

The Almighty Dragon General

The Almighty Dragon General Chapter 6911-James was taken aback. He looked in the direction and saw that a familiar yet strange figure appeared in every Wama Energy Ball.

Some were killed before, some were subjugated later, and some were still alive but James had never met them.

What shocked James the most was that Henry, Quattro, Yemima, Wyot, Maxine, Morgott, and the senior authorities of the Jademora Empire were among them.

“Uh...” James’ face twitched. “What tribulation is this?” “It’s the Cholera Tribulation,” Silver said in Kalon’s voice, “It’s strange, right?”

James took a deep breath. “I can accept the rest, but my friends...” “An unexpected tribulation is a true tribulation,” said Silver, enunciating each word.

When he heard that, James looked like he had been struck by lightning. He stood in the light, stunned. He had already arranged everything, including his friends’ paths and cultivation improvement. Could something else happen that would turn his friends against him?

‘The third tribulation is the Solemnity Tribulation!’ Silver didn’t give James time to consider it. In a low voice, he said, ‘What you will face soon is the Solemnity Tribulation!’

James frowned. “Can you explain it clearly?” “You shouldn’t have come!” Silver said slowly, “You shouldn’t have come now. If you could keep your composure and take slow steps, you would only need to face the Quiver Tribulation. But because you were in a hurry to succeed, you fell into the Kronosia Realm. The three great tribulations are inevitable and irreversible.”

Upon hearing that, James narrowed his eyes. “Mr. Silver, who set these three tribulations for me?” “The Quiver Tribulation is your initial karma and Inner Demon.” Silver sighed and said, “But the Cholera Tribulation and Solemnity Tribulation are triggered by you because you offended other people.” “Be frank.”

Enunciating each word, James asked, “Is it Waitara or the Five Path Emperors of the Forty-Ninth Heaven?”

Helplessly, Silver sighed and said, “In your and all living beings’ opinion, Waitara and the Five Path Emperors seem to represent the entire Zymurgy.”

James asked, "Do they not represent it?"

Regretfully, Silver said, "It seems that their plan is a success. Even you, the Chosen One who is extremely intelligent, think so."

James fell silent. He believed that there was another meaning hidden in Silver's words.

"Zymurgy is a huge system," Silver said calmly, "It is divided into Xanadu and Haleth. There are currently two groups of people controlling Zymurgy.

"The Fortieth Heaven and below are controlled by the first group of living beings born from Waitara's thought. Above the Fortieth Heaven are controlled by the descendants left behind by the consciousness of the Xanadu Divine Beings.

"But they can't represent the entire Zymurgy. They can only represent the Haleth Realm of Zymurgy."

When James heard that, he frowned. "Does that mean there are forces of Zymurg/s Xanadu Realm?" "They aren't forces. They become divine beings from the Xanadu Realm," Silver said slowly, "James, remember this. The relationship between the Xanadu Realm and Haleth Realm is not an extinction replacement.

It is an evolutionary process from scratch.

"So, the gods have only gone into seclusion. They didn't die!"

James was silent. He sat down with his legs crossed on the ground calmly. He was putting all his focus on comprehending Silver's words.

The Almighty Dragon General Chapter 6912-Slowly, James closed his eyes and entered a wandering state.

In this state, he seemed to be the wandering Xurraeus. At once, he gained insight into the entire Zymurgy. Then, behind Zymurgy, a huge illusionary gas appeared.

The gas couldn't be seen with the naked eye. It was formless, but James could sense the magnificent and mysterious power in it.

Suddenly, James sensed a figure walk out of the formless gas. The figure gradually became clear.

It was a quaint elder with a strong build and red hair. As his appearance became clear, James was stunned.

It was Yarden.

"I didn't expect you to end up here," Yarden suddenly said, "How odd."

"Aren't you already dead?" James asked, "Even your last soul consciousness was destroyed because you gave me the inheritance. You also left two towers behind."

Yarden smiled before turning around. In the formless gas, a familiar and beautiful figure walked out. As she stepped into the void and got closer, James was stunned. He was extremely shocked.

"Lesia, why are you here?" he asked.

"I'm not Lesia." The woman shook her head. "I'm Frona Dhimer." Shocked, James looked at her and realized she was a bit different from his second body. It was because she was more beautiful than Lesia. Although she was quaint, her charming, pure aura prevented anyone from having evil thoughts.

"Did Silver send you here?" Yarden asked.

James was taken aback. Then, he sighed. "I don't know. I don't even know what Mr. Silver means."

"Your soul improves too slowly." Yarden sighed and said, "But your Inner Demon is expanding."

Suddenly, Frona said, "It will only cause you harm. Your unstable mind and strong Inner Demon will make you step into the traps set by others repeatedly."

The Almighty Dragon General Chapter 6913-"We created Waitara together!" Frona said, "Because we created him, you guys were born. We let you see everything you want to see and let you enjoy your hopes and possibilities!"

"Let's put it this way." Yarden continued from where Frona left off, "Your world is like a kite high in the sky, but the start of the string is us."

James took a sharp breath. He thought that Yarden had a lower status than Waitara. He did not expect him to say such overbearing words. Could it be that his status was higher than Waitara's?

'No, that's wrong. Waitara didn't exist from the beginning. He was created by them.' When James thought of that, his face twitched. "So, you guys are the ones controlling everything from behind?"

“We can’t control anything anymore.” Yarden smiled and shook his head.”

Otherwise, why would we meet you in your world?”

“The kite metaphor is great.” Frona glanced at James. “Initially, the start of the string is in our hands, but because the wind is too strong, the kite flew too high.

It can no longer be controlled.”

“Once let go, the kite will fly away. If we reel it in, the string will break.” Yarden said heartfully, “We are the ones in a difficult situation.”

Upon hearing that, James frowned. He seemed to have understood something.

Why did Waitara suddenly leave? Where had he gone? Now, James had the answer to that question.

Although Waitara was gone, the world he left behind still existed. Living beings were still being born over and over again.

It did not matter if it was Frona or Yarden. Although the string of the kite Waitara controlled was still in his hand, he could no longer control it.

To find out what happened, Frona and Yarden appeared in the kite world. So, James could meet them and be acquainted with them.

“It’s hard for US to meet.” Frona looked at James. “I can let you suggest a condition!”

“I can let you suggest one too!” Yarden smiled and looked at James.

Taken aback, James shrugged his shoulders. “I don’t know what I want. I realized no matter what I want, it will be a puppet.”

Upon hearing that, Frona and Yarden exchanged glances.

“He’s furious!” said Frona.

“He doesn’t understand what we meant!” added Yarden.

“I understand.” James glanced at the two. “You guys want me to help you guys control the kite, so you gave me the title of the Chosen One.”

“No, you’re wrong!” Frona shook her head. “We didn’t give you that title.

You created it yourself. You’re a unique existence in Zymurgy.”

“James.” Yarden looked at James. “I know you’re terrified and furious right now because you learned the truth. The truth is always cruel.

“But now, we’re the same as you. We must face this cruel truth. Whether we like it or not, the world created by Waitara already exists. That place can’t be in chaos forever. There must be a leader. But the leader needs to be talented and without virtue, otherwise, the chaos will become worse.”

‘To make it clearer, you will be the Path. You will be saving Zymurgy and us,”
said Frona.

The Almighty Dragon General Chapter 6914-James narrowed his eyes slightly. “Didn’t you guys say it’s to save me?”

Frona and Yarden exchanged glances and nodded.

“Why is it always the same tactic?” James snorted and said, “I’m not that great to save the worlds. I don’t care to be a hero. You guys think too highly of me.”

“But in reality, you have become all living beings’ lord.” Yarden continued, ‘You accepted their Spiritual Providence and became their lord. You have the responsibility to protect them.”

James frowned. “But it doesn’t include Zymurgy.”

“Can they be separated?” Yarden shrugged. “Don’t forget that you aren’t Tai Chi.

The living beings belong to the Tai Chi World. Can they live if Tai Chi doesn’t exist?”

“Alright. Stop beating around the bush.” Frona stared at James. “Let me tell you the truth. The root cause of all this comes from Leere’s delusions.

“Back then, the Nine Nothingness Gods discussed Daoism in Leere and deduced the Natural Derivation Path in the future. We concluded that the final part of the Natural Derivation was the infinite cycle of the living beings, over and over again. Their wills couldn’t be shifted.

“However, there were serious differences in the evaluation of living beings. In the end, most of the Nothingness Gods insisted that living beings would be accompanied by greed, selfishness, excessive desire, and the five poisons.

They were completely unfit to enter the Supreme Path.

“But the result of this is natural and cannot be changed. In the end, we can only use the Daoism of the Nine Nothingness Gods to create a comprehensive Nothingness Body.”

“Is it Waitara?” James asked.

“Yeah.” Frona nodded, it’s Waitara, but he isn’t created by a Nothingness God.

Instead, he was created by the Nine Nothingness Gods’ Daoism. So, no one controls Waitara.

“His appearance is based on the natural derivation. The Nine Nothingness Gods only gave him different Daoisms.”

At this time, Yarden said, “The appearance of Waitara represents the start of the nothingness gaining a form. Then, it will be the Five Primal Evolutions.”

“Taiyi, Taichu, and Taishi are the dividing points. It means that it gained a form from nothingness. They are known as the Three Primal Spirits of Nothingness.”

“Taishi evolved into Tirta and Taichi, which are the Three Primal Spirits. Then, Xyloria Tai Chi derived from the Yin and Yang governors, which are the start of all things in the world.”

“Wait.” James frowned. “There are only Five Primal Evolutions. Why are there six Spirits? Does Waitara count as one too?”

“No!” Yarden shook his head. “I have to mention Silver who sent you here. She passed through the two realms of nothingness and existence. She’s the representative of existence and nothingness. She is a special existence.”

Upon hearing that, James nodded meaningfully.

“You know everything that happened later.” Frona looked at James. “From the beginning of the Yin and Yang governor, the Xanadu Realm doesn’t exist.

Instead, it’s the Haleth Realm you guys live in.

“But in the Haleth Realm, humans are a special existence. We didn’t deduce or predict it.”

When James heard that, he frowned. “Was it Waitara’s mistake?”

“No, it was intentional.” Yarden said, “He was originally unconscious and only implemented our Forty-Nine Daoisms.

“We didn’t expect that during the years of overlooking the living beings in all worlds, he would combine the advantages of all living beings and derive his own Daoism, which was humans.”

The Almighty Dragon General Chapter 6915-Upon hearing that, James widened his eyes. “Is this where the fifty Supreme Paths, forty-nine Derivation Paths and leaving one behind come from?”

Seeing that James was silent, Frona sighed. ‘The forty-nine Derivation Paths, fifty Supreme Paths, and leaving one behind aren’t included in the Natural Derivation.’

When James heard that, he narrowed his eyes. “So, I have to thank Waitara because, without him, humans wouldn’t have existed.”

Yarden looked at Frona.

Frona shook her head helplessly. “He didn’t do it for you guys. He did it to hide himself and escape the Forty-Nine Daoisms of Nothingness.”

James was taken aback. He looked at Frona. “It’s to escape from your control?”

“We don’t control him. We derived him.” Enunciating each word, Frona said, “He just doesn’t want to be like US, getting replaced by someone else.

He wants to control Zymurgy forever.”

Then, she slowly closed her eyes. “We noticed something odd long ago, but the other Nothingness Gods turned a deaf ear. After we took him down when he had consciousness, Zymurgy had already been completely changed by him. The Natural Derivation was in a mess.”

‘Take him down?’ James stared at Frona. “Does that mean that Waitara’s sudden disappearance was because he was taken back by you?”

“We changed the Daoism that was used to create him to make him disappear.”

Calmly, Frona said, “But it’s too late. His main self has disappeared along with him. His whereabouts are unknown. He has become the Leere Tribulation.”

Upon hearing that, James was stunned. “What’s the Leere Tribulation?” “Let me put it this way,” Yarden said, “All the sufferings you experienced are a part of the Leere Tribulation, including the breakage of the River of Time.

“Cultivation doesn’t discriminate. The Leere Tribulation changes the Path.”

Enunciating each word, Frona said, "Initially, in the Forty-Nine Daoisms, cultivation doesn't discriminate. There was no racial threshold. However, due to the Leere Tribulation, there were countless thresholds.

"No matter what race the living beings were, they must turn into the human form created by Waitara before they can truly cultivate Daoism.

"As humans, they could initially cultivate smoothly. Due to the Leere Tribulations, their Path became more difficult with more thresholds.

Putting aside the hundreds of years of birth, old age, illness and death as well as no chance of cultivation, just entering Daoism and getting rid of emotions and desires would make life worse than death.

"James, do you know why there are so little humans in Zymurgy?" Yarden looked at James with a smile.

James shook his head.

In a low voice, Yarden said, "It's because Waitara escaped in a human form.

The disciples he left behind were afraid that someone would come back pretending to be him and steal the position of the Supreme Path.

Thus, they tried all kinds of methods and laws to suppress the humans."

Upon hearing that, James frowned. "Does that mean Waitara might return?"

"He will." Frona said with certainty, "The Leere Tribulation lasts for 5 million entrapochs. It should be around this time, more or less ten entrapochs.

"So, we want you to be the Supreme Path to prevent Waitara from returning, otherwise, the entire Zymurgy will be engulfed by his Unnatural Daoism.

"By then, Zymurgy will be more violent. The living beings will suffer more.

"Especially you." Frona looked at James. "You created the name of the Chosen One. You're Waitara's biggest threat. He won't spare you, including your wife.

"She's the Yin governor. She's the last Xanadu Divine Being under the first purification of Waitara."
