

The Almighty Dragon General Chapter 6851

The Almighty Dragon General Chapter 6851-Right when Claude was about to take action, Joshua, who was next to her, stopped her. "Claude, do you know what's going on? How could you act on impulse? Aren't you afraid of bringing disasters to Ananda Temple?"

Claude frowned. "I saw everything clearly. That's Tai Chi. She's trapped inside.

Are we going to stand back and watch her die?"

"Are you joking?" A beautiful powerhouse snorted and said, "Do you know who is Tai Chi? She's the leader of all worlds. With the support of Emperor Qadeer, who dares to trap her in a formation in the Thirty-Third Heaven?"

Her words resonated with the other powerhouses. Everyone nodded and dispersed.

From within the Three Treasures Formation, Yehria's curses could be heard

again. "The temples below the Fortieth Heaven, why aren't you helping me? Do you want Morgott to harm Zymurgy again? You're a bunch of cowards. Don't you want to take revenge for our ancestors?"

The dozens of powerhouses outside the Three Treasures Formation exchanged glances as they listened to this. No one dared to make a move.

All of them had a plan. Putting aside whether or not Morgott trapped Yehria, the formation could trap Yehria. It meant that the person who set up the formation wasn't easy to deal with. After all, they knew Yehria's strength well.

In the Three Treasures Formation, Yehria roared again, "Wesley, aren't you going to save me?"

Her voice rang throughout the Thirty-Third Heaven and spread upward as if it was the strongest call for help.

Meanwhile, in the Palace of Law in the Fortieth Heaven, a figure that exuded sacred radiation was sitting in a lotus position. He suddenly opened his eyes and shot out two rays of terrifying light.

When he was about to get up, two rays of amethyst-gold light flickered outside the palace. A man and a woman suddenly appeared.

"Greetings, Sir Wesley. I'm Zeux Yanez of Celestium Temple!"

“Greetings, Sir Wesley. I’m Beatrice Sanchez of Sylphic Temple!”

Hearing the two introduce themselves, Wesley was confused.

“You two always come here for no reason. Did you set a time to come?”

Zeux and Beatrice exchanged glances and slowly entered the palace.

“Sir Wesley!” Zeus bowed at Wesley. “We’re here to introduce you to an old friend!”

Wesley took a deep breath and said, “I know she’s here, but I can’t see her now.”

Zeus frowned.

On the other hand, Beatrice snorted. “Wesley, our status isn’t as high as yours, so we addressed you as Sir Wesley. But in terms of generation, you’re two levels beneath us.”

“I know.” Wesley sighed and said, “So, I didn’t mind you guys barging into my Fortieth Heaven.”

“You seemed to have forgotten how you reached this position.” Zeux frowned.

“Are you going to be ungrateful after becoming the Law of Paths?”

At that, Wesley fell silent.

Meanwhile, outside the palace, as a ray of amethyst-red light with malevolent energy flashed by, a beautiful figure in a red robe appeared.

Upon seeing the beautiful figure, Wesley sighed. “Do you have to push me to the edge?”

The Almighty Dragon General Chapter 6852-“You chose the path yourself. Do whatever you want.” The beautiful figure slowly entered the palace. “Today, I won’t give you a favor. I won’t ask you to return the favor either. I just want a place to stay temporarily for my friends to ensure their peace.”

Upon hearing that, Wesley burst into laughter.

“Your heart is cold to everyone except your husband. Where did your friends come from?”

Thea raised her head proudly. “The people who are acknowledged by my husband are my friends. Are you going to give them a place to stay or not?”

Facing Thea's dominance, Wesley raised his head and said bitterly, "You have come to ask in person. What else can I say?"

Thea glanced at Wesley before asking, "Are you going somewhere?"

"Let them stay here." Wesley was now in front of Thea. He said in a low voice, "When I'm done with my affairs, I'll invite you to have a drink."

Then, he walked toward the entrance.

"Stop!" Thea suddenly shouted.

Wesley, who was just about to step out of the palace, was taken aback. He withdrew his leg.

"For the temples below the Fortieth Heaven, half of the powerhouses are in the Thirty-Third Heaven." Enunciating each word, Thea said, "What happened?"

Why do you need to take action yourself? Did something happen in the Thirty-Third Heaven?"

Wesley was taken aback. He turned around. "Thea, you control Hokuwn now. I don't think you should ask about Zymurgy."

Thea clicked her tongue. "If you're going to help Yehria deal with my husband, our friendship will end. Even if you're the only powerhouse in the Daeclon Mahayana Rank below the Fortieth Heaven, I will fight against you until one of us is dead."

Wesley nodded before bowing at Thea. Then, he turned into dazzling sacred radiation and left the palace.

It was only then that Zeux and Beatrice turned around with a smile.

"As expected of the Yin governor. Although we are older than him and he has to respect us, in front of Wesley, we don't get such treatment!"

"Yeah." Zeus laughed and said, "Back then, if it weren't for the Yin governor, Wesley probably couldn't even enter the Daeclon Rank. It's a gift." Hearing the two's conversation, Thea took two steps forward with her arms crossed before her chest. She looked at the place Wesley sat earlier. "If it weren't a last resort, I wouldn't trouble Wesley."

"We must win over Wesley." Zeus stared at Thea. "He's the Law of Paths in charge of the heavens below the Fortieth Heaven. With his support, we can win all the heavens below the Fortieth Heaven."

Upon hearing that, Thea turned around. "I know him well. He has a clear distinction between official and private affairs. Otherwise, he couldn't be the Law of Paths."

Zeux and Beatrice exchanged glances. They wanted to say something when they saw Thea sitting in the place Wesley sat.

In that instant, she was engulfed by sacred radiation. She became alluring.

The moment Zeux saw that, he covered his eyes and turned around.

On the other hand, Beatrice smiled evilly. "As expected of one of the top three beautiful women in Zymurgy. I want to sleep with her."

"Stop it." With his back facing her, Zeux said, "Beatrice, you're a pervert."

"I'm not." Beatrice smiled and said, "But the Yin governor's husband might be doing something obscene in the Thirty-Third Heaven."

The Almighty Dragon General Chapter 6853-In the Three Treasures Formation within the Thirty-Third Heaven, under James' Forty-Nine Primordial Spirits' attacks, Yehria and Xever were in dire straits.

Their Golden Bodies were covered in wounds, and their hair was messy. There was blood at the edges of their mouths. They were no longer prestigious.

More importantly, the Three Treasures Formation absorbed their power and suppressed their cultivation. It had reached the extreme. Now, Yehria had reached the Xurxo Daeclon Rank from the Soma Daeclon Rank. Xever who was close to the Daeclon Mahayana Rank had reached the Yitro Daeclon Rank.

Meanwhile, James' Forty-Nine Primordial Spirits became stronger because of the battle. They became more coordinated.

One could imagine the pain and torture Yehria and Xever suffered in the Three Treasures Formation.

With two loud explosions, Xever and Yehria were blown away. They hit the ground heavily and tumbled many times before stabilizing themselves.

After spitting out the blood, Yehria and Xever were severely injured again. They knelt on the ground with one knee, catching their breaths. They were covered in blood with messy hair. It was a horrifying sight.

At this instant, James' Forty-Nine Primordial Spirits landed and surrounded the two instantly. It was as if Yehria and Xever could die immediately if James thought of it.

"James," Yehria raised her head and growled, "If you've got the guts, kill us. Are you brave enough to do that?"

With blood in his mouth, Xever roared angrily, "Chosen One, you're a powerhouse in Zymurgy. At first, I respected you, but now, your actions are disgraceful."

"We admit that we aren't as strong as you. You can kill us if you want. But humiliating us isn't what a hero should do."

Hearing their words, James smirked as he sat on the sacred lotus in the void. In the next second, the Forty-Nine Primordial Spirits that surrounded Xever and Yehria spoke up simultaneously. "How dare you hypocrites mention what a hero should do?" Then, the Forty-Nine Primordial Spirits pushed out their palms and swept over Yehria.

With a loud sound, Yehria shot up to the void. She spat out a mouthful of blood.

Her body exuded black-and-white light.

Then, countless energy balls appeared. With a buzzing sound, they filled the sky.

With blood in her mouth, Yehria screamed, "James... You deserve death! You're a lunatic--"

Before she could finish speaking, James' main self in the void raised his hand. A sword of Bleis Light headed toward Yehria. While piercing through her Golden Body, it stabbed her into the ground.

"You're heartless." Yehria was stuck because of the sword and couldn't move.

She cursed, "You owe me too much. Now, you're watching everything happen by the side. I curse you to die from tribulations without a corpse." At this moment, James waved his hand. He absorbed all the energy balls that came out of Yehria.

There were many treasures. The most eye-catching one was the Xyloria Tai Chi Pearl and the two living beings engulfed by a black-and-white energy ball. They were Abelard and Clayton.

They were covered in wounds, but they were in deep sleep. It was as if they had been sealed. They weren't moving.

Upon seeing their pitiful state, James became angrier. He shot out another sword that headed straight to Xever.

When the sword was about to reach Xever, a figure with sacred radiation appeared. The figure held the sword with one hand.

With a loud sound, the figure crushed the sword in his hand before shooting up the sky. Instantly, he appeared before James.

Facing James who was sitting with his eyes slightly closed, the figure didn't attack him. Instead, he sat down in the void with his legs crossed too.

The two sat opposite one another and slowly rotated. None of them spoke.

The Almighty Dragon General Chapter 6854-A while later, Xever, who had just escaped death, suddenly shouted, "Sir Wesley, protecting the Supreme Path and getting rid of demons is your responsibility. Now that Zymurgy is facing a calamity, you-"

Before he could finish speaking, he was sealed by the sacred radiation from the figure.

It was only then that James moved. He made a hand gesture. The Three Treasures Formation that was initially rotating quickly suddenly dispersed.

In the next second, the dozens of powerhouses gathered outside the Three Treasures Formation were sucked into the formation before they could react.

Then, the group of powerhouses in the Soma Daeclon Rank suffered the suppression of the Three Treasures Formation. They quickly activated their

Supernatural Powers to resist it.

After that, from the ground, James' Forty-Nine Primordial Spirits shot up to the sky. They attacked the powerhouses in the Soma Daeclon Rank who were in a panic. It was as if a pack of wolves had surrounded the sheep. They forced the group of powerhouses into the Three Treasures Formation.

Upon hearing the painful cries of the group of powerhouses, Yale clenched his fists. "Were you waiting for me to embarrass me?"

James ignored him. He reached out his hand to grab Claude of Ananda Temple's neck. "Where are Lady Herodias' and Morgott's spirits?" he asked, emotionless.

Claude panicked. She quickly shouted, "Sir Wesley, save me-"

With a loud crack, James crushed her neck before she could finish speaking. He destroyed her Ultimate Golden Body with a push of his palm and kept her Primordial Spirit.

The fragments of her Ultimate Golden Body filled the sky. The dozens of powerhouses who were crying painfully were stunned.

Below the Fortieth Heaven, Claude was one of the strongest powerhouses.

Yet, she was killed in one move. Aside from Wesley, James was the second powerhouse who could do such a thing.

In comparison to James' fate, the powerhouses in the Soma Rank were nothing.

With a trembling voice, Yale said, "James, you..."

Before he could finish his words, James reached out his hand again. This time, Joshua of Shivam Temple was caught.

"No, I don't want to die. I'll tell you everything!" shouted Joshua.

James stayed silent, but he gave Joshua a chance.

"Lady Herodias is sealed in the Tai Chi Grand Temple." Joshua hurriedly said, "I will invite her over now. Please spare my life. We have no grudges against each other. I..."

Before he could finish his words, his neck was crushed by James. His Ultimate Golden Body was destroyed, and his soul was kept.

Upon seeing that, the dozens of powerhouses in the Soma Daeclon Rank resisting painfully in the Three Treasures Formation were terrified.

They would die if they didn't say Herodias' whereabouts, but they would die if they said it too. Were all potent powerhouses so cruel?

The Law of Paths who controlled the heavens below the Fortieth Heaven was still around, but he was ignored by James. How unruly!

Furiously, Yale roared, "James, have you had enough? He told you where she is. Why did you kill him?"

"He only answered half of the question." James said, "Besides, he talks too much."

Yale and the other powerhouses were at a loss for words.

In the next second, James waved his hand again. A ray of transparent power shot out of the Three Treasures Formation and headed straight to the Tai Chi Grand Hall.

Following a loud explosion, the Tai Chi Grand Hall collapsed. Herodias who was sealed inside was pulled out by a mysterious and transparent gas. She was pulled into the Three Treasures Formation forcefully and appeared before James.

Herodias was covered in blood. Her hair was a mess. She was covered in wounds. It was clear that she had been tortured inhumanely.

Upon seeing that, James was enraged. Murderous Energy filled the entire Three Treasures Formation.

The Almighty Dragon General Chapter 6855-“James, don’t act on impulse.” Yale stood up. A ray of sacred radiation hit the dozens of powerhouses trapped in the Three Treasures Formation.

At this moment, the sky was filled with James’ palms. As the sacred radiation shattered, the dozens of powerhouses in the Soma Daeclon Rank were led to the palms. In the void, there were explosions. There was blood everywhere. The souls fell apart.

At this moment, Yehria and Xever who were stuck on the ground because of the sword saw the horrifying scene. They were extremely terrified.

They didn’t expect James to kill so many supreme beings when Wesley was around. He was insane. He didn’t respect Wesley at all.

He was adamant about being Zymurgy’s enemy. No, he didn’t care about

Zymurgy at all. When he was weak, he was already like that. With the Three Treasures Integration, he was still like that.

James believed he could kill Tai Chi, supreme beings, emperors and the Law of Paths. He probably didn’t care about the Supreme Path either.

“He’s a lunatic.” Yehria couldn’t help but mumble, “He’s more terrifying than Morgott. He’s the biggest tribulation of Zymurgy.”

Hearing Yehria’s trembling voice, Xever who was also stuck because of the sword trembled. He was so terrified that he couldn’t say a word.

Ever since he began cultivating, he met many powerful enemies. However, he could always flip the script. That was how he got his status as an emperor.

Nonetheless, it was the first time he felt so powerless. It wasn’t because of how strong James was, it was because he killed people without hesitation. He had a great will to fight and was heartless. No supreme beings expected that.

“James,” Yale roared, “Are you forcing me to take action?”

James waved his hand and took all the souls and energy balls in the surrounding areas, including Abelard, Herodias and Clayton.

It was only then that he slowly opened his eyes. He raised his eyebrows.” You shouldn’t have come in the first place!”

“I’m the Law of Paths in charge of the heavens below the Fortieth Heaven,” Yale roared with a trembling voice, “Since you’re causing chaos in Zymurgy, you’re forcing me to be your enemy.”

James wasn’t terrified. He stared directly at Wesley. “If I weren’t grateful to you, I would fight against you until one of us died when you barged into my Three Treasures Formation.”

“You...” Wesley pointed at James, but he suddenly suppressed his anger.” Do you know what my cultivation rank is?”

“You’ve almost reached the Daeclon Mahayana Rank.” James said, “I can try to fight against you.”

“Great!” Wesley was so angry that he ended up laughing. “You have the Three Treasures Integration now. You can crush all worlds. You’re arrogant. But have you thought about it? Although you have the Three Treasures Integration and are immortal, what about your wife, children, and friends?”

“If someone touches them, I will kill all the supreme beings.” James’ voice was calm, but he sounded domineering and decisive.

“Aren’t you doing that now?” Wesley was so furious that his body trembled.

“You’re one of the five Chosen Ones. You should use your intelligence to make living beings happy, but you’re going on a killing spree right now.

You’re no different than a demon.” Enunciating each word, James said, “Seeing that you have helped me in the past, I should tell you some things. Supreme beings like you always think you’re better than everyone else. If one doesn’t do as you wish, you will say he cultivates the Demonic Path and is evil.”
