understood why people liked to drive the enemy to go after idiots but add benefits to themselves. It was refreshing.

After the discussion between Yaquis Holiness and the Sect Leaders, a complete plan was devised.

James already knew about the plan when he searched Yaquis Holiness' soul. After all, the plan had been brewing in the latter's mind for more than an epoch.

Once the plan was confirmed and the time was decided, James left by using the excuse of dealing with the powerhouse in the Xaeclon Rank from the Righteous Alliance.

He wasn't worried about Yaquis Holiness. The latter had been waiting for this chance for a long time to save his son. It was just that the real Tai Chi Messenger was too cautious and looked down on Yaquis Holiness. Thus, he never agreed to this.

Now that the Yaquis Holiness held the power of war and was in charge of the command, he finally had the opportunity to show his ambition. How could he not work hard?

Meanwhile, after James left the new alliance's headquarters, he didn't return to the Sky Bridge. Instead, he activated the Terrastride Step and appeared in a mysterious realm that was covered in mist.

He was engulfed by the black-and-white gas. Suddenly, he flashed and turned into Yaquis Holiness' appearance.

At this time, he looked forward. There was a figure sitting with his legs crossed on the top of a mountain. The person had a sinister smile.

James appeared on the top of the mountain. With his back against the figure, he fell silent.

The Almighty Dragon General Chapter 6557-On the other hand, the figure frowned. A while later, he opened his eyes.

Two rays of light flashed across his eyes.

He was the guardian of the Timaeus Sect, Gladwin.

"Stop cultivating." James, with Yaquis Holiness' appearance, gradually sat down. "No matter how hard you cultivate, you can't enter the Xaeclon Rank."

Gladwin was taken aback. He stared at James. "Why are you here?"

He didn't recognize who James was. Did he really think he was Yaquis Holiness? James laughed in his heart. Then, he threw a rock. 'There isn't anyone here. What's with your attitude? We have reached a consensus, haven't we?'

Gladwin's face twitched. Then, he snorted and asked, "What do you want?"

James smiled and said, "Gladwin, the days in the Timaeus Sect aren't nice, right? After all, the Timaeus Sect needs to face the suppression of Xachary and Hetsema. Even though there are still loyal supporters, it's getting weaker."

Hearing that, Gladwin sneered and said, "Are you trying to make me join your new alliance?" "No." With a smile, James waved his hand. "I'm only here to have a chat with you. I'm too bored."

Watching James' actions, Gladwin found it strange. "Your actions are unusual today. Are you still the Yaquis I know?"

It had been a long time since James met Gladwin. The latter had become smarter.

James thought that way. Then, he smiled and asked, 'There are no outsiders here. Why are you still putting up an act?'

Gladwin frowned. 'Tell me why you're here.' James slowly reached out his hand and looked at the sky. "How nice do you think it'll be if rain pours in this Genesis World?"

Looking at James' actions, Gladwin clenched his fists irritably. "I don't have the time to play riddles with you!" "It's going to rain soon." James looked at Gladwin. "It'll be a heavy storm."

Do you want to be in the storm?" At that, Gladwin's expression changed. "Be more clear..." 'Three days later, the new alliance will start a war against the areas under Hetsema's control,' James spoke calmly, but Gladwin was shocked.

Gladwin stood up. He stared at James as if he was staring at a lunatic." How dare you start a war against the Righteous Alliance? Are you seeking death?" "The ages are lonely." James sighed and said, "I have nothing to do. So, this is just for fun." Gladwin's face twitched. He shouted angrily, "Do you know we will all die once you start a war and break the balance of the entire Genesis

World? By then, the Skynet and the Forladtt Land will take the opportunity to fight back.” “Balance.” James snorted and said, “Gladwin, what can you obtain from this balance? Is it oppression, ridicule, or being ordered around like a slave?”

Gladwin was at a loss for words when he heard that.

“Besides, the Skynet and the Forladtt Land have weakened. They can’t fight back in a short time.” James clapped his hands and stood up. Then, he walked over to Gladwin. “Gladwin, about our previous agreement, it’s time for you to do something. I came here to see you because of this.”

Facing James, acting as Yaquis Holiness, Gladwin took a sharp breath.” Are you crazy? Even if Xachary and Hetsema can’t kill you, the Tai Chi Messenger won’t let you off the hook!” “Without the Tai Chi Messenger’s permission, do you think I will start a war?” James smiled and asked.

Gladwin was stunned again.

“Of course.” James sighed and said, “If you want to be oppressed by Xachary forever and have your position snatched away by Hetsema, be my guest. I won’t suffer any loss. I just find it a pity because you’re my friend.”

Each of his words was aimed toward Gladwin, like needles pushing into his skin, and Gladwin grew agitated.

However, James obtained these pieces of information from Yaquis Holiness’ soul. Thus, he was calm.

In actuality, Xachary and Gladwin had already conspired in the dark. This was where Yaquis Holiness was smart. He knew that Gladwin and Xachary didn’t like each other. So, when trying to win over Gladwin, the two gradually formed a tacit understanding. Thus, when the new alliance and the Righteous Alliance fought, Gladwin didn’t participate.

Because of the relationship between Yaquis Holiness and Gladwin., James turned into Yaquis Holiness’ appearance to look for him After all, to start a war between the Righteous Alliance and the new alliance, Gladwin was a force that couldn’t be avoided.

The Righteous Alliance had the Timaeus Sect as the leader. They were stronger than the new alliance. Aside from that, the three sects of the new

alliance had been taken away. Even if Yaquis Holiness had a backup plan, he might not be a match for the entire Righteous Alliance.

If James wanted to find balance and let them fight endlessly, he couldn't see the collapse of one party in a short time. It was a must to let Gladwin keep watch of the two parties.

As long as Gladwin didn't participate in the battle, the Timaeus Sect and the new alliance would be equal.

Looking at James, Gladwin narrowed his eyes. "So, you plan to join US and fight against the Righteous Alliance?" "No!" James shook his head. "I want you to watch from the sidelines and maintain our tacit understanding. By then, we can benefit from it."

At that, Gladwin frowned. In the past, he did have such a tacit understanding with Yaquis Holiness. However, in this situation, there were huge changes.

Upon thinking of that, Gladwin stared at James and asked, "Was the spectacle of ruling the Genesis World done by you?"

With a smile, James said, "No. The Righteous Alliance did that."

Gladwin was shocked. "Do you mean that Hetsema has successfully cultivated the Demonic Body?"

The Almighty Dragon General Chapter 6558-is Hetsema cultivating the Demonic Body?' James was taken aback. When he was searching Yaquis Holiness' soul, he didn't come across such information. He only knew that Hetsema's physique was unique. He could improve his cultivation quickly.

At this time, Lesia's voice sounded. "Master, the Demonic Body, also known as the Demonic Origin, is a taboo of all Paths. It's an evil, cruel, and uniquely terrifying cultivation physique.

"When Morgott caused trouble in Zymurgy, he used this physique as a cultivation foundation and consumed countless powerhouses, including the previous Tai Chi and the Law of Paths.

“In the end, Tirta and Silver worked together to dismember Morgott’s body and bury him in different places of Zymurgy. They sacrificed their lives for this.

“But when they were dismembering Morgott, a part of his soul got away.

Thus, the Demonic Body appeared again.”

When James heard that, he asked, “Is the Demonic Body stronger than our Yuraeceon Genesis Bell?” “Let me put it this way.” Lesia said in a heavy voice, “Our Yuraeceon Genesis Bell is still in its early stages. It can only absorb the cultivators’ Genesis Power and Historial Power. As for the other powers, such as the Tai Chi Power and the Tirta Power, it can’t absorb them for now.” “However, the Demonic Body consumes the cultivators’ souls and physical bodies as cultivation resources. Thus, it can consume all the Paths for its own use and will consume anyone.”

Upon hearing that, James took a sharp breath. The Demonic Body is more powerful than Taotie. After all, Taotie can only kill. He can’t consume everything for himself.

It seemed that Hetsema must be killed. He had to die while his Demonic Body was still in its early stages. Otherwise, based on his personality, it would be troublesome in the future.

At that thought, James looked at Gladwin. “Let’s make a deal.”

Gladwin was taken aback. “If Hetsema’s Demonic Body is a success, all deals are useless. Not only me, even Xachary and you can’t do anything.”

Upon hearing that, James sneered and asked, “What if I kill him?”

When Gladwin heard that, he looked at James as if he was looking at a demon. Then, he laughed. James frowned. He didn’t continue to speak.

After Gladwin was done laughing, he looked at James. “Just you?” “Let’s make a bet” James enunciated each word and said, “I will deal with him now. Wait for me here. If I can bring him here, you lose. Then, you must leave the Timaeus Sect and the Righteous Sect and establish your own sect.” Gladwin frowned at those words. “What if you lose?”

James smirked and said, “I will give you half of the Genesis Regions under the new alliance.”

Instantly, Gladwin's eyes lit up. "What are you going to use as evidence?" "Is there a need for evidence?" James laughed and said, "If I win and you refuse to carry out the bet, I will kill you personally." Gladwin clenched his fists.

"If I lose, I can't return," James continued, "By then, the new alliance won't have a leader. You can do anything you want."

Taking a deep breath, Gladwin smiled. "This isn't right. You never make deals that you will lose, but this bet, no matter how I look at it, I'm the one with the advantage..." "We have the same enemy, which is Xachary." James interrupted Gladwin. "Under this premise, so what if we make a secret alliance and let you be in an advantage?" "Alright." Gladwin laughed and stood up. "Yaquis, I will be anticipating your victory."

James snorted. Then, he disappeared from the spot.

Within the Sword Genesis World, in a mysterious sanctuary with a red sky, a living being exuding amethyst-red light sat in a lotus position. He was filled with terrifying evil energy.

Around him were dozens of living beings at the peak of the Yuraeceon Daelm Rank's Ninth Tribulation. The amethyst-red light circled him quickly. Cries of fear sounded continuously.

They seemed to be going through the torture of having their souls absorbed. The pain they felt was worse than death.

"Hetsema, you're a bastard. You're sick in the head. How can you use the living beings to cultivate the Demonic Body? How can you disappoint your father? You deserve to die."

The Almighty Dragon General Chapter 6559-Suddenly, a furious roar sounded from behind the evil living being, but it sounded weak.

Hetsema, who was sitting in a lotus position, spread his arms. Dozens of amethyst-red figured shadows appeared and turned into terrifying heads.

Then, an eerie scene appeared. The dozens of heads began to absorb the living beings.

In the next second, the living beings cried painfully and begged for mercy. The scene was horrifying.

Before an hour had passed, the dozens of heads had consumed all of the living beings at the peak of Yuraeceon Daelm Rank's Ninth Tribulation.

Nonetheless, the cries and roars of the living beings still echoed in the place. It was creepy.

Following the flash of the amethyst-red light, bodies, and limbs grew from the dozens of heads. They looked exactly like Hetsema. It was just that they were bloody and evil.

In the next second, Hetsema spread his arms again. The dozens of evil bodies that looked like him integrated with his main self.

Suddenly, terrifying and bloody amethyst-red light erupted from his body.

His hair also turned red.

Hetsema clicked his tongue. With an evil smile, he said, "I have finally reached the Level Two Demonic Body. Next, it's your turn."

Then, he stood up with a cunning smile. Slowly, he turned around and entered a cave. With a snap of his fingers, the darkness in the cave was replaced with the light from countless energy balls.

In the deepest part of the cave, Hetsema stood in front of a dazzling pillar.

On the pillar, there were chains gathered by the amethyst-red light.

An injured living being with messy hair was tied to it. His face couldn't be seen, but he struggled fiercely when Hetsema came. He cursed out loud angrily, "You're a bastard. If I had known earlier, I wouldn't have spared you. I should have killed you the first time. How did James raise such a demon like you? You don't deserve to be a living being."

Hearing his curse, Hetsema wasn't angry. Instead, he laughed evilly. "Aren't you righteous and brave? Aren't you loyal? Won't you remain loyal until death? What do you think, Uncle Truett? Now that you have seen that I have devoured the powerhouses at the peak of the Yuraeceon Daelm Rank's Ninth Tribulation of the Skynet and the lustus Sect but can't help save anyone, you

feel worse than me killing you, right?” “Hetsema,” Truett roared angrily, “If you’re brave enough, have a duel with me. The duel will end when one of us dies. I will get rid of you for James.” At that, Hetsema laughed out loud. “Uncle Truett, what are you saying?”

Just you alone?” Then, his expression changed. He pulled Truett up by the collar. “I have already reached the Level Two Demonic Body. Even Xachary, Gladwin and Yaquis Holiness aren’t my match now, let alone you.

Even though James is my father, I can consume his Ultimate Golden Body.”

Then, a powerful voice sounded from outside the cave. “Is that so? I want to try that.”

When Hetsema heard that, his expression changed. He turned around but didn’t see any living being enter the cave.

“Did I mishear it?” Hetsema frowned. ‘This is the Demonic Formation. Even Tai Chi can’t notice this place, let alone the living beings of the Genesis World.”

Then, he pulled Truett’s hair and smirked. “Uncle Truett, I have already reached the Level Two Demonic Body. Your Tirta Power should belong to me now. I’ve taken care of you for so long because I want it. I’m sure you will help me as you’re an elder and because of the relationship between you and my father.”

Truett narrowed his eyes, his hair messy. Then, he suddenly spat at Hetsema’s face.

“You have a death wish.” Hetsema punched Truett’s face. At once, blood filled the latter’s mouth again.

The Almighty Dragon General Chapter 6560-“I don’t care if you’re willing to do it. You will be my cultivation resource today.” Hetsema shouted, “I can only consume Xachary, Gladwin and Yaquis Holiness after I consume you. It’s because they have Tai Chi Power.” “After they have all fallen, the entire Genesis World will be mine. By then, I will gather my strength to destroy the Skynet and the darn Forladtt Land. Tai Chi will give me the Golden Body. Then, I can enter the Drevarius Rank, hahahaha!”

However, as he was laughing, a shadow appeared behind him.

In the blink of an eye, following three strikes, Hetsema, who was laughing, flew away. With a loud crash, he collided against the thick wall. He spat out a mouthful of blood.

Hetsema looked up, his eyes wide with disbelief. In his initial spot, a mysterious powerhouse in a black robe appeared. His face couldn't be seen. Black-and-white light circled him. It was as if a War God had descended.

Furiously, Hetsema roared, "Who are you? How did you find this palace? How did you enter my Demonic Formation?"

"Even if you can enter this place, you can't enter so silently. I will know about it. This is impossible. This must be an illusion."

Then, he spread his arms. A ray of terrifying amethyst-red light spread.

In the next second, dozens of clones appeared around Hetsema. They exuded savage and malevolent energy. They rushed toward the mysterious powerhouse.

"You're so stubborn. You deserve to die."

The mysterious powerhouse roared. Suddenly, he pushed out his palm. A ray of magnificent three-colored power in gray, black and white spread out. It instantly crushed the dozens of Hetsema's clones.

Upon seeing that scene, Hetsema was in disbelief. 'T-This is impossible. My clones are Level Two Demonic Bodies. Even Xachary, Gladwin and Yaquis Holiness aren't my match. I'm at least in the Second Xaeclon Rank right now. No one in Genesis World can defeat me. No one.'

Following his ferocious roar, his main self split into two again. Waving his black longsword, he charged toward the mysterious powerhouse.

However, at this instant, the mysterious powerhouse grabbed Hetsema's main self's neck. There was a cracking sound. Meanwhile, his clone was shattered by the mysterious powerhouse's palm.

“Who on earth are you?” Hetsema, who had his neck grabbed, roared angrily, “At least, I should know how I die. You aren’t a powerhouse from Genesis World, right?”

Facing Hetsema’s violence, the mysterious powerhouse ignored him. His gaze landed on Truett who was tied to the pillar.

The messy-haired Truett stared at the mysterious powerhouse. A while later, he flipped his head to get the hair in front of his eyes out of the way. Excitement could be seen on his bloody face.”James, is that you?”

At the mention of James, the mysterious powerhouse felt his heart tremble. Then, he looked up and took a deep breath. His unseen face changed. Finally, James’ original appearance was shown.

The moment James’ appearance could be seen, Hetsema stopped struggling. He felt as if he had been struck by lightning. There was disbelief in his wide eyes.

When Truett saw James, his eyes reddened. “James, it is you.”

James looked at him and held the back of his head. Then, he placed his forehead against his own.

At this moment, the two friends met again. It was heartbreaking and touching. It was silent.

“I thought I would never see you again.” Truett sobbed and said, “After that battle, I’ve been searching for you and thinking what was going on. I also asked the Celestial Sages and my parents several times, but they claimed that you have fallen. I didn’t believe them.

“I have gone through life and death with you. We have a tacit understanding. I can feel that you’re still alive, but I couldn’t find you...”

Truett couldn’t continue speaking. Like a child, he started to cry.

James’ head was against Truett’s. At this moment, he felt as if his heart had been stabbed with a knife. He was filled with emotions.

To be honest, his friends never really experienced happiness. They didn't obtain a lot of providences either. Instead, they would always encounter trouble. They were always on the edge of death.

Nonetheless, as the Young Master of the Skynet, Truett had never complained about anything. Even if he was severely injured, even if he was beaten up until he was covered in blood, he never hesitated or betrayed James.
