

The Almighty Dragon General

The Almighty Dragon General Chapter 7016-Hearing Morgott's screams of agony, Lesia still felt anxious.

Qadeer suddenly snorted coldly, "You've managed to set up a formation in the Gate of Mystery. I really underestimated you, Frana."

Lesia snapped back to reality and sneered, "Aren't you supposed to be invincible in the Gate of Mystery? Come and try to break through it."

Qadeer laughed. "Do you think I'm as foolish as Morgott? stop spouting nonsense and bring out your master, or I'll make Morgott suffer a fate worse than death."

Lesia mocked, "You are truly shameless. You're one of the Five Path Emperors, yet you..."

Qadeer interrupted, "Save it. No matter how impressive the Nothingness Formation is, you won't be able to maintain it forever."

"You are all in my grasp. Why not take this chance to talk and make a deal?" Lesia said nothing, but her heart was pounding. She was worried Qadeer was confident because he knew the Nothingness Formation was supplied by Primordial Spiritual Energy.

She raised her head and observed James gradually enhancing his Supernatural Powers and energy under Yianni's guidance. She had to buy them some more time.

With that in mind, Lesia sneered, "Do you really want to become the Supreme Path?"

Qadeer snorted and ignored her question. Instead, he shouted toward the void, "Don't you regard yourself as righteous and loyal, James? Your friend over here is suffering in my Oblivion Formation. Meanwhile, you're hiding behind a woman. What kind of hero does that make you?"

"You're but another hypocrite who tricked Morgott and others to die for you, all to achieve your ulterior motive."

Listening to Qadeer's remarks, Lesia grew anxious. She could not afford to let James and Yianni be distracted.

She stepped forward and said, "Don't you want to become the Supreme Path? I can help you."

Unexpectedly, Qadeer continued to ignore her. He fixated his gaze on James, relentlessly doing everything he could to try to humiliate him.

Lesia was left feeling helpless and anxious.

At that moment, a series of explosions erupted. James transformed into a dazzling lightsaber and cut through the void, aiming directly at Qadeer.

Qadeer was caught off guard by the sudden attack, and the lightsaber pierced through his body. His body trembled with fury, but he immediately spotted another lightsaber heading toward him.

“What terrifying speed!” Qadeer exclaimed and unleashed a burst of Nothingness Dead Energy.

Boom!

With a loud bang, James shattered the Nothingness Dead Energy and continued in Qadeer’s direction.

After barely dodging the attack, Qadeer summoned a dazzling lightsaber in his hand.

“I’d like to see what you can do within the Gate of Mystery,” Qadeer sneered.

Then, he advanced toward the lightsaber.

Qadeer clashed with the lightsaber, causing a loud explosion.

The Gate of Mystery’s void began to shake, and violent winds howled.

The Almighty Dragon General Chapter 7017-Observing the intense battlefield, Lesia, situated within the void formation, clenched her fists, gripped by extreme nervousness.

Yianni landed beside Lesia, and he surveyed the battlefield. His handsome countenance exuded fervour.

Lesia inquired, “Can he pull it off?”

Yianni put his hands behind his back and chuckled, “You were right. He is smarter and has better comprehension abilities than US.”

Lesia’s tense heart felt slightly relieved. Even so, the Gate of Mystery was under Qadeer. Hence, it offered him great power and the ability to exert absolute dominance over James.

James was undoubtedly at a great disadvantage.

Surprisingly, James was using little of his vital energy and strength. Moreover, he was not relying heavily on the Three Treasures, and his Daeclon Mahayana Rank. Instead, he was only using the incredible speed attained through the fusion of the Terrastride Step and Dawnblaze Form.

Following a moment of silence, Lesia suddenly remarked, "He refrained from using his cultivation, vital energy, strength, and traditional combat techniques but still is capable of such terrifying combat prowess."

Yianni smiled and said calmly, "This is the Zenthur Rank, a state transcending martial arts and all forms of cultivation. It's akin to Dernaturae, returning to one's natural state."

Lesia turned to Yianni abruptly, her expression full of shock. 'Is this another skill he had acquired after being imprisoned here for the past eons? The Zenthur Rank, a transcendent combat mode that could shake the Haleth Realm?' Observing the massive lightsaber swirling around Qadeer and launching relentless attacks, Lesia noticed its accelerating speed. It was growing increasingly unrestrained yet was consistently landing attacks despite its apparent lack of rules.

Meanwhile, Qadeer employed his Supernatural Powers and used the Gate of Mystery's power to encircle and suppress James' lightsaber. Yet, his attacks were blocked.

Qadeer's initial advantage was gone, and in this moment of conflict, everything associated with the Gate of Mystery seemed ineffective.

Caught in James' frenzied and unconventional assault, Qadeer was forced to defend himself with his weapon and Nothingness Dead Energy.

"To the bystander, it might seem like a spectacle, but to those knowledgeable cultivators, Qadeer's situation was nothing short of despicable and shameless. It was a disgraceful display, achieving no advantage whatsoever and, in fact, facing continuous setbacks. Covered in wounds, blood flows freely from every part of his body.

"Damn it!" Qadeer twirled in the void and summoned numerous phantoms to fight James' lightsaber.

However, before his phantoms could merge, James' lightsaber had already severed his arm with a weapon.

Qadeer groaned and staggered backward. James' lightsaber, on the other hand, kept redirecting and attacking him. After a short while, his body was bloodied and battered.

"Absolute Oblivion!" Qadeer shouted and unleashed a wave of Nothingness Dead Energy.

James' lightsaber was repelled and erupted with Sohnwer Light.

The Almighty Dragon General Chapter 7018-The next second, the lightsaber suddenly dissipated and turned into James ' figure, sitting crossed-leg. A huge holy lotus suddenly bloomed under it.

The Three Treasure Formation appeared again.

The outburst of Qadeer's Nothingness Dead Energy spread rapidly, colliding with the Three Treasure Formation.

The Gate of Mystery was engulfed in the aftermath, causing countless cracks to appear in the space, hinting at an impending collapse.

As the shockwave dissipated, Qadeer found himself tragically suspended in the void, disheveled and spitting blood.

James was surrounded by nine holy lotuses, 49 golden light holy lotuses, and 81 Jade Blossom. He appeared sacred and transcendent, his eyes closed as if

he had entered an unfamiliar state.

Qadeer gasped, his gaze fixed on James. "What kind of sorcery is this?

We're in the Gate of Mystery. Here, I am supposed to be invincible. What kind of monster are you, James? What kind of dark magic have you delved into?"

James slowly opened his eyes, his face flashing with excitement.

"Master! I've succeeded!" James declared, and his Innate Energy merged with Wuia Aura to purify the Nothingness Dead Energy.

James extended his hands, causing the flowers around him to reignite with brilliant lights.

The next moment, 49 physical Primordial Spirits emerged from the lotuses.

Unlike before, they were no longer transparent but vivid and lifelike.

However, James was still unsatisfied. He swiftly activated his vital energy and fused the 49 Primordial Spirits.

Ultimately, the Primordial Spirits merged into one.

James suddenly opened his eyes, and two terrifying red beams shot out. The void shook as the light beams passed.

Qadeer was stunned by James' effortless and graceful maneuver. Meanwhile, Yianni and Lesia were utterly amazed.

Qadeer immediately snapped out of the shock and said, "You're trying to steal the Innate Energy within the Gate of Mystery? No way!"

After making a declaration, he leaped into the air and commanded a violent wind to sweep through the Gate of Mystery.

The Innate Energy absorbed by James' Primordial Energy began to move toward Qadeer.

"You must have a death wish," James uttered calmly.

Then, his Primordial Spirit left the Three Treasure Formation and attacked Qadeer.

The Almighty Dragon General Chapter 7019-Suddenly, a loud explosion reverberated through the air as James' Primordial Spirit clashed with the dense barrier, causing numerous cracks in it. Qadeer, barely managing to block James's ferocious assault, was once again sent flying by the ensuing shockwave.

James' Primordial Spirits launched another attack, effortlessly breaking through the barrier ahead. Then, it relentlessly chased after Qadeer, unleashing consecutive attacks.

Faced with the onslaught, Qadeer was afraid to engage directly. Instead, he controlled the Gate of Mystery's powers to continuously form barriers and deflect the attacks. However, despite his efforts, he could not withstand the unpredictable and rapid attacks. Therefore, he had no choice but to stay on

defense.

Qadeer could not help but feel a deep sense of humiliation at being forced into such a defensive stance. Despite his status as one of the Path Emperors and the second most powerful being in existence within the Greater Realms, he found himself struggling against James's relentless onslaught within his own domain. It was a great blow to his pride.

Observing the unfolding battle from within the Nothingness Formation, Lesia frowned and asked, "Let's go help."

Yianni looked at her and dismissed, "What for? Do you think we'll be able to kill him within the Gate of Mystery?"

Lesia squinted and said, "To think that he is at a disadvantage in his own space is absurd."

Yianni stated, "Qadeer is really strong. If were you, me, or any other being from the Greater Realms, we would fare no better than Morgott.

Unfortunately for him, James is different."

Intrigued, Lesia asked, "How so?"

Yianni put his hands behind his back and explained, "He is Emperor Yaeden's successor, the ruler of the Great Historial Land, and transcends the limitation of all paths."

"Moreover, he possesses the Three Treasures and Spiritual Providences of all living beings, making him basically the lord of all living beings.

"Despite Qadeer's status as a Path Emperor, he isn't the creator of the Gate of Mystery. The Waitara Path formed it with energy. Hence, even though he commands it, he can't wield it as freely as the Waitara Path, nor can he unleash its full potential."

Yianni turned to Lesia and said, 'The Mystic Energy isn't enough to restrain James. Qadeer must rely on the Nothingness Dead Energy and his cultivation base. However, he never expected James to have already entered the Zenthur Rank."

Lesia nodded and said, "So intervening now will only hinder him?"

Yianni affirmed, "Exactly. James is unable to deal a lethal blow, whereas Qadeer can't find the chance to escape. They're locked in a stalemate.

"If we intervene, we'd only become a distraction to James or a pawn that Qadeer could use as leverage against him. It'll only put James at a disadvantage." Lesia sighed. It was the first time she had felt so powerless as James' second body.

However, she agreed with Yianni that leaving the battle to James as training was the wisest course of action.

Suddenly, another thunderous explosion rocked the void, propelling Qadeer into the void. His once-imposing figure now appeared battered and bloodied, with messy hair and a lone remaining arm. It was a stark contrast to his former arrogance.

Qadeer shouted, 'This is going nowhere, James. Neither of us is capable of hurting each other. Let's cease this futile battle and civilly discuss this instead."

James remained indifferent to Qadeer's suggestion. After battling for a while, his Primordial Spirit's attacks had improved and grown much more steady.

With the current circumstances, James knew leaving the Gate of Mystery was nearly impossible. Therefore, he decided that Qadeer was the perfect training partner to hone his skills.

“Don’t underestimate me, James! Your friend is still suffering within my formation! Will you just allow him to continue being tormented?” Qadeer’s voice echoed as he evaded the attacks.

The Almighty Dragon General Chapter 7020-James’ Primordial Spirit was about to deliver a punch but abruptly halted at the last second.

Qadeer immediately seized the opportunity and escaped into the distance. He steadied himself and stared at James with a horrified expression.

“Let him go,” James’ Primordial Spirit commanded with an authoritative tone.

Qadeer looked at him in shock and asked, “Are you a clone, primordial spirit or the real deal?”

James’ Primordial Spirit wasted no words. It raised its hand and drew in potent auras and energies from the surroundings, gathering them into a massive golden energy ball.

Under Qadeer’s astonished gaze, James’ Primordial spirit commanded the golden energy ball forward.

Roar!

The golden energy ball suddenly transformed into a black dragon, flying in Qadeer’s direction.

Startled, Qadeer thrust both his hands forward and summoned two streams of Nothingness Dead Energy and Innate Energy to form a barrier.

Unfortunately, the barrier was shattered instantly and the dragon continued to approach at rapid speeds.

“Argh!!!” Qadeer eyes trembled in fear as the black dragon suddenly devoured him.

The black dragon came to a stop, circled a few times, and then suddenly soared into the void.

The next moment, it multiplied into 49 smaller dragons and formed into a formation, trapping Qadeer within.

Within the formation, Qadeer screamed in agony. The sound was chilling and disturbing to the core.

Lesia and Yianni were left in awe once again.

“What kind of skill is that?” Yianni stared at the black dragons circling in the void with an amazed expression.

“He actually merged all his powers, energy, weapons, and primordial spirit into one, transforming energy into form, form into void, and returning void to their essence.”

Lesia was equally surprised. “Is this the highest level of the Zenthur Rank?” Yianni remarked proudly, “He’s a prodigy. To accomplish such things is truly a rare feat.” Just as he finished speaking, Qadeer erupted with an intense Nothingness Dead Energy.

The 49 black dragons restraining him were swiftly obliterated by the overwhelming force, dissipating into the void.

Qadeer laughed, “Haha! Even though you’ve mastered such sorcery, it’s not enough. Within the Gate of Mystery, my command is absolute. I’m the master and am invincible!”

After his grand declaration, he launched an attack on James. However, he found that his remaining arm was unable to move.

Qadeer exclaimed and looked down to find his arm trapped by nine tightly coiled black dragons. It looked as if iron chains bound him. Not only that, his entire body was entangled with black dragons.

“You...” Qadeer struggled but was unable to budge an inch.

In a desperate attempt, he raised his head and shouted, “What the hell is this, James?”

James ordered, “Release him, or else we’ll continue this cycle of harm until one of us meets our demise!”

Qadeer was taken aback, and he felt a shiver down his spine.
