

The Almighty Dragon General Chapter 7002

The Almighty Dragon General Chapter 7002-James looked at Morgott with a frown and asked, "What happened to you?"

Morgott licked his lips and answered, "I got a little hungry and ate a few Path Emperors. The good news is we can work together now. We might have a chance."

James smiled calmly and disagreed, "He's not an easy opponent. It's impossible to predict how many Supernatural Powers he has. Moreover, he is really fast."

"You've never cultivated the Martial Path, so you must be careful." Morgott laughed and jabbed his spear into the void. Following his movement, numerous phantom spears emerged and darted toward Emperor Qadeer.

James quickly seized the opportunity. He hopped onto one of the phantom shadows and charged toward Emperor Qadeer with a sword in his hand.

Emperor Qadeer snorted, flipped his palm, and unleashed a wave of Wuia Power, which manifested into violent whirlwinds.

James quickly cast the Terrastride Step and sealed the surrounding space.

Then, stepping on the whirlwinds, he swiftly approached Emperor Qadeer.

Bang!

James swiftly thrust his sword forward, but as it approached Qadeer's left eye, he caught it between two fingers.

Qadeer sneered, "The Wuia Demon-Slayer Sword's Jozo Sword isn't that impressive, after all. You're doomed, James." While speaking, his other hand moved through the air and attempted to send an attack toward James.

Suddenly, Morgott's Tyrant Spear darted over from the side and pierced through Qadeer's palm.

Qadeer let out a muffled groan and was forced to halt his attack.

James took the chance and pulled his sword free. With a loud clatter, a slender sword with a blinding light emerged from his sword.

"You..." Qadeer's eyes widened in disbelief and horror.

Morgott laughed, "Haha! There's still more! Get him, James!"

James, now wielding the new sword, advanced boldly. Then, he quickly fused with the sword and passed through Qadeer's throat, causing a spray of blood.

"Let's see if you can survive!" Holding the Tyrant Spear, Morgott soared into the sky. He redirected the spear downward, darting toward Qadeer's head.

"Argh!!!"

Qadeer suddenly screamed, and his body erupted with Bohnwer Lights and blood energy.

Struck by the sudden force, James and Morgott were severely injured. After being knocked away, they coughed up blood.

Amidst Qadeer's screams, his vitality gradually dissipated. His body disintegrated into a mist of blood. The force shook the surroundings, causing the Fortieth Heaven and Wuifinite Formation to collapse.

The explosion caused tremors to spread throughout the void. Even the Greater Realms shook violently, and it seemed as if it was doomsday.

The tremors lasted a long time before finally coming to a stop.

Hundreds of thousands of light-years away, Morgott slowly stood up, completely covered in blood. He gazed down, and upon seeing Qadeer explode, he was stunned. Seconds later, he burst into laughter. "We killed him, James! We won!"

James, who was also covered in blood, slowly stood up. He stretched out his hand to wipe the blood stained on his lips and looked at where Qadeer had exploded with a solemn expression. "How could it be so easy?" Suddenly, an ethereal-sounding voice came from the void. "Leave, James! A catastrophe is about to strike!"

James immediately raised his head and saw a gray air mass gathering above his head. The next moment, Bohnwer Lights rained down.

The Almighty Dragon General Chapter 7003-Before James could react, he was immediately enveloped by the Bohnwer Lights.

Morgott immediately dashed over but was bounced away by the lights. He shouted, "Damn it, Taichu! How could you swallow James?!"

Taichu declared, "You're not worthy of my blessing, you ignorant demon."

James was bathed in Taishi Divine Light and felt a terrifying aura.

He unleashed his Zen and saw a mass of black energy headed toward Morgott.

“Morgott!” Startled, James shouted worriedly. Then, he quickly activated the Dawnblaze Form, escaped the divine light, and rushed toward Morgott.

Taichu called out, “Do you also wish to be like him, James?!!”

However, it was already too late. James had already reached Morgott and was also swallowed by the black energy.

“Haha! I must thank you two, James, Morgott. If not for this catastrophe, I would not have successfully integrated my Five Spirits!”

Within the black energy, a spectral figure emerged and gradually formed into Qadeer’s appearance. He waved his hand, and the Gate of Mystery reopened.

Bohnwer Lights, combined with terrifying black energy, erupted from within it, gradually enveloping the entire area.

James had only just reunited with Morgott, but before he had time to speak, a terrifying and majestic suction force pulled him into the Gate of Mystery.

The black energy dissipated, leaving only the Gate of Mystery shining with Bohnwer Lights and Qadeer standing before it.

Clad in a black robe, surrounded by a deathly aura, Qadeer’s eyes were like a bottomless abyss. With a hand behind his back, he gazed at the gray mass in the void disdainfully. “Taichu, since you’ve intervened, don’t think about leaving.”

Taichu shouted, “You maniac! I can’t believe you cultivated Oblivion Power!

You’re the real demon!”

Qadeer laughed, “Haha! It’s thanks to the Chosen One and Morgott, who you had high hopes for. Without them, how could I integrate my Five Spirits into Oblivion Power?

“It’s time I integrate my Three Treasures as well. You’ll be the perfect material for it.”

Qadeer stretched out his hand, and a terrifying ball of black energy rushed toward the gray air mass.

Taichu’s gray air mass was immediately sucked away. The next moment, she ascended into the air.

Qadeer said with a smirk, “It won’t be easy to escape. I should also have a deity as a cultivation partner. I’m curious to see what kind of deity you are.’ After speaking, a

phantom figure erupted from his body and charged at Taichu, who was surrounded by gray energy.

The next moment, the phantom entered the gray energy, and a fierce battle erupted within it.

The Almighty Dragon General Chapter 7004-The Bohnwer Light clashed with the black energy, flashing left and right in the void.

Countless phantoms emerged from Qadeer's body, heading straight into the void and quickly surrounding the gray energy. However, they did not attack relentlessly. Instead, they moved around as if playing in an attempt to humiliate Taichu.

"Bastard!" Taichu roared and unleashed Bohnwer Lights.

However, the explosion and spread of the Bohnwer Lights only pushed back Qadeer's phantoms and failed to breakthrough the encirclement.

Qadeer laughed, 'That's enough. If you and I become partners, we might be able to have Hongrome Children. They'd have limitless potential.'

After speaking, he pointed forward and unleashed a burst of black energy toward Taichu, knocking her away.

The next moment, the gray mass collapsed. The beautiful woman within it fell from the sky.

Qadeer licked his lips and said, "So perfect. Just the right woman to be my partner."

Just as he released a beam of black energy to capture the beautiful woman, a spectral figure suddenly flashed out from the right and snatched her away.

After soaring into the sky, the figure waved his hand and unleashed numerous Sword Lights to shatter Qadeer's phantoms.

After a loud explosion ensued, Qadeer was knocked several steps away. After steadying himself, he looked into the void with horror. In the void, there was a huge sedan chair with white curtains that emitted brilliant lights.

Qadeer roared, "What are you doing here? I thought you don't interfere with the Greater Realms' affairs"

"You've crossed the line, Qadeer.

A sacred voice came from within the sedan chair. I don't meddle with the affairs of the Greater Realms. However, you're attempting to take one of the Five Primal Evolutions as a cultivation partner against her will. Your audacity knows no bounds."

Qadeer snorted, 'They say you've long returned to your original form. I never expected you to play the hero to a damsel in distress right now.'

"Presumptuous!" the sacred voice roared, and then dazzling lights shot out from the sedan chair straight for Qadeer.

Boom!

Boom!

Boom!

Qadeer waved his hands continuously, crushing the colored lights instantly.

However, under the relentless assault, he was soon overwhelmed by the subsequent Bohnwer Lights.

As he retreated, he was struck by hundreds of consecutive critical blows.

Bloodied and battered, he fell to one knee in the void with a resounding thud.

The mysterious figure in the sedan chair halted the attack, gazing down at him from a high position.

"As expected from the strongest man of the Greater Realms," Qadeer spat, then wiped the blood from his lips. He raised his head and said with a grin, "Do you think that's enough to kill me?"

After he roared, terrifying black energy erupted from his body. He immediately summoned a dozen phantoms with varying faces, yet each with ferocious and menacing expressions.

The Almighty Dragon General Chapter 7005-"Why are you being so stubborn, Qadeer?"

The word "Path" materialized above the sedan chair. It expanded gradually, shining with unmatched brilliance, making one subconsciously want to worship it.

Witnessing this, Qadeer, who had summoned countless black phantoms, suddenly burst into eerie laughter.

"Lord Goyo, I know your Wuia Light is powerful and is unstoppable by any deity in the Greater Realm. However, that no longer includes me!" As he spoke, Qadeer moved his

hand, and countless black phantoms with the chilling aura of death swept over toward the “Path” in the air.

Boom! Boom! Boom!

A series of loud expressions resounded as the phantoms collided with the”
Path.”

The shock waves spread, causing the space to collapse and the void to shake violently.

After thousands of consecutive impacts, the entire void suddenly collapsed into nothingness. The Fortieth Heaven crumbled, ceasing to exist.

Seeing the “Path” still emitting a divine light in the void as it resisted the Oblivion Energy, he eventually gave up and panted from exhaustion. He understood his current strength was insufficient to defeat the strongest man of the Greater Realm. However, his opponent could not kill him either.

‘Forget it. I should take James’ Three Treasures first before dealing with Goyo.’ After coming to a decision, Qadeer clenched his fist and said, ‘Today onward, you and I are mortal enemies. If you want to meddle with the Greater Realms’ affairs, you will have to go through me first!’

After speaking, he transformed into a black light and entered the Gate of Mystery, disappearing into the void.

At that moment, inside the sedan chair, a long-haired man in a silver-white robe suddenly clutched his chest and spat out a large mouthful of blood. His face turned deathly pale.

“Lord Goyo! You’re injured!”

A beautiful woman in a gray robe suddenly rushed over to him.

Goyo raised his head and said solemnly, “Qadeer is no longer the same as before. Aside from the Leere Tribulation, he’ll also pose a great danger to the Geater Realms. This will be tough!”

The beautiful woman wore a surprised expression.

“How did he obtain Nothingness Dead Energy? The Nine Nothingness Gods had sealed it away a long time ago. It can’t manifest in the Haleth Realm.”

Goyo stated, ‘There is only one explanation. A powerful being has breached the Xloria Barrier.

“Among the Five Primal Evolutions, besides Taiyi and you, who can transverse the Xanadu and Haleth Realm, there’s only Taishi.”

Taichu shook her head and said, “It can’t be me or Taiyi. The Nine Nothingness Gods had altered the Paths and reclaimed the Waitara Path, stripping US of our right to cross the two realms.”

Goyo’s eyes narrowed slightly, and he remarked, “Then it must be Taishi. She can travel the void...”

“She wouldn’t help Qadeer.” Taichu shot down the possibility.

Goyo sighed and said, “No, she wouldn’t. But she would try to help James.

Otherwise, how does he know about the Leere Tribulation?”

Taichu’s eyes widened in shock as she questioned, “Are you suggesting Qadeer learned about how to cross the Xloria Barrier when Taishi helped James?

“No, that’s impossible. Despite Qadeer’s superior strength, Taishi would’ve definitely sensed him trying to spy on her. Moreover, James has the Chaos Yin Yang Eyes, which would certainly...”

Goyo suddenly interrupted, saying, ‘There’s something very wrong with the Wuia Demon-Slayer Sword.”

Taichu trembled in realization and exclaimed, “James obtained the sword during his battle in the Thirty-Third Heaven. It’s indeed the Wuia DemonSlayer Sword.

Everyone in Zymurgy knows...”

Goyo fixed his eyes on Taichu and said solemnly, “Indeed. The Wuia Demon – Slayer Sword represents the authority of the Waitara Path. However, returning to the true essence, the paths unite into one. The Wuia DemonSlayer Sword comprised nine swords.

“Before the Waitara Path disappeared, the Wuia Demon-Slayer Sword was so powerful, and it would’ve been a great danger to fall into evil hands.

Hence, it was divided into two. The first four swords are in my possession to stabilize the Greater Realms, while the other five were scattered, and their whereabouts are unknown.

“I’m able to control the Four Path Emperors and Taiyi with the first four swords.

Additionally, it helped me maintain a power balance.”

Goyo waved his hand, and four divine swords materialized, each emitting blinding lights and terrifying power.

Taichu covered her mouth and exclaimed, "If you have possession of them, then is the Wuia Demon-Slayer Sword that James has fake?"

Goyo responded coldly, "It's not fake. It's likely the fifth sword. Qadeer's Soremsia has lingered in the Greater Realms for a long time. I'm afraid his goal wasn't just to search for the Waitara Path."

Taichu suddenly came to a realization.

Qadeer had been wielding the Wuia Demon-Slayer Sword to intimidate others by claiming Lord Goyo had entrusted it to him.

Taichu looked at Goyo and said, "Qadeer must have placed his Primordial Spirit Restriction on the sword, which is why he can monitor James' every move without detection.

"Even so, James had only crossed the Xloria Barrier for a short while. Even though his Primordial Spirit is attached to the sword, and he managed to enter the Xanadu Realm together, it's not enough time to cultivate Nothingness Dead Energy."

Goyo smiled and said, "Have you ever heard the time passes differently in the Xloria and Haleth Realm?"

Taichi was stunned by his words.
