

The Almighty Dragon General

The Almighty Dragon General Chapter 6976-Lesia shook her head. “No!

James didn’t expect that. He was shocked.

Helplessly, he said, “We shouldn’t joke around right now...”

“Do I look like I am?” Lesia glanced at James. “It’s not that I don’t want to help.

It’s just that I can’t help.” James was anxious. “Aren’t you one of the Nine Caeloros Gods of Nothingness? You can even create Waitara with the Daoism. Why...”

“My main self, Frona, is one of the Nine Caeloros Gods of Nothingness,” Lesia cried, “I’m Lesia. Look clearly. I’m the cute Lesia. I’m your second body, Lesia!”

At that, James was stunned. It was his fault. He couldn’t help but combine Frona and Lesia.

Lesia was Frona, but she didn’t have the Supernatural Power as strong as Frona’s. It was difficult for her.

Thus, James said awkwardly, “Sorry, Lesia. I was in a hurry to succeed, so N Suddenly, Lesia showed James a dazzling rune. When James saw it, he was astonished. “This is...”

“It’s the Wuia Rune,” said Lesia with a smile.

When James came back to his senses, he immediately reached out to grab it.

Lesia quickly said, “Master, it’s only half of it. I only have half of it!” “Give it to me.” Happily, James said, “Half of it is enough. I need to meet the goal after enduring the tribulation for so long.”

“Wait!” Lesia dodged again. She waved her hand at James. “Master, this half of the Wuia Rune is only enough for one person to break out of the Wuinfinite Formation. Have you thought about who to save?”

Upon hearing that, James who was initially excited calmed down. “Can’t I save more?”

Lesia shook her head. “I stole this from my main self. I can’t make it.”

Upon hearing that, James became silent.

Half of the rune was only enough to save one life. Should he save his wife or bite the bullet and break out of the Wuinfinite Formation to fight against the Five Path Emperors?

Saving Thea was of course his greatest priority, but would she agree? With her personality, even if she went out, she would fight against the Five Path Emperors, leading to death.

Instead of doing that, James should take half of the rune and rush out of the Wuinfinite Formation to fight against the Five Path Emperors.

At that thought, James clenched his fists and looked at Lesia. 'Til keep Thea in the space and bring..."

"She has the Three Treasures Integration, without her acknowledgment, you can't keep her." Lesia interrupted James. "Besides, once she leaves, the rest of the living beings will lose their protection."

Upon hearing that, James frowned. Before he could say anything, a beautiful figure appeared and took away the rune in Lesia's hand.

When Lesia and James saw that, they were stunned. They looked as if they had seen a ghost.

Thea wasn't sealed by Lesia. Had she been eavesdropping?

With the rune in her hand, Thea looked at Lesia before looking at James. "

You're a man. Of course, you should risk your life."

When James heard that, he was elated. "Darling, you're great..."

The Almighty Dragon General Chapter 6977-When James was about to grab the rune, Thea moved away.

"I have something to say first." Thea stared at James. "I asked you to risk your life, but I didn't mean for you to go out and fight against the Five Path Emperors.

Even though you have the Three Treasures Integration and have reached the Daeclon Mahayana Rank, you will lose if you fight against the Five Path Emperors together."

Upon hearing that, James was taken aback.

"You're smart. I'm only reminding you." Thea continued, 'The Five Path Emperors could control all worlds because they have controlled the Five Gates of the Supreme Path."

At once, James was enlightened. “The Gate of Mystery, Gate of Creation, Gate of Virtue and Gate of Wuia?”

In a low voice, Thea said, “And the Gate of Perception. Among these five gates, aside from the Gate of Perception which derived countless Innate Energy, the other four are the only ones to control all worlds other than Lord Goyo and the Four Path Emperors.”

Then, she turned to look at Lesia. “Lesia, please share the culture with your master.”

Lesia giggled. Instantly, she stood beside Thea. She put her hand on her waist.

“Listen up, James. I will only tell you this once.”

James was speechless.

‘The Gate of Mystery.’ Lesia stopped smiling. In a low voice, she said, “It possesses the endless power of reincarnation. It controls the fate and reincarnation of the divine beings.

‘The Gate of Virtue has inexhaustible Virtue Power. It controls the laws of all worlds and the karma record of the divine beings.

‘The Gate of Creation possesses the Creation Power. It’s derived from the Waltraud Power independent of Waitara and controls the Supernatural Power of all living beings. Its talent is arranged by the unexpected opportunities according to karma.

‘The Gate of Wuia is an independent existence that gathers the Historial. It controls all worlds’ punishment. It creates tribulations using karma and implements the decrees.”

After hearing Lesia’s explanation, James couldn’t help but take a deep breath.

These were the real creators of the rules. It meant that all divine beings had been living under the rules and arrangements of these Five Path Emperors.

Fate, reincarnation, karma, tribulation and fortune were already determined for the divine beings. If one didn’t follow the path they had drawn, it meant that one was a demon and had gone against the Path. Thus, one must be killed.

Now, it seemed that both Yehria and Wesley were only chess pieces. Even James and his wife had been under the shadow of these rules.

The Dernaturae and Supreme Path were nothing to the Five Path Emperors.

Was it really like what Frona said? It was the Leere Tribulation. All divine beings under the Leere Tribulation couldn’t escape.

“Honey.” Thea stared at James. “Do you understand?”

“Yeah!” James’ eyes narrowed. “You’re saying that I should head to the Four Gates directly.”

‘That’s right. Here’s a candy as a reward.” Thea smiled sweetly and said, ” You don’t need to be worried about me. I have the Three Treasures Integration. It isn’t a problem for me to stay for fifty entrapochs in the Wuinfinite Formation.

‘The key is that you should sneak into the Forty-Ninth Heaven after going out of the Wuinfinite Formation. Once you find the Four Gates within fifty epochs and make them feel threatened, the Solemnity Tribulation will be resolved.”

“Great idea.” Lesia snapped her finger. With a smile, she said, “In comparison to killing you guys, controlling all worlds is their top priority. After all, they’re a group of hypocrites with a strong desire for power.”

Upon hearing their words, James slowly turned around with his hands behind his back.

Heading straight to the Four Gates was a good idea. At least, it was more realistic than fighting against the Five Path Emperors.

However, he was more worried that the Five Path Emperors wouldn’t only use the Wuinfinite Formation. If they barged in here, Thea would be...

“Someone’s watching US,” Lesia suddenly said telepathically.

James frowned. When he was about to use his Zen, Thea grabbed him.” Don’t use your Zen. You will alert them. Let’s find them separately.”

Then, Thea disappeared. James also made a move.

No data found.

The Almighty Dragon General Chapter 6979-Upon hearing that, before Hattie and Zachariah spoke up, the beautiful woman answered in agreement.

When she was about to head toward the corpses, she turned around and looked at her two companions. “Hattie, Zachariah, are you going against the Path Emperor’s order?”

Zachariah clicked his tongue and said coldly, “Of course not. But you should lead the way.”

“That’s right.” Hattie said lazily, “You like the living beings’ souls the most. We’ll let you go first.”

“Are you guys even men?” The beautiful woman was furious.

“Alright.” Stavros sat with his legs crossed. “Yamila, just go.”

The beautiful woman, Yamila Moreau, snorted angrily before walking toward the corpses alone.

On the other hand, Hattie and Zachariah drank wine leisurely.

Their actions were being watched by James and Thea who had hidden their auras in the void.

Through Lesia’s introduction, they had learned about Stavros.

It was just that when James saw his face, he found the latter familiar. He couldn’t explain it.

“If we take action, we must finish them in one hit.” Thea said telepathically, “He has the Gate of Wuia. He can escape anytime.”

“He looks familiar.” James said, “But I don’t know where I met him.”

“It’s Xayvion, the Yeftero’s prince,” reminded Thea.

Xayvion! It was Xayvion.

It was only then that James was enlightened. It was just that he didn’t understand why Stavros, one of the Five Path Emperors, was related to Xayvion.

‘Three of them are in the Daeclon Mahayana Rank, and one is a Path Emperor.’

Thea asked, ‘Who are you going to deal with?’

“Xayvion, of course.” Coldly, James said, ‘That’s my old enemy. I must solve this mystery.’

Thea took a deep breath. “Don’t underestimate him. If he brings you through the Gate of Wuia, he will be invincible.”

James narrowed his eyes. “That depends on whether his Gate of Wuia or my Three Treasures Integration is quicker.”

At that, he looked at Thea. “By the way, Zachariah and Hattie seem to be different from the other supreme beings. Let’s see if we can catch them alive.

They might be useful...”

“Got it.” Thea rolled her eyes at James. “Do you really think I kill everyone?”

James chuckled before pulling out the Jozo Sword.

“Let’s start right away. Lesia, use the bell well.”

Then, he turned into a ray of Sword Light and headed toward the ruins of the palace.

Upon seeing that, Thea raised her hand. A ray of Wama Light engulfed the area.

Then, the strength of the Three Treasures Integration struck.

In an instant, the sky above the Palace of Law was filled with dazzling light.

Everything froze instantly.

“W-What is that?” Zachariah exclaimed.

Hattie exclaimed, “Wow! The light is beautiful.”

“Idiots, hurry up and run. James and the Yin governor are here.” While still shocked, Stavros extended his hands. The Gate of Wuia behind him had sacred radiation.

In the next second, following a sound, a light sword flew over from the void. It went by Stavros and entered the Gate of Wuia behind.

The Almighty Dragon General Chapter 6980-Stavros turned around. At once, his eyes widened. He was shocked.

“It’s the Jozo Sword of the Wuia Demon-Slayer Sword. Darn it...”

Then, his body flashed. He shot up to the sky with the Wama Light.

With a loud explosion, the Gate of Wuia burst open. At once, the entire area shook. The ruins of the Palace of Law were struck with the fluctuations again.

The Gate of Wuia was buried.

On the ruins, Hattie and Zachariah immediately activated the holy light defense and shot up to the sky.

“James, you’re seeking death.” Seeing that the Gate of Wuia was buried, Stavros was enraged. He slashed out in the void. Palms of the Wama Light filled the sky and attacked James.

At this instant, a huge formation landed from the void. It trapped Stavros and the palms inside.

Then, in the sky above the formation, there were gray clouds. The bells were ringing. Wama Lightning struck.

From the ground, Wama Flame soared into the sky. The fierce Galeat Wind filled the sky, forming a powerful comprehensive attack fluctuation in the formation. It shattered all the palms of Stavros.

Stavros was caught off guard as he was suddenly exposed to the comprehensive attack fluctuation. He was immediately devoured by lightning, Galeat Wind, and flame. He shuddered. At the same time, his Ultimate Golden Body seemed to have been slashed by countless daggers. There were several wounds.

“How dare you!” Stavros raised his bloody arm. At once, his body was surrounded by the Wama Light. His Innate Energy gathered quickly.

Following another sound, the Wama Light Sword flew over from the formation. It pierced through Stavros’ defense of the Wama Light. A bloody hole could be seen on the shoulder of his Ultimate Golden Body.

Stavros grunted in pain. Then, he stumbled and knelt on the ground with one knee.

Instantly, the Wama Flame came over and devoured him quickly again.

He cried out loudly. While he was in pain, he shot up to the sky again. However, he was stopped by Hemera and Fennec who descended from the void.

They collided with one another. As their afterimages flickered, Stavros was immediately surrounded by Fennec and Hemera.

In the fight, Stavros spread his arms. Countless rays of Wama Light shot out, immediately hitting Hemera and Fennec away.

“How dare you show off with such petty tricks?” Stavros scoffed, it’s my turn now.” Then, a divine light flashed across his eyes. He split into two, then four, and finally into thousands. In the huge formation, they began to rotate. With the terrifying Wama Light, they sliced through the Wama Lightning and Wama Flame.

In the midst of this, the thousands of physical clones rotated and made a move.

Countless illusionary fists punched the wall of the formation, causing a series of thunderous tremors.

Countless cracks had appeared on the wall of the formation. When it was about to collapse, another ray of Wama Sword Light struck. Following a terrifying sound, the Sword Light pierced through Stavros' thousands of clones.

After countless loud sounds, the lightning-fast Sword Light suddenly penetrated Stavros' Ultimate Golden Body. It hovered before Stavros before turning into Lesia's beautiful figure.

In that instant, it suddenly became quiet in the formation. It was as if everything was frozen because of a mysterious power. It was so quiet that it was terrifying.

Returning to his senses, Stavros looked at Lesia in disbelief. "You are..."

Proudly, Lesia said, "I'm the Quasar Second Body, Lesia. I'm also your ancestor."

At once, Stavros was enraged. Before he could say anything, explosions sounded around him.

He looked over. He saw that his thousands of clones exploded in the formation after being frozen for a while.

Aside from that, when each clone exploded, his mind and soul would shudder.

Thus, the surge of his energy and blood in the Ultimate Golden Body couldn't be controlled.
